The GTR 200 panel mount comm radio for experimental and light sport aircraft that offers a slim design and powerful features, including advanced auto-squelch, 3D audio, stereo intercom, stereo music input, alert inputs, best-in-class standby frequency monitoring, on-screen frequency identification, and much more. The GTR 200 is the first to integrate advanced audio panel features like a two place auto-squelch stereo intercom, which senses the amount of sound in the cockpit and automatically adjusts the mic squelch for effortless intercom use regardless of the cockpit noise level. With its advanced integration with the Garmin G3X glass flight display, or other compatible Garmin portable products, the GTR 200 is able to receive a frequency and identifier in the comm's standby position directly from the G3X's waypoint page, allowing the pilot to ensure accurate transfer and reduce workload.

Description	Part No.	Price
Garmin GTR 200 Com Radio - Standard Kit	11-11999	$1,199.00
Garmin GTR 200 Com Radio - Standard Kit + Harness to Audio Panel	11-12085	$1,264.00
Garmin GTR 200 Com Radio - Standard Kit + 2-Place Harness with Jacks Attached	11-12003	$1,296.00
Garmin GTR 200 Com Radio Standard Kit + Custom Harness	11-12084	$1,395.00

This is for experimental aircraft use only. Standard Kit comes with Rack, Connector Kit, and Back plate. "Standard Kit + Harness" model includes all the same + the harness.

GARMIN GMA 240 AUDIO PANEL

Non-TSO'd so it's priced really low. Yet, it includes an intercom and will support dual COMM, dual NAV, dual AUX receivers, and dual music audio inputs – plus up to three unswitched inputs for telephone ringers, altitude alerts, or other warning tones. Pilots can connect up to two dedicated music sources to the rear connector (e.g. XM music and CD player) and override one of those sources at any time by plugging-in a device (e.g. MP3 player) into the 2.5 mm front jack. The music source's volume can be increased or decreased with the GMA 240 by pulling out the copilot volume knob. The 2.5 mm front jack also makes it easy for pilots to make and receive cell phone calls. It has a full-duplex telephone interface with intercom isolation capability. Specifications: * Weight: 15.5 oz (440 g) * Dimensions: 1.3" x 6.29" x 7.12" * Power: Input voltage range: 11-33 Vdc, 4.3 W normal * Temperature range: -20C to +55C * Altitude: 55,000 MSL unpressurized * Transceiver inputs: 3 (including TEL) * Receiver inputs: 4 * Alert inputs: 3 * Input impedance: 500 Ohms * Input isolation: 60 dB min * Bandwidth: 100 Hz to 6.5 kHz * Music inputs (stereo): 2 * Music gain: -20 dB @ min. volume, +26 dB @ max. volume

P/N 11-06619 .....$845.00

GARMIN GMA 340 AUDIO PANEL

The Garmin GMA 340 audio panel is compact and lightweight, making it an excellent choice for panels with limited space. Audio panel features include 3 transceiver inputs, 5 receiver inputs, and 2 unswitched inputs. The intercom provides 6 positions, 3 volume controls, 2 VOX level controls, 6 VOX circuits, and 2 stereo music imputs. This unit features 3 stereo headphone outputs and 2 speaker outputs, and the marker beacon receiver features input impedance of 50 ohms. Size: 6.8"d x 6.29"w x 1.3"h. Power req.: 11-33 VDC

GMA 340 Audio Panel.....P/N 11-18960 .....$1,295.00
GMA 340 with basic harness.....P/N 11-08061 .....$1,319.00
GMA 340 with Harness (4 place).....P/N 11-07170 .....$1,843.00

GARMIN GMA 350 AUDIO PANEL

Note: Per Garmin we cannot sell the GMA 350 to certified aircraft. For experimental aircraft please contact us for the wire harness form that is required and allow 2-3 weeks to ship.

The first truly all-digital audio panel, Garmin's GMA 350 introduces a number of new technologies to the cockpit, including voice recognition, 3-D audio processing, advanced auto squelch and more.

Features: Intuitive front panel layout with cursor control and volume indicator. Six/Seven position intercom: pilot, copilot, four or five passengers. Three stereo headset amplifiers: pilot, copilot, and passengers. Two stereo music source inputs Five selectable intercom operational modes. Independent pilot, copilot, and passenger volume controls. Individual VOX processing for each mic input. Automatic selection of radio audio source when corresponding mic is selected. Split COM transceiver function. Copilot may transmit and receive on one COM while pilot transmits and receives on another. Voice recognition. Automatic audio adjustment for ambient noise. 3-D Audio. Marker beacon receiver with lamp driver outputs.

GMA 350 Audio Panel.....P/N 11-09667 .....$2,195.00
GMA 350H Audio Panel .....P/N 11-09668 .....$2,246.00
GMA 350 With Custom Harness.....P/N 11-12963 .....$2,395.00
GMA 350H With Custom Harness .....P/N 11-12964 .....$2,550.00

The Garmin GMA 350 can only be sold over the counter to expermental aircraft (must verify) with harness. For certified aircraft, it must be installed by a Garmin Dealer. Please call 1-800-826-3160 for partner shop location for certified installs. (price of installation not included)

GARMIN GTN 635 GPS / COM SYSTEM USA

TThe 2.64" GTN 635 puts high resolution terrain mapping, graphical flight planning, multiple weather options and traffic display right at your fingertips. GTN 635

Features: • GPS TSO'd to C146c, authorized for Class 1,2,3 (LPV) • GPS WAAS-certified to Gamma-3 approach capability • WAAS-corrected GPS signal accuracy to 1 M RMS • graphical flight planning (including airway navigation) • VHF COMM transceiver: 8.33 or 25 kHz channel spacing • com transmit power: 10 W standard, 16 W optional • extensive optional interface capabilities: lightning, weather, traffic and TAWS-B terrain alerting • integrated control/display for remote transponder • flight control system interface for select autopilots • optional XM WX Satellite Weather and SiriusXM Satellite Radio • SafeTaxi® airport diagrams • award-winning product support and 2-year warranty • Unit dimensions, WxHxD:6.25"W x 2.65"H x 11.25"D (15.9 x 6.7 x 28.6 cm) • Display size, WxH: 4.46"W x 1.98"H (11.33 x 5.02 cm); 4.9" diag (12.4 cm).

KING KSN 770 INTEGRATED SAFETY NAVIGATOR

An affordable, WAAS-Enabled, Integrated MFD with a flexible hybrid user interface. Features: • High-res VGA display (5.7" diagonal, 5.25" high). • Hybrid user interface • Electronic charts and maps. • WAAS GPS enroute and approach navigation system. • **TCAS and Radar, **TAWS and Stormscope. • XM WX interface. • 10W COM with optional high-power 16W COM.-Digital radio core • Analog and digital inputs/outputs. • EPIC/ APEX FMS Core. • Simple to use • Affordable pricing • Enhanced ground proximity warning system (option). • Nav/Com (10W Com with 16W option).....P/N 11-12340.....$10,575.00

SILVER CROWN KX 165 NAV/COM

Solid state, 760 frequency COMM transceiver, 200-channel NAV receiver, 40 channel glidescope receiver and built-in VOR converter, 10W, 14V. Simultaneous, digital, gas-discharge display of active and standby NAV & COMM frequencies or select digital display of radial from the VOR or VORTAC in lieu of standy NAV frequency. Push button frequency flip-flop. Meets DO-156 frequency selectivity requirements.

14V.....P/N 11-03399.....$5,427.00
28V.....P/N 11-00199.....$5,667.00

SILVER CROWN KX-165A NAV/COM SYSTEM

Large, self-dimming, microprocessor-controlled gas discharge readouts and solid-state electronic tuning provide fast, accurate selection of all 200 Nav & 760 Comm frequencies. On the COMM side, the KX165 system gives you 10W minimum transmitter power for maximum range and clarity. And on the NAV side, the KX165's useful 'Radial' feature offers you an instant readout of the radial you're on (from the 'active' VORTAC station), digitally displayed in the 'standby' NAV frequency window. The KX-165A is TSO'd and offers 32 channels of com frequency memory, an additional CDI mode. The GPS "Quick Tune" feature allows the pilot to select and remotely tune the standby com & nav freq. from the KLN94 GPS 28V.....P/N 11-00644.....$5,047.00

SILVER CROWN KX-155 / 155A NAV/COM

Both the NAV and COMM frequency displays incorporate the popular "flip-flop" preselect feature. This function allows pilots to set up en route or approach frequency changeovers well in advance of the actual transition point of ATC handoff sequence, for true "stay ahead" flight management.

By selecting the NAV and COMM frequency in the "Standby" (STBY) display, pilots can "flip-flop" it into "active" status at the press of a button.

Large, self-dimming, microprocessor controlled readouts and solid-state electronic tuning provide fast, accurate selection of all 200 NAV and 760 COMM frequencies. Both the KX 155 and KX 165 feature a built-in 40-channel glideslope receiver. Both model are also available without the glideslope.

CROWN KX 125 DIGITAL NAV/COM

The KX-125 is ideal as a replacement radio, a primary system for homebuilts or a very affordable back-up. pDespite its low price, it comes with a complete list of features. For example, its COMM section provides 760 frequencies, 'flip-flop' frequency selection, a built-in audio amplifier with sidetone and audio leveling, direct tuning, stuck-microphone alert, and even remote transfer of both COMM and NAV frequencies. Its separate NAV section offers 200 frequencies, including localizer.

BENDIX/KING KT 74 TRANSPONDER

The KT 74 transponder from Bendix/King is the easiest upgrade to the popular KT 76A/C and KT 78A models, with a 'plug and go' capacity. And it's ADS-B compliant, therefore meeting all 2020 requirements. It is low-cost, easy to install and fits into your existing panel. Suiting your needs now and in the future.

KT 74 ADVANTAGE: • Retrofit - 'plug and play' installation • Low-cost solution that will offset future costs • Low power consumption • ETSO and TSO approved Mode S • Accurate readings with updates every few seconds • More efficient routing and better situational awareness • Meets ADS-B 2020 requirements*.....P/N 11-12038.....$2,649.00

CROWN KY 96A & KY 97A COM

Bendix/ King has designed the KY 96A and KY 97A to operate on 760 frequencies from 118.00 MHz to 136.975 MHz. You can switch between active and standby frequencies. Simply tune the desired frequency into the standby window ("STBY") while monitoring the "USE" channel-when the time is right, simply push the frequency transfer button to transfer the standby frequency into the active window. A remote switch may be installed as an additional means of providing the "flip-flop" function. Up to nine channels can be easily programmed by the pilot into the memory of the KY 96A or KY 97A. The KY 96A & KY 97A remember displayed frequencies and stored frequencies without batteries or external hookup during power shutdown or in the event of a power interruption and have an easy-to-read, illuminated LCD display.

CROWN SERIES KT-76A MODE C TRANSPONDER

The KT76A is a panelmount, class 1-A transponder and provides maximum performance at any altitude up to 35,000 ft. A compact unit with Large Scale Integrated (LSI) circuitry, reducing both weight and power requirements. All Mode A & Mode C transponders perform the same functions: replying to radar interrogations, providing Air Traffic Control (ATC) with positive identification, and showing your ground speed on the Controller's radar monitor. If you have an encoding altimeter or blind encoder, the transponder will transmit your altitude as well.

