ELTS

KANNAD 406 ELT'S

KANNAD 406 AF-COMPACT ELT KIT - Designed for all light aircraft requiring a very compact automatic fixed ELT that is fully FAA TSO-C126 approved. The robust and reliable shock sensor will automatically activate the ELT in the event of a crash, the pilot can also manually activate the ELT in case of emergency. Features: * Ultra small size and light weight ideal for any general aviation aircraft. * Six year lithium manganese battery. * Complete kit with install manual.. * Two frequency transmitter (121.5 / 406 MHz) * Weight (Including batteries): 1.87 lbs

ELT Only		Price	W/ Whip Antenna	Price	With Rod Antenna	Price
USA	11-05786	**$812.00**	11-09525	**$1,045.00**	11-09526	**$1,204.00**

KANNAD 406 AF - Designed to be installed near the tail and to be connected to an outside antenna. A sophisticated "shock sensor" system will activate the ELT automatically in the event of a crash. Its small size and light weight make it ideal for general aviation. The "Mounting Bracket, 1 Strap" is not included. Features: * Optional Navigation Interface transmits GPS coordinates significantly shortening Search and Rescue response time. * Operates without aircraft power and incorporates an internal alarm/buzzer avoiding costly installation procedures. * Six year lithium manganese battery. * Three frequency transmitter (121.5 / 243 / 406 MHz) * Weight: (Including batteries) 2.44 lbs (1110 g) / max 2.60 lbs (1180g)..... P/N 11-06285 .....**$2,241.00**
406 AF ELT International..... P/N 11-06987 .....**$2,271.00**

KANNAD 406 AF-H - Can be installed on board helicopter in flat position Features: * Optional Navigation Interface transmits GPS coordinates significantly shortening Search and Rescue response time. * Operates without aircraft power and incorporates an internal alarm/buzzer avoiding costly installation procedures. * Six year lithium manganese battery. * Rod (ANT300) or Blade (ANT650) ELT antennas sold separately. * Three frequency transmitter (121.5 / 243 / 406 MHz) * Weight: (Including batteries) 2.44 lbs (1110 g) / max 2.60 lbs (1180g) P/N 11-05790 .....**$1,850.00**
406 AF-H ELT International..... P/N 11-07559 .....**$2,338.00**

KANNAD 406 AS - The KANNAD 406 AS is a aeronautical survival beacon. Thanks to its small size and light weight, the Kannad 406 AS fits easily inside a liferaft. It is supplied with a floating collar. Features: * Battery replacement is only every 6 years. * Precise pinpointing (<1NM) due to the unparalleled frequency accuracy of the 406 transmitter. * Three frequency transmitter (121.5 / 243 / 406 MHz) * Weight (including battery, auxiliary antenna and floating collar) 2.53 lbs (1150 g)..... P/N 11-05787 .....**$2,395.00**

KANNAD 406 SURVIVAL - Fitted with a water switch sensor. It is automatically activated when in contact with water. Emergency locator transmitter of type (S), the survival is supplied with a floating collar. Features: * Six year lithium battery. * Includes water sensor switch and is automatically activated when in water. * Three frequency transmitter (121.5 / 243 / 406 MHz) * Weight: (including battery, auxiliary antenna and floating collar) 3.031 lbs (1375 g)
P/N 11-06287 .....**$1,684.00**

KANNAD 406 AP - Installed near the tail and connected to an outside antenna. A sophisticated "shock sensor" system will activate the ELT automatically in the event of a crash. When removed from the bracket and connected to the auxiliary antenna, the Kannad 406 AP becomes an autonomous survival beacon operating on 3 frequencies (121,5/243/406 MHz). Features: Operates without aircraft power and incorporates an internal alarm/buzzer * Six year lithium manganese battery. * Three frequency transmitter (121.5 / 243 / 406 MHz) * Weight: (With battery, bracket, and auxiliary antenna) 2.84 lbs (1290 g)..... P/N 11-06284 .....**$1,969.00**
406 AP ELT International ..... P/N 11-07558 .....**$2,425.00**

KANNAD 406 AP-H - Installed on board helicopter in a flat position. When removed from its bracket and connected to the auxiliary antenna, the Kannad 406 AP-H becomes an autonomous survival beacon operaing on 3 frequencies. (121.5/243.0/406 MHz). The "Mounting Bracket, 1 Strap" is not included. Features: * Ultra small size and light weight ideal for any helicopter installation. * Optional Navigation Interface transmits GPS coordinates. * Operates without aircraft power and incorporates an internal alarm/buzzer. * Six year lithium manganese battery. * Three frequency transmitter (121.5 / 243 / 406 MHz) * Weight: (With battery, bracket, and auxiliary antenna) 2.84 lbs (1290 g)..... P/N 11-05788 .....**$2,784.00**
406 AP-H ELT International..... P/N 11-07557 .....**$2,499.00**

KANNAD 406 AF (6D) - Designed to be installed near the tail and to be connected to an outside antenna. A sophisticated 6 way "shock sensor" system will activate the ELT automatically in the event of a crash. Its small size and light weight makes it ideal for any helicopter. The "Mounting Bracket, 1 Strap" is not included. Features: * Automatic Fixed ELT * Specifically designed for aircraft or helicopters * Fitted with 6 G-switches * Three frequency transmitter (121,5 / 243,0 / 406 MHz) * 6 year battery life-time * Short circuit protection * Weight: 1260 gr (max) P/N 11-05786 .....**$812.00**

KANNAD INTEGRA 406AF ELTS

Weighing in at just 1.873lb and measuring just 6.89 x 3.90 x 3.40 inches the INTEGRA boasts a number of new and innovative features in a very small easy to install package. The INTEGRA transmits on both the international 406MHz satellite search and rescue system and on 121.5MHz for local direction finding. The minimum operating temperature of the unit is -20°C. The internal battery life of the INTEGRA is 6 years.
406 ELT AF U.S. ..... P/N 11-09325 .....**$896.00**
406 ELT AFH (Heli.) U.S. ..... P/N 11-09327 .....**$935.00**

KANNAD ANTENNAS

ANT100 - AUXILIARY ANTENNA (BNC) - Auxilary Whip antenna. Turns any Kannad ELT into a portable survival unit. Stores under the velcro strap of the mounting tray. P/N 11-06288 .....**$149.95**

ANT650 - BLADE ANTENNA - Developed by RAYAN. Three frequency antenna (121.5 / 243 / 406 MHz) High performance low profile outside antenna designed for Corporate jets and airliners **Applications**: AF, AF-H, AS, AS-H * "High Speed" Aircraft * JTSO and TSO
P/N 11-06294 .....**$1,597.00**

KANNAD WHIP ANTENNA ANT200 - The ANT200 ia a 406 ELT Antenna. For use with Kannad ELTs only. ANT200 is a dual frequency Whip antenna for aircraft up to 250 kts (frquencies: 121.5 / 406 MHZ). Has a female BNC connector out. Specifications: Color: Black, Overall Dimensions:, 24.98" X 1" (634.5 MM X 25 MM), Height: 24" (609.6 MM), Weight - 0.375 LB (170 G) P/N 11-07994 .....**$129.50**

KANNAD AV300 RAMI ROD ANTENNA - For use with an ELT for general aviation. Passive three frequency fiberglass rod whip antenna, designed for low speed aircraft (up to 350 knots).BNC Female, 9 oz max, 14.00 Inches max P/N 11-07995 .....**$289.00**

KANNAD ACCESSORIES

BAT200/300 - BATTERY REPLACEMENT KIT - **Application**: AF, AF-H, AP, AP-H, AS, Survival Comes with 3 cell battery pack, replacement o-ring, desiccant pack and replacement self locking nuts. 406AF uses BAT200
BAT-200 .....P/N 11-06297 .....**$167.95**
BAT-300 .....P/N 11-06296 .....**$361.95**

RC102 - REMOTE CONTROL - Replacement control panel for ACK, AMERIKING plus Narco two wire switches and challenging locations . Front panel included in RC102 & RC100 P/N 11-07901 .....**$94.25**

RC200 - REMOTE CONTROL - Outline Dimensions: 1.3 x 1.97 x 1.69 in (33 x 50 x 43 mm). 3-position red switch (ON, ARMED, TEST/RESET). D-SUB 9 pin connector with threaded locking device (UNC 4-40) .The Kit includes mating SUB-D9 connector for easier installation. **Applications**: AF- Compact, AF, AF-H, AP, AP-H ***Switch is not waterproof. Cannot be installed flat.*** P/N 11-06302 .....**$143.00**

DIN12 CONNECTOR - For connection to Remote Control Panel, CSI44 interface module, dongle or programming equipment. **Compatible** with all KANNAD 406 ELTs P/N 11-06303 .....**$22.50**

MOUNTING BRACKET 1 STRAP- Designed to fix the ELT with a retaining strap for quick removal in an emergency Qualified to maintain the ELT into place during 500 G shocks for 4 ms. **Applications**: AF, AF-H, AP, AP-H P/N 11-06301 .....**$84.25**

UNIVERSAL COMPACT MOUNTING BRACKET - Compatible with the drilling on all 121.5 Mhz beacons. P/N 11-07900 .....**$59.00**

PROGRAMMING DONGLE, ASSY - Din 12 connector with serial memory module (SMM) for programming operations. Fitted with a female DIN12 connector on RCP side instead of 19 Pts Jaeger connector. Avoids the use of specific programming equipment in case of ELT replacement. **Compatible** with all KANNAD 406 ELTs P/N 11-06304 .....**$285.95**

KANNAD PROGRAMMING DONGLE - A smart connector identical to the DIN12 that is used to store aircraft programming information. Once attached to the ELT wire harness it allows fleet operators to move any ELT to any other aircraft. The stored aircraft data will be automatically downloaded into the ELT. This connector is used in place of the DIN12 connector. Required for Navigation Interface connection. P/N 11-07088 .....**$226.95**

KANNAD PROGRAMMING DONGLE INT - Can be use with the following Kannad ELT models: (AF-COMPACT, AF, AF-H, AP, AP-H, AS, SURVIVAL) P/N 11-06990 .....**$295.00**

KANNAD 406 PR600 ELT PROGRAMMING TRAINER - Replaces the former PR550 Programming Equipment kit. P/N 11-07102 .....**$1,065.00**

KANNAD 406 AS CARRY OFF BAG - P/N 11-07716 .....**$198.00**

KANNAD 406 AS CARRY OFF BAG SHORT - P/N 11-07717 .....**$198.00**

KANNAD 406 AS MOUNTING BRACKET - P/N 11-07718 .....**$187.95**

AF COMPACT INSPECTION KIT - P/N 11-08063 .....**$49.95**

KANNAD 406 AS LOCKING PIN - P/N 11-07719 .....**$16.50**

KANNAD ACK RETRO-FIT INSTALLATION KIT - Contains everything you need to ensure a simple swap-over.
P/N 11-10007 .....**$181.95**

KANNAD AMERI-KING RETRO-FIT INSTALLATION KIT - Contains everything you need to ensure a simple swap-over
P/N 11-10008 .....**$181.95**

ARTEX ME406 ELT

The Artex ME-406 is a single output ELT. Two emergency frequencies (121.5 and 406.028 MHz) utilize the same RF output, requiring only one coax cable to connect to the new series of Artex single input antennas. The ELT automatically activates during a crash and transmits the standard swept tone on 121.5 MHz. Every 50 seconds for 440 milliseconds the 406 MHz transmitter turns on and transmits an encoded digital message to the Cospas/Sarsat satellite system.The mounting hardware for the ME-406 Series is compatible with all previous models of Artex 406 MHz, as well as the ELT200 Series, ACK, Pointer Model 3000 ELT and Narco ELT's. Current owners of Artex 2-frequency ELT can re-use the remote switch in the cockpit as well as the wiring harness from the cockpit to the ELT thus greatly reducing installation costs.

ARTEX ME406/P ELT

Uses the proven technology of the ME406 and attaching a removable wrap-around auxilliary flex antenna. Allows the disconnection of the ELT from the installed aerial antenna, removal of the transmitter from a downed aircraft and after attaching the flexible antenna the distress call is again transmitted with full signal strength. Although Search and Rescue authoritiese recommend to remain in close proximity to the aircraft, using the ME406/P in it's portable version enables to wait for the Search and Rescue crews in areas sheltered better from the environment.

USA Programmed .....P/N 11-05671 ..... **$2,249.00**

EXCLUSIVELY FROM AIRCRAFT SPRUCE

EMERGING LIFESAVING TECHNOLOGIES 406 ELT WITH INTERNAL GPS.

Emerging Lifesaving Technologies has presented the first ELT with internal GPS approved for General Aviation. Along with the 406MHz emergency signal, Copas/ Sarsat satellites will read your specific GPS location during a crash. The GPS automatically updates every 15 seconds and upon activation bursts a 5 watt signal within 25 meters every 50 seconds to the Global Satellite System. Search and Rescue will be notified of your location within minutes. The ELT406GPS mounts with most standard ELT configurations from previous manufacturers. GPS data comes from the internal module in the ELT- 406GPS. There is no need to install expensive interface modules and retrieve GPS information from existing systems. The antenna houses both 406 MHz and GPS passive antenna in a sleek blade configuration. A replaceable 5 year battery pack is easily installed by the owner/operator. With American Ingenuity and American Engineering, Emerging Lifesaving Technologies is committed to keeping all of their products "Made in the U.S.A".

Specifications: • Output Power: 5W (440ms/50sec) for 72 hours @ -20C to +50C. • GPS Cycle Time: Every 15 seconds. • Battery: 5-Year Lithium (LiMn02). • Weight: ELT Transmitter - 2.5 lbs Mounting Tray - 0.3 lbs. • Total Weight: 2.8 lbs. • Dimensions: 7.715" L x 3.660" H x 4.200"

In the Box: • 406 ELT • Mouting Tray • Antenna 406/GPS • Remote Switch • 6 Feet of GPS coax cable BNC • 6 Feet of 406 coax cable SMA • ELT and antenna install kit

ARTEX 2-WIRE REMOTE INTERFACE SYSTEM

This product allows an upgrade to an Artex 5-Wire 406 MHz ELT using an existing 2-wire configuration. The 2-Wire Remote Interface allows two wires from the existing wiring harness to connect the cockpit remote switch to the ELT for simplified, cost-efficient installation.

P/N 11-07776 ..... **$396.00**

406 MHZ ELT BEACON MONITOR

Monitors 406 ELTs in real time, displays and decodes messages, measures and displays RSSI (receiver signal strength), and displays distance to beacon. Automatically receives all past, present, and future Cospas Sarsat channels with -125 dBm sensitivity (software adjustable sensitivity). Automatically maps the location of the decoded GNSS location data into Google Earth™ for easy viewing and access to a detailed geographical interface Data is XML formatted for use in database applications. Can send alerts via email and/or SMS text messaging. Capable of logging data with a time stamp. Connects to user PCs with a USB cable or Ethernet interface which allows for remote management and diagnostics; power is supplied through connection to a PC USB port or an AC adapter. Multiple units can be connected together for a wider range of coverage. Rugged aluminum design can sit on a desk or be mounted on a wall. Includes USB cable (2 meter length), AC to USB adapter, ethernet cable (2 meter length), molded 406 MHz monopole antenna, GPS active antenna (5 m cable length), certificate of calibration, operator's manual, and user interface software. Optional components: high performance outdoor antenna P/N 11-10473 ..... **$4,495.00**

PERSONAL LOCATOR BEACONS

AQUALINK PLB

The AquaLink™ broadcasts a unique registered distress signal that not only tells rescuers where you are, but who you are. The onboard GPS can fix your position to within 100 meters and then utilizes a powerful 406 MHz signal to relay your distress call to orbiting satellites. As local Search and Rescue is deployed, a separate homing signal and integrated LED strobe light guide rescuers to your exact location.

USA..... P/N 11-09693 .....**$395.00**
Canada..... P/N 11-10404 .....**$395.00**

ACR AQUALINK VIEW

The AquaLink™ View broadcasts a unique registered distress signal that not only tells rescuers where you are, but who you are. The onboard GPS can fix your position to within 100 meters and then utilizes a powerful 406 MHz signal to relay your distress call to orbiting satellites. As local Search and Rescue is deployed, a separate homing signal and integrated LED strobe light guide rescuers to your exact location. Features: 3 levels of integrated signal technology — internal GPS, powerful 406 MHz satellite signal and 121.5 MHz homing beacon Super bright integrated strobe. No float pouch required – Self Buoyant. Allows for multiple testing/display of GPS coordinates. Typical Performance 35 Hours. On Board 66 Channel GPS Reflective Keypad. Made in the U.S.A

RESQLINK 406 PLB WITH GPS

Note: Unit is programmed for USA use only. Cannot sell internationally At 4.6 oz, the ResQLink™ weighs less than a couple of energy bars. And topping just 3.9 inches, it's smaller than the cell phone in your pocket. Small and mighty, the ResQLink™ is a full-powered, GPS-enabled rescue beacon designed for anglers, pilots and back country sportsmen. With three levels of integrated signal technology - GPS positioning, a powerful 406 MHz signal, and 121.5 MHz homing capability - the ResQLink™ quickly and accurately relays your position to a worldwide network of search and rescue satellites. A built-in strobe light provides visibility during night rescues. Even in extreme conditions and situations, the ResQLink™ activates easily. Just deploy the antenna and press the ON button. With its powerful 66-channel GPS, the ResQLink™ guides rescuers to within 100 meters or less of your position. And, in the continental U.S., search and rescue personnel are typically alerted of your position in as little as five minutes with a GPS-enabled PLB such as the ResQLink™. Two built-in tests allow you to routinely verify that the ResQLink™ is functioning and ready for use - with the push of a button, you can easily test internal electronics and GPS functionality.

- No Subscription Fees
- Super Bright LED Strobe
- Onboard 66-Channel GPS
- Self-Test and GPS Test Features
- Typical Performance 30 Hours
- Non-Hazmat Battery
- Made in the U.S.A.

KANNAD XS-4 GPS PERSONAL LOCATOR BEACON

The distress signal is relayed by the Cospas-Sarsat LEOSAR satellites to the ground stations (LUT) that calculate its position thanks to the Doppler Effect. With a built-in GPS, the GEOSAR satellites receive the signal and position within 5 minutes. The ground breaking new XS-4 GPS Personal Locator Beacon is a compact and versatile 406 MHz emergency location beacon. The XS-4 GPS transmits two signals simultaneously, one to the subscription free Global 406 MHz international Search And Rescue (SAR) satellite system. The other (121.5 MHz) is a homing signal designed to speed up the local recovery response process. Once activated, the signals will continue to transmit for at least 24 hours. The powerful 406 MHz 5 watt output transmission ensures that a call for help gets through to the international SAR authorities whatever the conditions. This PLB is programmed for USA residents for worldwide use. Cannot be registered for customers outside the USA

XS-4 GPS PLB For U.S..... P/N 11-08468.....**$269.95**
XS-4 GPS PLB For Canada ..... P/N 11-09324.....**$297.95**

ACR SARLINK 406 GPS PLB

The SARLink is light in weight and small enough to be easily carried in a pack or pocket by pilots, hikers, hunters, kayakers, climbers, skiers, snowmobilers or any other outdoor enthusiast. Performing a full functional self test of the PLB's internal circuitry, battery voltage & power, and 406 MHz transmission gives you peace of mind knowing your PLB will work the moment you need it most. ACR Exclusive: Built-in GPS acquisition test mode allows you to test GPS functionality up to 12 times over the life of the battery. Tap in to the same field-tested rescue technology used by the U.S. Military, U.S. Coast Guard, NATO Special Forces and Arctic explorers. Internal 66 channel gps. High intensity strobe light. Non hazmat battery. Typical performance 35 hours. Mounting holster included Limited 5 year manufacturer warranty. Not approved for use in australia & new zealand USA..... P/N 11-08057 .....**$369.00**
Canada..... P/N 11-10402 .....**$409.00**

ACR SARLINK VIEW PLB WITH GPS

Broadcasts a unique registered distress signal that not only tells rescuers where you are, but who you are. The onboard GPS can fix your position to within 100 meters and then utilizes a powerful 406 MHz signal to relay your distress call to orbiting SAR satellites. As local Search and Rescue is deployed, a separate homing signal and integrated LED strobe light guide rescuers to your location. Size: 2.25 x 5.88 x 1.29" (5.72 x 14.94 x 3.28 cm) Weight: 8.9 oz (258g) with lanyard Waterproof: 16.40ft (5 m) @ 1 hr., 33 ft (10 m) @ 10 min. USA..... P/N 11-08339 .....**$495.00**
Canada..... P/N 11-10403 .....**$495.00**

MCMURDO FASTFIND 210 PLB WITH GPS

Get Found FAST with a PLB as small as a mobile telephone. Fits easily into backpacks, on lifejackets...put it just about anywhere, and get found anywhere in the world! No subscription fees are required, and weighs just 5.3 oz. * Haz-Mat: Non-hazardous Shipping: Air or ground. **NOT APPROVED FOR USE IN AUSTRALIA & NEW ZEALAND**

P/N 11-07323.....**$249.00**

FASTFIND PLUS 406 PLB WITH BUILT-IN GPS

Features a built-in GPS receiver combined with a 406 MHz transmitter and 121.5 MHz homing signal. In the event of an emergency, an alert signal is transmitted to COSPAS-SARSAT satellites and forwarded to a rescue coordination center within typically 3 minutes. **NOT APPROVED FOR USE IN AUSTRALIA & NEW ZEALAND**

P/N 11-02256.....**$563.00**

SPOT 2 SATELLITE GPS MESSENGER

New Enhancements: • Enhanced GPS • Extra Message Button • Tracking message queuing • Safety flaps over 911 and help message • Replaceable button cover (see left) • Illuminated buttons • Intrinsically safe • Sent message light • Case included (see below) • Enviromentally safe packaging **Features**: • Check In: Lets contacts know where you are and that you're okay. • Track: Acquires your GPS location every 10 minutes for 24 hours. • Alert SOS: Alert emergency assistance request with your exact location to GEOS every 5 min up to 4.7 days. • Ask For Help: Request help from friends and family every 5 min for 1 hour. Up to 10 contacts – phone & email. •Removable Case: Arm Band, Carabiner & Car Dash attachment.

Spot 2 Orange ..... P/N 11-07878.....**$169.99**

SPOT HUG

Using state-of-the-art satellite technology, SPOT HUG monitors a virtual security perimeter around your boat. SPOT HUG will instantly alert the appropriate parties even from remote areas beyond cellular coverage. 100% satellite-based for maximum coverage. Unauthorized Movement alert notification to Asset Monitoring Center Receive Daily Status update message with boat's location and any sensor notifications Sensor Alert monitoring and notification for bilge, engine and battery monitoring. Configure up to 4 monitoring sensors. Key FOB for easy wireless activation. Wireless Keypad security and messaging system. Uses battery power or direct line power. Easy to install.

P/N 11-09611.....**$399.95**

SPOT CONNECT

Simply pair your smartphone with SPOT Connect, and get connected to a global satellite network that lets you send messages and GPS coordinates from virtually anywhere on the planet. Update Twitter and Facebook. Send email and text messages. Request non-emergency help from professional service providers. And in the case of a critical emergency, send an SOS message requesting emergency assistance. P/N 11-09612.....**$149.95**

ALTITUDE MANAGEMENT - STRIKEFINDER®

SHADIN AMS 2000 ALTITUDE MANAGEMENT AND ALERT SYSTEM

With a range of feature previously unavailable in general aviation, the Shadin Avionics AMS-2000 Altitude Management and Alert System brings advanced instrumentation to new levels of function and affordability. The Shadin Avionics AMS-2000 uses information from Mode-C altitude encoder to deliver: •Time-based Altitude Alerting, rather than fixed altitude buffers. •Automatic calculation and display of Density Altitude. • Real-time display of IVS without the inherent lag of your aircraft's static system. •Calculation and display of Aircraft and Engine Performance • Percentage, at your demand.

These are but a few of the Standard features that are make the AMS-2000 the best value in advanced altitude monitoring instrumentation: 8 FAA approved. TSO C88a, DO-160B. • An appropriate audio and visual warning broadcast upon deviation outside a user-selected envelope surrounding your assigned altitude. • Smooth capture of your cruise altitude is facilitated by a level-off warning sounded and displayed at a user-defined distance from target altitude. • Alerts you just above your pre-selected Decision Height or MDA. • Gear-down reminder. • Displays density altitude and aircraft/engine performance percentage. • Digital display of altitude from -1000 to +62,000 feet in 100 foot increments. • Adjustable audio alert tone and level. • Compatible with most Mode-C transponders in current production. • Standard rectangular 1/2 ATI configuration. • Made in the U.S.A., the AMS-2000 features a 12-month warranty.

The AMS-2000 coupled with the Falcon Altitude Encoder provides all advanced altitude alert functions previously noted, plus the following high-resolution altitude management functions: • Time-based level-off warning sounded and displayed 15 seconds from target altitude--smooth capture is assured regardless of climb or descent rate. • Digital display of altitude from -1000 to +62,000 feet in high resolution, 10-foot increments. • Digital reading of Instantaneous Vertical Speed (IVS). • Deviation envelope is adjustable in 10 foot increments P/N 10-03711 ..... **$1,964.00**

Falcon Altitude Encoder .....P/N 11-12035 ..... **$1,323.00**

SPIDER S3 PORTABLE GLOBAL TRACKING SOLUTION

Spidertracks is the affordable, satellite-based flight tracking system designed specifically for aviation to bring peace of mind to pilots and their families. With a portable spider unit on board, the pilot's friends can follow the flight in real time on-line so they know the pilot is safe, and so they can share the fun of flying on-line. Automatic alerting and simple messaging mean the pilot can tell those they trust that they are safe or when they need help. The SOS is sent automatically as soon as the system loses contact with the aircraft, so help can be dispatched quickly when needed. **Features**: Streamlined design, Integrated keypad, Simple to use, Compatible with Aviator & Fleetpro websites, Global coverage in real time, Portable, Mark button text and email messaging, Automatic SOS alerting with Spiderwatch active tracking service, Manual SOS, Manual or automatic activation of Spiderwatch, Type certification not required, AFF compliant. **Specifications**: Dimensions: 3.5" x 4.7" x 1.0" (89mm x 119mm x 25mm), Weight: .35lb, Power Consumption: Operating <- 100mA at 12 V DC with reverse polarity protection., Operating Temp: -13 - +158 F, Frequency: L1, 1575 MHz, Channels: <- 50, Position accuracy: within 8'., Operating parameters: 59,000'. Speed limit of 500 KNTs. Power Source: Vehicle auxiliary power. The cigratte lighter plug supplied can be hard wired by a LAME. P/N 11-09789..... **$995.00**

STRIKE FINDER® DIGITAL WEATHER AVOIDANCE SYSTEM

The STRIKE FINDER® Digital Weather Avoidance System detects and analyzes the electrical activity emanating from thunderstorms within a 200 nautical mile (nm) radius of the aircraft. A unique graphic display plots an accurate, reliable and easily-interpreted picture of electrical activity, that you can use to circumnavigate the hazards associated with thunderstorms.

The STRIKE FINDER® System analyzes the individual strike signal properties to determine the bearing, range and severity of the activity. Strike data is plotted on the display as single orange dots by range and azimuth, in relation to the aircraft symbol ("heads up"). As the number of lightning strikes increase, so does the number of plotted strike dots. Cells start to form indicating increased lightning activity.

Must be installed by Advantage Avionics or another approved StrikeFinder dealer except for experimental aircraft.

Strike Finder Standard System .....P/N 11-00348 ..... **$3,585.00**

INSIGHT TAS 1000 AIR DATA COMPUTER WITH WINDICATOR

Today's modern avionics integrate many functions with your GPS, but standard installations leave many important features untapped. The TAS 1000 Multi-Function Data Source was specifically designed to supply all the information needed to fill in the missing pieces of your GPS or MFD display in real-time. TAS 1000 provides the pilot with a wealth of useful information all based on real time measurements of airspeed, altitude, temperature, fuel flow, heading, ground speed and track. Designed to interface with many brands of GPS, TAS 1000 unlock many previously hidden data pages in most GPS navigators, In addition to TAS 1000s in flight advisory function, TAS 1000 can also serve as a backup altimeter, airspeed indicator or fuel flow meter. The TAS 1000 is designed for use in any piston, turboprop, or jet aircraft and provides a full compliment of features when interfaced to a slaved compass system or HSI, fuel transducers, and compatible GPS system. TAS 1000 will deliver a useful subset of features even if all the interfaces are not available.

The Windicator is an integral part of the TAS1000 system. It presents a previously unavailable graphical display of the winds aloft in real time. The Windicator information alone is so useful that it makes the TAS 1000 installation worthwhile. TAS 1000 system options include an altitude encoder to provide altitude information to a transponder or GPS unit as well as alerting the pilot with overspeed, altitude, approach & altitude difference alerts.

MUST BE DEALER INSTALLED.

HONEYWELL APEX EDGE KFD840

The KFD 840 integrated Primary Flight Display (PFD) stands at the forefront of the new Apex Edge Series from Bendix/King by Honeywell. Its combination of the latest technology, size, affordability and full functionality make it unique in general aviation. Large 8.4" diagonal LCD display with high resolution and excellent sunlight readability—but is sized for easy installation in existing piston engine cockpits. A self-sufficient unit with an embedded Air Data module and MEMS Attitude and Heading Reference System (ADAHRS).

Features: • Full width horizon ADI • Easy-to-read vertical tapes for altitude and airspeed • Large 8.4" diagonal display • Separate course and heading knobs • Integrated ADAHRS • Customizable checklist page • Optional battery backup.

Specifications: • Size: 8.5" W x 7" H x 7.3" D • Weight: < 8 lbs • Screen Diagonal/Display Size: 8.4" Active Matrix LCD • Power: 11-33 VDC • Resolution: 640 W x 480 W (307, 200 Pixels) • CERTIFICATION: DO-178B, Level C; DO-160E; Fully TSO'd • INTERFACES: Full set of analog and digital interfaces to work with the more popular autopilot systems; KX-155/165 compatible analog interfaces, plus a full set of ARINC;429 and RS-232 interfaces to work with the popular digital NAV and GPS systems; Additional available digital interfaces to support future growth. ***This unit is install only.*** P/N 11-08469.....**$11,995.00 + Installation**

DYNON

DYNON EFIS-D10A

Dynon's EFIS-D10A is a full-featured Electronic Flight Information System in a small package. This instrument fits into a standard 3-1/8" panel hole, making it an ideal candidate for replacing vacuum and electric attitude indicators. In addition to a full complement of flight instruments, the EFIS-D10A also has a built-in HSI and autopilot capability.

EFIS-D10A features and options: • Sunlight-readable, 4" color display with full dimming control • Attitude Indicator, Heading, Altimeter, ASI, VSI, Turn Coordinator / Slip/Skid Ball, HSI, OAT, TAS, Angle of Attack, Voltmeter • Altitude encoder output • Dual-axis autopilot • Backup battery • 25 User-defined checklists • Dynon three-year factory limited warranty

EFIS-D10A Instrument (with out battery) ..... P/N 10-00844 ..... **$2,150.00**

EFIS-D10A OPTIONS

Description	Part No.	Price
Internal Li-Ion Backup Battery	10-00755	**$129.95**
Remote Compass (EDC-D10A)	10-01046	**$99.95**

DYNON EFIS-D6 / EFIS-D60

Because some like to keep it simple, Dynon offers the EFIS-D6 and EFIS-D60 as basic, even more affordable Electronic Flight Information System (EFIS) solutions. Perfect for pilots who want to save panel weight, space, and installation time compared to a conventional analog gauges, the EFIS-D6 and EFIS-D60 feature all the amenities of a traditional six-pack while also adding a voltmeter and altitude encoder. The EFIS-D6 fits into a standard 3-1/8" panel hole, making it an ideal candidate for replacing vacuum and electric attitude indicators. The EFIS-D60 maintains the same profile and 7" screen as the EFIS-D100, and is available in the Super-Bright screen version only. EFIS-D6 / EFIS-D60 features and options: • Sunlight-readable, color display with full dimming control • Attitude Indicator, Heading, Altimeter, ASI, VSI, Turn Coordinator / Slip/Skid Ball, Angle of Attack, Voltmeter • Altitude encoder output • Backup battery • Dynon three-year factory limited warranty.

DYNON HS34 HSI EXPANSION MODEL

The HS34 HSI Expansion Module was designed to enhance the capability of Dynon's best-selling EFIS products. The panel-mounted HS34 not only expands the HSI functionality of your EFIS-D10A, EFIS-D100, or FlightDEK-D180, but also enables several new features for any Dynon instrument to which it is networked:
• Allows Dynon EFIS to interface with multiple radios and GPS devices simultaneously • Includes multiple interfaces to accommodate analog, ARINC-429 and RS-232 inputs • Accepts signals from marker beacon receivers and DME devices • Backlit to facilitate night flight conditions • Designated control knobs for adjusting Heading, Course (OBS), or general purpose values such as barometer. • Designated NAV and Bearing Source selection buttons • Simple 2-wire connection to Dynon EFIS instruments. • Dimensions: 1.639" W 4.903" H 4.951" D • Dynon three-year factory limited warranty

Dynon HS34 HSI Expansion Model - Vertical ..... P/N 10-02590 ..... **$645.00**

DYNON D1 POCKET PANEL - PORTABLE EFIS

"A LITTLE ATTITUDE FOR EVERYONE"

Dynon introduces a real, portable attitude indicator that can be used by ALL pilots. The D1 utilizes the Dynon ARHS technology that has made them the leading supplier of EFIS (Electronic Flight Information Systems) for experimental and light sport aircraft. Unlike smartphone apps, the D1 displays actual aircraft attitude.

Features: • Proven Dynon MEMS-based attitude sensors • Accurate pitch and roll: A true artificial horizon • Internal Li-Ion battery and GPS for hours of portable use • Versatile portable mounts: RAM suction mount and 3-1/8" panel hole "pinch" mount both included • GPS ground speed and track (heading) • GPS altitude and vertical speed • Turn rate • Slip/skid ball • Dimmable screen for night flight • Truly pocket sized, approx. 3½" x 3¼" x 1"

Included accessories are: • AC Wall Charger • DC Vehicle Charger • Qty 2 Mounting Cradles • RAM® Portable Suction Cup Mount • Portable "Pinch" Mount for Standard 3-1/8" Instrument Hole • External GPS Antenna.
P/N 11-10739 ..... **$1,425.00**

DYNON

DYNON EMS-D10 ENGINE MONITORING SYSTEM

The Dynon EMS-D10 offers more engine information in less space then ever before – full engine monitoring with up to 27 separate inputs on a highly readable 4" display, installed in your standard 3-1/8" panel hole. A designated Fuel Computer page allows the pilot to see fuel levels for up to 4 tanks, fuel pressure, fuel flow, fuel used, fuel remaining, time remaining and fuel required to destination all on one optimized display. To keep the classic look and feel of the Dynon product family, the EMS-D10 utilizes the same highly-visible display, keypad, and bezel as the best-selling EFIS-D10A – and will provide engine information to your Dynon EFIS through a simple 2-wire connection. As an added safety feature, the EMS-D10 also features programmable alarms which can be displayed on screen, through a separately mounted indicator light, or by an audible annunciation through your intercom. EMS-D10 features and options: • Sunlight-readable, 4" color display with full dimming control • Replaces up to 16 different types of gauges • Individual displays for up to 6 EGT and 6 CHT inputs • Customizable displays for Tachometer, Fuel Pressure, Oil Pressure, Oil Temp, Manifold Pressure, Volts/Amps, Carb Temp, OAT, Coolant Temp /Pressure, Hobbs/Tach Time • Fuel level display for up to 4 tanks • Fuel flow measurement with fuel computer display • Customizable settings for Green/Yellow/Red parameters on all inputs• Inputs for flaps/trim position sensors and contacts • Programmable visual and audio alarms • 25 User-defined checklists • Dynon three-year factory limited warranty P/N 10-01160.....**$1,665.00**

DYNON FLIGHTDEK-D180

The FlightDEK-D180 combines Dynon's best-selling EFIS and EMS (Engine Monitor System) instruments into one brilliant 7" sunlight readable display, giving you an unparalleled assortment of functions in one easy-to-use, very powerful instrument. Pilots may elect to display both EFIS and engine monitor functions simultaneously in split-screen format or switch over to a full screen EFIS or EMS via simple hotkey commands – allowing for full monitoring of any combination of PFD, engine sensors, fuel computer, HSI, and timers. Like all other Dynon instruments, the FlightDEK-D180 comes with a 3-year warranty and free lifetime software updates. Additionally, the FlightDEK-D180 is available in an optional Super-Bright Screen format, improving its readability and overall performance in all light conditions.
Dimensions: 6.95" W x 4.90" H x 4.51" D Includes Dynon three-year factory limited warranty
DEK-D180 w/ Superbright Screen.....P/N 10-02157 ..... **$3,295.00**

DYNON

DYNON AUTOPILOT SERVO + MOUNTING KIT PACKAGES

Dynon Avionics servos are dimensionally identical to other leading servos for drop-in upgradability. Behind the scenes, though, the SV line of servos are all-new. A lightweight aluminum case houses a stainless steel gear train to optimize weight while not sacrificing strength. The servo control arm is captured by a castellated nut and secured by a cotter pin, just like other critical interfaces in your aircraft. Each servo is managed by its own microprocessor, making the servo an active, smart extension of the autopilot. This simplifies the control-surface-to-servo calibration, and prevents the servo from driving itself endlessly like other servos can. As an ultimate mechanical failsafe, a simple and effective shear pin is employed to let you break the servo free of the aircraft control surface in an emergency.

Description	Part No.	Price
RV-6 Roll Servo + Mounting Kit (Includes Servo mounting kit RV-6 roll (fuselage):101020-001, pkg SV32L (long output arm): 100854-001	10-03555	**$825.00**
RV-7/8/10 Roll Servo + Mounting Kit (Includes Servo Mounting kit-RV-7/8/10 roll (R wing): 101020-003, pkg SV32 (std. output arm): 100854-000	10-03556	**$795.00**

DYNON SKYVIEW EFIS/EMS SYSTEM

Skyview 10" Display

SkyView is the latest glass-panel solution from Dynon Avionics, featuring a full PFD with synthetic vision, moving map with terrain and obstacles, engine monitor, and autopilot. Very bright, high-resolution screens with full dimming control provide excellent visibility in all conditions, while two multi-position control knobs allow easy user input. The full-color PFD features a full set of flight instruments over a highly-detailed 3D synthetic vision display, while your aircraft's position is shown on a moving map with color-coded terrain, obstacles, and airport/airspace information. In addition, the SkyView will accommodate full engine monitor display and a dual-axis autopilot through the addition of optional Dynon hardware. SkyView systems come standard with Dynon's three-year factory limited warranty.

Skyview 7" Display

SkyView system features and options: • 10" display screen, 1024x600 resolution and 1350 nits brightness • 7" display screen, 800x480 resolution and 1200 nits brightness • Synthetic Vision / 3D terrain • PFD featuring Altimeter, ASI, Compass/Heading, VSI, OAT, TAS, Turn Coordinator / Slip/Skid Ball, HSI, GPS Ground Track, Angle of Attack • GPS / Moving Map with color-coded terrain, obstacles, airports & airspace • Engine Monitor with fully-customizable display • Dual-axis Autopilot • Altitude encoder output • Backup battery • Convenient program and data updates via USB memory stick • Unlimited future expandability including include external video display, weather data, traffic, and complete Com radio, Nav radio, and transponder control. **Dimensions**: • 10" display: 10.32" W x 7.06" H x 2.14" D • 7" display: 7.64" W x 5.51" H x 2.14" D

ADVANCED FLIGHT SYSTEMS - GRAND RAPIDS

ADVANCED FLIGHT SYSTEMS AF3400

AF-4500EF 8.4" AF-3500EF 8.4" AF-3400 6.5"

Can be configured as an EFIS (EF), Engine Monitor (EM), or Combination (EE) or both with the appropriate hardware modules installed. Utilize the Advanced Avionics Bus allowing the pilot and copilot displays to exchange screens. Powered by a state-of-the-art certified Crossbow AHRS engine. LCD display is 50% brighter than any competitor. EFIS — Unlike other systems the horizon display is generated from an internal Crossbow AHRS that is based on certified boards and software. The display features a clear and easy to read airspeed indication with user adjustable color ranges, the altimeter is set using a familiar and convenient adjustment knob. Heading display is generated from a remote mounted magnetometer. The heading can be displayed on a tape across the top or with our new EFIS DG©. Other flight instruments functions include a slip ball and user-configurable g-meter. Aircraft Monitoring and Data Acquisition System — The system continuously monitors and displays not only all aircraft engine data but any of the standard instruments can be eliminated or added to the screen.

Mapping — An optional feature, your AF-3400s/3500s can now be configured with onboard mapping. Position is derived from an outboard GPS signal and displayed on the screen. Several display page options can be selected.

GRAND RAPIDS EFIS HORIZON HX

The centerpiece of the EFIS Horizon is its primary flight display. Combined into 1 intuitive display is attitude, navigation and the aircrafts current state. The EFIS Horizon includes a moving map displaying all US airports and navaids, plus user created waypoints. Engine data is provided to the Horizon EFIS via the proven and well known Engine Information System products. Features include split screens, convenient controls, integrated navigation and attitude, active redundancy, continuous self-testing and a dedicated AHRS processor. All versions of the EFIS Horizon Series I, and EFIS Series I Display unit require a GPS to display GPS related data, and/or an EIS Model 4000 / 6000 / 9000 to display engine data. These items are not included, and must be purchased separately unless otherwise indicated.

GRT AVIONICS AUTOPILOT SERVOS

Add full-featured autopilot capability to any GRT EFIS.

Features: • Servos support all autopilot features provided by the EFIS, including: Heading select, ILS approach coupling, GPS approach coupling, Climb/Descent to selected altitude, Climb/Descent on IAS or vertical speed, Synthetic approach coupling, Automatic approach capture, VOR coupling • Fail-Safe Servo Design: Clutchless - Minimizes possibility of inadvertent servo jam, Shearable Output Arm - disconnects servo mechanically in the rare case of an internal servo jam, Limited Authority - Pilot may override the servo by simply moving the control stick •Safe Design Features: Servo arm retained by castle nut., Case retained with safety-wired fasteners such that the geartrain can not separate to potentially jam flight controls. Servo torque sensing provides Trim Up/Down indication to prevent unexpected loss of pitch control Unexpected disconnect or mode change generates EFIS alarm

AV

GRAND RAPIDS EFIS SPORT SX

GRT recognizes that most flying is not hard IFR . Not every pilot needs the Horizon HX redundancy and features. With this in mind we set out to design a system built on our legacy Sport's success, the Sport SX, for experimental and lightsport aircraft. The Sport SX is designed to provide a low-cost EFIS (electronic flight information system) with room for growth and expansion with optional ARINC-429, faster processor, vertical autopilot commands, shaded color map, and synthetic vision. Yes, synthetic vision. The Sport SX with synthetic vision has 10 miles forward visibility, shaded color mapping, and terrain collision warning. Standard Sport SX unit comes with 4 serial ports and two power inputs.

LEVIL EFIS 1831

This modular Electronic Flight Instrument Systems (EFIS) was specifically designed to allow homebuilt and light sport aircrafts to finally incorporate the latest technology in glass cockpit into the perfect plane at an affordable price! It's uniqueness relies on the combination of all Primary Flight , Engine and Navigation monitoring functions into a fully integrated 10.4 inch Touch-Screen Computer. These Multi-Function Systems provides pilots with:

Easy to Scan Touch-Screen Display, L1000c

Feel the power at your fingertips as you effortlessly navigate through your flying software of choice with just a tap of a finger. The EFIS 1831 is equipped with a 10.4" touch-screen LCD. Natural resolution of 800x600 pixels with LED backlight of 1000 nits for sunlight operation and a manual dim for night flying. External displays are also available.

AHRS and Engine monitoring functions

Your choice of EFIS will depend on your AHRS of preference. AHRS-basic will provide you with only a primary flight display. If you would like to monitor your engine gauges, perhaps your choice of AHRS would be AHRS-G or even AHRS - Gplus. You can always upgrade your AHRS system with an Engine POD module.

Flight Software System of choice

No pilot wants to get stuck in the air fumbling through an unfamiliar program. This Electronic Flight System allows you the flexibility to choose the navigation program you are most comfortable with, such as APIC, Voyager, Anywhere Map, just to name a few. Depending on the software of choice you can enjoy features such as Built-in Terrain, Airspaces, Weather reports, Winds, TFRs etc. If you decide not to purchase a navigation software, you can still enjoy all AHRS and Engine monitoring functions through the standard Levil-Primary Flight Display software (L-PFD).

EFIS - 1831 Basic (No Engine POD)..... P/N 11-08166.....**$3,485.00**
EFIS - 1831 Basic (Engine POD G) ..... P/N 11-08167.....**$3,765.00**
EFIS - 1831 Basic (Engine POD G Plus) ..... P/N 11-08168.....**$4,226.00**

EFIS INTEGRA TL-6524

EFIS Integra TL-6524 is a multifunctional flight monitoring system integrating all primary flight instruments (Altimeter, Vertical Speed Indicator, Air Speed Indicator, Compass, Accelerometer, Chronometers, Turn & Bank Indicators, Angle Of Attack Indicators, IAT, OAT etc.). The EFIS Integra also combines navigation (HSI, CDI with connection to the popular Garmin SL-30) and 3-D terrain for use worldwide. The wide viewing angles, brilliant colour and direct sunlight readability of the display will give you a new dimension in EFIS instrumentation. Proven, state of the art technology and components will provide you with comfortable, user-friendly control. The Integra controls are fully ambidextrous and provide functions that have previously only been dreamt of - listening to your favourite music after inserting your flash drive into the front panel USB port, 3-D visualization of terrain, integrated 3-axis autopilot, direct voice warnings into your headphones, etc.

Features: * Voltage: 10.0 to 32.0 Volts * Backlights internal or external: 5V, 12V or 24V * Current consumption: 500 to 750 mA @ 14 Volts * Maximal voltage and signal current: 30 Volts, 1 Ampere * Measurement: +/-1% * Operating: -20°C to 70°C (-4°F to 158°F) temperature range * Relative humidity: 95% without condensation * Load: +/-20 g * Vibration: 1 to 200 Hz * Weight: 750 grams (0,55 lbs) * Dimensions: 192x149x90 mm (7.550x5.860x3.540 inch)

Benefits: * Option to select required language - English by default * Option to simply update firmware by inserting a Flash drive containing the newest firmware version * Option of pre-setup of glass cockpit according to the particular aircraft type saved in a Flash drive * Shows a graphical previous flight directly on the glass cockpit display * Shows a checklist including the voice output * Shows a flight logbook including name of pilot (student and instructor), date, time and position of take-off and landing * Download the history of previous flights to a Flash drive or directly to a PC

EFIS & EMS INTEGRA TL-6624

EFIS & EMS Integra TL-6624 is a multifunctional system that monitors both your flight and engine. TL-6624 integrates all primary flight instruments (Altimeter, Vertical Speed Indicator, Air Speed Indicator, Compass, Accelerometer, Chronometer, Turn-indicator with Inclinometer, Angle of Attack Indicator, internal air temperature, external air temperature, etc.).

The EFIS Integra also includes navigation systems (HSI, CDI with connection to the popular Garmin SL-30) and worldwide 3-D terrain maps. It also integrates all primary engine instruments (RPM, Fuel Flow Pressure Indicator, Exhaust Temperature Indicator, Cylinder Head Temperature Indicator, Oil and Water Temperature Indicator, Fuel Level Indicator, Fuel Pressure Indicator, Voltmeter, Ampere Meter, Timer, Internal Air Temperature Indicator, External Air Temperature Indicator, etc.) In addition the EMS Integra includes Propeller Control for "Constant Speed" and Engine Choke Control. The EMS Integra is designed for use with all engine makes and models. P/N 10-03482.....**$3,939.00**

SEE WWW.AIRCRAFTSPRUCE.COM FOR A LIST OF PROBES, SENDERS, AND ACCESSORIES FOR THE INTEGRA TL-6624.

AV

MGL V6 VHF AVIATION RADIO TRANSCEIVER

Based on the digital technology intruduced in the V10, the V6 provides the same powerful 6W transmitter and modulation system. Designed for 25Khz spacing with 8.33Khz compatible operation selectable, the dual scan receiver boasts the fastest scanning time which means no loss of reception quality during receive of the standby channel. 100 channel storage and channel operating mode compatible with the V10. Four place, dual circuit intercom system with full isolate. Each intercom microphone input has its own level control and VOGAD noise suppression system. Dual PTT inputs. Black box flight recorder audio output. The intercom outputs are fully stereo with a dedicated stereo music input plus two auxiliary channels for mobile phone and EFIS annunciators. The V6 radio fits a standard 2 1/4" round instrument hole from the rear and provides simple mounting due to captive nuts. Wide Operating voltage range: 12V to 28V DC.

VHF-6 Transceiver ..... P/N 11-10464 ..... **$1,082.00**
Standard Harness..... P/N 11-10533 ..... **$179.95**

MGL AVIONICS V10 VHF AVIATION RADIO TRANSCEIVER

MGL's air band VHF transceiver is the first commercial product of its kind to utilize modern receiver and transmitter technology. All audio processing and much of the receiver and transmitter circuitry is fully digital resulting in an outstanding quality experience unavailable with traditional technology. VHF Airband transceiver based on modern digital signal processing technology with built in multi-mode dual circuit intercom system. Small Size: Fits in a round 3 1/8" instrument hole, but has a mounting depth of only 2.2" + connectors! Light Weight: Approximately 8.8 oz (about 0.5 lb). One of the lightest out there! Powerful: 6 full Watts of transmit power.

Transceiver..... P/N 11-07817 ..... **$1,065.00**
Harness ..... P/N 11-07818 ..... **$169.00**

MGL AVIONICS E1 ENGINE MANAGEMENT SYSTEM

A compact 3 1/8" format instrument all that is needed to monitor most smaller aircraft engines from two-stroke ultralight engines to medium sized four strokes such as from Rotax, Continental and Lycoming. Most automotive engine conversions can benefit from the use of the E3 engine monitor. • 66 different engine setup configurations possible • Universal, programmable rev counter (engine RPM) with digital and analog readout, with a programmable high alarm limit • Programmable engine Hobbs meter (password protected) and running timer (flight timer) with automatic flight log • Can monitor up to four programmable thermocouple channels for EGT and CHT probes with a user programmable high alarm limit • A universal temperature sender input with a user programmable low and high alarm limits • A universal pressure sender input with a user programmable low and high alarm limits • Supply voltage measurement up to 30V with a user programmable low and high alarm limits • Maximum recorded values for all measured values are stored in non-volatile memory • High accuracy: Built in thermocouple linearization curves and cold junction compensation • Thermocouple temperature probes can be common K, J or E-type thermocouple probes • Uses standard automotive temperature and pressure senders • Special Rotax 912/914 engine monitor mode utilizing the standard built in Rotax NTC CHT probes • Supports the new Rotax 912/914 4-20mA oil pressure sender.

P/N 11-05578 ..... **$315.00**

MGL AVIONICS XTREME MINI EFIS

The XTreme EFIS is a mini-EFIS unit based on a 4.3" sunlight readable, wide viewing angle, high resolution LCD display. It integrates an SD card reader (for software updates and for flight data recorder), 5 function buttons, a rotary control and a basic GPS navigator (functions available in future firmware release). It can be connected to standard MGL Avionics AHRS sensors and RDAC (engine monitor) boxes. It also integrates a CAN Aerospace compatible communications interface that will be used with future versions of MGL Avionics sensors. Standard RS-232 ports are also available. The XTreme is designed to fit a standard 3 1/8" round instrument hole.

P/N 11-08757 ..... **$1,150.00**

MGL SERVO LINK KIT

Optional accessory MGL Servo link kit.
Kit includes:
(1) Alu tube 30 cm
(1) Rod end bearing RHT with fitting and nut
(1) Rod end bearing LHT with fitting and nut
(4) Rivets

P/N 11-10423 ..... **$995.00**

MGL AVIONICS VOYAGER - EFIS/EMS/GPS

8.4" Perfect Fit

The Voyager is IDENTICAL in PRICE and FUNCTION to the Odyssey. The only difference is the size. The Voyager is a comprehensive flight, engine and navigation instrument designed for Experimental and Light Sport aircraft. Like the Enigma, the Odyssey/Voyager is a hardware and software concept that promotes a flexible, powerful EFIS platform together with a software application system that is highly user-modifiable. The Voyager shares all software features with the Enigma, but differs in the following ways: Larger screen (8.4" diagonal). High resolution full VGA active TFT display - one of the best we have found! Faster processor for future functionality. 2 user-configurable rotary knobs and 7 function keys. ARINC 429 interface for communication with traffic alert systems (TIS and ZAON XRX) and for communicating with high-end digital autopilots (GPS Steer and Vertical Nav). CAN (automotive bus) for reading the ECU of automotive engine conversions. Analog +/- 150mA NAV inputs to display CDI/LOC/GS when connected to older analog Nav radios Low... Weight: Under 4 lbs. Current Draw: Only 1.5 Amps @ 12 Volts High... Screen brightness (800-1000 nits). Reliability. Flexibility (any screen layout you want!). Feature count (more instrument options available than most EFISs) P/N 11-06963 ..... **$3,900.00**

MGL XTREME EMS

The XTreme EMS is based on a 4.3" sunlight readable, wide viewing angle, high resolution LCD display. It integrates an SD card reader (for software updates and for engine data recorder), 5 function buttons, a rotary control. It can be connected to standard MGL Avionics RDAC (engine monitor) boxes (required). The XTreme EMS is designed to fit a standard 3 1/8" round instrument hole. The body is located off-center allowing the unit to replace instruments on the right side of a standard 6-pack configuration or any other location that currently occupies two instruments. Due to the light weight and very low mounting depth no complicated mounting brackets or trays are needed. Power use is low and operation from much less than 12V to around 28V is fully supported

EXtreme MS .....P/N 11-10393 ..... **$850.00**
RDAC XB 12 CH Thremocouple ....P/N 11-05552 ..... **$230.00**

MGL AVIONICS GENERATION 2 ODYSSEY - EFIS/EMS/GPS

The Odyssey is a comprehensive flight, engine and navigation instrument designed for Experimental and Light Sport aircraft. Like the Enigma, the Odyssey is a hardware and software concept that promotes a flexible, powerful EFIS platform together with a software application system that is highly user-modifiable. As an EFIS hardware platform, the Odyssey provides state of the art multi-processor based processing utilizing components chosen for absolute robustness in radiation intense environments such as found at high altitudes. This is coupled with intense low power design methods to further maximize overall system application and reliability. The large amount of flexibility built into the base system allows the adaptation of the Odyssey to almost any mission and aircraft. Due to low system cost, the Odyssey is equally suited to very light aircraft, gliders and rotorcraft, while providing enough flexibility to be utilized by even twin-engine aircraft with full dual engine monitoring.

10.4" Display MGL Odyssey Generation 2..... P/N 11-05835.. **$3,900.00**

To complete these systems: Select a RDAC engine Unit, Select Sensors, Order Attitude/Heading Sensor (SP-28, SP-4), Select accessories.

MGL MAGNETIC CURRENT MEASUREMENT SENSOR

This sensor can be used to measure DC currents in aircraft power systems in a wide range from less than 4A to as high as 120A depending on installation and configuration. The sensor connects to an EFIS system via spare RDAC inputs. Inputs CHT1,CHT2,oil pressure or oil temperature can be used and these can also be used on a second RDAC unit (consider a low cost RDAC VD as second RDAC if required). G1 and G2 EFIS systems can support up to 4 of these sensors while Enigma can support 2.

P/N 11-10422 ..... **$49.75**

AV

STRATOMASTER ENIGMA EFIS WITH GPS AND ANTENNA

The Enigma is a comprehensive flight, engine and navigation instrument designed for Experimental and Light Sport aircraft. The large amount of flexibility built into the base system allows the adaptation of the Enigma to almost any mission and aircraft. Due to low system cost, Enigma is equally suited to very light aircraft, gliders and rotorcraft, while providing enough flexibility to be utilized by even twin-engine aircraft with full dual engine monitoring. ***Please note: Select RDAC model and engine senders for engine* functions, and select Attitude/Heading sensors (SP-4 and SP-2) for AHRS funtions.** P/N 11-05555 .....**$2,550.00**

STRATOMASTER EXTREME EFIS

The Stratomaster Extreme is a glass cockpit primary flight and EMS system for use in light aircraft. The Extreme is designed specifically for outdoor use in aircraft with open cockpits. Able to give excellent viewing quality in poor light conditions under low and high temperatures, the Stratomaster Extreme is the most complete and compact light aircraft instrumentation package available on the planet today. Providing a multichannel EMS as standard, the Extreme gives you the ability to keep a close watch on your engine and to optimise your engine performance. The EMS is highly configurable in true Stratomaster fashion and is therfore suitable for a large range of engines from small two-strokes to four cylinder four strokes. Rotax engines are of course usable from the 447 to the 914 but the EMS is not limited to just Rotax engines - connect just about anything you like, from VW to Jabiru to 2SI.

P/N 11-05571 .....**$1,195.00**

STRATOMASTER ULTRA HORIZON XL

• Altitude to 40 000 ft (12 195 m) calibrated, 1ft dynamic resolution • Airspeed ASI analog and digital, TAS digital • Stopwatch • Glide and climb ratio to 1/99 • QNH 960 to 1 060 mb (28.3 - 31.3 Inch of Hg) • QNE 1013 mb quick select (29.9 Inches of Hg) • Time of day, Date for flight log entries • Air time since take-off (or lesson time) • Ambient temperature using external sensor • Up to two Fuel level using flow sender or optional level sender • Fuel flow using optional flow sender • Current range estimate (range at current speed and fuel burn) • Fuel bingo estimate (time until tank empty) • Range calculator using manually entered ground speed • Air distance made good • Voltage. Supply to unit. Usually 12V battery. • VSI +/- 9 990 ft/minute (50.7 meters per second) range • Flight log storing up to 200 entries • Hobbs meter, presetable to current engine time • Density altimeter • Barometer for ambient pressure • Aircraft registration number display • Maintenance timer • Warnings for engine temperature, speed high, speed low, maximum altitude, low fuel level, etc • Alarm output to switch a warning lamp • Audio alarm output to drive a panel speaker or low level output for alarm tone injection into a suitably equipped headset or intercom system. • Master and slave modes for dual instrument setup • Measuring take-off run to 50 ft (15.24 m) above ground level • Artificial horizon (requires SP-4) • Slip indicator (requires SP-4) • Rate of turn indicator (requires SP-4) • Compass (requires SP-2) • Air talk link for connection to; - PC's and Laptops using optional cable - Stratomaster "Black Box" flight recorder - Stratomaster Ultra secondary instrument - Key ring flight log download device - Compass and AHRS sensor packages. EFIS SYSTEMS

FLIGHT CHEETAH FL190

Cheetah FL 190 has all the capabilities and ability to upgrade of the Flight Cheetah line at a price that is affordable for every cockpit. The FL 190 runs on a combination of hard keys and touch screen access (stylus not required)
Package includes: • Flight Cheetah FL 190 display • Complete TrueMap software package • WAAS GPS Receiver by US Global SAT • AC power adapter DC power adapter (accepts 9-28 volts) • 4 cell Rechargeable Lithium ION Prismatic Battery.
Specifications: • Intel Atom 1.3GHz Processor • 1gb DDR2 Ram • 7" diagonal High Contrast LCD. • 16GB SLC Solid State Hard Drive (32GB option available) • 802.11 a/b WIFI • Resolution 1024x600 • 1 USB 2.0, H/P jack, DC in. • Dimensions 8.2 x 4.6 x 0.8 • Weight 1.48 lbs.

FLIGHT CHEETAH FL210

With the FL 210 you get the an optimal combination of affordability, incredibly high quality bright display, and a range of capabilities unequaled by anything else you will see out there in the industry (see comparison below).
The FL210 is comparable to the certified panel install MFD's in the $10,000-$20,000 range but with far more capabilities, and a far more affordable upgrade path for the future.
Package includes: • Flight Cheetah FL210 display • Complete TrueMap software package • WAAS GPS Receiver by US Global SAT • AC Power Adapter • DC Power Adapter (accepts 9-28 volts) • Video and instructional manuals.
Specifications: • 1gb DDR2 Ram • 6.5" diagonal High Contrast LCD. • 16GB SLC Solid State Hard Drive • Resolution 640x480 • 3 Hi-Speed USB 2.0 Ports • Dimensions 8.06" H x 5.44 " W x 1.93" D. • Weight 2.7 lbs.

HADRON MULTINAV

From a fully featured synthetic vision EFIS to a marine chart plotter, the Hadron is packed with features to make your travel easier and more pleasant, all in a lightweight portable unit.
For flying it acts as a combined MFD / PFD including all main instruments like 2D Moving Map and HSI, 3D Topographic textured vision (3DTTV), attitude, compass, altimeter, rate of climb, ground speed, wind data, waypoint and distance indication, fully featured flight planning and many more. With the built-in Collision Avoidance System you will be able to rapidly identify and avoid traffic conflicts.
While driving it acts as a complete GPS navigator with highly optimized routing and 3D / 2D display.
For sailing it provides marine charts and synthetically generated 3D view of the sea floor and shoreline.
And that's not all... The Hadron is also equiped with Wi-Fi and Bluetooth connectivity and can provide features like web browser, e-mail client, media player etc. Using the Wi-Fi connection you can download weather data, NOTAMs or other valuable information right before your trip. Using the Bluetooth a number of accessories can be connected to the Hadron like the Topwing Inertial Unit to provide real time, 9DOF attitude and acceleration data.OF attitude and acceleration data.

See www.aircraftspruce.com for complete specifications

VERTICAL POWER VP-400

The Vertical Power VP-400 is a next-generation backup EFIS that complements today's primary EFIS products and incorporates its own independent solid-state gyros, GPS receiver, and electronic circuit breaker system.
The Vertical Power VP-400 is a back-up EFIS that flies your aircraft safely to the best runway in an emergency. The best airport is the one with the longest and widest runway that is pointed most directly into the wind that you can still safely glide to without impacting terrain or obstacles. THAT is the airport you want to glide to in an emergency! Your existing GPS nearest function understands none of these things.
The VP-400 is built using the same field-proven hardware and software technology as our other products. It's been proven in hundreds of experimental aircraft over thousands of flight hours. And you can easily wire backup circuits for critical avionics to eliminate any single point of failure concerns.
The VP-400 system includes a display, GADAHRS (GPS, air data, attitude, heading reference system), and one power distribution unit (PDU).
Requires connector-only kit or wiring harness kit.
Note: You do not need a crimp tool if you're ordering the wiring harness kit, which has the terminals already crimped on the wire. Crimp tools are only needed for connector-only kit.

Description	Part No.	Price
VP-400	11-10546	**$7,728.00**

Crimp Tool	11-09836	**$56.75**

VERTICAL POWER VP-400 DUO

The Vertical Power VP-400 is a next-generation backup EFIS that complements today's primary EFIS products and incorporates its own independent solid-state gyros, GPS receiver, and electronic circuit breaker system.
The Vertical Power VP-400 is a back-up EFIS that flies your aircraft safely to the best runway in an emergency. The best airport is the one with the longest and widest runway that is pointed most directly into the wind that you can still safely glide to without impacting terrain or obstacles. THAT is the airport you want to glide to in an emergency! Your existing GPS nearest function understands none of these things.
The VP-400 Duo system includes a display, GADAHRS (GPS, air data, attitude, heading reference system), and two power distribution units (PDUs). The Duo is recommended for true dual-independent bus electrical architecture (two batteries, two master contactors, two independent alternators, and a cross tie contactor) or a single bus architecture that needs more circuits than a single PDU can provide.
Requires connector-only kit or wiring harness kit.
Note: You do not need a crimp tool if you're ordering the wiring harness kit, which has the terminals already crimped on the wire. Crimp tools are only needed for connector-only kit.

CONTOUR+ CAMERA

With the largest lens of any PoV camera, the Contour+ captures beautiful 1080p video. The 2.8" aperture, 170° wide-angle rotating lens delivers the truest, high quality image with minimal distortion and fisheye. It records and streams Full HD in all its glory - all from Contour's unique, award-winning form-factor. The Contour+ is specifically set up for capturing the perfect visuals. The reason is a market-leading mix of camera technology, from a six-element glass lens and 1080p video quality, to adjustable white balance for dialing in the details of each location. The Contour+ also expands normal perspective with an F 2.8, 170° superwide-angle lens, integrating peripherals and backdrops that would get cropped with a narrower focus. In addition, we incorporated a 270° rotating lens to allow you mount or position the camera in an infinite number of ways.
The camera also connects via an HDMI port, allowing live streaming of HD video via monitor or TV - to quickly and easily watch and enjoy your videos. This eliminates the lag time of downloads and transfers when checking footage on location or back home.
NOTE: Camera may be used for aircraft use, but it is not designed specifically for use in aircraft. Additional hardware may be needed if mounting on a plane. (Hardware not available through this manufacturer.)
P/N 11-10406.....**$499.99**

A/V-ATOR HD GPS IN-COCKPIT CAMERA SYSTEM

The A/V-ator HD system records in-flight video at 1080 resolution, while recording crystal-clear aircraft radio/intercom audio with Light Sport Group's proprietary noise-reduction circuitry. GPS speed, altitude, and position data are encoded with the video. Also included, are enhanced optical components which minimize the rotating propeller distortions that are common on CCD-camera video systems.
P/N 11-10019.....**$595.00**

MOTOCAM CAMERA SYSTEMS

4 CAMERA SHOCKBOX DIGITAL VIDEO RECORDING SYSTEM

Package Contents:
* Sony 550 CCD color camera (4) * 12 foot camera cables (4) * RAM ball and socket camera mounts (4 set) * Stereo audio communication cable (1) * 4Gb SD memory card (1) * Video Editing Software (1) * TV & PC video transfer cables (2) * Charger(1)

PN 11-07112..... **$1,799.95**

BLIND SPOT ELIMINATOR

Package Contents:
* 4" Color LCD Monitor (1) * 12Volt Input Wire Harness (1) * Sony 550 CCD Color Camera (1) * RAM ball and socket camera mount (2) * Note: Video recording can be added separately.

P/N 11-08138..... **$749.95**

VIDEO DATA SYNCH BOX

Package Contents:
* Data Acquisition Box (1) * Wire harness (1) * GPS Receiver Puck (1) -Air Speed -Altitude -Heading -Location Option: - Garmin Data Port Cable - GPS receive puck. 12-32v input. Rugged aluminum housing construction. Simple 3 button design. Automatic real-time GPS data overlay on to composite video stream. Less than 1amp power draw. RCA style video input/output
Note: The video data synch box can be added to any standard composite video recording system. P/N 11-08137..... **$725.00**

MOTOCAM HARDWIRE OPTION

MotoCam 360 step down voltage regulator connector (In-line). This regulator will reduce the aircraft voltage from 24v down to 12v to supply any MotoCam 360 on-board video recording system constant power for unlimited video recording run-time. P/N 11-08342..... **$72.50**

ADVANCED TRAVEL MOUNT (ATM)

The Advanced Travel Mount (ATM) is a small, lightweight portable travel system designed to provide stabilized video shoots at an economical price. The user supplies their own camera and power. The ATM system requires no assembly. Simply attach the camera and power up to the gyros. Maximum camera weight is 10 lbs. The system comes with a one year warranty. The ATM systems are used in helicopter and fixed wing aircraft. Helicopters, cars, boats, ATV's, etc. The ATM is a camera tripod with accessories and weighs 16 lbs plus camera weight. It must remain portable and cannot be bolted to the airplane, helicopter, or vehicle. It is usually placed on the seat next to the camera operator and the seat belt is used to secure it. It can also be taped or strapped down. There are two power cables included. One cable can be used on a small rechargeable (user supplied) 12 V 18-35 amp battery (available at Aircraft Spruce). The second cable is a cigarette adapter and can be used in a 12 V source of least 10 amps. The ATM flys under FAR91.21 for Portable Electronic Equipment. **Note**: This is a portable camera stabilizer and does not attach to the helicopter or aircraft, they do not need an STC or 337.
In The Box: 1 ATM Gyro Platform, 2 KS-8 Tungsten Gyros, 1 - 2 Output 12 Volt Inverter/ Power Cables, 1 - Molded Travel Case.

P/N 11-09854..... **$11,495.00**

REMOTE CAMERA SYSTEM

• Mounts a traditional camcorder (i.e. Sony) • 360 degrees of rotation • 50 degrees of tilting ability • Optional stick grip with built in hat switch • Remote switch control • Weight - 7lbs • Dash mounted LCD screed to see what the camera is seeing • Vibration dampening built into mounting bracket.

Description	Part No.	Price
Basic Kit - Includes camera mount system with remote switch	11-04318	$750.00
Deluxe Kit - Includes camera mount system with remote switch and LCD screen	11-04319	$981.00
Super Deluxe Kit - Includes camera mount system, built in grip switch, & LCD screen	11-04320	$1,245.00

ACCULOCK BLACK BOX CAMERA PLANE/CAR

Features of the Acculock Black Box Camera include 2CH video recording, GPS module (speed & location info), exclusive viewer playback, indoor infrared recording, and an online map (Google). Great for planes and cars

P/N 11-10444..... **$499.00**

DATATOYS AV-HD AIRCRAFT CAMERA SYSTEM

The AV-HD is a high definition aircraft camera system which records video in full 1080P HD featuring a built-in LCD screen. AV-HD is compact and loaded with features. Using the included Headset Adapter Cable, the AV-HD is capable of recording crisp headset audio as well. Camera, recorder, and cable are all water resistant, rugged and built for harsh environments!
Features an advanced lens system that mitigates the propeller in the video providing a pleasant translucent blur. Wide Field-of-View of 170 degrees providing the widest angle available. Mounting is a snap using the built in 2.0" LCD and one of the many camera mounts included in the system. A cigarette power plug adapter is included. Videos can be easily downloaded using the USB cable or straight from the SD card. Video files can be viewed on a PC or a Mac with no special software needed, and can be easily uploaded to YouTube. P/N 11-09963..... **$499.00**

DATATOYS UDVP SPORT PLUS DUAL CAMERA SYSTEM

The UDVP recorder offers two channels of video with multiple user interfaces, media types, and modules. The UDVP Sport Plus 2 System includes everything you will need to start recording whether it be airborne recording or any other aviation application. Sport Plus 2 Systems include the UDVP Recorder, (2) WD-600 Wide Angle Bullet Cameras and all of the basic accessories for mobile recording. Solid metal, waterproof connections and 360 degree shielded cabling designed for harsh environments and airborne digital video recording. Feature the only prop filtering technology built into a camera. Designed for general aviation applications.

UDVP Sport Plus Dual Camera Systems..... P/N 11-09595..... **$2,199.00**
Aviation Headset Adapter Cable ..... P/N 11-09596..... **$79.99**
Record Start/Stop Switch ..... P/N 11-09599..... **$69.99**

DATATOYS UDVP PRO PLUS DUAL CAMERA SYSTEM

The UDVP recorder offers two channels of video with multiple user interfaces, media types, and modules. The UDVP Pro Plus 2 System includes everything you will need to start recording whether it be airborne recording or any other aviation application. Pro Plus 2 Systems include the UDVP Recorder, (2) WD-600 Wide Angle Bullet Cameras and all of the basic accessories for mobile recording. Solid metal, waterproof connections and 360 degree shielded cabling designed for harsh environments and airborne digital video recording. Feature the only prop filtering technology built into a camera. Designed for professional users with the highest video quality, featuring Military grade cabling and connectors for determinant installations. The UDVP-Pro also has the ability to upgrade to Full HD.

DVP Pro Plus Dual Camera System ..... P/N 11-09594..... **$2,799.00**
Aviation Headset Adapter Cable ..... P/N 11-09597..... **$79.99**
Record Start/Stop Switch ..... P/N 11-09598..... **$69.99**

FLYVIE PRO RECORDER

The Flight Recorder Pro is a patented and portable flight recorder. The unit captures and records high quality video from two small cameras, as well as GPS data and audio from internal and external communications in the cockpit. Captured imagery includes the pilot's view and the instrument panel as well as the pilot's manipulation of the flight controls. The data is saved to a small personal memory card which can then be downloaded and reviewed, analyzed and tagged over the Internet.
Package includes: Netbook, 2 - Webcams, GPS cable and accessories.
Features: Video record two views - both instrument panel and external horizon views, Audio record the cockpit and ATC communication, View your flight recording with GPS track overlaid on Google Earth, Share tagged segments of your flight with others - anytime, anywhere

P/N 10-04513..... **$1,795.00**

QSTARZ GPS FLIGHT RECORDER

The Best Economical and Efficiency Solution Applied by GPS BT-Q1000XT adopts the latest GPS chip-set MTK II bringing you the highest performance and longest battery life for your special commercial requirements. With it reliable and durable design, BT-Q1000XT is definitely the best choice to improve your bottom line: lower the cost and improve efficiency. Make your business having more bargaining power and competitive advantages over your competitors. **Powerful Software Integrated with Google Map**

P/N 11-08343..... **$110.00**

AV

ANTENNAS

ADVANCED AIRCRAFT ELECTRONICS HIGH GAIN AIRCRAFT ANTENNA SYSTEMS

Here is a new series of aircraft antennas specifically designed to be used without a ground plane. This means that composite aircraft and fabric covered aircraft can now have their antennas mounted totally within the structure. These antennas are designed using the latest engineering technology. Laboratory measurements show them to have better electrical characteristics than currently available products. The unanimous reports from pilots who have been using them confirm that they out perform everything now available on the market. One antenna model works for communication, navigation, and for ELT (Three antennas in the aircraft, but all the same design), and this design is tolerant to installation errors. They will work in metal airframes when a plastic or fiberglass wing tip or similar plastic component is available to provide the mounting structure. The VHF antennas, 5T and 5I, differ only in the location of the BNC connection. The 5T is configured to allow the coax cable to be routed flat along the mounting surface of the airframe. This antenna model would be appropriate for a composite aircraft where the antenna would be mounted in the fuselage or fin and the coax would be close to the skin and be attached periodically for strain relief. In either case, the antenna can be used as a retrofit on in service aircraft or in new installations. The 5I series has the BNC connection positioned so that the coax cable would route out and away from the antenna mounting surface. This configuration is offered for antenna installations such as wing tips of fabric aircraft. If the antenna is mounted on the inside of the tip, the coax route is directly inward toward the wing root and the BNC connection is located near the spar to provide support for the cable. Both antennas are identical in their electrical performance.

Features: Inside mounting. Use with composite skins. Use with fabric covered airframes. Glue or bond to the airframe. Light weight. Wide service temperature, No ground plane corrosion, Mount anywhere inside, Maximum range with low VSWR. Model VHF series designed for comm or nav or ELT. Guaranteed against failure for the life of the airframe. Adapts to existing airframes or to in process construction.

Model 5I (straight BNC connector) NAV/COM Antenna..... P/N 11-04261..... **$118.95**
Model 5T (right angle BNC connector) NAV/COMM Antenna..... P/N 11-04262..... **$118.95**
Model L2 Transponder Antenna..... P/N 11-04212..... **$98.95**

COMANT GPS ANTENNAS

GPS antenna kits from Comant enable you to install a low profile aerodynamic GPS antenna to the exterior of your aircraft. These antennas are all FAA approved under TSO C129, provide superior GPS signal acquisition, and are resistant to ice build-up in flight. All kits come complete with 10' of coax cable. Call with Comant Part No. for pricing on the Comant C1401, C1405, CI-406, OR CI4510 series antenna you require.

CI 401 ANTENNAS

These antennas are designed for aircraft up to 600 knots and feature a rectangular footprint. Available in active or passive models. Height: 0.75". 50 ohms.

CI 401 ACTIVE ANTENNAS		
APPLICATION	**P/N**	**PRICE**
Magellan w/detachable antennas except 5000A, Garmin 55, 89, 90, 95, 100, 150, 155, 165, 250, Skyforce, and panel GPS requiring 26 dB gain		
Antenna Only	CI-401-220	**$422.95**
CI 401 Passive Antennas (limited to 10' run of RG142 or 6' of RG58)		
Magellan w/detachable antennas incl. 5000A, Garmin 55, 89, 90, 95, 100, 150, 155, 165, 250, Micrologic Super Sport & all other GPS receivers requiring a passive antenna.		

COMANT CI 4510 GPS/COM ANTENNAS

The Comant CI-4510 antennas are ideal for use on any GPS/COM dual application and feature upper hemispheric, right hand circular polarized sense pattern (1575 MHz).

CI 4510 ACTIVE ANTENNAS		
APPLICATION	**P/N**	**PRICE**
II Morrow, Precedus, 920/+	CI4510-3K1C	**$518.95**

King KLX-100 Interface Cable	11-19849	**$35.50**

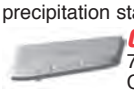
COMANT MARKER BEACON ANTENNAS

CI-102 MARKER BEACON - Frequency 75 MHz. For use with the modern, high sensitivity marker beacon receivers. Featuring 4-hole internal mounting for simple installation. Enclosed in an injection molded radome which is impervious to the tough environments typical of the underside of an aircraft. Skydrol and rain erosion resistant. DC grounded to minimize accumulation of precipitation static. P/N 11-17931.....**$137.95**

CI-118 MARKER BEACON - Frequency 75 MHz. Designed specifically for high-performance aircraft applications. Features aerodynamic design in a lightweight package. Antenna is a low profile blade-type encased in a molded polyurethane shell. Skydrol and rain erosion resistant. P/N 11-17932.....**$343.95**

COMANT MARKER BEACON (CI-118-1) - Frequency • 75 MHz. Low-drag, lower profile alternative to the popular CI 102 "boat style" marker beacon antenna. Approved for medium to high performance single, turbo-prop or jet aircraft and provides simple external mounting. Skydrol and rain erosion resistant. DC grounded to minimize accumulation of precipitation static. P/N 11-06847.....**$516.00**

COMANT MARKER BEACON (CI-118-9) - Frequency 75 MHz. Identical to the CI 118 except the mounting configuration allows for "drop-in" replacement to the Honeywell Bendix-King KA 26 Marker Beacon. This Comant design has been tested to the tough DO-160D environmental standards. Skydrol and rain erosion resistant. DC grounded to minimize accumulation of precipitation static. P/N 11-06989.....**$492.95**



COMANT MARKER BEACON (CI-118-10) - Frequency 75 MHz. This Comant marker beacon is identical to the CI 118 except with a 4-hole through mount configuration. This model has been tested to the tough DO-160D environmental standards. Skydrol and rain erosion resistant. DC grounded to minimize accumulation of precipitation static. P/N 11-06848.....**$493.95**

COMANT MARKER BEACON (CI-164) - Frequency • 75 MHz. Lightweight flush mount provides for dualmarker beacon signal outputsatthe antenna, eliminating theneed fora separate marker beacon splitter. Antenna is housed in a aluminum enclosure with a glass laminate cover. Internal components are potted in place for mechanical integrity. The CI 164 is designed for curved "crown" surface mounting as is currently used on the Cessna Citation I and II. P/N 11-06850..**$1,310.00**

COMANT MARKER BEACON (CI-165) - Frequency • 75 MHz. Lightweight flush mount antenna, provides for dual marker beacon signal outputs at the antenna, eliminating the need for a separate marker beacon splitter. Antenna is housed in a aluminum enclosure with a glass laminate cover. Internal components are potted in place for mechanical integrity. The CI 164 is designed for curved "crown" surface mounting as is currently used on the Cessna Citation I and II. P/N 11-06851..**$1,188.00**

COMANT GPS/ORBCOMM ANTENNA CI-2480-101 - Using the CI-248 radome, this antenna provides GPS for Garmin™ receivers and ORBCOMM™ Data Link Capability in a single footprint that matches standard VHF antenna configurations. This means the antenna offers nearly a "drop-in" installation process for your avionics technician. P/N 11-07075.....**$243.95**

N	CI 100-5	11-06816	**$286.95**

CI-101 TRANSPONDER ANTENNA – Frequencies Covered 1030-1090 MHz. Transponder antenna with top loaded stub monopole. Contact points are made from beryllium copper. Mounts through a single 0.600" diameter mounting hole.
P/N 11-17970 ..... **$99.50**

CI-105 TRANSPONDER/DME ANTENNA – A very broadband and rugged antenna which is encased in glass reinforced molded shell. Rated to 400 kts. TAS. Height. 3.25"; Wt. 0.2 lb. Does not include BNC or hardware. P/N 11-17965 ..... **$137.95**

COMANT DME/ TRANSPONDER (CI -105-3) - Frequencies Covered 75 MHz. Antenna configuration specifically designed for external applications using a three hole flange mounting. BNC female connector. P/N 11-06810.....**$309.95**

COMANT DME/XPDR (CI -105-6 & 105-7) - Frequency • 960-1220 MHz. Comant CI 105-3 DME/ Transponder antenna. Ant signed for external applications using a three hole flange mounting. BNC female connector.
CI 105-6 connector - BNC . P/N 11-06811..**$280.95**
CI 105-7 connector - C ..... P/N 11-06817..**$346.95**

COMANT DME/ TRANSPONDER (CI-105-9) - Frequency • 960-1220 MHz. Antenna assembly encased in a glass reinforced polyester molded shell. Comes standard with a 6" extension coax cable and BNC connector. This model offers standard two stud mounting, where the studs are extended to 1 inch in length. P/N 11-06818.....**$236.95**

COMANT DME/ TRANSPONDER (CI -105-16) - Frequency • 960-1220 MHz. Was designed specifically for the Honeywell Bendix- King™ KA60. This unit offers the extended length two-stud mounting found on the KA60. Tested to the tougher DO-160D environmental requirements, this antenna offers the best in ruggedness and performance.
P/N 11-06819.....**$140.95**

COMANT DME/ XPDR (CI-110-40-30) - Frequency • 960-1220 MHz &1030-1090 MHz. All metal, low profile antenna is designed for business jet and commercial high speed aircraft. With a popular four hole mount and connector with open path to ground, this antenna is ideally suited for those aircraft equipped with standard and Mode S transponders. Tough one piece construction provides 175 lbs. side load capability. Moisture failure is prevented with completely sealed construction.
P/N 11-06820.....**$296.95**

COMANT DME/ TRANSPONDER (CI-110-41-30) - Frequencies Covered 960 -1220 MHz. All metal, low profile antenna is designed for business jet and commercial high speed aircraft. With a popular four hole mount and connector with short path to ground, this antenna is ideally suited for those aircraft equipped with standard and Mode S transponders. Tough one-piece construction provides 175 lbs. side load capability. Moisture failure is prevented with completely sealed construction.
P/N 11-06821.....**$368.95**

COMANT DME/XPDR (CI -110-60-30) - Frequency • 960-1220 MHz & 1030-1090 MHz. All metal, low profile antenna is designed for business jet and commercial high speed aircraft. Six hole mount and connector with open path to ground. Suited for aircraft equipped with standard and Mode S transponders. Provides 175 lbs. side load capability. Moisture failure is prevented with completely sealed construction.
P/N 11-06822.....**$303.95**

COMANT DME/ XPDR (CI-110-61-30) - Frequency • 960 -1220 MHz. All metal, low profile antenna is designed for business jet and commercial high speed aircraft. Six hole mount and connector with short path to ground. Suited for those aircraft equipped with standard and Mode S transponders. Tough one-piece construction provides175 lbs. side load capability. Moisture failure is prevented with completely sealed construction.
P/N 11-06823.....**$315.95**

COMANT DME/ TRANSPONDER (CI-305) - Frequency • 960-1220. Miniature high speed DME/ Transponder - one of the smallest DME/Transponder antennas available from Comant. Less than 2.75 inches high, featuring a very low-drag frontal profile. Strong, lightweight and easy to mount using four external mounting holes through base.
P/N 11-06824.....**$204.95**

COMANT FM BAND & AM/FM ANTENNAS

COMANT AM/ FM RECIEVER (CI-222) - Frequency 88-108 MHz 550-1600 KHz. Offers a unique low profile design using standard 4 hole mounting used on many VHF type antennas. Bent whip configuration is ideally suited for underbelly and helicopter installations.
P/N 11-00412.....**$246.95**

COMANT DATALINK & SATCOM ANTENNAS

COMANT FIS/DATA LINK (CI 248-180) - 136.450 - 136.475 MHz. Assures positive FIS performance with the new CI 248-180 FIS Data Link antenna. Designed specifically to bring NEXRAD, METAR, and TAF frequencies to the cockpit.
P/N 11-07077.....**$283.95**

COMANT IRIDIUM (CI-490-1) - Dual-band passive antenna operates at Iridium™ frequencies, with continuous transmit and receive coverage from 1616 to 1626.5 MHz. Can also operate separately as a passive GPS antenna. Iridium™ delivers essential communications services to and from areas where terrestrial communication are not available.
P/N 11-07078.....**$489.95**

COMANT RADIOPHONE / DME ANTENNAS

COMANT DME/ TRANSPONDER (CI-105-20) - Wide band vertically polarized/omnidirectional antenna designed for high performance aircraft over the UHF/L Band of frequencies from 806 to 960 MHz. 894-896 MHz Transmit 849-851 MHz Receive 960-1220 MHz P/N 11-07081.....**$425.95**

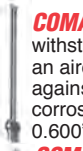
AV

COMANT ANTENNAS

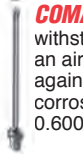
COMANT RADIOPHONE / DME ANTENNAS

COMANT UHF (CI-177-20) - 450-470 MHz. A rugged monopole antenna particularly wellsuited to the harsh environments experienced on the underside of an aircraft. Features standard4-hole mounting, diecast metal base and radiator encased in glass laminate housing. P/N 11-06836.....**$615.00**

COMANT UHF (CI-200) - 450-470 MHz. Rugged monopole antenna particularly well-suited to the harsh environments experienced on the underside of an aircraft. Features a very compact 3-hole mounted die-cast aluminum base with the radiator encased in a glass laminate housing.
P/N 11-06837.....**$385.95**



COMANT UHF (CI-271) - 403-512 MHz. Stub antenna designed to withstand the harsh environments associated with the underside of an aircraft. Antenna radiator is mechaniclly captivated and is sealed against leakage. All exposed metal surfaces are nickel-plated for corrosion resistance and long service. Mounts through a single 0.600" hole. BNC connector is standard. P/N 11-06838.....**$197.95**



COMANT UHF (CI-273)- -403-512 MHz. Stub antenna designed to withstand the harsh environments associated with the underside of an aircraft. Antenna radiator is mechaniclly captivated and is sealed against leakage. All exposed metal surfaces are nickel-plated for corrosion resistance and long service. Mounts through a single 0.600" hole. BNC connector is standard.
P/N 11-06839.....**$180.95**

COMANT UHF (CI-275) - Frequency 406-512 MHz. Wide band UHF antenna designed for high-performance aircraft over the full frequency range of 406-512 MHz. Low profile, blade-type antenna is encased in a low drag, low weight molded body to ensure high reliability. The CI 275 comes standard with a BNC connector. Other connectors available. See order option chart.

Connector	Model	Part No.	Price
BNC	CI 275	11-06840	**$532.95**
TNC	CI 275-2	11-06841	**$579.00**
N	CI 275-5	11-06842	**$623.00**

COMANT UHF (CI-285) - Frequency • 400-960 MHz UHF blade antenna design for high performance aircraft over the full range of 400-960 MHz. Features vertically polarized/ omni-directional pattern, extremely wide band/high efficiency electrical performance. DC grounding for lightning protection, 6 hole mounting. P/N 11-06843.....**$706.00**

COMANT UHF (CI-306) - Frequency • 800-870 MHz. Stub-type antenna tuned for the 800- 870 MHz radio telephone band. Intended for use on low-flying aircraft and helicopters. CI 306 available with BNC connector and mounts through a single 0.600" inch diameter hole. P/N 11-06844.....**$296.95**

COMANT CI 310-20 RADIOPHONE - Frequencies Covered 806-960 & 1030-1090 MHz L Band / UHF blade antenna designed for high performance aircraft. Features vertical/ omnidirectional pattern, wide band/high efficiency electrical performance and DC grounding for lightning protection.
P/N 11-06845.....**$376.95**

COMANT CI 310-22 RADIOPHONE ANTENNA- Frequencies Covered 806-960 & 1030-1090 MHz L Band / UHF blade antenna designed for high performance aircraft. Low profile, light weight antenna and is packaged in a molded body with metal mounting base to ensure stable environmental performance and resistance to vibration, rain erosion and cleaning solvents. Features vertical/omnidirectional pattern, wide band/high efficiency electrical performance and DC grounding for lightning protection.
P/N 11-06846.....**$395.95**

COMANT RADIOPHONE / DME ANTENNAS

COMANT VHF COMMUNICATION (CI-121) - Frequencies Covered 118-137 MHz. Similar to the CI 109, the CI 121 is smaller in diameter and lighter at only 0.5 pounds. Upgraded to the new RTCA DO-160D environmental requirements and offers the 118 to 137 MHz frequency associated with DO-186A MOPS.
P/N 11-17921.....**$154.95**

COMANT VHF COMMUNICATIONS (CI-122) - Frequencies Covered 118-137 MHz. Designed specifically for mounting to the underside of an aircraft providing excellent radiation coverage for air-to-ground VHF communications. Bent configuration makes it ideally suited for helicopters and low wing aircraft. Upgraded to the new RTCA DO-160D environmental requirements and offers 118 to 137 MHz frequency associated with the DO-186A MOPS. P/N 11-17922.....**$177.95**

COMANT VHF COMM (CI-211) - Frequencies Covered 118-137 MHz. For large twins and medium jet aircraft. Only 8.25 inches high. Upgraded to the new RTCA DO-160D environmental requirements and offers the 118 to137 MHz frequency associated with DO-186A MOPS.
P/N 11-07082.....**$667.95**

COMANT RADIOPHONE / DME ANTENNAS

COMANT VHF COMMUNICATIONS (CI-291) - Frequencies Covered 118-137 MHz Upgraded to the new RTCA DO-160D environmental requirements and offers the 118 to 137 MHz frequency associated with DO 186A MOPS. P/N 11-17991.....**$189.95**

COMANT VHF COMMUNICATIONS (CI-292-1 - Frequencies Covered 118-137 MHz. Designed specifically for top mounting on an aircraft. Upgraded to the new RTCA DO-160D environmental requirements and offers the 118 to 137 MHz frequency associated with DO-186A MOPS. P/N 11-05093.....**$217.95**

COMANT VHF COMMUNICATIONS (CI-292-2) - Upgraded to the new RTCA DO-160D environmental requirements and offers the 118 to 137 MHz frequency associated with DO 186A MOPS. P/N 11-29202.....**$229.95**

COMANT VHF COMMUNICATION (CI-248-5 - Frequencies Covered 118-137 MHz. Developed for Cessna 182 and 182T aircraft. The only VHF antenna with a built-in notch filter, that allows installation in close proximity to GPS antennas without co-sight interference. P/N 11-05585.....**$317.95**

COMANT VHF COMMUNICATIONS (CI-108) - Frequencies Covered 450-470 MHz Suitable for either top or bottom mounting. Upgraded to the RTCA DO-160D environmental requirements with DO-186A MOPS. Optional leading edge protection - CI 108-L.
CI-108 ..... P/N 11-07079.....**$673.00**
CI-108L ..... P/N 11-07080.....**$474.95**

COMANT VOR / LOC / GS ANTENNAS

COMANT VOR/ GS (CI-120G-S) - Frequency • 108-118 MHz (VOR/LOC) 329-335 MHz (GS) Antenna system qualified for use on single engine, twin, jet, and helicopter aircraft. Provides glideslope reception capability. Complete set includes a pair (2) of blades, each with single BNC connector output, two coax interconnect cables and a signal combiner output providing for a single cable run to the avionics installation. P/N 11-06801.....**$1,031.00**

COMANT VOR/LOC/GS (CI-120-200G/S) - Frequency • 108-118 MHz (VOR/LOC) 329-335 MHz (GS) Antenna system qualified for use on single engine, twin, jet, and helicopter aircraft. Provides glideslope reception capability. Complete set includes a pair (2) of blades, each with single BNC connector output, two coax interconnect cables.Dual output signal combiner providing for separate RF cable runs to the avionics installation for NAV1 and NAV 2 receivers, is included. P/N 11-06802.....**$1,061.00**

CI-120-200G/S-L - Blades have leading edge protection and come with rubber gasket enabling mounting on curved vertical stabilizers.
P/N 11-06803.....**$1,195.00**

COMANT VOR/LOC/GS (CI-120-400) - Frequency • 108-118 MHz (VOR/LOC) 329-335 MHz (GS) Designed for the Cessna 182 Series. Complete kit includes a pair (2) of blades, each with a single BNC output, and two coax interconnect cables. Single BNC output phasing combiner providing for a single RF cable run to the avionics installation. P/N 11-06804.....**$1,037.00**

COMANT VOR/LOC/GS (CI-157P) - Frequency 108-118 MHz (VOR/LOC) 329-335 MHz (Glide Slope) "V" dipole VOR/ Glide Slope antenna with fixed elements designed specifically for compatibility with the Piper Aircraft mounting. Radiating elements are not removable. Not approved for helicopter installations.
P/N 11-15700.....**$279.95**

COMANT VOR/LOC/GS (CI-185C) -Frequency • 108-118 MHz (VOR/LOC) 329-335 MHz (GS) "V" Dipole VOR/LOC/ GS antenna with detachable elements mounts on top of the vertical fin stabilizer for most single engine general aviation aircraft. RF design similar to the CI 157P. Integral ferrite balun provides for higher radiation efficiency. Not approved for helicopter installations. Consult your FBO or installation shop for best application information.
P/N -11-17923 .....**$286.95**

COMANT VOR/LOC/GS (CI-158C-2) - Frequency • 108-118 MHz (VOR/LOC) 329-335 MHz (GS) Detachable elements mounts on top of the vertical fin stabilizer offering the four-hole mounting configuration found on many beech aircraft. Detachable elements result in a significantly smaller shipping and storage carton than fixed element versions. Not approved for helicopter installations. P/N 11-06806.....**$296.95**

COMANT VOR/LOC/GS (CI-158C-3) - Frequency 108-118 MHz (VOR / LOC) 329-335 MHz (Glide Slope) "V" Dipole VOR/ Glide Slope Antenna with detachable elements was developed specifically for Beech Bonanza aircraft and encompasses reduced static capability with the use of P-Stat Paint and bleeder resistors. Not approved for helicopter Installations.
P/N 11-06807.....**$1,464.00**

COMANT VOR/LOC/GS (CI-159C) - Frequency 108-118 MHz (VOR / LOC) 329-335 MHz (Glide Slope) Similar to the CI 158C-3 with the exception of offering 2-hole mount instead of a 4-hole mount. Not approved for helicopter installations. P/N 11-17924.....**$360.95**

AV

COMANT ANTENNAS

COMANT VOR / LOC / GS ANTENNAS

COMANT GLIDE SLOPE (CI-193) - Frequencies Covered 329-335 MHz (GS) For interior mounting for GS reception.
P/N 11-05200.....**$178.95**

COMANT VOR/GS (CI-205-3) - Frequency 108-118 MHz (VOR/ LOC) 329-335 MHz (Glide Slope) Mounting on the aircraft vertical stabilizer or helicopter tail boom. Set includes a pair (2) of "towel bar" sensor elements each with a single BNC output connector and a one-piece dual coax interconnect signal combiner harness with a single BNC connector output. Provides for a single cable routing to the avionics location. P/N 11-17985.....**$1,393.00**

COMANT VOR/LOC/GS (CI-215) - Frequencies Covered 108-118 MHz (VOR/LOC) , 329-335 MHz (GS) Detachable elements featuring two integrally molded mounting legs or "spacers" for increased strength.
P/N 11-17926.....**$424.95**

COMANT VOR/LOC/GS (CI-259E) - Frequencies Covered 108-118 MHz (VOR/LOC), 329-335 MHz (GS) Fixed elements for helicopter aircraft. P/N 11-06809.....**$308.95**

COMANT COMDAT GPS ANTENNAS

COMDAT ANTENNA (CI-401-220) - Frequency • GPS 1575.42 +/- 3 MHz Contains stable amplifier that offers great performance. Gain performance at 26.5 to 31.5 dB minimum. Presents very low noise levels at 3.8 dB maximum. Built-in voltage regulator. P/N 11-04139.....**$422.95**

COMDAT GPS (CI-401-221) - GPS antenna with TNC connector. Meets RTCA DO 160-D operating standards including direct effects lightning. Operate with 26.5 dB panel mount GPS receivers. Certified FAA TSO-C144 for GPS and GPS WAAS Class Gamma 1 equ. Not compliant for GPS WAAS Class Gamma 2 and 3 applications. Not compatible with most portable GPS receiver systems. GPS 1575.42 MHz / 26.5 dB Gain P/N 11-06795.....**$422.95**

COMDAT GPS CI 408-20/ ACTIVE - Designed for airborne applications with aircraft speeds up to 600 KTAS. Drop-in replacement for many popular GPS applications. RTCA DO 160-D operating standards including direct effects lightning. GPS 1575.42 MHz - 28.0 db Gain P/N 11-06796.....**$589.00**

COMDAT ANTENNA (CI-420-220) - Stand-alone GPS antenna with TNC connector. Meets RTCA DO 160D operating standards including direct effects lightning. Designed to operate with 26.5 dB panel mount GPS receivers. Certified FAA TSO-C144 for GPS and GPS WAAS Class Gamma 1 equipment. Not compliant for GPS WAAS Class Gamma 2 and 3 applications. Not compatible with most portable GPS receiver systems. GPS 1575.42 MHz - 26.5 db Gain P/N 11-05848.....**$422.95**

COMDAT GPS (CI-420-221) - Stand-alone GPS antenna with TNC connector. Meets RTCA DO 160D operating standards including direct effects lightning. Designed to operate with Garmin 17.0 dB panel mount GPSreceivers. Not compatible with most portable GPS receiver systems. GPS 1575.42 MHz - 17.0 db Gain P/N 11-04291.....**$422.95**

COMANT COMDAT GPS/XM ANTENNAS

COMDAT GPS/XM (CI 420-420) - Frequencies • GPS 1575.42 MHz / 26.5 dB Gain XM 2332.5-2345.0 /30-34 dB Gain. GPS and XM Weather antenna. Designed for compatibility with panel mount 26.5 dB gain GPS receivers. Add XM to an existing GPS antenna location without the need for a completely new installation location. Certified FAA TSO-C144 for GPS and GPS WAAS Class Gamma 1 equipment. Not compliant for GPS WAAS Class Gamma 2 and 3 applications. Not compatible with most portable GPS receiver systems P/N 11-05852.....**$615.00**

COMANT COMDAT VHF/GPS ANTENNAS

COMDAT VHF/GPS (CI-2480-200) - Dual function single engine antenna for VHF/GPS. For popular 26.5 dB gain GPS panel mount systems.Certified FAA TSO-C144 for GPS and GPS WAAS Class Gamma 1 equipment. Not compliant for GPS WAAS Class Gamma 2 and 3 applications. VHF 118-137 MHz GPS 1575.42 MHz / 26.5 dB Gain P/N 11-05850.....**$576.00**

COMDAT ANTENNA (CI-2480-201) - 1575.42 MHz 17.0dB Gain 118 - 137 MHz VHF. Separate connectors for GPS and VHF, GPS is protected from VHF harmonics. Designed for use with Garmin's™ panel mount GPS systems that require 17dB gain. P/N 11-05849.....**$576.00**

COMANT COMDAT VHF/GPS ANTENNAS

COMDAT VHF/GPS (CI-2680-200) - Designed for use with Aircell Broadband Systems (ABS). Single and twin engine piston aircraft for applications of this antenna design. Some light turbine and light jets. Consult your FBO or installation shop for best application information. VHF 118-137 MHz GPS 1575.42 MHz / 26.5 dB Gain P/N 11-06789.....**$576.00**

COMDAT VHF/GPS CI-2680-201 - Dual function high speed antenna for twins and light jets. Featuring VHF and GPS in a single antenna. Designed for use with Garmin GPS panel mount receiver units requiring 17.0 dB gain. Not compatible with most portable GPS receiver systems. VHF 118-137 MHz GPS 1575.42 MHz / 17.0 dB Gain P/N 11-06790.....**$576.00**

COMANT COMDAT VHF/GPS/XM ANTENNAS

COMDAT VHF/GPS/XM (CI 2480-400) - Frequency • 1575.42 MHz 26.5dB Gain GPS 2332.5 - 2345.0 MHz XM® WX 118-137 MHz VHF VHF, GPS and XM® Weather Data in a single, combined antenna. Built-in 80dB low pass filter protects both GPS and XM® antennas against unwanted VHF interference. 26.5dB GPS amplifier. Helicopter rated. P/N 11-05853.....**$1,038.00**

COMDAT VHF/GPS/XM (CI-2680-400) - Triple function VHF/GPS/XM Weather antenna for twin and light jet aircraft. Certified FAA TSO C144 for GPS and GPS WAAS Class Gamma 1 equipment. Not compliant for GPS WAAS Class Gamma 2 and 3 applications. Not compatible with most portable receiver systems. VHF 118-137 MHz GPS 1575.42 MHz / 26.5 dB Gain XM 2332.5 - 2345.0 / 30 dB Gain P/N 11-06786.....**$995.00**

COMDAT ANTENNA (CI 2680-500) - Frequencies • VHF 118-137 MHz XM 2332.5 - 2345.0 30-34dB Gain. VHF/GPS/XM For twin and light jet aircraft. Provides 80 dB of VHF harmonic suppression. Requires Avidyne's DC50 coupler switch for dual VHF/Data Link functionality. Certified FAA TSO-C144 for GPS and GPS WAAS Class Gamma 1 equipment. Not compliant for GPS WAAS Class Gamma 2 and 3 applications. P/N 11-05855.....**$1,182.00**

COMANT COMDAT XM ANTENNAS

COMDAT XM (CI-420-10) - XM 2332.5-2345.0 /25.0 dB Gain. For Garmin GDL 69/69A receivers and Heads Up Technologies (HUT) receivers with short coaxial cable runs. Feature robust TNC female connector. P/N 11-06798.....**$538.00**

COMDAT XM (CI-420-16) - XM 2332.5-2345.0 /26-30 dB Gain. For Heads Up Technologies (HUT) receivers with longer coaxial cable runs . Features robust TNC female connector.
P/N 11-06799.....**$538.00**

COMANT ATTENUATOR, SPLITTERS, COUPLERS, & DUPLEXERS

COMANT SPLITTER (CI-5120) DUAL VOR/ LOC/ GS - 108-118 MHz & 329-335 MHz. For use with Garmin GNS 580 and similar systems. Splits single coax antenna input into equally proportioned VOR/ LOC/GS outputs. P/N 11-06826.....**$197.95**

CI-502 Dual VOR Coupler – Allows the simultaneous use of two VOR receivers from one VOR antenna. P/N 11-17975 ..... **$148.95**

CI-503 Dual GS Diplexer – Permits operation of two glide slope receivers from one glide slope antenna. P/N 11-17976 ..... **$137.95**

CI-505 VOR/GS Triplexer – Permits operation of two NAV & one glide slope receiver from 1 VOR/LOC antenna.
P/N 11-17977 ..... **$159.95**

CI-507 Single VOR/GS Diplexer – Provides the operation of one VOR and one glide slope receiver from one VOR/GS antenna.
P/N 11-17980 ..... **$137.95**

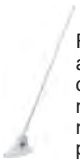
CI-509 COMANT COUPLER MARKER BEACON - Permits the use of two marker beacon receivers from one marker beacon antenna.
P/N 11-06852 ..... **$137.95**

CI-601 COMANT DUPLEXER - Designed to provide operation between two transceivers and one antenna. P/N 11-06827 ..... **$924.00**

CI-1125 VOR/GS Quadraplexer – Permits operation of two NAV & two glide slope receivers from 1 VOR/LOC antenna.
P/N 11-03777 ..... **$191.95**

AV

DORNE & MARGOLIN ANTENNAS - ANTENNA TEMPLATES



DM C63-1/A COM ANTENNA

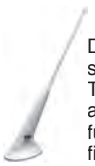
Frequency Range 118-137 MHz The DM C63-Series antennas are VHF communication antennas designed for high mechanical strength with machine tapered aluminum alloy radiating elements. These vertically polarized antennas cover the frequency range of 118-137 MHz for both transmitting and receiving applications. The DM C63-1/A is designed for mounting on top of the fuselage. All DM C63-Series antennas are supplied with a gasket and a doubler plate. P/N 11-02764.....**$149.50**

DM C63-2 COM ANTENNA

Designed for high mechanical strength with machine tapered aluminum alloy radiating elements. Vertically polarized antennas cover the frequency range of 118-137 MHz for both transmitting and receiving applications. Low profile "bentback" radiating element designed for mounting on the bottom of the fuselage. Supplied with a gasket and a doubler plate. P/N 11-02765.....**$206.95**

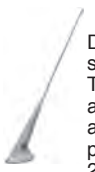
DM C63-3/A ANTENNA

VHF communication antenna designed for high mechanical strength with machine tapered aluminum alloy radiating elements. These vertically polarized antennas cover the frequency range of 138-174 MHz for both transmitting and receiving applications. Low profile "bentback" radiating element designed for mounting on the bottom of the fuselage. Supplied with a gasket and a doubler plate. P/N 11-02766.....**$298.85**



DM C70-1/A COM ROD ANTENNA

Designed for top or bottom installation on high-performance, single, twin and turbo engine fixed and rotary wing aircraft. These uniquely designed antennas offer mechanical strength and high-electrical efficiency to provide maximum reliability and full 360/720 channel transceiver operation. The lightweight profile is unobtrusive, resists icing and offers low drag. Height: 15" Speed Rating: 400 mph. P/N 11-02768.....**$239.95**



DM C70-3 COM ROD ANTENNA

Designed for top or bottom installation on high-performance, single, twin and turbo engine fixed and rotary wing aircraft. These uniquely designed antennas offer mechanical strength and high-electrical efficiency to provide maximum reliability and full 360/720 channel transceiver operation. The lightweight profile is unobtrusive, resists icing and offers low drag. Height: 20.5". Speed Rating: 250 mph. P/N 11-02769.....**$314.95**

DM C70-4 COM ANTENNA

Designed for top or bottom installation on high-performance, single, twin and turbo engine fixed and rotary wing aircraft. These uniquely designed antennas offer mechanical strength and high-electrical efficiency to provide maximum reliability and full 360/720 channel transceiver operation. The lightweight profile is unobtrusive, resists icing and offers low drag. P/N 11-02770.....**$294.95**

DM NI70-2 COM ANTENNA

L-band metal blades with and extended bandwidth for use with both transponders or distance measuring equipment. Sealed and waterproofed for increased reliability. P/N 11-02767.....**$229.95**

DM N48-1 NAV ANTENNA

Balanced loop design assures an omnidirectional radiation pattern at the horizon to obtain the maximum signal for standard VOR and area navigation systems installed in lightweight aircraft, medium twins, and helicopters operating up to 250 mph. Dual VOR receiver operation is obtained when the antenna is used with the DM H21-1 diplexer. P/N 11-02771.....**$739.00**

DORNE & MARGOLIN -2/L BAND BLADE/ 4HOLE/C CONN

Blades are low profile antennas which incorporate high side load strength, a sealed construction against water and Skydrol, and lightning protection circuits. Reduced maintenance costs. P/N 11-08338.....**$232.95**

11-02774

DORNE & MARGOLIN NAV ANTENNA SPLITTERS

DM H21-2 - Dual Market Beacon or Dual VOR P/N 11-02772.....**$123.95**

DM H22-1 - Single G/S or Single VOR. P/N 11-02773.....**$139.85**

DM H23-1 - Triplexer. Dual VOR & Single G/S P/N 11-02774.....**$294.95**

DM H69-1 - Quadraplexer. Dual VOR & Dual G/S..... P/N 11-02775.....**$167.95**

DM H24-1 - Diplexer, Dual G/S..... P/N 11-02776.....**$166.95**

ANTENNA INSTALLATION TEMPLATES

Custom designed templates improve the antenna sealing process, making it more precise, efficient and cost-effective.

Each Sealing Guide template is custom designed to correspond to an individual antenna. They consists of 2 pieces, one inner part and one outer part. The inner template adheres to the base of the antenna, the outer template is placed on the body of the aircraft surrounding the antenna. Sealant is applied to the gap between the templates. Sealant is applied to the gap between the templates. When the templates are removed and discarded, the sealant is left to cure, resulting in a clean, precise and smooth seal.

Each template is custom designed to correspond to an individual antenna. You will no longer need to laboriously cut and paste various lengths of tape, trying to fit them around the irregular antenna shape.

The Sealing Guide template consists of 2 pieces, one inner part and one outer part. Application is simple. The inner template adheres to the base of the antenna, and the outer template is placed on the body of the aircraft surrounding the antenna. Sealant is applied to the gap between the templates. The templates are then removed and discarded. The sealant is left to cure, resulting in a clean, precise and smooth seal.

Incorporating the "Sealing Guide" system into your sealing process will significantly reduce labor time.

R.A. MILLER ANTENNAS

ALL LISTED ANTENNA SPECIALISTS HAVE 50 OHM IMPEDANCE. FOR SPEEDS TO 250 MPH AND 25,000' ALTITUDE.

AV-534

VHF COM ANTENNA - Stainless steel bent whip antenna with insulator and mounting hardware. 118-136 MHz. Wt. 3-1/2 oz. Application: Airborne Communications Frequency: 118 to 137 MHz Impedance: 50 Ohms Nominal VSWR: 3.0 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: N/A Max Weight: 8 oz Max Height: 19-1/2" RF Power Capacity: 50 Watts

P/N AV-534.....**$65.75**

Same antenna as described above but furnished w/96" lead of RG58 A/U cable with BNC and ground strap with lugs. Wt. 7.5 oz.

P/N AV-534L.....**$78.50**

VHF "BROAD BAND" COM ANTENNA - Blade type-low drag. Aluminum radiator encapsulated in rigid urethane foam with white fiberglass housing. 118-136 MHz. Power capability: 50 watts. 13-1/2" high. Weight: 20 oz. Application: Airborne Communications Frequency: 118 to 137 MHz Impedance: 50 Ohms Nominal VSWR: 3.0 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type "BNC" Female Max Weight: 20 oz Max Height: 13-1/2" RF Power Capacity: 30 Watts P/N AVT-4.....**$328.95**

VHF "BROAD BAND" ANTENNA - Rod type. Silver plated braid radiator encapsulated in fiberglass tube with white epoxy finish. Die cast aluminum base. 118-136 MHz. Wt: 8 oz. BNC termination. Supplied with weather sealing rubber pad and mounting hardware. Application: Airborne Communications Frequency: 118 to 136 MHz Impedance: 50 Ohms Nominal VSWR: 1.8 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type "BNC" Female Max Weight: 8 oz Max Height: 20-1/4" RF Power Capacity: 25 Watts

P/N AV-529.....**$126.95**

CB ANTENNA - This "general aviation" CB communications antenna is uniquely designed w/ "center loading coil" to permit the antenna to be short for practical operation. Constructed of a fiberglass rod mounted in an aluminum die cast base. BNC connector. Power rating 5W. 27 MHz. Final tuning on airplane. Wt. 10 oz. Application: Airborne Communications Frequency: 27 MHz Impedance: 50 Ohms Nominal VSWR: 1.5 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type "BNC" Female Max Weight: 8 oz Max Height: 26-1/2" RF Power Capacity: 5 Watts.

P/N AV-568.....**$144.95**

RA MILLER VOR ANTENNA - A VOR receive only antenna consists of taper ground high-strength 17-7PH stainless steel elements Insulators are weather-sealed compression-molded bakelite with the mounting holes provided. May be mounted with the V pointed either forward or aft. Operates at speeds up to 350 mph and altitudes up to 50,000 ft. Drag force of 3.42 lb @ 250 mph. The AV-532L includes all of the same features as the AV-532 and a 30 ft cable with integral balun is also supplied. Order P/N 11-03992 for male BNC connector.

P/N AV-532L.....**$159.95**

P/N AV-532 (without Cable) .**$113.95**

TRANSPONDER ANTENNA - Chrome plated, phosphor bronze radiating element mounted in Teflon insulator. Ball tip for low-noise static discharge. May be installed from the outside. TSOd. 1030-1090 MHz. BNC connector. Wt. 1 oz.

P/N AV-22.....**$44.95**

MARKER BEACON ANTENNA - Sled type. Centerless ground stainless steel, supplied with feed system, low-absorption high-strength standoff insulator, stainless steel mounting hardware. Lead not supplied. 75 MHz. Wt. 7.25 oz.

P/N AV-533.....**$252.95**

MARKER BEACON ANTENNA - Boat Type Application: Marker Beacon Frequency: 75 MHz Impedance: 50 Ohms Nominal VSWR: 1.6 to 1 Maximum Connector: Type "BNC" Female Max Weight: 6.25 oz Max Height: 2-1/2" RF Power Capacity: Receive only

P/N AV-569.....**$112.95**

VHF DIPLEXER COUPLER - Splits the signal from a single antenna into two NAV receivers; eliminating the need for a second antenna. Application: Navigation Frequency: 108 to 118 MHz Impedance: 50 Ohms Nominal VSWR: 1.4 to 1 Maximum Connector: (3) Type "BNC" Females Max Weight: 3.5 oz Insertion loss: 3 dB Avg / 5 dB Max Isolation: 30 dB Minimum Dimensions: 2" x 1-3/3" x 1-1/8" RF Power Capacity: Receive only

P/N AV-547.....**$92.50**

ANTENNA AV-9 - A broadband DME ("L" band) antenna durably constructed around a Type "N" low-loss connector. Easily installed and operates to speeds of up to 250mph and altitudes up to 50,000 ft. Application: DME Frequency: 980 to 1220 MHz Impedance: 50 Ohms Nominal VSWR: 1.75 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type "N" Female Max Weight: 3 oz Max Height: 2-1/2" RF Power Capacity: 250 Watts Pulse P/N 11-02344.....**$104.95**

BASE STATION ANTENNA - Ground Plane 118-136 MHz Application: VHF Communications Frequency: 118 to 137 MHz Impedance: 50 Ohms Nominal VSWR: 1.5 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type PL-259 Max Weight: 1.0 lb Max Height: 34" RF Power Capacity: 100 Watts

P/N AV-5..... **$114.95**

AV-10 COMMUNICATIONS ANTENNA - 4-bolt design. Designed for high-performance aircraft applications. Identical in mounting and appearance to Cessna communications antennas. Rated to 250 knots. Equivalent to Comant CI-121 Antenna. Wt. 8 oz. Ht. 17-1/2" Application: Airborne Communications Frequency: 118 to 137 MHz Impedance: 50 Ohms Nominal VSWR: 2.0 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type "BNC" Female Max Weight: 8 oz Max Height: 20-1/4" RF Power Capacity: 25

P/N 11-12500..... **$133.95**

PUBLIC SERVICE AND BUSINESS BAND ANTENNA AV-14- Available in 4-bolt design.Features a tapered glass laminate housing and die-cast aluminum base. Rated to 250 knots. Equivalent to Comant CI-177-1. Wt. 8oz. Ht. 17.5" Application: Airborne Communications Frequency: 138 to 174 MHz Impedance: 50 Ohms Nominal VSWR: 2.0 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type "BNC" Female Max Weight: 8 oz Max Height: 14-1/2" RF Power Capacity: 25 Watts P/N 11-12600..... **$186.95**

AV-17 COMMUNICATIONS ANTENNA - 4-bolt design for mounting to the underside of an aircraft. Low profile configuration makes it ideal for helicopters and low-wing aircraft. Equivalent to Comant CI-122 antenna. Wt. 8 oz. Ht. 8-3/4" Application: Airborne Communications Frequency: 118 to 137 MHz Impedance: 50 Ohms Nominal VSWR: 3.0 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type "BNC" Female Max Weight: 8 oz Max Height: 8-3/4" RF Power Capacity: 25 Watts P/N 11-12700 ..... **$149.95**

VHF TRIPLEXER SPLITTER - Splits signal from VOR NAV antenna into two NAV receivers and one glide slope receiver. Application: Navigation & Glide Slope Frequency: 108-118 & 328-335 MHz Impedance: 50 Ohms Nominal Connector: (4) Type "BNC" Females Max Weight: 3.5 oz Filtering: 30 dB Min / 40 dB Avg Insertion Loss: 3.75 dB Maximum Isolation: 22 dB Min / 35 dB Avg Dimensions: 2" x 1-3/3" x 1-1/8" RF Power Capacity: Receive only. P/N AV-571..... **$128.95**

RA MILLER TRANSPONDER/DME ANTENNA (AV-74) - Constructed of an acrylonitrile-styrene-acrylic (ASA) shell. Supplied with cellular neoprene mounting pad and hardware. The antenna is designed to operate at speeds up to 350 mph and altitudes up to 50,000 ft. It has a drag force of 0.09 lbs @ 250 mph. This antenna is a direct replacement for Comant's model CI-105. Application: DME/Transponder Frequency: 960 to 1220 MHz Impedance: 50 Ohms Nominal VSWR: 1.5 to 1 Maximum Connector: Type "BNC" Female Max Weight: 0.2 lb Max Height: 3.4" RF Power Capacity: 2.5 kW Peak

P/N AV-74.....**$108.95**

VHF DIPLEXER SPLITTER- Splits the signal from a VOR NAV antenna into NAV and glide slope receivers. Application: Navigation & Glide Slope Frequency: 108-118 & 328-335 MHz Impedance: 50 Ohms Nominal Connector: (3) Type "BNC" Females Max Weight: 3.5 oz Filtering: 30 dB Min / 40 dB Avg Insertion loss: 1 dB Maximum Isolation: 38 dB Min Dimensions: 2" x 1-3/3" x 1-1/8" RF Power Capacity: Receive only P/N AV-570..... **$97.75**

AV

R.A. MILLER ANTENNAS

ALL LISTED R.A. MILLER ANTENNA SPECIALISTS HAVE 50 OHM IMPEDANCE. FOR SPEEDS TO 250 MPH AND 25,000' ALTITUDE.

ANTENNA AV-1 - is a base station antenna for comminucations with ground vehicles or aircraft. It has heavy-duty construction with 3/8" diameter aluminum radials, a 1" diameter aluminum tube radiator, and is iridite-treated for durability. It mounts easily to a 1" diameter pipe or a 1-1/4" O.D. tube with locking set screws Application: VHF Communications Frequency: 118 to 137 MHz Impedance: 50 Ohms Nominal VSWR: 2.0 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type PL-259 Max Weight: 2.75 lb Max Height: 34 RF Power Capacity: 1000 Watts

P/N 11-05996.....**$262.95**

VEHICLE COM ANTENNA AV-3 - is a low profile snap-in mounting quarterwave antenna for use on surface vehicles. It has a solderless cable connection at the antenna and is supplied with 12 feet of cable and PL-529 connector. Application: VHF Communications Frequency: 118 to 137 MHz Impedance: 50 Ohms Nominal VSWR: 1.5 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type PL-259 Max Weight: 2.50 lb Max Height: 55" Max (field cuttable) RF Power Capacity: 100 Watts P/N AV-3 .....**$83.50**

ANTENNA AV-12 - is a VOR receive only antenna which uses a highly efficient technique of molding the elements directly into a high-impact thermo-setting bakelite center insulator. A 25 ft cable with integral balun is also supplied. with the AV-12L Application: VOR Receive Only Frequency: 108 to 118 MHz Impedance: 50 Ohms Nominal VSWR: 2.2 to 1 Maximum Connector: N/A Max Weight: 5.5 oz (14 oz with cable) Width Across Tips: 29-1/2" RF Power Capacity: Receive only P/N AV-12 .....**$162.95**
P/N AV-12L.....**$195.95**

QUICKIE ANTENNA KIT - Simple installation procedure produces excellent communications antenna. Order additional kit for navigation antenna.
P/N 11-09800 .....**$18.50**

Toroids Only - Used in our quickie antenna kit for composite aircraft.
P/N 11-09900 .....**$0.78 ea.**

ADF ANTENNA KIT - This ADF Antenna Kit is an economical replacement for the Cessna factory style antenna used on all the smaller Cessna aircraft. This antenna will work on most aircraft except those with a moveable tail such as the Mooney.

Replacement Kit..... P/N 11-12300.....**$23.50**
For new installations ..... P/N 11-02655.....**$33.95**

VHF ANTENNA MOUNTING PLATE - Aluminum 2x4 mounting plate for straight 45-90 degree antenna including transponder antenna. The antennas sold separately, 4 clearance for mounting and center hold for antenna.
P/N 11-09988.....**$15.50**

ANTENNA DM N4-17/N - VOR/LOC/GS BAL. LOOP SYSTEM (DM N4-17/N) Single Output -- Frequency VOR/LOC 108-118 MHz -- GS 329-335.3 MHz Frequency Range: VOR/LOC 108-118 MHz GS 329-335.3 MHz VSWR: 5.0:1 max Polarization: Horizontal Radiation Pattern: VOR/LOC Omnidirectional GS Forward Pointing Gain: 0 +/- 2 dB Impedance: 50 Ohms Lightning Protection: dc short Weight: 1.32 lbs Connector: BNC Female Cable Length: 27 inches Side Load: 17 psi FAA Approval: C34e, C36e, C40c D0138 ENV. CAT. AA5XXXXXHDXS
P/N 11-05859.....**$956.00**

CABLE ASSEMBLY AV-6 - Cable assembly consisting of 50 foot of RG-58/U low loss transmission line, a PL-259 connector at one end and a BNC male connector at the other. Commonly used with the
P/N 11-06992.....**$65.75**

ANTENNA AV-741 - Designed for use with DME/Transponder sets. Constructed from an aluminum casting which is capable of withstanding particle erosion at high speeds. Designed to operate at speeds up to 350 mph and altitudes of 50,000 ft. It has a drag force of 0.35 lb @ 250 mph. Application: DME/Transponder Frequency: 980 to 1220 MHz Impedance: 50 Ohms Nominal VSWR: 1.4 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type Max Weight: 0.5 lb Max Height: 3.3 RF Power Capacity: 4 kW Peak, 0.1 kW continuous
P/N 11-06995.....**$322.95**

ANTENNA AV-15 - Used with aviation, land mobile radio and flight phone bands. Chrome-plated ball tip provides low noise static discharge. Designed to operate at speeds up to 350 mph and altitudes of 50,000 ft. It has a drag force of 0.75 lb @ 250 mph. P/N 11-06993.....**$137.95**

ANTENNA AV-64 - Marker beacon antenna designed for very low drag. Supplied with cellular neoprene mounting pad and hardware. Designed to operate at speeds up to 350 mph and altitudes up to 50,000 ft. It has a drag force of 0.22 lbs @ 250 mph.
P/N 11-06994.....**$115.95**

ANTENNA AV-530 - Designed for broadband communications. Has a die-cast aluminum base and a tapered stainless steel whip for less drag at higher airspeeds. Supplied with a weather-sealing gasket and mounting hardware. Designed to operate at speeds up to 350 mph and altitudes up to 50,000 ft. It has a drag force of 1.65 lb @ 250 mph.
P/N 11-06696.....**$154.95**

AV

ANTENNAS

BOB ARCHER AIRCRAFT ANTENNAS

Designed by Bob Archer utilizing concepts common to military aircraft and space vehicles. The antenna performance is superior to most in use today in private aircraft. Antennas must be installed in accordance with the installation instructions. These antennas are designed to be installed inside fiberglass or other non-conductive wing tips or tail caps of metal or other conductive material aircraft.

SPORT AIRCRAFT ANTENNAS

MODEL 1 - This VOR antenna is designed to fit inside larger fiberglass wing tips on metal (conductive that is) airplanes such as T-18's, RV's Bonanzas etc. The wing tips must have internal dimensions of at least 11"x24" and generally fit better on the bottom surface. The VSWR is normally less than 2.0:1 over a frequency band of 108-127 Mhz but could be higher due to installation factors.

Left Side .....P/N 11-21015-1 ..... **$94.50**
Right Side.....P/N 11-21015-2..... **$93.75**

MODEL 1A Wing tip Com antenna. looks the same as Model 1 above and fits the same tips as those above but tuned for the Com band. Offered because of pressure from RV builders. Does not perform as well as Model 2 Com antenna but users report good communications at ranges greater than 50 miles. Should be installed so that the maximum height of the tip is utilized to get the most vertical polarization.

Left Side .....P/N 11-21016-1.....**$93.75**
Right Side.....P/N 11-21016-2.....**$95.00**

MODEL 2 - Tail cap Com antenna for metal conductive airplanes installed inside a tail top fiberglass fairing with inside dimensions of at least 10" high x 12" long. VSWR is normally less than 2.0:1 over a COM frequency band of 118-136 Mhz.

Left Side.....P/N 11-21020.....**$93.75**

MODEL 3 - Wing tip VOR antenna of same general design as the Model 1 but of a narrower design to fit Mooney tips with internal dimensions of 8" x 24". VSWR less than 2.0:1 over the frequency band of 108 to 118 Mhz.

Left Side .....P/N 11-21010-1..... **$95.00**
Right Side.....P/N 11-21010-2..... **$95.00**

MODEL 4 - Wing tip VOR antenna designed for smaller tips than Model 3 and with a 10 degree flare on the top portion and a curled aft portion. VSWR less than 2.0:1 over the frequency band of 108 to 118Mhz.

Right Side..... P/N 11-21025-1 ..... **$94.50**
Left Side ..... P/N 11-21025-2 ..... **$93.75**

STYLE 1 OR 2 ANTENNAS

NOTE: Wingtip antennas come in RH and LH types. The -1 suffix indicates the installation of the antenna on the lower inside surface of the left wingtip or the upper inside surface of the right wingtip. The -2 suffix indicates the installation of the antenna on the upper inside surface of the left wingtip or the lower inside surface of the right wingtip.

MIRACLE AIR WHIP ANTENNA

The Air Whip uses a unique common-mode inductive core made of VHF ferrite material to isolate the feedline from the main body of the antenna. There is no need to provide a groundplane as is the case with ordinary quarter-wave whips. A better antenna for Ultralight and Light Sport Aircraft. High-performance half-wave end-fed design. Pre-tuned, ground-plane-free-perfect for composite/fabric aircraft. Installs in minutes without soldering or drilling on any inside surface. High-efficiency, wide bandwidth = greater range and clarity. Pre-wired mil-spec BNC connector - ready to plug-and-play. Receives VOR with appropriate radio.

COM/VOR .....P/N 11-03018 ....**$128.95**

STAINLESS VHF ANTENNAS FOR HOMEBUILTS

These VHF antennas are stainless steel including all hardware. Insulators are made of Delrin, which resists extreme cold or high temperatures and is non-breakable. Antennas are available in straight and 45° or 90° angles. 118–136 mHz range. Weight: 3 oz. Not FAA approved.

Straight..... P/N 11-04516... **$21.50** 45° .... P/N 11-04517 ...**$21.50**
Transponder ... P/N 11-02759... **$21.50** 90° .... P/N 11-00648 ...**$21.50**

COPPER ANTENNA FOIL TAPE 3/8 INCH

Used as an antenna ground in composite aircraft.

P/N 11-12900.....**$23.90**

TORROIDS (FERRITE BEADS)

Used in our quickie antenna kit for composite aircraft. P/N 11-09900.....**$0.78**

STAINLESS STEEL ADF ANTENNA KITS

• Replace your rusty antenna • Will never rust • Fits most high/low wing light aircraft • The safest! Ceramic safety insulator • Easy to install • The finest stainless ADF antenna you can buy ***Note: Not for Mooney aircraft or any aircraft with a movable empennage.***

Economy stainless ADF ANT.kit.....P/N 11-12300 ..... **$23.50**
ADF stainless ANTENNA kit.....P/N 11-02655 ..... **$33.95**

ANTENNAS FOR COMPOSITE AIRCRAFT

MODEL 5 - This transponder/DME antenna is an etched copper clad epoxy circuit board dipole that is designed to be installed inside non-conductive aircraft without need for the additional installation of a ground plane. The dimensions are 6" x 7" and it can be installed in the aft fuselage or the wings with the 6" dimension vertical. VSWR is less than 1.2:1 over bands of 1032 to 1090 Mhz.

P/N 11-21005 .....**$93.75**

MODEL 6 - This com antenna is designed to be installed on the inside surface of the aft fuselage of composite and wood aircraft. It is a dipole that is folded up to minimize the vertical dimension and requires 12" of fore and aft space and 26.5" vertically. It is designed with flexibility so it can match the internal curvature of the fuselage. The VSWR is less than 2:1 across the com frequency band. .....P/N 11-21000 .....**$94.50**

MODELS 7 & 8 - These antennas are essentially the same with the exception of the overall length and the matching devices with the com antenna being installed vertically and the nav antenna being installed horizontally. VSWR is less than 2:1 over their respective frequency bands. The outer ends of these antennas may be swept to +/-30° to facilitate installation in various aircraft types.

NAV Antenna Model 7 ..... P/N 11-21030 .....**$95.00**
COM Antenna Model 8..... P/N 11-21035 .....**$93.75**

ACTIVE GPS ANTENNA AV-GPS

The RAMI model AV-GPS is a permanently mounted external aircraft antenna designed for use with GPS receivers which provide +5 volts DC on their antenna connector. It is an active (amplified) antenna providing an average of 26 dB gain over a passive (non-amplified) antenna. The antenna is designed to operate at speeds up to 350 mph and altitudes up to 50,000 ft. It has a drag force of 0.18 lb @ 250 mph. (Not FAA TSO'd) Commonly used for an external mounted GPS antenna for portable GPS units. P/N 11-17990.....**$207.95**

ANTENNA COVER PLATE

For those of you who have been removing Loran-C antennas, here is your answer, the Antenna cover plate. It was designed to fit the same footprint as the CI-121SP or similar series antennas. Machined from white acrylic. P/N 11-17984 .....**$22.90 ea.**

ANTENNA WIRE

COAXIAL CABLE - RG-58U – Tinned copper conductor, solid polyethelane dielectric. Standard cable for radio installations. For experimental aircraft only. P/N 11-04258.....**$0.58 ft**..... **$40.60/100ft.**

TYPE RG-400U – Tinned copper conductor, PVC Type IIA jacket. FAA approved for certificated aircraft. P/N 11-09202. **$4.20/ft $357.00/100ft.**

BNC COAXIAL ANTENNA CONNECTORS FOR RG-58U CABLE

Male ..... P/N 11-03992.....**$2.93**
Female ..... P/N 11-03993.....**$3.50**

BNC COAXIAL ANTENNA CONNECTORS FOR RG-400U CABLE

Male.....P/N 11-01802 ..... **$3.60** Female ..... P/N 11-01803 .....**$4.00**

ANTENNA INSULATORS

(1) Feed-Thru Insulator for lead-in wire from fixed antenna. Type 4125. 10-32 threads, 3" length tip to tip, 1-9/16" casing. .....P/N 11-10500 .....**$14.75**
(2) Strain Insulator for receiver antenna. .....P/N 463 .....**$9.60**

ANTENNA SEALANT AC236B1/2

Perfect sealant for antenna installations. AC-236 Class B is a two-component, manganese dioxide cured, liquid polysulfide polymer system providing excellent fuselage seals. P/N 09-00532 ..... **$27.75**

WSI WEATHER/SIRIUS RADIO ANTENNA - Operates with all new WSI InFlight® capable receivers. The antenna receives Sirius Satellite Radio broadcasts to enable the WSI weather service. It was designed specifically to suppress interference from ground based signals. Its proprietary design allows for optimum performance while the aircraft is turning. The antenna has been thoroughly tested and meets all of the RTCA DO-160E requirements. P/N 11-05937 ..... **$720.00**

TED TRANSPONDER ANTENNA - This monopole transponder/DME antenna meets the same specifications and is a direct replacement for the CI-101 and AV-22 antennas. Exceptional performance and value. P/N 11-17995 .....**$17.95**

AVIONICS TOOLS

KLEIN WIRE STRIPPERS / CUTTERS

Klein wire strippers and cutters cut, strip, gauge and loop a wide range of wire types and sizes. Made of strong, hardened steel with comfortable handles, these tools are durable and long lasting.

Part No.	Description	Price
12-00234	Strips 16 to 26 AWG stranded wire, easy-to-read wire gauge markings, comfortable handles with cushion ridges.	**$12.95**
12-00236	Solid and Stranded. Double-dipped comfort grips with curved handles, cuts, strips, loops and gauges 20-30 AWG solid wire and 22-32 AWG stranded wire, cleanly shears 6-32 & 8-32 screws, coil spring provides fast, self-opening action.	**$18.90**
12-00235	Solid and Stranded. Double-dipped comfort grips with curved handles, cuts, strips, loops and gauges 10-18 AWG solid wire and 12-20 AWG stranded wire, cleanly shears 6-32 & 8-32 screws, coil spring provides fast, self-opening action.	**$19.75**
12-00233	Strips 10 to 18 AWG solid wire, easy-to-read wire gauge markings, comfortable handles with cushion ridges.	**$14.75**

DELUXE HEAT GUN

This handy tool gives you a fast, drum-tight, mirror smooth finish. It's ideal for heat-shrinkable covering films. Get a professional finish with less time and effort. 1-yar warranty. Features: •Includes removeable wide nozzle •1000W heating power •Heavy-duty fan motor •Textured, composite hand-grip •3-position, hot/cool/off switch •Adjustable air intake baffle • Wt: 15 oz • 5.5' AC power cord w/2-prong plug. P/N 12-00527 ..... **$27.50**

HEAVY-DUTY HEAT GUN

This soft air velocity of this heat gun increases the surface temperature to the required working temperature much faster than conventional heat guns and maintains a higher temperature for faster completion of the application. Features double insulation, two temperature selections of 570°F and 1000°F, and a unique impact resistant heating element. Operates on 120V AC at 11.6 amps. Air volume 14.8 cu. ft. per minute. Wt. 1-1/2 lbs. ..... P/N 09-00354 ..... **$99.75**

BALLPOINT HEX SOCKET DRIVER

3/32" Ballpoint Hex Socket Driver for use on hex head screws and nuts.

This tool is commonly used with most avionics units like Honeywell Bendix/King and Garmin.

P/N 12-02063 ..... **$4.65**

QUICK SHOT AVIONICS REFERENCE MANUAL

Quick Shot is a compact, rugged binder type manual which shows detailed wire pin-outs for a wide variety of general aviation avionics equipment. Each page is removable and very durable. The wiring diagrams in Quick Shot Volume 1 include Apollo/UPS, Bendix, Garmin, Icom, Sandel Mid-Continent, Sigtronics, United, Telex, David Clark, PS Engineering, Narco, Val, and many more. P/N 11-01623 ..... **$56.50**

26-20GA ROUND BARREL CRIMPER

4-Way Indent Tool, Round Pin, 20-26 AWG, RS232 D-sub. High-grade steel construction for outstanding performance.

P/N 11-08685..... **$166.95**

LITTLE BLUE CRIMPER

The Daniels AFM8 is designed for most of the miniature and sub-miniature connector types that are so widely used in all types of electronic systems. Originally developed for the Air Force, the AFM8 meets the need for a miniature tool accommodating wire sizes 20 thru 32 AWG. The cycle controlled precision ratchet assures consistently accurate crimps every time. The tool has a built-in eight step selector knob for ease in dialing the correct crimp depth setting for the wire being used.

P/N 11-04443 ..... **$299.75**

BIG BLUE CRIMPER

The Daniels AF8 has virtually limitless application within the specified wire range of 12 thru 26 AWG. Over 1,000 turret heads or positioners are available to adapt the tool frame to your specific military or proprietary contact/wire combination. The eight impression crimp, which is standard in the AF8, assures absolute maximum tensile strength with almost every closed barrel contact. The precision ratchet controls cycling on the tool in both directions of handle movement. This assures the same, accurate crimp every time. It's like having a quality control inspector at every work station.

P/N 11-04442 ..... **$283.95**

AMP PRO CRIMPER II HAND TOOL

The PRO-CRIMPER II Hand Tool provides the versatility of general-purpose service of general-purpose service tools along with the reliability and ease of use of many premium-grade tools For versatility, 75 die sets (available separately) are interchangeable, including those for open-barrel contacts and terminals. Additionally, many of these die sets have multiple cavities for crimping a variety of contact or terminal sizes.

Pro Crimper II 58433-3.....P/N 12-01379..... **$174.95**
O-Crimp Die 58435-1 .....P/N 12-01380..... **$173.95**
Hex Crimp Die 58436-1.....P/N 12-01381..... **$188.95**
Pin & Socket 58495-2 .....P/N 12-01382..... **$169.95**

CRIMPING/CUTTING TOOL

This tool is designed to crimp insulated and non-insulated 10 to 20 AWG solderless terminals & connectors. It has easy-to-read tool markings to identify the insulated or noninsulated crimping dies. Its tapered nose design works well in tight places and has specially hardened cutter in th nose for quick, clean cuts. Size: 9.75". Lifetime warranty..... P/N 12-00698..... **$36.50**

CRIMPMASTER CRIMP TOOL FRAME

Crimpmaster Crimp Tool Frame Only. 1.26lb.
30-506 Crimp tool ..... P/N 11-08686. **$73.50**

AVCOMM AC-2EX PORTABLE INTERCOM

Expandable, stereo and portable AvComm's new AC-2EX may possibly be the only intercom you will ever need! Measuring a mere 5.1" by 2.85", the AC-2EX is designed to produce powerful communications you can depend on. The compact design makes it easy to carry in your flight bag, a feature pilots who rent aircraft will especially appreciate. Need 4 positions? Simply add the AC-2XM module to accommodate additional passengers. FEATURES: • AVCOMM's Expandable Portable: 2 to 4 place • Rugged compact design • Two 9V batteries with quick access or 12-28V DC power • Stuck mic' indicator & Power-transmit LED • For use with mono or stereo headsets • Pilot priority PTT • Fail safe feature • Wt: 14.1 oz. • Full 3 year factory warranty.

MULTICOMM AIRCRAFT INTERCOM

MultiComm is the first complete, fully-integrated multi-function intercom, radio-interface and power supply system for ultralights and lisght-sport aircraft. With it's unparalleled low-noise operation, rich sound quality and unique operating features, you now - finally - have the cabin sound you always wanted. Includes everything you need to get up-and-running, prewired and plug-and-play. MultiComm has multi-pass active and passive filters in the intercom and power supply to take all the noise out, while optimising the voice band-pass for maximum speech intelligibility. MultiComm is unique in providing four distinct operating modes to give you independent control over each individual mic's activation for both intercom and radio in a variety of combinations. Radio sidetone feeds your transmitted audio back to your headphones, confirming that you are transmitting as expected and allowing you to adjust your speech for maximum effectiveness.

P/N 11-05791.....**$547.00**

DRE D-205E INTERCOM

Two place portable/built-in expandable intercom with outstanding, clean stereo sound. Individual squelch circuits and PTT jacks. Stuck mic warning (visual and audio alarm). Automatic failsafe pilot communication to radio with loss of power to the intercom. Accessory inputs for Stall Warning, Altimeter Alert, Collision Avoidance & Engine Monitor, etc. (for built-in use). Standard cell phone interface. No deterioration of sound as battery weakens Powered by two 9V batteries. Auxiliary power input (on the side). Automatically compatible with mono or stereo headsets or a mix. Optional mounting flanges allow installation in ultralights and LSA. Anodized aluminum case. Additional features include Mil-Spec quality cabling, music input for MP3 players, CD, etc. and auto music muting with manual override. 3-year warranty.

PS ENGINEERING PM 1000II 4 PLACE MONO PANEL MOUNT INTERCOMS

PS Engineering's renowned voice activated intercom (VOX) eliminates clipped words and shouting. Other features include individual volume and squelch controls for the pilot and copilot. Independent microphone circuits allow individuals who are speaking to be heard, and keep background noises shut out. Music can be added to the intercom for in-flight entertainment. Automatic muting when the intercom is active, or intercom and radio (PM 1000II-series) ensures uninterrupted communications. PS Engineering's "SoftMute" gradually returns the music to the original level when conversation stops. Although monaural, the music fidelity is still excellent. In most airplanes, you won't notice the lack of stereo separation. The PM 1000 is an effective 2-place intercom, with individual volume and squelch controls, while the 4-place PM 1000II adds a transmit indicator lamp, and music muting during radio traffic.

The PM 1000II, 11-11922, has pilot isolate mode that allows the pilot to concentrate on flying, while the passengers enjoy music and conversation.

The PM 1000II with CREW mode (P/N 11-11920) allows for separate intercom for the pilot and copilot positions, as well as separate music sources for front and back.

On all PS Engineering intercoms a wire harness must be done by PS Engineering or a PS Engineering dealer or warranty is void.

For a quote on 11-11922 PM 1000II with out crew wire harness , on 11-11920 PM 1000II with crew wire harness, or on 11-02553 please call 800-826-3160.

Specifications: Height: 1.25 inches, Width: 3.0 inches, Depth: 5.50 inches, Weight: 12 ounces, Power Requirement: 12-24 VDC, Warranty: 1 year, Unit is TSO'D

AV

INTERCOMS

PS ENGINEERING AEROCOM III

The Aerocom III is a 2-place stereo portable intercom with IntelliVox™, a completely automatic VOX squelch. Each microphone computes the difference between speech and cabin noise. It opens instantly when somebody talks and only the microphone spoken into is active. This prevents unwanted background noise from entering the audio system. Powered by a 9V battery (10 hrs of use) or aircraft power. Features low battery alert. By using external push-to-talk buttons (not included), both the pilot and copilot positions have the ability to transmit over the aircraft radio. The aerocom III will route stereo music to the headsets through the optional music cable. The music automatically mutes when there is intercom activity or radio traffic.There are two modes controlled by a top-mounted switch. In "ALL" mode, both positions hear radio communications, music, and have intercom capability. In the "ISO" mode, only the pilot side is connected to the aircraft radios, without intercom or music distractions. The copilot position continues to have music, and intercom communications with an expansion unit if installed.The aerocom III is expandable to 4-places with the Aerocom EX expansion unit available by special order. This contains separate music input and dedicated IntelliVox™ processors. Specifications: Size: 4.375"l x 3.250"w x 1.500"h; Wt: 10 Oz.; Power: 9V batt. or 12/24V aircraft power Battery Life: Approx. 10 hrs.; Headphone output: 40m w/channel into 150Ω, < 1% THD; ±3dB mic frequency range: 350 Hz to 4500 (to reduce noise); ±3 dB music frequency range: 180Hz–15,000Hz P/N 11-00427 ..... **$299.95**
Expansion Unit (adds 2-places) ..... P/N 11-01108 ..... **$139.95**

PM 3000 PANEL MOUNT STEREO INTERCOM

The world's first stereo intercom to be FAA-TSO approved. Available in 4- & 6-place versions. The 4-pl. PM 3000 (P/N 11-11931) features pilot isolate and "All" reception modes. The PM 3000 6-place (P/N 11-00851) intercom includes a "CREW" mode. In CREW mode, the pilot & copilot are on one intercom channel, while passengers have conversation on another. Constant squelch adjustments are eliminated with the PM 3000. A single squelch knob controls multiple circuits making the intercom one of the quietest to use, even in the noisiest airplanes. The 6-place PM 3000 provides for two independent stereo entertainment inputs. This gives the passengers and the crew each the option to listen to their music device. The PM 3000 has an automatic fail-safe interconnect to the aircraft systems. If power to the intercom is disrupted, the pilot's headset is automatically connected to the aircraft radio. With the PM 3000 installed, both pilot and copilot have transmit capability over the aircraft radio. A 2-color LED shows green when power is on, and red during radio transmissions. This feature acts as a stuck microphone indication. On On all PS Engineering intercoms a wire harness must be done by PS Engineering or a PS Engineering dealer or warranty is void. For a quote on the PM 3000 4 place or 6 place please call.

PM 3000 4-Pl. Stereo Intercom (w/o digital recorder) – single music input. Installation hardware includes four sets of headset jacks, a music jack and reversible (horizontal and vertical) metal mounting plate.

SCI-S4 Stereo 4-place ..... P/N 11-00424 ..... **$450.00**

SIGTRONICS BATTERY POWERED PORTABLE INTERCOMS

5-year warranty and a sure-fit for all students, instructors and aircraft renters. All have a music input and Aux output for recording lessons and radio communications. Both pilot and co-pilot positions have PTT jacks. Powered by an internal 9V battery (included), good for 40 hours of operation in airplanes lacking a cigarette lighter socket. A 4' Aux power adapter is included. When using the power cord, the battery is by-passed, preserving the life of the battery. The 2-place SPO-22, 4-place SPO-42 and 6-place SPO-62 are compatible with all standard aircraft headsets. The 4-place and 6-place models have a satellite box for rear seat positions to keep unwanted headset cords out of the pilot's way. A special HIGH-NOISE model, perfect for Ultra-lights and Kit aircraft, is available in all configurations. It filters out background noise, lowers the input level at mic amp, increases output signal, and mic interface can be modified to interface with Icom radios. Also features a sidetone modification. Made in USA.

SIGTRONICS SPORT 200/200S INTERCOM

Optimized for the High Noise Environment. Sigtronics 2-place Sport 200 & Sport 200S Intercoms are designed specifically for Light-Sport and Ultralight aircraft. Tested at ambient noise levels of up to 120dB, their Sport series intercoms will outperform all other intercoms on the market. modes of operation, voice activated squelch and push to intercom — perfect for open cockpit aircraft, give the Sport 200 intercoms maximum flexibility and performance. To this they added special internal circuitry to optimize the intercoms for the most demanding high noise environments. Use Satellite Radio, MP3 or CD players as your audio source with stereo headsets for true stereo sound. With full or partial music muting for intercom and full mute for radio reception and transmission, you will be able to enjoy your music and never miss a radio call. Size: 1" x 2.5" x 4"deep. For even more convenience you can mount the intercoms horizontally or vertically. All hardware including headphone and microphone jacks are included with these easy to install intercoms. Weight: 4.5 oz., Jacks & wiring harness: 5.5 oz.; Input power: 11VDC - 32VDC; Current: 0.06 am

INTERCOMS

SIGTRONICS MINIATURE PANEL-MOUNTED INTERCOMS

Measuring only 1" x 2-1/2" x 4" deep, only 4.5 oz, the SPA-400 and 6-place SPA-600 are FAA TSO'd and can be mounted either horizontally or vertically. Also available in special "HIGH-NOISE" model SPA-400N for Ultra-lights, and open cockpit aircraft, kit aircraft and warbirds. The se intercoms allow you to put "push-to-intercom" buttons in the aircraft to eliminate VOX mode when desired. This is especially good for open-cockpits where wind noise can be a problem. The SPA-400N simulates side-tone because some radios that are currently used in these markets do not have it. The SAS-440 and SAS-640 intercoms feature Sigtronics' exclusive "Auto-Squelch". One touch of the squelch button and the intercom perfectly sets the squelch level to your headsets and the aircraft noise level. All Sigtronics intercoms are voice activated with a 5-year warranty and operate on any voltage from 12V to 24V. Made in USA.

SIGTRONICS SPA-4S STEREO INTERCOM

The SPA-4S is a 2 or 4 place voice activated intercom with inputs for stereo music. It is a small, compact system that allows it to fit in space critical panels. The SPA-4S uses the industry standard Sigtronics squelch, fast on slow off for hands free communication. The music will full mute during ATC communication and partial mute during intercom communication. Each intercom comes complete with all necessary mounting hardware, jacks, and two 4-foot pre-wired harnesses. The SPA-4S only requires 1" X 2.5" of panel space, mounts horizontal or vertically, is 4" deep, and weights 5.5 oz. The SPA-4S intercom can easily upgrade the SPA-400. The SPA-4S uses the same panel hole pattern and interface cable as the SPA-400. A second cable is provided for the music inputs and headphone outputs. The SPA-4SN is available for the high noise amateur built aircraft. As with all of Sigtronics products, the SPA-4S is RFI and EMI immune. Power: 11-32 VDC.

2-place stereo activated intercom enhances the fun of flying, as well as safety, by optimizing communication clarity. Features include 2-place capability, instant music muting, and pilot isolate so you can focus on your flight. Easy to use and designed to fit almost anywhere in the panel. Switches provided in installation kit allow individual headphone positions to select either stereo or mono mode. Weight: 5.0 oz. Size: 5 in. L X 2.4 in. W X 1.2 in. H Power Requirements: 0.16 amp, 12-28 VDC

403LSA P/N 11-07871 ..... **$189.00**

XCOM INTERCOM

Digitally controlled, intercom system suitable for nearly every 2 or 4 place aircraft. Features a full VOX (Voice Activated) intercom with second com ability, music input with muting and the ability to use different branded headsets without compatibility issues. Successfully mated to the leading handhelds as well as panel-mounted Icom, Narco, King and the like. Measuring only 2-1/8 x 1 x 3-7/8" or (53 x 24 x 100mm) and with a panel size of only 1 x 2 1/8 (53 x 24mm), it's one of the smallest and lightest intercoms in the world and only draws 60 ma (at 14 V) during operation. Mount horizontally or vertically. No voice clipping. Nothing is lost in conversation between the pilot and passengers and the digital voice control provides clear and crisp communication at all times. Monitors and reduces background noise when the voice circuit is open. One simple DB15 connector is all thats needed, on top of the Intercom is the RS-232 port for future software updates. 2 com inputs cater for a primary airband com and a secondary VHF, UHF or Marine band transceiver. Additional input for CD player, FM Radio or MP3 player is available with auto muting to enable seamless communication in the cockpit. Voltage: 10-30 VDC. 2 yr warranty. P/N 11-02207 ..... **$495.00**

FLIGHTTECH ITC-401SJ INTERCOM

• Exclusive Background Noise Reduction Technology • Continuous Audio, No Missed Syllables or Words • Up to 110db of Noise Reduction • Single Volume Control • Built-In Cell Phone/Aux Audio Interface • 9 Volt Battery Operation • External DC Power Jack and Power Cord • PTT for Keying Comm Radio • Small Size: 4" x 2.5" x 1.5' • Compatible with headsets with Electret Microphones • Three Year Warranty.

P/N 11-09736 ..... **$169.95**

AV

FLIGHTTECH ITC-401-ENRI PORTABLE INTERCOM

The ITC-401-ENRI 2-place intercom features the Enhanced Noise Reduction Intercoms circuit in a basic, small package. With ENRI, the problems common with voice activated intercoms are eliminated. There are no squelch controls to adjust, no automatic squelch circuits that keep changing levels, only one single volume control. ENRI continuously monitors background noise picked up by the headset microphone and eliminates it, even while talking. Excellent for open cockpit aircraft. 9V Battery Operation • Pilot/All Switch • Available with cable and standard plugs or ICOM A-22, A3 and A4 Cable & Plug • 3 year warranty • 4"L x 2.5"W x 1.5"D. P/N 11-00544 ..... **$169.95**

ITC-401-23 - Plugs directly into Icom A5 & 23 with out the need for additional cables P/N 11-01005 ..... **$169.95**

FLIGHTTECH ITC-2003-ENRI REMOTE PANEL MOUNT INTERCOM

The ITC-2003-ENRI features ENRI technology, a unique design, a small panel control unit and a remote intercom unit. The small control panel consisting of a Volume control and a Pilot/All switch measures only 1"w x 1.3"d x 1"h. The second part, the intercom unit is only 4.6"x 3.1"x 1.7" and included mounting tabs. Because of D.C. switching and control between the panel control and the intercom, the mounting location is not critical. Simply mount the intercom unit in an easy to reach location, run cables to the headphone jacks, power and a small six conductor cable to the panel control unit. The Electronic Noise Reduction feature is exclusive to FlightTech Intercoms and allows for quiet communications without the background noise common to Voice Operated Squelch controlled intercom. With ENRI, the microphones are active at all times, ENRI monitors the background noise and eliminates it allowing only the headset user's voice to pass.
Power: 12V or 24V P/N 11-00172 ..... **$365.95**
With preassembled 2-place cable ..... P/N 11-00822 ..... **$365.95**

FLIGHTTECH MINIVOX PORTABLE INTERCOM

The MiniVOX two place portable intercom is designed for the student pilot and renter pilot requiring a basic low cost voice operated intercom. Measuring 4" x 2.5" x 1.5", the MiniVOX features adjustable Squelch and Volume controls, on-board Push-To-Talk button and up to 25 hours of operation from a 9V battery. Ease of operation, long battery life and a small size make the the new MiniVOX an ideal entry level intercom. Weighs less than 10 oz. Made in the USA.
P/N 11-02126 ..... **$124.95**

FLIGHTTECH ITC-401TC INTERCOM

ITC-401TC is different from the rest of the ITC-401 series in that the "Noise Reduction" control is located on the front of the intercom, rather then an internal "Set and Forget" adjustment The ITC-401TC is available in versions with cables and plugs for panel mount jacks as well as handheld radios and they include the following: ITC-401TC, Standard cable and plugs for panel jacks P/N 11-03201 ..... **$169.95**
ITC-401TC-1, Cable and plugs for the ICOM, A22, A3, A24, & A

SOFTCOMM PANEL MOUNT INTERCOMS

ATC-2P (2-passenger), ATC-4P (4-passenger) & ATC-6P (6-passenger) panel-mounted intercoms are so compact that they fit most anywhere in the aircraft's panel. Designed to mount either horizontally or vertically, these panel-mounted intercoms will fit in any homebuilt, business aircraft, or general aviation aircraft in production today, and offer stereo or mono sound. The panel-mounted intercom has an exclusive Softcomm feature of a back-up battery (9V) that affords power to the Intercom when the aircraft's master power is shut off or fails in flight. The battery is automatically switched off when aircraft power is present and on when absent. The panel-mounted intercom offers SoftComm's features of Recorder-In and Recorder-Out. A miniature remote audio panel houses this feature and can be located anywhere the pilot prefers. This allows recording of clearances, flight lessons, enroute weather and flight events. The ATC-2P, ATC-4P, & ATC-6P panel-mounted intercoms come complete with mounting instructions, wiring diagrams, all required microphone and headphone jacks, audio recorder jacks, and bi-directional mounted nomenclature plates. These intercoms are supplied with pre-tested 8 ft. cable assembly terminated into a DB25 pin connector. Size: 1"hx2.5"wx6"d. Power 12Vdc. Wt:6.25oz., 3yr warranty.

SOFTCOMM PORTABLE INTERCOMS

These top quality, economical intercom systems are perfect for any type aircraft and are compatible with any standard headset. Features include automatic on/off power, panel controls for volume and gain and a pilot isolate switch (ATC-4 only). The intercoms are 9V DC portable or panel mountable with pilot and copilot transmit as a standard feature. These intercoms can be used with other equipment to record instructions or play cassette music. The new model of the ATC-2 has reduced size and weight, and a front-panel mounted PTT switch. The improved ATC-4 and ATC-6 also have a new dual transmit design. All units have aux power cord and stereo cable. With pilot isolate and push-to-talk switch. Model ATC-2T is a 2-place portable intercom designed for the student pilot. It has a recording feature that allows all CFI and ATC instruction to be recorded on a standard cassette player for future study. It is 9V battery powered and is compatible with all general aviation headsets and radios.

BOSE® A20™ HEADSET – CLARITY ALOFT

Improved noise reduction. Greater comfort. Bluetooth® connectivity.

The most technologically advanced Bose® headset ever. Bose was the first to introduce active noise reducing headsets to aviation more than 20 years ago, forever changing the way pilots fly. Now, the New Bose A20™ Aviation Headset introduces an entirely new standard. It's been engineered for significantly increased noise reduction in even louder environments. With an improved degree of comfort you'll appreciate. All without compromising the clear audio you expect from Bose. Plus, a Bluetooth® communications interface, auxiliary audio input and priority switching. It's made in the U.S.A., and meets or exceeds all TSO requirements. No other headset can deliver this advanced combination of benefits.

Bose® Acoustic Noise Cancelling® headset technology - Sound is monitored outside the earcups and at the ears, unwanted noise is identified, and a correction signal is created to cancel the unwanted noise. **TriPort® acoustic headset design -** Proprietary Bose® technology uses acoustically tuned ports to optimize the low-frequency output of the system. **Adjustable boom microphone -** Provides the means of communication for pilots and passengers. **Proprietary ear cushion design** - Provides an important acoustic seal between the headset and the head. **Replaceable ear cushions -** Provide an important acoustic seal between the headset and the head. **Redesigned earcup architecture -** Provides more room for customers' ears without compromising overall headset size. **Magnesium alloy headband** - Provides strong, lightweight structural frame to support the headset and distribute the necessary clamping force. **Adjustable headband sliders** - Offer up to three inches of adjustment in headband length, using high-strength, aerospace-grade composite material. **Detachable sheepskin headband cushion** - Evenly distributes the headset weight across the user's head. **Center torsion spring -** Mechanical support for the headband joint, allowing it to be opened or closed to fit different head sizes. **Side swappable down cable** - Allows easy attachment of integrated cable/boom mic assembly to either earcup. **Headband stop -** Prevents headband from closing completely when not in use. **Carrying case -** Custom-designed to fit the headset. **Adjustable clothing clips** - Provide means to attach the portable control module and cable to a pocket, belt or other suitable attachment point. **Cable, microphone and connector configurations -** Interface and compatibility with a wide range of civilian and military aircrafts. **Tethered battery door** - Provides protection and easy access to the battery compartment. **Integral circuit shielding -** Shields sensitive electronics from the harsh electromagnetic interference (EMI) associated with ground and airborne transmitters. **Digital micro-controller system -** A digital microcontroller operates the user controls and module functionality, and monitors battery life. **Auxiliary audio input -** Input jack for external audio sources such as GPS systems and music players. **Male-to-male audio cable** - Provides the means to connect an external audio source to the headset. **Independent, receded L/R volume controls with midrange detent and visual volume level indicator** - Adjust the headset audio volume level for left and right channels. **Power LED and battery-life indicators** - Indicates when the noise reduction is turned on. Indicates the remaining hours of battery life (green: healthy batteries, yellow: 2-8 hours, red: less than 2 hours). **User configurable switches** - Stereo/mono switch to configure the headset for a specific intercom. Auto-off (on/off) switch gives user the option of automatic or manual power control. **Audio prioritization switch** - Manages the different audio signals available to the headset (intercom, aux-in). **Flexible power circuitry -** Senses the power source of the headset and switches seamlessly from battery to aircraft power without compromising the headset performance. **Requires the 6-pin to Twin Plug adapter **Automatic smart shutoff** - Detects that the headset is no longer being used and automatically shuts off power after a period of inactivity. **FAA/JAA TSO-certified** - Meets or exceeds requirements for headset performance. **Limited 5-year transferable warranty** - Limited warranty coverage for parts, labor and second-day return shipping expenses of non-abusive malfunction.

CLARITY ALOFT HEADSET

Used to improve both hearing protection and speech communications. Each earpiece includes a miniature speaker that reproduces speech signals from the aircraft audio system. The replaceable compliant foam tips attach to the earpiece and contain a pathway for the sound to travel from the transducer to the ear. Provides the highest level of hearing protection available by any method including active noise reduction. (ANR) The noise-canceling microphone is a high fidelity noise canceling Electret Condenser microphone. Include a music input in the Volume control box. This button could also be used as a backup in case of other system failures. Balance and comfort are the result of its elegantly simple design. P/N 11-02923.....**$525.00**

CLARITY ALOFT PRO HEADSET

Clarity Aloft™ Aviation Headsets are the result of our commitment to the highest standards in aviation communications. These headsets contain the most technically advanced components brought together from diverse experts in audio communications. All the features you'll love from the original with ***TSO Certification*** and additional features like: ***Music Input.*** Equipped with a music input in the volume control box that will accommodate most music devices through a 1/8 inch plug.

P/N 11-05794.....**$695.00**

CLARITY ALOFT LINK AVIATION HEADSET

Lets you wirelessly connect to multiple Bluetooth devices for phone calls, music, and more. Tailored Digital Signal Processing gives it the clearest sound available today. Purchase includes: Headset, carrying case, owner's guide, starter supply of eartips (package of 12), and 2 AA batteries. **Features:** • Light, low profile headband •Full spectrum noise reduction • Professional grade microphone with added Digital Signal Processing • 2 Bluetooth devices can be linked simultaneously •Bring your most used tool into the cockpit – your phone can be as indispensible in the air as it is on the ground • Enjoy music and movies on your iPod or iPad – clear and powerful sound will have you experiencing them like you never could in an airplane before • Connect to more than one device - you don't have to choose between your phone and your other devices, giving you the best functionality • Seamlessly transition from music to a call – the optional autofade will bring down the volume when calls from the radio or phone come in • Independently adjust the volume - dual controls allow you to set your cockpit radio volume and the volume from your phone and devices separately at exactly your preferred level • Connect with just the sound of your voice - use your smartphone's voice-activated dialing feature to let loved ones know when you'll be landing.

LIGHTSPEED HEADSETS

NEW ZULU HEADSET BY LIGHTSPEED

A distinctive new look and continuous innovation make the new Zulu the ultimate blend of design, technology and high performance. The new Zulu once again sets the standard by which all premium ANR (active noise reduction) headsets are measured. Check out these new features!

Quiet - With patent-pending Microport Vent℠ technology, the new Zulu offers greater ANR consistency and performance over a deep, broad range of low frequency noise. The magnesium ear cup is superior at blocking out high frequency noise.

Comfort - Weighing in at about 13 ounces, the new Zulu Lightcomfort℠ design includes new plush ear seals, exceptional fit and 15% less side pressure.

Durability - A low profile, stainless steel headband provides lightweight durability and excellent cabin clearance.

Bluetooth™ Connectivity - The New Zulu's full-function Bluetooth connectivity provides enhanced sound quality for voice, music or compatible audio devices.

Cell Phone/Music Connection - An integrated control box auxiliary input offers and additional option for connecting a cell phone, music player or other audio device.

Front Row Center℠ (FRC) - Concert-class fidelity and sound reproduction come alive in Lightspeed's exclusive Front Row Center feature by automatically adding a dynamic surround-sound quality to music.

ComPriority℠ - Never miss important radio communications with Lightspeed's patented ComPrioirty which lowers the volume of an auxiliary device automatically during radio or intercom transmissions.

Stereo or Mono - Easily match audio panel inputs with a quick switch to stereo or mono.

LIGHTSPEED AVIATOR SUNGLASSES

No matter how many times you fly, you feel it…that breathtaking taste of freedom as you rise through the clouds and survey the horizon. And now, Lightspeed Aviation has developed the perfect companion to enrich and enhance your flying experience: Lightspeed Aviator Sunglasses.

Lightspeed Aviator Sunglasses are the only aviator glasses designed exclusively to fit perfectly with your Lightspeed headset. Designed and made in Italy, the lightweight frames are made with the same flexible spring steel as the Lightspeed Zulu headband.

The sleek low-profile design fits gently against your head assuring a solid seal with your Lightspeed headset. And the removable anti-glare, non-polarized flip shaded lenses allow you to quickly transition from un-obscured sunlight to reading maps in a dark cockpit.

Now you can fly safer with greater freedom by eliminating the hassle of needing to change from prescription glasses to sunglasses.

Simply present your Lightspeed Aviator Sunglasses to your preferred optician. Your optician will use the clear lenses from your Aviator Sunglasses as a production guide for your personalized prescription lenses.

Accessories Include: Hard carrying case, soft fabric bag and cleaning cloth. P/N 13-10005.....**$350.00**

SIERRA HEADSET BY LIGHTSPEED

Try on the latest addition to the Lightspeed line of premium headsets for a new flying experience. With the fit, comfort, features, and value you've come to expect from Lightspeed, Sierra is best in class. ANR and Bluetooth connectivity bring top-of-the-line features to Sierra. Plush ear seals and sturdy construction add to Sierra's durability. A wired input for audio devices and Auto Music Mute enrich your flying. A reversible headband design allows microphone placement on the left or right.

Sierra is everything you've been looking for in a value ANR headset.

Features:

ANR - Active noise cancellation over a broad range of low frequency noise bring state of the art technology to Sierra.