KT76A 06 14V (Transponder) .....P/N 11-02438.....$1,889.00
KT76A 06 14V With Harness .....P/N 11-02436.....$2,148.00

Replacement Bulb Container.....P/N 11-00522.....$19.95

KING SILVER CROWN KT 76C MODE C TRANSPONDER

The unit features a bright, gas plasma display that shows the selected transponder code and, in a new feature, the encoder altitude output.The KT 76C will fit directly into the existing location of a KT 76A. However, in 28V installations the existing dropping resistor must be bypassed. Unit operates from 11-33VDC. Available with or without antenna.

Without KA 61 Antenna.....P/N 11-03413.....$3,011.00
Without KA 61 Antenna With Harness.....P/N 11-05034.....$3,085.00
With KA 61 Antenna Without Harness.....P/N 11-03414.....$3,204.00
With KA 61 Antenna With Harness.....P/N 11-05033.....$3,278.00

SILVER CROWN KY 196A & KY 197A COM

This unit measures a trim 1.3" x 6.3" and weighs just 2.8 lbs. The 28V KY196A delivers 16W minimum transmit output power and the 14V KY197A delivers 10W minimum transmit output power. Both units incorporate solid-state construction, with a digital frequency synthesizer generating all COMM frequencies. Total frequency storage capacity is eleven, including those in "USE" and "STBY". The 118.00MHz to 136.975MHz range of the KY-196A & KY-197A provide 760 COMM frequencies. An audio leveling feature automatically amplifies weak audio signals and mutes strong signals.

KY 197A (14V) .....P/N 11-03848.....$6,190.00

SILVER CROWN KMA 24 AUDIO PANEL

Bendix/King's easy-to-use KMA 24 & KMA 24H systems are self-contained, all solid-state and stand only 1.3" high in your Silver Crown stack. The "slant top" package tailors it for the top slot in your instrument panel. KMA 24 controls as many as 3 transceivers and 6 receivers, including the internal marker beacon receiver and its automatically dimmed 3-light presentation. KMA 24H controls up to 5 transceivers and 5 receivers, or 4 transceivers and 6 receivers. KMA 24H includes the internal marker beacon receiver & VOX intercom, which provides unprecedented flexibility.

KMA 24 with HF Auto ..... P/N 11-03381 ..... $2,088.00
KMA 24 with Tel Auto ..... P/N 11-03382 ..... $1,732.00

CROWN KR 22 AUDIO PANEL

The Bendix/King KR 22 Marker Beacon Receiver is a fully independent panel-mounted unit with its own audio output and self-test feature. The unit is all solid-state, and its compact size makes it an easy fit in virtually any panel.A crystal-controlled superheterodyne receiver and 3-light presentation ensures that the KR 22 will give precise visual and aural indications of marker beacon passage. Excellent receiver selectivity eliminates interference. Headphone audio is provided, or if speaker output is desired, the KR 22 may be interfaced with the KA 134 or other audio control panel. P/N 11-03843 ..... $1,438.00

BENDIX KING KMA 30 AUDIO PANEL

The KMA 30 is a convenient "slide in" replacement for select older audio panels. Saves the expense of re-wiring the entire avionics suite. Music and phone Bluetooth® capability provides unsurpassed audio flexibility throughout your airplane. Makes it simple for the pilot to control audio throughout the aircraft. Can even turn music on or off for the pilot while in isolate mode. Delivers full, duplex telephone capability.

KMA 30 ..... P/N 11-11262 ..... $1,829.00
Installation Kit ..... P/N 11-11263 ..... $93.75

Charts. Weather. Traffic. GPS.
Panel instruments. And 3-D synthetic vision.
Not bad. For an app.

Actually, it's the combination of our premium Garmin Pilot™ iOS® app with the new GDL 39 3D portable ADS-B datalink[1]. Together, they not only enable you to view subscription-free graphical weather, TargetTrend™ traffic, and a backup attitude display – but now, they can also bring a whole new perspective to your iPad® navigation with our exclusive SVX™ 3-D synthetic vision. Database terrain details are clearly depicted, along with airport environments, obstacles, towers, traffic targets and more – all shown in relative proximity to your aircraft. In short, it's like having a clear-day "out the window" view from your cockpit – to aid situational awareness even in reduced-visibility conditions.

GARMIN®

To learn more, visit Garmin.com/ADS-B

©2014 Garmin Ltd. or its subsidiaries [1]NOTE: The GDL 39 3D is a non-certified receive-only product. It does not provide ADS-B 'Out' capability to satisfy FAA mandate requirements. Manufacturer's suggested retail pricing for the GDL 39 3D is $849.

For builders and pilots who want the big picture. Without the big pricetag.

Garmin G3X™ Touch makes it easy to install the perfect glass layout for your panel. Able to interlink up to three 10.6" touchscreen displays in your panel, our G3X™ Touch is a breakthrough in both configurability and affordability. Starting at just **$5,499** for a single screen[1], this versatile system uses the same connector found on Garmin's 7" G3X displays. So, it's "plug-and-play" simple to upgrade. Other highlights include standard SVX™ synthetic vision, GPS, ADAHRS, video input and EIS interface – plus options for autopilot, angle of attack and more[2]. There's also split-screen functionality that lets you pair PFD and MFD views on the same display – with smaller inset windows for optional weather, traffic, mapping, and video. Garmin G3X™ Touch: Inspired technology in the Team X tradition.

[1]Manufacturer's suggested retail pricing (add GEA 24 engine indication (EIS) for an additional $600.)

[2]EIS engine monitoring, AOA indication, Garmin G3X autopilot, optional GMC 305 autopilot control panel and VIRB™ Elite aviation camera all sold separately.

G3X TOUCH

VIRB™ is the word for pilots who want to capture the pure adventure of flight. Hands-free. In crisp, clear 1080p HD. The VIRB Elite™ aviation camera mounts easily in your aircraft. And it's loaded for action with digital image stabilization, automatic distortion correction, prop filter, wireless remote control, headset audio cable, 3-hour battery life and more. VIRB from Garmin. Your ultimate flight recorder.

Garmin introduces D2.™

A hands-on innovation in GPS flight navigation.

It's another aviation first from Garmin: One that redefines portability by putting a worldwide GPS navigator right on your wrist. Featuring a built-in airport database and Garmin's signature Direct-To and Nearest functions, this versatile pilot watch also provides a moving map, Zulu/UTC and multiple time zone reference, user-defined waypoints, various timers and vibrating alerts, internal compass with HSI, adjustable baro altimeter, remote controls for our new VIRB™ HD action camera, and lots more. You can even use our Garmin Pilot™ app to upload flight plan waypoints to the D2 from your iPad®, Android tablet, or other compatible devices[1].

To learn more, visit Garmin.com/aviation. Or see your Garmin dealer. Or tell Santa you've been extra good this year.

[1]NOTE: This feature is only available with tablets that are Bluetooth Low Energy (BLE) compatible.

Hundreds of features.
Thousands of installations.
Millions of flight hours.

One clear choice.

When it comes to experience in touchscreen avionics, our GTN™ 750/650 series is in a league all by itself. Evolved from thousands of Garmin glass systems, this integrated GPS/Nav/Comm/MFD platform gives pilots the technology to make quicker, smarter, easier decisions in all phases of flight. It offers full WAAS LPV approach capability, preloaded FliteCharts® and SafeTaxi®[1], plus a wide range of display capabilities and inputs—including optional Doppler-enhanced onboard weather radar, digital autopilot interface, datalinks for worldwide weather, traffic alerting, voice/text messaging, position reporting, and more. There's also onscreen control for remote transponder and audio panel functions[2]—plus a GTN Trainer app you can download to preview the GTN on your iPad®.

Introducing The New *SkyView*™

Featuring *SkyView* Touch™

DYNON AVIONICS

From the beginning, Dynon's pilot-engineers designed SkyView to have a clean and intuitive pilot interface so you can focus on the flying, not the technology.

SkyView can truly do it all: It's your primary flight instruments, a full-featured engine monitor, fuel computer, a class-leading moving map and navigation platform, ADS-B traffic and weather, integrated Mode-S transponder with ADS-B out capability, an approach-capable autopilot that offers simplified or expert controls, a revolutionary COM radio, dedicated knob and autopilot control panels, and more. SkyView can even display traditional "six-pack" flight instruments for an easier transition to glass.

This year, we've reintroduced our flagship system with the addition of SkyView Touch. With a full set of buttons and joystick knobs for precise control in turbulence, SkyView Touch is designed to reduce your workload so you can just Go Fly.

Touch when you want it. Turbulence when you don't.

ICOM PANEL MOUNT TRANSCEIVERS

ICOM A210 25 COMM TRANSCEIVER

Note: Unit is not TSO'd (non-certified) A210 25 Comm Transceiver (replaced version A210 21). New version is now capable of 25kHz and 8.33kHz channel pitch. The new A210 25 will use the CS A210 version 1.3. Older software will not work for programming the new versions. The software is backwards compatible. Innovative airband that's easier to install and see in more places! Large, bright OLED display offers many advantages in brightness, vividness, high contrast, wide viewing angle and response time compared to a conventional display. Easy channel selection allows you to monitor two channels simultaneously. GPS memory function. 12V/24V DC power source. Intercom functions. The IC-A210 has a built-in voice activated intercom function allowing the pilot to talk with the copilot via the headset. The IC-A210 has adjustable audio level and squelch control functions. Easy installation. The IC-A210 neatly fits inside the common mounting brackets used on most airplanes including Icom's IC-A200. Two types of rear-panel adapters are included, allowing for streamlined plug-in connectivity.

Description	Part No.	Price
ICOM A210 Panel Mount	11-05618	$1,125.00
ICOM A210M Mobile Mount	11-05836	$1,379.00

ICOM HM-176 MICROPHONE

The iCOM HM-176 is the compatable microphone for the A210 A200 PS80. Works best with the A210 Air band panel mount transceiver with intercom and OLED display. PN 11-05618 P/N 11-06208 ..... $142.95

ICOM A210 ADAPTER MB113

MB-113 Rear Panel Adapter - For installation into a D-sub 15-pin connection system equipment.
P/N 11-08413 ..... $66.50

ICOM PS-80 BASE STATION POWER SUPPLY

The PS-80 offers quick, easy installation of the IC-A210 in one compact desk-top unit that combines a power supply, speaker, microphone, headphone and antenna connectors. Power Supply is user selectable for 110 or 220/240 V AC operation and supports a full 7 Watt transmitter output. Large internal speaker booms out 5 watts of audio. Microphone, headphone and antenna connectors are standard in the PS-80 so no wiring is necessary. Just plug in your selected hand or desktop microphone or headphone and outside antenna and youre on the air. Optional SM-6 Desktop Microphone, HM-7 or MIC Hand Microphone and B-ANT Base Station Antenna to complete the package are available and sold separately. Radio not included (use 11-05839 for complete system) Specifications: * Input voltage: * 117 V AC +/- 10%, * 220 V AC +/- 10%, or * 240 V AC +/- 10% (selectable) * Output voltage: 13.8 V DC +/- 5% (negative ground) * Output current: 6 A * Duty rate: 1 hour for maximum current * Ripple voltage: Less than 20 mV rms * Useable Temperature Range: -10°C to +40°C; +14°F to +104°F * Dimensions (projections not included): 200(W) x 200(H) x 300(D) mm; 7.9(W) x 7.9(H) x 11.8(D) in * Weight: 6.0 kg; 13.2 lb

ICOM IC-A110-05B VHF AIR BAND TRANSCEIVER

The Icom IC-A110-05B is rugged and reliable for serious ground crew communications. The IC-A110-05B can plug right into an AC wall (110W) receptacle. Great for FBOs. The unit features a front mounted speaker, free from any obstacle blocking and puts out 10W of power for the external speaker. *Covers the 118-136.975 frequency range. Features: * Equipped EEPROM system provides maintenance free memory backup capability, without the use of a separate backup battery * Various scan functions, such as VFO and priority scans are available * Limited number of keys for simple manipulation, but providing advanced multi-functions * A total of 20 memory channels are available * 36 W (pep) of powerful output, 9W (Carrier) output. * Excellent durability to cope with even the toughest workplace Specifications * Dimensions: 150(W)x 50(H) X 180(D) mm * Weight: 1.5kg; 3lb. 5 oz. * Warranty 2 years * Power supply requirement: 13.75 VDC and 27.5 VDC * Current drain: Transmitting: 5.0 A max, Receiving: 4.0 A * Operating temperature range: IC-A110(-30° C to +60° C); IC-A110EURO(-20° C to +55° C) * Frequency stability: IC-A110 (5 ppm)

Icom IC-A110-05B Base Station.....P/N 11-02781 .....$1,099.99
Icom B-ANT Building Antenna.....P/N 11-18581 ..... $289.95

Hand Microphone for A110.....P/N 11-08864 ..... $39.75

ICOM IC-A110-25 VHF AIR BAND TRANSCEIVER BASE STATION

The Icom IC-A110-25 is rugged and reliable for serious ground crew communications. The IC-A110-25 can be installed in any vehicle and is adaptable to vehicles working on 12V or 24V power sources. The unit features a front mounted speaker, free from any obstacle blocking and puts out 10W of power for the external speaker.*

In The Box: IC-A110-25, Hand Mic HM-161, Mounting Bracket with hardware, DC power cable, and Mic mounting bracket

Features: Additional to the predominantly used 25 kHz channel spacing, an extra version complying to new regulations is available for 8.33 kHz channel spacing. Equipped EEPROM system provides maintenance free memory backup capability, without the use of a separate backup battery. Various scan functions, such as VFO and priority scans are available. Limited number of keys for simple manipulation, but providing advanced multi-functions. A total of 20 memory channels are available

Ideal compact size of 150(W) x 50(H) x 180(D) mm* to mount in various types of vehicles. * 5-29/32(W) x 1-31/32(H) x 7-3/32(D) in. 36 W (pep) of powerful output. Excellent durability to cope with even the toughest workplace. Memory channel only operation possible via PC programming. Hand microphone supplied

MID-CONTINENT INSTRUMENTS AND AVIONICS INSTRUMENTS GPS ANNUNCIATORS

MD41-1510

MD41-1468A

MD41-1408A

Vertical View

With fingertip annunciation and flight information in the pilot's primary view, Annunciation Control Units (ACU) offer important features in an efficient design. As an interface with popular NAV and GPS systems, the ACU provides vital safety information including waypoint, approach status and integrity alerting. Approved to strict TSO standards, Mid-Continent Instruments and Avionics ACUs are engineered as a compact, affordable solution to the challenge of installing several switches. Most versions are configured 14V or 28V with vertical or horizontal mounting and feature long-life lamps with automatic photocell dimming.

FLIGHTLINE FL-760 TRANSCEIVER

One of the smallest and lightest in the industry! 2-1/4" Panel Mount Transceiver; compact size but loaded with what you need in your aircraft, with a one year warranty.

Features: Flip Flop Frequency Selection, Built-In 2-Place VOX Intercom, Backlit Display, 32 Programmable Memory Channel Call-Up, 5 w Carrier, 16 w PEP, 25 KHz Channel Spacing, One Year Limited Warranty, Non-TSO

Specifications;

- Frequency range : 118.00 to 136.975MHz (Receive:108.00 to 136.975MHz)
- Channel spacing : 25kHz
- Number of memory channels : 32
- Acceptable power supply : 11.7 V or 33 VDC (Negative ground only)
- Current drain : TX: 3A(max) RX 0.8A(max) Standby: 300mA
- Dimensions : W61 X D159 X H61 (mm)
- Weight : 430g/14.11oz
- Exposed dial face : 56.4mm 2 1/4.5 inches
- Certification: Not TSO
- Output power : 5 W (carrier), 16W (pep)
- Modulation : small stage modulation
- Audio output power : More than 4W (at 4)
- Audio output impedance : Ext. SP 4 (4 to 8), Side tone 600
- 2-1/4" panel mount P/N 11-06307 ..... $699.00

FLIGHTLINE FL-M1000AB BASE STATION

FL-M1000A Air Band Land Radio installed in an Astron Base Station.

The FL-M1000A is an Air Band Land Mobile Radio designed for land vehicles, or base station use, not for Aircraft. The radio can be operated with Hand Microphone or Headset. You can choose audio output from External Speaker and/or Headphone. The radio has various built-in Scan functions.

Features: Convenient Base Station Enclosure, Easy to read alpha/numeric display, Scanning, Usable in the 760 Channel VFO mode Simple to program, Compatible with a standard Push-to-Talk Switch and Air Band Headset, Priority scanning, Multiple speakers, antennas, cables and programming options, Front panel control of external speaker. Hand Mic is included. P/N 11-09190 ..... $895.00

FLIGHTLINE FL-M1000A AIR BAND RADIO

DITTEL KTX2 MODE S TRANSPONDER

In Mode S operation in busy airspace it can cause some 10,000 queries per minute. In this case, the transponder will respond accordingly and frequently increasing the total energy consumption. In the technical data we provide to you data you can trust when you designing a battery-operated system. Installation is quite simple. The panel cutout corresponds to the standard 57 mm. The body length of only 144 mm allows plenty of room for the handling in full panels and greatly simplifies the installation. The installation of a level encoder may be omitted. KTX2 has already an integrated high-precision pressure sensor. About the data interface an opportunity is given for GPS data for 'extended squitter' to get ADS-B send out. For an ADS-B receiver on KTX2 an additional ADS-B antenna connection is available, making the necessary antenna module is redundant. In conjunction with a so called 'Traffic Monitor' you then get a professional collision warning system. Such accessory is currently under development and will be available soon. There is of course also the possibility to connect an already available 'Traffic Monitor' system to the KTX2.

P/N 11-12423 ..... $1,898.00

STX 165 MODE AIRCRAFT XPDR

The STX 165 Sports a professional 1/2 3ATI Bezel that compliments any aircraft panel. Its bright OLED display is readable in virtually all lighting conditions and automatically dims for night time operations. Check out just a few of the STX 165 features.

- Built-in Encoder: Simplifies installations and lowers cost.
- Three Timer Functions: Elapsed Flight Time, Up Timer, Down Timer
- Pressure Altitude Display: See what altitude your transponder is reporting to Center
- Optional OAT Probe Input: Displays Outside Air Temp.,Density Altitude, Icing Alert
- Small and Light Weight: 7.4" behind the panel depth, 1.3 lbs.

Specifications:

- Electrical Input Voltage: 11-33 Vdc
- Current Requirements: 500mA@28Vdc
- Power Output: 200 Watts Nominal
- Transmitter Freq: 1090 MHz
- Receiver Freq: 1030 MHz
- Receiver Sensitivity: -74dBm Nominal at 90% reply rate
- Dimensions: 1.78"H x 3.5"W x 7.34"L
- Weight: 1.30Lbs
- Alt. Encoder: Built-in 35K' Encoder; External RS-232
- OAT Probe: Sandia STP 78 (Optional)
- Temperature: -20 degrees to +55 degrees C
- Altitude: -1000 to 35,000 Ft.
- Certification: DO160F; DO178B Level C; TSO C74d; TSO C88a

DITTEL KRT2 VHF TRANSCEIVER

The KRT2 VHF-AM transceiver has a full graphic LC-display that allows for easy reading under all light conditions, including full sun. Push button and display illumination can be dimmed. The KRT2 is, of course, prepared for 8.33 kHz spacing that will become the new international standard for airborne communication. Switching between the 8.33 and the 25 kHz mode is therefore made effortlessly simple. Standard or dynamic microphones can be used. A built-in-test facility increases flight safety. The dual watch mode that allows scanning of two different channels is included. The KRT2, with its integrated VOX/Intercom circuit, allows communication between pilot and co-pilot. Specifications: • Frequency Range: 118.000 MHz to 136.990 MHz • Channel Selection: 8.33 or 25 kHz (select automatically) • RF-Output Power: >6 W (carrier power) • Receiver Sensitivity: >12 dB sinad @ 2 uV • Input Voltage Range: 9 V DC to 36 V DC • Operating Temperature Range: -20°C to +55°C, for short time up to +70°C • Current Consumption: 1,6 A@12 V DC (transmit), 110mA@12 V DC (receive standby) • Certification: ETSO-2C169a, ED-23B Class 4, C, TSO-C169a, Class 6, H1 & H2 • Function: dual watch mode, integrated VOX/Intercom • Weight/dimensions: 360g /65 x 65 x 144 (+plugs) mm.

Transceiver ..... P/N 11-10691 ..... $1,350.00

Harness with jacks for dual seat ..... P/N 11-10693 ..... $131.75
Swan Neck Mic ..... P/N 11-10694 ..... $109.00

AV

USED AVIONICS FROM AIRCRAFT SPRUCE

Virtually all these avionics are in "Serviceable" condition. This is an FAA term that means that the radios have been repaired as needed, tested according to the manufacturer's procedure, and meet the manufacturer's performance specifications. These radios are legally approved for installation and use. These radios come with either a Yellow Tag or a 8130-3 Serviceable tag. Both tags certify that the radio is in "Serviceable" condition. The difference is the geographical area where the tag is accepted. The Yellow Tag is accepted in North America, while the 8130-3 tag is accepted worldwide. Generally 8130-3 tags are issued for our radios, because we rarely know exactly where it will be sent when it is in the shop. With an 8130-3 tag, we know that it can be used by any of our customers. Serviceable units carry a 90 day warranty. All used avionics are subject to availability, and will be shipped with the tray and connector included. Prices can vary. Please specify 14V or 28V when ordering.

Please call for price and availability.
Used avionics data bases are for North America Only.

ALTITUDE ALERT – SANDIA SWITCHES/RELAYS

AIRSPORT ALTITUDE ALERT

Perfect model for pilots that fly at less than 18,000 ft. Pilots love our new extremely bright 32 character Vacuum Fluorescent Display. This IFR/VFD displays altitude from 0 to 99,900 ft and your Target Altitude is selectable to 17,900 ft. Barometric Pressure is adjustable from 27.90 to 31.21 inches Hg. Pressure Altitude, Density Altitude, MDA and many more features.