Comfort and Durability - At 16 ounces with plush ear seals and solidly designed ear cups, extended wearing is a breeze.

Bluetooth Connectivity - Allows wireless connection from Bluetooth phones. Stereo streaming (A2DP) is not available with Sierra.

Music Connection - An integrated control box input allows you to connect a music player.

Auto MusicMute - Receiving radio communications is a snap with MusicMute which automatically decreases a music player by 80 percent, lessening the chance of missing important interactions. Power Source and Connectors Two AA batteries, Dual GA.

Weight - 16 oz. 5-Year Lightspeed warranty

SIGTRONICS HEADSETS

AIRCRAFT SPRUCE SKYCOM & SKYPRO HEADSETS

P/N 11-08279

SKYCOM II SERIES - Offer a family of products with a different look, fit and performance from the 'traditional' headset design. While >30% lighter in overall weight, they offer better quieting with greater comfort and user features. They were designed around the best hearing protectors offered in the Industrial Safety world to offer maximum passive noise rejection. The thin, flexible wireframe headband design easily contours to your head, limiting clamping pressure yet maintains a very low profile for canopy clearance. The earseal system offers a larger ear opening with numerous options for type of seal available. The Boom mounts under the cup and is reversible for use on both sides. All models include dual volume controls, Electret N/C mics with adjustable gain, Stereo/Mono compatibility, a carry bag, and a 3 year warranty. Model-specific features include Cellphone interface, and stereo music interface with muting, and ANR performance with a convenient small/inline, 2 AA battery solution.

DAVID CLARK HEADSETS

DAVID CLARK HEADSET H10-66LX & H10-76XL

Pilots have trusted the green domes of David Clark Company headsets for over 25 years. Their high-performance products are now equipped with several new features to enhance pilot comfort: super-soft, double-foam headpads, comfort-gel, 'undercut' ear seals, and a smaller, lighter battery pack with auto shutoff for ENC models. Find out for yourself why quality conscious pilots will accept nothing less than the #1 Headset in Aviation.

Description	Part No.	Price
H10-66XL DUAL IMPEDANCE ENC HEADSET Designed for use with both high and low impedance systems. Select switch on dome matches headset to system impedance. Ideal for fleet operations. Certified Noise Reduction Rating (NRR): 27: dB. Built in ENC technology and enhanced comfort features.	11-05427	**$800.73**
H10-76XL PORTABLE LOW IMPEDANCE ENC HEADSET Feature ENC technology and designed for use with low impedance systems. Coil cord with single plug connects the battery-powered module to aircraft radio or intercom. Additional 17-22 dB noise attenuation with ENC activated.	11-05428	**$774.69**
H10-76XP PANEL-MOUNT LOW IMPEDANCE ENC HEADSET Same as H10-76XL but with permanent panel-mount module for utilizing the aircraft's power source.	11-05429	**$734.70**

H10-20 HEADSET

8 new headset design advances make the David Clark H10-20 a must see. The completely flexible boom assembly can be adjusted for perfect microphone placement. The M7A microphone is the most advance noise-cancelling amplified electret mike available. Features a redesigned air-flow headband with liquid-filled ear seals for optimum comfort. Comes with volume control and a 5yr warranty. Made in the U.S.

Straight Cord.....P/N H10-20.....**$302.25**
Coiled Cord.....P/N H10-21.....**$306.90**
Helicopter.....P/N H10-26.....**$314.34**

DAVID CLARK H10-30 HEADSET

This dual headset, used by the Air Force, features foam filled ear cushions with an M-1/DC amplified dynamic noise cancelling mike. With 6 feet straight cord, PJ-055B headphone plug and PJ-068 mike. plug. P/N H10-30 ..... **$251.10**

DAVID CLARK H10-36 HEADSET

The H10-36 headset features the M-1/DC dynamic mic and coil cord which extends to 5 ft., with U-174/U plug for helicopter installations.

P/N H10-36 ..... **$263.19**

DAVID CLARK H10-60 HEADSET

Features unique foam/air-flow headpad, low-pressure headband, Flo Fit Gel ear seals, and dual volume controls. Also features the M-7A advanced noise cancelling amplified electret mic. Customize your H10-60 with 3-position headset pressure adjustment, boom guide lock, headband size adjustment, and cord selection.

P/N H10-60 ..... **$345.96**

DAVID CLARK H10-66 HEADSET

A unique dual impedance headset for use in civilian and military style aircraft. The Model H10-66 features include new comfort gel, undercut ear seals, hinged wire boom with the M-101 amplified Dynamic microphone, and a Noise Reduction Rating (NRR) of 27 dB. P/N H10-66 ..... **$379.44**

DAVID CLARK H10-76 HEADSET

Undercut Comfort-Gel Ear Seal for Improved Comfort. Low Impedance. Most popular noise attenuating headset ever produced for use with military radios. Standard headset of the U.S. Air Force, NATO and most airborne command centers.Coiled cord terminates into a U-174/U plug. P/N 11-02226 ..... **$266.91**

DAVID CLARK H10-00 "LISTEN ONLY" HEADPHONE

David Clark comfort fit. For use w/handheld mic. With 18" coil cord which extends to 6 ft, & PJ-055B plug.

P/N H10-00..... **$205.53**

DAVID CLARK 6AA BATTERY PACK

Accepts 6 AA batteries. The protective cover keeps battery terminals from accidental contact with conducting surfaces while stored. Having a Spare Battery Cartridge, loaded and ready, will minimize time without electronic noise cancellation when batteries drain. P/N 11-02019 ..... **$15.50**

9V BATTERY PACK FOR ENR HEADSETS

This new XL-9V 9V battery pack is easier to operate, wear and store. It is 50% smaller and 50% lighter than previous battery packs. It runs off a single 9V alkaline battery to provide power to the headset ENC system. The XL-9V features an Auto Shut Off function to save the battery if the power switch is left on when the headset is not in use. P/N 11-01783 ..... **$97.65**

DAVID CLARK UNDERCUT COMFORT-GEL EAR SEALS

Ear Seals have redesigned to be softer, more supple and form fitting, with a unique "undercut" shape that provides more room for your ears. This exclusive design makes for a larger, yet lighter ear seal. This new ear seal is now standard on the entire line of DC aviation headsets. New Ear Seal Features: • 26% lighter • 60% more surface area in contact with your head provides greater comfort by dissipation of necessary headband pressure • 30% more interior volume creates more room for your ear P/N 11-01782..... **$22.50**

DAVID CLARK EAR SEALS (GEL/FOAM)

Excellent grooved gel/foam filled ear seals. Made to DCCI standards and very comfortable. Excellent alternative/replacement ear seals for most of the David Clark aviation, ground support, two-way, and vehicle intercom headsets. Note: Does not fit the David Clark H-20 series or X-11. P/N 11-09330..... **$16.85**

DAVID CLARK GROUND SUPPORT HEADSETS

Ground Support Headsets are designed to facilitate communication when background noise or distance makes it extremely difficult to communicate. During ground-support operations, communication is critical to ensure the safety of everyone in the vicinity as well as the protection of the aircraft from accidental damage.

MODEL H7010 - Noise Attenuating Headset * M-101 Noise-Cancelling Microphone * 30-inch straight cord with U174/U plug * Noise-shielded microphone (muff) with On/Off switch * Soft headpad and ear seals guarantee exceptional comfort * Snap-fastened nylon straps secure microphone muff to mouth * Corrosion-resistant, chrome plated headpad/stirrup assembly * Extremely durable and reliable * NRR 26dB

P/N 11-07116..... **$269.85**

MODEL H-133C/AIC - Noise Attenuating Headset * M-101/AIC Noise-Cancelling Microphone * 30-inch straight cord with U93A/U plug * Noise-shielded microphone (muff) * Soft headpad and ear seals guarantee exceptional comfort * Snap-fastened nylon straps secure microphone muff to mouth * Corrosion-resistant, chrome plated headpad/stirrup assembly * Heavy duty and extremely reliable * For noise levels to 140dB

P/N 11-07117..... **$289.95**

DAVID CLARK SERIES K HELMET

Series K Helmet provides the ability to convert all David Clark Over-The-Head style (Except H20-10 & H10-80) headsets into a Helmet/ Headset assembly. The Kit and a David Clark headset gives both impact and hearing protection in addition to clear, normal conversation in high noise environments. The Series K Helmet Kit consists of a helmet shell with nape pad and a helmet liner. Lightweight, the combined weight of the Helmet/Headset assembly is 42 oz.

Helmet Kit ..... P/N K10..... **$359.00**

DAVID CLARK HEADSET BAG

This ballistic Nylon Carry Bag is black on black, with the DC logo subtly embroidered in the lower right corner. This bag has been carefully chosen for its simplicity, quality and workmanship and is a fitting complement to any David Clark Headset. P/N 11-00642..... **$19.50**

BEYERDYNAMIC HEADSETS - FLITELITE

HS 800 DIGITAL AVIATION HEADSET

The HS 800 Digital is a closed-back aviation headset. The innovative DANR system (Digital Adaptive Noise Reduction) provides an extraordinary effective active ambient noise attenuation. The headphone features a very high reproduction precision and a balanced sound. Another special feature is the wide frequency response of 5 - 30,000 Hz. The soft, circumaural leather ear pads filled with viscoelastic foam and the adjustable padded headband provide a high comfort. The microphone with adjustable gain can be optimally positioned with the flexible gooseneck. Ensures a high gain before feedback and noise cancellation. The rotating microphone holder allows positioning the microphone on the right or left hand side. The connecting cable is single-sided. The connecting cable provides an audio box to adjust the volume of the headphone and to connect a mobile phone, music player (e.g. CD or MP3 player) or iPhone. If signals from the intercom occur, the volume of the mobile phone or music player can be reduced automatically. This auto mute function can be deactivated. **Features**: 1/4" (6.35 mm) connecting cables and PJ-068 jack Version, Outstanding ambient noise attenuation due to Digital Adaptive Noise Reduction (DANR), Ear pads with extra soft leather cover and viscoelastic filling, Audio box to connect mobile phones, music players or iPhones (supplied with 3 connecting cables), Automatic volume reduction of phone or music player when signals from the intercom occur (selectable function), Mono/Stereo selection switch, Noise-compensated microphone with adjustable gain, Integrated dual volume control, Power status LED, Ear cups in carbon design with metal bezels, Rugged headband design made of spring steel, Light weight of approx. 325 g (without cable), Modular construction for easy servicing, Five-year warranty, Made in Germany. **Specifications**: Weight: .72 lb., Connection Headphone: 1/4 inch stereo jack plug, Microphone: PJ-068 jack plug, Headphone Transducer type: Dynamic; Frequency response: 5-30,000 Hz; Nominal SPL: 95 dB SPL; Power handling capacity: 100mW, Microphone Transducer type: Condenser (back electret); Frequency response: 400-15,000 Hz; Polar pattern: Figure eight; Max SPL 120 dB; Nominal impedance: approx 350 ohm

FLIGHTCOM HEADSETS

DENALI PASSIVE HEADSETS*

Offering a level in pilot comfort and acoustic performance, the passive version of the new Denali weighs in at a scant 10.5 oz., yet provides outstanding noise attenuation. Denali Passive Headset (blue) ..... P/N 11-00012.....**$273.00**

FLIGHTCOM CLASSIC ANR HEADSET

Flightcom's Classic ANR Headset is built with comfort features not found in similar headsets. With overstuffed Confor® foam ear seals and larger than normal headband, the classic aviation style provides extended comfort and performance. Comfort: Classic ANR's Confor® Foam ear seals, and a wide polar fleece headpad ensure comfort. Innovation: A volume control on each dome allows for independent adjustment. Noise reduction: We keep it quiet with our advanced hearing protection technology. Confor® Foam ear seals effectively block out sound. Noise reduction rating is enhanced by 14 to 18 dB at certain key low frequencies. Comes with a durable nylon carry case • Precision flex boom with noise canceling electret microphone • 9-volt battery • Chrome headband with a washable polar-fleece headpad • Stereo/mono switch ensures audio compatibility • Mic muff and carrying case included • In-line, "drop-and-go" • Provides an additional 14-18dB noise attenuation at key low frequencies • Weight: 17.9 oz. • Dual-volume controls allow for independent volume adjustment in each ear dome • 3-year warranty

Standard ..... P/N 11-01326 ..... **$329.00**
Helicopter ..... P/N 11-09178 ..... **$325.00**

FLIGHTCOM 5DX CLASSIC

This headset provides supreme comfort and fit through its washable polar fleece headpad, silicone gel ear seals and cloth ear seal covers. Features include noise cancelling electret microphone, precision flex boom, dual volume controls, stereo/ mono switch, 22dB noise reduction rating and all top quality components. Wt 17.9oz. 3-yr factory warranty

P/N 11-08760 .....**$159.00**

FLIGHTCOM 4DLX CLASSIC

This headset combines the proven performance and affordability of the popular 4DX Classic headset with the comfort of the "air pillow" headpad. Features of the 4DLX Classic include combined foam and liquid ear seals, precision flex boom, noise cancelling electret microphone, stereo/ mono switch, cloth ear seal covers, mic cover and 3-yr factory warranty. 24dB noise reduction rating Wt 16.8oz P/N 11-17115.....**$119.00**

FLIGHTCOM E-13 PASSIVE MILITARY HEADSET

Flightcom's E-13 is a classic style headset designed for rugged cockpit environments. The headset prevents noise fatigue and enhances communication through ANR technology. Features: • Glove Rugged comm. cable bend relief provides increased durability • Steel spring chrome headband and stirrups with scratch resistant ABS eardomes • Standard comfort features include protein leather covered dual density foam ear seals and washable polar fleece headpad • U-174/U (4 Conductor) plug • 6-conductor, shielded, coiled comm cable • 5 ohm M-87 dynamic microphone meets MIL2654212E • In-line quick disconnect jack on the mic boom for chemical defense suit and boom replacement • Dome-mounted volume control • DO-160D tested ? environmental and explosive proof • Passive noise attenuation 21dB NRR Two-year warranty. P/N 11-10395.....**$295.00**

FLIGHTCOM F20 LIGHTWEIGHT HEADSET

The lightest weight headset available from Flightcom and replaces old model 4.2. The F20 has a new, durable construction and updated appearance along with new features such as a volume control and an improved flexible boom. Also included is a set of 30dB ear plugs to help give you noise attenuation along with the comfort of a lightweight headset. The F20 has stereo/mono capability, a noise cancelling electret mic, weighs only 4.6 oz, and includes a mic muff. 3-year factory warranty. P/N 11-17615.....**$108.00**

FLIGHTCOM 4DX CLASSIC

The 4DX Classic is an entry-level headset with classic Flightcom ruggedness. With an easy-to-position wire articulated boom and a ventilated foam rubber headpad and combined liquid and foam ear seals, the 4DX Classic is comfortable and affordable. Noise canceling electret microphone • Single-volume control • Stereo/ mono switchable • NRR 24dB • Weighs 16.9 ounces • Mic muff and cloth ear seal covers included • Three-year warranty

P/N 11-17110..... **$99.00**

FLIGHTCOM E-13 ANR MILITARY HEADSET

Newly designed battery box includes SAT/cellphone support, auxiliary input and improved battery monitoring. Active Noise Reduction (ANR) provides an additional 14-18dB noise attenuation. ANR is powered by two "AA" batteries providing up to 50 hours average operation. Versatile flexible microphone boom for precise adjustment. Cord configuration optimized for flight deck and cargo compartment crews. In-line, quick disconnect jack on mic boom for chemical defense suit and boom replacement. Sure Power System? (SPS) shuts off ANR when no audio is present. 5 ohm, M-87 dynamic microphone meets MIL 2654212E, mounted on flex boom. U-174/U (4 Conductor) plug. 6-conductor, shielded, coiled comm cable. Approved for use on USAF KC-135, C-5 and C-130 (all types except "J"). USMC approved. Also available in passive models. NSN 5965-01-521-3223. Includes carrying case. Two-year warranty

TELEX HEADSETS

TELEX ASCEND ANR DELUXE HEADSET

Ascend is ideal for commercial pilots with diverse needs and discerning standards. A simple procedure allows you to change the connector, remove the boom, or add a battery. Ascend's advanced noise reduction system specifically targets common cockpit noises, such as wind noise and avionics cooling fans. Improves upon the Active Noise Reduction in the popular ANR 500 & 850 models and the passive noise reduction of the Airman 850. ANR power can be delivered without batteries through the mic plug, or with the convenient rechargeable battery module. Rechargeable long-lasting battery

TELEX ECHELON 20 AVIATION HEADSET

Designed for students, new pilots, and value-conscious experienced fliers. Offers comfort, excellent hearing protection and value. Provides an impressive 20+ dB of passive noise protection and a top-quality noise canceling electret microphone. A low-profile headband for even weight distribution plus patented ComfortCam™ technology, a three-click tension adjustment system for a custom fit. Special earpieces with foam ear-seals pivot two ways to conform to any wearer while detent sliders adjust the headband.

P/N 11-04564 ..... **$189.00**

TELEX ECHELON 25XT HEADSET

Includes Telex's innovative cell phone/MP3 adapter that allows you to attach both your cell phone and MP3 player at the same time. Features a plush, thick foam headband pad and newly designed, more comfortable ear cushions. Individual volume controls for each ear cup and a stereo/mono select switch. Impact-Resistant Headband Design. Flight Bag. Weight: 13.6 oz/386 grams P/N 11-04563 ..... **$329.00**

TELEX STRATUS 30XT

Allows you to power the headset from the aircraft panel, standard alkaline batteries, or rechargeable batteries. A built-in battery recharger that recharges when plugged into a wall socket, the aircraft's panel power or even your car's 12-volt power outlet. Ensures more than 50 hours of battery life. Telex's patented ComfortCam™ to eliminate clamping. A unique headband construction that distributes weight evenly for a perfect fit, plus thick foam headband pad. Telex's innovative cell phone/MP3 adapter which allows you to attach both your cell phone and MP3 player at the same time. Flight Bag. Weight: 14.2 oz/403 grams. Runs on 2 AA batteries

30XT headset..... P/N 11-04561 ..... **$569.00**
AC/DC 30XT Adapter..... P/N 11-04576 ..... **$22.50**

STRATUS™ 50-DIGITAL ANR HEADSET

Cuts noise 3 ways by providing 24dB passive attenuation for high frequency noise outside the ANR range, 15dB of analog ANR for noise reduction below 1000 Hz, and up to 50dB of digital tonal noise reduction. DSP (Digit Signal Processing) allows the Stratus to predict recurring cabin noise and fine tune the Active Noise Reduction for the ultimate in hearing protection. Patented Comfort Cam™ tension adjustment allows for a custom fit, as do the heat sensitive slow recovery foam ear cushions, which conform to the user's head during wear. Extra thick cushions and pad reduce headband tension and provide a luxurious feel. Overmolded rubber earcups, volume control knobs and comfort cams offer ease of handling, and add to the comfort package. Features • Capable of battery or panel power Stereo/mono switch • Auto shut-off feature saves battery • Dual volume controls • Reversible mic for pilot/copilot operation • 18 oz. • Collapses for ease of portability. • Incl. Deluxe carrying case

P/N 11-04560..... **$729.00**

TELEX STRATUS 30

Combines superior ANR protection, a noise-canceling electret microphone, and fully adjustable boom. Include Telex's patented ComfortCam™ technology that allows you to quickly and easily control the tension of the ear cups. Low profile headband. Utilizes impact-resistant headband design with stainless steel reinforced stress points. Cell Phone/Audio Adapter. Advanced Microphone Technology. Boom Microphone. Flight Bag. Weight: 14.2 oz/403 grams. Runs on 2 AA batteries

P/N 11-04562 ..... **$459.00**

TELEX PRO III 5X5 HEADSET

Foam Ear Cushions for 750/760..... **$4.95**

TELEX AIRMAN 750 SINGLE-SIDED HEADSET

The Airman® 750SS is 25% lighter than the Airman® 750. Its effective weight (without the cord) is only 2.4 oz. Many pilots prefer the ergonomics of a single sided headset. It eliminates the need to pull off one of the earphones when listening to cockpit conversations.

P/N 11-01123 ..... **$225.00**

TELEX AIRMAN ANR 850

Uses Active Noise Reduction technology to provide up to 12dB of noise attenuation ensuring the clearest in-flight communication. Weighs less than 4 oz. Combines "set and forget" volume control with never worrying about a battery pack. Power to the ANR is provided by mic bias (active intercom) eliminating the need for battery packs or panel power. By drastically reducing wind noise in jet cockpits, the Airman ANR 850 helps to reduce fatigue. The Telex Airman ANR 850 is unsurpassed in clarity, comfort and convenience..... P/N 11-01880.... **$450.00**

HEADSETS – SPORT-LINK HEADSETS/HELMETS

PLANTRONICS HEADSET

The popular MS50/T30-3 from Plantronics is similar to the Starset model but is worn clipped to eyeglasses or on a headband. The MS50/T30-3 is very comfortable and like all Plantronics headsets, extremely reliable and widely used in the airline industry. Comes with a headband, and eartips.

P/N 11-12045 ..... **$159.75**

MS200 PLANTRONICS HEADSET

Combines a unique lightweight design and advanced technology to deliver the ultimate in comfort and reliability. The noise-canceling microphone enables clear, uninterrupted communications between air and ground. Its compact under-the-ear design ensures a secure, comfortable fit for extended wear, yet is convenient to carry and stow. Features: * Hear every word through superior audio quality * 5-foot cord with one each PJ055 and PJ068 plug. * FAA approved

M200 Headset Dual Plugs..... P/N 11-07311 ..... **$145.95**
MS200 For Airbus..... P/N 11-08905 ..... **$182.95**

NAV-DATA DELUXE HEADSET

The Nav-Data Technologies deluxe headset has one of the best passive noise reduction ratings of any headset available at any cost. There are many reasons to own the Nav-Data Headset :

* Switch selectable stereo or mono operation * Dual volume controls * Gel earseals for extra comfort and noise attenuation * Super padded head band for comfort during long flights * Full flexible mic boom - stays where you put it! * Noise canceling electret mic * Weighs only 14.3 ounces

P/N 13-06087 ..... **$92.50**

HEADSETS, INC. EM-1 ANR HEADSET

EM-1 features conservative dark green ear cups, an Oregon Aero SoftTop padded headband, gel ear seals, and place-it-anywhere mic boom which makes it ergonomically friendly. Stereo capable with individual volume controls for each ear and a switch on the cord for mono or stereo audio. New ANR modules are made of softer material for better noise absorption. Ear cups are also rubberized for the same reason. A separate battery box is used and shares a cord with the mic/phone jacks, eliminating the need to unite 2 separate cords. The cords are heavily reinforced at attach points to avoid wear or breakage. The cords separate at the end so you can find a convenient place to stow the battery box in the cockpit. Optional power sources allow the EM-1 to be powered by the aircraft's electrical system, a cigarette lighter, or rechargeable battery. Comes with a 3-yr warranty, headset bag, the Oregon Aero SoftTop, & gel ear seals.

P/N 11-00512 ..... **$359.00**

SUPER SOFT TOP FOR HEADSETS

The Super Soft Top headset is the ultimate in comfort. Put this headset on and feel the difference! It contains two layers of foam and one layer of polyester wool that is covered with a 90% cotton fabric for maximum humidity absorption. Easy to install, it fits the following headsets:

• All David Clark models, (except DC20-10 series) • All Pilot Avionics models, (except PA-1776, PA-1779,Premier,Concord HNE,& Commander series) • All Marv Golden MG's * All Sigtronics • All ASA's * All Softcom's • All Flightcom models (except F-20 & Eclipse)

P/N 13-00358 ..... **$15.99**

HEADSET COMFORTOP

Replaces the original head pad with a sheepskin pad providing optimum comfort.

P/N 11-03014 ..... **$28.75**

PILOT'S HEADSET CUSHION

Constructed of plush 3/4" thick sheepskin & genuine leather. Does your headset feel uncomfortable and create a sore spot on the top of your head after wearing it for just a short time? If so, you need our plush, super soft sheepskin and leather headset cushion! The soft sheepskin rests on your head instead of the uncomfortable headset pad. Designed to fit all headsets with it's adjustable velcro closure. Extra velcro across top also holds your flashlight for nighttime flying. Relieves all contact and pressure on the top of your head for even the longest trips. P/N 13-40730 ..... **$15.90**

7000 SERIES PREMIUM HELICOPTER HEADSET - Same as the Premium Aviator headset, but come with a single plug helicopter format cable assembly, midnight blue cups. NRR 26 dBA.
Midnight blue cups ..... P/N 11-01585 ..... **$299.00**

3M™ PELTOR™ HUMMINGBIRD HELICOPTER HEADSET

This new headset, designed for low impedance helicopter intercom systems, leads the 3M ™ Peltor™ line, with advanced comfort and performance features • Twin Cup/Double Shell ear cup design provides high attenuation • NRR 30 dB • Top exit cables allow for easy connection to overhead intercoms • Coiled cables extend for console mounted intercoms. P/N 11-08712 ..... **$329.50**

3M™ PELTOR ™ 8103 HELICOPTER HEADSET

The Aviation 8103 helicopter headset has an ambient-noise compensated dynamic differential microphone, specially designed for aviation intercom systems. The microphone amplifier is designed for intercom systems with 5 Ohm impedance. The frequency range is adjusted for good speech recognition. The earphones have a limited frequency range, to give the best possible speech recognition in the ambient noise of a helicopter. Peltor's two-point suspension of the shells on a broad headband ensures total comfort and consistent noise attenuation. The spiral polyurethane cable has a moulded NATO-standard connector equivalent to the Nexus TP-120. P/N 11-08704 ..... **$199.85**

3M™ PELTOR WIRELESS SOLUTIONS HEADSET

Designed for industrial users working in high noise environments. They offer versatility along with the hearing protection, durability and comfort. Clear, concise ground crew communications and reliable hearing protection during ground support operations. Features the latest in Bluetooth wireless technology. Excellent flexibility when "synched up" to your existing communication system. Transmit and receive communications without the need for interconnecting cords and wires. Earcups fold over headband for compact storage. P/N 11-09779 ..... **$399.00**

3M™ PELTOR™ NORDICA SPORT HEADSETS

Peltor™ blends them masterfully with Nordica, the aviation headset developed to soar far beyond the expectations of the most discriminating pilots. Features: Lightest weight headset available. 9.8 ounces. Three dual-color designs. Crisp, clear reception/transmission. Countoured, low profile ear cups. Peltor™ stainless steel spring arm headband provides even pressure all day. Headset Carry Bag optional

3M™ PELTOR™ NORDICA SPORT GT HEADSET

Peltor™ blends them masterfully with Nordica– the aviation headset developed to soar far beyond the expectations of the most discriminating pilots. Cellphone/MP3 Audio Jack. Includes Headset Carry Bag and Cellphone and MP3 compatible cables. Peltor™ stainless steel spring arm headband provides even pressure all day • Lightest Weight • Headset Avail. • Only 9.8 ounces • Dual-Color Design • Crisp, Clear Reception/Transmission • Contoured, Low Profile Ear Cups • NRR 23 dB. Grey ..... P/N 11-05248 ..... **$189.95**

3M™ PELTOR™ DIGITAL WORKTUNES

Worktunes is a self-contained AM/FM noise attenuating headset (NRR 26db) which provides hearing protection combined with an AM/FM radio to provide. Features include: • Easy finger tip controls • 5 preset stations • Volume limited to a safe 82 dB level • Gel/Foam cushions • MP3 cord included • Peltor™ stainless steel spring arm headband provides even pressure all day. • Wide, soft padded headband, flexible antenna. • Quick and easy tuning and volume adjustments P/N 11-01589 ..... **$81.75**

3M™ PELTOR™ EARMUFFS

The only muff that lets workers listen safely without removing their muffs. When workers lift their muffs, they lower their protection. Now Peltor™ puts safe listening at their fingertips. Just push the button on the PTL muff and speech & sounds "outside" the muff cup can be heard "inside"--clearly and safely. After 30 seconds, the muff automatically returns to its full protection with an NRR of up to 26 dB. Listen again? Just push again. It's that simple. P/N 11-04310 ..... **$37.95**

3M PELTOR MT SERIES HARD HAT MODEL HEADSET

Incorporating 3M Peltor`s technology in both earcup design and electronics makes this MT Series hard hat headset an ideal choice for clear, crisp 2-way communication in high-noise areas. Designed for hearing protection, durability, and comfort. *The NRR may overestimate the hearing protection provided during typical use. 3M recommends reducing the NRR by 50% for estimating the amount of noise reduction provided. Note: Push-to-talk adaptor required
Features: •Soft foam earcushions •Noise cancelling boom microphone Deep earcup design for all day comfort • Possible applications such as heavy equipment operators, airport workers, construction, manufacturing, agricultural, racing
Specifications: Material: Foam plastic metal • Noise Reduction Rating: 21 Decibel P/N 13-11586 ..... **$304.75**

AX-20 HEADSET

This headset helps to ensure four important goals of today's airline communications: • safety • reliability • health protection • convenience.

The hands of the pilot are completely free from any communication chores, thus ensuring full prompt response to all flight events. Thus, the headset contributes to flight safety. By being tightly, yet comfortably, positioned on the pilots head, above the ear, the headset allows to separate all important communications from cockpit noise, thus contributing to flight reliability. Noisy cockpits produce fatigue and stress on pilots. The headset nearly eliminates this problem, thus contributing to the pilots health protection. Comfort and conveniene are evident by a simple look at the headset. AX20 — straight cord up to 5 feet long . Stirrup pivot assembly, such that cups can provide universal fit; Comfortable, extra tick, headpad cushioning; — cushioned ear seals for the best possible noise attenuation and comfort; Shielded cable for near perfect E.M.I./R.F.I. protection; Corrosion-proof chrome plated steel; — parallel earphone wiring;— adjustable volume control; 150 to 10,000 ohms compatibility; Universal mike boom assembly for precise placement of microphone; High performance, noise cancelling microphone. P/N 17-00235.....**$131.95**

FLIGHTCOM VENTURE 70 PASSIVE FIXED WING HEADSET

This headset weighs a mere 17 ounces and comes with supple ComLeather ear seals and washable polar-fleece head pad for long-wearing comfort. Like other Flightcom™ Venture series headsets, the Venture 70 provides a 24dB NRR barrier against cockpit noise. Dual volume controls with stereo/mono switch optimize hearing. The powder-coated black headband and carbon fiber print ear domes look professional in any cockpit. A lightweight carrying case is included.

P/N 11-10581.....**$179.00**

FLIGHTCOM VENTURE 90 DUAL INPUT ANR HEADSET

Weighing in at 17 ounces with super-thick ComLeather ear seals and washable thick polar-fleece head pad, this headset is designed to maintain the comfort demanded by experienced pilots spending long hours in the left seat. With 24dB passive NRR and an additional 14-18dB ANR, noise won't prevent you from hearing radio traffic or using your MP3 and your Sat/Cell phone through the dual-input battery box. Auxiliary inputs are muted when communications are received. The Sure Power system shuts off ANR to preserve battery life when no audio is present longer than 15 minutes. A stereo/mono switch and dual volume controls optimize hearing. The chrome headband with carbon fiber print ear domes put this into a class of its own with the latest in style complemented with outstanding features and reliability. Includes a heavy-duty padded carrying case.

Helicopter..... P/N 11-10579.....**$269.00**

FLIGHTCOM VENTURE 50 DUAL INPUT ANR HEADSET

The 17 ounce weight, open-cell foam PVC ear seals, wide and comfortable air-pillow head pad, and shallow speaker design make a very comfortable headset. With 24dB passive NRR and an additional 14-18dB ANR, noise fatigue and clear communication shouldn't be an issue. A stereo/mono switch and dual volume controls optimize hearing. A powder-coated black headband complements the fresh look of onyx black ear domes. A lightweight carrying bag is included. P/N 11-10582.....**$299.00**

FLIGHTCOM VENTURE 90 DUAL INPUT ANR HEADSET

Weighing in at 17 ounces with super-thick ComLeather ear seals and washable thick polar-fleece head pad, this headset is designed to maintain the comfort demanded by experienced pilots spending long hours in the left seat. POWDER PUFF PINK HEADSETS

Pink Powder Puff Pilot headsets, available in PNR and ANR models, are built by a leading avionics manufacturer that specializes in FAA-qualified aviation headsets. Each Powder Puff Pilot headset is hand-made by skilled engineers, and built with an electret microphone and advanced special noise attenuation technology to provide a comfortable audio environment. Both models feature a flexible boom assembly that allows you to adjust the mic to a position that's just right for you. Powder Puff Pilot is so confident of the quality of our headsets, we offer a 3-year warranty on all headset parts and service. Another guarantee: the distinctive Powder Puff Pilot logo in pink on pink on the non-mic earcup is certain to keep flyboys' hands off your headset!
Operating Instructions: ANR, PNR. Specifications and Noise Attenuation Data: ANR, PNR . Warranty. Active Noise Reduction (ANR) or Passive Noise Reduction (PNR)? The ANR headset can isolate, offset, and cancel environmental noise. Compared with conventional (PNR) headsets, the ANR model reduces background noise to provide a quieter, more comfortable flight. Its noise-canceling circuitry increases comfort and decreases pilot fatigue, improving communication and safety. This ANR model accommodates both stereo and mono intercom systems.
The PNR model offers a more affordable option—especially suitable for student pilots and passengers—delivering a perfect combination of noise reduction, clear sound, and comfortable fit. PNR headsets obstruct annoying noise and amplify communication signals for crystal clear voice transmission.

Powder Puff ANR Headset	11-08095	**$285.95**
Powder Puff PNR Headset	11-08096	**$182.95**

ZETA™ / ZETA II™ HELMET LINERS

Visco-elastic foam sewn into cool, washable wear-resistant fabric. Eliminates top-of-head hot spots. Self-wicking fabric controls heat buildup by evaporative cooling of perspiration. Eliminates "bob and roll" when mounting external equipment. Lighter weight than other liners. Fitting only takes a few minutes. Testing shows these helmet liners reduce skin temperature 1.5°F compared to existing liner systems.
Both liners come in four thicknesses: 1/4", 3/8", 1/2" and 5/8". The most commonly used thickness is 3/8".

Visit our website for the Application, Installation, Cleaning Instructions, and Sizing Chart in pdf format.

SAFETYCELL HEADSET/ CELL PHONE ADAPTER

The Standard SafetyCell (pictured)utilizes sophisticated solid state circuitry to mix your cell phone and radio signals together and bring them into your headset where you can hear them clearly. It is small enough to fit in the corner of your flight bag and only weighs 6 oz. It does not require any batteries. It is compatible with any cellular telephone that accepts a hands free system (i.e. has a 2.5mm jack on the phone). Some phones do require an adapter to work properly. This unit works without batteries so you must have a VOX style intercom for it to work properly.
NOTE: This will only work in an extremely quiet environment; the Standard SafetyCell is not amplified.
The Amplified SafetyCell is similar to the Standard SafetyCell but power packed with features. It is our most popular model. The amplified SafetyCell filters your radio and cell phone signals, cleans them up and then amplifies your cell phone volume by as much as 600%, depending on your phone/headset combination. This is the unit you will want if your plane is on the noisy side or if you have "mature" ears. Must be plugged into your VOX mic jack to work properly. It can also be used with the optional battery pack for "out of the plane" use.
The Bose 6 Pin SafetyCell model is for those that have a built in Bose headset and do not use the Bose battery pack. This model is an amplified SafetyCell that is especially altered for the Bose headset circuitry. No batteries are required. The Bose 6 pin model fits between your headset and the panel to give you seamless intergration of your cell phone and radios. The standard Bose locking connectors are supplied.
The Helicopter SafetyCell amplifies the cell phone by an incredible 12db and uses the standard military (NATO Style) single plug interface. This is the loudest SafetyCell we make!

11-05377	Mobile Telephone Lead *	Connects a mobile telephone to an Audio Adapter.	$54.50
11-05379	Power Supply Lead	Connects aircraft battery to Power Interface.	$54.50
11-05380	Power Supply Filter	Used to filter aircraft power supply.	$116.95
11-05381	Large Power Filter	Used with very noisy power supply.	$58.75
11-05382	Radio Power Filter	Used to prevent feed-back with Icom A2/A20 Radios.	$90.25
11-05383	Radio Power Adapter 11V13	Used to connect Icom A6/A24 radios to a Power Interface.	$114.95
11-05384	VHF Antenna -Short Flexible	Antenna for use with airband radios.	$93.00
11-05385	VHF Antenna -1/4 Wave Whip	Antenna for use with airband radios.	$100.00
11-05386	Antenna Extension Lead	Five metre extension for antenna.	$45.50
11-05387	Adapter LA-25	Used to connect Cobra FRS and GMRS radios.	$25.00
11-05388	Adapter LA-30	Used to connect Yaesu VXA 100 radios.	$25.00
11-05389	Adapter LA-44	Used to connect Yaesu VXA 100/120/150/200/210/220 radios.	$80.00
11-05390	Adapter CT-44	Used to connect Icom A5/A6/A23/A24 radios.	$47.50
11-05391	Adapter CT-91	Used to connect Vertex Stadard radios.	$46.00
11-05392	Adapter CT-96	Used to connect Yaesu VXA 300/700 radios.	$46.00
11-05393	Power Lead Adapters	Used to connect various radios to a Power Interface.	$44.75

Please specify the make and model that will be used with this product.

LYNX PILOT SYSTEM

The Pilot System is a range of headsets and helmets for use in light aircraft and helicopters. The main advantage of these products are that they provide an integrated headset and helmet system for use in aircraft which have standard twin jack intercom equipment already installed.

Part No.	System Equipment	Description	Price
11-05394	Pilot System Headset + Lead	Standard general aviation headset.	$446.95
11-05395	Twin Jack Headset Lead	Interchangeable lead for Pilot headset.	$71.75
11-05396	US NATO Headset Lead	Interchangeable lead for Pilot headset.	$97.50
11-05397	UK NATO (Euro) Headset Lead	Interchangeable lead for Pilot headset.	$78.25

NOTE: Pilot System uses the same helmet, helmet visor, visor extension, leather helmet, helmet goggles, helmet bag, headset bag, and double helmet bag as the Micro System. Order part numbers as shown for Micro System Components.

LYNX RELAI SYSTEM

The relai System is a range of headsets and helmets for direct connection to hand-portable radios. This equipment also provides the facility to use a helmet with the headset and is used mainly by pilots of single seat aircraft, Paramotor pilots and airport ground crew.

Please specify the make and model of radio that will be used with the Relai System Headset.

Part No.	Description	Price
11-05398	Relai System Headset + Radio Module.	$441.95
11-05400	Lynx Avionics Relai System headsets to be used with the following radios: Alinco, Cobra, Delcom, Icom A2/A20/ A21,JRC,Maxon,Motorola,Radio Shack, Yaesu FT-23R,YAESU 2000	$15.00
11-05401	Lynx Avionics Relai System headsets to be used with the following radios: ICOM A3/A4/A6/A22/A24 ICOM A5/A23	$40.00
11-05402	Allows Lynx Avionics Relai System headsets to be used with the following radios:ICOM A3/A4/A6/A22/A24/ ICOM A5/A23	$15.00

NOTE: Relai System uses the same helmet, helmet visor, visor extension, leather helmet, helmet goggles, helmet bag, headset bag, and double helmet bag as the Micro System. Order part numbers as shown for Micro System Components.

LYNX ACCESSORIES

Part No.	Spare Parts	Description	Price

PUSH-TO-TALK - LEATHER HELMETS

PUSH-TO-TALK SWITCHES

TELEX PT-300 PUSH-TO-TALK SWITCH - Attaches to any control wheel. Simple installation, no tools required. Simply wrap hook and pile strap around control wheel. Provides instant communications when used with any headset or Telex flexible boom mike. With 6 ft. coiled cord, jack and plug. P/N PT-300 ..... **$54.50**

ECONOMY PUSH-TO-TALK SWITCH - Similar to PT-300, this top quality switch is offered at considerable savings. Features gold contacts for durability. Fully guaranteed.
P/N 11-12100..... **$13.75**

DAVID CLARK C10-15 PORTABLE PUSH-TO-TALK SWITCH - Compatible with all general aviation headsets, recommended for use with David Clark. Dual plunger switch assures positive contact. High quality features are incorporated in every aspect of this switch.
P/N C10-15 ..... **$67.75**

PTT-400 PORTABLE PUSH-TO-TALK SWITCH - Designed so that the pilot may push downward to invoke the radio transmit function, instead of the traditional "sideways activation" of typical strap-on PTTs. Secures to the top of the vertical handle of the contol yoke with provided velcro tape. Housed at the top of a thin, 1/2" dia. cylindrical enclosure, the soft-touch red push button is rated for 50,000 failure-free operations. 5ft. coiled cable terminates with standard plug & jack. Fast and easy plug-in installation, in virtually any aircaft. P/N 11-02072 ..... **$33.80**

SIGTRONICS PUSH-TO-TALK SWITCH - This versatile yoke mounted switch features a sealed aluminum alloy case and mounts in a .380" diameter hole. Button is red thermoplastic.
P/N 11-02926 ..... **$21.75**

NAV-DATA PUSH-TO-TALK SWITCH - Finally, an affordable Push-to-talk switch. Heavy duty construction. With dual internal contacts. Also equiped with a strap to attach to any yoke control.
P/N 13-06089..... **$24.95**

PROFLIGHT PTT SWITCH - Quality, affordable Push-to-Talk switch by ProFlight.
P/N 13-10444..... **$18.95**

MICROPHONES

TELEX 66T TRANSISTORIZED MICROPHONE - Dynamic, noise-cancelling, hand-held mic. Built-in amplifier is adjustable for full transmitter output. Meets specifications for aircraft and mobile applications. Impedance 50-600Ω. Wt: 9oz. Complete with 5 ft. coiled cord and hanger bracket. Also available with right-angle plug - specify model 66TRA.
P/N 66T..... **$141.95**
Right angle plug ..... P/N 66TRA..... **$139.50**

TELEX 100TRA DYNAMIC MICROPHONE - Dynamic, noise-cancelling, amplified, handheld mike. Push-to-talk switch is in front. Handsome beige and black with walnut grain trim. Impedance 50-600Ω. Wt. 9 oz. Includes 5ft. coiled cord with right-angle plug and hanger bracket.
P/N 100TRA..... **$122.95**

TELEX 38T ELECTRET MICROPHONE - A state-of-the-art high quality noise cancelling microphone designed as a direct replacement for the RS-38 series microphones. Hanger bracket not included. P/N 38T **$145.95**

TELEX 500T ELECTRET MICROPHONE - Amplified hand-held electret mike features outstanding noise cancellation. Impedance 50-600 Ω (ohms). Weight: 6.5oz. Complete with 5ft. coiled cord, plug and hanger bracket. P/N 500T..... **$169.00**

DAVID CLARK M-1/DC AMPLIFIED DYNAMIC HEADSET MIC - The M-1/DC Amplified Dynamic headset microphone is a noise canceling type designed to operate in place of carbon and amplified dynamic microphones.
P/N 11-09230..... **$71.75**

DAVID CLARK M-1A AMPLIFIED DYNAMIC HEADSET MIC - The M-1Amplified Dynamic headset microphone is a noise canceling type designed to operate in place of carbon and amplified dynamic mics.
P/N 11-09225..... **$67.85**

HEADSET MICROPHONE A1060 BLACK - Proper shielding improves noise immunity in aircraft with heated windshields, power inverters, and other sources of electrical noise. Fits all C40 Model Headsets (David Clark, Softcomm, Telex, etc.)
A1060 fits all C40 Models ..... P/N 11-04838..... **$28.75**
Microphone windscreen covers all headsets . P/N 11-04840..... **$1.85**

PILOT BLUETOOTH IPOD & IPHONE DONGLE

Use with an iPod or iPhone to stream music to up 2 different BlueLink Adapter at the same time. Features: Bluetooth 2.1 + EDR, compatible with Bluetooth receivers, Made-for-ipod and works-with-iPhone Bluetooth Transmitter, Multi-stream stereo music streaming capability, Tiny size, smaller than other Bluetooth Transmitters for iPods, iPhones, Bluetooth 2.1 + EDR, compatible with Bluetooth receivers ..... P/N 11-09254 .....**$59.99**

AVCOMM CELL PHONE ADAPTER

Connect your headset to your cell phone using Avcomm's cell phone adaptor. Allows you to have conversations on your cell phone through your headset. Gold plated plug for improved conductivity. For GA dual headsets.
P/N 11-09340 .....**$89.95**

LYNX BLUETOOTH ADAPTOR

This bluetooth adaptor allows wireless telephone connections to Lynx equipment. It can be used with an audio adaptor or any interface from the latest range of portable radio equipment. All handsfree functions can be controlled from the adaptor. When used with radio equipment, it supports the radio priority audio mute function and any bluetooth audio is automatically reduced in volume during radio reception. In addition, to further simplify use in an aircraft, the adaptor will automatically answer telephone calls after three rings.
Features:

- Rechargeable (USB), providing a minimum of eight hours talk time and three hundred hours standby time from each charge
- Plug-in connection lead
- Built-in belt clip, may be mounted for convenience using velcro.

P/N 11-09457.....**$99.00**

LYNX BLUETOOTH AUDIO ADAPTER

The Bluetooth Audio Adapter allows wireless connections to a Lynx Micro System headset and can also be used with two separate audio or telephone leads. The adapter is powered from the headset. or from a Radio/Power Interface, and does not require charging. Once paired with a telephone, all of the main handsfree functions can be controlled from the adapter, including: voice dialling. call transfer. call reject and last number redial. The adapter can also be used with audio players to make a wireless music connection. The adapter can be used with Lynx Audio Input/ Output Leads, Audio Output Leads or Mobile Telephone Leads. The leads may be used in any combination. When used with the appropriate lead, the adapter allows the connection of mobile telephones, music players and sound and video recording equipment. For connection to recording devices. the adapter provides output at 'Microphone Level' (with Audio input/Output Lead) or 'Line Level' (with Audio Output Lead). The adapter is particularly useful for adding audio devices to an existing system or to increase the number of audio connections in general. The adapter is backwards compatible with all Lynx Micro System products.
P/N 11-10446.....**$449.00**

AV

HEADSET ADAPTERS

CELL PHONE HEADSET ADAPTERS

Our cell phone headset adapters connect your cell phone to the headset and intercom system in your aircraft. The pilot can use the cell phone while ATC communications remain the priority at all times. These adapters enable you to close flight plans or get IFR clearances from the aircraft, contact FBOs or other services from the aircraft, or call anyone you wish. Will not work with Nokia 8000 series phones.

Universal adapter.....P/N 11-02230 .....**$109.95**
Bose adapter.....P/N 11-02231 .....**$122.95**
Helicopter adapter.....P/N 11-02232 .....**$146.95**

PILOT USA SMARTPHONE DIGITAL AUDIO ADAPTER

General Aviation Digital Audio Recorder Adapter: This product allows you to interface your Digital Audio/Video Recorder with the aircraft intercom system.

Great for creating your own aerial videos without excess cabin noise. Works with devices that use a 3.5mm Stereo External Mic Input like GoPro HD Video Cameras and Digital Voice Recorders. P/N 11-10531 ..... **$49.95**

ANR HEADSET RETROFIT KIT

The ANR Adapter is a product that will transform a current aviation headset into a high-tech active noise reduction unit. The ANR Adapter comes as a kit and includes a pair of inserts that fit more than 20 different headset models. Installation requires fitting the inserts, drilling a small hole in one earcup for the power receptacle, and soldering the original cable leads to the kit replacement parts. (uses two 9-volt batteries). IMPORTANT: It is mandatory that you use “silicone gel” type earseals. The original earseals (dry or liquid filled) are not as airtight as gel seals, and in addition do not dampen sound and vibration as effectively. The result is that the ANR units will greatly underperform (20-50%) and will be more likely to malfunction.

David Clark type..... P/N 11-11955..... **$159.50**
Peltor..... P/N 11-11956..... **$179.00**

AMP CABLE (AUDIO+MIC+POWER)

A standard ANR upgrade kit comes with a 6’ long addon power cable which tie-wraps to your original audio cable, and it requires that you drill a 1/4” hole in the left earcup (next to where the main cable enters the cup). The AMP cable replaces your original cable and has the DC power wires, audio wires and mic wires all in 1 cable. The result is more esthetically pleasing and no additional hole is required in the left earcup.

P/N 11-03012.....**$29.95**

LYNX AVIONICS HEADSET CONVERTERS

- Connects twin jack headset or helmet
- Works with speakers from 8 to 600 Ohms
- Accepts dynamic, electret or carbon microphones
- ANR power to microphone jack tip
- Headset volume control
- Maintains selective PTT operation and muting
- Water resistant bayonet locking connector
- Supplied with fixing kit

Lynx Single Jack Headset Converter..... P/N 11-09307 ....**$220.95**
Lynx US NATO Jack Headset Converter..... P/N 11-09308 ....**$221.95**
Lynx UK NATO Jack Headset Converter..... P/N 11-09309 ....**$220.95**

PATCHCORD COCKPIT VOICE RECORDER

PatchCord has electronic circuitry specifically designed to enable direct hook-up between a 600Ω headphone jack and the mic jack of tape recorders and / or most video cameras. The PatchCord has been designed to enable you to record on any tape recorder or video camera, both sides of all your radio communications and all mic equipped persons in the aircraft when used with intercom. If not equipped with intercom, PatchCord enables you to record both sides of all your radio communications if aircraft radio has sidetone. The most advantageous way to use PatchCord is with the intercom and voice actuated tape recorder. Student Pilots: • Great learning aid • Playback of previously recorded tape enables students to review the entire flight lesson, whether it be ATC clearances or flight instruction • Great study aid for the FAA written test • Save recorded tapes of flight lessons as a momento of your student pilot experiences. Other Pilots: • Assists in studying for additional FAA ratings • Back up your memory and your notations by recording your IFR clearances • Record in-flight ATIS and weather reports, enabling you to play back and review in detail that part of briefing you need to know • Use tapes to improve your radio proficiency • Have your own tapes if you have a problem with ATC. P/N 13-01456 .....**$34.75**

THE MUSE PERSONAL MUSIC DEVICE

PS Engineering, Inc’s The Muse®, as simple and low cost way of interfacing your favorite entertainment device into your aviation headset. The Muse® is a miniature Personal Music Device (PMD) that allows connection of an entertainment source directly to your headset without complicated wiring or permanent installation--no rocket science here. About the size of a 9-Volt battery, The Muse® mates with stereo or mono headsets and has no effect on radio transmissions or intercom functions.

P/N 11-09045..... **$349.95**

AVIATION HEADSET PORTABLE MUSIC ADAPTER

The PSA0017C addresses the problem of attempting to use an aviation headset to listen to a portable music device while connected to the aircraft intercom. The PSA0017C resolves both of these issues easily. Implementation of dual low-noise amplifier stages cleanly boosts music signals to levels expected by general aviation headsets, while providing enough power to clearly hear the entire range of audio frequencies without distortion. Active auto mute silences the music whenever activity is detected on the intercom, thus ensuring that intercom activity and ATC communication is never missed. The included 9 volt battery provides 25-30 hours of useful battery life. The low battery indicator provides advance indication of battery expiration. P/N 11-06246..... **$99.95**

AIRCRAFT INTERCOM RECORDING CABLE

The IRC0014 series intercom recording cables addresses the problem of attempting to use a standard microphone interface to record a signal intended to drive a 600 ohm aviation headset. The integrated electronic circuitry steps the signal down to levels expected by the recording device, preventing oversaturation of the recording device and thereby eliminating any distortion. Additional protection is provided via AC coupling, ensuring that only the audio signal is passed while DC power remains isolated to the respective equipment. At low levels, DC power interference can reveal itself as a high-pitched squeal in the recorded audio. If enough voltage is present, irreparable equipment damage can occur. P/N 11-06247..... **$29.95**

IPOD / MP3 MUSIC ADAPTER

This adapter works with your existing intercom by pumping your music into any available mic jack, allowing it to be distributed through the intercom to everyone wearing a headset. Plug one end into the aircraft's mic jack and the other into your media player's headphone jack. * Compatible with ipod, iphone, mp3, CD, laptops, and most other portable media players * Music in your headset without costly upgrades * Listen to music through the aircraft’s speaker during pre-flight * Plugs into standard mic jack * Just Plug and Play! No more wearing uncomfortable in-ear headphones under your aviation headset. No need for an expensive new intercom or new headset. This will work in any intercom system with an available mic jack. Maintain the comfort and quiet of you current headset; just add your favorite music! Also works great in many airliners. P/N 11-07541.....**$19.95**

HEADSET CUSHION

For headsets with single 5/8” wide headband springs (Aviall, David Clark, etc.) and Telex ProAir 2000E and ANR-type headsets. Eliminates top-of-the-head pressure.

P/N 11-02858..... **$11.60**

HEADSET ACCESSORIES

HEADSET & HELMET ACCESSORIES BY OREGON AERO

Individual Oregon Aero® Upgrade components are available for the Headset & Helmet models listed.

OREGON AERO® SOFTTOP® HEADSET CUSHIONS - Eliminates top-of-head pressure. 100% plush sheepskin wool. Keeps head cool or warm. Moisture-proof, self-wicking action. Flexible leather backing. Customized mount of either rubber extrusion or nylon with hook/loop wrap.

10006 SoftTop® Headset Cushion for David Clark and David Clark Clones ..... P/N 11-10905 ... **$31.00**
10006D SoftTop® Headset Cushion with D ring for David Clark and David Clark Clones..... P/N 11-10906 ... **$30.85**
10020 SoftTop® Headset Cushion for Bose® Aviation Headset X™* and Bose® A20™..... P/N 11-08679 ... **$29.95**
10016 SoftTop® Headset Cushion for FlightCom Denali, LightSpeed QFR, Sennheiser 100/300, Telex Air 3000,3100,3500,4000,4100,4105,ANR 150, Echelon 100/150, ANR1-D,MRB-600 ... P/N 11-10915 .... **$31.00**
10017 SoftTop® Headset Cushion for Peltor 7000 series P/N 11-10903 ... **$31.00**

OREGON AERO® SOFTSEAL® EAR CUSHIONS - Conform to your head. 200-300% more volume for total comfort. Smooth, soft, washable synthetic leather cover over temperature and pressure sensitive visco-elastic foam core. Great with eyewear or earrings. Eliminate ear pressure. Attach with flange, adhesive ring or snap-on mount, depending on headset type.

20005 SoftSeal® Ear Cushions (1 1/8") for David Clark and David Clark Clones..... P/N 11-10917 ... **$49.95**
20034 SoftSeal® Ear Cushions for ANR David Clark and David Clark Clones other than X11 ..... P/N 11-10920 ... **$49.95**
20007 SoftSeal® Ear Cushions for Bose® Aviation Headset X™* and Bose® A20™..... P/N 11-08680 ... **$49.95**
20020 SoftSeal® Ear Cushions for Peltor 7000 Series, LYNX, and Sennheiser HMEC 200/222 Headsets ..... P/N 11-10921 ... **$56.75**
20002 SoftSeal® Ear Cushions (¾") for SPH-4B®*, SPH-5®* P/N 11-10928 ... **$49.95**
20050 SoftSeal® Ear Cushions (¾") For Plastic Ear Cups In SPH-4®* and HGU (Sonex) Helmets ..... P/N 11-08681 ... **$49.95**

OREGON AERO® SOFTSKIN® EAR SEAL COVERS - Keep your ears even drier and cooler and add to product life by slipping SoftSkin® Ear Seal Covers over SoftSeal® Ear Cushions. Self-wicking reduces perspiration buildup. Especially helpful in hot, humid climates. They fit loose, not tight like a drum (this is important because tight cloth covers produce pressure on the ear, causing pain).

29118 SoftSkin® Ear Seal Covers (1 1/8") for David Clark and David Clark Clones P/N 11-10930 ... **$10.95**
29034 SoftSkin® Ear Seal Covers for 3/4" SoftSeal® Ear Cushions P/N 11-10929 ... **$11.00**

OREGON AERO® HUSHKIT® PASSIVE EAR CUP NOISE ATTENUATION KIT - Testing shows the HushKit® Passive Ear Cup Noise Attenuation Kit performs better than ANR headsets in the 700-7000Hz mid-range where hearing loss Dramatically improves noise attenuation and intelligibility.

92005 HushKit® Passive Ear Cup Noise Attenuation Kit for David Clark and David Clark Clones P/N 11-10934 ... **$29.95**
92056 HushKit® Passive Ear Cup Noise Attenuation Kit for HGU-56 Helmets P/N 11-06312 ... **$29.95**
92050 HushKit® Passive Ear Cup Noise Attenuation Kit for SPH-4®, SPH-4B® , SPH-5® or HGU (Sonex) helmets. P/N 11-06311 ... **$29.95**

OREGON AERO® SOFTSEAL/HUSHKIT® COMBO - An ear seal and insulation kit in one — one giant shock absorber. Replaces triangular leather earpad or upgrades plastic Ear Cup. Eliminates pain.

28734 SoftSeal/HushKit® Combo for Telex 750 and 850 (¾" thick) P/N 11-10918 ... **$55.25**
28034 SoftSeal/HushKit® Combo for HGU Civilian Helmets (¾" thick) P/N 11-08682 ... **$79.95**
28118 SoftSeal/HushKit® Combo for HGU Civilian Helmets (1 1/8" thick) P/N 11-08684 ... **$79.95**

HEADSET MICMUFF™ MICROPHONE COVERS

Eliminates cockpit noise from radios and intercom. Greatly improves intelligibility. MicMuff™ functions as an acoustic baffle and must be used on all headsets installed in the communications system. Adaptable to all mics, electret or dynamic. Doesn't blow away.

Amplified Dynamic MicMuff Mic Cover ..... P/N 11-10937 ... **$13.95**
Electret MicMuff Mic Cover ..... P/N 11-10938 ... **$13.95**
Military Dynamic (M-87) MicMuff Mic Cover ..... P/N 11-10939 ... **$13.95**

EVERY HEADSET MICROPHONE USED IN AN INTERCOM SYSTEM MUST HAVE THE MICMUFF INSTALLED IN ORDER FOR THE MICMUFF TO BE EFFECTIVE! THE ONLY EXCEPTION IS PUSH-TO-TALK INTERCOM SYSTEMS.

OREGON AERO® COMPLETE HEADSET UPGRADE KITS

J-HOOK HEADSET HANGER

The J-Hook Aviation Headset Hanger is designed to be installed on one of the tube crossmembers in the cockpit of aircraft with exposed tubing upon which to hang your headsets when not in flight. These types of aircraft include Huskies, Cubs, Citabrias, etc. Machined from 6061-T6 aluminum with stainless steel hardware for a lifetime of service. Mounts on 3/4" or 7/8" tubing

J-Hook Headset Hanger 3/4"..... P/N 11-02409 ..... **$39.85**
J-Hook Headset Hanger 7/8"..... P/N 11-02410 ..... **$39.85**

HEADSET HANGER

• Hang your headset out of the way in a handy fold down bracket. • Secure headset with hold down hook & loop strap. • Headset Hanger - folds neatly out of the way when not in use. • Strong extruded aluminum - black finish • Mount with 2 screws • Made in USA..P/N 11-08615 ..... **$34.85**

UNIVERSAL AVIATION HEADSET HANGAR

No longer will you have to throw your expensive headset on the glare shield, the seat, or hang it on the control wheels. This easy to install device gets the headset up and out of the way so that it is easier to get into and out of the cockpit without fighting loose headsets. It also protects the headset by getting it up and out of the way. P/N 11-09312 ..... **$18.95**

SILICONE GEL EAR SEALS

Gel ear seals conform to the shape of your head, resulting in an airtight fit which is required for proper anr performance. If your earseals are the older dry foam or liquid filled they must be replaced. P/N 11-03011..... **$21.50**

COMLINKPRO ANGEL HEADSET INTERFACE

Quickly being able to call ATC or flight service provides a backup in the event of a radio failure. Stay in touch with family and loved ones to let them know your status. Control your Bluetooth® enabled MP3 player and cell phone though the easy to use interface. Delivers the highest quality audio possible to all general aviation headsets. With a backlit screen and keypad the E6B and flight timers are easy to use in any light condition. Free downloads for new flight tools and functions. Integrated E6B Flight Computer. Wired port for cell and Satellite phones that don't have Bluetooth Input port allows GPS, XM music or any source to be used. Caller ID, direct dial, and redial functions. Voice dial feature with one touch. Download phonebook and call list entries and dial direct. Stream Bluetooth® music and control with advanced control panel. Output port allows recording of ATC or narrate to a video camera. Automatic cut-out with radio / ATC transmissions. Ambient light sensor for day/night auto-dimming. Fuel timer keeps track of tank changes for you. 3 stopwatches let you keep track of time. Approach timer with two sets of approaches. Generates power required to operate most ANR headphones. Convenient and quick access with the included knee strap.

MIC / PHONE JACK MOUNTING BRACKET

Mic & Phone Jack Bracket 90 degree under the dash. Also for switches, fuses etc. . A sturdy and attractive mount, sides are formed to hide wires, .063 thick heat-treated aluminum. Black wrinkle powder coat finish. Five styles to choose from for most any installation. Easily installed.

MIC OR PHONE JACK MOUNT 1 HOLE - 1) Hole for either Mic or Phone Mounting Bracket Dimensions- 1.5w x 1.5h x 1.0 deep. Black wrinkle powder coat finish.
P/N 11-01170 .....**$11.50**

MIC OR PHONE JACK MOUNT 2 HOLE - (2) Hole Mic & Phone Mounting Bracket Dimensions- 2.3w x 1.5h x 1.0 deep. Black wrinkle powder coat finish
P/N 11-01180.....**$12.95**

MIC OR PHONE JACK MOUNT VERTICAL 4 HOLE - Bracket- (4) Hole Vertical for Mic & Phone Dimensions- 2.3w x 2.5h x 1.0 deep.
P/N 11-01190.....**$12.50**

MIC OR PHONE JACK MOUNT HORIZONTAL 4 HOLE - Bracket- (4) hole horizontal for either Mic or Phone Dimensions- 4.5w x 1.5h x 1.0 deep.
P/N 11-01942.....**$13.95**

PLUGS & PANEL JACKS

PLUGS - Made to specification MIL-P-642A. Molded, cord mounting type. Screw-on shell.

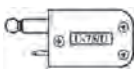
Headphone Stereo Plug 3-Circuit SWC 260 Takes SWL-12B mating jack P/N 11-08308.....**$9.95**
Headphone Mono Plug, 2-Circuit PJ-055B Takes JJ-034 mating jack P/N 11-04065.....**$8.95**
Microphone Plug, 3-Circuit PJ-068 Takes JJ-033 mating jack P/N 11-03918.....**$16.75**

PANEL JACKS -Made to specification MIL-J-541. Contact springs are of special alloys for long life. Insulation is high dielectric strength phenolic. Tinned terminal lugs for easy soldering. Short frame. Mounts by 3/8-32 threaded bushing and nut. Open circuit until plug inserted.

Stereo Headphone Jack, 3-Circuit SWC-12B P/N 11-04936.....**$2.55**
Mono Headphone Jack, 2-Circuit JJ-034..... P/N 11-03907.....**$3.65**
Microphone Jack, 3-Circuit JJ-033..... P/N 11-05995.....**$5.25**
Insulated Flat Washer (SWC S1028) Tan..... P/N 04-00975....**$0.29 ea.**
Insulated Flat Washer (SWC S1029) Black... P/N 04-00976 ...**$0.66 ea.**
Mini Stereo Jack 1/8" diameter ..... P/N 11-09332 .....**$3.85**
Mini Stereo Plug 1/8" diameter..... P/N 11-09333 .....**$7.45**

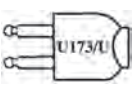
U-61/U JACK – (MIL-C22442/4-1) (NSN 5935-00-689-6052) Mates with U-75/U. P/N 11-00696 ..... **$47.00**

U-172/U MICROPHONE JACK –(NSN 5935-00-665-7599), Mates w/U-173/U, PJ-292, or MP-101. 2-conductor jack w/nickel-plated beryllium copper contacts assembled into nylon body.P/N 11-00697 ..... **$5.50**



U-75/U PLUG – (MIL-C-22442/5-1) Mates with U-61/U. P/N 11-00698 ..... **$46.75**

4-CONDUCTOR PLUG – (TP-120, U-174/U, U-93A/U, MIL-C9177/1B) (NSN 5935-00-642-0626) Mates with U-92/U, TJ-120 & TJ-102. Jack, and TJ-101 Jack. 1-piece nickel plated brass contacts are integrally molded into plastic body. P/N 11-00699 ..... **$13.50**



2-PIN MICROPHONE PLUG - (U-173/U, MP-101) (NSN 5935-00-888-5351) Mates with U-172/U, U-179/U, MP-101, & JJ-055. Nickel-plated beryllium copper contacts assemble into nylon body.
P/N 11-00701 ..... **$5.50**

.206" COMMERCIAL MIC PLUG – (S-267) (PJ-068) Mates w/JJ-033, S-12B, CES830. Black plastic handle with .206" dia. chrome plug. 3 conductors. solder plug and cable clamp. P/N 11-00702 ..... **$6.95**

.25" COMMERCIAL MONO PHONE PLUG – (S-250) Mono (PJ055B) Mates w/JJ-034, CE80. Black plastic handle w/ .25" dia. chrome plug. 2 conductors. solder plug & cable clamp. P/N 11-00703 ..... **$2.45**

.25" COMMERCIAL STEREO PHONE PLUG – (S-250; PJ055B) Mates with JJ-034 or CE80. Black plastic handle with .25" dia. chrome plug. 3 conductor. solder plug & cable clamp. P/N 11-00704 ..... **$2.25**

1/8" STEREO PLUG (3.5MM)– Black plastic handle w/ solder terminals & cable clamp.
P/N 11-00705 ..... **$2.25**

U174/U PLUG TP-101 - Mates with NEXUS Series TJ-120and TJ-102 jacks and jack TJ-101. One piece monel contacts integrally molded into glass filled nylon plastic. P/N 11-09335 ..... **$36.75**

FRONT MOUNT JACK TJT-120 - Mates with NEXUS Series TP-120 plugs and plugs TP-101 and TP-102. Same material and construction as the TJ-120. Jack housing is threaded for front mounting by screwing into threaded mounting hole or by inserting into front of panel and securing with nut and lockwasher from behind. P/N 11-09334 ..... **$10.50**

AV

HEADSET ADAPTERS AND EXTENSIONS

HEADSET EXTENSIONS

HEADPHONE EXTENSION – This heavy duty extension allows a .25" phone jack to be extended by 5ft. Great for customizing an aircraft with rear passenger headphone (listen only) capabilities.
P/N 11-10620 ..... **$22.75**

HEADSET EXTENSION – This heavy duty extension allows a general aviation headset using PJ-068 & PJ-055B or equivalent plugs to be extended by 5ft. Ideal when aircraft radio or intercom does not allow headset cords to reach comfortably. P/N 11-10640 ..... **$47.75**

MICROPHONE EXTENSION – This heavy duty extension allows a .206" mic jack to be extended by 5ft. Great for customizing an aircraft with rear passenger microphone jacks.
P/N 11-10625 ..... **$20.95**

HELICOPTER HEADSET EXTENSION – Extends a headset that uses a U-174/U, U-93A/U or equivalent plug. 5 ft. in length. P/N 11-00688 ..... **$48.95**

U-75/U EXTENSION – Extends a headset which uses U-75/U plug 5 ft. in length.
P/N 11-00689 ..... **$104.95**

"Y" ADAPTERS

DUAL HEADSET Y ADAPTER – This heavy duty adapter converts one .25" phone jack into two. Perfect for those who want to connect two headphones to one a/c radio headphone jack. Can be used with stereo or mono headphones and jacks. Length: 2 ft. P/N 11-10610 ..... **$27.90**

DOUBLE HEADSET Y ADAPTER – This heavy duty adapter converts one set of a/c radio panel jacks, (.206" mic and .25" phone) into two sets. Can be used with any general aviation headset using PJ-068 & PJ-055B or equivalent plugs.
P/N 11-10635 ..... **$58.25**

DUAL MICROPHONE Y ADAPTER – This heavy duty adapter converts one .206" aircraft radio microphone jack into two. Perfect for those who want to add another push-to-talk position to the radio. Length: 2 ft. P/N 11-10615 ..... **$29.95**

TRIPLE HEADSET ADAPTER – This high quality adapter converts a set of radio or intercom mic and phone jacks into 3 sets. Sets are one, three and five feet respectively. Great for adding a pair of headset to the back of the aircraft without requiring major installation. P/N 11-00680 ..... **$79.95**

DUAL HELICOPTER Y HEADSET ADAPTER – This adapter allow a single helicopter radio or intercom jack (TJ-120, TJT-120, TJT-102) to be used by two headsets. Length: 1 ft. Great for adding an additional space for headset without costly installation. P/N 11-00681 ..... **$59.95**

DIGITAL AUDIO RECORDER ADAPTER FOR GA HEADSETS - This adapter allows you to interface your video recorder with the aircraft intercom system. Great for creating your own aerial videos without excess cabin noise. Can also be used to listen to music etc. by plugging into something like an iPod or MP3 player.
P/N 11-10486 ..... **$34.95**

24 CONDUCTOR COIL CORD - This coil cord incorporates 24 individual 22-gauge wires, which is the minimum gauge required to connect typical PTT, Autopilot Disconnect, Map Light, Trim and other control wheel-mounted switches. The coiled section of the cord has a retracted length of 6 inches and a generous 18 inches of free length on either end, allowing electrical components to be connected without splicing additional wire.
P/N 11-09937 ..... **$249.00**

THREE-WAY SPLITTER WITH USB OUTPUT

Three-way splitter with USB output. USB charger output to 5V/500ma. Triple socket with 12V output. A fuse is included. DC 12V using only.
P/N 11-09741 ..... **$14.75**

AIRCRAFT/HELICOPTER CONVERSION ADAPTERS

.206" JACK Y ADAPTER – This adapter converts a headset with a single .206" plug into one with 2 (standard .206 mic & .25" phone plugs). Length: 9". P/N 11-00682 ..... **$32.75**

.25" JACK Y ADAPTER – This adapter converts a headset with a single .25" plug into 1 with 2 (standard .206" mic & .25" phone plugs). Length: 9".
P/N 11-00683 ..... **$31.50**

.206" PLUG Y ADAPTER – This adapter converts a headset w/ dual .206 mic & .25" phone plugs into one plug (.206') headset. Length: 9". P/N 11-00684 ..... **$33.75**

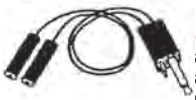
.25" PLUG Y ADAPTER – This adapter converts a headset w/ dual .206 mic & .25" phone plugs into one plug (.25") headset. Length: 9".
P/N 11-00685 ..... **$29.95**

STANDARD (MIC/PHONE) TO HELICOPTER ADAPTER – This adapter converts a G.A. headset that has both mic and phone plug into one that uses a helicopter (U-174U, U-93A/U or equiv.) plug. Length: 9". P/N 11-10630 ..... **$37.95**

HELICOPTER TO STANDARD (MIC/PHONE) ADAPTER – This adapter converts a helicopter (U-174U or U-93A/U) headset that has one plug into a G.A. headset that has both mic and phone plug. Length: 9". P/N 11-10650 ..... **$35.85**

HELICOPTER ADAPTER – This adapter converts a U-75/U plug to a U-93A/U plug. Length: 5".
P/N 11-00686 ..... **$76.75**

U-75/U HEADSET CONVERTER ADAPTER – This adapter converts a headset which has a U-174/U, U-93A/U or equivalent type plug into one which uses a U-75/U plug. Length: 9".
P/N 11-00687 ..... **$76.75**



U-75/U HEADSET CONVERTER ADAPTER – This adapter converts a headset which has a .206" mic and .25" phone plug into one which uses a U-75/U plug. Length: 9". P/N 11-00690 ..... **$77.75**

U-75/U TO STANDARD PLUGS CONVERTER – This adapter converts a headset which has a U-75/U or equivalent plug into a standard .206" mic & .25" phone plug. Length: 9".
P/N 11-00691 ..... **$76.75**

TRIPLE HELICOPTER ADAPTER W/7'CABLE

TJT-120 & TJT-102 type Jacks) This adapter allows for 3 headsets to share one 4 conductor panel mount in jack. Backing of converter box comes with commercial grade Velcro adhesive tape for easy attachment to any surface. P/N 11-02752 ..... **$128.95**

.25" HEADSET PLUG REDUCER

This adapter reduces a single .25 headset plug to a single .206 headset plug. 5" in length.(JB-34)
P/N 11-02748 ..... **$20.50**

.206 MICROPHONE PLUG REDUCER

This adapter reduces a single .206 microphone plug to a 3.5mm mini plug. 5" in length.(JB-35)
P/N 11-02749 ..... **$23.75**

HEADSET TAPE RECORDER ADAPTER

This adapter allows you to record conversations through your headset into a portable tape recorder.
(JB-40) ..... P/N 11-02750 **$15.75**

SPECIALTY ADAPTERS/ IMPEDANCE CONVERTERS

VIDEO RECORDER ADAPTER GA/HELICOPTER – This product allow you to interface your video recorder with the aircraft intercom system. Great for creating your own aerial videos without excess cabin noise. Records sounds transmitted through the intercom system only.
Std Version ..... P/N 11-00692 ..... **$29.95**
Helicopter Version ..... P/N 11-00693 ..... **$38.75**

CD PLAYER GENERAL AVIATION ADAPTER– This product allow you to interface your portable CD Player with a general aviation headset. ..... P/N 11-00694 ..... **$32.50**

LOW TO HIGH IMPEDANCE ADAPTER – This adapter converts a low impedance mic & military headset into higher impedance for use in general aviation aircraft.
Standard Version ..... P/N 11-10645 ... **$67.95**
Helicopter Version ..... P/N 11-00706 ... **$74.50**

TEST EQUIPMENT

EASTERN ELECTRONICS TEST EQUIPMENT

MAGNETO TIMING LIGHT - MODEL E50

Designed specifically for internal timing of aircraft magnetos and for synchronizing magnetos to aircraft engines. Eliminates all guesswork and provides a greater safety factor by creating perfect timing quickly and easily. Simply attach three clips to the magnetos and adjust until both bright lights flash in sync and the buzzer changes pitch. Fail-safe circuitry, variable pitch buzzer. Heavy-duty 3"x 5"x 2-1/8" unbreakable case. Wt. 1.5 lbs. Complete with 18 gauge lead wires 36" long and instructions.

P/N 12-01013 ..... **$88.75**

U.S. Industrial Equivalent.....P/N TP105.....**$56.85**

AIRCRAFT TIMING INDICATOR MODEL E25

The Aircraft Timing Indicator Model E25 is a unique device that locates the relative relationships between the crankshaft, magneto point openings, camshaft and valve timing. Easily attached to the propeller spinner with mounting bands that are included with the unit, the E25 quickly and accurately (within ½ degree!) locates top dead center. The result: the all-aluminum Model E25 speeds up and improves the process of timing magnetos to the engine. With its easy-to-read dial and 18mm, hardened aluminum piston stop, the E25 is a snap to use. Note: Piston Stop is sold separately. PN# 12-18100

E25 Timing Indicator ..... P/N 12-01014 ..... **$59.50**
Replacement Piston Stop..... P/N 12-18100 ..... **$17.50**
U.S. Industrial Equivalent TP102 ..... P/N 12-01167 ..... **$59.75**

MAGNETO TIMING LIGHT

Measures the change in inductance in the magneto coil when the points open and close. Simply shorting the clip leads together will not indicate a point closing, therefore eliminating any false reading caused by loss of contact to the magneto grounding terminal. Adjust magneto timing accordingly. 100% solid state, compact 3/4" x 3" x 5" size, long battery life. Color coordinated leads are 4 ft. long. Comes in strong anodized aluminum case.

Dual Magneto Synchronizer w/Tweeter ..... P/N 12-16901 .....**$43.50**
Dual Magneto Synchronizer w/o Tweeter ..... P/N 12-16902 .....**$38.75**
Single Magneto Timing Light w/Tweeter..... P/N 12-16903 .....**$68.75**

TRACERLINE AVIATION ULTRASONIC LEAK DETECTOR

Master Kit Includes: • Marksman Receiver • UltraSonic Emitter • Headphones • 12 inch Air Probe • Contact Probe • Carrying Case ***Features***: • Converts & Amplifies Ultrasonic Sound Into Audible "Natural" Sound for Accurate Diagnosis. Finds Problems Before They Result in Major Breakdowns • Frequency Response: 36,000 - 44,000 Hz • Detects Air Brake, Compressed Air, Vacuum, EVAP System and Other Pressurized Leaks Quickly and Effortlessly • Pinpoints Gear and Bearing Wear in Wheel Hubs, Transmissions, Transfer Cases, Differentials and Electric Motors. Check for Electrical Discharge Associated with Insulation Breakdown, Carbon Tracking and Arcing • Finds Air and Water Leaks Passed Faulty Seals, Gaskets and Weather Stripping in Passenger Cabs, Trailers and other Non-Pressurized Enclosures. • Power Requirement: One Standard 9-Volt Alkaline Battery Each for Receiver & Emitter.

P/N 12-01745.....**$698.75**

ENGINE TEST TOOL KIT

This small test kit is designed to allow the aircraft mechanic a convenient and economical way to purchase the basic small engine test equipment. This kit contains: 1 - TP104 Cylinder Pressure Tester, 1 - TP105 Magneto Timing Light, 1 - TP102 Timing Indicator, 1 - TP103 High Voltage Cable Tester, 1 - TP216 Tool Box

P/N 12-02349.....**$237.95**

ENGINE TEST KIT

EK5EM - The Engine Test Kit EK5EM has all of the test equipment needed to check engine compression, synchronize magnetos, time aircraft engines, and test ignition leads all in one tool box.

The kit contains: the 2EM Differential Pressure Tester with master Orifice, LED52 Electronic Magneto Synchronizer, Eastern E25 Aircraft Timing Indicator, Eastern E5 High Voltage Cable Tester, the Compression Tester Extension & Hip Roof Tool Box.

P/N 12-02449.....**$259.00**

EK5 - ATS Engine Test Kit has all of the test equipment needed to check engine compression, synchronize magnetos, time aircraft engines, and test ignition leads all in one tool box. Contains: 2E, LED52, Eastern E25, Eastern E5, & 19000 tool box. Now includes the 18mm-XT Compression Tester Extension. P/N 12-02943.....**$253.00**

HIGH VOLTAGE CABLE TESTER MODEL E5

Gives a fast, accurate test of high voltage aircraft ignition cables. Simply connect 3 wires, push test button and test is completed. The E5 will instantly indicate in its test window both good and defective cables - no waiting for indication to appear. Fail-safe circuitry. Heavy-duty lead wires. Compact 3" x 5" x 2-5/8" case. Wt. 1-1/2 lbs.

P/N 12-01016 ..... **$88.75**

DIFFERENTIAL CYLINDER PRESSURE MODEL E2A

Eliminates guesswork by allowing you to locate the exact location and cause of your engine's loss of efficiency. Field tester for 2 years by Teledyne Continental Motors, and approved for use on Teledyne Continental Engines by their Engineering and Field Services Group. Complete instructions with each unit. "M" models have built-in master orifice.*** Not approved by TCM.**

E2A - for cylinders < 5" bore.....P/N 12-01012 ..... **$78.50**
E2A-1000 - for cyl. > 5" bore .....P/N 12-01017 ..... **$78.50**
E2M - for cylinders < 5" bore .....P/N 12-01015 ..... **$107.85**
E2M-1000 - for cyl. > 5" bore***** .....P/N 12-00692 ..... **$107.85**
E2A-12mm (Rotax) for cyl. < 5" bore.....P/N 12-00693 ..... **$78.50**
12 mm Adapter .....P/N 12-01018 ..... **$15.65**
18 mm Adapter .....P/N 12-18202 ..... **$15.50**
U.S. Industrial Equivalent.....P/N TP104..... **$54.95**
14MM Adapter.....P/N TP171..... **$13.50**
18MM Adapter.....P/N TP104-9A **$12.95**

ATS DIFFERENTIAL CYLINDER PRESSURE TESTERS

Comes complete with on-off safety valve to eliminate pressure when disconnecting from the cylinder. Can be used to check intake or exhaust valves, cracked or worn rings, defective cylinders, worn bushings, etc.

LESS THAN 5" BORE - Specifications: Orifice size is .040". precision gauges matched to within +/-2%. 18MM plug adapter. 24" pressure hose. Includes hose and spark plug adapter. Factory calibrated. Letter of certification available upon request. Note: For use with engines of 5" Bore Diameter or smaller per AC43.13 REV 1B.

P/N 12-02344 ..... **$59.95**

GREATER THAN 5" BORE -Specifications: Orifice size is .060". precision gauges matched to within +/-2%. 18MM plug adapter. Includes hose and spark plug adapter. Factory calibrated. Letter of certification available upon request. Note: For use with engines with Bore Diameters greater than 5" per AC43.13 REV 1B. .....P/N 12-02345 ..... **$69.75**

DIFFERENTIAL PRESSURE TESTER WITH MASTER ORIFICE

Now you can conveniently check the calibration of your pressure tester before each use without disconnecting the tester. Comes with complete instructions. Includes hose and spark plug adapter.

5" Bore Diameter or smaller.....P/N 12-02346 ..... **$86.95**
Bore Diameters greater than 5".....P/N 12-02347 ..... **$92.50**

COMPRESSION TESTER EXTENSION

This tool makes compression testing easy. Wrench free way to test that allows for exhaust system and baffling clearance. Tester is manufactured with quality-welded construction and offers a spark plug thread with O-Ring seal. It has a standard air fitting. .....P/N 12-01060 ..... **$28.95**

12mm Extension P/N 05-06883 ..... **$31.85**

ATS COMPRESSION TESTER EXTENSION

A replacement plug adapter with an 8-1/2" reach to work around manifolds, baffiling, harnesses, support structures, and anything else that gets in your way. The T-handle lets you to screw and unscrew the extender into the port without a wrench. The quick connect coupler makes it a snap to hookup and disconnect your tester. Note: For use with ATS models 2E and 2EM Compression Testers. 1 lbs (0.5Kg) weight. 18MM aviation engine plug threads 8-1/2" long to clear obstacles Standard .....P/N 12-02380 ..... **$33.95**

POWER PROBE

Use the probe tip and ground lead simultaneously to power up components right in your hand. Instantly check components for continuity as well as identify positive, negative and open circuits without re-polarizing hook-up clips. Locate shorts without wasting fuses. Audio tone indicates positive with a high pitched tone and negative by a low pitched tone. Has 2 white LED'S that flood the work area with bright light.

Power Probe III - Black..... P/N 12-02822.....**$169.95**
Power Probe III - Blue ..... P/N 12-02821.....**$169.95**
Power Probe III - Red..... P/N 12-02820.....**$169.95**

TEST EQUIPMENT – VIDEOSCOPES

RITE SYSTEM MAGNETO TIMING KITS

These tools are for setting the proper ignition timing of engine magnetos and the other is for setting the proper deflection angle of flight controls. The magneto timing indicator is more precise than anything on the market today. It is far superior to the old needle indicator currently in use throughout the industry. It is designed to fit securely on any aircraft spinner without the use of filler material or tape to hold it in place. The surgical tubing used to secure their tool is stronger, more durable and easily adjustable for a variety of applications.

There are two 2 different kits. The Rite-System Kit (Basic) includes the Mag-Rite magneto timer, the Fly-Rite protractor, Digital Inclinometer, TDC Locator pin, 3 each Adjustable Bungees and Aluminum Case. Instruction and warranty information are also included.

The "Deluxe" kit will include the magneto synchronizer and the "Standard" kit will not. Both products are currently "Patent Pending".

Rite-System Deluxe Kit .....P/N 12-02636 ..... **$149.95**
Rite-System Basic Kit.....P/N 12-02635 ..... **$109.85**

TIME-RITE DELUXE COMBO KIT

The Time-Rite unit is the number one choice of aviation mechanics for precisely timing engines. It is assembled by hand and tested to the strictest standards to preserve the original craftsmanship. The unit has specialized arms and calibrated scales to accurately locate Top Dead Center (TDC) and then enables you to set the timing angle with dead-on accuracy. Kit includes: One 18 mm Time-Rite unit, one 14 mm Cone to adapt for 14mm use, a complete set of scales for 14mm and 18mm engines, a complete set of arms for 14mm and 18mm engines, an instruction manual, and a fitted case.

P/N 12-02872 ..... **$599.95**

ANGLE CUBE PROPELLER PROTRACTOR

The Protractor is a precision, highly accurate and simple to use device for checking, setting or changing propeller pitch. The resolution and repeatability is 0.05 degree and the accuracy is +/- 0.1 degree. It is powered with a standard 9 volt battery with approximately one year use life.

The Angle Cube can be used for other angle measuring applications such as checking and adjusting wing incidence, rotorcraft blade angles and tail-dragger ground angles. Aside from aircraft or airboat use, the gage can be used for measuring or setting table saw blade angles, machining or drilling angles or any other application requiring precision angle measurement. Magnets on three sides can be used to hold the unit to appropriate surfaces.

When the Angle Cube is magnetically attached to the protractor clip, the unit becomes a simple and accurate tool to measure blade angles.

P/N 12-02640 ..... **$93.85**

AUDIOTECH PROBE

The Model AT201 diagnostic Listening Tool is a versatile, time-saving tool which is ideal for use in any application where there is movement of mechanical parts, air, gas, or fluid. Ideal for use on commercial, general aviation, or homebuilt aircraft and helicopters for application such as air leak and vacuum detection, bearing wear, worn or chipped gears, engines, turbines, and compressors, hydraulics, fuel injectors, flow valves, instrument failure, and more. Audiotech Probe can quickly and accurately pinpoint the trouble spot so that the problem can be fixed quickly the first time. Diameter of small mic at end of probe is 3mm. AAA battery included. Perfect for homebuilders, A & P's, A & E's, and A & I's.

P/N 12-21420 ..... **$18.50**

MULTIMETER

Full function, fuse protected, auto-ranging multimeter that measures AC/DC voltage, milivolts, amps, miliamps and microamps, resistance and audible continuity, capacitance, frequency, temperature (k type thermocouple included), data hold function, relative measurement function, transistor and diode test function.

P/N 12-02703 ..... **$39.95**

MID-CABIN DEICE BOOT INFLATION TEST KIT

A pneumatic systems test kit that allows aircraft technicians to test the aircraft deice boot system in the hangar, via shop compressed air, rather than having the need to operate the aircraft engines on the ramp or run-up area. For Gulfstream Astra G100, G150, and G200 aircraft. This test equipment will eliminate: The need to fuel and/or defuel the aircraft for engine operation and system testing; aircraft towing/taxiing to and from the approved engine run-up areas; testing deice boot systems with loud aircraft engines; excessive man hours for aircraft engine operation and system testing.

P/N 12-02936 ..... **$610.00**

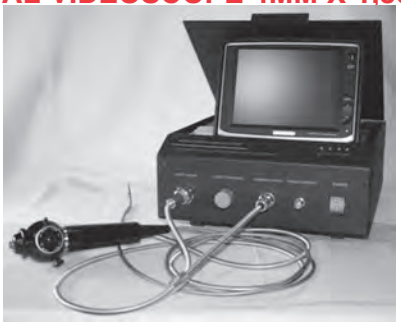
PORTABLE VIDEOSCOPE KIT 4MM X 1300MM

- 4 mm diameter 1300mm working length (available in other lengths and diameters)
- Steel braid insertion probe, water and oil proof, temp to 90 C
- Forward view, 2 ways of articulation ..... 120/120 up down
- Comfort grip with adjustable LCD screen
- Video output easily connects to capture device

KIT includes: Flexible Portable Videoscope Battery Charger Standard Storage / carrying case

Portable VideoScope 4MMX1300MM .....P/N 12-02583 ..... **$6,545.00**
Portable VideoScope Carry Case .....P/N 12-02584 ..... **$289.00**

DIGITAL VIDEOSCOPE 4MM X 1,300MM



- 1. 4.0 mm diameter 1300mm working length (available in other lengths and diameters)
- Steel braid insertion probe, water and oil proof, temp to 90 C
- Forward view, 2 ways of articulation
- 150/150 up down
- Universal type video out, easily connects to display and computer via USB cable.
- Built-in recorder and onboard hard drive with 40gig memory capacity. (optional-not included)

KIT includes: Flexible Videoscope Probe (Interchangeable with other dia. Probes), Integrated video and lightcable 5ft in length, TFT LCD Display and VPU with built-in lightsource for clear, wide and magnified image, Rugged carrying case, Remote control for ease of operation at distances up to 6 ft.

Digital Videoscope 4MMX1300MM .....P/N 12-02581 ..... **$7,426.00**
Heavy Duty Carry Case .....P/N 12-02582 ..... **$389.00**

INSPECTION SCOPES

VISUAL OPTICS VIDEO STICK

Visual Optics new video based inspection scope, the VS36-10WW, gives you the latest in remote video technology. The Video Stik is for remote inspection of areas generally inaccessible to the naked eye. IT comes with a distal video camera at the end of a 36" shaft for internal inspection of engines, A/C systems, interior structures of walls, and other industrial and simi liar applications. Imaging and illumination is provided by a full color image sensor and dual solid state LEDs which are controlled by an on/off rocker switch. The 2.5" full color LCD screen allows the user to observe live video from the distal camera. The unit is powered by 4-AA batteries. The Video Stik is shipped with a protective case for storage. Accessory Mirror allows user to see 90 degrees to axis of the shaft. The Magnet accessory will pick up approx 1/4 lb. ***Features:*** High resolution remote color camera • 2.5" full color viewing monitor • 10mm shaft diameter • Waterproof, Flexible shaft • 36" standard shaft length • High output LED illumination • 5 hrs operation on 4-AA batteries (included) • Mirror and Magnet accessories included • Video Output for recording • Poly pro storage case ***Specifications:*** • Shaft Length: 36" Water Resistant • Distal Tip Dia: 0.42" Maximum • W/ Accessories: 0.46 Maximum • Viewing Angle: 55 Degrees • Viewing Distance: 0.4" to Infinity • Resolution: 320x240 pixels • Viewing Monitor: Color 2.5" LCD • Video outport: RCA - NTSC signal • Shaft Radius: 2.5" Minimum • Power: Alkaline AA batteries (4) • Battery Life: 4hours • Storage Temp: -4F to 158F (-20 to +70) • Operating Temp: 32F to 113F(0 to 45) • Accessories: Mirror and Magnet • Warranty: 1 Year.

VS36-10WD - 36" Length, 10mm Diameter..... P/N 12-01744 .....**$259.95**
VS24-6W - 24" Length, 5.8mm Diameter ..... P/N 12-02690 .....**$251.95**
VS72-10W - 72" Length, 10mm Diameter ..... P/N 12-02691 .....**$331.95**

VT-FLUV & VT-FLED SERIES SCOPES

Features: Highly detailed imaging with 7400 pixels • Compact Design• Superior optics provide easier viewing• Waterproof shaft• Petroleum & Chemical Resistant• Viewing range, 40 degree - 1/2 inch to infinity• Highly affordable

VT-FLED SERIES - Visual Optics has engineered and manufactured the next step in the evolution of the fiber optic bore scope. Their creation of the VO FLED Series Fiber Scope has raised the bar in the areas of optical quality, image light output, shaft control and material tolerance. The VO Series Fiber Scope achieves industrial level quality at an affordable price.

Model	Length	Diameter	Includes	Part No.	Price
VT24-4FLED	24"	4mm	Inspection Scope, Battery, White LED Flashlight, Mirror, Magnet & Suitcase Style Carrying Case	12-01739	**$345.95**
VT24-6FLED	24"	6mm		12-01740	**$292.95**

VT-FLUV SERIES - All VT Series Scopes (4.3MM or 6MM) can now be purchased with LEAK DETENTION CAPABILITIES. Exchanging the White Light LED flashlight with a UV Flashlight does this. The UV Flashlight will Fluoresce Leak detection dyes. The Kits (referred to as - FLUV) come complete with both flashlights. The VO FLUV Series Fiber Scope has raised the bar in the areas of optical quality, image light output, shaft control and material tolerance.

Model	Length	Diameter	Includes	Part No.	Price
VT24-4FLUV	24"	4.3mm	Inspection Scope, Battery, White LED Flashlight, UV Flashlight, Mirror, Magnet & Suitcase Style Carrying Case	12-01741	**$375.95**
VT24-6FLUV	24"	6mm		12-01743	**$375.95**

VISUAL OPTICS - 10MM LED SERIES SCOPES

Visual Optics has engineered and manufactured the next step in the evolution of the fiber optic bore scope. Their creation of the VO LED Series Fiber Scope has raised the bar in the areas of optical quality, image light output, shaft control and material tolerance. The VO Series Fiber Scope achieves industrial level quality at an affordable price.

Features: • High resolution image bundle • High flex shaft material • Strong / stable light source • Briefcase style instrument case • Highly detailed imaging with 7400 pixels • High output LED lighting - 2 White LED's in tip • No bulbs to change - Ever • Superior optics provide easier viewing • Spring Lok Design - Longer reach w/o drooping • Waterproof shaft • Industrial grade, 2 level light switch • Viewing range, 40 degree - 1/2 inch to infinity • Standard lengths 18, 24, 36 and 48 inch • Replaceable halogen bulb in the handle • Highly affordable

Model	L	Dai	Description	Part No.	Price

THE SEEKER VIDEO BORESCOPE SYSTEMS

THE SEEKER 200 VIDEO BORESCOPE SYSTEM - The Seeker 200 Video Borescope Inspection System features a 2.4-inch LCD color monitor for real-time viewing, with a 12mm flexible camera probe that retains its configured shape for inspecting hard-to-reach areas. A standard 1-meter probe length is provided with the unit and optional probes up to 10 meters (32.8 feet) are available. The Seeker 200 is ideal for use in automotive maintenance, electrical repair, plumbing applications, HVAC/R and the visual inspection of otherwise inaccessible areas. Includes: 3.3ft(1m)optional: up to 16ft., Extension Tools: (Mirror, Magnet, Pick-Up Hook) , 1 "9V" Battery , Blow Mold Case , Instruction Manual. Working Temperature: 32° to 113°F (0° to 45° C). Power Source: 1 "9V" battery .....P/N 12-02296 .....**$127.95**

DELUXE PROFESSIONAL VIDEO INSPECTION SYSTEM - The Seeker 300 Video Borescope System offers a large 3.5-inch LCD color monitor and a 12mm or 5.5mm flexible, configurable camera probe with adjustable LED lighting. The Seeker 300 is ideal for use in automotive maintenance, electrical repair, plumbing applications, HVAC/R and the visual inspection of otherwise inaccessible areas. This Video Borescope Kit also includes a mirror, magnet and pick-up hook that can be attached to the end of the probe. Includes: 3.3ft(1m)optional: up to 16ft. Extension Tools: (Mirror, Magnet, Pick-Up Hook) . 1 "9V" Battery . Blow Mold Case . Instruction Manual.

12mm Probe.....P/N 12-02297 .....**$169.50**
5.5mm Probe.....P/N 12-02652 .....**$256.95**

WIRELESS VIDEO INSPECTION SYSTEM DCS400 - The Seeker 400 Video Borescope System is ideal for any application requiring the inspection of hard-to-reach or hard-to-see areas. 3.5in. (88.9mm) TFT-LCD Wireless Color Monitor, can be detached from the unit for remote viewing up to 32.8ft. (10m) away 3.28ft. (1m) Flexible Waterproof (IP67) Obedient Probe retains configured shape. Standard Length: 3.28ft. (1m). (17mm) diameter Camera-tipped Probe has built-in adjustable LED lighting. Records in Still Photo (JPEG) and Video (AVI), or view it live. Records up to 3 hours continuously NTSC or PAL compatible. Choices of 10 menu languages. Includes: MicroSD Memory Card, Extension Tools: (Mirror, Magnet, Pick-up Hook), Video Interconnect Cable, USB Cable, Magnetic Base Stand, AC Adaptor, 4 "AA" Batteries, Blow Mold Case, Instruction Manual

INSPECTION SCOPES

THE SEEKER 050 USB VIDEO INSPECTION 12MM PROBE

Features a fixed 12mm diameter, 1 meter long, waterproof camera probe and USB connection to view images and video on your computer. USB computer interface. Works with Windows 7, Vista and XP. 12mm (0.47 in.) diameter camera tipped probe is flexible and strong. Camera pixel resolution: 320 x 240. Adjustable light intensity from two built-in LEDs. 1m (3.28 ft.) flexible shaft retains configured shape to suit various applications. Probe is water, oil and dust proof to IP67 standards. Elegant ergonomic design. Clear image quality both up close and far away.

P/N 12-02655 .....**$49.99**

THE SEEKER 100 USB VIDEO INSPECTION 12MM PROBE

Features wireless transmission of video and images to your computer up to 30 feet away and a Skype® enabled streaming video for remote viewing over the internet. Built-in radio transmitter wirelessly transmits (up to 10 feet) live video signal to the RCV100 USB video receiver, this enables the video to be viewed on a Windows PC and streamilined live over the internet. Works with Windows 7, Vista and XP. 12mm (0.47 in.) diameter, 1m (3.28 ft.) long, flexible-obedient, far focus camera-tipped probe is water, oil and dust proof to IP67 standards. Optional probe extensions of 1m, 2m, and 3m (3.28 ft., 6.56 ft., 9.84 ft.) are available for the 12mm probe. In addition to the 12mm (0.47 in.) diameter probe, this unit can also accept optional 9.0mm (.35 in.) and 5.5mm (.22 in.) camera tipped probes. Adjustable light intensity from built-in LEDs. Flexible-obedient probes retain configured shape to suit various applications.

Includes: Custom Hard Case, Transmitter Handle with 12mm Diameter x 1m Long, Flexible-Obedient Probe 3 Accessory Tools: (45° Mirror, Magnetic Pick-Up, Pick-Up Hook), RCV100 Wireless USB Video Receiver, Interface Cable, Software on Mini-CD Instructional Manual, 3 Year Limited Warranty. P/N 12-02656 .....**$171.95**

HIGH PERFORMANCE VIDEO SYSTEM DCS1600

Portable, hand-held, complete borescope system with monitor, camera and video. Kit Includes: • Charger • Lens module cable 39.4" (1 M) • SD memory card • 30.45 and 60º mirrors • USB to 5-pin mini-B cable • Video cable • Cleaning cloth • Cotton swabs • Instructions • Heavy duty water proof blow mold case P/N 12-02299 .....**$857.00**

WIRELESS VIDEO/AUDIO BORESCOPE SYSTEM PCS1800

A portable, hand-held borescope system with monitor, camera, video and wireless data transmission. Operate the instrument anywhere without the cable. The complete kit includes: Main monitor, 33 ft (1m) camera probe, 33 ft (1m) SD card, 30º 45º and 60º mirrors, instructions and waterproof blow mold carrying case.

Borescope System .....P/N 12-02301 .....**$1,114.00**

Probe Extensions - 2 Meters .....P/N 12-02397 .....**$25.75**

SOUNDSTIK LEAK DETECTOR

With SoundStik, you hear the problem; it let's you hear at frequencies you can't hear! All moving parts. gases, and liquids pruduce a broad range of sounds because of friction with their surroundings. The SoundStik is designed to listen to a non-audiblc unique range of Ultra Sounds which are extremely useful in the automotive, industrial and service trades. Ultrasound Technology allows smart, cost effective preventative maintenance and quick findings of potential or existing problems in major areas including air/vacuum leaks, electrical noise, friction wear, seal/fit integrity and fluid turbulence.....P/N 12-02711 .....**$399.00**

PIC STIK PICTURE AND VIDEO STORAGE DEVICE

VOscope's new user friendly picture and video storage device allows you to directly download and save from our popular VS 10mm VideoStik series inspection scope. An excellent way to document and provide important and supportive information to your customers. A must-have for mechanics or professionals working in automotive, marine, maintenance, law enforcement, diesel or home inspection trades. .....P/N 12-02710 .....**$165.00**

SEEKER 300 VIDEO BORESCOPE SYSTEMS

The Seeker 300 Video Borescope System offers a large 3.5-inch LCD color monitor and a 5.5mm flexible, configurable camera probe with adjustable LED lighting. Ideal for use in automotive maintenance, electrical repair, plumbing applications, HVAC/R and the visual inspection of otherwise inaccessible areas. This Video Borescope Kit also includes a mirror, magnet and pick-up hook that can be attached to the end of the probe. 3.5" (88.9mm) Color LCD Screen for crystal clear image, superb clarity and viewing effect. 5.5mm or 12mm diameter Camera-tipped Probe is flexible and strong with built-in adjustable LED lighting, and is slim enough to perform automotive engine check-up. Flexible Probe retains configured shape to suit different inspection needs. Probe Length: Standard: 3.28ft. (1m), Optional: up to 16ft (5m). View findings instantaneously

Includes: 3.28ft. (1m) Flexible Probe, Extension Tools: (Mirror, Magnet, Pick-Up Hook), 1 "9V" Battery Blow Mold Case Instruction Manual.

SEEKER 400 VIDEO BORESCOPE SYSTEMS

The Seeker 400 Video Borescope System is ideal for use in Plumbing, Construction and Restoration, HVAC/R and any other application requiring the inspection of hard-to-reach or hard-to-see areas. 5.5, 9, or 12mm diameter probe, 1m (3.28 ft.) long, flexible obedient and waterproof to IP67 standards. 3.5 in. (88.9mm) diagonal TFT-LCD Wireless Color Monitor can be detached from the unit for remote viewing up to 32 ft. (10m) away. 4x zoom feature. 180° image flip feature. Both monitor and handle use rechargeable "li-ion" batteries which can be charged at the same time using the included one–into-two charging cable. System comes complete with batteries and charger. Two adjustable LED lights inside the tip of the probe illuminate dark spaces for clear inspection. View results in real-time, record video and capture/save still photos (JPEG), up to 3 hours of video (AVI). NTSC or PAL compatible. USB and video interconnect cables are included. Built-in magnets and stand facilitate hands-free operation. Choice of 5 menu languages: English, French, Spanish, Chinese and Portuguese. Comes with 45º mirror, magnetic pick-up and pick-up hook accessories for probe tip

Includes: Custom Hard Case, Pistol Grip Camera Handle, 9mm Diameter, 1m (3.3 ft.) Long Flexible-Obedient Probe, Detachable, Wireless Monitor, 2GB Micro SD Memory Card, 3 Accessory Tools: (45° Mirror, Magnetic Pick-Up, Pick-Up Hook), USB and Video Interconnect Cables Built-in Magnets, 2 "li-ion" Rechargeable Batteries with AC Adapter/Charger, Instruction Manual, Three Year Limited Warranty.

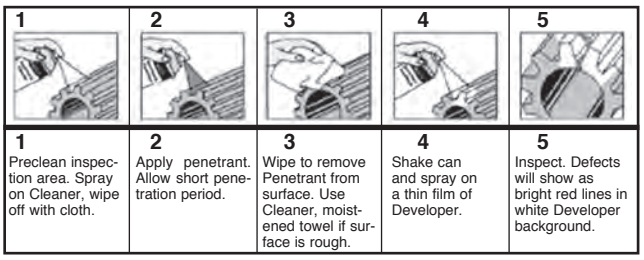
TO

MAGNAFLUX NDT (NON-DESTRUCTIVE TESTING) KIT



A quick, easy way to make shop and in-field inspections of landing gear, airframe and components. Highly sensitive Spotcheck dye penetrants which give clear, bright red indications. Locates very fine cracks on the surface of ferrous and non-ferrous components, equipment and structures. Reveals cracks on materials with surface temperatures as high as 350°F. Perfect for testing welds before thorough cooling. Convenient spray cans make application easy and contain no fluorocarbon propellants. Non-flammable. Materials meet applicable specifications for dye penetrant inspections (ASME, ASTM and MIL specs). Considered flammable and hazardous by UPS.

4-CAN SPOT CHECK® TEST KIT - The lowest priced way to check for cracks, leaks and other defects on any metal parts. Kit includes 1 spray can of developer, 2 cans of cleaner & 1 can of dye penetrant in cardboard case.

Magnaflux 4-can kit - SK-416 ..... P/N 09-00391 ..... **$94.50**
Developer ..... P/N SKD-S2 ..... **$18.95**
Replacement Materials: Penetrant ..... P/N SKL-SP **$20.85**
Cleaner/Remover (12oz. Aerosols) ..... P/N SKC-S **$17.90**

SK-816 KIT - The SK-3 kit is larger, comes in a lightweight high-impact plastic carrying case containing 2 cans of penetrant SKL-SP, 4 cans of cleaner/remover SKC-NF, 2 cans of developer SKD-NF, brush, cloth and instructions. P/N 09-01192 ..... **$174.95**

SKC-S CLEANER - This clear, fast-drying solvent can be used for precleaning, post-cleaning and penetrant removal.
P/N 09-01188 ..... **$17.90**

SKL-SP1 PENETRANT - Because of its vivid red color, this solvent removable dye penetrant provides excellent color contrast performance to locate surface cracks in virtually any metal or non-porous ceramic material.
P/N 09-01191 ..... **$20.85**

SKD-S2 DEVELOPER - Made especially for use with SKL-SP penetrant, this developer contains suspended white particles that provide an ideal background for red Spotcheck penetrant indications.
P/N 09-01190 ..... **$18.95**

MET-L-CHEK PENETRANT INSPECTION KITS

Met-L-Chek kits provide a completely portable, job-proven method used throughout the industry to locate cracks, flaws and other defects. These economical & effective kits provide everything needed to make inspections in the shop or field. The penetrant materials are packaged in easy-to-use aerosol spray cans and a can of cleaner included for cleaning parts before inspection. The inspection procedure is easy to learn, accurate and inexpensive. Met-L-Chek can be used on ferrous and non-ferrous materials to find surface defects and 'thru leaks'. Supplied in a rugged metal case with complete instructions. The 4-Can Kit has one aerosol spray of cleaner, penetrant, developer and remover. The 8-Can Kit has 2 cans of each material. Individual replacement cans available.

4-Can Kit ..... P/N 09-03040 ..... **$63.50**
16 oz Kit ..... P/N 09-03052 ..... **$94.75**

AERO-BRITE UNIVERSAL FLUORESCENT LEAK DETECTION

Locates all leaks in petroleum- and synthetic-based aviation fluid systems! Checks an entire system in just minutes! Ideal for use as part of a diagnostic/ preventive maintenance program for commercial and military aircraft fuel and fluid systems! Features: FAST— The quickest way to inspect for leaks in aviation fuel, lubrication and hydraulic systems. SAFE — Specially formulated to accommodate the host fluid. Will not damage the fluid's properties or any of the system's components. VERSATILE — Allows inspection of the entire system under virtually all operating conditions. Ideal for both in-flight and static testing. COST EFFECTIVE — Super-concentrated. Use less per dose! Glows a bright green under UV light.See our website for suggested dilution ratios.

GARLAND NON-MARRING MALLETS AND HAMMERS

Since 1866, Garland Manufacturing has been supplying America with top-quality products made from the finest water buffalo rawhide. Today, they're the leader in the manufacture of soft-faced mallets and hammers of unsurpassed quality. All Garland products are manufactured in the U.S.A. to ISO 9002 international quality standards. They combine superior craftmanship with the best materials and then field-test their products extensively on a range of surface finishes to meet the requirements of the industries in which they're used. Industries ranging from foundries and electrical manufacturing to jewelry and woodworking. Their mallets and soft-faced hammers are preferred by both craftsmen and production workers.

RAWHIDE AND WEIGHTED RAWHIDE MALLETS

Garland's all-rawhide mallets are made of tough, long-wearing, water buffalo rawhide. They're ideal for use on broad-faced striking surfaces in a broad range of applications.

RAWHIDE MALLETS

Size	Face Dia. (Inches)	Head Length (Inches)	Weight (oz.)	Part No.	Price
0	1"	2"	2	12-00749	**$14.75**
2	1-1/2"	3"	6	12-00750	**$19.85**
4	2"	3-1/2"	11	12-00751	**$29.90**
6	2-3/4"	4-3/4"	24	12-00752	**$55.75**

WEIGHTED RAWHIDE MALLETS

Size	Face Dia. (Inches)	Head Length (Inches)	Weight (oz.)	Part No.	Price
7	1-1/4"	2-1/2"	8	12-00753	**$28.50**
10	2"	3-1/2"	20	12-00754	**$43.00**

RUBBER MALLETS

Garland's rubber mallets are designed for general-purpose applications. All sizes deliver solid, mar-free blows.

Size	Face Dia. (Inches)	Head Length (Inches)	Weight (oz.)	Part No.	Price
1	2-1/4"	3"	17	12-00755	**$29.90**
2	2-1/4"	3-7/8"	19	12-00756	**$32.50**
3	2-1/2"	4-1/2"	32	12-00757	**$39.75**

NYLON MALLET

Nylon mallet works great for shaping metal. Head Length: 3 1/2". Face Diameter: 1 1/2". Hammer Length: 10"
P/N 12-02895 ..... **$8.95**

SPLIT-HEAD HAMMER - NO FACE

The split-head hammer does the work of six different hammers because the face can be easily changed. Available in two sizes. Many materials & surfaces. Die moving or positioning. Assembly. Electric Motor Repair. Propeller Repair. Foundry.

Face Dia.	Head Length	Weight	Part No.	Price
1-3/4"	3-1/4"	2.5 lbs	12-00965	**$34.25**
2-3/4"	4"	5.25 lbs	12-00966	**$52.25**

TO

TUBE BENDERS – CUTTERS – FLARING TOOLS

SPRING TUBE BENDERS

Economical tools for hand-bending of soft aluminum and copper tubing to any shape without collapsing walls. Special spring steel, nickel finished. End belled for quick tube removal. Set of 6 for 1/4", 5/16", 3/8", 7/16", 1/2" and 5/8" O.D. tubing.

P/N 12-00823 .....**$18.75**

LEVER TYPE BENDERS

Each tool bends one size. Open side type slips over tube at any point. Makes smooth short-radius bends up to 180° with minimum effort. No marking, scraping or flattening of tubing. Calibrated to show angle of bend. Wide hook grips tube securely. Suitable for bending annealed copper, aluminum, steel, stainless steel and hard copper tubing of bending temper.

Tubing O. D.	Bender Model No.	Part No.	Bending Radius	Price
1/8"	364-FH-02	12-20002	3/8"	**$69.75**
3/16"	364-FH-03	12-20003	7/16"	**$86.95**
1/4"	364-FHA-04	12-20004	9/16"	**$89.95**
5/16"	364-FHA-05	12-20005	11/16"	**$115.95**
3/8"	364-FHA-06	12-20006	15/16"	**$87.95**
1/2"	364-FHA-08	12-20008	1-1/2"	**$84.95**
5/8"	364-FHA-10	12-20010	2-1/4""	**$217.95**
3/4"	364-FHA-12	12-20012	3"	**$326.95**

WIDE RANGE LEVER TYPE BENDERS

Tool quickly adapts to all sizes in its range by changing forming wheel and block. Long handles re-position during bend for best leverage. Calibrations show precise bend angle. Benders for 3/8" through 3/4" O.D. tubes are as illustrated. Benders for 1/4" and 5/16" O.D. tube in #350-FHA kit are one piece type. Kits furnished in steel tool box.

Model 350-FHA Kit- For 1/4",5/16",3/8",1/2",5/8"& 3/4" Tube..... P/N 12-20100 .**$497.50**

Model 360-FHA Kit- For 3/8",1/2",5/8"& 3/4"Tube. P/N 12-20200 .**$654.95**

TRIPLE HEADER TUBE BENDER

For bending annealed copper, aluminum, brass, steel and stainless steel tubing. Multi-tube design does the work of three conventional lever type benders. Calibrated markings for making accurate left-hand, right-hand and offset bends. (for 1/8", 3/16", 1/4" O.D.)

P/N 12-01577 .....**$23.85**

IMP® TRIPLE HEADER TUBE BENDER

Calibrated markings for making accurate left-handed, right-handed and offset bends. 90° start requires less effort-making bending fast and easy. For 1/4", 5/16", & 3/8" (6 & 8 mm) O.D. tubing. 15/16" radius to center of tube.(for 1/4",5/16",3/8" OD)

P/N 12-01578 .....**$49.50**

BRAIDED STAINLESS STEEL HOSE CUTTER

The AN braided stainless steel hose cutter makes quick work of cutting hoses to length. It features long handles for better leverage and a rubber no-slip grip. It can cut any braided stainless steel line up to size 12 AN. .....P/N 12-02574 .....**$53.50**

SOFT PIPE/TUBING CUTTER

This economical tool will cut soft pipe and tubing up to 1-1/4" outside diameter. The blade is teflon-coated and reverses for double the useful life of the blades. .....P/N 12-20020 .....**$14.25 ea.**

Replacement Blades.....P/N 12-20025 .....**$5.85 ea.**

PLASTIC TUBE SHEAR

Seal Plastics lightweight tubing shear only 3" overall in length, easily cuts all thermoplastic tubing and other types of non-wire reinforced hose....P/N 12-02580 .....**$10.65**

Pkg' of 5 blades.....P/n 12-02579.....**$4.85**

EZ-BEADER TUBING BEADERS

Designed to replace the original Parker beading tools. Compact design. Capable of tubing wall thickness from .035 to .065 thick

Size	Description	Part No.	Price
3/8"	EZ-BEADER TP885A	12-00354	**$25.90**
1/2"	EZ-BEADER TP885B	12-00355	**$31.50**
5/8"	EZ-BEADER TP885C	12-00356	**$36.75**
3/4"	EZ-BEADER TP885D	12-00357	**$41.25**
1"	EZ-BEADER TP885F	12-00358	**$58.90**

1-3/4"	EZ-BEADER TP885I	12-00361	**$73.85**
2"	EZ-BEADER TP885J	12-00362	**$72.50**
Set of all 9	EZ-BEADER Tubing Beader	12-00363	**$369.95**

HI-DUTY TUBE CUTTER

For 1/8" to 1" O.D. metal tubing. Makes clean, right-angle cuts with no burrs or chips to clog tubing. Roller type with flare cut-off groove, fold-away reamer and spare cutting wheel. Wt. 6-1/2 oz.

Hi-Duty Tube Cutter P/N 12-00382.....**$26.85**
Replacement Cutter Wheel P/N 75015.....**$8.75**
Replacement Reamer Blade P/N 79318-01.....**$10.95**

"IMP" TUBE CUTTER

Designed for use in tight quarters where other cutters won't fit. For 1/8" to 5/8" O.D. tubing. Requires only 13/16" swing radius. Perfect for instrument panels, control cabinets, machine tools, etc, Size: 111/16"x 1-5/16" x 7/8". Wt. 2-1/2 oz.

P/N 12-01277.....**$23.75**

JUNIOR TUBE CUTTER

Exceptionally handy in close quarters - only 3-1/2" overall length. Makes clean, right-angle cuts without flattening tube. Cuts 1/8" to 3/4" O.D. tubing. Enclosed feed mechanism. Wt. 5 oz.

Junior Cutter P/N 12-01576.....**$14.95**
Replacement Cutter Wheel P/N 32633.....**$7.25**

MINI TUBING CUTTER

The mini tube cutter's compact design is ideal for tight spots under sinks and behind appliances. It cuts copper, brass and aluminum tubing from 1/8" to 1 1/8". Extra cutter stores inside knob. Includes retractable deburring blade. P/N 15-07093.....**$7.85**

WEATHERHEAD

T-1295 Heavy Duty Segmented Flaring Tool (37°)

Tool Flares: 1/8", 3/16", 1/4", 5/16", 3/8", and 1/2", O.D. tubing. Forms 37° flares in annealed stainless steel (MIL-T-6845 or AMS-5566), cold drawn stainless steel, and annealed copper, brass, steel or aluminum. Bar has vice extension. Wt.: 3lbs. P/N 12-01166.....**$744.00**

HI-DUTY FLARING TOOL 37°

Hard chrome-finished cone makes exceptionally smooth, high strength flares with a radius at base of flare instead of the sharp angle formed by ordinary tools. Slip-on yoke permits use in tight quarters. For tubing sizes: 3/16", 1/4", 5/16", 3/8", 1/2" and 5/8" O.D. Wt. 1 lb. 11 oz.

Not for use on Stainless Steel Tubing. P/N 12-01581.....**$73.50**

ROL-AIR FLARING TOOL 37°

Faceted, hard chrome finished cone rolls out perfect flares above die block, then automatically burnishes flare face. Slip-on yoke permits use in tight quarters. Heat treated dies grip tubing without scoring. Flares and burnishes: 3/16", 1/4", 5/16", 3/8", 1/2" and 5/8" O.D. tubing. Wt. 1-1/2 lbs. Works on some Stainless Steel Tubing but not warranted for Stainless. P/N 12-01582.....**$93.75**

ROLO-FLAIR FLARING TOOL 37°

Operates on same principle as Imperial #507-FA but flares 1/8" (primer line) and 3/4" tubing as well. Size: 4"W x 4"D x 8"H. Wt. 2-1/2 lbs. Excellent tool for bench - not for close-quarter work. Not for use on Stainless Steel Tubing.

P/N 12-01575.....**$88.65**

DELUXE 37° FLARING TOOL

Forms 37° flare to AN standards in steel, stainless steel (including MIL-T 6845), titanium, an other metal tubing. Three rollers in flaring cone roll out 37° flare above die block. Extension on yoke for clamping in vise. Furnished in plastic kit. Wt. 2-1/2 lb. P/N 12-01579.....**$298.50**

TO

37° FLARING BLOCK FOR 1/8" TUBING

This tool is designed to flare 1/8" tubing for primer lines. Leaves no ridges or marks on tubing, complying with aircraft requirements. Furnished with 37° flaring punch. The slip-on yokes of most flaring tools also fit this block.

P/N 17010 ..... **$24.80**

37° DOUBLE LAP FLARING TOOL

This U.S. made 37° Double Lap Flaring Tool makes flares to AN standards in soft copper and aluminum tubing for 3/16" 1/2" O.D. Also makes single 37° S.A.E. standard and oversize flares. Adapters revolve for quick size change and act as positioning gauge for tube. For portable use or can be vise mounted. Sliding handle gives maximum leverage. Wt. 4 lbs.

P/N 12-00205 ..... **$595.00**

37° DOUBLE LAP FLARING TOOL KIT

Our 37° Double Lap Flaring Tool Kit includes the double lap flaring tool above which forms 37° double lap flares to AN10078 in soft copper and aluminum tubing (wall thick- ness to .040"). Flares tubing sizes 3/16", 5/16", 3/8", and 1/2" O.D. Also includes a tubing cutter, an inner-outer reamer, and a plastic carrying case. A quality tool kit which is made in the U.S.A. P/N 12-00210 ..... **$595.00**

FLARING TOOL KIT 402FA

Forms 37° flares aircraft grade stainless steel (MIL-T-6845), titanium, and other metal tubing, both soft and hard. Positive stop gauge assures correct size of flare. The three rollers in the flaring cone roll out 37° flares above the die block while burnishing the flare face to a smooth finish. A built in extension on the yoke can be clamped in a vise for extra support. Satin chrome and black nickel finish. Complete kit includes flaring tool and reaming yoke.

P/N 12-02423 ..... **$398.00**

BRAKE LINING & GENERAL RIVET SETS

Standard Model (403)- Designed especially to economically reline brakes, this riveting set is a handy tool for many other jobs where rivets are used to fasten leather, canvas, plastic and metal parts. ..... P/N 824..... **$14.50**
Brake lining Rivets... P/N 06-02300 .. **$0.03ea**
Deluxe Model (404) - Our deluxe model brake relining tool makes it virtually impossible to botch a brake relining job. The threaded screw action of the rivet insertion tool insures a perfect roll on brake rivets every time without damaging the liner.

Standard Model (Not Threaded) ..... P/N 824 ..... **$14.50**
Deluxe Model (Threaded)..... P/N 12-20810 ..... **$19.50**
Punch Non-Threaded / Brake Relining for model 403
P/N 12-01171 ..... **$3.75**
Punch Threaded / Brake Relining for model 403
P/N 12-02575 ..... **$5.95**
Anvil Punch / Brake Relining for model 404
P/N 12-01170 ..... **$3.75**
Brake Lining Rivet 4X6..... P/N 06-02300 ..... **$0.03**
BR1007 Rivet Set for Reline ..... P/N 12-01173 ..... **$6.75**

PARKER TYPE AIRCRAFT TUBE BEADING TOOL

The Parker Beading Tool has been the number one choice of aircraft mechanics for making clamping beads in metal tubes. To this day, no other tool even comes close to matching its quality. So by special arrangement, the manufacturer tooled up to recreate this classic tool in every detail. In the process they have added a few enhancements of their own, such as ground, hardened, and polished surfaces for mar-free beads in aluminum, copper, brass, and mild steel tubes ranging from 1/4" to 1" diameter. Meets MILSPEC MS33660D and SAE AS5131 standards. P/N 12-01049..... **$393.00**

IMPERIAL 470-FH TRIPLE HEAD 180° TUBING BENDER

The 470-FH Triple Head 180° Tube Bender bends 4 diameters of tubing with just one tool! It handles soft copper, aluminum and thin-walled steel tubing in 3/16", 1/4", 5/16" & 3/8" diameters. Like the heavy duty 464-FH, it features the patented ROTO-LOK™ two-stage handle that allows east fabrication of bends up to 180°. It also features optimized bending grooves that allow the user to bend the tubing in the smallest radius possible to enable tighter turns and minimize the space taken by the bends. Soft copper - .030-.032" wall. 304 stainless steel - .030-.032" wall. P/N 12-01042 ..... **$34.75**

ATS HAND RIVET SQUEEZER

The newest addition to our ATS Pro Rivet Squeezer Line is built for hard use, but we must admit it's also one of the best looking squeezers we've ever seen. It's an all stainless steel design that's constructed to last a lifetime. The unique unibody styling is drop forged for extra strengh and CNC machined to tight tolerances. The yoke (also stainless steel) is engineered to be half the weight of other yokes, yet retain full strengh. Finally, the whole thing is beautifully finished in a brush satin look and highly polished surfaces. Has a very solid feel, and professional look that will complement anyone's toobox. Squeezes up to 5/32" aluminum (1/8" seel) rivets. Works with any rivet sets, or diple dies having a 3/16" (.187") shank. Adjustable ram does not need shims. Lifetime warranty.
Features:•1.5" Yoke •Drop forged from Stainless Steel for unmatched strength and durability •Clasic bushed stainless steel finish. •Adjustable ram does not need shims •Squeezes aluminum rivets up to 5/32" and steel rivets up to 1/8" •Comfort grip rubber handles •4lbs shipping weight. P/N 12-01620 ..... **$104.75**

ATS DELUXE HAND/BENCH RIVET SQUEEZER KIT

The Rivet Squeezer Kit is designed to take on any riveting task. It contains the new ATS Heavy Duty Rivet Squeezer, a Bench Mount Kit, plus and extra 1-1/2" yoke head to reach into tight areas. You'll also get a complete set of squeezers and dimple dies in a convenient holder. Ats Pro Lifetime warranty. 14 lbs (6.5Kg) shipping weight. P/N 12-02406 ..... **$340.95**

PROFESSIONAL RIVETING KIT

This Professional Riveting Kit has all the tools you need to drive rivets like a pro... It contains the best-selling ATS Pro Series 3X Rivet Gun, a selection 4 of our most popular Bucking Bars (141, 142, 148, and 149), plus a complete assortment of Rivet Sets to install Universal Head (AN470) or Flush (AN426) rivets in sizes 3/32" to 3/16".
And it all comes to you in a stylish molded case to keep things neatly organized. This is the prefect "field" kit to take with you anywhere -- it has the riveting tools you need conveniently laid out in one handy ready-to-go package. The Professional Riveting Kit is a part of our ATS-PRO Series, so you can rest assured that your tool investment will be well protected by an Unconditional 30 Day Money Back Guarantee, and industry-leading ATS Pro Lifetime Warranty. 19lbs shipping weight.

P/N 12-01698 ..... **$257.95**

ATS PNEUMATIC ''C'' COMPRESSION RIVETER KIT

ATS's newest compression riveting kit features a USA made unit that is completely interchangeable with Chicago Pneumatic 0214 series squeezers.
The complete package includes: one 1 1/2" "C" Squeezer Yoke, one Longeron Yoke and a complete 17 pc. Rivet Squeezer/Dimple Die Mix. 1/8" maximum rivet capacity. Accepts all squeezer sets with .187 shank. Requires 80-90 psi at 3 cfm. 13 lbs (6Kg) shipping weight. P/N 12-03146 ..... **$599.95**

AT-114C3 QUICK-CHANGE RETAINER SPRING

Makes possible the changing of rivet sets without removal of retainer spring. For .402" shank dia. rivet sets. P/N AT-114C3..... **$4.35/ea.**

AT 107A FLUSH RIVET SETS

Large radii at critical points to prevent breakage. Slightly crowned, highly polished face designed for rapid flush riveting where a smooth skin surface is essential. Shank dia. .401".

Part No.	Face Dia.	Length	Price
AT-107A-1	1"	2-3/4"	**$22.45**
AT-107A-3	1-1/4"	3-3/4"	**$24.00**

AT 100A STRAIGHT RIVET SETS

Cup surfaces are highly polished and guaranteed to conform with rivet heads. Carried in stock in AN470 (MS20470) universal-head cup shape. Overall length, 3-1/2", .401" dia. centerless-ground shank.

AT-100A-3-3/32 ..... 3/32" **$6.75**
AT-100A-3-1/8 ..... 1/8" **$7.80**
AT-100A-3-5/32 ..... 5/32" **$7.95**
AT-100A-3-3/16 ..... 3/16" **$8.95**

AT 101A OFFSET RIVET SETS

Same tool as AT100A but has 10° bend 1" back from the cup to allow added clearance. Permits easier riveting where obstructions are encountered.

AT-101A-3-3/32 ..... 3/32" **$6.75**
AT-101A-3-1/8 ..... 1/8" **$8.35**
AT-101A-3-5/32 ..... 5/32" **$8.35**
AT-101A-3-3/16 ..... 3/16" **$12.75**

HAND RIVET SQUEEZER

Designed to squeeze 1/16" - 5/32" rivets and dimple 1/16" - 3/16" in material up to .040" thickness. Takes standard 3/16" shank rivet squeezer sets. With adjustable ram and 2-piece C-yoke of heat treated stainless steel. Throat depth: 1.5". Gap: 1-1/4". Overall length: 14". Best quality squeezer on the market. P/N 12-00300..... **$131.95**

YOKES FOR RIVET SQUEEZER

1-1/4" X 1" Reach ..... P/N 12-00308 .... **$51.75**
1-1/4" X 1-1/2" Reach ..... P/N 12-00309 .... **$51.75**
1-1/4" X 2" Reach ..... P/N 12-00310 .... **$63.75**
2" X 2" Reach..... P/N 12-00315 .... **$77.65**

1-1/4" X 6" Reach ..... P/N 12-00324 .. **$166.95**

SWIVEL HAND RIVET SQUEEZER

This tool incorporates a 3/8" stroke and 5/8" ram adjustment. The full 360° yoke can be locked in any position in relation to the handles. Uses standard squeezer sets with 3/16" shank diameter. Yoke depth: 1-1/2".

Model AT502AH-D.....P/N 12-00400 ..... **$259.95**

INSTRUCTIONS FOR SELECTING RIVET SETS

To develop maximum power, the riveter must drive the rivet near the end of the riveter's stroke. For maximum power the combined length of the two rivet sets must be of the correct length. Determine the correct length as follows:

WHEN TWO CUPPED RIVET SETS ARE USED – The sum of the two rivet sets "L" dimension should equal the closed height dimension of the yoke minus the total thickness of the material being used.

WHEN TWO FLUSH SETS ARE USED – The sum of the two rivet sets "L" dimension should equal the closed height dimension of the yoke minus the overall length of the rivet after it is driven.

WHEN ONE CUPPED SET & ONE FLUSH SET ARE USED – The sum of the two rivet sets "L" dimension should equal the closed height dimension of the yoke minus the total thickness of the material being riveted and the height of the finished rivet head driven by the flush set. If necessary, select rivet sets a little short and shim to proper length with hardened shims listed in the table. The closed height dimension of the yoke referred to above is the opening available when jaws of plunger are in extreme closed or forward position with both rivet sets in place.

RIVET SETS FOR SQUEEZER

Assorted Squeezer Set. 5-piece, consisting of rivet sets for 3/32,1/8 and 5/32" AN470 rivets, and one flat set. Shank dia. 3/16".

P/N 26-5 ..... **$18.95**

DIMPLING SETS FOR SQUEEZER

COUNTERSINK CUTTERS

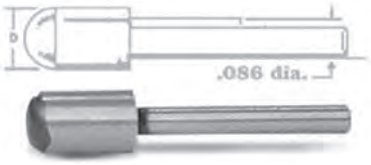
MICROSTOP COUNTERSINK CUTTER KIT AT590CSK

This kit provides countersinking versatility with nine different 1/2" diameter cutters, six of the most commonly used foot pieces, and a high-speed bearing-constructed microstop. The microstop controls cutting depth in .001 increments, from 0 to 5/16". Cutters-ground on-centers to ensure concentricity-are 100°, with pilot diameters #40, #30, #21, 3/32", 1/8", 3/16", and 1/4".

P/N 12-00824.....**$228.50**

100° AT455 COUNTERSINK CUTTER

Designed for operating in angle drills with 1/4-28 threads and in the AT441SLS Micro Stop Countersink. Has 1/4-28 threaded shank. Cutter angle 100°. AT455D-4 has 7/16" dia. cutter head. Use with AT484 pilots. P/N AT455D-4 ....**$13.85**



AT484 PILOTS

AT484 replaceable pilots have a .086" dia. shank with a flat to accommodate the set screw of the AT455 cutter. An undercut permits the head to seat on the cutter angle. Order by P/N.....**$10.50 ea.**

Part No.	Head Dia. "D"	Part No.	Head Dia. "D"
AT484-2	#40	AT484-56	3/32
AT484-12	#30	AT484-57	1/8
AT484-21	#21	AT484-59	5/32
AT484-31	#11	AT484-61	3/16
AT484-32	#10	AT484-63	7/32

AT441 HSS MICROSTOP COUNTERSINK

AT441 HS Micro Stop Countersink, similar to the AT442SLS unit, except with 1/4-28 female threaded nose to accommodate AT455 cutter.

P/N 12-01591.....**$26.85**

AT 442 HS MICRO STOP COUNTERSINK

A precision tool for production countersinking. Ball thrust bearing for absolute depth control. Adjusts in .001" increments, with positive adjustment lock. Skirt accepts cutters up to 5/8" dia. Has 1/4-28 male threaded shaft for use with AT418 cutters. Can be assembled and disassembled without special tools. Split shaft and taper locks pilot in place when cutter is tightened. Order cutters and pilots separately. P/N AT442-SLS **$96.75**

MICRO-STOP COUNTERSINK CAGES AND NYLONFOOT PIECE

2 Models available-one with NEEDLE bearing and one with BRONZE bushings. .001" increment depth adjustment. Positive adjustment lock. 1/4" dia. shank. 9/32" shaft travel. 9/16" cutter capacity. For 1/4-28 threaded cutters. Comes with "NO-MAR" foot piece. Rated at 3,000 RPM. Made in USA.

With Bronze Bushings
P/N 12-01412 .....**$36.25**

With Needle Bearings
P/N 12-00940 .....**$36.75**

BRAKE RIVET SET

Use these sets with your hand squeezer. Will set brake rivets eliminating the possibility of cracking your brake pads.

P/N 12-00550.....**$39.90**

DIE GRINDER MANDREL

Die Grinder Arbor (Mandrel). Holds your cutoff wheels. It has a 1/4" shank for use in most drills and die grinders. Can accomadate either 1/4" or 3/8" cut-off wheel through hole sizes.

P/N 12-02924.....**$4.95**

AT 409 SERIES STRAIGHT SHANK COUNTERSINK WITH INTERCHANGEABLE CUTTERS AND PILOTS

Assembly, consists of AT418E (1/2") cutter, AT416 pilot and AT409-1, 1/4" straight-shank. Has a collet-type shaft to securely hold the replaceable pilot.

When ordering specify: Part number of cutter and pilot dia.

Assembly Example: AT409 with 100° cutter A418E & 1/8 pilot. (AT416-57) ..... Adapter only.....P/N AT409-1 .....**$11.25**

AT418 STOP COUNTERSINK CUTTERS

Three-straight flute replaceable pilot cutters with female thread. These cutters are designed with extra deep flute to permit numerous resharpenings and radial clearance to assure fast smooth cutting.

For Replaceable Pilots Refer to AT416 Series. Used With AT418

Part No.	Cutter Dia.	Thread Size	Pilot Hole	Price

COUNTERSINK SETS

Countersinks made of high-speed steel, 3-fluted and 14° - 28 threaded. Set includes #40, #30, #21, #10, and 1/4".

Countersink 82 degree 5 pc. set..... P/N 12-02883 .....**$42.95**
Countersink 120 degree 5 pc. set..... P/N 12-02884 .....**$42.95**

PANEL DIMPLING TOOL (C-SPEC 2700)

This panel dimpling tool is used for dimpling thin sheet metal panels to accept the 2700 Series C-Spec Fasteners. It can also be used to dimple panels to accept FJ4 Series Flush-Head Z-Spec Fasteners. This tool is made from premium tool steel and is bright Zinc plated. ..... P/N 12-02855 .....**$23.65**

PANEL DIMPLING TOOL (C-SPEC 4000)

This panel dimpling tool is used for dimpling thin sheet metal panels to accept the 4000 Series Flush-Head C-Spec Grommets. This tool is made from premium tool steel and is bright Zinc plated.

P/N 12-02856 .....**$23.65**

TO

HAND SEAMER

Handy tools for comparatively light work. Wide, deep jaws machined for smooth parallel fit. Form precise folds and seams. Strong, lasting drop-forged steel construction. No. 44 has plain 3 1/2" wide blades. No. 44r is similar with a radius to prevent tearing of aluminum and other light metals. No. 793 has a 3 1/2" wide blade with adjustable depth gauge. P/N 12-00620 .....**$54.85**

HAND SEAMER TP44

• Wide, deep jaws machined for smooth parallel fit • Forms precise folds and seams • 1" deep x 3-1/2" wide throat P/N 44R.....**$21.75**

ROPER-WHITNEY METAL CRIMPER

Handy crimping tool to disperse excess metal. Depth of throat 1-1/8". Overall length 9". Wt. 1 lb. P/N 111 .....**$79.95**

ROPER-WHITNEY NOTCHER

Designed for fast, accurate 32° notch in sheet metal. Hook design of jaws permits notching to exact desired depth without slippage. Spring-return jaws. Capacity 20 ga. Wt. 1 lb.
P/N 141 .....**$86.75**

FLUTING PLIERS

These aircraft-type fluting pliers are a drop-forged quality tool. Non-marring working surfaces of jaws specifically designed for use on aircraft components. Comfort grip handles.
P/N 12-00500 .....**$15.75**

HOLE FLANGING TOOL

A real time saver for flanging lightening holes. Non-marring. Easy to use. Nylon rollers and ball bearings assure long life. P/N 12-00600.....**$18.65**

MIGHTY ROD SHEET METAL BENDER

Designed to bend solid round, square and flat alloys into nearly any shape and angle. FEATURES: • Works on solid materials up to 3/8" diameter. • Coils and bends wires of many sizes. • Includes dies for 1/2", 3/4", 1", 1 1/4" & 1-1/2" diameter bends. • Constructed of 3" x 3" aluminum base 1" thick with a 12" handle 7/8" in diameter. • Made in the USA. • 1 year Replacement Warranty.
P/N 12-00934 .....**$31.75**

JUMBO ROD SHEET METAL BENDER

Constructed of 4" x 6" aluminum base 1" thick with a 16" handle 7/8" diameter. Bends solid round, square and flat iron. ***FEATURES:*** •Works on solid materials of up to 3/8" round and square (1/2" wide flat). • Coils and bends wire of many sizes. • Bends metal to any shape and degree of angle. • Include dies for 3/8", 3/4", 2", 3" & 4" diameter bends. • Installs on any vise. • Ideal for hobbyists, prototype shops and do-it-yourselfers. • Made in the USA. P/N 12-00935 .....**$54.75**

MAGNUM BENDER

For many homebuilders, the production of high quality aircraft metalwork can be a daunting prospect. There can be hundreds of intricate fittings to produce and many will require accurate bending. Magnum Bender has a BIG capacity and is capable of bending 1/8" thick x 6" wide 4130N. Magnum bender uses sets of interchangeable bending bars each with two different radii to produce high quality bends, up to, and including 90 degrees. Bending bars are hardeneded and polished and allow for material 'spring back'. The Magnum Bender is available as a metric version, with 3 bending bars offering 1,2,3,4,5 and 6mm radii. Each machine is supplied with two pairs of operating levers, 1 ft. long and 2 ft. long.
Metric.....P/N 12-01551 .....**$1,065.00**

ROPER-WHITNEY METAL PUNCH

#5 JR. HAND PUNCH – with one ton punching power. Punches 1/4" hole through 16 Ga. mild steel. Throat clearance 1-3/4". Complete set in metal box with 3/32, 1/8, 5/32, 3/16, 7/32, 1/4 and 9/32" punches & dies. Wt. 4-1/4 lbs. P/N 12-01600 .....**$89.90**

BENCH MOUNT BASE – for stationary use. Base swivels to any position. Punch is held by L-shaped clamp rod through a 7/16" or larger hole in bench.
P/N 12-01700 .....**$34.75**

STRAIGHT PUNCH & DIE SETS – for No. 5 Jr. punch in the seven sizes shown below.

3/32"	#12-01800	7/32"	#12-02200
1/8"	#12-01900	1/4"	#12-02300
5/32"	#12-02000	9/32"	#12-02400
3/16"	#12-02100	Each Size	**$16.85/set**

COMBINATION PUNCH & DIMPLING DIE SETS – For #5 Jr. punch. Punch and dimple in one operation. 3/32, 1/8 or 5/32" 100° punch & dimpling die sets.
1/8" .....#12-02500 .....**$71.65**
3/32" .....#12-02600 .....**$79.25**
5/32" .....#12-02700 .....**$61.25**

ECONOMY MODEL BENDING BRAKE

For bending and forming. Makes clean, smooth bends and forms up to 90° in metals. 18" & 30" handle up to 16GA aluminum. 40" handles is up to 20GA sheet metal, 18GA aluminum. All include brake bars. Clamps not included. Made in USA.
Up to 18" width stock..... P/N 12-02800 .....**$39.75**
Up to 30" width stock..... P/N 12-02810 .....**$99.50**

HEAVY DUTY BENCH BRAKE

This small, compact brake is excellent for all tough fabrication and repair jobs. The radiused dies make it possible to form those difficult materials such as 2024T3, 4130, and stainless without fear of cracks. Features solid steel bar construction, heavy duty clevis hinges, and portable bench mounting. Includes 2 sets of assorted width reversible dies with 1/16", 1/18", and 3/16" radii, plus complete instructions. Ideal for machine shops, aircraft, race car, boat builders, avionics installers, & auto repair shops. P/N 12-02850 .....**$1,398.80**

ORIGINAL LANCASTER PORTO-METAL FORMER

The Porto-Metal Former makes the specialty angle needed in minutes. Can be used on the work bench or in a vise to make inside angles, outside angles, straight bends - even circles, to a radius as small as 3". Jaws are made of hardened alloy steel. Works 18 gauge soft steel, 20 gauge stainless, 16 gauge aluminum up to 2" in width. 45 to 1 leverage for powerful press. Special malleable iron body will not break as we have found with cheaper imitations. Order #LSH-71 metal shrinker for inside angles. Order #LST-82 stretcher for outside angles. Wt. 12 lbs. each.
#LSH-71 Shrinker.....P/N 12-19800 .....**$172.95**
#LST-82 Stretcher.....P/N 12-19900 .....**$174.65**
Combination Shrinker/Stretcher Tool.....P/N 12-02950 .....**$239.95**

Either unit can be converted into its opposite by ordering complete conversion kit, includes jaws, blocks & wire.

TO

CHERRY RIVET TOOLS

HYDRO-SHIFT CHERRYLOCK® RIVETER

Specifically for the installation of all CherryLOCK® Rivets. Recommended primarily for 1/4" diameter CherryLOCK® rivets. It can be used to install all diameters and lengths as indicated on the tool capacity charts. Low recoil, low noise and a comfortable fit in the operator's hand. It can be operated in any posi-tion with one hand. The H681 Series pulling heads fit directly on this tool to install both bulbed and standard NAS type 2000 Series CherryLOCK® Rivets. With the proper adapters and pulling heads, this tool can install other types of rivets.

P/N 12-02983.....**$10,995.00**

LOCKBOLT POWER RIVETER G84

For high speed, reliable installation of the most popular sizes of aircraft Lockbolts. Incorporates a bayonet attachment for quick change of pulling heads. This tool can also be used to install blind bolts and blind rivets. A comfortable grip for one handed operation in any position. Compatible with Huck 352 & 230 riveter pulling heads. P/N 12-03011.....**$1,692.00**

LOCKBOLT POWER RIVETER TOOL KIT G84LBK

Installs: 5/32", 3/16" & 1/4" NAS Style. LockBolt **Includes**: G84 LockBolt Power Riveter - Stroke: 9/16", Pulling Force: 5, 750 lbs (2,608 kgs), Weight: 7.7 lbs (3.5 kgs). H513-08-35 Pulling Head. H513S-05-20 Pulling Head Cherry 5/32" D LockBolt. H513S-06-20 Pulling Head MaxiBolt 3/16" LockBolt. NUT-PLATE RIVETER G702A

The G702A is a pneumatic-hydraulic tool designed specifically for installation of nut plate rivets. Its durable, all metal housing makes this tool ideal for use in rugged shop environments. The H702-3NPR pulling head fits directly on the tool to install -3, -4, 2.5 mm & 3mm nut plate rivets. 10° angled head allows user to work using a natural hand position. A comfortable grip for one handed operation in any position. Air Pressure: 90 PSI (6.2 bar) min./110 PSI (7.6 bar) max. Cycle Time: approximately one second. Noise Level: 71 dB (A). Vibration: less than 2.5 m/s2. Air Consumption: .09 SCF / cycle (2.55 L / cycle). Stroke: 3/4". Pulling Force: 1,100 lbs (499 kgs). Weight: 3.5 lbs. P/N 12-02985.....**$1,286.00**

CHERRYLOCK POWER RIVETER KIT G784CLRB

Includes: G784 Cherry Universal Power Riveter 12" High, 8 lbs., 15/16" Stroke. P1395 Molded Carrying Case. TLC852 CherryLock Selector Card. TLC864 CherryLock Process Manual. 269C3 CherryMAX Grip Gauge. 700A77 Bleeder Bottle. Note: No Pulling Heads Included.

P/N 12-03001.....**$4,338.00**

CHERRYLOCK POWER RIVETER G784

Installation of CherryLOCK rivets. Will install nearly all diameters of CherryLOCK rivets up to a half-inch grip, 'A' group only. With proper adapters & pulling heads this tool can be used to install other types of rivets. A comfortable grip for one handed operation in any position. Pulling heads not included with riveter. Air Pressure: 90 PSI (6.2 bar) min./110 PSI (7.6 bar) max. Noise Level: 69.7 dB (A). Vibration: less than 2.5 m/s2. Air Consumption: .27 SCF / cycle (7.65 L / cycle). Stroke: 7/8". Pulling Force: 2,600 lbs (1, 179 kgs). Weight: 8 lbs (3.6 kgs)

P/N 12-02998.....**$3,057.00**

POWER RIVETER G747

Installation of CherryMAX and nut plate rivets. This tool utilizes straight, offset and right angle pulling heads, all of which can install -4, -5 and -6 diameter CherryMAX bulb type rivets in all head styles, materials and grip lengths. Extensions are available for extending the pulling heads to reach limited access areas. 10° angled head allows user to work using a natural hand position. A comfortable grip for one handed operation in any position. Same weight as the G702A, with the power of much larger tools.

P/N 12-02995.....**$845.00**

RIVET GUNS

CHERRY G-28 HAND RIVETER GUN

The Cherry G-28 is a lightweight (13 oz.) ruggedly compact hand tool designed to efficiently set a broad range of Cherry commercial rivets. A unique torsion spring keeps the lever arm in place, ready to accept rivet after rivet. The G-28 comes with two popular size nosepieces, 728A9-4 (to set Cherry N Rivets - 1/8" dia. & Cherry Q Rivets - 1/8" dia.) and 728A9-6 (to set Cherry N Rivets - 5/32" & 3/16" dia. & Cherry Q Rivets - 5/32" & 3/16" dia.), one of which is stored securely out of the wav in the riveter handle. P/N 12-03000.....**$115.95**

CHERRY G-29 HAND RIVETER

The Cherry® G-29 Hand Riveter is an efficient, compact, lightweight tool for installing Cherry® NUT-PLATE rivets. It comes equipped with a 728A9-3 nosepiece to install 3/32" rivets and has a 728A9-104 nosepiece stored in the handle for installing 1/8" rivets. The G-29 Riveter is 9-1/4" long, weighs just 13 ounces and is intended for use when access or power limitations prevent the use of Cherry® power tools. P/N 12-00701.....**$114.95**

CHERRY G-27 HAND RIVETER KIT

The Cherry G-27 Hand Riveter is designed specifically for the most efficient installation of 1/8" CherryMAX Rivets. The G-27 Riveter is intended for use where access or power limitation prevents the use where access or power limitation prevents the use of Cherry pneumatic power tools. Overall length of the G-27 is 9-1/4", the net weight is just 13 ounces and the pulling head is an integral part of the tool.

P/N 12-03105.....**$89.75**

RIVET KIT

This rivet kit includes 200 assorted Klik-Fast rivets in popular sizes. The molded plastic case houses and protects the tool and rivets. Weight 4 lbs.

P/N 12-03100.....**$97.85**

120° FLUSH DIMPLING TOOL

This unique tool for 1/8" 120° countersunk "Pop" rivets attaches to the Cherry G-28 standard hand "Pop" rivet gun. Simple design makes dimpling foolproof, quick and easy, with no cracking of metal. For use on aluminum to .040" thickness. P/N 17014..... **$10.75**

ADJUSTABLE RIVET SPACER

For uniform spacing of rivets, bolts, nails, etc. Unique fan design expands to 36". Equally spaces up to 20 holes between 2 given points. Made of 301 stainless steel.

P/N 12-11700..... **$38.75**

10 Hole spacer P/N 12-00184..... **$24.75**

RIVEDRILL™

Allows operators to set up to 14 rivets per minute - twice as many as can be set by standard hand tools. The RiveDrill is ergonomically friendly, requiring just 6.6 lbs. of pressure to operate, compared to 77.2 lbs. required for hand tool operation. Excellent for working on aircraft, autos, or boats. The RiveDrill™ can be quickly inserted into a 3/8" reversible power drill as any standard drill bit would and is able to set any standard blind rivet up to 3/16" aluminum. The shank of the rivet is expelled when the drill is operated in the "reverse" mode. (For cordless electric power drills, a minimum 12V battery is recommended.) Nosepieces for 1/8", 5/32", & 3/16" sizes are included. P/N 12-00253.....**$69.50**

ULTRALITE NUTPLATE DRILL MOTOR

Ergonomic, lightweight design. Only one hand required to locate, drill & countersink both holes. Easily convert rivet spacings with interchangeable foot attachments. Available in single wing, double wing & mickey mouse models. Accomodates all nutplate spindle spacings from 0.219" to 1.125". Fully adjustable feed rate. 600 or 7,000 RPM P/N 12-01376.....**$3,624.00**

SWIVEL RIVETING TOOL

Rotates 360° and rivets in any position. High leverage handles for added power. Hardened steel construction for long life. Extended nose for hard to reach places. Will pull 3/32", 1/8", 5/32", and 3/16" rivets. Model TP844..... P/N 12-00365.....**$56.85**

HOMEBUILDERS RIVET NUT TOOL

Its design enables the rivet nuts to be seated tighter than with conventional tools. This fastening tool has unique uses! The rivet nut possesses far greater load bearing capability than a regular sheet metal screw! Proudly made in U.S.A. Use it instead of a sheet metal screw. For use with aluminum or steel rivet nuts.Kit includes Rivet Nut Tool, Stabilizing Rod, and Qty 1 each of 6-32, 8-32 and 10-32 rivet nuts. P/N 12-00968 .....**$19.65**

ATS AIRCRAFT RIVET GUN #2602

So controllable you can easily buck rivets as small as 3/32" to as large as 3/16".

P/N 12-18340 ..... **$129.95**

RIVET SET MAX FOR 2602 RIVET GUN

3/32", 1/8", 5/32" and 3/16" rivets.

3-1/2" (5 pcs. straight, includes flat) P/N 12-18341 ..... **$28.95**
3-1/2" (4 pcs. offset) P/N 12-18342 ..... **$27.90**
5-1/2" (4 pcs. straight) P/N 12-18344 ..... **$29.90**

PROFESSIONAL HAND PLIER RIVET TOOL

Professional Hand Plier Rivet Tool is 50% easier to use then other hand tools. A patented compound link designed does the work for you. A shorter grip opening ergonomically designed for one hand operation. Grips cover the length of the lever and body, and soft handles are contoured to fit the hand.

The wrench and nosepieces (3/32", 1/8", 5/32", & 3/16") are stored in the handle of the tool. Excellent for use on Cherry and other standard pop rivets.

Features: • Robust aluminum casting and vanadium steel handle design • Setting capacity: aluminum rivets up to 3/16" (4.8 / 5.0mm) body diameter • Contoured handle grips for comfort • Rivet retaining handle design for one-handed riveting • Supplied with nosepieces for 3/32", 1/8", 5/32" & 3/16" (2.4mm, 3.2mm, 4.0mm & 4.8mm) rivets • Supplied nosepiece wrench • Length: 9.65" (245mm) • Weight: 1.3 lbs. (0.6 kg)

P/N 12-00178 .....**$28.85**

HEAVY DUTY RIVETER

Includes four nosepieces to set rivet diameters from 3/32" up to 3/16". Convenient lock chain keeps handles closed when tool is not in use. Made in U.S.

P/N 12-18352 .....**$38.95**

3M™ RIVETERS TAPE

3M™ Riveters Tape 685 Transparent Film with Green Adhesive, 1.7 mils (.043 mm) Polyester film with a rubber-strip coated along edges of tape only and tack-free center Window P/N 12-18355..... **$9.65**

COMBINATION RIVET-RIVNUT TOOL

Ideally suited to the needs of the aircraft homebuilder. Develops 3,500 lbs. of pulling force which permits the installation of all Cherry Commercial Blind Rivets or any other Pop type rivets through 1/4" diameter as well as all CherryMax rivets through 3/16" diameter. Will not pull Cherry Lock rivets. Quickly converts to a threaded blind nut setter. The kit includes the D100 hydraulic tool with adapters for blind rivet and blind nut installation, rivet nosepieces for 1/8", 5/32" and 3/16" diameter blind rivets, blind nut pull-up studs with nosepieces for 6-32, 8-32, 10-32 and 1/4-28 Rivnuts, operating instructions and a rugged Plastic storage case. Size: 12-1/2" x 8-1/4 x 3'. Weight: 3 lbs. P/N D100-RN Kit.....**$352.95**

PNEUMATIC-HYDRAULIC BLIND RIVETER

No larger than a compact drill motor, will install virtually any straight-pull blind rivet with installation loads of 3500 lbs. or less. All blind rivets from 3/32" dia. up to and including 1/4" dia. Can install CherryMax rivets. It utilizes a patented two-valve hydraulic pump actuated by 90 to 130 PSIG air pressure. Collect/jaw assembly remains stationary while the outer sleeve-nosepiece assembly is hydraulically moved, creating sufficient load to install the rivet. Furnished with three nosepieces for 1/4", 1/8", 3/16" & 3/32" rivets. Wt. 29 oz. P/N 09-01070 .....**$558.95**

RED BOX 737 RIVET GUN KIT INCLUDES BUCKING BARS

Includes: 1pc Rivet Gun (choose size 2X, 3X or 4X), 1pc Type A -Bucking Bar, 1pc Type B -Bucking Bar, 1pc Brass Regulator, 1pc Air Tool Fitting, 4pcs 3.5" Straight Rivet Set (3/32", 1/8" 5/32", 3/16"), 1pc Standard Flush Set (Surface: 1", Length: 2.5"), 1pc Beehive Spring, 1pc Retainer Spring, 1pc Marvel Air Tool Oil (Made in USA)

RIVNUT TOOLS – TAPE MEASURES

L-6000 RIVNUT SPEED DRIVER

This tool is designed for light production and features high speed push-pull, smooth, spiral action. Sized #4 through #10 adequate for brass, aluminum, and steel. Sized #4 through #8 adequate for stainless steel. Provides easy on-and-off threading of rivet nut with push-pull knob. Adjustable anvil for different length rivet nuts. Made in U.S.A. The C-6000 Speed Header is available for Rivnuts with the following thread sizes:

6-32 ..... P/N 12-12600.... **$136.95** 8-32..... P/N 12-12700.... **$136.95**
10-32 .... P/N 12-12800.... **$136.95** 1/4-28..... P/N 12-12900.... **$153.95**

CONVERSION KIT - For changing speed header to a different Rivnut thread size. Order by P/N .

HEAVY DUTY RIVET CUTTER

This high quality, durable rivet cutter features all steel construction and cuts 1/16" to 1/4" diameter rivets. It is adjustable for 1/4" to 3/4" long rivets.

P/N 12-16840 ..... **$42.50**

RIVET CUTTER

This handy rivet cutter, w/ 2 hardened blades, cuts rivets of any standard dia. from 3/32" to 3/16" without burring. The length of the cut rivet can be varied from 3/16" to 5/8" by means of 8 adjustable leaves attached to the cutting head. Plastic coated grips. Wt. 2 lbs. P/N 12-00200 ..... **$36.85**

BENCHTYPE RIVET CUTTER

Cuts 5 different diameter rivets, as well as wire and screws to 7 different lengths. Made of hardened and ground steel, this rivet cutter can be easily fastened to a workbench or held in a vise. Accepts rivet diameters 1/16, 3/32, 1/8, 5/32, 3/16, Will cut to lengths: 5/32, 7/32, 9/32, 11/32, 15/32, 17/32. P/N 12-00262 ..... **$133.95**

LUFKIN METRIC/INCH TAPE MEASURE

LUFKIN NO. W921OME Has 1/2" blade, 3 meters long (equal to about 10 ft.). Markings are on one side only, with millimeters on upper edge and inches to 16ths on lower edge. White face.

P/N 12-19700 ..... **$11.75**

STANLEY DECIMAL INCH TAPE MEASURE

This 12-ft. steel tape measure with 1/2" blade is graduated in tenths & hundredths of inches and also in fractions of inches (32nds). Very handy for all aircraft construction. A must for building composite aircraft.

P/N 33-272 ..... **$17.90**

SMART TOOL DIGITAL INCLINOMETER

Smart Tool is a unique digital inclinometer with up to 0.1° of repeatable accuracy. Place Smart Tool anywhere and it provides an accurate digital readout of angular reading instantly with no interpretation or guesswork needed. It measures and displays any angle through 360°, and readings can be relative to any angle. Smart level even calculates complicated slope measurements in either percent or inches per foot. It is sunlight viewable, features 3 sensitivity settings, and has 120-hour battery life with auto shut–off. Smart Tool is ideal for fixture work, tube bending, metal forming, body work, drive shaft angles, camber, caster, and A-arm angles, and a wide variety of other applications in the aircraft and race car building industries. Also ideal for coordinating and aligning flight control surfaces. Compact & rugged, Smart Tool is powered by any 9V battery.

Smart Tool in 24" rail..... P/N 12-21365 ..... **$163.95**
Smart Tool in 48" rail..... P/N 12-21370 ..... **$175.95**

INSTANT ANGLE FINDERS

MODEL 200M (2-3/4" Dia. Dial) - Very versatile tool —ideal plumb bob. Magnetic base and center hang hole. Body of high impact ABS plastic. Dial protected by acrylic cover. Angle and rise chart on back.

P/N 12-14800 ..... **$23.85**

DIGITAL PROTRACTOR/LEVEL ND-81

Very popular with aircraft builders, mechanics and woodworkers. Used for flight control surface rigging, setting propeller angle, and aircraft leveling and more. **Features:** Full 360-degree measuring range with maximum resolution and accuracy of 0.1 degree. Simple 30 second calibration procedure using only the top flat edge of a table or desk. Alternate zero button to set zero starting point at any angle (commonly used for aileron, flap and elevator rigging). Display hold button to freeze reading when measuring in tight spaces. Readout stays upright even when protractor is upside down. Dimensions: 7.5" x 5" x 3". Total weight: 16 oz. P/N 12-02651 ..... **$98.95**

PRO 360 DIGITAL PROTRACTOR

The Pro 360 Digital Protractor is a revolutionary measuring tool that provides an immediate, digital reading of all angles in a 360º circle.The machined aluminum frame is a rigid, light weight, ultra-precise platform that allows the state-of-the-art sensor and its microprocessor circuit to provide unsurpassed accuracy throughout the Protractor's 360º range. Typical used by aircraft builders, maintenance personnel and airport operators. P/N 12-20125 .... **$224.95**

PRO 3600 DIGITAL PROTRACTOR

The PRO-3600 is accurate to 0.01º and has an RS-232 compatible serial port for a computer interface and SPC records keeping.

P/N 12-00759 ..... **$355.95**

RIV-NUT PULLERS

The Riv-Nut Puller was designed for installation of steel and aluminum rivet-nuts. High speed, push-pull action. Available in sizes 6/32, 8/32, and 10/32.

Rivnut Puller 6/32 ..... P/N 12-02886 ..... **$95.95**

PLASTIC PRY TOOLS – AIR CHISEL TOOLS

BOJO PLASTIC PRY TOOLS

Soft, yet strong, all Bojo tools are made tough enough to pry, but not hard enough to damage. These 4 tools are provided as a set.

PLASTIC GENERAL WEDGE TOOL - General narrow point for reaching in narrow spaces.

PLASTIC STICKER/GASKET TOOL - Wedge tip, for use where a wide area is desired with a "soft" touch.

PLASTIC PRY BAR TOOL - The forked tip. The original for removing door panels and plastic grommets.

PLASTIC WEDGE PULLER TOOL - The forked tip. The original for removing door panels and plastic grommets.

Set of 4 listed above..... P/N 12-00748.....**$14.95**

MASTER INSTALLER KIT - Soft, yet strong, all Bojo tools are made tough enough to scrape, but not hard enough to damage. Set of 7.
P/N 12-00976.....**$19.95**

AIRCRAFT ASSEMBLY SCRAPER KIT - Soft, yet strong, all Bojo tools are made tough enough to scrape, but not hard enough to damage. Set of 4. P/N 12-00977 ..... **$15.50**

DELUXE SCRAPER KIT - This is an expansion of our original 4 Piece Scraper Kit (which you currently buy in the medium strength material NGL). The new tips were design from request in the aviation fuel bladder cleaning industry for the US Air Force and US Navy overhaul programs. This new, stronger material is highly resistance to all forms of chemicals and sealants. PN 12-01858.....**$31.75**

Description	Part No.	Price
Pry Tool Large LFT-2-N	12-01859	**$7.50**
Sheet Panel ADJ Tool Kit	12-01860	**$18.25**
Wire Guide Tool ATH-30-GNL	12-01857	**$3.75**

MULTI WEDGE NON-MARRING TOOL SETS

Multi Wedge non-marring tool sets allow homebuilders and avionics installers to remove panels, dash trim bezels, and other interior moldings, including door panels, without causing damage. Excellent for use in aviation, auto restoration, body work, electronics installation, upholstery etc. The Orange Set (3400) P/N 12-01671 is made of a softer polyethylene plastic blend for prying dash bezels, trims, and moldings without damaging the vehicles interior. The Black Set (3500) P/N 12-01672 is made of a more expensive high impact polycarbonate plastic for prying harder materials such as thin walled aluminum engine covers and sheet metal panels. ***Product Benefits:*** • Thin tip to fit into tiny gaps •Wide surface area to displace force, therefore reducing damage • Flexible • Slick surface for ease of prying • Built-in handle • Non-marring surface • Slim powerful angle • Curved tip for easy prying • Thing tip for tight gaps

Multi Wedge Set Orange (Soft) 3400 ..... P/N 12-01671 .....**$10.85**
Multi Wedge Set Black (Hard) 3500 ..... P/N 12-01672.....**$11.75**
Both Multi Wedge Sets - Orange (Soft) / Black (Hard) 3400/3500
P/N 12-01673.....**$18.50**

MULTI-PURPOSE SCRAPER

This Muli-purpose scraper has a 2 1/4" wide blade ideal for more coverage. This scraper is ideal for lighter duty jobs. It has a blade cover for safety and a hole in the handle to hang for convenience. This scraper is disposable and does not have replacement blades available.
P/N 12-02371 .....**$6.50**

AIR CHISEL TOOLS

Aircraft structures are sensitive to tool damage during manufacture, servicing and repair but the numerous plastic and composite materials available in our products are able to deliver the levels of strength and durability required of tools systems whilst conforming to aircraft manufacturer specifications.
Strong ribbed backing air chisels that are easily reshaped. Designed to fit standard air chisel tools with a 0.401" diameter shank, this scraper system maintains the damage reduction and non-marring properties of our hand tools but is suited to heavy-duty and higher volume material removal while reducing operator fatigue.

GENERAL SCRAPPER CHISEL TOOLS
Standard width air chisel scraper.
General Scrapper Chisel Tool - Soft
P/N 12-02282.....**$7.50**

FLAT SCRAPPER CHISEL TOOLS
Steep angle for air chisel scraping delicate, narrow jobs that require less of a wedging angle.
Flat Scrapper Chisel Tool - Soft
P/N 12-02284.....**$7.50**

BOX CORNER SCRAPPER CHISEL TOOLS
Ideal shape for air chisel scraping tight into corners, removing material on both sides surface at once.
Box Corner Scrapper Chisel Tool - Soft
P/N 12-02286.....**$7.45**
Box Corner Scrapper Chisel Tool - Hard..... P/N 12-02287.....**$7.45**

LARGE HEAVY DUTY FLAT AIR CHISEL TOOL
Wide air chisel scraper for larger areas of removal.

Large Heavy Duty Flat Air Chisel Tool- Hard
P/N 12-02288.....**$9.95**

NARROW HEAVY DUTY FLAT AIR CHISEL TOOLS
Narrow air chisel scraper for tight, confined areas of removal.
Narrow Heavy Duty Flat Air Chisel Tool- Hard
P/N 12-02289.....**$9.95**

TRIGGER TYPE SEALANT GUNS

This air-powered, trigger controlled sealant gun will spread sealant smoothly, uniformly, and exactly where you want it. Includes body, 10 ft. hose, and 2 1/2 oz. zinc plated corrosion resistant retainer to prevent cartridge split. Hose has Hanson-style air fitting.

Gun with 2.5 oz. Retainer ... P/N 12-02923.....**$95.50**
Gun with 6 oz. Retainer ..... P/N 12-02922.....**$95.95**

PISTOL GRIP SEALANT GUNS

Use this pneumatic pistol grip sealant gun to apply smooth, uniform material exactly where you want it. Comes with body, 10 ft. hose, and 2 1/2 oz. zinc-plated corrosion resistant retainer. Hanson-style air fitting on hose.

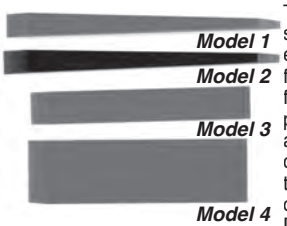
Gun with 2.5 oz. Retainer..... P/N 12-02921.....**$124.95**
Gun with 6 oz. Retainer..... P/N 12-02920.....**$124.95**

SEALANT CUTTERS

Sealant cutter quickly and safely removes thick applications of seam sealant for aircraft maintenance and repair. Eliminates the need for harsh chemicals. Saves time and effort. 1/4" x 28 Threaded Shank.