Features:

- 32 character Vacuum Fluorescent Display provides brighter images for viewing ease. 8 day/night brightness levels are pilot adjustable.
- Altitude displayed 0 to 99,900 ft.
- Target Altitude selectable 100 ft to 17,900 ft.
- Squawk Code always displayed.
- Approach function with gear reminder, MDA warning, and more.
- MDA adjustable from 100 ft to 17,900 ft.
- Digital Rate of Climb, resolution of 1 fpm.
- Mode A/C Reply count - provides information about the radar environment and TCAS.
- Barometric Pressure 27.90 to 31.21 inches Hg.
- Density Altitude displayed -8900 ft to 25,200 ft.
- Pressure Altitude displayed -1200 ft to 126,700 ft.
- Operates on 14/28 volts, or about 8 hrs on internal rechargeable battery.
- Includes: IFR/VFD, 14/28v Cigarette Lighter Cord, 110v Charger, Audio Cord, Velcro, User's Manual, and protective Carrying Case.
- Non-TSO'd

P/N 11-11147 ..... $675.00

TRANS-CAL NANO ADAPTER PLATE ACK

Trans-Cal Industries has developed Adapter Plates that allow the technician to quickly replace existing or legacy encoder installations in favor of the new Trans-Cal SSD120-(XX)N series of altitude digitizer/encoders. These plates simplify the installation task by providing an adapter designed for the Trans-Cal unit, while utilizing the exisiting mounting tray. All adapter plates include stainless steel mounting hardware and are approved for installation under TSO-C88a and ETSO-C88a

Adapter Plate	Part No.	Price
ACK	11-09603	$23.95
Ameri-King	11-09605	$23.95
Sandia	11-09602	$23.99
Shadin	11-09604	$23.99
SSD120 and Narco	11-09601	$23.95

SANDIA SRU MODULE ENCLOSURES

The SRU 1 is a single card enclosure which accepts any MARC70 interface module. The SRU 1 is ideally suited for installations where only one MARC70 card is required or where there is limited real estate for mounting the larger enclosures. The SRU 1 can be mounted in any axis and either inside or outside the pressure vessel.

SRU 1 ..... P/N 11-11325 ..... $174.99

The SRU 5 is a multi-card enclosure that accepts up to five MARC70 interface modules. The SRU 5 can be mounted either inside or outside the pressure vessel. When less than five interface modules are used with the SRU 5, cover plates are placed over the unused card slots. If additional cards are required at a later date, the cover plates can be removed and the appropriate interface card installed. When installing the SRU 5 ample room should be allowed for both connector clearance and for inserting and removing the interface modules. The SRU 5 as well as the interface modules can be mounted in any axis.

SRU 5 ..... P/N 11-11326 ..... $375.00
SRU5-1 ..... P/N 11-11327 ..... $375.00

The SRU 10 is multi-card enclosure that accepts up to ten MARC70 interface modules. It is ideally suited for installations that will require more than five interface modules. As with the SRU 5, unused slots are covered with cover plates included in the installation kit. These extra slots can be used on future installations, eliminating the need for additional mechanical engineering and approval. The SRU 10 can be installed either inside or outside the aircraft's pressure vessel. For installation flexibility, the SRU 10 and the installed interface modules can be mounted in any axis. Ample room should be allowed for both the connector and for inserting and removing the interface modules.

SRU 10 ..... P/N 11-11328 ..... $555.00

SANDIA SA 3 REGULATOR INCANDESCENT DIMMING MODULE

Regulator/Dimming Board. Provides .5 amps of annunciator drive for lighting display annunciator. Will provide 1 amp short term for test purposes. Switchable between bright and din with both modes field adjustable.

P/N 11-11314 ..... $535.00

SANDIA SA 3L REGULATOR LED DIMMING MODULE

Regulator/Dimming Board. Provides 0.5 amps of annunciator drive for lighting LED annunciators. Will provide 1 amp short term for test purposes. Switchable between bright and din with both modes field adjustable.

P/N 11-11315 ..... $535.00

SANDIA SA 15 SIGNAL INVERTER MODULE

Inverter Board converts a High to a Low or a Low to a High to provide common annunciator power. 14 inverter outputs. P/N 11-11317 ..... $530.00

SANDIA SA 24 DIODE ISOLATION MODULE

Diode Isolation Module. Provides 23 lines of diode ground in - ground out isolation. Internal FET allows simultaneous test of all lines to ground. Requires 28 Vdc for test

P/N 11-11318 ..... $430.00

SANDIA SR 263 DUAL 6 POLE RELAY MODULE

Two, six pole nitrogen filled relays. Can be activated simultaneously or individually

P/N 11-11319 ..... $3,100.00

SANDIA SR 343 TRIPLE 4 POLE RELAY MODULE

Three, four pole nitrogen filled relays. Can be activated simultaneously or individually.

P/N 11-11320 ..... $4,990.00

SANDIA SR 623 SIX 2 POLE RELAY MODULE

This SR 623 has a total of six, two pole relays in nitrogen filled metal cases.

P/N 11-11321 ..... $1,350.00

SANDIA SR 34-1 12 POLE SWITCHING MODULE

The SR34 uses three, four-pole sealed relays to provide a total of 12 lines of signal level switching.

P/N 11-11322 ..... $400.00

SANDIA SR 54-1 20 POLE RELAY SWITCHING UNIT

The SR54 switching is ideally suited for GPS and other Long Range Navigation Systems that share an HSI/CDI with a VOR/LOC receiver. The twenty poles of switching allow all resolver and steering lines to be switched simultaneously. And the built-in reversionary switching circuitry to ensure VOR/LOC steering is always displayed on the indicator should power be lost or if an ILS frequency is selected in the NAV receiver. P/N 11-11323 ..... $600.00

SANDIA SR 64-1 24 POLE RELAY SWITCHING UNIT

The SR64 has six, four-pole relays to provide a total of 24 lines of switching. This multi-purpose switching unit has its relays arranged in a group of four (16 poles) and two single relays (4 poles each). P/N 11-11324 ..... $600.00

SANDIA AIS RELAY SWITCHING UNITS

A general purpose Avionics units. Operates on 28Vdc; PMA'd NSN 5999-01-544-0513

20 Pole ..... P/N 11-11313 ..... $650.00
24 Pole ..... P/N 11-11302 ..... $486.00

SANDIA ST 26 TACH GENERATOR ADAPTER

The ST 26 is a Tach Generator Adapter that converts sinusoidal, 26vac – 400hz output of the Turbine Engine Tach Generators to a digital signal. This TSO approved adapter can be used for aircraft instrument displays or for other control – data collection systems. The ST 26 is approved to work with the most common aircraft tachometers models.

P/N 11-11331 ..... $810.00

AV

MID-CONTINENT INSTRUMENTS AND AVIONICS INSTRUMENTS 2 INCH CDI

This indicator will fit the need of aircraft owners of LSA all the way up to business aircraft. The CDI allows for precise and accurate readings. Nav, GPS and VLOC annunciation are built-in and backlit by LED lighting, providing enhanced nighttime and sunlight readability. The CDI has TSO approval from the FAA and will interface with most nav and GPS receivers.

Features:

- Compact 2-1/4 inch size saves panel space
- Innovative Safety Feature – pointers move out of view with invalid signal
- Precision replacement for older navigation indicators
- Rectilinear meter movements allow for more accurate readings.
- LED backlighting looks great and provides increased reliability.
- Built-in annunciations for NAV, GPS, and VLOC or BC.
- FAA TSO approved for use with most GPS and VOR systems
- Rugged construction includes ball bearings in critical areas.
- True course resolver output (1 volt, 30 Hz)
- Quality Mil-Spec connectors included
- One year limited warranty

Specifications:

- Power Input: Accepts 11 to 32 Volts DC.
- Lighting: Internal white LED. Lighting control voltage is selectable for 5, 14, or 28
- Weight: 0.6 lbs.
- Length: 3.5 inches

Mid-Continent Instruments and Avionics - CDI MD222-406 (This unit has the NAV/GPS & VLOC annunciations for the Garmin units)
P/N 11-05106 ..... $2,245.00

Mid-Continent Instruments and Avionics - CDI MD222-506 (This unit has the NAV/GPS & BC for all other applications)
P/N 11-05107 ..... $2,245.00

MD200-306 CDI GS Indicator ..... P/N 11-00184 ..... $2,035.00

MID-CONTINENT INSTRUMENTS AND AVIONICS HORIZONTAL ANNUNCIATORS

Incudes CDI and suspend mode switching, independent of OBS per new GTN requirements.

Features: Compatible with Garmin GTN 6XX/7XX WAAS Navigators. Compact, self-contained GPS annunciation control unit. Automatic-dimming and daylight readable LED lighting. Single cutout and locking D-subminiature connector reduces installation costs. Quality Mil-Spec connector included. TSO-C129 certified. Qualified to RTCA DO-160 environmental specs. Designed and built in Wichita, Kansas, USA. One-year limited warranty.

14V Horizontal ..... P/N 10-04769 ..... $1,165.00
28V Horizontal ..... P/N 10-04768 ..... $1,165.00

MID-CONTINENT INSTRUMENTS AND AVIONICS COURSE DEVIATION INDICATORS

Features:

- 3 in. model fits standard panel cutout. Lighted.
- All-metal construction with ball bearings in critical areas
- FAA TSO and ETSO approved for use with all GPS and VOR systems
- High-quality rectilinear meter movements
- Annunciations for NAV, GPS and Back Course
- True course resolver output
- Pin-for-pin replacement for Collins Micro Line IND 350 Series CDI
- Can be used to replace old-style navigation indicators
- Compatible with WAAS GPS receivers
- Quality Mil-Spec connectors included

Specifications

- Voltage input: 14 VDC or 28 VDC
- Current input: 0.3 amps max
- Standard cutout (3 1/8-inch round)
- Weight: 1.4 lbs.
- Altitude: 0 to 55,000 ft.
- Rear mount panel mounting

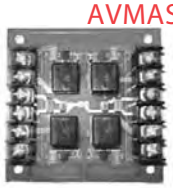
MD200-302 CDI ..... P/N 11-10022 ..... $1,482.00
MD200-303 CDI Course Deviation ..... P/N 11-10023 ..... $1,679.00
MD200-307 CDI Glideslope Course Deviation
P/N 11-10024 ..... $2,472.00

REMOTE SWITCHING RELAY UNIT

Remote mounted 24-pole unit features eight Nitrogen-filled relays (3 poles per relay) with Gold-plated contacts Ideal for GPS/VOR transfer and audio switching applications. Relays are activated individually by voltage or .....ground keying or as a group by ground keying. FAA PMA Approved (certified to 55,000 ft.) Versatile Mounting - Horizontal, Vertical or flat mount configurations. Fail-safe fault monitoring through interlocking of all internal relays. Adjustable dimmer output for external annunciations. Quality MIL-SPEC connector kit included. Specifications: Width: 2.86", Height: 1.52" , Depth: 2.6", Weight: .75lbs

Remote Relay Unit 14V..P/N 10-02125 ..... $886.00
Remote Relay Unit 28V..... P/N 10-02127 ..... $886.00

AVMASTER RELAY 14VOLT & 28VOLT



The AvMaster Relay is the first and only self contained, fail-safe, avionics master relay package to protect expensive radio tear at an affordable price. The AvMaster Relay is installed between the power bus and the protected radios. The Avionics Master Switch then controls the AvMaster Relay only and not the radios directly. Not only does the AvMaster Relay protect the system from transient electrical spikes during normal operations, its four parallel relay controlled, surge protected circuits allow for individual fusing that separate all radios from each other. The avionics master switch is a great idea. It protects against the large power surge potential during start up and shut down. It's also useful to prevent premature wear of each radio's switches and allow the benefit of maintaining the volume settings. But, it has a major weakness. An Avionics Master Switch becomes a potential single point of failure. If it fails, ALL radios shut down! A second Avionics Master Switch has been used as the solution to this problem. However, this offers no spike protection while on and it still connects all radios together. An overload in one radio can potentially spill over to the whole avionics circuit and take them all out. The fail-safe design of the AvMaster Relay eliminates the need for a backup Avionics Master Switch. If the Avionics Master Switch ever fails, the pilot won't even realize it until after the flight is over and the Avionics Master Switch doesn't shut down the radio stack. The radios will just be controlled individually until the problem is resolved. The AvMaster Relay will pay for itself with fewer repairs over the increased lifetime of the avionics stack.

14 Volt ..... P/N 11-04857 ..... $128.95
28 Volt ..... P/N 11-04858 ..... $126.95

AMERI-KING REMOTE RELAY ASSEMBLIES

FAA TSO'd approved remote Relay Assembly. It is designed to provide Switching Function, for HSI / CKE Data Inputs, between NAV (VOR) Receiver and the approached certified GPS receiver. The Assembly consists of a 24 pole buit-in relay to simplify installation of the Switching Function. All Relays have gold-plated contacts and are Nitrogen filled for high reliability. Consists of 2 sub-groups, A & B. Subgroup A includes 20 poles switching; A failure detection pole built in; and an ILS auto override (to reverse to NC (NAV) position upon ILS frequency is turned in). Subgroup B includes 2 poles switching. Each subgroup is controlled independently. Protection includes input power reverse polarity, power transient. All relay coils are protected against EMI and transient switching. Installation is extremely simple. All necessary hardware is provided.

AK-950-R8-14V	8 Poles Relay Ass'y	P/N 11-01407	$325.00

9500001B Connector Kit, 78 female mach. pins, crimp type Ass'y.
P/N 11-01415 ..... $25.50

MID-CONTINENT INSTRUMENTS AND AVIONICS ANNUNCIATION CONTROL UNIT MD41-444

Annunciation Control Unit 14V, Horizontal. With internal relay.
P/N 11-00967 ..... $1,325.00

AVIONICS COOLING FANS

TROLL AVIONICS COOLING FANS

THE ICE BOX - Avionics cooling fan is designed to mount remotely and cool up to 3 radios. It is shielded and filtered and uses standard 5/8" CAT type hose to direct air from 3 outlet ports. Thickness of the unit is only 1.4", and it operates on 14 or 28 volts. Ice Box offers a thin profile, flexible mounting, and very quiet operation. 2 yr warranty.

12V ..... P/N 11-18350 ..... $163.95
28V ..... P/N 11-18360 ..... $163.95

SUPER ICE BOX - Same as above except w/5 outlet ports instead of three, to cool 2 extra radios. 12V ..... P/N 11-18365 ..... $224.95
28V ..... P/N 11-18370 ..... $224.95

CYCLONE - The Cyclone-21 is a compact (3 x 3 x 1") aircraft electronics cooling fan that delivers 21 cubic feet per minute of forced air cooling to a variety of avionics equipment

3-port 12V fan ..... P/N 11-18380 ..... $165.95
3-port 24V fan ..... P/N 11-18381 ..... $164.85
6-port 12V fan ..... P/N 11-05221 ..... $319.95
6-port 24V fan ..... P/N 11-05222 ..... $346.00
5/8" fan tubing ..... P/N 11-00504 ..... $5.50

LONE STAR FAN FAILURE WARNING SYSTEM

The Fan Failure Warning system (FFW) is designed to monitor the RPM/TACH output signal from a Cyclone 21 Blower. If the blower falls below a preset RPM, the warning LED will alert the pilot that avionics and or onboard electronics are no longer functioning within a safe operating temperature.
Note: Price listed below is for the Fan Failure Warning unit ONLY. You will need to purchase the Cyclone 21 Blower and the LED Panel Indicator separately to complete the system.

P/N 11-10590 ..... $249.95

AMERI-KING AVIONICS COOLING FANS

The Ameri-king AK-950F is part of a FAA TSO'd approved.kit. GPS/Avionics fan is compact and delivers up to 26.6 CFM cubic feet per minute of forced air cooling to a variety of avionics equipment. It features ball bearing for highest reliability and long lasting. The AK-950F fan may be behind or beneath aircraft instrument panel or avionics equipment rack or cabin pressure bulkhead. The small, one port direct mounting fans (Fld) are for internal cooling and there is a second port for external cooling. No remote hose is required.
Features Include: power reverse polarity protection; compact size; choices of 1, 2, 3, or 5 hose outputs; universal mounting; hoses; connector kit and hardware (included). 4-year extended warranty. Size for 1-3 ports: L- 5.75" W- 5.130" H- 2.080". 5 ports: L- 6.75 " W- 5.130" H- 2.080". Small F1d port: L- 2.60" W- 2.5" H- 2.5". Power 14 or 28 VDC.

Description	14V P/N	Price	28V P/N	Price

SANDIA ACF 314 (3 PORT FAN)

The ACF 314 and ACF 328 simultaneously cool up to three avionics units. Operating on 14Vdc and 28 Vdc respectively the ACF 314 and ACF 328 supply up to 20 cubic feet of cooling air per minute, helping maintain your avionics at a proper operating temperature. SANDIA Aerospace cooling fans use high quality, brushless blower motors and or RunQuiettm technology. These units are FAA PMA's and have passed stringent environmental testing to ensure years of reliable service. Specifications: • Operating Voltage: 14Vdc • Current Draw: 960mA (1.7A at startup} • Size: 5.18" x 5.18" x 2.1" • Weight: 1.18 lbs.

P/N 11-06345 ..... $193.75

CYCLONE 600 - 6 PORT AVIONICS COOLING FAN

The Cyclone-600 is a light weignt, highly reliable brushless DC avionics blower that delivers 45-50 CFM of forced air to onboard aircraft electronics. The universal mounting system mounts vertical, horizontally or at 45 degrees for straight forward installations for all aircraft make and models.
Features: * New DC Brushless Motor with FAA/PMA Approval. * High Performance 626ZZ Bearing for Extended Life. * High Impact Phenolic Housing. * Laser Balanced Impeller wheel. * Universal Front Plate (4,5,6, Ports). * Cable Harness (36"), included.
Benefits: * Over Current Protection * Locked Rotor Protected * Reverse Polarity Protected * FAA/PMA Approved * DO160 D Tested * Low Noise
Specifications: * Voltages: 12-14 VDC 600mA; 24-48 VDC 500mA * CFM: 45/50 CFM at 6000 RPM * Dimensions: 4.5in (H) x 3.0in (W) x 6.25in (L)

Description	Part No.	Price
Cyclone 600 6 Port Fan 12-14V	11-05221	$319.95
Cyclone 600 6 Port Fan 24/28V	11-05222	$346.00

LONE STAR 12/24 VDC BLOWER KIT

Lone Star Aviation's new 1 port blower is the smallest (1 x 2 x2), most efficient (brushless dc motor), and the most versatile avionics cooling fan in our industry today.
This New blower's universal mounting bracket makes it easy to set-up and install on a verity of aircraft Install immediately on experimental, sport and soon on general aviation, business, rotor-craft, commercial class aircraft as well as Land-Mobile, Marine and Military Vehicles.
Specifications: * Light Weight: 52 grams, 0.115 lbs * Enclosure: Aluminum, (powder coated) * Vdc, amperage: 12 = 10.2-15.8Vdc, 0.320ma * Vdc, amperage: 24 = 18.2-28.5Vdc, 0.300ma * 1 port = 5/8 inch x 1.0 * Max Static pressure: H2O = 0.64 * Max Air Flow: 6.7 CFM * Universal Mounting Bracket: (4)(mt)(h) * Operating Temp: -55C to +70C * FAA-PMA (pending), 6-30-08 * Ultra-Small Size: 2.0H x 1.00W x 2.0L * Easy Installation: (4 x 6-32) * 1 year Limited Warranty

Description	Part No.	Price
Lonestar 12 VDC Blower Kit LS03-02040	11-06567	$129.95
Lonestar 24 VDC Blower Kit LS03-02041	11-06568	$129.95

SANDIA SAFE 328 - 3 PORT COOLING FAN

The SAFE 328 is a three port blower that can effectively cool a complete avionics suite. Providing a nominal 20 CFM of cooling air (no load), the SAFE 328 provides an alert output should the blower RPM drop below a preset level.
Specifications: • Operating Voltage: 28Vdc • Current Draw: 400 MA Nominal (550MA stratup) • Size: 5.58" x 4.75" x 1.25" • Weight: 1.18 lbs.
Certification: PMA DO160D P/N 11-11301 ..... $430.00

SANDIA ACF 528 5 PORT FAN

The ACF528 is a FAA-PMA'd five port cooling fan that produces cooling air for one to five avionics units. Supplying up to 20 cubic feet of air per minute at 28 Vdc, the ACF528 can easily cool an entire stack of avionics. The ACF528 uses a brushless blower motor to provide years of reliable RunQuiet ™ operation. Specifications: * Operating Voltage: 28Vdc * Current Draw: 480mA (850mA startup) * Size: 5.13" x 6.77" x 2.1" * Weight: 1.18 lbs * Certification FAA-PMA: DO160C

P/N 11-08020 ..... $279.00

SANDIA SAFE 128 AXIAL FAN

The SAFE 128 is an axial fan that is designed to attach directly to an avionics unit's cooling port. Providing a nominal 20 CFM (no load) of cooling air. The SAFE 128 provides an alert output whenever the fan RPM drops below a preset level.
Specifications: * Voltage: 28 Vdc * Current Draw: 100mA nominal <.250mA Startup * Size: 2.36" x 2.87" x 1.44" * Weight: .25 lb. * Certification: PMA,DO160D * With Fault Detention P/N 11-08019 ..... $194.80

SANDIA SAFE 528 (5 PORT) COOLING FAN

The SAFE 528 is a five port cooling fan that provides a fault output anytime the fan RPM drops below a predetermined value. The SAFE 528 is ideal for use with flight display systems that require cooling as part of the certification. The SAFE 528 uses a brushless DC motor to provided 20 cubic feet of air with reliable RunQuiettm operation.
Specifications: * Operating Voltage: 28Vdc * Current Draw: 400 MA Nominal (550MA stratup) * Size: 5.13" x 6.77" x 2.1" * Weight: 1.23 lbs. * Certification: FAA-PMA Pending P/N 11-08017 ..... $550.00

AV

XCOM & TRIG TRANSCEIVERS

XCOM VHF TRANSCEIVER

With low power consumption this radio is ideally suited to use in gliders, homebuilts, and ultralights. A full 6-Watt carrier and 20 Watt PEP output ensure that you will be heard above the general chatter in a busy airspace and the VOX intercom system with music input will enhance your enjoyment of the flight. With expanded receive range from 108 MHz, the XCOM760 provides NOAA Weather reception ensuring that you are always aware of impending weather conditions.The XCOM 760 will also operate down to a 108 MHz so you can receive the VOR channels. Additional safely enhancements such as duel watch allows the pilot to listen to the standby frequency while still monitoring the primary frequency. The XCOM 760 also has 99 memory channels, large volume and channel selector knobs and well spaced buttons. This radio is extremely easy to operate even when wearing flight gloves and you can even check the condition of your battery with the built in voltage monitor. Software update capability and Internet downloads mean that you are always provided with the latest features.