.40" Diameter..... P/N 12-02879.....**$6.35**
.83" Diameter..... P/N 12-02878.....**$6.50**

SEALANT REMOVAL TOOLS



These tools are full machined and/or laser cut, which helps them retain a sharp edge. The tools are used by many defense contractors and Naval air stations for sealant application, sealant removal, paint removal, acrylic canopy contact, and general use. They are made from cell cast acrylic or black nylon as noteed. These tools can be resharpened on an abrasive belt or disc. Note: 15% Discount on 12 or more (Per P/N)

Model	Material	Part No.	Price
Model 1	Acrylic	12-02360	**$1.65**

Model 3	Acrylic	12-02362	**$2.10**
Model 4	Acrylic	12-02363	**$2.80**

TO

RECOIL KITS

The Recoil System is the simple way to repair stripped or damaged threads. It provides stronger and more efficient threads which have great holding power. The system is quick and easy to use and is ideal for alloys and other light materials. The recoil insert, which is larger in diameter than the tapped hole, is compressed during installation then allowed to spring back, permanently anchoring into place. The Recoil System consists of Recoil stainless steel helically wound precision inserts, high quality HSS taps and installation tools.

****** Metric = Metric & Spark Plug (ISO)***

BLIND SKIN SCRIBE

For use on flush skin butt joints. This tool quickly and easily finds the cut line on the overlap of new metal. The lower leg slides under the new metal and hooks on the adjacent skin and the upper leg scribes the new skin as it pulled along. This tool is adjustable to suite the desired gap at the skin joint. This tool is especially handy when the old skin that is removed is damaged beyond usefulness as a pattern Note: For use on aluminum only.P/N 12-00746 ..... **$33.75**

SCREWSTICK POCKET SCREWDRIVER

The Screwstick is a pocket screwdriver which accepts any common 1/4" tip. An extra tip is stored in the stainless steel shaft, and a heavy duty magnet holds tips firmly in place. A steel torque driver for stubAborn applications is stored in the shaft. A rubber finger grip for holding plus a heavy duty pocket clip are included. Ideal for aviation, automotive, & many other applications. Great for mechanics. P/N 12-20105.....**$4.50**

BALLPOINT HEX SOCKET DRIVER

3/32" Ballpoint Hex Socket Driver for use on hex head screws and nuts.

This tool is commonly used with most avionics units like Honeywell Bendix/King and Garmin.

P/N 12-02063 ..... **$4.65**

MASTER CHUCK

These versatile Master Key Chucks are available in two sizes (small & large) which open sizes 1/4" to 3/4". These tools allow you to open over 1200 different key chucks. Save wear on chucks by always having the proper key size available. The squared center of the keys opens acetylene tanks. Made of treated steel with black oxide finish.

Small..... P/N 12-30165..... **$15.25**
Large..... P/N 12-30170..... **$16.75**

ALL-SHARP DIAMOND SHARPENER

All Sharp is an innovative diamond sharpener that provides 4 different grit sizes on the same tool. All Sharp sharpens and fine sharpens tools and bits and cleans burrs on hard to reach parts and equipment. It's tough stainless body will not rust and All Sharp fits in any tool tray or pouch. Model ST-7.....P/N 12-21430. .....**$17.50**

TORK-IT PRECISION TORQUE SCREWDRIVER

12-14330

12-14335

The Tork-It Model 36 precision torque screwdriver is a micro-setting device that is adjustable from 2 to 36"-lbs. in 0.5" -lb. increments. The tool complies with ANSI type 3 class A style 1screwdriver grip torque wrench standards. Tork-It is supplied with a 1/4" pin-lock hex bit holder. 6-piece Hex-BIt set of 1.5mm, 2mm, 2.5mm, 3mm, 3/32 & 7/64" can be ordered separately.

Tork-It Screwdriver ... P/N 12-14330..... **$158.75**
Six Piece Hex Bit Set ..... P/N 12-14335..... **$15.80**

6-IN-1 COMBINATION SCREWDRIVER

• Industrial rated bits for extra long life • Heat treated 1/4" & 5/16" nut drivers • Interchangeable bits fit both Philips & Slotted screws • Bits: 3/16" Slotted; 9/32" Slotted; #1 Philips, #2 Philips. P/N 12-14000 .....**$7.85**

STRIP AND CRIMP TOOL

5 Way all purpose wire 9" long made of hardened steel matte black permanent finish with bright clear markings. Makes it an attractive & easy to use product. Features long comfortable plastic grip handles. A one piece tool that shapes & cuts wire 5 different ways. Specifications: Standard wire cutter crimps insulated terminals 22-14 12-10, Shears 5 bolt sizes 4-40 6-32 8-32 10-24 10-32, Crimps non-insulated terminals 10-12 14-16 18-22, Strips wire 10-22 awg P/N 11-08077 .....**$13.95**

COAX CABLE CRIMPING TOOL

This 12 point, full ratchet crimping tool terminates precision BNC connectors in size RG 55,58,59,62,141,142,223,303 and 400. This crimper is built to MS22520 specifications and die set is included with the crimper. Specifications: Cable Groups: RG 55/58/59/62/141/142/223/303/400

P/N 12-02378 .....**$130.95**

3M™ CRIMPING TOOL TH-440

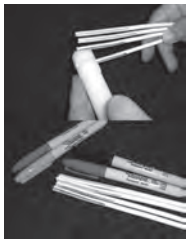
High carbon, heat-treated steel crimping tool that has a unique design that provides a high strength/weight ratio that crimps a broad range of 22-10 AWG terminals and connectors. P/N 12-01146 .....**$57.50**

AT508K CANNON CONNECTOR PLIERS

The AT508K features serrated jaws for improved gripping and a slip joint for improved leverage. Ideal for all common cannon connector applications.

P/N AT508K.....**$22.85**

WIRE MARKING TOOL



Ever been on your back looking up at a bunch of white wires or in a really tight space where only your arms and shoulders would fit and wonder, "how am I going to tell the difference between all of these wires?" this wire marking tool will allow you to do just that.

The wire marking tool works on wire from 24 ga to 8 ga. This tool is perfect for every mechanic and do it yourselfer. Mark just one wire or all of your wires before you start or while installing in just seconds. 4 and 12 pack of markers sold separately.

Wire Marking Tool .....P/N 12-02497 .....**$32.75**
4 pack colors: Black, Blue, Red, Green.....P/N 12-02501 .....**$9.50**

POWER PRECISION SCREWDRIVER

General's Cordless Power Precision Screwdriver is ideal for ultra-delicate applications such as computer and electronics repair, hobbies and crafts. The 100+ RPM motor features forward and reverse controls, and the quick-change chuck allows for effortless swapping between 1/8" Slotted, Phillips and Torx bits. **Features**: • Cordless Precision Screwdriver (2 "AAA" alkaline batteries included) • 10+ hours of power • 100+ RPM motor with forward and reverse controls • Super-torque drive • Quick-change chuck • Ergonomic design allows for various comfortable grips • Precision bit assortment (1/8" drive) • Phillips: #00, #0 • Slotted: 1/16", 1/8" • Torx: T5, T6 P/N 12-02308 .....**$29.96**

AT 540M SCREW EXTRACTOR

This heavy duty screw extractor is designed with a .401 shank to fit most standard rivet guns and is held in place by a retainer spring. The square tip will accommodate 3/8" socket tool bit holders with inserts for removing hex, square, Phillips, or standard screws. Manufactured from high grade shock resistant tool steel.

P/N 12-01632.....**$8.90**

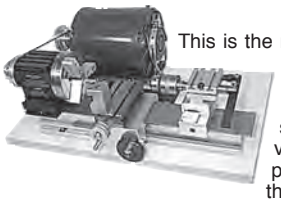
SCREW REMOVAL TOOL

•Useful in removing screws that are corroded or have stripped heads •.401 Parker taper shank for use in rivet gun •3/8" square drive with wrench. •Use standard Phillips or Slotted insert bits •Rivet gun required

P/N 12-00827 .....**$36.75**

TO

MICRO LATHE



This is the machine you don't have to "baby". The Micro Lathe is a rugged, precision instrument. Its machined, ground and stabilized steel bed has a lifetime ball bearing spindle, coupled with a 6-speed positive v-belt drive. Spindle speeds in geometric progression from 525 to 5200rpm provide the power to "HOG" 1/8-inch cuts in mild steel or the speed and accuracy to dust a few tenths. Other big lathe features include large .001 graduations on the cross slide dial, an all-angle tool post and a carriage depth stop. Adjustable gibs provide full compensation for carriage and cross slide wear. 2-yr. factory warranty. 15" bed. Comes factory assembled. The Unit pictured is a basic unit (P/N 12-00171) with an optional 3-Jaw Chuck, Boring bar(1097E), Tailstock (1150), Drill Chuck (1091), 1/4 HP 1725 RPM Motor (1021w), Motor Mount Bracket (1022), Mounting Board (1023), and Pulleys (1162 with 3M 500 belt). All accessories are sold separately and are not included in the base price. Note: Photo shows Lathe with all accessories which are not included (Available separately). P/N 12-00171 is basic lathe unit only. P/N 12-00171 ..... **$179.50**

General Specifications:

- Overall working accuracy: 0.0005"
- Max. bearing run out: 0.0004"
- Headstock normality to bed: .0004 in max error
- Max. taper bed dovetail over pins: 0.0001"
- All machine dovetails: 45°
- Bed width: 2 5/16 "
- Cross slide dial graduation: 0.001
- Cross slide screw: 1/4"-20 adjustment for back-lash take-up provided (jam nut arrangement)
- Carriage travel: 0.600" 1 rev. of hand wheel
- Max. spindle speed recommend: 7000 rpm
- Motor requirement: 1/8 – 1/4 HP
- Pulley type: Std. 5/8" bore, multi-step V-belt
- Length of headstock on ways: 2.875"
- Length of carriage on ways: 3.000"
- Width of cross slide on carriage: 2.000"
- Tool post: may be adjusted for angle cutting (chamfer, boring, etc.)

Capacity:

- Swing over bed: 4.5" (max. turning dia.)
- Swing over cross slide: 2 3/8"
- Overall length of bed: 15.5"
- Overall length of lathe: 16.5
- Tool bit size: 1/4"
- Drill chuck capacity: 0 to 1/2"
- Distance between centers: 9.75"
- Carriage travel: 9"
- Cross slide travel: 1.75"

Spindle Specifications:

- Sealed precision ball: 1.5748 O.D. 0.6692 I.D.
- Spindle nose: 3/4" – 16 (3/4" SAE)
- Spindle hole: 0.343
- Spindle ID taper: 15° (30° included)
- Max. collet diameter: 9/32"
- Pulley size: 5/8" bore

MICRO MILL

The Micro Mill has effortless, chatterless table and mill head movement. This is due to the unique design of our oversized gibs, ground steel ways, massive carriage, steel bed and vertical mill head support which makes the Micro Mill ready for CNC upgrade if you desire. Our small mill is really a scaled down big mill with manual operation. Other big mill features include large 0.001 graduations on friction adjustable micrometer dials for X, Y, and Z controls. Adjustable gibs provide full compensation for X, Y, and Z mill-ways wear. It all adds up to the best value in small mills. 15.5" table, power switch & cord included. Comes factory assembled. 2-yr. warranty. P/N 12-00170 ..... **$739.00**

General Specifications:

	Manual	*CNC*
•Height:	21-3/8"	26-3/8"
•Width:	17"	22"
•Depth:	16.75"	21"
•Weight:	65 lbs.	85 lbs.

- •Max. bearing run out: 0.0004"
- •Dovetails, X-axis: 45°; Y-axis: 90°

Capacity:

- •Working Axis Travel: X=9.5", Y=5.5", Z=6.0"
- •Maximum Z-Distance to Table: 9.0"
- •Z-Axis Swivel: 90°
- •Column Rotation: up to 180°
- •Spindle Head Rotation: 90°
- •6 Spindle Speeds: 525 to 5200 RPM
- •Z-axis: Steel box-ways
- •Pulley type: Std. 5/8" bore, multi-step V-belt
- •Construction: steel, hard anodized aluminum on all moving components adjustable brass gibs and precision ground steel-ways.

Spindle Specifications:

- •Maximum Spindle Speed: 7000 RPM
- •Sealed Precision Ball Bearing: O.D.=1.5748, I.D.=0.6692
- •Spindle Nose: 3/4" -16 (3/4" SAE)
- •Spindle Hole: 0.343"
- •Spindle ID taper: 15° (30° included)
- • Max. Collet Diameter: 9/32"
- • Pulley size: 5/8" bore

AT429SXC MICRO MILLER

The AT429SXC Micro Miller features a .75 horsepower 20,000 RPM Sioux Tools motor. Cutter capacity is 3/4" and the unit will cut steel, aluminum and stainless steel. Spindle size is 1/4-28 and inlet pipe tap is 1/4" NPT. Air requirements: 90 PSI. Tease trigger allows slow start up & exhaust porting is through the bottom of the handle. P/N AT429SXC **$465.95**

PLYWOOD PLANER-SCARFFER ATTACHMENT

The Plywood Planer-Scarffer attachment enables you to make consistent scarf cuts quickly and easily. Easy installation and removal allows your planer to be readily used for scarffing as well as a regular planer. The Planer-Scarffer attachment is easily installed on the Makitan 1900B, Makitan 1911B and the Porter Cable 9125 planers. The attachment is not limited to these particular models or makes. With the Planer-Scarffer attachment, you can purchase standard size sheets of plywood and then join them together. This saves the extra cost of larger sheets and the shipping charges that would be required. By scarffing 4x8 sheets together, save 60% or more in the price of the plywood and make the cost more bearable. The attachment is mounted on a power-planer and cuts an 8:1 bevel. 2 models are available. One fits a 4-3/8" planer for plywood up to 1/2". The other is designed for a 3-1/4" planer and can be used on plywood up to 3/8". Specify planer type when ordering.

3-1/4" for Porter/Cable 9125 ..... P/N 12-20110-1900 ..... **$129.00**
4-3/8" for Makita 1912B..... P/N 12-02414 ..... **$164.95**
3-1/4" for Makita N1900B ..... P/N 12-20111-1911 ..... **$129.00**

PLYWOOD SCARFING MACHINE KIT

Simple and easy to construct using a sanding drum and other readily available items. Allows you to make neat and efficient scarf joints with all types of plywood, varying in thickness from a 1/4 inch down to .4 mm with a professional finish that all woodworkers like to achieve. Safe to use, easy to handle and portable. A fun gadget to use for the amateur or experienced woodworker alike. In The Box: Now includes: Dust removal attachment, 30 inch by 20 inch blueprint and instructions. ..... P/N 12-02819 ..... **$15.00**

CRAFTSMAN WOOD TOOL CHEST PLANS

Build this magnificent wood tool chest from our detailed professional plan. It's the kind of chest a craftsman dreams of. Features 10 drawers in the sturdy base, 12 more drawers plus a large top bin in the removable upper section. Overall size is 25"W x 10-5/16"L x 27"H. Ideal for the aircraft builder or aircraft mechanic. Plans only for Wood Tool Chest.

P/N 12-18350 ..... **$24.95**

CRAFTSMAN WOOD TOOL CABINET PLANS

Machinist's and woodworkers show your skill. Impress potential customers when they come into your shop, and see such a nice cabinet like this. This cabinet has removable trays for easy access to all hand tools. This cabinet when built by my plans, will have room for all your hand tools. As a bonus it has wheels on it for easy mobility. Size of this unit when completed 32"W x 19"D x 68"H

RV BUILDER TOOL KIT

These RV builders tool kits are based on recommendations from the Van's Aircraft Builders Manual as well as on the tools that have been purchased from Aircraft Spruce by RV builders. It is an excellent tool kit for the construction of the RV4, 6, 7, 8, and 10 aircraft. They include an air drill, hand rivet squeezer, rivet sets and other tools of the highest quality. If you are building a RV-9 order 100 extra 3/32" clecos and 50 extra 1/8" clecos. If you are building a RV-10 kit, order 175 extra 3/32" clecos and 125 extra 1/8" clecos as well as the RV-10 bucking bar. See Chart Below for Components

Kit with 2x Rivet Gun.....P/N 12-00890..... **$2,495.00**
Kit with 3x Rivet Gun.....P/N 12-00899..... **$2,491.00**
RV-10 Bucking bar .....P/N 12-00903..... **$20.50**

WHEELING MACHINE
(BENCH MODEL)

Clearly, this is the most popular of in-home English Wheels. Metal Ace offers extensive anvil configurations to meet your needs. Plus, with the new gusseted frame, it's the strongest benchtop wheel on the market. Trick out your custom-built bike or complete hobby projects without breaking the bank. These English wheeling machines provide outstanding performance on small jobs like motorcycle tanks, tank covers, seat cowls and aircraft fillets. Versatile use - mount on bench, clamp in vise or use with optional welded stand. Proudly made in the USA. **Features**: • Thickness capacity for steel is 18 gage;16 gauge with optional stiffener brace. • Features can be rolled into the center of a 44" panel. • Can be mounted to a bench, clamped in a vice or used with the optional welded floor stand. • Optional wheels and stand sold separately. • Anvil yoke is adjustable on both sides of the axle support with thumb screws so the anvil wheel can be trued with the upper wheel. **Specifications**: • 3.25" radius lower anvil • 8" upper wheel • 22" throat depth • Reinforced frame • 18 gauge mild steel capacity .080 AL capacity • Made in the USA.

WHEELING MACHINE
(U-WELD MODEL)

This English Wheel U-Weld Kit supplies the components to make your own English wheel, minus the steel tubing. A detailed assembly booklet is provided and the complete kit includes all the key components of the turn-key MetalAce 44F English Wheel. Other kits on the market come with smaller 2" wide x 2 1/2" diameter anvil wheels, smaller diameter upper wheels, and require more assembly. The screwlift quick release cam unit is fully assembled. Components proudly made in the USA.

Features: • Set of 6 lower anvil wheels, 3" wide x 3" diameter • Upper wheel, 3" wide x 8" diameter • Upper wheel yoke assembly with axle and spanner • Anvil yoke assembly • Screwlift quick release cam assembly • Set of 4 caster wheels • Assembly instruction manual • Made in the USA.

Specifications: • 8 x 3" upper wheel • 2.50 R, 3.75 R, 6.00 R, 12.00 R, 24.00 R and Flat lower anvil wheels.

MASTER AIRCRAFT TOOL KIT

This 121-piece complete Aircraft mechanics Kit is excellent for aircraft restoration, repair and manufacturing. It is ideal for the A & P mechanic, student and homebuilder. Kit comes with everything from sheet metal tools to riveting tools in a two-drawer tool chest. This kit includes the top quality riveting hammer manufactured in the U.S.A. Wt. 48 lbs.

RIVETING HAMMERS

RIVETING HAMMERS

US 3X

These high quality riveting hammers are excellent for all light aircraft metal riveting applications. They feature a convenient offset handle (except Model US3AA which is straight handle) and come complete with retainer spring and regulator. All models feature metered teasing trigger, made in U.S.A.

Part No.	Blows / Min.	Capacity Alum.	Capacity Bore	Stroke	Length	Weight (Lbs.)	Price
US1X	3600	1/8"	9/16"	1-1/2"	5-11/16"	2	**$243.95**
US2X	2580	1/8"	1/2"	2-1/4"	6-11/16"	2-1/4	**$199.95**
US5X	1560	1/4"	3/4"	2-11/16"	6-11/16"	4-3/4	**$347.00**
US7X	900	3/8"	3/4"	5-13/16"	8-5/16"	6	**$373.95**

"RECOILLESS" RIVETING HAMMERS

US 3R

In the early stages of developing a truly recoilless/fatigueless riveting hammer, it was determined that the tools must meet certain goals. The main goal being a reduction in low-frequency vibration in accordance with ISO Standard #5349-1986. In this standard are guidelines for the measurement and assessment of human exposure to hand-transmitted vibration. As a result, the following has been achieved: •Ergonomic design: To maximize user comfort by achieving a relaxing, comfortable, lightweight and balanced tool •Compact tool size: Since aircraft riveting is never standard, a tool that will allow the best overall access • Retain user touch: A metered trigger which provides single or multiple blows per minute while maintaining the ability to set rivets in seconds • Further dampen noise output. • Least amount of parts: No similar tool is produced with fewer parts, thus enhancing reliability, but keeping it simple enough so that maintenance can be done by anyone.
Independent testing* has shown these tools will greatly lessen job-related effects of prolonged exposure to vibration & boost user productivity.

PNEUMATIC RIVET SQUEEZER

Heavy duty industrial tools are manufactured to exacting standards to insure long service life. All critical parts, including the yoke, are fabricated from 4130 steel and heat treated to Rc 42-46. These rivet squeezers have earned a reputation for durability and reliability through years of service on the production lines of major airframe manufacturers such as Grumman, Piper, Beech and Cessna. Easily operated by one hand. All replacement parts and other yoke designs available. Features feathering throttle.

TP82 AND TP84 RIVET GUNS

This "X" type feathering trigger riveter is the only rivet gun that allows you to slowly begin riveting without damage to the skin. This is critical in performing riveting operations. This gun is used by aircraft mechanics worldwide. It's also the perfect tool for kit builders.
NOTE: Long term exposure to low frequency vibration caused by riveting may be harmful to your hands and arms. We suggest you take frequent breaks when riveting to reduce this exposure. Features: * Takes .401 shank rivet sets * Lightweight aluminum handle * Price includes spring retainer & regulator (TP97) * Precision machined hardened and ground valve * "Sure Grip" powder coated finish * Teasing trigger * Precision machined and hardened cylinder for long life. • Made in the U.S.A.
2X Rivet Gun (1/8" Capacity) ..... P/N 12-02004..... **$148.95**
4X Rivet Gun (1/4" Capacity) ..... P/N 12-02008..... **$129.95**

3X RIVET GUN KIT

Virtually all the tools you need for riveting in kit form. Intended for professional sheet metal mechanics, serious home builder/students. Packed in a sturdy molded plastic case. #1 selling kit. Visit www.aircraftspruce.com for a complete list of kit contents.
P/N 12-00240..... **$298.00**

SPECIAL DIMPLING & RIVET SET

FOR RV4, RV6, RV8 AIRCRAFT

This 21-piece dimpling and riveting set was designed especially for use in the construction of the Vans RV aircraft series, and is ideal for a variety of other aircraft as well. All the riveting sets and dimple dies are made from heat treated stainless steel.

**** Dimple dies size stainless steel – rivet set are steel. All are heat treated.***

Special RV Dimpling and Riveting Kit includes: Set holder block, Cup sets, Flat sets, and Spring back dimple dies.
Dimple Dies –3/32", 1/8", 5/32" rivet size. 6-32, 8-32, 10-32 screw sizes.
Cup Sets – 3/32", 1/8", 5/32".
Flat Sets – 1/16", 1/8", 3/16", 1/4", 5/16", 3/8", 1/2". Polyethylene set.
21-piece kit .....P/N 12-00450 ..... **$213.95**

7-PC RIVET SET

Holder includes 3/32", 1/8", 5/32 and 3/16 cups for AN470 rivets, plus 3 flat sets for AN426 rivets. To be used with pneumatic or hand rivet squeezer.
P/N 12-00555..... **$89.50**

6-PC DIMPLE DIE SET

RIVET SIZE

Holder includes springback dimple dies for 3/32", 1/8" and 5/32" rivets. To be used with pneumatic or hand rivet squeezer.
P/N 12-00560 ..... **$94.85**

6-PC DIMPLE DIE SET

SCREW SIZE

Holder includes springback dimple dies for 6-32, 8-32 and 10-32 screw sizes. To be used with pneumatic or hand rivet squeezer.
P/N 12-00565 ..... **$99.75**

STUBBY MICROSTOP

Stubby Microstop 1/4"-28 Threaded Shank for use in angle motors. Adjustable in 0.001" increments. 1/4"-28 female threads. 1/2" cutter capacity. Rated for 3,000 RPM use.
P/N 12-02893.....**$19.25**

SPRING LOADED CENTER PUNCHES

Spring loaded center punch for 1/8" OR 3/32" and larger rivet heads. This spring loaded center punch works great with universal aluminum head rivets, oval head and round head rivets.
1/8" .....P/N 12-02464.....**$34.95**
3/32" .....P/N 12-02934.....**$34.95**

BACK RIVETING RIVET SET

For back riveting flush rivets on RV control surfaces and other homebuilts. Has a plastic Delrin sleeve with spring to hold multiple sheets of aluminum together while riveting. 0.401 shank x 4-1/8 inches long.
Back Rivet Set 3-1/2" long .....P/N 12-07100-3.....**$31.80 ea.**

TO

BUCKING BARS

Our bucking bars are cast with ductile iron to insure non-porous finish which is very important in order to have a highly polished finished surface. They are heat treated to 38-42 RC and therefore can be repolished many times without changing hardness. This wide selection of sizes, shapes, and weights enables the aircraft builder to pick the proper bar for his job. Made in the U.S.A.

V-DRILL PORTABLE GUIDES

The V-Drill Guide is like a portable drill press for precision alignment. V-groove along the bottom of the guide allows for perpendicular alignment with all drill sizes on round parts and corners. Bottom surface is precision ground to assure stability and accurate perpendicular alignment on flat surfaces.
Drill guide is sized for drill bit sizes: 1/8" to 3/8", and made for 17 standard drill sizes (1/8 to 3/8 in 1/64 increments).
Guides are made from special nickel alloyed steel that is heat treated for durability. Drill Straight - Every Time!
Drill Guide comes with a handy plastic storage case and is 100% American Made Quality.
Features: • Accurate - 90 degree V-groove along the bottom - automatically squares up the drill with the surface • Portable - Pocket size - Reusable plastic storage tube • Built to Last - Special nickel alloyed steel • High Quality - Natural steel finish - non-plated - Heat-treated for durability. P/N 12-02937 ..... **$22.45**

V-TAP GUIDES

The V-Tap Guides are for regular ground taps for hand tapping threads into pre-drilled holes. Works great on flat surfaces, round parts, and angled edges. Tap Straight - Every Time!
Standard: Guide holes are sized for ANSI Standard Ground Taps (0-80, 1-64, 1-72, 2-56, 2-64, 3-48, 3-56, 4-36, 4-40, 4-48, 5-40, 5-44, 6-32, 6-36, 6-40, 8-32, 8-36, 8-40, 10-24, 10-32, ¼-20, ¼-28, 5/16-18, 5/16-24, 3/8-16, 3/8-24, 7/16-14, 7/16-20, ½-13, ½-20, 5/8-11, 5/8-18). A protective plastic storage tube is included.
P/N 12-02938 ..... **$20.66**
Metric: Guide holes are sized for ANSI Standard Ground Thread Metric Taps (1.6mm, 2mm, 2.5mm, 3mm, 3.5mm, 4mm, 5mm, 6mm, 8mm, 10mm, 12mm, 14mm, 16mm). A protective plastic storage case is included. P/N 12-02939 ..... **$20.66**

STI V-TAP GUIDES (SCREW THREAD INSERTS)

The STI (Screw Thread Insert) V-Tap Guides are for Helicoil type taps to repair striped out threads.
STI V-TAP Guide (Unified Course Threads): Can handle standard ground STI hand tap sizes: 9/16-12, 1/2-13, 7/16-14, 3/8-16, 5/16-18, 1/4-20, 12-24, 10-24, 8-32, 6-32. P/N 12-02940 ..... **$20.66**
STI V-TAP Guide (Unified Fine Threads): Can handle standard ground STI hand tap sizes: 5/8-18, 9/16-18, 1/2-20, 7/16-20, 3/8-24, 5/16-24, 1/4-28, 10-32, 8-36. P/N 12-02941 ..... **2.95**

HAND RIVETING & DIMPLING TOOL

Used for hand dimpling of skins and small parts and for hand riveting of parts, assemblies, and spars. This tool maintains alignment of the dies to each other, and insures proper alignment to the work surface for superior dimpling results over either rivet gun or free-hand dimpling methods.

Features include: • 22" deep x 4" tall throat • Heavy wall 1" x 2" steel tube arm • Heavy wall aluminum channel base • Bronze 1/2" I.D. guide bushings for shafts • Heat treated and centerless ground stainless steel driver shaft (2)– one shaft has flat end for riveting with rivet gun & one shaft accepts 0.187" shanks for dimple dies & sets. •1.5" extension shaft for dies • Adjustable die holder block. Rivet Tool Return Spring Kit now included (Spring, collar and wrench). Great for one handed dimpling of skins and parts. Uses rivet, dimple and die sets with .187" shank. (Dies and sets sold separately)

P/N 12-00177 ..... **$213.95**

DRDT-2 RIVET DIMPLER

DRDT-2 (AKA Dash 2) is a welded steel c-frame rivet dimpler. Replaces the common impact c-frame rivet dimplers of the past. With its ample mechanical advantage, dimpling is fast, easy, less fatiguing and safe on the skins. With a fully adjustable set holder you can achieve consistent and accurate dimples. The DRDT-2 incorporates a new low force spring return system that prevents skin damage from the accidental release of the handle without increasing the force required to dimple. 22" throat depth allows dimpling of up to 44" wide sheets. The relief under the lower frame member provides dimpling access to spars, ribs, leading edge skins. Designed and analyzed using state of the art engineering tools the DRDT-2 can handle all your dimpling needs on your project. The DRDT-2 is painted with an industrial powder coat giving one of the toughest finishes available. Features: • Weight: 60 lbs • Size: 28"X16"X3" • Capacity: Up to 22" depth • Gap: 4" • Skin thickness: Up to 0.040" Aluminum. Dimple Dies: 3/16" shank Diameter.

ANGLE DRILL

One of the smallest angle head designs for close-quarter drilling operations. Made in USA. Features: • 2800 rpm • 90° angle head • Rear exhaust • 1/4" drilling capacity • 59/64" angle head height • 1/4"-28 threaded spindle • 12-5/8" length • 78DB P/N 12-00241 ..... **$324.50**

RIVET SHANK REMOVAL PLIERS

Tired of battling those rivet shanks stuck in the ribs and under other underlying structures after you have drilled the heads off and removed the skin? The Rivet Shank Removal Pliers will make short work of this unpleasant task and turn a two man job into a one man job. A handy, patented tool whhich will reduce labor time and costs.

P/N 12-00745 ..... **$65.50**

POWER SHEAR

This air-powered shear cuts straight lines or curves up to 180 inches/minute. An ideal shear for any aircraft builder. Cuts up to 18 gauge mild steel. Width of cut: 7/32". Length: 8-1/4". Wt. 2.14 Lbs.

P/N 12-01330 ..... **$375.00**

ROUTER

This air-powered router is very light weight and features a straight handle and rear exhaust. Base is 1-1/2" and router guide is included. RPM: 20,000. Router shank: 1/4". Length: 6". Wt.: 1-1/2.12 Lbs. Made in U.S.A.

P/N 12-01321 ..... **$285.95**

CHIP CHASER

This handy, economical tool removes chips and burrs on metal between sheets after rivet holes have been drilled. A recommended tool for any aircraft builder involved with sheet metal work.Router P/N 12-01304 ..... **$6.75**

WISS ANGLE SNIPS

The new M8R and M9R compound action snips possess the same outstanding durability as all the other products in the wide Wiss® compound action line, but feature a right-angle blade that allow greater reach in overhead and other awkward applications.

And like every other Wiss compound action snip, both the M8R and M9R have a unique blade edge, shaped to allow the material to set deeper and serrated to hold it tight during the cut.

M8R - Compound action right angle blade cuts straight to left
P/N 12-02007 ..... **$24.85**

M9R - Compound action right angle blade cuts straight to right.
P/N 12-02006 ..... **$24.85**

SMALL BODY RIGHT ANGLE DRILL

The ACAT 90 Degree Right Angle Drill is a high-precision, powerful, durable drill. 3200 RPM. Weight: 1.8 lbs. Length: 10 1/4". Accepts industry standard 1/4"- 28 threaded bits. P/N 12-02859 ..... **$247.95**

AIR DRILLS (PISTOL TYPE)

These air powered pistol drills feature ergonomic design and use .90 H.P. motors. Sound level is a low 84 db while production output remains high with these high quality drills. Made in U.S.A.

DOUBLE OFFSET RIVET SET

SET OF 4 RIVET SETS - 5-1/2" long sets. Used for hard to reach rivets in corners. High alloy steel and heat treated. Shanks are precision ground. Cuppings are polished.

3/32" Double Offset Rivet Set .....P/N 12-00936 ..... **$21.95**
AVERY 1/8" Dbl. Offset Rivet Set .....P/N 12-00873 ..... **$25.50**
5/32" Double Offset Rivet Set .....P/N 12-00937 ..... **$24.95**
3/16" Double Offset Rivet Set .....P/N 12-00938 ..... **$28.75**
4-PC Double Offset Rivet Set .....P/N 12-00939 ..... **$92.25**

AVERY CUTTING & POLISHING WHEEL KIT

Avery cutting polishing wheels are a uniform blend of minerals and resins molded into wheel form with rugged, dense construction that provides aggressive polishing and blending action without removing excess base materials. These wheels generate uniform finishes and can remove minor surface imperfections. Use these wheels with a die grinder for deburring holes and edges. Small wheels are more versatile than large (6") wheels. Can be used on hand held parts or parts in the jig. These wheels are the same density, grade, and mineral type as the 7A MED 6" wheel.

Kit Contents: (1) #936 Mandrel + (2) 1" x 1" x 3/16" Wheels (1) #932 Mandrel + (2) 2" x 3/4" x 1/4" Wheels .....P/N 12-00876 .....**$55.85**
1" x 1" x 3/116" Hole Wheel .....P/N 12-01997 .....**$8.85**
Mandrel for 3700 .....P/N 12-01996 .....**$8.50**
2" x 3/4" x 1/4" Hole Wheel .....P/N 12-01999 .....**$7.75**
Mandrel for 3719 .....P/N 12-01998 .....**$9.75**

3M™ SCOTCH-BRITE™ DEBURRING WHEEL

Two Styles Available: Cut & Polish/Unitized Wheel-7A Medium grade (harder) Use to radius and deburr edges of aluminum parts. These wheels give a uniform brushed satin finish to parts and deburr quicker and easier than hand finishing. These wheels are discs of Scotch-Brite web compressed and bonded to form a rugged, dense wheel. Wheel size: 6" dia. x 1" wide x 1/2" thru hole. .....P/N 12-00875 .....**$71.50**

Light Deburring Wheel-7S Fine Grade (Softer)
Light deburring 7S Fin 6 x 1 x 1. This wheel has a 1" thru hole. To fit 1/2" order P/N 12-01585. .....P/N 12-00948 .....**$63.25**
3M Flange Adapter 3 45035 1/2" .....P/N 12-01585 .....**$4.25**

DRIVE PIN PUNCHES

Drive Pin Punch 1/16" .....P/N 12-00949 ..... **$8.75**
Drive Pin Punch 3/32" .....P/N 12-00870 ..... **$7.50**
Drive Pin Punch 1/8" .....P/N 12-00871 ..... **$7.50**

4-PIECE DRILL STOP SET

Use when drilling in sheet metal to help eliminate drill breakage & surface marks. Safely keeps drill from going too far through the work. Drill stops have a coiled spring to cushion the drill breakthrough & prevents the drill chuck from marring the work surface. Color coded for easy identification.

P/N 12-00867 .....**$11.50**

TO

SHEET METAL TOOLS

POLYETHYLENE DIMPLING MALLET

This custom made UHMW polyethylene plastic mallet is great for dimpling skins. Blows are more solid and much quieter than with steel hammers. Will outlast wood mallets. Hammer head measures 2.5" round x 4" long with 12" handle. Wt: 16oz. P/N 12-00605..... **$39.75**

PLASTIC FORMING MALLET

This custom made UHMW polyethylene plastic forming mallet is great for metal forming. Smooth radiused surfaces will not marr surface. Long life, split resistant. Mallet head measures 2.5" round X 5" long w/ 11" handle; Wt: 14 oz. Great combo to the shot bag.

P/N 12-00607 .....**$39.65**

METAL FORMING SHOT BAG

For those builders that want to try their hand at metal forming this leather shot bag is a must have item. Leather shot bag made from 3/4 oz. top grain cowhide. The bag is double stitched and fills through a 1" opening sealed with Velcro. The bag is 12" round and 1-1/2" thick. Use lead shot #8 - #7.5; or sand - mortar quality type (shot can be purchased at local sporting goods or gun stores). P/N 12-00606 .....**$47.25**

HAND SEAMER/3.5" JAW

Has VISE GRIP locking feature to aid clamping & holding work. Use for straightening and bending rib and bulkhead flanges. Made with 7" vise grip plier. Jaws are made from 3/16" X 1" X 3-1/2" stainless steel with machined radius. TIG welded & polished. P/N 12-00608 .....**$58.75**

FLUTING PLIER

Make narrow & precise flutes for straightening ribs and bulkheads easier & better than pliers with molded jaws. Made with 7" VISE GRIP pliers. Pins are 3/16" dia. stainless steel. TIG welded & polished.

P/N 12-00609 .....**$49.75**

VISE GRIP DIMPLERS

Made for dimpling in restricted and hard to reach places where regular dimple dies won't fit. Made with 7" VISE GRIP plier. Machined tool steel dimple dies are T.I.G. welded to the VISE GRIP jaws then polished. 2 sizes available (3/32" and 1/8").

3/32".....P/N 12-00611 .....**$49.90**
1/8".....P/N 12-00612 .....**$51.50**

LEVER SNIPS

Offset cutting tool, leaves 2 clean, finished edges. 8.5" length, .75 lb.

Model TP133 - (Right hand snip, cuts left & straight)..... P/N 12-00366 ..... **$24.50**
Model TP134 - (Left hand snip, cuts left & straight)
P/N 12-00367 ..... **$22.75**

ROBIN OFFSET HEAVY DUTY SNIP

This offset blade design allows the sheet to pass under your hand. The steel forged blades keeps metal from stretching and causing puckering marks along the cut edge. 16 gauge mild steel capacity. 1.63 lbs.

Model TP299 .....P/N 12-00369 ..... **$53.85**

OFFSET TINNER MAG-SNIPS M1200

Offset blades keep hands safely above material. Long cuts are easy because offset blades flow material away from blades. Light weight cast magnesium handles. Blades are easily replaceable. 13" long with 3" cut.

P/N 12-02421.....**$34.75**

ADJUSTABLE SET HOLDER FOR PNEUMATIC SQUEEZERS

New improved design. Heat treated 4130 steel investment casting with rolled threads. This special set holder is made to replace the rigid (2-9/16") set holder standard to most CP214 style pneumatic squeezers. This adjustable set holder will eliminate the need to shim the dies and sets with shim washers. Adjustments are faster & easier.

P/N 12-00615 .....**$85.00**

Note: Only for yokes with 1" thick base or less. Will not work in tandem units.

POP GRIP DIMPLERS AN-426 RIVETS

For dimpling in hard to reach places. Works with any hand pop rivet tool. Can be used over & over. Works for both 100 & 120 pop rivets. Extra nails included (Uses standard hardware store nails). 2 sizes available. 3/32".....P/N 12-00613 .....**$24.75**
1/8".....P/N 12-00614 .....**$24.50**

Note: The pop rivet dimplers show above are made with 100° angles, same as regular dimple dies. They will work with either solid flush rivets (AN-426 – 100°) or with pull type rivets such as a AVEX rivets (120°), etc. The dimple formed with these pop rivet dies will not be as 'sharp' as dimples formed with regular dimple dies. This is because you get more pressure with a squeezer or a hammer than with a pop rivet puller; however, the dimples formed with pop rivet dimplers are adequate for occasional use in tight or hard-to-use places.

FLUSH SWIVEL RIVET SET

U.S. MADE -- ATI Brand. New design flush rivet set with swivel action eliminates problem of rivet gun alignment with the work surface + rubber guard to reduce slippage while flush riveting. .401" shank X 1-1/4" dia. polished face. Built-in retaining spring.

P/N 12-00741 ..... **$44.75**

BACK RIVETING PLATE

Back riveting requires a hard flat surface to act as a bucking bar while you set the shop head of the rivet. Our plate is a perfect hard & flat surface for "Back Riveting". 3/8" thick X 4" wide X 15" long. Low carbon steel plate with flat ground surface. Weight 10 lbs. P/N 12-00618.....**$64.50**

HOLE FLANGING TOOL

For forming flanges around lightening holes. Made from 2024 aluminum and hard black anodized. Ball bearing style rollers. Comes with spare set of rollers. P/N 12-00619 ..... **$19.75**

SPARE ROLLER-SET OF 2

Replacement rollers for our edge rolling & hole flanging tools (above).

P/N 12-00621 .....**$2.95**

WISS COMPOUND ACTION SNIPS

12-01155

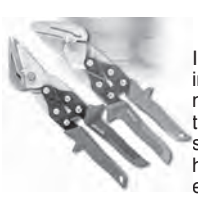
12-01190

12-01189

Famous for cutting ease, keeping their edge and making clean, sharp cuts. Hardened molybdenum steel blades, serrated jaws and vinyl comfort grips. Capacity 18 gauge (.049") steel. Length 9-3/4". Wt. 14 oz.

P/N 12-01155- Cuts left, from tight curves to straight.....**$17.65**
P/N 12-01189- Cuts right, from tight curves to straight.....**$17.65**
P/N 12-01190- Cuts straight (or wide curves left or right in light stock)....**$17.65**

IRWIN OFFSET SNIPS



Irwin offset snips handle virtually every cutting job in sheet metal - linoleum, carpet, tile and other materials. They are easier to use than conventional metal snips, and cut in 3 directions. Irwin snips feature forged steel blades, a unique curved handle for comfortable fit in the hand, and an exclusive pinchpoint wire cutter. They cut in three directions—straight, sharp angles in one direction, and 5" diameter circles in the opposite direction. Irwin offset snips make difficult cuts easy - they can make tight circular cuts, cut easily through corrugated metal, and cut solid and stranded wire. Available in right or left cutting models. IRWIN (Right Cutting) .....P/N 12-00187 .....**$17.75**
IRWIN (Left Cutting).....P/N 12-00186 .....**$17.50**

SHEET METAL TOOLS

SPEED DEBURRING & C'SINKING TOOL

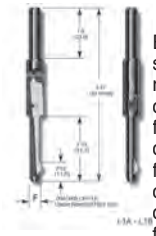
Swivel action - makes deburr & c'sink holes fast & easy. Molded handle with 2" long plated steel "Dog-leg" shaft with 1/4"-28 threaded holder. Includes (1) 3/8" X 100° 3-flute burring cutter (part #1050) + 8" extension shaft for deburring the inside of flanges & other hard to reach holes. .....P/N 12-00622 .....**$35.50**

Handle and Extension Shaft sold separately

Swivel handle only.....P/N 12-00623 .....**$17.75**

Extension Shaft only.....P/N 12-00624 .....**$8.50**

E-Z BURR - HSS SERIES



E-Z Burr High Speed Steel (HSS) tools are the industry standard for quick, effective and consistent front and rear burr removal. No other HSS deburring tool is this durable. By designing the blade to operate independent from springs and plungers, E-Z Burr has created a deburring tool with a flexible blade and a solid shank for optimum performance for deburring metal or plastic components. In addition, the patented E-Z Burr HSS deburring tool allows you to change chamfer settings, from extreme low to extreme high, and cutting blades without removing it from the holder. Once the desired chamfer is set, it won't change, even from blade to blade. The result is less downtime, more production, and higher profits.

E-Z Burr Tool Specifications:

Series L1A and L1B tools have a working range of -0.0 + .006 inches and -.03 + .15mm.

Series L2A and L2B tools have a working range of -0.0 + .016 inches and -.10 + .40mm.

Series L3A and L3B tools have a working range of -0.004 + .015 inches and -.10 + .40mm.

Note: All tools (front and rear cutting blade with positive rake)

EZ-BURR RIVET HOLE BUNDLE

The Rivet Hole Deburring Tool bundle by E-Z Burr includes 5 high performance HSS deburring tools for front and rear cutting. Sizes: 1/8, 5/32, 3/16, 7/32, & 1/4.

P/N 12-02956 ..... **$226.95**

HSS THREE FLUTE BURRING CUTTER - 100°

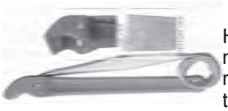
US made. High speed steel, precision ground, three flute burring cutter. 3/8" diameter X 100° with 1/4-28 threaded shank. Same style as a countersink but without the pilot. P/N 12-00625 ..... **$17.75**

SNAP RING PLIER KIT

Install or remove retaining rings of the Waldes Tru-Arc type with ease. Quality pliers made of heat-treated steel with vinyl covered handles. Kit includes two pair of pliers and two sets of four replacement tips to handle the most common sizes of both internal and external rings. Furnished in plastic box.

P/N 4440R.....**$25.95**

STRAP WRENCH



Heavy malleable iron body with latex-treated nylon webbing. For gripping and turning of round, hex or square parts without marring the surface.Indispensible tool for use in close quarters where ordinary pliers cannot be used. Tool is 11-1/2" long with 18" strap. Capacity 3". Wt. 1-1/2 lbs. P/N 3004 .....**$46.25**

DOUBLE EDGE DEBURRING TOOL

Used to quickly deburr edges of sheets up to 1/8" thick. Save time and motion deburring edges of parts. Precision ground Carbide "V" shape blade with hex aluminum handle. Non-removable cutter style.

P/N 12-00629 .....**$21.85**

EDGE MARKER BLOCK

This handy device holds a marking pen and has an adjustable stop for running along the edge of a part. The adjustable stop allows variable edge distance for rivet layout, etc. One thumbscrew holds the pen (pen sold separately) and the other thumbscrew holds the adjustable stop. Made from delrin (plastic) material. Comes ready to use with (1) Pilot marking pen.

P/N 12-00630 .....**$18.90**

SHOP HEAD RIVET GAUGE SET

Set of four gauges for -3, -4, -5, & -6 rivets. Each gauge measures MINIMUM height and MINIMUM diameter of shop heads AFTER setting. Eliminates guessing if your rivets are properly set. Works for measuring both universal head and flush rivets. Precision machined to size from 2024 aluminum. Rivet size permanently stamped on each gauge. Color coded anodized finish. Instructions included.

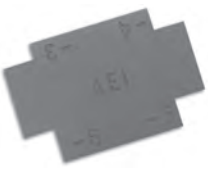
P/N 12-00631 .....**$22.65**

EDGE ROLLING TOOL

For pre-bending skin edges on lap joints and butt joints before riveting. "Edge rolling" will prevent skin edges from curling up during riveting. Machined round body made from 2024 aluminum. Hard black anodized finish for wear resistance. Ball bearing style nylon rollers (non marking); + spare set of rollers and instructions included.

P/N 12-00632 .....**$23.75**

RIVET LENGTH GAUGE



One gauge measures -3, -4, -5, & -6 rivets. Used to check for proper length of rivets BEFORE setting. Eliminates measuring and guessing of rivet lengths. Works for both universal head and flush rivets. Precision machined to size from 2024 aluminum. Rivet sizes permanently stamped. Gold anodized finish. Instructions included.

P/N 12-00633 .....**$11.75**

TEMPORARY ASSEMBLY PINS

Initial fitting of control surfaces require multiple installation and removals of the parts to fit, trim, and adjust everything. These temporary assembly pins make the task quicker and easier. Pins are 3/16" diameter with tapered points and angle bends for easy installation. The pins are threaded so the pin holder can be removed — this is necessary to prevent damage should you move the control surface too far during fitting. To remove pins just screw holder back on pin and remove pin. Packaged in sets: 6 pins / 2 holders. P/N 12-00627 .....**$18.90**

INSTRUMENT HOLE PUNCH ATS-123C

Reversible cutter for both 2-1/4" and 3-1/8" instrument panel holes. Easy to use even with instrument panel installed in aircraft. Allows for close work with other instruments already installed. 4 lbs (2Kg) shipping weight.

P/N 12-02743 .....**$134.75**

BOLT GRIP

This new tool lightly grips the heads of bolts and screws for easier insertion into tight or blind spots. No more dropped or lost parts. Tool has one end for -3 (3/16") fasteners and one for -4 (1/4") fasteners. 12" overall length.

P/N 12-00628 .....**$20.75**

CHUCKING REAMERS

We stock straight shank and straight flute Chucking Reamers in a wide range of sizes.

SEE WWW.AIRCRAFTSPRUCE.COM FOR A COMPLETE LISTING OF OUR CHUCKING REAMERS.

BRASS PLUMB BOB

Precision machined brass with clear lacquer finish and hardened replaceable tip. Top unscrews for centered string installation.

Model : 6C235 **Size :** 8 oz, 4 7/8" L **Finish :** Clear Lacquer **Characteristics :** Replaceable Tip, Screw Top To Attach String (String Not Included) P/N 12-01711 .....**$16.75**

METAL WORKING TOOLS

SHOT BAGS

These shot bags are made out of .070/.090 thick top grain cowhide for extended life and to produce a blemish-free metal surface. These bags have suede outer or forming surface and a tanned inner surface to resist abrasive wear from the media. Convenient media filter and reinforced flap with velcro seal is provided. All bags are approximately 1.5" to 2" thick when filled. Can be filled with buckshot or silica sand (not included) found at most sporting good stores.

Model No.	Size (inches)	Part No.	Price

SB12	12"	12-00996	**$41.75**
SB18	18"	12-00997	**$49.75**
SBR18 (rectangular)	18"x12"	12-02310	**$68.85**

PANEL BEATER HAMMER & DOLLY KIT

The most widely used selection of panel beaters and dollies for most metal shaping needs, provessional grade in a molded plastic box. Each hammer is color-coded for either shrinking (blue) or stretching (red) forming tasks. The 3 panel beaters included are the dinging, shallow-domed face a nd pick hammer combo. The dollies included are the thin toe, utility, curved and heel shapes, providing the user with the best combination kit on the market. See the individual sections on panel beaters and dollies for more specifications on each item. 8-piece kit includes: • DT2566, DT2560 & DDT2537 panel beaters • CP548, CP552, CP553, & CP554 dollies • Blow molded plastic case. All tools made from medium carbon steel, forged, heat treated and mechanically polished for years of continuous service. Weight: 16.5 lbs.; size: 16.5"L x 14"W x 4"H.

P/N 12-01011 .....**$151.95**

T-DOLLIES

Simple, but necessary forming tool allows you to create new flanges or straighten out damaged flanges. Can be used effectively by taking to an existing body panel or locked in bench vise and create an exact radius edge using any flat faced panel beater or wood slapper. T-dollies are fabricated out of carbon steel hardened and zinc plated to provide years of service life. Extra long flat handle. Heads have radius ends.

Model No.	Size (inches)	Part No.	Price

DCTD 3-pc. kit (8lbs.)		12-01022	**$46.50**

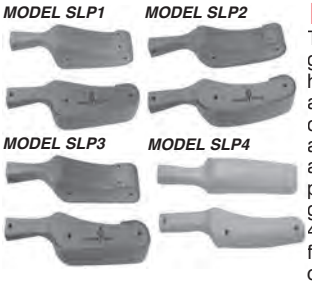
ARC360 HOLE CUTTER

Panel knock put punches and hole saws work well for holes that are aren't too big but it gets harder and more expensive as the size of the hole increases.

You can cut holes with a router but cutting holes with a router is a cumbersome ordeal. The router is really just too big a tool to be swinging 360 degrees easily. You can set it to cut holes down to around 1.5 inches and up to around 10 inches. The tool's small size allows you to easily see your work as you are cutting. If you want an arc you can start and stop anywhere you want. It will cut any thickness of sheet aluminum.

The cutting speed in 032 thick 2024-T3 aluminum is around 40 inches per minute so you can cut a 4-inch diameter hole in less than 20 seconds. P/N 12-01977 ..... **$98.95**

HARDWOOD SLAPPER



These slappers are made from grade A select midwestern grown hard maple for toughness, stiffness and durability. With an ergonomically designed grip area, the hand and wrist are positioned in a neutral and natural condition. Finished with protective oil that resists staining and guards against moisture penetration. 4 different shapes: gentle, medium, flat, and radius face. The new thinner cross-section of 2-1/4" allows working a tighter radius in more confined areas. Each slapper comes with a leather face cover to eliminate marring of the metal.

Model No.	Shape Style	Overall Length	Surface Length	Face Width	Weight (Lbs.)	Part No.	Price

POWER DRIVE BEAD ROLLER

The Industry Leading Power Drive Bead Roller Made In the U.S.A. Since 1984. Over 100 Bead Roll Profiles Available To Shape Or Strengthen Metal.

Max Capacity
16 Ga (.050") Aluminum
19 Ga (.040") Mild Steel
21 Ga (.035") Stainless Steel

Features Include:
0-9 FPM
Variable Speed Foot Pedal Control
Forward / Reverse Switch
Both Shafts Driven
Adjustable Depth Of Bead
& 1-1/8" Throat Height.

Used For Aircraft & Racecar, Construction & Repair.
Includes Choice of 1 Set of 2-1/2" OD ($65 value) Rolls

ULTIMATE BOX & PAN BRAKE

The ULTIMATE Box & Pan Brake has a unique “3 Finger” design. Incorporating moveable segmented bed fingers & apron fingers as well as upper radius fingers. Radius fingers allow forming aircraft and racecar panels using 3003 to 2024 T3 aluminum, .062” mild steel & .0375” stainless steel . Bend combinations that were extremely difficult if not impossible before are easily formed. Features include wrenchless upper set back adjustments, 3-1/2” depth of box, 2” down leg,1” front to rear adjustment & 1/4” reverse bend capabilities. A complete set of upper radius fingers (your choice), bed fingers, apron angle fingers, and counterweight(s) are standard equipment. Ultimate 48” 16ga Box & Pan Brake With Radius Fingers

AIRCRAFT BUILDER CALIPERS

Our Aircraft Builder's Calipers feature an easy-to-read dial, 6" length capacity, and measurement in 4 dimensions outer, inner, depth, and step. The dial has .001" graduations for case and bullet measurements. A chart that shows maximum and trim lengths for all popular calipers, plus a fitted case with instructions, are included. Ideal measurement tool for aircraft mechanics and homebuilders. Available in plastic or stainless steel.

Plastic Calipers.....P/N 12-30215.....**$57.95**
Stainless Steel Calipers.....P/N 12-30220.....**$59.75**

DIGITAL FRACTION CALIPERS

The Digital Fractional Caliper brings you three universal systems of measurement, making it an equally practical choice for both professional and do-it-yourself projects. The high-contrast digital display easily switches between inches, millimeters and fractions, with guaranteed accuracy to 0.001". In addition, the rugged stainless steel design delivers accurate readings of inside, outside, step and depth measurements. The Fraction+ comes with a foam padded plastic case for safe storage when not in use.

Features * Stainless Steel Caliper. * Tri-Mode digital display – inches, millimeters, and fractions. * For making inside, outside, depth and step measurements. * Resolution 0.0005" (0.01mm). * Accuracy 0.001" (0.02mm). * Auto on/off feature preserves battery life. * Bar scale is graduated in inches and millimeters. * Free-wheeling friction roller advances and retracts slide. * Extendable depth gage for use in slots and small holes. * Etched and filled black graduations. * Convenient foam-padded case for storage.

Set of 4	12-02925	**$55.95**

"CENTER IT" HOLE DRILLING JIG

"Center It" is a jig used to drill holes in pipe or tube stock. To use the Center It, simply place it on your drill-press table, run the bit down (with the motor off) to hold the centered jig on the bit, then bolt the jig to the press table. No clamping of the tube is necessary; the angled flats of the jig hold it in a centered position. Your holes are automatically centered on the tube with no center-punching necessary. If the tube is too fat to drill in a single operation, simply turn it over. The device is useful to kitplane builders who have to drill several holes in a single tube or many tubes because no clamping or center-punching of the tube is required. It also makes short work of drilling. P/N 12-20815..... **$13.85**

DRILL RITE PRECISION DRILL GUIDE

Light and portable, this tool provides straight and true holes every time. Your electric hand drill will perform like a professional drill press. The easy, accurate way to drill any curved surface: Simply place the Drill Rite VGuide™ on any type of pipe or round stock, from 1/2" to 2 1/2" in diameter. Swing the gate closed and lock it down. Insert the proper drill bit in the guide bushing and drill a precisely accurate hole. Includes super hardened drill bushings for popular 3/16" and 1/4" holes for rivets and aircraft hardware. Precision made in the U.S.A. from high quality aircraft grade aluminum. P/N 12-00836..... **$51.75**

PLATE NUT DRILL JIG

One piece heat treated tool steel jig. Use for accurate & fast drilling of rivet holes for plate nuts. Has flexible handle design. Use for both on lug (both holes on 1 side) & two lug (holes on both sides) style nut plates - K1000 & K1100 style nutplates.

#6 Plate Nut Drill Jig.....P/N 12-03041.....**$46.25**

Designed to remove surface blemishes in aircraft sheet metal. Hard chrome plated. Comfort grip handle. P/N 12-01479 ..... **$8.70**

CLECO PLIERS

Used in limited access areas, requires less travel per activation. P/N 12-01480 ..... **$4.90**

SPRING TENSION CLAMPS

(ZINC ALLOY YOKE OR STEEL YOKE)

Spring tension clamps can be applied in a fraction of the time required for ordinary screw clamps. The clamp, with 2" throat depth, has a Zamak alloy yoke and a steel spring which provides a 70 lb. clamping pressure. Designed for use with sheet holder pliers.

Description	Part No.	Price
Zine Alloy	12-01481	**$4.60**
Steel 2"	12-01482	**$6.30**
Steel 3"	12-01483	**$7.10**

SIDE GRIP CLAMPS

Designed to hold two or more work pieces together where no holes exist. Clamping force is applied at edge of work. Spring loaded, plier actuated. The lack of a takeup screw makes it impossible to overtighten and damage the work surfaces or the clamp. There are 4 standard sizes : 1/2 x 1/2", 1/2 x 1", 3/4 x 1/2" , 3/4 x 1".

Description	Part No.	Price
1/2" x 1/2"	12-01484	**$1.87**
1/2" x 1"	12-01485	**$1.95**
3/4" x 1/2"	12-01486	**$1.87**
3/4" x 1"	12-01487	**$1.95**

DRILL STOPS

Use when drilling in sheet metal to help eliminate drill breakage & surface marks. Safely keeps drill from going too far through the work. Drill stops have a coiled spring to cushion the drill breakthrough & prevents the drill chuck from marring the work surface. Color coded for easy identification.

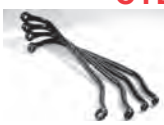
CYLINDER BASE NUT WRENCHES



Where torque application accuracy is critical these tools meet the requirement. They offer excellent rigidity and surpass other wrenches in overall quality and efficiency. Wrench Type A is for sizes 1/2", 9/16", 5/8", and 3/4" hex nuts. Wrench Type B is for 3/8" and 1/2" internal hex.

Type A 1/2".....P/N 12-01525 .....**$14.85**
Type A 9/16:.....P/N 12-01568 .....**$14.85**
Type A 5/8".....P/N 12-01569 .....**$14.85**

OFFSET TINNER MAG-SNIPS M1200

Offset blades keep hands safely above material. Long cuts are easy because offset blades flow material away from blades. Light weight cast magnesium handles. Blades are easily replaceable. 13" long with 3" cut.
P/N 12-02302 .....**$44.50**

BRASS RIVET SET

This rivet set has a soft face to prevent damage to the fastener when inserted or removed. Fits into any standard rivet gun or air hammer that supports .401" shank tooling, 3 1/8" overall length. ..... P/N 12-01543 ..... **$8.20**

TO

RIVET GUN SHAFT REDUCER

Rivet set adapter sleeve, .401 shank. Made of hardened steel (SKD11) and is open at both ends to allow maximum riveting power. P/N 12-01544 ..... **$13.20**

ECONOMY SAFETY WIRE TWISTERS

These top quality twisting lock pliers with automatic return are economically priced and extremely durable. Features a sharp cutting edge and will twist up to .060" dia. safety wire. Length 6"& 9". Foreign made.
6"..... P/N 12-01472 ..... **$19.90**
12"..... P/N 12-01473 ..... **$19.75**

CAMLOC PLIERS

These Camloc Pliers are used to depress #2600, #2700 and #4000 series Camloc (C-LOCK) studs so they can be properly installed. Pliers are manufactured from forged steel and feature polished bearing surfaces to avoid scratching the stud as it 's being installed. The grips are rubber cushioned for extra comfort and to reduce slipping. P/N 12-01475 ..... **$16.75**

CANNON CONNECTOR PLIERS

The tool features serrated jaws for improved gripping and a slip joint for improved leverage. Ideal for all common cannon connector applications.
P/N 12-01531 ..... **$14.85**

SHOP HEAD RIVET GAUGE SET

Set of four gauges for -3, -4, -5, -6 rivets. Each gauge measures Minimum height and Minimum diameter of shop heads AFTER setting. Eliminates guessing if your rivets are properly set. Works for measuring both universal head and flush rivets. Precision machined to size from 2024 aluminum. Rivet size permanently stamped on each gauge. Color coded anodized finish.
P/N 12-01533 ..... **$9.85**

RIVET LENGTH GAUGE

One gauge measure -3, -4, -5, -6 rivets. Used to check for proper length of rivets Before setting. Eliminates measuring and guessing of rivets lengths. Works for both universal head and flush rivets. Precision machined to size from 2024 aluminum. Rivet size permanently stamped. Blue anodized finish. P/N 12-01534 ..... **$4.95**

DRILL EXTENSION THREADED

Use these different length extensions in your 90°or 45° drills. 1/4"-28 male threads on one end and 1/4"-28 female threads on other.
2"..... P/N 12-01535 ..... **$3.50**

6"..... P/N 12-01537 ..... **$3.50**

DRILL EXTENSION DUAL THREADED

Use these different length extensions in your 90°or 45° drills. 1/4"-28 male threads on one end and 1/4"-28 female threads on other. Comes in three different lengths1"?2"?4".
2"..... P/N 12-01541 ..... **$3.85**
4"..... P/N 12-01542 ..... **$3.85**

SLIM MICRO-STOP

A slim design that's only 11/16" outside diameter. Used for those narrow areas that can't be reached with a standard micro-stop. • 1/4" Shaft • 1/4"-28 Female Threads • Adjustable in .001" increments • 1/2" Cutter Capacity • Rates for 3000 RPM use. P/N 12-01790 ..... **$19.50**

MICRO-STOP (LONG NOSE)

This micro-stop reaches into very confined areas. • 5/16" Quick-change Shaft or regular chuck • 1/4"-28 Female Threads • Adjustable in .001" increments • 3/8" Cutter Capacity • Rates for 3000 RPM use
P/N 12-01789 ..... **$42.75**

MICRO-STOP (NYLON FACE)

• 1/4" Shaft • 1/4" -28 Female Threads • Adjustable in .001" increments • 11/16" Cutter Capacity • Rates for 3000 RPM use P/N 12-01788 ..... **$25.50**

5.5" STRAIGHT & OFFSET RIVETS

Made of steel and heat-treated for long tool life. The precision made cups are highly polished. .401 shank. Length: 5.5". Cup Sizes: 3/32", 1/8", 5/32" & 3/16". For AN470 rivets

Size	Straight	Price	Offset	Price

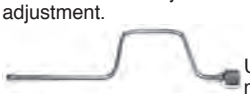
TURNBUCKLE WRENCH

2 inch diameter turnbuckle wrench easily rotates turnbuckle while chain tool holds the cable ends in precise alignment and prevents them from rotating.
P/N 12-01795 ..... **$28.75**

TURNBUCKLE CHAIN TOOL

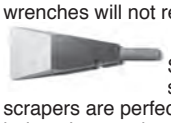
This tool consists of two clamps joined by sprocket type (bicycle) chain. When clamped to cable and fittings at each side of the turnbuckle, anchor the cable to allow free adjustment of the turnbuckle. The adjustment becomes a two hand instead of three hand adjustment. P/N 12-01794 ..... **$25.75**

SPEED HANDLE 3/8"



Useful for quickly tightening and loosening a nut or bolt particularly where other types of wrenches will not reach. P/N 12-01797 ..... **$5.50**

PHENOLIC SCRAPER



Scraper Blade, 2" wide x 6.5" long x 3/8" thick. Designed for use with a rivet gun (.401 shank). Phenolic scrapers are perfect for safely removing sealant, adhesives, stickers, labels, grime, and more. P/N 12-01796 ..... **$11.95**

SKIN WEDGE

Made of 4130 steel and heat-treated to perfection. • 7" long x 1" wide • Body thickness 1/4" P/N 12-01793 ..... **$9.85**

HEX KEYS

Designed to use when installing Hi-Lok style fasteners. Includes set screw and Allen key.

1/8" ..... P/N 12-01785 ..... **$6.75**
5/64" ..... P/N 12-01786 ..... **$6.75**

BOSCH POWER TOOLS

BOSCH 10.8V I-DRIVER

MODEL PS10-2A -Features: • 80 in. - lbs. of Torque — Drives 100 3-inch screws per battery charge • Ultra-Compact Head Length — 3.5" total head length - 3 times shorter than most popular competitor • 90-Degree Articulating Head • 7+1 Electronic Clutch • Forward/Reverse Button — Equally useful at driving or removing screws • Quick Change Chuck- pull to insert or release 1/4" hex shank bits • Storage Hanger — Convenient tool storage between uses • Variable Speed Trigger — Revolutionary design provides increased sensitivity and control P/N 12-01754 ..... **$157.95**

BOSCH 10.8V POCKET DRIVER

MODEL PS20-2 - Features: • 80 in. - lbs. of Torque — Drives 100 3-inch screws per battery charge • Ultra-Compact Power & Design — Almost half the size of a 12V compact drill/driver • LED Light — For tight spaces and applications • Forward/Reverse Button — Equally useful at driving or removing screws • Quick Change Chuck — Prevents bit loss in drill or drive mode - pull to insert or release 1/4" hex shank bits • 10+1 Clutch — Enables precision driving and eliminates over torque in soft base materials. Max mode allows pilot and other small bore holes • Variable Speed Trigger — For increased sensitivity and control P/N 12-01755 ..... **$125.95**

BOSCH 10.8V LITHEON IMPACTOR FASTENING DRIVER

MODEL PS40-2 - Features:• 60% more torque than 18V drill/driver - 800 in.-lbs of max torque • Bosch Designed Hammer and Anvil System — Delivers 1,800 RPM/3,000 BPM • LED Light Ring — 3 LEDs illuminate work area for use in dark areas • Litheon™ 10.8V Batteries — • Spring-Loaded Impact Mechanism — Reduces user fatigue • Aluminum gear housing with protective rubber front • 1/4" hex drive with quick release •Ergonomic Soft Grip Handle — For extended comfort and control • Bumpers on Side of Tool — Protect work surface and prevent slipping • Variable Speed Trigger — For complete control P/N 12-01756 ..... **$199.95**

BOSCH 18V IMPACTOR CORDLESS IMPACT WRENCH

MODEL 22618 - Features: • Innovative Hammer & Anvil System delivers up to 1,950 in/lb of torque 1/2" Square Drive Anvil • Soft-grip handle, not the user, absorbs the impact during fastening applications — Reduces fatigue and stress, provides maximum cushioning and comfort • Cutting-edge, high-performance motor and all-metal gears — Super fast operating speed, delivering a category-best 3,200 BPM and 2,800 RPM • Optional Gear Box Cover — For Added Protection • Lightweight 4.6 pounds and 6.5 inches in length — Incredibly versatile for use in dozens of drilling, fastening and driving applications • Aluminum gear housing with protective rubber front Variable-speed trigger — For complete control • Externally accessible brushes — For easy brush replacement • Multi-purpose reversible tool hook • Multiple-position swivel LED lighting system — Increases visibility - great for dark or enclosed areas P/N 12-01757 ..... **$317.95**

BOSCH 18V IMPACTOR CORDLESS IMPACT WRENCH

MODEL 22618 - 12V Battery for medium-duty jobs. 14.4V Battery for heavy-duty jobs. The Most Powerful Impact Wrench In The Line Up! 18V Battery for heavy-duty jobs. Faster and more powerful than standard impact drivers. The most lightweight driver in the line up. 9.6V Battery for medium-duty jobs ***Includes*** (2) -- 2.4A-h Batteries - BAT181 (1) -- 30 Minute Charger - BC130 (1) -- Tool Hook - IMPKHOOK (1) -- Carrying Case - Included (1) -- Gear Box Cover P/N 12-01758 ..... **$306.95**

BOSCH 18V LITHIUM-ION JIG SAW

The Lithium-Ion Jig Saw (JSH180-01) is up to 30% lighter weight than the leading competitor and up to 10% smaller. The 1 handed blade insertion and ejection offers most convenience and ease of use while the small grip diameter reduces user fatigue during extended use applications. **Includes**: (2) 18V Lithium-Ion FatPack Batteries - BAT618, (1) 1-Hour Charger, (1) Carrying Bag. **Specifications**: Battery/Charger: 1 Hour Charger. Bevel Angle Range: 45 Degrees. Length: 10.24". Max. Capacity in Steel: 3/8". Max. Capacity in Wood: 3 1/2". No Load SPM: 0-2, 700. Stroke Length: 1". Voltage: 18V. Weight (lbs.): 5.3.
P/N 12-02958 ..... **$423.00**

BOSCH TOP HANDLE JIG SAW

MODEL 1590EVSK - ProVantage 3-year Protection Plan. Includes: • Precision for Wood Blade • Progressor® Wood Blade • Tight kerf blade -- T244D •Zero-clearance Insert • Non-marring Footplate • Carrying Case ***Features:*** • 6.4 Amps • Precision Control™ system • One-Touch® blade change • Quick bevel adjust cast aluminum foot • Constant Response™ circuitry • T-shank machined plunger • Robust 3-point connection • No blade play • On/off blower switch • 4-position orbital control • Variable speed trigger • Variable speed dial • Lock on button • Adjustable dust blower keeps cutting line clear P/N 12-01765 ..... **$186.95**

5 INCH RANDOM ORBIT SANDER

MODEL NO. ROS20VSK - Features: • Best all-around sanding performance and convenience. • Twist-off translucent dust canister shows dust level and detaches easily. Ant-spillback design prevents dust from spilling on removal. • Bosch Microfilter system traps dust particles as small as 1/2 micron. • Hook-Tight™ hook-and-loop disk attachment ensures firm grip of standard hook-and-loop sanding discs. • Comfortable, ergonomic soft-grip top and body • Integral pad dampening system prevents swirl marks • Soft microcellular backing pad ensures smooth, fine finish on flat or contoured surfaces. • Variable-speed dial allows matching of speed to work piece and task. P/N 12-01766 ..... **$98.25**

BOSCH 3-1/4 INCH PLANER

MODEL 3365 - Includes: (2) WoodrazorTM Blades, Guide Fence, Blade Wrench, Chip Bag. ***Features:*** •Powerful 5 Amp Motor, 18,000 RPM. • Electronically-Counterbalanced Single-Blade System automatically positions blade at ideal cutting angle. • Eliminates uneven planing caused by misaligned blades. • Equipped with Bosch Woodrazor™ micrograin carbide blades, which resist fractures from nail and staple strikes. • Ratcheting Depth Knob. • No need to re-zero the depth. • Chip Ejection Switch. • Edge Guide Fence. • Has a protective shield that covers the section of blade not in use. • Lock-off Release Button. • Park Rest Stand• Double insulated, UL listed, complies to OSHA. P/N 12-01767 ..... **$109.95**

18V COMPACT TOUGH™ 1/2'' DRILL/DRIVER

This drill includes a new ergonomic design for outstanding comfort and durability. The 4-pole open frame motor provides more power in a smaller size and the durashield housing is constructed to withstand jobsite conditions.
Includes: (2) - 18V High Capacity Lithium-ion SlimPack Batteries (1) - Lithium-ion Battery Fast Charger (1) - Double-sided Philips Drive Bit (1) - Carrying Case
Features: • Optional Flexible Power System (FPS™) Provides Choice of Max Run Time or Minimum Weight • Ratcheting Single Sleeve ½ in. Chuck- For one handed bit changes • LED Light- Great for dark or enclosed areas • Soft-Grip Wrapped Housing - Fits comfortably in hand for extended working time • Variable Speed Trigger- Provides maximum control • Bosch Lithium-ion HC batteries - Provides up to 50% more runtime, cold weather performance in -4 deg temps, and fuel gauge • Bosch Advanced Lithium-ion Technology delivers optimized performance through Electronic Cell Protection (ECP™), Unique Pack Design which keeps the battery cooler, and Electronic Motor Protection (EMP™) which protects motor in heavy duty applications. P/N 12-02948 ..... **$226.95**

BOSCH 4-1/2 INCH ANGLE GRINDER

Features: 6 Amps, 11,000 RPM• Lock-on/off switch — for extended use applications • Service MinderTM brushes — Eliminates guesswork, stops the tool when preventative maintenance is required • Epoxy Coated Field Windings — Provides ultimate protection against abrasive dust and metal debris • 5/8" -11 Spindle — wide flexibility for mounting most popular accessories • Spindle Lock — For quick wheel changes • Double insulated, UL listed, complies to OSHA • 2-Position auxiliary handle — specifically designed and angled to a "natural" position for maximum comfort and control. P/N 12-02685 ..... **$169.85**

BOSCH 3-1/4 INCH PLANER 120V

Powerful 6.0 amp motor, 16,500 RPM for fast stock removal and a smooth finish. Electronically-counterbalanced, single-blade system automatically positions blade at ideal cutting angle. Reduces drag and provides fast operation and a smooth finish. Eliminates uneven planing caused by misaligned blades. Equipped with Bosch Woodrazor™ micrograin carbide blades. Ratcheting depth knob that allows for fool-proof setting of depth increments from 0" to 1/16" (1.5 mm). Also features an edge guide fence. A protective shield covers the section of blade not in use. Amperage: 6.0. Cord Length: 10'. Country of Origin: Malaysia. No Load RPM: 16,500. Planing Depth: 0 - 1/16" (1.5 mm). Planing Width: 0" to 3-1/4". Rabbet Depth: 5/16". Rating: 120V AC. Shoe Length: 11 - 1/8" P/N 12-02823 ..... **$188.95**

3" AIR ANGLE POLISHER

- Mini-size and light weight for easy use in tight areas
- Designed for extended use
- Powerful high torque motor
- Lever throttle trigger
- Built-in air regulator for positive speed control
- Special high speed ball bearings for vibration-free performance
- Rubber grip for non-slip feel and insulates from cold air
- Muffling system with rear exhaust
- RPM: 2,500, CFM: 10.5, HP: .3, Pad Size: 3", Noise dB: 80, Air Inlet: 1/4", Max Pressure: 90, Length: 6.30", Weight: 1.8lbs, Warranty: 1 year

P/N 12-02557.....**$209.95**

1/4" BELT SANDER

- Rear exhaust directs air away from work surface
- Equipped with silencer to reduce noise
- Precision air motor with exceptionally high turning force
- Precision ball bearings for longer life
- Can be used for internal and external finishing
- Quick change belt replacement system
- Built-in speed regulator
- Reaches normally inaccessible areas
- Light weight ergonomic handle design for control and comfort
- Rubber grip for non-slip feel and insulates from cold air
- Grind off contact wheel or platen
- 360° head rotation provides versatility for every job
- RPM: 16,000, CFM: 14.2, HP: .37, Noise dB: 80, Air Inlet: 1/4, Max Pressure: 85, Vibration: 3.8, Length: 10-7/16, Weight: 2, Warranty: 1 yr.

BAILEIGH METAL TOOLS

BAILEIGH MANUAL BENDER FB-4

Baileigh's FB-4 form bender is a useful tool for press bending ornamental iron, mild steel, aluminum and other metals. This flat bar bender is a manual press brake and can create 90 degree bends by simply turning a hand lever until the desired angle is accomplished.

This metal bender is perfect for hobbyists, ornamental iron artists, and much more. Of course this is not a production bender, but is perfect for small runs or those one off applications.

• Capacity: 3/16" • Shipping Dimensions (L/W/H): 17"/7"/8" • Shipping Weight: 19 lbs P/N 13-08987.....**$235.00**

BAILEIGH MANUAL ROLL BENDER R-M3

Baileigh The R-M3 metal ring roller is perfect for any typical sheet metal shop for bending small rod up to ¼". Metal artists, technical schools, and home shops can find hundreds of uses to keep this well built angle roll in use.

This single pinch metal ring roller can be bench or pedestal mounted. It has fine adjustment for the top roll and to power this machine there is a manual hand crank.

• Capacity Solid Round: .25" • Capacity Flat Bar: 1" (.1875 • Minimum Diameter: 3" • Handle Length: 13.5" • Power Requirement: Manual • Shipping Dimensions (L/W/H): 15" / 7" / 8" • Shipping Weight: 18 lbs

P/N 13-08975.....**$138.00**

BAILEIGH MANUAL ROLL BENDER R-M7

Baileigh Industrial's Roll Bender R-M7's small size makes it highly portable and versatile. Although not for rolling complete circles, it makes quick work of large radius bends. Many different tooling options are available as well.

Capacity / Size / Diameter: • Pipe - 1.5" / 20" dia • Round Tube - 1.25"(.078") / 31.5" dia • Square Tube - 2" / 70" dia • Rectangle Tube - 1x2" / 30" dia • Flat bar - Easy Way / 10" dia

Specifications: • Roll adjustment: Manual • Pinch: Single • Shaft Center Distance (lower rolls): Adjustable • Driven Rolls: 1 • Speeds: N/A • Motor: N/A • Power Requirements: Manual •Shipping Weight: 150 lbs P/N 13-08976.....**$675.00**

BAILEIGH MANUAL ROLL BENDER R-M10

Baileigh's R-M10 tube roller has a powerful manual drive system that has a maximum capacity of 1-1/4" (.078" wall) round tubing capacity (mild steel). It comes standard with segment rolls that allows for many different types of flat bar, some angle iron and some square to be rolled. This roll bender has optional rolls for round tube and pipe, as well as other profiles.

This tube roller is typically in stock for fast deliveries. For further information on the R-M10 roll bender, please contact your Baileigh representative.

Capacity / Size / Diameter: • Pipe - 1 " (Sch.40) / 28" dia • Round Tube - 1.25"(.078") / 31.5" dia • Square Tube - 1.2" (.078") / 35" dia • Angle Iron - 1.25" (.157") / 30" dia • Solid Square - .75" / 20" dia • Solid Round - .875" / 20" dia • Flat Bar Easy Way - 2" / 15.75" dia • Flat Bar Hard Way - .75" / 6.5" dia

All Specs based on 60,000 PSI (42 kg/mm2) Tensile Strength - Mild Steel. Specs are to be used as a base line for purchase purposes only. Baileigh Industrial cannot control Variations in Material.

Technical Specifications and Standard Equipment: • Two rolls are manually powered • Special cast frame • Shafts are hardened with special steel material • Rolls are special steel material hardened and ground • Gears milled with full material • Standard rolls, guide rollers, manual working • Users manual. P/N 13-08977.....**$1,549.00**

BAILEIGH MANUAL TUBE BENDER RDB-10

The RDB-10 manual hand tube bender is the perfect bending machine for bending air lines, brake lines, fuel lines, and general hydraulic lines. Thus, if you're into building or repairing race cars, auto and airplane repair or restoration, an automated machinery builder, or much more, the RDB-10 manual bender will save you time and money from the moment you use it.

This manual tube bender comes standard with 10 different size combinations from 1/4" to 5/8" OD in either 3 or 5 times the diameter radiuses. This manual tube bender works great with mild steel, certain coppers and aluminums, as well as stainless steel. It comes standard with a heavy pedestal, tooling rack, and bending machine.

The RDB-10 hand bender is easy to use and can bend tubing up to 180 degrees. Because of the design, this bending machine can do serpentine bends with ease at very tight radiuses depending on the OD, material and wall thickness. P/N 13-08971.....**$679.00**

BAILEIGH MANUAL TUBE BENDER RDB-25

This manual tubing bender comes standard with the following round tube die sets: 3/8" OD x 2" CLR; 1/2" OD x 2.25" CLR; 9/16" OD x 2.5" CLR; 5/8" OD x 3" CLR; 3/4" OD x 3.5" CLR; and 7/8" OD x 4.25" CLR. It also includes a 3/4" Square x 3.75" CLR and 1" Square x 4.25" die sets.

Sturdy cast iron frame that can be bench or pedestal mounted for ease of use. Even though this tube bending machine is very powerful, it has been designed to take up little shop floor space. This is the perfect manual tubing bender for the home hobbyist, metal artist, or small fabrication shop with low run requirements.

Specifications: • Capacities Round Tube(OD): 7/8" max • Capacities Square Tube: 1" max • Wall Thickness: .047" max • Bend Angle: Up to 180 deg • Power: Manual • Shipping Dimensions (L/W/H): 25"/15"/6.5" • Shipping Weight: 61 lbs P/N 13-08972.....**$189.95**

BAILEIGH MANUAL TUBE BENDER RDB-050

This bending machine is extremely powerful and can bend up to 2-1/2" OD mild steel with a wall thickness of .120" and 2" OD chromoly with a wall thickness of .120". Also has three unique speeds. The proper speed for each application depends on the material type, OD and wall thickness. Speed one (4 degrees per pull) has the most torque and would be used for bending 2" OD Chromoly or 2-1/2" OD mild steel. Speed two produces 8 degrees (for intermediate materials), while speed three produces 12 degrees (for lighter gauge materials) with each pull. Operator can bend to 200 degrees without re-pinning. It ships via UPS in four separate boxes to keep freight rates reasonable. Some assembly is required.

P/N 13-08973.....**$927.00**

BAILEIGH MANUAL TUBE BENDER RDB-100

This bending machine can be fitted with hundreds of round and square tubing die sets as well as round pipe dies sets with a maximum center line radius up to 7". This manual tube bender uses a large diameter indexing plate that allows the fabricator to bend up to 206 degrees (180 degrees plus spring back) in one shot without having to re-index and re-pin common on most other manual pipe benders on the market. Each pull of the handle bends the material approximately 8 degrees. When requirements are for lighter gauge materials this tube bending machines indexing unit can be shut off and the handle can be put into a manual override housing that allows the operator to simply walk around the manual bender and bend without the power of the indexing unit. Includes the stand, degree dial, and handle. P/N 13-08974.....**$2,235.00**

BAILEIGH ENGLISH WHEEL EW-28

This quality English wheel is a heavily built floor stand unit that can handle smoothing compound curves into mild steel and aluminum sheet metal for restoration or bodywork on autos, planes, cycles and much more. This machine has an 18-gauge mild steel capacity and has an ample 28" throat depth. The EW-28 English wheel comes standard with an 8" X 2" upper roll and includes six lower anvil rolls with varying crowns. The radius included for the six lower rolls are 2", 3", 4", 6", 8", and 12". Like other Baileigh English wheels, the machine comes intact with only minor assembly required (no welding required). The frame members are constructed of heavy walled square tubing that is electro welded to a truss system offering little flex at maximum capacity.

Specifications: • Capacity (Mild Steel): 18 ga • Throat Depth: 28" • Shipping Dimensions(L/W/H): 36"/34"/15" • Shipping Weight: 191 lbs

P/N 13-09001.....**$679.95**

BAILEIGH ENGLISH WHEEL MANUALLY OPERATED EW-40

Baileigh's quality English Wheels have a generous 40" throat depth, and ship complete with five bottom anvils and one 7" upper wheel. It has a rugged electro welded frame and stand for ease of use and years of quality shaping and forming metal. The EW-40 English wheel has an 18 gauge mild steel capacity and a 13 gauge aluminum capacity. Like all Baileigh metal forming machines the EW-40 is a quality machine for a reasonable price. This machine is in stock for quick deliveries.

Specifications: • Capacity (Mild Steel): 18 ga • Throat Depth: 40" • Shipping Dimensions(L/W/H): 72"/36"/15" • Shipping Weight: 388 lbs

P/N 13-09003.....**$1,459.00**

TO

BAILEIGH METAL TOOLS

BAILEIGH MANUAL MULTI-PURPOSE BENDER MCB-650

Baileigh's MCB-650 flat bar benders are ruggedly built to bend up to 5/16" X 1-1/4" mild steel or ¼" X 2" mild steel as the maximum capacity. This is a fantastic ornamental bender to have for railings, fences, gates and for hundreds of additional applications. This flat bar bender comes standard with 7 die sets from 1" up to 3" for flat metal. Other solid applications such as wire, rod, and bar can be bent as well up to 200 degrees.

Specifications: • Bend Capacity: 2" x .236" • Angle Capacity: 0 - 200 deg • Shipping Dimensions (L/W/H): 35"/10.5"/10.5" • Shipping Weight: 53 lbs

P/N 13-08988.....**$189.95**

BAILEIGH MANUAL HOLE SAW NOTCHER TN-200H

This coping machine can be vertically mounted in a drill press, or for larger pieces it can be horizontally mounted on a weld bench and powered by a portable drill.

This hole saw tube notcher is made of thick 3/8 inch aluminum with a heavy bronze bushing that is replaceable if ever need be. The spindle is made of a ½" hardened shaft for longevity and less vibration. This coping machine can notch at angles up to 45 degrees in less than 30 seconds and has a capacity of up to 2" round tube.

Specifications: • Notch Capacity (OD): 2" • Spindle Size: 1/2" • Spindle Adapter: 1/2" – 5/8" • Shipping Size (L/W/H): 12" / 7" / 5" • Shipping Weight: 10 lbs

P/N 13-08978.....**$195.00**

BAILEIGH MANUAL HOLE SAW NOTCHER TN-250

This is the most revolutionary hole saw pipe notcher on the market and is perfect for chassis, roll cages, and much more. This is the only hole saw tubing notcher that is always centered left to right and up and down. This coping machine is constructed of heavy steel plate to reduce vibration, uses a 1-1/4" Thompson® shaft that rides in a sealed needle bearing for longevity of the machine and hole saw. The TN-250 tube notchers vise has a powerful screw with a built in hand wheel that opens and closes the unique six radial clamping jaws. Can notch up to 2-1/2" OD and allows for steep angles as the hole saw can pivot up to 230 degrees making it the most versatile notching machine on the market. This tubing notcher can easily offset in seconds for off center notches and does not require crazy shims or spacers common on inferior models.

P/N 13-08981.....**$579.95**

BAILEIGH MANUAL HOLE SAW NOTCHER TN-300

This tubing notcher can notch from 1/2" to 3" tube and 1/2" to 2-1/2" Schedule 40 Pipe in materials such as aluminum, mild steel, chromoly, and stainless steel. The tube notchers vise has a quick release so different notch angles can be set up in a second or two and locked in with a solid taper lock. Can notch up to 60 degrees as standard, but with extended hole saws and the right size OD, notches up to 75 degrees can be attained. The vise is a self centering that is on an acme screw for quick tightening and releasing of the material. An offset adjustment is standard for those jobs where more strength is needed like on some hand railing or chassis frame applications. The drive carriage on the TN-300 pipe notcher houses an industrial grade motor tied to a direct drive gear reducer that turns the hole saw with ease, even at full capacity. This tube notchers carriage rides on a solid V-block roller assembly that is coupled to a large drive wheel for pushing the hole saw into the material with limited vibration and ease. This simple unique design on this tube notcher makes notching tube and pipe a breeze. P/N 13-08983.....**$2,429.95**

BAILEIGH MSS-18 MANUAL 18GA SHRINKER STRETCHER

Baileigh's MSS-18 sheet metal shrinker stretcher has one complete shrinker and one complete stretcher both in their own cast iron housings. The heavy casting assures a quality function at full capacity, which is 18-gauge in mild steel and 16-gauge in aluminum. Both units are foot operated and come with a heavy steel stand as standard.

Specifications: • Capacity Mild Steel: 18 ga • Capacity Aluminum: 16 ga • Minimum Forming Diameter: 4.5" • Stand: Included P/N 13-08984.....**$485.00**

BAILEIGH MSS-16 MANUAL 16GA SHRINKER STRETCHER

Baileigh's MSS-16 sheet metal shrinker stretcher has a heavy cast iron frame with a deep 8" throat. It comes standard with two sets of jaws, one for shrinking and one for stretching. This is a manually operated machine that has a heavy engagement lever that allows perfect control of the function at hand. This sheet metal shrinker stretcher has a mild steel capacity of 16 gauge and an aluminum capacity of 14 gauge. No other sheet metal stretcher shrinker on the market has such a generous throat depth with a heavy maximum capacity for such a good price.

Specifications: • Capacity Mild Steel: 16 ga •Capacity Aluminum: 14 ga • Throat Depth: 8"

P/N 13-08985.....**$579.95**

BAILEIGH MSS-16F SHRINKER STRETCHER

This model is a heavy duty foot operated shrinker stretcher for shrinking or stretching mild steel sheet metal down to 16-gauge (14-gauge aluminum) in thickness. This is the perfect machine for working metal for auto, cycle or airplane body work. This machine is ruggedly built and can shrink or stretch metal with ease at full capacity.

Our MSS-16F metal shrinker stretcher has a rugged floor stand with foot pedal control to actuate the jaws allowing the hands to be free to properly work the material. An ample 6" throat depth allows for hundreds of applications to be worked on compared to smaller throat depth models. The rugged base has wheels allowing for mobility in any cramped shop environment.

This metal stretcher shrinker has quick jaw change over features built in so changing from shrinking metal to stretching metal takes only a couple seconds. This machine comes standard with jaws to stretch metal and shrink metal (note: optional aluminum jaws are available).

Specifications: • Capacity Mild Steel: 16 ga • Throat Depth: 6" • Weight: 78 lbs P/N 13-08986.....**$1,068.00**

BAILEIGH VARIABLE SPEED POWER HAMMER

The Baileigh Industrial PH-19 power hammer is the little brother to the MH-19 Power Hammer . The PH-19 can do many of the same functions as the MH-19, shrink, stretch, dome, edge turn, bead, offset, but at a price that fits any budget. The PH-19 also accepts all readily available MH-19 tooling.

Specifications: • Capacity Mild Steel: 16 ga • Capacity Aluminum: 12 ga • Throat Depth: 19" • Tooling Height Adjustment: 5" • Speed: 0 - 1700 beats/minute • Power Requirement: 120V

P/N 12-02646.....**$8,707.00**

BAILEIGH ONE PHASE POWER HAMMER

MH-19 power hammer is the most revolutionary metal forming machine on the market. In summary you can achieve stretching, shrinking, planishing, and doming with critical adjustments on the fly while in operation. This is the ultimate metal shaping and forming power hammer on the market. No other machine is as versatile as the MH-19. The MH-19 includes the following tooling to get you up and running quickly at no extra charge: (1) set of thumbnail shrink dies, (1) flat top die, and (1) Lower planishing die.

Specifications: • Capacity Mid Steel: 16 ga • Capacity Aluminum: 12 ga • Throat Depth: 19" • Length of Stroke: .177 - .550 (adjustable) • Tooling Height Adjustment: 2" • Speed (variable): 0 - 1500 beats/minute • Power Requirement: 220v / 1 phase • Shipping Dimensions: (L/W/H)60"/60"/84" • Shipping Weight: 1600 lbs P/N 12-02645.....**$20,879.00**

DE-ICE EQUIPMENT – DIGITAL THERMOMETERS

HANDHELD ANTI-ICING AND DEICING SPRAYERS

Handheld Deicing Sprayers are aircraft-portable pressure sprayers appropriate for defrosting and light deicing operations. They are commercial grade, polyurethane, controlled-pressure sprayers designed to spray hot SAE Type I deicing fluid directly on your aircraft to remove frost, and light snow & ice. They are equipped with a 2 piece brass wand, flat-fan spray pattern, high-capacity, interchangeable nozzle tip that sprays 1.2 gpm of deicing fluid at 20 psi. They will also accept our optional 120-volt, 1100 to 1700 watt electrical immersion heaters to quickly heat the fluid within the sprayer tank to 160. Following are the specifications on the Handheld Deicing Sprayers:

Description	Dimensions	Part No.	Price
1 Gal Sprayer	7" Dia. x 17" H	12-21605	**$89.95**
2 Gal Sprayer	8.5" Dia. x 19.5 " H	12-21610	**$112.95**
3 Gal Sprayer	9.5" Dia. x 21" H	12-00499	**$139.95**

To heat Deicing fluid you need to purchase a heater below.

Heaters					
Voltage	**Watts**	**Amps**	**Application**	**Part No.**	**Price**
120	1,100	9.2	12-21605 Sprayer	12-02087	**$512.00**
120	1,400	11.7	12-21610 Sprayer	12-02088	**$615.00**
120	1,700	14.2	12-00499 Sprayer	12-02089	**$445.00**

DEICING CARTS

Aircraft Deicing Gasoline Engine Powered Carts are designed for outdoor deicing operations . These carts use either a 5.0 or a 5.5 hp air-cooled gasoline engine, providing adjustable fluid flow rates and pressures of up to 6.0 gpm/150 psi and 10.0 gpm/300 psi respectively -- sufficient to deice all general aviation, corporate & charter aircraft. The standard carts range in capacity from 40 to 110 gallons, and all can be equipped with an electric immersion heater to heat the deicing fluid to a maximum of 160° F to help melt frost, snow & ice from your aircraft's surfaces. All carts are supplied complete, including steel frame, straight pin hitch, mainwheels, power source, pump, tank, adjustable pressure valve, pressure gauge, high-pressure hose, pistol-grip handgun w/ extension, and adjustable brass nozzle.

NYLON FLANGES IN BATTERY BOX MODIFICATION KIT

-Improve Starting Performance. -Easier Removal & Installation of Battery. -May prolong life of battery and starter. -Less expensive to modify existing box than to replace. -Compatible with our famous "Low Loss" Cable Kits! -Eliminate extra connection on outside of the battery box. -Do away with the troublesome braided negative strap.

Experimental.....P/N 11-02892 ..... **$26.25**
STC'd/PMA'd .....P/N 11-02893 ..... **$51.90**

BATTERY TERMINAL TOOL

The Right Tool for the Job. * Prevents damage to battery posts. * Steel frame, fits battery wing nuts securely. * Insulated to eliminate shorting, sparks or possible explosions. * Foam grip handle eliminates slipping. * Great gift for pilot or mechanic. P/N 12-16200 ..... **$10.85**

NICHOLSON HACKSAW BLADES

Nicholson Bi-Metaloy hacksaw blades last twice as long as high-speed steel and 10 times longer than carbon steel. Can operate 20%-50% faster. Practically unbreakable.

GENERAL RECOMMENDATIONS FOR BLADE SELECTION

14 TOOTH – For cutting heavy cross section and for soft materials where maximum chip clearance is needed. P/N 12-19514 ..... **$1.94**

18 TOOTH – For general shop use, where blade is used on several jobs. P/N 12-19518 ..... **$2.45**

24 TOOTH – For cross sections of 1/16" to 1/4", such as pipe, angles, small drill rod. P/N 12-19524 ..... **$2.45**

32 TOOTH – For cutting stock up to 1/16" thick, such as 4130 tubing, sheet metal, BX. P/N 12-19532 ..... **$2.45**

MICROTEMP DIGITAL INFARED THERMOMETERS

Digital, non-contact infared thermometers are used for hundreds of practical applications and are essential tools for professional automotive and aviation technicians.

Infared Thermometers (IRTs) are great automotive and race tuning diagnostic tools-and are great for countless diagnostic tasks. Check track surface temperatures, tire temps, brake rotors, header and exhaust temps, air intake temp, heating and A/C vents.

Model	Description	Part No.	Price
MT-250	-67°F - 482°F (-55°C - 250°C) measurement range 5:1 distance to sight (D:S) ratio. Super compact size: 2.94" x 1.65" x 0.8"	12-01656	**$39.75**
MT-EXP	Temp Range: -58F - 752F (-50C - 400C); Laser Target, Pistol Grip	12-01657	**$59.50**
MT-100	Temp Range: -27°F - 230°F; Distance to Spot Ratio (D:S) 1:1, Accuracy +/-2°F, Response Time: 1 Second, Dimensions: .75" x 3.25", Battery Type 2 LR44	12-01994	**$26.35**

WIDE RANGE DUAL PORT DIGITAL THERMOMETER

Features

- Jumbo Display with four digit LCD
- Dual Channel K type ports T1/T2
- Accepts K/J thermocouples
- Fast response
- Hi/Lo temperature alarm
- Temperarture hold
- Min./Max./Avg.
- Clock setting
- Relative temperature mode
- Low Battery and Overload indicators
- Auto Power off
- Protective rubber housing
- Instrument displays in °F/°C/Kelvin- absolute temperature

P/N 12-01893 ..... **$109.95**

MINITEMP PORTABLE INFRARED THERMOMETER

Diagnose problems faster and more easily with the Raytek MiniTemp MT6 infrared (IR) thermometer. Portable IR thermometers have become an indispensable tool for automotive troubleshooting and diagnosis. Spot cooling system faults, identify engine misfires, check for proper A/C performance, verify catalytic converter operation and much more.

The laser point sighting on the MT6 unit helps to direct measurements toward the target, and the large backlit display shows both the current and maximum readings simultaneously. With a protective boot for added durability, award winning ergonomic design and Raytek quality and accuracy, the MT6 model is the perfect introduction to infrared temperature measurements in automotive diagnostics. P/N 12-03153 ..... **$89.00**

HEAVY-DUTY IR DUAL-LASER THERMOMETER

Features of the IR Long Range Professional Thermometer include a bright, built-in dual laser which provides easy aiming and defines target area, amber back-light LCD display, programmable HI and LOW audible temperature alarms, and high intensity white LED flashlight. Uses 2 x AAA batteries (incl) to provide 180 hours of use. Weight and Dimensions: 16 ounces (with batteries,magnets); 8 x 8 x 2.8 inches. Temp Range: -76° to 1832°F. P/N 12-03152 ..... **$259.00**

ENGINE TOOLS

VALVE WOBBLE TEST FIXTURE

The Valve Wobble Test Fixture for parallel valve Lycoming engines is used to comply with LycomingSB–388a. Quality made of aluminum and alloy steel, it is easy to use with no set screws or feeler gauges required. Allows direct reading of wobble from dial indicator. Note: Will work on a angle valve engine.

Fixture without indicator
P/N 12-21500 .....**$137.95**

Fixture with indicator
P/N 12-21505 .....**$174.95**

DISTRIBUTOR BLOCK SPRING INSTALLATION TOOL

This tool facilitates the proper installation of contact springs on Bendix magnetos. The O–ring locator ring assures proper location of the tool in the contact tower. Features knurled body grip and ball plunger grip. Made of alloy steel P/N 12-21510 .....**$84.75**

VALVE SPRING COMPRESSOR

This tool is used to compress valve springs during valve removal and installation. It is ergonomically designed for shop and field use and comes with special pivot pin. Features alloy steel construction with nickel plating. P/N 12-00202 .....**$72.75**

VALVE LASH ADJUSTING TOOL

This tool greatly reduces the time required to adjust valves and improves the accuracy of the adjusting operation. Used on Lycoming O 235 and O 290 series engines. Quality constructed of alloy and toolsteel.
P/N 12-21550 .....**$159.95**

ELECTRODE SPREADING TOOL

This tool is used to increase the electrode gap on all massive electrode spark plugs. It is constructed from heat treated alloy steel and is nickel plated.
P/N 12-51520 .....**$17.95**

SPARK PLUG SERVICE KIT

Our spark plug service kit includes the Precision Gap gapping tool which is easy to use, features fine thread adjuster and ball pressure tips, and works on all massive electrode plugs. Also includes the 18mm Thread Cleanout Tool with spring loaded jaws which offer maximum thread penetration & control carbon build–up in threads. Completing the Kit is a double–end Gap Plug Gauge which features an aluminum handle and is easy to use. Kit comes complete with durable birchwood storage case. P/N 12-21525 .....**$94.50**

THROTTLE SHAFT BUTTERFLY SCREW STAKING TOOL

This quality made alloy steel tool facilitates the proper staking of throttle shaft butterfly screws and eliminates the possibility of damaging the carburetor during staking. The tool can easily be operated by one person on the bench without chisels, special fixturing or hammers. All wear components are easily replaceable for long service life.
P/N 12-21528 ...**$130.95/ea.**

BENDIX MAG LOCK

This Bendix Mag Lock works on S4 and S6 and other Bendix Mags. To use simple place a cotter pin loosely into lower plunger hole. Screw sleeve into magneto case. Align red slot in plunger parallel to mag tooth gear. Remove cotter pin to engage gear tooth. Dimension: 2-3/4" x 1/2" x 3/4"
P/N 12-02243 ..... **$53.75**

SAFETY MAGNETO LOCK TOOL

This handy tool fits most Bendix magnetos and prevents damage to distributor gear teeth brought about by accidental turning of the engine during magneto installation. Use for E gap or engine timing. Body taper locks into timing window. Polyurethane rubber throughout.
P/N 12-21535..... **$9.95**

LYCOMING TIMING POINTER

This tool is used to align timing numbers and marks to the crankcase parting line on Lycoming engines. It permits timing from the marks on the aft side of the flywheel. A spring clip holds the tool to the flywheel.
P/N 12-21540..... **$44.75**

CONTINENTAL O–200 TIMING POINTER

This tool is used to align timing numbers and marks to the crankcase parting line on the Continental O–200 engine. It is held to the propeller flange with magnets, and eliminates the need for all other timing angle devices and TDC indicators. Quality made from delrin and tool steel. Greatly simplifies the timing of new magnetos and periodic timing checks. P/N 12-21545..... **$39.90**

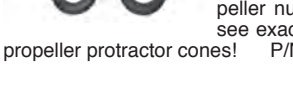
SIDEWINDER SPEED WRENCH

The Sidewinder Speedwrench specialty tool was developed to counter the frustrations of using standard socket wrenches especially in applications where excessive repetitions are required to install or remove long bolts; or where there is not enough resistance involved to allow the ratchet to function; or where there is not enough working space for efficient use of the standard ratchet wrench. The sidewinder can cut work time in half for professional mechanics and aircraft builders. Now being used by major racing teams, the Sidewinder is a revolutionary addition to every tool box.

1/4" .....P/N 12-21109 ..... **$32.50**
3/8" .....P/N 12-21100 ..... **$32.50**
1/2" .....P/N 12-21110 ..... **$32.50**

ENGINE OVERHAUL STAND

This inexpensive engine overhaul stand is ideal for actual overhaul and for storage of engines. Constructed of heavy duty steel, it features three legs which allow it to sit level on uneven floors and comes complete with an adapter spacer block. The stand is 24" tall with made for user installed casters and comes predrilled for Continental A–65 through O–520 series engines and Lycoming 65 through O–720 engines. A quality engine stand at an affordable price.
P/N 12-21555.....**$218.00**



ENGINE OVERHAUL STAND KIT

The engine stand kit has all of the components to construct an engine stand. Beginning at the top; the engine stand kit includes (1)The top plate. Designed to bolt down the engine flange to the stand. (2) Three legs that are pre-cut to the proper angle. (3)Three spreader bars to hold the base of the stand from spreading apart. (4) Three feet to stabilize the base and allow installation of casters. The kit is ready to weld. 24" tall when finished..
P/N 12-01364.....**$164.95**

ONTINENTAL ENGINE MAG TIMING TOOL

Aluminum CNC tool manufactured in Alaska for simple and perfect magneto timing. Simply position engine on #1 TDC compression stroke. Lube grommets. Put this tool on the top two propeller nuts and sight down top case halves to see exact mag timing. Now there's no need for propeller protractor cones! P/N 12-02817 ..... **$39.95**

TO

LYCOMING BAFFLE SPRING COMPRESSOR

Our top quality Lycoming Baffle Spring Compressor speeds up the removal & installation of cylinder baffle springs. It eliminates the danger of broken or bent cylinder fins caused by use of screwdrivers and punches. This tool is easy to use and features 2 pivot locations for parallel and angle valve cylinders.

P/N 12-30200 ..... **$64.85**

VALVE SPRING COMPRESSOR TOOL

This unit will work on Continental 65 thru 0300, and some 0-470's. Lycoming 0320 & 0360, and most any cylinder with a vertical valve constructed head.

It is extremely simple to use. Place Spring Compressor in drill press, and a length of wood in cylinder (to keep valve seated). Depress and remove valve stem clips, and spring. Removes valves in a minute. P/N 12-02072 ..... **$51.75**

LYCOMING VALVE SPRING COMPRESSOR

This cast aluminum alloy valve spring compressor fits Lycoming parallel valve and angle valve horizontally opposed engines. An excellent tool at an economical price. P/N 12-21520..... **$59.95**

LYCOMING TAPPET GAUGE

Similar to Lycoming Gauge ST23, this tappet gauge is Rockwell hardened to 48-52 and precision ground to .028 and .080. This gauge is a must for professional aircraft mechanics.

P/N 12-00918..... **$42.75**

EAR ISLAND REMOVAL TOOL

When substantial quantities of material have to be removed from the exhaust port, it may be necessary to also remove the island around the exhaust stud area. The ear island removal tool and pilot can be used to accomplish this without the use of power tools.

P/N 12-17608..... **$103.95**

ECONOMIZER VALVE SETTING TOOL

The economizer valve adjusting tool is a simple, functional gage that eliminates the hassle of using a depth mic. The tool is precision made to assure required accuracy.

P/N 12-17500 ..... **$176.95**

DRILL PILOT SLEEVE & BOLT HOLE BULLET

DRILL PILOT SLEEVE - Great for getting drill point centered, for drilling off rivet heads. Eliminates scoring of material and paint. Set of 3 (3/32, 1/8, & 5/32) Used with #40, 30, & 20 Drill Bit P/N 12-02092 ..... **$19.75**

BOLT HOLE BULLET - Every tool box should have a set. Simply tap bullet into bolt hole requiring alignment, and tap bullet on through with proper AN Bolt Set of 5 (1/4, 5/16, 3/8 7/16 and 1/2inch)

P/N 12-02093 ..... **$18.50**

HANDY BEARING PACKER

Quickly Flushes Out Old Grease and Repacks Bearings with Less Mess. The Handy Packer works on bearings up to 3 1/2" O.D. The grease stays in the tool cavity, not on your hands. To pack a bearing, place the bearing on the piston. Press down on the cap until the old grease is forced out and the new grease shows on top of the bearing. P/N 12-02578..... **$28.95**

LINK® TOOLS LOCKING SOCKET SETS

7-PC LINK 1/4 & 3/8 INCH PROFESSIONAL UPGRADE AND DELUXE PROFESSIONAL SET - LINK Tools are available as professional upgrade sets for customers that wish to upgrade their tool chests with just a few LINK Tools, Additionally, a variety of sets with sockets and bits are available in convenient mobile cases. Adding a few LINK Tools upgrades your entire tool chest! The revolutionary LINK Tools are forged from solid steel, with a distinctive chrome finish for outstanding durability and strength. LINK Professional Upgrade Sets are available and work with all detent sockets. Increase the productivity of every tool in your chest! ***Comes with***:• Locking Ratchet • Locking Unidriver® tool • Locking U-Joint • Locking Palm Wrench • 2" Locking Extendor™ Bar • 3" Locking Extendor™ Bar (1/4" Drive Only) • 6" Locking Extendor™ Bar • 9" Locking Extendor™ Bar ****available in deluxe set with Ratcheting Unidriver***

Description	Part No.	Price
3/8" (38007) Up-grade Set	12-01702	**$111.95**
3/8" (38009) (with Ratcheting Unidriver) Deluxe Up-grade Set	12-01703	**$144.95**
1/4" (25007) Up-grade Set	12-01704	**$94.00**
1/4" (25009) (with Ratcheting Unidriver) Deluxe Up-grade Set	12-01705	**$117.95**
Electric Tool Adapter 3"L	12-01706	**$23.50**

41-PC. LINK® 3/8" DRIVE SYSTEM SET - The revolutionary 3/8" Drive LINK® System tools are forged from solid steel, with a distinctive chrome finish. The set includes: [1] Universal Joint, [1] Unique UniDriverTM Drive, [1] LINK Automatic-Locking Ratchet, [2] ExtendorsTM (2 and 6-inch), [2] Spark Plug Sockets (5/8 and 13/16-inch), [9] SAE 6-Point Sockets (5/16, 3/8, 7/16, 1/2, 9/16, 5/8, 11/16, 3/4, and 13/16-inch), [11] Metric 6 Point Sockets (8, 9, 10, 11, 12, 13, 14, 15, 16, 17, and 18-mm), [5] Socket Mounted Hex Bits (3/16, 5/16, and 3/8-inch, and 6 and 10-mm), [5] Socket Mounted Torx or Star Bits (T- 25, T-30, T40, T45, and T-50), [4] Socket Mounted Screwdriver Bits (5-mm slotted, 9/3" slotted, #1 Phillips and #2 Phillips), and a Case.

P/N 12-00807..... **$148.95**

41-PC. LINK® 1/4" DRIVE SYSTEM SET - LINK® extensions and sockets will not pull apart until you unlock them. A small pull on the locking device lets the socket or extension fall free. The new 1/4" Drive Quick- Lock™ Set comes with 12 pt. sockets in a new custom-fitted carrying case that floats and contains storage space. The set includes the following 6 Link-Lock™ Drive Tools: [1] Universal joint, [1] All-metal UniDriver® [1] 36-tooth Slide Button Quick Release Positive Locking Ratchet, [3] ExtendorTM Extensions (1.5, 3, 6-inch); 16 12-point Sockets: [8] SAE (5/32, 3/16, 7/32, 1/4, 9/32, 5/16, 11/32, and 3/8 inch), and [8] Metric (4, 5, 6, 7, 8, 9, 10, 11 mm); 19 dingle piece machined steel socket bits: [6] Torx (T-8, T-10, T-15, T-20, T-25, T-27), [9] Hex (5/32, 3/16, 7/32, and 1/4 inch, 3, 4, 5, 6, and 7mm), [4] Screwdriver (#0 and #1 Phillips, 5.5 and 6.5 mm slotted); and a custom-fitted Case with storage space. .....P/N 12-02840 ..... **$125.95**

LINK® TOOLS PALM WRENCH & SPEEDER - LINK® extensions and sockets will not pull apart until you unlock them. A small pull on the locking device lets the socket or extension fall free. The locking device is similar to those found on air hose co plings, but is a lot easier to lock and unlock. Hand spin, then attach your ratchet to torque down. Not with old fashioned ball bearings, but a space age case-hardened nickel plated steel pin. Or, leave the Palm Wrench on your ratchet and use it as a handy spinner! Exceeds 130% of ANSI standards.

2" Palm Wrench/Speeder 3/8-in.Drive ..... P/N 12-00808..... **$14.75**
1-1/2" Palm Wrench/Speeder 1/4" Drive..... P/N 12-00809..... **$13.75**

LINK® BRACE STYLE SPEEDER 16.5 INCH - Just the accessory for tight places where there's not much room to turn. Hand spin, then attach your ratchet to torque down. Made of aluminum and steel. Highly polished and nickel chome-plated for durability, rust resistance, and beauty. Exceeds 130% of ANSI standards. 1/4" Drive, 16.5" Speeder #25557.

P/N 12-01701 ..... **$34.50**

LINK® 1/4" DR. LOCKING ELECTRIC-TOOL ADAPTER - For use with your battery-operated electric drill or screwdriver to always get secure locking and quick speed on your sockets and attachments. One end goes into the chuck of your power tool and the other clicks into a socket, socket-mounted accessory, or other LINK drive tool with the same Quick-Lock technology that gives you Hand-To-Work locking.

P/N 12-00933 ..... **$12.95**

ENGINE TOOLS

PRECISE-GAP SPARK PLUG GAPPING TOOL

Precise Gap is a simple tool to gap two-, three- or four electrode 18 mm sparkplugs. Only 2" overall - comfortably handheld. Precision made of stainless steel. "T" handle adjusters move the ground electrodes closer to the center electrode until wire feeler identifies proper gap. Adjusters have fine thread with ball tips for precise movement. Don't buy an inferior imitation at a higher price! P/N 12-11600 ..... **$19.85**

.016 NOMINAL GAP PLUG GAUGE

Many customers have indicated that they have had difficulty obtaining setting wires for gaging the plug gap. We now provide a handy tool at reasonable cost. No need to buy extra gauge sizes that you don't need. Furnished with protective end caps.

P/N 12-17100..... **$10.90**

THREAD CLEANOUT TOOL

In servicing spark plugs, a common problem is carbon accumulation in the jug threads. Cleaning these threads regularly can save big money by preventing thread damage and the need to pull the jug and install thread inserts. This specially designed tool works very well to limit this problem. It provides maximum depth penetration and its unique spring action assures that there will be no enlargement of the existing thread pitch diameter. P/N 12-17200 ..... **$36.85**

COMPASS ADJUSTING TOOL

The compass screwdriver is a great little tool that is totally non-magnetic, but also overcomes the shortcomings of solid brass or aluminum tools. This tool has a nice hex aluminum handle and a stainless steel driver insert. No need to worry about damaging the tip on a frozen compensator screw, and you can also remove the cover plate screws with the same tool

P/N 12-17300 ..... **$9.50**

ENGINE CLEANER GUN

The fast easy way to clean dirt, grease, grime, salt, mud, and more! Can be used with a variety of solvents. An essential tool for farmers, truckers, contractors, shops, and garages. Includes 4 foot solvent suction hose with built-in solution strainer. Lightweight and easy to handle. Recommended air pressure: 60 PSI. Air consumption: 3 CFM @ 60 PSI. Specifications: Air inlet: 1/4"-18 NPT, Overall dimensions: 3" L x 1-1/16" W x 15" H P/N 12-02402 ..... **$21.65**

TEMPEST AA472 OIL FILTER TORQUE WRENCH

The Tempest AA472 oil filter torque wrench is a great addition to any toolbox. Its 1" hex allows easy installation or removal of all oil filters. The torque wrench also comes present to 17 foot pounds and is easily recalibrated

P/N 08-07023 ..... **$55.95**

TEMPEST AA473 OIL DRAIN TOOL

Tired of messy oil filter changes? Tempest oil drain tool with a twist of the knob drills a hole in the filter and allows the oil to drain out of the filter into your container. No mess, easy to do and inexpensive. Tempest improved the popular AA473 Oil Filter Drain Tool by redesigning the swivel fitting to a smaller, more compact design. The new fitting also allows for easier use of the tool because of its "true" swivel characteristics. If you want to upgrade your previously purchased AA473 Oil Filter Drain Tool you can purchase the fitting individually.

Can only be used on Tempest Oil Filters.

Oil Drain Tool .....P/N 12-02248 ..... **$23.50**
Replacement fitting.....P/N 12-02577 ..... **$3.95**

S4-1 RACE REMOVAL TOOL

A & P mechanics will find this S4 outer bearing race removal tool to be very effective and well priced. Hemispheres held together by the "O" ring are inserted together behind the bearing race. The pilot is then inserted to expand and lock the halves & push out the race. You'll like its simplicity and ease of use.

P/N 12-17601 ..... **$92.75**

S4-2 RACE REMOVAL TOOL

The S4 magneto drive end inner race removal tool works in conjunction with a standard bearing puller. The split gripper ring fits behind and around the race and is captured in the puller ring by 2 opposing set screws. A groove on the puller ring provides the point of attachment for the puller arms. P/N 12-17602..... **$127.95**

S4-3 RACE REMOVAL TOOL

The S4 magneto seal installation, inner and outer race installation tool is three tools in one and is proportioned in such a way that it is easily accommodated by most small bench arbor presses.

P/N 12-17603 ..... **$89.75**

TIMING JUMPERS

The timing jumpers are easily used for timing magnetos without removing the breaker box cover. Simply remove the "P" lead and replace with timing jumper. Then hook up timing light leads. These handy devices have proven to be a real time saver and, in some cases, an outright necessity. ***SOLD IN PAIRS***

Bendix S4..... P/N 12-17700..... **$42.50/pr.**
Bendix D2200, D3000, D3200, S6
P/N 12-17710..... **$42.50/pr.**

MAGNETO ROTOR BEARING SETTING GAUGE

Determines condition of excess bearing clearance and allows for precise adjustment of new bearings to prevent over or under preload. Available with or without dial indicator. Choice of 3/8-16 or 3/8- 24 threaded shaft fittings.

Kit Description	Thread	Part No.	Price

Setting Gauge, No Ind.	3/8-16	12-17901	**$94.75**
Setting Gauge, No Ind.	3/8-24	12-17902	**$69.85**
Setting Gauge, No Ind.	Both	12-17903	**$108.50**

STRUT LIFT JACK

In many instances, simple tire changing, bearing packing, etc., can be a real problem unless the wheel can be lifted in a safe, secure manner. The strut lift shown accomplishes this easily. A specially designed lift pad securely captures the strut elbow or gear leg. The compact jack can be stored in your toolbox.

P/N 12-18000 ..... **$126.95**

THROTTLE SHAFTBUSHING KNOCKOUT

The throttle shaft bushing removal tool is very competitively priced and will help you avoid a jury-rigged operation that could damage an expensive carburetor body. Now there is no reason not to have one. They are available and affordable.

P/N 12-17400 ..... **$149.50**

SPRING TOOL

Get a handle on those springs! The "C" shaped tip fit the bend in spring end and won't slip. Can be used to install and remove springs on anything!

P/N 12-16945 ..... **$11.90**

ATS PISTON RING COMPRESSOR KIT

The ATS Piston Ring Compressor features a quick-change design to speed up piston ring installation. It includes the famous Hastings Ring-O-Matic® pliers and bands that operate in all positions: not just vertically or horizontally. The pliers incorporate a precision locking action for exact holding and quick release. The complete kit includes the Ring-O-Matic® pliers and one of each of the following size bands: 3-7/8" to 4-1/8", 4-1/8" to 4-1/2", 4-1/2" to 4-3/4", 4-3/4" to 5", 5" to 5-1/4", & 5-1/4" to 5-3/4"

Description	Part No.	Price
Kit	12-03154	$149.95
Compressor Pliers	12-03155	$29.95
Piston Ring Compressor Band 3-7/8"TO 4-1/8"	12-03156	$17.95
Piston Ring Compressor Band 4-1/8"TO 4-1/2"	12-03157	$17.95
Piston Ring Compressor Band 4-1/2"TO 4-3/4"	12-03158	$19.95
Piston Ring Compressor Band 4-3/4"TO 5"	12-03159	$19.95
Piston Ring Compressor Band 5"TO 5-1/4"	12-03160	$22.65
Piston Ring Compressor Band 5-1/4"TO 5-3/4"	12-03161	$25.95

PISTON RING COMPRESSOR SET

The most efficient, versatile and dependable tool of its kind on the market. Designed to operate both vertically and horizontally. Fine-tooth ratcheting lock permits bands to be contracted in extremely small increments. Positive lock insures a free hand. Eliminates broken rings during installation. Set includes compressor pliers and the two bands (1123, 1125).

P/N	Size	Engine Application
1123	3-7/8" to 4-1/8"	Cont. A-65, C-85, C-90, 0-200, 0-300
1125	4-3/8" to 4-5/8"	Cont. E-225, IO-470

ATS SPARK PLUG GAPPER

Sure-Gap is designed for use on all massive electrode aircraft spark plugs. Saves time and money, eliminates guessing of plug gap, prolongs plug life and ensures peak performance. 18mm. 1lbs shipping weight.
P/N 12-01682..... **$9.95**

ATS SPARK PLUG GAP GAUGE

Convenient Gap Gauge for all Champion and Tempest massive electrode spark plugs. Slider design keep gauge wires stowed away when not in use.
- Retractable slider design
- Includes wires for .015", .019", .018", and .022"
- Works with all Champion and Tempest Massive Electrode Spark Plugs
- Replacement Wire Gauges are available. 1lbs shipping weight.

P/N 12-01692..... **$13.95**

ATS SPARK PLUG GAPPER & GAUGE 415K

A low-cost efficent gap setting tool for closing gaps on massive-electrode Aviation Spark Plugs. Great design allows it to clamp on to your workbench for easy gapping. Features
- Manufacturued from 4160 Tool Grade Steel
- CNC Machined surfaces for exact alignment
- Includes ATS450 Feeler Gauge
- Clamps to workbench for easy one-handed operation
- Compatible with all Champion, and AutoLite Massive Electrode Spark Plugs
- 2lbs shipping weight.

P/N 12-01691 ..... **$79.95**

ATS SPARK PLUG THREAD CHASER

Chaser cleans threads in spark plug hole of dirt, carbon build-up, and metal particles. Double ended for both 14mm and 18mm threads. Neoprene band on hex drive holds tool securely in any 13/16" deep-well spark plug socket. 1lbs shipping weight.
P/N 12-01683 ..... **$8.75**

ATS MAGNETIC SPARK PLUG SOCKET

The new Spark Plug Socket features a thin-walled design to get into to the tightest confines. Magnetic interior guarantees that you won't accidentally drop the plug during installation or removal. Works with all Champion and Tempest Aviation Spark Plugs.
- Works with all Champion and Tempest Aviation massive electrode Spark Plugs
- Thin-Walled design to get to the tightly spaced plugs.
- Magnetic interior holds spark plugs and keeps them from falling out
- 7/8" Socket
- 3/8" Drive
- 3-1/2" Overall Length
- Made of Chrome Vanadium Steel
- 1lbs shipping weight.

P/N 12-01693..... **$27.50**

3/8-INCH DRIVE SPARK PLUG SOCKET

Chrome Socket, Deep Length, SAE. Drive Size: 3/8". Number of Points: 6. Size: 7/8". Overall Length" 2-3/4".
P/N 12-00710..... **$20.50**

ATS SPARK PLUG CLEANER

Cleans any size plug without changing grommet. Has 2-way valve (blast or air) and comes complete with abrasive powder. Ready to use.
P/N 12-01684..... **$25.80**

AIRCRAFT SPRUCE PLUG MAINTENANCE KIT

The Aircraft Spark Plug Maintenance Kit includes an aircraft spark plug tray, air-powered spark plug cleaner, feeler gauge, spark plug gap setting tool, aircraft spark plug socket, a set of 8 spark plug gaskets and a bottle of spark plug thread lubricant and anti-seize compound.
P/N 12-02250.....**$115.95**

CYLINDER BASE NUT WRENCHES

SPARK PLUG & FILTER TOOLS

CT-415AV GAP SETTING TOOL

A low-cost efficient gap setting tool for closing gaps on massive electrode type aviation spark plugs. May be used as a hand tool, mounted on a bench or held in a vise. Furnished with one adapter for 18mm spark plugs. (P/N GT-204) and one CT-450 gap gauge. Wt. 1-1/2 lbs., 7-1/2" high.

P/N 12-00796 ..... **$114.95**

CT-450 RETRACTABLE GAP GAUGE

High-impact red plastic case contains four sets of accurate, retractable "go" and "no go" wire gauges: 2 sets .015-.019 (.016 Nom.) 2 sets .018-.022 (.019 Nom.) Length: 3-1/2". Wt. 1-1/4 oz

P/N 12-00797..... **$20.85**

CT-457 FINE WIRE GAP SETTING TOOL

Designed exclusively for adjusting fine wire electrode sparkplug gap. Two sizes of slots fit all platinum or iridium electrodes for quick adjustment. Red plastic case.

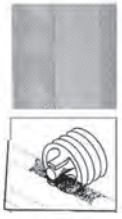
P/N 12-00798 ..... **$35.85**

LEAD-MASTER WRENCH SETS

Reduce time to remove and install sparkplug ignition leads. Permit shortarc turning due to 12-point grip head.

CT911 3/4" "T" Handle Box Wrench ..... P/N12-00799..... **$96.75**
CT912 7/8" "T" Handle Box Wrench ..... P/N12-00801..... **$92.95**
3/4" & 7/8" Open End Box..... P/N12-00802..... **$115.95**

SCREEN CLEAN SPARK PLUG CLEANER



The new Screen Clean tool works great for field cleaning of spark plugs. It is non-abrasive and can be used for several cleanings. Simple to use—just work the bi-fold edge through the gap with several strokes before setting the gap. Actually removes deposits blasting cannot reach.

P/N 12-15610 ..... **$5.90**

SPARK PLUG TRAY

This unique spark plug tray is quality made of PVC plastic. Each holding position has 18 mm thread so that plugs screw in for positive holding. This tray permits simultaneous inspection of either the electrode or barrel end of plugs, protects plugs from damage, and can be stored in any position. Optional carrying strap attaches to ends.

P/N 12-30185..... **$36.85**

PLUG-A-LONG SPARK PLUG TRAY

Holds 12 spark plugs each hole stamped with cylinder number also marked top and bottom so each plug can be identified easily, no mix-ups. Plugs can be serviced and returned back to where they were removed. a must for aircraft mechanics. Made from 18 gauge steel. Blue powder coat finish. Dimensions: W=4.0", L=8.0", H=2.6. P/N 12-00974 ..... **$27.50**

RADIAL ENGINE SPARK PLUG HOLDER

18 plug holder is made out of steel. Powder coated federal yellow.

P/N 13-11617 ..... **$34.95**

ECONOMY SPARK PLUG GAPPING TOOL

This handy spark plug gapping tool is made from heat treated stainless steel for long life. To adjust the spark plug gap, simply place the tool into plug with ground electrode between the forks, push up on the tool bending the ground electrode closer to the center electrode setting nominal gap of .016".

P/N 12-21352 ..... **$5.75**

SPARK PLUG HOLE THREAD CHASER

Chaser cleans threads in spark plug hole of dirt, carbon build-up, and metal particles. Double ended for both 14mm and 18mm threads. Neoprene band on hex drive holds tool securely in any 13/16" deep-well spark plug socket. P/N 15-06005 ..... **$7.95**

OIL FILTER DRAIN TOOL

This oil filter drain tool permits draining spinon oil filter prior to removal from the engine. Just clamp on to rear of filter with cutter, punch small air bleed at the top of the housing with anice pick, remove cutter and oil will drain freely in-can or hose-extended funnel.

P/N 08-04200 ..... **$43.60**

MODEL 2500 GAP SETTING TOOL

Complete with accessories, gauges and instructions for use. A precision gap setting tool for all massive electrode sparkplugs. Permits simultaneous adjustment of 2 opposite prongs without removing the spacing gauge. P/N 12-15500 ..... **$349.50**

CT-446 SPARK PLUG TRAY

Steel tray holds up to 12 plugs. Speeds handling of used or new plugs. Holes numbered to correspond with engine cylinders. Protects against shielding barrel contamination. Dims: 5"H x 8"L x 3.5"W. Wt. 1 lb.

(12 plug tray) ..... P/N 12-00795..... **$55.75**
(18 plug tray) ..... P/N 12-00162..... **$108.95**

ATS SPARK PLUG CLEANER & TESTER

The SPCT100 Spark Plug Cleaner & Tester Unit is used check spark plugs under pressure that is intended to closely simulate the firing conditions inside a cylinder. The cleaner section - consisting of a sand-blaster and air cleaner - will effectively remove carbon deposit from spark plugs.

Features: • Operating voltage: AC115V Single-phase 50/60Hz (The SPCT102 operates at 220V) • Recommended air pressure: 100 to 140 psi (7 to 10kg/cm2) • Cleaner section abrasive capacity (60# grain): 2 lbs (900g) • High-voltage output when spark testing : 15,000V • Dimensions: 19.3" (49cm) x 11" (28cm) x 10.4" (26cm) • Weight: 20.5 lbs (9.3kg) • Accessories included: 12mm, 14mm and 18mm spark plug adapters (2pcs each); 12mm, 14mm and 18mm cleaner gaskets (1 each); Adapter case (1pcs); Aviation Massive Electrode adapter plug (1pcs), Abrasive 2 lbs (900g).

110V ..... P/N 12-01629 ..... **$438.00**
220V ..... P/N 12-01637 ..... **$489.00**

MODEL 2600A VIBRATOR/CLEANER

Champion now makes it easier than ever to clean heavily lead-fouled spark plugs with this new, improved Vibrator/Cleaner. Each unit is shipped with all accessories required for cleaning fine-wire and 2-prong massive electrode aviation spark plugs. This unit features quick-change cleaning head assemblies, easy and inexpensive replacement of single cutter blades, improved heavy duty top-mounted switch and improved vibrator motor for faster cleaning and maximum durability.

Model 2600A ..... P/N 12-15600 ..... **$1,066.00**

NO. 91893 ABRASIVE COMPOUND

For use in CT-475AV Dry Abrasive Cleaner/Tester. Contains 1 full charge (15oz.).

Note: This main item no longer ships with a tip unless it is ordered separately.

P/N 91893. ..... **$8.95**

622 CHAMPION RUBBER TIP

P/N 12-94023 ..... **$6.75**

TEMPEST SPARK PLUG RESISTANCE TESTER

Tempest has developed an easy-to-use tester that makes it very efficient for IA/AP's to test the resistance in all aviation spark plugs. The IA/AP simply places the spark plug, barrel side down over the contact post and touches the other lead end to the firing end of the center electrode. If the light is green, the spark plug resistance is below 4kÙ (thousand ohms). If both the green and red lights are on, then the plug is between 4 - 5kÙ. This is acceptable for serviceable plugs. If the red light is on alone, this indicates a resistance value in excess of 5kÙ and the plug must be discarded and replaced.

P/N 08-07462 ..... **$124.50**

SPARK PLUG TOOLS – OIL CAN CUTTERS

ULLMAN UNIVERSAL SPARK PLUG GAP GAUGE

This gap gauge provides easy accurate spark plug adjustment. Features flanged edge for electrode bending and beveled round hole for opening gap. 1-1/2" diameter. Wt.: 0.8 oz. Scaled from .020" to .100". Pewter plating makes the inches more legible for user to read. Also available in metric scale (0.5 mm to 2.4 mm).Gap gauge (inches)

P/N 12-21375 ..... **$1.65**

CHAMPION CT-482 SPARK PLUG EROSION GAUGE

Champion CT-482 spark plug erosion gauge provides an easy, accurate method of determining whether your plugs have reached their maximum wear limit. Simply recap the used plug to .016 nominal, then attempt to insert the electrode assembly through the chamfered hole in the gauge, as shown. Penetration of the hole by the electrode assembly indicates the plug has exceeded its recommended wear limits and should be replaced. The CT-482 is calibrated to reject plugs after their electrodes have eroded to at least one-half their original thickness. Although aviation spark plugs will continue to fire past this wear point, the rate of electrode erosion will increase as a result of non-parallel gaps and reduced sparking area. This leads to intermittent misfire, increased ignition system wear, and possibly costly unscheduled maintenance.

P/N 12-00791 ..... **$6.75**

"GET THE LEAD OUT" SPARK PLUG VIBRATOR CLEANER

Anyone that cleans a lot of spark plugs knows that a spark plug vibrator cleaner is the only way to go to break up and clean out stubborn lead deposits. A spark plug abrasive cleaner is great for the finish cleaning, but it just won't take care of the lead deposits found down around the plug porcelain. Aircraft Spruce now offers an inexpensive way to professionally clean spark plugs. This 115V vibrator cleaner is small, light weight, easy to use. It is great for the pilot or mechanic that wants to carry one along — just in case. 90 day guarantee.

P/N 12-21355 ..... **$29.85/ea.**

Extra Cutter Blades .....P/N 12-01147 ..... **$4.95/ea.**

SPARK PLUG CLEANER

This economical spark plug cleaner cleans any size spark plug without changing the grommet. Features a 2-way valve and comes complete with abrasive powder and bag.

Cleaning Kit-2.2 lbs. .....P/N 12-00786 ..... **$24.50**
Extra Powder-1.8 lbs. .....P/N 12-00787 ..... **$3.25**

P/N 12-01676 ..... **$13.95**

OIL EASY WRENCH

The "Oil Easy Wrench" is specifically designed to remove the oil filter on any aircraft using the Teledyne Continental IO-520 or IO-550 engine. In fact, it is a universal oil filter wrench that works great on any piston engine airplane! Recommended at the Malibu Mirage Owners and Pilots Association (MMOPA) maintence seminar!!! On IO-520's & IO-550's engines, it's the only wrench that can get between the top of the oil filter and the pressure pump and still provide enough leverage to remove the old (usually stuck) oil filter by hand. And because you are able to remove the old filter without any damage, your inspections of the old filter are more accurate, without any contamination from more extreme filter removal methods.

P/N 12-01552 ..... **$39.95**

ACS OIL CAN CUTTER

This unit has the capacity of both P/N AFC-470 & 12-21395. It also uses the same replacement blade as the 12-21395. Anodized "Red" for corrosion resistance. Base can be clamped in a bench vise if desired. s black anodized.

P/N 12-01048 ..... **$59.85**

TEMPEST AA474 OIL FILTER WRENCH EXTENSION

Some aircraft applications create an environment that does not allow adequate clearance to get a torque wrench or even an open-end wrench around the install nut on oil filters. Even though Tempest has recently introduced the Dash II filter, which is the shortest oil filter on the market, the clearance is still not enough on some applications, such as Beech Barons and Bonanzas. To eliminate this problem Tempest producs the AA474 oil filter wrench extension. Features: Chrome-plated steel provides a high quality tool.Easy to use torque conversation label on back of tool. P/N 10-03929 ..... **$33.85**

TEMPEST OIL FILTER CAN CUTTER

This universal cutter from Tempest is easy to use and is a great addition to any toolbox. It's made from high quality aircraft aluminum, making it lightweight and very durable. Works on all aircraft spin-on oil filters. Adapter pin easily removed for 'male' filters.

P/N 12-01392 ..... **$89.90**

Tempest Oil Can Cutter Blades. .....P/N 12-01393 ..... **$9.75**

AIRWOLF AFC-470 OIL CAN CUTTER

Every A&P knows the importance of cutting every single oil filter open after an oil change. The problem up to now was oil filters were difficult to open and the tools to open them were expensive. This is no longer the case with the Airwolf AFC-470 oil filter cutter. The AFC-470 is the easiest and quickest way to determine the current health of your engine. The Airwolf AFC-470 oil filter cutter is constructed out of a solid 6" billet of super strong 6061-T6 aluminum, hard anodized to resist scratches and wear. Stainless steel rollers allow the oil filter to spin effortlessly during cutting. And finally, our specially designed razor sharp cutter wheel hardened to 60 Rockwell, will make quick work of opening any oil filter. This filter is designed to last a lifetime. Fits new style oil filters.

All Champion/Tempest/Kelly Filters ... P/N 12-00789-1..... **$87.95**
Rotax Filters ..... P/N 12-02295..... **$88.75**
Large Fram Filters..... P/N 08-07191..... **$129.50**
Replacement Cutting Wheel..... P/N 13-03958..... **$14.90**

HAND CRANK OIL FILTER CUTTING TOOL

This tool was designed to eliminate much of the mess that occurs with small handheld oil filter cutting tools. Very simple to operate, it is excellent for individual aircraft owners as well as FBO's and maintenance shops where a lot of filters need to be cut. Simply clamp in a vise, screw on the filter, turn the cutter into the filter and hand crank to open the filter. The rugged construction enables this tool to operate trouble free for years. P/N 12-00122 ..... **$107.95**

Replacement Cutting Wheel.....P/N 12-01685 ..... **$7.50**

AVIATION OIL FILTER CUTTER

This aviation oil filter cutter will open any size oil filter canisters for your inspection. To use the tool, place the filter in a vice, attach the tool to the top of the filter, and rotate 4 to 6 turns to open the canister. The cutting wheel will stay sharp for about 50 uses, and is easily replaced when dull. The tool is made from 6061 aluminum with a purple anodized finish. The tool is ready to use on any oil filter with a male or female thread. Oil filter cutter P/N 12-21395 ..... **$59.85**

Replacement cutting wheel .....P/N 12-21396 ..... **$9.50**

TEMPEST AA471 OIL FILTER MEDIA CUTTER

Tempest's new AA471 provides a low cost, efficient and safe tool that every mechanic will want to put in their tool box. Strong guard and non-retractable blade to secure the media and ensure an accurate cut.

BB PRODUCTS FC-2000 OIL FILTER CAN CUTTER

Features: • Cuts all Champion, Hartzell, and Tempest 3.7" Dia. oil filters • Rugged 6061-T6 aluminum construction • Roller bearings provide smooth rolling action • Hardened hardware throughout • No parts to change • Can cut in either direction • Made in USA Lifetime Warranty. ..... P/N 12-00923-1.....**$88.75**
Replacement Cutter Wheel ..... P/N 12-01689.....**$4.95**

BB PRODUCTS FC-3000 OIL FILTER CAN CUTTER

This an cutter incorporates a longer plate that allows cutting filters from 3.7 to 4.7 inches in diameter. Roller bearings provide smooth cutting action. Ideal for cutting racing filters too! Black anodized finish P/N 12-02628.....**$99.00**

BB PRODUCTS FMC-2000 OIL FILTER MEDIA CUTTER

This patented tool is designed to hold Champion Aerospace brand Aviation oil filter spools, and to allow cutting the paper filter media at each end of the spool without holding the filter spool by hand. Using this tool reduces the risk of cutting one's hands while cutting the filter media as well as reducing the time necessary to accomplish this task. The filter media is rotated in a special holder that is supported by roller bearings. A knife, with a retractable safety cover is brought into position to make a clean cut of the filter media at each end. The filter media can then be removed for inspection.Patented.
FMC-2000 Oil Filter Media Cutter.....P/N 12-00925-1 ....**$298.00**

FMC-2010 OIL FILTER MED CUTTER

The Model FMC-2010 is a "Tool Box" version of the original Oil Filter Media Cutter that allows cutting and removing the filter media while reducing the chances if getting cut. The FMC-2010 can be mounted on the top of a toolbox or held in a vice for operation. Black powder coated finish. For Champion 3.7 diameter filters. Tempest and Kelly Aerospace filters are special order..... P/N 12-02629.....**$189.00**

BB PRODUCTS FH 2000 OIL FILTER HOLDER

Rigidly supports Champion, Hartzell, and Tempest 3.7" dia. aviation filters for cutting. After opening the filter, it keeps the oil inside the cup of the holder, instead of on your vice or shop floor. It holds the filter much more rigidly allowing you to cut the filter much faster while reducing side loads on your cutting tool..... P/N 12-00924-1.....**$89.00**

TOMS OIL FILTER CUTTING TOOL

Tom' s oil filter cutting tool will allow you to inspect your aircraft's oil filtering material for trapped debris in a quick and easy manner. Oil filter inspection is a critical measure of your engine's health and should always be a part of your aircraft's regular maintenance program. Most filter cutters work like a pipe or tubing cutter in that you have to go around and around the filter, adjusting cutter depth with each pass. Although you could do that with this tool, the real beauty of this new product is that the cut can be easily made in one pass. The tool is designed primarily for Lycoming oil filters that have a threaded insert protruding from the end of the filter. A few Lycoming oil filters and most Continental oil filters do not have this insert. For these filters, an adapter insert is supplied with the tool. Tom's oil filter cutter may also be used on smaller filters such as found on Rotax or automotive engines. Simply remove the cutter handle and reposition the pivot bolt to the inner hold on the base handle. The adapter insert may be needed on these filters as well. Made in USA.
P/N 12-01697.....**$59.95**

MODEL 7000 OIL FILTER CUTTER

• Accepts both male & female styles of aircraft oil filters, and many automotive sizes. • Ball bearing rollers make it easy to turn the filter • Effective design helps insure a straight cut (the filter does not try to spiral off the cutter) • Heavy duty construction (designed for daily commercial use) • Aircraft quality aluminum construction • Replaceable hardened steel cutter wheel • Contoured knob is easy to turn, even with oily hands • Accepts oil filters 3 1/8" to 4" in diameter, which includes most aircraft oil filters such as Champion: CH48103, CH48104, CH48108, CH48109, CH48110 AND CH48111 • The cutter may be completely disassembled, and all parts are replaceable. P/N 13-03145..... **$119.95**
Replacement cutter Wheel..... P/N 13-05737..... **$15.25**

MODEL 7100 OIL FILTER KNOB

• Slips onto the hex of an aircraft oil filter • Large diameter knob for a strong grip even with oily hands. • Allows many filters to be installed and removed without using a wrench. • Works in tight spaces, you do not have to swing a wrench • Knob will accept a 3/8" drive ratchet handle to help remove very tight filters (ratchet handle not included) • Stainless steel core durability (your ratchet goes into stainless steel, not plastic). • Use a torque wrench to accurately tighten a new filter to the proper torque. • Handle can be used as a base to support the filter, holding it upright so the oil does not spill out. • Color: bright yellow. P/N 13-03146 ..... **$42.75**

MODEL 7300 OIL DRAINER

Make your oil changes less messy. Drain your oil lines and filter before removing the filter. Works with most Lycoming engines and remote filter installations, and some Continentals. When you drain the oil from the engine, you are only emptying the oil sump. Generally quite a bit of oil remains in the filter and oil lines (if you have a remote mounted filter). A remote mounted filter installation can easily hold a quart of oil in the filter and lines after the engine is drained. This oil will come pouring out when the filter is removed, making a mess in the engine compartment. Cleaning up this mess often takes longer than the actual oil change. The Oil Drainer clamps over the center of the oil filter. A hardened steel rod pierces the filter can and allows the oil to be neatly drained into your catch bucket. After the oil is drained, you can remove the filter with much less mess. P/N 13-03147 .....**$107.95**

OIL FILTER WRENCH

The 1" hexes of the wrench easily fit Champion oil filters. The hexes are rotated 15 degrees from each other so by turning the wrench over or flipping it end-for-end you can easily find an orientation that allows you to get on the filter, even the tightest engine compartment. It's 6 inch overall length allows you to turn it tight locations, and the shorter length helps prevent over-tightening the filter during installation.

ULLMAN MAGNETIC PICK-UP TOOLS

HT-3

HT-2

HT-1

These Ullman pick-up tools with Powercap offer a unique combination of features which make them ideal for work around aircraft. The stainless steel telescoping handle is strong, long, and lightweight, and the comfortable, textured cushion grip keeps handle secure even in wet or oily hands. The head features a compact industrial strength magnet for retrieving heavy objects in tight places. The powercap shields magnet side so that the head can be easily guided past ferrous metal objects. Available in 3 convenient sizes.

HT-1 lifts 1-1/2 lbs, over 2 lbs with POWERCAP™ telescopes from 6-5/8" to 33-1/4" P/N 12-21385 ..... **$10.95**

HT-2 lifts 3-1/2 lbs, over 5 lbs with POWERCAP™ telescopes from 6-5/8" to 33-1/4" P/N 12-21386 ..... **$12.95**

HT-3 lifts 5 lbs, 10 lbs with POWERCAP™ telescopes from 6-3/4" to 30-1/4" P/N 12-21387 ..... **$18.25**

CHP4-L HOOK & PICK SET - has picks that are 9.75" long with textured cushion grips. These longer picks are ideal for working in hard to reach awkward areas.
P/N 12-00716 ..... **$12.25**

MSR-3 MEGAMAG SOCKET RACK - has a strong magnet on the front of the racks that keeps 1/4", 3/8" & 1/2" drive sockets together, organized and ready to use. The magnetic force on the back holds the rack loaded with sockets to most flat metal surfaces. P/N 12-00717 ..... **$9.50**

GMC-2 DUAL PURPOSE TOOL - contains a MegaMag Pickup Tool that lifts 16 lbs. and a 2.25" Inspection Mirror with a metal base that mounts in seconds and brings hidden areas into full view.
P/N 12-00718 ..... **$20.75**

STEELMAX MAG-IT MAGNETIC PICK-UP TOOL

Safely remove metal chips and debris from machinery and work areas using SteelMax Mag-It® magnetic pick-up tool. The Mag-it® slide action lever quickly demagnetizes the tool, which releases chips for disposal.

10 inch Pick-Up.....P/N 12-01714 ..... **$24.75**
15 inch Pick-up .....P/N 12-01715 ..... **$47.50**

EXHAUST PORT RESURFACING TOOL

The exhaust port resurfacing tool is designed to recondition port surfaces where no more than .010" of material need to be removed. It is easily bracketed and aligned to the port in reference to the rocker cover surface. Execution of the cutting operation only requires hand power. No air or electrical power is required. Mounting bracket adapters are available for the following engines: A&C series continentals, Lycoming Parallel Valve, Lycoming Angle Valve, others on request.....P/N 12-17605 ..... **$396.00**

A & C Series Continental Bracket .....P/N 12-17609 ..... **$176.95**
Lycoming Parallel Valve Bracket.....P/N 12-17610 ..... **$177.65**
Lycoming Angle Valve Bracket .....P/N 12-17611 ..... **$247.50**
Cutter Head Inserts .....P/N 12-17607 ..... **$28.75**

EAR ISLAND REMOVAL TOOL – When substantial quantities of material have to be removed from the exhaust port, it may be necessary to also remove the island around the exhaust stud area. The ear island removal tool and pilot can be used to accomplish this without the use of power tools. .....P/N 12-17608 ..... **$103.95**

DELUXE HEAT GUN

This handy tool gives you a fast, drum-tight, mirror smooth finish. It's ideal for heat-shrinkable covering films. Get a professional finish with less time and effort. 1-yar warranty. Features: •Includes removeable wide nozzle •1000W heating power •Heavy-duty fan motor •Textured, composite hand-grip •3-position, hot/cool/off switch •Adjustable air intake baffle • Wt: 15 oz • 5.5' AC power cord w/2-prong plug. P/N 12-00527 ..... **$27.50**

THE CORE RECESSOR

The core recessor is a new product with the purpose of serving as an efficient tool that makes the process of removing core cells in Nordam Panels and composite fiberglass more efficiently. Thus, it reduces time for edge fillers, which are necessary procedures to customize aircraft cabinets, floorboard, vanity's headliners, valance panels, etc. Is light weight, easy and safe to use. Core panels from 1/8 to 3/4 inch with no adjusting. Requires no electricity.

Core Recessor .....P/N 12-02270 ..... **$106.95**
Core Recessor Mini.....P/N 12-02271 ..... **$73.50**

UNI-MAG WRIST BAND MAGNET

Uni-Mag is a wrist worn magnet that allows craftsmen to keep parts close to hand while working rather than in your pocket, on a ladder, or in your mouth. It holds nuts, bolts, screws, nails, tools, etc. A specially created magnetic field allows parts to lay flat on the face of Uni-Mag rather than upright. Save time and put an end to fumbling for small hardware with Uni-Mag. Comes complete with magnet and wristband. P/N 12-30110.....**$16.50**

SUPER HANDY MAGNETIC RETRIEVAL TOOL ST-225

The Super Handy Magnetic Retrieval Tool extends 26" and picks up five pounds.
P/N 12-02932.....**$9.50**

MAGNETIC FLEXIBLE LIGHTED PICK UP TOOL

Magnetic flexible lighted pick up tool. Flexible Shaft. Three LED Lights. Magnetic on both ends. Extends from 8" to 25"
P/N 12-02919.....**$15.95**

AMAZING ROD SAW

Tiny particles of tungsten carbide, one of the toughest and hardest substances in the world, have been bonded to a steel rod to produce the Rod Saw. Fits standard 12" hacksaw frame. Use when regular hacksaw will not work. Lets you cut steel, rock. Not recommended for soft materials. P/N 12-01180..... **$6.25**

EXHAUST DESICCATOR PLUGS FOR EXHAUST STACKS

Quality made polyurethane rubber plug won't wear out and provides a positive seal in the exhaust pipe. Desiccator housing contains interchangeable desiccator canisters. Desiccant never needs to be removed from canister for drying. Removal flag and cap attach to external end of plug when in use. During storage, flag cap fits on desiccator chamber. Limits internal engine damage caused by corrosion. Fits 2" dia. exhaust pipes. Other sizes available as a special order. Minimum special order 5 pieces.
P/N 12-30212..... **$41.75 ea.**

HIGH CAPACITY EXHAUST DESICCATOR

2.5 times the desiccant capacity of previous design, One piece construction allows the dessicant to be contained in the core of the plug. Made of durable high quality urethane rubber that will last almost indefinitely
P/N 12-01057 .....**$44.50/ea**

GOLDENROD DEHUMIDIFIER

This compact, low-voltage dehumidifier is an ideal way to eliminate dampness and mildew in aircraft which can cause mildew growth in carpet and upholstery and wreak havoc with electrical systems. In stall under the instrument panel or on the deck between seats. If installed in the engine compartment, Goldenrod will eliminate moisture which leads to rust, keep ignition wiring dry, and facilitate cold weather starts. In the hangar, Goldenrod can protect parts, tools, supplies, and components. Operates on standard 110V current 24 hours per day but uses four times less power than a standard light bulb. Safe and effective. Available in four lengths.

Part No.	Length	Watts	Approx. Coverage Up To	Price Ea.
12-30225	12"	8	100 cubic feet	$39.50
12-30230	18"	12	200 cubic feet	$42.50
12-30235	24"	15	300 cubic feet	$44.75
12-30240	36"	25	500 cubic feet	$47.95

EVA-DRY DEHUMIDIFIER

This is a product that is the answer to a very common problem in Aircraft, HUMIDITY!!! The Eva-dry is a 100% renewable, wireless, mini dehumidifier that requires no power to operate.

It works with a Silica gel that absorbs moisture from where ever it is placed. There is an indicator window on the front of the unit that will change from blue to pink as the units absorbs moisture. Once the crystals have turned pink it is time to renew.

To renew, simply fold down the hidden plug on the back of the unit and plug it in to any a/c outlet for 8-10 hours. A heating element will be activated which will evaporate the moisture. The Eva-dry has a 10 year life span and has a 5 year mfr. Warranty. Size: 6.25" X 4.75" X 1.25".
P/N 12-01621 ..... **$29.95**

TO

WING STAND

This wing stand is ideal for aircraft homebuilders or restorers needing to safely store and protect aircraft wings during the project. It accommodates virtually all shapes and sizes of wings and is available at a very economical price. We ship this wing stand direct to you from the factory (freight collect). Dims: 72"l x 44"h x 36"w. Assembly req. Each stand holds 2 wings.

P/N 12-21390 .....**$199.00/ea**

AEROROLLER-1000

AeroRoller makes movement of your aircraft or wheeled equipment easy. Aircraft can be loaded on AeroRoller without jack and minimum effort is required to move aircraft when on rollers. AeroRoller is constructed of Industrial 1/4" steel plate. Heavy duty Duraform 360° swivel castor wheels means no flat spots. Brake castor lock parking location. Each unit can carry 1000 lbs. Manufacturer's warranty covers defective parts & labor.

TENNSMITH BRAKES & SHEARS

HAND BRAKE & STAND - Versatile, economical hand brake designed for straight forming of mild steel in thicknesses of 22 gauge & lighter. Made in the U.S.A by Tennsmith. Bends material up to 48" wide. Wts: brake: 280 lbs. Optional stand: 95 lbs. Ideal for bending materials used in light aircraft construction. Shipped direct to you from factory in Tennessee.

Model S48-22 hand brake.....P/N 12-20700 .....**$665.00**
Optional Stand.....P/N 12-20705 .....**$230.95**

UNIVERSAL HAND BRAKE & STAND - Tennsmith's heavy duty universal hand brake is a great tool for a wide range of sheet metal binding and forming operations in 12 gauge and lighter mild steel. The brake is ideal for both box and pan and straight bending in hold and cold rolled plate, stainless steel, aluminum, and heavy plastic. Welded steel plate construction for strength and rigidity. Bends material up to 48" wide Wts: brake: 1330 lbs. Optional stand: 95 lbs. Shipped truck collect direct to you from factory in Tennessee.

Model HBU48-12 Hand Brake.....P/N 12-20710 .....**$3,554.00**
Optional Stand.....P/N 12-20705 .....**$230.95**

FOOT SQUARING SHEAR - Tennsmith squaring shears offer precision shearing and rugged construction. These shears feature traction, ground alloy tool steel blades to prevent material movement during shearing. Will shear material up to 16 gauge mild steel and up to 20 gauge stainless steel. Both blades are adjustable and back gauge gives highly accurate readings. Wts: Model 36: 700 lbs. Model 53: 950 lbs. Shipped truck collect to you direct from factory in Tennessee.

Model 36 Shear (Max. Cutting Width 37") P/N 12-20715 .....**$1,939.00**
Model 52 (Max. Cutting Width 52").....P/N 12-20720 .....**$2,498.00**

TENNSMITH -These products are shipped truck, priced F.O.B. McMinnville,TN. Allow 4-6 weeks for delivery

LAP JOINT JOGGLE TOOL

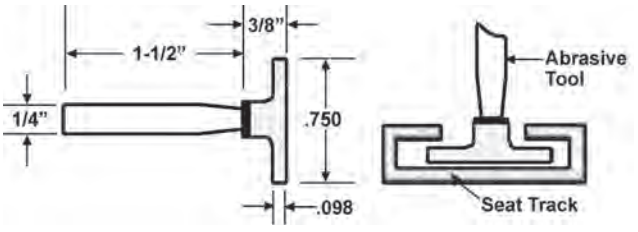
FOR UP TO .032 ALUMINUM SHEET - To use the Lap Joint Joggle Tool, install washers to adjust joggle set-back from edge of sheet. Start at one end of sheet and pull smoothly along edge to be joggled. Keep back plate of tool firmly and squarely against edge of sheet for smooth and parallel joggle. To break a sheet edge, insert sheet just one bearing depth (.4") then bend down as desired as tool is pulled along edge. Adjustments - For set-back, add or subtract washers. For different material thickness, loosen bolts, spread or close. For use on aluminum sheet up to .032 thickness. P/N 12-30275 .....**$41.90**

NON-CONTAMINATING SCRAPER

Our Non-Contamination Scraper is suitable for all airframe scraping operations. It will not contaminate delicate aluminum parts with steel particles which can induce corrosion. It is easily resharpened with a mill file and the .060" thick heat treated aluminum blade is easily replaceable. Features positive wood grip handle.

P/N 12-30205 .....**$21.60**

SEAT TRACK CLEANER



Maintaining adjustable cockpit seats, or passenger seating secured in notched tracks, requires removing the dirt and grit that have become embedded in the tracks. Rex-Cut Products has developed a thin-profile mounted wheel specially designed to accomplish this job efficiently and safely.

The seat track cleaners are manufactured using layers of reinforced nonwoven cotton fiber and abrasive grain which are bonded into discs. When mounted on a die grinder they are able to fit inside the seat tracks. Designed for cleaning all the interior surfaces of the track without having to change discs, one disc will remove caked on sludge, dirt and grit while removing minor burrs and rough edges.

The seat track cleaners are non-loading on aluminum and leave superior surface finishes. Available in 54 and 80 grits in aluminum oxide grain mounted on a 1/4 x 1/2" shank.

54 Grit Seat Track Cleaner ..... PN 12-00955 ..... **$7.95**
80 Grit Seat Track Cleaner ..... PN 12-00952 ..... **$7.95**

SLIDE HAMMER

Blue vinyl hand grip over steel handle reduces sting on technicians hands and provides 100% grip. 3 lb. slide weight is mounted on 1/2" plated steel shaft. Broached hex in nose cone locks pulling screw in place...ends breakage. Supplied with two hardened pulling screws and "L" puller hook fabricated of aircraft quality steel. Nose cone and shaft threads are 1/2" - 20. P/N 15-08252 .....**$41.50**

MACHINIST HOOK SCRIBE

Machinist Hook Scribe New. 2-point scriber has hardened, ground steel points. Features a straight point and a 90 degree point. Length: 9".

P/N 12-02896 .....**$3.95**

PIG TAIL HOOK SCRIBE

Both the 45 degree and pig tail points of the scribe are made of hardened, ground steel. Both ends of the tool unscrew from the body.

P/N 12-02897 .....**$3.95**

NOTCHERS

ACCU-JIGGER TUBING NOTCHERS

Constructed of 6061T6 hard anodized aluminum extrusions, steel, and cast iron with two 2750 lb. rated roller needle bearings, the Accu-Jigger rigidly holds the holesaw and tube to produce accurate, chatterless cuts. Accu-Jigger, with Single Point Technology, is able to notch tubes that "Fit Right The First Time" as fast as those produced from custom tooling. It employs a flip up Tube End Stop, (2) 1° step, pin settable Angle Indexes and standard bimetal holesaws to accurately notch the ends of tubes used in aircraft fuselages and engine mounts. Notches tubes up to 1" diameter with up to 2" holesaw at angles from 30 to 90°. Spin Angle settable 0 to 359°. Meant to be driven by 1/2 inch chuck hand drill or mounted to a drill press.

1" diameter capacity.....P/N 12-00377 ..... **$349.95**
2" diameter capacity.....P/N 12-00529 ..... **$479.95**

PIPE NOTCHER

Produces accurate notches in steel or aluminum, giving perfect fits for better, stronger welds. It can be mounted on your drill press or bolted to a stand and powered by a hand drill. Built-in protractor gives accurate cuts from 90° down to 40°. Sturdy accurate V-block clamping system will hold 3/4" to 2" tubing (pipe size from 1/2" to 1-1/2"). It works fast, accepts standard hole saws, and is powered by any 1/2" variable speed drill motor. Notches all the way through in one pass. Hole saw cutters sold separately.

P/N 12-30000 ..... **$223.59**

MAGNETIC BIT CADDY

A non-spill bit holder at your fingertips. 36 individual 1/4" and 5/16" screwdriver bits may be stored in this magnetic-based organizer. Remains solid at any angle placement while holding bits in their respective slots. .....P/N 12-01083 ..... **$19.75**

RARE EARTH MAGNETS

These super-strong magnets made from neodymium are lighter and five times stronger than samarium-cobalt rare earth magnets. Nickel plated to resist corrosion. Ideal for work projects, experiments, shop and everyday use. Pack of 10. P/N 10-04077.....**$2.60**

SCREW PAINT CUTTERS

For AN4 Screws. You know how frustrating it can be to remove a painted over screw only to wind up chipping up the paint job. But you wouldn't have that problem if you had a set of these innovative paint cutters. They work by slicing through the paint around the head of the screw so you can remove it without chipping the paint. They have a 1/4x28 thread to fit into any angle drill or you can get the optional arbor (p/n 12-02460) for use in a drill chuck. Does not work on dome head rivets. 1 lbs (0.5Kg) shipping weight.

INSTRUMENT MOUNTING HOLE DRILL JIG

Aircraft instrument mounting hole drill jig for standard 2-1/4" & 3-1/8" diameter instruments. Accurate and simple tool to use, drill jig made of hardened steel for long life. P/N 12-00975 ..... **$34.85**

MAGNETIZER / DEMAGNETIZER

This versatile tool saves you time and trouble by instantly magnetizing or demagnetizing you tools & parts on the job. Reliable, powerful permanent magnets for a super long life, and its compact size,shatterproof plastic shell, this tool will fit easily in you tool box. This tool allows easy, precise handling of small steel parts in confined spaces, collects metal items from inaccessible places, leaves 1 hand free for positioning the work piece, demagnitizes instruments & electronics components. Size: 2.1"x2"x1.1". Wt. .22 lb. P/N 12-16835..... **$16.50**

OL' JOINT JIGGER

OL' JOINT JIGGER MODEL RTN-100 TUBING NOTCHER - Ol' Joint JiggerTM quickly notches tubing of up to 2" O.D. in less than 30 seconds. Great for assembling and welding tubing in your garage or workshop. Adjusts in single degree increments to make up to 60° angle notches. Automatic round tubing centering and alignment. CNC machined steel construction. Bi-metal hole saws not included. Use with your 1/2" hand drill. U.S.A. Ship Wt. 9 lbs.

P/N 12-01107 ..... **$159.95**

RTN-BASE (UNIVERSAL DRILL PRESS MOUNT) - For use with RTN100 only. Allows for set up and dedication of a small drill press for tube notching. Adjustable for out-of-square tables, the RTN-Base also makes it easy to lay the notcher over horizontally, still bolted to the table, to handle long or cumbersome tubing that can't be notched in a vertical position. Minimum requirements: 1/3HP drill press with 3-1/2" to 4" of travel and 14" from the table or base to the chuck. (Bolts for attachment included) U.S.A. Ship Wt. 3 lbs. P/N 12-00691 ..... **$32.25**

OL' JOINT JIGGER MODEL RTN-1000 DELUXE ALUMINUM TUBING NOTCHER - Ol' Joint JiggerTM combines precision performance, versatility and comfort for quickly notching tubing of up to 2" O.D. in less than 30 seconds. Enhanced vibration-reducing design and dual-axis base allow for either work bench or drill press mounting to provide the professional or hobbyist with the ultimate in tubing notchers. Laser-engraved protractor allows adjustments in single degree increments to make up to 60° angle notches. Automatic tube centering and alignment. Anodized aircraft-grade aluminum construction. Bi-metal hole saws not included. Use with your 1/2" hand drill or drill press. U.S.A. Ship Wt. 9 lbs.

PIPEMASTER WELDER'S TOOL FOR CONTOUR FITS

Pipemaster gives aircraft builders the ability to cut a piece of tubing on both ends and have it fit its intended location on the first try. Tedious hours of grinding and misfit joints can be eliminated producing exact welds and stronger airframes. Features spring temper stainless steel pins, aluminum inner shell, and rugged ABS housing. Simply slip over the pipe, push down, transfer and cut, and the tubing is ready to weld. Pipemaster transfers the exact outline of the pipe joint in just seconds. Use for penetration cuts as well.

MBX KITS AND ACCESSORIES

MONTI

MBX Surface Treatment Systems

PATENTED TECHNOLOGY - MBX Systems are different from conventional surface treatment systems in that MBX Systems are based on several physical principles. Flexible brush-belts are inserted loosely into a cage-like adaptor system and secured with safety arms. The centrifugal force created by rotation causes the brush-belt to tighten and work as if suspended on a cushion of air. Advantages:Vibration-free operation: The vibration of the wire bristles that occurs when the bristles strike the target surface is absorbed by the air-cushion. The bristles re-strike the target surface at rest (without vibration). This achieves the maximum kinetic energy.

MBX BRUSH-BELT TECHNOLOGY - MBX Belts consist of individual, U-shaped crimped wire bundles anchored in a polyamide fabric. Made of spring steel, the wires have hardened tips that strike the target surface individually during rotation.

ADVANTAGES - High safety level: The U-shaped anchor points of the individual crimped bundles prevent wire bristles from being thrown clear. No heat development: Avoid toxic fumes and no smearing during the removal of sticky materials. No grinding: No removal of healthy material, no deformations. Flexibility: High degree of adaptability when working on contoured areas or areas with sharp edges.Optimal performance: Because of their design, each wire tip strikes the target surface twice per rotation.Long service life: Specially hardened wire tips with a hardness up to 68 HRC (Rockwell hardness) provide for a level of hardness never before achieved with conventional brush technology.

MBX PNEUMATIC DRIVE UNIT - Easy handling, lightweight - 1.1 kilograms, high torque, safe to use!Specially developed for the MBX brush-belt and MBX Vinyl Zapper systems. The high output rpm of the compressed-air turbine (21,000 rpm) is reduced to 3,500 rpm by means of a planetary gear and toothed belt; torque increases. This gives our MBX pneumatic drive units an optimised power profile. MBX brush-belts and MBX eraser wheels work as a direct extension to the drive shaft, i.e., there is no lateral centre of gravity and MBX drive units operate in-line. Work in hard-to-reach areas or in the removal of tough, thick, sticky materials (e.g. compounding materials, underbody corrosion) with optimal ventilation.

MBX PNUEMATIC STARTER SET

For the removal of seam sealant, corrosion, paint, vinyl decals, glue on aluminum and alloy.

SET 1 - • MP-3500 - MBX Pneumatic Power Tool S (3500 rpm) with adapter system for 23mm belts/31mm rubber eraser. • AA-0011 - Adapter for 11mm wire belts • BS M11X - V2A Wire Belt, Med., 11mm angled tips • BS-F11 - V2A Brush Belt, Fine, 11mm • RE-0023 - Rubber Eraser, 31m P/N 12-01394 ..... **$502.85**

MBX ELECTRIC STARTER SET

For the removal of seam sealant, corrosion, paint, vinyl decals, glue on aluminum and alloy.

ME-3200 - MBX ELECTRIC POWER - Tool A (3200 rpm) with adapter system for 23mm belts/31mm rubber eraser • AA-0011 - Adapter for 11mm wire belts • BS-M11X - V2A Wire Belt, Med., 11mm angled tips • BS-F11 - V2A Brush Belt, Fine, 11mm • RE-0023 - Rubber Eraser, 31mm
P/N 12-01396 ..... **$514.85**

MBX BRUSH BELTS

Medium (11 or 23 mm)
For the removal of seam sealant & corrosion on alluminum bodies

Fine (11 or 23 mm)
For the removal of paint on aluminum bodies.