760 VHF Panel Mount P/N 11-02206.....$1,553.00
Side by Side Standard Harness ..... P/N 11-07387..... $349.00
2 place 3 ft. harness with jacks attached
P/N 11-11934..... $147.95

XCOM INSTRUCTIONAL DVD

Instructional DVD explaining the complete operation and set-up of the XCOM VHF Transceiver. 30 minutes duration. P/N 11-05674 ..... $4.95

XCOM GLIDER BOOM MICROPHONE

Boom Microphone - More than 1200 made and used all over the world, 3 year guarantee.
P/N 11-05675.....$199.95

XCOM GLIDER SPEAKER

Glider Speaker - Clear sound and easy to understand 5 watts output 8 ohm.
P/N 11-05676..... $48.00

XCOM VOLTAGE CONVERTER 15-38V

Switch mode voltage converter with soft shutdown and intelligent control. Input Voltages 15 to 38 Volts, Output 13.2 Volts 7 amps. Compact, efficient, short circuit protected, reverse polarity protected, overload protected. Perfect for warbirds. Made in the UK. Lightweight 195 grams (6.8 oz), Mounting bracket supplied.
P/N 11-05680..... $210.95

XCOM STEREO VIDEO PATCH CABLE

Seamlessly connect a Stereo or Mono Video Camera, Tape Recorder or Digital Voice Recorder into your aircraft headsets and record all communications between the Pilot and Co-Pilot, ATC and other Aircraft. Perfect for making your own aviation videos with crystal clear narration, flight training or many other uses.
P/N 11-05658.....$43.00

XCOM REMOTE HEAD

he newest addition to the XCOM range is the XCOM VHF Remote Head option. Interfacing with the XCOM VHF, this tiny unit provides remote access to all of the capabilities of the XCOM VHF Radio in one quarter of the space. Ideal for training situations, tandem seat aircraft, limited space installations or simply to provide easy access for both pilot and co-pilot, this unit duplicates the entire XCOM VHF display and provides full access to all functions (except power on) from the front panel of the radio. The connection between the remote head and the XCOM VHF radio is via a simple cable allowing all of the controls on either panel to be duplicated on the remote. When the master unit is changed, the remote head follows and vice versa. For example, if the pilot in the front seat of the aircraft adjusts the radio to 123.450 then the remote display also adjusts to show 123.450. If the toggle button is pressed on the remote, then the frequencies are toggled on both units. All of the XCOM features apart from powering on can be duplicated with a remote head option. The remote head is extremely small, being less than 1 1/2" deep (40mm), allowing it to be installed in places where the XCOM will not fit such as in the very tight confines of the panel in the Pitts Special

P/N 11-04399 ..... $394.00

TRIG TY91 VHF RADIO SYSTEM

The majority of GA users including light sport, ultra-light, glider and balloon pilots will fit the Trig TY91 radio, this lower powered 6 watt model is ideal for the majority of applications. Compact size, low weight - takes minimal panel space, only 74mm deep. 8.33 and 25 kHz channel spacing. Dual watch – monitor two frequencies at the same time. Unique 'Push Step' feature provides the fastest frequency selection. Low power consumption. 6 Watts nominal output. Simple installation. EASA ETSO and FAA TSO certification. Unbeatable value and quality – designed and manufactured in the U.K.. Two year worldwide warranty.

Features:

- Can be set at 25 kHz and 8.33 kHz
- Receiver - Class C, Class E / Transmitter - Class 4, Class 6
- 6 Watt power output
- Compact and light weight
- Take up minimal space and weight
- Dual watch and two place intercom
- Operation is simple, rapid frequency selection
- Nine programmable memories
- Can be battery operated
- Full certified
- Compliments Trig's TT21 and TT22 Mode S Transponders
- Flexible installation options due to 2 piece design
- Can be mounted in a standard 2 1/4" hole or even smaller compact mount
- Once fitted, the depth of the radio control head is less than 1 1/2" deep
- Crisp display, visible in all lighting conditions
- TY91 is a lower powered model, ideal for light sport, ultra light, glider and balloon pilots and majority of GA users

P/N 11-10721 .....$1,739.00

ELECTROLYTIC CAPACITOR

Electrolytic Capacitor - 22, 000 uF 25V and absolute requirement to prevent regulator spikes on Rotax, Jabiru and other engines, the manufacturer recommend installing the electrolytic capacitor in nearly every installation to help protect your radio and other avionics from over-voltage.

FREE FLIGHT TRA 3000 RADAR ALTIMETER / INDICATOR

The TRA 3000 Radar Altimeter, combined with the TRI40 Radar Indicator, provides precise AGL information from 2,500 feet down to 40 feet. This real-time system offers an extra measure of operational safety during landing, navigation, and hovering. It is especially useful in flying search and rescue missions, forestry operations, pipeline maintenance, offshore helicopter operations, aeromedical emergency medical services, border patrol, and electronic news gathering operations. The transmitter / receiver and antenna fit in a single lightweight & aerodynamic unit that is easy to install.

TRA 3000 with TRI 40.....P/N 10-02519 .....$6,095.00

FREE FLIGHT RA-4000 RADAR ALTIMETER

Intended for Experimental Aircraft use only.

For critical flight regimes, the new TSO-certified RA-4000 Radar Altimeter provides today's pilots with highly accurate and reliable above-ground-level (AGL) information. This real-time system enhances operational safety during approaches, nighttime operations, and hazardous flight above rough terrain. One of our newest radar altimeters, the RA-4000 is especially valuable when flying search and rescue missions, forestry operations, pipeline maintenance, off shore helicopter ops, aero-medical emergency services, border patrol, and electronic news gathering operations. The RA-4000 Radar Altimeter is designed to be easily integrated with electronic flight information systems (EFIS), flight director systems, and terrain awareness and warning systems (TAWS), possessing serial inputs.

Proven and precise, the RA-4000 offers improved situational awareness for a broad range of fixed and rotary wing aircraft. Designed for applications where accuracy is needed down to zero feet, such as helicopter and seaplane operations, the RA-4000 provides precise AGL information from 2000 feet down to ground level.

RA-4000.....P/N 10-03976 ..... $11,465.00

FREE FLIGHT RA-45000 RADAR ALTIMETER

Intended for Experimental Aircraft use only.

For critical flight regimes, the new FreeFlight Systems RA-4500 Radar Altimeter (TSO-C87) provides today's flight crews with dependable, highly accurate and economical above-ground-level (AGL) information. This real-time system enhances operational safety during approaches, nighttime operations, and hazardous flight above rough terrain. The newest radar altimeter model, the RA-4500 is especially valuable when flying search and rescue missions, forestry operations, pipeline maintenance, off shore helicopter ops, helicopter emergency medical services (HEMS), other aero-medical emergency services, border patrol, and electronic news gathering operations. The RA-4500 Radar Altimeter with its ARINC 429 output can be easily coupled with modern electronic flight information systems (EFIS), flight director systems, and Terrain Awareness and Warning Systems (TAWS). Proven and precise, the RA-4500 offers improved situational awareness for a broad range of fixed and rotary wing aircraft. Designed for applications such as helicopter and seaplane operations where accuracy is needed down to zero feet, the RA-4500 provide precise AGL information from 2000 feet down to ground level.

RA-4500.....P/N 10-03977 ..... $12,545.00

AIRCRAFTSPRUCECANSELLTHESEFREEFLIGHTPRODUCTS FOR INSTALLATION IN EXPERIMENTAL AIRCRAFT ONLY.

TRIG TT21 MODE S TRANSPONDER

Trig makes the world's smallest and lightest Mode S certified GA transponders. The TT21 Trig compact transponder can fit into to the tightest panel space. This allows general aviation, light sport and glider pilots to fit other instrumentation or displays that otherwise might not have been possible. The TT21 is a class 2 transponder and our most popular compact transponder model. Compact size - takes minimal panel space, fits in a standard instrument hole. Integrated altitude encoder. Certified for IFR / VFR flight. Certified class 2 transponder 130 watts nominal output. Low weight – 440g (0.8 lbs). Low power consumption. 1090ES ADS-B Out capable. EASA ETSO and FAA TSO Certification – includes TSO C166b the latest ADS-B standard. Unbeatable value and quality – designed and manufactured in the U.K.. Two year worldwide warranty.

Features: • Low Weight • Minimal Panel Space • Low Power Consumption • 130 Watts Nominal Output • Integrated Altitude Encoder • Simple Installation • Easy to Use Rotary Knobs • Support for ADS-B Out.

TT21 Mode S Transponder Complete Kit.....P/N 11-07999.....$2,295.00
Install Kit.....P/N 11-09755.....$176.95
Mounting Tray.....P/N 11-09758.....$33.85
RAM Cradle UNI Thick Tablets.....P/N 11-09768.....$22.17
TC20 Control.....P/N 11-09762.....$580.00

TRIG TT31 MODE S TRANSPONDER

Trig's TT31 transponder is the perfect retro-fit for the popular Bendix King KT76A and KT78A transponders. The TT31 is a certified Class 1 transponder which will 'plug and play' straight into the existing Bendix King tray. This significantly reduces both installation time and cost. It provides pilots with class leading Mode S technology that is also 1090ES ADS-B Out capable too (ADS-B functionality requires a Trig tray). Retrofit – 'plug and play' installation for KT76A and KT78A transponders. Certified Mode S and 1090ES ADS-B Out capable. Certified for IFR / VFR flight. Lowest power consumption in class. 240 watts nominal output. Great functionality and performance - TIS traffic capabilities. Backlit LED display. No cavity tube – no warm up time required. No need for dropper resistors. EASA ETSO and FAA TSO Certification - includes TSO C166b the latest ADS-B standard. Unbeatable value and quality - designed and manufactured in the U.K.. Two year worldwide warranty.

Features: • European Mode S • Low Power Consumption • No Cavity Tube • 240 Watts Nominal Output • Plug and Play Installation • Backlit LCD Display • Easy to Use Rotary Knobs • Timer/Stopwatch Function • Altitude Monitor • Certified 1090ES ADS-B out

TT31 Mode S Transponder.....P/N 11-07997 .....$2,749.00
TT31 Mode S Transponder Replacement KT-76X
P/N 11-07998 .....$2,733.00

TRIG TY92 VHF RADIO SYSTEM

The TY92 is a high power performer, the perfect VHF comm radio for heavier aircraft and high performance types. It's the ideal retro-fit radio that can be installed out with the main avionics stack providing the option of a standby radio. Just like the TY91 the TY92 takes up minimal space and weight but is designed for aircraft with a 28 volt supply. Compact size, low weight - takes minimal panel space, only 74mm deep. 8.33 and 25 kHz channel spacing. Dual watch – monitor two frequencies at the same time. Unique 'Push Step' feature provides the fastest frequency selection. High Power Output – designed for 28 volt systems. 16 Watts Nominal Output. Simple Installation. EASA ETSO and FAA TSO certification. Unbeatable value and quality – designed and manufactured in the U.K.. Two year worldwide warranty.