MBX Belts are made of a high-performance polyamide fabric - tension resistant up to 440 kilograms. Individual bristles made of spring steel or stainless steel are anchored U-shaped in the flexible polyamide fabric. The materials used for the production of MBX Belts offer top safety and durability due to the high flexibility of the MBX Belts. No clogging - no heat built-up - no grinding. The high masses due to centrifugal force during rotation are absorbed safety by MBX Adapter Systems.MBX Medium have angled tips to create a sandblast effect. 11mm is for expecially hard-to-reach-areas such as a 90° angles.

BS-M11X Med. Blue 11mm Brush
P/N 12-01402 ..... **$29.85**

BS-M23X Med. Blue 23mm Brush
P/N 12-01403 ..... **$29.85**

BS-F11 Fine Blue 11mm Brush
P/N 12-01404 ..... **$29.85**

BS-F23 Fine Blue 23mm Brush
P/N 12-01405 ..... **$29.95**

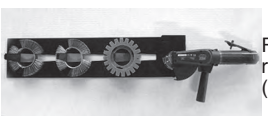
MBX VINYL ZAPPER

"The rotating toothed eraser wheel", patented For the removal of self-adhesive foils and materials, wide-area decoration, adhesive residue on decorative strips and lettering on OEM-painted surfaces made of metal, aluminium, glass, fibreglass (gel coats) - and most amazing: NO PAINT DAMAGE.The centrifugal force created by rotation makes the MBX Vinyl Zapper work as if suspended on a cushion of air. Advantages: Faster working speeds of up to 3,500 rpm Conventional rubber eraser wheels operate only at circa 1,500 rpm. No paint damage, no smearing despite speeds of 3,500 rpm Toothed wheel design. Easy handling. Vibration-free, smooth running (compare a solid rubber tire with an air-filled tire). Increased performance. The working surface of the MBX Vinyl Zapper is strongly enlarged by the application of pressure to the work surface. This improves performance (compare to a car tire containing only a small amount of air). Long service life Wide construction. Vinyl Zapper 31mm Toothed Wheel Construction Removal of elements such as vinyl decals & DOT tape from metal surfaces, fiberglass, plate glass, wood, aluminum, OEM paint finish.
P/N 12-01406 ..... **$31.95**

MBX VINYL ZAPPER KITS

MBX Vinyl Zapper Kit is for removing vinyl decals and graphics on metal glass and fiber glass. It is available with either a pneumatic tool or an electric tool.

Description	Part No.	Price
MBX Electric Vinyl Zapper Kit USSE-01-05 MBX Electric Tool, 1-23mm Adaptor, 3 Vinyl Erasers	12-02037	**$469.50**
MBX Pneumatic Vinyl Zapper Kit USSP-01-05 MBX Pneumatic Tool, 1-23mm Adaptor, 3 Vinyl Erasers	12-02038	**$469.50**



STORAGE STATION

For storage of up to 15 wire belts or 9 rubber erasers and one MBX Power Tool (machine, belts, erasers not included).
P/N 12-01399 ..... **$52.75**

CLECOS - HOLE SAWS - CRIMPING TOOLS

CLECO SHEET HOLDERS

K-SERIES SPRING CLECOS - Sheet holders provide the quickest method for holding sheets together for drilling or riveting. Drill the size hole needed for the rivet and insert the sheet holder. The holders listed comprise the most common sizes. Material thickness range 0" - 1/4". Use with sheet holder pliers. ***10% discount on 50 pcs., 15% discount on 100 pcs.***

Description	Size	Part No.	Price
M-3/32 CLECO	3/32"	12-01140	**$0.47**
M-1/8 CLECO	1/8"	12-01138	**$0.63**
M-5/32 CLECO	5/32"	12-01141	**$0.47**
M-3/16 CLECO	3/16"	12-01139	**$0.49**

KK-SERIES SHORT BODY SPRING CLECOS - A shorter overall body to use in areas of limited space. 0-1/4" grip range. Made in USA

Description	Size	Part No.	Price
CC-3/32 CLECO	3/32"	12-02073	**$0.82**
CC-1/8 CLECO	1/8"	12-02074	**$0.79**
CC-5/32 CLECO	5/32"	12-02075	**$0.83**
CC-3/16 CLECO	3/16"	12-02076	**$0.83**

KHD-SERIES LONG REACH SPRING CLECOS - Designed for clamping thicker material. 0-1/2" grip range. Made in USA

Description	Size	Part No.	Price
CHD-3/32 CLECO	3/32"	12-02077	**$0.80**
CHD-1/8 CLECO	1/8"	12-02078	**$0.83**

CHD-3/16 CLECO	3/16"	12-02080	**$0.83**

CL SERIES - The "CL" series fasteners are the standard plunger type Cleco with an extended grip range. Spring type Fastner

Description	Size	Part No.	Price
0-1/2" Grip, Zinc	#40	12-02425	**$0.83**
0-1/2" Grip, Copper	#30	12-02426	**$0.83**
0-1/2" Grip, Black	#21	12-02427	**$0.79**
0-1/2" Grip, Brass	#10	12-02428	**$0.79**

CLECO KEEPER

Fabricated of durable polypropolene, the Cleco Keeper is prepunched to hold up to fifty sheet metal fasteners. Allows the builder to extract and install Clecos from the storage bin to the work with one hand. Compact, the Cleco Keeper measures 8"L x 3"W. Helps eliminate misplaced fasteners and makes inventory of available fasteners quick and accurate. Available in three models to hold 3/32", 1/8", or 5/32" clecos. For 3/32" clecos .....P/N 12-10116 .....**$7.95**
For 1/8" clecos .....P/N 12-10117 .....**$7.95**
For 5/32" clecos .....P/N 12-10118 .....**$7.95**
For 3/16" clecos .....P/N 12-00604 .....**$7.95**

NO-MAR" REUSABLE CLECO BOOTS

Eliminates surface marring both on painted and unpainted surfaces. Easily slips on plier operated style clecos, one size fits all. Yellow polyurethane color. 25 pcs./pkg.
P/N 12-00626 ..... **$10.50**

CLECO SHEET HOLDER PLIERS

These pliers are designed to grip and actuate all standard sizes of sheet holders and tension clamps. New manufacture. P/N 12-10105 .....**$5.40**

CLECO REVERSE PLIERS

Used in limited access areas. requires less travel per activation. Model TP74B.
P/N 12-00370 .....**$25.75**

PNEUMATIC CLECO INSTALLATION TOOL

Features a lever throttle, 360° swivel mount, quiet operation, a straight handle, and a 6ft. polyurethane lead hose. Quick insertion of all button or plunger type fasteners, including side grips. Wt. 12 oz. Length: 5 1/8", Air Inlet: 1/4". P/N 12-01120 .....**$84.95**

SUPERCHAMP IV CRIMPING TOOL

The professional quality crimping tool. This versatile hand tool has crimping dies for insulated an uninsulated terminals and splices in wire sizes No. 22 to No. 10 AWG. It has a terminal locator to position insulated terminals during crimping and an in-nose cutter for tight locations. This tool is a wire stripper and has a built-in heavy duty bolt cutter. Color coded dies in tool nose correspond to color on terminal insulation sleeve to insure die selection. A stud gauge and wire stripping gauge are important on the tool body. Cushioned handles. Made in the U.S.A.
P/N 604252-1 .....**$19.85**

BANTAM ROTA-CRIMP TOOL

The AMP Bantam Rota-Tool crimps uninsulated terminals and splices for No. 8 to 1/0 sizes. The correct die position is selected by rotating dies to correct AWG number. Dies are fixed in tool to avoid loss. Compact, rugged and easy to handle. 15" long. Wt. 5 lbs. Not for certified Aircraft use. P/N 601075 .....**$646.00**

CLECO GRIP POWER DRIVEN SHEET HOLDERS

Power-Hex Nut Style -Standard Grip 0-1/2". Hex Nut Fasteners are recommended for high production applications that require a consistent clamping force. They are pneumatic driven with the US7381HX Power Nut Runner.

Description	Size	Part No.	Price
0-1/2" Grip Power Driven Hex Nut Fastner, Zinc	#40	12-02429	**$3.20**
0-1/2" Grip Power Driven Hex Nut Fastner, Copper	#30	12-02430	**$2.70**
0-1/2" Grip Power Driven Hex Nut Fastner, Black	#21	12-02431	**$2.95**
0-1/2" Grip Power Driven Hex Nut Fastner, Brass	#10	12-02432	**$2.90**

Power-Hex Nut Style -Long Grip 0-1"

Description	Size	Part No.	Price
1" Grip Power Driven Hex Nut Fastner, Zinc	#40	12-02433	**$2.95**
1" Grip Power Driven Hex Nut Fastner, Copper	#30	12-02434	**$3.49**
1" Grip Power Driven Hex Nut Fastner, Black	#21	12-02435	**$2.95**
1" Grip Power Driven Hex Nut Fastner, Brass	#10	12-02436	**$3.49**

Manual Wing Nut Style - Standard Grip 0-1/2". Wing Nut Fasteners are recommended for low production applications where high clamping force is required. The clamping force ranges from zero to 300 lbs.

Description	Size	Part No.	Price
0-1/2" Grip Manual Wing Nut Fastner, Zinc	#40	12-02437	**$2.90**
0-1/2" Grip Manual Wing Nut Fastner, Copper	#30	12-02438	**$3.10**
0-1/2" Grip Manual Wing Nut Fastner, Black	#21	12-02439	**$3.10**
0-1/2" Grip Manual Wing Nut Fastner, Brass	#10	12-02440	**$2.80**

Manual Wing Nut Style - Long Grip 0-1"

Description	Size	Part No.	Price
1" Grip Manual Wing Nut Fastner, Zinc	#40	12-02441	**$3.15**
1" Grip Manual Wing Nut Fastner, Copper	#30	12-02442	**$3.20**
1" Grip Manual Wing Nut Fastner, Black	#21	12-02443	**$3.15**
1" Grip Manual Wing Nut Fastner, Brass	#10	12-02444	**$3.15**

HEAVY-DUTY BI-METAL HOLE SAWS

Milwaukee hole saws provide an economical means of extending the useful range of portable drills, drill presses and lathes. High speed cutting edges welded to steel bodies produce clean, accurate holes All hole saws listed cut to standard 1.25" depth. Order appropriate arbor for use with each size hole saw.

Hole Dia.	Part No.	Use w/Arbor No.	Price

TAPER PIN EXTRACTOR

The Tapered Pin Extractor tool easily, inexpensively, and without damage removes the tapered pin from the control column universal joint in Piper models PA-28, PA-32, PA-34, and PA-44. Made of Stainless Steel with two carbon steel capscrews. P/N 12-02933 ..... **$86.50**

5 INCH SERRATED EDGE SCISSORS

5" stainless steel scissors are ideal for consumer and industrial applications. High quality stainless steel blades meet perfectly for precision cutting. The material being cut is held in place by one blade which is slightly serrated providing maximum control. Scissors so sharp, they can cut through electrical wiring, plastic, aircraft composites, Kevlar® and more. P/N 12-02975 ..... **$19.00**

TWO STEP STUD EXTRACTORS

Our Two Step Stud Extractors are the simplest way to remove broken studs and require only 1/8" of the broken stud for removal. Simply tap stud remover on stud or frozen bolt with a hammer or mallet, and then remove stud by attaching a wrench to the hex portion of the remover. Just hammer on and screw out. Built to last from case hardened steel. Stud Extractors available in sizes listed below.

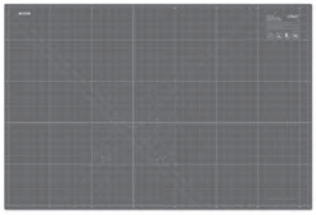
SPOTFACE KIT

The Spotface Kit tool makes a flat spot for screws. This tool is specifically modified to provide rail cap clearance for use on seat rails. Cutter comes with 1/8", 5/32", 3/16" pilots.
P/N 05-04429 ..... **$74.75**

SELF HEALING ROTARY CUTTING MATS



Self-healing, double-sided large mat protects and covers work. Green, self-healing professional quality rotary mat. Double-sided with yellow grid lines on one side for precision cutting, solid on opposite for general cutting. 1.5mm thick for a variety of applications. Store flat.

24" x 36" .....P/N 12-02403 ..... **$39.75**
23" x 70" - with clip set (RM-clips/2) .....P/N 12-02404 ..... **$79.25**
35" x 70" - with clip set (RM-clips/3) .....P/N 12-02405 ..... **$133.95**

ROTARY CUTTER

Ergonomic 45mm rotary cutter features a unique comfortable handle design for both left- and right-handed use. Features include the dual-action safety lock that allows the blade to be locked open for comfort and closed for safety. Accommodates the Olfa straight, wave & pinking blades. The cutter is a rolling razor blade used to cut fabrics into shapes, strips and pieces. Guaranteed forever. Suggested uses: cut fiberglass, composite materials, delicate cloth, fabric, paper, leather, etc.
Rotary Cutter .....P/N 01-00302 ..... **$23.50**
RB45-1 Replacement Blade only .....P/N 01-00300 ..... **$6.95**
RB45-1 Replacement Blade pk of 5.....P/N 01-00301 ..... **$27.75**
Rotary Pinking Blade.....P/N 12-01709 ..... **$9.75**
Good For: general quilting, sewing and craft projects. Great for cutting out patterns, reduces fraying. Can be used in industrial applications.

STAINLESS STEEL SCISSORS

The OLFA stainless steel scissors (7" overall length) are rapidly growing in popularity in both consumer and industrial applications. Extremely high quality stainless steel blades meet perfectly for precision cutting. The material being cut is held in place by one blade which is serrated, providing positive control. Ideal for use on such varied materials as paper, fabrics, plastic, rubber, & aircraft composites. .....P/N 01-00303 ..... **$19.00**

CUTTING TOOLS

L-2 CUTTER - 18MM heavy-duty cutter features a ratchet wheel blade lock, heavy gauge stainless steel blade channel, highest grade carbon tool steel blade and anti-slip rubber grip insert. Guaranteed Forever. P/N 12-00258..... **$8.50**

NOL-1 CUTTER - Heavy-duty 18mm "HandSaver" Acetone resistant cushion grip with ratchet wheel blade lock and high-carbon tool steel snap-off OLFA blade. Guaranteed Forever
.. Cutter .....P/N 12-00257 ..... **$8.50**
Replacement Blades (5 pack).....P/N 12-00261 ..... **$4.45**

SNAP IT 'N' TRAP IT CUTTER - 18mm heavy duty cutter features an innovative design for performance and functionality. Developed for professionals looking for a convenient way to snap-off and securely store their dull blade segment for increased on-the-job productivity. Features a convenient detachable built-in blade snapper/disposal container in a heavy-duty ABS plastic handle. Cutter.....P/N 12-02696 ..... **$10.95**
10 Pack Blade .....P/N 12-02697 ..... **$7.75**

ULTRAMAX CUTTER - Heavy-duty utility knife / cutter is an auto lock cutter includes a stainless steel blade channel with a unique cushion handle provides a comfortable and positive grip.
P/N 12-02367..... **$8.65**

H-1 CUTTER - 25mm Extra heavy-duty cutter features largest blade available, ratchet lock to prevent slipping, rubber grip insert for positive control, and a rope loop to secure cutter to belt or work table. Cutter.....P/N 12-00259 ..... **$13.75**
Replacement blades (5 pack) .....P/N 12-00260 ..... **$6.60**

AUTO-LOCK STAINLESS PROFESSIONAL KNIFE - Accomodates both left- and right-handed users. Features locking slide blade, stainless steel handle and built-in pocket clip/blade snapper. A perfect steel cutter where rust is a concern. Lifetime Guarantee.

Cutter .....P/N 12-00339..... **$7.50**
Replacement blades (10 pack)...P/N 12-00340..... **$4.65**

EXTRA HEAVY DUTY RACHET LOCK CUTTER - 25mm Extra heavy-duty cutter features: *anti-slip cushion handle for exceptional comfort and safety *chemical resistant handle for easy cleaning * Heavy guage stainless steel blade channel holds blade tight * ratchet wheel blade lock *rope loop * high-quality carbon tool steel snap-off blades for sharpness and durability.

P/N 12-02368..... **$14.75**

EXTRA HEAVY DUTY SNAP-OFF BLADE, 20 PACK - Snap-off black blades, are made from high quality carbon tool steel. Blade container locks for safety. Fits most Extra Heavy-Duty handles. 7 cutting edges per blade. 20 blades per pack. P/N 12-02369..... **$23.75**

EXTRA HEAVY DUTY RATCHET LOCK CUTTER - Anti-slip grip cutting tool. Features an automatic blade lock, cushion grip for maximum comfort and control, and a heavy gauge stainless steel blade channel that holds blade tight. Chemical resistant handle for easy cleaning. Includes a pocket clip for convenience, and the premium, ULTRAMAX® ultra sharp durable snap-off blade.
P/N 12-02370..... **$5.75**

GENERAL SPECIALTY TOOLS

CIRCULAR HOLE CUTTER

General's circle cutters produce precision circles in sheet metal, brass, copper, soft steel, aluminum, plastic, wood and composition materials. Bodies are constructed of heat treated tool steel for durability. All Circle Cutters have replaceable pilot points. The replaceable cutter blades are made of high-speed steel for precise and clean cuts. Circle Cutters are adjustable for cutting variable diameter holes. A hex wrench is included for diameter and depth adjustments.

#4 Cutter..... P/N 12-10600 ... **$13.75**
Extra 3/16" Blade..... P/N 12-10700 ..... **$3.75**
Pilot Drills for #4 Cutter ..... P/N 12-10800 ..... **$3.45**

JEWELERS' SCREWDRIVER KITS

The Screwdriver and Hobby Kit includes five interchangeable blades and a heavy duty knurled handle. Loaded with the most popular jeweler's-sized Slotted and Phillips tips and a scratch awl, this modestly priced set is great for model making and other small-scale applications.

P/N 12-19600 .....**$5.95**

SWIVEL HEAD PIN VISE

The Swivel Head Pin Vise provides fingertip control of small tools when working with jewelry, electronics or models. The double-ended collet offers two distinct sizes for holding a variety of drill bits, reamers and taps. For added control, this Pin Vise has been design with a knurled aluminum body for a sure grip while the swivel head turns smoothly against your palm. P/N 92.....**$9.95**

STEEL PROTRACTORS

General's heavy duty steel protractors are trusted by machinists and draftsmen worldwide to deliver crucial measurements with unwavering accuracy. The 6" adjustable arm is ideal for setting bevels, taking measurements and transferring angles. Ultra-fine etched graduations read from 0 to 180 degrees in forward and reverse directions, and will not wear or rub off. Made of ground stainless steel for precision and durability. P/N 17.....**$13.75**

POCKET CALIPERS

Although small in stature, these 4" Slide Calipers deliver the same accuracy and precision as some of our larger models. The rugged, stainless steel construction, coupled with a compact design makes these Slide Calipers a great addition to any workbench or toolbox. This item provides inside and outside readings in both 1/16" and 1/32" graduations. In addition, there is a decimal equivalents chart on the caliper's back side for help in making measurement calculations.16ths & 32nds

P/N 729 ..... **$11.75**
16ths & MM.....P/N 12-01633 . **$12.25**

WIRE STRIPPERS & CUTTERS

Just dial the size and avoid damaging wire, especially when used repetitively. Spring opening jaws can be locked in closed position to protect cutting edges. Made of tool steel, equipped with vinyl cushion grip handles. Individually carded. P/N 69 .....**$9.75**

FEELER GAGES

Blades are made of tempered steel of exacting tolerances. Each blade has its size etched in both decimals of an inch and millimeters. Nickel plated case has knurled locking nut. No. 230 has 26 3x1/2 in. leaves of the following sizes: .0015, .002, .0025, .003. .004, .005, .006, .007, .008, .009, .010, .011, .012, .013, .014, .015, .016, .017, .018, .019, .020, .021, .022, .023, .024 and .025 in. P/N 230 .....**$7.75**

REVOLVING PUNCH

General's revolving punch plier is a convenient spring tension, self-opening tool for punching round holes in leather, plastic, rubber, canvas, cardboard and similar materials. The snap ring pliers are used for the installation or removal of exterior and interior snap rings. Revolving turret with six hardened steel punches: 5/64", 3/32", 7/64", 1/8", 5/32", and 3/16" P/N 72 .....**$9.90**

6 INCH ELECTRONIC DIGITAL CALIPER

The Thread Repair Files help breathe life back into bolts, screws or fittings that have been damaged due to cross-threading or corrosion. Made of high carbon steel, the Repair Files offer eight different thread pitches. In addition, the Thread Repair Files can also be used as a screw pitch gage. P/N 12-01880 .....**$77.50**

STEEL RULES

General's industrial quality Steel Rules are precision made with etched fine black graduations for easy reading and long life. The two finishes available are polished stainless steel or satin chrome. Front graduated in 10ths, and 100ths, back in 32nds and 64ths. Quality 12 inch (30cm) flexible stainless steel rule. Precision made. Fine black etched graduations. 6" Long, 15/32" Wide .....P/N 616 .....**$5.25**
12" Long, 15/32" Wide .....P/N 1216 .....**$8.95**

PERMANENT ALNICO MAGNETS

These industrial grade Alnico (Aluminum/Nickel/Cobalt) Magnets are built for heavy duty use and will not naturally demagnetize over time like other magnets. They are handy in a plethora of applications and work settings. The horseshoe-shaped Power Alnico Magnets are available in 2 distinct sizes with extraordinarily strong pull capacities ranging up to 13 lbs.No. 370-1 Pocket Magnet, 3/4 oz., approx. 1 lb. pull

P/N 370-1 .....**$5.95**

No. 370-2 Power Magnet, 2 oz., approx. 13 lb. pull

P/N 370-2 .....**$12.95**

WIRE & SHEET METAL GAUGES

#20 WIRE GAUGE - The Wire Gage helps you to accurately determine the thickness of American Standard wire from 0 to 36. The Gage works with all non-ferrous wires, metals and rods such as copper, brass and aluminum. This heavy duty tool is made from hardened and tempered steel, and is stamped with wire sizes on the front and their decimal equivalents on the back

#20 American Standard Wire Gauge - For gauging non-ferrous wire & metal like copper, brass, aluminum, etc.

P/N 12-02384.....**$22.65**

#21 U.S. STANDARD SHEET METAL GAUGE - The Sheet Metal Gage is for gauging uncoated sheet, plate iron and steel, based on weights in ounces per square foot. gauge numbers are in U.S. Standard. Numbers 0-36 (.325"-.007"). Made of hardened steel, with a satin finish for easy reading. Decimal equivalents on the back side. Measures 3-1/4" in diameter. P/N 21.....**$22.25**

SCREWDRIVER HANDLE SCRATCH AWL

If you're looking for a quality, yet economic awl, then check out our Screwdriver Handle Scratch Awl. Featuring a 3-5/8" steel blade and a durable plastic handle, this Scratch Awl makes a great addition to any workbench of toolbox.

P/N 12-01873 .....**$5.95**

UTILITY AUTOMATIC CENTER PUNCH

The Utility Automatic Center Punch is our most economical model, offering a lightweight aluminum body and a hardened steel point. The punch is great for use on various metals and woods, and is impact adjustable. P/N 12-01874 .....**$11.85**

TRAMMEL POINTS

General's adjustable trammels accurately measure and mark distances that are too great for conventional compasses and dividers. Trammels will accurately transfer measurements, scribe arcs and lay out circles. Points can be replaced with pencils, ballpoint pens, crayons or soap- stone sticks for marking various materials. P/N 520.....**$34.75**

DRILL GAUGES

General's Drill Gages help you to quickly and accurately identify the sizes of stray drill bits in your workshop. These gages can be extremely useful with older, unmarked bits or ones that are too small for markings. Each heat treated, heavy steel gage is machined to close tolerance for spot-on accuracy. The bit sizes and decimal equivalents are permanently etched to the face to provide years of dependable use.

Part No.	No.	Description	Price
12-00518	13	Number size drills 61 to 80	$15.75
12-00519	14	Fractional size drills 1/16" – 1/2" x 64ths	$12.75
12-00378	15	Number size drills 1 to 60	$13.25

GENERAL SPECIALTY TOOLS

COTTER PIN PULLER

General's Cotter Pin Puller helps you to easily and safely remove steel cotter pins from confined areas. The compound bend design facilitates use of the tool with either a pull or a twist motion. In addition, the heavy duty screwdriver handle provides a familiar, comfortable grip.

P/N 12-01892 ..... **$7.25**

PRECISION MAGNETIZER/DEMAGNETIZER

Our Precision Magnetizer and Demagnetizer transforms standard screwdrivers, tweezers and tool bits into powerful magnetic pickups. This dual-sized device can magnetize screwdrivers for installing small screws in jewelry, or demagnetize a set of tweezers for working with sensitive electronics. In addition, the innovative step design allows you to control the level of magnetism that is imposed upon your tools. P/N 12-01890 ..... **$3.45**

ARCH PUNCH SET

Our extensive selection of Arch Punches are machined to close tolerances for creating precise holes in gasket material, rubber and soft metals. These industrial-quality tools are hand forged to ensure the longevity and accuracy of the cutting edge. This seven-piece set includes some of our most popular punch sizes and is conveniently packaged in a vinyl storage pouch. P/N 12-01891 ..... **$73.75**

INSPECTION MIRRORS

General's Inspection Mirrors are known for their seemingly limitless uses both around the home and in the shop. For instance, an Inspection Mirror can be used to check behind an armoire for lost keys or beneath an engine block for a missing bolt. The Inspection Mirrors come in a variety sizes and lengths, and feature dual ball-and-socket joints for infinite angle adjustments of the mirror.

1-1/4 Diam.....P/N 12-01887 ..... **$6.75**
2-1/4 Diam.....P/N 12-01888 ..... **$9.75**
3-1/2 Oblong.....P/N 12-01889 ..... **$10.75**

3-PIECE TELESCOPING SPEED-CHUCK INSPECTION SET

Our Speed-Chuck Inspection Sets feature a 26" telescoping wand and an assortment of interchangeable tools including mirrors, magnifiers, LED lights, clips and magnets. Simply pull back on the Speed-Chuck's spring-loaded collar for effortless swapping of attachments. What's more, every Speed-Chuck Inspection Kit comes in a molded zipper case for simple storage.

P/N 12-01885 ..... **$29.25**

TELESCOPING ALLIGATOR CLIP

The Telescoping Alligator Clip is often used as a third-hand tool in electrical repair for holding and positioning wires. It is also commonly employed around the home for lighting pilot lights and barbeques. The extendable shaft reaches up to 24-1/2" for working in cramped areas, or to provide a safety buffer for lighting a gas grill or furnace. The tool condenses to 5-1/2" and is equipped with pocket clip for those on the go.

P/N 12-01884 ..... **$5.75**

DECAL ERASER WHEEL

For quick and easy removal of decals, pinstripes, bumper stickers, reflective tapes etc from glass and OEM painted surfaces without any damage. Also very effective in removing adhesive tapes and glue from the back of moldings. Best result at 1500 - 3000 rpm. Let the wheel do the work, apply light pressure only. Start at the top of the decal and move side to side. For faster results, use entire width of the wheel, do not tilt on angle. Remove any residue with appropriate mild solvent. Natural Rubber. Diameter: 4 Inch. Width: 1 Inch. Max RPM: 4000 Universal arbor, no special tool needed. Use with electric or pneumatic tools

P/N 12-02401 ..... **$14.85**

CESSNA COWLING FASTENER DRIVER

Slotted type cowling fasteners are not easy to fit with generic common screwdrivers. To overcome this, driver has a broad hollow cut tip that accurately engages the drive slot. Additionally, a no mar, spring loaded, plastic sleeve simultaneously guides the tip by fitting around the outside diameter of the fastener head. .....P/N 12-17615 ..... **$22.85**

5PC EXTRA LONG DRIVE PIN PUNCH SET

Our Drive Pin Punches have been machined to exacting tolerances for accurate driving without damaging the pin or hole. The punch ends are ground square to sit flush on the top of the pin. Made of hardened tool steel with a knurled body, General's Drive Pin Punches can either be held by hand or with our Punch and Chisel holder. This five-piece set features extra-long 3-1/2" shafts for reaching deeply recessed pins. P/N 12-01875 ..... **$29.85**

5-PC PRECISION ULTRAREACH STAR SCREWDRIVER SET SLOTTED & PHILLIPS

Our UltraTech Precision Screwdriver Sets were assembled in conjunction with industry tradesmen to offer the most comprehensive and reliable solutions. This five-piece set includes Slotted and Phillips screwdrivers in two distinct handle sizes. The color-coded ring on each screwdriver helps you to easily identify the blade type when working arduously in the field.

P/N 12-01881 ..... **$17.95**

5-PC PRECISION ULTRAREACH STAR SCREWDRIVER SET

Our UltraTech Precision Screwdriver Sets were assembled in conjunction with industry tradesmen to offer the most comprehensive and reliable solutions. This five-piece Torx set features a great assortment of blades in two distinct handle sizes. The color-coded ring on each screwdriver helps you to easily identify the blade type when working arduously in the field.

P/N 12-01882 ..... **$20.75**

PICK AND HOOK 4 PIECE SET

Get into tight places to retrieve small parts, "O" rings, and gaskets. Great for household and hobby use. Includes straight pick, 90° pick, 120° hook, and round angle hook. High-visibility handles. Screwdriver-style handles give better control. Specifications: Includes straight pick, 90° pick, 120° hook, and round angle hook, High-visibility handles, Screwdriver-style handles give better control, 5-1/4" average length, Handle: 5/8" square, 2-1/2" L, Approximate weight: 0.20 lbs.

P/N 12-02642 ..... **$3.60**

BULLSEYE PICKS

The bullseye pick was originally used in the dent repair/collision trade, but also works great for restoration work. These are ideal to reach in around the edge of a panel, around a gusset, or into a blind area to repair the dent from the backside. By sighting the low area through the open sight, the tool will deliver accurate light blows to raise the low area. This tool includes both a regular pick and a blunt tip. The blunt tip works great for aluminum and prevents unattractive pick marks in the metal.

15" .....P/N 12-02292 ..... **$89.50**
25" .....P/N 12-02293 ..... **$99.75**

THREAD REPAIR FILE

The Thread Repair Files help breathe life back into bolts, screws or fittings that have been damaged due to cross-threading or corrosion. Made of high carbon steel, the Repair Files offer eight different thread pitches. In addition, the Thread Repair Files can also be used as a screw pitch gage. P/N 12-01879 ..... **$10.95**

PRECISION PENCIL COMPASS

The Precision Pencil Compass is a robust scribing and marking tool with a jaw capacity of up to 9". The fulcrum spring handle makes this tool great for making contours, circles and edge marks. A carpenter's favorite. P/N 12-01872 ..... **$5.95**

CESSNA SEAT RAIL GAGE

Allows for quick limit checking of seat rail hole and wear dimensions Gage elements are made from heat treated blue tempered steel Each element is marked to correspond to the limits set forth in the relevant ad The three gage elements are linked together on a universal spiral key ring.

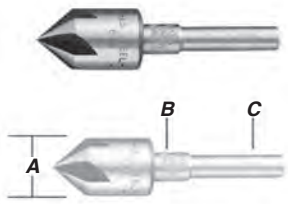
PIPER CONTROL YOKE TAPER PIN TOOL

Sweating the Piper Control Wheel AD? Relax, this patent pending M-4 tool makes the hardest part of compliance with this AD easy. This specialty tool was designed to counter the frustration of removing the Piper control wheel taper pin.

With the aid of the M-4 tool even the most stubborn taper pin can be removed in minutes, not hours, without vibration or stress being induced on your aircraft or the surrounding delicate instruments and avionics. The tool is self-indexing, locking the taper pin in position and securing itself in place for easy pin removal.

Quality made in the USA and precision milled from bar stock for maximum strength, the body is Cad Plated for corrosion resistance and the press screw is Grade 8 to assure long life. The tool is shipped with detailed instructions. P/N 12-02620 ..... **$249.00**

5 FLUTE ROSE PATTERN COUNTERSINKS



Designed with the perfectionist in mind, our Rose Pattern Countersinks are a must have for any close-tolerance woodworking or machinist project. The 5-flute design reduces chatter and easily pierces steel, brass, aluminum, plastic and wood. The stepped shank can be used with either a 1/4" or 3/8" chuck.

6 INCH CONTOUR GAGE

General's 6" Contour Gage is designed for precise surface duplication in woodworking, fine carpentry and other professional genres. The 35 ultra-thin leaves per inch assure that you are getting an exact replication of your copied shape. The Contour Gage is capable of duplicating surfaces up to 3-1/2" deep. Instructions: 1. Press Contour Gage against surface to be copied. 2. Trace the formed contour gage onto your cutting material. 3. Cut the material. 4. Fit into place. P/N 12-01870 ..... **$8.95**

UTILITY TUNGSTEN CARBIDE TIP SCRIBER/ETCHING PEN

The power of our Utility Scriber and Etching Pen is eclipsed only by its affordability. This durable scriber is a terrific pickup for making quick and accurate marks in the hardest work pieces. In addition, the Utility Scriber includes a permanent magnet affixed to the cap for retrieving and cleaning loose metal shavings. P/N 12-01876 ..... **$3.60**

PLAIN TAP WRENCHES

The standard Tap Wrenches are perfect for creating straight and accurate thread holes in your work piece. The fixed T-Handle provides a large gripping surface for generating maximum leverage. This versatile tool can also be used with reamers, drill bits, screw extractors and other hand-turned tools.

Tap Capacity	Length	Part No.	Price

RATCHET OFFSET SCREWDRIVER

An Offset Ratchet Screwdriver is a useful tool to have on hand as it provides greater leverage compared to a traditional screwdriver. The swift ratcheting motion allows you to remove and install screws with ease, and the offset head provides odd-angle access in obstructed areas. This item features two Slotted screwdriver blades and a reversible ratchet.

P/N 12-01883 ..... **$8.90**

PRECISION OILER

Our Precision Oiler is a highly accurate lubrication tool intended for anyone working with small mechanical parts. The needlepoint tip allows for the precise placement of oil in confined areas. The smooth thumb actuator lets you control the release of lubricant from the reservoir in small droplets. In addition, the Precision Oiler includes a screw-on cover and pocket clip for use on the go. P/N 12-01894 ..... **$9.75**

LONG NEEDLE NOSE PLIERS

The Needle Nose Pliers are long and slender in construction, allowing access into both remote and crowded areas. A great retrieval and positing tool, the Needle Nose Pliers are a staple of hands-on professionals world wide.

P/N 12-01886 ..... **$4.15**

6 INCH FLEX ECONOMY RULER 3/4 WIDE

Our Economy Steel Rules are ideal for a variety of home and office uses, offering the same accuracy you've come to expect from any General tool. Each rule is 6" in length and is offered in five distinct sets of Metric and English graduations. In addition, several of our Economy Steel rules are equipped with pocket clips for use in the field.

P/N 12-01133 ..... **$3.35**

REPLACEMENT BLADE OIL CAN CUTTER

General Tool's Gold Standard Cutting Wheels are made from tempered, bearing tool steel for smooth, exact pipe cuts. The slim-line surface geometry ensures fewer inner surfaces burrs and less chance for outer surface distortion. The RW122 is designed for larger capacity cutters on iron pipe and other tough surfaces

P/N 12-01159 ..... **$6.50**

CUTTER PLUG WOODWORKING

General's Plug Cutters produce accurate plugs for covering screw holes in decking, flooring and fine furniture. Plug cutters are great for creating a decorative effect in any woodworking project and can also be used to repair nicks, scratches and dents. Each cutter is made from hardened alloy steel and will fit in both hand-held power drills and drill presses.

JOGGLE-360 FABRICATION TOOL

Noah Industries has introduced the Joggle-360 into its lineup of innovative metal aircraft fabrication tools. The Joggle-360 will joggle round openings for inspection plates with joggle widths up to 0.562 inch and straight joggle offsets up to 0.625 inch. The tool features hardened steel rollers that form the joggle while gliding around the opening or along the edge by ball bearings that eccentrically adjust for joggle width.

Instruction:

1. Adjust the guide rollers to the desired set back or width of joggle by rotating the Eccentric Guide Roller Adjustment Screws with an Allen wrench.
2. Place the Joggle-360 onto the work that you are going to joggle and tighten the Tension Knob.
3. For straight joggles, run the Joggle-360 back and forth along the work tightening the Tension Knob as required until you achieve the desired joggle depth. Joggling a hole is the same process. Be sure to keep the Guide Rollers in contact with the edge of your work.
4. When the joggle is finished, loosen the Tension Knob and remove the tool from from your work.

Note: You may need to tighten the Eccentric Lock Screws from time to time in order to keep the Eccentric Guide Rollers from rotating during use. P/N 12-02252 ..... **$99.00**

TAP EXTRACTOR SET NO.1 6PC

Remove broken taps and save the threads! Walton Tap Extractors let you remove broken taps without drilling, lasers, damaged threads, scrapped parts or repair inserts. The hardened steel fingers of Walton Tap Extractors fit in the flutes of a broken tap to back it out simply and safely. This effective method has been used since 1908. They are available in every tap size, both inch and metric, as handy sets or individual pieces. The Tap Extractors will fit both NC and NF taps. Sizes: 3/16", 1/4",5/16",3/8",7/16",1/2"

DRILL BIT SETS - CARBIDE DRILLS & BURS

DRILL BIT SET – SIZES 1-60

This jobber length drill bit set includes high speed steel (HSS) drill bits in sizes 1-60. The set comes complete with a steel storage box. Ideal as a pre-drill for tapping of holes and for many other aircraft building applications.

P/N 12-00227 ..... **$58.85**

29-PC BRITE FLUTE DRILL SET

This 118° point, high speed steel (HSS) drill set performs well in a wide variety of drilling applications. It is recommended for non-ferrous metals, wood, and plastics. Set includes 29 pcs (1/16 to1/2" in 64ths) in metal index.

P/N 12-00537 ..... **$94.00**

115-PC HSS JOBBER LENGTH DRILL SET

This 118° point, high speed steel (HSS) drill set performs well in a wide variety of drilling applications. It is recommended for non-ferrous metals, wood, and plastics. Set includes 115 pcs (1/16 to1/2" by 64ths and #1-60 and A-Z in metal index).

P/N 12-00536 ..... **$189.00**

STRAIGHT FLUTE CARBIDE DRILLS

For use on hardened, treated, and abrasive materials, stainless steel, cryogenic alloys.

CARBIDE ROTARY FILE - 8 PIECE SETS

8 Piece Carbide Rotary File Set. 1/4" or 1/8" shaft available.

1/8" Set ..... P/N 12-02916 ..... **$26.95**
1/4" Set ..... P/N 12-02915 ..... **$58.95**

DRILL DOCTOR TRADESMAN BIT SHARPENER

The DD500X Pro Kit combines the Drill Doctor Tradesman sharpener with heavy duty carrying case. Sharpen bits either 118°. or the high performance 135° setting and it can turn standard drill bits into self-centering, split point bits. Sharpens bits from 3/32" to 1/2" diameter in about 60 seconds and includes the patented E-Z align system and diamond grinding wheel for sharp precise results. Includes: Sharpener, 1/2" chuck, 110V power cord, carrying case, free video and easy to follow instructions.

P/N 12-00673 ..... **$129.95**

ABRASIVE TOOLS & KITS

HAND PADS

Faster, cleaner, and more durable than wire brushes, scrapers and sandpaper. Non-woven nylon pads are pre-cut. They provide conformable, consistent finishes. General Purpose and Ultra Fine Pads may be used with lubricants and solvents. General Purpose - Clean up dirty parts in solvent tank • Light corrosion removal on steel and aluminum parts. Commercial - An aggressive hand pad for waterbased products only. •Not to be used with solvents. •Heavy duty rust removal and general cleanup Ultra Fine - For scuffing in new rod and main bearings. • Light corrosion removal on steel and aluminum parts.

Description	Size	Grain	Color	Qty.	Part No.	Price
General Purpose	6" x 9"	A/O	Maroon	1 each	12-00861-1	**$0.81**
Ultra Fine	6" x 9"	S/C	Gray	1 each	12-00862	**$0.82**
Heavy Duty	6" x 9"	A/O	Tan	40 pack	12-00864	**$79.95**
Hand Pad Holder	-	-	Orange	1 Hand Pad Holder, 4 Sanding Pads	12-00865	**$15.90**

BENCH GRINDER DISCS

Quickly remove carbon from pistons and valve stems. Great for light deburring head bolts and studs. One disc is flexible when run alone. Stack as many discs on at a time for the desired finish and removal rate. Safer than a wire wheel, with a much better finish. The very fine grade Bench Grinder Discs are packaged 10 to a pack, and the medium grade Bench Grinder Discs are packaged 5 to a pack.

Size	Grain	Grade	Max RPM	Part No.	Price
6" x 1/2"	A/O	Very Fine	3,600	12-00847	**$42.00**
8" x 1/2"	A/O	Very Fine	3,000	12-00849	**$39.50**

METAL POLISHING KIT

Not Actual Size.

Save time and money with this generous assortment of our most popular types and grits of Straight Cartridge Rolls, in Coarse, Medium and Fine grades. Keep these Cartridge Rolls in your shop for a variety of hard-to-reach applications. Essential tools for engine porting, including intake manifold, heads and exhaust manifold. Kit includes 1/4", 3/8" and 1/2" cartridge rolls, in 40 and 80 grit, and mandrels.... Metal Polishing Kit (3" Dia.)
P/N 12-00846 ..... **$48.25**

7"CUTTING WHEEL 1/2" X BRE 1/16"

Oxide abrasive wheel - fine abrasive for burr-free cutting of thin wall tubing and applications which require a fine finish.
•Wheel Size: 7" x 1/16" x 1/2" • Max RPM: 8,700 • Weight: 6lbs • Standard Grades: A60TBE 3C14

TIGHT-FIT DRILL KIT

Space, every inch of it, is at a premium in aircraft design as shape and weight is critical to function. Also, airplanes are riveted together which requires thousands of holes to be drilled in difficult locations without scratching or marring the work surface. So, engineers needed to design a versatile "chuck-less" drill attachment that could reach into very confined areas. The answer was found in putting threads on the shanks of drill bits. The benefits are significant. Threaded drill bits eliminate the need for a chucking mechanism. Freed of this restriction, it is possible to do a wide variety of jobs in places with extreme space limitations (less than 1" x 2"). Chuck slippage is all but eliminated while the precision mating angle between threaded drill and drive spindle insures concentricity. Drill bit change times are reduced, an exact working drill bit length is insured and the chance of marring or scratching the work surface is greatly reduced. The Model 00105 Kit includes: a versatile close-quarter Right Angle Drill Attachment capable of drilling up to 1/4" diameter holes and compatible with all standard power drills, a 6" Threaded Extension for those deep hard-to-reach spots, a Chucking Spud which allows direct use of threaded TightFit® drill bits and extensions with your standard drill motor, five aircraft quality threaded TightFit® drill bits (Short Drill Bit Set, 00133), a Tight Fit® 3-Way Wrench, and is packaged in a red, heavy-duty, blow-molded storage case. Features: Attaches to any power drill; Recommended operating speed not to exceed 2500 rpm. • Light weight; Right angle drill weighs 1/3 of a pound and rotates 360 degrees for tight-spot access. • Threaded components allow for fast, easy tool changes; Drill over, under or around obstructions. • Design allows "deep reach" in confined areas; Provides utility of extension drill bit set.

CARBIDE TIPPED HOLE CUTTERS

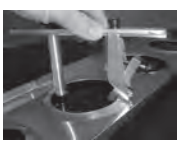
Multiple tungsten carbide tips for long life and smooth cutting. Cut fast, accurate, high quality holes in stainless steel, copper, aluminum, steel. Flange stop prevents over drilling. Replaceable cobalt steel pilot drill, with split point tip design, to improve performance and resist walking; eliminates need for "center punch." Size :7/8in. 22.2mm Min. Chuck Size:1/4in. 6.4mm PG 13 Coduit Size :1/2'' Maximum Cutting Depth: 8 Ga. (4 mm)

P/N 12-03715 ..... **$27.25**

BLAIR HOLE CUTTER

The Blair hole cutter fits any 1/4" drill and set includes 7 blades (1/4" to 5/8" arbor), pilot and holder. The blades are threaded onto arbor and precise control of the depth of cuts is provided by adjusting screws. Over 3000 holes in sheet metal can be cut by each blade.

Model TP147 .....P/N 12-00243 ..... **$79.75**



FLANGING-360 TOOL

This is a companion tool to the ARC-360 lightning hole cutter. The Flanger-360 will form a 30 degree flange on 2024-T3 aircraft aluminum up to .032" thick and in diameters from 2 to 6 inches. Its polished hardened steel rollers gently and effortlessly form the flange as the operator rotates the tool around the lightning hole. Unlike other flanging tools that rely on the skill and eye of the operator, the Flanger-360 stays in constant position with the lightning hole via guide rollers as it progressively forms the flange.

P/N 12-02030 ..... **$149.95**

UNIBIT STEP DRILL

The UNIBIT Step Drill uses a unique single flute design to drill perfectly round holes in thin materials quickly and with less effort than any other bit on the market today. UNIBIT incorporates cutting steps of progressively larger diameter, making it possible to drill up to 13 different hole sizes with a single bit. Once the desired hole diameter is obtained, the hole is automatically deburred by the cutting edge of the next larger step. UNIBIT #1 drills 13 holes in 1/32" increments from 1/8" through 1/2" and has a shank size of 1/4". UNIBIT #2 drills 6 sizes of holes from 3/16" through 1/2" and has a 3/8" step thickness with a 1/4" shank. UNIBIT #3 drills 9 sizes of holes from 1/4" to 3/4" and has a step thickness of 1/8" with a 3/8" shank. UNIBIT #5 drills holes 1/4" - 1-3/8". 10 steps.

Left Hand Shears.....P/N 01-00398 ..... **$32.50**

FISKARS 9" PINKING SHEARS

These orange handled pinking shears keep your projects from unraveling at the seams. Ergonomic handles give comfort and control, extended lower blade to help lift fabric while cutting. Adds functional pinking edge to prevent fabric fraying. Tested to ensure clean cutting even through multiple layers of cloth to the tip. P/N 12-02942..... **$7.65**

OFFSET KEVLAR CUTTING SHEARS

Although Kevlar has many advantages over conventional fiberglass weaves, it is very difficult to cut. Special scissors have been developed to facilitate cutting. These scissors have a wear -resistant coating which is metallurgically bonded to the steel substrate. The coating will not chip or peel off and can be sharpened.

Model WR-10E-4 Shears ..... P/N 01-00341 ..... **$72.50**

ECONOMY KEVLAR SCISSORS - GINGHER® Scissors cut Kevlar exceptionally well. Lightweight, extremely sharp and comfortable, these 2 1/2 oz. scissors are perfect for use during the lay-up. Soak in acetone for easy clean-up. We recommend saving one pair for only cutting Kelvar®, and keep ing a second pair for general use. P/N 01-00342..... **$44.65**

QUICK GRIP BAR CLAMPS

From the makers of Vise-Grip tools comes the amazing new Quick-Grip bar clamp. The unique pistol-grip handle lets woodworkers hold the clamp and adjust jaw pressure with just one hand. One finger unlocks the Quick-release trigger. Features include positive locking action to hold work tight, strong, lightweight high-tech construction, instant adjustable clamping pressure, large, pliable pads that won't mar work, and a variety of jaw openings. It will "single-handedly" change the way you think about bar clamps!

ADEL HAND "NIBBLING" TOOL

Cuts sheet metal like punch and die. Cuts holes to any size and shape. Start with 7/16" hole then "nibble" to size required. Capacity 18 Ga. steel. Wt. 8 oz. ..... P/N 12-10400 ..... **$28.65**
Replacement Punch ..... P/N 12-10500 ..... **$14.75**

CUSHIONED CABLE CLAMP (ADEL CLAMP) INSTALLATION PLIERS

These special pliers allow for greatly simplified installation of single or multiple Adel type cushioned clamps. The pliers securely hold the aligned clamps in position, allowing for easy installation of securing hardware. Each kit includes special plier, alignment awl, and simple instructions.

P/N 12-02017..... **$34.75**

ADEL CLAMP KEEPER

Precision slots on this spring steel tool slide onto and capture #8 or #10 screw threads while assembling Adel type clamps. Use two tools to butterfly one clamp on top of another. ..... P/N 12-02588 ..... **$12.65**

KETT PORTABLE POWER SHEARS

ELECTRIC MODEL K-200 – Extra-powerful 115V, 50/60 cycle AC/DC motor. Heavy-duty bearings & die-cast aluminum cutting head. Tool is UL and CSA approved. 2300rpm. Maximum cutting speed, 180 inches/minute. Wt. 5 lbs. Over-all length, 11.75". Ampere rating, 2.2 amps.

P/N 12-01137 ..... **$218.95**

ELECTRIC MODEL K-442 – Kett's all-purpose 16 gauge power sheers cut up to 16 gauge mild steel, cleanly and easily, without burring or buckling the material. These lightweight shears, designed for durability, feature a variable speed motor and fill the gap between Kett's light duty and heavy duty power shears.

P/N 12-01153 ..... **$257.95**

PNEUMATIC MODEL P-500 – Equipped with air-metering trigger for variable-speed cutting, so that initially the blade can be operated slowly to prevent chattering at start of cut. 2600rpm. Maximum cutting speed, 180" per min. Wt. 3 lbs. Over-all length, 9". P/N 12-01158 ..... **$199.85**

KETT KB-301 CORDLESS 18GA SHEAR

High torque 2300 SPM motor lets you easily cut 18 gauge mild steel or up to 20 gauge stainless at over 150"/minute. The swivel head gives you precise control as you make straight or contour cuts. The double-cut shearing action leaves a clean burr free edge and won't warp or bend the piece. Extended run time NiCad battery recharges quickly and there's room for a spare, and the charger unit, in the handy carrying case. Length: 12-3/4", Weight: 7 lbs. The kit includes the KB-301 power shear, KB-302 14.4 volt NiCad High Performance battery. KB-303 battery charger and KB-304 carrying case.

Model No.	Description	Part No.	Price
KB-301-K	Cordless Shear Kit #300	12-00117	**$314.95**
KB-302	14.4 volt NiCad Battery	12-00118	**$61.25**
KB-303	One Hour Battery Charger	12-00119	**$62.00**
KB-304	Carrying Case	12-00121	**$26.30**

KETT KD440 14GA POWER SHEARS

Cuts 14 gauge mild steel and most grades of stainless to 16 gauge. Cuts over 150 inches/minute, leaving a clean, flat sheet, ready to fabricate. Distortions are absorbed in an easily disposed of waste curl, leaving the sheet cool and free of burn, chips, and burrs. The cutting blades are finest high speed steel. (Also cuts sheet metal, Stainless and Plastics) P/N 12-00676.....**$229.95**

KETT KD-446R PROFILE SHEARS

Cuts profile and flat materials up to 18 gauge, spiral duct, wire mesh and many other materials. Can cut tight curves at a radius of three inches. The blades are made of high quality steel, heat treated and precision ground. The motor is variable speed up to 2500 RPM and cuts up to 28 feet per minute.

Features: • 5.0 amp pistol grip • Replaceable A-2 tool steel shear blades.• These snips cuts C.R. mild steel 18 gauge and lighter, wire mesh to 18 gauge, spiral pipe, metal studs and corrugated metal

Right Hand ..... P/N 12-02507..... **$259.85**
Left Hand..... P/N 12-02509..... **$259.85**

MINI-CUTTERS ELECTRIC SHEARS

The Mini-Electric Cordless Cutter is perfect for all-purpose cutting needs. It slices through all fabric, paper, and leather materials easily. It features a cordless, rechargeable system and can also operate with AC power. The shear is a lightweight and easy-to-use industrial cutting tool. Great for cutting materials like Kevlar®, Carbon fiber, glass fiber, Zylon® and other composite materials up to 1/8" thick. Kit Includes: All-purpose blade, AC Adapter, Rechargeable DC Battery, Charger / Power Cord, Shoe base head

P/N 12-02525..... **$145.95**

CORDLESS ELECTRIC KEVLAR SCISSOR KIT

The USATCO cordless electric kevlar scissor kit cuts aramid fibers, kevlar and other tough materials! Lightweight and maneuverable with superior ergonomic design. Requires much less effort than cutting manually. Short rapid strokes for intricate work. This can be operated with cord and adapter for unlimited cutting time. P/N 12-02630 ..... **$149.95**

PIG® FORM-A-FUNNEL® DRAINING TOOLS

The innovative Form-A-Funnel has literally hundreds of uses. For aircraft owners, it makes aircraft oil servicing a breeze. The larger model (18611) was designed to be formed into a channel that can be easily inserted into your engine compartment, weaving its way past engine accessories and into a snug position under your oil filter. After loosening the filter, the oil drains to a position outside your cowl, preventing the messes that usually occur, and keeping oil off the inside of your cowling (and off the hangar floor).
The flexible material holds its shape -- you can bend it around the surrounding structures in your engine compartment and it will support itself. The Form-A-Funnel's flexible lip seals against the engine case or drain port, ensuring that not a drop is spilled. No more improvised cardboard channels, and no more bulky and hard-to-clean plastic funnels!
The smaller model (18609) is perfect for small engine repair or servicing, automotive work, changing the oil in your air compressor, draining and pouring fluids or granular material, creating all kinds of funnels, and making improvised pans and fluid channels.
Form-A-Funnel is constructed of a thin layer of flexible metal covered with a tough outer layer of Nitrile rubber. It's reusable and will last for years. It cleans up with just a wipe, and you can store it rolled up or flat. No other funnel can go in your pocket or in the drawer of your toolbox! It resists all common aviation and household chemicals, including oil, fuel, hydraulic fluid, transmission fluid, antifreeze, battery acid and solvents. Form-A-Funnel is one of the most clever tools you'll ever own!
14.5" X 6.5"..... P/N 12-03147 ..... **$19.95**
29" X 5"..... P/N 12-03148 ..... **$29.95**

CLAMPTITE TOOLS

With stainless steel components and an aluminum body, this tool was designed for the outdoors man, fisherman and farmer who would have it around a corrosive environment. The stainless steel components are stronger and you can just toss it in the tool box that is in the truck, boat or tractor. The tool is great for emergencies and tough wire jobs. This is the original marine grade tool.
4 3/4" Long - 7" Fully Extended
P/N 12-02633 ..... **$39.95**

Plated steel components with aluminum body. This tool was designed with the mechanic in mind who would have it around grease, oil and a controlled environment (non corrosive). Great for the CV boots, fuel line, thermostat housing, radiator hose and air hose type repairs.
4 3/4" Long - 7" Fully Extended
P/N 12-02634 ..... **$29.95**

This tool is machined stainless steel with a one piece body and nose and bronze nut. The tool was designed with the detailed craftsman who need a long lasting tool able to hold up to extremely tough wire while clamping, binding and pulling the wire until the job is complete.
4 3/4" Long - 7" Fully Extended
P/N 12-02632 ..... **$69.95**

TOGGLE CLAMPS

Easier to use than regular C-clamps. Quick-release style. Removable rubber pads on each screw. Gap: 1"
1-1/2" Reach.....P/N 12-02863.....**$14.65**

SCREW & BOLT SHEAR

The Screw & Bolt Shear is a bolt cutting device manufactured from very high quality tool steel which is hardened, tempered & machined to very close precision tolerances. The action of this tool is similar in nature to a "guillotine" design and is quite effective in cutting screws/bolts to specific lengths. The cutting body of the SBS-1 will accommodate screws or bolts in sizes of 4-40, 6-32, 8-32, 10-32, 10-24, 1/4-20 & 1/4-28. P/N 12-14250.....**$98.90**

QUICK ANGLE - MEASURING ANGLES & PITCHES

A multi-functional revolutionary new tool for measuring angles and pitches. It's rare to find one tool that will accomplish so much (miter cuts for one and duplications for another). Use this one-in-all tool to compliment and enhance your tool box. P/N 12-02458.....**$28.95**

TO

AMP PRO CRIMPER II HAND TOOL

The PRO-CRIMPER II Hand Tool provides the versatility of general-purpose service of general-purpose service tools along with the reliability and ease of use of many premium-grade tools For versatility, 75 die sets (available separately) are interchangeable, including those for open-barrel contacts and terminals. Additionally, many of these die sets have multiple cavities for crimping a variety of contact or terminal sizes. For reliability, the tool is constructed of durable high carbon steel with extra-strength pivot pins. And, for user convenience, the PRO-CRIMPER II Hand Tool particularly excels. Ratchet control is provided for complete crimp cycling; this helps eliminate partial crimps. Also, an emergency ratchet release allows the user to open the tool jaws at any time during the crimp cycle.To reduce handle force, the linkage was designed to match the forces required to crimp our largest insulated terminal. The result is dramatically less hand force than comparable tools. Also, the angled had and specially designed handles provided comfortable operation. Locator are mounted on pin-and-socket style tools They help properly locate the contact in the die set, provide a wire stop, and help minimize contact rotation and bending during crimping.

KOUL SINGLES STAINLESS BRAIDED HOSE ASSEMBLY TOOLS

Since the invention of stainless braided hose, racers and mechanics have been fighting the problem of installing it into the socket part of the assembly. If your lucky and get a clean cut on the end of that hose, you might get it in. Most of the time a little fuzz appears on the hose end and the battle begins. It is not only time consuming, it can get bloody. This tool is the solution that makes the assembly a snap. Manufactured of a high tech composite, it is virtually indestructible. No need to worry about vise marks or wearing out. Just insert the socket into the tool, twist the hose in, and in less than 10 seconds you have it assembled. You can repeat this several times without recutting the hose end. The tool can pay for itself the first time you don't have to scrap some hose because it got too short trying to clean up the end. You'll be amazed at the amount of time you'll save.

SMALL KIT - The Small kit contains the capsules to install -4, -6, -8 hose into their respective sockets. To accommodate all the different manufacturer's fittings, spacers and sleeves are required to tighten up the some of the sockets within the capsule. For the tool to perform at its best, the socket needs to be a snug fit in the funnel. The two spacers are used in some -6's and 8's. If the socket seems loose in the tool, use a spacer to tighten it up. In the small kit, only the Russell -4 needs a sleeve. Not for use with Teflon-style hose. PN 12-01061 ..... **$73.95**

LARGE KIT - The Large kit contains the capsules to install -10, -12, -16 hose into their respective sockets. To accommodate all the different manufacturer's fittings, spacers and sleeves are required to tighten up some of the sockets within the capsule. For the tool to perform at its best, the socket needs to be a snug fit into the funnel. In the 1016 kit, all the -16's except Russell's require the sleeve and a rear spacer. See the instructions in the case for the proper spacer number. Most of the -10's and 12's* will use a spacer. Not for use with Teflon-style hose. * -12 is a stainless washer.
PN 12-01062 ..... **$88.85**

HOT ROD KIT - The Hot Rod kit contains the capsules to install -6, -8, -10 hose into their respective sockets. To accommodate all the different manufacturer's fittings, spacers and sleeves are required to tighten up some of the sockets within the capsule. For the tool to perform at its best, the socket needs to be a snug fit into the funnel. Spacers are used in some -6's, -8's, and most -10's. If the socket seems loose in the tool, use a spacer to tighten it up. See the instructions in the case for the proper spacer number. Not for use with Teflon-style hose.
PN 12-01898 ..... **$110.95**

THE PRO COMBO - The Pro Combo is a special offer of BOTH the #468 and #1016 kits listed above. Pros need both kits to handle all the hose sizes in a race car. Ordering this combination will save $15.00. Not for use with Teflon-style hose.
PN 12-01897 ..... **$147.50**

AMP RIGHT ANGLE DUAL CRIMP TOOL

Amp right angle dual crimp tool. Features: • RF Connector, Gender Plug. Dual Crimp, Right angle body, Waterproof, Without Solder Terminal, without Military Grade, Teflon material, Without Mechanical Attachment Panel Mount. Connector Impedance (Ohm) is 50. Coaxial Cable Termination Type is Crimp. Body Plating is Silver. Center Contact Plating is Gold. Coaxial Cable Type (RG/U or Mfg.) is 214, 9, 9A. Government/Industry Qualification - No. RoHS/ELV Compliance is Not ELV/RoHS compliant. Lead Free Solder Processes is not relevant for lead free process.

P/N 11-10006.....**$148.75**

EXPRESS PORTABLE AIRCRAFT VACUUM

The Express Toner/ESD Vacuum provides .3 micron filtration which captures particles that are less than one one-hundredth the thickness of a human hair. This means these vacuums will do a thorough job of cleaning planes of the smallest particulates like mold spores, chemicals, foreign substances or any other microscopic particles that could be hazardous on a plane. Additionally its light weight (about 6 pounds) makes the Express Vacuum easy to move into and around the interior of an airplane. Plus it is the only product in the market of this nature which is ESD safe, this is of great importance given all the delicate electronic equipment which is found on today's airplanes. Note: Bag is optional and may be purchased separately. Features: 600 Watt Flow Through Motor • 6' ESD safe hose • Crevice tool and brush • 12" Flexneck tool • .3 micron toner cartridge filter • Line filter • 12' power cord • ESD SAFE

PORTA-TEST FUEL INJECTION TEST KIT

Now you can solve Continental fuel injection problems for both naturally aspirated and turbocharged engines right on your customer's airplane. With the patented Porta-Test Testing Unit from Approved Aircraft Accessories, Inc., you can accurately and easily comply with the manufacturer's service bulletins relative to fuel pressures, flow, and turbo components.

Porta-Test is the only approved testing unit available for the calibration of fuel injection systems. As a result, you can quickly perform fuel metering maintenance to improve the service life, performance and dependability of engines equipped with Continental fuel injection systems.

Actual flow meter readings provide exact indication of engine fuel consumption as well as pressure. Indications covering unmetered and metered fuel pressure, turbocharger upper deck and lower deck pressures can be easily checked for correct operation. All troubleshooting can be accomplished with the engine running and without removing components to save valuable man hours and downtime. Complete operator's manual contains necessary specifications and troubleshooting.

The 20 ATM consists essentially of a patented high-accuracy fuel pressure gauge to measure both metered and unmetered fuel pressure; two flowmeters, one with a range to cover idling - low flow - and the other to cover power settings; a dual absolute pressure gauge indicates manifold and turbo discharge operations; and the appropriate valves, hoses, and fittings. P/N 08-07225 .....**$5,375.00**

FULLY RELEASING TORQUE DRIVER

The MD1F35H is an adjustable driver with a range of 5 to 35 lb. in. Body is constructed of steel and anodize aluminum, has a CNC machined knurled grip and 1/4" male drive and comes packaged in a plastic box. The MDP1F35 is is a preset model ideal for repetitive assembly operations. P/N 12-00530 ..... **$209.00**

DIAL TYPE TORQUE WRENCH

Dial Type Wrenches provide unmatched reliability, accuracy and durability for applications where torque measurement is extrememly critical. Models feature a memory pointer that indicates the highest torque achieved during application of torque. 2% accuracy clockwise and counter-clockwise. All wrenches are made in the USA of all steel construction for the highest quality. Both models come with a plastic storage box and a calibration compliance certificate.

3/8" sq.dr. / 300 lb.in.....P/N 12-00531 .....**$199.95**
3/8" sq.dr. / 600 lb.in.-50 lb. ft. .....P/N 12-00532 .....**$199.95**

MICROMETER ADJUSTABLE CLICK WRENCH

Engineered, precision bearing surfaces extend the calibrated life of these micrometer torque wrenches to as many as 60,000 cycles or more and ensure the most reliable performance possible. In addition to flawless operation at release, calibration is completely external, unlike traditional mechanism that require disassembly and the replacement of blocks and shims. Both models come with a plastic storage box and a calibration compliance certificate. 3/8" sq.dr. / 30-200 lbs. ft.....P/N 12-00533 ..... **$197.00**
3/8" sq.dr. / 20-100 lbs. ft.....P/N 12-00534 ..... **$197.00**

TWISTED STRIPPER TWISTED SHIELDED PAIR WIRE PREPARATION TOOL

There is FINALLY a tool to quickly strip the shielded twisted pair wires in your avionics installations!

STP Wire Stripping Problem Background: From the beginning, Mil-Spec Tefzel Shielded Twisted Pair wire has defied every wire stripper available to installers, leaving a razor blade or knife as the best option for removing the outer jacket. This time consuming method is imprecise, and it can easily lead to internal shorts between the center conductors and the shield, especially when solder sleeves are used for shield termination. With the increased use of RS-232, ARINC 429, and other types of data busses in todays aircraft electronics, this type of wire is now a major component of many avionics installations. Stop the Razor's Hidden Damage Ring and slit. That has been the standard way to remove twisted pair jackets since the introduction of this type of wire. This time consuming and innacurate process has obvious disadvantages when compared to the TS-7000: P/N 12-02031 .....**$1,237.00**

ACCU-TAP PRECISION SET

Accu-Tap delivers professional results with every use. Align Accu-Tap using the specially designed sight gauge. The high visibility cross hairs ensure that you will not miss your mark. The v-block makes it easy to drill round stock and tubing and also works on any flat surface. With a flip of a switch, 180 pounds of force is activated in the unique magnetic base securing the guide in the exact location that you need.

Simply select the desired drill bushing and insert into Accu-Tap's locking liner. Grab your favorite drill and see the results unfold. Accu-Tap delivers results within .001". P/N 12-01871..... **$248.95**

FEIN MULTIMASTER SPEED START

For beginners, who do not want to sacrifice professionalism in spite of being price conscious.

Includes: 1 FEIN MULTIMASTER FMM 250, 1 universal E-CUT saw blade (29mm), 5 of each type of sanding sheet, grain 80, 120 and 180, 1 universal E-CUT saw blade (29mm), 1 rigid stopping knife, 1 key and mounting bolts.

Features: FEIN MultiMaster Start - a fully-fledged FEIN MultiMaster, suitable for all applications, featuring the most important accessories for grinding, sawing and scraping. In the lead through oscillation technology: unsurpassed versatility. Optimum handling thanks to ergonomical design and low weight. Chuck with form-fitting mount provides high torque transfer. Powerful 250 Watt motor with electronic speed control. Integrated interface for adaptation of additional system accessories. Extensive range of accessories available

P/N 12-01853..... **$238.95**

FEIN MULTIMASTER START PLUS

The universal system for interior construction and renovation with the basic accessories for the most common applications.

Kit Includes: 1 FEIN Multimaster FMM 250, 1 backing pad, 20 sanding sheets (5 each of grits 60, 80, 120, 180), 1 Universal E-CUT saw blade (1 3/4 in), 1 HSS segment saw blade, 1 rigid scraper blade, 1 wrench and mounting bolts, and 1 tool case. Weight: 2.6 lbs.

Contains 6" Safety Wire Twister and 19" Chrome Adjustable Safety Twister Tool.

P/N 12-01680 ..... **$99.95**

MILBAR 105W PROFESSIONAL WIRING KIT

The most versatile kit available. Contains three different SafetyTwist® Pliers to cover almost any application: 9" Automatic (1W393), 6" Mini (9W) and a 19" Deep Reach Twister (13W). Includes three 1/4 lb. spools of stainless steel safety wire (.020, .032, .041). Durable plastic storage case. Kit weight 4 lbs.

P/N 12-02020 ..... **$173.95**

SAFETY WIRE TWISTER KIT

• 04-134SR - Safety Wire Twister • 04-134SR6 - Safety Wire Twister - Mini • 43-025 - Stainless Steel Aircraft Safety Wire • 43-032 - Stainless Steel Aircraft Safety Wire • 43-041 - Stainless Steel Aircraft Safety Wire• Kit Box 13" P/N 12-02350 ..... **$64.75**

SPECIALTY TWISTER

An excellent tool for different access situations, this twister provides a deep reach and access to close quarters. Made in U.S.A. P/N 13W **$35.85**

SAFETY WIRE TOOL

Easy one-hand operation. Reaches into tight places, makes a fast, neat twist. Shatterproof plastic handle. P/N 12-01072 ..... **$16.50**

SAFETY WIRE STARTER KIT

This handy kit enables you to safety wire any nuts or bolts on an airframe or engine. Just place the special washers under the bolt or nut, bend up the small flanges to hold the bolt or nut in place, and then use the tab of the washer to attach the wire to a solid point so the bolt cannot move. This kit works on the same principle as drilled bolts do and is very handy for those flying with an engine that does not have safety wired nuts and bolts. Excellent for use on 2 stroke engines. Package of spare washers includes 6 ea. of: 6, 8, & 10 mm sizes.

Safety Wire Starter Kit ..... P/N 12-16625 ..... **$18.75**
Package of 18 Spare Washers ..... P/N 12-16626 ..... **$6.75**

AERO SAF-T-BLOKS

Since the introduction of Saf-T-Bloks in 1981, they've helped thousands of mechanics by taking the headaches and hassle out of drilling safety wire holes in bolts and nuts. This easy to use Saf-T-Blok holds the bolt steady after you thread it in to the required depth. You then drill the hole through the center with no risk of misalignment. Saf-T-Blok is available in 4 sizes:

Description	Part No.	Price
Standard: (6 Thread Size) 1/4, 5/16, 3/8 USS & SAE	12-15345	**$28.70**
Metric: (5 Thread Size) 6x1, 8x10, 8x1.25, 10x1.25, 10x1.5	12-15346	**$28.80**
Aero: (5 Thread Size) 8-32,10-32, .25x20, .25x28, 5/16 x 24	12-15347	**$28.70**

NUT SAF-T-BLOKS

Designed to enable safety wire holes to be drilled through the head of bolts or through nuts, across the diagonal. Designed to accept up to 3/4" dia. nut. Easy to use. Nut Saf-T-Blok requires that the nut or bolt be placed into the "V" groove, tighten down the holding screw, drill & deburr. P/N 12-15349 ..... **$31.50**

ALLEN II SAF-T-BLOK STANDARD

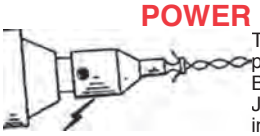
New from MTE industries the Allen Saf-T-Blok2. Design for all socket head cap screws Metric and SAE. With an added plus can be used as a tubing drill guide. As with all the Saf-T-bloks, this takes the headache and hassle out of drilling safety wire holes. P/N 12-02407 ..... **$29.95**

SAFETY WIRE KITS

These kits include professional safety wiring kit for all applications. Contains 9" automatic standard twister, 6" safety wire twister, made of hardened alloy steel-black oxide finish plus (3) 1/4 lb. spools of annealed stainless steel safety wire. (Sizes: 020, 032, 041). Model 100 also includes 19" chrome adjustable safety wire twister (for cavity and deep access applications.

Model 200 ..... P/N 12-16650 ..... **$93.75**
Model 100 ..... P/N 12-00336 ..... **$129.00**

POWER TWIST ADAPTER



This new tool attachment provides quick and precise twisting of safety wire using Skill or Black & Decker type cordless screwdrivers. Just attach the adapter to the screwdriver, insert wire and you will have a neat, tight, easy wire twist. Works perfectly in a wide variety of applications (particularly twists in tight spaces). Available exclusively from Aircraft Spruce & Specialty Co. P/N 12-20800 ..... **$21.95**

SAFETY WIRE DRILLING JIG

This tool provides a fast, simple way to drill bolt heads with virtually no broken drill bits. The tool is made of 6061T6 hard anodized aluminum for durability. Fits 3/16" to 5/8" dia. bolts and works on hex head bolts, header bolts, 12 point countersink and Allen head cap screws. Includes drill bushings and two cobalt drills. Made in U.S.A.

P/N 12-16600 ..... **$59.95**

TO

STRIPPER/CUTTERS

Klein wire strippers and cutters cut, strip, gauge and loop a wide range of wire types and sizes. Made of strong, hardened steel with comfortable handles, these tools are durable and long lasting.

11055 KLEIN-KURVE™ WIRE STRIPPER/CUTTER

Solid and Stranded. Double-dipped comfort grips with curved handles, cuts, strips, loops and gauges 10-18 AWG solid wire and 12-20 AWG stranded wire, cleanly shears 6-32 & 8-32 screws, coil spring provides fast, self-opening action. P/N 12-00235 ..... **$19.75**

11057 KLEIN-KURVE™ WIRE STRIPPER/CUTTER

Solid and Stranded. Double-dipped comfort grips with curved handles, cuts, strips, loops and gauges 20-30 AWG solid wire and 22-32 AWG stranded wire, cleanly shears 6-32 & 8-32 screws, coil spring provides fast, self-opening action. ..... P/N 12-00236 ..... **$18.90**

11045 KLEIN 10-18 WIRE STRIPPER/CUTTER

Strips 10 to 18 AWG solid wire, easy-to-read wire gauge markings, comfortable handles with cushion ridges. ..... P/N 12-00233 ..... **$14.75**

11046 KLEIN 16-26 WIRE STRIPPER/CUTTER

Strips 16 to 26 AWG stranded wire, easy-to-read wire gauge markings, comfortable handles w/cushion ridges ..... P/N 12-00234 ..... **$12.95**

KLEIN WIRE STRIPPERS 6-12

This lightweight Klein-Kurve wire stripper-cutter strips large gauge 6-12 AWG stranded wire and eliminates the need for a skinning knife. The tool clearly shears 6-32 and 8-32 screws and has a serrated pliers nose, which allows the user to pull, grip, and twist wire design adn double-dipped textured grips provide control and comfort.
P/N 12-01456 ..... **$9.25**

63020 KLEIN-KURVE MULTI CABLE CUTTER

Designed with 3 different cutting blades; anvil cutter, a copper curved cutter & a steel cutter. Cleanly shears 6-32 & 8-32 screws, double-dipped comfort grips with curved handles, coil spring provides fast self-opening action. P/N 12-00496 ..... **$22.85**

KLEIN TOOLS CABLE STRIPPER / CUTTER

Klein Tools added its new QTR-Turn NM cable stripper/cutter with Klein-Kurve handles to its existing line of strippers and cutters. The QTR-Turn technology allows users to place cable in the upper jacket strippers, squeeze the handle, and turn one-quarter to completely sever the outer jacket. It utilizes spring-loaded action for self-opening. ..... P/N 12-01770 ..... **$17.95**

63030 KLEIN 8-1/4" CABLE CUTTER

Cuts up to 1" diameter aluminum and copper coaxial cable, curved jaws firmly grasp cable, shear-type cutting blades, precision, one-hand shearing action. ..... P/N 12-00497 ..... **$39.25**

CRIMPING/CUTTING TOOL

This tool is designed to crimp insulated and non-insulated 10 to 20 AWG solderless terminals & connectors. It has easy-to-read tool markings to identify the insulated or noninsulated crimping dies. Its tapered nose design works well in tight places and has specially hardened cutter in th nose for quick, clean cuts. Size: 9.75". Lifetime warranty..... P/N 12-00698 ..... **$36.50**

KLEIN SCREW-HOLDING SCREWDRIVERS

Unique screw-holding design in which screws are held at the tip of drivers for precise placement in tight, hard-to-reach places and allows both torquing and tightening of screws. Starts and drives screws with one hand when working in hard-to-reach spaces.
1/4" Slotted ..... P/N 12-02702 ..... **$9.85**
1/4" Phillips ..... P/N 12-02701 .... **$10.80**

KLEIN HIGH-TENSION HACKSAW

Adjustable blade tension of up to 30,000 PSI for fast, precise cuts, along with soft touch grips for comfort. The alternative 45-degree mounting is perfect for flush cutting, and there's a front mount for reciprocating saw blade. There's a space to store your blade in the handle, and it comes with a 12" x 24 TPI bi-metal hacksaw blade and 6" x 24TPI bi-metal reciprocating saw blade..... P/N 12-02641 ..... **$23.25**
6" Replacement Blade..... P/N 12-02705 ..... **$17.35**
24" Replacement Blade..... P/N 12-02706 ..... **$23.95**

PLIERS

Designed and built with exceptional quality standards in a tradition that dates back to 1857. Klein specializes in the making of the world's finest pliers, for the professional. What makes Klein pliers different is induction hardening of cutting edges, pliers head hardness, hot riveting and special handle hardness.

D228-8 KLEIN 8" DIAGONAL-CUTTING PLIERS - High-leverage, standard-bevel cutting knives, with hand-form style plastic-dipped handles.
P/N 12-00228 ..... **$24.85**

D203-6 KLEIN 65/8" LONG-NOSE SIDE-CUTTING PLIERS - Standard cutting knives at hinge, wraps, loops, and cuts, plastic-dipped handles.
P/N 12-00229 ..... **$21.50**

D203-6 KLEIN 85/16" HEAVY-DUTY LONG-NOSE SIDE-CUTTING PLIERS - Induction hardened cutting knives, greater cutting power, hot-riveted joint, plastic-dipped handles.
P/N 12-00230 ..... **$27.50**

D252-6 KLEIN 6" DIAGONAL-CUTTING PLIERS - All-purpose, heavy duty, tapered nose, induction hardened cutting knives, hot riveted joints, plastic-dipped handles.
P/N 12-00231 ..... **$27.50**

D202-5 KLEIN 85/16" DIAGONAL-CUTTING PLIERS - With tapered nose, standard bevel cutting knives, plastic-dipped handles.

TO

KLEIN HOLE SAW KITS

Klein Hole Saws feature bimetal cobalt construction which allows for heavy-duty cutting; they can cut through studs in one pass. They also have multiple knock-out slots and holes for easy core removal. Carbide grit hole saws work well for cutting abrasive materials and offer a smooth cut with minimal tear-out.

Electrician's Hole Saw Kit -
Contains the most popular sizes for basic electrical work. Hole Saws: 7/8", 1-1/8", 1-3/8", 1-3/4", 2", 2-1/2" Arbors: 7/16" (qty.2) P/N 12-00969..... **$88.75**

JOURNEYMAN'S HOLE SAW KIT - The most frequently used sizes and an arbor extension for hard to reach spots. Hole Saws: 3/4", 7/8", 1-1/8", 1-3/8", 1-1/2", 1-3/4", 2", 2-1/4", 2-1/2" Arbors: 1/4", 7/16" (qty.2), arbor extension P/N 12-00970..... **$129.95**

MASTER ELECTRICIAN'S HOLE SAW KIT - Includes the most commonly used saws and arbors. Hole Saws: 7/8", 1-1/8", 1-3/8", 1-3/4", 2", 2-1/2", 3", 3-5/8", 4-1/8", 4-1/2" Arbors: 1/4", 7/16" (qty.2)
P/N 12-00971..... **$172.95**

LARGE SIZE HOLE SAW KIT - Contains necessary sizes to upgrade a basic hole saw kit into a master set. Hole Saws: 3", 3-5/8", 4-1/8", 4-1/2" Arbors: 7/16" P/N 12-00972..... **$109.95**

KLEIN ELECTRICIAN TOOL SETS

Designed for beginner and experienced wirers, these tool sets range in size from a basic 14-piece assortment to the 41-piece comprehensive collection. Each set contains Klein premium products, such as wire stripper/cutters, screwdrivers, and pliers, plus protective eye wear and a pouch or tool bag for toting and storage. Each set offers a cost savings when compared to buying the tools separately. Tools in Electricians sets have standard handles. Tools in Journeyman sets have state of the art dual-material handles which provide a superior grip without sacrificing tool strength or durability.

KEARNEY SWAGER

This portable, hand-operated roll type swaging machine will swage MS type terminals onto galvanized and stainless steel cables from 1/16" diameter up to and including 3/16" diameter. Includes machine, a full set of roll dies, terminal gauges and feed guide adapters & instructions in a steel carrying case. Wt. 95 lbs. New manufacture. All replacement parts available. Special order
P/N 12-01188 ..... **$6,397.00**

FLYING WIRE TENSIOMETER

This tool is used for setting the tension on flying wires from 1/4" - 1/2". Tension ranges from 200 lbs. to 2400 lbs. Can also be used for setting drag, anti-drag wire tension. Ideal for use on Stearmans, Wacos, and Pitts, etc. To use this tool you will need a torque wrench.
P/N 12-12500 ..... **$244.50**

SOFT JAW PLIERS

This new tool is suitable for loosening and tightening threaded locking collars of electrical connectors without marring the gripping surfaces of the collars. Excellent for use on AN and MS connectors, plated pipe and fittings, plastics, glass and ceramics. The soft jaws will not crack or chip plating. Ideal for rod, tube or sheet. Grip Range: 3/4" to 2-1/2" dia. Made from heat-treated steel with black oxide finish. Meets government. Specs. American Made. P/N 12-16800.....**$21.50**

GREASE JOINT REJUVENATOR - PROFESSIONAL MODEL

Have you ever tried to push grease in through a grease fitting and couldn't? The Grease Joint Rejuvenator opens clogged grease joints and fittings effortlessly in less than a minute!

- Opens clogged grease fittings & joints
- Cleans and replenishes old and dirty grease fittings
- Loosens dried grease in joints
- Cleans ways and stays in milling machines and lathes
- Lubricates bearings on farm, lawn & construction equipment.

How it works: Remove the piston end and fill the tool with penetrating oil. Then place the end over the grease fitting and tap on the piston head with a hammer until it starts to move down into the tool body. The hydraulic pressure created by tapping on the piston forces the penetrating oil into the grease joint where the blockage is and loosens the old hardened grease (or dirt), flushing the blockage and clearing the way for new grease

Grease Joint Rejuvenator (Pro Model).....P/N 12-01038 ..... **$34.95**

COMPRESSION WHISTLE ALERT

No more burning your fingers and hands! Just Listen! Insert Whistle Alert™ into any 14mm spark plug hole and bump the engine until you hear the whistle. You are now on the compression stroke!

- Easily find Top Dead Center compression stoke
- Turn engine over from inside the car and listen for the whistle.
- Made of steel and aluminum
- Made and assembled in the USA.

Whistle Alert (Rigid).....P/N 12-01039 ..... **$15.75**
Whistle Alert (Flex).....P/N 12-01041 ..... **$12.65**

ENGINE CALIBRATION & SET-UP KIT

The Engine Calibration & Set-up Kit gives you innovative tools that help eliminate mistakes when setting up mechanical engine timing sequences, timing chains, timing belts, balance shafts and belts, distributor installations and general engine set-up.

Kit includes: •Standard 6" (14mm) and Extended 10.75" (14mm) •TDC Indicators
•Compression Gauge Extension
•Compression Whistle Alert™
•Crank Stopper
•18mm & 12mm Spark Plug Hole Adapters, extra nipple for compression tube to whistle conversion.

Engine Calibration & Set-Up Kit..... P/N 12-01040 ..... **$111.95**

STEELMAX DRYCUT SAW S14

Utilizing a 14" carbide tipped blade, the Steelmax S14 cuts through metal faster, safer and cleaner than abrasive chop saws in a fraction of the time and cost. Powered with a 15 amp motor and geared to turn slower than a chop saw, the S14 dry cutter cuts like a cold saw, but at a fraction of the cost. Sold standard with a 14" carbide tipped mild steel blade attached, heavy duty, industrial strength cast iron base and two position locking vise, this saw is ready for immediate action! Cuts solid mild steel up to 1"thickness; cut profiles: pipe, angles, channel with a depth of cut up to 4-3/4". Bevels to 45 degrees. Saves time and money giving cool cuts that need little to no finishing, eliminating any need for grinding or cool down time. P/N 12-01717 ..... **$569.00**

CABLE CUTTERS - SWAGERS

FELCO CABLE CUTTERS

A cable when crushed or deformed is difficult to use with fittings. These fine quality Swiss made cutters, with unique triangular jaws, never leave a frayed end.

#C-7F CUTTER - Capacity 3/16" diameter and smaller. Length 8". Wt, 10 oz.
P/N 12-01135 .....**$48.50**

#C-9 CUTTER - Cuts 1/4" steel cable
P/N 12-00179 .....**$142.95**

#C-12 CUTTER - Capacity 3/8" diameter and smaller. Length 19". Wt. 3 lbs.
P/N 12-01174 .....**$198.75**

#C2A CUTTER - Snub nose for loose cuts. 10% harder blade than C7 for long life and cutting of very hard wire or cable. Opening of tool cuts up to 2mm wire & stranded cable. P/N 12-00223 ..... **$56.50**

S & F CABLE CUTTERS

A fine tool made from high quality alloy steel and heat treated for best cutting action and long life of cutting edges. Handles shaped for comfortable grip and minimum cutting effort. Max. capacity 3/16" dia. 1 x 19 cable.
No. 316 Cable Cutter.....P/N 12-18600 ..... **$18.50**

BENCH MOUNT FOR #316 CABLE CUTTER

This bench mount adds to the versatitlity of the #316 cable cutter. Mounts with 2 screws to a bench or plate. Fingers can still grip the tool. Easily removed. P/N 12-00674.....**$3.50**

S & F HARD WIRE CUTTER

These quality cutters feature a unique handle design with thick "T" shaped vinyl handle grips for maximum comfort while cutting. Cuts 3/32" maximum diameter music wire, heat treated steel spring wire, stainless or galvanized cable. Produces clean square cuts. Gold iridite finish for maximum rust protection. Length: 6". Wt. 7 oz.
Model No. 093. ..... P/N 12-18605 ..... **$17.95**

CABLE TENSIOMETER

This precision instrument gives accurate readings over a wide range of cable tensions. No preliminary adjustments are necessary. May be used continuously without resetting or checking. Extreme heat or bitter cold does not affect the accuracy of the readings. One instrument is usable on many cable sizes with absolute accuracy. The small size permits entry through small openings and permits accurate readings on cable located in confined areas. The entire operation of testing cable tensions can be done with one hand in a matter of seconds. Range in Lbs.: 10-100 on 1/16", 3/32", 1/8"; 15-150 on 5/32", 3/16"; 25-150 on 7/32", 1/4" .....T5-2002-101-00 ..... **$838.00**

BURROUGHS CABLE GAUGE

Easy to use - just squeeze ball handle, put gauge on cable, release handle and read tension on rotation dial. No conversion charts necessary. Tension range: 10–70lbs. for 1/16" cable, 15 - 70 lbs. for 3/32 & 1/8" cable. 50-350 lbs. on 5/32" & 3/16" cable. Only 3-1/4" wide. Fits through inspection hole.
For 1/16", 3/32", 1/8" .....P/N 12-19200 ..... **$182.95**
For 5/32", & 3/16".....P/N 12-19210 ..... **$167.50**

TENSITRON CABLE TENSION METERS

Standard Features of all models: • Easy one-hand operation • No interchangeable parts are needed to adapt to different cable sizes • Memory Lock Pointer holds readings until cleared • Calibration chart affixed to back of meter • Durable and made of non-corrosive materials • Weigh approximately 21 oz. Compact design allows engagement of meter onto cables closely routed along floors, flat surfaces and other minimum clearance areas. Models ACM-100, ACM-200, ACM-300, ACM-400 are compact enough to allow use in limited access panels as small as 4" dia.

Model	Part No.	Price
ACM-100 - Designed to measure from 5-100 lbs tension in 1/16", 3/32", 1/8", 5/32" diameter cables.	12-01050	**$769.00**
ACM-200 - Designed to measure 20-200 lbs tension in 1/16", 3/32", 1/8", 5/32", 3/16", and 1/4" diameter aircraft cables.	12-01051	**$769.00**
ACM-300 - Designed to measure from 40-300 lbs tension in 3/32", 1/8", 3/16" and 1/4" diameter standard cables.	12-01052	**$835.00**
ACM-400 - Designed to measure from 40-400 lbs tension in 3/32", 1/8", 5/32" and 3/16" diameter standard cables.	12-01053	**$769.00**
ACM-600 - Measures tension from 40-600 lbs in 1/8", 5/32", 3/16" and 1/4" diameter aircraft cables.	12-01362	**$839.00**

ECONOMY SWAGING TOOLS

NO. 2 SWAGE-IT - For use with sleeves for 1/16", 3/32" and 1/8" cable. Swaging pressure applied by using a wrench to tighten bolts. Size: 1/2" x 1" x 7". Wt. 1 lb. Cadmium plated. P/N 12-12000 ..... **$19.50**

NO . 3 SWAGE- IT - For use with sleeves for 1/8", 5/32", 3/16" and 1/4" cable . Same design as No. 2 tool but larger. Size: 3/4" x 1-1/2" x 14". Wt. 3-1/2 lb.
P/N 12-12100 ..... **$38.75**

SWAGE-IT RIGGING KIT

This Swage-It rigging kit contains everything you will need for rigging and emergency repairs of Nicopress sleeves on cables. Includes the #2 Swage-It tool for 1/16", 3/32" and 1/8" sleeves, 1/2" extension wrench for use on the #2 tool and a #316 cable cutter. Size: 4-1/2" x 9". Packaged in a clear plastic tube with vinyl caps to better protect tools.
P/N 12-12200 ..... **$49.50**

LOCOLOC® HAND SWAGER NO. 1-SC

Designed for swaging copper and aluminum 1/16, 3/32, 1/8, 5/32 and 3/16 oval and stop sleeves, plus 7/32 stop sleeves, total of 11 sizes plus the ability to cut up to 7/32 diameter aircraft quality steel cable. A multi cavity hand cable swaging tool with a dozen functions. 26 inches long, weighs 6.5 pounds. Parts list included with each cable swaging tool. To assure proper swaging of Locoloc® aluminum, copper and stainless steel sleeves there is a Locoloc "Go" "No Go" gauge with each cable swaging tool. P/N 12-12400 ..... **$234.95**

LOCOLOC HANDSWAGING TOOL

LocoLoc #1-3-SBHS Hand Swager – This tool is an outstanding small hand tool, and it does a great job of swaging small sleeves. This is a (4) cavity tool, swaging sleeve sizes 1/32", 3/64", 1/16", 3/32" and #12 SEISMIC.
Ratchet mechanism will not release until swage is complete. Swages copper and aluminum sleeves only. Usage instructions and swage gauge included in each tool. Each LOCOLOC Swager is supplied with a gauge. Application: Copper Oval Sleeves, Copper Oval Plated Sleeves and Aluminum Oval Sleeves P/N 12-00222..... **$109.50**

GO-NO GO SLEEVE GAUGE

When the proper slot in the gauge slips over the compressed area of the sleeve after swaging then your swage is satisfactory. If the proper slot does not fit over the compressed area of the sleeve after swaging then your tool is out of adjustment and your cable assembly will not hold the rated breaking strength of the cable which should be the result when oval sleeves are used to form a loop or eye in a cable assembly. GA-1P: Gauges all swages performed on 1/32", 3/64", 1/16" 3/32", 1/8", 5/32", and 3/16" oval and stop sleeves. P/N GA-1P **$10.90**

NO-GO GAGE

The No-Go gage requires inspection of rollers; roller housings, seat rails, engagement pin, and attaching hardware. There are five measurements required for each pilot and co-pilot seat, these two tools will shorten the time to make these five measurements to minutes. Tool A measures pin engagement, roller tang width, and roller tang thickness. Tool B measures seat rail hole wear and opening of roller housing tangs. P/N 12-02861.....**$39.95**

NICOPRESS SWAGING TOOLS - 64-CGMP

The 64-CGMP has four grooves and is used for Oval Sleeve in the range of cable sizes from 1/16" through 5/32". The "C" groove is also used for the No. 871-1-C Stop Sleeve. The No. 63V-XPM has three grooves and is used only with Oval Sleeves. For cable sizes 1/8", 5/32" and 3/16".

TENSITRON ACX-SERIES DIGITAL AIRCRAFT CABLE TENSION METER

* Indicate Cable Tensions in Lbs, KG, or Newtons. * Small space access. One-hand operation. Memory storage features. ACX Screen Callouts :Display shows tension, battery charge level, name of calibration selected, and stores and displays up to 5 separate tension readings and their average. * Large, easy to read backlit, graphic display with adjustable backlighting and contrast. * Select cable size from menu. Instrument automatically adjusts calibration to correct setting. * Accuracy is +/- 2% full-scale for all menu-selectable calibrations. Accuracy for custom calibrations is material specific. * Up to 10 calibrations can be entered into instrument. (All calibrations password protected to provide due diligence). * Adjustable LCD refresh rates allow for stable digital readings. * All models factory-calibrated and ready for use on aircraft. * Calibration values traceable to National Standards. Calibration certificate included. Input Real-Time Serial Data into any Windows® application using any number of software wedge programs, such as WinWedge Pro® for Windows, or configure your Windows® operating system to capture the data via HyperTerminal®.

COMPASS FILLING AID

The compass filling aid is designed to be used for filling most standard aircraft compasses. The standpipe is simply attached to the compass with a supplied special rubber band. The compass is then filled and purged through the standpipe. When all air is removed, and the level in the standpipe is constant, the plug is then installed through the filled standpipe. Thus the need for submerging for proper filling is eliminated.....P/N 12-17604 .....**$21.90**

TURNBUCKLE WRENCH CABLE RIGGING

This tool consists of two clamps joined by a 12" length of sprocket type (bicycle) chain. It will accommodate all sizes of aircraft cable. When clamped to cable and fittings at each side of the turnbuckle, anchor the cable to allow free adjustment of the turnbuckle. The adjustment becomes a two hand instead of three hand adjustment.....P/N 12-00833 ..... **$19.85**

THE TOOL GRIP - TOOL AND CRAFT HOLDER

The Craft Grip is designed to hold tools or other items in the same manner as the Pen Grip. It differs only in the method of attachment. The attachment device is a u-shaped clip that fits over the edge of many surfaces and holds the organizer in place. These cups snap firmly onto the gripping unit. Its most popular uses are car and truck visors, tool boxes, painting easels and many other locations without harming or being permanently attached to the surface Available in Black or White.

Get a Grip Tool Grip (Black).....PN 12-00953..... **$6.95**
Get a Grip Tool Grip (White) .....PN 12-00954..... **$6.95**

THE PEN GRIP - PEN AND TOOL HOLDER

The Pen Grip attaches to almost any surface with double stick tape. Just peel off the backing on the attached double stick adhesive, press firmly onto the surface to which you want it attached and insert your tools. The unique gripping fingers hold all sorts of pens, pencils, & tools in many different positions, even upside down. Like the Tool Grip, The Pen Grip is available in White and Black.

STRUT PUMPS – DEBURRING TOOLS

THE GRIPPER - ALL DIGITAL CABLE TENSIOMETER

There are no extra parts to worry about. The Gripper can adapt to 5 Cable sizes 1/16, 3/32, 1/8, 5/32, and 3/16. From 5 to 150lb's. 1%-2% Accuracy. An instrument that will pay for it self quickly. The time savings compared to your current tool will amaze you. Electronically measured readings, assures accurate, reliable and repeatable measurements every time you use the "Gripper". The Gripper heads small size (1 1/8" square by 4 1/8" long) lets you access tight areas as it will go where other just will not go. It comes to you calibrated and ready for use. ***Features***: • Unique Remote Head Fits in to tight areas • Backlit Controller for easy reading . ***Specifications***; • Cable sizes: 1/16, 3/32, 1/8, 5/32, and 3/16. • From 5 to 150lb's • 1%-2% Accuracy

P/N 12-01722.....**$1,295.00**

DEBURRING TOOL

Utilizes a twist-of-the-wrist action for deburring holes and radii. Curved blade automatically follows all contours. Telescoping blade holder extends to reach deep internal holes. Supplied with one #10 and one #20 deburring blade. P/N 12-00700 .....**$16.95**

Item	Description and Application	Part No.	Price
#10 Deburring Blade	High-speed steel. For steel, aluminum & smaller holes	12-00800	**$2.20**
#20 Deburring Blade	High-speed steel. For brass, Bronze, cast iron, larger holes.	12-00900	**$2.40**
#40 Scraper Blade	High-speed steel. Small triangular blade.	12-01000	**$7.50**
#42 Scraper Blade	High-speed steel. Large triangular blade.	12-01100	**$11.60**
#48 Scraper Blade Holder	Holder has 10-32 threads. Accepts #40 & #42 blades. Extends to 3-1/2".	12-01200	**$7.85**
#50 Scriber	Carbide-tipped scriber.	12-01300	**$7.90**
#60 Deburring Blade	For backside deburring & for restricted positions	12-01400	**$4.95**
#70 Deburring Blade	Carbide-tipped blade for deburring edges of sheet metal.	12-01500	**$7.30**

SPEEDY BURR

Speedy Burr is designed to take the fatigue out of deburring. The wrist support makes the job easier. This tool is great for deburring spars and extrusions. The light weight, aluminum, hand-grip formed frame is comfortable and helps to maintain continuity in angle and depth of deburr. The wrist support is rubber lined to prevent skin abrasion.

P/N 12-00650..... **$22.95**

SPEEDY BURR II

Speedy Burr II is designed for deburring outside corners, sheet metal, machined parts, extrusions, castings, and plastic parts. This lightweight easy grip tool has a durable plastic coating on the handle for comfort and a sure grip. The burring tip is made from hardened steel and is replaceable.

Speedy Burr II ..... P/N 12-00651..... **$23.65**
Replacement Burr Tip ..... P/N 12-00652..... **$12.00**

PRO SERIES STRUT SERVICE TOOL

The Pro Series Strut Service Tool has all the great attributes of the original Strut Service Tool, with the addition of a dual tank and dual check valve design. The longer service hose makes it easy to attach. Strut pressure, fluid and foam is captured in one tank. Clean, foam-free fluid is drawn back into the strut from the second tank. Simplicity, cleanliness and less waste make this tool a must-have. The strut valve core is not removed. P/N 12-00677 .....**$139.95**

TIRE BALANCER AND BEARING PACKER

For 500-5 & 600-6 Bearings and Tires. Package Includes: Set of 500-5 & 600-6, Bearing Cones, Aluminum Balance Shaft, Set of Balance Shaft Bearings, 1/4 oz. Lead Balancing Weights, Aluminum Bearing Packing Tool that, removes old grease and abrasives, A great Stainless Tool Box using the shaft as a handle P/N 12-02309.....**$399.00**

BOGERT PRESSURIZED STRUT FILLER

Highly productive and a money maker for the shop! Add strut fluid to struts without jacking up the aircraft or removing the valve core and Schrader valve. Do the whole job in a few minutes. This is a huge time saver and is absolutely safe for both the plane and the maintenance technician because the aircraft tire never leaves the ground. Features: • USA Built-Machined Aluminum • Power load base plate • Externally adjustable pressure relief up to 10,000 psi • Compatible with most fluids • Large reservoir • Easy pumping and lightweight • Clean system, no spilled fluids, no wasted time • Use in conjunction with the standard Strut Service Tool to relieve the extra oil. • This saves time and eliminates the need to take one plane off jacks to lift another P/N 13-11204 ..... **$498.00**

PORTABLE STRUT / TIRE PUMP

This pump is constructed of aluminum and nylon. It's overall dimensions are 29.5" (750 mm) long, with a body of approximately 1" diameter and a "T" handle and base 8" (200 mm) long. It weighs 1.65 lb (.75 kg), has a nylon hose with 2000 P.S.I. burst pressure and a strut valve fitting on the end that doesn't depress the valve so that no pressure can escape from the strut. The pump is capable of pumping up to 650 P.S.I. without any compressed air required for the inlet, which is more than adequate for most light aircraft, e.g.: Piper Cherokee PA28-235 needs 450 P.S.I. for the main struts with the weight of the Aircraft on the strut. The pump can also be used as a tire pump as a backup. The main use for the strut pump is for the individual aircraft owner that operates from remote areas and don't have access to a compressor, however they are popular with maintenance organizations as well. The pump is small and light enough to fit in the luggage compartment and have with you all the time ready for that moment when your Oleo goes flat. P/N 12-16714 ..... **$382.50**

HX STRUT PUMP

Boost air to 1000psi without an air compressor.

- Very portable. No air compressor needed!
- Use air bottle, spare tire, tire pump for source air.
- Can also use with air compressor for air source.
- Detailed instructions.
- Equipped with 7 foot hose

P/N 12-16710..... **$309.00**

15X STRUT PUMP

Boost air or nitrogen to 2250psi.

- More than enough pump for most aircraft.
- Built for shop use or for a discriminating do-it-yourselfer.
- Weighs less than 7 pounds.
- Equipped with a 36" hose.
- Comparable to pumps priced in the thousands.
- Nitrogen adapter makes it easy to use bottled nitrogen.

15X Strut Pump..... P/N 12-16700..... **$409.00**
Nitrogen Adapter Kit..... P/N 12-02016..... **$28.85**

STRUT SERVICE TOOL

Service Strut in your Sunday Suit.

- Clean way to service struts.
- Strut valve core is NOT removed.
- Hose fitting releases pressure & fluid into the bottle.
- Raise & lower strut a few times, then apply the charge.

P/N 12-16792..... **$19.95**

BOGERT PRESSURIZED STRUT FILLER 16M-PSF

Finally a real time and money saver! This tool changes the way landing gear struts are serviced. No longer do you have to put an aircraft up on jacks to add fluid to and fill Oleo type landing gear. This is a totally clean and safe process. No oil is spilled. The strut valve is not disturbed and the plane is sitting on the ground the whole time. This is safe for the technician and the aircraft.

Features: • It is a convenient, small, compact system, easy to use, and neat to store • Two tank system. One tank contains clean Strut fluid and the other collects the excess • Built in pump forces fluid into the strut to top it off and the excess is drained off controlled right from the unit • Large capacity 5 qt storage tanks are big enough for just about any strut • Can be used on struts requiring up to 3000 psi strut pressure • Made in the USA.

Strut Filler..... P/N 12-03166..... **$769.00**
Strut Filler Tool..... P/N 12-03167..... **$594.00**

WORK LIGHTS - INSPECTION MIRRORS

CONDUCT-A LITE INSPECTION KIT

Kit consists of aluminum 2-cell holder, 1-cell holder for use in small areas, 6" straight Lucite conductor, 4" curved Lucite conductor for lighting around corners, 2-1/2" straight conductor for pin-point lighting, and clip on mirror which attaches to any of the Lucite conductors. When used with curved conductor it can virtually make light available around a corner in a full 360° arc. Operates on penlight batteries (not included). P/N 12-14900 ..... **$19.60**

FLUORESCENT WORK LITE

Lights a greater area than a 150 W bulb for 1/10 the electricity. Throws a glare-free light. Hold it or hang it. Cool, insulated, shatter-resistant. Does not get hot - safe to handle. For 110V AC. Furnished with 25-ft. yellow oil-resistant cord. P/N 12-00909 ..... **$41.75**

FLEXIBLE MICROLIGHTS

This Super-Bright Micro 360 Flexible LED Light is 10 times brighter than standard flashlights and lasts up to 100 hours on a single set of batteries! Features: •Stainless Steel • Lifetime Warranty • Focused lens power beam • Shock proof, water resistant and cold burning • LED-"Light-Emitting Diode" • White beam • 100 hours of light without a battery change •Diode-charge system • Easy on/off-switch • 6" in length • Batteries included.

Micro Flex ..... P/N 13-02846 ..... **$26.75**
Mega Flex ..... P/N 13-02847 ..... **$44.95**

HEADLIGHTS

The Brighteyes Pro Headlights is a hands-free flashlight worn like eyeglasses to provide light for reading maps, instruments, repair work, and more. Excellent for work on aircraft, automotive applications, around the house, camping, & fishing. Headlights can be used with or without eyeglasses, and the lights will swivel to direct the light where you need it. (4) AAA batteries included.

P/N 12-00242 ..... **$12.85**

BEND-A-LIGHT

Bend-A-Light flexible brass–alloy high intensity light tools bend to any configuration and illuminate hard-to-reach areas where conventional lighting cannot go. The incredibly brilliant light beam penetrates anywhere! Bend-A-Light is a must for electronics, automotive, maintenance, repairs, locksmiths, industrial, hobbies, around the house and more. You bend it… and it holds! Bend-A-Light is the only complete line of professional quality high intensity flexible light tools. Available in 3 lengths and 3 different lamps to choose from. All Bend-A-Light models are made in USA and come with batteries installed.

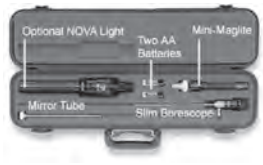
HAWKEYE PRECISION FLEXIBLE BORESCOPES



Hawkeye Rigid Borescopes feature the patented endoGRINS(r) lens technology that provides a sharp view inside engine cylinders, wings, under seats, and other remote areas. Includes a mirror tube which allows you to look sideways in a 360 degree arc as well as straight ahead. Packed in a lockable metal case with die-cut foam to protect the borescope. The heavy duty Mini-NOVA light source is highly recommended in aircraft applications. All Hawkeye Slim borescopes have a 0° direction-of view and 42° field-of-view. A rotating 90° direction-of view is achieved by sliding a Slim Mirror Tube onto the scope. Hawkeye

THE INSPECTOR ADJUSTABLE LIGHTED INSPECTION MIRROR

No more trying to aim a flashlight at the old style mirror. Inspector is a one–hand tool that comes with a very bright light that illuminates the total inspection area. Easy to adjust the mirror angle. Once inserted into the inspection area, simply push or pull the thumb knob for a 90° mirror angle adjustment. The product is constructed of non-conductive materials for safety. The mirror, lamp, and 2–AA batteries (included) are easily replaceable.

BINOCULAR MAGNIFIERS

The Binocular Magnifiers offer powerful, crisp magnification of your detailed projects while simultaneously leaving both of your hands free to work. The ground and polished optical lens is mounted to a tilt-up frame, allowing you to disengage the magnifier without removing the entire assembly from your head. This item is equipped with a cushioned headband which rests as comfortably as a baseball cap and is likewise adjustable for a snug fit.

Features: • 1.75x magnifying lens. • Great for assembly and inspection applications. • Used commonly by toolmakers, machinists, engravers, jewelers and hobbyists. •Leaves hands free to work. • Tilt-up lens frame instantly removes magnifying lens from sightline. • Ground and polished optical lens eliminates eyestrain. • Fits over prescription glasses. • Adjustable, cushioned headband for comfort fit.
14" focal length.

SPRAY SYSTEMS

GRACO HVLP SPRAY SYSTEMS

Virtually eliminates mist. Requires less maintenance. Blows less heat up the stack. Uses up to 50% less material. Delivers better pattern control. Reduces overspray up to 90% Eliminates high-pressure "flop" and tiger stripes.

GTS-3800 HVLP SPRAYER - The GTS-3800 is highly productive for nearly all fine finish applications. Easily spray stains, lacquers, oils, enamels, urethanes and automotive finishes. Plus, it atomizes many water-based latex and acrylic coatings, multi-color and other higher viscosity coatings.

- Turbine Stages – 3
- Turbine Air Working Pressure – 6 psi (.414 bar, 41.4 kPa) max.
- Turbine Air Outlet Flow Rate – 80 cfm (2265 lpm) max.
- Gun – GTS-980 Non-Bleeder Style with Fluid Set #3
- Cup – 1 qt (1 liter)
- High-Flex Turbine Air Hose Length – Standard units incl. 30 ft (9 m). Use 60 ft (18 M) max.
- Power Cord – No. 16 AWG, 3 wire, 6 ft (1.8 m)
- Electrical Rating – 12A at 120 VAC
- Weight: Complete – 34 lb
- Dimensions: 18 in. x 15-1/2 in. x 16 in.

AXIS HVLP PAINT SPRAYERS

The Axis series of paint sprayers is designed to take the guesswork out of choosing a spraying system which can be confusing for the home-builder who is going to paint for the first time. Rather than offer a wide variety of sprayers, Axis has selected the best turbine for each type of product normally used to finish an airplane. This is the SP 2003 (three stage turbine) which is furnished with 30 feet of air delivery hose and the Lexair spray gun. Select one of the three systems shown below based on type of material you will be spraying. If waterborne materials are going to be used, we can furnish systems for this process on a special order basis.

Sys. 1 to paint aircraft covered in fabric.....P/N 12-15920 ..... **$819.00**
Sys. 2, to paint composite structure.....P/N 12-15930 ..... **$770.00**

BINKS MACH 1 HVLP

The Binks Mach 1 HVLP is a siphon-fed refinishing system that performs like your favorite conventional outfit but produces far superior transfer efficiency. A unique arrangement of air nozzle, fluid nozzle, and needle enable the Mach 1 to draw material from a standard siphon feed cup and avoid the need for a pressure cup. Eliminates the need for the operator to set fluid pressures. Delivers lower emissions for compliance with environmental regulations.

BINKS MODEL 95 SIGNATURE SERIES SPRAY GUN

Model 95 spray gun employs the best features of Binks' most popular conventional air spray guns. This gun delivers higher quality finish, faster production, less operator fatigue, greater fluid compatibility, and more application versatility than any spray gun currently available. Model 95 is a high production gun with stainless steel fluid passages which may be used with most coatings. This new gun replaces Models 18, 62, and BBR spray guns, incorporating the best features of all 3: drop-forged anodized aluminum body, stainless steel fluid passages, adjustable floating needle valve, hardened steel or stainless steel fluid nozzle, plated drop-forged bronze self-centering air nozzle, brass air valve cartridge, adjustable spray pattern, 3/8" NPS (m) fluid inlet, 1/4" NPS (m) air inlet. Weight 1 lb., 11 oz.

THE BEUGLER STRIPER PROFESSIONAL PINSTRIPING TOOL

The Beugler tool makes accurate lines consistently, without gravity or pressure, eliminating the need for tape. The unique serrated wheel and wheel head design are the secret to the striper's success. Ideal for any art project, the Beugler Striper is a professional tool used by auto, truck and motorcycle painters around the world. Beugler's magnetic guide securely holds to any steel surface, allowing the striper's guide arm to slide smoothly along its recessed groove for long, accurate, straight, or arced lines. To ensure customer satisfaction, Beugler also offers a 40 minute video tape or DVD with instructions, tips and demonstrations. The Beugler Striper works well with any "creamy" consistency paint. You can stripe at any angle, as the tool is not gravity fed. Both Professional and Deluxe Kits are of the same quality and include guides, clean up brush, 2/3 oz. paint barrel (which stripes 250 to 1750 feet, depending on stripe size) and complete instructions. Length 4-1/4", O.D. 3/4".

AOM DUAL ACTION AIRBUSH KIT

AB1104C WA -
* Double action trigger for air-paint control
* Precision machined nozzle and fluid cap
* Suitable for graphic artwork
* Fluid nozzle: 0.5 mm

P/N 12-02217 ..... **$94.65**

AB1117K -
* Double action trigger for air-paint control
* Precision machined nozzles-air and fluid cap
* Suitable for graphic artwork

Contains: 1 - Airbrush, 1 - Hose, 1- Wrench 1 - Jar Adapter, 1 - 5 cc. Paint cup Fluid nozzles - 1 of 0.3, 0.5, 0.7mm 2 - 22cc glass jar, 1 - 50 cc glass jar.

P/N 12-02218 ..... **$158.75**

AB1134K - Gravity air brush, double action trigger for air-paint control, precision machined nozzles -air and fluid . Color Applied- watercolors,acrylics,dyes and inks. Contains: 1 x Airbrush, 1 x 8.6'Hose, 1 x Wrench, Fluid Nozzle - 1 x 0.3mm, 1 x 0.5mm, 1 x 0.7mm, Metal cups - 1 x 2cc, 1 x 5cc w/lid, 1 x 13cc w/lid. P/N 12-02566 ..... **$174.95**

AB1117C - Double action trigger for air-paint control, precision machined nozzles -air and fluid, suitable for graphic artwork. 0.5 bottom feed with glass jar

P/N 12-02219 ..... **$109.00**

AOM MINI AIR BRUSH COMPRESSOR

AC16 1/6 HP Mini air brush compressor (Piston Type) with filter, micro switch and 10' retractable air hose (Airbrush Not Included)

P/N 12-02221 ..... **$185.00**

AOM 2-1/2 GAL PRESSURE POT OUTFITS

659126008 - 2-1/2 Gallon pressure pot outfit includes a 2-1/2 gallon pressure pot dual regulated 1.4 X series spray gun (also available in 1.3, 1.5, 1.8, 2.0) and 25' 1/4" air and fluid hose with fittings. This outfit is perfect for small to medium production facilities. Suitable for glues, lacquers, stains, water based and solvent based materials. OPTIONAL: 5/16" air hose and 3/8" fluid hose available on request at an additional cost. P/N 12-02191 ..... **$594.75**

65-914 GASKET - Replacement gasket for 2 1/2 gal. tank

P/N 12-02119 ..... **$21.75**

AOM PRESSURE TANKS 2 QT. REMOTE

75-111 - 2 qt remote pressure tank, single regulator, safety relief valve, handle, lightweight, SS pick up tube, Screw type top. Dual regulated available.

P/N 12-02111 ..... **$81.50**

75-111S - Large Mouth 2 qt. remote pressure tank, teflon coated inside, single regulator, safety relief valve, handle, lightweight, screw type top. Dual regulated available.

P/N 12-02112 ..... **$149.95**

65-424/1 - Replacement gasket for 2 qt large mouth remote pressure tank P/N 12-02114 ..... **$19.85**

75-111SS - 2 qt all stainless steel remote pressure tank, single regulator, safety releif valve, handle, lightweight, screw type top.

P/N 12-02115 ..... **$575.00**

75-112SS - Replacement gasket for 2 qt all stainless steel remote pressure tank P/N 12-02116 ..... **$19.25**

AOM PRESSURE 2-1/2 GALLON TANKS

65-911 - 2-1/2 gal. pressure tank, single regulator, Teflon coated inside and outside Safety relief valve, pick-up tube with filter, wide lid and low side walls, large wheels for easy movement. P/N 12-02117 ..... **$280.95**

65-912 - Same as above with dual regulators

P/N 12-02118 ..... **$320.00**

65-914 - Replacement gasket for 2 1/2 gal. tank

P/N 12-02119 ..... **$21.75**

AT2.5ASS - 2.5 gal pressure tank, air agitator, stainless steel inner liner, dual regulators, stainless steel fitted.

P/N 12-02120 ..... **$850.00**

65-0097 - Complete regulator assembly for 2 1/2 gal tank P/N 12-02121 ..... **$44.85**

65-0098 - Complete second regulator assembly for 2 1/2 gal tank only

P/N 12-02122 ..... **$44.85**

65-0099 - Double regulator assembly for 2 1/2 gal tank

P/N 12-02123 ..... **$89.50**

TIG TORCHES - TIG WELDERS - WELDING CARTS

ASK MISTER TIG DVD

Learn how to tig weld with the best!! Mister Tig (Wyatt Swaim-30 years of aerospace welding experience) will teach you the fundamentals and launch your tig welding training. This 34 minute DVD will teach you the proper torch angle, tungsten preparation, tungsten stick-out, and th eproper "dabbing" of the filler rod technique. This instructional DVD will help you set up your machine for the correct procedures including aluminum (alternating current), and 4130-cro-mo (DC-).
The DVD is also packed with tig information and is designed for the beginner tig operator and will even help the intermediate operator.
P/N 13-05751 ..... **$26.75**

TIG CALCULATOR

Just tell it what material you're welding, the thickness, and type of weld (butt, lap, etc.), and it will give you information concerning your weld such as travel speed, number of passes needed, tungsten type and size, what amperage to run, and speed of welding. Slide rule style. P/N 12-00444 ..... **$8.90**

TIG TORCHES & REPLACEMENT CABLES

PTA-9F - Air-cooled TIG torch, rated 125 amps at 60% duty cycle. Includes a 12-1/2 foot Superflex Cable. Equipped with a flexible head for easy maneuverability into tight places.
P/N 12-00391 .... **$153.95**

REPLACEMENT CABLE - 12-1/2 foot Superflex replacement cable for the PTA-9F P/N 12-00399 ..... **$59.75**

PTA-17H - Air-cooled TIG torch, rated 250 amps at 60% duty cycle, heavy duty. Equipped with a 12-1/2 foot Superflex Cable P/N 12-00392 ..... **$198.00**

REPLACEMENT CABLE - 12-1/2 foot Superflex replacement cable for the PTA-17H P/N 12-00401 .... **$111.95**

TIG TORCH ACCESSORY KITS

9GL KIT - TigDepot Parts Kits provide all the torch accessories you need to start welding. Parts Kits provide collets, collet bodies, a back cap, alumina nozzles and tungstens in a variety of sizes, all packaged in an easy to carry reclosable box.
The 9GL-Kit comes with .040, 1/16, 3/32 Collets, Gas Lens Collet Bodies, Gas Lens Nozzles, (#5, #6, #7), a long Back Cap, and an assortment of 2% Thoriated and Ceriated Tungsten in a convenient plastic box. For the 9 Series torches P/N 12-00393 ..... **$63.75**

17H-GL KIT - The TigDepot 17H Gas Lens Kit is made specifically for the 210 Amp 17H Torch. ***The Kit includes One of each:*** • 2% Thoriated Tungsten .040, 1/16, 3/32 DIA. • Alumina cups #5,6,7 • Gas lens .040, 1/16, 3/32 • Collets .040, 1/16, 3/32 • Backcaps-short,medium, long • Insulator • Tool box PN 12-00394 ..... **$79.25**

TIG BUZZ BOX KIT

TIG weld Aluminum, Stainless Steel,Chrome Moly, and many other metals. Plug it directly into your standard household outlet (110 volts, 15amps). ***Kit includes:*** • CK9 Rigid Torch w/Valve and 12.5' one piece cable with male dinse connector. • Flowmeter Regulator • Adapter Plug with 1' extension cord • Female Dinse to allow you to go back and forth to stick welding. • AK-4 Accessories Kit • AMP Conversion Decal • Instruction Manual P/N 12-00389..... **$271.95**

Weight:641 lbs. (291 kgs.) Dimensions (in) H x W x D : 49.7 x 28 x 41 P/N 12-02249 .....**$4,627.00**

TIG WELDERS / WELDING EQUIPMENT

INVERTEC V155-S TIG READY-PAK - Weighing in at just under 15 lbs. (6.8 kg) it is no lightweight contender. It packs the full punch of a heavyweight professional that you can take to the most demanding jobs. With 120/230V auto reconnect operation, it can operate from a portable generator. It can also plug into a 200 foot (61 m) 230V extension cord (not included) so you can weld just about anywhere. The Dent resistant case is IP23 rated for outdoor use. P/N 12-01978..... **$1,150.00**

PRECISION TIG 225 READY PAC - Unit Includes: Precision TIG 225, Torch Parts Storage Compartment, Torch Hanger, 10 ft. Work Cable and Clamp, Removable Lift Eye, 9 ft. Input Power Cord, NEMA 6-50P Plug, NEMA 6-50R Receptacle, TIG Procedure Guide, GTAW (TIG) Handbook, PTA-17 Pro-Torch TIG Torch (12.5 ft., 1-piece), Gas Regulator with Hose, and Foot Amptrol® (K870). Shipped fully assembled. Shielding gas sold separately.....P/N 12-01634 ..... **$2,412.00**
TIG 225 With Understorage Cart.....P/N 12-01635 ..... **$2,579.00**

POWER MIG 140C - Power MIG® 140C (K2471-1)with continuous voltage control for more critical projects where precise adjustment is required. Diamond Core Technology™ and the rugged drive system aid arc performance for MIG welding on thin gauge steel, stainless and aluminum. Or, use gas-less flux-cored welding for deep penetration on thicker steel, even outdoors! With a wide 30-140 amp welding output range it is the highest output in 120 volt input power welder class. MIG weld 24 gauge up to 10 gauge (.135") sheet metal in a single pass. Includes: • Magnum 100L welding gun (K530-6) • Six spare contact tips • Gas and gasless nozzles • Work cable and work clamp • Adjustable gas regulator and hose •.025 and .035 smooth drive rolls •.030-.045 knurled drive roll •.025-.035 wire guide • 2 lb. spool .025" Super Arc® L-56 wire • 1 lb. spool .035" Innershield® NR-211-MP self-shielded flux-cored wire • 8" spool spindle adapter • How to Use DVD. P/N 12-01623 ..... **$749.95**

V205-T AC/DC INVERTEC - For TIG and Stick Welding. Ideal for critical AC or DC TIG Welding applications. Variable AC frequency allows you to focus the arc when precise arc control is required. The 115/230V auto-reconnect makes the V205-T AC/DC truly flexible. The unit comes with a 10 ft. 230V input cord and plug; a Twist-Mate Torch Adapter for 9 and 17 Series one piece torches; Twist-Mate adapter for work cable; and adjustable shoulder strap. This full featured TIG Welder is also capable of Stick Welding. P/N 12-00384 .....**$3,129.00**
One-Pak™ Package Includes: V205-T Foot Amptrol (K870) and TIG-Mate 17 Starter Kit. Assembly required. P/N 12-00776 .....**$3,665.00**

AC-225 COMPACT STICK WELDER - Produces an extremely smooth AC arc for welding a wide variety of materials including carbon, low alloy, and stainless steels as well as cast iron. Input Power - 230/1/60. Rated Output - 225A/25V/20% Duty Cycle. Input Current @ Rated Output - 50A. Output Range - 40-225 Amps (Max OCV: 79V). Weight/Dimensions (H x W x D) - 109 lbs. (49.5 kg). 24.0 x 17.25 x 12.0"
P/N 12-02683 .....**$425.85**

SP-140T WELDER - 120 Volt AC Input Compact Wire Welder. Requiring common 120 volt input power, the SP-140T can be used almost anywhere. With simple two knob tapped control, the machine is easy to set up for gas-less flux-cored welding for deep penetration on thicker steel or gas-shielded MIG welding on thin gauge steel, stainless or aluminum. Compare the precise drive, rugged construction and full list of standard accessories. Lincoln SP-140T is an excellent choice! P/N 12-02684 .....**$669.95**

TIG WELDING EQUIPMENT & ACCESSORIES

WELDING CARTS

These Welding carts are for the Invertec V-155, Invertec V-205T AC/DC, Procut 25 Plasma Cutter, and Power MIG 140C.

K520 WELDING CART - (150 cu.ft. bottle capacity) Accommodates power source, gas cylinder, tools and welding accessories. Dimensions (HxWxD): 30 (min.)/34 (max.) x 18 x 35 inches. Weight:38 lbs. (17.2 kgs.)
P/N 12-00773..... **$179.95**

K2275-1 WELDING CART - (80 cu.ft. bottle capacity) Full-featured cart is designed to store and transport a welder, 80 cubic foot gas cylinder, welding cables and accessories. Replaces K520. Weight:24.75 lbs. P/N 12-00777... **$97.50**

MAGNETIC UNI-JIGS

Magnetic holders for hands-free support in a variety of applications. Designed to last a life time. Each angle is screwed (not riveted) completely through the magnet to insure proper angles.
Small (supports up to 45 lbs.) P/N 12-05185 ..... **$7.95**
Large(supports up to 80 lbs.) P/N 12-05186 ..... **$17.95**

HARRIS MODEL 15 CLASSIC TORCH HANDLE

The Model 15 is a lightweight, aircraft style featuring a forward valve designed to permit changing flame serttings with one hand. For welding, heating and brazing with fuel gases. • Class A 3/8"-24 hose connection • Cap: Cuts 2", welds to 5/16" • UL listed • Length: 5-3/4", Wt: .5 lbs.

COW HIDE GLOVES

These are a good import, not too stiff.
P/N 12-05155 ..... **$4.75**

38" LEATHER WELDING APRON

Quick release buckle and cross straps make it very comfortable; it also has pockets. P/N 12-05160 ..... **$17.95**

3M SPEEDGLAS BLAZED WELDING HELMET 100

3M™ Speedglas™ 100 Welding Helmets deliver outstanding protection, comfort and performance with distinctive graphic designs. Welders can benefit from its excellent optical quality and reliable light-to-dark switching at a highly affordable price. The Speedglas 100 welding helmet can be used with most arc welding processes, such as stick (MMA), MIG/MAG and TIG applications greater than 10 amps. It's also the ideal "entry-level" auto-darkening helmet for occasional users, such as hobbyists, farmers and maintenance or construction workers. P/N 12-02695... **$228.95**

FULL FACE SHIELD

Lightweight headgear, shield flips down over prescription glasses. Good over bifocals. P/N 12-05175.....**$19.35**

WA-GOGGLE

Gas welding goggle with adjustable headrest that pulls out and down. Permits easy use of eyeglasses. 2 x 4 lens. P/N 12-05165.....**$56.50**

OXY-ACETYLENE HOSE

3/16" hose that may be used with all welding outfits.

Green Hose: Oxygen. Red Hose: Acetylene. Length: 12-1/2" (3.8m). Diameter: 3/16" (5mm). Weight: 2-1/2 lbs (1.1kg). Use with AW Torch Series. "A" 3/8-24 & "B" 9/16-18 Hose Fittings. ....P/N 12-01198..... **$17.50**

HENROB 2000 IV WELDING TORCH

Ideal welding torch for aircraft construction. Allows less oxidation. minimal flux, reduced pressures and substantial materials savings. Fewer tips are required and hose fatigue is lessened. Perfect for steel and aluminum welding and cutting. Formerly known as the Dillon Mark III.
P/N 12-16000... **$468.00**
Henrob Instructional Video....P/N 12-05150..... **$16.95**

PORTASOL CORDLESS BUTANE SOLDERING TOOL KIT

Contains four different tools. Simple tip/accessory installation allows you to convert into a soldering iron, blow torch, hot blower or hot knife within seconds. Quickly cut and seal repairs on dacron, mylar and nylon. Cordless, go-anywhere versatility, 90 minute continuous use capacity, refills in 20 seconds with standard butane lighter fuel, and full 2 year warranty. P/N 12-20600 ..... **$71.50**

TIG-MATE 17 AIR-COOLED TIG TORCH STARTER PACK

One complete easy-to-order kit packaged in its own portable carrying case. Includes: PTA-17 torch, parts kit, Harris flowmeter/regulator, 10 ft. gas hose, Twist-mate™ adapter, work clamp and cable. P/N 12-00767 ..... **$308.95**

BLASTING SYSTEMS

3-IN-1 HANDY BLASTER

The 3-in-1 Handy Blaster is a portable handheld blaster that allows you greater flexibility for a number of abrasive blasting applications. Features a powerful gravity-fed design, adjustable flow, vented tank, easy-squeeze trigger and hardened steel mixing chamber. What's included: (1) Handy blaster (1) Spot blaster attachment (4) Adapters (1) Blast recovery bag Specifications: Operating PSI: 110, working Pressure: 80-110 PSI Air Consumption at Load (CFM): 12 at 110 PSI, Recommended Media: fine to medium, Fitting Size: 1/4 in. NPT, Tank Capacity: .9 liter, Gun Included: Yes, Dimensions L x W x H (in.): 11 x 11 x 5, Manufacturer Warranty: 12 months parts / 12 months labor, Ship Weight: 2.0 lbs

P/N 12-02649 ..... **$52.95**

VAC BLAST PORTABLE VACUUM BLASTER

This portable 28-gallon vacuum unit blasts, removes and recycles abrasives in one operation. It works with glass beads, aluminum oxide, steel grit, garnet, plastic grit, walnut shells, corn cobs and more. Rolls easily on 6-inch wheels. What's included: (1) 28-gallon vacuum blaster (1) 8-ft. air and vacuum hose (1) Gun and brush assembly (1) 6-ft. power cord (2) Wheels (1) Replacement nozzle Specifications: Operating PSI: 115 - 140 (Max), Capacity: 28 gallons, Vacuum moter: 1100 watt, 120V, 1.5 HP, Air Consumption at Load (CFM): 15 at 80 PSI, Body Material: Steel, Body Finish: Powder-coated, Recommended Media: Glass beads, aluminum oxide, steel grit, garnet, plastic grit, walnut shells, corn cob, Hose length (ft.): 8, Nozzle Size (in.): 1/4, Tire Size (in.): 6 Dimensions L x W x H (in.): 15 x 15 x 41, Manufacturer Warranty: 1 year limited warranty, Ship Weight: 88.0 lbs

P/N 12-02647 ..... **$636.95**

MONSTER BLAST CABINET

The Monster Blast Cabinet is constructed of 14-gauge steel for strength and durability. It features a built-in dust collector and large work area to handle bigger pieces. Foot pedal control and side-mounted light switches for easy control.

What's included: (1) Blast cabinet (1) Blast Gun (4) Nozzles (two 7/32in., two 9/32in.) (1) Air regulator (2) Blast gloves (1) Foot pedal (4) Fluorescent lights (5) Extra window and (5) extra light underlayment sheets

Features: Large front door for easy loading. Heavy-duty 90 CFM dust collector improves visibility during blasting. Rear-mounted dust collector saves floor space. Convenient foot pedal operation. Large work area. Large viewing window: 30 inches x 15 inches. Heavy-duty steel grate holds up to 400 pounds! 4 fluorescent bulbs provide a very bright work area. Monster-sized 443 pounds! Heavy-duty 14 gauge steel has a resilient powder-coated finish. Gas-charged hydraulic hinges provide smooth and easy opening / closing Power controls are lighted and within easy reach on side of cabinet Blast-gun hook inside cabinet.

P/N 12-02648 ..... **$2,155.00**

CABINET BLASTERS

100 CFM dust collector included with all steel cabinets. HD 14 gauge steel - welded seams. Full width top door. Optional additional side door. Optional foot pedals or ALC pistol grip trigger gun. High quality lined 24" gloves. Cushioned foam armholes.

Specifications: Work Area: 36" or 48" or 60" W x 24"H x 24"D, Height: 60", Door Options: Double Doors, Top Door Opening: 13" x 35", Side Door Opening: 11" x 17", Gun Options: Foot Pedl, Weight: 36" - 272, 48" - 303, 60" - 333.

Cabinet 36"..... P/N 12-02563..... **$1,747.27**
Cabinet 48"..... P/N 12-02564..... **$1,795.00**
Cabinet 60"..... P/N 12-02565..... **$1,879.00**

BENCHTOP CABINET BLASTER

30x20" Bench Top Blast Cabinet

Features: • Made of tough LDPE polymer • One-piece construction (no leaks) • Self-adhesive underlay • Pistol grip trigger gun • Overside top window/door

Specifications: • Work area: 30"W x 27"H x 20"D • Height: 28" • Weight: 34 lbs.

P/N 12-02857 ..... **$465.00**

ECONOMY PORTABLE SAND BLASTING SYSTEM

A new portable blasting system for cleaning and surface preparation of metal, plastic, fiberglass or wood. Ideal for graffiti removal from brick or stone surfaces. Dee-Blast system consists of an abrasive hopper 20-1/2" high and 9-1/2" diameter molded PVC drum with tight fitting top to keep abrasive media clean. Hopper holds up to 65 lbs. of media. It has a 10 ft. long rubber hose, a full-length face shield and a trigger-operated blasting gun that completely mixes air and media to produce a uniform spray pattern.

P/N 130 ..... **$168.95**

PORT-A-BLAST SANDBLASTER

The Port-A-Blast sand blast gun is a complete sand blast unit. Fill the container with the abrasive material, connect the gun to your air line and it is ready to go to work. Will operate on air pressure as low as 60 PSI. However, for best results, pressures of 100-500 PSI are recommended. The greater the pressure the faster the cutting. The gun can be used to siphon abrasives or liquids directly from a hopper or bucket, using a flexible siphon tube, and eliminating the 1Qt. container.

Compatible Abrasives: • Silica Sand - the cheapest and most widely used for average work. • Glass Beads • Black Beauty Abrasive • Aluminum Oxide Abrasives - for fast cutting and fine texturing and etching. • Nut Shell Abrasives - for cleaning and polishing hard under surfaces without scratching. • Metal Shot - for removal of hard surfaces such as porcelain.

Port-A-Blast gun..... P/N 12-00172 ..... **$59.95**
Flexible siphon tube..... P/N 12-00173 ..... **$10.95**
Replacement Ceramic nozzle..... P/N 12-00493 ..... **$15.40**

Model 1000

DELUXE PORTABLE PRESSURE BLAST SYSTEMS

These Portable Pressure Blasters are designed to make the most efficient use of your air and abrasive supply. These are not inexpensive siphon units. The entire tank is filled with air and sand under pressure. When the nozzle and valve is opened the sand/air mixture is released under tremendous pressure to quickly remove paint, rust, scale and other coatings. These units are 3-5 times faster to use than siphon units. All units arrive complete with air gauge, pressure vessel, sandblast hood, and sandblast hose. Simply fill with abrasive and attach to your air supply and you are ready to begin blasting. Order by Part no.

ABRASIVES – Black Beauty: Economical, fast cutting abrasive. For quick removal of paint and rust. 80# bag. P/N 12-20740..... **$47.50**

Model 400

Spec. Chart	Model 400	Model 1000
Operating Pressure	60-125 psi	60-125 psi
ASME Tank	No	Yes
Sandblast Hose	7 feet	10 feet
Abrasive Capacity	40-50 lb.	100-120 lb.
Nozzle Size	3/32"	1/8"
Part Number:	12-20725	12-20735
Price:	$496.00	$785.00

TRIPLE DOOR BLAST CABINET

48x24" Triple Door Blast Cabinet

Features: • Full width top door • Two side doors • Foot pedal • Flourescent light • 90 CFM dust collector attached • Pressure regulator • Replaceable window underlays • Includes 4 nozzles • Some assembly required.

P/N 12-02858 ..... **$1,345.00**

TO

SCALES - ROTATORS - TIRE BEAD BREAKERS

PRECISION AIRCRAFT SCALES FOR ACCURATE WEIGHT & BALANCE

Checks aircraft weight and balance after modifications or fitting of new accessories. Flight safety is improved by periodic weighing to verify weight and balance is within limits. Simply roll the aircraft up the ramps onto the scales or jack the wheels and slide the pads under tires. A single high performance strain gauge load cell is in each pad. Temperature compensation prevents zero shift or sensitivity changes. Weighing pads, indicator and cables are color coded for easy match up. Include one 3 channel indicator, three colored cables, one 110V battery charger cable, three ramps, and six tire stops. Also includes a case.

Part No.	Capacity	Price
12-16711	2,500 lbs. per pad	**$6,583.00**
12-16715	6,000 lbs. per pad	**$7,699.00**

12-16740	Extra ramps, large, set of 3	**$656.00**
12-16745	Extra tire stops (chocks)	**$54.85**
12-16750	220V Battery Charger Cable for overseas	**$541.00**

AIRCRAFT WIRELESS WEIGHING KIT

The Aircraft Wireless Weighing Kit is the highly portable weighing device for small to medium sized aircraft. Ideal for obtaining weight from 3 points under the aircraft to properly determine CG ratios.

Featuring standard capacities to 22,000 lbs (greater capacities available), this device will be a welcomed addition to your aircraft repair facility or regional airport.

Specifications: • Load Cell Model: WJSD-5000 • Wireless Range: 50 ft. • Capacities: 5 ton/sensor • Minimum Division: 1 kg • Maximum Tare: 4,000 kg • Built-In Rechargeable Battery • AC Adapter P/N 12-02608 ..... **$2,661.00**

TIRE BEAD BREAKER

Once the tire & wheel have been removed from the airplane, the air is let out of the tire. The "Tire Bead Breaker" is used to break the bead or bond between tire and wheel. The "TBB" let you safely break this bead almost without effort & with- out doing damage to the expensive cast wheels. One broken wheel half can easily cost more than the "Tire Bead Breaker"! The "Tire Bead Breaker" adjusts to fit tires as small as tailwheel tires and as large as those tires found on large, corporate cabin planes. Can be used on both tube and tubeless tires.

P/N 12-16790 ..... **$127.50**

TIRE BEAD BREAKER

The universal design of this tire bead breaker accommodate tube type and tubeless tires. It is easily adjustable for a wide range of tire sizes up to as large as tires for Twin Beech and Aero Commanders. Features all steel construction.

P/N 13-02360 ..... **$213.00**

ACCUGAGE PROFESSIONAL TIRE GAUGE

This very accurate bourdon tube tire gauge offers precision pressure control and a rugged steel case with rubber shock-absorbing cover. It comes complete with a 12" long flexible braided hose, a bleeder valve, and stop hand. It is easy to read the pressure on this 2" gauge with 1" psi markings and 60 lb. range. Excellent for use on aircraft tires as well as cars and trucks.

P/N 13-00437 ..... **$16.85**

TIRE PRESSURE MONITOR SYSTEM

With the flip of a switch, this battery operated, hand held unit, displays the actual tire pressure and tire temperature. Small removable electronic valve sensors transmit pressure/temperature to the LCD monitor within 25-50 feet of the aircraft. The sensors can be easily removed when adding air to the tires, and when placing the sensors back on the valve stems, will send the new pressure readings to the LCD monitor. These sensors replace the standard valve caps and stay on the tires during flight. Pressure range 0 to 80 PSI. Temperature range - 50 Centigrade to 145 Centigrade. The monitor also has an alarm setting for high or low pressure. The battery has an average life of two years. The product is warranted for 12 months from the date of purchase. Only rated to flight level 30 and 80 psi max. Not FAA Approved

P/N 05-04367 ..... **$317.00**

TIRE DOG

The Wireless Tire Pressure/Temperature Monitoring System for Trucks, Trailers, and Motor Homes. The monitoring system can measure real time tire pressure and tire temperature while the vehicle is either standing or in action. The tire pressure range is 0 to 180 psi. It will support 4 tires up to 22 tires. Installation can be accomplished by the owner/operator of the vehicle or trailer. Depending on the distance to tires or the vehicle type, a booster relay may be required. An adjustable swivel mounting bracket allows the monitor to be mounted on the dash or windshield. All items of the system are battery operated with a life span of 12 to 24 months depending on use. The system can be transferred to other vehicles if desired. The conceptual drawing displays the monitoring system up to 10 tires, by adding more sensors and relays, the system will expand up to 22 tires. ..... P/N 05-04849 ..... **$469.95**

Tire Dog Sensor ..... P/N 05-04850 ..... **$50.00**

Tire Dog Wireless Relay ..... P/N 05-04851 ..... **$75.00**

ANALOG TIRE GAUGE

Industry standards permit aircraft tires to lose as much as 1% of their pressure each day, and even mild underinflation can allow temperatures to rise exponentially, sometimes resulting in heat-induced failures even while taxiing, company officials note. Underinflation can cause poor tracking and landings or even total failure of the tire or the wheel. Underinflation lengthens the takeoff roll and reduces the brakes' predictability and effectiveness. Tool Testing Lab's backlit digital gauge reads in PSI, InHg, Oz, SqIn, Inches or Feet, H2O, Kg, sqCm, Kpa, and Bar, with ½% tolerance and as fine as 0.1PSI resolution. It also holds peak readings, and features a built-in bleeder valve. Features: 300 PSI gauge, Accuracy 1% Full Scale 300 PSI Rated Hose Rubber Boot, Dual Foot Chick, Swivel Footing on Gauge ..... P/N 12-02638 ..... **$109.85**

DIGITAL TIRE GAUGE

300 PSI Gauge, Accuracy ± ½ % of Full Scale, 4 Digit Display - Shows pressure in tenths of PSI 300 PSI Rated Hose Dual Foot Chuck (Other Chucks Available), Protective Rubber Boot, Swivel Fitting on Chuck Backlight Button for Low Light Conditions, Zero Button Reads in PSI, Bar, KPa and 5 Others Peak Hold Reading Manual and Auto Shutoff, Uses two AAA Batteries (2000 Hrs Usage Typical) Pressure Bleeder Valve, Storage Case, Fresh Certification ..... P/N 12-02637 ..... **$269.50**

DIGITAL TIRE GAUGE KIT

300 PSI Gauge Accuracy ± ½ % of Full Scale. 4 Digit Display - Shows pressure in tenths of PSI. 300 PSI Rated Hose. Quick Disconnect. Protective Rubber Boot. Swivel Fitting on Chuck. Backlight Button for Low Light Conditions. Zero Button Reads in PSI, Bar, KPa and 5 Others. Peak Hold Reading. Manual and Auto Shutoff. Uses two AAA Batteries (2000 Hrs Usage Typical) Pressure Bleeder Valve. Storage Case. Fresh Certification. 1 year Warranty

AJS UNIVERSAL AIRCRAFT JACK SET

The AJS Universal Aircraft Jack Set from Meyer Hydraulics has served as the general aviation industry standard for over 25 years. Professional mechanics rely on the AJS Jack Set for applications requiring heavy duty lifting capacity, smooth maneuverability, and unquestioned reliability. The AJS Set lifts all retractable gear aircraft weighing up to 8000 lbs.

AJS System:

1. A-5 Jack w/ AT-3 Tube
2. A-5 Jack w/ AT-1 Tube
3. ATS Tallstand
4. A-6 Jack w/ AT-2 Tube
5. A-6 Jack w/ AT-4 Tube & AJL Leg Set
6. AT-3 tube
7. AT-1 tube
8. AT-4 caps
9. AT-2 tube
10. AT-4 tube
11. AJL Leg Set

P/N 12-21476 ..... **$2,795.00**

AJS2 DELUXE JACK SET

Includes one complete AJS Jack system (describes above) plus one A-5 Jack with AT-1 tube, one AT-28 tube, and one ATC-4 cap. A very popular Jack system for general aviation maintenance.

P/N 12-01378 ..... **$3,357.00**

A419 AND A421 VERY LOW AIRCRAFT JACKS

Designed primarily for the new class of aircraft called Very Light Jets (VLJs). Ultra low height and the maximum stroke range necessary for the large landing gear movements found on these jets. Features: (A) Steady Knobs (B) Convenient hole spacing (C) Positive safety lock prevents accidental lowering. (D) Anti-snag round tube (E) Three 3" spring loaded casters (F) Low-height leg design.

A419 - height range 19"-34" ..... P/N 12-02290 ..... **$638.00**
A421- height range 21"-38" ..... P/N 12-02291 ..... **$645.00**

JACK PADS

Jack pads provide a cradle for the main landing gear legs. The cradle design securely holds the landing gear providing a safe jack point. The adjustable jack pad fits flat spring gear. The round gear jack pad fits the models listed below. • Save time when servicing tires, wheel bearings and brakes • Lift only the wheel instead of the whole aircraft • Eliminate the unsafe practice of stacking wood blocks under a bottle jack • All parts pack away neatly into a sturdy weather resistant toolbox • Made in USA

FLAT PIVOT POINT ADJUSTABLE JACK PAD - * Adjust width, taper and angle adjustment. * Adapts to many jacks. Shown with bottle jack. * Fits: Cessna C-120, 140, 150, 170, 172, 175, 180, 185. 182, 188, 190, 195, 205, 206, 336, 337, flat gear 177RG, Piper Tomahawk, Beech Skipper, Champion, Bellanca, and similar spring steel landing gear. P/N 12-00837 ..... **$62.75**

ROUND JACK PAD ADJ-R - ack pads provide a cradle for the main landing gear legs.The ADJ-R has a half round design cradles the landing gear safely. Pivots on a machined bottle jack extension. Use with Cessna C-172RG, 177RG, 182RG, 210, T210, P210, and similar landing gear P/N 12-00679 ..... **$62.75**

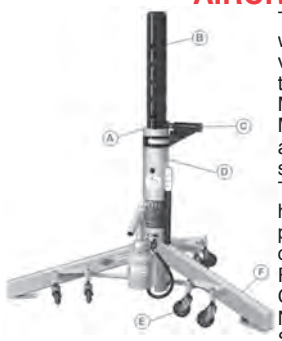
C300 JACK PAD ADJ-300 - * Cessna 300, 400 & 500 series * Perfect for the Conquest & Citation. * Sold in Singles. P/N 12-00683 ..... **$62.75**

JACK EXTENSIONS

* Bottle Jack Extensions will fit any 1-1/4" O.D. ram. * Typical 6 ton jack has a 1-1/4" O.D. ram. * Extensions are machined & slide together for easy stacking. * Use on aircraft with a jack point pin. * Not the same extensions as found in the Aero Jack Kit below. * No special jack pad needed on tubular C-152, 172, 182 etc.

1.5" extension ..... P/N 12-00156 ..... **$22.75**
3" extension ..... P/N 12-00157 ..... **$23.75**
8" extension ..... P/N 12-00158 ..... **$26.50**

MEYER HYDRAULICS A300 3-LEG SERIES AIRCRAFT JACKS



Today's jet and turbo-prop aircraft weighing up to 32,000 lbs. are too valuable to consider using anything less than the A300 Series Aircraft Jacks from Meyer Hydraulics. For over 45 years, Meyer Hydraulics has manufactured aircraft jacks that continue to set the standard for safe, dependable lifting. This line of professional lifting equipment handles aircraft weighing up to 32,000 pounds with the security and features one should demand in an aircraft jack. Features: (A) ANTI-SWAY ANTI-SNAG GUIDANCE SLEEVES (B) CONVENIENT HOLE SPACING (C) POSITIVE SAFETY LOCK: Spring loaded safety pin "pops" into the slide tube to prevent accidental lowering (D) LARGE DIAMETER ROUND FRAME TUBE (E) SIX 3" SPRING LOADED CASTERS: The steel leg pads never scuff across the hanger floor (F) LOW HEIGHT LEG DESIGN: Provides maximum gear door clearance with one section completely free of any protrusions. The three 26" legs create a wide stance insuring stability.

8 TON LONG RAM FB 24.25" JACK - Collapsed height - 24.250 inches Stroke - 20 inches. Maximum extended height - 44.250 inches. Shaft diameter - 1.250 inches. Pin hole diameter - 5/8 inch. Weight - 25.5 pounds P/N 12-02447 ..... **$72.85**

LANDING GEAR SAFETY STAND

The "Landing Gear Safety Stand" is a must! Anyone that has ever seen a plane slip off a jack knows! The stand slips on over the axle when ever the wheel is removed. Put the nut back on and the plane can't slip off the stand. It adjusts for height with a quick release pin. The wide, stable "H" base is made from heavy gauge square steel tubing for strength, safety and durability. The unique stand is finished in an attractive, bright red powder coat finish. LGSS-2, has a 12" x 12" base with adjustable axle height of 10"-15", and LGSS-3 has an 18" x 18" base with adjustable height of 14"-21.5".

AERO JACK KIT

The Aero Jack System saves time when changing tires or working on landing gear. Use a combination of innovative tools packed in a handy toolbox. Designed by an A&P, for do-it-yourselfers and other mechanics, three kits are available depending on your needs.

Description	Part No.	Price
Complete Aero Jack System - Service both flat and round gear from a handy toolbox.	12-00254	**$235.95**
Flat Gear Aero Jack Kit - Cessna C-120, 140, 150, 170, 172, 175, 188, 182, 190, 195, 205, 206, 336, 337, flat gear 177RG, Piper Tomahawk, Beech Skipper, Champion, Bellanca, and similar landing gear.	12-00681	**$209.95**
Round Gear Aero Jack Kit - Cessna C-172RG, 177RG, 182RG, 210, T210, P210, and similar landing gear.	12-00682	**$201.95**
Expandable Aero Jack System - Included in the tool box is: Bogert Tribal Jack with all the jack pads. (C210, RG, R, FPP, Moon, Musk, C300). Weight is 30 lbs.	12-02096	**$822.95**

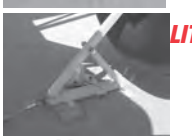
BOGERT TRIBAL JACK

Aid aircraft maintenance, such as servicing brakes, working on bearings, or changing tires. Maximum load of 2,500 pounds and can be used on Piper aircraft, Musketeer, Mooney, and many more aircraft with near-vertical landing gear. Lower clearance lifting pad which allows jack owners to begin lifting from a 2 1/2" starting position and up to 12". It can be used on main gear, nose gear and the tail wheel. Made in USA. P/N 12-00838 ..... **$186.95**

BOGERT LIL LIFTERS

LITTLE LIFTER P/N 12-00839 ..... **$124.50**
* Lightweight, 8.5 lbs
* Lift Range 2.75" to 9.5"
* 4 pivoting pads included
* Use with 800X6 tires or smaller

LITTLE LIFTER II P/N 11-06948 ..... **$154.95**
* Lightweight, 10 lbs
* Lift Range 2.75" to 13.5"
* 4 pivoting pads included
* Us with 800X6 tires or larger
* Picture shown with 2 liter bottle



LITTLE LIFTER III P/N 11-06949 ..... **$164.95**
* Lightweight, 13 lbs
* Lift Range 2.75" to 19.25"
* 4 pivoting pads included
* Use with 31" tires

RV 8 TRAVEL JACK

The RV 8 Travel Jack was designed and manufactured by RV-8 builder / pilot Steve Jackson. All steel construction, weighs less than 3 pounds. Jack mast easily removes from base plate for compact storage. Uses 3/4" wrench to operate (wrench not included). Tested to 1350 pounds. Has securing arm that positions between the gear leg & brake to stabilize the jack - works on both left and right gear leg with a simple adjustment. Base measures 3-1/2" X 8"; mast stands 10" tall. Designed for RV-8 flat spring gear legs (only -- will not work on the other RVs with round gear legs).

P/N 12-03170 ..... **$130.00**

RV JACK STAND KIT

Someday you'll need to jack up your aircraft to install new tires, clean & grease wheel bearings, or fix a flat. This nifty jack stand is safer than using an engine hoist or the wing tie down location. Requires a modification to the axle nuts (about 1 hour). Kit includes the axle jack arm, axle nut modification hardware, & directions to modify the nuts. For hollow axles (Wittman style) Gear only. Uses automotive bottle jack. Jack not included. Not for RV-8s. For RV Gear Legs with Hole in Axle. P/N 12-00634 ..... **$49.85**

PROP SLING, (BOGI-LIFT)

The tool every mechanic needs!
* Lift nose wheel without jacking up whole plane.
* Service nose wheel & strut effortlessly.
* Support a new propeller during installation.
* Use with 2 and 3 blade props.
* 4-point stability with tail & wing jacks.

P/N 12-16718..... **$83.95**

AIRCRAFT JACKS

THREE TON HYDRAULIC AIRCRAFT JACKS

MODEL #324 3 TON LOW WING JACK - Eliminates the frustration of having unstable jacks that conflict with landing gear components and gear doors adjacent to your jack point. These jacks are especially appreciated by owners of Bonanza, Mooney, Comanche, & Twin Comanche Aircraft for the manner in which they may be positioned clear of the inner gear door hinge. Model #324 provides an easy slide under fit on aircraft with lower jack points. • double action 3 ton (6,000lbs) hydraulic cylinder • jack point centering cap • locking safety collar secures the load • rugged heavy gauge steel construction • stable three leg design clears gear doors • convenient handle storage.

Effective Range: 24"-40" Ram Capacity: 6000lbs
P/N 12-01724.....**$229.00**

MODEL #326 3 TON LOW WING JACK - 26" - 43" Eliminates the frustration of having unstable jacks that conflict with landing gear components and gear doors adjacent to your jack point. Owners of Beech-Craft Bonanza 33/35/36 aircraft especially appreciate these jacks for the manner in which they may be positioned clear of the inner gear door hinge. If the only plane you'll be lifting is the Bonanza… please see Model #324. • jack point centering cap to assure the aircraft stays on the jack. • double action 3 ton (6,000 lb) hydraulic cylinder. • locking safety collar secures the load. • rugged heavy gauge steel construction. • three leg design clears gear doors. • convenient handle storage

Effective Range: 26"-43" Ram Capacity: 6000lbs
P/N 13-05544.....**$229.00**

MODEL #332 3 TON LOW WING JACK - 26" - 43" & 32"- 49" Especially suited for use on Cessna 310/320 Aircraft. Supplied with a removable 6" riser to accommodate the higher jack points found on some aircrafts. Similar in design to Model #326, this unique design allows the Model #332 to be easily converted for use as a Model #326 by removing the 6" riser. Owners report this versatility to be of great benefit when aircraft of various types are housed together or the jacks are loaned out to others.•double action 3 ton (6,000 lb) hydraulic cylinder • jack point centering cap to assure the aircraft stays on the jack • 6" riser provided to accommodate higher jack points. Effective range 26"-43" & 32" - 49" • locking safety collar secures the load • rugged heavy gauge steel construction • three leg design clears gear doors • convenient handle storage

Effective Range: 26"-43" & 32" - 49" Ram Capacity: 6000lbs
P/N 12-01725.....**$269.00**

EIGHT TON HYDRAULIC AIRCRAFT JACKS

MODEL #838W 8 TON UNIVERSAL JACK - 26"-43", 32"-49", 38"-55" When the need is for a versatile jack that can accommodate the needs of a busy FBO, the Model #838W is the choice. Model #838W provides all the strength and versatility needed to accommodate larger aircraft. This unique design allows the Model #838W to easily convert from a 26" low wing jack to a 32" or 38" jack, avoiding the high cost of having to purchase model specific jacks. Now with "Tilt & Go" wheels and convenient handle storage for greater value ***• DOUBLE ACTION 8 TON (16,000LB) HYDRAULIC CYLINDER • HIGHLY VERSATILLE- SHIPPED WITH ADAPTERD FOR 26" 32" & 38"HEIGHTS • JACK POINT CENTERING CAP TO ASSURE THE AIRCRAFT STAYS ON THE JACK • LOCKING SAFETY COLLAR SECURES THE LOAD • STABRUGGED HEAVY GAUGE STEEL CONSTRUCTION • THREE LEG DESIGN CLEARS GEAR DOORS • "TILT & GO WHEELS FOR GREATER MOBILITY • CONVENIENT HANDLE STORAGE*** Height Range 26"-43", 32"-49" & 38"-55" Ram Capacity: 16,000 lbs.

P/N 12-01726.....**$369.00**

MODEL #868W 8 TON UNIVERSAL JACK - The ULTIMATE in versatile heavy duty general aviation jacks. When the need is for a versatile jack that can accommodate the needs of a busy FBO, the Model #868W is the choice. The Model #868W combines all the strength and versatility of Model #838W with the necessary fittings to accommodate High Wing Cessna Aircraft such as 172RG, 177RG, 182RG, 210 and 337. Shipped with adapters, our unique design allows the Model #868W to easily convert from a 26" low wing jack through the 32" and 38" levels to a 68" high wing jack, avoiding the high cost of having to purchase model specific jacks. ***• DOUBLE ACTION 8 TON(16,000 LBS.) HYDRAULIC CYLINDER • HIGHLY VERSATILE- SHIPPED WITH ADAPTERS FOR 26", 32", 38", & 68" HEIGHTS • DOUBLE BRACED AT THE 68" HEIGHT FOR STABILITY • JACK POINT CENTERING CAP TO ASSURE THE AIRCRAFT STAYS ON THE JACK • LOCKING SAFETY COLLAR SECURES THE LOAD • RUGGED HEAVY GAUGE STEEL CONSTRUCTION • STABLE THREE LEG DESIGN CLEARS GEAR DOORS • TILT & GO WHEELS FOR GREATER MOBILITY • CONVENIENT HANDLE STORAGE*** Height Range: 26"-43", 32"-49", 38"-55", 68-87" Ram Capacity: 16,000 lbs

P/N 12-01727.....**$497.00**

MODEL #375 TAILWEIGHT/POST - A tailweight that doubles as a tail post and can be moved easily about the shop. This unique design allows the secure anchoring of Compression or Torsion Loads without the need of numerous sand bags and anchor chains. The #375 Tailweight/Post is a safer and much more professional approach to securing the tail of an aircraft undergoing maintenance. Shipped knocked down, the Model #375 is easily assembled and weighted using Six (6) - 60 lb bag of Quickcrete - obtained locally. ***• SINGLE UNIT PROVIDES THE TAILPOST AND TAILWEIGHT FUNCTIONS • NO MORE SANDBAGS • TELESCOPING SQUARE TUBE POST PINS IN 3" INCREMENTS • RUGGED SWIVEL CASTERS • CORROSION RESISTANT GALVANIZED WEIGHT BOX • SHIPS AT 32 lbs. ~ FINISHED WEIGHT*** 375 lbs. Range of Adjustment: 17½" - 39½"

HOBBYAIRE BUDDY SYSTEM AIR RESPIRATOR

Hobbyair Buddy System comes standard with an air pump, 2-40' hoses and a half facemask (HF01)for one person. Locate the intake air pump in a fresh air location and breathe HEPA filtered clean fresh air in most contaminated breathing environments. .....P/N 12-02365 ..... **$733.00**

Full Facemask Lens Protectors - Sold in package containing 25 lens protectors. Apply one at a time over full facemask lens. Clear covers protect your lens from overspray and lengthen the life of your facemask. .....P/N 12-02366 ..... **$19.95**

CITATION 4 HVLP SPRAYER/RESPIRATOR

Allows its' user to achieve 'show plane' quality results to a level never before possible with a turbine powered system. The CITATION '4' offers a much higher PSI range without sacrificing the benefits of HVLP such as lower overspray, the elimination of moisture and high transfer efficiency. This is all accomplished with a more powerful, yet quieter and cooler running turbine blower. Like the standard CITATION, this new system, of course, offers the additional benefit of a built-in supplied-air respirator to assure breathing protection for its' user.

SAFETY GOGGLE VIRTUA SPORT

* Meets ANSI Z87.1 * Sleek - Styling with both men and women * Lightweight - Less than 1 oz * Contoured flexible temples for comfortable fit * Hard Coat guards against scratching, static and chemical attack

P/N 09-02155 ..... **$2.25**

SAFETY DUST GOGGLEGEAR

* Vent channels at top and bottom for improved air flow * Lighter weight than most goggles for improved comfort * Soft foam backing seals out particulates * Meets the Impact Goggles requirements of ANSI Z87.1 * Made in U.S.A.

P/N 09-02156 ..... **$9.75**

SAFETY GOGGLE OC CHOPPER

* Extreme safety eyewear for indoor use * OCC styling * Clear anti-fog lens * Complies to ANSI Z87.1 high impact standards

P/N 09-02157 ..... **$8.50**

SAFETY LIGHTVISION 2 GOGGLE

* Hands free direct lighting; anti-fog lens; available w/reader lens * Two ultra bright, adjustable LED lights * Long-life, replaceable CR2032 3V battery; includes bag and lanyard * Flexible nose bridge fits virtually all faces * Meets ANSI Z87.1-2003 and CSA Z94.3 standards

P/N 09-02158 ..... **$11.95**

VIRTUA PROTECTIVE EYEWEAR AP

The Virtua protective eyewear line merges outstanding unisex style, protection and affordability, all while offering wearers an open, unobstructed viewing range and impact-resistant, 3-piece polycarbonate construction. Designed for indoor or outdoor use.

Clear Anti-Fog Lens..... P/N 09-03053 ..... **$2.65**
Gray Hard Coat Lens..... P/N 09-03055 ..... **$1.67**
Light Blue Hard Coat Lens ..... P/N 09-03056 ..... **$1.67**

Indoor/Outdoor Mirror Hard Coat Lens..... P/N 09-03058 ..... **$1.73**
Clear Hard Coat Lens..... P/N 09-03059 ..... **$1.67**

3M™ PELTOR™ DIGITAL WORKTUNES

Worktunes is a self-contained AM/FM noise attenuating headset (NRR 26db) which provides hearing protection combined with an AM/FM radio to provide. Features include: • Easy finger tip controls • 5 preset stations • Volume limited to a safe 82 dB level • Gel/Foam cushions • MP3 cord included • Peltor™ stainless steel spring arm headband provides even pressure all day. • Wide, soft padded headband, flexible antenna. • Quick and easy tuning and volume adjustments P/N 11-01589 ..... **$81.75**

3M™ PELTOR™ EARMUFFS

The only muff that lets workers listen safely without removing their muffs. When workers lift their muffs, they lower their protection. Now Peltor™ puts safe listening at their fingertips. Just push the button on the PTL muff and speech & sounds "outside" the muff cup can be heard "inside"-- clearly and safely. After 30 seconds, the muff automatically returns to its full protection with an NRR of up to 26 dB. Listen again? Just push again. It's that simple. P/N 11-04310 ..... **$37.95**

3M PELTOR JUNIOR EARMUFFS

Liquid foam ear cushions and adjustable stainless steel headband. Sized for junior and smaller adults. Features • NRR 22 dB rating • NRR allows range command to be heard for added safety • Designed and sized for youth and smaller adults • Liquid/Gel filled cushions • Comfortable for extended wear • Adjustable headband P/N 12-02845 ..... **$91.25**

HEARING PROTECTOR

This 3-position ear muff offers protection from high noise levels. Lightweight comfort, effective design combine to provide high performance attenuation. Can be worn over or behind head, under chin. P/N 97030 ..... **$12.65**

3M ™ PELTOR™ PERSONAL HEARING PROTECTORS

OPTIME 105 - Over-the-head dual cup. NRR 30. Can be used for noise levels up to 105 dB. Color: Black and Red

P/N 12-00699 ..... **$23.00**

OPTIME 105 HI-VIZ - NRR 30. Can be used for noise levels up to 105 dB. Bright Hi-Viz Yellow great for recognition of workers. P/N 12-02568 ..... **$27.75**

OPTIME 101 - Over-the-head Hp. NRR 27. Can be used for noise levels up to 101 dB. Color: Green

P/N 12-16110 ..... **$17.90**

OPTIME 98 - Over-the-head Hp. NRR 25. Can be used for noise levels up to 98 dB. Color: Yellow and Black

P/N 12-02569 ..... **$14.25**

OPTIME 95 - Folding hearing protector. NRR 21. Can be used for noise levels up to 95 dB. Folding – Slim design. Color: Beige and Black. P/N 12-02570 ..... **$16.50**

3M™ E-A-R™ EARPLUGS

E-A-R CLASSIC - * Most popular earplug in the world * NRR 29dB * The E-A-R® Yellow color is your assurance of proven protection * Moisture resistant dermatologically safe foam is not irritating * Slow recovery PVC foam provides comfort with low pressure

P/N 9134 ..... **$0.35**
P/N 09-02148 w/ Cord **$0.25**

CLASSIC™ PLUS - * Classic Plus are longer than Classic earplugs to fit deeper into the ear canal and provide a higher level of protection. * Slow-recovery foam helps ensure comfort and minimize pressure. * Bright yellow color provides a quick visual compliance check. * Dermatologically safe foam is non-irritating, non flammable, and moisture-resistant. P/N 09-02149 ..... **$0.30**
P/N 09-02150 w/ Cord **$0.19**

E-A-R SOFT™ YELLOW NEONS™ - * NRR 33dB-Highest NRR available * THE WORLD'S SOFTEST EARPLUGS * Self-adjusting foam provides low pressure with excellent attenuation * Exciting designs and brilliant colors * Dermatologically safe foam is non-irritating to the skin P/N 09-02151 ..... **$0.25**
P/N 09-02152 w/ Cord **$0.26**

3M™ PISTONZ™ EARPLUGS - No need to roll down. Biaxially-stiff stem for easy insertion, yet designed to flex sideways if impacted. Tips look like metal, yet provides ultra-soft feel for all day wear. P/N 12-02571 ..... **$0.60**
P/N 12-02572 w/ cord **$0.82**

E-A-R EARBUDS 2600 HEADPHONES - * NRR 26dB * Noise Limited to 82dB * Convenient, Easy-Access Volume Control * Mp3 Compatible * Blocks out External Noise * Hear Your music while you work * Ultra Comfortable Design * Better fit for longer wear P/N 09-02153 ..... **$43.75**

DAVID CLARK DELUXE HEARING PROTECTOR

The David Clark Deluxe Model Hearing Protector provides maximum noise attenuation and optimum comfort. Features urethane covered ear seals, soft foam cushioned headband, military quality materials, finish and workmanship. P/N11-09205 ..... **$38.95**

NOISEBUSTER ANR EARMUFFS

Designed to reduce aircraft engine noise for airport ground support crews as well as aircraft maintenance and technical personnel, the NoiseBuster Active Noise Reduction (ANR) Safety Earmuff combines an ANSI-rated 26NRR passive earmuff with active noise reduction electronics that deliver up to an additional 20 db of low-frequency noise attenua Powered by a AA battery, the earmuff is resistant to water, moisture, contaminants, mechanical shock, and vibration. Perfect for users who do not mechanical shock, and vibration. Perfect for users who do not require two-way communications capability but who can benefit from protection. Includes: * NoiseBuster ANR Safety Earmuff * One AA battery * 3.5 mm audio interface cable * Warranty - 6 months

P/N 11-07369 ..... **$139.50**

TO

DRAEGER RESPIRATORS – PROTECTIVE COVERALLS

X-PLORE 3300 SERIES RESPIRATORS

The 3300 Series Mask is an economical half mask made of TPE material with a continuous grey color neck strap.

Under the new particulate filter rules, there are three series of filters: N, R, and P. The N filters are Not resistant to oil; the R filters are resistant to oil; and the P filters are oil proof.

The N series of filters is appropriate for airborne particles such as silica or lead, when there are no oil-based products also in the air.

For example, an N series filter would be recommended during the removal of old lead paint. However, for spraying an oil-based lead paint, an R or P series filter would be recommended as protection against the airborne mist of oil-based solvent.

The R series (resistant to oil) should only be used for a single shift when solvent or oil mist is present in the air. This filter resists oil but may break down in contact with oil or solvent over a long time.

When using P series filters, check the manufacturer's instructions to determine how long the filter can be used when airborne particles are present. NIOSH originally thought that P series filters were oil-proof but recent tests have found there may be some breakdown of the filter material with long-term oil exposure.

Note: N, R, and P filters do not provide protection against organic vapors.

3300/N95 RESPIRATOR KIT

Kit includes 3300 Mask, 2 each N95 filter pads, 2 each filter pad retainers, and 2 each filter pad bases. P/N 12-02261 ..... **$24.25**

3300/R95 RESPIRATOR KIT

Kit includes 3300 Mask, 2 each R95 filter pads, 2 each filter pad retainers, and 2 each filter pad bases. P/N 12-02262 ..... **$25.75**

3300/P100 RESPIRATOR KIT

Kit includes 3300 Mask, 2 each P100 filter pads, 2 each filter pad retainers, and 2 each filter pad bases. P/N 12-02263 ..... **$31.50**

X-PLORE 3300 COMBINATION CARTRIDGE KIT

The combo cartridge is a P100 filter, and also filters out organic vapor/acid, gas, formaldehyde, chlorine dioxide, and hydrogen floride. Kit includes mask and one combo cartridge.
P/N 12-02267 ..... **$21.75**

X-PLORE 3500 COMBINATION CARTRIDGE KIT

The combo cartridge is a P100 filter, and also filters out organic vapor/acid, gas, formaldehyde, chlorine dioxide, and hydrogen floride. Kit includes mask and one combo cartridge.
P/N 12-02268 ..... **$34.65**

3M™ DISPOSABLE PROTECTIVE COVERALL 4530

The 3M™ Protective Coverall 4530 is disposable safety work wear made of lightweight, breathable polypropylene with flame resistance. Designed to be worn over primary FR garments, it helps provide protection against dusts and light liquid splashes. Features: Breathable material to help reduce heat buildup and promote comfortable wear. Knit cuffs with elasticized waist and ankles for increased comfort and freedom of movement Three panel hood design for compatibility with complementary PPE. Two-way zipper with sealable storm flap Reinforced gusset for increased durability. Flame resistant treatment offering secondary protection against heat and flames Anti-static coating on both sides.

OXYGEN SYSTEMS

AEROX HIGH-DURATION AVIATION OXYGEN SYSTEMS

Aerox 2D system

Aerox 4M system

Add to your flying comfort by using oxygen at altitudes as low as 5000 ft. Aerox Oxygen Systems include lightweight aluminum cylinders, regulators, all hardware, flow meter, and nasal cannulas (masks available as option). Oxysaver oxygen saving cannulas & Aerox Flow Control Regulators increase the duration of oxygen supply about 4 times, and prevent nasal irritation and dryness. Complete brochure available on request.

500 SERIES REGULATOR – AN AIRCRAFT SPRUCE EXCLUSIVE!

- Low profile
- 1, 2, & 4 place
- Standard Aircraft filler for easy filling
- Convenient top mounted ON/OFF valve
- Equipped with Aerox standard plug sockets
- Over pressure safety valve
- Built in cylinder pressure gauge

AEROX BASIC RETRO FIT KIT

FITTING IDENTIFICATION CHART (Not Sold Separately)

AEROX RETROFIT KITS

FOR BUILT-IN SYSTEMS OR OTHER PORTABLES

The Aerox® Retrofit Kit consists of 3 parts:

1.) Oxysaver® Cannula—this comfortable device may be used in place of your mask up to 18,000 ft. MSL. It has a conserving feature which can extend your oxygen supply by up to four times. 2.) Aerox Flowmeter/indicator—this combination device conveniently reads both mask and cannula flow rates in MSL altitude. 3.) Aerox Adjustable Flow Restrictor—a thumb screw operated needle restrictor valve allows you to precisely control flow. Shown are most of the connectors for general aviation. If you want us to supply the connector, be sure to indicate which is your type.

Model	Retrofit Kits	Part No.	Price
RK-SC	Retrofit Kit plus Scott type fitting SC	13-18992	$112.00

RK-SC	RK-SC with - Flow Meter Needle Valve Option	13-05582	$104.95

AEROX GLOW IN THE DARK FLOWMETER AND GAUGE

AEROX'S PATENTED GLO-TEC FLOWMETER - Precision Adjustable, Direct inline oxygen flow indicator with photoluminescent technology for extended night-time visbility.
PN 13-05251 .....**$54.50**

AEROX'S PATENTED GLO-TEC PRESSURE GAUGE - Pressure Gauge, 0-3,000 PSI, Rear Mount, with photoluminescent technology for extended night-time visibility. PN 13-05250 .....**$29.90**

AEROX PRO-O2 EMERGENCY HANDHELD OXYGEN SYSTEMS

In the event that the primary oxygen system fails, the Pro-O2 provides oxygen until the aircraft can reach a lower altitude. And because Pro-O2 is refillable, there is no need to purchase replacement O2 cartridges.

During short flights at altitudes between 12,500ft. MSL and 14,000ft. MSL where maneuvering over mountains or turbulent weather is necessary, the Pro-O2 emergency handheld oxygen system provides oxygen to extend these brief legs. Included with the refillable Pro-O2 is a regulator with gauge, mask and a refillable cylinder.

Pro-O2-2 (2 Cu. Ft./1 mask).....P/N 13-02735 .....**$328.00**
Pro-O2-4 (2 Cu. Ft./2 masks).....P/N 13-02736 .....**$360.00**

AEROX 4110-712 SERIES OXY-GEN MASK WITH MICROPHONE

The 4110-712 Series continuous flow oxygen mask with microphone is intended for crew and passengers in the general aviation industry at a maximum altitude of 25,000 feet. Optional equipment includes industry standard fittings for connection to portable and built-in oxygen systems.

Description	Aerox No.	Part No.	Price
Small Without Microphone	4110-711-1	13-06652	$189.50

Bracket Assembly, SS, with Lock, or Cyl Diameter (2 needed per system) P/N: 13-04033 ..... **$37.00**

AEROX FBO-1 FILLING STATION

Whether making money or saving it, the Aerox FBO-1 Cascade Filling System makes it easy to fill all types of aviation systems, from portables to jets. The FBO-1 comes complete with 2 CGA 540 cylinder connectors, 6' high-pressure (3000 psi) braided stainless filler line, contents gauge, flow restrictor and adapters to fit Puritan-Bennett, Scott, and CGA 540 filler ports. P/N 13-04534..... **$360.00**

AEROX CGA-540 SINGLE CYLINDER FILLING STATION - Transfills between cylinders quickly and easily. 6' braided stainless line, gauge, restrictor, and CGA 540 filler. P/N 13-04535..... **$185.95**

OPTIONAL BUILT-IN ADAPTERS

Image	Description	Part No.	Price
	Aerox Scott Built-in Adapter Option (Piper, Beech, Mooney)	13-04536	$60.00
	Aerox Puritan-Bennett Built-in Adapter Option (all other makes)	13-04537	$87.00
Portable System Filling adaptors for standard CGA 540 supply cylinders:			
	Aerox Scott Portable Filling Adaptor	13-04538	$65.00
	Aerox Puritan-Bennett Portable Adapter Option	13-04540	$87.00

AEROX SEAT BACK DELUXE CARRIER

Fitted case with quick release, all point webbing. Available for "A", "C", "D", "E", and "M" cylinders. Doubles as a carrier with built in rubber handle. Webbing can remain on the seat when the case is detached. Internal velcro strap holds cylinder securely. Accessory pocket on side holds webbing for easy storage. Available in black. P/N 13-07084.....**$69.95**

NORAL OXYGEN CANNULA CARRIERS

See www.aircraftspruce.com for our full line of Noral Oxygen Canula Carriers.

PS

OXIMETERS - FACE MASKS

PULSE OXIMETER CO DETECTOR 455

CO Guardian proudly announces aviation's first built-in pulse oximeter for airplane panels. This Life Guardian Aero-455 has been designed for all aircraft with limited panel space.
This small pulse Oximeter with CO Detector mounts easily in most panels and transmits data to the MFD'S via RS232. Current MFD manufacturers include Electronics International, Advanced Flight Technologies, Grand Rapids Instruments and on upcoming releases of Avidyne Entegra Release 9.
The unit transmits the pilot's blood oxygen levels, heart rate statistics, CO Level, Cabin temperature and Cabin Altitude to the MFD's display units. The pilot inserts an index finger in the unit and quickly gets readouts so he/she can determine his/her general physical and his environmental condition. Aero-455 reminds the pilot when he/she passes 10K and every 30 minutes above 10K. P/N 11-07993.....**$899.00**

THE OWL AVIATION OXIMETER

Can detect blood oxygen concentration through the use of a small sensor placed on the tip of a finger or in a headband. The oximeter will determine if the oxygen concentration of the blood becomes too low and alert the pilot of potential hypoxia conditions. At an oxygen saturation of 90%, the OWL will alert the pilot through standard aviation headphones with an audible "caution" message. If the saturation should drop below 85%, the OWL will sound a "warning" message.Will give saturation readings on demand--at the push of a button. Will also alert the user in the event the batteries become low by an audible "caution" and a visual indication with a red LED. The only oximeter with a sensor intended for continuous monitoring. P/N 13-04284 ....**$625.00**

EDS-2IP BUILT-IN PULSE DEMAND OXYGEN SYSTEM

Complete kits that include all you need to do high flight-level cross country flying with ultimate physiological safety. Kit includes the low-profile instrument panel or overhead-mountable EDS 2ip control head unit with a 2.25" X 2.25" form factor, two (2) remote-mountable oxygen outlet distributor units, the new IPR (Intelligent Peripheral Regulator) with our light-weight carbon-fiber-wrapped cylinder with a 48 cu. ft. capacity allowing many round-trips without oxygen refills. In addtion, masks, cannulas, as well as necessary hardware and tubing are included. The pilot station comes with our, FAA-CAMI flight-level 250 tested 'Pulse-Demand' ALPS FaceMask that can be upgraded with a noise-cancelling microphone at any time. You can add the Alps face mask with or without microphone for your co-pilot as well.
EDS-4ip built-in Pulse Demand oxygen management systems are complete kits includes everything in the EDS-2IP but with the EDS 4ip control head unit with a 2.25" X 3.125" vertical form factor, and four (4) remote-mountable oxygen outlet distributor units
NOTE: The EDS ip systems automatically operate from a 12 or 24 Volt system at a mere 250 ma. of current. Therefore, if not specified, during your order the IPR will come with a 12 volt valve and the schematics will instruct that it be powered from the control head, via pin-19. The most preferred configuration. Otherwise the valve for the IPR must be specified for either 12 or 24 volt operation if you decide to power the IPR valve through system power and not from the control head.
EDS-2IP ..... P/N 13-05745 .....**$4,785.00**
EDS-4IP (Shown) ..... P/N 13-05746 .....**$6,175.00**

AEROX OXYGEN CONSERVING SYSTEM

Intended for use with current portable oxygen systems. Maximum Oxygen Duration with Minimal Effort. The device uses negative inspiration pressure to trigger pulse oxygen. Completely mechanical, no batteries required. When the user inhales, a supply of oxygen is delivered, simple, safe, and effective, reducing the demand on the users standard portable supplemental oxygen system, and increasing duration times. Includes a convenient strap for wearing around your neck. Outlet Hose with Flow Indicator, Inlet Hose with aerox® , CPC, or Skyox Plug-in Fittings.
P/N 13-09019 .....**$364.00**

OXY2GO PORTABLE OXYGEN SYSTEM

The Oxy2Go Portable Oxygen System Regulator and Cylinder Unit has a lightweight and compact ergodynamic design that fits into the palm of your hand. This is the world's smallest, most convenient portable oxygen system ever developed for personal use.
Oxy2Go..... P/N 13-09607.....**$24.95**
6 Pk Cylinder refills..... P/N 13-09608.....**$19.95**

FINGER PULSE OXIMETER

MD300 C201 is intended for noninvasive spot-check measurement of function oxygen saturation of arterial hemoglobin(SpO2). It can be used with adult and pediatric and widely used in family, clinic and hospital. Features; • SpO2%, PR are displayed on screen. • Simple and convenient operation • Light, compact (the weight is 50g including batteries) Low power consumption, two AAA batteries can be continuously Operated for 30 hours • Indication of low power consumption • Two display modes P/N 13-05666 .....**$89.95**

MOUNTAIN HIGH AVIATOR STANDARD CANNULA

The Aviators Cannula is calibrated for use with the MH-4 flowmeter or any other device calibrated to the standard protocol of 1 liter per minute per 10,000 ft. per FAA-FAR 23.1447. This Cannula works great with a headset! P/N 13-11590 .....**$5.95**

MOUNTAIN HIGH OXYMIZER CANNULA

The Mountain High Oxymizer 'M' type (mustache-style) oxygen-conserving cannula is the most popular version of MH Cannulas. The Oxymizer is standard issue with MH XCR and XCP systems and may work with almost any adjustable constant flow regulator.
P/N 13-11592 .....**$24.95**

MOUNTAIN HIGH OXY-ARM BOOM CANNULA

The new OxyArm™ boom "comfort cannula" system, which fixes onto your headset, can swivel about and slides in/out for best fit. The nasal tips and the entire feed-tube assembly are easily replaceable. The OxyArm™ boom cannula has been tested for best use with all MH EDS and XCP products. The OxyArm™ boom cannula kit from Mountain High has all the items needed to install onto almost any headset in use today.
P/N 13-11591 .....**$98.50**

MOUNTAIN HIGH ALPS FACE MASK

FAA-CAMI tested with the EDS-ip system, MH ALPS FaceMask and the MH ALPS-M (for microphone) FaceMask. Outfitted with an electronic "Clear-Speak" ambient noise-canceling microphone and is compatible with most aircraft systems. Easy to put on and exceptionally comfortable as it does not require a polyvinyl bag. The ALPS or the ALPS-M FaceMask can be used with any of the MH oxygen systems. Available in small, medium and large.
Note: Customers using the Mountain High Face Masks with EDS Pulse Systems must purchase feed tube (P/N 13-11388).

Facemask Med.	13-04155	**$132.95**	Facemask w/ Mic Small	13-05134	**$398.00**
FacemaskSmall	13-05136	**$126.23**	Facemask w/ Mic Med.	13-05135	**$379.95**
Facemask Large	13-05137	**$144.95**	Facemask w/ Mic Large	13-04156	**$379.00**

MH Feed Tube..... P/N 13-11388 .....**$5.95**

MOUNTAIN HIGH PORTABLE OXYGEN SYSTEMS FOR CESSNAS

"MH FDS O2D2 Pulse Demand FADOC Oxygen Delivery System" is designed for Cessna pilots. The MH EDS O2D2 is the only single unit. portable, two-place, carry-on Pulse Demand oxygen system currently available. The MH EDS O2D2, with the patented digital electronic "Pulse Demand" FADOC oxygen delivery system, enables the pilot and passenger/crew to fly at pressure altitudes up to 25,000 feet with safety and comfort. The O2D2 digital pulse demand system reduces oxygen consumption dramatically. Different from "standard" constant flow systems, the O2D2 pulse demand system wastes no oxygen during the breathing cycle. Studies show that 90% of the oxygen supplied by the O2D2 is transferred to the blood. The average user will enjoy a conservative consumption drop of four times compared to constant flow systems. The system operates, with two people, for up to 50 hours on three AA alkaline batteries. Easy to use, the two-person O2D2 reduces oxygen system workload to almost nil. There are no oxygen flow indicators to watch or manually operated constant flow valves to adjust due to altitude changes. Two push buttons cycle the O2D2 through the various modes that automatically deliver the required supplemental oxygen pulses for various altitudes. The complete standard system includes an aluminum oxygen cylinder (buyer has a choice of sizes with upgrades), a cylinder carry case, primary reducing regulator, low pressure service line, connection fittings, the MH EDS O2D2 FADOC unit, breathing cannulas, face masks, and a tote bag.
With Small (4-1/2" DIA) Cyclinder..... P/N 13-05068.....**$1,089.00**
With Large (5-1/2" DIA) Cyclinder ..... P/N 13-05069.....**$1,129.00**

PS

OXYGEN SYSTEMS

MOUNTAIN HIGH XCP SYSTEMS

The XCP is a low-cost, high-duration multi-place oxygen system. With the A3 and Oxymizer cannula each person will use at most 1.0 liter/min. at 18,000 ft. The flow rate at 18.000 ft. is typically only 3/4 (0.750) liter/minute with the Oxymizer cannula. However, 1.0 liter/minute is used as a worst-case scenario and for calculation convenience. The XCP delivery system consists of: 1 ea. XCP quad-port regulator with self-sealing outlets, 4 ea. XCP face masks (for use with the A4 flowmeter or nasal congestion), 4 ea. Nelson A3 flowmeter/regulators with 3' (three feet) of high quality tubing with CPC connectors and 4 Oxymizer® type "M" nasal cannulas, 1 ea. Oxygen cylinder (AL-415 or AL-682), 1 ea. Tuff-Pack padded fabric carry/strapping case for cylinder and equipment. It has an altitude/flow scale calibrated for the unique Oxymizer oxygen-conserving cannula. The scale is marked in 2,000 ft. increments for VFR flight levels up to 18,000 ft. You can operate the XCP in IFR flight levels with the optional A4 flowmeter/regulator and associated F1 face masks. All systems are shipped empty.

MOUNTAIN HIGH HANDHELD OXYGEN SYSTEM

The Co-Pilot is an affordable, handheld oxygen system designed for supplemental breathing at high altitudes. Useful for pilots who only occasionally fly at altitudes requiring oxygen and, therefore, do not need a full-featured oxygen system for their aircraft. The Co-Pilot's oxygen regulator has an on/off and volume control knob that is adjustable from off to 2 L/min. The face mask is removable and can be replaced with an Oxymizer cannula for continuous "hands-off" use for more than 30 minutes of duration per cylinder, at 15,000ft. Built-in pressure gauge will allow you to see how much oxygen is available at all times. Can be shut off and stored with a cylinder installed for more than a year without any noticeable leakage. Comes with regulator & gauge, face mask, two 18-liter non-refillable replacement cylinders, and an instruction manual. . P/N 13-01016 ..... **$199.95**

MOUNTAIN HIGH EDS OXYGEN SYSTEMS

The EDS (Electronic Delivery System) is a supplemental breathing system specifically designed for aviation to employ the tested and well founded pulse-demand method of oxygen delivery. This reduces the amount of oxygen wasted by as much as ten times over constant-flow systems, while providing over 90% blood saturation levels at and well above pressure altitudes of 25,000 ft. The EDS senses and synchronizes itself with your breathing to provide a pulse of oxygen when you benefit from it the most: at the very beginning of your inhalation cycle and not while exhaling, pausing or talking. Measurements show that up to 90% of the oxygen delivered is absorbed directly into the blood stream. A built-in density altitude barometer responds to altitude changes automatically, adjusting the oxygen amount as needed for each breath. Current digital version, EDS-D1, is about the size of a cigarette pack, and it offers 9 modes of operation. All systems shipped empty.

MOUNTAIN HIGH PORTABLE O2D2 UNIT KIT

The MH EDS O2D2 Pulse Demand Oxygen Delivery system is the only single unit, portable, two-place oxygen system currently available for aviation. A variety of options allow you, the pilot, to customize a system to your specific needs. The O2D2 kit comes with 3 'AA' batteries and 2 cannulas and 2 face masks each in their own handy carry bag. Various cylinder configurations of our complete ready-to-fly O2D2 systems are listed below. **NOTE**: The EDS O2D2 and O2D1 are portable systems designed and calibrated to be used with their regulators (~15 psig. dynamic to 30 MAX. psig. static). However, if you wish to operate from the outlets of a built-in system, they offer the In-Line Regulator pressure reducing and stabilizing regulator. This will allow their portable EDS systems to operate with built-in systems that supply up to 125 psig. to the outlets in the aircraft.

GROUND SUPPORT TOW BARS

CESSNA - This two piece telescoping tow bar fits all Cessnas with 5/8" lugs on nosegear. Overall length 42.5", collapsed 24".
P/N 13-01800.....**$44.75**

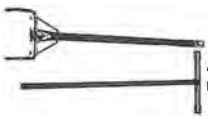
MOONEY - A simple "T" handle design for the Mooney axle. Overall length 33.5".
P/N 13-02000.....**$46.75**

CHEROKEE - This one piece tow bar has a retractable locking mechanism that gives a positive lock when installed. Overall length 31". P/N 13-01600.....**$44.75**

BEECHCRAFT - The compact design of this tow bar makes it very popular among Beech owners. Overall length 38", collapsed 21.5". P/N 13-01900.....**$46.75**

ARROW - This offset "T" handle design fits into the Arrow axle making it a simple and easy design to use. Overall length 33".
P/N 13-01700.....**$44.85**

TWIN CESSNA - The extra length provides extra nose clearance and leverage for Twin Cessnas and remains very compact. Overall length 55", collapsed 34". P/N 13-01850.....**$48.75**



TWIN PIPER - (HH-007) Piper Twin Comanche, Apache, Aztec, and Navajo Towbar. Two section until 28" collapsible, 49-1/2" overall length.
P/N 13-01778.....**$47.50**

COMANCHE - The same as our P/N HH-007 except one piece construction. Overall length 33". P/N 13-02100.....**$43.75**

DELUXE CESSNA - The deluxe Cessna towbar is very popular and designed for those who demand the ultimate in convenience and durability. Spring loaded forks allow easy one handed engagement without getting on your hands and knees. Length 45.5" extended, 26" collapsed. Wt. 3.75 lbs. Ideal for Cessna RGs Including 210 series.
P/N 13-01540.....**$72.50**

DUTCHESS/PIPER - Fits Dutchess and Piper nose gear axle. Telescoping design provides extra nose gear clearance. Overall length 48", collapsed 28". P/N 13-02210.....**$44.75**

DELUXE PIPER - The deluxe Piper towbar offers all the features of a standard Piper towbar plus the convenience of a two-piece design. When extended, this model provides additional propeller clearance and leverage. Length: 42" extended, 23" collapsed. Wt. 3.5 lbs.
P/N 13-01550.....**$52.50**

UNIVERSAL TOW BARS

CESSNA/ BEECH/ MOONEY - This universal tow bar is excellent for use with tug, tractor, or by hand. It fits most Cessna singles and twins with 5/8" lugs, Beech singles and twins with 1/4" lugs, all Mooneys, Twin Commanders, Lake and Commanche. Slide lock quickly adjusts & holds firmly.
P/N 13-02350.....**$161.95**

PIPER - Same design as the universal tow bar above, this towbar fits Piper single fork design, Arrow, Malibu, Lance, Seneca, and Seminole. Slide lock quickly adjusts and holds firmly. P/N 13-02351.....**$154.75**

SCOTT TAILWHEEL - A tow bar designed for aircraft using a Scott 3000 series tailwheel. Overall length 48", collapsed 28".
P/N 13-02205.....**$56.50**

BEECHCRAFT AXLE - This two piece tow bar is designed for use in Beechcraft axles. Overall length 48", collapsed 27".
P/N 13-02215.....**$55.95**

CHEETAH/TIGER - This tow bar is designed to fit Grumman aircraft. Its collapsible design makes it easy to fit in the baggage area. Overall length 43", collapsed 26". P/N 13-02200.....**$59.50**

ERCOUPE -Specially designed for Ercoupes. This tow bar has a spring loaded lever action for ease of operation. Overall length 46.5", collapsed 28.5". P/N 13-01580.....**$54.95**

1-1/8" AXLE - This is a universal tow bar designed for aircraft with 1-1/8" axles such as Cessna Skymaster and Piper Seneca. Overall length 56", colapsed 33". P/N 13-02110.....**$59.25**

COMMANDER - This model fits Rockwell 112 and 114. Spring loaded forks for ease of operation. Overall length 46.5", collapsed 28.5".
P/N 13-01570.....**$59.50**

DELUXE MOONEY - The deluxe Mooney towbar is a longer, two piece version of a standard Mooney towbar. Attractive black caps accentuate deluxe appearance. Length: 38", collapsed 21". Wt. 3 lbs. P/N 13-01560.....**$49.85**

UNIVERSAL - For the FBO this is an ideal hand held universal tow bar. Fits Cessna, Beech, Piper, Scott Tailwheel and many others. Overall length 57", collapsed 34". P/N 13-02250.....**$92.50**

VIKING - Designed especially for Bellanca Viking axle. Collapsible design and spring loaded fork. Overall length 46.5", collapsed 28.5".
P/N 13-02220.....**$68.50**

DELUXE BEECHCRAFT - Spring loaded forks for ease of operation. Overall length 47", collapsed 28". P/N 13-01905.....**$55.95**

FBO UNIVERSAL TOW BAR

This heavy duty universal tow bar is standard equipment for FBOs. Fits most Piper, Cessna, Beech,Mooney, AeroCommander, and many others. The adjustable fork allows you to extend the fork assembly from 3" to 10". This tow bar is extra long at 7 ft. 6 inches.

The T-100 is not made for specific aircraft. It has spring loaded adapters that will fit and 1/4" to 5/8" towpins on the aircraft axle. This will not work with aircraft that have tow pins on the landing gear. P/N 13-02355..... **$243.95**

AIRCRAFT WINCH & MOUNTING KIT

AIRCRAFT WINCH - Hook cable to tail tie-down ring and press button. Easily moves aircraft up to 3,000 lbs. rolling weight. Includes wall mount. If a floor mount is desired order P/N 13-06124. Order bracket separately. Comes with 100' of cable and 75' of control cord and has an automatic safety shut off. Cable speed is 30 feet per minute. Voltage 110 DC.....P/N 13-01764.....**$462.95**

HEAVY DUTY AIRCRAFT WINCH - Winch includes metal wind up drum, 100' of cable 125' of control cord. Moves aircraft up to 6,000lbs. Includes a wall mount. If floor mount is desired P/N 13-06124 must be ordered. Code 7
P/N 13-06125.....**$428.95**

AIRCRAFT WINCH MOUNTING KIT - Aircraft Winch Mounting Kit Everything you need to secure the winch to the floor. Mounting kit only. Can be used with P/N's 13-01764 and 13-06125 in a floor mount is desired.
P/N 13-06124.....**$51.75**

PS

TOW BARS

BOGERT TOW BARS (BOGI-BARS)

Light enough to stow Built from a combination of steel for maximum durability comfort grips on the handle and spreader bar chip resistant red bar will look great for years. Operation: extend the handle easily with high shear wick release pin apply forward pressure on the spreader bar to open the wishbone jays. Line up the Bogi-Bar attachment at the tow points or axle depending on model. Release the tension on the spreader bar and you are locked on! The tow bar will not slip off the plane. Reverse for removal.

BOGI BAR EXTENDED T-HANDLE

Includes new grips and is 7" longer than the standard Bogi Bar T-Handle. The extra length can be quite beneficial for aircraft with extra-long noses like the Cessna 182 S (1996 and up) and T (2001 and up) models. Tall customers will find this T-Handle easier on the back since it lowers that overall angle of the tow. The Extended T-Handle works with any of the standard Bogi-Bars and will increase the overall length to about 55". Model 4-TXL. P/N 13-11199.....**$34.95**

BRACKETT AIRCRAFT TOW BARS

MODEL TH-5

The TH-5 is a scaled down version of the TR-3 tractor towbar. Excellent for operators and tee hangar owners who need a towbar which is lightweight (14 lbs), has good large pulling handles, and is sturdy enough for towing Cessna 150's to 310's. Size: 74"L. Wt: 14 lbs.

Ring Hitch.....P/N 13-10110 ..... **$338.95**
Ball Hitch .....P/N 13-10111 ..... **$364.95**
Clevis Hitch .....P/N 13-01884 ..... **$334.00**

MODEL TR-6

Excellent for towing aircraft such as the T-6, P-51, Stearman, Staggerwing Beech, or any aircraft with 3/4" or larger eye bolts. Length: 12' Spread: 12 ft. Weight: 62 lbs.

Ring Hitch.....P/N 13-10131 .....**$965.00**
Ball Hitch .....P/N 13-10130 .....**$745.95**

MODEL TR-34

The TR-34 has the light weight of the TR-3, and the strength of the TR-4. It has the same universal features that fit most aircraft from C-150 through aircraft up to 14,500 lbs. Wt: 35lbs. Available in 3 hitch styles.

Ring Hitch (TR-34R) P/N 13-10085 ..... **$559.00**
Ball Hitch (TR-34B) .....P/N 13-01886 ..... **$497.00**

DELUXE 24-VOLT ELECTRIC TAIL DRAGGER-DRAGGER

The deluxe model comes with charger and batteries included so the unit is ready to be used immediately.

This powerful 24-volt electric tug has heavy-duty 11 1/2 -inch air wheels and will move most tail-draggers up to 6,000 lbs., tail wheel tires up to 16 inches in diameter. It utilizes a smooth twist-grip speed control for precise forward and reverse movements. Uses 2 garden tractor batteries hooked up in series.

P/N 13-07281.....**$1,995.00**

DELUXE 24-VOLT ELECTRIC NOSE DRAGGER DRAGGER

This powerful 24-volt electric aircraft tug will fit and move any nose wheel airplane up to 6,000 lbs. without wheel fairings as well as those with wheel fairings that have 3" or greater of clearance from the fairing to the ground. It utilizes a smooth twist-grip speed control for precise forward and reverse movements. The Deluxe model (D) is shipped with batteries and a charger so the unit is ready to use immediately. Uses 2 garden tractor batteries hooked up in series. NDE-24D Deluxe Up to 6000 lbs. P/N 13-07278..... **$1,995.00**

STEARMAN TOWBAR

This towbar easily captures your tailwheel. Just push down on the bar and latch the pental hook or drawbar ball. It makes moving the Stearman from the rear quick and easy. Made with heavy duty wheels and pump up tires. Powder coated black.

P/N 13-11618..... **$358.00**

NOSE WHEEL DRAGGER DRAGGER

The Nose-Dragger Dragger features a swing gate front roller (for easy loading), 10 ball bearing rollers (which push and guide the nose wheel), and does not require the use of adapters, winches, or hydraulics. Effortless ground handling is accomplished by its lightweight design and slow walking speed. The Nose-Dragger Dragger accepts nose wheels up to 600 x 6 (with or without wheel fairings), and no metal-to-metal or metal-to-fiberglass contact. Available in gas or electric power models. The 12V electric powered Nose-Dragger Dragger will accept aircraft up to 3,000 lbs. The Nose-Dragger Dragger Gas powered model accepts aircraft up to 6,000 lbs. Please call 1-877-477-7823 for freight quote.

ROBOTOW PORTABLE TOW BAR

Aircraft Spruce is pleased to offer the new all weather Robotow 24SL. It is lightweight (33 lbs.) and portable, making it ideal for carrying onboard your aircraft. When the Robotow's heavy duty all weather knurled drive drum is held against the nose wheel, the aircraft is easily moved. A trigger on the handle controls the speed while a switch reverses direction on command. Powerful, portable, and dependable, Robotow is an ideal motorized towbar for the aircraft listed below. Kits include Robotow, Battery, and Charger (US Charger or International Charger). Order axle adapters separately.

CESSNA TOWBAR EXTENSION

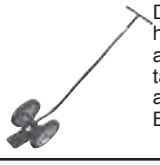
The "QUICK-FOLD COMPACT TOW-BAR" also known as the "QFC--Towbar-TM" This new to the market design was patented with you in mind…No more back breaking, bend over towing… Simply attach the QFC-TowbarTM extension to your already existent Cessna tow bar and stand up straight -away from under the propeller-for an added extension of 33". The QFC-TowbarTM has a unique compact design allowing for secure storage. It simply folds flat and is stowed securely along side the factory tow bar in the luggage compartment. P/N 13-06722 .....**$99.00**

DELUXE TAILWHEEL TOWBAR

The new Deluxe Tail wheel Towbar uses a positive locking control cable to attach to the wheel from a straight-on position. No extra maneuvering or lifting is required, and it can be adjusted for various tail wheel sizes. Towbar Weight: 26 lbs.

Note: Maximum weight to lift is 1,200 to 1,500 lbs. P/N 13-04918 .....**$249.95**

ROLLING TOWBAR FOR TAIL DRAGGERS



Designed by an aircraft mechanic for easy ground handling of his Aeronca, this new tow bar is ideal for all types of tailwheel equipped aircraft. Just place the tail wheel in holding bracket, lift up, and tow bar wheels allow aircraft to be wheeled anywhere with ease. Bracket fits all standard aircraft tailwheels.

P/N 13-04277 ..... **$271.95**

GLIDER & BANNER TOW HOOKS

GLIDER & BANNER TOW HOOK RELEASE

Bolt-on tow hook with bumper is designed to be directly bolted to a custom mounting bracket. The bumper is designed to reduce the kick-back that occurs when releasing a banner. The polyethylene bumper absorbs the force of the release and your tow hook release will last longer. P/N 13-06281.....**$527.00**

GLIDER & BANNER TOW HOOKS RELEASE

Bolt-on tow hook is designed to be directly bolted to a custom mounting bracket. This hook is similar in design to the Schweizer manufactured hook that is no longer available. Design improvements were made to increase emergency release capability at all towing loads and angles. The tow hook is not to be used on gliders. FAA approval can be obtained for the complete tow hook and release system by following the guidelines in FAA Advisory Circular 43.13-2B, Chapter 8, titled, "Glider and Banner Tow-Hitch Installations" and the included tow hook installation instructions. Tow hook release in not STC or PMA approved. P/N 13-04975.....**$458.00**

GLIDER & BANNER TOW HOOKS RELEASE

Weld-on tow hook designed to be directly welded to a custom mounting bracket. This hook is similar in design to the Schweizer manufactured hook that is no longer available. Design improvements were made to increase emergency release capability at all towing loads and angles. The tow hook is not to be used on gliders. FAA approval can be obtained for the complete tow hook and release system by following the guidelines in FAA Advisory Circular 43.13-2B, Chapter 8, titled, "Glider and Banner Tow-Hitch Installations" and the included tow hook installation instructions. Tow hook release in not STC or PMA approved.

P/N 13-04974.....**$420.95**

GLIDER & BANNER TOW RING

The tow rings is designed for use with the glider and tow hook release. The size of the tow ring is 2 ¼" OD. The material is forged steel, finished with cadmium plate with a proof load to 2500 lbs. Tow ring is for use with Wings Unlimited, Inc. tow hooks only. It is not STC or PMA approved.

P/N 13-06282.....**$19.85**

GLIDER & BANNER TOW RELEASE HANDLE

The release handle is attached to the support bracket in the cockpit of the airplane. A cable is attached to the handle and tow hook release. FAA approval can be obtained for the complete tow hook and release system by following the guidelines in FAA Advisory Circular 43.13-2B, Chapter 8, titled, "Glider and Banner Tow-Hitch Installations". The release handle is not STC or PMA approved.

PN 13-06283.....**$168.95**

GLIDER & BANNER TOW SUPPORT BRACKET

The support bracket is attached to the floor of the airplane in the cockpit and is the housing that holds the release handle. FAA approval can be obtained for the complete tow hook and release system by following the guidelines in FAA Advisory Circular 43.13-2B, Chapter 8, titled, "Glider and Banner Tow-Hitch Installations". The support bracket is not STC or PMA approved.

PN 13-06284.....**$113.95**

UL - **Piper** - Fits Arrow, Lance, Saratoga (RG).	13-01915	**$195.00**

REDLINE STIFFY

A 1-pound, spring-loaded, reversable-ratcheting mechanism that greatly increases the "leverage" available to help move your plane. Must be used with either the ST-1 or BE-3 Towbar, purchased separately. Made in the USA using 4130 Chromoly material.

Application	Part No.	Price
Beechcraft - Bonanza, Baron, Travel Air, T-34	13-04064	**$225.00**

REDLINE WEDGE-LOC LINK

Provides a solid "link" between your airplane and other brands of tow bars or power tugs that were designed to connect to either your axle or tow pins. With the WLL, nothing touches any exterior surface of your plane -- the result is no scratching or other damage! Made in the USA using 4130 Chromoly material.

FITS THESE BEECHCRAFT MODELS: Bonanza, Baron, Travel Air, T-34 P/N 13-01913 ..... **$249.95**

REDLINE SLIDER FOR ECLIPSE

The Slider adapter inserts into the front axle and tightens securily. It provides a short "stub" on each side for any universal type tow bar attachment. With the Slider in place, nothing touches any exterior surface of the nose gear, avoiding scratching and other damage. Made in the USA using 4130 Chromoly material. ***FITS ALL ECLIPSE AIRCRAFT.*** P/N 13-06854 ..... **$149.00**

PS

AIRCRAFT TUGS – EZ FLAP

TRACE TOWBOTS REMOTE CONTROL AIRCRAFT TUG

The iTowBot's loading sequence is as easy as driving the unit directly under the nosewheel of your aircraft. It is engineered so that when the aircraft loads, the weight of the loaded aircraft does not inhibit its zero-turn capability. This allows the operator to articulate the aircraft in a manner that places it ahead of all other towing equipment. Releasing the aircraft is just as easy. A foot-operated release allows the operator to unlock the swivel carriage and merely back out from beneath the nosewheel. Can tow in any direction, allowing the user to position aircraft in close quarters with ease. It has the ability to rotate the aircraft inside of its own wingspan. The powerful 24VDC motors are regulated for smooth starts and stops while delivering the power you need to put your aircraft asset out on the ramp or back in the hangar. Specifically designed to provide adequate distance for the operator to tow an aircraft while stepping back to visually clear the areas around the aircraft. The operator should exercise caution in selecting the vantage point from which to operate the iTowBot. The front wheel remains stationery while the iTowBot is free to turn through 360°. With its hybrid zero-turn capability. The DX2.0 transmitter is designed to provide bulletproof 2.4 GHz spread spectrum radio link. There are no worries of frequency clip or radio interference from noisy motors or no reason to be concerned that someone may turn on a radio on your channel. The receiver is bound to the transmitter at the facility prior to shipment so that the receiver will only recognize its specific transmitter that comes with your iTowBot. During the binding process, the motor fail safe positions are also set to further provide another level of safety. ***Specifications:*** * Measures 38" Wide x 46" Long x 12" High * Powerful Reversible 24 Volt DC Motors * Rugged Steel Construction * Powder-Coated Frame * Virtually Zero Maintenance * Easy Ergonomic Remote Control Handset * Max Towing Speed 1.7 Feet Per Second * Overvoltage Thermally Protected * Tows Aircraft up to 15,000+ Pounds Gross Weight * Trouble Free Cast Iron Rims with Non-Marking Moldon * Solid State Heavy Duty Fully Articulating Motor Control Wheels * Hybrid Zero Turn Capability about Stationary Nosewheel * Equipped with Solid State Battery Charger/Maintainer * Also available with built-in 24V Auxiliary Power Plug (APU) & Power Cord

LITTLE STAR VTHRUST

Vthrust aircraft mover from Littlestar Products makes quick and easy work of moving your single-engine airplane, using an off-the-shelf 18V or 24V drill/screwdriver* as its power source. The drill's sealed mechanism means that there are no belts or chains to snag, and no adjustments to make. Most applicable drill/drivers have two or even three speed ranges for precise control of the Vthrust, and supply sufficient torque to move a 3000 lb. airplane up a 3% grade. The drill/driver chucks onto the vThrust, and attaches with a simple clamp. Just attach the driver and go!

EZ FLAP CESSNA/PIPER FLAP HANDLE EXTENSION

Allows the pilot to easily and instantly reach the manual flap "Johnson Bar" lever without leaning forward or bending down in the cockpit. Puts the flap control at the correct distance from the pilot! Pilots can now remain upright and alert while using the flaps, keeping their focus on landing or takeoff, terrain, traffic, and without interrupting instrument scan… regardless of which type of shoulder harness (standard, "inertia reel", or no harness) is being used. Gives the pilot two correctly positioned flap control locations, so there is always a convenient, safer control within reach at all flap positions: On Cessna 170-185 manual flap aircraft, EZ Flap provides much easier access to the flaps between 0 and 20 degrees, then swings out of the way under the elbow when the original Cessna lever becomes convenient for the 30 and 40 degree positions. On Piper PA-28 aircraft, EZ Flap provides far more convenient and safe access to the flap control at the first two positions, and is still comfortable at the maximum deflection position. PA-18 Super Cub pilots will be able to concentrate on getting the most performance and safety out of their aircraft under demanding bush conditions. Access to the flap control is easily within reach, without leaning forward and inducing an unwanted forward movement of the main control stick. The original flap system remains fully functional. Pilots have the ability to use the EZ Flap handle and/or the OEM flap handle interchangeably, whichever is closest/easiest for the pilot at any part of the flap travel.

EZ Flap is STC-PMA certified on Cessna 170 -185,Piper PA-20 Pacer, Piper PA-22 Tri-Pacer PA-28 Cheroke, PA-32, Piper PA-34, Piper PA-44, Maule M-5 and later, Stinson 108, Beech 19/23/24 series. Mounts in approximately 30 minutes, requiring only two small holes. Proudly made 100% in the USA. P/N 13-06946 .....**$499.00**

AIRTUG® 6-S GAS POWERED

The AIRTUG Model 6-S model is extremely easy to use because of its' unique "Throttle Grip Control" system utilizing a hydrostatic transmission as the heart of the Airtug, a heavy duty variable speed , 6 horsepower gas engine. They guarantee your safety with their "Return to Brake" feature that absolutely prevents any unintentional movement of the plane when the throttle grip is released. There is no metal to metal contact, no gears to shift and no jerky clutching systems to quickly wear out. Finally, its' pinpoint handling makes this unit a great choice. All of these features simply make this aircraft tug the best in the industry! **Features**: • Loading System: Winch Strap/ Strut Strap with Accessory options • Parts Warranty: 1 Year • Tow Weight: Up to 8,100 lbs. • Turning Radius: 360° with handle-mounted Caster • Construction Details **Specifications:** • 11 Gauge Heavy Steel Frame • Hydrostatic Transaxle 16"x 6" - 6 ply on 8" Drive Wheels • Drive wheels capable of handling nosewheel weights up to 2000 lbs. • Welded load platform mounted between the drive wheels for added traction.

P/N 13-07284 .....**$3,595.00**

AIRTUG® 6-H GAS POWERED

The 6-H aircraft tug model is the tug of choice for those who need to lower the tail to enter a hangar, and might also need to handle nose-wheel fairing aircraft. The nose-wheel is loaded the same as the Model 6-H, and then it can be raised by a hydraulic jack up as much as needed to a maximum of roughly 9'', thus lowering the tail by approximately double this amount. Additionally, it is easy to use because of its' unique "Throttle Grip Control" system utilizing a hydrostatic transmission and a 6HP variable speed gasoline engine. They guarantee your safety with their "Return to Brake" feature that absolutely prevents any unintentional movement of the plane when the throttle grip is released. There is no metal to metal contact, no gears to shift and no jerky clutching systems to quickly wear out. Finally, its' pinpoint handling makes this unit a great choice. **Features**: • Loading System: Hydraulic Lift Shoe with Winch Strap/ Strut Strap • Parts Warranty: 1 Year • Type of Starter: Recoil • Engine: Four Stroke 6-HP • Tow Weight: Up to 8,100 lbs. • Turning Radius: 360 degree **Specifications**: • 2 Ton Hydraulic Jack for Lift Shoe • 11 Gauge Heavy Steel Frame • Hydrostatic Transaxle • 16"x 6" - 6 ply on 8" Drive Wheels • Drive Wheels Capable of Handling Nosewheel Weights up to 2000 lbs. • Low Profile unit for avoiding low aircraft hulls and flight controls with low axle and optional 13" Drive Wheels.

P/N 13-07285 .....**$3,795.00**

AIRTUG® 10-S GAS POWERED

Extremely easy to use because of its' unique "Throttle Grip Control" system utilizing a hydrostatic transmission as the heart of the Airtug, a heavy duty variable speed gas engine, with a built in electric starter. They guarantee your safety with their "Return to Brake" feature that absolutely prevents any unintentional movement of the plane when the throttle grip is released. There is no metal to metal contact, no gears to shift and no jerky clutching systems to quickly wear out. Finally, its' pinpoint handling makes this unit a great choice. A light is built in for ease of seeing under the fuselage at night. **Features**: • Loading System: Winch Strap/ Strut Strap with Accessory options • Parts Warranty: 1 Year • Engine: Heavy Duty 10hp electric and recoil start • Tow Weight: Up to 16,000 lbs. • Turning Radius: 360° with handle-mounted Caster. Specifications: • 11 Gauge Heavy Steel Frame • Hydrostatic Transaxle • 16"x 6" - 6 ply on 8" Drive Wheels • Drive wheels capable of handling nosewheel weights up to 2000 lbs. • Welded load platform mounted between the drive wheels for added traction. P/N 13-07288 .....**$4,595.00**

AIRTUG® 10-H GAS POWERED

The 10-H aircraft tug model is the tug of choice for those who need to lower the tail to enter a hangar, and might also need to handle nose-wheel fairing aircraft. The nose-wheel can be raised by a hydraulic jack up as much as needed to a maximum of roughly 9'', thus lowering the tail by approximately double this amount. Additionally, it is easy to use because of its' unique "Throttle Grip Control" system utilizing a hydrostatic transmission, electric starter and a heavy duty variable speed gasoline engine. They guarantee your safety with their "Return to Brake" feature that absolutely prevents any unintentional movement of the plane when the throttle grip is released. There is no metal to metal contact, no gears to shift and no jerky clutching systems to quickly wear out. A light is built in to ease seeing under the fuselage at night. **Features**: • Loading System: Hydraulic Lift Shoe with Winch Strap/ Strut Strap • Parts Warranty: 1 Year • Type of Starter: Electric • Engine: Four Stroke 10-HP or greater, electric or recoil start • Tow Weight: Up to 16,000 lbs. • Turning Radius: 360 Degree **Specifications**: • 2 Ton Hydraulic Jack for Lift Shoe• 11 Gauge Heavy Steel Frame • Hydrostatic Transaxle • 16"x 6" - 6 ply on 8" Drive Wheels • Drive Wheels Capable of Handling Nosewheel Weights up to 2000 lbs. • Low Profile unit for avoiding low aircraft hulls and flight controls with low axle and optional 13" Drive Wheels

P/N 13-07289.....**$4,795.00**

AIRTUG® EL3-S ELECTRIC POWERED

Same great power and moving capacity as the larger gas powered unit, but in a QUIET electric model! Extremely easy to use because of its' unique "Throttle Grip Control" system utilizing a Hydrostatic Transmission, Heavy Duty Electric Motor, powerful Batteries, and built-in Battery Charger. They guarantee your safety with their "Return to Brake" feature that absolutely prevents any unintentional movement of the plane when the throttle grip is released. There is no metal to metal contact, no gears to shift and no jerky clutching systems to quickly wear out. Finally, its' pinpoint handling combining twist grip control with a large, handle-mounted Caster makes this walk-behind Airtug a great choice. A light is also built in for ease of of seeing under the fuselage at night. **Features**: • Loading System: Winch Strap/Strut Strap with Accessories • Parts Warranty: 1 Year • Engine: Heavy Duty 3HP Permanent Magnet Motor • Tow Weight: Up to 16,000 lbs. • Turning Radius: 360 Degree **Specifications**: • 11 Gauge Heavy Steel Frame • Hydrostatic Transaxle • 16"x 6" - 6 ply on 8" Drive Wheels • Drive wheels capable of handling nosewheel weights up to 2000 lbs. • Low Profile unit for lower axle clearances and 13" Drive Tires option

P/N 13-07286.....**$5,395.00**

AIRTUG® EL3-H ELECTRIC POWERED

THE PILOT BUDDY

A pillot actuated safety and restraint system for hand propping and tail tie down.Constructed to meet and exceed the load for purpose of positive restraint. Has a Black Velour storage Pouch (4" x 5"), and a slighty smaller restraint loop ring. The entire device and storage package weighs less than 2 OZ, and fits in the palm of your hand. Both the restraint loop (Left side-4 Yards=12'); and the release lanyard (Right side -6 yards = 18') are constructed of MIL Specification, MIL-C-5040, 750 pound test line. The Swing Latch Shackle release is test certified to 800 pounds tensils strength for operating loads. The Swing Latch mating ring on the Restraint loop (Left Side), is a ring contructed to MIL Specification. MS27762, with a tensile strength of more than 750 pounds. Package comes with instructions, a checklist for use, and other increasing safety materials. P/N 13-04259 .....**$32.50**

AIRCRAFT TIE-DOWN STRAPS

Monogramming available (max 10 letters or numbers). Monogramed items are noncancellable and nonreturnable. *Note - Picture shows and example of the monograming option. Actual tie-down is blank unless monograming option is purchased.

TIE-DOWNS

"THE CLAW" TIE-DOWN SYSTEM

Advanced Aircraft Anchoring System – The Claw® Aircraft Tiedown kit comes complete with three earth anchors, rope, spikes, hammer and canvas carry bag. The Harder You Pull, The More It Grips The Earth. **Features**: Easy installation...Easy removal. No more struggling with screw-in anchors The "Claw®" is designed exclusively for aircraft. The "Claw®" system has a 3600 lb. combined capacity. The last tie down you will ever have to buy - Lifetime Warranty, Tremendous holding strength. The harder you pull, the more The "Claw®" grips. Ideal for all aircraft, Works in hard clay, sandy soil or anything in between Large foot print spreads the load over a larger area for maximum holding power, Low profile will not puncture tires, Complete System weighs only 8 lbs (Including Hammer), Light-weight aircraft aluminum with hardened corrosion resistant die cast zinc plated steel spikes 25 ft 3/8" dia. solid braid polyester rope, Anchoring System hammer doubles as removal tool The "Claw®" includes: Bag that is easy to carry and store that contains: 3 Anchors; 9 spikes; 1 hammer; 25-ft rope Wt: 8 lbs.

P/N 13-02448 .....**$97.00**

JEB'S REMOTE TIE-DOWN KIT

Remote Release System - This new safety device will be appreciated by anyone who hand starts their plane.Release and retrieve without leaving the cockpit - get off to a safe start.

P/N 13-04787.....**$59.95**

THE COMPLETE TIE DOWN KIT

Includes: (9) Anchor Rods; (3) Wheel Chocks; (3) Tie-Down Straps; (1) Storage Bag Includes everything needed to tie your plane down when you must park on the grass. You can tie down both wings and the tail. You can use the wheel chock as a chock when parked on pavement, and the strap can be used to secure the plane on a tarmac with built-in tie downs. When parking overnight on grass, simply drive the 3 anchor rods through the holes in the wheel chock to create a tie down and clip your tie down strap to the wheel chock & wing.

P/N 13-03148.....**$159.95**

BAGGAGE TIE-DOWN

A very strong, light weight, and quick way to secure your baggage. The photo shows two units; One with the clamp/ring installed in the base and one with the clamp/ring removed to show more detail. The unit parts are made of anodized 6061 T-6 aluminum with a stainless ring. 2 rivnuts and 2 countersunk 10-32 cad-plated screws are furnished with each complete unit. Extra bases can be purchased individually, and include rivnuts and screws. Note: Use rivnuts to attach to surfaces with no rear access - simply drill a .25" hole and install rivnut. By installing additional bases you can tailor your baggage tie-down options to suit your current needs. P/N 13-01729 .....**$41.75**

E-Z LOCK TIE DOWNS

EZ-Lock Tie Downs feature a braid slip lock which provides excellent tie-down security without the need to tie any knots.72" fully extended P/N 13-00159.....**$13.50**

ROPELOK TIE DOWN

The Diamondback No Knot Rope lok is one of the most versatile and easiest tie-downs to use. Simply loop the rope around the load, insert the tail end into the Rope Lok, pull the rope tight and squeeze the lever down. The load is secured. To release, just lift the lever and the rope slides out easily. 250 pound capacity. Resealable bag for convenient storage. Made in the USA. Color and pattern may vary.

(Warning: Not for personal safety. This product is not intended to be used in rock climbing, rappelliing, or any similar activities. It is not to be used as a safety device or to bear the weight of an individual under any circumstance.)15 ft P/N 13-06929 ..... **$12.95**

SUPER ROPE CINCH®

The Super Rope Cinch™ is a simple handheld device that allows anyone to tie or untie rope with a simple twist. It can be used to tie or untie 1/8" to 5/8" rope, with nothing more than a simple twist.

The Super Rope Cinch® can hold a great amount of vertical or horizontal pressure, yet can be tied and untied in less than 1 second. Use the Super Rope Cinch® for tying boats, tents, luggage, backpacks, snowboards, wakeboards, tools, and everything else you fasten with a rope. The Super Rope Cinch® is considered by many to be the safer consideration to using bungee cords, which have a somewhat high rate of failure and cause thousands of injuries every year. Rope not included.

TOUGHMAN TIE-DOWN

The Toughman™ Tie-Down is a new and unique multi-use rope based tie-down system. The Toughman™ Tie-Down incorporate the patent protected Toughman™ Rope Clamp which has only two moving parts and is manufactured from high performance engineered nylon resin. It is very easy to use, extremely lightweight, high strength and permanently corrosion proof. The Toughman™ Tie-Down product package includes one rope clamp, ten or fifteen feet of rope and one corrosion resistant steel hook. Military Tough: The Toughman™ Rope Clamp has undergone rigorous testing by the US Army Soldier Systems Center, "Natick" test labs and has been approved for use on cargo nets and rope support lines on military tents.

CHOCKS

ALUMINUM DIAMOND PLATE WHEEL CHOCKS FOR GA AIRCRAFT

Constructed from 1/8" thick polished aluminum diamond plate. These wheel chocks weigh approximately 3/4 of a pound and measure 8" long x 1.75' high.

P/N 13-09932 ..... **$24.95**

ALUMINUM DIAMOND PLATE WHEEL CHOCKS FOR RV AIRCRAFT

Constructed from 1/8" thick polished aluminum diamond plate. These wheel chocks weigh approximately 3/4 of a pound and measure 8" long by 1.25' high.

P/N 13-09931 ..... **$24.95**

ASA WHEEL CHOCKS

These tire stops are for keeping aircraft securely parked. A pair of black molded plastic wheel stops are connected with 22" bright yellow and black braided nylon rope that won't rot or retain water. The bottom cleats keep aircraft securely parked. Lightweight; 7-3/4" x 2-1/2" x 4-1/2"; concave design fits any aircraft tire. One pair is needed for each wheel.

P/N 13-05752 ..... **$27.50**

FOLD DOWN MINI CHOCKS

These mini chocks are so small and light you can take them with you. They work perfectly on both hard and dirt surfaces. Anodized aluminum, each wheel pair folds down to 3.75"x 2"x.5" & weighs just 4 oz. A 18" lanyard is attached.

P/N 5229 ..... **$17.95**

MOLDED WHEEL CHOCKS

The "Perfect" lightweight orange urethane aircraft wheel chocks. Oil and chemical resistant and connected by a 22-inch nylon rope. Concave design that fits into tire. Larger sizes available.

P/N 13-03550 ..... **$21.50**

CHOCK-IT ALUMINUM CHOCKS

Chock-It is made from 6061-T6 aircraft grade alumium with black anodized coating. Internal bungee retracks wheel arms for handy storage. Wheel arms snap in place while in use. Chock-It is designed for use on most front 5" tires.

Plain ..... P/N 12-02303 ..... **$49.95**

VECTOR CHOCKS

Hangar rash is the leading cause of ground handling insurance claims. Vector Chocks reduces the chance of hangar rash and will save you a considerable amount of money.

Vector Chocks cradle the wheel with their unique ramp design and the energy yellow colored industrial grade safety tape will help guide you from the hangar door to your safe parking place.

Installation is a snap with the peel-n-place feature, which sticks to asphalt as well as concrete.

Vector Chocks come as a complete kit, each kit containing two Vector Chocks and a roll of industrial grade energy yellow safety tape.

P/N 13-11694 ..... **$39.95**

PS

WINDSOCKS

SCOTT'S WINDSOCKS

Scott's windsocks are manufactured of long-life polyester fabric that is treated to resist the effects of wind and weather. All seams are double stitched with polyester thread for strength. The windsock throat is reinforced and has solid brass grommets for easy attachment and corrosion resistance. Nylon ties are included with each windsock to attach it to the frame. Windsocks are available in high visibility orange, white or alternate orange and white stripes. Fully extended at 20 MPH or 15 Knots.

MINIATURE 15" WIND SOCK

For home, office, hangar or workshop. The 15" long wind cone of Flame-Orange sailcloth material swivels on 23" high steel shaft. Wind directionals are cast aluminum with flat black finish. Furnished with mounting hardware and instructions.

Complete Kit ..... P/N 13-03747 .... **$53.75**
Replacement Sock..... P/N 13-03748 ..... **$12.50**

27" VINYL WINDSOCK

Features 27" long x 6-1/2" diameter fluorescent orange vinyl sock. Aluminum mast adjusts from 33" to 54" and up to 12 ft. with extension kit. Perfect for private strip, helicopters, or runway threshold.

Complete Windsock w/frame.....P/N 13-20015... **$56.85**
Replacement Sock.....P/N 13-20025... **$21.85**

8 FOOT VINYL WINDSOCK

18" diameter sock is double stitched, durable, fluorescent orange vinyl coated nylon. Ball bearings let sock turn easily even in light winds. Aluminum frame holds mouth open. Mount on appropriate pipe. Order frame and sock separately

8 Foot sock only....P/N 13-20035 ..... **$49.85**

NYLON WINDSOCKS

These socks are windtunnel tested and designed for conditions in which safety and wind direction are of greatest importance. They are constructed of nylon oxford cloth for strength and flyability and dyed a bright orange for higher visibility. The throat and tail bands are stitched with multiple rows of tough synthetic thread. The throat band is finished with #1 brass grommets and nylon ties are included. Unlike canvas or vinyl, these Socks fly in the slightest breeze.

WINDSOCKS

AIRPORT WINDSOCKS

What makes these aviation windsocks different?

Two major things make a windsock, its material and its construction. Starting off with a premium nylon fabric that is made right here in the USA to exact standards. Nylon offers unparalleled windsock durability to the elements and will not become rigid in cold weather, keeping these windsocks extremely responsive in even the slightest of wind. From there it gets urethane coated and UV protected, giving the windsock superior fade resistance and color retention. The material is subjected to a variety of tests by an independent lab to verify its structural integrity and UV resistance. This superior material is then cut and sewn. Our reinforced double stitched hems and heavy duty brass grommets, assures these windsocks long life reliability.

The added expense of a superior material and manufacturing process meets the needs of even the most demanding windsock customers. Such as: US Military, US Coast Guard, US Embassies, State Airports, Offshore Oil Rigs, Nuclear Power Plants, Medical Heliports, Government Bio Hazard Units.

ORANGE WINDSOCKS

BALL BEARING FRAMES

The ball bearing windsock frames are a rugged design constructed of a welded steel construction and then a powder coated finish for corrosion protection. They incorporate a two bearing pivoting design for effortless pivoting. These frames are ready to be mounted on a ¾" female pipe thread for the 8", 13", 18" and 24" and a 1" pipe thread for the 36".

Description	Size	Part No.	Price
Ball Bearing Frames	8"	13-06481	**$38.50**
Ball Bearing Frames	13"	13-06482	**$52.85**
Ball Bearing Frames	18"	13-06483	**$57.95**
Ball Bearing Frames	24"	13-06484	**$68.50**
Ball Bearing Frames	36" Non Collapsible	13-06485	**$129.85**
Ball Bearing Frames	36" Collapsible	13-06486	**$269.95**

EXTENDED BALL BEARING FRAMES

These windsock ball bearing extended frames are a rugged design constructed of a welded steel construction and then a powder coated finish for corrosion protection. They incorporate the same high quality construction as our standard ball bearing frames with the added performance of an extened frame. They incorporate a two bearing pivoting design for effortless pivoting. These frames are ready to be mounted on a ¾" female pipe thread for the 13"and 18" frames. Use 1" female pipe thread for mounting the 24" and 36" frames.

Description	Size	Part No.	Price
Extended Ball Bearing Frames	13"	13-06487	**$76.85**
Extended Ball Bearing Frames	18"	13-06488	**$91.50**
Extended Ball Bearing Frames	24"	13-06489	**$114.95**
Extended Ball Bearing Frames	36"	13-06490	**$158.95**

VERTICAL SOCK KITS

These complete kits include our standard frame, windsock, windsock ties, pole, and brackets. They are a stand alone unit for mounting on a flat vertical surface or they can be installed right onto an existing 3/4" pipe thread pole.

Description	Size	Part No.	Price
Vertical Mount Windsock Kit	8" x 36"	13-06491	**$69.75**
Vertical Mount Windsock Kit	13 " x 54"	13-06494	**$76.85**
Vertical Mount Windsock Kit	18" x 60"	13-06495	**$93.50**
Vertical Mount Windsock Kit	18" x 96"	13-06496	**$103.95**

TRIPOD MOUNT WINDSOCK KIT

These complete kits include our standard frame, windsock, windsock ties, pole, and tripod. They are a stand alone unit for mounting on a flat horizontal or peaked roof surface or they can be installed right onto an existing 3/4" pipe thread pole.

Tripod Mount Windsock Kit	18" x 96"	13-06501	**$119.95**

PORTABLE WINDSOCK KIT

Our portable windsock kit is a popular choice for remote locations where knowing the wind speed and direction is vital. This rugged, stand alone unit comes complete with the pole, frame, windsock and windsock ties. These units are manufactured right here in our facility reassuring only the best in quality and performance. This free standing system measures over 7' tall in its assembled configuration.

* It features an extremely rugged design that incorporates a pole with a foot lug and handle for easy installation and removal. The two part pole disassembles for easy transportation.

* The frame conveniently screws onto the top of the pole. Its aluminum hoop and bail pivot on a stainless steel shaft for years of reliable and responsive action.

* The portable unit incorporates the same high quality windsocks we manufacture for commercial airfield use. These high quality socks are constructed from U.S. made nylon fabric that is urethane coated and UV protected. This material is made to our very strict and exacting standards and then sewn right here in our facility, producing a windsock of uncompromising quality. They are offered in (3) sizes for the portable unit. UPS only on this product due to size of package.

DAHON FOLDING BICYCLES

DAHON SPEED UNO

The answer for no-hassle riding anytime. Last year Dahon introduced the functional, simple, stealthy-looking Mu Uno and it quickly became the favorite of all who touched it. The Speed Uno is just as stealthy and portable but even simpler and more affordable. Take one everywhere. BioLogic FreeDrive keeps chain and clothes clean. Folds completely in under 10 seconds. Luggage Socket for attaching a variety of bags and baskets. Color: Shadow Black P/N 13-10419 ..... **$399.00**

DAHON SPEED D7 FOLDING BICYCLE

The Speed combines sporty performance with terrific value. Year after year it remains Dahon's most popular bike because of this. The frame is hand-welded from custom-drawn 4130 chromoly Sonus tubing and incorporates six different patented technologies, resulting in what is probably Dahon's stiffest frame. The Neos derailleur is fast-shifting and has a nice wide, gear range – perfect for urban riding in most cities. Low profile Neos derailleur delivers super fast shifts and is protected from damage beneath the chainstay. Folds in less than 15 seconds so you can take it anywhere. The SuperLite 4130 chromoly frame is strong, light and responsive. The Radius Telescope adjustable handlepost adapts to all riders and riding styles. P/N 13-04094 ..... **$549.00**

DAHON SPEED P8

Probably the best combination of performance and value in our product line, the Speed P8 is perfect for long commutes, weekend exploring, or touring. The Speed P8 shares the same frame as the Speed Pro and combines it with our no compromise Premium component package. The Speed P8's stiff frame, rigid Radius handlepost, and plush-riding Schwalbe Big Apple tires inspire confidence on even the worst roads. Wheel Size: 20". Speed: 8. Folded Size: 30 x 77 x 64 cm (11.7" x 30" x 25"). Folding Time: 15 Seconds. Weight: 12.6 kg (27.8 lb). Max Rider Weight: 105 kg (230 lb). Colors Available: Fire Red, Obsidian.

P8 20" Fire Red ..... P/N 13-00043 ..... **$699.00**
P8 20" Obsidian ..... P/N 13-10420 ..... **$699.00**

DAHON MU P8

The Mu P8 is one of Dahon's most versatile, all-around bikes. It's wonderfully light, fast enough for long weekend rides, and stylish enough to turn heads everywhere you go. Great performance and a good value. Lighter, stronger, and faster are the goals and the Mu P8 delivers on all three. 20" Cloud White ..... P/N 13-00789 ..... **$799.00**

DAHON JACK D7

The Jack is designed to go at any pace you choose and to roll over anything in your path. Forget leaving your urban machine in that communal bike garage and getting nicked and scratched; keep it inside and safe… with you. That's how it should be, right? The Jack is designed around a beefy 7005 aluminum frame and phat Schwalbe Big Apple tires. The Jack has seven nicely-spaced gears to keep things simple, enough for most anything you're likely to encounter in the city. What kind of bike is this? It's a human powered urban machine, Jack. Color: Shadow Black.

Jack D7 16" ..... P/N 13-04795 ..... **$749.00**
Jack D7 18" ..... P/N 13-10423 ..... **$749.00**

DAHON ESPRESSO

The Espresso is the bike for urban adventures: to the park on a sunny weekend; down the street for a lazy Sunday brunch; or to the market for some fresh penne, tomatoes, and a bottle of wine. For 2010, the Espresso gets a complete makeover. The patented new Dahon Axis stem lets you fold the Espresso with a minimum of effort and Schwalbe Big Apple tires mean that you go faster, in a lot more comfort. The new Espresso is a shot of caffeine to your cycling lifestyle.

FOLDING ELECTRIC BIKES – SCOOTERS

CARRYME FOLDING BIKE

Quick release clamps are used extensively on Carryme to allow for quick and easy folding and maximum adjustability. Even the handlebar is collapsible to reduce overall folded size. Both the seatpost and headtube are telescopic and will extend to accommodate riders of all heights. The small chainwheel combination makes it extremely quick and easy to get the bike up and moving. Unique sliding front head tube clamp provides a stiff and sturdy joining system and allows the frame to be folded up to an amazingly small size. Even the pedals are collapsible, allowing the folded CarryMe to take up very little space whether being carried in a vehicle or stored in the home or office. When the bike is folded the small built-in wheels allow CarryMe to be pushed along the ground. Secure locks hold the folded structure together and keep the bike as a solid single unit, ensuring that nothing unfolds or comes loose. Not motorized. Max Rider Weight: 220 lb. Dimensions: Folded 12.6" x 9.8" x 35.8". Weight: 18.1 lb.

WILDFIRE ELECTRIC BIKE WF24-E

The bike folds down to easily fit into a larger cabin aircraft. To fold the steel frame, flip a hasp near the pedals to fold the front half back around the aft half, and then fold handlebars down. It takes about 15 seconds.
The Wildfire 24-inch bike can be ridden like a conventional bicycle, or flip the switch on the handlebar to the "assist" mode and the bike's electric motor kicks in to help propel it while you pedal. The electric power comes from a 36 volt DC lead acid battery mounted in the frame beneath the seat. Size LxWxH: 70" x 24" x 43"

P/N 13-07428 ..... **$749.00**

WILDFIRE ELECTRIC BIKE WF20-E

The 54-pound bike folds down to easily fit into aft cabin of a Beechcraft Bonanza A36 or Piper PA-32, but will likely fit other larger cabin aircraft as well. The folded dimensions are 42x29x15 inches. To fold the steel frame, flip a hasp near the pedals to fold the front half back around the aft half, and then fold handlebars down. It takes 15 seconds
The Wildfire 20-inch bike can be ridden like a conventional bicycle, or flip the switch on the handlebar to the "assist" mode and the bike's electric motor kicks in to help propel it while you pedal. The electric power comes from a lithium ion battery mounted in the frame beneath the seat. The battery can be recharged up to 2,000 times and powers the bike in the assist mode for up to 50 miles between charges or 30 miles into auto mode. Size LxWxH: 62" x 23" x 43". Size LxWxH Folded: 42" x 29" x 15" P/N 13-07429 ..... **$899.00**

RIVIERA FOLDING ELECTRIC BICYCLE

Riviera folding electric bicycle is a one of kind folding electric bicycle that anyone can have fun with. You can ride this electric bike three different ways: 1. Like a regular bike in the "OFF" mode. 2. Pedal normally in the "ON" position and the pedal assist kicks in and helps you out! 3. Use the thumb throttle and NO pedaling is required! The Riviera is popular with RVers as well as private pilots. With gas prices high and with more people concerned about the environment, the electric bike is a wonderful option.

GO-PED LIGHTWEIGHT MOTORIZED SCOOTER

A strong chromoly frame with a lightweight folding handle system to achieve maximum strength along with portability. The sturdy frame has an electrostatic powder coat finish. Go-Ped weighs only 20lbs but can support up to 400lbs. Powered by a pre- cision 2-stroke engine that quietly propels itself at speeds of up to 20 mph, the Go-Ped has the ability to conquer steep hills. Tires are fabricated of a very resilient natural rubber which will never go flat. The Go-Ped averages well over 100 MPG on pre-mixed unleaded gas. Folds as quickly and as easily an umbrella for storage and fits in the optional carry bag, which doubles as a cargo carrying backpack. With a space displacement of only 2.5 cubic feet, the Go-Ped can be easily stored in your car, boat, motorhome or airplane. Features: * Engine Model: GPL290 * Engine Description: Single Cylinder,

PARACHUTES

SOFTIE EMERGENCY PARACHUTES

MINI-SOFTIE - Extremely small, lightweight and comfortable backpack parachute system designed for use in today's restricted cockpit enviroments, and by persons weighing up to 240 lbs. Choice of Conventional Harness or Aerobatic Harness. Container is 2.25" thick x 15" wide x 23" long. Canopy Type: Steerable Conical. Total weight: 15 lbs.
P/N 13-03505-X..... **$2,175.00**

MICRO-SOFTIE - Designed to fit and stay secure over the shoulder of smaller individuals. Used by persons weighing up to 180 lbs. Choice of the Conventional or Aerobatic harness. Container is 2.25" thick x 13" wide x 22" long. Canopy Type: Steerable Conical*. Total weight: 14 lbs. P/N 13-03510-X..... **$2,175.00**

LONG-SOFTIE - Designed to conform to and maximize the comfort of the seating found in todays high performance gliders and aerobatic aircraft. Available in either 180 lb.(13" wide) or 240 lb. (15" wide) versions. Choice of standard H harness or the unique crossover style Aerobatic Harness. Container specifications: 2.25" thick x 13" or 15" wide x 35" long. Canopy Type: Steerable Conical. Total weight: 16 lbs.
P/N 13-03515-X..... **$2,275.00**

SOFTIE-SEAT PACK - Designed for use in aircraft that have no room for a backpack style parachute. Used by persons weighing up to 240 lbs. Container is 15" wide 14" fore & aft 2 1/2" thick. Canopy Type: Steerable Conical. Total weight: 16 lbs. P/N 13-09052-X..... **$2,085.00**

WEDGE-SOFTIE - Designed specifically to add lumbar and sacral support during high, positive G maneuvers. Ideal for the upright seating found in Pitts style seating. Available in either 180 lb. or 240 lb. versions. Choice of standard H harness or our unique crossover style Aerobatic Harness. Container is 2 1/2" thick at bottom, 1/2" thick at top x 15" wide x 23" long. Canopy Type: Steerable Conical*. Total weight: 15
P/N 13-03524 ..... **$2,175.00**

WARBIRD SEAT PACK SOFTIE - Designed to fit into the older style "bucket" seats found in warbird aircraft, and for persons weighing up to 240 lbs. The container is 14" wide 11" fore & aft 6" thick. Canopy Type: Steerable Conical. Total weight: 17 lbs P/N 13-03520-1A.... **$2,085.00**

VISIT OUR WEBSITE FOR ADDITIONAL OPTIONS AND HARNESS CHOICES.

NOTE: Complete the Part Number with Color (-1) Red, (-2) Black (-3) Royal Blue, (-4) Navy Blue, (-5) Grey, (-6) Sage Green or (-7) Olive Drab. Also complete P/N with "C" for Conventional or "A" for Aerobatic. Example: P/N 13-00000-5A.

PREMIUM TRIM PARACHUTE

360/425/490" Premium Trim Emergency Back Parachutes. Includes: Snaps on legs, Snaps on thread thru adapter on the chest, free carrying bag. **Features**: * Color Choices: Black or Red or Navy Blue (Black Trim & Harness). * Hardware: B-12 Snaps on Leg Straps, Thread-thru on Chest. * Logic: Mass produce in "standard configuration" with limited colors. * Free Carry Bag Included * Same quality parachute system that performs equally as the pre-existing "Signature Series" without frills or options.

Premium National 490* Flat Navy	13-06265	**$2,010.00**

NATIONAL EMERGENCY PARACHUTE BACK PACK

The pack design allows greater movement in and around the aircraft. Highly recommended by Aerobatic Champions Leo Loudenslager and Patty Wagstaff. Available in five standard colors: Navy blue with Gold, Navy Blue with Red, Red with Black, Royal Blue with Sky Blue and Black with Silver. Developed with the pilot in mind and is our most popular model. The teardrop shape provides flexibility and maximum comfort even in the tightest cockpits. Back Parachute Dimensions: Standard design includes a tapered width and teardrop shape that hugs the back and also provides comfortable lower lumbar support
*360 = Recommended Pilot Weight is up to 177 lbs.
*425 = Recommended Pilot Weight is up to 208 lbs.
*490 = Recommended Pilot Weight is up to 241 lbs.

NATIONAL'S SEAT PACK

Especially desirable when the cockpit has more vertical space than horizontal. For added comfort, the seat pad has one inch of "Astronaut Foam" above the parachute (accessible to remove or add foam/padding as required). Comes with TT adapters or two B12 snaps. Quick ejector snaps available (special order).
*360 = Recommended Pilot Weight is up to 177 lbs.
*425 = Recommended Pilot Weight is up to 208 lbs.
*490 = Recommended Pilot Weight is up to 241 lbs.

NATIONAL FLAT PARACHUTE

The flat pack is slightly wider and more rectangular but much flatter than our original back parachute's "teardrop" shape. The National FLAT is thinner and even more supple than before. The "Flat-Pack" parachute container provides two choices in packing configuration: 1. More canopy in the upper container for the absolute thinnest beltline thickness (Taper Pack). 2.Canopy spread evenly to be one thickness (thinness!) top to bottom (Fully Flat Pack). he above two choices offer you important alternatives for your flying comfort and cockpit fit! Plus, the change for final shape / thickness (Taper verses Fully Flat) can be adjusted by the rigger any time the parachute is repacked!

National Quick Eject Snaps	13-06268	**$170.95**

PARA-CUSHION EMERGENCY PARACHUTES

Features the patented Pop-Top type container with the externally mounted pilot chute which provides a flat profile while worn and gives a quick and positive send off when released. The canopy risers are neatly hidden in built-in channels contoured into the container. Each container is padded with a luxurious 1/2" (1cm) layer of Confor™ foam, covered with rich silver grey velour fabric. The harness utilizes a light weight fixed-dimension main lift web with individual leg strap design for ease of walking and maximum cockpit movement while saving weight and space. Fully adjustable. Deployment is ripcord actuated with the handle located at the front left side of the harness. Each system is assembled with the popular 26 ft diameter MID-LITE canopy freshly packed by an FAA licensed parachute rigger.

PARA-CUSHION BACK™ - The Model 303 parachute assembly is the most popular model and used by warbird, sailplane & aerobatic pilots. The back-mounted container conforms to the curve of your shoulders, and is only 24" (60 cm) tall by 16" (40 cm) wide and less than 3" (7 cm) thick. Weighs approximately 15 lbs. (6.5 kg.). Recommended when head space is at a minimum. P/N 13-03440.....**$2,085.00**

PARA-CUSHION CHAIR™ - The Model 305 is truly a chair-parachute, covering the back of the body from shoulders to just above the knees. It is especially popular among sailplanes pilots flying for hours in the supine position. It is 42" (105 cm) long by 16" (40 cm) wide and varies from 2.5" to less than 1" (6.5 to 2.5 cm) thick, designed specifically for use where space is minimal. The complete system weighs approximately 16.5 lbs. (7.5 kg.). P/N 13-03442.....**$2,024.00**

PARA-CUSHION SEAT™ - The Model 304 parachute assembly is designed specifically for emergency use by sport aviators flying aircraft utilizing a seat pan. The parachute container is a seat cushion 12"x16" (30cmx40 cm) and less than 3" (7 cm) thick. Because the backpad is only a half inch (1 cm) thick, the system is also especially suited to aircraft with restricted stick or rudder travel, or when head room is not restricted, such as Stearman, Great Lakes and Citabria. The complete system weighs approximately 15 lbs. (6.5 lbs. (6.5 kg.) A zip-on 3" (7 cm) Confor-foam™ padded Travel Cushion is an optional accessory
P/N13-03441 ..... **$2,499.00**

SHEEPSKIN BACK PAD 304 - Customize your Para-Cushion Model 304 seat with the Sheepskin Back Pad. Sheepskin pads keep you cool in the summer and warm in the winter.
Smoke.....P/N 13-11307..... **$179.00**

SURECHECK PRO CHECKLISTS

Sometimes you need all the checklist information in a quick-reference format. SureCheck PRO™ checklists offer just that. All of the checks you need from Preflight to Securing are here, including an extensive emergency section. The award-winning design makes information understandable and readable, while neatly fitting in a handy, knee-board-sized format.

The exclusive professional-grade 15 MIL low-gloss (matte) laminate will not scratch or delaminate. The lamination is the same used by commercial operations and is the strongest available in the industry! The sealed-edge construction holds up better to wear, usage, and sunlight and is impermeable to water, oil, and more.

All charts are 5.25" x 8" (13cm x 20cm). Constructed on non-glare (matte) 15 MIL, UV coated, scratch resistant, indestructible sealed card with magazine-quality 2400 DPI full-color printing, (double-sided).

CHECKMATE CHECKLISTS

CHECKMATE CHECKLISTS

Checkmate is the only checklist that contains virtually all data desired by pilots to fly the airplane while excluding the extraneous information which leads to inefficiency, confusion and even refusal to use. They eliminate the tedious and cluttered 15-page flip-book that pilots quickly become discouraged from using.
Checkmate contains the most comprehensive V-speed section in the industry. V-speeds are listed in Knots and MPH. Checkmate not only makes a dramatic difference in everyday use, but also in critical situations. Emergency procedures are right there! Every time! With most of the emergencies there is no time to flip pages looking for the correct procedures.
Available for over 300 single and twin engine aircraft. All follow a standard format. Used by some of the best flight schools in the country. Checkmate Standard Checklists is 6.5" x9" size. Checkmate Compact Checklist 5"x7" size.

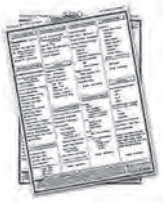
CHECKMATE IFR

In the IFR environment organization and management lead to smoother, stress-free and safer outcomes. CheckMate IFR will assist you through preflight planning to touch-down on the IFR flight. Whether you are cleared for the complete approach or radar vectored to the FAF, CheckMate IFRs format will help keep the flight business orderly and functional. It is precise & specific to the different phases of those sometimes precarious flights. You will be reminded when to prepare and look ahead to each phase. A quick review of CheckMate IFR before flight will help you determine pilot and aircraft preparedness and legalities, how to give those greatly appreciated pilot reports on icing and turbulence, and what ATC expects you to do after radio failure; Professional information in a concise and orderly manner. Standard (6" x 9.5") ..... P/N 13-08805 ..... **$15.95**
Compact (5" x 7") ..... P/N 13-08810 ..... **$13.95**



SURVIVING THE FIRST 24 HOURS CHECKMATE®

Surviving the First 24 Hours CheckMate® clearly details the procedures and equipment that you will need to survive a forced landing and the subsequent 24 hours. The preparation before a flight can easily make the difference between surviving or not surviving. This is one of the most important pieces of equipment in a pilot's pre-flight planning.
Available in three sizes.
Standard (6.5"x 9") ..... P/N 13-00444 ..... **$14.95**
Compact (5"x 7") ..... P/N 13-00446 ..... **$13.75**
Pocket (3.75"x 3.25") ..... P/N 13-00447 ..... **$8.95**

CHECKBOOK CHECKLISTS

Aviation Checkbook is a high quality, multi-page laminated checklist utilizing factory type information for FAA Part 141 and 61 schools. Designed as a primary checklist giving all details and responses needed by new students or pilots wanting a multi-page checklist without the usual bulk. Shirt pocket size with mark and erase surface for notes. The various checklists for your aircraft are stacked and color tabs allow you to locate the checklist you need.

FLYWRITE COCKPIT WRITING PAD

FlyWrite™ is not another "flight planning" layout. It is designed to give you a dedicated place for all the information that flows while in the cockpit of the aircraft. Convenient top-bound writing pad. Each pad contains 50 5" x 8" sheets and can be used with or without standard junior legal vinyl binders. IFR clearances, ATIS, AWOS, frequencies, flight times, hobbs times, tach times, airport information , frequency changes, hand-off's, altitude changes, weather, etc, now have a home. There is also an area for random information or diagrams. FlyWrite™ also contains a handy vertical scale which measures mileage for WAC, SEC, TAC, NOS, JEPP, & ELA charts, eliminating the need for that ruler you can never find.
P/N 13-03307 ..... **$5.95**

MOUNTAIN FLYING CHECKMATE

CheckMate Aviation's new Mountain Flying CheckMate™ is a full color, plastic card that is a compilation of the special knowledge required for mountain flying. Competent flying in mountainous terrain requires knowledge far beyond what is taught in standard flight courses; and as most pilots discover, sooner or later, flying in mountainous terrain is inevitable.
CheckMate Aviation's Mountain Flying CheckMate™ covers both the rules and common sense of flying that are critical when in this aspect of flight. Available in 3 sizes.
Standard (6.5"x9") ..... P/N 13-02713 ..... **$14.95**
Compact (5"x7") ..... P/N 13-02714 ..... **$12.95**

CHECKLISTS

PROPILOT CHECKLISTS

Step up to professional quality with ProPilot Checklist! These handsome booklets are fully laminated and wire-bound for durability and long life, and are perfect for VFR and IFR pilots of all skill levels. All Preflight, Normal, and Emergency procedures are included. IFR checklist items are integrated into phase of flight, and IFR Approach and Departure Briefing sections are also provided. Flight planning is simplified by the inclusion of aircraft-specific performance data (V-speeds, takeoff distance, climb performance, cruise power settings, true airspeed, fuel burn, and landing distance), as well as weight and balance graphs. No more digging through a bulky POH for critical performance numbers! Additionally, a wealth of other useful information is included, such as VFR communications and weather requirements, METAR & TAF codes, IFR Holding Procedures, illustrated Airport Signs & Markings, Light Gun Signals, and Intercept Procedures. Conveniently sized at 6" wide by 9" high, ProPilot Checklist fits easily on your kneeboard. It's truly "The Last Checklist You'll Need!"™

THE PRECIFLIGHT CHECKLIST

More than just a checklist, PRECIFLIGHT® will actually help pilot along all phases of flight: from preparation to tie-down and through emergencies. It is a brightly colored 18 pages booklet at is logically divided to minimize page flipping. Once used to it, it is a natural as good landings.

It regroups important information such as light gun signals, VFR minimums, weather symbols and all that with easy to interpret drawings. Even better, it has features that pilots have to look for in other publications and equipment like a built-in 1/500 000 ruler, frequently used aviation phone numbers and Internet sites and more.

PRECIFLIGHT® was also designed for convenience: it will fit in your shirt pocket or clip on the aircraft yoke where it will be available to use with one hand. Made of a sturdy waterproof paper, it will last a lifetime. It is designed to conform to FAA and Transport Canada regulations by a team of flight instructors and airline pilots

ARMBAND CHECKLISTS

At some point all pilots have become tired of fumbling around looking for their checklist when they should have been concentrating on flying their airplane. Whether you're flying a Cessna, Piper, Cirrus, or even a Learjet, the ArmBand Checklist is the best way to keep your in-flight aircraft checklist accessible at all times. With this simple design, your checklist easily slides onto your wrist for convenient viewing. A must have for any pilot whether you're a student or a professional flying single pilot IFR.

E.S.P. CHECKMATE™

E.S.P. CheckMate™ is a 1st for Aviation, and the only product of its kind available. Our new "Emergency Substitute Pilot "™ could save the lives of you and your passengers by providing the most basic and simplest of terms and procedures to the NON-PILOT, in the unfortunate event the real pilot becomes incapacitated. E.S.P. CheckMate™ assists the NON-PILOT in controlling the aircraft, reaching help on the radio, and if necessary, landing the aircraft. The graphical format makes it easy and comfortable to follow. E.S.P. CheckMate™ can easily be the difference in the outcome of this most serious type of emergency. For safety and readability, we are publishing only in 7.5" x 10" size. P/N 13-01834 .....**$15.95**

PLOTTERS

FLIGHT COMPUTERS

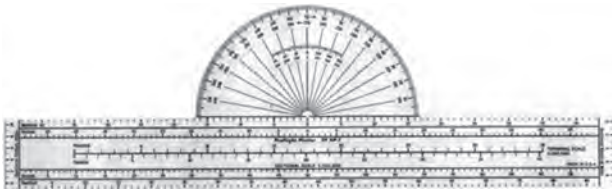
E6B METAL FLIGHT COMPUTER - The best slide-rule-style flight computer on the market, with solid aluminum construction and easy-to-read lettering. ASA's E6-B features a wind component grid and comprehensive cross-wind correction chart, and on the other side the slide computes time, speed, distance, altitude, true airspeed, and density altitude problems as well as conversions. Nautical and statute scales are included.
P/N 13-00813 .....**$25.85**

E6B PAPER FLIGHT COMPUTER - Made from solid, heavyweight fiberboard, an economical version of the aluminum model described above including all its problem-solving features. P/N 13-02298 .....**$10.85**

MICRO E6-B - This pocket-sized, brushed aluminum E6-B is a full function aviation computer. Popular among military pilots, it features a high-speed and low-speed wind correction slide, high-speed compressibility table, and instruction manual. Micro E6-B performs all the standard manual flight computer functions, and it conveniently fits in a shirt pocket or glove box.
P/N 13-02299 .....**$27.00**

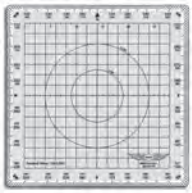
E6-B HIGH SPEED SLIDE - A companion product, this slide picks up where the traditional metal flight computer leaves off (ASA-E6B), providing calculations for the high-speed realm of flight (in the range of 220-700 knots or miles per hour). Pilots simply replace their current slide with this one, which then continues to use the circular computer from traditional E6-Bs. The slide also includes compressibility correction chart, ICAO Standard Atmosphere reference table, worldwide time conversion table, speed limits for the United States, and most frequently-used weight & balance formulas. All of the pertinent formulas & information required for high-altitude, high-speed operations. Meets both FAR & JAR (international) requirements.
P/N 13-02301 .....**$11.75**

PROFLIGHT FIXED AZIMUTH PLOTTER



The ProFlight Fixed Azimuth Plotter is: • Manufactured & Packaged in the U.S.A. • Made from Premium Clear 8010 Polycarbonate • More Flexible & Warp Resistant than Acrylic or PVC • Printed using Ultra Violet Resistant Ink • Laminated for Lifetime Scratch Protection • Clearly Distinguishable White, Sectional/Terminal Side & on Reverse, a Blue WAC Scale ProFlight PF-AP-1 Plotter - Your PF-AP-1 is a premium Fixed Azimuth Plotter designed for measuring distances and courses on VFR navigational Sectional, Terminal & World Aeronautical Charts. This plotter has been designed to exacting standards and slight variations with chart scales may exist as a result of the instability of paper charts in certain temperature and humidity conditions. P/N 13-11676.....**$8.75**

SQUARE AVIATION PLOTTER



Constructed of durable Lexan®, this plotter won't melt, warp or break in extreme temperatures. Its convenient 5-1/8" square size and ease of use make this plotter a pilot favorite for simple, accurate flight planning. Uses a 1:500,000 scale and includes 5 NM and 10 NM radius rings for quick and easy measurement. The 2 NM grid makes alignment with parallels simple. Plus, it's guaranteed for life! P/N 13-08056.....**$6.50**

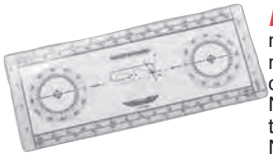
PLOTTERS

Durable Lexan® resin won't melt, warp or break in extreme temperatures - guaranteed! Each plotter features 8 scales to meet the needs of all VFR aeronautical charts - nautical on one side, statute on the flip. Nautical-Statute conversion scale also included. Made in USA.

ULTIMATE ROTATING PLOTTER - 13-1/4" long. Rotating azimuth eases flight planning with direct readout of course. Made in USA.
P/N 13-02302 ..... **$15.75**

ULTIMATE FIXED PLOTTER - 13-1/4" long. Quick scale reference is provided for both statute and nautical miles. Made in USA.
P/N 13-02424 ..... **$14.50**

ULTIMATE MICRO PLOTTER - 8" long. Convenient for flight bag, shirt pocket, or airplane storage. Made in USA.
P/N 13-02303 ..... **$8.50**

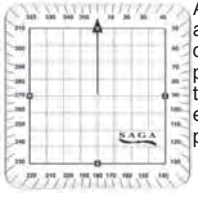


INSTRUMENT PLOTTER - ASA's instrument plotter features: 12 scales to accommodate both NOS & Jepp instrument charts, including a conversion scale for Nautical and Statute miles; holding patterns depicted for both Standard and Nonstandard entries; compass roses allowing quick course & bearing information; and professional layout enabling easy reading during en route spot checks.
P/N 13-02306 ..... **$11.75**

FIXED PLOTTER - Constructed of sturdy clear plastic with easy-to-read numbers and scales. It includes WAC, Sectional, and Terminal Area scales, and is checked and approved by the Weights and Measures Department. Quick scale reference is provided for both statute and nautical miles.
P/N 13-02304 ..... **$8.75**

ROTATING PLOTTER - Made from the same material and having the same features as the Fixed Plotter, but with the addition of a non-slip rotating azimuth to ease flight planning.
P/N 13-02307 ..... **$11.75**

NAVIGATION ANGLE PROTRACTOR



An aeronautical navigation angle protractor with alignment grill for parallels and meridians. Ideally dimensioned numbers and lines for a quick and precise reading with cardinal points clearly identified to eliminate positioning errors. Simple and easy to use it is the perfect tool for student and experienced pilots. Canadian-made quality product.
P/N 13-09555.....**$6.45**

SRP5 NAVIGATIONAL KIT - Kit contains: • SAGA SR Aeronautical navigational ruler graduated in marine and statute miles to scale 1:500 000, 1:250 000 and 1:100 000 • SAGA SP Aeronautical navigation angle protractor • Two (2) Steadtler permanent markers • One (1) Steadtler permanent retractable marker. P/N 13-09556.....**$18.95**

SAGA AVIATION SR AERONAUTICAL NAVIGATIONAL RULER

Robust plastic ruler graduated in marine and terrestrial miles. Designed for use with aeronautical maps 1:500 000, 1:250 000, and 1:100 000 clearly defined scales on each side of the rules. "Ruling" out any mistakes! Simple and easy to use it is the perfect tool for student and experienced pilots. Canadian-made quality product.
P/N 13-09554.....**$7.45**

ASA PILOT SUPPLIES

APPROACH PLATE BINDER

Made of durable black vinyl with a reinforced spine, it has easy-to-open, 1-1/2" steel rings that accommodate the drill pattern of the approach plates. ASA wings tastefully silver-foiled on the front cover. Choose from either 4-ring NACO or 7-Ring design.

NACO.....P/N 13-01066 .....**$11.75**
7-Ring.....P/N 13-02316 .....**$10.95**

FLIP BINDER

Perfect for Instrument Pilots who carry a smaller number of approach charts. One-inch rings are attached to a sturdy poly backing, with a loose poly cover. Scoring on front and back covers allows you to flip charts completely around the rings and display the one you want on top. Compact, convenient, and practical. P/N 13-02321 ..... **$11.85**

7 RING BINDER KIT

Contains 1 binder, 10 sheet protectors, 5 color side dividers and a sheet of area stickers.

7-Ring .....P/N 13-02322 ..... **$19.95**

ASA DELUXE RING BINDER

The Deluxe 2" 7-Ring Binder is is made of richly-grained simulated leather with edge stitching. It's bound for maximum durability and equipped with a ring system that will keep your approach plates securely organized and easily accessible. Convenient 8.5" x 9" size makes it easy to fit in almost any flight bag.

ASA Deluxe 1" 7-Ring Binder.....P/N 13-05759 ..... **$25.75**
ASA Deluxe 2" 7-Ring Binder.....P/N 13-05760 ..... **$29.95**

ASA 1 INCH 7 RING TRIP BINDER

The 7-Ring Trip Binder is made of durable poly. It's bound for maximum durability and equipped with a ring system that will keep your approach plates securely organized and easily accessible. The three rings are spaced to match the 7-hole approach plate drill pattern. Convenient 7" x 9" size makes it easy to fit in almost any flight bag. P/N 13-05825.....**$11.75**

SHEET PROTECTORS

Made of durable, translucent plastic to protect the most frequently used approach plates. Sold in packs of 10.

NACO Vinyl Pocket pk of 10 .....P/N 13-02317 .... **$5.95**
NACO Poly Folders pk of 10 .....P/N 13-05820 .... **$4.85**
7-Ring Vinyl Pocket pk of 10 .....P/N 13-02318 .... **$5.95**
7-Ring Poly Folders pk of 10.....P/N 13-05821 .... **$4.50**

5 COLOR DIVIDERS

For quick reference of various sections of both types of approach plate charts, these five distinctly-colored dividers extend out beyond the side of the charts. Set of 5.

7-Ring ..... P/N 13-02323..... **$4.85**
4-Ring ..... P/N 13-05826..... **$4.95**

ASA 4 RING NOTEPAD

Compact, convenient writing pad that fits in your approach plate binder. 100 sheets per pad. Weight .80lbs

7-Ring..... P/N 13-05823.....**$4.85**
4-Ring..... P/N 13-05822.....**$4.85**

US APPROACH PLATE PLASTIC RING BINDER

Nylon/plastic 4-ring binders designed for the FAA-AERO NAV SERVICES Approach Plate book. The seamless closure of the plastic rings (as opposed to metal rings) keeps the pages from tearing; also plastic rings won't get hot or affect magnetic compasses as will the metal rings.

Blue ..... P/N 17-00329.....**$1.60**
Green..... P/N 17-00330.....**$1.60**
Red..... P/N 17-00331.....**$1.60**
Yellow..... P/N 17-00332.....**$1.60**

CHART WALLETS

These chart wallets organize, hold, carry, and display standard FAA charts conveniently. All styles feature black covers, silver wings logo, and clear vinyl organizer pockets so you can easily find the correct chart in a busy or turbulent cockpit environment.

Book-style Chart Wallet - 6 double-sided pockets holds up to 12 maps between the covers. P/N 13-02325 ..... **$13.95**
Large Book-style Chart Wallet - Pockets hold up to 22 charts between the covers. Riveted spine. P/N 13-00412 ..... **$21.75**

HEADING REFERENCE 1 3/4''

Heading Reference/Indicator: Clear with lime green markings. Made from a soft clear plastic with mini suction cup attached. P/N 17-00223 ..... **$6.00**

FLIGHT PLANNER SHEETS

Cross-country planning sheets contain a flight plan section, weight & balance calculation chart, special equipment suffix chart, fuel management, space for radio frequencies, & more. Sold in pads of 48. P/N 13-02331 ..... **$3.75**

STUDENT FLIGHT RECORDS

ASA Flight Record Folders provide areas to record pertinent student information, stage checks passed, lesson content, lesson performance, flight hours, instructor notes & endorsements, solo endorsements or aircraft checkout records, and are current to both Part 61 & Part 141 program requirements. Sturdy & durable, these flight records are available separately, as part of ASA's pre-packaged training kits, or as part of an ASA PACK - Personalized Aviation Custom Kit.

SFR Private ..... P/N 13-01548..... **$2.35**
SFR Commercial ..... P/N 13-01549..... **$2.40**
SFR Instrument ..... P/N 13-01551..... **$2.40**
SFR Helicopter ..... P/N 13-01547..... **$2.35**

CERTIFICATES AVIATION ACHIEVEMENT AWARDS

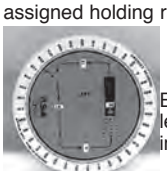
Authentic, full-color certificates are perfect for framing yet sturdy enough to slip into the student's flight record as a pleasant surprise to be discovered on their next visit to the airport. Mark progress with style, while further motivating students. 9"x12". Sold in packs of 10.

Solo Flight Certificate ..... P/N 13-02326.....**$13.50**
Private Ground School Certif. ..... P/N 13-02327.....**$10.75**
Aviation Achievement Certif. ..... P/N 13-02330.....**$18.25**
Helicopter Solo Flight Certif. ..... P/N 13-02329.....**$8.95**

HOLDING PATTERN VISUALIZER

This useful tool shows a pilot which entry is appropriate given the assigned holding radial, making it a superb learning tool.

P/N 13-06940 ..... **$13.50**



LANDING PATTERN COMPUTER

Easily helps determine appropriate headings for each leg when landing or departing the airport - great teaching aid! P/N 13-06935 ..... **$13.95**

FLIGHT PLAN AND CLEARANCE NOTEPAD

Posting pad for obtaining IFR Clearances by pilots. Provides in-flight writing for Aircraft ID, Departure Point, Route Of Flight, Destination, and more. 6" H x 4" W.

P/N 17-00328 ..... **$2.69**

YOKE CLIP

ASA's new yoke clip holds all the necessary flight paperwork right where pilots need it, leaving their hands free to fly. Simple to install, the black plastic, I-Beam construction is strong enough to serve as a pilot's third hand. The clip is higher than other yoke clips, holding sectionals, approach plates, flight logs, checklists, flight computers, and pens in easy view. The unique, over-centering cam easily adjusts to fit all general aviation aircraft yokes without modification. P/N 13-01043 ..... **$14.50**

ASA PILOT CAP

Pilot cap featuring comfort headband and classic wings logo. Stylish baseball cap. Black with classic grey trim neatly embroidered with white ASA wings. Adjustable headband for maximum comfort. No button to interfere with headset band. Long bill for sun protection. Perfect for cross-country flying, lounging with friends or on the tarmac hangar flying. Wear it proudly! P/N 13-05841.....**$11.75**

PS

FLIGHT COMPUTERS - LOG SHEETS - PLACARDS

AERO PRODUCTS RESEARCH CR COMPUTERS

CR computers are very popular with pleasure and professional pilots. They solve T/8/D and wind triangle problems for light aircraft as well as those which approach Mach 2 speeds. Corrections for errors of compressibility and temperature rise are computed with ease. The wind solution is displayed graphically using the small back-side discs. Each computer comes with fully illustrated manual.

CR-3 - 3-3/4" dia. shirt-pocket size (same as Jepp CR-5); vinyl
P/N 13-03499 .....**$22.75**

CR-4 - 4-1/4" dia. (same as Jepp CR-2); vinyl. Standard model used by the military. P/N 13-03501 .....**$23.75**

CR-6 - 6" dia. Used by navigators for maximum readability (Same as Jepp CR-3); vinyl. P/N 13-03502 .....**$24.75**

AERO PRODUCTS RESEARCH FLIGHT DESK

Folded size 8" x 9" Extends to 16" x 9" Anodized aluminum. Versatile space-saver lap desk locks in open position; folds in half for drop-in storage in your flight case. Heavy-duty clips hold charts and flight plans. Important VFR and IFR information always visible when open. Foam strips on back keep lap desk from slipping..... P/N13-03517..... **$23.95**

AERO PRODUCTS RESEARCH TIME/ SPEED/ DISTANCE COMPUTER

Time/Speed/Distance computers. "How-to-use" instructions printed right on the unit. Text printed in straight, easy-to-read lines; desired scales and windows located at a glance. Perfectly calibrated 2-color dials eliminate parallax errors. Fully illustrated instruction manual with each model. APR-303 3-3/4" dia. T/S/D computer with traffic pattern orientator; anodized alum. P/N 13-01133..... **$14.85**

THE ATIS WHEEL

Atis Wheel - Pilots and air crew now have the ability to reduce their pre-landing and pre-takeoff workload through the use of the amazing new Atis Wheel™.

The Atis Wheel™ is a mechanical device designed to help the airplane pilot in recording all ATIS information while presenting the data as a graphic depiction. The Atis Wheel™ is presented on a 5.5 "x 8.5" rectangular durable format with seven individual 1.5" wheels positioned about the perimeter of the device along with two, 3" concentric wheels positioned in the center. Each wheel's topic coincides with the sequential information reported in the airport terminal broadcast. Once the information is entered onto the Atis Wheel™, this displayed information is now available to the pilot for continued reference without the possibility of transcription error or forgetting the pertinent ATIS data. (It is recommended that the pilot listen to the pre-recorded ATIS information twice to verify that the correct information has been entered on the Atis Wheel™.) The Atis Wheel™ information coincides with the sequential layout of the Atis Wheel™, providing the pilot with all of the broadcast Atis information data. Additionally offered on the Atis Wheel™ (though not offered in the ATIS broadcast) is an input on a wheel to display the airport Field Elevation, critical for instrument approaches. The Atis Wheel™ also displays clearly the visual relationship between the wind direction and the active runway, informing the pilot as to the pending cross wind takeoff and landing situation.The ATIS Wheel is 5-1/2" x 8-1/2" and fits nicely into a Jeppesen binder. This is a large format preferred by flight instructors and students. ***Atis Wheel Pro*** - Like the ATIS Wheel, but smaller (approximately 3.5" x 5.5") for the professional pilot to conveniently fit in a shirt pocket for quick and easy reference. Note, the ATIS Wheel Pro does not contain the "Wind Velocity", Visibilty" or RWY/ Approach" wheels like its big brother

ATIS Wheel Pro - Like the ATIS Wheel, but smaller (approximately 3.5" x 5.5") for the professional pilot to conveniently fit in a shirt pocket for quick and easy reference. Note, the ATIS Wheel Pro does not contain the "Wind Velocity", Visibilty" or RWY/Approach" wheels like its big brother

ATIS wheel ..... P/N 13-06643 ..... **$26.85**
ATIS wheel Pro ..... P/N 13-05003 ..... **$19.95**

EZ ATIS REMINDER PILOT TOOL

The EZ ATIS Reminder makes it easy to communicate the ATIS identifier. No more fumbling through papers for the ATIS identifier - or worse yet, having to recall the prefix from memory! The 1-5/8" diameter knob with 1/2" pointer has a peel and stick adhesive tape on the back that can be easily mounted on your instrument panel, knee board, or anywhere you need a quick ATIS recall. P/N 13-04920 .....**$12.95**

AERO PRODUCTS RESEARCH T/S/D COMPUTER KEYCHAIN

1-1/2" diameter. Identical to the real thing, this traditional usable Time/Speed/Distance keychain has a beautiful compass star with flight plan on the back side.

The computer keychain is calibrated meaning the ability to relate the key chain to the functions of the E6-B type Time/ Speed/Distance computers. P/N 13-03505 .....**$7.95**

AERO PRODUCTS RESEARCH CR COMPUTERS

Simplify VFR or IFR navigation with these handy logs which provide for listing of intersections, radials, frequencies, clearances and complete flight plan.

EFL-100 Pad of 5-1/2" x 8-1/2" sheets; VFR Flight Logs
P/N 13-03526 .....**$3.95**

EFL-200 Pad of 5-1/2" x 8-1/2" sheets;IFR Flight Logs
P/N 13-03527 .....**$3.95**

EFL-100 Pad of 11 " x 8-1/2" sheets; organized detailed pre-planning and navigation on cross-country flights. Includes pre-flight checklists and sample instruction sheet. P/N 13-03528 .....**$5.95**

ZULUCARDS IFR SET

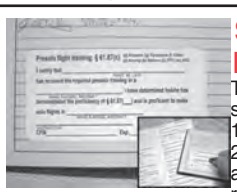
Single pilot IFR is probably the most difficult flying you can do. Every little thing you can do to double check yourself and keep your workload as low as possible is not just a good idea, it's vital. These five (5) Zulucards are designed to be a backup for what you know you know but want to make sure you remember. IFR Required Equipment - GRAB CARD, plus a bonus CRAFTV (clearance format). Card Dimensions: 5" x 8.5"
P/N 13-11673.....**$5.95**

AERO PRODUCTS RESEARCH PLACARDS

Now you can customize your cockpit with APR's easy-to-apply placards. Just cut out and press these stick-ons into place for that "factory-fresh" cockpit look. For all single and multi-engine aircraft systems, seaplanes, and gliders. Includes most-used legends (on, off, open, close, etc.), common amperage, voltage values, arrows, numbers and blanks. 8-1/2" x 10-1/2"; aircraft panel placard set; over 250 aluminum placards.
APR Instrument Panel Placard Set..... P/N 13-03522.....**$11.95**

EXPERIMENTAL AIRCRAFT CERTIFICATION KIT

A new amateur-built aircraft certification kit created by the Experimental Aircraft Association (EAA) gives builders a simplified way to complete the required FAA paperwork for their new projects. The Amateur-Built Aircraft Certification Kit includes everything you need to register and certify a new experimental amateur-built aircraft in the United States. The 15-page, step-by-step guide walks you through the entire process from getting an N-number to the aircraft inspection, and provides samples to help complete each required form. The kit includes all FAA forms, Experimental sticker (in black), data plate, and a convenient placard decal sheet. P/N 13-04244 .....**$18.95**



SPORT PILOT PRE-PRINTED LOGBOOK ENDORSEMENTS

The Instructors Endorsement Pack contains 14 sheets of labels. Each sheet of labels contains 10 copies of a specific endorsement. Each 2" x 4" endorsement label is identified by title and FAR number, has the exact wording as required by the regulations, and has data-prompted blanks for the students' name, your name, CFI cert.#, Biennial Flight Reivew Certification 61.56(a).

FLIGHT COMPUTERS – PLOTTERS

CX-2 PATHFINDER ELECTRONIC FLIGHT COMPUTER

ASA's new electronic flight computer is a price/performance breakthrough, resulting from advances in display and microcomputer technologies. Aviators can calculate true airspeed, ground speed, mach number, altitudes, fuel headings and courses, time/speed/distance, winds, headwind/crosswind components, gliding info and weight & balance.

P/N 13-01040.....**$72.95**

JEPPESEN CIRCULAR COMPUTERS

Dial up the answers to your navigation problems, including polar grid navigation, pressure pattern flying, crosswind components, and wind solutions. These computers automatically compensate for the temperature and compressibility factors found at high speeds. Tough laminated plastic, with carrying case.

CR-3 (6" diam.)..... P/N 8434..... **$27.95**

PN-1 NAVIGATION PLOTTER

Allows easy identification of WAC and Sectional chart scales. Calibrated in statute & nautical miles.(Size: 12.25" x 4")

P/N 13-21724.....**$11.49**

PJ-1 ROTATING AZIMUTH

Measure the true course or to determine the magnetic course. Includes scales for sectional terminal area & WAC charts in statute & nautical miles. Size: 3.25 x 13"; 3-3/8 " Dia.

P/N 13-21726 .....**$13.49**

BLIND SPOT'S ORIGINAL PILOT'S RULER

The Blind Spot's Original Pilot's Ruler has been designed to offer pilots maximum support, in the simplest way. The concept enables the pilot to solve VFR navigation problems and provide useful information, both at a glance, in only a few seconds and with only one instrument! The use of the ruler is extremely simple & fast. The pilot can concentrate more on flying, less on calculating, thus fly more relaxed and safer. Blind Spot's Original Pilot's Ruler (for USA airspace) is a two-sided pilot's ruler designed for flight preparation and use in flight. Size: 1.8" x 12". P/N 13-11733 .....**$19.95**

AERO PRODUCTS RESEARCH E6-B UNIVERSAL FLIGHT COMPUTERS

The very latest in air navigation computers include not only T/S/D and Dead Reckoning calculations, they now incorporate "Universal" features for world-wide use. Most E6-B computers include the following:

• ***Improved Instructions*** **-** The back side of the wind slide features scales for Sectional and WAC charts and new graphic instructions on how to work the computer.

• ***Formula Boxes*** **-** Designed to assist in solving problems. Enter the indicated details using a pen or pencil - then erase

• ***Fully Graduated Scales***

Wind Slides with speed ring lines representing values of one. This eliminates the need for interpolating between "every other" speed ring and reduces possibility of error.

E6-B2U **-** Deluxe, top-of-the-line quality, 5" x 9-5/8", all aluminum construction. Includes: • "Universal conversions: feet to meters, pounds to kilograms, liters to US gallons, US gallons to IMP. gallons or fuel weight or oil weight. • Patented micro-set (aligns scales to perfect accuracy).• Flush dials to eliminate parallax; answers are read with absolute accuracy. • Scales with contrasting colors for easy computation. • "Universal" conversions color-coded for quick and easy use. • Heavy gage anodized aluminum for added rigidity and non-glare surface. • 2-color fully illustrated instruction manual plus supplement on Dead Reckoning, Wind Effect Theory and Calculations ..... P/N 13-03492.....**$27.85**

E6-B4 **-** Pocket-size deluxe, all anodized aluminum; high/low wind slide. P/N 13-03960.....**$27.95**

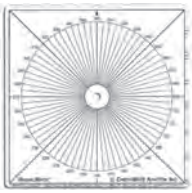
E6-B8 **-** Budget student computer, plastic body, plasticized wind slide..... P/N 13-03495.....**$14.50**

E6-B8P **-** Budget student computer, plastic body, plasticized wind slide; includes an 8"Navigation Plotter. ..... P/N 13-03496.....**$16.50**

PILOT'S WIND VISUALIZER

The Wind Visualizer takes the guesswork out of crosswind takeoffs and landings. Simply put the Wind pointer on the wind direction, the Landing Pointer on the Runway heading, and "see" the wind in relation to your direction of flight. Then read your crosswind component from the table on the back. Simple, and fast to use. Durable non-warping 3.75" diameter plastic. Includes full instructions.

P/N 13-19520 ..... **$13.95**



RADIALMATE COMPASS ROSE

RadialMate™, a 3.5" clear 20 mil plastic compass rose allows you to instantly read a desired course by placing the product over any sectional, chart, or graphic. There are no reciprocals to calculate. RadialMate™ comes with a hole in the middle, allowing additional use as a string compass. It is conveniently sized to fit in your pocket. RadialMate™ also contains Safe Flight's vertical scale which measures mileage for WAC, SEC, TAC, NOS, JEPP and ELA charts eliminating the need for that ruler you can never find.

P/N 13-08799 ..... **$4.50**

JEPPESEN STUDENT CSG COMPUTERS

This computer made of composite materials works just like an aluminum computer with all the same functions and features, but at a lower cost. Ideal for new students or as an extra to keep in your desk at home. Printed numbers are sharp, clear, and easy to read. Like all Jeppesen products, the quality is superior.

Plastic.....P/N 3866 ..... **$12.82**
Metal.....P/N 3867 ..... **$28.45**

ASA E6B METAL FLIGHT COMPUTER

The best slide-rule-style flight computer on the market, with solid aluminum construction and easy-to-read lettering. ASA's E6-B features a wind component grid and comprehensive crosswind correction chart, and on the other side the slide computes time, speed, distance, altitude, true airspeed, and density altitude problems as well as conversions. Nautical and statute scales are included.

Standard..... P/N 13-00813.....**$25.85**
Mini..... P/N 13-02299.....**$27.00**

ASA COLOR E6-B COMPUTER

ASA's color E6-B is enhanced with color for quick identification of key elements and easier readability. The new color E6-B is based on ASA's most popular model: slide-rule-style flight computer, the ASA-E6B. It's identical in size to the venerable favorite, made with the same solid aluminum construction and featuring all the functionality pilots have relied on for decades. On the circular side, black is used for the rate arrow and units to be calculated, red is used for weight and volume and blue is used for distance, time and temperature scales. On the wind side, colors are used to identify wind variation: blue identifies west (or right wind correction angle) and red identifies east (or left wind correction angle). Measures 9-3/4" x 5". In The Box: Vinyl case, and Instruction booklet. ..... P/N 13-10288.....**$32.50**

VOR FLASH CARDS

Designed to show any pilot how to look at a VOR receiver and read it at a glance. There's no time in the cockpit to spend slowly analyzing the CDI needle and To/From indicator! VOR-At-A-Glance flash cards will teach you: • The difference between VOR courses and VOR radials • What the VOR does not show you • The best way to think about the course deviation indicator • Inbound vs. outbound course indications • How to instantly know your position relative to the VOR • Tricks for reading interception courses right off the VOR • Pilots need to be able to look at a VOR and read the information off immediately. It's just like when you first learned how to read. There is a big difference between the ability to sound the words out and the ability to look at a work and just read it. Pilots need to be able to "read" the VOR!

P/N 13-05773 .....**$36.75**

PS

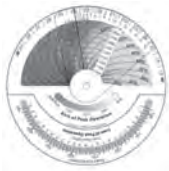
PLOTTERS - COMPUTERS

PLOT-RITE ALL METAL NAVIGATION PLOTTER

The new Plot-Rite is an all metal navigational plotter for use with VFR sectional, terminal and WAC charts. The front has both sectional and terminal area scales and the rear has WAC and sectional scales. The top edge has the familiar 180° compass rose and the open center enables you to find longitude lines easily. Outside edges have full east and west routes, inside edges have north and south. Plot-Rite is all metal and will never break, warp, crack, shrink or distort in any way if left in the sun. Measures 2.5" x 12". Plot-Rite (Nautical Scale)

P/N 13-30300 .....**$19.95**

APS POWER WHEEL HORSEPOWER COMPUTER



Only device that we know of which can calculate your aircraft engine's power based on so many important factors. Using the RPM, manifold pressure, altitude and outside air temp, the pilot can use the Power wheel to calculate horsepower (as a % of max rated hp) very quickly and easily. Its calculations are based on years of work done by the engine experts at Advanced Pilot Seminars and GAMI. Their calculations have proven their accuracy and worth to the pilot over years of use. Beyond the immediate answer to the question "How much power is my engine producing?" the information is useful in another way. Knowing how much power is being produced allows the pilot to operate the engine in a way that will reduce the stresses it sees, offering longer life and reduced operating expenses. Once the pilot uses the Power Wheel to find their % hp, they can take the next step to find the mixture setting that will be best for their engine. Built on the Red Box concept (and as seen in AOPA Pilot, Feb 2004, p 120) the mixture settings suggested by the computer will keep the engine's internal combustion pressures low, out of the Red Box region of operation.

Description	**Part No.**	**Price**
Universal IFR Plotter RFC-1 Jepp/NOS Holding Pattern 3-1/2" x 8"	13-03513	**$9.00**
13" Plotter FAA-170 Military WAC and Sectional Charts	13-03516	**$9.95**
INTERNATIONAL NAVIGATION PLOTTERS		
Description	**Part No.**	**Price**
Plotter/Protractor CPP-5 Douglas International Combination Plotter/Protractor	13-03506	**$5.95**
13" ICAO Plotter IP-13 Fixed Azimuth, Nautical/Kilometer Scales	13-03507	**$12.25**

PLOTTERS AND SLIDE COMPUTERS

These are specially-designed for easy use. The APR plotter has parallel statute and nautical scales, with one side scales for WAC charts and the other for sectional. Made of clean white heat-resistant hi-flex vinyl. Operating instructions are included. The slide computer is printed with speed ring lines representing values of one speed unit. Includes formula boxes added to the plate below the azimuth ring.

8" APR Plotter .....P/N 13-19908 .....**$7.75**
E6-B4 Aluminum.....P/N 13-03960 .....**$27.95**

E6-B HIGH SPEED SLIDE

Picks up where the ASA-E6B metal flight computer leaves off, providing calculations for the high-speed realm of flight (in the range of 220-700 knots or mph). Pilots simply replace their current slide with this one, which then continues to use the circular computer from traditional E6-Bs. The slide also includes a compressibility correction chart, ICAO Standard Atmosphere reference table, a worldwide time conversion table, speed limits for the U.S., and the most frequently used weight and balance formulas; all of the pertinent formulas and information required for high-altitude, high-speed operations. Comes with easy-to-follow instructions.

E6-B High Speed Slide.....P/N 13-02301 .....**$11.75**

WHIZ WHEEL HOLDING PATTERN COMPUTER

For instrument pilots, entering a holding pattern can sometimes be a challenge. The Instrument Pilots Whiz Wheel can alleviate this challenge by presenting pilots with pictorial views of both right- and left-hand holding patterns, and entry arcs for direct, parallel, and teardrop holding pattern entries. Made of sturdy plastic, the Whiz Wheel works for VOR, NDB (non-directional beacon), and localized facilities. Intercept angles are at the pilot's fingertips, and procedure turn information can readily be obtained by following the "prompts" on the device and aligning these prompts with the Whiz Wheel's compass marking. Intersection holding patterns can be pictured and coordinated using both VOR radials and cardinal headings. P/N 13-30210.....**$18.95**

DIRECTIONAL GYRO HOLDING PATTERN PROMPTER DECAL

Install this decal upon the face of your directional gyro and instantly determine entry procedures for both left-hand and right-hand holding patterns. Also includes prompts for headings used in teardrop procedures and procedure turns. Totally transparent. Includes instructional text. P/N 13-30215..... **$2.95**

PILOT'S "TIME MACHINE"

Convert the 12 hour clock to the twenty-four hour clock and to Universal Coordinated Time (UTC). Time zone chart is included. Fuel duration calculation can be determined with this new instrument. Use it to file accurate flight plans and to give position reports.

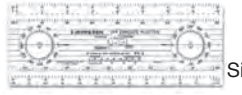
P/N 13-30225.....**$12.85**

TRAFFIC PATTERN ORIENTER & SPEED COMPUTER

Graphically displays the headings required for standard or non-standard traffic patterns. Time, speed , distance computations, fuel consumption, true airspeed, mach and true altitude conversions.

P/N 13-01133.....**$14.85**

JEPPESEN PV-5 IFR ENROUTE PLOTTER



Size 3-3/16" x 8-1/2"

P/N 13-21718.....**$9.50**

APR FCL-12 & 24 FLIGHT CHECKLIST HOLDER

Used by private, corporate, and military pilots. Adjustable lighting and viewing angle, color band isolates each item being checked. Mounts for right or left hand use. 84" pachment scroll lets you customize your specific checklists for review in flight. Designed to U.S. Military Pilots specification. 5" x 4" x 1-1/2" NSN 1680-00-489-1313

APR FCL-12 Flight Checklist Holder.....P/N 13-06714 .....**$76.85**
APR FCL-24 Flight Checklist Holder.....P/N 13-06715 .....**$79.95**

AERO PRODUCTS RESEARCH PLOTTERS

APR PLOTTERS

PROTRACTOR PLOTTER PCP-202 T/S/D - APR has designed the first combination T/S/D pocket computer combined with rotatable plotter cursors. Align the airplane cursor along any appropriate meridian. PVC plastic discs, 3-3/4" dia. Plastic cursor 4-3/4"
P/N 13-06681.....**$13.75**

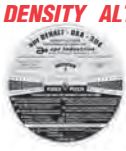
TRAFFIC PATTERN ORIENTATOR TPP-203 - The TTP-203 Traffic Pattern Orientator graphically displays all headings for left (standard) and right (non-standard) traffic patterns when the runway heading is aligned with the compass rose. Light signal "acknowledging" instructions are also shown. PVC Plastic discs, 3-3/4" dia. Cursor 4-1/4 P/N 13-06682.....**$14.50**

DENSITY ALTITUDE PERFORMANCE COMPUTER DAP-204 - Shows the aircraft's rate of climb and minimum - required takeoff distance. PVC plastic discs. 3-3/4" dia. Important: Always consult your pilot's operating handbook as their computer does not supplement or replace the manufacturer's performance data. Not applicable to turbocharged aircraft.P/N 13-06683.....**$13.75**

T/S/D PROTRACTOR PLOTTER PCA-302 - APR has designed the first combination T/S/D pocket computer combined with rotatable plotter cursor. Align the airplane cursor with the true or magnetic course. Align the arrow cursor along any appropriate meridian. Anodized aluminum discs, 3-3/4" dia. Plastic cursor 4-3/4"
P/N 13-06684.....**$15.95**

TRAFFIC PATTERN ORIENTATOR TPA-303 - The TPA-303 Traffic Pattern Orientator graphically displays all headings for left (standard) and right (non-standard) traffic patterns when the runway heading is aligned with the compass rose. Light signals and "acknowledging" instructions are also shown. Anodized aluminum discs, 3-3/4" dia. Cursor 4-1/4" P/N 13-06687.....**$16.75**

DENSITY ALTITUDE PERFORMANCE COMPUTER DAA-304 - The Density Altitude Performance computer shows the aircraft's rate of climb and minimum-required takeoff distance. Anodized aluminum discs. 3-3/4" dia. Important: Always consult your pilot's operating handbook as their computer does not supplement or replace the manufacturer's performance data. Not applicable to turbocharged aircraft. P/N 13-06688.....**$15.95**



DNP-13 - 13" Deluxe Navigation Plotter with nautical and statute scales, sawtooth graduated color-coded scales for Sectional, WAC, and Terminal Charts. PVC plastic 13-5/16" x 4"
P/N 13-06696.....**$10.75**

DNP-8 - 8 " Deluxe Pocket Navigation Plotter with sawtooth graduated color-coded, nautical, statute, and terminal area scales for Sectional, WAC, and Terminal Charts. PVC plastic 8-1/8" x 2-7/8"
P/N 11-07723.....**$8.95**

DNPR-13 - 13 " Deluxe Plotter with Rotatable Azimuth Compass Rose, nautical & statute sawtooth graduated color-coded scales for Sectional, WAC, and Terminal Charts. PVC plastic 12-5/16" x 4-1/2"
P/N 11-07724.....**$12.95**

NP-13 13 INCH NAVIGATION PLOTTER - Four precision protractor scales and fourteen nautical and statute scales for Sectional, WAC, and Terminal Charts. Plotting is easy and accurate when done with an APR plotter. Instructions are printed on the plotter. Constructed with durable plastic. Dimension: 13 5/6" x 4"
P/N 13-19913.....**$8.50**

NPR-13 13 INCH AZIMOUTH COMPASS ROSE NAVIGATION PLOTTER

Four protractor scales and fourteen nautical and statute scales for Sectional, WAC, and Terminal Charts. Instructions are printed on the plotter. Durable plastic. Dimension: 13 5/16"x 4 ½"
P/N 13-03511.....**$10.90**

HPC-206 - Holding Pattern Computer. Pocket size. Visually displays entry headings from all directions for both standard and non-standard holding patterns. Shows holding speeds and inbound time to fix. Colorful segments for easy learning and use. 4" x 5" HOLDING PATTERN COMPUTER displays entry to standard and non-standard holding patterns, maximum indicated holding speeds, and time of inbound leg to fix. Complete instructions. "Best on the market" designed by Capt. Barry Schiff P/N 11-07722.....**$12.50**

E6-B2- H/S - E6-B2 D with High Speed Wind Slide of 100 to 800 ks or miles. Compressibility "F" factor scale shows the "F" correction factors for TAS. Gives calibrated airspeed from 200 to 550 knots at pressure altitudes of 10,000 to 50,000 feet. Crosswind grid shows method to calculate crosswind and headwind components. Anodized aluminum computer, 4-7/8" x 11-1/8" P/N 13-06673.....**$39.95**

E6-B4- H/S - Pocket size wind triangle & T/S/D deluxe anodized aluminum computer with low speed slide (10 to 270 kts or miles) and high speed slide (100 to 700 kts or miles) with compressibility "F" factors scale. Calculates all necessary flight planning and enroute navigation requirements. 3-1/4" x 6-3/8" P/N 13-06674.....**$29.95**

E6-B8D - Deluxe all plastic student Pilot Wind Triangle & T/S/D navigation computer. Features the new exclusive windspeed cursor which shows the speed and drift without pencil marks. Color-Coded sawtooth scales. Calculates all necessary flight planning & enroute navigation requirements. Easy to learn and use with the instructions printed on the computer. 4-1/2" x 8-3/4" P/N 13-06675.....**$17.75**

E6-B9 - Universal Standard Wind Triangle & T/S/D Large anodized aluminum computer. calculates all necessary flight planning & enroute navigation requirements. 4-7/8" x 9-5/8"
P/N 13-03497.....**$24.75**

LOW & HIGH SPEED SLIDES - Low & High Speed Slide for E6-B9 or E6-B2 models. Low wind speeds 10 to 270, high wind speeds 100 to 800 kts or miles, compressibility "F" factors scale shows the "F" correction factors for TAS. Gives calibrated airspeed from 200 to 550 knots at pressure altitudes of 10,000 to 50,000 feet. Crosswind grid shows method to calculate crosswind and headwind components. 3-7/8" x 11-1/8"
P/N 13-06680.....**$12.50**

JNP - Enroute IFR Radio Facility Chart Plotter for NACO and Jeppesen Radio Facility Charts, 12 high visibility scales, displays entry diagrams of standard and non-standard holding pattern, compass rose plotter, km to nm and nm to km conversion scales. 8-3/4" x 3-1/4" P/N 13-06704 .....**$11.75**

DJNP - Deluxe Enroute IFR Radio Facility Chart Plotter for NACO and Jeppesen Radio Facility Charts, 12 high visibility scales, displays entry diagrams of standard and non-standard holding pattern, compass rose plotter, km to nm and nm to km conversion scales. Lifetime guarantee, LEXAN® 8-3/4" x 3-/1/4" P/N 13-06706.....**$12.95**

APR DRFC-1 POCKET IFR & RNAV FOR JEPPESEN & NACO CHARTS - Has 13 scales for Jeppesen Radio Facility and NACO Charts. Shows a compass rose and a color-coded illustration for parallel, teardrop, and direct entries to standard and non-standard holding patterns. 6" x 3 ½". Lifetime Guaranteed. P/N 13-06701.....**$10.95**

DELUXE INTERNATIONAL PROTRACTOR & PARALLEL RULE PLOTTER - Designed with high visibility color graphics, a tinted grid, and larger numbers and lines for easier positioning and reading. This plotter eliminates the need to use dividers and parallel rulers. A hole in the center of the instrument is used to conveniently mark and rotate the plotter. WAC/ONC 1:1,000,000 VIS/TERM 1:250,000 Scales, PVC plastic Dimension: 5" x 5" P/N 13-06707.....**$6.50**

E6-B8DP DELUXE STUDENT PILOT FLIGHT COMPUTER WITH NP-8 PLOTTER - Features the patent pending exclusive Wind Speed Cusor Arm that quickly tells you groundspeed, wind correction angle, and magnetic heading. Eliminates two set-ups and the need to mark dots on the plastic disc. The E6-B8DP calculates all necessary flight planning and en route navigation requirements. Color-coded sawtooth scales are user-friendly and allow for quick, accurate reading. P/N 13-06676.....**$19.75**

PS

FLIGHT ACCESSORIES - PLOTTERS

ON COURSE AVIATION PRODUCTS CHART MARKS

Customize your charts with these highly visible, self sticking, removable accents, outlines, & notes. Add a compass rose to any airport or airway intersection, outline VOR information, accent airport or communication information. 20x20nm see through notes accept pencil or pen for your special information. All are easily removable after your flight.

Note (11/package).....P/N 13-30110 .....**$3.50/ea.**
Compass Rose (11/package).....P/N 13-30111 .....**$3.50/ea.**
Outlines (17/package) .....P/N 13-30112 .....**$3.50/ea.**
Accents (16/package).....P/N 13-30113 .....**$3.50/ea.**

PILOT MARKING PENS

Perfect for marking on aluminum and steel for drilling and cutting. Permanent ink will not wipe or rub off easily after drying. Extra fine point. Packaged 3 pens per pack - (1) Red and (2) Blue.

P/N 12-00874 .....**$9.85**

MAGNIFYING SCALE

At last, an accurate nautical mile scale with a built in magnifying lens to clearly enlarge the fine print on sectional charts. Made of heavy duty, extra strong, cast acrylic, printed in two colors with easy to read sectional scale graduations (1:500,000). Available in 2 sizes, 100 NM (16") for flight planning, 60 NM (10") for cockpit use.Order both.

60 NM.....P/N 13-30120 .....**$14.95**
100 NM.....P/N 13-30121 .....**$14.95**

5-1/2 INCH ACADEMIC DIVIDER

5½" divider with selfcentering gearhead design. Replaceable and adjustable needle points. Matte nickel finish resists stains and tarnishing. P/N 13-08057..... **$9.50**

UNBREAKABLE SUPER PLOTTER

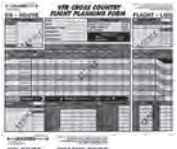
Here's a special flight planning tool we really like. A colorful little plotter with a rotating azimuth that makes it much easier to plot a courseline. Place the compass rose over your departure point and rotate the straight edge towards destination. Presto.. an instant readout of your course! Reads distance in statute miles or nautical miles for both sectional and WAC charts. Made of bullet proof Lexan. Won't crack, break, or warp in extreme heat or cold.

P/N 13-03473 ..... **$18.95**

PILOTS FREQUENCY REMINDERS

This little prompter is designed to allow the pilot (especially students) to pre-plan which frequencies will be used during a flight and hang this handy item close at hand in the cockpit. this is ideal when operating in a high density airport area. Helps eliminate cockpit clutter and searching for often used frequencies. P/N 13-04391..... **$5.50**

FLIGHT FORMS



Pilot designed for pilot use – convenient kneeboard size (5.5"x8.5"). Color coded for instant recognition. Easy to read! Easy to use! Every flight-form comes with an FAA Flight Plan form. Each COMM-AID form also includes a three leg En-Route NAV-Log.

EN-ROUTE NAV-LOG – For the more advanced VFR pilot, a nine leg En-Route NAV-log provides ample space for navigation data, time (estimated & actual) plus communication and destination sections. (25/pad). P/N 13-30119 .....**$3.85**

WX-BRIEF FORMS –WX-BRIEF - forms take the mystery out of talking to briefers or controllers. Logical arrangement in correct briefer and controller sequence eliminates confusion. The WX-Brief form is arranged in briefing format to simplify note taking and increase understanding. Simply fill in the blanks as the FSS specialist gives a standard briefing. (25/pad) ..... P/N 13-30116 .....**$3.85**

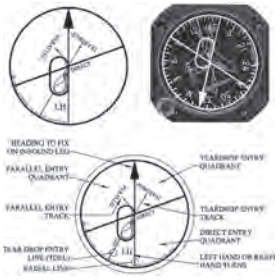
IN-BOUND OR OUT-BOUND COMM-AIDS – Inbound or outbound Comm-Aids organize your communications before takeoff. Know what to say and when to say it sections for ATIS, Clearance, Ground, Tower, Departure, & Approach. For use in class B, C, & D airspace.(25/pad)

In-Bound..... P/N 13-30117 .....**$3.85**
Out-Bound..... P/N 13-30118 .....**$3.85**

HOLDUP HOLDING SITUATION INDICATOR

The Holdup is so easy to use that directions are provided on the device only because rust can develop on a pilot's holding techniques, especially for issued, nonpublished holds. They remind you how to set up intersection holds and station holds, If you forget. (There's also a built-in way to set up station holds in a single step.) Then, in both cases, you just find your heading to the fix on the compass dial, and read the entry in the zone next to it. At a typical intersection, there are 8 (eight) possible holds that can be assigned. "Hold south of ORVIL intersection on the 340° radial, left turns?" You won't believe how easy this is with The Holdup until you try it. P/N 13-03365 .....**$15.95**

HOLDING PATTERN AID



Help yourself pass your test with this simple to use static clink overlay. Simply place the arrow on the radial that you are instructed to hold on and the holding pattern is overlaid on top of your heading indicator. The HPA helps you visualize the pattern quickly and easily while increasing necessary situational awareness. No need to shuffle in your bag for a piece of cardboard or draw a picture on your knee board, the HPA will stick to your aircraft window and easily peels off when you need it. One package includes four HPA's, two left hand holding patterns and two right hand holding patterns. Developed by a Certified Insturment Flight Instructor with the intent to decrease the failure rate of instrument students and increase the level of safety that pilots are entrusted with. Get some First Aid for your holding patterns, get the Holding Pattern Aid. Measures 3" in diameter. White lines and text on a clear background. P/N 13-04166.....**$8.95**

FLITE-TAPE

NAVPRO specifically designed the Flite-Tape for aeronautical use. Available for WAC (1:1,000,000) charts and is graduated in nautical miles. Measures up to 1,000 n.m. This practical product offers you many advantages, for instance: • Measure the distance between any two points on a typical chart with out "stepping off". • Establishes an accurate straight line course between distance points in an instant. • Flexible tape is ideal for cockpit use and on pilots lap. The Flite-Tape is pocket size (2" x 1-3/4" x 1/2"). Steel tape is housed in a high impact plastic case. The locking mechanism means you extend only as much of the Flite-Tape you need. The Flite-Tape's unique end-piece is easy to position over a check point. Flite-Tape is a quality product and comes in a vinyl storage pouch.

Flite-Tape WAC Charts .....P/N 13-06001 .....**$7.95**

ALTIMETER OR AIRSPEED POINTER

Make your flying safer and train better with this cockpit aids.

P/N 17-00221 .....**$6.75**

FLITE-TRAC

Flite-Trac is specifically designed for aeronautical use. It simplifies measuring headings from aeronautical charts by reading naturally. Flite-Trac uses a complete 360° compass rose, and avoids any confusion in determining heading. Its square shape, aided by parallel grid lines, aligns easily with the lines of latitude and longitude on the chart. This logical protractor offers you several advantages in the cockpit: • It is less awkward than a typical plotter, yet shows the complete compass rose on a larger scale. •Measures short distances in flight. Its grid is to a 5 n.m. scale on a Sectional chart and has a short distance scale for quick in cockpit use. •The magnetic variation formula is printed directly on a Flite-Trac to give you confidence in calculating a magnetic heading. Flite-Trac avoids the necessity to slip a plotter to a map grid line or the need to use parallel rules. Flite-Trac is a quality product made of lexan in the USA. It will not warp in a hot aircraft. P/N 13-01039 .....**$8.30 ea**

VFR/IFR NAVBOARD & CHARTSAVER

Hold charts between two clear plexiglass surfaces for in-flight reference. Visible from both sides, so you can use two charts. One facing in each direction. Mark plexiglass with grease pencil without defacing chart. Pilot course lines, destinations, checkpoints, headings, vectors, etc., directory on surface. Revisions can be made during flight, easy to erase after flight. Charts stay fresh and reusable many times. Measures 12" x 10".

P/N 8154 ..... **$24.85**

CHART CLIPS - TOOL BAGS

PUT-IT SUCTION CLIP

This clip is strong enough to hold an approach plate, chart, or checklist. Attaches by a suction cup to the instrument panel, yoke or any other nonporous surface. ..... P/N 8197 ..... **$5.85**

NO CLUTTER CLIPS

No Clutter Clips * Holds checklists, approach plates, charts, etc. * Stick on most slick surfaces * UV Resistant

1 Small clip per package ..... P/N 13-06636 ..... **$4.50**
2 Small clips per package ..... P/N 13-06408 ..... **$8.75**
1 Large clip per package ..... P/N 13-06409 ..... **$5.50**

WATCH-IT ACCESSORY HOLDER

"World's most versatile holding device". Lets you mount time pieces and calculators exactly where you want-on the wheel, the yoke tube of clipboard. An ingenious bracket, an adjustable holding loop, and a little Velcro is all it takes. Once positioned, can be mounted & removed repeatedly. Non-reflecting, black materials, weighs less than 1oz. ..... P/N 8265 ..... **$9.65**

YOKE CHART CLIP

When you want the chart or approach plate right in front of you - this clip will hold it on the yoke. Adjustable band wraps around the yoke and holds the clip firmly. Fits all general aviation aircraft controls. Non-reflective black finish... P/N 8135 ..... **$9.95**

IFR CHART CLIP

Make IFR flying simpler by keeping vital instrument approach plates and charts in place. Attached to the yoke rather than in your lap or on the floor, this chart clip comes in various models designed to install easily on the yoke of your aircraft. Insures that your navigational charts stay in front of your eyes when you need them most. Handy for VFR charts as well. We'll be happy to assist you in determining what model chart clip will best fit your aircraft.

1.5" Post Standard Clamp ..... P/N 8131 ..... **$21.75**
1.5" Post Wide Clamp ..... P/N 8487 ..... **$21.75**
2" Post Standard Clamp ..... P/N 8690 ..... **$22.75**
2" Post Wide Clamp ..... P/N 8822 ..... **$21.75**

23 POCKET BIGMOUTH BAG

17 Multi-use pockets inside and 6 outside organize tools and accessories. Opens wide for easy access to bag's contents. Padded reinforced web carrying handles. 12"L x 8 1/2"W x 8"H

P/N 12-00329 ..... **$18.75**

12 POCKET TRAYTOTE BAG - This bag has 2 pockets inside and 10 pockets outside with a 11"x 6" multi-compartment tray which slides securely into bottom of bag. Opens wide for easy access to contents and has reinforced web carrying handles. 12"L x 8"W x 12"H

P/N 12-00163 ..... **$34.95**

14 POCKET TRAYTOTE BAG - This bag features 2 pockets inside, 12 pockets outside, with a 13.5" x 6" multi-compartment plastic tray slides securely into bottom of bag. Opens wide for easy access. 16"L x 9"W x 12"H

P/N 12-00164 ..... **$47.85**

MILITARY STYLE TOOL BAGS

These tool bags are made of heavy-duty military-type tough 18oz./sq.yd. cotton duck with a water repellent mildew-resistant treatment. The mechanics Tool Bags have compartmentalized side pockets with flaps. Hardboard bottoms are completely sewn into each bag and are unexposed. All stitching is of heavy duty nylon thread and the handles are made from heavy military spec. webbing. All inside seams are bound to eliminate raveling of the fabric.Long-tab, self-locking slider. Color: O.D. Green. Available in 2 sizes:

O.D. Green Small: 6" x 6" x 12" Bag..... P/N 13-02500 ..... **$24.95**
O.D. Green. Large: 5" x 5" x 16" Bag..... P/N 13-02600 ..... **$54.25**

TOOL WRAP

Kennon's heavy duty soft sided tool carrier is an old style canvas tool wrap that you can't find anymore. 9 pockets. Rolls up for compact storage and closes with adjustable velcro. Also available in a larger 11 pocket version. Tools not included.

Tool Wrap 9 pockets ..... P/N 13-01746 ..... **$29.95**
Tool Wrap 13 pockets ... P/N 13-01747 ..... **$39.95**

UNIVERSAL BEVERAGE HOLDER

This Universal Beverage Holder made of billet aluminum installs easily in any thickness dash or instrument panel. Available in two styles, with square or oval face-polished surfaces, its compact design permits vast installation possibilities.

Oval Face ..... P/N 13-03792 . **$139.00**
Square Face ..... P/N 13-03793 . **$158.95**

YOKE BALL CLIPS

Allows the user to mount various objects on the aircraft yoke for easy access and hands free reading. Made heavy duty to hold more weight than other clips. Sizes given refer to a general size range only - they will work with almost any aircraft with a similar size yoke.

Part No.	Tube Size	Rise	Application	Price
17-00242	1"-1-1/2"	1"	Cessna 177, 182, 206, 210, Piper PA-28, Tomahawk, Commander	$15.95

KNEEBOARDS

SOFT-G PLUS KNEEBOARD

This kneeboard is originally designed for high performance fighter & attack aircraft. Standard features include: reversible clip board which allows pocket and document loops to be reversed right or left side, 1-1/2" wide adjustable plastic strap, clear plastic information pocket, removable document loops, 4 elastic pen/pencil slots, side release buckle, durable wire clip, and NEG-G strap. P/N 13-12655 ..... **$42.95**

The performance package includes: information cards, clear document protectors, removable document protectors, and releasable cable ties (holds document protectors securely to kneeboard).

P/N 13-12656 ..... **$63.75**

TRIFOLD KNEEBOARD

The standard features include: right and left light pockets that double as pen/pencil pockets, 1.5" wide adjustable plastic strap, 4 clear plastic information pocket, right & left document loops, side release buckle, durable wire clip, and padded backing

P/N 13-12660 ..... **$45.50**

The performance package includes: information cards, clear document protectors, flex light with fixed or adjustable beam, and releasable cable ties (holds document protectors securely to kneeboard) optional.

P/N 13-12661 ..... **$59.95**

9-G PLUS KNEEBOARD

This kneeboard is originally designed for high performance fighter and attack aircraft. The standard features include: right and left light pockets that double as pen/pencil pockets, 1.5" wide adjustable plastic strap, 3 clear plastic information pocket, right and left removable document loops, side release buckle, easy access pocket, durable wire clip, and padded backing. P/N 13-12650 ..... **$44.50**

The performance package includes: information cards, clear document protectors, removable document protectors, & releasable cable ties (holds document protectors securely to kneeboard).

P/N 13-12651 ..... **$55.75**

MINI TRIFOLD KNEEBOARD

This mini trifold kneeboard measures 8" x 16.5". VFR/IFR PILOT FLIGHT DESK

The PFD-3 PILOT'S FLIGHT DESK, first designed and introduced by APR Industries, puts essential VFR and IFR information right at your finger tips. The VFR side, with a small bear clip, holds flight logs and approach plates while the larger bear clip on the IFR side opens to 1" and is designed to hold aeronautical charts and radio facility approach books. Non-slip foam on the underside of the board helps to hold everything securely in place. APR's PILOT'S FLIGHT DESK is the best available! The PFD-3 has 3 clips along with all the features PFD-1 provides additional uses such as clipping long sections of flight charts, aprroach charts and log sheets (VFR-100 / IFR-200). Includes a pad of logs with sample sheets designed by Capt. Barry Schiff. Dimensions: open size: 16" x 9", folds to: 8" x 9". Anodized Aluminum, .050" thick..... P/N 13-11734..... **$27.85**

ASA IFR& VFR KNEEBOARDS

These IFR and VFR Kneeboards are an attractive, light gray, brushed aluminum. Instrument and visual information is clearly silkscreened on the boards so pilots can quickly reference rules at a glance when operating a cyclic or stick. All information on the Kneeboards match current Federal Aviation Regulations. The Kneeboards feature a comfortable, 1.5" wide elastic legband that hugs the leg without binding. Velcro fasteners can be adjusted without removing the kneeboard and fits all leg sizes. A pencil/pen holder is designed into the leg for fast note taking. The Kneeboards also feature a 4-3/4" wide metal clip that is easy to lift and strong enough to hold NOS charts and other necessary papers. Paper-protector elbows secure material, yet papers won't rip when pulled out.

VFR Kneeboards ..... P/N 13-06925..... **$15.50**

IFR Kneeboards..... P/N 13-06930..... **$14.95**

NAV-DATA IFR KNEEBOARD

Once you own a Nav-Data IFR kneeboard, you can customize it's contents with your personalized data by simply filling in the blank 5 1/2 x 8 1/2 forms which include:

* aircraft checklist
* local area NAV and Com frequencies
* navigation logs
* flight plan forms
* clearance copying pad

By placing these pre-recorded forms, approach plates, charts, etc.,into our 3-ring transparent vinyl pocket page system (8 vinyl pockets included), you will have quick access to all of your important data.

Note the retractable slider tab supporting the cover (Chart board) when open. P/N 13-06085 ..... **$66.95**

KNEEBOARDS

FOLDING LAP BOARD

This 9" x 16" flying desk has 2 large clips to hold in-flight necessities such as charts, flightlogs, and approach plates. Lost communications procedures for both VFR and IFR, light gun signals, position reports, frequencies, and transponder codes are silk-screened on the brushed aluminum lapboard for quick reference during emergencies. It folds in half when less space is needed and for convenient storage. Foam strips on the back keep the lapboard comfortably in place. P/N 13-02314 .....**$25.95**

TRI-FOLD KNEEBOARD

For the pilot who has a little more to juggle, the Tri-Fold Kneeboard uses the expertly styled VFR Kneeboard in a 3-panel jacket. The high-quality construction features durable material & double-sewn seams where extra stress takes place. The color is jet black with a logo attractively embroidered in silver on the front. The left panel has ample room for small books, papers and unusually shaped items. The center panel holds the kneeboard under clear plastic. Either side of the center includes a pen/pencil holder and buttonholes that allow the pilot to fold back one or both panels of the kneeboard with the legband. This is ideal when operating a cyclic or stick.The right-hand side contains a clear pocket for easy map viewing. The elastic legband has velcro closures and will comfortably fit any leg size. Try the kneeboard that puts everything at your fingertips. .....P/N 13-06950 ..... **$32.75**

SAGA AVIATION KNEEBOARD

First flight kneeboard containing Canadian information! The SAGA flight kneeboard is the essential tool for keeping all the necessary accessories close at hand. Its three practical sections contain: A stainless steel plate with useful Canadian information, Many compartments, one with a zipper for important documents, A large transparent pocket for aeronautical charts, Two pencil holders and an elastic band that holds everything securely Please note that this kneeboard only includes useful information for flight in Canada.

ZULUCARDS STANDARD SET

These cover the basics you'll need if you're learning to fly. As we all know, in those early days when we learn to fly we're trying to cram a heck of a lot of data in to a relatively small simian skull. It's not a matter of *if* you forget something but *when*. This set of cards will help you in your time of need. Cross Wind - A colorful and easy to read way to calculate your cross wind component when coming into your destination. En Route info - Commonly used VHF frequencies, the phonetic alphabet and VFR cruising altitudes. Ground - Common airport signage. Emergency - Light Gun signals, transponder codes and Lost Procedures. Vspeeds - Write in the Vspeeds for your particular aircraft. Buy extras and keep one for each plane you fly. Card Dimensions: 5" x 8.5".

Zulu Cards Standard Set of 5 .....P/N 17-00249 .....**$4.70**

FLIGHT DESK TRI-FOLD KNEEBOARD

Our Flight Desk Kneeboard greatly improves cockpit organization of charts and accessories. Unlike some other kneeboards with limited utility, our Flight Desk Kneeboard will hold sectional charts, a large E6B type computer, and has 2 elastic loops on either side of the clipboard to hold a goose-neck type flashlight. If the middle loop is not used for a computer, it can be used to hold a handheld transceiver. Made of durable black cordura. Size:19.25"x9.5" unfolded. Clipboard size: 6" x 9.5".` .....P/N 13-03474 ..... **$14.95**

ORGA-KNEE-ZER™ KNEEBOARDS

Extremely versatile, organizer/kneeboards providing a standard 7-ring binder on a very stable platform with built-in pencil sharpener, combo maglite/ pencil holder and many other unique features. Compact stowage, rugged materials and powder coat finish, add even more to their rich feature set. Use for VFR or IFR flight, using NOS or Jepp charts and see how their versatility can adapt to your demanding and varied needs as pilot. The patented design of Model A1-MC allows you to flip through your charts, checklists or other reference materials, with unobstructed access to the writing surface for jottingATC instructions or holding flight plans. It's excellent for most general aviation aircraft and is very popular with Cessna and Piper pilots. It's 9" long x 8" wide and up to 16" wide when fully open. It can also be used as a simple clipboard for preflight checks when closed (includes 3 chart pockets). P/N 13-03326 ..... **$79.95**

APR KNEEBOARDS

P-IFR - Professional Pilot's Deluxe IFR Flight Kneeboard. Essential IFR flight information printed on top of kneeboard, large clip opens to 1" for approach book, adjustable strap. Board will manually rotate to best writing angle. Anodized aluminum, 9-1/2" x 6-3/8"

GENESIS 2 - IPAD2 / IPAD3 KNEEBOARD & CASE

The Sky High Gear Genesis 2 iPad2/iPad3 kneeboard & case has been made to fit the iPad2 or iPad3 and the new port locations. The new soft hinge design allows the front cover to fold behind flat to minimize yolk interference and allows access to the headphone port when closed. Camera holes for the forward and rear facing cameras allow access for Facetime TM, photos or video. Lastly, the new location of the microphone is accounted for and is left open for clear recording of sound during video use. The Genesis 2 is made of ultra-durable ballistic nylon material on the exterior, and lined with brushed suede microfiber to pamper the iPad surfaces. Loops on the sides are for small pens or pencils. This is an ideal case for both in and out of the cockpit! When not flying, the case converts into an iPad stand with unlimited angle adjustments for viewing. Access to the sync port is available without removing or opening the case.

MYGOFLIGHT IPAD FLIGHT BAG PLC PRO

The Flight Bag PLC™ Pro is for the pilot wanting to move from a conventional flight bag to one for the "Paperless" cockpit. It has a specially designed, airport check-point friendly protective pouch to hold an iPad, laptop computer or many other electronic flight bag devices. All of the compartments are easy to see into, making it simple to find what you are looking for. There is room for everything a pilot needs to take with them in-flight. The Flight Bag PLC™ Pro bag is designed by pilots for pilots to be the ultimate flight bag for all aviators. This bag gives you the style, storage, organization, compact size and functionality like never offered before. P/N 13-11594.....**$148.95**

IPAD KNEEBOARD SPORT

The iPad Kneeboard Sport is designed for the pilot looking to secure their iPad on either leg, who needs the minimal case, but still wants a very secure fit. In black, soft to the touch polycarbonate, the Sport adds protection and great feel to the iPad. The iPad Kneeboard Sport was designed for pilots by pilots. It is designed to work in aircraft where space is tight or where there is a cyclic, or control stick being used between the legs. It is perfect for pilots of helicopters, sport aircraft, and when there is tight yoke clearance. Features: • The iPad Kneeboard Sport is made of black, soft-to-the-touch polycarbonate and is strong and lightweight. It is a form fitted case that holds the iPad securely in place. The cut-out design provides access to all of the iPad's ports, buttons and controls. The Sport is compatible with Apple's Smart Cover. • There are two aluminum rails on the underside of the case that frame your leg and, with the wide elasticized Velcro strap, allows the case to be held securely and comfortably to your leg. There are four rubber pads on the rails that allow the case to sit on a desk or table securely as well. • It is designed to be thin with a removable cover so as to be clear of the yoke, cyclic or control stick. It has a sleek look when used outside of the plane. • The removable knee strap can be left in the plane leaving you with a beautiful, sleek case for every day use.

ASA IPAD PORTFOLIO KNEEBOARD

The iPad Portfolio Kneeboard is the ideal stylish multitasking kneeboard, binder, and versatile cover. It is functional and durable and protects your iPad in flight and on the ground making it your favorite cockpit companion.

Fits the iPad, iPad 2, and New iPad (iPad 3). The inside sleeve holds your iPad securely on the right side with full access to iPad controls and button. The left side has pockets to store your documents and provides a writing surface. The elastic strap secures the binder-like case to your leg for inflight use and is easily removable for everyday use. The cover folds into a flap to serve as a vertical or horizontal desktop stand providing easy landscape viewing and full keyboard access. Beautiful black leatherette with embossed wings. Height: 9-11/16", Width (closed) 7-15/16", Width (open) 15-15/16". .....P/N 13-11337 .....**$49.95**

AIRGIZMO IPAD KNEEBOARD

The AirGizmo iPad Kneeboard allows accessing charts and apps on the iPad or iPad2 while flying easier and safer than ever. Molded plastic and a wide velcro strap allow for a secure, comfortable fit. Fold over tablet holder drops out of the way when not in use. Ability to adjust the angle of the iPad for best viewing angle and the ability to cut down glare. Designed to work with both the iPad and the iPad2. Width: 7.93 in.. Height: 9.79 in.. Depth: 3.75 in. Weight: 13.1 ounces. .....P/N -13-11218 .....**$133.95**

ASA IPAD KNEEBOARD WITH COVER

A multitasking kneeboard that is both functional and durable. This new iPad Kneeboard joins the iPad Portfolio Kneeboard in giving pilots greater flexibility to choose the "digital kneeboard" solution that's best suited for them. The iPad Kneeboard is a versatile case and kneeboard that helps pilots protect and use their iPad in flight and on the ground. The elastic strap secures the case to the pilot's leg for in-flight use. The unique plastic cover keeps the iPad screen safe while maintaining full viewing and complete touch-screen functionality, and opens easily to insert or remove your device. The easel folds to position the iPad at a convenient "wedged" viewing angle; alternatively, it can lay flat. The pocket on the back offers room for papers and maps. Openings are provided for charger and headphone/earbuds.

Made of durable fabric with embossed wings. Fits the iPad, iPad 2, and New iPad (iPad 3).

Features: • Easel folds up or down for optimal viewing and pocket provides access to charts and papers • Dock connector / power port accessible with the cover closed • Openings are provided for charger and headphone/earbuds • Fits both iPad, iPad 2, and New iPad (iPad 3) • Pocket on back offers room for papers and maps.

IPAD ACCESSORIES – BRIGHTLINE FLIGHT BAGS

KNEE DOCK IPADS

Finally, a safe, secure and comfortable way for aviation pilots to use the Apple iPad as an Electronic Flight Bag. With usable space at a premium, and the growing number of iPad aviation apps, it's hard to overlook the benefits that an iPad can bring to your flights. So don't risk your investment. Secure your iPad with a Knee Dock iPad Holder and keep your information close and accessible.

Originally designed for aircraft pilots, the Knee Dock iPad Holder helps keep your iPad secure during flight conditions. The light and open design lets the pilot keep the iPad and their leg cool and comfortable even on long flights. The wrap-around clips securely hold the iPad so there's no worry of accidental dropping.

Everyone knows the iPad is becoming THE cockpit tool for pilots. The range of new software coming out is hard to ignore. So when you bring your iPad with you on your flights, don't risk your investment. Secure your iPad with the Knee Dock Ipad Holder. Whether you're using Foreflight Mobile 3, OzRunways EFB or the Jeppesen Mobile TC App for iPad, you want to be comfortable and confident when in flight. The Knee Dock iPad Holder secures your iPad to your leg, giving you hands-free access to all your in flight software.

Finally, with the implementation of FAA's NEXGEN Air Traffic Control System, electronic media has become a necessity rather than a luxury, due primarily to the increase in number of published charts for each airport, from RNAV STAR/SID procedures to Q-Routes to multiple GPS procedures. So it makes sense to be prepared with your iPad EFB and the Knee Dock iPad Holder. Safe and Secure iPad Holder. Light and cool means comfortable use. Soft riser provides enhanced viewing angle. Easy to Use; one hand adjustments. Can be used for backseat viewing in car.

For iPad 1 .....P/N 13-10429 .....**$32.25**
For iPad 2 .....P/N 13-10430 .....**$32.85**
For both iPad 1 and 2 - No need to purchase two.
P/N 13-10431 .....**$33.50**

AVPAD IPAD KNEEBOARD

From the FBO to the Office, the AvPad iPad Kneeboard is the only case a pilot needs.

The AvPad is completely reversible for left or right-handed pilots, and can be used on either leg. The iPad can be inserted upside down (home button on the top) to allow for a GPS to be connected to the docking port. You can make either the iPad or note pad primary surface.

You still have access to all iPad ports and buttons (slide lock is partially covered), regardless of which way the iPad is inserted into the kneeboard. Two elastic straps on inside cover will hold a note pad, chart, approach plates, checklist, or any combination. A Velcro tab on the inside cover allows you to keep the iPad open on a tabletop for viewing presentations or watching a movie.

The only iPad kneeboard and iPad case a pilot needs. Manufactured with 1000 Denier Cordura nylon for durability. Breathable elastic leg strap. Elastic strap on inside cover to hold notepad, checklist and/or backup charts in flight. Front pocket to hold aviation charts, pilot log book or approach plates. Pen loop on outside kneeboard binding. Designed, Hand Stitched, and 100% Manufactured in the U.S.A.

P/N 13-11691 .....**$75.00**

IPAD UNDERMOUNT STOWAWAY

The iPad Undermount Stowaway is for the Pilot that wants to use iPad technology in the cockpit but has little or no panel space to mount the unit without a total panel redesign. The iPad Stowaway will stow the iPad just below the panel and it can be pulled out for use and then pushed back under the panel when not needed, such as flight time when critical information is not needed from the iPad . The stowaway has a hood option that when not in use, lays down on top of the iPad and stows under the panel with the iPad . The iPad tray slides under the panel on nylon guides that have zero clearance and have adjustable resistance, thus this unit is free of any kind of slop that may cause rattle. Includes instructions for mounting and the adjustment of the friction guides

Options: Hood, Lighter Adaptor • Features: • All alum construction, no plastic • Felt liner in tray, prevents scratches and fretting • Slot in Tray for Hook-up to AC DC power sorce • Can be ordered in Portrait or landscape configuration • Teflon adjustable friction guides • Stainless steel Hardware • Alum Hood option • Cigarette lighter adaptor option.

P/N 13-11702 .....**$169.95**

BRIGHTLINE B2 COMPUTE BAG

The B2 Compute starts with the 2" Center Section, which is designed to hold 13" laptops. Add a Front and Rear End Cap and you have an extraordinary laptop bag. The Front End Cap allows you to store items such as power cords, backup drives, flash drives, digital cameras, smart phones, tools, keys, etc. Meanwhile, the Rear End Cap allows you to store your manilla folders and documents. This can be used daily or you can attach the 2" Center Section to any other FLEX module. For example, you can zip it in between the Front Bag and the Rear Bag when traveling.

This bag also includes the Portfolio Handle which can be attached to the Front End Cap. This will only be used when you decide to remove the Center Section Two and zip the Front End Cap and the Rear End Cap together to make a "Portfolio Bag". P/N 13-11848 .....**$107.00**

BRIGHTLINE B6 CONVEY BAG

The B6 Convey is perfect for VFR Pilots, but also has many uses outside aviation. For the VFR Pilot, one often needs only the essentials when going flying: Headset, sunglasses, GPS, todays charts, kneeboard, radio, etc. With the B6 Convey, you get a front bag, a rear end cap, a radio pocket and a pen pocket.

The B6 is perfect for that day trip or spending time in the pattern perfecting those landings. Why bring more bag than you need? The B6 Convey also makes a fantastic travel bag. When travelling, store your 13" laptop, power cords, smart phone, snacks, pillow, iPad, magazines, iPod, keys, DVD's etc., in a small efficient bag that fits right under the front seat. It really is the perfect carry-on bag.

P/N 13-11849 .....**$125.00**

BRIGHTLINE B10 CLASSIC BAG

The B10 Classic is the FLEX version of our award winning Brightline Bags Pilot Flight Bag. The B10 Classic is the same small, efficient, superior flight bag it was before, it is now just turbo charged with the FLEX System.

Perfect for VFR to light IFR, the B10 satisfies most pilots needs. The B10 Classic will hold two headsets, portable GPS, Glasses, charts, kneeboards, Phones, Keys, iPads, folders, multi-tools, fuel testers, flashlights, E6B's, and more.

The B10 Classic comes with a front and rear bag, a removable radio pocket and a removable pen pocket. Want a different pocket? Simply replace one of the pockets and add it to the bag.

P/N 13-11850 .....**$139.00**

BRIGHTLINE B16 CONTAIN BAG

The B16 Contain is the B10 Classic with 5" Center Section zipped in between the front and rear bag of the B10.

The B16 is designed for people who need a little more storage than the B10 will offer. It was designed primarily for IFR pilots who need the extra room for Charts and IFR Binders. The 5" Center Section affords the heavy IFR pilots the room they need. And, with the FLEX System, one can simply unzip the 5" Center Section and remove it when not in use. The idea being that why carry more bag than you need? Zip it in when you do need it. Zip it out when you don't. The B16 Contain comes with a front bag, a rear bag, a 5" Center Section, a radio pocket, a pen pocket, and a double pocket.

P/N 13-11851 .....**$220.00**

BRIGHTLINE B25 CARRYALL BAG

The B25 Carryall is designed to carry all you will ever need. Designed primarily for aviators who need to pack overnight items, such as clothes, shoes, coolers, etc., the B25 Carryall fits the bill when maximum space is required. And, like any bag in the FLEX System, the 11" Center Section can be removed by simply unzipping it and removing it, leaving you with the B10 Classic and all of your flight gear.

P/N 13-11852 .....**$265.00**

PS

FLYBOYS GEAR FOR PILOTS

FLY BOYS PUBS BAG

Ideal for keeping things “co-located” while you’re flying and mission planning. Integrates perfectly with Fly Boys kneeboards. Top opening flap gives access to the main pockets. Additional smaller external pockets are located in the front, rear as well. Handy for smaller items or for sliding enroute charts and maps for quick access. Top, front and back are secured with sturdy Velcro™. Pocket on one side for a water bottle or sunglass case. Slots on the opposite side for 2 pens or pencils. The most popular choice of most fighter and trainer pilots no matter what the airframe. Also, an excellent option for civilians looking for a no frills - priced right bag. Measures 8 1/2” x 11” x 1” empty. Fully loaded it will expand out to 8 1/2” wide!

FLYBOYS CHECKLIST PAGES

Heavy-uty plastic FlightCrew checklist pages. Sturdy construction extends the life of these pages. Easy to use at made at a thickness that helps prevent the pages from becoming brittle or tearing in cold environments. Pages are top loading and are great for protecting your local approaches or condensed aircraft checklist. No covers included. Sheet Size: 8” X 5”..... PN 13-05627.....**$0.55**
Bulk back (25 Pk.) w/ Covers... PN 13-05629....**$13.75**

OVERSIZED CHECKLIST PAGES

These are great if you are ready to start putting originals in the pages instead of shrunken copies! As you can see, a full size Jeppesen chart slides right in! Now your mission data cards fit, your target photos can get more detail in them, and your attack cards slide right in without making a trip to the copier to shrink or the paper cutter to trim! These are the same construction as the regular, just bigger. Great in extreme temperatures and long lasting. Spacing on the holes matches up with the FlyBoys KneeBoard with Eyelets and Jeppesen charts.Size is 5 1/2” X 8 1/2” - really makes a difference.

Sheet Size: 8-1/2” X 5-1/2”.....PN 13-05628.....**$0.85**

EXTRA TALL PAGES FOR BIG CHECKLIST

Heavy duty plastic FlightCrew checklist pages. Sturdy construction leads to a long life. Easy to use but heavy enough to not get brittle or tear in extremely cold environments. Pages are top loading and are excellent for protecting your local approaches or condensed aircraft checklist. USABLE interior dimensions: 5”x11”, overall width including checklist ring holes 5 7/8”

Sheet Size: 5” X 11” .....PN 13-05630.....**$0.70**
Bulk Pack (25 Pk.).....PN 13-05631.....**$16.50**

FLYBOYS HARD PLASTIC COVER SET FOR EXTRA PAGES

The new Cover Set for the FB2203 pages are great. They are perfect for protection of the pages as well as providing structure for these tall pages. Without these covers, they tend to sag due to their height. Buy as many pages as you need, as many cover sets as you need. Sheet Size: 5” X 11”....PN 13-05632.....**$5.25**

OVER SIZED FLIP CHART PAGES

Over sized top loading pages with three ring holes in the top for those checklists and situations that flow better than the normal “book format.” Dimensions: 9.25” x 6”.

Sheet Size: 8” X 5” .....PN 13-05633.....**$0.53**
Bulk Pack (25 Pk.).....PN 13-05634.....**$13.50**

FLYBOYS CHECKLIST RINGS

Durable. Unbreakable. Multi-Purpose. Safe. Opaque nylon ring to hold your checklists and in-flight guides . Or use them for outdoor use where metal rings would rust or wear out. Patented ball-lock design to prevent FOD out on the flight line. The nylon ring is very low resistance as well. Once they are closed, they stay closed. When closed, they are a 2.5” diameter ring. Opened, they stretch to 5.25”. For most applications 4 rings is plenty for keeping your checklists or inflight guides secure. Pack includes 10pieces.