Features: • Provides more installation options while saving space with a control head and separate radio hardware • Certified for 25 kHz and 8.33 kHz VHF transceiver • Requires minimal space and weight - can be mounted in a 2.25-inch round hole or in a smaller compact mount; when installed, the control head is only 3 inches deep • Equipped with 9 programmable memories and a dual watch function that allows users to monitor standby frequency • Simple installation • 16 watt version (see 01079-00 for 6-watt version) • Perfect partner for Trig's TT21 and TT2 Mode S transponders • Approved for fitting to European and FAA-registered aircraft • Easily operable with gloves • Includes a built-in speaker amplifier and two place intercom. P/N 11-11344 .....$4,075.00

AV

ACK A-30 ALTITUDE ENCODER

Add Mode C capability to your aircraft the most cost-effective way. The ACK encoder is the smallest, lightest, highest quality encoder available today and features the latest solid-state electronics for high reliability. Installation is quick and easy and usually is completed in less than 1 hour. It is compatible with most transponders in use today and reports altitude to 30,750 ft. Includes quick-release mounting tray, 4-ft. color-coded wiring harness with prewired jack, static line and fittings for installation in any aircraft, and installation manual with popular transponder pin-outs. 3yr. warranty. P/N 11-01561 ..... $197.00

ACK A30.9 (MOD 9) ENCODER

The ACK A30.9 (Mod 9) encoder is ideal for use with most GPS and TAWS systems, and works well with most of today's mode S transponders. Feature Gray code in 100ft. increments and RS-232 in 10 or 100 feet increments. Furnished with a 4 ft. harness, pre-wired jack, quick release mounting tray, fittings, static line, and installation manual. Reports altitude to 42,000 ft. One Year Warranty. P/N 11-02375 $248.00

AMERI-KING ALTITUDE ENCODERS

The Ameri-King AK-350 is the most advanced blind altitude reporter on the market, extremely accurate and reliable, the AK-350 is compatible with all transponders, is TSO-C88 approved, and reports altitude to 30,000 ft. Only 3.5"x 2"x 4.75" and weighs 0.4 lbs. Perfect for pressurized or non-pressurized installations and uses 14V or 28V power. Installation is very simple; all accessories and installation instructions are included. 3 year extended warranty. The AK-35, AK-40 and AK-50 encoders are designed for aircraft flying at altitudes higher than 30,000 ft.

Model #	Max. Altitude	Part No.	Price
AK-350	30,000 ft.	11-12010	$169.95
AK-35	35,000 ft.	11-12011	$387.00
AK-40	40,000 ft.	11-12012	$520.00
AK-50	50,000 ft.	11-12013	$787.00
AK-60	62,000 ft.	11-01250	$1,320.00

TRANS-CAL ALTITUDE ENCODER MODEL SSD120-30N

Reliable service for over 10 years. * Pin for pin replacement for most other manufacturers encoders. * Comes with Mating Connectors with Cable Clamps, and Mounting Bracket. * Optional: Available with two independent RS232 serial data ports selectable message protocols for most popular avionics interfaces. Programmable for 100' and 10' resolutions. See Part No. 11-06983 * Optional: Available with adapter plates that will allow the installer to mount the unit in another manufacturers mounting tray. Specifications: * Size: 2.5"W x 3.42"H x 1.38"L.* Weight: 5.9 oz. * Will operate on either 14 or 28 VCD at 0.270 Amps.

There are two versions of this model:

• Standard Version SSD120-30N

• Version SSD120-30N-MOD1 for NARCO AT-5A, 6A, 50, 50A Transponders. The Narco AT-5A, AT-6A, AT-50* or AT-50A transponder will not accept data from the SSD120-(XX)N() Altitude Digitizer. A recent modification to remove the output decoupling capacitors is required and this version includes that modification.

SANDIA SAE5-35 ALTITUDE ENCODER

The SAE5-35 altitude encoder from Sandia is small (1" high), lightweight (12 oz.) and utilizes Gillham Grey code in 100' resolution for optimum performance and accuracy. Features two RS232 outputs in 10 foot resolution, simplifying installations. All connectors are on the same side for easy mounting, and digital calibration eliminates analog drift. Altitude In-Flight Monitoring (AIM) mode alerts the pilot when he strays off altitude. Requires virtually no warm up time and uses very little power. Fully TSO'd and backed by factory 3 year warranty. Power: 11-33VDC. P/N 11-00665 ..... $384.00

SANDIA SAC 7-35 AIRDATA COMPUTER

The SAC 7-35 is FAA TSO Approved as an altitude encoder. It provides standard Gillham Grey code for legacy transponders and RS-232 data for the new generations of transponders. Altitude Alerting. The SAC 7-35 has SANDIA Aerospace's exclusive AIM (Altitude Inflight Monitoring) that alerts the pilot anytime he deviates more than 100 feet from his selected altitude. Fuel Flow. The addition of a fuel flow transducer (two for a twin) and your SAC 7-35 provides all the fuel flow data your navigation systems needs to monitor your fuel situation. Airdata Computer. The SAC 7-35 is a full up TSO'd Airdata Computer offering all of the functions and capabilities of systems costing thousands of dollars more. The SAC 7-35 has multiple interface formats that allow it to provide data to a wide variety of avionics systems. Designed and manufactured to most exacting standards, you can depend on SANDIA Aerospace products to provide years of reliable service. And every product is backed by a three year warranty and personal service support.

P/N 11-07938 ..... $2,176.00

SANDIA SAC 7-35-01 AIRDATA COMPUTER

The SANDIA aerospace SAC 7-35-01 is an airdata computer and data translator that interfaces the Garmin 400W/500W navigators Downlinked Aircraft Parameters in ARINC 429/743 format to the Collins TDR 94D for ADS-B out capabilities.

Note: Interfaces with Garmin 400W/500W navigators.

Functions:

Altitude Encoder. The SAC 7-35 is FAA TSO Approved as an altitude encoder. It provides standard Gillham Grey code for legacy transponders and RS-232 data for the new generations of transponders.

Altitude Alerting. The SAC 7-35 has SANDIA Aerospace's exclusive AIM (Altitude Inflight Monitoring) that alerts the pilot anytime he deviates more than 100 feet from his selected altitude.

Fuel Flow. The addition of a fuel flow transducer (two for a twin) and your SAC 7-35 provides all the fuel flow data your navigation systems needs to monitor your fuel situation.

Airdata Computer. The SAC 7-35 is a full up TSO'd Airdata Computer offering all of the functions and capabilities of systems costing thousands of dollars more. The SAC 7-35 has multiple interface formats that allow it to provide data to a wide variety of avionics systems.

P/N 11-09321 ..... $4,194.00

AIRCRAFT CABIN SPEAKERS

Engineered for 10,000 hrs. of performance, (minimum), these flame retardant speakers sound clearer and last longer. The magnet assemblies are heavier than original equipment, yet the overall speaker depth is only 2". The voice coils are heat-proof to withstand high power levels & the gaskets are treated with a moisture barrier, for unprecedented reliability. P.C. = Pin cushion.

Part No.	Size in inches & Description	Mag. Wt. (oz.)	Imp. (ohms)	Prog. Power Watts)	Depth	Price
11-04649	6 x 4 x 1.878 P.C. Oval	4.8C	3.2	10	1.550	$31.65
11-04646	6 x 4 Round	4.8C	3.2	10	2.018	$27.85

MICROAIR EC2002 ALTITUDE ENCODER

EC2002 will accurately report the aircraft's altitude from -1000 to +35,000ft. The altitude output will be via the 10 line Gillham "Gray" code. Accuracy has been measured as a 40 foot drift over 35,000 feet. Lowest power requirements of any altitude encoder today. Typical current consumption of 10 – 90mA, this makes it the logical choice for all battery only operators. Small size and light weight make installation very simple. The chassis is flanged, and is predrilled with mounting holes for easy attachment. The connections consist of the well know DB-15 electrical connector with pin assignments identical to many existing encoders, and a 1/8" NPT fitting which is an industry standard for aircraft equipment. These connections make it compatible with all ATC transponders currently available. P/N 11-05105 ..... $294.95

AV

BECKER MODE S BXP-6403-2

The BXP6403-2-(01) is a compact and light-weight single block Mode-S transponder. It is certified according to ETSO-2C112b and is suited for VFR and IFR operations up to 15000 feet. The transponder is equipped with extended squitter and SI code function and it provides an interface to the central aircraft data system. Provides ADS-B via extended squitter. The BXP6403-2-(01) is designed for slide-in mounting (tray available) and fits into a 160.3 x 41.28 mm cut out. The use of an adapter (available as accessory) allows for retrofit in a KT 76 A tray.

Description	Part No.	Price
Bxp6403-2-(01) - Mode S Transponder with installation kit for retrofit of kt76a - for vfr installation type 175 watt power output, extended squitter	11-06608	$2,995.00
Bxp6403-1-(01) - Mode S Transponder with installation kit for retrofit of kt76a - for ifr installation type 250 watt power output, extended squitter	11-06609	$3,695.00
Mode S Tansponder with installation kit for new installation. Class 2 for vfr installation type 175 watt power output, extended squitter	11-06694	$3,085.00
Mode S Transponder with installation kit for new installation. Class 1 for ifr installation type 250 watt power output, extended squitter	11-06695	$3,465.00

BECKER RFA6403-1 RETROFIT ADAPTER FOR KT76A

Attach the RFA6403 adapter to the back of any Becker BXP6403 Mode A/C/S transponder and make it a "slide-in" replacement for a KT-76A transponder.

P/N 11-11462 ..... $326.00

BECKER ATC 4401 175W MODE C TRANSPONDER

The ATC 4401 has been designed as a part of the Becker Compact Line for all aircraft and helicopters where small dimensions and light weight are essential. It has the same look and similar size as the successful transceiver AR 4201. The mounting behind the panel is as simple as for the AR 4201. In The Box: • ATC 4401 175W Mode C • Connector Kit (Solder type) Specifications: • Weight: 1.59lbs • Width: 2.41in • Length: 2.41 in • Depth (w/0 connector): 7.55in • Warranty: 2 years • Power Requirement: 14-28 VDC• TSO/JTSO C74c, C88a

ATC 4401 175W ..... P/N 11-01094 ..... $1,995.00
ATC 4401 250W ..... P/N 11-01095 ..... $2,291.00
ATC 4401 Harness ..... P/N 11-07874 ..... $160.00

BECKER BE6400-01 BLIND ENCODER

The BE6400 blind encoder is designed with an integral plug to allow direct mounting to any Becker transponder. It also incorporates a built in port for simple connection to the static system. Other features include reporting increments of 100 feet and altitude capability up to 20,000 feet.

P/N 11-11461 ..... $348.00

BECKER AR 6201 TRANSCEIVER

Smaller and lighter than its legendary forerunner AR 4201 due to implementation of state-of-art DSP (Digital Signal Processing) technology. It is mountable in the 2 1/4 inch standard instrument panel recess, equipped with a highly efficient AM-transmitter, offering easy switching between the 8,33 and the 25 kHz mode. A built-in-test facility increases flight safety. The dual monitor mode allows scanning of two different channels. Specifications: • Frequency from 118.000 MHz to 136.990 MHz • 8,33 or 25 kHz channel spacing • RF-Output Power: > 6 W • Supply voltage 9 to 36 V DC

AR6201 with 8.33 kHz / 25 kHz spacing ..... P/N 11-08550 ..... $1,838.00
AR6201 with 25 kHz Spacing only ..... P/N 11-12272 ..... $1,628.00
Wiring Harness ..... P/N 11-07086 ..... $233.95

BECKER BXP6401-2-(01) MODE-S TRANSPONDER

Single block Mode-S transponder. It is certified according to ETSO-2C112a and is suited for VFR and IFR operations up to 15,000 feet. Equipped with extended squitter and SI code function and it provides an interface to the central aircraft data system. It allows ELS, supports EHS, as well as ADS-B via extended squitter. Designed for panel mounting and fits into a 2 ¼ inch cut out.

BXP6401-2-(01) ..... P/N 11-05326 ..... $2,895.00
Becker 1K6401 Harness ..... P/N 11-07192 ..... $200.00

BECKER CU 5401 CONTROL UNIT

The CU 5401 - ( ) control unit is designed for installation in the instrument panel of aircraft. The dimensions of the unit correspond to the ARINC standard for instruments. All controls are located on the front panel of the unit. The 15-pole unit connector is mounted on the back of the control unit.