Clear.....P/N 13-05621.....**$8.30/ Pack**
Black.....P/N 13-08644.....**$9.25/ Pack**
Red.....P/N 13-08643.....**$9.75/ Pack**

FLYBOYS PILOT LOGBOOK

Represents a comprehensive look at your military flying career. Special considerations were made for this book that no other logbook will provide. If you are serious about keeping track of your flight time, and operate Army or USAF rotary aircraft - this is the book you need with no question. Record your own flying history of missions, upgrades, checkrides and awards right in this beautiful and durable logbook. This book will hold at least 10 years worth of flight history.Dimensions: 9” tall x 7 7/8” wide x 1” thick

Airforce Pilots Fly Logbook.....P/N 13-05625..... **$29.99**
Army Pilots fly Logbook.....P/N 13-06410..... **$29.99**

FLYBOYS REMOVE BEFORE FLIGHT KEY CHAIN

This nylon strap streamer with the REMOVE BEFORE FLIGHT rubber patch is an instant reminder of the real warning flags that hang off of airplanes on the flight line. They’re supposed to be visible and easy to find during the walk-around inspection. Well, now you won’t have to “walk around” your house or fish through your gym bag trying to find it!..... P/N 13-05626 ..... **$4.99**

ASA IFR TRI-FOLD KNEEBOARD

Strong aluminum tooled clipboard silk-screened with important IFR information fits into black 3-panel jacket. Has room for charts, books, flight computers, etc.

P/N 13-05840.....**$28.50**

ASA VFR TRI-FOLD KNEEBOARD

This kneeboard uses the VFR Kneeboard in a three-panel jacket. The left panel has ample room for small books, papers and oddly-shaped items. The center panel holds the kneeboard under clear plastic with a pen/pencil holder and buttonholes on either side.. The right-hand panel contains a clear pocket for easy map viewing, and the elastic leg band's Velcro closures fit any leg size comfortably. Black nylon with embroidered silver wings logo. Kneeboard is 6-1/2" wide x 9-1/2" high. P/N 13-02712.....**$27.75**

BLOCKALLS TRAINING GLASSES

Designed by pilots for pilots. Blockalls™ resolve problems with existing view limiting devices. Weighing in at just under 1oz, it's easy to forget you are wearing them. Engineered to easily penetrate the seal of your headset eliminating the hassle of having to remove it first and can be worn for extended periods of time without discomfort, thanks to the soft rubber nose piece and streamlined temple tips. Tailored off center viewing also keeps more of your time inside the flight deck rather than outside. Recommended by AOPA/ Flight Training.

Pink	13-06242	**$22.50**

OLD FOGGIES™ IFR TRAINING GLASSES

IFR Glasses' Old Foggies™ brand view limiting device was developed in order to balance the training value of a view limiting device without further limiting the pilot from being able to read his/her charts. Old Foggies™blend of precision fogging and custom powered corrective lenses allows for the precise amount of the instrument panel viewing without any view of the horizon. Old Foggies™ are available in customizable powers with no need for a prescription. Available in Clear and Light Mirrored Tint (a reflective coating that eliminates glare without further limiting visibility). Available Powers: 1.5, 2.0, 2.5

JIFFYHOOD

A lightweight plastic hood that does the job inexpensively, Jiffyhood stows rolled up in a flight case, or even in your pocket. Has an adjustable elastic headband for comfortable fit. P/N 13-03457.**$11.95**

FRANCIS IFR HOOD

Francis hood restricts your vision totally to your instruments & because its small, will not block any part of an instructors vision. Made of lightweight, shock-resistant plastic, and has cushioned face pad for comfort. Adjustable elastic headband. P/N 3362.....**$22.85**

JEPP SHADES

Replaces bulky, hard-to-use instrument training hoods. The improved design allows better student/instructor interaction. The Cockpit proven design works conveniently under headsets and the universal adjusting strap reduces pressure on the ears and temple. The Velcro™ strap fits comfortably and flip-up lens allows convenient IFR/VFR flight transition. The high quality polycarbonate lens is impact resistant. P/N 13-404311 .....**$29.95**

FOGGLES

A creative solution to the problems caused by wearing a large hood on your head. Foggles fit and feel like glasses, but the opaque frosting on the top and sides let you see only the instrument panel. Your out the window view is always foggy. Wear them with headsets and microphone with no interference or discomfort. They come with a protective carrying case and weigh only two ounces.

Clear .....P/N 13-06500.....**$23.50**
Yellow .....P/N 17-00039.....**$21.25**

SUPER HOOD

This Super Hood is one of the safest, most comfortable and best made instrument training hoods we've found anywhere. Ideal with eye glasses or headsets it slides in under the headset without relinquishing control of the aircraft and it can be instantly removed at any time for a safe approach or landing. Blocks outside reference but provides a full panel view to reduce vertigo. Light weight (3 oz.) and comfortable. P/N 13-30200 .....**$21.75**

VIBAN IFR TRAINING HOOD

Pilots prefer ViBAN over other view-limiting devices because it weighs only 2 oz., making it easy to put on and take off during flight. Its eye-catching design is skillfully engineered to provide a perfect view of the instrument panel while providing complete occlusion forward and to the side. Even more, ViBAN folds compactly to fit in its own durable case and is easily stored in your flight bag.

Without Nosepiece.....P/N 13-02022 .....**$38.95**
With Nosepiece.....P/N 13-02023 .....**$38.95**

OVERCASTERS

Overcasters is a unique IFR training tool which clips to glasses (sunglasses or RX) in seconds. Flip-up in one easy motion for easy transition. Feather light with no straps, helmets, or hoods. Accepted by IFR examiners for checkriders. P/N 13-33799 .....**$16.85**

ASA HOODWINK IFR TRAINING HOOD

Unique design easily and automatically springs open when removed from its pouch and packs away for storage with just a simple twist. Lightweight, yet durable enough to withstand the rigors of daily use. 4"x4" slim pouch is small enough to fit in a shirt pocket or in almost any flight bag compartment. Can be used with or without headsets. One size fits all. P/N 13-05620.....**$15.95**

CLOUD-EEZE™ IFR TRAINING GLASSES

IFR Glasses' Old Foggies™ brand view limiting device was developed in order to balance the training value of a view limiting device without further limiting the pilot from being able to read his/her charts. Old Foggies™blend of precision fogging and custom powered corrective lenses allows for the precise amount of the instrument panel viewing without any view of the horizon. Old Foggies™ are available in customizable powers with no need for a prescription. Available in Clear and Light Mirrored Tint (a reflective coating that eliminates glare without further limiting visibility). Available Powers: 1.5, 2.0, 2.5

Cloud-eeze Clear Lens.....P/N 13-05015 .....**$16.95**

P/N 13-32384 ..... **$8.75**

ASA AIRCRAFT FLIGHT LOG/ LOGBOOK (SP-FLT)

Spiral-bound and perfectly sized to fit in an aircraft glove box or chart pocket, this logbook is a quick reference to the recent history of the airplane so pilots have immediate access to the airplane's records without needing to dig through logbooks usually kept in the maintenance hangar. The Aircraft Flight Log fills a gap in aircraft records for pilots, and instantly allows them to know the status of the aircraft they are about to fly. P/N 13-03163 ..... **$8.95**

PLANEVIEW AIRCRAFT FLIGHT LOGS

There are several things that make this flight log useful to so many owners and operators. Its size is compact and can be easily stored in a glove box or side pocket. You only have to use the categories that are important to you. The owner of a Piper Cub would not use the logbook to the extent that a Piper Mirage owner/operator would, but it can easily accommodate the needs of both aircraft. Multiple pilots can use the book, so it can be used in an aircraft that is used in partnerships, fight schools, charter and many other operations where there are a number of different pilots flying the aircraft. A flight school or aircraft rental company could track how their aircraft is being utilized.

Single engine log ..... P/N 13-01946 ..... **$7.95**
Multi-engine log ..... P/N 13-01947 ..... **$7.95**

PILOT DATABOARDS NATURAL COLOR FRAME

The Data-Board comes in both single engine and twin engine configuration. It is built to last for years with normal usage and care.

Features: • Personalized with your Aricraft "N" Number • High quality Dry-Erase laminated surface • Dry-Erase surface laminated over metal for a "Magnetic Personality" • Comes complete with mounting hardware, dry-erase marker/eraser combination and care instruction • Marker/eraser is magnetic so will attach to board for convenience • A great gift for every pilot in your life.

Single Engine Natural Wood ..... P/N 13-08046 ..... **$36.95**
Single Engine Natural Wood with N# ..... P/N 13-08048 ..... **$39.95**

FLIGHT BAGS

SKY HIGH DISCOVERY DUFFLE BAG

The Discovery flight duffle is a fully padded duffle designed to protect all of your important gear. The Discovery is designed with full sized compartment flaps to allow easy access to all of your gear, before, during and after flight. The spacious end compartments and innovative closure flaps make putting away or getting out your ANR headsets and other gear a breeze. The center compartment has a double zipper opening with a padded divider to segment the compartment for easy access and storage. P/N 13-03280 ..... **$88.50**

SKY HIGH FREEDOM VII DAY DUFFLE BAG

Freedom VII is the flight bag for those who want to pack light for a short day flight or a CFI who needs just the minimum requirements for a lesson. This flight bag comes with their patent pending CoPilot feature. This allows you to organize 4 sectionals, extra batteries and other miscellaneous equipment. The main compartment has plenty of room for a headset or two 2" Jepp Chart binders with a pocket on the back for your kneeboard, A/FD or other materials. If you need a small flight bag this is the bag for you.

Blue ..... P/N 13-03277 ..... **$19.99**

SKY HIGH GEMINI

The Gemini flight bag is a fully padded duffle designed to protect the pilot's important gear. It is made with full sized compartment flaps, allowing easy organization of flight materials and access during flight - there is even a special stow-a-way pocket designed to hold most kneeboards. Everything is right where it should be - especially important during IFR flights. The center compartment has a double zipper opening with a padded quad-modular divider to segment the compartment for custom organization and easy access.

P/N 13-04254 ..... **$83.95**

SKY HIGH VOYAGER FLIGHT ATTACHE

The Voyager Attaché flight bag gives you the ability and convenience of being able to carry charts, sectionals and all the necessities without carrying around a larger flight bag. The CoPilot feature allows you to organize up to 6 sectionals and essential equipment. The main compartment can hold a single headset, Jepp chart binders and/or Air Charts. A kneeboard pocket is on the back for added convenience. The Voyager is made of ballistic nylon for extra durability.

Blue..... P/N 13-03278 ..... **$59.85**

SKY HIGH EXPLORER PRE FLIGHT POUCH

Our preflight pouch is made of durable 600D Polyester. It is designed to organize and hold your basic items for your preflight – Mini Mag size flashlight, fuel tester, pen/pencil, tire pressure gauge, and pliers or wrench. We have also included a grommet on the corner so you can attach a towel for wiping your hands clean. The Explorer will fit easily into any bag and has a Velcro strap to attach to your waist belt for convenience during the preflight. P/N 13-03276..... **$9.95**

PROFLIGHT STUDENT PILOT BAG

The ProFlight Student Pilot bag is a great value! Black Cordura type material, carry strap. Great for students; use alone or as an accompaniment to your travel luggage. This bag is similar to the Jeppesen Student Pilot Bag in style and materials with multi side pockets. Size: (L)17" x (W)6" x (H)10" P/N 13-06280..... **$29.95**

USAC KIT BAG

This rugged kit bag is made from durable 20 oz twill, with heavy cotton webbing straps, will stand up to the toughest of journeys, either on land on in the air. Other details include antiqued brass zipper and detailing, screen print stencils, felt patch appliqué and handy interior pockets. 16 1/2" L x 9" W x 12" H P/N 13-07431..... **$117.95**

WWP-102 HEADSET BAG

This padded carry bag provides inexpensive insurance against headset damage. Featuring dual zipper openings, inside pocket sectionals, computers, glasses, etc. Bag is constructed of black waterproof nylon with carry handle.

P/N 17-00231..... **$11.75**

WEEKENDER COMBO FLIGHT BAG

The swing hook for the adjustable shoulder strap is made of metal to ensure heavy load resistance. The shoulder strap has a soft rubber pad for your comfort and to keep the bag in fixed position while carrying on shoulder. This bag is made of 1680 Denier Ballistic water repellant material. Its interior is fully padded and covered with the liner of water repellant taffeta.

Grey ..... P/N 13-11385 ..... **$69.95**

P/N 13-11598 ..... **$242.95**

PS

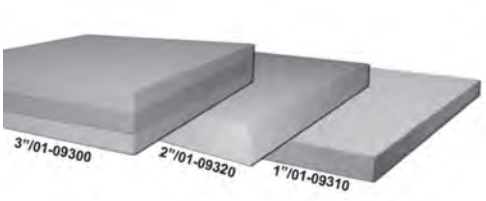
SEAT FOAM - FLIGHT SEATS

BACKSAVER FOAM

Backsaver foam is temperature sensitive, softening when it comes in contact with a warm surface; thus, in a seat cushion, the foam softens and conforms to the persons body. This provides even pressure distribution and unconstricted blood circulation, significantly reducing discomfort, even over long periods. In addition, Backsaver foam has excellent energy absorption properties, which have made it excellent for use in the U. S. space shuttle program and in military aircraft and helicopters. Pilots find that Backsaver cushions reduce their discomfort and fatigue, even on missions of 8 hours or more. Aircraft Spruce now makes Backsaver foam available to the homebuilt and general aviation market.

BACKSAVER FOAM 16" X 18"..... P/N 01-09325 .....**$92.50**
BACKSAVER 36" X 80" FOAM..... P/N 01-09330 .....**$541.00**

CONFOR FOAM SEAT CUSHION



Temperfoam is the conforming foam cushion that was developed for the "Astronaut's Couch" back in the Apollo space program. Seat foam has the capability of absorbing a tremendous amount of impact shock compared to common polyfoam and it is flame resistant. It is an excellent product that will give your seats enduring comfort that you never thought possible. It is not a soft seat, but it adapts to you for pressure- point-free comfort that is really incredible. The best universal cushion for aircraft use is a 3" T/38/ T41/T47 laminate. Temperfoam is not currently FAA approved for certificated aircraft but is excellent for homebuilts. Some special sizes in 1", 2" or 3" thicknesses are available on special request.

1" x 16" x 18" .....P/N 01-09310 .....**$23.50 ea.**
2" x 16" x 18" .....P/N 01-09320 .....**$45.75 ea.**
3" x 16" x 18" .....P/N 01-09300 .....**$74.75 ea.**

INFLATABLE LUMBAR SUPPORT

This inflatable air pillow can be installed just under the seat material and will give you the customized support just where you need it. A convenient palmsize pump and a release valve control the firmness of the lumbar support. The In-Flight Back Support is made of a heavy duty self-extinguishing neoprene rubber, specially designed to pass FAR 23.853 flame-test requirements.

One inflatable lumbar support
P/N 13-01501.....**$49.75**
Two Inflatable lumbar supports..... P/N 13-01821.....**$81.95**

SKWOOSH™ PILOT SEAT

Fly with SKWOOSH™ and say goodbye to numbness in your legs and rear. TekPad® gel technology delivers pressure relief for long flight comfort. The compact SKWOOSH™ Pilots's seat is designed specifically for flight personnel. It folds to fit in a chart case, carry on or just hang it from a roll-on. It has a durable 300 denier top fabric for comfort and convenient attached cord loops for hanging. The non-skid bottom makes SKWOOSH™ stay put, insuring no movement during use, while it's low profile allows you to maintain normal seat position. So when you have to sit for a long time, in the cockpit or passenger cabin, count on SKWOOSH™ for comfort. Specifications: • Model# P5544 • Weight: 8 oz. • Open Dimensions: 15" x 10½" x ½" • Folded Dimensions: 7½" x 10½" x 1" • Color: Black •Non-Skid bottom • Convenient cord loops for hanging • Made in USA - Guaranteed Performance and Guaranteed Workmanship. P/N 13-05827.....**$39.50**

SKWOOSH™ PRO TRAVELER

The SKWOOSH™ Pro Traveler with AIR-FLO3D™ breathable fabric uses patented TekPad® gel to relieve pressure on the sitz bones. Relieving pressure helps reduce numbness and discomfort in the lower back, legs and rear caused by long hours of traveling while the AIR-FLO3D™ fabric's unique three dimensional structured keeps you cooler. AIR-FLO3D™ is durable, lightweight, washable and performance proven. The Pro Traveler with AIR-FLO3D™ features built-in handles to make it more convenient to carry or hang. It weighs only 8 ounces and when folded, is smaller than a magazine. The SKWOOSH™ Pro Traveler with breathable AIR-FLO3D™ delivers more comfort in a convenient, compact package than any other cushion of its size. Weight: 8 oz. Open Dimensions: 10½" x 15" x ½". Folded Dimensions: 10½" x 7½" x 1". Color: Black.

P/N 13-10284.....**$49.50**

PROFLIGHT FLIGHT SEATS

Sit higher, and sit softer on 2 or 3 inches of high-density foam covered with durable, "breathable" Cordura. Made of USAF specifications, with segmented backrest. Really makes a difference on a long flight. Also available: 3 or 4-inch thick child's cushion that finally lets kids see outside, keeps them interested as well as comfortable during long trips. Both seat and cushion are available in either Air Force blue or red. Add B (blue), or R (red) after part number to indicate color.

OREGON AERO® SEATING SYSTEMS

Oregon Aero® VK SmartCushion™ Systems for Experimental and Homebuilt aircraft offer maximum-comfort seating designed for your particular aircraft. The VK SmartCushion™ System shifts the hips, pelvis and back into a comfortable sitting position. At the same time, the seat cushions support occupants over as large an area of the seat surface as possible, preventing painful "hot spots." Pilot and passengers fly in comfort-no matter how long the flight. Simply put, Oregon Aero® offers the most comfortable seat in the industry **All Oregon Aero® Seating Systems are 100% Satisfaction Guaranteed.**

1 INCH PORTABLE UNIVERSAL SOFTSEAT® CUSHION SYSTEMS

Shifts your hips, pelvis and back into the proper, pain-free position. Helps minimize lower back pain from prolonged sitting. Eliminates pain from "hot spots." Can raise or move you forward. Zippered and interchangeable parts. 100% satisfaction guaranteed.

Two anchor options available: (1) Non-Skid Strips (most popular option) Two 1" wide x 10" long strips of black webbing with black non-skid rubber are hand sewn to the bottom of the cushion. (2) Straps - Best option if using Cushion Base for one purpose, such as in an aircraft. One-inch straps with adjustable buckle are hand sewn from side-to-side. Two hook and loop fasteners are hand sewn to the back.

1" Cushion is the most commonly used thickness. 1/2" Cushion is available for individuals with limited headroom. 2" Cushion available for individuals who need raised up. See www.aircraftspruce.com for additional sizes.

SEAT COVERS - AIRCRAFT SPRUCE APPAREL

BLUE RIBBON SHEEPSKIN SEAT COVERS: NATURES OWN THERMOSTAT

The magic of 100% genuine sheepskin is quite simply that it will keep you cool in summer and warm in winter. No other natural or man-made fiber possesses the qualities of sheepskin. Whatever the temperature in your cockpit, sheepskin covers remain almost the identical temperature. Additionally, each hollow fiber absorbs up to 30% of its own weight in moisture. It keeps you dry, yet never feels wet itself. You avoid the heat and clamminess of vinyl, or even leather, because there's free flow of air between you and seat. Every cover is hand-made by master craftsmen from the finest chrome-tanned pelts, in colors to match or coordinate with any interior. Sold in pairs only, in 11 colors (request color samples when ordering). FAA Approved.

Available for the following planes: Beechcraft: Baron B-55, E-55, B-58, Bonanza V-35 (A or B), A-33, A-36, F-33A, A36TC. Cessna: 150, 152, 172, 177, 180, 182, 185, 210, 310, 340, 402, 414, 421. Aero Commander: 500, 600, 900, Piper: Archer, Cherokee, Warrior Tomahawk.

Specify year, make model and color choice when ordering. Car seat covers also available in same colors. Call for a price.

Superlamb Sheepskin Seat Covers (pair).....P/N 7736 .....**$475.00**

Sheepskin Samples - Order a sample then return it for a full credit after you have selected a color and ordered your seat cover.....P/N 13-05553 .....**$50.00**

AIRCRAFT SPRUCE T-SHIRTS

Top quality 100% cotton shirt available in white or navy blue. These shirts feature Aircraft Spruce logo on the back and a small Aircraft Spruce Logo on the front left chest. A great looking shirt that will last for years. Order size by part no.:

PILOT ARMOR™ GENERAL PURPOSE SUNSHADES

This general purpose sunshade provide "spot relief" on windows of any size. They are easily attached and removed to provide sun and glare protection wherever you need it. Made of commercial grade exterior polyester blended Sun Protection screen that has been treated and sealed with a reflective polymer which gives the fabric its protective features. It is very durable, will not mildew, or fade. Tear and dirt resistant, the fabrics stand up to tough conditions and continue to look fresh for years. It is easily maintained with a mild detergent or a cockpit "wet-nap".

These fabrics are maintained under tension during the entire production process, resulting in superb dimensional stability that helps it to maintain its shape without bagging or sagging. Warranted for use inside and out.

- Excellent solar protection-eliminates up to 86% of the sun's rays, excellent thermal reflective features
- Ideal compromise between solar protection and light transparency
- Provides significant external visibility
- For use on the ground or in the air
- Will not damage acrylic windows
- Full custom sets available, call us at 877-477-7823 for a quote.

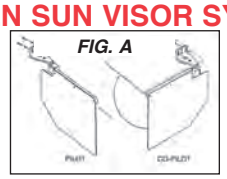
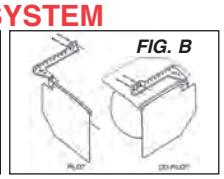
SUN VISORS

ROSEN SUN VISOR SYSTEM





Don't fly blind! Give yourself and your passengers that extra margin of safety. These transparent sun visors rotate and extend to offer complete cockpit protection form the sun. The oversize, tinted lens filters out 95% of the ultraviolet rays, reduces glare by 94% and heat by 86%. Distortion free. Fully STC'd and PMA'd. The system, which includes pilot and co-pilot visors, installs in minutes. (Exceptions: C-210 non-pressurized requires 1.5 hrs, C-152 requires rivnut installation by an A&P, C-177 req. 6-8 hrs.). Available for these aircraft. Visit or website for specs., installation, and application data.

ROSEN THIRD AXIS UPDATE KIT: This update kit will fit any Rosen system that does not come standard with third axis option (Piper systems, for examples, come with third axis stanard). P/N 13-04014 ..... **$72.85**

ROSEN CREW SUNSHADES

A highly effective solution to excessive heat build-up in the cockpit. CrewShade is easily fixed to the side windows with (2) attached suction cups. Suction release tabs make repositioning quick and simple. The CrewShade folds and stores in the included 6" diameter carrying pouch when not in use. Shade dimensions: 14 ½" x 17 ½" P/N 13-06271 ..... **$14.00**

BONANZA/BARON ADJUSTABLE SUN VISORS

Aerospace construction means they work flawlessly, plus they are very adjustable. Rotate them up and down, turn to cover the side windows and slide them in and out for coverage where you want. P/N 05-03434 .... **$397.50**

SUNGUARD SLAP ON SUN VISOR

Sunguard is a transparent polymer, that will statically attach to any smooth surface (windows in cars, boats, aircraft, RV's and homes). It is available in "olive green" tinted shade and absorbs approximately 78% of the light spectrum.
6X9 ..... P/N 13-08666 ..... **$3.95**
9X12 ..... P/N 13-08667 ..... **$6.95**

DIM-IT MOVEABLE VISOR

You can keep moving your head to stay in the shade of your visor, or you can get a DIM-IT visor and move it to where you want it. It's a 6"x12" sheet of tinted Lexan that can be positioned on any window in the cockpit by means of the attached vinyl suction cup. (An optional self-adhesive adapter plate lets you attach it to porous surfaces as well.) Completely transparent and distortion-free.
DIM-IT Moveable Visor ..... P/N 7172 ..... **$7.95**
Adapter (for porous surfaces) ..... P/N 7113 ..... **$4.65**

MINI DIM-IT

Diminishes the intensity of direct sunlight, glare, and reflections. This little visor is made of high strength tinted Lexan and is distortion-free. Place the suction cup on window/windshield and press. P/N 13-01758 ..... **$6.95**

ADJUSTAVISOR

The Adjustavisor, a clip-on unit that virtually doubles the effective range of stock visors, adds contrast, and reduces glare and fatigue. Available with smoke polycarbonate lens with UV protection. There's also a suction cup model for aircraft with canopies. The cups are strong enough and the visor assemblies light enough that they stay attached to any window through most any maneuver. Size:3.5"x 12".
Clip-on (smoke) ... P/N 13-03263 ... **$121.95**
Suction (smoke) ... P/N 13-03261 ... **$107.95**

RV-10 SUN VISOR

Blue Sky Sun Visors were specifically designed for the RV-10. The RV-10 visors retain all of the features of those that have been produced for certified aircraft since 2001. The visors provide improved visibility in hazy or cloudy conditions while still being out of the pilot's view when not in use. In addition to retaining the superior functionality, durability, and strength of the original Blue Sky Sun Visor, they provide sun and heat screening, whether coming from the front or side for both pilot and co-pilot. Installation is quick and requires only basic tools and mechanical ability.
P/N 13-07444 ..... **$198.00**

UNIVERSAL SUNVISOR FOR HOMEBUILT AIRCRAFT

Universal Swivel Mounts - simplify installation into most homebuilt aircraft! Lightweight hardware and optical quality bronze acrylic visor. Designed, and visor tint specified, by eye doctor/pilot Dr. Steven DeGroff, to reduce, high-altitude and ocular media small-particle scatter and enhance vision at dusk, after sunset, when scotopic vision is used. Hundreds of same class visors are field-approved and in use in the Comanche fleet.
P/N 13-07443 ..... **$222.95**

CLEAR VIEW SUN VISORS

ClearView aviation sun visors provide outstanding sun protection to pilots of homebuilt and certificated aircraft. These visors are STCd & PMAd for Bonanza, Barons, and Travelairs. All the visors have 3 axis movements, thumb screw adjustable extenders, & UV protection. Component parts include brass and stainless steel fittings to assure non-binding operation. Clear View visors provide improved visibility, enhanced aircraft interior, and can be used as a sunshade when not in use as a sun visor. These visors are easily adjustable with extended coverage and precise placement. STC for Beech, Bonanza, Baron, and Travelair. Please specify aircraft make and model when ordering.
P/N 13-00102 ..... **$289.95**

SUN SPOTS

* Front & Side Windows, Passenger side Windows. Also place onto Existing Transparent Sun Visors for extended coverage & darker shade "D" * Two 5-1/2" dia. disks, easy handling & storage * Suction cup attachment, lightweight, 4 mills thick * Disk rotate 306° "B", for total of a 10" diameter * 2 disks overlap for double shade strength "A" * Separate disks for single shade strength "B" * Split disks for half & half shade strength "C" P/N 13-06774 ..... **$13.95**

PS

SUN SHIELDS – CANOPY COVERS

KENNON SUPER SUN SHIELDS

The most durable sun shield on the market has a clear polyester coating to protect the plexiglass windows. Heat can permanently damage the interior and avionics in your aircraft. The secret is a material with two surfaces of aluminum separated by trapped air. This combination reflects 97% of radiant heat, an insulation value of R-9 equivalent to two inches of fiberglass. Kennon Extra Firm shields fit snugly, and maintain their shape for a tight fit. They install in no time, and roll up for storage in compact, water-repellent bags. Weight is 1Lb. Available for most aircraft, specify year, make and model. For custom shields, specify exact size of windshield & windows. Also available for cars. Fabric edging insures snug fit & durability.

P/N 7672 ..... **$195.00**

PIPER SUNVISOR CATCHES

Many Piper aircraft have the same problem. The sun visor catches lose to stability, because the UV effect allows the plastic to become porous. These Piper Sunvisor Catches are made from a blended poly-plastic with a UV additive that will prevent UV corrosion. A set contains two pieces with the required plastic rivets. They are available in white and black (used in Piper PA-38 Tomahawk). The set for the Piper Tomahawk contains two extra rivets.

White P/N 13-04187 ..... **$33.85**
Black P/N 13-04188 ..... **$33.85**

KENNON COWL PLUGS

Kennon cowl plugs are constructed from red Aqualon over 2" thick foam and feature a binding around the outer edge of each plug so there is a tight seal which fits snugly in the cowl. This lip prevents the plugs from slipping inside the opening. A safety strap goes around the prop so if by chance you forget to remove the plugs, the prop will remove them for you. These cowl plugs install easily and comes with their own storage bag. Specify aircraft make, model & year when ordering. Include aircraft registration number to be printed on plugs at no extra charge.

Single engine plugs ..... P/N 13-14111 ..... **$95.00**
Twin engines plugs ..... P/N 13-06212 .... **$190.00**

CUSTOM FIT COWL PLUGS

These cowl plugs are tailored to fit popular Cessna and Beech single engine aircraft. High visibility yellow closed cell foam will not retain moisture. Printed on one side is "Remove Before Starting Engine", and the other is blank for the N#. They are joined by a nylon strap with a fluorescent orange Remove Before Flight flag. Please use following part no's. to specify aircraft.

C-150 (2 Hole Only).... P/N 13-02620 ..... **$36.95**
C-172 (1965+) ..... P/N 13-02625 .... **$34.95**

KENNON WIND SPOILERS

Kennon Wind Spoilers are a strip of soft fiber filled tubes that attach to the wing to slow airflow over the top and to prevent lift. An airplane was built to fly, given a strong wind, the plane will fly without you and no tie down will restrain a flying airplane for long. During the stormy winter of 1998, over 200 airplanes were picked up and destroyed by strong winds. Kennon Wind Spoilers could have saved many of these aircraft. The wind spoilers cover the leading edge of the wings but not the tips, and most are about 14.5 ft long (per wing). Specify aircraft make, model, year when ordering.

P/N 13-14180 ..... **$148.95/pr**

KENNON COWL CAP COVERS

This small cover goes over the inlets and back onto the cowl about 12 inches. It closes under the spinner with Velcro. There are bungees with hooks on the two rear corners that keep the cover pulled back in place. The material used is Red Sunbrella: UV resistant, water resistant and yet breathable. This is a great alternative to plugs that often slide out of the opening or do not wedge straight in the opening due to the inside shape. Covers are available with Tail Number identification through a sewn on embroidered patch. Please specify aircraft year, make and model.

Single Engine ..... P/N 13-09884 ..... **$195.00**
Single Engine with small embroidery ..... P/N 13-11958 ..... **$210.00**
Single Engine with large embroidery..... P/N 13-11959 ..... **$220.00**
Twin Engine..... P/N 13-09884-2 ..... **$390.00**

PROPPASTIE

A ground-use only cover that will minimize snow, ice, and water from lying on your propeller hub bearings and freezing inside your spinner. Made of the highest quality UV-stabilized materials, designed to withstand all but the most extreme temperatures. Tested to remain in place in up to 51 mph wind gusts. Velcro, holds the PropPastie in place.

P/N 13-10282 ..... **$34.95**

KENNON CABIN COVER - LOW WING

Kennon's Low Wing Cabin Cover covers the top of the cabin, the antennae and the entire window area. Made from Sunbrella which is designed to withstand the sun's ultra violet rays. Sunbrella is the award winning UV resistant outdoor fabric. It is very soft and breathable so it is safe to use as a year round cover on any aircraft. Each cover is custom built for the specific year, make and model of aircraft. You will be asked for aircraft year,make, model, and registration number when ordering this item. There is an additional cost for the microfiber lining, and the cost varies based on aircraft. Color of cover and trim is standard silver weathermax, custom colors available for additional fee: of **$75.00**

P/N 13-04047 ..... **$449.00**

KENNON DUST COVERS

The Kennon Dust Covers keeps dust, birds, and bird droppings off aircraft stored in hangars. Made from 210 Denier Nylon, the cover is soft, lightweight, and machine washable. Will not scratch the aircraft. It is easy to put on, with the elastic hem fitting around the nose, wing, and tail. Stores in its own storage bag and weighs only 10lbs. Available in sizes to fit any aircraft from homebuilt to military. Specify year, make & model of aircraft when ordering. Color: Black or Blue. ***Stock Color is Black. For Special order color (blue or red) add $28.95***

Small for aircraft up to 21 ft long, wingspan to 31 ft.

KENNON SUN BLOCKER AIRCRAFT COVERS

Kennon's Canopy Cover is constructed from silver WeatherMax. Provide Kennon with antenna measurements and we will tailor the cover so it fits neatly around antenna, OAT boot and ADF wires at no additional charge. Kennon's deluxe canopy cover is constructed with polyester WeatherMax and lined with anti-grit to prevent sand and dirt from adhering to the fabric and later scratching your windows.

Weathermax is an engineered polymer material uniquely designed specifically for constant outdoor use. It is extremely UV resistant and extremely resistant to fading and color loss. This fabric is breathable, abrasion resistant and eliminates sagging. Static charged acrylic windows attract dust and dust scratches. Kennon's new Anti-Grit lining helps reduce static and further helps prevent scratching.

Choice of Trim Color.

See www.aircraftspruce.com for Kennon Color Chart.

CHADD PADD FUEL MAT

The multi-purpose (Aviation/Marine) 15"x20" Chadd Padd® is the best choice for use where high fuel volumes or high flow rates of fuel are in play - they were originally invented for the high flow rate of aviation refuelers and definitely provide a little more piece of mind.
Each padd is anti-static treated, hydrophobic (repels water & floats), and holds approx 11 fl.oz. of petroleum; which means the 1 Roll of 18 Padds in its own compact dispenser box will absorb an approx. total of 198 fl.oz. or 6.1 quarts." 15" X 20" P/N 13-08161 .....**$33.25**

CHADD PADD FUEL MAT DISPENSER

The Chadd Padd Dispenser is a must-have for any fueling operation serious about refueling safety! Made from ultra-white PVC; this convenient, water proof dispenser makes sure your Chadd Padds® will stay clean, dry, and most importantly, readily available for daily fuelings or should there be an immediate need for a petroleum absorbent Padd.
The Chadd Padd® Dispenser accommodates the larger, duel-port Chadd Padds® Refill Roll 18 that are 15 inches wide.
Chadd Padds® pictured in the dispenser are not included; however, mounting hardware is included. Size: 9"x17"x9" Weight: 5.5lbs P/N 13-08163 .....**$58.25**

CHADD PADD WIND CHOCKS

The Wind Chocks™ are used to hold the Chadd Padd® down during use in windy conditions and help to also give the Padds rigidity, form, and the traditional "roll n fold" feel. Rated for use in winds up to 20kts, the Wind Chocks™ crimp onto the Padd as to not allow anything to touch the craft's surface except the soft, clean, and dry Chadd Padd®.
They're made from a soft and flexible material that helps them to conform to the surface being fueled while still allowing for versatility in their placement on the Padd as they can be applied in almost any configuration that is best for the refueler. The Wind Chocks™ are also surprisingly heavy for their size and weigh almost 2 lbs for the pair; ensuring your Chadd Padd® will stay "chock'd" or "anchored" in place. 2"x13.75"x2". Weight: 1lbs, 6oz P/N 13-08162 .....**$49.95**

WICKSHIELD

Warning type cover for aircraft, wire/rod & "whisker" type, Static Wicks. These are very simple to use, economical, and conveniently packaged in 8 packs. They offer practical protection for the wicks, charter/corporate passengers, crew, and maintenance staff! They have been well received by corporate fleets. Features: One size fits all static wicks. Lightweight- will not stress static wicks - will not scratch airplane finish. Quick "Attach - Release" Clasp - will not stick to wicks - will not freeze in place. P/N 13-11708 .....**$38.50**

GLARE BAN STATIC CLING SUN SHIELD BRONZE

Make your flying safer and more comfortable with the Glare-Ban Sun Shields. Vee-Gee products uses a high quality solar bronze polycarbonate to cut glare and haze. This makes flying safer by allowing you to see better and helps you avoid the fatigue by cutting down on tiresome squinting. Glare-Bans are made in the U.S.A!

WING MAT

This navy blue carpet can be placed on the wing prior to boarding which will protect both the wing and the aircraft interior. This mat rolls up easily for storage in the aircraft and an attached elastic band keeps it rolled up. The rubber backing is perfect for use on low wing aircraft. Two sizes available.

Small Wing 10.5" x 36" .....P/N 13-07195 .....**$14.25**
Large Wing 21" x 48" .....P/N 13-07196 .....**$28.50**

STEARMAN COCKPIT DUST AND RAIN COVER

One of the problems with traveling in your Stearman is the lack of space to haul necessities. This Cockpit Cover weighs about 1 pound in it's storage bag, which is the size of a quart carton.
The cover is made from back-packing tent material which is rain proof and light weight. Installs with two Velcro straps and four elastic cords using plastic fasteners. There is no metal to scratch your finish. Available in Federal Yellow. .....P/N 13-11616 .....**$159.00**

CESSNA HIGH-WING FUEL VENT SCREEN

Fuel flow to your aircraft's engine can be compromised by insects or debris entering fuel tank vents. This remove-before-flight Fuel Vent Screen prevents contaminants from obstructing or contaminating the fuel system. The attached foot-long, florescent, and weather-resistant reflective streamer stands out equally well in daylight or darkness under all weather conditions, so it won't be forgotten during your pre-flight. Fits Cessna piston engine aircraft. Inside diameter of PVC sleeve is 0.365"
P/N 13-10437 .....**$19.95**

PS

COWL PLUGS - AIRCRAFT COVERS

COWL PLUGS

Cowl Plugs with attached "remove before flight" streamer for general aviation aircraft. Prevents bird and foreign objects from entering through the cowl. Comes complete with a linking lanyard and remove before flight streamer. Heavy duty cross linked construction and durable nylon hand sewn stitching complete the set. Please specify aircraft make, model, & serial number when ordering. Plugs are furnished with free embroidery and pitot tube cover.

Single engine.....P/N 13-01742 .....**$64.95**
Twin engine .....P/N 13-01743 .....**$135.95**

PROPELLER SLINGS EXHAUST COVERS

Propeller Slings & Exhaust Covers keep your propeller secure and in place, eliminating any bearing damage caused by a free-spinning propeller with no lubrication. The integral exhaust covers protect the costly turbine wheel from debris & birds. Simple, quick one man operation. Please specify aircraft make, model, serial no. when ordering. P/N 13-01744 ..... **$166.95**

INLET PLUGS

These protect your engine form foreign object damage, blowing dust and sand, birds and debris. Complete with remove before flight flag and easy pull handle for insertion and removal. Please specify aircraft make, model, & serial no. when ordering. P/N 13-01745 ..... **$92.95/eng**

JET ENGINE COVERS

Made of extremely durable, water-proof and fire resistant Herculite, our covers are guaranteed for 10 yrs. Each set is hand crafted and sewn to order. Complete with storage bag and remove before flight flags. Please specify aircraft make, model, & serial no. when ordering.

P/N 05-04077 .....**CALL FOR QUOTE**

ENGINE INTAKE COVER

Protect your engine from natural hazards which could cause serious in-flight problems. This economical design fits practically every single or twin, even homebuilts. The lightweight, fire-retardant mesh fabric will not blister or melt. After simple one-time installation of mounting hardware, cover snaps into place and secured with Velcro. Folds for easy storage. Complete with mounting hardware & "Remove Before Starting Engine" streamers. Also available: Bib that allows you to cover additional intakes.

Engine Intake Cover ..... P/N 7148.....**$44.90**

KUVR**IT WHEEL COVERS

A vinyl-coated polyester that is fade resistant and California State Fire Marshall approved (#F-2310). The weave breathes and yet provides 85% shade factor from the suns damaging ultra violet rays. It is easy to care for. Simply machine wash and just hang it to dry. The KUVR*IT II Wheel Cover is easy to use. Simply place the cover over your tires and adjust the strap to the desired tightness and lock into place. There are 3 sizes for your convenience:

Small fits tire size: 5.00 – 5/15 x 00-6.....P/N 13-03158 .....**$28.95**
Medium fits tire size: 6.00 - 6/7.00-6.....P/N 13-03159 .....**$29.85**
Large fits tire size: 6.50 - 8/8.50-10 .....P/N 13-03160 .....**$34.75**

REDWING TRAILING EDGE PROTECTIVE FOAM

RedWing helps prevent aircraft damage and head injuries. Just slide the foam onto the trailling edges of ailerons, elevators, rudders or flaps to protect these surfaces while tied down or in the hangar.. RedWing is also ideal for proecting landing gear doors, aviionics antennas, and winglets. The bright red color reminds the pilot to remove RedWing before flight, and RedWing is reuseable and unaffected by UV, water, or oils. Furnished in 3ft. sections which can by easily cut to smaller sections. P/N 13-02566.....**$24.85**

THE SKULL SAVER PROPELLER COVERS

Helps protect personnel from propeller head bumps, and it helps protect the propeller from ground equipment bumps. Thickly padded and has a bright yellow shell made of reinforced rip-stop vinyl that is waterproof and mildew resistant. 23 inches long and fits blades that are over 8 inches wide. It is easy to install and is secured in place with a 36-inch long adjustable strap.

2 Blade ..... P/N 13-07188.....**$148.50**
3 Blade ..... P/N 13-07189.....**$217.95**

BRUCE'S CUSTOM COVERS

Canopy Covers protect the glass, upholstery and avionics from the elements, stop leaky seals and keep the cabin cool. Canopy Covers also prevent vandalism and theft.

Bruce's Custom Covers makes canopy/cabin, engine, empennage, propeller, wing and pitot covers as well as engine inlet plugs for virtually every model jet, airplane and helicopter. Covers generally cost $350 - $425, are 100% lined, and can be imprinted with your aircraft tail number. Each cover is custom made to order and lead time is generally three weeks.

For a complete technical sheet including prices, photos and information about covers for your aircraft, please call us at 1-877-477-7823.

KOGER SUNSHADES

The Koger Sunshade was developed to provide protection from the sun while flying an airplane that has a large bubble plastic canopy like the RV-6, RV-7, RV-8, RV-9 and many other types of aircraft.

Key Benefits

- Retractable to front or rear.
- Lightweight (9oz. for side by side RV models)
- Install in 1/2 to 1-1/2 hours depending on the model.
- Makes instruments more visible, and the cockpit more comfortable.

Fits	Description	Part No.	Price
RV-8	Size of shade: 15" wide by 46" long	13-05657	**$243.00**
RV-6, 6A, 7, 7A, 9, 9A	Standard TIP-UP model Size of shade: 30" wide by 25" long	13-05658	**$157.00**
RV-6, 6A, 7, 7A, 9, 9A	Standard SLIDER model Size of shade: 30" wide by 25" long	13-05659	**$157.00**
RV-6, 7, 9	Standard SLIDER model Size of shade: 34" wide by 35" long	13-09609	**$229.00**

Built to Order	LARGE SLIDER model with top center structure canopies are built to order. Size of shade: 34" wide by 35" long	13-05661	**$219.00**

TRISOFT WINGTIP BUMPER

Trisoft Bumpers provide protection for the trailing edge of the wing, delta fins and ventral fins. Each Trisoft Bumper is made of chemical resistant EVA foam and provides ultimate aircraft protection. The Trisoft Bumpers also work great as wing edge indentifiers. This helps protect your employees while they are working or walking under the wing. P/N 13-08263 .....**$24.95**

TRISOFT WINGTIP/PROP TIP COVERS

* Avoid Accidents * Protect Employees and Aircraft * Reduce Insurance Claims * Remain In Compliance Trisoft Aircraft Covers * Can Be Used As a Safety and Warning Device on Prop Tips. Trisoft is a simple foam triangular cover that slips onto the corners of the prop tips, gear doors, wing flaps (in the lowered position), wing tips, and dorsal antennas. Trisoft can be used on personal aircraft, corporate aircraft, commercial aircraft, military aircraft and helicopters. P/N 13-06003 .....**$18.75**

SAFETY PROP TIPS

Reduce the risk of injury from a stationary aircraft prop by covering the tips with the Safe Prop Tip. This new safety device is made of thick form covered in a bright red fabric. While the bright color calls attention to the prop to help prevent an accident bump, the thick padding adds protection in case someone does walk into the prop. Reflective tape on the front of the guard improves awareness at night, and an elastic ribbon, which holds the unit together, is a perfect place to hang the "Remove Before Starting Engine" streamer.

2 Blade..... P/N 13-03594.....**$39.85**

PLANE SIGHTS REMOVE BEFORE FLIGHT

PLANE SIGHTS PITOT TUBE COVERS

Extremely obvious, very durable, and weather resistant pitot tube covers for every aircraft.

ANGLED PITOT TUBE COVER - Aircaft Type: Piston Powered Plane This durable, weather-resistant orange and yellow reflective cover fits virtually any size pitot tube. It stands out in daylight or darkness under all weather conditions, so it can't be missed. Large sewn-on Velcro tabs keep it securely in place under all conditions. Weight: 0.14 kg If length of the tube exceeds 6.75" and the diameter exceeds 7/8", then the Universal Pitot tube cover would be a better choice. As seen on the 2009 AOPA 'Let's Go Flying' Cirrus SR22 P/N 13-05611 .....**$13.95**

UNIVERSAL PITOT TUBE COVER - Aircaft Type: Piston Powered Plane. This durable, weather-resistant orange and yellow reflective cover fits virtually any size pitot tube. It stands out in daylight or darkness under all weather conditions, so it can't be missed. Universal covers fit any length of tube from the smallest home built ¼" tubes up to 7/8" jet probes. The versatile hook/loop Velcro strap with sewn-in rubberized trim allows the cover to be quickly and securely fastened to the pitot tube. Weight: 0.00 kg The inside diameter of the cover is 7/8". Guaranteed to work on any Cessna, Beechcraft, Cirrus, Diamond, Grumman or Mooney aircraft, as well as most Pipers and many light sport aircraft.

P/N 13-05610.....**$13.95**

BLADE PITOT COVER - Aircaft Type: Piston Powered Plane Forgetting to remove a faded, dull and worn-out pitot tube cover can jeopardize the safety of you and your passengers. And when cold weather prevents you from installing your pinch-and-insert style blade pitot cover, ice and snow can contaminate your pitot system. Some blade pitot covers also cause damage to paint when the sleve is being forced on and off. The highly conspicuous and very durable Plane Sights Blade Pitot Cover is a perfect fit for any aircraft with a blade-type pitot tube or piper gear extension mast.. Properly installed, it's guaranteed not to blow off, fade in the sun or wear out for at least two years. Fits Piper, Katana, some Rockwell, late Grumman, Lake 250, and all other aircraft with a blade-type pitot tube. (As seen on the 2008 AOPA "Get Your Glass" sweepstakes aircraft) Weight: 0.15 kg Fits Piper, Katana, some Rockwell, late Grumman, Lake 250, and most other aircraft with a blade type of pitot tube.

P/N 13-06016.....**$15.95**

PITOT TUBE PLUG (5/8") - Aircaft Type: Piston Powered Plane 5/8" inside diameter vented pitot plug with its unmistakably conspicuous Remove-before-Flight Streamer. ANSI-compliant and weather-resistant reflective streamer stands out equally well in daylight or darkness under all weather conditions. The plug is attached to the streamer's rugged black oxide coated zinc grommet with a galvanized steel ring, and is vented to prevent pressurization damage. This 5/8" Plug Fits Aero Commander, Twin Beach, Bonanza, Cessna 300/400/500, Conquest Series, Grumman, Lear, Mooney, Piper Cheyenne and Navajo aircraft. Weight: 0.04 kg 5/8"/ 0.625" (15.875mm) ID x 1.85" (38.10mm) P/N 13-06019 .....**$13.95**

PITOT TUBE PLUG (3/4") - Aircaft Type: Piston Powered Plane. 3/4" inside diameter vented plug with its unmistakable Remove-before-Flight Streamer provides a perfect easy-on, easy-off solution. ANSI-compliant and weather-resistant reflective streamer stands out equally well in daylight or darkness under all weather conditions. The poly plug is attached to the streamer's rugged black oxide coated zinc eyelet with a stainless steel ring. This ¾"plug Fits Cessna 150, 152, 172, 177, 182, 200 series, and 337 models. Weight: 0.04 kg 3/4"/0.75" (19.05mm) ID x 2" (50.80mm) useable length P/N 13-06018.....**$13.95**

LIGHT SPORT PITOT PLUG KIT - Aircaft Type: Piston Powered Plane. Light Sport/Homebuilt Pitot Plug Kit provides a perfect fit for many homebuilt pitot tubes, light sport pitot tubes, and aircraft fuel vents. The kit includes several vented plugs so it even works with double-tube systems and is guaranteed not to pressurize your pitot static system. ANSI-compliant and weather-resistant reflective remove-before-flight streamer stands out equally well in daylight or darkness under all weather conditions. The kit comes complete with three different-sized pitot tube plugs, a unique streamer, and two rust-resistant coated triangle rings. WARNING: CHECK WITH YOUR AME AND CONSULT YOUR OWNER'S MANUAL BEFORE USING A FUEL VENT PLUG. P/N 13-06020.....**$13.95**

PLANE SIGHTS AIRCRAFT MARKERS & STATIC WICK COVERS

Prevent hangar rash and broken static wicks

STATIC WICK COVER SET (TUBE STYLE 7") - Aircaft Type: Jet. A lower priced alternative to Static Wick Markers. They protect static wicks from damage on the ground and make wing/elevator tips more obvious, preventing hangar rash. Slide these round style covers on for a tight weather resistant fit on Citations and other jets. Weight: 0.04 kg Round, tubular poly cover, 0.310" x 0.450" x 7.000"Long. *Shock cord lanyard not included P/N 13-06888.....**$48.95**

STATIC WICK COVERS (SMALL ID X7") - Aircaft Type: Jet. Installed and removed in seconds, Static Wick Covers help prevent delays and inconvenience due to hangar rash. Extremely obvious and very durable Static Wick Covers make these vulnerable parts highly visible by day or night. Slide these round style covers on for a tight weather resistant fit on your Bombardier (Challenger & Global Express) or Hawker/Beechcraft and many other jets. If necessary cut with scissors to desired length. Weight: 0.20 kg Fit's over static wick part #'s: Chelton 2-17SC-1,Chelton 2-11SC-1, MIL-9129D, DG17770. Fits Bombardier, Hawker/Beachcraft and others

P/N 13-06777.....**$65.95**

STATIC WICK COVER (SQUARE STYLE) - Aircaft Type: Jet These Square Style Static Wick Covers protect, usually yellow pronged static wicks from damage on the ground and make wing/elevator tips more obvious, thereby preventing hangar/ramp rash. Slide these rectangle covers on for a tight weather resistant fit on Falcon, Hawker, Beechjet, older Lear Jet and many other static wicks. Weight: 0.21 kg Includes three (3) Static Wick Covers per package Square Poly, 0.75"x0.25"ID x 3.50" Long, (in stock) (also available by special request, 5.25" length sleves) Standard two year warranty applies. *Shock cord lanyard not included

P/N 13-06776.....**$48.95**

UNIVERSAL AIRCRAFT MARKER - Aircaft Type: Piston Powered Plane. Highly reflective markers make vulnerable wing and elevator tips clearly visible under all conditions, and their projecting "proximity fuses" warn that something is too close before damage occurs. Fit all aircraft from Airliners to light sport aircraft, including models with static wicks and strobe lights. For aircraft with tip tanks, the wing marker opening fits over one end of the tank. A full set stows easily under most aircraft seats. Once initial fitting is done, the markers can be installed and removed in seconds during routine pre- and post-flight walk-arounds. Weight: 0.08 kg Package Contents: Two (2) corner marker pieces, two (2) harness pieces, two (2) marker fuses, four (4) 54" lengths of shock cord with cord hook ends, and four shock cord hook ends for assembly.

P/N 13-05603.....**$159.95**

TURBO PROP TIE - Aircaft Type: Turboprop. Fits most Turbo Props including Caravans, Beech 1900s, King Airs and others. An adjustable heavy duty ½" shock cord and metal hook allows the versatile design to work on so many turbo prop aircraft. Also allows our Prop Tie to Integrate with existing cowl plugs and exhaust covers. For any Turbo-Prop up with to 10" wide blade. Comes with 36" of HD 1/2" size adjustable shock cord and two stainless clips. ...

P/N 13-06778.....**$59.95**

REMOVE BEFORE FLIGHT STREAMER - Aircaft Type: Piston Powered Plane. ANSI-compliant and weather-resistant reflective streamer stands out equally well in daylight or darkness under all weather conditions. The cord is attached to the streamer with a rugged black oxide coated zinc eyelet. T Package Contents: Streamer - 12.25" long x 2" wide, Comes with two metal rings included) ..... P/N 13-05612.....**$12.95**

DIAMOND STALL WARNING PLUG - Aircaft Type: Piston Powered Plane Diamond recommends that operators of their DA40 and DA20 aircraft plug the stall warning air inlet holes on these aircraft while they're parked on the ground. Fits any Diamond DA40 or DA20, one way or the other. ANSI-compliant and weather-resistant reflective remove-before-flight streamer stands out equally well in daylight or darkness under all weather conditions. ..... P/N 13-06830.....**$39.95**

RESCUE STREAMER™ DISTRESS SIGNAL

This bright orange streamer, visible from 1.3 miles away at 1,500 ft. altitude, leads Search & Rescue teams right to you. The patented high-strength polyethylene Streamer design, tested and used by the U.S. Military and Coast Guard, is marked with the international distress symbol. Features sealed air-filled struts that keep it afloat on water and open on land to pinpoint your exact location to rescuers. RescueStreamers™ start at the size of a cell phone when stored and unroll in seconds. Always ready for use anywhere; land, water, and snow. Does not require chemicals, batteries, or electronics to signal continuously. Patented design approved for US Military & Coast Guard use. Furnished in a mesh bag for storage in a 1-2 person raft. Weight: 6.7 oz. Display size: 6" x 40 ft; Stored size: 3.5" x 7.5" P/N 13-03767.....**$43.75/ea.**

PS

BANNERS – PITOT TUBE COVERS

AIRCRAFT FOR SALE BANNERS

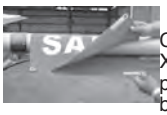
Designed specifically for aircraft use, these banners slip right over your prop blades, moving in the breeze to attract attention-but will not rub against painted surfaces. Each banner is 9" x 23", made of heavyweight rubberized Nylon that is weather-repellent and resists tearing. Sold as a set of 2. P/N 5412.....**$18.95**

PROPELLER MOUNTED BANNERS

Two 28" x 8", white printing on red reinforced vinyl. Yellow, blue and white pennants, slides over prop, fastens with velcro.

For Sale .....P/N 13-06402 .....**$29.75**
For Rent.....P/N 13-06635 .....**$34.75**

FOR SALE PROP BANNER



Consists of three pieces. Each prop banner is 11" high X 22" long when mounted. Made of RED vinylized polyester with BOLD WHITE lettering. Unlike prop banners that are a sleeve which must be slipped over the prop blade only, these banners are split at the bottom and are held together with velcro. This allows the banner to be opened up and then wrapped around virtually ANY structural member of the aircraft

P/N 13-06014.....**$28.75**

PITOT TUBE COVERS

Durable leather-like provides optimum protection. Velcro strap attaches booty to 5/8" or 11/16" dia. L-shaped pitot tube. Red "Remove Before Flight" streamer. Made of flame- proof and weather-resistant National Aerospace material.

P/N 15210.....**$5.95**

SLIP ON PITOT COVER - Slip fit over 1/4"or 1/2" dia. pitot. Red Remove Before Flight streamer attached. Made of flame-proof/ weather-resist. National Aerospace material. P/N 15220.....**$6.95**

ROUND CESSNA PITOT COVER - This yellow urethane pitot cover fits round, high-wing Cessna pitot tubes. Grooved fitting releases air pressure as the barometer changes.

P/N 5139.....**$8.95**

PIPER PITOT COVER - This pitot cover is designed to fit the blade style pitot commonly found on piper aircraft. Small vent hole prevents pressurizing system..... P/N 5740.....**$14.85**

REMOVE BEFORE FLIGHT RIBBON

This 3"x24" bright orange streamer with black letters features a grommet for a C ring to attach to anywhere on the aircraft. High visibility, fire resistant material. P/N15200 .....**$6.85**

DO NOT TOW STREAMER

17" Streamer, attach with Velcro, Color international orange.

P/N 13-02004.....**$12.85**

ASA REMOVE BEFORE FLIGHT BANNER

A bright red heavy nylon banner that can be fastened to anything that needs removing before flight. Comes with a grommet and wire ring that can be attached to everything from gear pins to gust locks and pitot covers. Heavy duty vinyl is tear resistant.

P/N 13-02380.....**$6.75**

ASA PITOT TUBE COVERS

Fit snugly over standard aircraft pitot tubes, and are vented to avoid pressurizing the pitot static system. Critical to safe operations, the cover keeps dirt, contamination, and insects from entering the pitot tube. A "remove before flight" streamer hangs off the cover as a prominent preflight reminder to pilots. Molded in the United States, the cover uses a heavy duty plastic material. Pitot Tube Cover 5/8" (small) ..... P/N 13-02378 .....**$8.95**
(Fits: Cessna 300/400 series, Citation & Conquest, Beech singles & twins, Piper Navajo & Cheyenne, Mooneys, Mitsubishi, Lear Jets & Cirrus)
Pitot Tube Cover 3/4" (large)..... P/N 13-02377 .....**$8.95**
(Fits: Cessna 150,152,172,177,182, 200 series, Skymaster & the Falcon Jet)

FUEL CAP COVER

The STAY SEALED cap is a patented fuel cap cover that locks onto the existing factory cap and seals to the surface of the wing. Designed and tested against heavy rains, strong winds, high temperatures, and extreme cold. It sealed out melring snow and ice, blowing rain and water from aircraft washing. *To be used anytime the aircraft is stored outside. The device MUST be REMOVED BEFORE FLIGHT.

Model SSCC fits the following: Cessna Series: 152, 172, 182, 206, 207, 210. Fitted with the raised metal fuel cap.....P/N 05-03662 ..... **$47.75**
Model SSCP fits the following: Cessna 120,140,150,172 with recessed fuel filler opening .....P/N 05-03668 ..... **$47.75**
Model SSPC fits the following: Piper Series: PA-28-140,PA-28-160,PA-28-180, PA-28-200, PA-32-260, PA-32-300 fitted with the raised metal fuel cap. .....P/N 05-03669 ..... **$47.75**

UNIVERSAL STATIC PORT COVERS

SPC-101

SPC-102

An inexpensive, yet very effective alternative to other covers and plugs. The SPC-101 is designed to fit an aircraft with one static port on each side of the aircraft and the SPC-102 is designed to fit an aircraft with two static port on each side of the aircraft.
Features: • Universal design to fit most aircraft • Lightweight entire assembly weighs less than 1/2 pound • Attaches with heavy duty lever cups designed to lift up to 40 pounds each • No fuselage modification required • Prevents the possibility of any damage to static ports by being and externally mounted cover • Malleable lightgauge red anodized aluminum easily conforms to virtually any surface contour • Adjustable to allow for attaching lever cups on or around decals and pin striping • Installed at temperatures from -20°F to 110°F

SPC-101 .....P/N 13-06723 .....**$143.50**
SPC-102 .....P/N 13-06724 .....**$155.00**

PITOT COVERS

Avoid costly damage to your pitot-static system. Protects from dust, insects, wind and other foreign matter. Will not pressurize pitot-static system.

MODEL 4602 - Fits Piper, Katana, some Rockwell, and late Grumman aircraft.
P/N 13-06395 .....**$9.85**

MODEL 4935 - Bootie Type, all Naugahyde, white boot, red with white printing, 2" x 16". ..... P/N 13-06397 .....**$10.50**

STREAMERS

5811 "OUT OF SERVICE" - 3" x 24". yellow printing on red reinforced vinyl with grommet and ring. 2" securing strap with grommet and velcro.

4604 "REMOVE BEFORE FLIGHT" - 2" x 16". white printing on red reinforced vinyl with grommet and ring.
P/N 13-06396 .....**$4.95**

PITOT TUBE COVER INSTALL TOOL

This tool was developed, in response to fleet owner and FBO requests. They were having experienced difficulty installing Covers onto high wing Pitot Probe locations, e.g., Cessna Caravans, Bush aircraft with Tundra tires, float planes and amphibians. In field trials it was found that this tool is also very useful to install-remove the same Covers onto over-the-nose Pitot Probes, of Very Lite and commercial jet aircraft!
Features: * View-Through cover grippers for easy install * Low mass for control in windy conditions * Ergonomic shape to reach high wing, and most over-the-nose mounted probes * All weather non-slip handle grip ..... P/N 13-06672 .....**$78.50**

NELSON AILER-LOCKS

• 2 Sizes
• 13" RBF streamer
• Locks flaps, ailerons, elevators, or rudder
Ailer-Lock standard (4.25").... P/N 13-02829.... **$16.85**
Ailer-Lock Large (10")..... P/N 13-22705.... **$26.95**

AIRCRAFT WINDLOCK

The Wind-Lock is designed to attach to an aircraft's controls inside the cockpit. The none-ridged mechanism keeps tension on the Elevators, holding them in the full down position. This position also allows moisture to drain from inside the control surface. It also holds the Ailerons in a streamlined position. As the wind gusts, resistance is applied. The harder the wind blows, the more resistance is applied to the controls. When the wind dies down, the Wind-Lock allows the Ailerons to return to their normal position. As the load is reduced, the tensioning mechanism reduces pressure on the control yoke. P/N 05-04044 .....**$72.75**

AMC AIRPLANE CONTROL LOCK

Rather than tying your seat belt to your controls, try AMC's new Airplane Control Lock. This lightweight control lock will stop your control surfaces from moving with the winds and will also prevent damage to your controls such as bending. This new Control Lock is lightweight and easily stored.
Airplane control lock cessna or any aircraft with control spacing of 14"-19" ..... P/N 13-02851 ..... **$77.95**
Mooney..... P/N 13-03164..... **$77.95**
Cessna 210 ..... P/N 13-03165..... **$77.95**
Cessna 206 ..... P/N 13-03166..... **$77.95**
Skymaster..... P/N 13-03167..... **$77.95**

KENNON GUST LOCKS

Locks flaps, ailerons, elevator or rudder securely. Made from special weather resistant, high density, closed cell foam with a nylon eyebolt! Won't scratch.
P/N 07-01329.....**$23.50**

PAD-LOK CONTROL SURFACE LOCK

Like it says, a padded lock. Effectively locks control surfaces while the padding compresses to the proper configuration and protects the surface finish. Padding won't absorb water. Hard-to-miss Dayglo color, plus yarn streamers. Wt. 10 oz.
P/N 13-22700.....**$18.95**

SAF-T-STOP

Saf-T-Stop is an auxiliary seat stop mechanism approved by the FAA for use with Cessna seat track A.D. #87-20-03. Installs easily, sliding over seat track. Approved for: Cessna 150, 152, 172, R172, 175, 180, 182, 185, 190, 205, 206, 207, 210, 303, 337. Not a seat lock, Saf-T-Stop is designed to restrict rearward motion if the seat lock fails. P/N 13-18510..... **$37.85/pr**

AILERON & RUDDER SOFT LOCK

The Aileron & Rudder Soft Lock is made out of a durable foam that will not scratch your paint. Slides in gap between rudder and vertical stab. Keeps rudder from moving while plane is on the ground. Comes with "Remove Before Takeoff" flag. Patent Pending.
P/N 13-11615.....**$25.95**

RANS CONTROL LOCK

RANS has developed a control lock that attaches to most models. The lock consists of a bungee cord, a couple of hooks and cap that slips over the top of the control stick. It installs in seconds and the hooks feature adjusters that allow the bungee tension to be set for a particular model. One nice aspect of the control lock is that it is not hard bolted so if an outside force against the control surfaces occur, the bungees will absorb the load and still prevent the surface from hitting against the stops.
P/N 13-10434.....**$17.85**

PS

AIRCRAFT LOCKS

PROP LOCK CHAIN

The THEX50 is a "T-HEX" maximum security chain 5 ft in length with hardened 10mm hexagon shaped links. Hexagon shaped case hardened trip heat treated super chain. This heavy duty Prop Lock Chain is the perfect way to insure the security of your aircraft, particularly at remote or foreign airports. The hexagon shaped, heat treated heavy duty chain can endure over 10 tons of cutting force, insuring your aircraft against theft. A black nylon cover over the chain protects your aircraft from the chain when in place. The Prop Lock Chain is 5 feet long and weighs 12lbs. P/N 13-05182..... **$46.85**

WHEEL CHOCK LOCK

This innovative aircraft security device clamps to the wheel which prevents theft of the aircraft, while the built-in chock prevents the wheel from rolling forward when parked. The lock and chock are yellow, while the red rubber coated arms protect the finish of the wheel. Fits any type of wheel up to 12" wide. Lifetime warranty. P/N 13-06141..... **$69.95**

YORK GUST-LOK™

The York Gust Loks the ultimate protection for your plane from wind and theft. It locks the control surfaces in a neutral position and prevents damage to control surfaces and tail caused by wind gust loads. It is welded steel, fully adjustable, is lightweight, and features a powder coat finish. The York Gust Lok is compact for easy storage and is quick and easy to use. Wt: 2.2 lbs.

YORK ACCESSORIES

Do not throw away warning flag (included with each Gust-Lok™, but also sold separately) .....P/N 13-00869 ..... **$15.00**

AIRGIZMO UNIVERSAL GUST LOCK

The AirGizmos Gust Locks are designed to quickly lock virtually any control surface securely. Its bright color and integrated flag reminds you to remove before flight. The rubber cushions ensure that your finish will be protected. They are lightweight and portable. Perfect for carrying in the plane wherever you go.

P/N 13-06139.....**$33.75**

AVIATION PROP LOCK

The Prop Club® inhibits flight by creating an out-of-balance condition. Made of tempered steel, The Prop Club® is an anti-theft device that locks securely onto the propeller at the hub via a four-digit combination. The small Prop Club® has a compressed opening range of 4-1/4" to 5-1/2"(wt: 2.4 lbs) and the large Prop Club® has a compressed opening range of 6" to 8"(wt: 2.8 lbs). As long as the Prop Club® can attach to the base of the prop within this range, and the closed dimensions are smaller than the widest part of the prop, The Prop Club® will remain securely attached to the propeller hub. It will not work on props that maintain the same width from base to tip.

Small Prop Club .....P/N 13-03378..... **$183.00**
Large Prop Club .....P/N 13-03379..... **$189.00**

THE ALPHA WHEEL LOCK 2000

The Alpha Lock 2000 adjusts to virtually any wheel size in seconds and completely immobilizes the aircraft or vehicle wheel from rotating or turning. The lock is pick and drill resistant and cannot be frozen with freon. Soft, coated arms will not mar or scratch wheels and rims. Furnished in bright red color to warn thieves, weather resistant, and carries a 2-year warranty. Excellent for locking aircraft, autos, trucks, trailers, boat trailers, motorcycles, RV's, etc. Locks anything on wheels! Wt: 8 lbs.

P/N 13-00436 ..... **$98.95**

THE PLANE LOCK

For Cessna C-172-210s, except for the C-177. Prevents the wind from popping your doors open and provides an added measure of security against break-ins. No tools or STC required. From outside the aircraft, the pilots door is locked by reaching through the window (prior to closing it) and pushing down the door safety handle. Then, slip the Plane Lock over the window sill and lock the window shut. P/N 13-03386 ..... **$98.95**

AIRCRAFT THROTTLE LOCK

Protect your aircraft from theft! This throttle lock is recommended by the International Aviation Theft Bureau, Avemco Insurance Co., AOPA and other insurance companies. Available for vernier or non-vernier throttle.

Vernier Lock.....P/N 13-08000 ..... **$86.75**
Non-Vernier Lock....P/N 13-08100 ..... **$86.75**

SKYLOK

Skylock is an inexpensive throttle lock for aircraft with Cessna type push-pull throttles. The device will accept shafts up to .375" diameter, and is made of heavy-gauge cadmium plated steel. Skylock affords great peace of mind to aircraft owners at very little cost. Just put in place after every flight, secure with your own favorite padlock, and your throttle cannot be moved! Simple, but it works. P/N 13-18500 ..... **$13.95**

ANTI-THEFT LOCK FOR BONANZAS

Built for those incomparable Beechcraft. All have FAA STC/PMA as applicable. The rugged, locksmith quality key lock combines forces with hardened steel pins embedded in the lock body that roll to defeat cutting. Bright red color, easy to use, installs in just seconds. Patent Pending.

P/N 05-03435 .....**$279.00**

PS

CONTROL LOCKS – SURVIVAL GEAR

LIGHT SPORT CONTROL LOCKS

These control lock is easy to install and positively locks the ailerons and elevator of the aircraft models listed below.
Gust lock is manufactured using 6061T3 aluminum.
The control stick clamping portion has a protective sleeve to prevent damage to special control handles.
The latching mechanism is tow locking buttons that cannot come loose until released by the pilot which insures the owners that their ailerons and elevators are safe from wind damage.
The control lock is red anodized with a "Remove Before Flight" decal, and each unit comes complete with instructions in a 4" x 4" x 12" box.
Only weighs 3 1/2 ounces.

B.A.S.E.™ SURVIVAL KIT

This amazingly light kit weighs just 2.4 oz. The water-tight aLokSak® will keep everything extra dry to 200 ft. under the water and is strong enough to be used many times over.
Sparkie™ FireStarter: This lightweight emergency fire starter boasts one-handed operation! It generates intensely hot sparks and works in any weather. Sparkie™ weighs only 0.8 of an ounce.
WetFire™ Tinder (2 cubes): You will love this amazing fire starting tinder is non-toxic, odorless, smokeless, and you can start a fire even in the driving rain. In fact, WetFire™ tinder actually burns longer when its WET! A small pile of tinder shavings is all you need to start a roaring fire.
StarFlash® Signal Mirror: This signal mirror is unbreakable, can be aimed precisely, floats and can signal for communications up to 100 miles away. You can use it hiking, camping, or backpacking to apply first aid or camouflage. StarFlash® was chosen as the premier signal mirror of the U.S. Air Force and other government agencies 10 years ago.
JetScream™ Whistle: This whistle is one of the loudest in the world, any louder and it would cause physical pain, literally. You can hear JetScream's™ amazing 122Db ear-piercing shriek, above most natural or man-made noises. It is equivalent to the sound of a rock concert or a jet at take off. You can use JetScream™ in the city or woods for communication and personal protection.
aLOKSAK Waterproof Storage Bag: This lightweight bag is waterproof to 200 feet!
Kit Includes: 1 Orange Sparkie™ Fire Starter, 2 WetFire™ Tinder Cubes, 1 StarFlash® Signal Mirror, 1 Orange JetScream™ Whistle, Clear plastic flexible aLokSak® pouch (watertight to 200 ft.)
Specifications: Dimensions: 6 1/2" x 3 7/8" x 1 5/8" (16.5 x 9.8 x 4.1 cm) Weight: 2.4 oz. (168g). P/N 11-10515.....**$26.75**

ION FLASHLIGHT FIRESTARTER™

During outdoor adventures, flights over remote areas, or in any emergency survival situation, there are two pieces of equipment that you never want to be without, a flashlight and a firestarter. Solo Scientific combined the two into one lightweight, compact, powerhouse of a product called the ion Flashlight Firestarter™!
The ion Flashlight Firestarter™ is a flashlight, a firestarter, a magnetic tool, has a safety mechanism, is knurled for grip, water proof, shock resistant, and can even be used to cauterize wounds in the field (by qualified medical personnel only).
The energy efficient ion Flashlight Firestarter™ will work in any environment that will support life and uses a super bright (but energy efficient) white LED for illumination. P/N 13-11695.....**$118.75**

WATERPROOF NOTEBOOK

Durable waterproof, tear-proof notebook with handy survival essentials checklist on back cover. Great for keeping logs in wet environments and pocket-sized to fit anywhere. Pencil included.
Specifications: 50 page count, Dimensions: 3" x 5", Weight: 2.6 oz.
P/N 11-10522.....**$3.95**

PILOT CHEWS - ENERGY FOR PILOTS

THE FUEL FOR PILOTS : Your aircraft burns premium fuel so it can operate at peak performance. Why shouldn't you? Pilot Chews have been designed to give you more energy, increase your alertness, give you faster reflexes, improve your memory and cognition, maximize your night vision, help transport that much needed oxygen to your blood cells, help prevent motion sickness and help prevent the negative effects of being at higher altitudes including headaches and dizziness.
Pilot Chews 20 Flights.....P/N 13-11488.....**$29.95**
Pilot Chews Single Flight .....P/N 13-11635.....**$2.75**

FIRE EXTINGUISHERS – RESCUE EQUIPMENT

H3R AVIATION FIRE EXTINGUISHERS

The FAA recommends and/or requires Halon fire extinguishers on aircraft. H3Rs Halon fire extinguishers are the extinguishers of choice in the aviation industry. They cause no mess or damage, and do not require taking a plane out of service for clean-up; a costly process for both the aircraft owner and insurance carrier. The heat-seeking quality of the Halon gas makes it a superior fire fighting agent.

DISPOSABLE, LOW-MAINTENANCE HALON 1211-1301 BLEND - Contain a proprietary blend of the "liquid streaming agent," Halon 1211, and the gaseous "total flooding agent," Halon 1301. The blend's power lies in the Halon 1301, which is both a firefighting agent and a propellant. Low maintenance and non-rechargeable. Lightweight aluminum canister Disposable. Tested to ANSI/UL 711 and UL 1093. Meets DOT requirements Meets the requirements in Advisory Circular 20-42C , "Hand Held Extinguishers for Aircraft" and/or NFPA 408, "Standard for Aircraft Hand Portable Fire Extinguishers" 12-year shelf life. Fire extinguishers include a mounting bracket.

RECHARGEABLE, STURDY INDUSTRY-STANDARD HALON 1211 - Required on commercial transport aircraft. Although classified a "liquid streaming agent," Halon 1211 also performs remarkably well as a "total flooding agent," seeking out and extinguishing fires in inaccessible places. A 6-year maintenance and 12-year hydrostatic test are required.Rugged steel cylinder. Pressure gauge enables easy confirmation of charge. Tested to ANSI/UL 711 and UL 1093. Meets DOT requirements. Meets the requirements in Advisory Circular 20-42C , "Hand Held Extinguishers for Aircraft" and/or NFPA 408, "Standard for Aircraft Hand Portable Fire Extinguishers". Fire extinguishers include a mounting bracket or a wall hook.

RECHARGEABLE, DURABLE EPA-APPROVED HALOTRON 1™

While it is less powerful pound for pound than Halon 1211, Halotron 1 offers all of Halon 1211's clean agent benefits, and Halotron 1 is less damaging to the ozone layer. H3R Aviation offers two Halotron 1 fire extinguishers: one FAA-approved unit for aircraft use and one wheeled unit for the flight line/ramp. These rechargeable extinguishers have pressure gauges and require a 6-year maintenance and a 12-year hydrostatic test.P/N 13-02562 .... **$6,800.00**

FIREFLY PLUS FLASHLIGHT/STROBE

The Firefly Plus is a flashlight/emergency locator strobe which is visible for over one mile. The operating life of the strobe is 10 hours, and 2 hours for the flashlight (continuous). Firefly Plus operates on 2 AA batteries (not included) and made of durable ABS plastic. Waterproof & weighs 4 oz. Size: 2" dia. x 5-3/8"h. Excellent addition to any aircraft or home emergency kit.
P/N 13-54050 **$38.25**

C-STROBE LIGHT

The C-Strobe Light is a life preserver signaling emergency strobe which attaches to a life jacket or life vest with a steel pin or Velcro straps. The omni-directional strobe light is visible up to 2 miles. C-Strobe features a slim, lightweight, waterproof case and operates more than 8 hrs (continuous). Operates on 2 AA alkaline batteries (not included).
P/N 13-54020.....**$28.50**

MINI B 300 PERSONAL RESCUE TRANSMITTER

• In-line speaker emits audio warble to confirm activation and transmission of distress signal or to notify of accidental activation • Exclusive ACR audio indication of transmission allows effective self-test • User-replaceable battery; unit uses inexpensive, easy-to-obtain common lithium camera battery, Duracell DL223A (or equivalent) •Frequency stability exceeds ETS 300 152 standard; meets rules for satellite detection • Perfect for use as Crew-Overboard system when combined with Vecta2™ Direction Finder • Floats if dropped overboard • 121.5 MHz (SAR frequency) provides rescue forces with pinpoint homing • Antenna maximizes peak effective radiating power when fully extended. Compact size with antenna folded; durable double-braided antenna resists distortion when packed for extended periods • LED indicator confirms transmission • Battery installation instructions included Operating life: 24 hours @ -20°C (-4°F) P/N 13-02416.....**$209.95**

RESCUE LASER FLARE MAGNUM™

Ahand-held nighttime laser signaling device that provides a convenient, effective way to signal a rescue party up to 20 miles (32 km) away, depending on atmospheric conditions. It's ease of operation, long life and waterproof design makes it the perfect survival signaling device. Unlike conventional pyrotechnic flares, the Rescue Laser Flare™ is non-flammable, non-hazardous and can operate continuously for 72 hours on two replaceable AA batteries.
72 Hour ..... P/N 13-01924.....**$79.95**

EMERGENCY STROBE

• Waterproof • USCG approved • Operates up to 60 hours
• Uses D battery • Red lens available
Strobe .....P/N 13-02811 ..... **$24.75**
Mounting Tri-pod .....P/N 13-14016 ..... **$65.00**

ACTIVE EXTINGUISHING LINE

Active Extinguishing Line is totally independent, 1kg, fire extinguishing system from any power source. Its main secret lies in the heat detector in a form of a line made out of special laser predriller polymer, shich will react instantly to any source of heat or fire. This line (heat detector) is connected to reservoir containing fire-extinguishing agent: hexafluoropropane FE-36. Inside of the protected device (equipment) a loop made out of the heat detector breaks, creating a mini sprinkler, directly over source of fire or heat, extinguishing it instantly. In a moment of activation the system closed circuit switch collapsses sending a signal informing of fire. For experimental aircraft only. Ask for status of pending STCs.....P/N 13-03266 ..... **$698.00**

PS

SMOKE HOODS - LIFE VESTS

PARAT C EMERGENCY SMOKE HOOD

The PARAT C is a lightweight, portable easy to don smoke escape hood designed for selfrescue in the event of a fire. The PARAT C protects the wearer for a minimum of 15 minutes from smoke, carbon monoxide and toxic gases normally present during a fire. It is ideal as a personal escape device which can be used in emergency situations occurring in homes, office or apartment buildings, schools, hospitals, plant facilities and hotels. ***FEATURES***:Hood made from flame-retardant, selfextinguishing PVC material. Bright orange hood with high visibility and excellent reflective properties. One universal size. Can be worn with glasses, long hair and beards. Large visor treated with anti-misting agent provides wide range of vision for quick escape. Elastic collar makes hood easy to don and adjust. Comfortable, soft, inner mask allows wearer to breath normally through nose or mouth, Perfect for frequent travelers.

Parat C Smoke Hood ..... P/N 13-04232..... **$169.95**
Parat C Wall Holder ..... P/N 13-06642..... **$20.75**

PROVITA SMOKE HOOD

The Provita Smoke Hood provides 20 vital minutes of life-saving evacuation time. It is proven to protect from smoke and 98% of toxins created by fire, including: Chlorine, Ammonia, Acrolein, Hydrogen Chloride, and Hydrogen Sulfide. Lightweight and compact. One size fits all. Smoke hood easily comes out of its 8" x 6" x 1" vacuum sealed bag - ready for use in seconds. There is no front or back which allows the smoke hood to be put on quickly for panic situations. The rubber seal easily slips over your head and seals - not allowing any smoke through. The smoke hood provides 360 degree vision and 20 vital minutes to escape a smoke-filled room.

P/N 13-11343..... **$189.00**

EAM TWIN CELL CREW LIFE VEST

This twin-cell vest comes with 35 lbs.of buoyancy for adults of all sizes. This model is designed with back panels and has received approvals from countries around the globe. Comes with water-activated light, like all EAM life vests. 5 years frequency of inspection

P/N 12-02573..... **$79.50**

TWIN CELL LIFE PASSENGER VEST

This twin-cell, single attachment, single adjustment vest has become the industry standard. 5 year frequency of inspection. TSO-C13e Approved. Inflated Buoyancy: 35 lbs. minimum. Temperature: Functional Range: -40 to 140°F (-40 to 60°C),Storage Range: 0 to 120°F (-17.8 to 48.9°C) Humidity: Functional Range: Up to 95% Relative Humidity, Storage Range: Up to 70% Relative Humidity Altitude: -2000 to 45,000 feet above sea level CO2 Gas Charge: 2 x 0.035 lbs. (2 x 16 grams). Frequency of Inspection: Every 60 months

P/N 12-06909..... **$78.75**

EAM XF-35 LIFE VEST

Only 1.13 lbs. (513 grams). The XF-35 offers significant fuel savings to operators wishing to stay with the added security of a twin-cell vest. 5 year frequency of inspection standard. REVERE AERO ELITE LIFE RAFTS

Look no further. The Revere Aero Elite has every bell and whistle possible and is the lightest weight raft in its class starting at just 45 lbs! The Aero Elite offers both crew and passengers easy usage when facing the stress of a life threatening situation as opposed to other liferafts that can be difficult to lift and transport at the time of need. Vertical bulkheads inside divide the tube into two independent air-holding compartments. If one compartment is punctured, the other keeps you afloat.

The Aero Elite includes one large oversized tube 13" round as well as an automatically inflated canopy. Offering a spacious 4 square feet per person, the Aero Elite also includes a heavy duty boarding ladder for entry assistance. The Aero Elite also includes an inflatable floor, stowage pockets, zippered windows, flashing strobe, extra large ballast pockets, an extensive equipment pack including USCG/SOLAS flares plus much more. A training DVD comes with the raft to help you and your crew prepare for use in an emergency situation. The Aero Elite is vacuum-packed to add greater protection against the environment and minimize servicing costs as service is required just once every three years. If serviced according to manufacturer's specs, the Aero Elite offers a 12 year warranty. Equipment Pack Contains: 2 Red Hand Flares - USCG/SOLAS, Bailer, Signal Mirror, Paddles, Repair Kit, Seasick Tablets, Water Tight Flashlight, Extra Flashlight Batteries, Whistle, Sponges, Floating Knife Aero Elite Liferaft Data Sheet. Features: Highest quality, lightest weight coastal liferaft available today. Large, oversized tube 13 inches in diameter. Spacious 4 square feet per person interior Automatically Inflating Canopy. Heavy duty boarding ladder. Insulated Inflatable Floor. Stowage Pockets. Zippered Windows Flashing Strobe Extra Large Ballast pockets for stabilization in rough seas Extensive Equipment Pack including USCG/SOLAS pyrotechnics. CLOSED CELL NEOPRENE HOOD

BREATHABLE CONSTANT WEAR AVIATION COVERALL

The MA7348 Closed Cell Neoprene Hood offers increased protection against the elements when worn with Mustang Survival anti-exposure gear. Designed for easy integration with the MSD900, MSD901, MSD585, MAC200 and MAC300, the hood provides exceptional head and neck insulation and includes a lanyard to tether hood to suit, an adjustable mouth guard for protection from spray and a velcro attachment point for an emergency light. Sizes: N/A or Universal Colors: RED

P/N 13-06380 ..... **$58.00**

WORK SUITS

CONSTANT WEAR AVIATION COVERALL - The MAC10 is a close fitting, anti-exposure suit for pilots and passengers flying over marine environments. Designed to replace multiple garments used to protect aircrew from individual operational hazards, the integrated three layer suit offers protection from fire and its radiant heat, cold exposure, cold water immersion and drowning. A durable, flame resistant Nomex® anti-static outer layer provides protection for the inherently buoyant, thermal protective wetsuit. An inner layer of Nomex® provides further fire protection and comfort. Even after being significantly marred by fire or puncture, the suit maintains its flotation and hypothermia protection. Rugged leather abrasion panels are integrated into the knees and seat offering protection from petroleum, fuel oils and soiling. Multiple pockets provide storage for notepads, pens and survival equipment. An insulated thermal protective hood, stored in the right leg pocket, minimizes heat loss and provides additional fire protection for the head.
The MSF300 comes ready to wear with included universally sized dry socks, trim to fit wrist seals and CCS™ adjustable neck seal.
Sizes: 13, 10, 7, 4, 1, 15, 12, 9, 6, 3, 14, 11, 8, 5, 2, 12A, 9A
Colors: ORANGE, ROYAL BLUE, SAGE GREEN

P/N 13-06378 ..... **$895.00**

BREATHABLE CONSTANT WEAR AVIATION COVERALL - The MAC100 is a breathable flight coverall that provides anti-exposure protection without sacrificing comfort during prolonged missions. Engineered for maximum mobility during marine aircraft operations, this three layer integrated suit provides protection against fire, radiant hear, cold weather, cold-water immersion and drowning. The breathable foam liner features a moisture permeable membrane that allows excess moisture to escape while providing a thermal barrier against the dangers of outside elements. Durable, flame-resistant Nomex aramid, anti-static fabric provides external protection for the inherently buoyant, flame resistant, thermally protective, integral wetsuit. Even after being significantly marred by fire or puncture, the suit maintains its flotation and hypothermia protection. Rugged leather abrasion panels are integrated into the knees and seat offering protection from petroleum, fuel oils and soiling. Multiple pockets provide storage for notepads, pens and survival equipment. An insulated thermal protective hood and inflatable mitts are stored in the ankle pockets. Sizes: 7, 6, 5, 4, 15, 14, 13, 12A, 12, 11, 10, 9A, 9, 8, 3, 2, 1 Colors: ORANGE, ROYAL BLUE, SAGE GREEN

P/N 13-06377 ..... **$1,195.00**

AVIATION DRY SUIT

CONSTANT WEAR AVIATION DRY SUIT SYSTEM (2 LAYER)

The MSF300 is a two-layer Aircrew Dry Suit that combines the performance of the 3 layer MAC300 into two layers allowing greater mobility with reduced bulk and lower thermal burden. The outer shell uses a blended GORE-TEX ®/NOMEX® fabric that is waterproof, breathable, flame-retardant and anti-static. High-wear areas are strategically reinforced to enhance the suit's durability and prevent abrasion damage that could compromise the suit's integrity. The breathable thermal liner provides both insulation and emergency flotation and features Mustang's aerated closed-cell foam quilted with a wicking fabric that pulls excess moisture away from the body. An adjustable neck seal using Mustang's patented Closed Comfort System (CCS™) can be worn loose to provide comfort out of the water and can quickly be drawn tight to keep the water out and trim to fit neoprene wrist seals provide watertight integrity. The thermal liner can be easily removed from the outer shell to reduce thermal protection where not operationally required. An ergonomically designed rear entry allows for self donning and doffing. Integral pockets are designed for a variety of uses and facilitate access even when wearing a survival vest over the suit. The MSF300 comes ready to wear with included universally sized dry socks, trim to fit wrist seals and CCS™ adjustable neck seal. Sizes: XXL, XXXL, M, S, SX, L, XL Colors: ORANGE, SAGE GREEN

FLIGHT SUIT XFIRE

Those who fly, service aircraft, carry out tactical assignments, or search for victims and survivors all encounter risks in the performance of their duties. These easy to wear 27-P flight suits simply slip on over street clothes, zip up the front and they're ready to go. They combine high comfort with field tested and laboratory certified protection. Made from INTERLOCK, a fire resistant Nomex blend, provides an extra measure of assurance that you'll complete your mission safely time after time - and sets a new standard in comfort and safety. The new XFIRE Interlock fabric meets or exceeds the requirements of NFPA 2112-2007 standards on flame resistant garments for protection of industrial personnel against flash fires.

The suit is fashioned after the US military CWU27-P flight suit and comes with the standard design features you've become familiar with such as a bi-swing back, reinforced shoulders, vertical zipper pocket with bellowed pen/pencil stalls on flap with hook & loop closure, 2 large upper chest pockets, ook & loop waist adjustments, name tape on above chest pocket, double pull full length front zipper with inside protective flap, safety knife pocket, 2 cargo pockets with covered zipper opening, extra large calf pocket with covered zipper opening, zipper expansion opening with curtain at cuff, double needle felled joining seams and more!

MOTION EAZE

Motion Eaze is the most effective motion sickness treatment on the market today. Whether you want to prevent occasional motion sickness or relieve its symptoms, after the fact, Motion Eaze does the job. No matter, if it's sea sickness, car sickness, air sickness or any activity where motion sickness poses a problem, Motion Eaze really works. Contains no drugs, artificial additives, or stimulants of any kind. Only the freshest, highest quality, natural oils are used in its production. Motion Eaze is an oil that is applied to, and absorbed through, the skin, just behind the ear. Relief arrives in minutes and lasts for hours. It's perfect for children that have trouble taking pills. Motion Eaze is safe, having no known side effects. P/N 13-02732 .....**$15.95**

ACUPRESSURE WRIST BAND

Fast, effective motion sickness control without drugs, drowsiness, or other side effects. Can be used by adults or children. Exerts a carefully-controlled pressure on acupressure point of both wrists. Takes 2 to 5 minutes to become effective. Used successfully by physicians & the military.. P/N 9411 .....**$8.75/pr**

SIC-SAC™

Use these for air sickness emergencies. Moisture proof and tear resistant even under extreme temperature changes. 10 sacks, individually packaged, each with attached tie band. Pack of 10 P/N 9296.....**$4.95**

OZIUM AIR SANITIZER / FRESHENER

Eliminates smoke and offensive malodors caused by airborne bacteria. OZIUM is a product that sanitizes the air you breathe. It is clinically proven to eliminate odors, unlike current products that just mask odors. OZIUM combats airborne contaminants and eliminates odors with glycol-ized action…dispensing micron sized particles that linger in the air, attach to airborne bacteria and malodors to drastically reduce air pollution, purify and sanitize the air. P/N 14-00061 ....**$7.95**

PUMA METHOD FOR PREVENTION OF MOTION SICKNESS

The Puma Method is a series of simple conditioning exercises, taught on VHS or interactive DVD, that effectively prevents the nausea, vomiting, lightheadedness and other unpleasant symptoms experienced by over 50% of the population while traveling. Sam C. Puma MD, president of Puma Applied Science and former Air Force Flight Surgeon at NASA, developed these revolutionary new exercises to totally eliminate carsickness, seasickness, airsickness, and even spacesickness. The Puma Method is unique in that it uses the body's own mechanism to actually master motion sickness, so there is never a need for drugs, devices or herbs. This means no unexpected or unpleasant side effects. The mild head, neck and upper body exercises take only about 15 minutes a day to do. DVD ..... P/N 13-03675.....**$42.50**
VHS..... P/N 13-03676.....**$42.95**

QUEASE EASE MOTION SICKNESS RELIEF

QueaseEASE contains 100% pure and natural therapeutic grade essential oils formulated to relieve the queasiness associated with post-operative recovery, chemotherapy, morning sickness and motion sickness. (spearmint, peppermint, ginger and lavender) Works by simple olfaction: The molecules from the oils travel the olfactory track to the central nervous system where they interrupt the nausea cycle. Inhalation can be repeated as often as necessary. Immediately effective and safe for all ages. product will not interact with drugs P/N 13-07194.....**$14.99**

ACR FLOATING SURVIVAL BAG

Holds all the equipment needed to abandon ship in an emergency. Floats; buoyant closed cell foam construction. East-fit attachment for locator light (light not included). Internal pockets and elastic daisy chain organizer. Customize with survival equipment for your sailing/boating conditions. Record equipment inventory on external, waterproof card for quick reference. Durable, self-repairing zipper Shoulder strap functions as tether, leaving hands free in an emergency. P/N 13-07067 .....**$94.50**

ACR SIGNAL MIRROR

Sighted signaling mirror with float and whistle. Designed to provide optimum sighting "spot" with holographic red dot viewing window. When target image, mirror & sun are in proper alignment, red dot on target ensures mirror reflection is on target. Telescope quality second surface reflective mirror is bright, provides focused image. Buoyant float for easy recovery if dropped overboard. Patented whistle (meets USCG) for audible alerting in low visibility conditions. Signal Mirror has lanyard for securing to person or liferaft. Size: 4.25x2.75x0.19 in. (10.8x7x0.5cm); Wt: 1.8 oz (51 g) P/N 13-03177 ..... **$12.50**

SURVIVAL BLANKET

Often called the "space blanket." NASA thought of everything when they came up with this metal-coated nylon design. Waterproof and windproof, it retains 80% of body heat, it's colored to be seen from more than 4 miles away (although it measures just 4' x 7'), it's radar-reflective, and it folds down into a water-proof pouch 8.5"x9"; wt:10 oz. P/N 9145.....**$27.85**

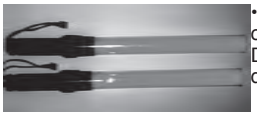
SPACE EMERGENCY BLANKETS

This "two ounces of protection that fits in the palm of your hand" is about the size of a deck of cards when folded, but opens into a 56" (142cm) by 84" (214cm) tough and durable thermal reflective blanket. The Space Emergency Blanket has helped save countless lives, by providing needed personal protection from the harsh elements of Mother Nature. Available in orange on one side and silver on the other, a combination providing greater air-to-ground visibility, particularly against a snow or water background. P/N 13-06933 .....**$3.95**

TRAFFIC WAND

This lighted traffic directing wand comes with 6 colored lense discs that change the color glow of the white tapered top. Features: GSA compliant for US military use • Made in the USA of sturdy gray plastic • O-ring sealed for waterproof operation in rainy weather • Lenses (2-red, 1 ea. amber, white, blue, & green), as well as a spare light bulb are conveniently stored in the end cap. P/N 14-00902..... **$18.50**

LIGHTED LINEMAN WANDS



• Used by US Air force • Up to 400 hours operation • 17" long • Waterproof •Uses 2 D batteries (not incl.) • Fluorescent coated diffuser enhances red light output.
P/N 13-08959..... **$29.75**

AIRCRAFT EMERGENCY SURVIVAL KIT

This is an ideal emergency support kit for plane, boat, home, office or school. This kit will sustain a person for 3 days. Includes: 2400 calories of ready-to-eat US Coast Guard approved food, sterile Coast Guard approved water, a lightweight (54' x 48") durable, waterproof blanket, & assorted first aid supplies, matches etc.
P/N 9641 ..... **$29.60**

3M™ ULTRATHON INSECT REPELLANT

Unique, time-release technology allows you to enjoy the outdoors longer. Provides lasting protection — up to eight hours against mosquitoes, gnats, chiggers, biting flies and ticks. Helps reduce the risk of contracting West Nile Virus and Lyme Disease.
2 oz. Lotion..... P/N 09-01723..... **$6.95**
6 oz. Aerosol ..... P/N 09-01724..... **$5.75**

SURVIVAL KITS – FIRST AID KITS

CANADIAN-ALASKAN SURVIVOR PAK

Originally designed for pilots flying within Alaskan and Canadian airspace, the CA-20 offers protection against harsh climates in the event of an emergency. It contains over 150 medical and general supply items to help sustain two people for up to 14 days. The space saving design combined with its ample supply of food and water makes the CA-20 a popular choice on board fixed wing, rotor craft, and corporate jets. It's also used extensively by Search & Rescue units! P/N 13-03596.....**$387.95**

EMERGENCY SURVIVAL KIT

Specially designed by a focus group, the ESK-02 makes it easy to be prepared for life's little surprises. Each kit contains over 40 medical and general supply items including a guidebook that offers survival tips and basic information. Designed to support one person for up to three days, the ESK-02 carries a five-year shelf life on food and water. Its affordable price makes it a great choice as a premium/incentive item, corporate gift, or employee award.

P/N 13-03606.....**$32.85**

THE TRAVELER KIT

The Traveler Kit - Personal Care Package is appreciated by everyone from busy executives to sports enthusiasts. It's the perfect addition to any car as the "other spare" to have on hand for life's unexpected moments. Designed to support one person for up to three days, it contains over 50 support items in a custom nylon carrying bag with reinforced straps. "The Traveler" is ready to go anywhere P/N 13-03607.....**$54.00**

2-PERSON EMERGENCY SURVIVAL KIT

This deluxe 2 PERSON EMERGENCY SURVIVOR KIT could mean the difference between disaster and survival in an emergency situation. It contains a complete 3-day supply of food, water, medical & other emergency supplies for 2 people.

Over 60 Emergency Items! • Emergency Drinking Water Metallic Sachets • 2400 Calorie Emergency Food Rations • Instant Cold Pack • Medical Kit • Disposable Flashlights • Thermal Blankets • AM/FM Portable Radio w/ Batteries • The Wallace Emergency Guidebook P/N 13-03608.....**$69.95**

EMERGENCY BLANKET

This Emergency Blanket (52" x 82.5", 1.5 oz.) provides personal protection from rain, wind, heat, and cold. It's manufactured from extremely lightweight, flexible, space-age material, and retains up to 90% body heat in cold weather. It even deflects heat in hot climates and can be used to offset hypothermic reactions. The Emergency Blanket is waterproof, reusable, and portable. It's perfect for camping trips and sporting events in addition to emergencies. Keep several on hand for the unexpected!

P/N 13-03604.....**$2.95**

SNOW BROOM

The SNO BRuM offers pilots a way to quickly sweep snow off aircraft wings and away from the user. Great for high wing aircraft. The durable molded polyethylene foam head has been lab-tested for non-abrasiveness, freeze resistance, center load stress and durability to achieve the highest ratings in all tests. The oversized head (6" x 17") is the largest snow remover available. The high-impact plastic face plate is recessed into the foam to prevent contact with the aircraft. The aluminum telescoping handle has special cold resistant nylon threads and extends from 27" to 46". Also great for cars, trucks, SUV's, and awnings. P/N13-04055..... **$19.65**

FIRST AID 'N TRAVEL KIT

Finally—a compact, complete travel unit for the person on the go! This kit fits perfectly in a purse, briefcase, or glove compartment, and is ready when you need it in first aid situations. This kit is very special because it's the only one of its kind to include a 4 oz. sterile water packet with a five-year shelf life. Ask us about using this kit for fundraisers or corporate promotions! We can customize the kit to include your company's logo.

P/N 13-03605.....**$8.50**

COCOON SLEEPING BAG

The All Weather Pocket Size Sleeping Bag The Cocoon Sleeping Bag (84" x 36") provides personal protection from rain, wind, heat, and cold. It's manufactured from extremely lightweight, flexible, space-age material, and retains up to 90% body heat in cold weather. It even deflects heat in hot climates and can be used to offset hypothermic reactions. The Cocoon is waterproof,reusable, and portable. Keep several on hand for the unexpected!. P/N 13-03603.....**$3.65**

EMERGENCY FOOD RATIONS

MAINSTAY™ FOOD PACKAGE - Mainstay™ has emerged as a food product unlike any other. Before it came into the picture, emergency food bars were only being made for short-term use. Survivor Industries changed all that when it created a great-tasting, non-thirst provoking product with an extraordinary five-year shelf life. Mainstay™ is specially formulated for land-based high stress situations. Each package contains 9 pre-measured 400 calorie meals, which allows a person to get their full nutrition in a challenging situation. Mainstay™ is Kosher and it meets the dictates for Halal.

Mainstay™ 3600 ..... P/N 13-03599 .....**$6.95**
Mainstay™ 2400..... P/N 13-03601.....**$5.25**
Mainstay™ 1200..... P/N 13-03602.....**$4.75**

EMERGENCY WATER PACKETS

Mainstay™ Water Packets - All water is not created equal! Here at Survivor Industries we have spent years perfecting our Mainstay™ Water Packets. The final result is a portable product with a 5-year shelf life. Other Key Benefits: • U.S. Coast Guard approved • No Oxygen Transfer (In other words, no chance of bacterial contamination) • Pre-Measured Packets make the water easy to dispense, and potential for loss is minimized. If a packet is destroyed, only 4.224 ounces (125 ml) would be lost. • Easy to Transport - just 18 lbs. (8.17 kg) per case of 60 packets. • No special storage required - it can withstand temperatures from (-40°F to 210°F) (-40°C to 99°C) •Very Low Cost. • No Cups Needed!

P/N 13-03598.....**$15.50**

THE WALLACE GUIDEBOOK

For Emergency Care & Survival - When you're faced with a disaster, you can often face physical and psychological strain. It's often hard to remember what to do in an emergency situation, and this is exactly why we've written the Wallace Guidebook. This book is specifically designed to present the basics of survival in an extremely easy-to-understand manner. This book discusses the following topics, plus many more: Choking, Heart Attack, CPR, Shock, Burns, Emotional Trauma, Bleeding, Fainting, Wounds, Broken Bones, Fractured Bones, Back Injury, Childbirth, Auto Breakdown, Temperature Extremes, and the 1st and 2nd Rules of Survival. It's not fun to be in one of these situations, but having a book like this nearby gives you a better chance of a happy ending. P/N 13-03597.....**$4.65**

CANOPY BREAKER TOOL

The Piranha Canopy Breaker Tool is a robust device with a sharp edge on one end. The tool is secured inside the aircraft cockpit to a frame member or seat frame, within easy reach of the pilot. A plastic cover is over the blade end for tactile and visual identification and protects the pilot from the blade end. In an emergency situation the pilot locates the Canopy Breaker Tool, removes the safety pin / lanyard which secures the tool to the aircraft and the red cap. The pilot firmly grasps the tool with one hand and places the other hand underneath the tool, then positions the blade parallel to the canopy side frame, near the frame and uses very strong upward thrusts aiming one of the blade points at the Plexiglas. The unit is made from industrial strength aluminum, weights 10 oz and the lanyard has a 35# break strength. P/N 12-02269.....**$39.75**

PS

SURVIVAL KITS

Crashkit Personal and Professional Flight Line Series aviation survival kits are quickly becoming an industry leader in top quality aviation survival kits. Numerous kits are available to suit you piloting and survival needs.

CRASHKIT ALPHA SURVIVAL KIT

The "Alpha' personal aviation survival kit is designed for the pilot with general knowledge of survival techniques. This kit should only be purchased by experienced and skilled individuals. This kit includes 24 of the most essential items packed into the smallest kit practical. Weighing in at only 1.54lbs, the general kit is small enough to fit in any flight bag, purse, glove compartment, map pouch or cargo pocket.

Every item included in this kit has been thoroughly tested and approved to insure it performs flawlessly when needed (we've even sharpened the knife!) and meets or exceeds Transport Canada's Canadian Aviation Regulations to facilitate survival and rescue. Dimensions : 6.37" x 4.75" x 2.12"(16.9 x 12.06 x 5.4 cm) Weight : 1.54 lbs Contents : 24 items covering food, fire, water, shelter, and first aid Case : Pelican 1020 case - yellow - tough, watertight, polycarbonate case Optional Acc's : Parachute deployment system; Warranty : Lifetime

P/N 13-04684 .....**$149.95**

CRASHKIT BRAVO SURVIVAL KIT

The 'Bravo' Personal Aviation Kit is designed for you. The Bravo Crashkit is small and compact, and includes 76 of the most essential items needed to survive. Kit includes basic first aid, light, fire, signal, shelter and methods for providing clean water and food procurement.

The kit is slightly thicker than the Crashkit 'Alpha', but still small enough to be carried easily in small flight bags, jacket pocket, glove compartment, map pouch or cargo pants pocket. Crashkit 'Bravo' weighs in a 1.6 Kilos or 3.52lbs.

While water resistant, crushproof and relatively small, this kit still exceeds all Transport Canada requirements for aviation survival. And with every item tried and tested to ensure it will work flawlessly for you when you need it most, you can count on the tools you need, when you need them. P/N 13-04685 .....**$239.95**

CRASHKIT CHARLIE SURVIVAL KIT

Including 71 of the most essential items, this kit is extensive in its coverage of necessary tools and supplies. Packaged in a Pelican 1120 case, 'Charlie' is still compact and lightweight enough for easy transport and storage. Every item in this kit has been thoroughly tested and approved to ensure it performs flawlessly when needed, as well as to ensure the ease of use for each individual piece. This kit meets or exceeds Transport Canada's Canadian Aviation Regulations to facilitate survival and rescue. This kit now contains Aquatabs Water Purification and The Spark-Lite Flint and Tinder Kit. Each package of Mainstay Food Rations contains premeasured 400 calorie individualized portions,non-thirst provoking lemon flavor daily meals, and suitable from -40F to 300F and ready to eat. The tasty bars contain no cholesterol or tropical oils. Meets all guidelines set by the Department of Defense(SOLAS 74/83). Exceeds the RDA requirements. In an emergency situation, ration to one portion per day or less. Dimensions : 20.6 x 16.7 x 9 cm (8.12" x 6.56" x 3.56") Weight : 1.85 kg (4.07 lbs) P/N 13-04686 .....**$312.74**

CRASHKIT 2-7 SURVIVAL KIT

As a pilot with a professional responsibility to others, we know you will want only the best survival options. The 'Crashkit 2:7' has been designed for use in a typical GA light aircraft and contains over 200 essential items needed to sustain two people for seven days. This Aviation kit contains multiple options for the provision of food, fire and water, including Aquatabs Water Purification Tablets and the Spark-Lite Flint and Tinder kit.The kit is packaged in a Pelican 1200 case and remains lightweight and compact for ease of storage. As with all Crashkits, all products have satisfied rigorous testing to ensure they surpass Transport Canada regulations for aviation. Crashkit 2:7 exceeds all Transport Canada and Federal Aviation Administration regulations for both survival and first aid, 1-6 person. Dimensions : 27 x 24.6 x 12.4 cm (10.62" x 9.68" x 4.87") Weight : 4.31 kg or 9.50 lbs

P/N 13-04690 .....**$390.95**

CRASHKIT 4-7 SURVIVAL KIT

The Crashkit 4-7, designed for use in typical GA light aircraft and commercial aircraft, contains the materials necessary to sustain four people for seven days in the event of a crash. The variation of items within the kit allows for multiple options for food, fire, water and shelter; for example, in addition to the Mainstay packaged food, a fishing kit and snare are also included. This kit contains 232 of the most essential items needed in a survival situation, packaged within an indestructible Pelican 1400 case.

Every item included in this kit has been thoroughly tested and approved to ensure it performs flawlessly when needed, and meets or exceeds Transport Canada's Canadian Aviation Regulations to facilitate survival and rescue. Dimensions :13.37" x 11.62" x 6.00 " (34 x 29.5 x 15.2 cm) Weight : 17.55lbs Contents : 232 items covering food, fire, water, shelter, and first aid Case : Pelican 1400 case - tough, watertight, polycarbonate case Kit Coverage : 4 people for 7 days (or longer dependent on situation) Optional Acc's : Parachute deployment system; Warranty : Lifetime.

P/N 13-04691 .....**$972.00**

CRASHKIT 6-7 SURVIVAL KIT

Intended for commercial aircrafts, our Crashkit 6-7 has enough materials to sustain six people for seven days in the event of a crash. Various means of food, fire, water and shelter allow for multiple options; for example, this kit includes not only Mainstay water, but the means for purification, as well as hot chocolate or tea. Within this indestructible, crushproof and waterproof Pelican 1450 case, 261 of the most essential items needed in a survival situation are packaged and ready for easy use. Every item included in this kit has been thoroughly tested and approved to ensure it performs flawlessly when needed, and meets or exceeds Transport Canada's Canadian Aviation Regulations to facilitate survival and rescue. Dimensions : 16" x 13" x 6.88 " (40.6 x 33 x 17.5 cm) Weight : 22.80lbs Contents : 261 items covering food, fire, water, shelter, and first aid Case : Pelican 1450 case - tough, watertight, polycarbonate case Kit Coverage : 6 people for 7 days (or longer dependent on situation) Optional Acc's : Parachute deployment system; Warranty : Lifetime.

Practical kits with the essentials you need to survive. Handy case keeps everything together. Room to personalize with additional items. Reflective material on backside for signaling and drawing attention to your position

KIT 100 INCLUDES: Small Pouch, Orange Front/Mylar Back, 2oz Emergency Food Bar, Button Compass, Emergency Blanket, Emergency Marine Whistle, Light Stick, Small Camping Mirror, Survival Towel 1pk, Tea Candle, and Pocket Survival Guide. P/N 11-10469.....**$19.95**

KIT 200 INCLUDES: Medium Pouch, Orange Front/Mylar Back, 2oz Emergency Food Bar, 4oz Emergency Water Pouch, Button Compass, Emergency Blanket, Emergency Marine Whistle, Emergency Poncho, Light Stick, Magnesium Fire Starter (w/Striker), Small Camping Mirror, Survival Towel 1pk, Tea Candle, and Pocket Survival Guide.
P/N 11-10470.....**$29.95**

KIT 300 INCLUDES: Large Pouch, Orange Front. Mylar Back, 2oz Emergency Food Bar, 4oz Emergency Water Pouch, Button Compass, Emergency Blanket, Emergency Marine Whistle, Emergency Poncho, Light Stick, Magnesium Fire Starter (w/Striker), Paracord, Small Camping Mirror, Duct Tape, Survival Towel 1pk, Tea Candle, Wire Saw, and Pocket Survival Guide. P/N 11-10471.....**$34.95**

REVERE SEE-ME LIGHT

Revere's See-Me Water-Activated Emergency Locator Lights feature long-lasting LED technology and a faceted octagonal design that is easy to use in wet conditions. Shatterproof and fungus-resistant globe and body make the See-Me light and strobe very tough and durable. Brightness and run time are microprocessor controlled to maximize visibility.
P/N 10-04579 .....**$16.50**

REVERE SEE-ME STROBE

Revere's See-Me Water-Activated Emergency Locator Lights feature long-lasting LED technology and a faceted octagonal design that is easy to use in wet conditions. Shatterproof and fungus-resistant globe and body make the See-Me light and strobe very tough and durable. Brightness and run time are microprocessor controlled to maximize visibility.
P/N 10-04580 .....**$24.50**

AQUAMIRA FRONTIER EMERGENCY WATER FILTRATION SYSTEM

Emergency water filtration system for hiking, camping & emergency preparedness. Effective on protozoan cysts (Giardia & Cryptosporidium). Economical-filters up to 20 gallons. Ultra light & compact (only weighs 1 oz & is less than 5" long). Perfect for emergency kits, foreign travel & outdoor activities. Essential part of your 72 hour emergency kit. Use when drinking from a bottle, cup or directly from a water source. EPA EST.NO. 071766-UT-001.
P/N 14-02699 .....**$10.99**

PERSONAL SIGNALING REFLECTOR

The "Automatic Personal Signaling Reflector" works continuously and automatically 24-7, day and night. You can work on your shelter, gather food/water or rest if injured. Rescuers will not walk by you if you're asleep or if you are unable to respond. The highly reflective silver-coated plastic works with Sunligh, Search Lights and Flashlights. It's always working .
P/N 13-08662 .....**$13.95**

AURORA FIRE STARTER

Made in the U.S.A. Self contained fire starter. Made of knurled anodized aluminum. Includes a cylinder with built in stainless steel blade at the outside base which is struck by the 1/4" thick ferro-magnesium rod, creating a spark. The cylinder and rod screw together and meet at an o-ring creating a waterproof seal to protect the rod from corrosion.
P/N 14-02701 .....**$25.99**

G.I. AVIATION SURVIVAL FIRE STARTER

Magnesium shaving edge and sparking insert. Government issue.
P/N 14-02700 .....**$10.99**

GOGIRL SINGLE TUBE

Includes re-usable tube, baggie and tissue. It's a kit in a tube ready to go! Made from Medical Grade Silicone.
Lavender with Pink Tube
P/N 13-08566 .....**$9.99**
Khaki with camo Tube
P/N 13-08567 .....**$9.99**

HYLAND'S MOTION SICKNESS TABLETS

Hyland's Motion Sickness is a traditional homeopathic formula for relieving symptoms of nausea and dizziness associated with or aggravated by motion. This product is also useful for relief of car sickness and sea sickness. Working without contraindications or side effects, it stimulates your body's natural healing response to relieve symptoms. Motion Sickness is safe for adults and children, and can be used in conjunction with other medications.
P/N 13-08646 .....**$7.75**

EAR PLUGS - PORTABLE RESTROOMS

PILOT RELIEF TUBES

HORN - Black molded plastic horn fits into horizontal or vertical brackets. Measures 2-3/8" diameter and weighs 1.3 oz .
P/N 13-04168 .....**$14.65**

HORIZONTAL BRACKET - Black molded plastic bracket for underseat installation.
P/N 13-04169 .....**$17.50**

VERTICAL BRACKET - Black molded plastic bracket for vertical installation.
P/N 13-04170 .....**$15.50**

VENTURI - Black molded plastic venturi mounts on fuselage bottom and produces required suction to horn and outlet tubes for fluid ejection.
P/N 13-04171 .....**$23.50**

HORN AND VALVE ASSEMBLY - Dimensions: Length: 8-31/64"; Top opening: 2-21/64"; Bottom opening: 3/16"; Weight: 4 ounces
P/N 13-04167 .....**$79.85**

TEE AN8019-1 - The material is RTP 152 black. 2-1/32" wide and 1" length.
P/N 13-04172 .....**$7.90**

ULTRAFIT™ UNCORDED EARPLUGS 340-4001 IN CARRYING CASE

• Patented, premolded, triple-flange design inserts easily. • No rolling or sizing needed to get a comfortable, protective fit. • Hypoallergenic polymer is washable and reusable. • Carrying case keeps plugs clean and accessible for re-use. • NRR 25dB. • ANSI S3.19-1974; CSA Z94.2; CSA Class AL..... P/N 13-02194 ..... **$1.32**

CLASSIC™ UNCORDED EARPLUGS 312-1201 IN A POLY BAG

• Slow-recovery foam helps ensure comfort and minimize pressure. • Bright yellow color provides a quick visual compliance check. • Dermatologically safe foam is non-irritating, nonflammable, and moisture-resistant. • NRR 29dB. • ANSI S3.19-1974; CSA Class AL P/N 9134 ..... **$0.35/pair**

PELTOR 30 CALIBER EAR PLUGS *(CASE OF 10)*

The unique shape of the Peltor 30 Caliber Plugs is concave at the base to help wearers achieve easy, deep insertions for optimum protection. The Easy-Grip Handles on each plug allows for quick and easy removal. The Peltor 30 Caliber plugs are packaged in a 10 pair ammo case like actual bullets.
P/N 13-04287.....**$8.25**

PRESSURE REGULATING EAR PLUGS FOR CHILDREN

EarPlanes are a patented pressure-regulating earplug inserted in the ear to help reduce discomfort often associated with air travel. They were developed by Cirrus Healthcare Products LLC in conjunction with the House Ear Institute in Los Angeles, and have been tested by US Navy aviators at the Miramar Naval Air Station in San Diego.
P/N 14-02837.....**$7.95**

LITTLE JOHN

Positively the least expensive accessory you can buy to extend your range. One authenticated case reports a Piper Malibu's range extended by 500 miles. Durable plastic, won't crack under any normal handling and temperature conditions. A tight screw-on cap makes it spill proof. Standard issue in hospitals for years. P/N 9741 ..... **$7.95**

LADY J ADAPTER

The anatomically designed funnel snaps in and out of the little John. It can be used sitting or even standing. Clean white plastic.
P/N 9745 ..... **$6.95**

G FUNNEL ADAPTER

The G-Funnel is a portable urinal adapter which simply screws on to any plastic pop or water bottle that will be uses as a container for those situations where a washroom facility is not available. The appeal to this adapter is that it can be attached and used together with any sized plastic pop or water bottle that most people have on hand. The plastic pop or water bottle is to be used as liquid container and then can later be emptied for reuse or just thrown in the trash when available. We think you'll agree that this is a very useful relief device for those emergency situations. P/N 13-01974 ..... **$7.50**

RESTOP DISPOSABLE URINAL

The anatomically designed Restop is the disposable urine bag that combines a unique blend of polymers, enzymes, & deodorizer to turn urine into an odorless gel on contact. The funnel design prevents accidental spills. Restop is sanitary, non-toxic, spillproof & odorless, safe and convenient, trash container safe, and small enough to fit in pocket. Easy to use by men & women. 2 pack.
P/N 13-00794 ..... **$4.50**

TRAVEL JOHN

Absorbent pouch turns urine into gel instantly while destroying bacteria and odor. Specially designed collar works for men women and children; spill guard prevents back guard during use. Convenient, sanitary and compact, TravelJohn is easy to use while sitting or standing. Will not leak or spill, even if punctured. Holds 28 fl. oz. Includes antiseptic hand wipe.
3-pack .....P/N 13-00894 ..... **$5.95**

CONVENIENCE BAG

Disposable urine & vomit bag.• Wide mouth.• No spill, cleanup, or odors• One-hand use
P/N13-02821 ..... **$1.95**

SAGA AVIATION SPIN KNIFE

Light and compact, it is the tool for all situations. It's ergonomic, housing contains 7 essential tools. Made of stainless steel, it's ruggedness will help you during your trips for years to come. Features: Stainless steel blade. Scissor. Corkscrew. Bottle opener with large screwdriver. Nail file. Key ring. Philips screwdrivers.
P/N 13-09561 .....**$8.45**

SAGA AVIATION THRUST

Fully equipped, the Thrust has 2 LED lights at each extremities to allow working in dark places. Made of stainless steel. Features: Sharp 3.0" blade, Pliers with wire cutter, 2 LED flashlights (each end, batteries included), Scissor, Bottle opener, Philips and flat head screwdrivers, Strong hook, High quality sheath with belt strap. P/N 13-09560.....**$46.95**

STAINLESS STEEL CARABINER

Stainless steel karabiner for the best flying performance guaranteed load 26kN extremely high tensile strength qualified for tandem flying each single piece is tested with 1700kg
Specifications: Weight: 138.0g
P/N 10-04494.....**$32.50**

PS

CO DETECTORS

CO GUARDIAN CARBON MONOXIDE DETECTORS

MODEL AERO-152WD - Features: • Max power consumption = Less than 1W • Wt: approx. 2.5 oz • Works from 10V to 30V sys. • Product shielded to prevent RMI (Radio Magnetic Interference) with Aircraft systems • Audible alarm with varying pitch depending at 85DB • Front panel lighting (Green, Amber and Red) • CO Sensor tested to 13,500 ft • Built in temperature compensating circuit • Built in Humidity compensating circuit. P/N 13-01640 ..... **$149.00**

MODEL AERO 553 - Replaces the 2.25" clock and provides the latest CO protection that displays 30 to 999 ppm in the cockpit, as well as aircraft high and low voltage alarms, pressure density altitude readout for takeoff. Cabin altitude alerts to remind you to go on oxygen. CO level, cabin pressure and temperature to be displayed on the UPS AT CNX80.....P/N 13-02569 ..... **$699.00**
Aero 553 OAT Probe.....P/N 13-06165 ..... **$125.00**

MODEL AERO-452 - Input Power-14 / 28 V DC. Power Usage-Less than 1 Watt, 10 Watts with heater ON. Temp Range - -20 deg C to 55 deg C. Inspection - Each Unit 100 % tested. Humidity - 5 % to 95 % RH (non-condensating). Circuit Breaker-2 Amp. Design-Meets TSO-C48A. Weight-3.5 Oz. Sensor-Tested to 25,000 Ft. Calibration-100 and 500 PPM. Ouput-Dual Relay Output for, Panel Warning light / Annunciator. WARRANTY :The Aero 452 comes with a 1 year limited warranty. The warranty will be void if the unit has been opened or tampered with. P/N 13-07102..... **$499.00**

AERO 452-201-011 - Aero 452-201-011 is the first TSO certified remote-mountable Carbon Monoxide detector for use in General Aviation. This unit is a derivative of Aero 452 (Panel Mount). This unit comes standard with remote re-set switch and a remote light and can be installed behind a panel. This unit is pre-wired for connecting to an external annunciator warning lamp on your panel. Different light models can be purchased separately.
P/N 13-06918 ..... **$499.00**

AERO-551 - Is fast responding to CO threat detector that is designed to standard 2 1/4 hole. This unit is our most sophisticated CO detector that has an extremly fast response when CO is present. The 551 unit shows continous CO Level from 10PPM to 999 PPM.
P/N 13-06919 ..... **$599.00**

DIGITAL CO2 DETECTOR

The extremely affordable DCO 1001 has a measuring range of 0-1000 ppm and comes complete with a soft case, a wrist strap, 3 "AAA" batteries and an instruction manual. Features: • Adjustable co warning level • LCD dual digital display • Bright backlight • self test • Low battery indication • °F/°C selectable • Auto power off • Auto zero • Co range: 0~999ppm • Resolution: 1ppm • Battery life is 250 hours when the backlight is off and 35 hours with the backlight on. P/N 12-01895.....**$145.95**

MODEL 300 POCKET CO

Pocket CO Model 300 is the world's smallest and most affordable carbon monoxide detector, alarm and dosimeter. About the size of a key fob weighs less than 1 oz. Range: 0 – 500ppm; first alarm at 50ppm, second at 125ppm, third at 400ppm. Also has an 8-hour TWA warning alarm at 25ppm. Self-checks upon start and carries a 2 year warranty. P/N 13-06639 .....**$124.95**

ACCESSORIES

Replacement/Spare Battery .....P/N 13-06640 .....**$4.50**
Pocket CO Calibration Kit.....P/N 13-07258 .....**$38.75**

FLIGHT DATA SYSTEMS GD-40 CARBON MONOXIDE DETECTOR

Integrates with most EFIS Systems - Connect via RS232 or a Switched Input. Audio Voice Alerts. LED and Discrete Warning/Status Outputs - Two color LED included. Monitors Cabin Altitude - Aural Alerts to remind you to don your Oxygen Mask. Calibrated Using Precision Gas - Each unit is individually calibrated and tested before shipping. Built in Self Test Monitors Sensor Quality - Continuous self testing for reliability. Altitude and Temperature Compensated - Has an internal Altimeter and Thermometer. Remote Mounting Takes No Panel Space Dimensions: 4.7 X 3.1 X 1.0 inches. Weight:4.1 oz.....P/N 11-09843 .....**$295.00**

DRAGER PAC SINGLE GAS MONITORS

Dräger Pac® 3500 - Workplace safety devices need to be fast and accurate. That is why the Dräger Pac 3500 is ideal for the personal monitoring of industrial carbon monoxide, hydrogen sulphide, along with being maintenance-free for up to two years.
P/N 13-07016.....**$198.00**

Dräger Pac® 5500 - Long-lasting quality is key when it comes to workplace safety. The Dräger Pac 5500 has no lifetime limitation and is ideal for fast and accurate personal monitoring and detection of carbon monoxide, hydrogen sulphide or oxygen.
P/N 13-07017.....**$297.00**

GASALERT CLIP EXTREME CARBON MONOXIDE MONITOR TWO YEAR BATTERY LIFE

Simply press the start/test button and the GasAlertClip Extreme is ready to use, providing continuous, reliable protection. This carbon monoxide detector requires no calibration, sensor replacement, battery replacement or battery charging. The simplicity of the GasAlertClip Extreme combined with minimal training requirements and negligible maintenance costs make the GasAlertClip Extreme one of the most cost-effective gas detection solutions for facility workers and onsite contractors.
Standard Package Contents: Detector complete with specified sensor, stainless steel alligator clip and concussion-proof housing, Test cap and hose, Manual, Multi-language CD manual.
Gas Alert Clip Extreme II CO (2 Years).....P/N 13-09667.....**$156.25**
Gas Alert Clip Extreme III CO (3 Years).....P/N 13-09668.....**$271.95**
Gas Alert Clip Extreme CO 0-1000PPM.....P/N 13-09669.....**$294.95**

LONG LIFE CARBON MONOXIDE DETECTOR

No longer do you have to replace that Carbon Monoxide Detector every 28 days, the new Quantum Eye Carbon monoxide detector offers a minimum 18 months of sensor life.
P/N 09-35601 ..... **$6.50**

STANDARD CARBON MONOXIDE DETECTOR

Carbon monoxide is odorless and colorless, but this economical little stick-up pad gives you a visible warning it it's present in the cockpit (or car or garage). A little graying of the color spot means a little gas: if it turns black, the concentration is dangerous. Adhesive backed. Spot returns to normal color after being exposed to fresh air.
P/N 09-35600 .....**$3.50**
Discount on 5 .....**$15.75**

ASA CARBON MONOXIDE DETECTOR

Carbon Monoxide (CO) is a toxic, odorless, and tasteless gas produced by the incomplete combustion of gasoline, kerosene, natural gas, butane, propane, fuel oil, wood, coal, and other fossil fuels. Dangerous levels of CO can be produced by internal combustion engines or from any poorly vented or improperly adjusted fuel-burning appliance. Exposure to CO may cause sickness, headaches, or even death.
P/N 13-05755 .....**$4.75**

PROTECTIVE GEAR FOR PETS

MUTT MUFFS

- Over-the-Head Hearing Protector for animals.
- Specially Designed Wide Foam Filled Ear Seals for Maximum Comfort.
- Engineered specifically to properly meet the contour of a dog's head
- Comfortable and Lightweight
- Adjustable Straps for Optimum Fit.
- Inner sound-deadening foam is the same density found in pilot's high-end headsets
- Made entirely in the United States of America
- Patent Pending

Muff Size	Typical Dog Weight	Head Circum-ference	Maximum Inner Shell Width	Maximum Inner Shell Height
X-Small	5-10 lbs	7-9"	1.5"	1.625"
Small	9-25 lbs	9-13"	1.75"	1.75"
Medium	20-50 lbs	13-18"	2.5"	2.5"
Large	50-95 lbs	18-23"	3.25"	3.25"
X-Large	95+ lbs	23+	4"	4"

SIZE CHART - The overall circumference measurement of your dog's noggin at the largest point is the best determination of size, because if you choose a size too large, the muffs won't seal well against his head, and you lose all the sound-reducing properties you were shooting for. Your dog's weight is also a good indicator of which size to choose.

Size	Weight	Part No.	Price
X-Small	1.5 oz	13-05536	**$64.25**
Small	1.7 oz	13-05537	**$64.25**
Med	3.0 oz	13-05538	**$65.50**
Large	4.0 oz	13-05539	**$65.50**
XL	5.8 oz.	13-05540	**$65.50**

CUSTOM COLORS - Ever-classic "Mutt Muff® Black". But now, Mutt Muffs® are available in three additional colors! Red! Blue! and Pink!
P/N 13-05541.....**$73.00**

CO-PILOT - TRIANGLE BANDANA FOR DOGS

The proper uniform for the distinguished canine aviator. Sewn on all three sides. Finished Sizes: Large:21.5" x 21.5" x 29", Small: 14" x 14" x 20"
Large..... P/N 13-05547 ..... **$5.75**
Small..... P/N 13-05548 ..... **$5.75**

HYDRO-BOWL FOR DOGS

Next time your pooch is pantin' for a drink, pull out the convenient, collapsible Hydro Bowl. Waterproof and made of a high-tech, durable plastic canvas, the Hydro Bowl folds up and snaps closed into a compact triangle for storage. Attach it to a leash, backpack, bicycle, or a variety of other places for easy storage. Hold 5 cups
P/N 13-05546 ..... **$8.75**

DOG IS MY CO-PILOT - BUMPERSTICKER

"Dog Is My Co-Pilot" is the trademarked motto of Bark magazine - accept no substitute. As seen on dog-friendly cars from coast to coast!.... P/N 13-05545 ..... **$2.85**

BARK BAGS

If you take passengers, sooner or later, you're going to need one. 9-3/4" x 4-1/4" to hold alot of chunks. Sold in a package of 3... There could be sympathy heaves. P/N 13-05543 ..... **$4.75**

4 PAWS K-9 EAR MUFFS

4 Paws Aviation has come out with new hearing protection for your pet. Average of 15 dBHL greater sound reduction than what's on the market today. These Ear Muffs hearing protection is made of nylon, aircraft approved sound deadening foam, non-toxic "gel" cups, webbing, and a safety "break a way" clip.
Small and medium Ear Muffs are available now. Large coming soon! They can be used with the only oxygen hood delivery system for your pet also offered by 4 Paws Aviation.
Small- 5 to 25 pounds 7" and 13" head size..... P/N 13-08288..**$56.00**
Medium- 20 to 85 pounds 9" and 19" head size... P/N 13-08289..**$59.95**

4 PAWS K-9 OXYGEN HOODS

Fight the effects of Hypoxia on your four legged family members by using the only oxygen delivery hood for animals when flying at high altitudes. Keep your pets safe and healthy when flying high.
Hood comes with 7-foot long oxygen supply tubing with a common push on female end. Attaches to a stand-alone bottle or in place oxygen system.
Oxygen hoods are available in five sizes, measurements' include the collar (around the neck) and the length from the nap of the neck to the end of the nose, then add two more inches for clearance.

Size	Collar Size	Hood Depth	Part No.	Price
Small	7.5" To 9.5"	8.5"	13-08290	**$123.95**
Medium	9.5" To 13.25"	10"	13-08291	**$123.95**
Large	13.25" To 15.75"	12"	13-08292	**$123.95**
X-Large	15.75" To 20"	14"	13-08293	**$123.95**
XX-Large	20" To Over	17"	13-08294	**$123.95**

AEROX PET MASK

Now you can take your pet with you at altitude thanks to AEROX and their new line of Canine 02 Mask supplemental oxygen system certified to 25,000 feet. The Aerox® Canine 02 supplemental oxygen system is currently available in 5 sizes:
Small - (Poodles, Shelties, Yorkies, Cavalier, Bichon Frise)
Medium - (Beagles, Keeshounds, Jack Russels, Standard Poodle)
Large - (Cockers Spaniels, Springers, Beagles, Boston Terriers)
X-Large - (Huskies, Labradors, Retrievers, Dobermans)
Giant - (Great Danes, Newfies, St Bernards, 90-160 LBS)
The muzzle incorporates a medium concentration continuous flow oxygen mask and frontal mesh area for best ventilation and oxygen delivery to your pets mouth and nose.

Size	Part No.	Price
Small	13-07460	**$102.75**
Medium	13-07461	**$101.95**
Large	13-07462	**$104.50**
X-Large	13-07463	**$101.95**
Giant	13-07464	**$101.95**

WINDMETERS - WEATHER STATIONS

WINDSCRIBE HANDHELD WIND METER

WindScribe is a precise, handheld wind meter (anemometer). In addition to registering the current wind speed, the WindScribe also measures maximum headwind, maximum tailwind, a five-second average wind, and a running average wind. Speeds can be displayed in both U.S. and metric units, and the unit also records temperature - useful for figuring out whether fog may form soon - and wind chill. The WindScribe weighs 3.5 ounces and comes with a lanvard. A velcro strap and mounting bracket are included. P/N 13-04019 .....**$135.00**

WIND WIZARD WIND SPEED INDICATOR

ECONOMY MODEL – ACCURATE & COMPACT

A single scale eliminates the need to shift back and forth between two scales when wind conditions are variable or gusty. Conveniently calibrated in miles/hour, meters/ second and Beaufort. Expanded in the lower wind speed range of 0-20 MPH (0-8.9 meters/sec). Slips easily into a shirt or coat pocket. Safety wrist strap gives added security in stronger winds, and stores out of the way in the folding handle. Constructed of high impact plastic and corrosion resistant metals. It comes with leather-like carrying case. No Batteries needed. P/N 13-18520 .....**$49.99**

SKYWATCH GEOS 11 HANDHELD WEATHER STATION

With features never before found on a handheld weather instrument, the GEOS 11 was designed specifically for the demanding needs of many markets:Aviation; reading of the Flight Level, height, finesse, pressure, altitude, altitude variation, etc.. Features: Electronic Compass: • analogical and digital Three Data Recording Modes: •manual recording by pressing two buttons •automatic recording at selected intervals, when unit is off or on •automatic recording at selected intervals, when unit is on only. Bright LED Light: • operates on separate battery. Replaceable Ball Impeller: • rotates to protect impeller blades. Exposed Sensors for instant reading P/N 13-04757.....**$479.00**

SKYWATCH HANDHELD WIND METERS

Designed for consumer and professional use, the Xplorer does not include complicated and seldom-used features such as downloading and storing. Press one button, and instant readings are at your fingertips. Dimension: 3.5 x 1.5 x 0.75 in, 2 oz. (41 x 93 x 17 mm, 50 g) One button operation, EL Backlight Completely sealed; internal sensors, Weatherproof (can be submerged 6 feet), Replaceable Lithium battery (included and installed) , Stainless steel back, Auto-off after one minute (can be disabled to remain on), Included lanyard One year warranty.

SKYMATE WINDMETER - Convenient pocket-knife design, accuracy, features, and price make this the best value in handheld wind meters! It is water resistant, it floats, and it has a high visibility case. Average wind speed over 5, 10, or 13 seconds. Current temp & wind chill. Choose any measurement unit. Reads in tenths. Replaceable 400 hour lithium battery. Data lock feature. Replaceable plastic impeller won't corrode. Easy to read LCD. Threaded for tripod mounting. Unique pocket-knife design to protect unit when not in use. Water resistant to 3 ft. High visibility case. One year warranty. Features: • Windspeed • Temperature • Widchill • Water Resistant to 3 Feet. • Floats • Safety Yellow case

P/N 13-00086..... **$98.00**

WM-100 WINDMATE 100 - Current, Average (5,10,13 secs) Maximum wind speed all use a wind vane to ensure most accurate measurements. For long-range shooting, use the tripod fitting and add the optional wind tunnel accessory. All wind functions in user selected units * Reads in tenths * Backlight * Tripod fitting * Rugged water-resistant case * Comes with adjustable lanyard. Features: Current wind speed • Average wind speed(5, 10, 13 seconds) • Maximum wind speed Mph, Kt, Kp/h, BF, FPM, M/Sec. Wind vane assures you are on the wind's axis • Tripod fitting • Fits wind tunnel accessory • Rugged water-resistnat case meets U.S. military specifications • Auto shutoff • Comes with adjustable lanyard P/N 13-04292 ..... **$84.00**

WM-200 WINDMATE 200 - Offers the most popular features in a handheld device, wind speed and temperature, with wind chill calculation. Single button operation, easy measurements, and the display has a backlight; handy for lowlight conditions. Each unit is water resistant, and has a tripod fitting. ***Features***: * Digital wind direction in degree & compass points * Cross and head/tail wind readings * Temperature * Windchill * Backlight ***Specifications***: * Windspeed accuracy +/- 3% from .8-89Mph * Wind speed range to 135Mph * Digital compass/wind direction accuracy +/- 2° * Temp/Windchill accuracy +/- 1.8° F * Optional Units: Mph, km/h, kt, ft/min, m/s, BF (Beaufort) * F or C * Avg windspeed over 10 secs * Max windspeed 2 sec gust since power on * Auto shutdown * POWER: CR2032 replaceable Lithium battery (included) * Measures: 5.5" x 1.75" x .75" closed * Weighs 3.2oz with battery * 2-yr warranty

P/N 13-04293 .....**$118.00**

WM-300 WINDMATE 300 - Wind speed and digital wind direction, relative humidity, dewpoint, wet bulb & Delta T make this a comprehensive tool for forestry, agriculture and emergency management professionals. Humidity sensor does NOT require adjustment; it is self-calibrating. This unit is equipped with a backlight. Accuweather.com® patented Comfort Index™ gives the effect of temp, relative humidity, wind speed, & sun intensity on the human body. Unit can be tripod mounted. ***Features***: * Relative Humidity (self-calibrating sensor) * Dewpoint * Delta T * Accuweather.com patended * Jackknife case allows most accurate temp & RH readings * Wind speed range to 135Mph * Optional Units: Mph,km/h,ft/min,m/x,BF (Beaufort) * F or C * Avg wind speed over 10 secs * Max wind speed 2 sec gust since power on * Auto shutdown * POWER: CR2032 (400-Hr) replaceable Lithium battery (included) * Measures: 5.5" x 1.75" x .75" closed * Weighs 3.2 oz with battery * Comes with breakaway lanyard * 2-yr warranty. WIRELESS VANTAGE PRO2 WEATHER STATION

Uses frequency hopping spread spectrum radio technology to transmit data wirelessly up to 1000' (300 m). Console/receiver, integrated sensor suite, and mounting hardware. Integrated sensor suite includes rain collector, temperature and humidity sensors, anemometer, 40' (12 m) anemometer cable, and solar panel. Sensor suite is solar powered. AC-power adapter included for console, or use with three C batteries (not included). Wireless range is up to 1000' outdoors, line of sight. Typical range through walls 200' to 400' . Add wireless repeaters for distances up to 1.7 miles. Not available in EU (Europe).

MAGLITE LED FLASHLIGHTS

MAG-LED™ Technology known for their obsession with precision engineering, craftsmanship and commitment to perfection, was not satisfied with the performance of a "regular" LED as a usable light source. They set their sights on producing a light source that would not only incorporate longer battery life, but would also have the kind of durability, reliability, and performance Maglite® flashlights are known for. With an emphasis on uncompromising performance, MAG-LED™ Technology is the result of that quest.

PILOT FLASHLIGHTS

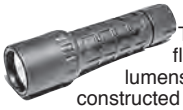
SUREFIRE AVIATION FLASHLIGHTS

Long known as a major supplier of quality flashlights to law enforcement and the military, Surefire has just made available a new flashlight built for aviators that combines two widely different light sources in a single compact illumination tool providing dual power and variable output. Surefire flashlights feature the finest beams, reflectors, switches and powerful tungsten lamps available on the market today. They are not inexpensive but for the pilot looking for a truly unique, high quality, reliable flashlight, Surefire is the answer.Surefire flashlights carry a lifetime warranty (excluding batteries and lamps).

The ***A2 Aviator*** features a high-output incandescent lamp producing 50 lumens surrounded by 35mm LED's set in a specially designed parabolic reflector. The Aviator's digitally controlled two-stage switch allows the pilot to choose LED's for soft light illumination in the cockpit or high output lamp for bright illumination during preflight inspection of your aircraft. The high beam on the A2 Aviator can illuminate the tail of a 747 from the ground. That's over 63 ft high! Not bad for a flashlight that measures only 5.6" in length and weighs only 4 oz. The A2 Aviator comes standard with a gray-green super-tough Type III hard anodized finish to military specifications, because it is the best and the toughest. It is powered by 2 lithium batteries, is shock-proof, water-resistant and comes with a lifetime guarantee (excluding batteries and lamps). Length: 5.9"

The ***A2 LED Aviator*** is a compact dual-output flashlight that provides two distinct beam types and optional output colors. It uses virtually indestructible power-regulated LED emitters and a precision micro-textured reflector to produce both spot and flood beams Press for a momentary-on 10-lumen long-runtime flood beam for general night use, close work, or where you need to preserve your night vision; press further for a momentary-on 120-lumen white spot beam—six times the light of a big two-D-cell flashlight; twist for constant-on low beam, twist further for constant-on high beam.

The ***L1 Lumamax*** features a 1W Luxeon LED which produces 15 lumens from one Surefire 3V lithium battery, which is three times brighter than a conventional mini light running on two AA alkaline. For the pilot needing only the soft light of LED lighting for cockpit illumination, the L1 Lumimax is an excellent choice. Length: 4.6"



The ***G2 Nitrolon*** is Surefire's most economical flashlight, and uses 2 lithium batteries to produce 65 lumens of diamond bright light for 60 minutes. The G2 is constructed of Black Nitrolon, a polymer compound that is lightweight, corrosion-proof, and non-conductive. Depress the tailcap on the G2 for momentary illumination or rotate fully inward for constant-on illumination. Length: 4.9"

A2 Aviator with green LEDs ..... P/N 13-02017 ..... **$189.00**
A2 Aviator with white LEDs ..... P/N 13-02018 ..... **$221.20**

G2 Nitrolon flashlight (Plastic Body)..... P/N 13-02021 ..... **$41.30**

SUREFIRE ULTRA U2 FLASHLIGHT

Compact (palm size) high-intensity variable-output LED flashlight for tactical, duty, and general use. Uses a virtually indestructible light-emitting diode (LED) to provide six output levels, from a long-running low beam to a brilliant white tactical-level high beam almost seven times the light of a big two D-cell flashlight. Ring selector provides instant output control. Electronic current regulation maintains a more consistent level of light output for the useable life of the batteries. Variable output, compact size, extended-runtime low beam and high-output beam capability, and 10-year battery shelf life also make it perfect for backpacking or camping and for disaster preparedness kits. P/N 13-04710 ..... **$250.00**
123 Lithium Battery for the U2 Ultra..... P/N 13-04711 ..... **$3.75**

SUREFIRE G2X™ PRO

A polymer-body version of the 6PX Pro, uses a high-efficiency LED—virtually immune to failure since there's no filament to burn out or break—that provides two light output levels: a brilliant, penetrating, perfectly pre-focused 200-lumen beam, and a 15-lumen low-output setting that lets you greatly extend the runtime per set of batteries, an invaluable option when you find yourself miles from civilization. Press the tailcap switch for momentary-on low, press further to click constant-on low, return to off and press or click on again within two seconds for high. A polycarbonate micro-textured reflector delivers a comparatively wider beam with generous peripheral light. ..... P/N 13-10290 ..... **$65.50**

See www.aircraftspruce.com for a complete selection of Surefire Flashlights.

SUREFIRE REPLACEMENT BULB MA02

The MA02 lamp assembly fits A2 Aviator flashlights and produces 50 lumens of light for 1 hour.P/N 13-04438 ..... **$18.20**

PELICAN AVIATION LIGHTS VERSABRITE

This is the world's brightest swivel head pocket flashlight. The adjustable head swivels 180 degrees, enabling the pilot to direct the beam where he needs it. It is water resistant and mounts directly on the adhesive pad of yoke chart holders. Provides 6000 candlepower Xenon laser beam spot beam, and comes standard with clear, red, and blue-green lenses. Clips easily on shirts, belts, and caps for hands free use. Comes with multi-use velcro fasteners and 2 AA batteries.
P/N 13-00561 ..... **$22.95**

Versabrite mounting clips (1 top, 1 side mount)

MICRO ONE WATT LED FLASHLIGHT

Has a 1-Watt, 80-Lumen LED chip that emits over 4,300 End-foot candles (4300cd) of bright, cool white (8000 Kelvin) light that's powerful enough and lasts long enough to light your way — all the way home. * One Year Warranty * Focusable Lens: Narrow and Wide Beam * Puts out over 4,300 End-Foot Candles of light * Retains 50% of its light output after 1 hour of continuous use * Visibility approx. 2 miles, depending on atmospheric conditions and line of sight * Lights for 4 days (96 hours) at a diminishing light output rate * Uses 3 standard AAA batteries * Rugged Anodized Aluminum Body Finish * Push button on/off switch * Weight: 3.5 oz. without batteries, 4.8 oz. with batteries. Furnished with nylon holder.
P/N 13-07470 ..... **$37.85**

PILOT'S HANDY LANYARD LIGHT

This emergency light with a break-away neck lanyard is great for use around any aircraft. Ideal for pre-flight inspections after dark, providing you with a small, powerful flashlight which you can simply hang around your neck as you preflight the aircraft. Also makes the perfect cockpit light in an emergency. Furnished with blue-green and red lenses for night flying as well as a standard clear lens. Includes lanyard & 1 AAA battery.
P/N 13-00571 ..... **$17.25**

MINI LED FLASHLIGHTS

Only 3.5 inches long. NOT water resistant. DUAL Ultra-bright LEDs with lifetimes of 100,000+ hours, never break, and provide smoooth illumination. •Thumbwheel Brightness Control • Energy Efficient -- Up to 320+ hours at the dimmest setting, 12+ hours at the brightest, from one 9V Alkaline. •Exclusive brightness regulation circuitry -- keeps the LEDs shining bright as batteries age, unlike competitors LED flashlights which start bright but quickly fade. • 9 Volt Battery & 20 inch neck strap included

White & Red..... P/N 13-04696 ..... **$22.95**

XEVISION PERSONAL LED FLASHLIGHTS

The compact LED flashlights are so small that they fit in the palm of a hand comfortably. They are so bright, even die-hard HID Xenon lighting technology purists can not resist. ***Super-bright white light from one small but powerful LED*** Our LED flashlights feature the latest commercial Cree LED 7090 XR-E, which delivers unprecedented levels of bright white light. The legendary 7090 XR-E is tested to the highest standards in the LED industry. The white light generated is as cool as HID with around 4000ºK to 5000ºK. The current draw is quite small while the LED is very efficient with a luminous flux of up to 100 lm min. @ 350 mA, and a luminous efficacy up to 75 lumens/watt.

XeVision personal LED flashlight models - The compact LED flashlights are so small that they fit in the palm of a hand comfortably. They are so bright, even die-hard HID Xenon lighting technology purists can not resist.

XV-C1C - Is their most compact LED flashlight using one long-lasting 3 VDC Lithium CR123A battery. The XV-C1C features six settings, 4 of them being output levels. This flexibility not only allows the user to select the best compromise between brightness and runtime for any given task but also has the ability to aid in an emergency. The XV-C1C offers a remarkably compact size and is extremely solid and reliable with its digitally regulated brightness. One 3 VDC CR123A Lithium battery

LED-CAP

The LED Lighted Cap illuminates the cockpit without having to hold a flashlight or put on a bulky headlamp. These LED Lighted Hats use patent pending C.U.B. (Concealed Under Brim) Technology™ with 4 Ultra bright LED's in the center of the brim, (2 red and 2 white). You will find these lighted hats are perfect for flying at night and they are also indispensible for emergencies like power outages and automobile breakdowns. With just a quick click of the on/off switch hidden on the underside of the brim, the light from these LED Lighted Caps illuminates an area from reading distance all the way out to 50 feet. For pilot convenience, the white LEDs have a separate switch to avoid inadvertent night blindness (three clicks to operate). And since the LED's are built right into the brim, they provide Lights Where You Look™ for the ultimate in hands-free lighting in the cockpit or out and about. Stone Color Hat ..... P/N 13-07472 .... **$18.95**

FLITELITE A1 TACTICAL AVIATOR SERIES FLASHLIGHT

Specially designed for the aviator and tactical operations to avoid being blinded by a flashlight that is too bright in the cockpit. The light starts in a programmable memory mode, which is user programmable to any brightness level desired. P/N 13-11259..... 2.95

FLITELITE L1 TACTICAL AVIATOR SERIES LED FLASHLIGHT

Specially designed for the tactical aviator that requires a rugged, easy to control light that delivers CREE LED light through a MOON (the exact spot desired) lens.
Green..... P/N 13-11260.... **$12.95** White .....P/N 13-11261 ...**$35.25**

SAGA AVIATION SG5 POCKET FLASHLIGHT

Has a LED chip having 100,000 hours life expectation. This technology produces an unbelievably bright beam of light coupled with incomparable energy efficiency. Features: Protection IP-63 (wheather resistant), "One hand" technology focus, Robust aluminum housing, Three (3) intensity modes (low intensity, high intensity and stroboscopic mode), Luminous beam of 200 lumens with a projection of 220m, Operates on three (3) AAA batteries (batteries not included)

THE ASHLIGHT

13-04347

13-04348

13-04349

The ASHLIGHT has been designed and tested by pilots. The super-bright red LED light provides the ultimate in hands-free cockpit lighting with a flip of the switch. The ASHLIGHT is designed with a stainless steel spring that duplicates the original ashtray clip for easy snap-in installationThe majority of aircraft manufacturers (Cessna, Beech, Bellanca, Grumman, Mooney, Piper, etc.) all used a standard ashtray opening of 1.5h x 2.125w or 1.6h x 4.7h side panel mounted ashtray. Smaller planes used the Standard Size while larger planes such as KingAir, Chieftian, later model Barons and Bonanzas, etc. use the Large size. If your aircraft does not have an ashtray, the Visor Clip Model is an excellent alternative!

Standard Ashlight ..... P/N 13-04347 ..... **$29.95**
Large 5" Ashlight ..... P/N 13-04348 ..... **$29.95**

PETZL HEADLAMPS

PETZL HEADLAMPS

In 1972, when Petzl invented the first headlamp, the idea of attaching a light and its battery case to a headband was quite innovative. A hands free light source that can be directed where needed, allows the user to perform almost any activity. Headlamps have now become an important factor in safety and efficiency. Thought innovative use of technology (LED's and current regulators), impact-resistant of headlamps that can be used in many situations...from the simplest tasks to the most demanding work and rescue applications. All headlamps include batteries.

TACTIKKA PLUS/FLIP FILTER RED (E49P)

TacTikka Plus 4 LED Headlamp with red or white light, 3 power settings & flash, alternates easily between white and red light simply by moving the pivoting filter over the reflector. Features: •3 power settings & Flash •Tilt focus •Long battery life up to 110 hours •Lightweight and comfortable to wear: ergonomically designed elastic headband. •Water-resistant for all-weather use •Operates with three AAA-LR03 batteries (supplied) •Weighs 78g •Includes batteries.

P/N 11-05096 .....**$46.75**

TIKKA LED TILT HEAD LAMP

46P2- LED headlamp with red flip down filter, and tilting head. 3 LED array produces long-lasting and even light. Features: •Produces diffuse, proximity lighting. •Red filter for discrete light and preservation of user's night vision. •Flip-down filter makes it easy to switch between red and white light. •Light beam can be easily aimed where desired. •Adjustable and comfortable elastic headband. •Water resistant for all-weather use. •Black lamp and headband. P/N 11-04990 .....**$38.20**

TACTIKKA CAMO BAND RED FLIP UP E46PC

TacTikka LED alternates easily between white and red light simply by moving the pivoting filter over the reflector. Long battery life up to 110 hours. Lightweight and comfortable to wear: ergonomically designed elastic headband. Water-resistant for all-weather use. Elastic headband and lamp head in camouflage color. P/N 11-04988 .....**$39.95**

MYO HEADLAMP 3 BLACK 3 LED 1 HALOGEN E27PN

Features: •4 hour burn time Xenon bulb - 180 hour burn time for the 3 LEDs •Lightweight, compact, and extremely versatile this one light can do it all. •Switch lock mechanism prevents the light from draining your batteries when stored •Tilting head mechanism allows you aim the light where it is needed most •Spare Xenon Halogen bulb included with headlamp. Water resistant - won't short out even if submerged .....P/N 11-05099 **$57.50**

SAGA AVIATION HANDS-FREE LIGHT

Offers three modes of lights. The first mode, a high density beam supplied by 4 ultra brilliant LED so that nothing escapes you. A second lower density beam mode, that utilizes 2 of the 4 LED in order not to dazzle you. Finally, 3 mini red LED that offer you glare free night vision. The Hands-Free can be used with lithium batteries to reduce the weight and allow the use of the flashlight in cold weather. Adjustable elastic headband for added comfort. Hands-Free has 7 different titling positions. Operates on three (3) AAA batteries (batteries included)

P/N 13-09559 .....**$18.95**

FOCUS CONTROL 200 HEADLAMP

Powerful long-life LED headlamp features eGear's focus control Spot-to-Flood beam, three night vision LEDs and a rear battery pack. Modes: CREE White LED (High, Low, Flashing). Night Vision Modes: Blue, Green, Red, Red Flashing. Rear Red Light: On, Flashing Rubberized, soft grip case.

Features: • Revolutionary FOCUS CONTROL LED Illumination - Spot to Flood • CREE LED Bulb up to 185 lumens • 3 Night Vision LEDs: Red, Blue, and Green • Smart switch allows independent control of CREE & 5 mm bulbs • Red Rear Light on Battery Pack for safety indication • Instant Off at any mode • Water Resistant • Lasts up to 300h.

P/N 11-10521.....**$39.95**

MYO 5 HEADLAMP LED/HALOGEN E28P

Features: •4 hour burn time Xenon bulb - up to160 hour burn time for the 5 LEDs which also have three brightness settings •Lightweight, compact, and extremely versatile this one light can do it all. •Switch lock mechanism prevents the light from draining your batteries when stored •Tilting head mechanism allows you aim the light where it is needed most •Spare Xenon Halogen bulb included with headlamp. Water resistant - won't short out even if submerged

GUPPIE MULTI-TOOL

The adjustable wrench jaw opens to 1/2" so you can use it for all kinds of light repair and assembly jobs. Thanks to the carabiner gate, the Guppie is easy to carry on a belt loop, D-ring, pack or rope. (But it is not a weight-bearing carabiner.) The high-carbon stainless steel blade with a Razor-Sharp edge can be opened and closed with one hand using the blade slot. The removable bit carrier is also a high-intensity LED light. It has two strong magnets to hold it securely to the Guppie's left side. The stainless steel clip will hold the Guppie in your pocket or on gear, which gives a lot of versatility. One more trick: The Guppie carabiner detent will open bottle caps and metal jar lids. Specifications: Blade Length: 2.0" (5.1 cm) Blade Steel: 3Cr13, 52-55 HRC Handle Length: 3.5" (8.9 cm) Tool Weight: 4.1 oz. (116 g) Bit Carrier Weight: 1.2 oz. (34 g) Batteries: Two CR327 3V Lithium

P/N 13-07358..... **$38.95**

PS

SIDESTICK CONTROL ARM RESTS

The side stick control arm rests will steady the hand, wich improves flying and reduces wrist and arm fatigue. The arm rests were designed by an orthopedic specialist to reduce wrist and hand carpel tunnel syndrome. They can also be used for throttle rests. Color: Black. ABS plastic. Furnished as right/left set. P/N 13-03265 ..... **$25.85**

COCKPIT COMPANION ORGANIZERS

The Cockpit Companion provides a convenient organizer for the loose items pilots shuffle in the cockpit. It is easily installed with Velcro between the front seats and features clean out windows at bottom of the storage areas. Holds fire extinguisher, charts, books, transceiver, headsets, glasses, wallet, fuel strainer, flashlight, pens, highlighters, and more. Attractive and durable, the Cockpit Companion is built from top-grade smoked acrylic. Made in USA.

PILOT WATCHES

VIBRALITE3 VIBRATION WATCHES

Great for Private and Confidential Reminders! Has auto-reset countdown timer. The vibration on your wrist from VibraLITE3 will remind you to do any important thing without annoying others. What's really great is that you don't have to hear the alarm to know that it's signalling you.

This watch is especially nice for pilots, students (taking exams), and of course the deaf and hard of hearing. Since the watch also features an Auto Reload Countdown Timer, it can be the ideal answer for those who need reminding of times to take medicine, scheduled daily activities and more.

With stainless steel band .....P/N 13-02541 ..... **$74.95**
With leather band .....P/N 13-02542 ..... **$62.95**

RANDOLPH ENGINEERING

Randolph Engineering has been a leading supplier of military sunglasses to the U.S.Armed Forces since 1982. These sunglasses are the choice of America's Top Gun pilots and NASA astronauts. They meet demanding U.S. military specifications, provide superior glare protection and UV absorption and can be converted to prescription lenses. All of the sunglasses below feature 23K gold plated, hand polished frames and come with a crush resistant case.

AVIATOR – Standard issue for military pilots worldwide. (MIL.SPEC. 25948). These lenses sharpen detail and show colors evenly, making them ideal for flying. Bayonet temples provide optimum fit for use with a headset or helmet.

Size	Lens	Part No.	Price

PS

SUNGLASSES

SERENGETI AVIATOR SUNGLASSES

Serengeti Aviators protect your vision while eliminating glare and sharpening details better than other sunglasses. Cloud boundaries are more easily delineated and oncoming traffic is more visible. Unique photochromic spectral controls improve your ability to see in marginal VFR and IFR conditions. In bright sunlight, you'll see the instruments better and ghost images will be eliminated from the cockpit. Wear them late in the day or at sunset to preserve your night vision.

LARGE AVIATOR - Base Curve: 6; Temple Length: 140mm
Lens Size: 61.75 x 55.5 x 68mm, Dbl 10.5mm Black
P/N 2121.....**$99.00**

RAVISION HIGH PERFORMANCE SUNGLASSES

These high performance sunglasses are specifically designed for use with helmets and headsets. The frames are made of lightweight and flexible titanium metal that easily slide through the ear pad of the helmet or headset. The frames contour the head and allow for the seal of noise canceling earpieces to be maintained. The lack of pressure points on the head allow the user to wear the glasses for extended periods without fatigue and discomfort.
P/N 13-09660 ..... **$229.00**

AMERICAN OPTICAL SUNGLASSES

Performance-tested sunglasses with classic aviator styling. The Original Pilot Sunglass® has been a favorite of US military pilots for more than 40 years.
Engineered to rigid military specifications and issued to millions of US soldiers, sailors, marines and airmen since 1958.
The rugged and sturdy structure and high quality finishing of the steel alloy frame coupled with distortion free, toughened and polished True Color® glass lens have made the AO Flight Gear® Collection the standard bearer of all fine military sunglasses.

OPTX 20/20 HYDROTAC STICK-ON READING LENSES

These stick-on lenses instantly turn any brand of sunglasses into sharp, clear reading glasses! They can be cut to the shape of any sunglass lens, and are removable & reusable; they adhere to the sunglass lenses by molecular attraction. Excellent for pilots using Ray Ban, Serengeti, Randolph and other aviation sun glasses, as well as outdoorsmen and anyone needing inexpensive corrected sunglasses. Available from 1.25 to 3.0 diopters in .25 diopter increments. Please specify magnification at time of order.

LIVE EYEWEAR COCOONS SUNGLASSES

Cocoons were designed to fit over glasses; however our smaller styles make them extremely popular as solo sunglasses. Cocoons feature PolarTx® polarized lenses to eliminate harsh glare, allowing your eyes to remain focused on the task at hand. The optical grade lenses and side shields precisely regulate light transmission, reducing eye fatigue and strain. They block 100% of damaging UV A&B light, providing 40% more protection than conventional sunglasses. Cocoons offer a virtually unbreakable frame with soft touch finish, adjustable temples, lifetime warranty, 3 contemporary shapes and sizes, and are accessorized with floating neoprene case and lens cloth. Color: Black.

Sizing Guide: Measure the width (w) and height (h) of your prescription eyewear to determine which Cocoons sunglasses will fit best.

SLIMLINE (MEDIUM)
RX frame sizes: up to 5-3/8"w X 1-5/8"

COCOONS OVER X - Cocoons are the only sunglasses in the world that will completely isolate your eyes from the elements. The collection features patented designs that deliver 360° of Advanced UV Protection and are available in a range of styles and sizes that can be worn over prescription eyewear or as conventional sunglasses. After wearing Cocoons for a short period of time, your eyes will begin to relax. The polarized UV400 front and side lenses treat incoming light, eliminating distracting glare and allowing you to focus on the task at hand. The patented frames protect your eyes from all angles, blocking sunlight, UV, glare, wind, rain and airborne debris. C427C Features: • Polarized UV400 • Scratch Resistant • Flex2fit® Temples • Soft Touch Finish • 360° of UV Protection • Ultra Lightweight • Case and Cloth • Lifetime Warranty P/N 13-05550 ..... **$49.95**

VISTANA OVER X - Vistana's proprietary lens system delivers a distortion-free, panoramic line of sight not available in any other over prescription sunglass. With traditional designs, the wearer will experience a gap in peripheral vision when scanning from the front to the sides due to a section of frame that separates the front and side lenses. Vistana's patented designs use continuous full wrap lenses that eliminate the section frame between the front and side lenses, creating a more open and uninterrupted view. Encourage your customer a traditional over prescription sunglass to the evolutionary Vistana design and they will immediately notice the difference in both performance and style. W412G Features: • Polarized UV400 • Scratch Resistant • Flex2fit® Temples • Dynamic Base Technology • Ultra Lightweight • Case and Cloth • Lifetime Warranty P/N 13-05551 ..... **$49.95**

COCOONS QUALITY IN A FLIP-UP

SUNGLASSES

VEDALOHD™ PERFORMANCE SUNGLASSES

High-Definition Lens Technology (HDL-3C™), built into new sunglasses offer improved sight definition for pilots, using color, clarity and comfort. These lenses filter the visible spectrum to improve color contrasts; decentered lenses increase visibility and eliminate distortion; visual health is improved and eye fatigue is reduced thanks to lightweight frames. Visibility is said to be increased through tri-stimulus color contrast enhancing techniques; other color tinting techniques improve color simulation but only improves one basic color type in the color spectrum.

These non-polarized (important for pilots!) lenses come in two lens types: rose (for low light conditions), and smoke (for bright light conditions). The sunglasses are very lightweight and comfortable. We offer a 30-day money back guarantee if you're not satisfied. Several choices for frames are available.

RA VISION HIGH PERFORMANCE SUNGLASSES

These high performance sunglasses are specifically designed for use with helmets and headsets.
The Frame: The frames are made of lightweight and flexible titanium metal that easily slide thru the ear pad of the helmet or headset. The frames contour the head and allows for the seal of noise canceling earpieces to be maintained. The light weight and lack of pressure points on the head allow the user to wear the glasses for extended periods without fatigue and discomfort.
The "wrap" or curvature of the frames and lens allows sun protection for the wearer's peripheral vision as well as forward facing.
The Lens: The lens is made of a revolutionary Trivex® material that features optical qualities similar to glass and surpasses the light weight and scratch resistance of polycarbonate lenses while providing 100% protection against UVA and UVB rays.
The lenses are optimized for moving-fast, looking-at-gauges, or thru a windshield. Uncommon to today's upscale sunglasses, Ra Vision Gear's are non-polarized. Polarization interferes with gauges, windshields and computer screens creating blank spots, totally "darking-out" the gauge or making a rainbow effect on windshields. The FAA strongly recommends against pilot use of polarized sunglasses. Additionally, polarization can mask slick spots and standing puddles of water for any type of road riding/driving application.

NOMEX AVIATOR'S SUMMER FLYING GLOVES

GLOVE SIZING

Hold your hand out with your fingers together and thumb extended out. Start measuring palm from between the index finger and thumb, continue around the outside of the palm and back around on the inside of the palm making a complete circle with the measuring tape. Total inches around entire palm determines the size glove you will need.

- 6 inches or less, order Size 7
- 6 to 6 1/2 inches, order Size 8
- 6 1/2 to 7 inches, order Size 9

Pilot and Commander are available in short and long sleeve, in white. Available in a complete selection of sizes for men and women pilots.

VISIT WWW.AIRCRAFTSPRUCE.COM FOR A COMPLETE LISTING OF SIZES AND COLORS.

COCKPIT COOLERS - FUEL GAUGES – WIRE MARKERS

POL-AIR B310 PORTABLE AIR CHILLER SYSTEM

The pump is powered by an ultra-efficient high speed DC brushless motor and can produce up to 3.5 inches of water pressure at 14.3 CFM in the 12vDC units, and 4.5 inches of water pressure at 20.5 CFM in the 24vDC units. This pressure delivers cool dry airflow through 1.25" diameter featherweight EPE hoses to the front edge of passenger seats or directly under your shirt, making microenvironmental cooling possible for up to four people.

Portable and Easy to Place in Your Aircraft, the B310 Never Has to Be Removed Once Strapped In. There is no mechanical or electrical installation. The B310 is classified as a carry-on device as it requires no permanent attachment to the airframe or electrical system. You simply strap the B310 to the airframe in your baggage compartment or onto an empty seat using the secure handles that are built onto the unit. In addition to safety, strapping the unit and cover avoids the potential of spilling ice in your aircraft during turbulent flight.

Once you strap down the unit, you have the option of leaving the entire unit permanently strapped in. Just pick up ice on the way to your aircraft, remove the cover, and drop the ice in.

Physical Dimensions: B310 Case & Turbine - 26" high x 14" wide x 14 deep. 10.1 lbs. Water Drain Basin - 6" high x 14" wide x 14" deep. 2.3 lbs Hoses: 3.63 ounces each. Extend to 8' but can use an adaptor to lengthen to 16' Seat Slide: 4.8 oz. Electrical: 12vDC=3.9 amps. 24vDC-2.6 amps Maximum Ice Load: 25 lbs rough crushed ice or 35 lbs fine crushed ice ("peanut crush") Air Flow below 70F: 75 to 90 minutes in 110 F cabin. Depending on humidity. Lasts longer in cooler cabins.

12V ..... P/N 13-05074 .....**$865.95**
24V ..... P/N 13-05075 .....**$865.95**

CROSSWIND COOLER 12 VOLT

The Crosswind Portable Air Conditioning Cooler is based on a 38 quart polystyrene cooler box which is powered through the craft's cigarette lighter receptacle or other on-board 12volt receptacle. All pumps and blowers in the coolers are marine-grade proven hardware devices.

Features: • Electrical connections are marine grade and sealed in waterproof epoxy • The supplied power cord is detachable from the unit and can be kept in the cooler box when not in use • 24 volt power can be converted to 12 volt easily with a portable convertor that attaches to the 24 volt outlet if necessary.

P/N 13-11233 .....**$499.00**

GO COOL PORTABLE AIR CONDITIONER

The patented, portable air conditioner is made for cooling small, enclosed spaces using ice water. Use your GO COOL to cool down your aircraft's cabin before boarding and enjoy an air conditioned cabin while waiting on a hot tarmac before take-off and after landing. Cooling your aircraft's cabin couldn't be easier. With the extra drainage tubing included, you never have to remove GO COOL from your aircraft. The battery pack (available Fall, 2009) can be removed and recharged as needed, or purchase two battery packs and change them out as needed. No other unit on the market can match the cooling power, durability, reliability, affordability or convenience of the patented GO COOL! **Features**: Uses ice and water. Adjustable thermostat & fan speed. Draws less than two amps. 17.3" W x 20" L x 24" H. 12V, 1.6 amp. Includes 6 feet of drainage tubing and two power cords - electrical & vehicle lighter. Holds 4 one gallon jugs, 9 two liter bottles, or 40 lbs. of bagged iced. Optional filters. Rechargeable battery pack and dust & allergy filters coming soon.

P/N 13-07018 .....**$425.00**

GO COOL 8 HOUR RECHARGEABLE BATTERY PACK - The 8-hour, rechargeable battery pack is perfect for the user who needs true portability. Using this battery pack with the GO COOL means you no longer have to be confined to an electrical outlet or vehicle lighter receptacle. The battery pack makes it ideal for outdoor use, those unexpected power outages, and more!

P/N 13-07449 .....**$164.95**

FUEL HAWK FUEL GAUGES

The Fuelhawk is just 11" long, clear lightweight and unbreakable. It's easy to use and gives an instant readout in gallons usable. No more guessing. These handy devices offer the answers to these very important questions: 1.How many gallons of usable fuel are remaining in the tank? 2.How much fuel can be added without going over gross weight? 3. Are the aircraft fuel gauges working & accurate?

SOFTWARE – STEP STOOLS

VFLITE CFI ITOOLS INSTRUCTORS GUIDE - WINDOWS

CFI iTools is a growing software set that enables live training and student practice. Each one of the tools has a specific purpose, and when used together help to focus training, reducing the time that it takes to understand key topics. These tools take Flight Instructor led training to the next level. All of the software can operate as a stand alone program, or integrate into a Power Point presentation. Windows compatible only.
Features: • Navigation Tool • Holding Tool • VFR Plotter • Circular Flight • Lighting and Glideslope Trainer P/N 17-00210 .....**$23.50**

VFLITE WEIGHT AND BALANCE VISUALIZER - WINDOWS

Using the new VFLITE Weight & Balance Visualizer, pilots can learn to quickly calculate the weight and balance of their favorite aircraft and save configurations for later use. The system allows pilots to visualize the loading condition from a profile view, arm, and moment charts. The software uses input boxes to select exact weights, and includes weight and balance references and training tutorial. The "My Presets" feature allows you to store weights for passengers, baggage, and favorite fuel levels. Once they're stored, simply drag them from the list and drop them on the seats or fuel slider.
The Windows program comes with a free weight and balance tutorial to help you master the fundamentals. Simply enter the aircraft data using intuitive input buttons or typed text, and the program provides: Total Weight, Moment View, Arm View, and Aircraft Profile View. If the aircraft is out of limits, simply click on the fields to change the weights. The chart of aircraft arm or moment is graphically displayed.
P/N 17-00217 .....**$23.50**

BIRD DETERRENT BIRDXPELLER PRO VOL.1

The BirdXPeller Pro uses actual species-specific distress cries and can be set for any or all of a variety of birds including pigeons, sparrows, starlings and gulls. Volume, time-off periods, and random calls can be varied to keep the birds away. The unit measures 10" x 3" x 10" and weighs 4 lbs. The directional speakers cover up to an acre in an oval pattern. The unit comes with an AC adapter cord but can run off a 12 volt DC battery if needed. NOTE:Vol.1 is only for pigeons, starlings,sparrows and gulls.
P/N 13-00091.....**$258.95**

PRO PILOT LANYARD KIT

Black heavy duty detachable nylon lanyard is 20 inches in length from the top of the lanyard to the bottom of the J-hook. The detachable portion is short in length (approximately 2 ½ inches) Flashlight: The black and silver Garrity Lithium L.E.D. is the brightest, whitest single light available. It features an L.E.D. light. It provides years of intermittent light or more than 23 hours of continuous light. The Diode lasts 100,000 hours. The flashlight attaches to the J-hook. Badge clip/ universal grabber: The alligator-type badge clip has a black strap (snaps open and closed) permanently fixed to it that swivels. Connected to the strap withstanding up to 5 pounds. Earplugs: The Howard Leights NRR (Noise Reduction Rate) is 33 decibels. Highest rated disposable ear plugs on the market P/N 13-06336.....**$19.95**

FOLDING AIRCRAFT STEP STOOL

This sturdy step stool is made of oak veneer over hardwood and provides a spacious 11"x11" square standing area. The stool is 16" high and features nonskid strips on the standing area. The precision crafted stool opens and closes easily and measures only 2"D x 12"W x 19"L when folded for storage in baggage compartment or under the seat of your aircraft. Weighs only 4lbs. Lightweight, compact, and very strong, this stool is idea for use around general aviation aircraft. P/N -13-04281 .....**$42.95**

SHURE-STEP® II

The Shure-Step II is a 10 inch high step stool that will not tip or slip during use for aircraft maintenance. This step stool is rated for 500 pounds yet only weighs 10 pounds. Rubber pads on bottom prevent the step from scratching the paint on an aircraft. Color: Yellow
Features: • 6 large rubber pads on bottom • Very rough top surface to keep mechanics safe • Ice cleats keep the step from sliding during icy winter conditions • The Shure-Step II is a stackable step stool • Weight: 10 pounds P/N 13-11219 .....**$98.50**

SHURE-STEP® 2-STEP STOOL

The 2-Step stool is 10 inches high, half is 6 inches high.
Features: • Durable, lightweight, and stackable • Shure-Step® will float • All Shure-Step® products are rated at holding 500 lbs.
P/N 13-11585.....**$114.95**

SHURE-STEP® SENIOR STEP

The Senior Step is 6 inches tall, weighs 9 lbs., rated at 500 lbs. and measures 24" x 14". Step has a large, 10" x 20" black non-slip sandpaper surface on top of it.
Features: • Durable and lightweight • Senior Step can be stacked on top of the Shure-StepII® • Shure-Step® will float • All Shure-Step® products are rated at holding 500 lbs. P/N 13-11584.....**$94.50**

FLIGHT SOUND X - AVIATION HEADSET/USB ADAPTER

Just plug and play ... and you're ready to go! Flight Sound X is designed to be as easy to use as possible - no additional software, no batteries, no external power sources - just one standard USB cable. Just 'plug and play'! When users have finished with the device, simply unplug it, and the computer will revert to its original audio settings. The Flight Sound X adapter is a great accessory for any pilot! Features: USB 1.1 and 2.0 compatible. Plug and Play with Windows 7/Vista/XP and Mac OS X. Uses standard General Aviation headset connectors (PJ-068 and PJ-055B). Supports headset impedances of 100 to 600 Ohms. Supports Mono and Stereo Headsets. Compatible with standard microphone types (electret, dynamic and powered dynamic) Specifications: Powers microphone bias (+9V) from USB port (no external power needed). Zero delay voice feedback/sidetone feature (PC/Mac only). Output frequency response (20Hz-20KHz). Weight: 100g. Size: 65mm(L), 55mm(W), 25mm(D). Compact, robust, anodised aluminium enclosure.

GPS TRAINING SOFTWARE FROM ASA

GPS Trainer Version 2 is a tutorial to help pilots master GPS from their desktop. For the renter confronted with one brand of GPS one day and another the next; for the instructor who teaches in multiple aircraft; for the aircraft owner who is trying to master the nuances of a favorite navigational tool; for the consumer wanting to search the options before making the buying decision; for fleet and Part 135 & 121 of operators who are required to provide GPS instruction to their pilots. GPS Trainer makes time spent in the Aircraft more effective by providing the appropriate tools to learn the GPS receiver on the ground.• The most popular GPS units are included, pilot scan learn the Bendix/King KLN 89B by AlliedSignal, Garmin GNS530, GPSMap 430, 295 or Apollo GX50/60 all on a single CD • Manufacturers' simulators and operating manuals included • FAA GPS reference materials included •Tutorial runs on both PC & Macintosh systems. P/N 13-01074 ..... **$48.75**

MY KIT AIRPLANE SOFTWARE CD

Written for XP and VISTA

Consists of several modules for individual functions. These modules include the Main Menu, Project Entry, Primary Project Selection, Construction Information Entry, Expense Entry, Flight Information Entry, Maintenance Information Entry, and Weight & Balance Tool. Also included are forms for entering Advisor and Category Information. The unique Suppliers Information form contains fields for just about any information you wish to keep track of. There is also a very complete FAA page that contains all the FAA information necessary for you to build, certify, and get your FAA Airworthiness Certificate for your Experimental or Light Sport Aircraft. In addition there is a very comprehensive file of information on Light Sport Aircraft and their construction and operation.Fully tested in XP and VISTA! Does require XP to have SP2 installed.
P/N 13-04694 .....**$64.50**

MECHANIC'S TOOLBOX CD

Software for the mechanic to help make youre job easier! Also includes the Engineering Manual Companion, Part number cross-references Torque Wrench Extension Calculator Continental and Lycoming engine troubleshooting, Battery Tester, Slick magneto, Aircraft bolts, screws and rivets. P/N 13-03463 .....**$39.95**

THE NAVIGATION CD-ROM

The Navigation CD-ROM is an interactive CD-ROM that teaches how to navigate with VOR, NDB, GPS, HSI, RMI, and Airspace! You'll be prepared for action in the cockpit! Animation, sounds, quizzes and interactivity allow you to visualize navigation concepts while using simulations of actual aircraft equipment. To make learning easy, each tutorial features an easy-to-use point-and-click environment. During each tutorial, you're prompted where to click, when to proceed and what information to provide during quizzes. If you need more time learning a concept, it is easy to review the section at hand. This CD-ROM features a logical progression, clearly written lessons, quizzes, interactive equipment simulation, colorful graphics and animation. System Requirements: Windows Vista, Windows XP, Windows 98, or Windows 95. 4MB RAM (8MB recommended). CD-ROM drive. 2MB hard drive space. Video supporting 256-color mode (minimum). Sound card (not required, but recommended).

Download Version .....P/N 13-11401 .....**$95.00**

VOR/NDB SIMULATOR V2.0

On-screen instructions are fully-voice-narrated. There's only one Simulator Module—you can choose any array of instruments to use, from the Instrument Manager. Instruments are draggable, allowing you to arrange them as they exist on your aircraft's instrument panel. VOR and NDB navigation can be performed simultaneously on the same screen. "Random" buttons generate random aircraft heading, navaid positions, aircraft position, and wind speed and direction Hide and show the aircraft, course lines, path flown, and heading vectors. The instruments and map area can be printed by the default printer configured on your computer. Grid lines on the map area represent square miles. ADF instrument allows fixed-card and rotatable-card methods of use. Precision movement of the course needle on the Course Deviation Indicators and Horizontal Situation Indicator allows greater navigation accuracy. Compass rose symbol on VOR navaids now remains stationary when the course is changed P/N 13-01437 .....**$69.00**
Download Version .....P/N 13.-11402 .....**$64.95**

GETTING AROUND ON THE GROUND

Teaches types of airport markings, signage and lighting. Goes beyond simple technical knowledge by outlining hazards, safely tips & procedures that will help keep you aware, knowledgeable & safe on the ground. Full sound narration to make learning easy. 3D graphics that show the airport environment from ground view. Skills for preventing runway incursions Complete descriptions and visuals of airport markings, signs, and lighting. Methods of incorporating knowledge of markings, signs, and lighting in your flight operations Ground procedures. Safety "Quick Tips" that you can use immediately. Case Studies of real-world runway incursion incidents and accidents. Printable documents from NASA and the FAA. Contains: 3 hours of narrated instruction, 15 instructional sections, 125 original 3D graphics and animations, 40 quiz questions, 17 "Quick Tips"

AIRBORNE RADAR ONLINE TRAINING

Airborne-Radar.Com is an online course that teaches how to use airborne weather radar. But, it goes beyond the use of airborne radar, teaching thunderstorm theory, hazards of thunderstorms, airborne radar theory, and airborne radar techniques. A Final Exam concludes the course, enabling the user to test their knowledge. Airborne-Radar.Com is available to PC and Mac users. Most seasoned professional pilots will admit that there has always been a lack of adequate weather radar training. The mantra has always been, "fly the airplane, and figure it out as you go." But there's no reason to continue with that mindset. Now Airborne-Radar.Com provides the only source of thorough, interactive online training for airborne weather radar. .....P/N 13-10296 .....**$99.00**

FLIGHT OF VOYAGER CD (DICK RUTAN)

This is a recount of the horrific, horrendous, heroic & humorous moments of the Voyager project through the eyes of the pilot Dick Rutan. On Dec. 14, 1986 Voyager took off from Edwards AFB in California and 9 days later landed at the Edwards, completing the first ever non-stop, unrefueled world flight. This 3-CD set (3.5 hrs) includes a mini journal map of the flight, historic photos, fun facts, & more. P/N 13-01163 .....**$35.00**

PS

PANEL PLANNER
INSTRUMENT PANEL DESIGN SOFTWARE

Panel Planner software gives you the power to design and build instrument panels in record time. Simply drag full-color, photo-realistic instruments, avionics, and cockpit controls into place on an aircraft panel template or photograph. Panel Planner tracks total cost, total weight, and peak current, generates and equipment list, and even prints actual-size hole-cutting templates and color mock-ups. Panel Planner is easy to install and use with its continuous context-sensitive help to guide you every step of the way. The updatable database includes equipment from King, Narco, Sigma-Tek, David Clark, P.S. Engineering, Insight, Garmin, IFR, II Morrow, UMA, Mitchell, Trimble, Arnav, S-Tek, Century, Vision Microsystems, Avidyne, Digifly, Skyforce, and many more; PLUS switches, lights, control cables, vents, circuit breakers, trim indicators, etc. Create labels, color-coded annunciators, or placards.

PANEL PLANNER PRO (2.9 VERSION)

Our largest update yet! Over 120 megabytes of updated instruments and panels. Panel Planner Pro is designed for the aircraft owner and the homebuilder. Panel Planner gives you the power to design and build instrument panels in record time. Simply drag full-color, photo-realistic instruments, avionics, and cockpit controls into place on an aircraft panel template or scanned photograph. Panel Planner tracks total cost, total weight, and peak current, generates an equipment list, and even prints actual-size hole-cutting templates and color mock ups with your desktop printer.

JEPPESEN FLITESTAR FLIGHT PLANNING SOFTWARE

The current version of FliteStar calculates the optimum altitude based on total distance, winds aloft and your aircrafts performance. Experiment with different temperatures, power settings & altitudes and see their effects on performance. Comes with many popular aircraft already installed, including light piston, turbo-prop and jet aircraft. Do "what if" simulations, calculate weight & balance with graphic feedback. The only flight planner with the accuracy of a Jeppesen NavData database. You get every navigational chart at your fingertips. Zoom from continent-wide overviews down to half mile details. Roam across charts with a mouse, select way points by pointing and clicking. View victor airways, VORs, NDBs, intersections, airports, and frequencies. Enter winds for each flight leg, or retrieve them over your modem from Jeppesen. Do weight and balance, speeds, performance, and fuel burn with graphic feedback. Exclusive flight engineer module lets you do "what if" aircraft performance analysis. Optional subscriptions database updates from Jeppesen Sanderson. Change your route by "stretching" it to any other waypoints on the chart. Create user waypoints on the fly by just pointing at the area of the chart and holding Atl key. Find distance and radial from any point on chart to another point by simply pointing at each point on chart. Compute airway and MEAs between VORs for any route manually or automatically. Find common airways between any VOR and/or intersection. Enter winds for each flight leg, or retrieve them over your modem from Jeppesen. Minimum System Requirements: Computer & Processor: 1 GHz processor or faster. Memory: 1 GB. Hard Disk Space: 5 GB. Operating System: Windows XP SP3 or Vista 32-bit. Display: VGA 1280 x 1024, 24-bit color display. 600 dpi Windows compatible printer

MAX TRESCOTTS G1000 CD-ROM COURSE

There is a revolution sweeping through general aviation. All new aircraft ship with advanced glass cockpits and pilots are faced with the challenge of transitioning to these new systems. The most popular system is the Garmin G1000, and now you can master the system yourself with this new CD-ROM set produced by the author of the popular Max Trescott's G1000 Glass Cockpit Handbook.This course includes: More than six hours on two CD-ROM's, Large, full screen views of displays, Movie screen captures of operating knobs, Printable G1000 front panel displays, Tips from factory and Master CFI's, Narration by two CFI's for easy listening, Keyword searchable slides and transcripts, Optional quizzes to reinforce key points, Files that run on Windows, Macintosh and Linux. PN 13-05534 ..... **$87.50**

GARMIN G1000 GLASS COCKPIT BOOK - Learn about all Garmin G1000 features & differences Get the single source of information that educates pilots about all of the features and benefits of flying the Garmin G1000, and how features vary among aircraft manufacturers. Whether you fly a Beechcraft, Cessna, Columbia, Diamond, or Mooney, you'll learn which Garmin G1000 features apply to your particular aircraft. Or, if you're planning to buy a new Very Light Jet (VLJ) like the Cessna Mustang or Diamond D-Jet, this book will help you prepare while you wait for delivery.
PN 13-05533 ..... **$34.95**

MAX TRESCOTT CD-ROM COURSE

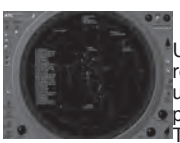
Makes it easy to learn all of the details of flying with WAAS. Designed for the Garmin 430W, 530W, 480, G900X and G1000, the course leads you step-by-step through flying these approaches. Videos demonstrate the flying of actual approaches, and software simulators let you practice loading and flying these approaches. The course is taught by Master CFIs Max Trescott and Susan Parson, who say it covers the "gotchas" that can trick even experienced GPS pilots. P/N 13-05067..... **$89.95**

KITLOG PRO SOFTWARE

KitLog Pro is an organizational tool that allows the builder of any type of aircraft to create, archive, maintain, and display the entire building process. Whether your experimental aircraft is a plans-built EAA bi-plane, a Van's RV, a Glastar, or even a Lancair IV-P, KitLog Pro is the most efficient way to ensure that you meet the requirements of a builder's log for the certification of your homebuilt aircraft.
Features: • Complete Builder's log to satisfy FAA requirements
Detailed Expense Log •Test Flight Log • Maintenance Log • Weight & Balance Calculator P/N 13-03705 ..... **$49.95**

REX 2 FLIGHT SIMULATOR X SOFTWARE

Announcing Real Environment Xtreme™! A first of its kind product... a complete photo-realistic, hi-definition professional graphics package for Microsoft's Flight Simulator series created entirely from state-of-the-art photography. INCLUDES their NEW built-in Weather Engine and Flight Planner! The texture sets within Real Environment Xtreme™ coupled with the powerful NEW Weather Engine and Flight Planner provides for an exhilarating and realistic experience. Real Environment Xtreme™, code named REX, has taken almost two years of research & development to reach the level of detail that exists today. P/N 13-08039 ..... **$52.50**



ATC SIMULATOR 2

Unlike other ATC sims, ATCsimulator®2 does NOT require an internet connection, nor is it dependent upon another application, and/or another user. This product is completely, unequivically stand-alone! The way software should be! ATCsimulator®2 is the premier Air Traffic Control simulation on the market for the PC. ATCsimulator® has been at the forefront of ATC simulation since Feb/2001, and is still going strong. ATCsimulator®2 allows you to immerse yourself in the mysterious world of air traffic control. This is as close to the REAL THING! as you can get. ATCsimulator®2 allows you to take on the role as Approach or Departure controller at your choice of over 120 Terminal Radar Approach Control facilities of the United States National Airspace System (NAS), or TRACONs as they are more commonly called. Your goal is to allow for the "safe and expeditious" flow of air traffic. It is your job to assist the pilots arriving at airports inside your airspace boundaries by lining them up for an approach (preparing for a landing). It is also your job to assist pilots departing your airspace by handing them over to the Air Route Traffic Control Center (ARTCC) controller at the appropriate time or fix location.

Standard Version..... P/N 17-00019 ..... **$41.75**

AVIATION SOFTWARE

VFLITE WEIGHT & BALANCE VISUAL

With our easy to use system, pilots can learn to quickly calculate the weight and balance of their favorite aircraft and save configurations for later use. The system allows pilots to visualize the loading condition from a unique profile view, arm, and moment charts. The intuitive software uses easy input boxes to select exact weights, and includes weight and balance references and training tutorial. Perfect for all pilots from student to seasoned professional. The unique "My Presets" feature allows you to store weights for passengers, baggage, and favorite fuel levels. Once they're stored, simply drag them from the list and drop them on the seats or fuel slider. Will a spreadsheet do that?

ExpandablePurchase additional aircraft modules for all of the aircraft that you fly! Contact us if you do not see your aircraft. This is it! The easiest to use weight and balance application available. The program comes with a free weight and balance tutorial to help you master the fundamentals. This tutorial makes it easy to use the program. Simply enter the aircraft data using intuitive input buttons or typed text, and the program provides: Total Weight, Moment View, Arm View, and Aircraft Profile View. If the aircraft is out of limits simply click on the fields to change the weights. Unlike other programs, there are no complicated instructions or data points to build. The chart of aircraft arm or moment is graphically displayed.

SEE www.aircraftspruce.com for a list of supported aircraft.

WEATHER STATEMENT GROUNDSCHOOL

Weather Statement Groundschool is a CD-ROM-based course on METAR's and TAF's. Nearly 2 hours of stunning, interactive training is provided. Weather Statement Groundschool promotes learning through human interaction—not just rote memorization. A remarkable feature is the interactive weather controls, which enable the user to "control the weather." For example, the user can specify wind speed, gust factor, direction, and other variables, and can then view how the weather statement displays this information. Since weather codes are confusing to interpret, the user can click the "Speak-It" button to hear a verbal translation. This allows the user to correlate codes with a true, visual picture and understanding of the weather. This tutorial CD is perfect for all pilots, from students to rated pilots who wish to remain sharp and proficient. It's also ideal for airport personnel, dispatchers, and anyone else who needs to view aviation weather information.

MULTIMEDIA SOFTWARE FLITESCHOOL

In terms of speed, graphics, clarity, and learning value, FliteSchool from Jeppesen Software is unequaled in its class. Much more than a series of "flash cards" that help you memorize the answers to FAA exams, FliteSchool provides programmed learning modules and Hypertext referencing that leads through a series of associated references to learn more, faster! Flite School's Dynamic Cybernetic Learning enhances your training by analyzing your responses and leading you to new subject areas. You'll find studying with FliteSchool to be more interesting and more effective than other software programs and many video tapes. Material is organized into 20 categories and monitored by topic. The software takes you step-by step through each subject area and returns to areas where you need more work. When you've mastered enough material to pass the FAA exam, you receive a graduation certificate for your instructor to sign off.

WINN BALANCE

This software was originally designed for the Ultraligh / Experimental aircraft builder/ designer to assist in weight and balance calculations, it also works well on conventional aircraft. It is Great everyday flight planning as well. It will run on Win95/98/ Me/2000/XP. The program interface is designed so that the CG and weight of your aircraft is automatically calculated with a minimum of effort.

MAIN SCREEN - This main screen contains all calculation input and dynamically displays real-time results. Hint screens are also of valuable assistance on this screen.

HELP SCREEN - Help is never far away, This help screen gives you all the information you will need to perform an initial weight and balance. It describes the entire process of how to weigh your qaircraft and some of the formulas to help you along the way.

SECONDARY INFORMATION SCREEN - This screen stores all your aircraft's installed equipment which forms a portion of your empty weight. This information is retained until you remove each item. It serves as a reminder as to what exactly was installed in the aircraft at the time of weighing. P/N 13-05599.....**$19.95**

JEPPESEN AVIONICS KNOWLEDGE LIBRARY

Master you GPS unit with Jeppesen's interactive e-learning for Garmin® GPS systems and Lowrance® Handheld GPS Systems. Jeppesen's advanced, self-paced digital learning programs provide training on all operational aspects of you GPS unit. It's the easy, proven way to get confident with all that you GPS has to offer. Key Features include: • Scenario-based, guided simulation • Realistic Emulator • Detailed, narrated demonstrations. • O-screen help and feedback systems. Discover te best way to use the full power of your avionics system compared to heads-down, in cock-pit training

FIRST SOLO SOFTWARE: INSTRUMENT RATING ORAL EXAM PREP

The Instrument Rating Oral Exam Prep, Version 2.0, features: 455 typical questions asked in the oral part of the practical exam many with graphical illustrations. Records questions learned and repeatedly drills on unlearned questions. Tracks progress both overall and within each of the eleven main topics. Content created by an ATP-CFII with over 35 years of flight experience. Question topics include: Federal Aviation Regulations, Airspace, IFR Charts & Approach Plates, IFR Procedures, Aircraft Engines & Systems, Flight Instruments, Avionics & Navigation, Airport Operations, Weather, Emergencies and Human Factors.

System Requirements: Windows 7, Vista, XP (SP3), Server 2003, or Server 2008. 1 GHz or higher processor. Approx. 50 MB hard disk space Screen resolution of 1024 x 600 or better. Microsoft .NET Framework 4.0 Client (included in setup.exe if not present on your system) .....P/N 13-09497 .....**$39.95**

FIRST SOLO SOFTWARE: FLIGHT REVIEW PREP

The Flight Review Prep, Version 2.0, features: 213 typical questions asked during a flight review, many with graphical illustrations. Records questions learned and repeatedly drills on unlearned questions. Tracks progress both overall and within each of the eleven main topics. Content created by an ATP-CFII with over 35 years of flight experience. Question topics include: Federal Aviation Regulations, Airspace, VFR Charts, Principles of Flight, Aircraft Engines & Systems, Aircraft Performance, Flight Instruments, Avionics & Navigation, Airport Operations, Weather, Emergencies. System Requirements: Windows 7, Vista, XP (SP3), Server 2003, or Server 2008. 1 GHz or higher processor. VTS MULTIMEDIA TRAINING SOFTWARE

VTS training tools are priced affordably to allow each student to own a personal copy of the software.Each aircrafts systems are covered in detail far surpassing th general information provided in Pilots Information Manual. For example, the electrical schematic is presented on-screen just as it appears in the information manual. But instead of just sitting there looking mysterilous and intimidating, this virtual schematic comes to life with a click of the mouse. Controls and indicators from the cockpit are also available on-screen, creating an animated simulation of the entire system.

ASA IFR SIMULATORS

IP TRAINER VERSION 7.0

IFR Procedures Course

IP Trainer is the only IFR simulator with a foundation of artificial intelligence in the form of a virtual instrument flight instructor (CFII), the only interactive courseware designed exclusively for instrument students, and the only program that can compare its knowledge of the Instrument Practical Test Standards against a student's real-time flight simulation performance. Most importantly, while you're using IP Trainer to build a solid foundation of instrument skills, you'll also be saving money. IP Trainer users consistently attain their Instrument Rating with less dual time and with less expense than students who rely on traditional methods alone, saving an average of $1,000 in their total training costs for the rating. With a built-in CFII, spoken ATC guidance, the comprehensive Instrument Flying textbook by Trevor Thom, and a full complement of IFR lessons, IP Trainer is the single best way to bring instrument training home.

IP Trainer version 7.0.....P/N 13-50100 ..... **$169.95**
IP Trainer V7.0 bundled w/ On Top™ .....P/N 13-00656 ..... **$269.95**
Demo On top/IP Trainer, prepware, GPS Trainer, Flight Library & CX-2

ON TOP™ IFR PROFICIENCY SIMULATOR

Inside On Top you'll find five of the most popular aircraft ever built. There's a Cessna C172, C182 and C182RG, and Piper's Warrior and Arrow. Also included are the Lancair Columbia 300, the Mooney MSE, and Beechcraft's Bonanza V-35, Beechcraft Baron 58, and Beech's 1900D twin-turboprop. Each model utilizes precise flight dynamics algorithms, right down to the deadly assymetrical thrust you'll experience should you lose an engine in the Baron. Now, you can test your skills against the reality of single-engine IMC in a light twin, or a twin-engine turboprop. This and other aircraft setup parameters are available for all aircraft. Each aircraft panel is rendered with a next-generation graphics technology that makes every gauge, pointer, tick-mark and knob on your panel as true-to-life as a computer can create. Couple the "Photo-realistic" graphics effect with On Top's precise mimicry of real aircraft instrumentation and you're as immersed in your simulated flights as you are in your actual flights. There's realistic sound effects, like radio idents, marker beacons, gear and flap extension, and tire sounds. You'll find panoramic out-the-window views, accurate runway lighting and haze layering. You'll even see the rivets across your wings as you look right or left on a circling approach, all with enough realism to make you sweat. Full instrumentation, like programmable GPS, HSI, RMI, Moving Map and auto pilot is just half of it. In On Top, you decide what instruments you fly with, and you decide where they'll go. Some IFR sim makers decide years before you ever get your copy what kind of equipment you'll fly with and where it will go in your panel, but in On Top you can change it every time. On Top's Real-World Weather is as variable as tomorrow's weather. Define winds aloft and then surface winds, then dial in degree of swing and speed of gusts. Create turbulence, cloud bases and visibility with as much variability as you can handle, so you'll never know if you'll have to fly the missed approach until you get to the bottom of the funnel. And best of all, make your virtual conditions stable, deteriorating, improving or randomly changing, over any given time frame. In the real world, getting your procedures down pat with a methodical and practiced scan is just the beginning, and there's always more to learn.

On Top™ version 9.5.....P/N 13-06175.....**$129.95**
On Top™ V. 9.5 bundled w/IP Trainer ....P/N 13-00656.....**$269.95**

THE COMPLETE G1000 COURSE FROM ASA

The Complete G1000 Course will help you transition from steam-gauge "round dials" to the Technically Advanced Aircraft (TAA) glass cockpit environment. This interactive software allows you to practice becoming proficient in operating the G1000 from the safety and privacy of your home or office computer.

The intuitive software interface makes this as easy to use as reading a book. Computer learning tools in the form of cockpit representations and demonstrations of the tasks combine with a Part 141 and and FITS-compliant G1000 course, which is given by Skyline Aeronautics and in forums around the country. In this way the software teaches you how to safely and efficiently use the G1000 without running up the Hobbs! P/N 13-04346 ..... **$47.95**

ASA INSTRUMENT REFRESHER SIMULATOR

Instrument Refresher is specifically designed for instrument-rated pilots to get some dual on the maneuvers required to maintain currency. Everything necessary to be fully prepared for your next Instrument Proficiency Check (IPC) is here. Build confidence in your instrument skills and get over the refresher hurdle with the guidance of our qualified and knowledgeable virtual CFII. Intercept / track NAVAIDS, holding procedures and approaches are all supported with interactive lessons. Use Instrument Refresher to stay fresh on the 6-month instrument currency requirements! PN 13-04264 ..... **$77.65**

HARDWARE OPTIONS FOR ON TOP AND IP TRAINER

FLIGHT SIM YOKE USB - Top of the line yoke features 15 button functions, throttle, prop, mixture controls, X&Y trims, gear and flap switches. Requires USB computer connection and Windows 98®. Prop and mixture controls work only with Fly and FlightSim 2000 software.

P/N 13-00737 ..... **$114.95**

CH ECLIPSE YOKE - Fully programmable fingertip paddles, ideal for flight and racing sims. Programmable trim / scroll wheels with center push function. Two backlit push buttons and a third traditional push button. Two 8-way hat with rocker switch and trigger on both sides of handle. Configurable POV hat for either left or right hand use. Colored handles for throttle / prop / fuel mixture. Three color LED selector dial giving you a total of 240 programmable functions with CH Control Manager software. Six analog 10 bit axes for aileron, elevator, throttle, propeller pitch, fuel and rudder. New and improved industrial grade material / components; indestructible robust plastic, free floating shaft and clamp extenders for the thinnest of desks P/N 13-06127 ..... **$189.95**

CH PRO RUDDER PEDALS USB - Features forward/backward slide motion for real simulation flying. Also works well as gas and brake controls for racing simulators. These 3 axes pedals are ideal with the 5 axes USB Flight Sim yoke. P/N 13-00738 ..... **$109.95**

Kit #1 - Yoke and Rudder Pedals.....P/N 13-06766 ..... **$209.95**
Kit #2 - Yoke, Rudder Pedals, & Throttle Quadrant, & Microflight Simulator Software (PN 13-04958) .....P/N 13-06765 ..... **$262.95**

CH THROTTLE QUADRANT USB - TWIN ENGINE. Fully programmable and featuring six physical dent axis' and up to 350 buttons. Throttle Quandrant USB takes you from the computer to the cockpit. Features: 6 Axis 12 Buttons (24 Button functions w/Control Manager Software (included), 6 Physical Detents, Fully Programmable with CH Control manager, Compatible with Windows 98, Windows ME, Windows 2000 & Windows XP. Compatible with all Windows based Games.

P/N 13-03377 ..... **$115.95**

VRTR400 CONSOLE SIMULATOR

The VR Aircraft VRTR400 Console Simulator offers the ultimate in realism, flexibility, mobility, reliability, and cost effective flight training! This high quality instrument panel simulation system represents what you would find in a real single engine aircraft. The VRTR700 is as real as it gets! With today's rapidly escalating operating costs, you can keep flying without burning a drop of fuel, or worrying about the weather. With a small 42" x 18" footprint, the VRTR400 Console simulator will fit in very compact areas, on a desk or small table. Built to rugged specifications, VR simulators will give years of trouble free service. VR simulators are built tough enough to let big kids and non-pilots fly it HARD! Not supplied: PC Computer system capable of operating Microsoft flight simulator 2004 or FSX. Suggest 2.2ghz or higher 2Mb ram Video card(s) capable of having three video outputs. Microsoft flight simulator program Rudder pedals (USB)
VRTR400 Standard Radios..... P/N 13-06760.....**$8,750.00**

MICROSOFT FLIGHT SIMULATOR AS A TRAINING AID

Microsoft® Flight Simulator has inspired many thousands of young "gamers" to pursue flight training in real life and has provided certificated pilots with countless hours of entertainment. And even though there is an awareness that PC-based simulations—and Microsoft Flight Simulator in particular—are helpful as aids in flight training and pilot proficiency, for many it is still unclear how best to benefit from the experience of virtual flying. P/N 13-04937..... **$19.95**

MICROSOFT FLIGHT SIMULATOR X DELUXE EDITION

"Flight Simulator X" is the culmination of nearly 25 years of the landmark "Flight Simulator" franchise and the most significant addition to date. The 10th addition to the highly successful "Flight Simulator" franchise, this newest addition will immerse players in a beautifully rich and realistic world, offering a completely new and innovative gaming experience with dozens of new aircrafts to choose from, including the AirCreations Kiss Ultralight and Maule M7-260C Orion with wheels and skis. Gamers of all ages, types and skills levels will experience firsthand what it's like to be an aviator traveling the globe either alone or online with others. FEATURES: Immersive World., Mission-based Gameplay, New Aircraft, Connected World, Interactive Airports. ***DVD-ROM for the Microsoft© Windows © 98, Windows 2000, Windows Millennium Edition (Windows Me), WindowsXP and Windows Vista™ operating systems*** P/N 13-04958..... **$49.85**

ELITE V8.5 FLIGHT TRAINING SOFTWARE

or years, professional pilots had no choice other than to maintain IFR proficiency in an expensive full flight simulator. By introducing the world's first professional PC-based airliner-class simulator, ELITE offers a completely new way to practice IFR procedures to keep skills sharp.

ELITE Pilot Premium is used as an evaluation, instruction and training tool by, corporate flight departments, flight schools, regional and national carriers and universities. The built-in power is such that you can experience on your home computer a simulation performance that matches the actual aircraft. P/N 13-07341.....**$489.95**

ELITE Pilot Core V8 s the best value in PC-hosted IFR training. We know that few students start instrument training in complex aircraft and that training costs need to be kept as low as possible. If you don't fly high performance aircraft, the ELITE Pilot Core is the perfect choice for your training needs. P/N 13-07342.....**$189.95**

PS

SAITEK FLIGHT SIMULATION

SAITEK CYBORG V1 FLIGHT STICK

Ergonomic, ambidextrous stick with trigger and five buttons – all positioned for instant access in the heat of battle. POV switch – easily change cockpit views to keep track of your enemies. Pinkie switch operates as a normal control or can be programmed as a 'shift button' to double up your control functions. Throttle lever for smooth, realistic engine control. Twist action rudder control. Unique removable legs for easy storage. Supported by Saitek's powerful SST programming software. Compatible: Windows 7, XP/XP64, and Vista. P/N 14-02844 ..... **$24.95**

SAITEK AVIATOR BY SAITEK

Features include joystick with dual throttles and rudder twist, Trigger, covered rocket launcher, two fire buttons, 8-way POV hat, four base toggles(eight commands), and two-position mode switch for up to 40 programmable commands using Saitek Smart Technology (SST) software. P/N 14-02683 ..... **$37.50**

SAITEK AVIATOR FOR XBOX 360

The Aviator gives you total accuracy and complete control, improving the way you play air combat games, heightening realism and enhancing gameplay. 3 buttons, heavy duty trigger and POV analog stick. 2 buttons, Start and Select and D-pad. Dual mode switch - changes control layout to support different games. Communicate with your wingmen online with integrated Xbox Live® headset connector. Large, flat base gives total stability Compatible: Windows 7, XP/XP64, and Vista.
P/N 14-02843 ..... **$59.50**

CYBORG F.L.Y. 5 FLIGHT STICK

Tilting head mechanism. Adjustable head buttons – Move the button set 'in-and-out' to achieve the perfect distance from your thumb. Adjustable handle height . Adjustable handle angle – Position the handle standing straight up or leaning forwards to suit the way you play. Adjustment tool – Stores securely in the stick base. Twin Throttle – Control separate engines or assign one throttle to the engine and the other lever to another function such as elevator trim. Shift button – Doubles up the number of assignable buttons on the Cyborg X when using the included ST Programming software. 12 buttons – All your main flying and combat commands at your fingertips. P/N 14-02958 ..... **$64.00**

SAITEK F.L.Y. 9 WIRELESS FLIGHT STICK FOR XBOX 360

Alter the following: Handle Length, Handle Rake Angle, Head Angle, Button Position. Throttle and twist rudder controls for complete maneuverability. Unique base design features removable feet. Wireless connection syncs quickly and easily with your console. Superior control for your flight games! P/N 14-02842 ..... **$129.99**

SAITEK X52 FLIGHT CONTROL SYSTEM

Enhanced game play through intuitive Multi-Function display (MFD). Illuminated buttons and MFD - ideal for low light environments. Rubber grips and ergonomic design for increased comfort and fatigue-free gaming. Includes Roger Wilco Chat software - the ideal accompaniment for on-line multiplayer gaming.
P/N 14-02845 ..... **$99.95**

SAITEK X52 PRO FLIGHT SYSTEM

The MFD screen is now interactive. Now you can display important in-game information such as the Radio Stack and interact with your games directly. Shipping with support for Microsoft's Flight Simulator X, there's also a Software Development Kit (SDK) included which allows budding programmers to create interactions with their own favorite games. P/N 14-00649 ..... **$169.95**

SAITEK PRO FLIGHT X-65F COMBAT CONTROL SYSTEM

The number of controls available will cater for any pilot's needs. Fast, accurate and realistic response that will make you the ace in your squadron. With no moving parts and a shaft that is made from high grade steel, this provides incredible reliability and longevity. P/N 14-02846 ..... **$379.95**

SAITEK PRO FLIGHT YOKE SYSTEM

Meets the exacting needs of the true flight simulation enthusiast. Stainless steel shaft, ergonomic controls, integrated chronograph and separate throttle quadrant. Use the integrated USB Hub to easily connect other parts of the Saitek Pro Flight range of products, such as additional Pro Flight Throttle Quadrant or Pro Flight Instrument Panel (sold separately). P/N 14-00598 ..... **$149.95**

SAITEK PRO FLIGHT THROTTLE QUADRANT

Upgrade your flight simulation experience with the Saitek Pro Flight Throttle Quadrant. This makes an ideal addition to the Saitek Pro Flight Yoke System to expand the number of controls for your flight simulation setup. Set the levels to control aircraft throttles, adjust elevator trim, fuel mixture or even to engage reverse thrust during landing. The Pro Flight Throttle Quadrant will work in any major flight simulation to give you all the control you need.
P/N 14-00601 ..... **$59.95**

SAITEK PRO FLIGHT RUDDER PEDALS

Complete your virtual pilot's controller setup and take flight simulation reality to the next level with the Pro Flight Rudder Pedals. Control the rudder and toe brakes of your aircraft with your feet - just like real pilots. Adjustable, smooth action gives you optimum control and realism, and brings you even closer to the experience of flying a real aircraft.
P/N 14-00602 ..... **$117.95**

PRO FLIGHT COMBAT RUDDER PEDALS

Inspired by pedal designs found in modern fighter aircraft such as the F16 or F35, the Rudder Pedals are constructed from a highly robust Di-cast alloy, providing durability and authenticity for the most demanding of aspiring pilots. Independent left and right brake axis allows for greater accuracy and precision when performing braking maneuvers. Self-centering rudder axis works in conjunction with a user configurable dampening adjuster, allowing users to define levels of pressure required to operate rudder controls.
P/N 14-02849 ..... **$199.95**

SAITEK PRO FLIGHT SWITCH PANEL

Upgrade your flight simulation experience for Microsoft Flight Simulator X with the Saitek Pro Flight Switch Panel. Whether attached to the Saitek Pro Flight Yoke System, free standing on a desk or mounted into your own cockpit setup, the Pro Flight Switch Panel is an ideal way to expand the number of controls for your flight simulation setup. P/N 14-00714 ..... **$99.99**

SAITEK PRO FLIGHT RADIO PANEL

Upgrade your flight simulation experience for Microsoft Flight Simulator X with the Saitek Pro Flight Radio Panel. LED displays work fully in real time with Flight Simulator X and 2004, removing the need to bring the radio stack up on screen. A set of switches and LED displays for use in controlling various aspects of flight simulation. COM1 / COM2 / NAV1 / NAV2 function. DME / ADF / XPDR functions. P/N 14-00969 ..... **$154.95**

SAITEK PRO FLIGHT TPM SYSTEM - THROTTLE/PROP/MIXTURE AXIS

Fully compatible with all major flight simulation titles and pre-existing flight simulation set ups, the Pro Flight Throttle, Pitch and Mixture System replicates the control surface found in light aircraft, such as the Cessna®, Piper® and Money Bravo®. Three durable aluminium rods allow users to accurately alter throttle, pitch and fuel mixture levels and an additional 9 fully programmable toggle switches provide a host of user defined controls during flight. Connectivity: USB 2.0 P/N 14-02850 ..... **$149.95**

SAITEK FLIGHT BACKLIT INFORMATION

Compatible with Microsoft® Flight Sim™ X and Flight Sim™ 2004, the Pro Flight Backlit Information Panel provides users with clear and authentic information during flight. Command tiles not illuminated remain invisible to the naked eye, allowing aspiring pilots to accurately access the information they need, when they need it. Connectivity: USB 2.0. P/N 14-02848 ..... **$149.95**

SAITEK PRO FLIGHT MULTI-PANEL

Upgrade your flight simulation experience for Microsoft Flight Simulator X with the Saitek Pro Flight Multi Panel. LED displays work fully in real time with Flight Simulator X and 2004, removing the need to bring the autopilot up on screen. A set of switches and LED display for use in controlling various aspects of flight simulation. Full Autopilot panel with associated setting controls: Auto Throttle, Flaps, Elevator Trim wheel. P/N 14-00968 ..... **$149.95**

SAITEK PRO FLIGHT INSTRUMENT PANEL

Featuring a stunning 3.5" colour LCD screen, the Instrument Panel can display 6 of the main cockpit instrument panels from Microsoft's Flight Simulator X. Reacting and updating in real time with events from the game, the Instrument Panel brings an extra level of realism to your flight simulation setup. Choose between 6 different flight instruments at the touch of a button: Altimeter, Attitude Indicator Airspeed Indicator Compass Turn and Slip indicator, Vertical Speed. P/N 14-00870 ..... **$149.95**

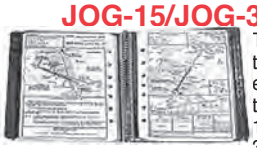
JEPPESEN AIRWAY ACCESSORIES

JOG-15/JOG-30 CHART ORGANIZER



Transparent Pockets are ideal for holding trip charts, flight plans, aircraft checklists, etc. Index tabs & spiral binding make it easy to access the chart you want.
15 pocket..... P/N 13-62116-5.....**$25.00**
30 pocket..... P/N 13-62116-6.....**$38.00**

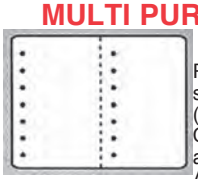
CHART POCKET

Transparent durable vinyl pocket holds two enroute charts. 7-hole punched for binder.
P/N 8063 .....**$11.40**

APPROACH CHART PROTECTOR

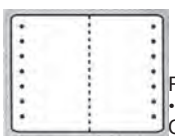
Protection plus. Transparent plastic envelopes protect your most frequently used approach charts, while accepting marks from almost any writing instrument. Easy Erase. Set of 10.
P/N 13-21748 .....**$6.18**

MULTI PURPOSE PRINTER PAPER FOR JEPPESEN BINDERS



Perforated, 7 hole (center & edge) • 500 Letter size sheets • Print up to 1,000 Jeppesen size sheets (5.5"x 8.5") • Create print from your software • Checklist/Procedures • Schedule/itinerary •Phone/address • Pilot Notes • Flight time/ Expense Log • Approach Charts P/N 13-33003 ..... **$15.15**

JEPP VIEW PRINTER PAPER FOR JEPPESEN BINDERS



Perforated, 7 hole (edge only) • 500 Letter Size sheets • Prints 1,000 Jeppesen size sheets (5.5"x8.5") • Create & print from your software – area charts & approach charts P/N 13-33002 .....**$15.15**

JEPPESEN BINDERS

Functional, durable, protects & lasts. Jeppesen's leather binders are made from top-grain cowhide and include steel hinges and safety locks to secure the rings. The sturdy Duraflo binder has the look and the feel of our leather binders. The flo-mold process laminates and binds sturdy, ethylene acetate with a clear tough suryln outer surface. Available in brown and black.
Standard leather 1" Binder. ..... P/N 13-03251 .....**$52.00**
Standard leather 2' Binder. ..... P/N 13-03250 .....**$59.00**
LB-2 Leather, 2" Rings, Stay-Open Bar. ..... P/N 13-21738 .....**$92.00**
PLASTIC BINDERS
PB-2 Denlon wrapped, 2" Rings, No Stay-Open Bar.
P/N 13-21744 .....**$36.00**
PB-1.5 Denlon wrapped, 1.5" Rings, No Stay-Open Bar.
P/N 13-22792 .....**$25.65**

CREW OUTFITTERS AIRWAY MANUAL LEATHER BINDERS

Try these quality, textured leather airway manual binders, available in 1" and 2" versions to meet your needs. The binders come with seven rings that accommodate the standard size airway manual pages and tabs. Equipped with two inside pocket sleeves for even more organization.
1" ..... P/N 14-00555 .....**$11.50**
2" ..... P/N 14-00557 .....**$12.75**

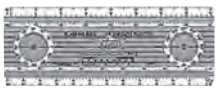
CD-POCKET

Durable vinyl pocket holds 2 CD-ROMs, 7 hole punched for binder. Set of 10.
P/N 13-62800..... **$12.00**

PILOTS NOTES

Write it down! Handy for flight planning, enroute notes. Fits Jeppesen Binders. Pkg of 500 sheets.
Lined Pilots notes..... P/N 13-06806.....**$5.70**
Unlined Pilots notes ..... P/N 13-06805.....**$5.95**
PV-5 IFR Enroute Plotter
Size 3-3/16" x 8-1/2"
P/N 13-21718..... **$9.50**

CHARTABS



Quick reference tabs labeled, "Departure, Destination and Alternate" help you find your place fast. Plastic color coded.
Set of 3..... P/N 13-21752..... **$11.40**

CHART WALLET

Keeps up to 10 enroute charts at your finger tips. Space saving accordion-fold. Made of durable blue vinyl.
P/N 13-21746..... **$7.00**

MULTI-TABS

Make your binder work like you do. Write you own labels to separate you contents. Erasable, reusable. Lines for notes. Set/13. P/N 8455 ..... **$6.65**

INDEX TABS

Simplify Location of desired charts and index sections in your airway manual or trip kit.
Set of Alphabetical Tabs P/N 13-62541-5 .. **$19.00**
Set of Sectional Tabs .... P/N 13-62513-5 .. **$21.00**

AIRWAY MANUAL ACCESSORY PACK

Each pkg Contains: • Chartabs (set of 3) • Approach chart protectors (set of 10) •NavLog/Flight Plan Forms (set of 50) • Multi-tabs (set of 13) • Pilot Notes (set of 25 lined)
P/N 13-62604-6..... **$23.75**

VFR/NAVIGATION LOG PAD

Record all of your flight information in a single convenient log. 50 sheets. Size: 11"x 8.5"
P/N 8846 ..... **$9.95**

NAVIGATION LOG / VFR FLIGHT PLAN FORM

Perfect Flight Planning partner. Features a weather log. Two sided fits into Jeppesen binders for easy in flight reference. Package of 100. Size: 5.5" x 8.5"
P/N 13-21754 ..... **$7.00**

IFR NAVIGATION LOG

Conforms to ICAO standards and recommendations. Standard Jeppesen format. Fits neatly into the Airway Manual Binder.
P/N 13-33005 .....**$8.50**

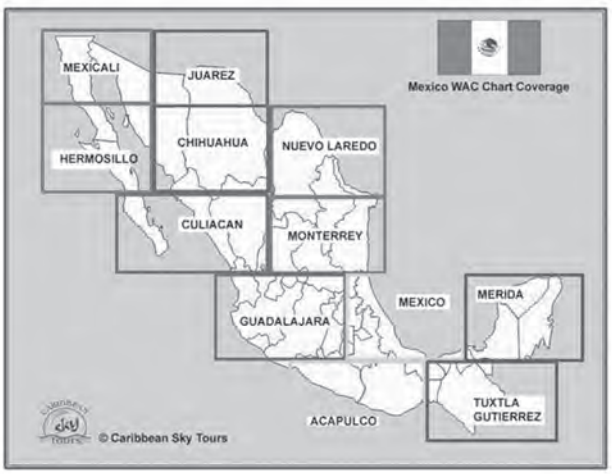
REFERENCE MAPS – AIR MAPS

MEXICO VFR WAC CHARTS



Published by INEGI - Mexico's National Institute of Statistics, Information & Geography. These World Aeronautical Charts (WAC) were released in 2008 and contain topographical, airport and navaid information. Mexico is divided into 12 regions and 2 regions are printed on each chart for a total of 6 individual charts. Updated every 4 years. SCALE 1:1,000,000. Note that aircraft landing in Mexico that departed from Central America, South America or the Caribbean are subject to special AOE requirements and can only use the Cozumel and Tapachula airports as AOE's. Detailed airport information and fuel availablilty can be found in the Pilot's Guide.

Description	Part No.	Price
Monterey-N.Laredo	13-06079	**$14.95**
Acapulco-Mexico	13-06080	**$14.95**
Tuxtla Gutierz-Merida	13-06081	**$14.95**
Chihuahua-Juarez	13-06082	**$14.95**
Hermosillo-Mexicali	13-06083	**$14.95**
Guadalajara-Culiacan	13-06084	**$14.95**

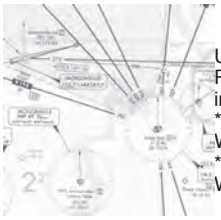
PILOTS FREE FLIGHT ATLAS - USA

Base cartography is the US Road-Atlas 1: 2.000.000 which includes mountain ranges, lakes, rivers, etc. . As well, all other elements such as, cities, towns. Parks and points of interest or historic value and of course, the railways and motor-ways themselves.
To this, they have added all airports in USA (over 5,500) and colour coded them by runway length /surface and category ,ie. International, Regional, Civil/Military, etc.. VOR/DME , Reporting points, Waypoints), Volmet frequencies and special Use Airspace are also shown making our new "Pilots' Atlas" the first of it's kind. Keymap for 106 pages cartography. Scale 1:2.000.000. Distance, Pilot Metro and Weather Radar Map Satellite Photo. Political Map. Cartography Captains Corner Airport Directory with over 5,500 airports. Captains Corner Conversion tables + crosswind component P/N 13-07299.....**$31.95**

PILOTS FREE FLIGHT ATLAS - EASTERN HEMISPHERE (EUROPE, MIDDLE EAST, & SOUTHEAST, ASIA)

JNC scale, topographical charts are used showing over 4,500 airports Waypoints, VOR/DME, NDB´s and special use airspace are included, plus weather frequencies, points of interest, landmarks, airport-directory with ICAO-codes, railways, rivers, major highways, just to name a few. Airports are colour coded by runway length and surface. International/ regional Aerodromes are coded by symbol shape. Pilots now have the ability to point out objects on the ground or know immediately where they are in relation to surrounding airports or points of interest: an all-in-one source of information for pre-flight or during flight. P/N 13-07300.....**$38.75**

IFR AREA CHARTS - U.S.



United States Government Flight Information Publication IFR Area Charts - U.S. Area consisting part of: * **A-1** Minneapolis/St. Paul * Detroit * St. Louis * Atlanta * Jacksonville * Miami * Washington * **A-2** San Francisco * Los Angeles * Phoenix * Denver * Kansas City * Dallas/Fort Worth * Chicago/Milwaukee
P/N 13-00773.....**$4.45**

AVIATOR'S QUICK REFERENCE MAPS

Flight Case Map - US 5th Edition
This is the map that actually started it all and launched our business in 1988. The Aviators' Quick Reference Map has become standard equipment in the flight bags of thousands of professional pilots all over the world and is standard issue to the pilots of several major airlines.
Colorful and accurate, these maps clearly depict state boundaries, time zones, major cities and towns, rivers, lakes, mountain ranges, national parks and points of interest. Also listed are major airports and VOR's (with frequencies for easy identification). Hundreds of interesting state by state facts and figures are listed on the back side. Two finishes: laminated or tearproof. The laminated version has a write-on/wipe-off surface. Either is durable enough to with stand years of use. A great aid for making more interesting PA's. When folded, laminated map measures 10.5" x 16" and tearproof is 8" x 10.75". Both fit perfectly in a flight case. Scale 1"= 90 miles.

Laminated U.S.....P/N 13-05677.....**$28.95**
Tearproof U.S.....P/N 13-05678.....**$28.95**
Tearproof Europe.....P/N 13-05679.....**$28.95**
Tearproof Latin America.....P/N 13-05680.....**$28.95**
Tearproof Alaska w/ Canada.....P/N 13-05687.....**$28.95**

U.S. QUICK REFERENCE WALL MAP

Due to popular demand, we have come up with an extra large version of our popular Aviators' Quick Reference Map and made it wall-size. Perfect for use at home, office, hangar, briefing room, etc.
This map depicts state boundaries, time zones, major cities and towns, rivers, lakes, mountain ranges, national parks and other points of interest. Also listed are major airports and VOR's (with frequencies for easy identification).
It is ideal for flight planning or "pinning" your favorite destinations. Measures 33" x 23" or 52" x 36" and is laminated so that you can write on it and just wipe it off. Makes for an attractive wall mount anywhere! Shipped to you rolled with no creases. Scale: 1"= 55 miles.
Wall Map U.S. Expanded.....P/N 13-05688.....**$39.95**

AVIATOR'S QUICK REFERENCE DESK MAP - US

The same map as the US Flight Case Map, without the folds and a 1 inch border added with lattitudes and longitudes. Heavy map paper and laminate. Full map size: 33 1/2" x 23"
PN 13-05690.....**$30.95**

FOLDED PILOT'S MAP

This map measures 3 feet by 2 feet and is encapsulated on both sides by a rugged 3 mil laminate for durability. The map is extremely detailed and includes hundreds of airports (civil and military), vor's, ndb's, terrain features, national parks, cities, time zones, etc. The back of the map has a very detailed AM radio frequency guide for all 50 states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands. Contains state information including capitals, square mileage, population, and nick names along with each state flag. Great for pilots and aviation enthusiasts. Flight plan information, ATC light gun signals, cruising altitudes, and a crosswind component chart included.

Folded Pilot's Map.....P/N 13-11247.....**$18.75**
Pilot's Laminated Wall Map.....P/N 13-11248.....**$18.75**

AIR TRAVELERS MAP

Intended for the airline or business jet passenger, this flight reference map is designed primarily for trip planning and referencing landmarks of the USA while in flight.
Packed with useful information on cities, parks, highways, and other points of interest from California to Maine.
The folded flight map is printed on durable tear-proof paper and fits perfectly in a seat pocket or briefcase, making it a great gift for the "Frequent Flyer"! Flight Map Measurements: 8 1/2" x 11".
P/N 14-02827.....**$18.95**

PS

MAPS – CHARTS

WEATHERCYCLER WEATHER KIT

This slide chart gives pilots easy-to-understand explanations of weather systems including highs, lows, cold fronts, & warm fronts. The chart shows various weather symbols and provides a guide to become very familiar with aviation weather maps. Laminated for long life. Includes instruction booklet & study guide. Size: 8.5" x 11". P/N 13-29949.....**$9.85**

FULL-COLOR CLOUD CHART

"Clouds: A Guide to the Sky" shows full-color photos of 30 different cloud formations, (with descriptions) and the weather associated with each. 25" x 37" on heavy stock. P/N 3591 .....**$5.95**

SCENIC FLIGHT MAPS

The Scenic Flight Maps give you many different routes for sightseeing to the major landmarks, famous places in Los Angeles and Orange County or San Diego area. The multiple color graphs and route pointers are really easy to read and follow. The map is laminated to keep from daily tears and protects from liquid spill. On the back side, it shows three columns: Route, Need to Know and Sightseeing sections, to better guide you in your travel without confusion or time lost.

Scenic Flight Maps L.A./O.C. ..... P/N 13-05667.....**$11.95**
Scenic Flight MapsSan Diego ..... P/N 13-05668.....**$11.95**

AERONAUTICAL CHART USER'S GUIDE 9TH EDITION

A critical reference tool for any navigator, the ninth edition of the Aeronautical Chart User's Guide presents the most up-to-date information on charts adhering to Visual Flight Rule (VFR) and Instrument Flying Rule (IFR). Hundreds of color images throughout the book are paired with easy-to-understand explanations and definitions. This concise guide allows pilots and students to successfully pre-plan flight paths through any type of environment from man-made obstacles to natural terrain. This updated edition is a great study aid for current pilots who are preparing for additional certification and for potential pilots who are interested in applying for their first license. Number of Pages: 80 Dimensions: 8.5 x 11 x 0.8 in. P/N 13-11595.....**$19.95**

CANADA FLIGHT SUPPLEMENT IFR CHART

The Canada Flight Supplement is a joint civil/military publication. It contains information on Canadian and North Atlantic aerodromes and is used as a reference for the planning and safe conduct of air operations. Features: •General: Tables, legends and associated information pertinent to interpretation of the supplement. •Aerodrome Directory •Planning •Radio Navigation and Communications •Military: Flight procedures and data, including sections on procedures for flight in the USA, North Atlantic and Alaska, air/ground communications and military training routes/areas. • Emergency procedures. •The Canada Flight Supplement, measuring 5 1⁄4 by 8 1⁄4 inches, is available in English or a bilingual format. Data for the province of Quebec and the National Capital Region are presented in French in the bilingual edition.

English Version ..... P/N 13-04424.....**$18.75**
Bilingual Version..... P/N 13-04550.....**$22.95**

PS

V SPEEDERS PILOT CARDS

Set of 5. Provide a quick reference for aircraft data such as useful load, fuel capacity, and all V speeds. These are durable write-on cards. (2"x3.5") which are excellent for instructors and students. Prepare a card for each aircraft you fly and keep them in your pocket.

P/N 13-00463..... **$6.40**

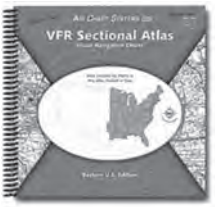
IFR FLIGHT FILE

This handy chart planner and organizer holds NOS or Jeppesen approach plates, SIDs and STARs, and airport diagrams. Easy to load static-hold chart protectors, and fits yoke clips & keenboards. Important reference information relating to IFR departure, enroute, approach, and alternates. P/N 13-55016..... **$19.95**

AIR CHARTS: IFR ENROUTE CHARTS IN A BOUND VOLUME

IFR charts for the 48 contiguous states presented in one 11"x 11" spiral-bound volume. Charts are easier to locate when you need them, and easier to read in their large presentation. Meets FAA/IFR requirements. Included all 13 NOS are charts shown in full size, every frequency servicing every IFR airport, all VORs plotted in position on flight plan chart, Military training routes, planning charts showing major airways, airports, and topographical features for visual or checking. Includes a coupon to receive 1yr of 56-day updates from the publisher at no extra cost. 48 States..... P/N 8339 ..... **$109.00**

VFR SECTIONAL ATLAS



Full-scale, Full-color reproductions of FAA/NACO Sectional Charts. No more hassle of finding charts or worrying about FAA ramp checks. Atlas format with convenient page numbering system eliminates the aggravation of folding and unfolding charts in the cockpit. With Air Chart's exclusive update service, you'll always have current, updated VFR Charts. (see E-Z Updater on reverse) Aeronautical data on Sectional Charts includes all NAV/Comm frequencies, controlled airspace, airport identifiers and restricted areas. Only $99 per year including update service! Eastern U.S. Atlas covers area east of the 97th meridian. Coverage extends westward to include area around Dallas, TX. Eastern VFR atlas.

EASTERN ..... P/N 13-02478..... **$109.00**
WESTERN ..... P/N 13-03170..... **$109.00**
EAST/WEST ..... P/N 13-04382..... **$186.95**

AVIATION TOPOGRAPHIC ATLAS

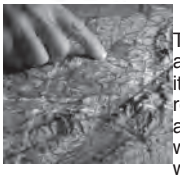
Aviations first full-color chart atlas contains WAC scale charts for the 48 contiguous US states. In addition, all 30 class B Airspace and 130 Class C Airspace are reproduced from Sectional Scale charts. With Air Chart's exclusive NOTAM update service, you'll have current and legal VFR charts for the whole country. Easy to use key chart and page numbering makes navigation within the Atlas simple. You'd have to spend over $400 to get all the charts contained in the Aviation Topographic Atlas. Comes with coupon for 1-yr of 56 day updates from the publisher at no extra cost. P/N 13-01144....**$109.00**

TRI-NAV AVIATION ATLAS CHARTS

Getting to air shows on time all around the country requires compact charts that are always up-to-date without a lot of updating hassle. That's why it was developed that thousands of pilots are enjoying every day.

West Atlas ..... P/N 13-08029 ..... **$79.25**
North Atlas..... P/N 13-08027 ..... **$79.25**
South Atlas ..... P/N 13-08028 ..... **$79.25**

3-D AERONAUTICAL CHARTS



The precisely molded 3D shape allows pilots to see and feel the terrain shape and clearly understand how it relates to the airspace and flight. Pilots will value referencing this chart for flight planning, training, and as a general conversation piece, whether hung on a wall of an office, hangar, or home. This chart is made with a digital inkjet printing process on a rigid plastic film, which is then molded to a precise terrain model.

Los Angeles..... P/N 13-09595.....**$34.95**
Southern Sierra Nevada..... P/N 13-09597.....**$34.95**
San Fransisco / Tahoe ..... P/N 13-09596.....**$34.95**
Glacier Bay, Alaska ..... P/N 13-09598.....**$34.95**
Denver..... P/N 13-10006.....**$34.95**
Portland ..... P/N 13-11714.....**$34.95**
Seattle ..... P/N 13-11713.....**$34.95**

QUICK REFRESHER CHARTS

These Quick Refresher Charts provide a wealth of useful information that every pilot seems to forget over time. Available to "refresh" the pilot on IFR procedures & regulations, Weather info, VFR procedures & regulations, mountain flying, passenger info (the right seat), flying to Canada, and flying to the Bahamas. These charts are laminated for long life & fit right in your flight bag.

Quick Refresher VFR..... P/N 13-40316.....**$6.95**
Quick Refresher Weather..... P/N 13-40416.....**$6.95**
Quick Refresher IFR ..... P/N 13-40516.....**$6.95**
Quick Refresher Mtn. Flying..... P/N 13-00422.....**$5.95**
Quick Refresher The Right Seat ..... P/N 13-00423.....**$7.85**
Quick Refresher Flying to the Bahamas ..... P/N 13-00426.....**$7.95**

AERONAV VISUAL NAVIGATION CHARTS

Sectional & VFR Terminal Charts for conterminous United States, Hawaii, Puerto Rico and Virgin Islands

AERONAV SECTIONAL CHARTS

Sectional aeronautical charts are designed for visual navigation of slow to medium speed aircraft. The topographic information featured consists of the relief and a judicious selection of visual checkpoints used for flight under visual flight rules. The checkpoints include populated places, drainage patterns, roads, railroads, and other distinctive landmarks. The aeronautical info on Sectional Charts includes visual and radio aids to navigation, airports, controlled airspace, restricted areas, obstructions, & related data. (Scale 1"=6.86 nm/ 1:500,000. 60"x20" folded to 5"x10") Revised semi-annually, except most Alaskan charts are revised annually.

Sectional Charts ..... P/N 8403..... **$7.50**
Set of 37 charts (w/o AK & HI)..... P/N 8557.... **$276.95**

NOTE: When ordering charts, complete part no. with first 3 letters of chart title. Ex.: Seattle sectional is P/N 8403SEA.

For Subscription service: Add -SUB (example: 8403SEA-SUB) and a new chart will be shipped & billed to you automatically at every revision until you cancel the subscription. Subscription chart orders require credit card no. on file.

CHART MASTER

Chart Master is Aircraft Spruce's online chart selection program designed to tell you exactly which aviation charts you will need for the route you intend to fly. Just plug in the 3 letter airport identifiers for your departure and destination airports, and Chart Master will provide you with a list of all of the charts needed for your route. Select VFR (sectional, terminal, WAC, AFD, or IFR (Low altitude enroute) or both and order any or all of the charts listed by Chart Master. This program is available on line at www.aircraftspruce.com.

AERONAV VFR TERMINAL AREA CHARTS

Terminal Area Charts depict the airspace designated as Class B Airspace. The information found on these charts, while similar to that found on Sectional Charts, is shown in much more detail because of the larger scale. These charts should be used by pilots intending to operate from airfield within or near a Terminal Control Area or an Airport Radar Service Area. Locations of Terminal Area Charts are indicated by a • on the Sectional Chart indexes. (Scale 1 inch = 3.43nm/1:250,000. 25 x 20 inches folded to 5 x 10 inches.) Revised semi-annually, except Puerto Rico/Virgin Islands is revised annually.

Terminal Area Charts.....P/N 8064 .....**$5.25**
Set of 28 Terminal Charts.....P/N 8524 .....**$125.95**

NOTE: When ordering charts, complete part number with first 3 letters of chart title. Ex: Los Angeles terminal chart is P/N 8064LOS.

For SUBSCRIPTION service: Add -SUB (example: 8064LOS-SUB) and a new chart will be shipped and billed to you automatically at every revision until you cancel the subscription. Subscription chart orders require credit card number on file.

AERONAV AIRPORT / FACILITY DIRECTORY

The Airport/Facility directory is a pilot's manual which contains data on public and joint use airports, seaplane bases, heliports, VFR airport sketches, NAVAIDs, communications data, weather data sources, airspace, special notices, VFR waypoints and operational procedures. The seven volumes cover the conterminous United States, Puerto Rico, and the Virgin Islands. Includes data that cannot be readily depicted in graphic form; e.g., airport hours of operation, types of fuel available, runway data, lighting codes, etc. **$4.50 ea.**

Southeast U.S.	AFD-SE
Northeast U.S.	AFD-NE

LARGE–FORMAT CHART WALLET

This chart wallet helps pilots organize, hold, carry, and display 22 standard NOS charts conveniently. The black padded cover features the silver wings logo. There ar ten double-sided, clear vinyl organizer pockets riveted to the cover. Along with the pockets in the front and back covers, these pages hold the charts so you can easily find them in a busy or turbulent cockpit environment. Measures 6.5"x 11.5" w/ 2.5" spine.

Large Book-Style Chart Wallet.....P/N 13-00412 .....**$21.75**

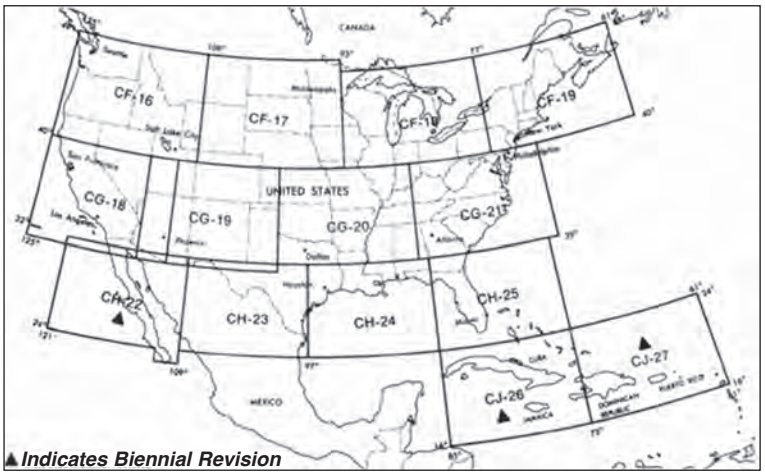
AERONAV VISUAL NAVIGATION CHARTS



▲ *Indicates Biennial Revision*

World Aeronautical Charts for the conterminous U.S., Mexico, & Caribbean Areas

WORLD AERONAUTICAL CHARTS

World Aeronautical Charts by NOS are designed to provide standard for the land areas of the world in a size and scale convenient for navigation by moderate-speed aircraft. Topographic information includes cities and towns, principle roads, railroads, distinctive landmarks, drainage, and relief. Aeronautical information includes visual and radio aids to navigation, airports, airways,restricted areas, obstructions, and other data considered pertinent. Scale 1:1,000,000 or 1" to 13.7 nautical miles, less detailed than Sectional & Terminal Area Charts, but useful for longer distance planning. Revised annually. 12 charts cover the US

WAC Charts..... P/N 8567 ..... **$9.50 ea**
Set of 12 U.S. WAC charts..... P/N 8805 ..... **$113.95**

NOTE: When ordering charts, complete part no. with chart number.
Example: WAC chart CF-17 is P/N 8567CF-17.

For SUBSCRIPTION service: Add -SUB (example: 8567CF-17-SUB) and a new WAC chart will be shipped and billed to you automatically at every revision until you cancel the subscription. Subscription chart orders require a credit card number on file.

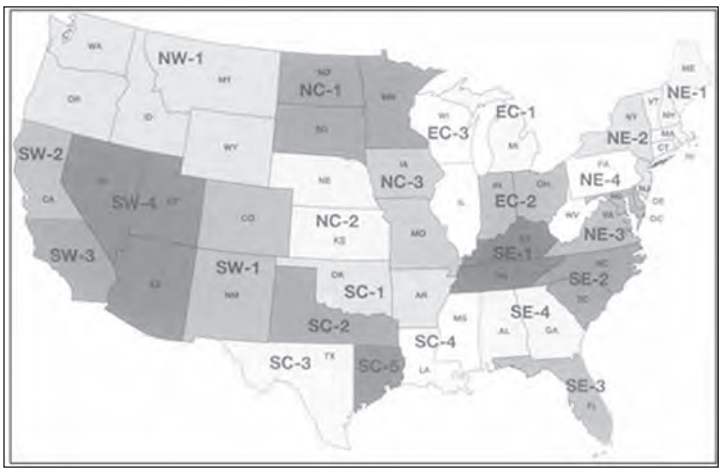
CHART MASTER

Chart Master
On-line Chart Selector

Chart Master is Aircraft Spruce's new online chart selection program designed to tell you exactly which aviation charts you will need for the route you intend to fly. Just plug in the 3 letter airport identifiers for your departure and destination airports, and Chart Master will provide you with a list of all of the charts needed for your route. Select VFR (sectional, terminal, WAC, AFD, or IFR (Low altitude enroute) or both and order any or all of the charts listed by Chart Master. This program is available on line at www.aircraftspruce.com.



TERMINAL PROCEDURES COVERAGE OF THE CONTERMINOUS U.S.

Includes: • Instrument Approach Procedure (IAP) Charts •Departure Procedure (DP) Charts • Standard Terminal Arrival (STAR) Charts • Charted Visual Flight Procedures (CVFP) • Airport Diagrams

IAP Charts are designed to provide an IFR descent from the enroute environment to a point where a safe landing can be made. DP charts are Air Traffic Control (ATC)-coded departure procedures which have been established at certain airports to simplify clearance delivery procedures. STAR charts are ATC-coded IFR arrival routes established for certain airports to simplify clearance delivery procedures. CVFPs are an operational technique designed to move air traffic safely and expeditiously. In addition to conventional visual approach procedures, it has been necessary to specify routes/altitudes to enhance noise abatement at some locations. CVFPs have been developed to provide a pictorial display of these visual arrival routes. Airport Diagrams are specifically designed to assist in the movement of ground traffic at locations with complex runway/taxiway configurations and provide information for updating geodetic position navigational systems aboard aircraft.

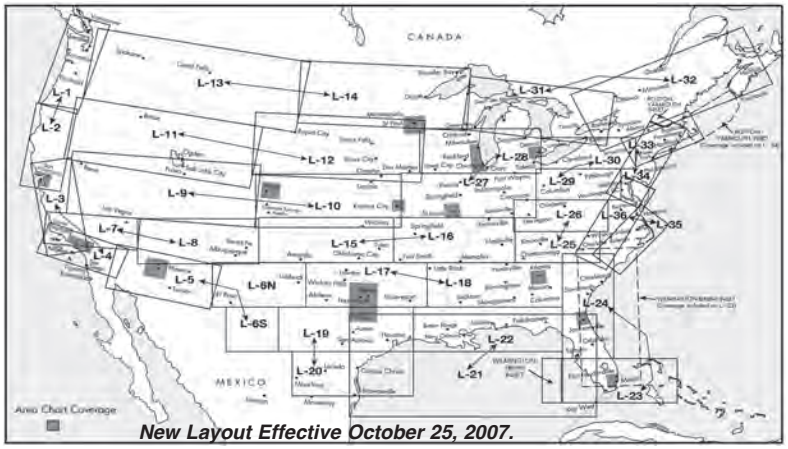
INSTRUMENT NAVIGATION CHARTS

AERONAV ENROUTE LOW ALTITUDE CHARTS



New Layout Effective October 25, 2007.

Enroute low altitude charts for conterminous U.S. (includes area charts)

Enroute Low Altitude charts (Conterminous U.S. and Alaska) provide aeronautical information for navigation under instrument flight rules below 18,000 feet MSL. Information includes: airways; limits of controlled airspace; position, identification, and frequencies of radio aids to navigation (Alaska 4-color series includes geographic coordinates); airports with terminal air/ground communications; minimum enroute and obstruction clearance altitudes; airway distances; reporting points; special use airspace areas; military training routes. Scales vary from 1 inch = 5nm to 1 inch = 20nm. 50 x 20 inches folded to 5 x 10 inches. Revised every 8 weeks. Area charts, which show congested terminal areas at a large scale, are included with subscriptions to any conterminous U.S. Set Low (Full set, East or West sets). Chart L-28 covers the Washington-Boston corridor at a scale similar to an Area Chart. Charts are revised every 8 weeks.

Enroute Low Altitude Charts..... P/N 8070L..... **$4.45/ea.**

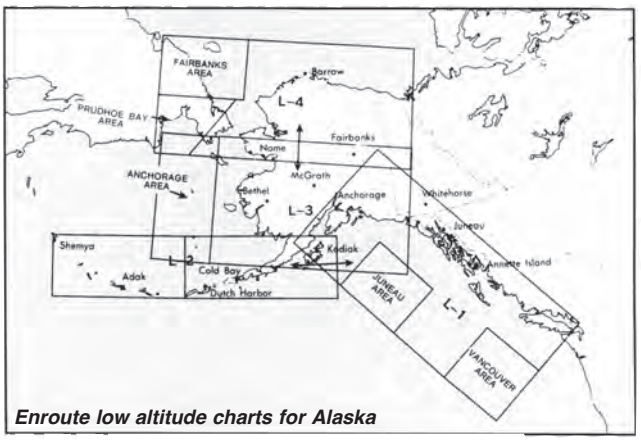
P/N 13-30714 .... **$84.25**
Western U.S. Set (L1/2-L15/16 & Area Chart)
P/N 13-30716 .... **$48.50**
Eastern U.S. Set (L11/12, L13/14, L17/18-L27/28 & Area Chart)
P/N 13-30717 .... **$53.00**
Alaskan Set (Alaskan L1/2-Alaskan L3/4)..... P/N 13-30718 ..... **$8.75**

For individual charts please call 877-4-SPRUCE or visit our website at: www.aircraftspruce.com



Enroute low altitude charts for Alaska

AERONAUTICAL CHART USER'S GUIDE

FAA Aeronautical Chart User's Guide is designed to be used as a VFR/IFR teaching aid, reference document, and an introduction to the wealth of information provided on FAA's aeronautical charts and publications.
It includes explanations of chart terms and symbols, and a comprehensive display of aeronautical charting symbols organized by chart type. The publication is 8-1/2 x 11 inches.
P/N 13-08053.....**$4.25**

NOTE: When ordering individual charts, complete part number with the chart number. Example: Enroute Low Altitude Chart L-10 is P/N 8070L-10. For SUBSCRIPTION service, add -SUB (example: 8070L-10-SUB) and a new chart will be shipped and billed to you automatically at every revision until you cancel the subscription. Subscription chart orders require a credit card number on file.

Chart Master On-line Chart Selector

CHART MASTER

Chart Master is Aircraft Spruce's online chart selection program designed to tell you exactly which aviation charts you will need for the route you intend to fly. Just plug in the 3 letter airport identifiers for your departure and destination airports, and Chart Master will provide you with a list of all of the charts needed for your route. Select VFR (sectional, terminal, WAC, AFD, or IFR (Low altitude enroute) or both and order any or all of the charts listed by Chart Master. This program is available on line at www.aircraftspruce.com.

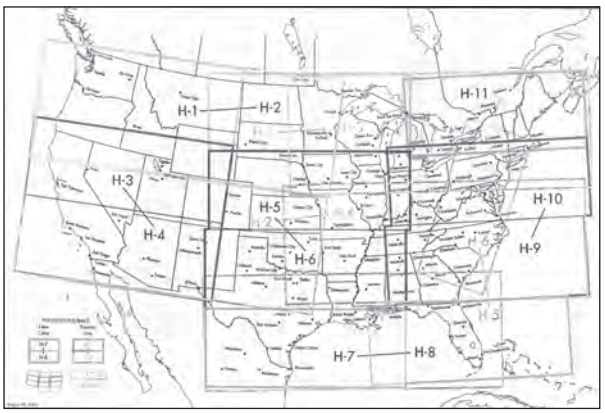
AERONAV IFR ENROUTE HIGH ALTITUDE CHARTS

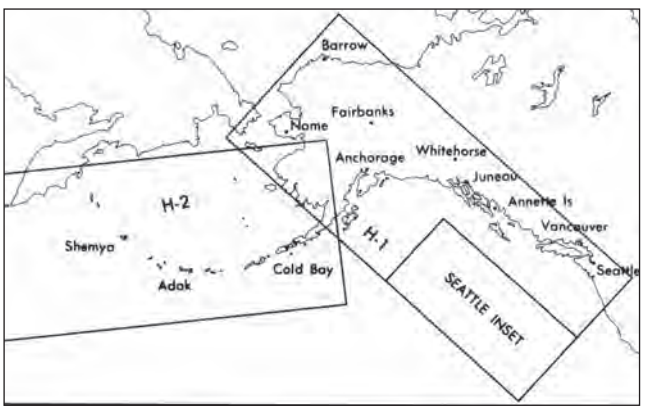
IFR Enroute High Altitude Charts (Conterminous U.S. and Alaska) are designed for navigation at or above 18,000 feel MSL. This four color chart series includes: Jet route structure; VHF radio aid to navigation (frequency, ID, channel, geographic coordinates); selected airports; reporting points. (Scales vary from 1" = 78nm to 1" = 30nm. 55 x 20" folded to 5 x 10".) Revised every 8 weeks.

NOTE: When ordering individual charts, complete part no. with the chart no. Ex: Enroute High Altitude Chart H1/2 is P/N 8075-H1/2.

Full Set (H1/H2, H3/H4, H5/6, H9/H10, H11),(H3/H4, H5/H6, H7/H8-very small area,H9/H10), (H3/H4-very small area, H5/H6, H7/H8, H9/H10, H11) P/N 8075-1 .....**$24.95**

For SUBSCRIPTION service: Add -SUB (example: 8075-H1/2-SUB) and a new chart will be shipped and billed to you automatically at every revision until you cancel the subscription. Subscription chart orders require a credit card number on file.





PS

CANADIAN AIA CHARTS

CANADIAN VNC (VFR) CHARTS

The VNC is used by VFR pilots on short to extended cross-country flight at medium altitudes and at low to medium airspeeds. These charts show aerodrome data, airspace information, radio aids to navigation, air/ground communications, and elevation with contour lines, tints and shaded relief.

LOW ALTITUDE ENROUTE CHARTS

Enroute Low and High Altitude charts provide aeronautical information for instrument navigation in the low and high airway structure of the Canadian Domestic Airspace. The airspace over foreign territory and international waters in which Canada accepts responsibility for the provision of air traffic services, and other areas required for military use. The primary purpose of Enroute charts is to depict radio navigation data to provide rapid and precise location and identification of information requisite to radio instrument navigation.

JEPPESEN FLIGHT TRAINING

GFD PRIVATE PILOT MANUAL

Jeppesen's Guided Flight Discovery Private Pilot Manual is an integral component within the GFD Pilot Training System. The organization and colorful presentation of the text helps students learn quickly from the start. Discovery insets expand on important ideas and concepts in the text. The information ties in references from the world of aviation, including NTSB investigations and aviation history. Human Element insets introduce pilots to the human factors aspect of flight.

Private Pilot Manual .....P/N 13-17521 ..... **$70.25**
Private Pilot Manual (w/ FAR/AIM text).....P/N 13-17522 ..... **$85.95**

PRIVATE PILOT MANEUVERS MANUAL

Each maneuver is presented using colorful graphics, step-by-step procedure descriptions, helpful hints, PTS references and study exercises to help you visualize and understand each maneuver you will perform in the airplane. .....P/N 13-21770 ..... **$18.52**

PRIVATE PILOT SYLLABUS

Now spiral bound! Features a step-by-step description of course contents. Ideal for Part 141 flight training programs and may be adapted for Part 61 training. Includes: • Lesson objectives • Flight & ground time allocations for all lessons • Coordination of academic support materials with flight training • Enrollment notice & Graduation Certificate.

P/N 13-04223 ..... **$19.75**

MULTI-ENGINE FLIGHT INSTRUCTOR - EXAMS

Multi-Engine Flight Instructor exams, included in the CFI Part 141 Kit. .....P/N 17-00068 ..... **$10.00**

PRIVATE PILOT RECORD FOLDER

From your ground lessons and written exams, to flight maneuvers and flight checks, this record folder effectively tracks all the details during your pilot training - both FAR Part 141 and FAR Part 61. Set of ten.

Single.....P/N 13-01206-1 ..... **$5.95**

JEPPESEN RECORD FOLDERS

Effectively track all the details during your multi-engine training.

I/C Record Folder .....P/N 13-06245 ..... **$6.95**
CFI Record Holder.....P/N 13-06246 ..... **$9.95**
Multi-Engine Record Folder.....P/N 13-06252 ..... **$6.95**

JEPPESEN AVIATION INSTRUCTOR'S HANDBOOK

A flight instructor's essential resource, the Aviation Instructor's Handbook details the fundamentals of instructing rules and techniques. A flight instructor's essential resource, this handbook details the fundamentals of instructing rules and techniques. It was rewritten in 1999 and is the successor to FAA AC60-14. P/N 13-06247.....**$19.95**

JEPPESEN INSTRUCTOR'S GUIDE CD

Includes all four instructor's guides: Private, Instrument/ Commercial, Multi-Engine, and Flight Instructor and bonus materials consisting of lesson plan templates and instructor endorsements. Features: * Our philosophy of instruction * Covers the process of getting FAR Part 141 school approval * Provides pilot briefings to use in your student training * Answers and critiques for stage exams * Answer keys at the end-of-course exams

P/N 13-06248 .....**$58.50**

FLIGHT MANEUVERS ILLUSTRATOR

Excellent visual aids for instructors & students. Designed for pilots as a quick reference aid. Features private & commercial maneuvers. Size: 6"x 3.25". P/N 13-01208 ..... **$9.45**

JEPPESEN RECORD FOLDER HELICOPTER STUDENT

Jeppesen record folder for helicopter student.

Record Folder .....P/N 17-00074 ..... **$7.00**
Exam Pack.....P/N 17-00075 ..... **$16.00**

GFD INSTRUMENT/COMMERCIAL MANUAL

Jeppesen's Guided Flight Discovery Instrument/ Commercial Manual provides the most complete explanations of aeronautical concepts for professional pilots through the use of colorful illustrations and full-color photos. This primary source for initial study and review includes Principles of Instrument Flight, The Flight Environment, Instrument Charts and Procedures, Aviation Weather and IFR Flight operations and Commercial Pilot Operations, as well as an introductory look at Building Professional Experience. The most comprehensive and visually appealing Instrument/ Commercial manual ever.

Instrument/Commercial Manual..... P/N 13-21760 ..... **$84.49**
Manual w/ FAR/AIM Text..... P/N 13-01217 ..... **$94.95**

GFD INSTRUMENT/ COMMERCIAL SYLLABUS PKG.

This training syllabus covers the learning objectives and time allocations for both Instrument Rating and Commercial Certificate. The syllabus also contains an option for a Multi-Engine Rating. In addition to the syllabus, this package also contains enrollment notices. P/N 13-21740 ..... **$17.49**

GFD PRIVATE/INSTRUMENT FLITESCHOOL SOFTWARE

FliteSchool Multimedia Software is a complete, interactive home study course for passing the FAA airman knowledge exams. FliteSchool Multimedia Software makes it easy, fast and fun to get a great score on your exam. You learn the material thoroughly and get the highest possible score on your exam while retaining what you learn. Only FliteSchool Multimedia software integrates the complete textual references to the GFD Private and Instrument/ Commercial Manual, allowing you easy access to expanded information. Carefully selected graphics and computer animation are combined to help you understand difficult concepts. In addition, all FAA figures are contained on the CD-ROM for easy reference.

GFD Instrument FliteSchool .....P/N 13-100519 ..... **$151.95**
Pkg-GFD Instr. Manual & FliteSchool .....P/N 13-01220 ..... **$209.95**

JEPPESEN PRACTICAL TEST STANDARDS

Knowing that the FAA computer exam is only art of the certification process, prepare yourself for the FAA checkride with Jeppesen Practical Test Standards. Jeppesen FAA Practical Test Standards reprints are valuable training aids for students, examiners & instructors. The following topics are available:

Private Pilot Airplane (single-engine land)
P/N 13-01221 ....**$6.95**
Private Pilot Airplane (multi-engine land)..... P/N 13-01222 ....**$6.95**

JEPPESEN FLIGHT TRAINING

JEPPESEN - GFD PRIVATE PILOT VIDEO SERIES ON DVD

The Jeppesen GFD Integrated Ground School DVD Series is a great resource for students & instructors alike. The Private Pilot, Instrument/Commercial Flight Instructor, & Multi-Engine DVD's augment the written materials by providing visual reinforcement of topics. The state-of-the-art graphics, animation, and aerial photography help students grasp complex concepts. The GFD Private Pilot Integrated Ground School on three DVD is a great resource for students and instructors alike. These DVD's contain 10 hours of informative and entertaining video that augment the written materials by providing visual reinforcement on a variety of topics. P/N 13-02449 ..... **$170.95**

FLIGHT INSTRUCTOR PRACTICAL TEST STANDARDS

This reprint of the FAA Commercial Pilot PTS contains the standards for obtaining a commercial pilot certificate with an airplane single-engine land or airplane single-engine sea rating. P/N 13-01226 ..... **$17.05**

JEPPESEN A&P GENERAL TEST GUIDE WITH ORAL & PRATICAL STUDY GUIDE

An excellent, fully integrated, two-in-one tool! All Jeppesen maintenance test guides include an extensive database of FAA subject test questions, answers, explanations and references that are cross referenced to the corresponding Jeppesen A&P textbooks. Each test guide also includes the latest oral and practical test questions and answers. 272 pages JS312750. P/N 13-01188 ..... **$15.15**

COMMERCIAL PILOT PRACTICAL TEST STANDARDS

This reprint of the FAA Commercial Pilot PTS contains the standard requirements for obtaining a commercial pilot certificate with an airplane single-engine land or airplane single-engine sea rating. P/N 13-01224 ..... **$6.60**

A&P AIRFRAME TEST GUIDE WITH ORAL & PRACTICAL STUDY GUIDE

An excellent, fully integrated, two-in-one tool! All Jeppesen maintenance test guides include an extensive database of FAA subject test questions, answers, explanations and references that are cross referenced to the corresponding Jeppesen A&P textbooks. Each test guide also includes the latest oral and practical test questions and answers. 344 pages JS312752-tn.jpg P/N 13-03741 ..... **$15.95**

JEPPESEN A&P TECHNICIAN AIRFRAME WORKBOOK

The JS312692 A & P Airframe Textbook& JS322711 A & P Airframe Workbook will be discontinued. This product will be replaced with a new edition Textbook JS312792 with the following enhancements: • Updated and revised content in all 17 chapters •Added a Glossary to the Textbook • Integrated the workbook into the textbook • A majority of the book is now in color • Added Summary Checklists to the end of each section or chapter • Added key terms to the end of each section or chapter P/N 13-01192-1 ..... **$59.50**

A&P POWERPLANT TEST GUIDE WITH ORAL & PRATICAL STUDY GUIDE

An excellent, fully integrated, two-in-one tool! An excellent, fully integrated, two-in-one tool! All Jeppesen maintenance test guides include an extensive database of FAA subject test questions, answers, explanations and references that are cross referenced to the corresponding Jeppesen A&P textbooks. Each test guide also includes the latest oral and practical test questions and answers. 344 pages. P/N 13-01195 ..... **$15.15**

JEPPESEN A&P TECH POWERPLANT TEXTBOOK

Enhance your knowledge with our comprehensive text that exceeds FAR part 147 standards. Color illustrations, charts and diagrams, end of section quizzes and summary checklists make tough concepts easier to grasp. 1130 pages.
P/N 13-07187 ..... **$68.95**

GFD INSTRUMENT/COMMERCIAL VIDEO SERIES ON DVD

The Jeppesen GFD Integrated Ground School DVD Series is a great resource for students & instructors alike. The Private Pilot, Instrument/Commercial Flight Instructor, & Multi-Engine DVD's augment the written materials by providing visual reinforcement of topics. The state-of-the-art graphics, animation, and aerial photography help students grasp complex concepts. The GFD Instrument/Commercial Integrated Ground School on three DVD is a great resource for students and instructors alike. These DVD's contain 10 hours of informative and entertaining video that augment the written materials by providing visual reinforcement on a variety of topics. Each DVD series features a menu that gives you the option of choosing the lesson topic. The state-of-the-art graphics, animation, and aerial photography helps students master complex concepts such as the principles of instrument flight, instrument charts, meteorology, advanced systems and much more. This is a great supplement to GFD Instrument/ commercial textbook. P/N 13-02451 ..... **$246.95**

FLIGHT INSTRUCTOR DELUXE 61/141 KIT

Jeppesen Flight Instructor Kits, developed for both FAR Part 61 and FAR Part 141 training programs, are the most complete flight instructor training package available. The Deluxe 61/141 Flight Instructor Kit is developed for FAR Part 141 training programs. It contains the following materials: Flight Instructor Manual, FAR/AIM Manual (paper), Private Pilot Maneuvers Manual, Flight Instructor Syllabus, Flight Instructor Record Folder, Flight Instructor PTS (single-, multi-engine land/sea, instrument), CFI, Ground Instructor, CFII and MEI FAA Exam Package, Aviation Instructor Handbook, and Pilot Kit Bag (black).
P/N 13-01176 ..... **$311.95**

AIRCRAFT GAS TURBINE POWERPLANTS - JS312648

Newly revised to include the most up-to-date information on aircraft gas turbine powerplants and updated coverage of jet engine technology. Extensive cross-reference between today aircraft and engines. Now includes over 500 illustrations, charts, and tables. Written by Otis and Vosbury. 514 pages. P/N 13-02421 ..... **$52.20**

FAA EXAM STUDY GUIDES

These Exam Study Guides are designed to prepare for and achieve higher FAA written test scores. They follow the Jeppesen textbooks by chapter, allowing your students to learn faster with a greater understanding of each area of study. These guides include: full-color charts, unique sliding mask for self study, all FAA airplane test ques.; FAA computer test info, current info on airspace reclassification.

Private Pilot Airmen Knowledge ..... P/N 13-17505 ..... **$17.57**
Instrument Rating Airmen Knowledge ..... P/N 13-17510 ..... **$23.95**
Commercial Piloit Airmen Knowledge ..... P/N 13-17515 ..... **$21.49**

JEPPESEN GFD FLIGHT INSTRUCTOR VIDEO SERIES ON DVD

The Jeppesen GFD Integrated Ground School DVD Series is a great resource for students & instructors alike. The Private Pilot, Instrument/Commercial Flight Instructor, & Multi-Engine DVD's augment the written materials by providing visual reinforcement of topics. The state-of-the-art graphics, animation, and aerial photography help students grasp complex concepts. The GFD Flight Instructor Video Series on DVD is a great supplement to GFD Flight Instructor Textbook and contains nine hours of instruction critical to the CFI applicant. Many important topics are discussed, including fundamentals of instruction, instructing the private pilot student, instructing the instrument student and instructing the commercial student.
P/N 13-02453 ..... **$75.95**

JAA ATPL TEST PREPARATION SOFTWARE

Be well prepared for the exam with our new Test Preparation Software. The CD includes a user guide/installation guide and covers approximately 2,700 questions. Features: Variety of training modes, High-quality graphics, Topic search function, Statistics, Dynamic query generation, References to the JAR Codes and the Jeppesen/ AFT Manuals.
P/N 14-02826 ..... **$133.95**

JEPPESEN PILOT TRAINING KITS

PRIVATE PILOT KITS

Guided Flight Discovery from Jeppesen provides the most complete training package available. Whether you are a chief flight instructor at a flight school or a student pilot working towards your first pilot's license, you can choose from a variety of integrated training materials. GFD has been developed for the finest flight schools, colleges and universities in the U.S. With Guided Flight Discovery, students will build a solid foundation of knowledge to take with them wherever they go. The GFD Pilot Training System puts schools and students on the leading edge of learning and builds better pilots. Call for a detailed list of kit components.

Part 61 Kit (pictured) .....P/N 13-02425 ..... **$219.95**
Part 141 Kit.....P/N 13-02428 ..... **$310.75**

PRE-SOLO WRITTEN EXAM - Covers general info, Training Aircraft, Airport and Local Airspace Questions. P/N 13-01169 ..... **$5.95**

GFD PRIVATE PILOT STAGE EXAM BOOKLET - Includes private stage (1-3), and 6 blank exam answer forms. P/N 13-01170 ..... **$7.95**

INSTRUMENT/COMMERCIAL KITS

New GFD Instrument/Commercial Kits are available for both Part 61 and Part 141 training. The core component of GFD Kit is the Instrument/Commercial Manual. Call for a detailed list of kit components.

Part No.	Kit Description	Price
13-02426	Instrument/Commercial Part 61 Basic Kit	$167.95
13-02431	Instrument/Commercial Part 141 Basic Kit	$309.95
13-01775	Ultimate Kit	$201.17

GFD INSTRUMENT/COMMERCIAL/MULTI-ENGINE STAGE EXAM BOOKLET - Includes Instrument/Commercial Stage and 12 blank exam answer forms.

P/N 13-01171 .....**$20.85**

FLIGHT INSTRUCTOR KITS

GFD Flight Instructor Kits are available for both Part 61 and Part 141 training. The core component for each GFD Kit is the Flight Instructor Manual. Call for detailed list of kit components.

CFI Kit Part 61 ..... P/N 13-01175 ...**$201.17**
CFI Kit Part 141 ..... P/N 13-01176 ...**$311.95**

GFD FLIGHT INSTRUCTOR MANUAL - Prepares CFI applicants for Flight Instructor-Airplane certificate, Instrument-Airplane and multi-Engine-Airplane Instructor ratings. This 560-page, full-color text includes over 1,000 photos and illustrations. workbook exercises, instructor endorsements and a comprehensive glossary and index are included.

P/N 13-01178 ..... **$71.20**

HELICOPTER TRAINING KITS

Schweizer helicopter training program meets the requirements of FAR Part 141. Can be used in any helicopter training program. Covers principles of flight, the flight environment, helicopter systems and performance, meteorology, navigation, physiology and maneuvers.

The **basic kit** contains Schweizer Helicopter textbook, Exercise Manual, Syllabus, Record Folder, Pre-solo written exam, FAR/AIM, Schweizer 300CB Information manual, graduation certificate, enrollment notice, and a pilot's flight bag.

P/N 13-01179 ..... **$259.95**

The **deluxe kit** contains the Schweizer Helicopter textbook, Exercise Manual, Syllabus, Record Folder, Pre-solo written exam, FAR/AIM, Schweizer 300CB Information manual, graduation certificate, enrollment notice, a pilot's flight bag, a pilot's logbook, metal E6B flight computer, and a 13" plotter. .....P/N 13-01880 ..... **$263.65**

FAR/AIM 2012

* Includes FARs Parts 1, 2,3, 43, 61, 67, 71,73, 91, 97, 103, 105, 119, 133, 135, 136, 137, 141, 142, and applicable SFARs: NTSB 830, HMR175, TSR 1540, TSR 1544, TSR 1550, and TSR 1552 * Free TSR Part 1562 (Washington D.C. Operations) on Jeppesen.com * Includes all the AIM and Pilot/Controller Glossary with enhanced full-color graphics * Easy-to-read text on high-quality paper * Reference tabs help you easily locate regulations and AIM chapters * Jeppesen-recommended study lists direct you to the regulations pertinent to the certificate or rating you are working on * FAR exercises (with answers) provide real-world scenarios to enable you to understand the regulations for Private, Instrument, Commercial and Sport Pilot Exclusive AIM Supplement providing information on Jeppesen IFR Charts * Exclusive AIM Supplement providing information on Jeppesen IFR charts

P/N 13-15450 .....**$15.95**

MULTI-ENGINE KITS

Guided Flight Discovery Multi-Engine Pilot Kit with Video – Designed to support Private & Commercial Pilots in adding a Multi-Engine Rating to their certificates. Kit consists of: • Multi-engine manual (w/work book questions) • Mutli-engine video • Stage exams • End-of-course exams • Multi-engine syllabus record folder • Enrollment notices and graduation certificate.

P/N 13-01776 ..... **$177.95**

MULTI-ENGINE PROGRAM - Covers multi-engine aerodynamics, systems & performance, engine-out operations and instrument flight through actual airborne and graphic sequences. Available with or without Jeppesen's Multi-Engine Manual. w/ Manual P/N 3195 ..... **$70.95**

GFD MULTI-ENGINE MANUAL - This text illustrates important aerodynamic concepts and complex systems using 375 full-color graphics. One of the strong points of the GFD series is that it maintains student interest through sometimes dry material by using sidebars to illuminate the text, presented as Discovery and Human Element insets. The Multi-Engine Manual builds on this practice with 2 new types of insets, one highlights flying careers and another that discusses in-flight situations that bring together critical points made in the text. Quotes also liven things up– the Multi-Engine Manual manages to take inspiration from sources as diverse as Anne Morrow Lindbergh & Monty Python.

P/N 13-01644 ..... **$61.95**

MULTI-ENGINE SYLLABUS- A 36-page guide to both ground & flight training for the Multi-Engine Rating. Describes schedules, lesson objectives, content and completion standards for 2 stages of flight training & 2 stages of ground training. Required for FAR Part 141 flight schools. P/N 13-01173 ..... **$16.62**

AVIATION MAINTENANCE TRAINING KITS

Jeppesen's General Airframe & Powerplant training materials come in complete kit form. Comprehensive, developed by respected experts in the field, these kits give students the info they need to succeed in obtaining their Airframe and Powerplant license. Whether you're a veteran, building your own plane, or just learning, you can count on Jeppesen to help you get where you want to go. Jeppesen Maintenance products help you master the topic & realize success!

GENERAL A&P KIT INCLUDES - A&P Technician General textbook, workbook, and study guide • Acceptable methods, techniques and practices/aircraft alterations (AC43.13-1B/2A) •FAR handbook for aviation maintenance technicians • Student kit bag. P/N 13-01186 ..... **$149.95**

A&P TECHNICIAN GENERAL TEXTBOOK - The most current general aviation textbook available. Written to the new FAR part 147 standards. Expanded to include a complete section on electrical generators & motors, new hardware, and non-metalic components. Also includes current & comprehensive coverage on those items found in the previous version. Many new tables, charts and illustrations, including abrasives, corrosion removal & treatment, corrosion points, and helicopter weight & balance and others.

General Textbook.....P/N 13-01187 ..... **$43.65**
General Study Guide .....P/N 13-01188 ..... **$15.15**

AIRFRAME A&P KIT – Includes A&P Technician Airframe textbook, workbook & study guide and Student Kit bag. .....P/N 13-01190 ..... **$104.95**

POWERPLANT A&P KIT – Includes A&P Technician Powerplant textbook, workbook & study guide. Exam package & Student Kit bag.

P/N 13-01193.....**$103.95**

JEPPESEN A&P TECHNICIAN POWERPLANT STUDY GUIDE

This is a major revision of our previous version, and is the most comprehensive aviation powerplant textbook available. It is written to meet, and even exceed, FAR part 147 standards. Includes over 120 color illustrations of engine cross-sections, turbine and reciprocating, instruments and control systems. Subject matter is arranged in a logical, practical order, with more emphasis on 'hands on' learning. 550 pages.

Powerplant Study Guide.....P/N 13-01195 ..... **$15.15**

JEPPESEN FEDERAL AVIATION REGULATIONS EXPLAINED – AIRPORT EDITION

This book covers the regulations surrounding Airport operations, including disputes and resolution, complaints, certification of airports, Noise abatement, construction, passenger facility charges, and expenditure of federal funds. Page count: 568 P/N 13-06763 .....**$36.95**

BV

JEPPESEN FLIGHT TRAINING

JEPPESEN 2012 FAR HANDBOOK FOR AVIATION MAINTENANCE TECHNICIANS

A complete reference that brings you up to date with all pertinent FAR amendments. You can easily find amendments to regulations using the revision bars in the handbook. Updated annually to include all published FAA changes. Contains regulations pertinent to aviation maintenance: 1, 3, 13, 21, 23, 27, 33, 34, 35, 39, 43, 45, 47, 65, 91, 119, 120, 121 parts J, L, Z, and AA, 125, 135, 145, 147, 183 and the applicable SFARS. Includes Advisory Circulars 20-62D, 20-109A, 21-12B, 39-7C, 43-9C, 43.9-1F, and 65-30A. Includes the FAA-G-8082-11 Inspection Authorization Study Guide. P/N 13-11201 .....**$24.95**

FARS EXPLAINED - PARTS 1, 119, 135

Jeppesen F.A.R.E. has quickly become an industry standard. It helps answer the question, *I know what it says, but what does it mean?* These publications will save you time, money and frustration. The FARs Explained includes FAR Parts 119 and 135. Each FARs Explained publication also includes: * Easy to read and understand explanations to the FARs * Cross-references to other FARs to aid understanding * Actual case histories * NTSB decisions and * FAA Chief Counsel Opinion excerpts. P/N 17-00061 .....**$28.00**

FARS EXPLAINED - TECH

Each publication includes easy-to-read and understand explanations to the regulations, cross-references to other FARs to aid understanding and actual case histories, NTSB decisions, and FAA Chief Counsel Opinion excerpts. Each FARs Explained publication also includes: *Easy to read and understand explanations to the FARs * Cross-references to other FARs to aid understanding * Actual case histories * NTSB decisions * FAA Chief Counsel Opinion excerpts. P/N 17-00062 .....**$35.00**

JEPPESEN STUDENT PILOT ROUTE MANUAL

Jeppesen has been requested by the Joint Aviation Authority (JAA) to provide the definitive student route manual for the JAA airline transport rating exam. Every pilot working towards the JAA ATPL will need the manual during the examination and you can familiarize yourself in advance by ordering your own personal copy.

Also includes VFR chart set and is packaged in a 2" Superior Plastic 7 ring Jeppesen binder.

P/N 17-00189 .....**$59.95**

A&P TECH AIRFRAME INSTRUCTORS GUIDE

The A&P Airframe Instructor's Guide Contains questions covering the airframe section of aviation technician training. It is designed to be used with the A&P technician airframe textbook.

P/N 17-00072 .....**$15.00**

A&P TECHNICIAN GENERAL INSTRUCTORS GUIDE

The A&P General Instructor's Guide Contains questions covering the general section of aviation technician training. It is designed to be used with the A&P technician general textbook.

P/N 17-00071 .....**$15.00**

TURBULENCE: A NEW PERSPECTIVE FOR PILOTS

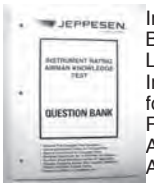
Pilots need to have more than a minimal understanding of the causes & characteristics of turbulence. While the number and types of accidents caused by turbulence have escalated, actual training on turbulence remains negligible.Turbulence is to help pilots recognize the conditions favorable for aviation turbulence so that its effects can be avoided or minimized. It provides answers to questions such as:

What is turbulence?
What does it "look" like?
How long does it last?
What causes it?
Where is it?
What are its indicators?
What are typical dims & intensities?

P/N 13-17525 .....**$25.60**

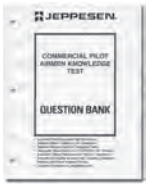
Bundle Pack - Book and VHS P/N 17-00057 .....**$41.75**

INSTRUMENT RATING TEST- QUESTION BANK



Instrument Rating Airman Knowledge Test - Question Bank: Includes FAA Computer Test Questions • Learning Statement Codes for All Questions • General Instructions for Computer Tests • Designed Specifically for 14 CFR / Part 141 Schools • Excellent Study Reference for Part 61 Applicants • Includes Complete Answer Key, Question Selection Sheets, and Exam Answer Forms P/N 17-00064 .....**$19.00**

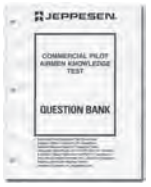
COMMERCIAL TEST QUESTION BANK



This package contains the FAA Question Bank (reprints of all test questions) for the commercial pilot and test supplements (charts, diagrams, and appendices for reference), as well as sample tests and answer sheets.

P/N 17-00065 .....**$19.00**

CFI TEST QUESTION BANK



This package contains the FAA Question Bank (reprints of all test questions) for the CFI rating (charts, diagrams, and appendices for reference), as well as sample tests and answer sheets.

P/N 17-00066 .....**$3.70**

AIRCRAFT WEIGHT AND BALANCE HANDBOOK

An overweight aircraft, or one whose center of gravity is outside the allowable limits, is inefficient and dangerous to fly. The responsibility for proper weight and balance control begins with the engineers and designers and extends to the pilot who operates and the Aviation Maintenance Technician who maintains the aircraft.This book explains in detail the process to determine the weight and balance of any aircraft.

This new edition, effective March 2007, has been updated to include information on new Light Sport Aircraft (LSA) and Very Light Jet (VLJ) categories. Applicable to both airplanes and helicopters, this book is a primary reference for all FAA Knowledge Exams for both pilots and mechanics. Soft cover, glossary, indexed, full-color illustrations.

Book .....P/N 13-10221 .....**$9.25**
Ebook .....P/N 13-05934 .....**$6.95**

AIRPLANE MAINTENANCE & REPAIR

This unique resource covers aircraft maintenance program development and operations from a managerial as well as technical perspective. Readers will learn how to save money by minimizing aircraft downtime and slashing maintenance and repair costs. Plan and control maintenance . Coordinate activities of the various work centers. Establish an initial maintenance program. Develop a systems concept of maintenance. Identify and monitor maintenance problems and trends. .....P/N 13-07765 .....**$27.96**

BV

AVWX WORHSHOPS WHEN FORECASTS CLASH CD

This program is divided into three training modules. Each module will describe a separate case where the possibility of thunderstorms was questionable and resulted in a clash with other official and unofficial National Weather Service (NWS) guidance. For each case, we'll first identify the errant forecast(s) and then integrate other meaningful guidance into the analysis to show that the questionable forecast was truly unreasonable with respect to the development or lack of development of thunderstorms. Instrument rated or not, this program is designed to show the pilot how to recognize a bad convective forecast early in the process. P/N 13-08034 ..... **$29.95**

ICE IS NOT NICE

This Ice Is NOT Nice Part 1 workshop is designed to promote situational awareness when structural icing is a flight risk. This program provides a protracted discussion on the factors associated with structural icing and presents the latest analysis tools and techniques that can be incorporated by pilots to gain the most utility from their aircraft throughout the year without compromising safety. Ice Is NOT Nice Part 1 contains over two and one-half hours of unprecedented training for general aviation pilots wanting to learn more about how minimize their exposure to structural icing. This CD-ROM contains eight training modules and one preflight planning case analysis using real weather data and guidance captured from the Internet. Vol. 1.....P/N 13-09476 ..... **$79.00**
Vol. 2.....P/N 13-09477 ..... **$79.00**

ESTIMATING CLOUD TOPS

This premium workshop includes the following eight (8) training modules: An overview - quantifying uncertainty, Pilot reports (PIREPs), Radiosonde observations (RAOBs), Forecast soundings and analyses, VAD Wind Profiles (VWPs), Color-enhanced infrared satellite images, Stratocumulus clouds Why not echo tops?.....P/N 13-09633 ..... **$49.00**

TERMINAL AERODROME FORECASTS CD

Learning to read a terminal aerodrome forecast, better known to pilots as TAFs, requires more than just deciphering an unfamiliar code. Pilots need to have an appreciation for its inherent limitations that are largely imposed by NWS directives and local forecast rules. Meteorologists consider terminal forecasts to be point forecasts. Consequently, the relatively small size of the terminal area strongly influences how a forecaster will construct or amend the TAF. Knowing how to properly incorporate these highly detailed forecasts into a preflight briefing requires the pilot learn how to look well beyond the coded text to read between the lines of a TAF. P/N 13-08035 ..... **$49.95**

INTRODUCTION TO THE SKEW-T LOG DIAGRAM

Thermodynamic charts such as the Skew-T log (p) diagram are one of the best kept secrets in aviation. It represents the absolute best power tool in the pilot's aviation weather toolbox. Specifically, the Skew-T log (p) diagram will often highlight adverse weather better than any other single chart or diagram available. Icing potential, cloud bases, cloud tops, cloud layers, turbulence, non-convective low level wind shear, haze, instability, thunderstorm potential, precipitation type, cloud type, fog and visibility are just some of the weather elements that can be inferred by this diagram. P/N 13-09478 ..... **$79.00**

BEYOND THE WEATHER BRIEF

The Beyond The Weather Brief program on CD-ROM takes the average pilot to that next level in their preflight weather briefings. This workshop is designed for a pilot who desires to use and integrate many of the new or unfamiliar tools found on the Internet with the traditional products to evaluate the location of adverse weather for your planned departure whether it is three days or three hours away. This premium workshop consists of 8 training modules that include the following topics: Surface analysis, Numerical weather prediction models, Constant pressure charts, Thunderstorm forecasts, Precipitation forecasts, Icing forecasts, Turbulence forecasts, Terminal aerodrome forecasts (TAFs
P/N 13-09479 ..... **$59.00**

THE BEST OF AVWX WORKSHOPS

Experience is certainly important, but according to a recent NTSB safety study, "It appears that pilots generally require formal training to obtain weather knowledge and cannot be expected to acquire it on their own as they simply gain more flight experience." With over 7 hours of unprecedented aviation weather instruction, this collection of workshops takes over where your primary training left off. Every workshop will contain a short quiz at the end to test your comprehension. P/N 13-09634 ..... **$99.00**

JEPPESEN INTRODUCTION TO NAVIGATION CHARTS

The chart training guide is published as a service for pilots training with Jeppesen charts. It is intended for reference only and includes some of the most commonly used symbolism. This guide is revised regularly; however some variance may exist between this guide and current chart services. These may be the result of one or more of the following; chart issuance dates, timely application of changes received from governing agencies, and/or the method of representing such information. The chart training guide has been designed as a supplementary training material and is not intended for navigation. P/N 13-06253 ..... **$5.00**

AVIATION WEATHER

BY PETER LESTER Often when I write a book review the reader is able to deduce from the way I write it, whether or not it is an item which I truly believe is exceptional, or just something which is here simply because it is "supposed to be". This is one of those exceptional books and although it is a little more expensive than other weather books, it is truly a good example of getting what you pay for. This 3rd edition of Aviation Weather is Jeppesen at its best. It is also, without a doubt, the best and clearest book on weather as it pertains to pilots that I have seen. Aviation Weather is designed to help the student of aviation understand ther atmosphere in which he or she operates. It also serves as a valuable reference source for pilots at all levels. Whether your connection to flying is as a new student, a certified pilot, controller, dispatcher, scientist, engineer, or an interested passenger, Aviation weather will help you understand the strong interdependence of aviation and meteorology through over 300 full color illustrations, a minimum of mathematics, and a maximum of practical information. P/N 13-19385 ..... **$69.95**

JEPPESEN GFD DVD SERIES

The jeppesen GFD DVD Series is a great resource for students and instructors alike. These DVD's contain many hours of informative and entertaining video that agrument the written materials by providing visual reinforcement on a variety of topics. the state-of-the-art graphics, animation, and aerial photography help students grasp complex concepts.

FLIGHT TRAINING

CESSNA AIRCRAFT MANUALS

The handbook is designed: To help you operate your plane with safety and confidence. To more fully acquaint you with the basic performance and handling characteristics of the airplane. To more fully explain your plane's operation than is permissible to set forth in the airplane flight manual.

VISIT OUR WEBSITE AT WWW.AIRCRAFTSPRUCE.COM TO SEE THE MANUAL FOR YOUR CESSNA AIRCRAFT

PIPER AIRCRAFT MANUALS

The handbook is designed: To help you operate your plane with safety and confidence. To more fully acquaint you with the basic performance and handling characteristics of the airplane. To more fully explain your plane's operation than is permissible to set forth in the airplane flight manual.

VISIT OUR WEBSITE AT WWW.AIRCRAFTSPRUCE.COM TO SEE THE MANUAL FOR YOUR PIPER AIRCRAFT

MOONEY, GRUMMAN, DIAMOND STAR AIRCRAFT MANUALS ALSO AVAILABLE. SEE WWW.AIRCRAFTSPRUCE.COM

CESSNA TRAINING MANUAL

A detailed guide to the popular Cessna 206 aircraft. The book provides straight forward, easy to understand explanations of the aircraft, systems and flight operations including performance planning, with photographs, diagrams, schematics and checklists. The information has been compiled from engineering manuals, manufacturers handbooks, and the authors' personal in depth flight experience. The book is ideal for use when learning to fly on the C206 or during type transition training, and a experienced pilots will also find useful tips and information to improve their flight standards. The book is aimed at Cessna 206 pilots, however aviation enthusiasts, virtual pilots, and engineers will also enjoy the information provided.

Cennsa 206 .....P/N 13-09599 .....**$42.50**
Cessna 152 .....P/N 13-09604 .....**$34.50**
Cessna 210 .....P/N 13-09603 .....**$42.50**
Cessna C182.....P/N 13-09602 .....**$34.50**
Cessna 172 .....P/N 13-09601 .....**$34.50**

AIRCRAFT PILOT GUIDES

Pilots will find each guide in the series an invaluable companion to the Pilot's Operating Handbook/Airplane Flight Manual. Each guide gives overall description of the aircraft, limitations, handling characteristics, & loading/performance data. All data is result of flight testing done by experts in the industry. Perfect for new transitioning pilots.

Cessna 150 ..... 13-01053 . **$10.95** Piper Cherokee ... 13-01057 .**$10.95**
Cessna 172 ..... 13-01055 . **$10.95** Piper Warrior ..... 13-01056 .**$10.95**
Cessna 152 ..... 13-01054 . **$10.95** Piper Tomahawk . 13-01058 .**$10.95**
Robinson R22.. 13-01464 . **$10.95**

THE PILOT'S HANDBOOK

Subtitled The Flight Bag Book, this convenient, cockpit-handy manual features in-depth and specific procedural descriptions intended for reading on the ground, and checklists on heavy tabbed section dividers for use in the air. Hundreds of full-color illustrations illuminate the explanations, and a lie-flat spiral binding allows for folding over or full opening.

Features: Complete illustrated explanations for reading on the ground. Checklists for use in the air. Reference, glossary, and detailed index. Small enough to put in your flight bag or leave in the aircraft. Tabbed pages for easy location of sections. Spiral binding allows for full opening. 338 pages, 288 illustrations. P/N 13-08569 .....**$42.95**

A & P TEST/STUDY GUIDE BUNDLE

Within this kit, you'll have all the test preparation essentials needed to ace your exams. Kit items are also sold individually.

Kit includes:

A & P Airframe Test Guide with Oral & Practical Study Guide. A & P General Test Guide with Oral & Practical Study Guide. A & P Power Plant Test Guide with Oral & Practical Study Guide

A&P Test/Study Guide Bundle .....P/N 13-08042 .....**$43.50**

Additional Items

Jepp A&P Tech General Study Guide.....P/N 13-01188 .....**$15.15**
Jepp A&P Tech Airframe Study Guide.....P/N 13-03741 .....**$15.95**

ASA FLIGHT TRAINING

TESTPREP SERIES 2012 BOOKS

These books are a pilot's best bet. Included with every FAA question are the answers, explanations, subject codes and references, as well as explanations for incorrect answers. All of the questions in the particular FAA test question database are included here and have been arranged into chapters based on subject matter. Topical study, in which similar material is covered under a common subject heading, promotes better understanding, aids recall, and thus provides a more efficient study guide.

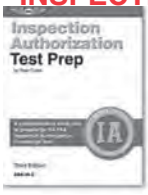
Private/Recreational Pilot .....P/N 13-00984 ..... **$15.00**
Instrument Rating .....P/N 13-00974 ..... **$18.50**
Commercial Pilot .....P/N 13-01298 ..... **$17.50**
Airline Transport Pilot.....P/N 13-01301 ..... **$31.75**
Certified Flight Instructor .....P/N 13-32311 ..... **$17.50**

FAST TRACK TEST GUIDES 2012 BOOKS FOR AVIATION MAINTENANCE

To prepare students for the FAA knowledge exams required for A&P certification, each guide contains exact FAA questions with answers, explanations and references in the "Fast-Track" format to promote increased learning comprehension and retention. Prepared by industry expert Dale Crane, the Fast-Tracks also include a helpful guide to the Practical & Oral Tests.

General (152 pages) .....P/N 13-32323 .....**$13.50**
Airframe (200 pages).....P/N 13-32321 .....**$12.95**
Power Plant (200 pgs).....P/N 13-32322 .....**$13.75**

INSPECTION AUTHORIZATION TEST PREP

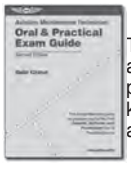


This book is an important reference source for all Aviation Maintenance Technicians (AMTs) seeking to add Inspection Authorization to his or her qualifications, as well as AMT schools preparing students for this test. All Inspection Authorization candidates must take and pass the FAA's IA Knowledge Test. The IA Test Prep provides readers with all the information needed to pass the IA Knowledge Test and helps candidates become familiar with the privileges and limitations of the highest level of maintenance certification. This book provides more than 350 sample questions, all of which are based on history and experience with the IA testing process. Example FAA questions and answer choices are supported with explanations, and FAA references from which the questions are derived are identified for students who wish to study them further. The IA Test Prep conveniently compiles the reference materials necessary to prepare for the IA Knowledge Exam into one volume, for an organized study program that AMT schools, instructors, and individuals alike can use to streamline their studies. P/N 13-01297 .....**$26.95**

CERTIFIED FLIGHT INSTRUCTOR DVD COURSE-VIRTUAL TEST PREP

More than 10 hrs of high-quality DVD presentation meets all FAA Part 61 home study requirements. All the information needed to ace the FOI, CFI, BGI and AGI exams through exciting in-flight video and dynamic instructional aids and interactive quizzes. Includes 2012 Test Prep book and Computer Testing Supplement. A bonus DVD, Flight Review is included which covers the required specifics for a Biennial Flight Review.

P/N 13-01081 .....**$43.95**



ORAL & PRACTICAL EXAM GUIDE

This book prepares the AMT for the general, airframe, and powerplant exams with information on the certification process, typical projects and required skill levels, practical knowledge requirements in a question and answer format, and reference materials for further study.

P/N 13-50165 .....**$8.95**

VISUALIZED FLIGHT MANEUVERS

Excellent learning and teaching aids for instructors and students, these handbooks comply with current practical test standards and regulations. Fold-out pages allow each maneuver to be complete on a 1-page spread, so the reader absorbs all the visual/textual information at once. Covers Private, Commercial and Flight Instructor maneuvers.

For High-Wing aircraft .....P/N 13-02289 .....**$14.95**
For Low-Wing aircraft.....P/N 13-05854 .....**$14.95**
For Katana aircraft.....P/N 13-02291 .....**$14.95**

THE PILOT'S MANUAL SERIES

FLIGHT SCHOOL THIRD EDITION - covers all the tasks from the FAA Practical Test Standards for the Private and Commercial certificates. The textual descriptions are supported with full-color illustrations and photographs. Prepares readers for the student pilot milestones: first solo, cross-country flying, instrument flight, and night flying. Comprehensive airplane checkout review in the appendix which readers can use to prepare for transitioning to a new airplane type, insurance applications, or the Flight Review (BFR) ground lesson.

P/N 13-00982 .....**$49.95**

PRIVATE & COMMERCIAL - Prepares the reader for the Private and Commercial FAA Knowledge exams, covering all of the aerodynamic knowledge required by both certificates. A flight and ground training syllabus is available. P/N 13-00978.....**$49.95**

INSTRUMENT FLYING - A step-by-step course covering all the knowledge requirements to pass the Instrument FAA Knowledge and oral exams, as well as an instrument checkride. A flight and ground training syllabus is available.

P/N 13-00979 .....**$56.95**

THE COMPLETE PILOT SERIES

Bob Gardner's series of textbooks has been in publication since 1985 and is continually updated and expanded. Mr. Gardner writes in a conversational manner that is readable, comprehensive, and more importantly, will lead the reader to a greater understanding of the material. All his books are reinforced by the caliber of personal experience that integrates "technique" and "procedures" with mastery.

THE COMPLETE MULTI-ENGINE PILOT (3RD EDITION) - The best textbook available for learning multi-engine flying! Learn the fundamentals of flying multi-engine aircraft and aerodynamic laws that govern multi-engine flight under Bob Gardner's experienced and energetic tutoring.

P/N 13-06661 ..... **$17.75**

THE COMPLETE ADVANCED PILOT (3RD EDITION) - Many students prepare for the Commercial certificate and Instrument rating simultaneously, as a method to train efficiently, cut expenses, and expedite the process. This book combines these two phases in flight training to produce the most effective program towards completion. Review questions follow each chapter. P/N 13-01714.....**$19.95**

THE COMPLETE PRIVATE PILOT (10TH EDITION) - For anyone interested in pursuing a Private Pilot or Recreational Pilot certificate, this book prepares the student with a thorough conceptual and practical understanding of the flying fundamentals. Several chapters refer to aeronautical charts, and a full-color example of a sectional chart is provided for use with exercises throughout the text.

P/N 3356 ..... **$19.95**

THE COMPLETE PRIVATE PILOT SYLLABUS (3RD EDITION) - A comprehensive guide that stresses the importance of integrated flight training -- providing both flight and ground training for more complete preparedness. It is written to satisfy both Part 141 and Part 61 requirements. 126 pages.

P/N 13-02268.....**$9.25**

MULTI-ENGINE FLYING

Multi-Engine Flying, by Paul Craig is a thorough and complete training manual on multi-engine flight covering multi-engine aerodynamics, normal and emergency procedures, multi-engine performance, and both simple and advanced aircraft systems. Advanced systems, including turboprop and operations common to high performance commercial aircraft are then discussed including high altitude operations, and modern glass cockpit systems.

Book .....P/N 13-07604.....**$44.95**
E-Book.....P/N 13-05912.....**$45.00**

ASA FAR/FC

Parts 1, 63, 65, 91 Subpart K, 119, 120 New!, 121, 135, and 49 CFR 175 (Hazmat), and New! 1544 (TSA). Part 25 is available as a free download! Free Updates available online for instant access to regulation and procedural changes. Free Update email subscription service – ASA will email you when a new Update is available. Unabridged FAR Parts from Titles 14 and 49 of the Code of Federal Regulations (14 and 49 CFR) Changes and updates since last edition clearly marked. Comprehensive FAR index. Softcover, 496 pages.

P/N 13-02293 .....**$14.85**

BV

ASA FLIGHT TRAINING

ASA PRIVATE PILOT COMBO

These FAA official handbooks, Airplane Flying Handbook (previously titled Flight Training Handbook) and Pilot's Handbook of Aeronautical Knowledge, have been required reading for all pilots for more than 30 years. Bonus: Includes handy laminated kneeboard-sized reference cards! These cards provide quick access to information on communication procedures, airport signs/markings, light gun signals, and more. P/N 13-11674 .....**$39.95**

ASA TEST PREPARATION SOFTWARE PREPWARE.COM

The experts in FAA Knowledge Exam preparation bring you a website dedicated to practice tests. Practice gives you the confidence you need before heading to the testing center, and saves you money on test retakes. You have the option to use these tests to acquire your test sign-off from ASA staff, or print your results to show your flight or ground instructor for their endorsement. Aviation Maintenance Technician applicants can use the Certificate of Completion to obtain an endorsement from their local FSDO. Practice exams are available for: General, Airframe, Powerplant, Sport, Private, Instrument, Commercial, Flight Instructor, Ground Instructor, Fundamentals of Instructing, Flight Engineer, and Airline Transport Pilot (all aircraft category and test types are available). P/N 13-10191 .....**$13.95**

ASA TEST PREPARATION SOFTWARE PREPWARE.COM ACCESS CARDS

Prepware.com is ASA's online Simulated Test Center dedicated exclusively to test practice. Previously accessible via direct-sale only, this popular preparation tool is now available with convenient "scratch-off " Access Cards! Hang tags serve as the Access Cards for easy display. Test applicants redeem the prepaid cards at Prepware.com by revealing the hidden 25-digit activation code and entering it on the website. P/N 13-10192 .....**$13.00**

ASA VIRTUAL TEST PREP SERIES IMAGES

4 CD-ROM set with slides from ASA's VTP DVD Series! The Virtual Test Prep DVD Ground School Series provides a comprehensive aviation ground school to prepare pilots for the FAA Knowledge Exam and help them become better, safer pilots. This is a comprehensive 4-CD-ROM set with slides of the graphics used throughout the Virtual Test Prep series, allowing you to add professionalism, organization, and clarity to your classroom presentations with these Powerpoint slideshows and animated graphics. The slides are categorized and labeled to make them easy to identify for the course and lesson you want to use. The graphics can be viewed from the CD as a slideshow, or you can use individual slides in your own presentation. P/N 13-10193 .....**$66.50**

ASA AVIATION MECHANIC PRACTICAL TEST STANDARDS

This PTS guide for mechanics includes all three current standards in one book for the General (8081-26—through Change 3), Airframe (8081-27—through Change 3), and Powerplant (8081-28—through Change 2) sections of the Oral & Practical exams, the last step in the quest for the Aviation Maintenance Technician (AMT) certificate. The standards presented in these guides are the only way for AMT students, their instructors, as well as the examiners themselves, to know what the FAA expects for these required tests. Therefore they are essential for preparation, study, and eventually passing the tests to become FAA-certified aviation mechanics. P/N 17-00008 .....**$3.80**

ASA 21ST CENTURY FLIGHT TRAINING

21st Century Flight Training teaches all the primary flight training maneuvers from the perspective of an examiner with countless checkride insights, guiding readers from initial flight instructor lessons to conducting flight reviews on their own. Flight instructor candidates are led through the development of a complete set of lesson plans, learning how to teach maneuvers, navigate oral exams and practical tests, and on to operating as twenty-first century flight instructors.
P/N 11-09089 .....**$24.50**

ASA AUDIO SET PRIVATE PILOT CHECKRIDE

A narrator explains what you can expect during the checkride and then takes you into the briefing room where you are invited to listen in as a checkride gets underway. This program contains one example of a typical practical test on audio track. You should study the printed Private Oral Exam Guide book to obtain a complete understanding of all the different types of questions that might be asked during your checkride. P/N 11-08846 .....**$22.25**

ASA PROFESSIONAL PILOT THIRD EDITION

Provides real-world application of knowledge based on veteran aviator John Lowery's vast experience. Ride alongside as he imparts insightful tips, stories, case histories, facts and mythbusting that will change how you operate as PIC. More than ever is about decision making. Far from your typical textbook on aerodynamics and systems, this book takes you right up front to learn from a master turbine pilot who's been there. Filled with points to remember so pilots can take away operational rules-of-thumb and immediately apply them to their daily flying. P/N 11-08844.....**$28.75**

ASA INSTRUMENT COMBO

Provides basic information for flying IFR; ideal for instrument-rating students and instructors. Picks up where the 8083-15A leaves off, providing advanced information for operations and procedures. Along with greater savings over purchasing these titles individually, you will also receive 2 laminated quick-reference cards with information pertinent to flying in the IFR environment and sized to fit your kneeboard or approach plates binder. P/N 11-08800..**$34.50**

ASA INSTRUMENT FLIGHT MANUAL

Divided into five sections, the book covers: airplane performance and basic instrument flying, navigation and communication aids and their instruments, planning the instrument flight, the instrument flight and the knowledge and practical tests. Significant time is devoted to air traffic control as it is one of the most difficult aspects of flying IFR. Kershner's goal in this manual is to cover the subject in as much detail as possible while remaining uncomplicated. P/N 17-00012 .....**$22.95**

ASA FLIGHT INSTRUCTOR REFRESHER CLINIC (FIRC)

ASA's FAA-approved Flight Instructor Refresher Clinic (FIRC) provides everything flight instructors (CFIs) need to renew their flight instructor certificate for 2 years. This convenient home-study course brings the classroom to the home or office and lets instructors renew their certificate at their own pace, and in the comfort and privacy of their own place. The ASA FIRC features internet-based evaluation, resources and course tracking, supported with professional multi-media presentations from the producers of ASA's Virtual Test Prep series. A comprehensive review of recent changes in rules and procedures affecting general aviation and flight instruction ensures instructors have the most current information, are aware of the FAA's areas of emphasis, and receive the most innovative instructional techniques. P/N 13-09018 .....**$121.95**

ASA TEST SUPPLEMENT - SPORT PILOT, INSTRUCTOR, EXAMINER

This is the same book issued during the Sport Pilot/Instructor/Examiner FAA Knowledge Exams at the computer testing centers. These "figures books" are exactly as printed by the FAA, with all charts reproduced in full color.
P/N 17-00010 .....**$8.50**

PREFLIGHT A FIXED WING LIGHT-SPORT AIRCRAFT

Follow a routine preflight inspection to learn the proper way to ensure a safe, enjoyable flight. Sport Pilot expert Paul Hamilton role-plays as the student embarking on his first flight in a fixed wing LSA. Instructor Jeff Reynolds takes Paul through an easy-to-follow and comprehensive preflight inspection. This straightforward presentation is truly informative and educational for the beginner pilot, as well as the experienced aviator wanting a refresher or transitioning aircraft. P/N 13-10202 .....**$45.25**

ASA FLIGHT ENGINEER TEST PREP

The Flight Engineer questions represent those on FAA Knowledge Exams, and are arranged by subject into chapters with Answers, Explanations (for correct and incorrect answers) and Reference Codes for Basic, Turbojet, Turboprop, Reciprocating, and Add-On Ratings. Helpful test instructions, tips, excellent cross-references, and more included. ASA is the leading resource for FAA Knowledge Exam preparation and continues to produce the best books available to prepare students for all the exams. P/N 11-08827 .....**$24.50**

ASA AERONAUTICAL CHART USER'S GUIDE

Have you ever wondered about the meaning of a certain chart feature or symbol? Go beyond the standard chart legends with this comprehensive guide! Using and understanding aeronautical charts is an essential skill for every pilot. This updated 10th Edition of the Aeronautical Chart User's Guide by the FAA AeroNav Products branch is the definitive learning aid, reference document, and introduction to the wealth of information provided on aeronautical charts and chart navigation publications.
P/N 17-00011 .....**$12.50**

BV

ASA FLIGHT TRAINING

STUDENT KITS

Complete, comprehensive packages for pilot training. Flexibility will always be the best feature of ASA Student Kits. If a school or training program needs to swap out the fiberboard flight computer in The Complete Private Kit for our aluminum E6-B, that's okay! If everything in The Aviator Commercial Kit is just right for your school's curriculum, but you're using the commercial syllabus you created, that's alright, too. Your ASA Distributor can create a Personalized Aviation Custom Kit for you that leaves out our Syllabus, but still guarantees easy ordering, easy shipping, and easy delivery.

THE COMPLETE PRIVATE KIT

• PPT-9, The Complete Private Pilot, by Bob Gardner, a comprehensive textbook • PPT-S, The Complete Private Pilot Syllabus, for both ground and flight school • SFR-P2, Student Flight Record for Private Pilots, to track progress • VFM-HI, Visualized Flight Maneuvers for High-Wing Aircraft, a comprehensive maneuvers guide • SP-30, Standard Pilot Logbook in black • CP-RLX, the Ultimate Rotating Plotter • E6B-P, fiberboard flight computer • OEG-P, Private Oral Exam Guide, by Michael Hayes, for checkride preparedness • 8081-14AS, Practical Test Standards for Private Pilot Single-Engine Land, so pilots know what to expect on the checkride • BAG-AT, black attaché bag

P/N 13-02271 .....**$97.50**

ASA PART 61 STUDENT PILOT KIT

Packaged in the ASA Pilot Briefcase. The Complete Private Pilot by Bob Gardner is the primary textbook for this kit, ASA FAR/AIM and Private Pilot Test Prep books The Practical Test Standards, Private Oral Exam Guide, and Visualized Flight Maneuvers for High-Wing Aircraft help take students through their Oral and Practical exams. E6-B flight computer and Ultimate Rotating Plotter for all flight planning, and a Standard Pilot Logbook. P/N 13-03127 .....**$89.95**

ASA PART 141 STUDENT PILOT KIT

Includes everything they'll need, packaged in the ASA Pilot Briefcase. The Pilot's Manual: Flight School and The Pilot's Manual: Ground School, \ ASA FAR/AIM and Private Pilot Test Prep books are also included.The Practical Test Standards, and the Private Oral Exam Guide. An aluminum E6-B flight computer and Ultimate Rotating Plotter are included for flight planning, a Standard Pilot Logbook, also ASA Short Fuel Tester to help with preflights. P/N 13-03128 .....**$199.00**

FAA STUDENT PILOT GUIDE

The Student Pilot Guide lays out (for prospective student pilots and those already engaged in flight training) in "how to" fashion, the general procedures for obtaining FAA student pilot, sport pilot, recreational pilot, and private pilot certificates.

P/N 13-04565.....**$2.75**

ASA COMMUNICATION TRAINER SOFTWARE

Say Again, Please is an invaluable tool for students who want to practice before their flights, pilots with rusty communications skills, those who rarely fly into heavy airspace, and those who want to sound like a pro! Learn how ATC and your radio equipment works, and learn what to say and what to expect to hear and how to interpret clearances and instructions. ..... P/N 13-02054..... **$49.95**

ASA INSTRUMENT PROCEDURES TUTORIAL

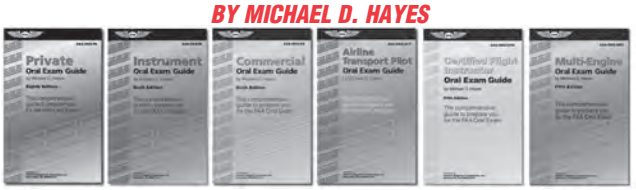
Visualization simulator and instrument procedures tutorial (software plus manual). Gain a mind's-eye perspective by viewing cockpit instrumentation, approach plate, and overhead map simultaneously! 1. to form a mental image of 2. to make perceptible to the mind or imagination 3. the act of creating a mental image that is similar to a visual perception. A complete how-to system on instrument flight, navigation, procedures, emergencies, and more, featuring a comprehensive 4-hour software tutorial and a full-color manual. It's the perfect complement to any instrument training curriculum or refresher for instrument-rated pilots. Students, instructors, virtual aviators, and even experienced pilots. P/N 11-06625 .....**$47.95**

ASA HELICOPTER FUNDAMENTALS–DVD

The Virtual Test Prep DVD Series provides a comprehensive aviation ground school to prepare pilots for the FAA Knowledge Exam and help them become better, safer pilots. Makes explanations come to life with in-flight demonstrations and the latest 3D animated graphics. Supplements the airplane Virtual Test Prep ground school courses. Complete both the airplane and helicopter courses to prepare for private pilot, instrument rating, commercial pilot, or flight instructor (CFI) FAA Knowledge Exams. Used together, the courses provide everything needed to ace the Helicopter FAA Knowledge Exam. P/N 13-05828.....**$26.85**

ORAL EXAM GUIDES

BY MICHAEL D. HAYES



These exam guides are written to help prepare applicants for their oral exams with FAA examiners. Using a question and answer format, each guide takes the questons most likely to be asked by examiners and provides easy to follow responses. Pilots will find these guides indispensable tools in both planning for what to expect and mastering the subject matter. Instructors rate these as excellent preparation for students, as well as preps for Instrument Proficiency Checks (IPCs), aircraft transitions, and as general refresher material.

Private (8th Edition) .....P/N 13-00977 .....**$9.75**
Instrument (7th Edition).....P/N 13-00976 .....**$9.75**
Commercial (6th Edition) .....P/N 13-02283 .....**$9.95**
Airline Transport Pilot (1st Edition) .....P/N 13-02284 .....**$9.95**
Multi-Engine (5th Edition).....P/N 13-02060 .....**$9.75**
Certified Flight Instructor (5th Edition) .....P/N 13-02285 .....**$9.75**

SPORT PILOT TEST PREP

Information you need to come into the checkride prepared: the required training, experience, and instructor endorsements. The questions most likely to be asked during the oral portion of the exam, supporting them with succinct, easy-to-grasp answers. Provides practical checklists and techniques to use when demonstrating your skills to the examiner. The DVD compresses a typical four-hour practical test into an engaging 78-minute presentation.When the book and DVD are used together, pilots will find these products indispensable for mastering the Sport Pilot Checkride.

Check Ride book .....P/N 13-05024 .....**$17.75**
Checkride Combo.....P/N 13-05857 .....**$42.75**

AVIATION RADIO COMMUNICATIONS MADE EASY

The 272-page spiral-bound workbook includes 32 different templates ranging from operations at nontowered fields to initial call-up of an approach control facility to requesting VFR traffic advisories, also known as flight following. You complete these templates - literally filling in the blanks-and take them along-they're sized to fit a standard pilot's kneeboard. Four copies of each template are included. .....P/N 13-04089.....**$17.75**

ASA HELICOPTER STUDENT PILOT KIT

Helicopter Student Pilot Kit Includes: * Rotorcraft Flying Handbook * Principles of Helicopter Flight, by Wal Wagtendonk * Principles of Helicopter Flight Syllabus * Private Pilot Test Prep * FAR/AIM book * Private Rotorcraft Practical Test Standards * Private Oral Exam Guide, by Michael Hayes * Helicopter Oral Exam Guide, by Ryan Dale * Standard Pilot Logbook in black * Ultimate Rotating Plotter * Fiberboard E6-B Flight Computer * ASA Briefcase P/N 13-06414 .....**$117.95**

ASA HELICOPTER ORAL EXAM GUIDE

A supplement for helicopter pilots; requires corresponding Oral Exam Guide for proper study. This book prepares pilots for the oral portion of their Helicopter Checkride for Private, Instrument, Commercial, Flight Instructor, and ATP. Helicopter pilots can now use this guide and the corresponding OEG book to get the rotary-wing knowledge specific to their training needs. Softcover, 184 pages. P/N 13-05853 .....**$9.75**

ASA FLASHCARDS

Flashcard Study Guides help to develop and maintain a solid core-knowledge of the rules and regulations that are a part of a pilot's daily life. Designed to be easy to pack and carry, flashcards provide pertinent regulatory questions with detailed answers and references for further study.

FLASHCARDSFOR FAR - A Useful Study Aid. Keep your cockpit skills sharp and prepare for that important test, checkride or interview! Updated to include the latest rules and operating procedures as well as Sport Pilot and Light-Sport Aircraft questions. The FAR Flashcards set provides 112 practice questions from FAR Parts 1, 61, and 91.

P/N 13-05850 ..... **$14.95**

FLASHCARDS FOR AIM - A Useful Study Aid. Keep your cockpit skills sharp and prepare for that important test, checkride or interview! The AIM Flashcards set contains 92 practice questions from the Aeronautical Information Manual (AIM). P/N 13-05851 ..... **$14.50**

FLASHCARDS FOR ATP - Prepare for exams, checkrides, and interviews! Questions for Parts 119, 121, and 135 operations. Updated to include the latest rules and operating procedures for airline operations. The Flashcards for ATP set provides 80 practice questions from 14 CFR Parts 119, 121, and 135. P/N 13-05852..... **$14.95**

ASA VIRTUAL TEST PREP

ASA'S PRIVATE PILOT VIRTUAL TEST PREP

Brings the classroom to any home TV or computer Blu-ray player. Watch the Blu-ray disk material to learn the subjects, then use the included ASA Prepware Software to work through the questions, for a comprehensive aviation ground school. Graduation certificate and instructor endorsement (sign-off) available from ASA for no additional cost upon completion of the course. Package also includes a bonus disk with over 2 hours of interviews, insights, and inspiration from some of the industry's leaders in aviation education, including Tom Horne, Barry Schiff, Bob Gardner, Paul Hamilton, Laurel Lippert, Steve Casner, Dorothy Schick, and Bruce Williams. These experienced aviators and notable subject experts also discuss their hard-learned lessons throughout the course, providing a very entertaining perspective and rare opportunity to watch and listen to these consummate aviators share their knowledge, wealth of experience and invaluable wisdom.

ASA VTP Ground School Widescreen ..... P/N 13-06051 ..... **$121.95**
ASA VTP Ground school Blu-Ray ..... P/N 13-06052 ..... **$205.95**

ASA VIRTUAL TEST PREP

Aviations most exciting new aviation ground school for DVD-Virtual Test Prep. Now students can learn the material they need right from their TV or RC DVD player by taking advantage of these latest developments in video production education • Up to 10 hours of quality video instruction on 5 disks • Works on TV and computer DVD players, take interactive quizzes by using your TV remote! • Excellent air to air video footage • Meets 14 CFR Part 61 home study requirements • Includes Test Prep book and Computer Testing Supplement with all FAA questions, answers, explanations, & figures • Instructor sign off available.

Instrument Pilot Course..... P/N 13-01961..... **$82.50**
Complete Advanced Pilot..... P/N 13-01714..... **$19.95**

VIRTUAL TEST PREP 2012 COMMERCIAL

With Virtual Test Prep, you can learn the material you need to ace the FAA Knowledge Exam right from your TV or computer DVD player. Animated and 3D graphics, special effects, expert instructors and terrific inflight footage make Virtual Test Prep a thoroughly entertaining and motivating learning experience that helps you prepare for the exams. Learn from the DVD, take the interactive onscreen subject quiz, then use the included ASA Test Prep book to work through the questions, for a comprehensive aviation ground school. Graduation certificate and instructor endorsement (sign-off) available from ASA for no additional cost upon completion of the course. Package also features 2 complete printed sample tests, and the Bonus DVD Ramp Check.

DVD program contents: Basic Aerodynamics, Aircraft Systems, Flight Instruments, Regulations, Procedures and Airport Operations, Weather, Weather Services, Aircraft Performance, Navigation, IFR Operations, and Test Tips, and Review questions. ..... P/N 11-09091 ..... **$109.95**

2012 PREPWARE v.10

Prepware 2012, the FAA Knowledge Exam software that allows users to take true-to-form practice exams and get immediate feedback on the test areas that need more work. Tailor-made practice sessions improve your performance in the areas you need to concentrate on the most to pass the test with flying colors! Questions are supported by study guides and comprehensive explanations for correct and incorrect answers. Prepware 2012 includes the new FAA Knowledge Exams effective June 29, 2010.

ASA VIRTUAL TEST PREP 2012 CFI

Virtual Test Prep–An Aviation Ground School brings an advanced classroom to any home TV or computer DVD player. Certified Flight Instructor test, 2012 Edition. DVD program contents: Fundamentals of Instructing, Aerodynamics and the Principles of Flight, Aircraft Systems, Aircraft Performance, Weather and Weather Services, Enroute Flight and Navigation, Procedures and Airport Operations, Regulations, Flight Instruction and Maneuvers, Flight Physiology, Test Tips, and Review questions. Total running time 10:33:38. System Requirements: Television or computer DVD player. Compatible with both PC and Macintosh DVD systems. P/N 13-07469..... **$119.50**

ASA TEST PREP 2012 SERIES BUNDLES

This bundle combines ASA's popular Test Prep book and Prepware Download for the ultimate in flexibility and savings. Today's hectic lifestyles demand efficient use of what limited study time is normally available. This bundle give test applicants the convenience of choosing whichever test preparation method is most convenient at any given time or location. ASA's Prepware Download combines all the information found in the Test Prep, with the benefits of computer-based training—including performance graphs, realistic practice tests, study and review modes, and built-in timers. The instructor utility, QuizMaker, generates pop quizzes or full-length tests, using FAA Knowledge Exam questions.

PRACTICAL TEST STANDARDS

ASA reprints the most current FAA Practical Test Standards in this series of handy cockpit-sized guides. Every PTS is written by the FAA and details the type and levels of skill and knowledge that must be demonstrated before an examiner can issue a certificate or rating to an applicant, and describes background study and reference materials.

Private Pilot Airplane (single engine land & sea)	13-00981	**$5.25**
Rotorcraft/Helicopter (private)	13-02337	**$4.75**
Commercial Pilot (single & multi-engine land & sea)	13-00980	**$5.25**
Instrument Pilot	13-00985	**$6.75**
Multi-Engine Pilot	13-02061	**$4.75**
Airline Transport Pilot & Type Rating (Airplane & Helicopter)	13-00908	**$5.75**
Flight Instructor Airplane (Single engine land & sea)	13-32314	**$5.50**
Flight Instructor Airplane (Multi-engine land & sea)	13-02288	**$4.75**
Flight Instruct Instrument (airplane&helicopter)	13-02296	**$5.50**
Aviation Mechanic	13-02555	**$6.95**

ASA 2012 FAR/AIM SERIES

ASA has built a reputation for providing the aviation community with the most accurate and reliable FAR/AIM products available. The 2012 FAR/AIM book continues this tradition, containing complete and up-to-date information from Titles 14 and 49 of the Code of Federal Regulations (14 and 49 CFR) pertinent to General Aviation, Sport Pilots and Flight Instructors, combined with the Aeronautical Information Manual (AIM) (includes Change 1, effective 7/31/2008), and a free email subscription service for you to receive updated information as it is released by the FAA.

P/N 13-15200 ..... **$9.75**

GUIDE TO THE FLIGHT REVIEW

BY JACKIE SPANITZ - Complete preparation for taking or issuing a Flight Review. Most commonly asked questions with answers regarding the Flight Review, appropriate references for further study, relevant advisory Circulars, and a checklist. All information is useful to both Flight Review candidates & issuing CFIs. The new sixth edition reflects important updates. P/N 13-00973 ..... **$9.95**

ASA AIRCRAFT WEIGHT AND BALANCE HANDBOOK

This book explains in detail the process to determine the weight and balance of any aircraft. This new edition, effective March 2007, has been updated to include information on new Light Sport Aircraft (LSA) and Very Light Jet (VLJ) categories. Applicable to both airplanes and helicopters, this book is a primary reference for all FAA Knowledge Exams for both pilots and mechanics. Soft cover, glossary, indexed, full-color illustrations, 8-3/8" x 10-7/8" format, 96 pages.

P/N 13-01059 ..... **$6.95**

MAINTENANCE LIBRARY CD 2012

14 publications on one searchable, printable CD! Its perfect as a convenient easy to handle reference to this everyday material or as complete economical curriculum for an A&P student. Publications included: • 2012 FARs for Maintenance Technicians • AC 43.13 1B, 2B (new 2008 edition) • General Handbook, AC 65-9A • Airframe Handbook, AC 65-15A • Powerplant Handbook, AC 65-12A • 2012 FAA General Test Questions & Answers • 2012 FAA Airframe Test Questions & Answers • 2012 FAA Powerplant Test Questions & Answers • A&P Computer Testing Supplement • A&P Practical Test Standards • Weight & Balance Handbook • Corrosion Control • Nondestructive Testing for Aircraft • Ultrasonic Testing for Aircraft P/N 13-05131 ..... **$39.95**

HOME STUDY FLIGHT INSTRUCTION

Useful at any level of experience, the Home Study Flight Instruction Program is excellent as a preflight instructional tool and as a refresher course. Compromising approximately two hours of professionally narrated, efficiently organized instruction, the course moves from an introduction, to the controls, to straight and level flight, through turns, climbs, takeoffs, emergency landings, approach producers & emergency procedures

CD ..... P/N 13-02085 .... **$18.95** Cassettes ..... P/N 13-02086 .... **$18.95**

THE RIGHT SEAT

The Right Seat is an excellent introduction to flying for pilots' companions and would-be pilots. Clearly explains in easy-to-understand text with illustrations: how the airplane flies, how the instruments work and how to read them, how to navigate, communicate, assist the pilot and what to do if anything should happen to the pilot. A perfect gift for your flying companion. ..... P/N 13-02083 ..... **$12.95**

CONTROLLING PILOT ERROR: CONTROLLED FLIGHT INTO TERRAIN

Conduct a guided self-assessment that reveals any hidden dangers in your technique, knowledge, or proficiency. Correct risk-laden approaches to time and planning, weather decisions, situational awareness, automation, procedures, and other factors. Learn disaster-warning signs from case studies and expert insights. Enhance preparedness for emergencies. Transition from VFR to IFR safety. Avoid equipment problems, air controller error, or your own complacency

Book ..... P/N 13-07721 ..... **$15.96**
E-Book ..... P/N 13-06057 ..... **$19.95**

CONTROLLING PILOR ERROR: COMMUNICATIONS E-BOOK

Overcome barriers to good communications in the cockpit and out. Handle all aspects of radio communications effectively and safely. Recognize and correct miscommunications. Improve interactions with air traffic controllers. Communicate more effectively in training situations. Vary radio use to specific airport environments. Understand the capabilities and limitations of communications equipment. Know the rules and how to apply them. E-Book ..... P/N 13-06058 ..... **$19.95**

AVIATION SURVIVAL SENSE

The purpose of this handbook is twofold: it should be used (1) for preflight planning to prepare for potential search, rescue, and/or survival situations, and (2) as a practical field guide for dealing with a variety of problems and challenges encountered in an actual survival situation. It should be clear that this document is not intended to replace aviation operational and emergency checklists Pages: 160. Book ..... P/N 13-09918 ..... **$31.95**
E-Book ..... P/N 13-09864 ..... **$28.75**

PROFLIGHT PRE SOLO WRITTEN EXAM

This exam contains a total of 50 questions: 20 general questions, 10 regarding your training aircraft, and 20 regarding your local flight environment. Use of reference materials during this exam such as your training aircraft's Operator's Manual and local aeronautical charts is permitted.

P/N 13-10441 ..... **$4.95**

FLIGHT / WEATHER LOG

These flight and weather logs are Airguides exclusive form. Complete enroute flight log and space for copying clearances, a flight time record and a fuel management log. Space on the back to copy current weather in the same order given by Flight Service. Comes complete with instructions.

P/N 13-02079 ..... **$2.50**

A COMPLETE FLIGHT HANDBOOK FOR STUDENT PILOTS!

- Illustrated Flight Maneuvers
- Communications Guide
- Flight Planning Charts
- Emergency Procedures
- Step-by-step Cockpit Procedures
- Pilot/Controller Glossary
- Pre-Solo Written Exam
- Check Ride Preparation
- Complete Training Syllabus Included!

P/N 13-05738 ..... **$12.95**

BIENNIAL FLIGHT REVIEW - Complete BFR in one small package! This is by far the most consise and well organized flight review book on the market. It is full of checklists and handy procedures as well. Targeted for the aviator who wants to brush up on the rules and regs and get up in the air and have some fun! P/N 13-05739 ..... **$14.95**

INSTRUMENT FLIGHT REVIEW - A new shortcut to IFR Review! You can't beat this. This is the most incredible organization of IFR rules, regulations, tips and information avialable. Includes fully illustrated flight maneuvers and procedures, clearances, approaches, flight planning and more!

P/N 13-05740 ..... **$9.95**

PILOT'S POCKET HANDBOOK - The next best thing to having that brain chip implant! An extremely usefull collection of everyday aviation facts, figures and neat stuff! Includes a world time chart, aircraft country codes, math and conversions, standard and emergency checklist, abbreviations, ... get the idea?

P/N 13-05741 ..... **$9.85**

PILOT'S RULES OF THUMB - Don't fly by the seat of your pants, use your Thumbs! Here is the only book of it's kind. This collection of helpful rules and tips is useful to barnstormer and jet fighter pilot alike. (I have personal second hand knowledge of a Northwest Airlines pilot that carries this book in her flight bag!) P/N 13-05742 ..... **$9.95**

BV

PILOT TRAINING COURSES

PRIVATE PILOT COURSE - The experienced flight instructors at MS Aviation believe that the process of learning to fly should be engaging, easy to understand, entertaining as well as educational. The moment you begin the MS Aviation course, you'll discover what makes it better. Rather than reading and memorizing, all you do is watch, listen and learn. * 49 fully narrated lessons * 19 hours of entertaining course instruction * Instructional Flash animations throughout * Engaging 3D dynamic renderings * Weblinks, sample tests and exam study questions P/N 13-05764.....**$159.95**

INSTRUMENT RATING COURSE - When you're ready to upgrade to the Instrument Rating, MS Aviation has the course for you. Instrument Flying is serious business and getting the right training is important. The Instrument Rating Course takes you through 33 fully narrated lessons that use animations to better understand things like GPS theory and Use, ADF, VOR and Holding procedures. Preparing you for ALL of the ground knowledge, FAA written test and Checkride is what this course delivers. * 33 Fully Narrated Interactive Lessons * Over 40 Custom Animations * Video Tutorials make Holding and GPS easier to understand * Complete FAA Written Test Preparation * Checkride Preparation P/N 13-05765.....**$159.95**

COMMERCIAL PILOT COURSE - Becoming a Commercial Pilot is the first step in taking flying from a hobby to a career. Getting paid to fly gives a great sense of accomplishment. Completing your training with the Commercial Pilot Course will prepare you for all ground aspects of Commercial Pilot Training. 46 lessons will guide you through a structured learning environment that includes individual lessons, automatic reading assignments and integrated written exam preparation. In the last module of the course you'll be prepared for the oral portion of your checkride. In addition to the learning environment, you'll also have a complete Digital Library where you have a large assortment of training handbooks and advisory circulars complete with a FAR/AIM. Complete Pilot Training is what this course is all about. * 46 fully narrated lessons * Custom animations for you to use as part of the lessons * Quizzes and Stage Exams * FAA Knowledge Test Preparation * Checkride Preparation * Every book you'll need in our Digital Library * Advisory Circulars, Practical Test Standards and the Test Supplement Booklet * A complete course for the Commercial Pilot Student on a Single DVD-ROM P/N 13-05766.....**$159.95**

SPORT PILOT AIRPLANE COURSE - This course is designed to take you from zero through completing the sport pilot cerficate. We made this course complete with all the ground training, FAA written test preparation and checkride preparation in a single package. Everything you need is included to be successful with all of the ground training for the sport pilot. This is the most complete course for the sport pilot available anywhere. 50 fully narrated lessons complete with our own custom animations, and automatic reading assignments make learning to be a sport pilot interesting and fun. Filled with lots of Flash Animations and Video Tutorials, this course prepares you to be a sport pilot! * 50 fully narrated lessons * Over 40 custom animations * Over 5 video tutorials making the E6B easy to understand * FAA written and checkride preparation P/N 13-05767.....**$159.95**

SPORT PILOT AIRPLANE TRANSITION COURSE - If you are transitioning from private to sport pilot then this course is for you. We cover all of the differences in rules and regulations, medical issues, light sport airplanes, systems and more all in a easy to follow format with our own custom animations. This course is fully narrated and makes understanding the sport pilot license easy. * Fully narrated lessons * Custom animations * Understanding the sport pilot privileges and limitations * A special lesson all about medical issues for sport pilots P/N 13-05768.....**$96.95**

USING THE GARMIN 530/430 - Learning using MS Aviation's 530/430 course makes it a snap. They've created a full course for VFR and IFR. They've also included reference material like the Pilot's manual, Syllabus, Quick reference and even the Garmin 530 simulator. All on a single CD-Rom. You'll watch over the shoulder of an experienced flight instructor as he shows you not only what buttons to press but the ideas and strategies behind them. They break down the GPS into simple to understand blocks of material so you can learn better, faster and get to really flying the GNS 530/430 as quickly as possible. You can even follow along button by button using the included 530 simulator. Just like all of our products this course is compete, using state of the art technology and preparing you for the real world of flight. P/N 13-05769.....**$69.95**

PRACTICAL TEST STANDARDS: SPORT PILOT

FAA S 8081-29 & 8081-31 combined combined airplane, weight shift, powered parachute, and flight instructor.
Sport Pilot Practical Test Standards for Airplane, Weight-Shift Control, Powered Parachute and Flight Instructor. The FAA Practical Test Standards are used by instructors, students, and examiners to prepare for, review, take, or issue the checkride. Each PTS is written by the FAA and details the type and levels of skill and knowledge that must be demonstrated before an examiner can issue a certificate or rating to an applicant, and describes background study and reference materials.
This PTS includes both the FAA-S-8081-29 for Airplane and FAA-S-8081-31 for Weight-Shift Control and Powered Parachute (effective December 2004), applicable to both Sport Pilots and Sport Instructors. Includes Change 1 (effective June 2006) and Change 2 (effective February 2008).

PRIVATE PILOT FLIGHT MANEUVERS

The purpose of this manual is to help in the explanation, visualization and execution of the flight maneuvers required for the Private Pilot Practical Flight Test. Students preparing for their oral and flight test will find this manual helpful. Any pilot preparing for a Biennial Flight Review (BFR), can use this manual as a refresher on maneuvers that you may not have executed in quite some time. Flight Instructor applicants and Certified Flight Instructors will find this manual a beneficial teaching aid.
The manual breaks down each maneuver required on the Private Practical Test in six parts: FAA objective for the maneuver. FAA completion standards. General description of the maneuver. Detailed step by step textual description on how to execute the maneuver as recommended by the FAA. References to FAA publications where the information was compiled from. Detailed graphic profiles summarizing the procedure in a visual format. Also included are airspeeds, pitch attitudes, bank angles, power settings and configurations for a Cessna 172P plus room to add the same information for up to three additional aircraft.

Description	Part No.	Price
Private Pilot Manual	13-08669	**$18.25**

Accelerated Aviation Training, was founded in 1986 to help Canada's pilots at all levels of licences and ratings prepare for their written exams with our accelerated exam prep seminars held at our YVR airport pilot training centre. We have been continously publishing Culhane training manuals and supplying Canada's aviation training industry with our aviation texts and exam guides since 1988.

Culhane aviation training books are currently used nationwide by aviation students at most flying schools and clubs in Canada, and at Canadian aviation colleges and universities, for ground school and flight training courses and seminars for the Private Pilot Licence, Recreational Pilot Permit, Night Rating, Commercial Pilot Licence, Integrated Commercial Pilot Licence, Instrument Rating, Flight Instructor Rating, IATRA Type Rating, Airline Transport Licence - Aeroplane, Private Pilot Licence - Helicopter, Commerical Pilot Licence - Helicopter, Instrument Rating - Helicopter, and Airline Transport Licence - Helicopter. Our ownership of Culhane manuals has permitted us to become the leading Canadian publishers of aviation self study training courses and referenced simulated exams, for both fixed wing and rotary wing pilots. We also offer training products and courses for Canadian Aircraft Maintenance Engineers and Flight Dispatchers.

FLYING THE TAILWHEEL AIRPLANE

The Federal Aviation Administration (FAA) requires that pilots must have a "tailwheel endorsement" to fly an airplane with a tailwheel. To earn a tail wheel endorsement, a pilot must demonstrate proficiency in specific flying skills and be knowledgeable of tail wheel subjects. In this book, Jim Alsip guides readers through the basics of tailwheel proficiency. Many pilots know what is required to perform a specific maneuver, but their low skill level is an impediment to being successful. With this in mind, Alsip aims to identify common habits that cause poor pilot performance, and suggests "key points", memory aids, that help develop better pilot habits. The principles laid out in the book are applicable to all pilots flying all types of small airplanes, and are prerequisite to learning to fly advanced maneuvers safely. The book offers an abundance of photographs from the cockpit demonstrating key points and principles from the pilot's perspective. Emphasis on where to look, what to see and what to do about it makes this teaching style and book unique and effective. .....P/N 13-11863 .....**$24.95**

ADVANCED AEROBATICS

In this lesson-by-lesson guide, accessible text from aerobatics champions, sequential cockpit-view photographs, and sophisticated computer graphics provide an effective primer on 20 advanced aerobatics maneuvers. P/N 13-07602 .....**$29.95**

FLIGHT GUIDE MANUALS

As the nation's leading VFR airport guide, Flight Guide Manual has set the standard in providing quality airport and supplementary data that general aviation pilots have come to depend on. Flight Guide helps eliminate the uncertainty involved in arriving at an unfamiliar airport. With Flight Guide in hand you have a clear, graphic representation of the field for ready reference, with Traffic-Pattern altitude, Tower, CTAF and other frequencies in the order needed, easy to locate at a glance. Plus, Flight Guide gives the support information you need after you're on the ground.Flight Guide Manuals will now be produced in a slightly larger format, kneeboard size (5.5 x 8.5) and weigh the same as the classic manual (about 1 lb.). For easier readability, less airports will be on a page to allow for larger type and airport diagrams. The amount of information that is updated in each book has also been recently increased. Since only complete books are printed with every new edition, all changes and updates are included. Spiral bound

FLIGHT GUIDE FLY-WI GPS

The Flight Guide FLY-Wi GPS incorporates an aviation grade WAAS GPS that communicates wirelessly with the iPad via WiFi, creating a WiFi hot spot in your cockpit! This enables the new Moving Map feature in Flight Guide iEFB to display position on all Sectionals, TACs & IFR Enroute Charts during flight. The FLY-WI GPS will also display your position on Instrument Approaches and Flight Guide's nearly 5000 Airport Diagrams with future updates to Flight Guide iEFB!

This wireless connection allows for iPad mobility in the cockpit. As an added bonus the Flight Guide FLY-Wi GPS includes an auxiliary jack that, with future updates to Flight Guide iEFB, will give pilots an in-flight weather option for integrating XM or ADS-B to display on Flight Guide iEFB seamless charts!"

Flight Guide FLY-Wi GPS consists of two components: the FLY-Wi wireless transmitter (about the size of an iPhone) and the GPS (about 2" in diameter). Flight Guide FLY-Wi GPS has a rechargeable battery life of up to 8 hours and comes with a standard 110-volt wall charger. Compatible with Flight Guide units only P/N 11-09672.....**$299.00**

PILOT GUIDES & BOOKS

PILOT GUIDES

PILOTS GUIDE TO CALIFORNIA AIRPORTS - Pilot's Guide to California Airports may be the most helpful airport directory available. It contains very complete information on airports and their areas, and includes aerial photos of "tower" airports, with outstanding illustrations of each area. Comes in a 3-ring binder. Measures 6"x9". Revised three times a year. P/N 8853..... **$41.50**

PILOT'S GUIDE TO S. WESTERN AIRPORTS - A complete guide with airport diagrams, aerial photographs, businesses, services, lodging, points of interest and much more for tower and uncontrolled airports in AZ, CO, NV, NM, and UT. An excellent guide for all pilots flying in the Southwest. Revised 3 times a year.
P/N 8648 ..... **$35.50**

PILOT'S GUIDE TO N.WESTERN AIRPORTS - Pilots Guide features all public-use airports in Idaho, Montana, Oregon, Washington and Wyoming. 5 pages for each tower airport include an airport photo, a fold-out approach map showing VFR reporting points, airspace, and terrain features, and a detailed airport surface map. Non-tower airports have a half page with similar comprehensive detail. The Northwest Guide has more than 400 pages with over 800 photographs, maps and diagrams. 5.5" x 8.5" pages, 7.5"x 9"x1.75" green vinyl binder. Price includes first year of revision service. Revised 3 times a year. P/N 13-08648..... **$41.75**

PILOT GUIDE NYLON CASES

Here's the perfect way to keep all your important flying aids together in one place: charts, plotter, pens, pencils, notes, and of course - Pilots Guide protected in a durable nylon binder with a zipper closure all the way around. A handy pull strap makes it easy to grasp the zipper. Colored pull-straps are available to help identiy which Pilots Guide is inside: blue for California, green for Northwest or orange for Southwest. Attractive and durable ballistic nylon cover. Its textured surface will help prevent your Guide from sliding off your lap while in flight. Pocket on the outside back cover that holds up to four charts. Also two pen sleeves and pockets for notes or other papers on the inside. A rugged 7-ring metal holds pages tight and prevents hole tear-outs. Note: Pilot Guides not included. Case Only.

Color	Part No.	Price
Black	13-06121	**$38.75**
Orange	13-06122	**$34.95**
Green	13-06120	**$34.95**

Color	Part No.	Price
Navy Blue	13-04097	**$29.75**
Royal Blue	13-05580	**$38.75**

PILOT GUIDE PLASTIC INDEX TABS

Each set has five tabs, every one a different color. The tabs fit Pilots Guide to California Airports, Pilots Guide to Southwestern Airports, and also Jeppesen Airway Manuals. They fit into your Pilots Guide without needing to open the rings. P/N 13-04970 ..... **$5.50**

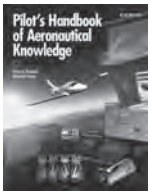
PILOT GUIDE VFR CHART RULER

Features scales for Sectionals, WACs and Terminal Area Charts. See through the ruler to local important points along your route. VFR crusing altitudes (Hemispheric Rule) and conversion tables for Nautical to Statue miles and Celsius to Fahrenheit temperatures. 9 3/8" x 2" clear plastic. Scales: Terminal Area: 30nmi, Sectional: 60nmi, WAC: 120nmi.
P/N 13-04971 ..... **$4.65**

FAR/AIM 2012

In this newest edition of one of the Federal Aviation Administration's most important books, all regulations, procedures, and illustrations are brought up-to-date to reflect current FAA data. With nearly 1,000 pages, this reference book is an indispensable resource for members of the aviation community. 960 pages paperback. Published: October 2009
P/N 13-07024..... **$12.95**

PILOT'S HANDBOOK OF AERONAUTICAL KNOWLEDGE



Created by the Federal Aviation Administration, is the official reference manual for pilots at all levels. An indispensable and invaluable encyclopedia, it deals with all aspects of aeronautical information. Flight manuals and documentation are also covered, as is specialized information on such matters as weight and balance, aircraft performance, weather, navigation, airport operations, aeromedical factors, and decision-making while flying. A detailed index and full glossary make this book easy to navigate and useful in quick reference situations. 352 pages Paperback. Published: October 2009
P/N 13-07025..... **$20.95**

BAHAMAS & CARIBBEAN PILOT'S GUIDE– Pilots rely on the Bahamas & Caribbean Pilot's Guide each year for all the information they need in one convenient place. Updated annually, the Pilot's Guide has 450 pages packed full of procedures, Customs and Immigration information, phone numbers, frequencies, fuel availability, aerial photos, forms, and so much more to help you plan, prepare for and enjoy your trip
P/N 13-00397 .... **$54.50**
Package Includes: the Bahamas & Caribbean Pilot's Guide, Bahamas and Turks & Caicos VFR Chart, and forms kit.
P/N 13-06927 ..... **$91.75**

BAHAMAS/CARIBBEAN VFR CHARTS - The Bahamas Chart includes U.S. data as well as points of interest, high and low water, and a Caribbean Planner. The Caribbean Chart covers Puerto Rico south to Aruba, Bonaire and Curacao (the U.S. charts end at Guadeloupe). The FIR boundaries are shown - a must for travelling to the Caribbean!
Bahamas VFR chart.....P/N 13-02216 ..... **$8.95**
Caribbean VFR chart .....P/N 13-02217 ..... **$8.95**
Both VFR charts.....P/N 13-02218 ..... **$17.90**

PAD OF DECLARATION FORMS - If your itinerary includes more than a few Caribbean islands, you'll want a pad of General Declaration forms. All white no-carbon-required forms make it convenient to complete as many Gen Dec's as you want, quickly.
Pad of 100.....P/N 13-02219 ..... **$19.85**

FORMS KIT - Be prepared. Get copies of all the US forms and all the Bahamian forms, including Immigration cards. Make copies and you'll never run out. Save time and fill out your name & address, etc. before making copies. .....P/N 13-02221 ..... **$19.75**

ACUKWIK AIRPORT/FBO DIRECTORY

The industry's original directory for connecting flight planners to aviation service providers for over 25 years. This annual publication provides airport, FBO, ground transportation, charter, caterer, handlers, and maintenance listings for the United States, Canada, Mexico and the Caribbean.

Description	Part No.	Price
Acukwik North American Edition	13-06384	**$32.95**
Acukwik Managers World Edition	13-06383	**$97.95**
Acukwik International Edition	13-06385	**$37.50**

AIRPORTS OF MEXICO

First complied by Baja Bush Pilot founder Arnold Senterfitt, Airports of Mexico is based on hundreds of hours of flying throughout Mexico. Rewritten by Jack McCormick, this new 20th edition includes both Baja and mainland Mexico, features over 1100 airports/ airstrips, all seaports and heliports, border crossing information, all international airports, information on flying in Mexico, discounts on hotels, Mexican insurance, group trips and fees. Over 150 airports are fully diagramed and are listed alphabetically. All in a convenient light weight, smaller, snap-ring binder designed for easy to use in the cockpit. A must for every pilot flying trips to Mexico.
P/N 13-01028..... **$58.50**

PILOT'S GUIDE TO MEXICO

Based on current Mexican and US regulations, as well as years of actual flying experience, Caribbean Sky Tours (CST) updates this popular guide yearly with detailed procedures for flying to Mexico and back as well as information on many interesting destinations in Mexico. CST reviews Mexican airport databases with Mexican authorities to select only those airports that are useable by visiting private aircraft. CST also includes important telephone numbers for each airport included in the guide so that pilots may obtain updated information on airport status. Printed entirely in color, the Pilot's Guide now includes ALL Mexican international airports as well as many popular secondary airports throughout Mexico. Any pilot needing information for an airport not included in the guide can contact CST and they will verify the status of the airport and if it is operational, CST will provide you with the data. To supplement the Pilot's Guide, we also recommend the Mexican VFR WAC Charts for your navigation needs.
P/N 13-07452 ..... **$59.95**

BURT RUTAN'S RACE TO SPACE

Showcases Rutan's herculean efforts to do just that. Smithsonian's Air and Space Museum displays his most celebrated achievements, including SpaceShipOne, which won the coveted $10 million Ansari X Prize for private spaceflight; Voyager, which hangs with SpaceShipOne in the Milestones of Flight gallery; the Virgin Atlantic GlobalFlyer; and the VariEze. . Rutan's X Prize triumph and subsequent spacecraft designs are not a beginning, nor an end, but are steps in Burt Rutan's continuing adventure to expand humanity's presence beyond the Earth and into space. SPORT PILOT TRAINING – FLIGHT TRAINING

ASA

SPORT PILOT: CHOOSING THE LIGHT-SPORT AIRCRAFT THAT'S RIGHT FOR YOU - This DVD production and booklet compare the LSA types as well as their ultralight cousins to help pilots make a truly informed decision on which light-sport aircraft is right for them. It explains what ultralights and LSA are, provides parameters to evaluate the viewer's situation and factors to consider (including cost, athletic ability, previous aviation experience, time to learn, transportation, storage, and airfield options), and provides an overview and introduction to each of the light-sport aircraft types. Includes beautiful full-color booklet with aircraft photo and comparison tables. Total running time 00:41:00.....P/N 13-03467 ..... **$21.75**

PRACTICAL TEST STANDARDS: SPORT PILOT - This is ASA's Sport Pilot Practical Test Standards for Airplane, Weight-Shift Control, Powered Parachute and Flight Instructor. The FAA Practical Test Standards are used by instructors, students, and examiners to prepare for, review, take, or issue the checkride. Includes both the FAA-S-8081-29 for Airplane and FAA-S-8081-31 for Weight-Shift Control and Powered Parachute (effective December 2004), applicable to both Sport Pilots and Sport Instructors. 296 pages.
P/N 13-05855.....**$6.95**

SPORT PILOT DVDS FROM ASA - Two new DVDs by sport pilot expert Paul Hamilton are available that explore the flying of light sport aircraft. Preflight a Fixed-Wing Light-Sport Aircraft for Sport Pilots takes pilots through the preflight inspection of a light sport aircraft (LSA). Be a Sport Pilot: Learning to Fly a Fixed-Wing Light-Sport Aircraft takes the lessons a step further by introducing the pilot to what it takes to obtain a sport pilot certificate. Hamilton and instructor Jeff Reynolds discuss pilot training, from first flight to solo to sign-off. The two DVDs are available separately or in a kit that also includes Weather to Fly for Sport Pilots and the Sport Pilot Logbook

Learn to Fly DVD..... P/N 13-04191 ..... **$42.95**
Preflight Fixed Wing DVD..... P/N 13-04192 ..... **$42.95**
Fixed Wing Sport Pilot..... P/N 13-04193 ..... **$78.95**

WEATHER TO FLY FOR SPORT PILOTS WITH PAUL HAMILTON -

Sport pilots fly lower and slower than General Aviation pilots. As a result, weather plays a critical factor in flying. The straightforward and beautiful presentation features time-lapsed cinematography of cloud formations, in-air footage, and animations. This DVD simplifies complex weather concepts as well as illustrates consequences of pilot judgment, in a 5-step system specific to Sport Pilots and light-sport aircraft operations. Pilots will learn to forecast local conditions, interpret weather information accurately, make better dec sions about "whether to fly", and learn to recognize trends. Includes booklet with worksheets for an interactive learning experience. Companion product to ASA's Sport Pilot Logbook (ASA-F2F-LOG). Total running time 01:20:12..... P/N 13-03468 ..... **$42.95**

SPORT PILOT LOGBOOK - Specifically designed for all Sport Pilots who fly ultralights and light-sport aircraft including hang gliders, paragliders, powered parachutes, trikes (weight-shift control), and fixed wing (three-axis control) aircraft. 7.25" x 5.25", 98 pages. P/N13-03385.....**$14.95**

ASA START FLYING! DVD

Understand what's involved in learning to fly with this informational DVD. Encourages would-be fliers by providing answers to frequently asked questions about flight training. Perfect for anyone interested in earning a pilot's license, student pilots, and pilots who are upgrading to advanced ratings.
P/N 13-05758.....**$21.75**

ASA ROTAX 912 ENGINE INTRODUCTION

This DVD by Paul Hamilton introduces the use and maintenance on Light-Sport Aircraft (LSA) of the ROTAX 912 engine. Many engine problems seen in the field are preventable with proper operation and maintenance and the 912 is no exception. This DVD is particularly useful to maintenance professionals, pilots and flight instructors operating ROTAX-powered Light Sport Aircraft. Answers frequently asked questions based on years of operational and maintenance experience and outlines typical procedures every owner, operator and mechanic should know. This DVD is the only one of its kind in the rapidly growing LSA market, and it caters to the do-it-yourself experience of flying this category of aircraft P/N 13-04747..... **$42.95**

GLEIM

SPORT PILOT FAA KNOWLEDGE TEST - Questions, Answers and explanations.....P/N 13-03445 ..... **$14.50**

GLEIM DELUXE SPORT PILOT KIT WITH ONLINE GROUND SCHOOL

Set Contents: Flight Bag, Gleim Cap, Flight Computer, FAR/AIM, Logbook, Online Communication Course, Gleim Online Ground School for Sport, Pilot Handbook, Plotter, Sport Pilot Flight Maneuvers and Practical Test Prep book, 2nd Ed., Sport Pilot FAA Knowledge Test book, 2012 Ed., Sport Pilot Knowledge Test Prep Software Download, Sport Pilot Student Certificate Course, Sport Pilot Syllabus book, 3rd Ed., Sport Pilot Training Record book, Security-Related Airspace Course. P/N 13-11645..... **$117.95**

SPORT FLIGHT MANEUVERS - Standards and Oral Exam Guide, 1st edition ..... P/N 13-03446 ..... **$16.50**

SPORT SYLLABUS - Complies with both Part 61 and Part 141 training requirements. Complete ground and flight training with step-by-step lesson plans. 2nd edition.
P/N 13-03447 ..... **$9.50**

SPORT PILOT FAA KNOWLEDGE TEST PREP SOFTWARE -
P/N 13-03448 ..... **$39.50**

GLEIM SPORT PILOT TRAINING RECORDS - The Pilot Training Record is a step-by-step lesson plan for your pilot training. Each lesson contains all of the required tasks for the lesson. Complies with both 14 CFR Part 61 and Part 141 training requirements.
P/N 13-07775 ..... **$7.25**

SPORT PILOT KIT - Gleim's Sport Pilot Kit is designed to help expedite training for the sport pilot certificate. Contains everything you need (except airplane and instructor) Offers an all-in-one package at an affordable price. Save money by purchasing all required materials together.
P/N 13-03449.....**$85.75**

SPORT PILOT AIRPLANE GUIDE

Sport Pilot Airplane: A Complete Guide provides an in-depth understanding of light-sport aviation complexities. Clarifies points commonly misunderstood, provides a wealth of information on subject such as Selecting an Aircraft, Pilot and Aircraft Certification, Weather, Flight Principles, and more. Includes 256 pages with illustrations, photos, or graphs on nearly every page. The material presents the experience of thousands of flight hours and contains valuable lessons for all pilots and would-be pilots.P/N 13-03798 ...**$24.95**

SPORT PILOT ENCYCLOPEDIA

Can be used three ways: 1) SP Prep = full immersion rapid prep for the written, 2) SP Encyclopedia = thorough review of relevant FAA publications essential to both the written and the oral exams, and/or 3) both as entertaining and informative leisure reading. The narrative is laced with humor, personal anecdotes, and frank sometimes blunt language that keeps the reader alert and involved while feeling secure and comfortable as if in the company of an experienced friend and mentor. Actual NTSB accident reports are woven into the discussion.
P/N13-03706.....**$9.95**

PRACTICAL IFR FLYING DVD

COMPUTER CD-ROM COURSE WITH AUDIO PRACTICAL IFR FLYING

Enhance your performance, reduce your workload, and increase your level of safety when flying single pilot IFR!
This CD-ROM provides a full hour of information on methods and techniques to make Single Pilot IFR flying simpler, easier, less stressful, and safer!
Find out helpful things your instructor never taught you!
Learn how using current technology can reduce your risk in IFR flight! T
The author, Chuck McGill, is the 2009 FAA CFI of the Year, Western Pacific Region, and has taught for the AOPA Air Safety Foundation, the Cessna Pilots Association, and the Mooney Aircraft Pilots Association Safety Foundation.
Learn tips and techniques from a Master CFI who has over 11,000 flight hours in more than 85 different makes and models of general aviation aircraft! P/N 13-06881 ..... **$39.95**

GHOSTS 2012 CALENDARS

P/N 13-01318

Renowned aviation photographer Philip Makanna has captured the essence of this era in his GHOSTS of The Great War and A Time Remembered -2012, a large-format calendar that features his stunning, air-to-air, color photographs. In this edition, his images depict the beginnings of military aviation. The calendar continues through to the advanced aircraft that appeared at the war's end. Stunning images and an evocative day-by-day history of the aviation (and related) events of the period combine to describe the beauty, the romance and the tragedy of military aviation's early days.

Practical Test Standards are a guide for students, instructors, and FAA-designated examiners to know what is expected of pilots in a checkride. Every PTS is written by the FAA and details the type and levels of skill and knowledge that must be demonstrated before an examiner can issue a certificate or rating to an applicant, and describes background study and reference materials.

PTS PRIVATE PILOT TEST PREP COURSE

We're proud to offer the FAA Private Pilot written exam in a DVD format for PC. The course contains the material, the question bank and the FAA testing supplement for the appropriate test – and we'll sign you off to take the exam once you have a good handle on all of the information at no additional cost. Just a few evenings is all it can take to get the education you need to pass the FAA knowledge test with Flying Colors.

EAA SPORTAIR WORKSHOP VIDEOS

All videos produced by the EAA SportAir Center

BASIC FABRIC COVERING DVD- Aircraft Fabric Covering is a must for anyone who wants to cover their own airplane. This 2-hour comprehensive video presents every aspect of the Poly-Fiber™ fabric covering process in detail, and in easy-to-understand language. From preparing the airplane for covering to spraying on the colors, you are guided step by step through the entire process by a professional EAA SportAir fabric instructor. When used in conjunction with the Poly-Fiber manual, Aircraft Fabric Covering removes the mystery surrounding this important process in the construction or restoration of your airplane. Information covered includes: • Preparing surfaces • Attaching the fabric •Tightening the fabric • Applying the first coat of Poly-Brush • Tying rib-lacing knots • Applying finishing tapes • Spraying UV-blocking chemical, Poly-Spray • Applying the color coats. P/N 13-40428 ..... **$35.50**

THE EDUCATED OWNER VIDEO SERIES

VOLUME I: PREVENTATIVE MAINTENANCE – initially details the FAAs rules concerning what maintenance tasks an owner can legally perform, It then proceeds to instruct viewers on the proper tools and supplies for common maintenance tasks and follows with detailed, step-by-step demonstrations of Engine Inspections, Landing Light Replacement, Oil Changes, Spark Plug Maintenance and Tire & Wheel servicing. The video is approx. 60 min. long.
DVD .....P/N 13-03572 ..... **$38.75**

VOLUME II: THE ANNUAL INSPECTION – covers Federal Aviation Requirements, and takes viewers, step-by-step, through the Annual Inspection process. This video teaches viewers how to manage the aircraft's maintenance during the Annual Inspection and on an ongoing basis. Key topics include; The Annual Inspection and the FARs, Selecting a Maintenance Facility, The Inspection Process, Correcting Discrepancies and Aircraft Enhancements. Video is approx. 70 min
VHS .....P/N 13-01330 ..... **$34.95**
DVD .....P/N 13-03573 ..... **$43.75**

VOLUME III: Teaches pilots and prospective aircraft owners all about aircraft ownership. Teaches how to analyze the costs of aircraft ownership and takes viewers, step-by-step, through the selection, pre-purchase and sales transactions. Includes detailed information on preventative maintenance, annual inspections and tips for living with your new aircraft. 90 min.
VHS .....P/N 13-01626 ..... **$34.95**

FLYABOUT DVD

Flyabout tells the autobiographical story of Monika Petrillo's journey piloting a small single-engine airplane around the continent of Australia. Her father, a pilot with limited experience himself, is riding shot As the only women pilot in a group of eleven people, Monika sets out to experience the true freedom of flight above one of the most untouched places on earth. But what impacts her most is the unexpected conflict that arises between her father and herself. P/N 13-06638 ..... **$19.95**

CHRIS & TED'S FLYING IN ALASKA VIDEO

When they planned their trip to Alaska, they encountered a startling lack of visual information for much of the state, in particular those areas less travelled and less well known. The prospect of flying in Alaska can be intimidating when your imagination is forced to fill in the blanks. Exactly how big are the mountains, rivers and glaciers? How bad does the weather get? Is an emergency landing a death sentence? If we camp out will we end up as bear lunch? One look at the map and you'll see that they covered alot of ground. During 5 weeks of mostly great weather they made a lazy clockwise loop around the state, stopping for a few hours or a few days along the way. They hiked, backpacked, kayaked, fished and stalked big game with their cameras.
P/N 13-05272.....**$24.95**

ALASKANS FLY ALASKA DVD

Join the fun as Alaska pilots sharpen their skills in vast and varied Southwest Alaska, an uninhabited, untamed, and undeveloped wilderness. Experience the excitement of the possibilities open to the small plane pilot, flying low and slow through western Canada and Alaska. Come along as they fly though Canada, following the popular routes preferred by experienced small plane pilots. Explore Alaska's back country, where there are no roads and no people for hundreds of miles. Touch down on remote beaches, sandbars, and fields, in places only the bush pilot can go. Marvel at the breathtaking views of spectacular glaciers, ancient canyons, sun-bathed seascapes, and unsurpassed mountain ranges. Enjoy an enthusiastic look at possibilities open to the small plane pilot flying in Canada and Alaska. P/N 13-07374.....**$24.95**

RED BULL DVD

Take the top 12 pilots in the world to 8 of the most stunning cities around the globe. Add tight twisting race tracks, planes flying close to 400 km/h, chuck in 12G s for good measure and you've got the 2008 Red Bull Air Race World Championship another spectacular season of high drama and amazing skill. Watch the very best moments from the opening race in Abu Dhabi to the first ever double header taking place at San Diego and Detroit in the United States. The pilots battled against the elements in Rotterdam and London and came out on top before heading to Budapest. In Porto a new champion came of age before the finale in Perth where the winner of the 2008 Red Bull Air Race World Championship was crowned. Picture Format: NTSC P/N 13-06889 ..... **$19.95**

BACKCOUNTRY IDAHO DVD

Pilots of all skill levels will truly enjoy the exhilaration and adventure of Idaho backcountry flying at its best with ... Backcountry Idaho. Visit some of the best backcountry airstrips in the Rocky Mountains. Explore scenic wilderness, vast pine forests, and steep canyons in search of pristine beauty and the next runway challenge. Fly right seat on the actual approaches and departures of these spectacular backcountry airstrips with Todd at the controls of his high-performance, custom designed, King Katmai.
P/N 13-06298 ..... **$24.95**

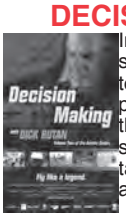
IDAHO GOLD, RETURN TO THE BACKCOUNTRY DVD

Join Todd Peterson as he explores strips not covered in his immensely popular Backcountry Idaho DVD. He'll take you north of the Salmon River with his wife, Jo, and fellow King Katmai owner, Jay Minor, to visit some truly remarkable backcountry gems. Their odyssey is based in historic Dixie Town, where the runway parallels Main Street right in town. P/N 13-11200 ..... **$24.95**

UTAH OUTBACK DVD

Visit some of the best backcountry airstrips of the American West. Discover ancient Anasazi cliff dwellings or squeeze through a thousand-foot-deep canyon in search of incredible beauty and the next runway challenge. Take a journey with expert pilot Todd Peterson as he explores some of the remote and beautiful country featured in Galen Hanselman's "Fly Utah" pilot's guide. P/N 13-06309 ..... **$24.95**

DECISION MAKING WITH DICK RUTAN



In Decision Making with Dick Rutan, you'll fly shoulder-to-shoulder with Dick Rutan, one of the most renowned aviators of all time. Discover how human factors affect your performance and influence your decision making. Explore the brain, and learn how the mind responds and processes stimulus during in-flight emergencies. And learn the importance of channeling reactive, emotional responses into proactive, positive decisions that can literally save your life.
P/N 13-06868.....**$29.95**

ATTITUDE FLYING WITH DICK RUTAN "FLY LIKE A LEGEND"- For serious pilots only. PRIMARY AEROBATIC FLIGHT DVD

This entertaining and informative video presents to new student pilots, veteran pilots, prospective pilots and to Parents and Grandparents of the above, a critical phase of training completely ignored by the FAA, most flight schools and CFIs. Yet, during WWII this phase was given top priority in primary flight schools to instill confidence, mastery over the airplane and proficient and safe flying!. This prevue shows what the aerobatic phase is all about. Ground and air shots and pilot eye-views show how easily the maneuvers can be performed which lead to more confident flying by Lt. Col. Art Medore, USAFR, Ret. P/N 13-04231.....**$22.90**

FORMATION FLYING, THE ART DVD

The Art in DVD format. "Formation Flying, The Art " DVD was originally introduced to the Warbird community in 1993 as a integral part of the FAA Mandated Civilian Formation Training and Credential Program. Currently the video is now the "F.A.S.T." standard and endorsed by all major Warbird flying organizations such as the EAA / Warbirds of America, North American Trainer Association, T-34 Association and others world wide.

DVD .....P/N 13-04572.....**$69.95**
VHS.....P/N 13-15150.....**$69.95**

TAILWHEEL BASICS

Skip Degan, a flight instructor with airplane single-engine land, instrument, and ground instructor ratings, has developed a 15 minute video to introduce pilots to basics of tailwheel airplanes. Tailwheel Basics explores the difference between conventional and tricycle-geared aircraft and explains the basic concepts needed to earn a tailwheel endorsement. Included is a three-page booklet explaining the tailwheel transition. The video is available in DVD format. P/N 13-04283 ...**$19.95**

TAILWHEEL ESSENTIALS DVD

Simultaneous, multiple point of view, gyro-stabilized camera footage puts you in the cockpit,on the ramp or runway and alongside the aircraft while in-flight maneuvers are dissected anddiscussed. Whether you are considering tailwheel training, or have been flying tailwheel aircraft for years, this video will provide you the knowledge and a plan to become a more skilled, safe, and confident pilot of tailwheel aircraft.

P/N 13-08038 .....**$44.95**

TAILWHEEL 101 DVD

Tailwheel: 101 will help you get there. This video is the premiere study guide for all pilots wishing to get their tailwheel endorsement, or for any tailwheel pilot who'd like to learn a thing or two from the most widely recognized tailwheel expert in America, Damian DelGaizo. Ride along with Damian and his student Jill as she gets her tailwheel endorsement. Each ground segment is immediately followed by its real-world airplane demonstration to reinforce the material and make pre-flight study sessions easy and efficient.

P/N 13-06023 .....**$49.95**

TAILWHEEL: 201 BEYOND THE BASICS DVD

Tailwheel: 201 goes beyond the tailwheel checkout, building on the tailwheel basics introduced in Damian's first DVD, Tailwheel 101. Teaches advanced techniques from short field operations, to advanced slips, to precautionary off airport landings. Like Tailwheel: 101, this DVD includes ground school and in-flight instruction both inside and outside the cockpit. Whether you are new to the world of tailwheel flying or a seasoned aviator, Tailwheel: 201 will help you become a more proficient pilot. P/N 13-09653 .....**$39.95**

MOUNTAIN FLIGHT VIDEO

Mountain Flight, filmed in part in the Idaho Primitive Area, includes in-flight footage of some of the most beautiful, rugged and demanding mountain terrain in the U.S. It covers flight planning, accident causes, weather, density altitude, approaches, landings, departures, and survival. The weather section includes time lapse sequences of thunderstorms, mountain waves, lenticular and rotor clouds. Graphics are used to clarify, explain and demonstrate the ground and flight procedures for safe operation in the mountains. Color, approximately 80 minutes. P/N 13-04052 .....**$27.85**

ALASKA'S BUSH PILOTS THE REAL DEAL DVD

The story is interlaced with in-depth and exciting interviews of these courageous pilots as they recall many different stories of their experiences in the remote wilderness. Some are quite hilarious and others are serious and heart-pounding. They tell stories about rescues of stranded fellow pilots, taking their families 40 miles from their already remote bush homes to go fishing at "a better spot" to encounters with vast herds of caribou and the huge bears. You will "fly" in the seat right next to these men in the cockpit and witness wingtip-to-wingtip aerial HD photography that Jim Oltersdorf shot during filming as he is known nationally for. Its about where they fly, how they fly and why they fly. If you've even known what excitement is, step aside, this one is going to blast you off your seat! P/N 13-06937 ..... **$18.95**

ALASKA'S BUSH PILOTS (THE REAL DEAL) COMMERCIAL OPERATION - DVD

In-depth knowledge of commercial bush pilots who fly the bush in Alaska. Provides an insight into the world of advanced technologies of aviation equipment for the viewers. After analyzing the first documentary it became apparent that a presentation of commercial pilot activities was warranted. There is no duplication for any footage or any information from "Alaska Bush Pilots....The Real Deal: it is all brand new! The pilots who use this equipment on a daily basis explain in detail the components of G-1000 glass cockpits and relative avionics devices. Without question, it's a pilots movie made by pilots. Although not rated it is suitable for general audiences and family viewing. P/N 13-09481..... **$19.95**

60 DEGREE NORTH AT 500 FEET DVD

The DVD plays like a Warren Miller film or a variant of Endless Summer, made just for pilots. There's some great fishing, great people in the film. This hour long video encapsulated an entire summer of flying in British Columbia, Yukon, Northwest Territories and Alaska. Needless to say, you get a view of the North that only pilots get to see.

P/N 13-07038 ..... **$23.75**

THE GREAT ARCTIC AIR ADVENTURE (DVD)

Take to the world's northernmost skies and explore the planet's "last imaginary place"-the enigmatic Arctic. The Great Arctic Air Adventure is the story of Seattle's Mark Schoening and Doug DeVries, who piloted their de Havilland Beaver seaplanes around Canada via the famed Northwest Passage. Over six weeks battling miserable weather, frozen tundra and inaccessible terrain in one of the least populated places on earth, the pair builds a lasting bond and discovers that in the unyielding Arctic, adaptation is key.

P/N 13-11552 ..... **$24.95**

AVIATION VIDEOS & DVDS

HOW TO LICENSE YOUR HOMEBUILT AIRCRAFT

This DVD will walk you through each step to successfully license your experimental amateur homebuilt aircraft. The actual FAA forms required are displayed on screen, and where to obtain them and how to fill them out.

P/N 13-03609.....**$29.95**

HOMEBUILT HELP ELECTRICAL WIRING TUTORIAL DVD

Explains and demonstrates the common procedures, tools and components required for the basic wiring of a homebuilt aircraft. Demonstrations of crimping, soldering, wire selection and wiring design with simple schematics that are applicable to a homebuilt electrical system. Video length is 1 hour and 20 minutes.

P/N13-03578.....**$29.95**

AIRFRAME CONSTRUCTION TECHNIQUES

Potter, who is an A&P I/A, commercial pilot, and parachute rigger, has worked in the aircraft maintenance field for 25 years. The DVD focuses on modern techniques and tools that are available to a new generation of builders. Some topics covered include: setting-up shop, shop safety, purchasing tools and steel, building and leveling your jig table, lay-out and jigging, cutting and fitting, welding with an emphasis on TIG, completing the fuselage box, bending-in the sides, fitting the tail post, vertical jigging, bending and flattening tubing, building fittings, builders groups and support. This 1 hour and 18 minute DVD takes you step-by-step through the entire building process.

P/N 13-06833.....**$44.99**

AIRCRAFT PAINTING 101 DVD

An excellent 2 hour video in which Sam James takes you, in detail, through the finishing, priming, and painting of his RV-4 with the Dupont Veriprime and Chromabase systems. This video is not as finely produced as some others, but the vast quantity of practical information it contains more than makes up for it. Takes you through the complete process of working an metal wing, a fiberglass wheel pant, and detailed custom design on a horizontal stabilizer. Run Time: 120 min by Sam James P/N 13-06567 .....**$24.95**

METALWORKING 101 INSTRUCTIONAL DVD

Targeted to the beginning student of pop-riveted metal kit plane construction. Ideal for the person who is contemplating the undertaking of a metal kit plane project. Takes you thru the actual construction of a Zenith rudder, from start to finish. While it can be used to supplement the construction guide supplied by the manufacturer with this rudder (a CH701 or CH601), it is actually intended to demonstrate to the beginning builder just what tasks and skills are required. General metal building procedures are explained and demonstrated. P/N 13-03369 .....**$28.95**

WEIGHT & BALANCE 101 FOR HOMEBUILT

Completing a homebuilt requires you to calculate and document the weight & balance figures for your plane and present them to the inspector...and for many homebuilders this task is confusing and complicated -- however, this video makes this task simple and easy to understand. The video makes it easy for you to understand the concepts required to perform your own weight and balance analysis on your aircraft and then document the findings for the inspection process. P/N 13-04184 .....**$32.95**

CANARD AIRCRAFT DVD

The DVD has 3 hours of video on canard aircraft only, truly a one of a kind DVD. It covers the Cozy MkIV, LongEZ, Berkut, ERacer, StaggerEZ, Bateleur, Defiant, LongEZ Jet and a custom LongEZ. Want to know what it's like to build a Cozy aircraft? Or see what it looks like to do a high speed fly-by from the cockpit? Then you'll want to see this DVD. You'll get lot's of encouragement from every builder for you to continue on your journey to complete your canard aircraft. 60 minutes of air to air shots, high speed fly-bys, take offs and landings. With all the natural sounds as they fly right over head at more than 200 miles per hour!

P/N 13-04260.....**$42.50**

SKYWARD TECH AIRCRAFT ENGINE REBUILDING

De-mystify the overhaul procedures on selected Continental & Lycoming engines. Videos begin with a dismantled engine, show the crankshaft being mounted on a stand and then proceed through complete assembly. These videos effectively present the step-by-step procedures of re-assembly.

Description	DVD P/N	Price
Cont. 0-200 Rebuild	13-03208	**$29.95**
Lyc. 0-320 Rebuild	13-04465	**$29.95**
Lyc. 0-360 Rebuild	13-03210	**$29.95**
Lyc. I0-360 Rebuild	13-03209	**$29.95**

SCRATCH BUILDING BASICS FOR METAL AIRCRAFT

An excellent way to determine if building a homebuilt aircraft from scratch is right for you... you will obtain a full understanding of the trials, tribulations, joys and successes that this type of building process entails. You can't watch these guys at work and not learn something that might change the way you think about the process and people that build their own planes from scratch! Approximately 3.5 hours in length and is divided into 10 video chapters to make navigation and review of desired sections fast and easy. The DVD set includes web links to plans for building your own sheet metal brake and other tools used in this video (you can print the plans on your own printer). P/N 13-04185.....**$38.95**

RV-12 EMPENNAGE TAILCONE DVD

This double disk DVD is the first in a series of videos being developed to cover the entire build process for the Van's RV-12 aircraft kit. It covers the complete empennage/tailcone kit as supplied by Van's Aircraft. It is a great starting place to begin your project – there are no prerequisite assemblies that need to be completed before starting. All in the exact sequence of building as specified by the construction manual. Approximately 2.5 hours in length and is divided into various video chapters to make navigation and review of desired sections fast and easy. They are completing production on the subsequent volumes of the RV-12 build (that are also sequenced to the sub-kits as provided by Van's Aircraft).

P/N 13-09590.....**$49.00**

COMPLETE COMPOSITE & FIBERGLASS LIBRARY ON DVD

All five of our How-To videos on a convenient 2 DVD set. A total of 190 minutes of the most complete guide for using composite materials available anywhere! The Complete Fiberglass and Composite Library contains The Basics of Fiberglass, A Step-By-Step Guide to Molding Fiberglass, Advanced Moldmaking and Plug Construction, Vacuum Bagging and Sandwich Core Construction and The Art of Moldless Composites. P/N 13-06551.....**$161.95**

DEEP INSIDE YOUR ROTAX INSTRUCTIONAL DVD

You can now see and understand what procedures are involved with the 150 and 300 hour inspection/rebuild services. Alan points out the places carbon accumulates, where the common areas of wear occur, and other signs indicating the possibility of potential failures. The specialized Rotax engine tools are demonstrated as to their function in removing various internal components. Installation and maintenance tricks are also demonstrated and explained for the purpose of heading off future engine failures that can lead to disaster. And More. P/N 13-03370 .....**$34.95**

ROTAX 912 INSTALLATION TIPS & TECHNIQUES

This presentation explains the most important details of preparing and installing th epopular Rotax 912 family of four stroke engines in your experimental homebuilt aircraft. This reliable, high performance engine will only perform safely if installed properly as specified by the Rotax installation guide. The important details in this guide are often misunderstood or even ignored completely resulting in catastrophic engine failures and dangerous flying situations. DVD Running time: 1.5 hours

P/N 13-04183 ..... **$35.95**

BUILDING A GLASS PANEL FOR HOMEBUILT AIRCRAFT

Mark Townsend of CanZac Aviation takes you step-by-step from the planning stages through the actual fabrication procedures and wiring for a combination glass/conventional instrument panel for an experimental aircraft. 80-minute DVD.

P/N 13-04969 ..... **$23.95**

RV RUDDER WORKSHOP

This instructional video has 2 major sections: The first section contains an overview and demonstration of the tools and techniques that are required for building an RV aircraft. These specialized building techniques center around riveting with solid rivets - essential for the RV aircraft. Many specialized tools are required for this type of construction and are discussed and demonstrated. Techniques that are shown include: dimpling, countersinking, deburring, drilling, back riveting and pop riveting. A full discussion of the types of rivets that are used along with their important characteristics is included in this first section of the video. The tools for measuring proper rivet setting (rivet gauges) are shown and demonstrated. Some of the tools that are featured include: hand squeezer, pneumatic rivet gun, flush and universal rivet sets, dimple dies, back rivet sets, scotch-brite polishing wheel and deburring tools. P/N 13-04791 .....**$27.95**

INSTRUCTIONAL VIDEO TAPES

BUILDING THE RUTAN COMPOSITES – This step-by-step instructional program features Burt Rutan and Mike Melvill proceeding through the complete foam-epoxy-fiberglass composite construction procedure as used on the VariEze, Long-EZ, Quickie, Q2, Dragonfly, Sea Hawk, Polliwagen and other composite aircraft. Also included is a formation flight by the Long-EZ, Defiant and VariViggen. A must for all composite aircraft builders. 1hr, 36 mins.

DVD .....P/N 13-04809 ..... **$26.95**

FIBERGLASS 101 – This tape shows aircraft builders how to make molds, fairings, and parts from fiberglass. It takes you step by step through the phases of glass work so that you can build parts yourself. Produced by fiberglass expert Sam James. 2 hrs. Note: The quality of this DVD may not be standard for DVDs due to format conversion technique used.

DVD .....P/N 13-03875 ..... **$23.50**

BASIC COMPOSITES AIRCRAFT CONSTRUCTION DVD - Demonstrates the various types of materials and techniques used in basic composite aircraft instruction including: laminating systems, types of foams, fillers, fiberglass and various other cloth types, simple lay-ups, joining molded parts, use of peel ply. 54 Minutes. P/N 13-40785..... **$26.95**

BASIC AIRCRAFT SHEET METAL TECHNIQUES & TOOLS – George Orndorff, a noted aircraft builder, demonstrates 13 sheet metal techniques and offers many helpful hints to save time and help motivate the homebuilder. Segments include shop organization and safety, cutting, polishing, deburring, drilling, dimpling, countersinking, riveting, fluting, bending, circle cutting, and more. A sample control surface is constructed using these techniques. (58 min.) DVD P/N 13-15120-1... **$42.50**

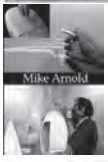
MIKE ARNOLDS AR-5 WORLD RECORD AIRCRAFT DVDS

DVD 1, "WHY IT GOES SO FAST" - Documents the efficient AR-5's record runs and clearly explains the simple drag reduction concepts used to achieve its surprising performance on such low power. With comments by aerodynamicist, Bruce Carmichael.

P/N 13-15130 ..... **$32.50**

DVD 2, "HOW IT'S MADE" - Details the engine installation and the airframe's structural design, and completely demonstrates the easy moldless, hot-wired, foam and fiberglass construction process used on the fuselage, wing and tail services. Almost 2 hours.

P/N 13-15135 ..... **$39.95**



DVD 3, "MOLDLESS, LOW DRAG WHEELPANTS" - Details the engine installation and the airframe's structural design, and completely demonstrates the easy moldless, hot-wired, foam and fiberglass construction process used on the fuselage, wing and tail services. Almost 2 hours.

P/N 13-06277 ..... **$29.95**

DVD 4, "MAKING FIBERGLASS MOLDS" - This DVD chronicles development of a beautiful six piece, modled fiberglass aircraft cargo pod to show the simple design and fabrication techniques used to produce low cost, professional quality, production molds. From first sketches, through master patterns, to finished parts. Over an hour.

P/N 13-15125 ..... **$29.95**

AR-5 HOW TO DVD SET - This four-part DVD set includes the following: Making Fiberglass Molds, How It's Made, Why It Goes So Fast, Moldless, Low-Drag Wheelpants.

P/N 13-09990 ..... **$108.95**

COSMETIC GELCOAT AND FIBERGLASS REPAIR AND FINISHING DVD

This program takes you step-by-step through every type of cosmetic repair that can and should be done by any boat owner. You'll learn the proper techniques, materials, tools and tricks of the trade from one of the best fiberglass repairman in the country. This program continues with the repair instructions for those hollow areas under the gelcoat called "Air Voids" and then explains the causes and proper repair of Stress Cracks. 100 mins.

P/N 13-04810..... **$26.95**

STEWART SYSTEMS 6 DVD SET

FABRIC COVERING, METAL AND OTHER SUBSTRATE PREP, MIXING PAINT AND PAINTING - 6 Disc Stewart Systems Combination Package Covering & Painting Videos. Most everything you need to know about our covering system, including complete information using the Stewart Systems Covering Process. It includes product application, painting instructions, STC and more. Well over 2 hours of video.

P/N 13-09411..... **$19.95**

"TIN MAN" METAL WORKING VIDEOS

These videos provide excellent instruction for the aircraft builder. Ken White, The Tin Man, is a master craftsman and instructor for the Experimental Aircraft Associations metal working workshops at Oshkosh.

BASIC DAMAGE REPAIR ON ALUMINUM – Take an axe and drive it through the nose of an RSK Porsche. now we're ready to begin by bumping, smoothing, gas welding, planishing, and metal finishing. All work completed on camera. Complete and very detailed. Color, 63 min.

DVD..... P/N 13-04377 ..... **$34.99**

EDGE THOSE PANELS – Learn to make flanges, hems wired edges, and flares. With just a hammer, dolly, and some simple tools you can make, you'll be able to easily edge lots of panels. Wing rib construction is also shown. Then a rotary machine (bead roller) is used to do really fancy artwork! Color, 126 min.

DVD P/N 13-04378..... **$33.50**

AN AMERICAN'S VIEW OF THE ENGLISH WHEEL – Shrink on the wheel? You bet! Analyze frame design, tracking patterns, layering, pressure measurement, rapid high crown development, nearly flat panels, and much more. Last segment shows air hammer shaping and shrinking on the Pullmax. Color, 126 minutes. DVD..... P/N 13-40302 ..... **$32.50**

SHRINKING MAGIC – The art of shrinking (crimping or compression) is demonstrated using both the Lancaster machine and the torch and hammer method. Hot work demonstrations include steel, aluminum, copper, stainless, titanium, and magnesium. An excellent segment on form block work is shown as well. Color, 84 minutes. DVD..... P/N 13-04381 ..... **$39.99**

SHAPING ALUMINUM WHEEL PANTS-WITH 7 SIMPLE HAND TOOLS – Using a torch, mallet, stump, forming bag, slapper, dolly, and clamp you can make a really nice pair of pants (fenders or tank). This video includes buck development, pattern work, and hot shrinking. Air hammer shaping and Pullmax shrinking segment at the end. Color, 125 minutes.

DVD..... P/N 13-04380 ..... **$39.99**

HOW TO GAS WELD ALUMINUM – Learn the professional methods of setting the torch, regulator pressures, and secrets of the flux. Filmed with two cameras through the finest eyewear available to show tacking, distortion control, flat and vertical welds. Many 30-year veteran welders have benefited from this video. Color, 105 minutes.

DVD..... P/N 13-04379 ..... **$34.99**

4130 CHROMOLY AIRFRAME CONSTRUCTION – This video is highly recommended for anyone considering a steel tube fuselage aircraft. It covers the whole process: Workflow, welding rod selection, jigging, fitting, and welding. (Note: The discussions and advice are almost exclusively about oxyacetylene welding. TIG, GTAW, is mentioned only in passing.)

DVD..... P/N 13-04375 ..... **$54.25**

BASIC AIRCRAFT WOODWORKING – Woodworking knowledge is essential to any homebuilding project. Power tool safety is also discussed. A great starter tape (30 min.).

P/N 13-23355 ..... **$19.95**

BUILDING YOUR OWN ZENAIR FLOAT

Zenair now offers their popular experimental aircraft floats as a kit which can be built with relatively simple construction techniques. This provides a substantial reduction in the cost of ownership making floats now affordable for many aircraft owners. (See www.ZenairFloats.com for product information and prices) While this video demonstrates the construction of a Zenair float, it does not show: the rigging of floats to an aircraft, spreader bars, mounting tires, nor other repetitive tasks such as painting, priming, riveting, etc. The effort was to keep the content of the video restricted to the unique tasks of float construction. P/N 13-09049..... **$42.95**

AVIATION VIDEOS & DVDS

FROM THE GROUND UP DVD VOL 1-13

EAA, in conjunction with Discovery Channel International, presents all 13 episodes of the television series From the Ground Up on 3 DVDs. TV's first how - to aviation program. Enter the exciting world of airplane homebuilding and restoration. P/N 13-07442 ..... **$49.95**

BIG ROCKS AND LONG PROPS VOLUME I

50 thrilling minutes of water assisted landings, big rocks, big tires, and great flying in a Super Cub and Experimental Maule (A.K.A. Bushwacker) Alaska and Northwest bush pilot Loni Habersetzer and Northwest bush pilot Greg Miller take you into their incredible playground of rock bars and water landings - on tires! P/N 13-04018 ..... **$30.95**

BIG ROCKS & LONG PROPS - VOLUME II

You will go from Greg's training ground to the desert and on to the mountains. The main movie is 40+ minutes long and includes a commentary track. There is a section on field repair and a section on the STOL competition for the bush class in Valdez Alaska for 2006. In all, almost 90 minutes of playing time. It has Greg Miller flying "Bushwacker" and also the 5 place Sherpa, which is basically a Super Cub on steroids. It also features Doug Keller and his amazing. Husky Cub

P/N 13-04384 ..... **$30.95**

BIG ROCKS AND LONG PROPS VOLUME III

See the culmination of 30 years of bush flying experience as Paul flies his Turbine Otter and Super Cub in the rugged wilderness of the Wrangell-St. Elias National Park. Watch Greg as he learns the ins and outs of ski-flying in one of the most challenging places in Alaska, where the margin between life and death can be extremely thin. P/N 13-05728 ..... **$30.95**

BIG ROCKS & LONG PROPS VOL. 4

Join Greg Miller on his Alaskan Adventure. Greg flies his experimental Maule a.k.a. Bushwacker to Alaska in the winter of 2008. The setting for this adventure is the Wrangell-St.Elias National Park. You'll see Greg landing his ski-equipped airplane on snow, ice, rock, and water. Come along as he climbs an ice fall, skins up mountain peaks, and skis down virgin snow-covered mountains. Running Time: 121 minutes P/N 13-06275 ..... **$30.95**

HOODRIVER BASIN COZY DVD

In this DVD they'll fly you around the luscious green Hood River Basin in Oregon. During this scenic flight, you'll fly so close to Mt Hood, Mt Rainier, Mt St Helens and Mt Jefferson, it'll seem like you can reach out and just touch the snow covered peaks. Along the way, they will pass through the majestic Columbia River Gorge. The DVD length is 25 minutes. ..... P/N 13-08044 ..... **$19.95**

HOW TO BUY A USED AIRPLANE DVD

Bill Cox, noted aviation authority, journalist and SeniorEditor of Plane & Pilot magazine, shows you in this step-by-step DVD: •How to make the right decision in buying a used airplane •What specifically to look for and what to avoid •Gives you a checklist that dealers use in buying, selling and evaluating used airplanes .. P/N 13-03444 ..... **$19.95**

THINGS MY FLIGHT INSTRUCTOR NEVER TOLD ME

Topics like fuel management, flight planning, reluctant passengers, dealing with weather, the FAA, buying and owning an aircraft, as well as moving up to bigger and faster aircraft, are all discussed with humor and whit. He also discusses the people in aviation he has met that have had an influence on his flying career.

Each eBook in this kit is provided as an open file. They may be transfered between your various computers and reading devices, printed, and used with all Adobe .pdf functions including search, copy/paste, bookmarking, note taking, voice transcription, etc...

Kit Includes: • Pilots Handbook of Aeronautical Knowledge, eBook • Airplane Flying Handbook, eBook • Risk Management Handbook, eBook • Private Pilot Flight Maneuvers, eBook • PTS - Private - Airplane, eBook • FAR/AIM 2012, eBook, by FAA • ASA-SP-57: Pilot Log Book, Book, by ASA • ASA-SP-57: Plotter - Lexan 13-inch, by Aircraft Technical Book Co. • ASA-E6B: ASA METAL E6B, by ASA • ASA-TW-PVT-12 Private Pilot PrepWare 2012, CD, by ASA. P/N 13-11709.....**$159.95**

PRIVATE PILOT eKITS

Rod Machado's Private Pilot Handbook is a different kind of Private Pilot's textbook. Very thorough, very detailed, very complete, highly illustrated - but taught in a way that makes you remember what you're supposed to be learning. Even the meteorology section is enjoyable and intriguing. Rod Machado has done an excellent job presenting a vast amount of required information. Many major flight schools, including Embry Riddle, have switched to this book from those of the major publishers. Since doing so, they have reported their student pass rate up 15-20%. It's easy to see why. Highly recommended. The matching workbook contains questions and answers from the FAA private pilot written test along with additional student study aides and for instructors, an FAA approved Part 141 ground school syllabus.

Note: eKits are a packaged product containing pre-paid download codes for eBooks plus additional physical training tools. eBooks are in .pdf format and are compatible with all Windows, Mac, iPad, iPhone, and Android type devices.

Basic Kit..... P/N 13-11633.....**$119.95**
Deluxe Private ..... P/N 13-11634.....**$179.95**

INSTRUMENT RATING eKIT

A combination of convenient eBooks and physical training tools make up this deluxe Instrument Rating training package. Centered around the Rod Machado Instrument Handbook, this kit offers a unique and effective teaching style with proven results to instrument students of all levels. In addition, this complete kit includes an Instrument Manuevers Manual detailing required flight skills; The Instrument Procedures Guide, giving established and current guidelines for in-cockpit procedures; the latest edition of the FAA Chart Users Guide detailing all symbols and terminology of FAA/NACO type VFR and IFR publications; IFR Principles and Practices, providing practical exersizes and a human factors perspective to instrument flight; the official Instrument Pilot Practical Test Standards; a fresh and current copy of the FAR/AIM; and physical items including an IFR enroute chart plotter, a Foggles type view limiting device, and the ASA Instrument test Prepware CD.

P/N 13-11682.....**$218.95**

FAA INSTRUMENT RATING eKIT

A combination of convenient eBooks and physical training tools make up this deluxe Instrument Rating training package. Centered around FAA textbooks and publications, this kit offers the actual and "official" curricula prescribed by FAA and from which all knowledge and practical test questions are derived. In addition, this complete kit includes a fresh and current copy of the FAR/AIM, and physical items including an IFR enroute chart plotter, a Foggles type view limiting device, and the ASA instrument test Prepware CD. P/N 13-11683.....**$145.95**

ROD MACHADO'S SPORT PILOT HANDBOOK

Rod Machado's Sport Pilot Handbook. A serious text written in a fun and witty style. More than 1,000 original illustrations and photos in a softbound, full color, 582 page book.

This book is a one-of-a-kind manual. You can learn or review by just looking at the pictures. However, the text is laced with Machado's humor and practical training insights, so you will want to read every last word on each page. Written in the first person, it's as if Rod is sitting next to you, personally explaining all the necessary aspects of flying to make you an informed, confident and competent sport pilot. It is the first book of its kind completely written and illustrated by one instructor. P/N 17-00017.....**$65.00**

ROD MACHADO'S PRIVATE PILOT HANDBOOK 2ND EDITION - A serious text written in a fun and witty style. More than 1,200 original illustrations & photos with 50 pgs in full color, ensures this to be a one-of-a-kind manual. You can learn or review by just looking at the pictures. However, the text is laced with Machado's humor, so you will want to read every last word of the 572 pages. Written in the first person, it's as if Rod is sitting next to you, personally explaining all the necessary aspects of flying to make you an informed, confident and competent pilot. Flight instructors will love using the great illustrations with their students. It will also be a favorite for its readability. A book only has value if it's read and understood. For years pilots at Oshkosh, Sun n' Fun and seminars across the country have asked Rod to write a fun and easy to understand book for pilots. Well, here it is folks, perfect to refresh for a flight review, catch up on new rules or for student pilots to pass their FAA knowledge and oral exams.

Description	Part No.	Price
2nd Edition Rod Machado's Private Pilot Handbook	13-05698	**$48.95**
Private Pilot Handbook in Audio MP3 Format	13-08658	**$89.95**

ROD MACHADO'S PRIVATE PILOT WORKBOOK - As a programmed learning guide, this book will help prepare you for the FAA Private Pilot Knowledge Exam. The questions are organized to follow the presentation of material, section, as found in the Handbook. It will help you understand and absorb the knowledge necessary for you to fly safely. You can test your knowledge and comprehension in each subject area with numerous weight and balance, performance, and flight planning problems. P/N 13-01502 ..... **$19.95**

ROD MACHADO'S INSTRUMENT PILOT'S HANDBOOK - 624 pages in full color! This book allows you to learn everything you need for: * The FAA instrument knowledge exam * Your instrument proficiency check * Updating and refreshing your knowledge This valuable one-stop handbook contains the information necessary to: * Fly instruments as a knowledgeable and competent pilot. * Prepare for the FAA instrument pilot knowledge exam * Prepare for the instrument pilot practical oral exam. * Refresh for your instrument proficiency check. * Remain an up-to-date confident instrument pilot.

Book.....P/N 13-05699 ..... **$48.95**
E-Book .....P/N 13-09988 ..... **$49.95**

ROD MACHADO'S PLANE TALK - A collection of Rod Machado's most popular aviation articles and stories from the last 15 years. 456 page book.

P/N 13-03155 ..... **$23.95**

ROD MACHADO'S AVIATION VIDEOS & DVD'S

DEFENSIVE FLYING - Rod Machado discusses how pilots can learn to think defensively. Learn about acknowledging your own limitations and a pilot's psychological predators as well as never underestimating aerial enemies. Listen to an actual, hair-raising, in-flight emergency as two professional pilots exercise one of the most important skills in Defensive Flying. This presentation contains many new stories and humor not previously heard on Rod's audio tapes.DVD P/N 13-04567 ..... **$23.95**

AVIATION HUMOR - Laugh along with over 2,000 pilots as Rod Machado entertains his audience with some of the best of his aviation stories. After so many requests for a video version of his very popular audio tapes, this video of Rod's is sure to be a popular addition to your library.

VHS.....P/N 13-40310 ..... **$16.00**
DVD .....P/N 13-04568 ..... **$23.95**

IFR FLYING - Rod has incorporated six of his most popular IFR segments into this educational video. And, for comic relief, Rod has interspersed live, humorous clips from one of his popular seminars between each story segment. This is a valuable tape for beginners as well as seasoned pros. You're sure to laugh and learn as Rod shows you: A unique, multi-step instrument scan, Single pilot IFR cockpit management, How to really use the approach lighting system, techniques to make safe IFR departures, & more. P/N 13-40315..... **$22.50**

ROD MACHADO'S INSTRUMENT PILOT SURVIVAL MANUAL - This book is unlike any other book on instrument flying that you have encountered. 232 pages, Illustrated with humorous drawings. Excellent for IFR students or as IFR refresher.

Book .....P/N 13-40330 ..... **$28.95**
E-Book.....P/N 13-09976 ..... **$29.95**

BOOKS

ACCEPTABLE METHODS, TECHNIQUES & PRACTICES – Contains "Aircraft Inspection & Repair" (AC43.13-1A) and "Aircraft Alterations" (AC43.13-1B with change 1). These valuable FAA manuals originally published by the US Government Printing Office, have been combined and reprinted in a single volume. 393 pages. EA-AC 43.13-1A-2A P/N 13-11350 .....**$19.95**

ASA AIRCRAFT INSPECTION, REPAIR & ALTERATIONS - The "bible" for AMTs, aircraft owners, and homebuilders, this FAA Advisory Circular outlines the standards for acceptable methods, techniques, and practices for the inspection, repair and alteration of non-pressurized areas of civil aircraft with a gross weight of 12,500 lbs or less. Includes both Part 1B and Part 2B.
P/N 13-06050 .....**$17.75**

STANDARD AIRCRAFT HANDBOOK (LEAVELL & BUNGAY) – This handy book contains a wealth of information with illustrated chapters on riveting, bolts and fasteners, tools and their proper use, assembly and installation methods, materials and fabrication, blueprint reading, lofting and templates. 292 pgs, paperback. 6th edition. P/N 13-11400 .....**$15.50**

DESIGN & CONSTRUCTION MANUALS MOLDLESS COMPOSITE SANDWICH HOMEBUILT AIRCRAFT CONSTRUCTION (BY BURT RUTAN) – A step-by-step construction manual for the beginner in working on composite aircraft designs. If the steps are studied and followed carefully, a first time builder can work confidently with these materials. Profusely illustrated. P/N 13-11600 .....**$16.85**

COMPOSITE AIRCRAFT DESIGN (MARTIN HOLLMAN) – A very popular new book from the designer of several innovative composite aircraft. Describes the history of composite aircraft development and provides technical information & sources for the many composite materials in use today. Filled with photos, sketches and graphs. 88 pages.
P/N 13-11700 .....**$38.00**

COMPOSITE CONSTRUCTION FOR HOMEBUILT AIRCRAFT (JACK LAMBIE) – This comprehensive manual shows you the techniques of working with plastics in homebuilt kit airplanes. Lambie's humor and sound judgment are ideal for any avian dreamer. Over 300 graphs, drawings, diagrams, and photos that show you how. 240 pgs.
P/N 13-12300 .....**$19.95**

AIRCRAFT DETAIL DESIGN MANUAL (S.J. DZIK) – Revised 3rd Edition. Detailed 2 & 3 view design drawings from existing aircraft plans plus wing design, engineering tables & hardware specs. P/N 13-12000 .....**$18.75**

A PRACTICAL GUIDE TO AIRPLANE PERFORMANCE AND DESIGN (DONALD R. CRAWFORD) – This book will prepare you with the mathematical tools you'll need to turn fantasy into at lease drafting table reality. Find design trade-offs in minutes with easy-to-use graphical and numerical techniques. P/N 13-16820 .....**$18.95**

AIRPLANE DESIGN (DONALD R. CRAWFORD) – Collected reprints of a series of technical articles on airplane design printed first in Kit Planes magazine are bound in one 114 pg vol. Easy-to-use basic computer programs (w/ fully annotated source listings incl.) are applied to sample problems. Detailed derivations of governing equations provide necessary technical background for the solution method.
Book..... P/N 13-16825.....**$23.95**
E-Book ..... P/N 13-09828.....**$22.95**

PRACTICAL STRESS ANALYSIS FOR DESIGN ENGINEERS – Deluxe hardbound edition, 464 illustrations and drawings, 685 pages. Solutions based on "real" aircraft structure. A simplified, easy-to-understand reference book – contains no complex mathematics. Aircraft designers and experimenters can master the principles and fundamentals of stress analysis. Learn new techniques and simplified approaches to the analysis of new and innovative designs.
P/N 13-00035 .....**$98.00**

UNDERSTANDING AIRCRAFT COMPOSITE CONSTRUCTION - This book was written to provide a basic understanding of composite technology prior to commencing a composite project. The book discusses the very elementary theory of beams and sandwich structures, then extends this to composite structures. The well- known moldless (Rutan) techniques are described as well as a detailed description of vacuum bagging techniques suitable for the homebuilder.
P/N 13-12350 .....**$29.95**

HOW TO BUILD COMPOSITE AIRCRAFT (MARTIN HOLLMAN) – You will learn how to assemble kit aircraft made out of graphite/epoxy such as the Lancair IV and Stallion and how to build plugs and molds for these type of aircraft and where to buy the materials at low cost. Once the molds are built, you will learn how to vacuum bag parts using prepreg materials. You will also learn how to build your own aircraft design out of composite materials using a low cost method for shaping fuselage and wing parts out of Last-A-Foam and the wet layup method to build sandwich structures.
P/N 13-12205.....**$33.95**

HOW TO COOL YOUR WANKEL - This 100 page book can be used as a guide when designing a liquid cooled Wankel rotary engine installation in an experimental aircraft. Information from the Aircraft Rotary Engine Internet Newsletter and a compilation of the published information from the established international experts in the field over the last seventy years. Includes a bibliography. The information applies to any liquid cooled aircraft engine. Printed on heavy weight gloss paper with many color illustrations and pictures (Sizes 8-3/8 x 10-1/2 x 1/2).
P/N 13-04888.....**$69.95**

THE SPORTPLANE BUILDER (TONY BINGELIS) – An introduction to homebuilts along with information on construction practices, fiberglass techniques, canopies, windshields, instrumentation, fuel systems, control systems, landing gear components, electrical systems, covering and painting and more. 320 pgs, completely illustrated. P/N 13-13200 .....**$24.95**

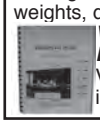
SPORTPLANE CONSTRUCTION TECHNIQUES (TONY BINGELIS) – 3rd in a series of outstanding books from the dean of homebuilders. Includes sections on getting ready to build, construction practices, fiberglass components, control systems, aircraft interiors, canopies and windshields, landing gears, instrumentation, electrical systems and finishing. 368 pages, fully illustrated.
P/N 13-13300 .....**$24.95**

FIREWALL FORWARD (TONY BINGELIS) – The complete guide to engine selection, firewall preparation, engine mounts, exhaust systems, hoses and lines, cowlings, fuel systems, ignition and electrical systems, instrumentation, propellers spinners and much more. Highly recommended by Rutan Aircraft Factory. 303 pages, completely illustrated. P/N 13-13400 .....**$24.95**

BINGELIS ON ENGINES (TONY BINGELIS) – A treasury of practical engine information for aircraft builders, owners, restorers and mechanics. Things you need to know about engine selection, engine installation, firewall preparation, baffles, cooling, fuel systems, ignition and electrical, exhaust systems, props and spinners all are thoroughly covered. Presented in clear, easy to understand language and illustrated with photos and drawings, this is another of Tony's incomparable collection of articles from EAA's Sport Aviation magazine that addresses powerplant issues facing today's sport plane builder and pilot/ All the right answers at your finger tips.
P/N 13-13450 .....**$24.95**

SPECIAL!
ALL FOUR TONY BINGELIS BOOKS FOR $95.00
P/N 13-13500

EVANS LIGHTPLANE HANDBOOK (W.S. EVANS) – This exceptional book provides a ready source of data commonly used in the field of light aircraft design. The book includes detailed information on aerodynamics, engines, propeller, wood, aluminum, steel, composites, landing loads, flight loads, stress analysis, tubing, weight and balance, weights, data tables, and an AN parts guide.



VP-1 Volksplane Plans and Pilot's Handbook (W.S. Evans) – The complete set of plans to build the popular VP-1 as well as a complete pilot's operating handbook. Fully illustrated.2 Book Set P/N 13-11560 .....**$59.00**

BV

BOOKS

PAZMANY BOOKS

CUSTOM-BUILT AIRCRAFT OWNERS AND OPERATORS MANUAL - Contains spaces for listing of aircraft description, specifications, construction data, weight and balance calculations, operating limitations, operating instructions and servicing information. (L. Pazmany). P/N 13-20100 ..... **$26.75**

LANDING GEAR DESIGN FOR LIGHT AIRCRAFT - (L. Pazmany) - Discusses in great detail all aspects of the landing gear including tires, wheels, brakes, loads & deflections, main gears, nose gears & tail gears. Includes 32 tables & 3 large fold-out drawings. Recommended highly by many leading aircraft designers. 245 pages, 463 illustrations.
P/N 13-14000 .. **$88.95**

LIGHT AIRPLANE CONSTRUCTION FOR AMATEUR BUILDERS- (Pazmany) – Published in 1970. Covers in detail the fabrication and assembly of sheet metal, fiberglass and Plexiglas components. 92 pages. Many, many photos. This book is a "must" for a builder of any sheet metal aircraft
P/N 13-13800 ..... **$59.95**

LIGHT AIRPLANE DESIGN - (L. Pazmany) – A step-by-step description of PL-1 & PL-2 preliminary design and the reasoning begin each feature of these airplanes. No high math; very easy to read. Used as a text in several universities. 80 pp P/N 13-14100 ..... **$67.85**

FASTENER BLACK BOOK - • This pocket book is a great resource for anyone using standard fasteners on a routine basis • It's designed for technicians, apprentices, trainees etc. • Coated with in a Glare-Free laminate that resists tearing • Free thread pitch identification gage with each book
P/N 13-06587 ..... **$29.95**

ENGINEERS BLACK BOOK - • This pocket book is a great resource for anyone working in a shop • It's designed for metal workers and machinists • Coated with in a Glare-Free • Free drill sharpening gauge with each book
P/N 13-06586 ..... **$24.95**

AIRFOIL SELECTION – Airfoil Selection is an outstanding book by airfoil expert Barnaby Wainfan which will aid the reader in understanding and choosing airfoils for light aircraft. This book is a collection of a series of articles originally published in Kitplanes magazine and reprinted in book form with the cooperation of Kitplanes editor, Dave Martin. All articles by Barnaby Wainfan. 57 pages, illustrated. P/N 13-18700 ..... **$19.95**

GA AIRFOILS - (Harry Riblett) – This book is a critical study of the NACA airfoil design work addressing errors and omissions of the NACA work and correcting NACA airfoils where needed. This is a comprehensive catalog of airfoils designed for general aviation use. Also included are sections on general wing design, including planform, wing tips, root stakes, aircraft performance and stability, and more. 136 pages.
P/N 13-18725 ..... **$18.75**

ALTERNATIVE ENGINES – This is a compilation of the "Contact" magazine articles written by Mick Myal on conversion of auto engines. Well written with many helpful ideas. Filled with specifications, pictures and diagrams. An essential book to anyone converting an auto engine.
P/N 13-00398 ..... **$44.50**

DESIGNING WITH CORE - (Hal Loken and Martin Hollman) – Explains how to design core structures. Finite element analysis and hand calculations are included. Discusses materials such as honeycomb and foam cores and gives detailed instruction on how core structures are fabricated.
P/N 13-13020 ..... **$31.95**

LOW POWER LAMINAR AIRCRAFT DESIGN - (Alex Strojnik) – Aerodynamics of light aircraft of 40 HP or less.
P/N 13-14200 ..... **$37.95**

LOW POWER AIRCRAFT STRUCTURES - (Alex Strojnik) – Stress analysis of aircraft structures in the air and landing, and info. on load conversions. P/N 13-14300 ..... **$37.95**

LOW POWER LAMINAR AIRCRAFT TECHNOLOGIES - (Alex Strojnik) - Instructions on how to build low power aircraft.
P/N 13-14400 ..... **$37.95**

SPECIAL!
ALL 3 ALEX STROJNIK BOOKS
FOR $108.00 P/N 13-14500

HOW TO PAINT YOUR OWN AIRPLANE - (Ron Alexander) - This book discusses all aspects of spray painting including choosing the right equipment, how to set up a paint booth, preparation of surfaces, painting techniques, safety issues, etc. This is an EAA "How To" book written by Ron Alexander. Over 80 pages. P/N 13-03274..... **$18.50**

COMPOSITE BASICS (ANDY MARSHALL)– An excellent review of composite structure design and technology from one of the foremost authorities on advanced composites. Illustrated. 7th edition. P/N 13-18000 ..... **$29.85**

AIRCRAFT TECHNICAL MAINTENANCE HANDBOOK - The Aviation Maintenance Technician Handbook is the most up-to-date, highest quality, AND most economical General Textbook available. It is also the actual textbook from which all FAA knowledge test questions are based.
The FAA did a terrific job with this new generation Aviation Maintenance Technician Handbook replacing the older AC65.9. It is now fully up to date, easily readable, well illustrated, and in full color. It is also the actual textbook from which all FAA knowledge test questions are derived. P/N 13-09044 ..... **$37.95**

AVIATION MAINTENANCE TECHNICAL WORKBOOK - This Workbook was developed by Tom Wild and Mike Leasure from Purdue University as a further study tool and an A&P instructor's classroom aid for a General curiculla, especially when combined with the FAA 8083-30 revision ATB textbook. Each chapter in the workbook matches those in the textbook with each including 3 sections: Chapter Review Questions, Knowledge Application (practical) Questions, Final Chapter Exam
Book ..... P/N 13-09048 ..... **$13.95**
E-Book..... P/N 13-09047 ..... **$12.95**

AIRCRAFT HARDWARE STANDARDS MANUAL AND ENGINEERING REFERENCE - Aircraft Hardware Standards & Engineering Reference is a very complete reference guide to AN, NAS, and MS hardware, giving identification and specifications for each class of hardware. Identifications are cross referenced in drawings and by its designation code. Specifications are given by basic description, nominal measurements, materials, and thread characteristics. Coverage includes all common types of fasteners and plumbing fittings, including less common items such as shackles, eyebolts, tinnerman fasteners, swage ends, hose fittings, clamps, dzus fasteners, cherry and solid rivets, springs, grommets, etc. Note: some charts in this book are printed very small and with a less than perfect printing that may be difficult to read. 138 Pages.
Book ..... P/N 13-09903 ..... **$21.95**
E-Book..... P/N 13-09902 ..... **$15.00**

HELICOPTER DESIGN AND DATA MANUAL - Helicopter Design and Data Manual discusses the basics of helicopter design including aerodynamic theory and fundamentals for rotorcraft, airframe structure, mechanics and design of rotor heads, tail rotors, control linkage, and blade construction, and selection of proper materials.
Book ..... P/N 13-12800 ..... **$15.25**
E-Book..... P/N 13-09896 ..... **$11.25**

LIGHT SPORT AIRCRAFT INSPECTION PROCEDURES - Light Sport Aircraft Inspection Procedures is the first book we've seen on the maintenance and inspection of Light Sport and Ultralight type aircraft. Airframes, engines, and control systems are covered in depth along with many illustrations and photos showing typical damage and wear points which are common on these non-certificated aircraft. Owners and operators of this class of aircraft should consider this book required reading before your next flight or pre-flight inspection. A&P mechanics will also find this material extremely useful as Light Sport Aircraft become more common and this type of aircraft begin to make their way into your shops.125 pages. Book ..... P/N 13-09905 ..... **$33.50**
E-Book..... P/N 13-09861 ..... **$24.95**

ELECTRONIC CIRCUIT DEVICES - An avionics technician training course in basic electronic circuitry, AC power controls, transistors, sine wave oscillators, and more. Explains in understandable terms the working and functions of electronic devices as applicable to avionics devices and many facets of the FCC Radiotelephone exams. 261 pages.
Book ..... P/N 13-07587 ..... **$17.19**
E-Book..... P/N 13-09881 ..... **$19.95**

BV

BOOKS

FLY THE ENGINE - Back in print for the first time in over a decade! Fully revised and updated! The ultimate book on aircraft engine operation, Takes you through all phases of engine operation, showing you how to spot engine discrepancies on preflight; how to start a hot, cold, or flooded engine; how to troubleshoot a rough runup; when (and when not) to lean the engine for all phases of flight; how to recognize valve sticking; and much more. Hailed as a modern-day classic when it first appeared in 1993, Fly the Engine is a goldmine of engine wisdom: essential reading for any pilot, of any skill level.

Book ..... P/N 13-11303 ..... **$37.95**
E-Book..... P/N 13-09844 ..... **$34.95**

ASA INSTRUMENT PROCEDURES HANDBOOK - In-depth sections cover takeoffs and departures, en route operations, arrivals and approach, system improvement plans, and helicopter instrument procedures. Thorough safety information covers relevant subjects such as runway incursion, land and hold short operations, controlled flight into terrain, and human factors. Featuring an index, an appendix, a glossary, full-color photos, and illustrations, the Instrument Procedures Handbook is a valuable training aid and reference for pilots, instructors, and flight students, and the most authoritative book on instrument use anywhere.

Handbook ..... P/N 13-03283 ..... **$14.95**
Revised Edition .. P/N 13-11571 ..... **$31.75**

TIP TANKS: DESIGN AND FABRICATION - This publication contains unique tip tank plans for homebuilders and designers. Full size templates and step by step photos in color make this an all inclusive package of design and fabrication information . Airplane designers can adapt this alternative to upgrade their particular concepts or plans. The plans include a flexible automated EXCEL spreadsheet that produces instant tank volume based on builder inputs of length and a master ellipse cross section. Using custom arc airfoils as control lines, resulting compound curve tank surfaces avoid tank flat spots and are easy to shape.

P/N 11-10421 ..... **$24.95**

PLANE SENSE - For anyone who would like to review the nuts and bolts of aircraft ownership. Anyone considering aircraft ownership, should be familiar with Title 14 of the Code of Federal Regulations (14 CFR), which details regulations for aircraft owners, operators, pilots, aircraft mechanics, and maintenance providers. Since the requirements can be updated and the regulations can change, the Federal Aviation Administration (FAA) recommends that you contact your nearest FAA Flight Standards District Office (FSDO), where the personnel can assist you with the various requirements for aircraft ownership, operation, and maintenance.

Book ..... P/N 13-10223 ..... **$15.95**
E-Book..... P/N 13-10224 ..... **$11.75**

AVIATION WEATHER - Earth's atmosphere, common IFR procedures, high-altitude weather and special area weather considerations are thoroughly discussed. Use with Advisory Circular 00-45E, Aviation Weather Services. Many of the FAA Knowledge Exam weather questions are pulled from this text.

Book ..... P/N 13-10222 ..... **$10.95**
E-Book..... P/N 13-05907 ..... **$7.95**

AIRCRAFT WEIGHT AND BALANCE HANDBOOK - An overweight aircraft, or one whose center of gravity is outside the allowable limits, is inefficient and dangerous to fly. The responsibility for proper weight and balance control begins with the engineers and designers and extends to the pilot who operates and the Aviation Maintenance Technician who maintains the aircraft.This book explains in detail the process to determine the weight and balance of any aircraft.

Book ..... P/N 13-10221 ..... **$9.25**
E-Book..... P/n 13-05934 ..... **$6.95**

AIRPLANE FLYING HANDBOOK - Airplane Flying Handbook was developed primarily for student pilots, but also serves as an excellent refresher for pilots who want to improve their flying efficiency or who are preparing for advanced ratings. This book describes, with color photos and illustrations, flight and ground procedures from preflight to ground reference maneuvers, emergency procedures, adverse weather flying, multi-engine procedures, night flying, tail wheels, turboprops, and more.

Book ..... P/N 13-10219 ..... **$19.95**
E-Book..... P/N 13-05886 ..... **$15.00**

ROTORCRAFT FLYING HANDBOOK - Rotorcraft Flying Handbook - FAA Manual # H-8083-21 is the FAA's official helicopter and Gyroplane manual containing all the information required for applicants for their helicopter private, commercial, and flight instructor written exams and certificates. Systems, aerodynamics, and operations are covered for both helicopters and gyroplanes, as well as human factors, common errors, instrument and night operations, and basic and advanced maneuvers.

Book ..... P/N 13-10218 ..... **$20.75**
E-Book..... P/N 13-05892 ..... **$12.25**

AVIATION WEATHER SERVICES - This text thoroughly explains the many U.S. aviation weather products and services available to pilots. Weather product examples and explanations are taken primarily from the Aviation Weather Center's Aviation Digital Data Service. The AC provides hundreds of weather website addresses for weather resources and definitions. It is an unprecedented level of convenience and study access for pilots planning flights and researching weather.

Book ..... P/N 13-10229 ..... **$24.85**
E-Book..... P/N 13-05914 ..... **$18.95**

YOUR PILOT'S LICENSE - An updated version of the classic book that has helped aviators take off for more than a quarter century. Written in an easy-to-understand style by a certified flight instructor with practical advice on what it takes to learn how to fly an airplane. 8th Edition.

P/N 13-11268 ..... **$18.75**

THE ILLUSTRATED BUYER'S GUIDE TO USED AIRPLANES - The best way for private pilots with limited means to obtain the plane of their dreams is to purchase a used one -- and there's no better way to buy one without getting burned than this heavily illustrated guide. Focusing on airplanes priced at $100,000 or less, the author walks readers through the entire process of purchasing a used plane: prospecting the market, determining a plane's true value, closing the deal, partnership, and much more. Author: BIll Clarke ..... P/N 13-07716 ..... **$31.96**

VFR RADIO PROCEDURES IN CANADA - Everything you need to know about the VFR radion procedures in Canada can be found in this all-encompassing book. It is a quick and easy read that will clear up any confusion you had about the proper procedures! ..... P/N 13-07566 ..... **$8.75**

POWERED PARACHUTE HANDBOOK EBOOK - Here the pilot is shown the realm of powered parachute flight and given information and guidance in the performance of procedures and maneuvers required for pilot certification. This book is the official FAA source for learning to fly powered parachutes and many test questions for the powered parachute FAA Knowledge Exam come from this reference. Illustrated throughout with full-color graphics and photography.

E-Book..... P/N 13-05900 ..... **$21.95**

ADVANCED AVIONICS HANDBOOK - The Federal Aviation Administration's Advanced Avionics Handbook is a critical tool for anyone seriously interested in flying modern airplanes. This easy to read handbook introduces pilots and other readers to flight operations in aircrafts with the latest integrated "glass cockpit" advanced avionics systems. Critical topics covered include: which advanced avionics system to use and when, automated flight control, advanced weather data systems, area navigation, primary flight display failures, and more. With the unprecedented amount of information now available at a pilot's fingertips, the Advanced Avionics Handbook is the perfect guide for translating raw scientific data into critical flight intelligence.

P/N 13-11596 ..... **$25.95**

USING AERONAUTICAL CHARTS - Designed to assist pilots in pre-flight preparations and with in-flight decision-making, Using Aeronautical Charts will help you transform these navigational tools into indispensable piloting partners. Through the book's easy-to-read, and practical guidance, you'll: Master the specifics of VFR, IFR, and other charts, understand the wide variety of chart symbols and their impact upon flight planning, become familiar with the new RNAV charts, and stay up to date with current airspace classifications. Perfect for students — yet detailed enough for seasoned pilots. P/N 17-00080 ..... **$16.75**

RADAR & SATELLITE WEATHER INTERPRETATION FOR PILOTS - The first part looks at weather satellites: how they work, how pilots and aviation-associated persons can interpret and apply satellite images, ultimately to avoid flight hazards. Equal emphasis and explanation is given to the limitations of satellite imagery in flight applications. Weather radar fundamentals are outlined in the second part: products and equipment, limitations, and application in the flight environment. The text closes with a section on risk evaluation and decision-making. ..... P/N 17-00081 ..... **$26.75**

THE PILOT'S BURDEN - Most aviation accidents are attributed to pilot error - but why does this occur? This book looks critically at a number of factors, including aircraft and cockpit design, the constant growth of aviation regulations, the pressures on the air traffic control systems and computers in planes, to explain the growing demands on pilots. By Captain Robert N. Buck.

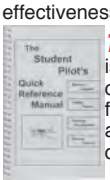
BOOKS

COMPOSITE MATERIALS FABRICATION HANDBOOKS - Beginning Composites presents practical, hands-on information about versatile materials. From explanations of what a composite is, to demonstrations on how to actually utilize them in various projects all to empower even the most apprehensive beginner.
Composites Fabrication Handbook #2 is written for those who want to enhance the quality and performance of their composite projects. Learn what it takes to truly optimize a composite lamination for high-performance use. Basic mold making is covered in this book to help fabricators produce effective mold systems from a variety of molding materials. Several advanced molding techniques are demonstrated in-depth. Presents each subject in a hands-on, practical way.
Handbook #1 ..... P/N 13-11266 ..... **$27.95**
Handbook #2 ..... P/N 13-11267 ..... **$27.95**

AIRCRAFT DESIGN: A CONCEPTUAL APPROACH - This highly regarded textbook presents the entire process of aircraft conceptual design in the same manner seen in industry aircraft design groups. Interesting and easy to read, the book has more than 900 pages of design methods, illustrations, tips, explanations, and equations, and has extensive appendices with key data essential to design. The book is the required design text at numerous universities around the world and is a favorite of practicing design engineers. The new fourth edition is enhanced in many areas, with improvements and reworking of the text, expanded sizing and analysis methods, and up-to-date treatments of emerging technologies and concepts. A new section provides an introduction to spaceflight and rockets including thrust analysis and vehicle sizing for launch and planetary missions. Appendices are revised and additional exam questions are provided.
Book ..... P/N 13-04237 ..... **$103.95**
Software ..... P/N 13-04238 ..... **$102.95**
Book/Software .... P/N 13-04561 ..... **$146.95**

ASA UNDERSTANDING FLYING - A common sense, practical approach to the basics of flying. Everything you need to know to operate an airplane safely. A real understanding of the principles of flight and the operations associated with flying the way it's done today. Will help you avoid guesswork and put you in touch with true professional skills and attitudes. Beginning pilots can absorb new pieces of knowledge and experienced aviators can gain insight to improve their proficiency.
P/N 13-02385 ..... **$17.75**

ASA AVIATION INSTRUCTOR'S HANDBOOK - Designed for ground instructors, flight instructors, and aviation maintenance instructors, this Aviation Instructor's Handbook was developed by the Federal Aviation Administration (FAA) in cooperation with aviation educators and industry to help beginning instructors understand and apply the fundamentals of instruction. This handbook provides up-to-date information on learning and teaching, and how to relate this information to the task of teaching aeronautical knowledge and skills to students. Experienced aviation instructors will also find the information useful for improving their effectiveness in training activities. ..... P/N 11-08906 ..... **$13.95**



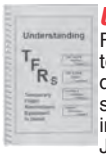
THE STUDENT PILOT'S QUICK REFERENCE MANUAL - This is a VERY BASIC book that serves as a real nice cockpit companion to comfort student pilots venturing out on their first solo cross country flights. This book provides immediate answers to questions and potential problems encountered during flight when there is no instructor to turn to.
P/N 17-00036 ..... **$12.25**

THE STUDENT PILOT SIMPLIFIED WEATHER BRIEFING GUIDE - Simplified Weather Briefing Guide by Jerry Miller
Easy to understand, plain language and a step-by-step weather analysis and planning for the student pilot. Based on 25 years of giving pilots weather briefings this book is a new pilot essential. ..... P/N 17-00038 ..... **$10.75**

HELICOPTER AERODYNAMICS BY RAY PROUTY - For many years, Ray W Prouty brought the black art of helicopter aerodynamics into a refreshing new light for the readers of Rotor & Wing International magazine. The original three books were published before the computer age revolutionized the book publishing industry, and none of the original text, drawings or photos were available electronically. In some cases, the original photos were no longer available, even from Ray's private collection, so other comparable photos were obtained from Ray. Well known helicopter test pilot and author Shawn Coyle (Art & Science of Flying Helicopters and Cyclic & Collective: More Art and Science of Flying Helicopters) was the initial driving force behind the effort to resurrect Prouty's works, and contributed his knowledge and keen eye in proof- reading. The result is a very readable, hefty 500 + page work, jam packed with extraordinary insights into helicopter aerodynamics, design, and handling. Soft Cover 550 Pages. P/N 17-00004 ..... **$55.00**

THE IMMORTAL BEAVER: THE WORLD'S GREATEST BUSH PLANE - Developed soon after World War II, the de Havilland Beaver has become one of the most successful and longlived designs in aviation history. Since its conception the Beaver has been adopted worldwide, becoming the floatplane of choice for island-hopping along the Pacific Northwest, flying into the Arctic, transporting missionaries and doctors into remote spots in Africa, and serving as a support aircraft in Antarctic expeditions. This beautiful book records that history. Paperback, 192 pages. ..... P/N 13-09359 ..... **$27.00**

THE FAR/AIM IN PLAIN ENGLISH - The FAR/AIM is a daunting book. Learn what you really need to know for your sport/private pilot certificate. Every regulation that applies to you and your certificate is plainly laid out and broken into simple, conversational english. It's everything you need from the FAR/AIM and nothing you don't.
P/N 13-11679 ..... **$29.95**



UNDERSTANDING TFR'S BY JERRY MILLER - Temporary Flight Restrictions (TFRs) are a fact of life for every pilot today. Unfortunately, TFRs are complex and, quite often, difficult to decipher. If you are a responsible pilot who wants some good, solid information about TFRs and how to avoid intrusions, then Understanding TFRs is the book for you. by Jerry Miller. ..... P/N 17-00037 ..... **$10.75**

ULTIMATE PILOT'S OPERATING HANDBOOK, ROBINSON R44 - Expands the information the factory provided pilot's operating handbook (POH) gives and provides valuable information for pilots flying or going to fly the Robinson R-44. Whether you are a student pilot getting to know the R-44 or an experienced pilot reviewing content for recency or biannual check-rides this Handbook will provide the information you need. P/N 13-10438 ..... **$15.95**

EAA SHEET METAL BUILDING BASICS - EAA's continuing "how-to" series of educational materials for building your own aircraft now includes, Sheet Metal Building Basics, written by longtime builder and SportAir instructor Jack Dueck. Jack is a sheet metal construction expert and serves on the EAA Homebuilt Council, the EAA Canadian Council, and is an EAA Technical Counselor for his home Chapter 1410 in High River, Alberta, Canada.
P/N 13-11625 ..... **$28.95**

COMPOSITE AND FIBERGLASS MOLDING TECHNIQUES - The colorfully illustrated and bound 26-page booklet contains a list of required materials for creating composite tooling and parts as well as a glossary of associated terms used in the composite molding process. The booklet explains the basics of positive plug construction, including materials usage, the determination of mold break lines and the set up of the positive plug for mold casting. Materials usage for positive plug construction, as well as mold (tooling) construction and final part lay-up materials and some basic finishing techniques provides the basics for completing a set of tooling for composite parts.
P/N 13-11800 ..... **$15.00**

AIRCRAFT MAINTENANCE AND REPAIR - Provides coverage of practical skills while building a foundation for more advanced learning. It offers a thorough presentation of all aspects of aircraft maintenance and repair, including information on new materials, structures, systems, and processes. All the theoretical and practical information that students need for certification as FAA airframe technicians in accordance with Federal Aviation Regulations (FAR).
P/N 13-11675 ..... **$85.67**

AIRCRAFT WIRING AND ELECTRICAL BONDING - This is a highly detailed manual published by by Aircraft Technical Book Company under license by the Australian Civil Aviation Safety Authority (CASA) presenting indepth instructions for aircraft electrical work covering topics from aged wiring inspection to modern fiber optic installation, inspection and repair.
Book ..... P/N 13-11205 ..... **$24.95**
E-Book..... P/N 13-11236 ..... **$24.95**

AIRCRAFT PARTNERSHIP - Covers all the bases, with: Real life case-study partnership profiles. Step-by-step walk-through of the preparation of your partnership agreement. Figuring the costs. Legal issues. Operations. Gives the reader a virtual partnership kit - with all the tools and information you need to construct a good, working aircraft partnership.
Book ..... P/N 13-07605 ..... **$19.95**
E-Book..... P/N 13-09836 ..... **$23.50**

BV

BOOKS

AIRCRAFT RIGGING - Airplane rigging has a large influence on aircraft performance and is often the most easily changed. This manual on airplane rigging continues on where most manuals and instructions leave off, and provides some answers to the many questions that arise when building or rigging an airplane. The factors driving the various rigging geometries are discussed, and methods and tools of measurement are illustrated for many different situations and airplane configurations.
Book ..... P/N 13-09032 ..... **$24.95**
E-Book..... P/N 13-05955 ..... **$22.50**

COMPREHENSIVE GUIDE TO AIRFOIL SELECTIONS - Depicts over 500 actual airfoil designs for light aircraft individually described pictorially, graphically, and by specifications, and with each giving: dimensions in span, chord, camber; percent of chord, lift to drag, center of pressure, drag & lift coefficients curves by angle of attack; and some historical information. Book ..... P/N 13-09036 ..... **$24.95**
E-Book..... P/N 13-09039 ..... **$19.95**

AIRCRAFT FUEL SYSTEMS - Aircraft Fuel Systems begins with basic fuel system requirements, then goes on to explain types of aviation fuel, fuel systems and fuel system components, fuel tank repair and testing, and fuel system servicing. It wraps up with a comprehensive look at the Boeing 767 fuel system and its various fuel related components. 62 Pages.
Book ..... P/N 13-09848 ..... **$14.95**
E-Book..... P/N 13-05933 ..... **$15.00**

AIRCRAFT FLUID POWER SYSTEMS - Aircraft Fluid Power Systems takes a comprehensive look at hydraulic and pneumatic systems on today's aircraft. Its seventeen chapters cover the basics, fluid lines and fittings, hydraulic system components, valves, tires, tubes, and wheels, aircraft brakes and anti-skid brake control systems, structures that support aircraft on the ground, aircraft retraction systems, nose wheel steering systems, and skis and floats. There is also information on specific aircraft hydraulics such as Boeing 727 and 757, the Cessna Citation, Gates Learjet 25, and the Canadair 601. 468 Pages.
Book ..... P/N 13-09845 ..... **$49.95**
E-Book..... P/N 13-05928 ..... **$50.00**

AIRCRAFT ENVIRONMENTAL SYSTEMS - Aircraft Environmental Systems covers a variety of topics including air conditioning and pressurization systems, aircraft atmospheric control systems, aircraft oxygen systems, ice and rain control systems, and fire protection systems. The five chapters also span a wide spectrum of aircraft in use today from small single-engine planes up through the jumbo jet liners such as the Boeing 727 and 767. 182 Pages.
Book ..... P/N 13-09847 ..... **$34.95**
E-Book..... P/N 13-05931 ..... **$35.00**

JEPPESEN DC CIRCUITS EBOOK - DC Circuits explained step by step. This book is designed to provide basic theory and practical information to the avionics technology student with at least a high school level background in mathematics and physics. Explains wiring diagrams, color coding, the use of various electronic components including resistors, conductors, and power sources.
E-Book..... P/N 13-09830 ..... **$17.95**

AIRCRAFT GOVERNORS - This book on Aircraft Governors is one of a series of specialized training manuals prepared for aviation maintenance personnel. This series is part of a programmed learning course developed and produced by Jeppesen. This program is part of a continuing effort to improve the quality of education for aviation mechanics throughout the world. This manual is designed to present the aviation maintenance technician with the information necessary for a general understanding of the theory, operation, and maintenance of aircraft governors. 45 Pages E-Book..... P/N 13-09949 ..... **$14.95**

AVIATION MAINTENANCE TECHNICIAN HANDBOOK - FAA did a terrific job with this new generation A&P General Textbook. It is fully up to date, easily readable, well illustrated, and in full color. It is also the "official" book from which all FAA knowledge test questions are derived. In reviewing this book, Aircraft Technical Book Company, together with five part 147 colleges, have identified numerous errors and omissions.
P/N 13-06257 ..... **$34.95**

AIRFRAME & POWERPLANT HANDBOOK: AIRFRAME - This FAA reprint provides the textual material needed to study this mechanic rating. It is the document from which the FAA tests are drawn. 630 pages.
P/N 13-06205 ..... **$17.75**

ESSENTIALS OF ADVANCED COMPOSITE FABRICATION & REPAIR - This textbook teaches the concepts and methods in a simple and straightforward manner for a wide array of composites fundamentalsSome of the subjects covered in Essentials of Advanced Composite Fabrication and Repair include: History and development of composite and advanced composite materials. Matrix technology. Fiber reinforcements. Molding methods and practices. Core materials. Tooling, and much more.
P/N 13-07295 ..... **$59.95**

PROPELLER CARVING THE ALL POWER TOOL CD - Propeller Carving - The All Power Tool Method, contains detailed, step-by-step, easy-to-follow instructions and commentary, with forty-two high quality pictures and diagrams (sixty-three printed pages in all). This is not a video. This essay is geared toward homebuilders who know virtually nothing about propeller carving. The essay outlines the author's successes, mistakes, and specifies exactly what to do and what not to do. It is available now, on CD in PDF format. P/N 13-07333 ..... **$29.95**

COCKPIT PROCEDURES - EFFECTIVE ROUTINE FOR PILOTS AND VIRTUAL AVIATORS - Written by an experienced instructor and pilot examiner, Cockpit Procedures provides a solid understanding of the underlying principles and detailed descriptions of the checklists and routines used in many flight schools. This book is a description of what you should be doing during each phase of flight, including emergencies and training maneuvers. Readers will find it contains a practical definition of airmanship, good habits to develop, workload management, and even what you should have in your flight bag. This book covers actual cockpit actions and thinking, providing the rationale behind common procedures that are standard practice in the training environment and in the airlines.
P/N 13-06254 ..... **$14.95**

101 CROSSWORDS FOR PILOTS - Pilots are inherently drawn to puzzles; problem-solving and playing the "what-if" game are in their nature. They share a fascination for anything and everything about airplanes and flying.
The over 6,000 clues used in 101 Crosswords for Pilots will provide hours of enjoyment for pilots and aviation history enthusiasts, stimulating recall of stored knowledge as well as satisfying that innate yearning to learn more. P/N 13-06255 ..... **$12.75**

CYCLIC & COLLECTIVE 2ND EDITION, ART & SCIENCE OF FLYING HELICOPTERS - This unique book , written from the perspective of the pilot provides a detailed, yet easy to understand overview of the theory and practice of helicopters. It covers nearly all aspects of learning to fly a helicopter, from basic theory through autopilots. It offers detailed explanations for both the beginner and advanced pilots on performance, handling and the mechanics of helicopters. The beginner section covers fundamentals of helicopter theory, aerodynamics, performance and flying. Examples are based around piston engine helicopters and are given from a cockpit perspective. The advanced section is for professional pilots, as well as those who want to know more about helicopters and how they work. It covers turbine helicopters with more advanced systems. paperback, 458 pages, definitions
Book ..... P/N 13-02878 ..... **$47.50**
E-Book..... P/N 13-10432 ..... **$40.95**

ULTRALIGHT FLIGHT - (Mike Markowski) Ultralight aerodynamics, stability and control, design and performance, plus a fascinating history of the sport. A down-to-earth explanation of the theory of flight.
P/N 13-16000 ..... **$19.95**

A PROFESSIONAL APPROACH TO ULTRALIGHTS - A Professional Approach to Ultralights offers 256 pages of plain-spoken, real world, ultralight-specific information based on over 25 years of experience. You'll discover invaluable strategies, tips, and an overall guiding philosophy in the purchase, maintenance, and operation of your ultralight that will stretch your spending power and create a safer flight environment. Whether you are interested in ultralights or just want to increase your general aviation knowledge, we know you'll find A Professional Approach to Ultralights a valuable resource.
P/N 13-03797 ..... **$18.95**

THE COLLECTED AIRCRAFT PERFORMANCE IMPROVEMENT ARTICLES AND LECTURES OF BRUCE CARMICHAEL 1974-2000 - 1st Printing 2007. 14 articles. Oshkosh Appraisal, Laminar Wing & Fuselage Design, Propeller Place, Performance Revolution and Improvement, AR-5 & VMax Probe Study, 7 Lectures on Drag Fundamentals, Body Drag, Realm of Reynolds Lam., Aircraft Search, Lam Aircraft Odyssey, 100% Laminar by Suction. 203 Pages.
P/N 13-05022 ..... **$29.95**

BV

BOOKS

PLANE & PILOT MAGAZINE - In each issue of Plane & Pilot magazine, you get pilot reports for piston-engine aircraft, expert flying techniques and skills, must-have product reviews, aviation careers and training advice, travel adventures and scenic photography. Published by leading aviation industry experts and pilots since 1965. Sign up for the FREE eNewsletter at www.planeandpilotmag.com today. P/N 13-31185 ..... **$5.95**

KITPLANES MAGAZINE – Add the current issue of the popular homebuilders magazine to any order. We also have some back issues available on request. Most recent issue published will be shipped. P/N 13-31110..... **$5.00**

27 YEARS OF THE RV-ATOR (ANDREW GOLD) – An outstanding collection of newsletter reprints of Van's Aircraft's line of RV homebuilts. A must for any builder of RV homebuilt aircraft. Book.....P/N 13-25450 ..... **$25.00**
CD.....P/N 13-04959 ..... **$24.95**

AIRCRAFT SPRUCE AND PLYWOOD - Reprint of Government Specifications MIL-S-6073 and MIL-P-6070. P/N 13-14900 ..... **$3.95**

AIRCRAFT INSTRUMENT SYSTEMS – One of the most comprehensive books available which identifies the many types of aircraft instruments and how they work. Includes an extensive section on installation and marking. Fully illustrated. EA-A1S.....P/N 13-19300 .... **$25.60**

AN ILLUSTRATED DICTIONARY OF AVIATION - An A-Z compilation of terms, definitions, and illustrations from the general aviation, commercial airline, and military sectors. It can be used as a dictionary, reference, or learning tool. P/N 13-07746 ..... **$67.96**

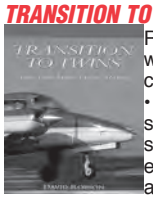
FAR FEDERAL AVIATION REGULATIONS FOR AIRCRAFT MECHANICS, 2012 EDITION - All pertinent FAR's for aviation students, mechanics and shop personnel. P/N 13-15300 ..... **$17.95**

ADVANCED AIRMANSHIP BOOK 1 PRECISION FLYING - This is the first of the three part Advanced Airmanship Series. In this series, Professional Kumpula summarizes his 30 years of experience researching the aerodynamics of flight technique into clear explanations and procedures. Computer based flight simulation demonstrations and specialized tools substitute for conventional mathematical explanations and are included on a CD. P/N 13-07355 ..... **$29.95**

WORKING HEALTHY & WORKING HEALTHY SOLVENTS BUNDLE- This is a "no excuses" book that belongs with every A&P student, mechanic, technician, aircraft builder, repair station library, and training and repair station manager. A manual on health and safety techniques written by an aviation medical examiner specifically for the aviation technician. Learn how to protect yourself from the many risks and long term health issues common in an aviation facility. Learn to advise and protect your most valuable assets (your employees and students) P/N 13-06886 ..... **$35.00**

AIRFRAME & POWERPLANT MECHANICS POWERPLANT HANDBOOK – Contains information on engine construction features, lubrication systems, exhaust systems, cooling systems, cylinder removal and replacement, compression checks and valve adjustments.
Book .....P/N 13-19220 ..... **$18.95**
E-Book.....P/N 13-09898 ..... **$15.00**

SPEED WITH ECONOMY (KENT PASER) - This is an excellent reference manual for the amateur aircraft builder who wants to make his plane go faster. Kent Paser has spent over 23 years improving the Performance of his MustangII with many Modifications, each carefully documented and tested. This book chronicles them all, from the exhaust system, intake system, cooling system, propellers, drag reduction, & more. P/N 13-33000 ..... **$24.95**



TRANSITION TO TWINS – YOUR MULTI-ENGINE RATING (by DAVID ROBSON) -This is one of the most concise and well-illustrated books on flying twin-engine airplanes, covering all facets of multi-engine flight, including: • Orientation to multi-engine terms, definitions, and systems • Pre-flight, ground operations, takeoffs, high speed flight, slow flight, stalling and landings • Single-engine operations, with a comprehensive discussion and practical suggestions on factors affecting controllability, VMC, & performance • Abnormal operations, including fires, engine and system failures, spins, landing gear lock-ups, icing, & bird strikes • Flight planning, including weight & balance, and performance calculations • Night & IFR operations • Commercial operations, introducing the factors involved with passengers, crew, cargo, schedules, duty times, and the airmanship required. 220 pgs.
P/N 13-00793 ..... **$14.95**

THE COMPLETE ADVANCE PILOT: A COMBINED COMMERCIAL & INSTRUMENT COURSE (BY BOB GARDNER) – Chapter cover such topics as flight instruments, aerodynamics, airplane performance, navigation, weather, charts and publications, the IFR system and departures, en route operations, arrivals, instrument approaches, cockpit organization and procedures, regulations, advanced operations and preparing for the checkride. Each chapter includes questions taken from the FAA tests. Helpful web addresses, found throughout the book, are new to the Third Edition.
P/N 13-01714 ..... **$19.95**

AIRCRAFT GAS TURBINE POWERPLANTS - Newly revised to include the most up-to-date information on aircraft gas turbine powerplants and updated coverage of jet engine technology. Extensive cross-reference between today aircraft and engines. Now includes over 500 illustrations, charts and tables. Written by Otis & Vosbury. 514 pages.
P/N 13-02421 ..... **$19.95**

ADVANCED COMPOSITES – Covers all the latest techniques of composite construction and the applications for various composite materials in aircraft structures.(#EA-358).
P/N 13-19235 ..... **$41.95**

BASIC HELICOPTER MAINTENANCE – A very informative guide to performing basic maintenance on all types of light helicopters. (#EA-HF2) P/N 13-19330 ..... **$25.60**

MASTERING THE E-6B FLIGHT COMPUTER - Mastering the E-6B Flight Computer; a new book by Mike Arman, launches with this history of the humble yet elegant flight computer before delving into a thorough tutorial on its use. Although some student pilots actually fear these devices (and more than a few seasoned pilots have forgotten how to use them), the E6B is a no-fail way to make numerous critical calculations both before and during cross-country flights You can use the book to learn how to figure everything from time/speed/distance problems to fuel burn, from density altitude calculations to wind triangles and drift. Arman, an advanced ground instructor and pilot, uses many examples in each lesson to illustrate E6B concepts.
P/N 13-04709 ..... **$23.95**

STICK AND RUDDER - Because the basics are largely unchanging, the book therefore is applicable to large airplanes and small, old airplanes and new, and is of interest not only to the learner but also to the accomplished pilot and to the instructor himself. When Stick and Rudder first came out, some of its contents were considered highly controversial. In recent years its formulations have become widely accepted. Pilots and flight instructors have found that the book works. Today several excellent manuals offer the pilot accurate and valuable technical information. But Stick and Rudder remains the leading think-book on the art of flying. One thorough reading of it is the equivalent of many hours of practice.
P/N 13-26400 ..... **$25.95**

AVOIDING COMMON PILOT ERRORS - This important book brings an air traffic controller's perspective to the mistakes pilots commonly make in controlled airspace. Veteran controller John Stewart has spent years observing pilots display their lack of education, lack of flight preparation, inability to communicate effectively, ignorance of resistance to regulations, and other dangerous flaws. This book is his attempt to help pilots fly more safely in controlled airspace and to introduce them to new and coming air traffic control technology.
P/N 13-08012 ..... **$15.16**

BV

BOOKS

ASA AIRPLANE FLYING HANDBOOK - Introduces the basic pilot skills and knowledge essential for piloting airplanes. It benefits student pilots just beginning their aviation endeavors, as well as those pilots wishing to improve their flying proficiency and aeronautical knowledge, pilots preparing for additional certificates or ratings, and flight instructors engaged in the instruction of both students and licensed pilots. Features full-color illustrations, and expands all technical subject areas. Also incorporates new areas of safety concerns and technical information. Introduces the future pilot to the realm of flight and provides information and guidance in the performance of procedures and maneuvers required for pilot certification. The official FAA source for instructional flying. 8-3/8" x 10-7/8" format, 280 pages. P/N 13-00975 ..... **$12.95**

AVIONIC SYSTEMS: OPERATION AND MAINTENANCE – Explains avionic equipment and systems from the simple magnetic compass to the most advanced integrated flight management systems. Author James Wasson leads you through each subject in a comprehensive, yet easy-to-follow manner. Excellent foundation for any avionics or aircraft electronics program. Includes review questions, laboratory projects & glossary table. 342 pgs. P/N 13-01234 ..... **$40.95**

AIRCRAFT SYSTEMS FOR PILOTS BY DALE DEREMER – The most comprehensive book available on aircraft systems as they relate to pilots and pilot training. All system types are covered in detail. Excellent for commercial and advanced private pilot programs, as well as the individual who wants to be well versed in how his/her airplane really works. 450 pgs. P/N 13-40665 ..... **$33.20**

FLYING & GLIDER MANUALS

Edited reprints of the original "Building and Flying Manuals" published from 1929 to 1933 by Modern Mechanix and Inventions. 70 pages each.

1929 FLYING & GLIDING MANUAL – Contains information on flight lessons plus building the Heath Super Parasol, Russell-Henderson Light Monoplane and an easy to build glider. P/N 13-40600 ..... **$5.95**

1930 FLYING & GLIDING MANUAL – Plans for building a Heath Baby Bullet, set of light plane metal floats, building the Northrop Glider, Lincoln Biplane, Alco Sportplane, plus other tips on building and welding. P/N 13-40605 ..... **$5.95**

1931 FLYING & GLIDING MANUAL – Building the "Longster," Georgias Special, a glider and secondary glider, Driggs Dart, the Church Midwing, the Heath Seaplane Parasol and its pontoons, the Northrop Glider and other gliders. P/N 13-40610 ..... **$5.95**

1932 FLYING AND GLIDER MANUAL - Building the Pietenpol Aircamper with Ford motor conversion, Powell "P-H" Racer, the Heath Super Soar Glider, Penguin practice plane, Ramsey "flying bathtub" and other kits. Also, build your own hangar. P/N 13-40615 ..... **$5.95**

1933 FLYING & GLIDING MANUAL – Building the Gere Sport Biplane, Pietenpol Floats, Pietenpol Sky Scout, and Henderson Longster, Also Long Harlequin motor plans, a hydroglider and information on building propellers. P/N 13-40620 ..... **$5.95**

WELDERS HANDBOOK (AUTHOR: RICHARD FINCH, CO-AUTHOR: TOM MONROE) - The ONLY book in the world that teaches modern day aircraft welding. Written for the home workshop beginners, but also contains facts and procedures helpful to factory welding departments. Tells which type of equipment is best for you. Not like any other weld textbook. Current info. Self-teaching. Easy to understand. The author is a certified welder & college welding teacher. Written clearly enough that high-school students can teach themselves how to weld, using the book. 160 pgs: Over 400 photos & drawings. P/N 13-20610 ..... **$14.95**

TURBOCHARGERS (AUTHOR: HUGH MACINNES CO-AUTHOR: TOM MONROE) - The ONLY book in the world that fully explains the benefits of turbocharging piston engines. Used by most aircraft and auto factory engineering departments as THE sourcebook for designing turbo systems. Also used by race car and aircraft owners to design better-than-stock turbo installations. Many examples of high horsepower turbo engines. 3rd revision, latest info. 160 pages, 154 photos, 131 drawings, 70 charts. P/N 13-20615 ..... **$15.95**

WOOD AIRCRAFT BUILDING TECHNIQUES (120 PAGES) – Excellent resource book on "How To" build or repair wood aircraft. P/N 13-40635 ..... **$16.75**

ASA AVIATION INSTRUCTOR'S HANDBOOK - Written by the FAA. Includes principles of teaching and learning, with extensive details on how to pass along aeronautical knowledge and skills. 152 pages, glossary, index.
P/N 13-19380 ..... **$19.95**

AIRPLANE FLYING HANDBOOK - FAA-H-8083-3 reprint. Completely rewritten and revised in 1999. Introduces basic pilot skills and aeronautical knowledge to student pilots. It is also beneficial to pilots who wish to improve their flying proficiency and aeronautical knowledge, those pilots preparing for additional certificates or ratings, and flight instructors engaged in the instruction of both students and certified pilots. Supercedes AC61-21A Flight Training Handbook.
P/N 13-00975 ..... **$12.95**

THE GOLDEN AGE OF AIR RACING - S.H. "Wes" Schmid and Truman C. Weaver combine Volumes 1&2 into one book about those who made this age famous. Contains 3-view drawing, many rare photos and comprehensive race results from major events. A must for the air racing fan!
P/N 13-40625 ..... **$23.95**

AIRCRAFT WELDING (94 PAGES) - Fundamental welding techniques for the building and repair of aircraft, from the pages of Sport Aviation and other sources. 94 pages filled with aircraft welding tips and information.
P/N 13-40630 ..... **$15.85**

AIRCRAFT SYSTEMS FOR PILOTS (DALE DE REMER) - This book explains the various systems and how they operate. It contains chapters on physics, engine types, theory of operation, propellers and governors, fuels and fuel systems, and power management. It is recommended reading for all pilots and maintenance technicians.
P/N 13-40665 ..... **$33.20**

VFR RADIO PROCEDURES IN THE USA - This paperback is the perfect tool to teach radio communications in all the different kinds of airspace or to refresh your memory to help you go through your local Class C airspace. Provides you with samples of radio calls that you can expect to hear and transmit at airports in Class A thru Class E.
P/N 13-29945 ..... **$8.75**

THE MAKING OF THE DAISY MAE - Over 200 pages of solid, easy to understand information on Design and Construction of the author's own personal biplane. Plenty of illustrations. The plans give detailed instructions for constructing The Daisy Mae Aircraft. Materials kit list is available from Aircraft Spruce. See the kits section for plans.
P/N 13-04086 ..... **$34.95**

VFR COMMUNICATIONS KIT - This aviation communication resource is currently the only aid designed to help you communicate effectively and efficiently during your flights. Learn how to communicate quickly and effectively by making a 'script' for every VFR flight. Each of the 32 templates included in the "Kit" matches a different type of radio communication that may be needed in a VFR flight. After just a couple of flights you will hear the difference!
P/N 13-06864 ..... **$19.95**

IFR COMMUNICATIONS KIT - This aviation communication resource is the companion to the VFR Communications Kit. It was designed to help you improve your IFR communications with less stress by making a 'script' for every IFR flight. Script assembly instructions, template descriptions, an ample supply of each of the 32 communication templates. After a few flights you will sound like a seasoned pilot! P/N 13-06865 ..... **$19.95**

BV

BOOKS

FLIGHT MANUALS BY WILLIAM KERSHNER

STUDENT PILOT FLIGHT MANUAL 10TH EDITION – Proves step-by-step ground and flight information for student pilots working on the private certificate. Full of useful information for safe flying and cites common errors by new pilots. Includes more than 280 illustration, photographs, and charts. 368 pages, paperback. P/N 13-32230 ..... **$19.85**

THE ADVANCED PILOT'S FLIGHT MANUAL 7TH EDITION – Provides information needed by veteran pilots preparing for the commercial written and flight tests. Explains effects of light, drag, thrust, altitude, and temperature on aircraft performance. Includes over440 tables, charts and illustrations plus a sample commercial written test and answers. 342 pages. P/N 13-32225 ..... **$22.95**

FLIGHT MANUALS BY WILLIAM KERSHNER - Teaches everything pilots need to know to acquire and maintain an instrument rating. Covers airspace, clearances, and altitudes relating to high performance, retractable gear, four place aircraft. Includes ATC procedures, partial panel flying, and weather flying. 296 pages, paperback.
P/N 13-32215 ..... **$17.95**

FLIGHT INSTRUCTOR'S MANUAL – The Flight Instructor's Manual is an invaluable reference for those working on the flight instructor certificate and serves as an indispensable guide for the new instructor. The book is organized so each chapter can be used as a stand-alone reference for a particular phase of instruction. The information parallels the material presented in The Student Pilot's Flight Manual, The Advanced Pilot's Flight Manual, The Basic Aerobatic Manual, and The Instrument Flight Manual, allowing The Flight Instructor's Manual to serve as a "how to instruct" guide rather than a comprehensive textbook on the basics. Softcover, 8.5" x 11", 503 pages.
P/N 13-32220 ..... **$19.95**

BASIC AEROBATIC MANUAL - In this manual covering basic aerobatics, Bill Kershner introduces maneuvers in order of difficulty, covering a variety of them in his clear, understandable, and humorous style. The Basic Aerobatic Manual is fully illustrated with the author's own drawings and contains a practical syllabus, a detailed bibliography and an index. Though the manual emphasizes airspeeds and techniques recommended for the Cessna Aerobat, the maneuvers described in the book may be performed in other airplanes certified for aerobatics. P/N 13-32210 ..... **$18.95**

DICTIONARY OF AERONAUTICAL TERMS (DALE CRANE) – A 1-volume library, explains more than 5,000 aeronautical terms and hundreds of abbreviations you should know. Almost 600 pages. Emphasis on aeronautical mechanics, engineering, electronics, and production.
P/N 13-28700 ..... **$14.95**

DUAT AND WEATHER INTERPRETATION HANDBOOK (WILLIAM B. SANDERS & JOHN P. DAVIS) - get up and running on DUAT and translating National Weather Service reports. Explains how to log on the DUAT, access weather briefings, file, amend, and cancel flight plans, interpret weather dumps, encode and decode locations
P/N 3004A **$8.75**

GLIDER FLYING HANDBOOK – The first book by the FAA completely dedicated to all aspects of glider flying and glider operations. Covers certification process and requirements, medical factors, aeronautical decision making, aircraft components and systems, soaring maneuvers and techniques, In-depth weather theory and services and launch & recovery procedures.
P/N 13-02589 ..... **$25.75**

THE INSTRUMENT FLIGHT TRAINING MANUAL (PETER DOGAN) – Simplifies IFR for the student and updates the veteran, follows the format of a successful training program step by step. Chapters include knowing and using instruments, attitude instrument flying, IFR planning and procedures, VOR, ADF, holding, approaches, emergencies, and more. Review questions each chapter, pertinent FAR's, anecdotes and advice from instrument pilots. 276 pages, 150 illust.. New third edition, completely updated and revised for 1992. P/N 13-33325 ..... **$26.50**

INSTRUMENT PILOT FAA WRITTEN EXAM (IRVIN N. GLEIM) – The easiest, fastest, and least expensive method to pass the FAA written examination. All 832 FAA questions, answers next to each question, and outlines of what you need to know for each chapter. Only airplane questions are included. P/N 13-32320 ..... **$17.95**

OWNING, BUYING OR FLYING THE CESSNA 150/152 - If you are considering buying a Cessna 150/152, or already own one, this book covers it all! Mike Arman is an advanced ground instructor, who uses his knowledge of flying, to impart helpful information to students and experienced pilots alike. Tips on buying, maintaining and upgrading a Cessna 150/152 are plentiful in this useful and entertaining book. P/N 13-03481 ..... **$23.95**

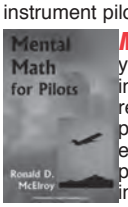
ATC & WEATHER: MASTERING THE SYSTEMS (2ND EDITION, BY RICHARD COLLINS) – In this exciting new edition, Richard Collins explains how to work air traffic control an dweather to maximm advantage on every flight. The emphasis is on judgment and the interface between pilot and environment. Addresses both VFR and IFR situations, from flight planning on through to arrival and landing. Soft cover, 172 pgs., indexed.
P/N 13-02356 ..... **$14.95**

NOTES OF A SEAPLANE INSTRUCTOR: AN INSTRUCTIONAL GUIDE TO SEAPLANE FLYING (BY BURKE MEES) – Gives pilot all the information they need to add a seaplane to their certificate. All the seaplane maneuvers are covered, starting with preflight, through taxiing, takeoff, landing, and postflight procedures; also operating in various water conditions, stability of the aircraft on the water, step-taxi and -turn, and much more. Many illustrations, inspired by the author's original seaplane notebook sketches, are included to further explain the concepts. Soft cover, 160 pages, illustrated. P/N 13-02367 ..... **$14.95**

PILOT'S HANDBOOK OF AERONAUTICAL KNOWLEDGE – Written for the applicant preparing for the Private, Commercial, or Flight Instructor Certificates, it is also valuable to flight instructors as a teaching aid. Providing basic knowledge essential for all pilots—from beginning student pilots to those pursuing more advanced pilot certificates—this introduces pilots to the broad spectrum of knowledge needed as they progress through pilot training. This book has all the information necessary for operating an aircraft. P/N 13-00983 ..... **$15.95**

SAY AGAIN, PLEASE: GUIDE TO RADIO COMMUNICATIONS - (2nd edition, by Bob Gardner) – This new edition adds material on GPS, Land and Hold Short Operations (LAHSO), and has been expanded and updated to reflect current rules and operating procedures. Chapters cover communication etiquette and rules, understanding radio equipment, emergency situations, and IFR communications & clearances. Also included: a concise summary of the FAA's communication facilities and their functions, airspace classifications and definitions, and FAA's recommended shorthand for copying clearances. Soft cover, 208 pages, illustrated & indexed. P/N 13-01064 ..... **$17.50**

INSTRUMENT FLYING HANDBOOK - This primary FAA source handbook for the Knowledge Exams covers the IFR system as well as aerodynamics, flight instrumentation, attitude flying and navigation as they apply to the instrument pilot. P/N 13-00986 ..... **$19.95**



MENTAL MATH FOR PILOTS (BY RONALD MCELROY) – If you are simply looking for a way to improve your math skills in the cockpit, then this book is a must read. Mental Math revs up the brainpower to quickly process not only those pesky math questions asked during airline interviews, but expands the mental hard drive to handle a wide range of practical number problems in flight. Soft cover, illustrated, includes index & glossary, approximately 117 pages.
P/N 13-03201 ..... **$14.95**

BUSH & MOUNTAIN FLYING BOOK - This book focuses mainly on highly advanced techniques and skills required to operate safely in remote and extreme conditions. However, before reading this book any further, please read the Disclaimer and Warning, as most of the flying techniques mentioned in this book are of such an extreme nature that they should never be attempted by any poorly trained, non-proficient or inexperienced pilot.
P/N 13-07225 ..... **$69.95**

FLYING THE AERONCA - Written in 1981 by the famous Robert Livingston, this book is a must for all Aeronca owners. With over 2000 hours of Aeronca flying time, Robert has learned that all Aeronca models have common traits. He takes you through every phase of flight of the Aeronca and makes the reader feel comfortable in knowing the Aeronca is the right tail-dragger for them. 54 pages, spiral-bound. Book ..... P/N 13-09853 ..... **$19.95**
EBook ..... P/N 13-10245 ..... **$16.95**

BOOKS

FLYING IFR, 4TH EDITION (BY RICHARD COLLINS) – invaluable discussions on instrument airmanship, weather analysis, flight planning and decision making, handling equipment glitches, and that critical survival skill — partial panel flying — are all presented for the sole objective of better preparing you to fly on IFR flight plans. The only tests this book prepares you for are those encountered in flying actual IFR. Soft cover, 230 pages, indexed.
P/N 13-02363 ..... **$14.95**

FLYING THE WEATHER MAP (BY RICHARD COLLINS) – Following an in-depth discussion of the logic of aviation weather and basic theory, Collins takes you along on 46 actual cross-country flights. The anecdotes provide a valuable education in weather interpretation, forecasting and decision making. Soft cover, 234 pages, illustrated, indexed. P/N 13-02386 ..... **$14.95**

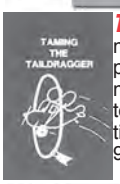
AVIATION MECHANIC HANDBOOK, 5TH EDITION (BY DALE CRANE) – A core reference manual for mechanics, aircraft owners, and pilots, this book compiles specs from stacks of reference books and government publications into a handy, toolbox-size guide. All the information critical to maintaining an aircraft. P/N 13-02366 ..... **$11.95**

AERODYNAMICS FOR NAVAL AVIATORS – This textbook presents the elements of applied aerodynamics and aeronautical engineering which relate directly to flight training and general flight operations. Originally published by the U.S. Navy. 432 pages. P/N 13-01060 ..... **$19.95**

AVIATION WEATHER – Earth's atmosphere, common IFR procedures, high-altitude weather and special area weather considerations are thoroughly discussed. Use with Advisory Circular 00-45E, Aviation Weather Services. Many of the FAA Knowledge Exam weather questions are pulled from this text. Effective 1975. 234 pages.
P/N 13-01062 ..... **$8.95**

ASA AVIATION WEATHER SERVICES - Last revised in 1999, this new Advisory Circular 00-45F edition supersedes AC 00-45E, features full-color illustrations throughout, and full coverage of weather-related tools to assist every pilot's flight planning and in-flight decisions.
P/N 13-05269 ..... **$18.95**

AVIATION WEATHER COMBO PACK – Aviation Weather and Aviation Weather Services are packaged together for greater savings. Also includes laminated weather code key cards, detailing the TAF/METAR abbreviations. P/N 13-02341 ..... **$29.75**



TAMING THE TAILDRAGGER (JOHN F. BALL) – A flight manual for tailwheel aircraft, basic enough for the student pilot, thorough enough for the advanced. Includes performance figures and limitations for the classic planes, plus techniques and procedures for short- or soft-field operations, maintenance, transitioning from tricycle gear, more. 96 pages. Paperback. P/N 13-27100..... **$11.90**

MAKING PERFECT LANDINGS IN LIGHT AIRPLANES (RON FOWLER) – No matter how long you have been a pilot and no matter what degree of skill you have attained, if you are to land perfectly you must exert 100% effort toward that task. Many pilots resign themselves to imperfect landings merely because they are unaware of the simple fact that even the pros must work at each landing.
P/N 13-23500..... **$14.95**

AVOIDING COMMON PILOT ERRORS (JOHN STEWART) – The author discusses errors that pilots frequently make, particularly in controlled airspace, and advises how to fly more safely. Also explains new FAA control equipment and ATC procedures that will save you time and money during a flight. P/N 3033 ..... **$17.50**

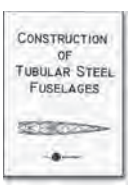
MAX TRESCOTT'S GPS & WAAS INSTRUMENT FLYING HANDBOOK - Recognizes that GPS is at the center of modern cockpits and not just add-on equipment. If you fly VFR or IFR with a panel-mounted GPS, you're bound to learn something you didn't know from my latest book about GPS, WAAS or operating your GPS receiver. It's a totally new book—NOT a new version of my G1000 book—that tells you what you need to know to safely operate modern GPS systems including detailed, step-by-step instructions for the Bendix/King KLN 94, Garmin GNS 430, 430W, 480, 530, 530W and G900X, G1000 and Perspective glass cockpits. P/N 13-06934.....**$37.50**

SUNSET TO SUNRISE- Sunset to Sunrise by David Robson Night flight is one of the most pleasant forms of flight. Every city looks good at night. The sparkling lights, stars, moon and reflections combine to produce a spectacle many only dream about. However, night flight requires different technique, perspective, and considerations than day operations. The aircraft must be flown with reference to the flight instruments, and the outside visual references take on new importance while at the same time providing different illusions. Night flight can be a test for even the most experienced pilot. P/N 13-03285.....**$39.95**

INSTRUMENT PILOT FLIGHT MANEUVERS – Provides a thorough explanation of each maneuver and task called for in the FAA's Instrument Practical Test Standards (PTS). The latest update improves upon its sound platform with even mor information for the pilot seeking an instrument rating. Both the 1998 and oral PTS are included so that the manual reflects the current standards you will encounter during the checkride. In the intervening years, the FAA has changed some terminology in the PTS, and this fine-tuning is also present in this, the third, edition of the manual. With GPS and RNAV navigation much more commonplace, these inclusions have also been made by the FAA. In addition to the technical changes, the publisher has also improved the graphics to better illustrate each maneuver, while retaining those maneuvers that the FAA had deleted from its Instrument Flying Handbook for greater depth. A cross reference of applicable FAA publications to each maneuver and task helps with further research. The spiral-bound manual is easy to use, clipping onto a standard, approach plate-size kneeboard for flight.
P/N 13-02733 .....**$17.95**

IFR: A STRUCTURED APPROACH EBOOK– For the instrument pilot seeking to upgrade his or her skills, John C. Eckalbar's IFR: A Structured Approach provides compelling insights. Eckalbar, a well-regarded instructor for the American Bonanza Society, offers tips for "flying by the numbers" and specific numbers (power settings, airspeeds, and descent rates) for flying GPS approaches in particular. If you've been stumped by circling approaches or DME arcs, he also has much to say on those topics, as well as a two-part look at mastering the ILS. If one book could help make the leap from a bit player to a skilled conductor of instrument flight, this is it. Ebook, 250 pages. P/N 13-09955 ..... **$31.45**

FLIGHT TESTING HOMEBUILT AIRCRAFT – Defines flight testing as a four phase (pre-flight, first flight, envelope expansion, and performance), step-by-step process of learning the limitations of an aircraft, defining and eliminating problems, and determining aircraft capability and optimum flying techniques. This book is a must-have for all homebuilders, 189 pgs illustrated.
P/N 13-40685 .....**$14.95**



CONSTRUCTION OF TUBULAR STEEL FUSELAGES BOOK– This book provides step by step instructions on how to construct a perfect tubular steel fuselage. It is the result of hundreds of hours of development in the shop doing rapid protoyping of perfectly symmectrical and dimensionally accurate fuselages and assemblies, without special jigs. P/N 13-03707 .....**$39.95**

CHOOSING YOUR HOMEBUILT "THE ONE YOU'LL FINISH AND FLY" (KENNETH ARMSTRONG) – Helps answer the three crucial questions every builder faces: Can you build it, can you fly it, and can you afford it? Chapters describe the relative merits of plans, kits, and materials packages, as well as what to ask the manufacturer and what to consider when buying a completed homebuilt. Other sections include a comprehensive section on engines, auto gas and avionics, plus pilot reports on 22 homebuilt designs including photos and specifications. 325 pages. P/N 13-31115 ..... **$18.95**

YOU WANT TO BUILD AND FLY A WHAT? (DICK STARKS) – This is the boisterous, very funny, wildly exaggerated true story of Dick Starks, a math teacher who goes through the agonies and delights of learning to fly, buys an old Cessna, and then goes on to build a replica of a WWI Nieuport fighter plane. This is a book about the fun of flying and the joy of sharing that fun with family and friends. P/N 13-15170 .....**$15.95**

BOOKS

MODERN PROPELLER AND DUCT DESIGN – This book tells you the theory of propeller aerodynamics and how to size a propeller. The program allows you to optimize a propeller for a given horsepower and airspeed. Variables such as number of blades, pitch, airfoil, thickness, air density, thrust coefficient, prop efficiency, and airspeed are all explained. Discussion of various prop materials and duct theory is also included. (Martin Hollman) P/N 13-15175....**$58.95**

STRESS WITHOUT TEARS (TOM RHODES) – This is a primary discussion, not an advanced text by an experienced aircraft stress analyst. Math and other theory is introduced, but only as necessary to master the subject matter. Stress analysis is presented in as simple terms as possible without complex scientific jargon and is done so in a readable and enjoyable manner.
P/N 13-15180 ..... **$23.50**

ANATOMY OF A SPIN – This thoroughly researched and documented text provides insight to all the major spin categories; upright,inverted,single and multi engine. Recovery techniques varies with aircraft design. Learn why ailerons may be of help in spin recovery, why some aircraft spin readily while others are reluctant to spin.
P/N 13-02080 .....**$11.95**

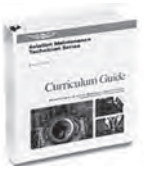
MOUNTAIN FLYING – Organized to follow the sequence of typical flight, the book preflight, takeoff, enroute, arrival procedures, and landing. The author discusses fuel management, the magnetic compass, the effects of high-altitude on weight and balance, and the airspeed indicator.
P/N 13-02082 ..... **$16.95**

178 SECONDS - THE POCKET BOOK THAT COULD SAVE YOUR LIFE – This booklet has been designed to bring together all the preflight planning elements in A Pilot's Guide to Safe Flying in the form of a series of questions, as a reminder to pilots of the issues that need to be considered prior to a flight. There is nothing like it on the market. Pocket Size.
P/N 13-04239..... **$2.75**

INTERNATIONAL AIRCRAFT DIRECTORY AP – Whether you're a pilot or an aviation enthusiast, the International Aircraft Directory from the editors of Plane & Pilot magazine is sure to have all you're looking for in an easy-to-use reference tool for checking facts about a particular model, identifying unusual aircraft, and recognizing trends in airplane design. Now in its third edition, the book features detailed descriptions and photographs of more than 500 airplanes from around the world, including single-engine, multi-engine, jet, classic antique, homebuilts, kit-builts, sailplanes, motorgliders, warbirds, and military aircraft flown by civilian pilots. The directory lists airframe and powerpalnt information and historical facts as well as standard data and performance specifications such as a horsephower thrust, weight, speed, and range. The 304-page softcover book. P/N 13-04144 .....**$14.95**

POCKET REF (THOMAS GLOVER) 3RD EDITION – This great little book is a concise all-purpose reference featuring hundreds of tables, maps, formulas, constants & conversions AND it still fits in your shirt pocket! Goes where you go! • Pocket Ref • 3rd Edition by Thomas J. Glover • Over 200 new pages and virtually thousands of updates! • Index for information access. • This book has been in print since 1989 and is now in its 3rd Edition. • It has also gone through numerous printings in each edition.
P/N 13-19342 ..... **$10.95**

FUNDAMENTALS OF SAILPLANE DESIGN – This book, the definitive text on sailplane design, grew out the authors work with the Akaflieg Braunschweig as well as his popular introductory course in sailplane design. To make the material accessible to pilots without an engineering background, an emphasis is placed on physical understanding and visualization. Mathematics is held to a minimum. Because it draws on decades of experience developed at the German Akafiegs, the material will help the experienced engineer to quickly develop a practical understanding of the considerations that go into the design of a high-performance sailplane. The design data tables and three-view drawings have been expanded to include entries for over 150 aircraft. CONTENTS: Volume 2 P/N 13-00361 ..... **$41.75**



AVIATION MAINTENANCE TECHNICIANS BOOK (DALE CRANE) – This textbook series provides the most complete, up-to-date texts for A&P students and educators. The curriculum meets 14 CFR Part 147 requirements and includes all of the aeronautical knowledge required for the FAA Knowledge Exams for AMTs. They are written and designed for at-home, classroom, or university-level training. Each comprehensive textbook includes colored charts, table, and illustrations throughout, in addition to an extensive glossary, index and additional career information. A study guide is included within each textbook in the form of Study Question sections, with Answer keys printed at the end of each chapter. These can be used for evaluation by an instructor or for self-testing. These textbooks are all inclusive; no separate, inconvenient workbook needed by the student / instructor.

General textbook.....P/N 13-00574 .....**$49.95**
Airframe vol. 1.....P/N 13-00581 .....**$42.95**
Airframe vol. 2.....P/N 13-00582 .....**$42.95**
Powerplant .....P/N 13-00583 .....**$52.50**

EVERYTHING EXPLAINED FOR THE PROFESSIONAL PILOT BOOK – 430 pages (8 1/2 x 11) crammed with virtually every scrap of information essential and necessary for every pilot. All that knowledge you wish you could have at your fingertips all the time, and many things you never even thought about. Fun to read and yet excruciatingly detailed. The ultimate reference book that explains all aspects of aviation from props to heavy jets P/N 13-03231 .....**$52.95**

THE $100 HAMBURGER – A Guide To Pilots' Favorite Fly-In Restaurants - The burger is back and juicier than ever! This new edition of the little book private pilots live, and eat by, features over 1,000 pilot-recommended places to land for that meal at the end of the flight. The author rates restaurants in all 50 states and even includes 6 foreign locations including France, England and Germany. Just what every pilot needs to plan a fun outing in the plane and get some good food too. ?All reviews are from fellow pilots who've actually been there, chowed down, and awarded each place from one to five "burgers". Tells everything, location, service, price, transportation, dress codes & hours of operation.

Book.....P/N 13-03454 ..... **$26.95**
E-Book .....P/M 13-09835..... **$23.95**

TURBINE PILOT'S FLIGHT MANUAL (BY GREGORY BROWN AND MARK HOLT) – Truly a text designed to help move the aspiring professional pilot up into the turbines. The book basic yet thorough approach makes no assumptions about the readers prior knowledge on the subject. P/N 13-00637 .....**$32.95**

ROTORCRAFT FLYING HANDBOOK (FAA HANDBOOK) – The Basic Helicopter Handbook (Advisory Circular 61-13B) has been rewritten and renamed the Rotorcraft Flying Handbook. Written for the applicant preparing for the private, commercial, or flight instructor certificate with a helicopter or gyroplane class rating, the book is also valuable to flight instructors as a teaching aid. Both aeronautical knowledge and skill for operating rotorcraft are covered. The book is broken into 2 sections: One dedicated to helicopters, and another dedicated to gyroplanes. Each section includes chapters covering aerodynamics, flight controls, systems, the rotorcraft flight manual, flight maneuvers, emergencies, and aeronautical decision making. In addition, the helicopter section includes chapters on weight and balance, perfomance, attitude instrument flying, and night operations.
P/N 13-00735 ..... **$12.95**

THE AEROELECTRIC CONNECTION - A Guide to Theory, Operation, Design and Fabrication of Aircraft Electrical Systems, Revision 12. Written by Bob Nuckolls with over 50 years of hands-on experience in electronics and aircraft electrical systems. 304 pages of 18 chapters plus Appendix are topped off with a discussion of the poor man's approach to system reliability. Appendix Z offers dozens of variations for tailoring an electrical system to the builder's project and mission requirements.
P/N AEC001 .....**$20.00**

THEY CALLED ME MR. BONANZA – How it all started in 1944; the original Bonanza design team and their early efforts to find the ideal airplane for the postware market; how and why the V-tail was chosen; Experimental power plants, first flight wind tunnel testing; Staggerwing influence; birth of the Debonair; why the "straight" tail, airplane geneology chart. Specs on all models from 1946-1972.
P/N13-04102.....**$41.25**

BV

BOOKS

AVIATION RADIO COMMUNICATIONS MADE EASY – Hugh Ward has designed a VFR communications "script" that a pilot can fill out during preflight and use in flight. Provided is a variety of templates that the pilot assembles and completes for each type of communications that might be needed. The 272-page spiral-bound workbook includes 32 different templates ranging from operations at nontowered fields to initial call-up of an approach control facility to requesting VFR traffic advisories, also known as flight following.
VFR.....P/N13-04089 .....**$17.75**

FROM TRAVEL AIR TO BARON...HOW BEECH CREATED A CLASSIC! – The complete story of Beech Aircraft's recognition of the need for a true light twin to fill the market gap between the Bonanza and the larger Model 50 Twin Bonanza. This book covers the design concept, marketing strategy, and development of this Beechcraft model line from the first Travel Air in 1958 until the last in 1968. All the Baron models are included, from the Model 55 in 1961 and continuing through the 1994 Model 58 Baron.
P/N13-04103 ..... **$32.95**

THE IMMORTAL TWIN BEECH – Welcome to the history of one of Walter Beech's finest creations- the Model 18 Twin Beech! This venerable aircraft had a production run of 32 years and an amazing, useful life. A behind-the-scenes look at the ongoing history of a unique airplane, one that not only "built" a company but served equally well in peace, war and then peace again. P/N13-24586 ..... **$32.95**

AIRPLANE MAINTENANCE & REPAIR (CARMODY) – Time and money-saving tips and techniques from hundreds of experienced mechanics. Step-by-step FAA approved procedures; advice on selecting, using & caring for tools; maintenance, diagnostic & repair instructions and how to find the right mechanic at the right price.
P/N 13-21600 .....**$34.95**

CONVENTIONAL GEAR: FLYING A TAILDRAGGER (DAVID ROBSON) – A taildragger is more difficult to operate on the ground because it diverts from a straight line when moving. It is more difficult to control upon takeoff; it is also harder to land because it tends to bounce and weather vane on touchdown unless th pilot is skilled. So because it takes more piloting skill, flying a taildragger well is the sign of a good pilot. The three part of the book include: the theory and dynamics of a tailwheel airplane; the piloting techniques needed to safely operate a tailwheel airplane; and a series of descriptions of what it is like to fly a selection of traditional and current tailwheel airplanes. The last section is edited by the author from contributions of pilots and airline captains with experience in the particular tailwheel airplanes covered. P/N 13-01552 .....**$14.95**

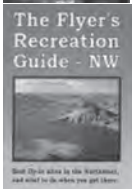
SEVERE WEATHER FLYING (DENNIS NEWTON) - This book is not about flying in severe weather, but about how to detect and therefore avoid it, with advice on how to escape it if your become caught in it accidentally. Meteorologist, weather research pilot, engineering test pilot, flight instructor and author Dennis Newton speaks pilot to pilot in this valuable guide on how not to fly in severe weather. Newton says that given the knowledge, pilots can truly lessen their chances in being caught in thunderstorms and other extreme weather conditions. Soft Cover, 208 pgs, illustrated, 3rd edition. P/N 13-02014 .....**$14.95**

MUSIC'S BROKEN WINGS: FIFTY YEARS OF AVIATION ACCIDENTS IN THE MUSIC INDUSTRY - Covering the 50 year period between 1935 and 1985, this 540-page book analyzes 34 aviation accidents, which affected the music in our world in some way. From the most famous American artists, such as Buddy Holly, Patsy Cline, Rick Nelson and Lynyrd Skynyrd, to the lesser-known international performers Carlos Gardel, Anna Jantar, Tamara and Kyu Sakamoto, this text covers many types of music and the talents who were affected by adverse aviation events. Concentrating mainly on the aviation accident itself, the text also touches on some personal aspects of the artists' lives. From chamber music, big band, opera and tango, to country, folk, gospel and rock and roll, this book has something of interest for everyone. It also holds some surprises for many readers. J. P. Richardson, son of the "Big Bopper" (who was killed in the Holly accident) wrote the Foreword for the book. Written by professional airline pilot, William P. Heitman, the author successfully intertwines each story to keep the pilot, and non-pilot alike, interested in the history of the event, while providing as much factual documentation as possible to unravel the devastation that sometimes resulted. Complete with illustrations, photographs, airplane statistics and actual government accident reports. P/N 13-02711 .....**$34.95**

SHEET METAL HANDBOOK - Detailed information on how to form and shape sheet metal for competition, custom or restoration use. Chapters include hammer forming tools, terms and equipment, riveting techniques, layout, design and pattern-making. A great companion to the Metal Fabricator's Handbook. Author: Ron and Sue Fournier Pages: 144 P/N 13-06720 .....**$19.95**

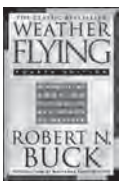
METAL FABRICATOR'S HANDBOOK - How to build structurally sound, good looking metal parts for custom street rods, race cars or restorations. Over 350 step-by-step photos and instructions illustrate proper welding, metal shaping and design techniques. Pages: 176
P/N 13-06719 .....**$19.99**

FIBERGLASS & OTHER COMPOSITE MATERIALS - A revised and updated guide to fiber reinforced plastic materials, including fiberglass, Kevlar, and carbon fiber. It also includes sections on mold making, plugs, materials, structures, gel coats, advanced building techniques, tools, and equipment. Author: Forbes D. Aird Pages: 192
P/N 13-06721 .....**$18.95**



THE FLYER'S RECREATION GUIDE: NORTHWESTERN STATES – Contains descriptions of Western America's most exciting sites, all within convenient access of landing strips. Included are tips and current costs for transportation, lodging, restaurants, hiking, fishing, swimming, evening entertainment, and more. The Guide tells how to find trailheads, hot springs, raft trips, and items of interest. Airport information is included to help pilots determine if their aircraft and skills are compatible with the destination. This compact, perfect-bound 352-pg book has rounded corners & slips easily into a jacket pocket. Its high-quality paper provides maximum clarity for the the books 250 maps & photos.
P/N 13-17590 .....**$15.95**

OWNER ASSISTED AIRCRAFT MAINTENANCE -]Have you ever wanted to participate in your aircraft's maintenance, but were afraid to try? Are the rising costs of flying keeping you on the ground? This illustrated manual, by Dan MacDonald, is written for the mechanically inclined Part 91 pilot owner/operators that are ready to learn more about their airplanes. It describes common maintenance activities that are approved for pilots to perform by the FAA, along with a number of other projects that you might wish to complete under the supervision of a certified mechanic. The book focuses on common "legacy" single engine aluminum aircraft built from the 1940s through today. Whether changing your oil, installing new tires, or checking engine compression this 160 pages of text and photos provides procedures and tips gathered over the past 27 years. Soft cover; includes over 200 color photographs.
P/N 13-10244 .....**$29.95**



WEATHER FLYING - Weather Flying is regarded in the industry as the bible of weather flying. Robert Buck, a general aviation and commercial pilot with tens of thousands of hours of flight time, explains weather in a nontechnical way, giving pilots useful understanding of weather and practical knowledge of how to judge it and fly it. Covers weather flying psychology, en route weather changes, radar and how to use it, taking off in bad weather, and much more. Winner of the Flight Safety Foundation's Publication Award; recommended by the FAA.
P/N 13-07610 .....**$29.95**

THE GOLDEN AGE OF AVIATION SERIES

CESSNA'S GOLDEN AGE (ALAN ABEL, DRINA WELCH ABEL & PAUL MATT) –

Takes a look at Clyde Cessna and nephew Dwane Wallace, longtime Cessna President, & the Cessna Aircraft Company from early 1900s, through the struggling years of the Great Depression, through World War II and the post-war years. Emphasis is given to Cessna Primary Gliders, Cessna Airmasters, Cessna T-50 Bobcats, Waco CG-4A Gliders (Cessna built), and Cessna 120/140 airplanes. Other Cessna models are also included. 96 pgs, softbound, 180 photos, 8 pgs of 3-view scale drawings. P/N 13-01534 ..... **$22.95**

AERONCA'S GOLDEN AGE –

Progressively details the events leading to the Aeronautical Corporation of America, from the early 1900s, through the Great Depression, the disastrous flood of 1937, World War II and beyond. The book includes biographical information on the founders of Aeronca, and details the people, facilities and manufacturing operations of Aeronca during the Golden Years. It also includes the reasons for the company's name change to Aeronca. Emphasis is given to Aeronca's C-2, C-3, Model K, Model L, 7AC Champ and 11AC Chief. All Aeronca's models are discussed. Several factory photos are included. 152 pgs, softbound, 240+ photos, 18 pages of internationally acclaimed 3-view scale drawings. P/N 13-01535 ..... **$25.95**

PIPER'S GOLDEN AGE –

Details the formations, struggles & successes of the Piper Aircraft Corporation during aviation's Golden Age. Includes particulars of the original Taylor Brothers Aircraft Corporation and of C.G. Taylor (the father of the light plane) & his brother, Gordon. It explains the move to Lock Haven, Pennsylvania, the bankruptcy of the company during the Depression, and the ultimate split of Taylor & Piper, and the beginning of the Piper Aircraft name. Included are the Taylor Chummy, Taylor E-2 Cub, Taylor/Piper J-2 Cub, Piper J-3 Cub, J-4 Cub Coupe, J-5 Cruiser, the Grasshoppers (military observations & liaison airplanes), Piper TG-8 Training Glider, Piper Experimentals, PA-12 Super Cruiser, PA-11 Cub Specials, PA-14 Family Cruiser, PA-15 Vagabond, PA-16 Clipper and PA-18 Super Cub. 90 pgs, softbound, 11 pgs of 3-view drawings, 130 photos. P/N 13-01536 ..... **$22.95**

BELLANCA'S GOLDEN AGE BOOK –

Traces G.M. Bellanca coming from Sicily to America as a teenager in 1911 through his 42 years of continuous airplane manufacturing operations. He did more for aviation than any other single individual during aviation's first 100 years, bar none! This is the ONLY BOOK that has ever captured Bellanca's complete and lengthy story. Details the beginnings of the air transportation system over great distances. Details the first ten flights over the Atlantic and the first flight over the Pacific. Tells never-before-told stories of Charles Lindbergh, Clarence Chamberlin and many other Golden Age personalities. Tells the complete story of the greatest airplane of the 1920s — Bellanca's Columbia (the plane Lindbergh wanted but didn't get). In the 1930s the government tested 209 different airplanes and found that Bellanca's was the best regarding "efficiency." 148 pages and 175 plus photos. P/N 13-03337 ..... **$24.95**

STINSON'S GOLDEN AGE -

By: John C. Swick. This is the history of the Stinson 108 series airplane (the Voyager), although the 105, 10 and 10A, as well as the L-5, are also covered in great detail. It begins in Volume 1 with the three-place 105 in 1938 and concludes in Volume 2 with the sale of the last Stinson 108-3 from Willow Run in 1950. Production figures, the disposal of surplus military aircraft, the all-Piper Apache and the chronicle of two Stinson dealers are included to give the reader a better sense of the era. 173 pgs, SB, 8.5 x 11, over 200 B&W photos, tables, illustrations & technical drawings.

Volume 1.....P/N 13-09286 ..... **$24.95**
Volume 2.....P/N 13-09288 ..... **$24.95**

FAIRCHILD'S GOLDEN AGE -

BY ALAN ABEL A young Sherman Fairchild quit college in 1917 to start a company to build aerial cameras. After 3 years, Fairchild built the first successful large, high-speed between-the-shutter camera that was a major breakthrough in aerial photographic technology. Fairchild found airplanes of the day not suitable for the photographic mission. Sherman decided to build one himself. During the design of the plane, Fairchild decided to build a multi-purpose plane suitable for other piloting needs and to market these airplanes to the public. P/N 13-06177 ..... **$26.95**

HOWARD'S GOLDEN AGE ART HALL -

After building four of the most successful and famous air racers in the world, in the 1930s, Pete, Mike, Ike and Mr. Mulligan, Benny Howard's fame increased with each passing year. With such notoriety, Benny was able to realize his dream -- that of manufacturing and selling commercial aircraft to the flying public throughout the world. Howard was also a highly acclaimed test pilot, having test flown many aircraft for several aircraft manufacturers during his career. This Benny Howard story is a story of struggle, fame, fortune, love, depression, failure and success. P/N 13-06178 ..... **$26.95**

LUSCOMBE'S GOLDEN AGE -

BY JOHN SWICK. Luscombe's Golden Age is the fifth book in The Golden Age of Aviation Series. John Swick, the author, has completely revised and updated the original The Luscombe Story published in 1987, including approximately 100 new pages of text, dozens of never-before published photographs and Luscombe magazine ads from that era. Included in this book are detailed accounts and descriptive 3-view scale drawings of each Luscombe model manufactured, including the early models: Phantom, Ghost, Spectre, Harpie, Small Transport and Sprite.

P/N 13-06180 ..... **$29.95**

THE TAYLORCRAFT STORY CHET PEEK -

C.G. Taylor, Taylor/Piper business, Taylor/Piper split, and the Taylorcraft airplanes. Story opens with the December 1935 separation when Wm. T. Piper forced Taylor out of the company that bore his name, Taylor Aircraft Company, manufacturer of the "Cub." Name was changed to Piper Aircraft Corporation when Piper moved his reorganized business to Lock Haven, Pennsylvania in mid-1937. Traces C.G. Taylor's design and manufacture of the various Taylorcraft airplanes.

P/N 13-06186 ..... **$24.95**

THE PIETENPOL STORY BY CHET PEEK -

During the Great Depression Bernard Pietenpol wanted desperately to fly, but could not afford to buy a plane. So he built his own, a simple wood and fabric monoplane powered by a Model A Ford engine. When the "Experts" in the Modern Mechanics magazine declared such a plane could not fly, he piloted his home-made masterpiece to their Minneapolis headquarters and proved them wrong. Impressed by the plane's clever design and gentle flying characteristics, they subsequently published his plans in their Flying and Glider Manual. Over the next years thousands of copies were built, and they are still being crafted worldwide today.

P/N 13-06187 ..... **$21.95**

THE COMPLETE GUIDE TO CESSNA AIRCRAFT BY TOM MURPHY -

Ready to buy a new or pre-owned Cessna? This updated second edition includes (1) original in-depth info about older Cessna models (2) updated info on Cessnas being offered today and (3) buying advice on AD's, inspection of aircraft and its logbooks and how to choose the right model for your needs. P/N 13-06179 ..... **$19.95**

THE COMPLETE GUIDE TO PIPER AIRCRAFT -

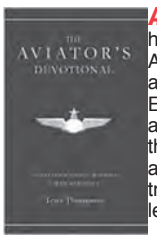
Are you ready to buy a new or pre-owned Piper? This updated second edition includes the original in-depth info about Piper models along with purchasing advice on ADs, inspections, the importance of logbooks, and how to choose the right Piper aircraft for your wants and needs. This informative narrative includes information on models from the Piper Cub, to the various Piper Indians such as the Cherokee, the Cheyenne, the Comanche, and the agricultural Pawnee. P/N 13-06181 ..... **$19.95**

FLYING WITH 40 HORSES - THE CONTINENTAL A-40 ENGINE -

The Continental A-40 Engine was the answer to the continuing problem of finding suitable and inexpensive powerplants for lightplane manufacture during the Golden Age. The Aeronca E-113 of 36-hp was close, but the next generation, the Continental A-40 filled the bill. It was light, could power a 2-place airplane, and cost less than $500.

P/N 13-06194 ..... **$21.95**

AVIATOR'S DEVOTIONAL -



The Aviator's Devotional, has been one of the top selling books at the Oshkosh AirVenture two years consecutively. It was the second and fourth best seller respectively in 07 and 08 at the EAA Author's Corner among books by over 40 popular aviation authors. The Aviator's Devotional is unique, as the only inspirational book of its kind exclusively for aviators. The book presents adventurous stories, aviation trivia, and practical flying pointers to illustrate valuable lessons on life from a Christian prospective.

P/N 13-06140 ..... **$14.95**

BOOKS

FLYING & LEARNING: BASICS FOR EVERY PILOT (WILLIAM HEITMAN) - Heitman uses simple terms and personal experiences to lay basics which students can use to get their feet wet. By keeping things simple, he also keeps the new student interested, which can be difficult when teaching something as complicated as flying. This is an excellent primer for students who are just beginning their flight training or pilots who have been away from flying for a while. P/N 13-15129 ..... **$14.95**

CHINO: WARBIRD TREASURES PAST & PRESENT - From the day it was founded as Cal Aero Flight Academy 60 years ago, Southern Californians Chino Airport has been the world' s center for warbird restoration. This hardcover 198-pg book contains some 400 color and black & white photos, most of which have never been seen before. Joe Cupido spent years assembling materials for this book, interviewing hundreds of people and flying dozens of air to air photo sessions. Printed on high quality chromecoat paper, photos in this book are exceptional. Ideal gift for any warbird fan. P/N 13-01032 ..... **$49.95**

JOHN MONNETT FROM SONERAI TO SONEX - This is the intriguing story of John Monnett and his airplanes. He is a kit plane designer, innovator, air racer, world record holder and member of the EAA Hall of Fame. While pursuing his own aviation interests, Monnett inspired and enabled thousands of others to build and fly affordable aircraft. From the Sonerai, sketched at his kitchen table in 1964, to pioneering engine conversions, to the Sonex's simple construction methods, John Monnett is a flag-bearer for grassroots aviation. The book covers his early aviation designs and all of the airplanes he designed. P/N 13-05052 ..... **$29.95**

SEAPLANE, SKIPLANE, & FLOAT/SKI EQUIPPED HELICOPTER OPERATIONS HANDBOOK - This operational handbook introduces the basic skills necessary for piloting seaplanes, skiplanes, and helicopters equipped with float or skis. It is primarily intended to assist pilots who already hold private or commercial certificates and who are learning to fly these aircraft types. Also beneficial to rated seaplane pilots who wish to improve their proficiency, pilots preparing for flights using ski-equipped aircraft, and flight instructors engaged in the instruction of both st dents and transitioning pilots. The book introduces the future seaplane or skiplane to the realm of water operations and cold weather operations, and provides information on the performance of procedures required for the addition of a sea class rating in airplanes. P/N 13-03470 ..... **$12.25**

THE PHINEAS PINKHAM SCRAPBOOK - The "Phineas Pinkham" stories reprinted herein will bring back fond memories to aviation fans who were young in the 1930s. And they, in turn, may use this collection as a means of passing along to younger persons an appreciation for this obscure but quite amusing bit of aviation lore. Phineas is too fascinating a character to be forgotten by aviation enthusiasts! 64 pages. P/N 13-06762 ..... **$4.95**

GOODYEAR & FORMULA ONE AIR RACING, VOL. 1, 1947-1967 — 202 pgs, 569 photos, 88 scale drawings, softbound. Learn how this exciting sport caught on, meet the early players and the governing organizations. This volume tracks technological developments which allowed faster speeds and greater safety. This volume covers early racers – Art Chester, Steve Wittman, Bill Falck, Tom Cassutt, Bob Downey, Bill Brennard and many other. P/N 13-00033 ..... **$24.95**

GOODYEAR & FORMULA ONE AIR RACING, VOL. 2, 1967-1995 — 170 pgs, 450 photos, 74 scale drawings, softbound. Air racing had its ups and downs but by 1967 it was firmly established as a sport here to stay. During this time, women pilots entered pylon racing, speeds continue to increase and concerns about safety led to additional equipment requirements. Bill, Ray Cote, Jim Miller, Jon Sharp and others contributed much to air racing's popularity. P/N 13-00034 ..... **$24.95**

AVIATION eBOOKS FROM AIRCRAFT SPRUCE

PDF Adobe

eBooks are full size, full color, page-by-page reproductions of your book in Adobe Reader .pdf format which you can view on your desktop, laptop, or tablet computer. eBooks are also fully searchable.

AEROBATICS THE BASIC AEROBATIC MANUAL - (Kershner) – Step-by-step descriptions and 86 illustrations progress from simple through complex maneuvers. Cover loops, rolls, spins, stalls and much more. P/N 13-32210 ..... **$18.95**

BASIC AEROBATICS (GEZA SZUROVY & MIKE GOULIAN) — Enjoy the aerobatics experience with this complete guide from national champions who tell you not only how to perform the maneuvers, but why the airplane behaves as it does. A variety of maneuvers-loops, slow rolls, Cuban eights, inverted flight, and many more are discussed and illustrated with diagrams and in-flight photos. 288 pages, 90 illust., paperback. P/N 13-00677 ..... **$29.95**

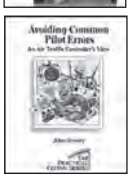
SKYDANCING: AEROBATIC FLIGHT TECHNIQUES (DAVID ROBSON) – The book includes the terminology unique to aerobatics, and dedicates a chapter each to the physics and physiology of aerobatic flight. Mr. Robson explains how to prepare for an aerobatic sortie – including the aircraft involved, personal checklist, preflight requirements, and the regulations governing aerobatics. The aerobatic sequence is explained, along with the Aresti Notation, which is used by aerobatic professionals and competitors in display and contests. P/N 13-00734 ..... **$14.95**

PRIMARY AEROBATIC FLIGHT TRAINING WITH MILITARY MANEUVERS (LT.COL. ART MEDORE) – Covers ground instruction, use of instruments in aerobatics, and contains a complete section on advanced maneuvers. Illust. 157pages. P/N 13-15100 ..... **$15.95**

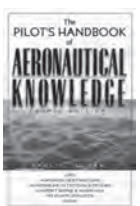
TRADE-A-PLANE MAGAZINE - Each issue includes aircraft for sale, aviation parts, aviation services, avionics, aviation supplies, aviation products, engines, and more. P/N 13-31140 ..... **$3.25**

LEARNING TO FLY HELICOPTERS (R. RANDALL PADFIELD) - "Written in a conversational style that's both fun and easy to read... Even if you're a confirmed fixed-wing pilot and show no rotor-wing tendencies, you'll enjoy this book and gain an insight into your brother pilots' obsessions." AG-Pilot International. 354 pgs, 100 illust., paperback. P/N 13-29931 ..... **$24.95**

THE PILOT'S RADIO COMMUNICATIONS HANDBOOK, 5TH EDITION (PAUL E. ILLMAN) - "It should have a spot on your bookshelf right next to the airplane's service manual," said Private Pilot of this hands-on guide to equipment, techniques, regulations, and overcoming "mike fright." 232 pages, paperback. P/N 13-29944 ..... **$29.95**



AVOIDING COMMON PILOT ERRORS: AN AIR TRAFFIC CONTROLLER'S VIEW (JOHN STEWART) - This important book brings an air traffic controller's perspective to the mistakes pilots commonly make in controlled airspace. Veteran controller John Stewart has spent years observing pilots display their lack of education, lack of flight preparation, inability to communicate effectively, ignorance of or resistance to regulations, and other dangerous flaws. This book is his attempt to help pilots fly more safely in controlled airspace and to introduce them to new & coming air traffic control technology. 226 pgs, 21 illust., paperback. P/N 3033 ..... **$17.50**



THE PILOT'S HANDBOOK OF AERONAUTICAL KNOWLEDGE, 4TH EDITION (PAUL E. ILLMAN) - Studying for the private pilot tests or upgrading to a commercial license will be easier with this valuable, thoroughly illustrated guide to principles, instruments, aircraft and engines, the airspace system, flight planning, navigation, and much more. 416 pages, 230 illust., paperback. P/N 13-29918 ..... **$49.95**

AVIONICS TROUBLESHOOTING AND REPAIR - MAHER If you have not seen this book, it is an absolute must read for every technician. Forty years of hands on experience by the author Ed Maher. 400 pages of troubleshooting! Cover FAA rules and regulations P/N 13-01643 ..... **$48.85**

TOLL FREE CUSTOMER SERVICE

Phone Customer Service **1-800-861-3192**

Email Customer Service **custsvc@aircraftspruce.com**

When placing an order every customer is assigned a specific customer identification number. When following up on an order or placing a new order, it is very helpful if you can provide your assigned customer number for our reference. If the status of an order is required contact our Customer Service Dept. either by phone, fax or email giving the name under which the order was placed and the approximate date of the order. The more information you can provide our Customer Service agents the faster we will be able to locate your order and resolve any concern you may have. We pride ourselves on providing 100% Customer Satisfaction. You also have the convenience of checking order status online at www.aircraftspruce.com.

OUR PRICING POLICY—THE LOWEST OVERALL PRICES IN THE BUSINESS

We take great pride in offering customers the lowest overall prices in the industry. We print our catalog only once a year (July), and in the interim we receive many cost increases from the manufacturers we represent. Due to our competitive pricing policy we must pass many of these increases along in the form of price changes. We will ship at current prices unless customer requests notification of price changes prior to shipment. We will continue to do our best to minimize increases and offer all of our products at the best possible prices. All prices are subject to change without notice.

NOTE: Freight costs can vary greatly depending on actual package size,weight and the destination. Our Order Department has no way to accurately estimate freight at the time order is placed and Aircraft Spruce will not be responsible for any additional freight costs on any shipment. All prices are FOB Corona, CA, Peachtree City, GA, Brantford, ON Canada, and customer is responsible for actual freight costs as billed on invoice or shipped freight collect. **All catalog and website prices are in U.S. dollars.**

4 EASY WAYS TO PAY

1) Credit Card - We accept payment on VISA, MasterCard, Discover and American Express. Credit card number, expiration date and billing address of the cardholder are required. In order to prevent credit card fraud, we reserve the right not to accept payment by credit card on orders for certain types of products as well as from those who are not established customers. We also reserve the right to approve shipment of credit card orders only to the address on the credit card account.

2) C.O.D. - Orders may be shipped COD via United Parcel Service within the United States. Please note some restriction may apply to COD shipments. A handling fee is added to all COD orders to cover special documentation required.

3) Check - Customers may choose to pay by check by mailing in their order and enclosing a check. Customers may call ahead of time for current pricing and freight estimates.

4) Bank Transfer - International customers may wish to pay by bank transfer. Contact us for bank information to arrange transfer of funds.

HOW TO ORDER TOLL-FREE "877" ORDER LINE & FAX

Call the Aircraft Spruce toll-free order line (877) 4-SPRUCE, servicing the continental United States and portions of Canada. We have an experienced order desk staff who are pleased to assist you with your order. You may also fax your order in toll-free at (800) 329-3020.

CONVENIENT ORDER DESK HOURS

Monday – Friday: 6:00AM to 6:00PM (Pacific Time)
Saturday: 7:00AM to 3:30PM (Pacific Time)

EASY ORDERING 24-HOURS A DAY

Communicating with us has never been easier. Place your orders, request quotations and submit your inquiries 24 hours a day by fax, e-mail or via the Aircraft Spruce Website.

Fax: Aircraft Spruce West: (951) 372-0555
E-mail: info@aircraftspruce.com
Internet: www.aircraftspruce.com

SAME DAY SHIPMENT

We strive to ship all orders placed by 4:00 p.m. warehouse local time, the same day the order is placed. Our experienced staff can offer various shipping options that will insure delivery of the order within your time requirements. Freight charges are invoiced based upon the warehouse from which the order is shipped. Same day shipment can be guaranteed on in stock, off-the-shelf products and not on orders for wood, metals, foams, fabrics and other products requiring cutting, as well as special order items. Count on Aircraft Spruce to provide immediate shipment of the aircraft parts or pilot supplies you need.

FREE SHIPPING ON ORDERS OVER $500.00

Most orders over $500.00, shipping within the 48 contiguous United States, will be shipped prepaid, with Aircraft Spruce paying the shipping costs! This only applies to orders shipped UPS ground and which are more economical shipping by UPS than by motor freight. Aircraft Spruce pays the freight, but any additional fees assessed by UPS (such as COD fees, hazardous materials, additional handling, etc) will be billed at time of shipment. Please refer to the UPS Service Guide for further details of additional charges that may apply. Orders that contain 5 gallon containers, cases of oil, and packages measuring more than 84 inches length and girth or 60 inches long are excluded. Core charges, hazardous materials fees, box charges, and insurance are not considered part of the $500.00 value of an order. Our Free shipping offer does apply to orders for tires and batteries! Please inquire at time of order for clarification on whether an order will qualify for the new prepaid policy. Our exclusive prepaid policy is one more advantage you have in placing your order with Aircraft Spruce & Specialty Co.

FREE TRUCK FREIGHT ON ORDERS OVER $5,000 - Effective immediately Aircraft Spruce will offer free UPS freight on truck orders over $5,000. See our website for details.

ALASKAN PILOTS - Aircraft Spruce pays freight to Seattle. Aircraft Spruce has expanded its popular UPS Prepaid policy to cover a portion of the freight costs from Aircraft Spruce West to Alaska. See our website for details.