CU 5401 Control Unit ..... P/N 11-07858 ..... $789.00
ATC 4401 Remote Harness ..... P/N 11-07320 ..... $160.00

BECKER GK 615 PORTABLE VHF STATION

The carrying case contains the battery, speaker, antenna socket, the 5 way DIN socket for the microphone or microphone speaker and the voltage converter. A microphone, a headset or a helmet (ultra- light) can be connected to the 5-way DIN socket. The built-in battery is a maintenance-free recharge- able 12 V / 2 Ah dry lead acid battery. The transmitter power is approximately 5 to 7 W. Charging voltage can be varied between 10 V and 32 V. Charging time approx. 8 hours. The nominal operating time for the portable VHF station is approximately 6 hours at a keying ratio of 1:10 normal ra- dio traffic) and transmitter output power of 5 W. Reception is then still guaranteed for a further 2 hours. The transceiver contains a monitoring stage for the battery voltage which is activated when the unit is switched on. "LOW BATT" is indicated (Appearance about every 5 seconds) if the supply voltage of the transceiver is below the threshold defined in the installation setup. The transceiver is still operable. Depending on supply voltage transceiver may have a reduced performance. Below 10 V speaker out- put is switched off. The portable VHF station is ready for operation after the antenna is screwed in place and microphone plugged in.

Features: • Frequency Range: 118.000 MHz to 136.990 MHz • Channel Spacing: 8.33 or 25 kHz • Channel Selection: 8.33 or 25 kHz (selectable) • RF-Output Power: > 6 W (carrier power) • Receiver Sensitivity: > 12 dB sinad for 2 uV.

Model No.	Watts	Description	Part No.	Price
0940.472 923	5	Becker GK 615-5 Portable VHF Station	11-12319	$3,023.00
0940.432 923	10	Becker GK 615-10 Portable VHF Station	11-12320	$3,569.00

BECKER CU 6401-1 CONTROL UNIT

Control Unit for the BXP 6402 series transponders. Together with the Mode-S transponder BXP 6402, the control unit CU 6401 forms the aircraft part of the air traffic control system.

CU 6401-1 P/N 11-07859 ..... $1,033.00

BECKER BXP6402-2-R TRANSPONDER

The BXP 6402-2R-(01) remote controlled Mode-S transponder forms, together with the corresponding control unit, the airborne component of the Air Traffic Control (ATC). It functions in accordance with the secondary radar principle and allows air traffic control to locate, identify and track aircraft.

BXP 6402-2 150W Remote ..... P/N 11-07860 ..... $2,630.00
BXP 6402-1 250W Remote ..... P/N 11-07861 ..... $3,320.00
BXP 6402 Remote Harness ..... P/N 11-07195 ..... $295.00

BECKER ATC 4401-2-175 TRANSPONDER

The ATC 4401-2 remote controlled transponder forms, to gether with a corresponding control unit, the airborne component of the Air Traffic Control Radar Beacon System ATCRBS. It functions in accordance with these secondary radar principle and allows the respective ground stations to locate, identify and track aircraft.

ATC 4401-2 175W Remote ..... P/N 11-07846 ..... $2,195.00

FLIGHT HUB GX WITH HARNESS

Flight Hub GX streamlines avionics by replacing unreliable splices with a simple plug-and-play box paired with a powerful diagnostic tool.
Flight Hub GX is revolutionizing avionics wiring by eliminating unreliable splices and disorganized cables. The Flight Hub GX is a passive plug-and-play device that contains a unique diagnostic tool. Instruments are connected to Flight Hub GX with manufacturer provided mil-spec wiring harnesses to provide robust connections and diagnostic capabilities. The integrated patent pending diagnostic tool allows a service technician to easily test signals and find problems to reduce down time and increase TIME TO FLY. Flight Hub GX meets the installation requirements of Garmin, Bendix King, PS Engineering, and Avidyne. Flight Hub GX patent pending.
Specifications: • Weight: 2 lb. • Length: 10.1 in. • Width: 5.4 in. • Height: 1.7 in.....P/N 13-14950.....$4,750.00

APPROACH SPORT HUB AVIONICS WIRING SYSTEMS

Simply install the appropriate Approach hub for your instrument panel (basic, VFR or IFR), select the appropriate Approach cables for your avionics, and plug it in and your done. Upgrading and replacing avionics only requires a new Approach cable and future maintainability is greatly enhanced eliminating most hand writing and troubleshooting. All cabling is Milspec Tefzel and complies with FAA AC43-13B.

STEP 1: Select the appropriate Approach Hub for your instrument panel configuration.
Basic instrument panel configuration .....P/N 11-01457..... $199.95
VFR instrument panel configurations .....P/N 11-01458..... $372.95
IFR instrument panel configurations .....P/N 11-01459..... $575.00
Pro G Hub for Garmin Stacks.....P/N 11-01893..... $489.95
STEP 2: choose the Approach cables for your specific avionics.

MICROAIR MIC-45 MICROPHONE BM470D

A flexible gooseneck microphone. Mounting consists of a steel plate, with right angle flange for attachment of the flexible boom. Boom is fabricated from flexible aluminium conduit, with a conical aluminium housing at the tip to accommodate the microphone capsule. Offers superior noise cancellation and is terminated with a single core shielded 24awg wire. Approx 3m of free wire is provided for connection to the radio. Length: 470cm (18.5"). Cable Length: 3m (9' 8"). Weight: 480g (17oz). Microphone type: Omni directional with effective range 25-100mm (1-4"). Current Drain: 5-10mA Impedance: (600 ohm). Sensitivity: -80dB. Frequency Response: 60Hz to 12Hz

MICROAIR 760 COM REVISION P

Designed and manufactured in Australia, the Micro Air 760 VHF transceiver is ideal for aircraft requiring compact size and low power consumption. It has many of the features not found in radios costing much more and includes features not available in any other units. It's compatible with a variety of speaker & microphone combinations including all general aviation microphones. Standard model mounts in a standard 2-1/4" panel hole and weighs only 19.4 oz. It has been proven in high noise environments such as Rotax 2-stroke engines and is excellent for gliders, Ultralights, a general aviation aircraft. A unique LED multifunction annunciator located at the top right of the unit provides several alerts, and an external memory toggle switch allows remote control of the memory frequencies. Transmit output: 4W, Size: 2.56" x 2.44" x 7.779"d, 14V.

MICROAIR T2000 TRANSPONDER

The Microair Avionics T2000SFL Transponder is a mode 3A/C aircraft transponder designed to operate in an ATCRBS environment. The T2000SFL has been designed to meet RTCA/DO-144 requirements, and has been tested to DO-160D for environmental and EMC requirements.
The T2000SFL software has been developed and approved under RTCA/DO 178B requirements. The T2000SFL is a small lightweight transponder with low power requirements. The T2000SFL is compatible with any C88a compliant altitude encoder, and offers the following features: * Mode 3 A response (4096 codes) * Mode C altitude response * SPI indent response * Encoder Altitude displayed * Altitude Alert (HI / LO) * Voltage alter (OV / UV) * Security coding of serial number * Option to power encoder only in mode C operation.

MICROAIR T2000UAV-L TRANSPONDERS

A special version of the T2000 Transponder, designed for operation in unmanned aircraft. This product is NOT TSO'd due to the OEM nature of the management software. It can help you to open ATC controlled airspace for your product, by making the UAV visible to ATC controllers. The UAV operator will be able to enter an ID code given by ATC, into the T2000UAV-L, to make the UAV uniquely identifiable. Transponder capability will make your UAV visible to TCAS operators, which affords great safety for commercial aircraft operators. The transponder will reply to all mode A and mode C interrogations, and will accept barometric altitude Gray scale (Gillham Code) data. It was designed for very low power consumption, which permits prolonged operation on battery. Can however still pulse out a 200W signal. Light at only 454g (16oz), and easy to istall. Available with either a standard BNC connector or standard TNC connector loaded on the rear face of the chassis.
T2000UAV-L TNC Connector.....P/N 11-07934.....$2,990.00

PS ENGINEERING – AUDIO PANELS

PS ENGINEERING PAR100EX AUDIO PANEL

Eliminates the need for a stand alone radio. The small 4 X 4 X 2 inch remote mounted radio can be mounted anywhere. Includes their audiophile stereo intercom (4 places) and has their IntelliVox®, an automatic VOX. Enhanced IntelliVox® so it will accommodate even the noisiest of cockpits, including some open cockpits. You can pair any phone or Bluetooth® enable audio device. Fully independent power supplies. If you have a Navigator/Com, you can use it as Com 1 and use their remote radio as Com 2. Uses the same tray and connector as the GMA240, GMA340, PMA8000 series. However, there is additional wiring that is required to interface the Com Radio to the audio panel. Dimensions: Height: 1.3" Width: 6.25", Depth: 7.15" Weight: 1.34lb.. Note: Experimental Aircraft Only! P/N 11-09708.....$2,295.00

PMA 8000B AUDIO PANEL

Front-mounted, 2.5mm multipurpose jack give pilots unprecedented access to their audio panel, allowing connections to cell phones, portable music devices, or audio announcements directly into the audio panel. 6 user configurations that are front panel selectable. Original Karaoke Mode™ can be activated by pressing the front panel "Mute" button, allowing the music to be placed in the background while interruptions to the music will be eliminated. Pilot can receive and transmit on the selected VHF COM with ATC as well, for seamless integration in the cockpit. (Cellular telephone use in flight is not permitted, but remains a convenient and safe way to contact air-traffic control or a weather briefer while on the ground.) Six different configurations can be selected from the front panel. Internal Recording System (IRS) is now standard equipment. Backward compatible with the PMA 8000. Note: Use of the front panel jack is restricted to advisory information only, from portable systems. Signals required for certified equipment must be interface in accordance with their specific installation manuals.Specifications: Height: 1.3 inches, Weight: 6.25 inches, Depth: 7.15 inches, Weight: 1.34 pounds, Power Required: 12 to 24 VDC, Warranty: 3 Years, Unit is TSO'D.

PMA 8000B Audio Panel.....P/N 11-04354.....$1,595.00

Cell Phone Cable.....P/N 11-04376.....$28.95

PS ENGINEERING PMA8000D AUDIO PANEL

The PMA8000D is a ship set of two. With digital interface control, the pilot is always in control while allowing the copilot to off load not only radio communications, but also allow access to the passengers without interrupting the pilot. With two independent Bluetooth® interfaces, any one of a number of configurations will allow distribution of telephone and music. And like all of our PMA8000 series, there are front panel configuration that allows both the pilot and copilot to configure the intercom to best suite the needs of the cockpit crew and passengers. P/N 11-10774.....$6,995.00

PS ENGINEERING PMA8000C AUDIO PANEL

The front-mounted, 2.5mm multipurpose jack give pilots unprecedented access to their audio panel. Connect any Bluetooth® enabled phone into the audio panel for unprecedented amount of flexibility, both for phone calls as well as music streaming. It may also be possible to connect two different Bluetooth® devices at the same time. Three different configurations can be selected from the front panel, such as how the music is distributed, the way the intercom functions, and selecting the new Monitor Function. Monitor mode allows the pilot to designate one com radio as primary, while having the second com as the secondary audio source. When there is radio activity on the primary radio, the secondary com radio will temporarily mute. The Monitor mode will change your IFR approach environment, eliminating having to try to decipher two simultaneous radio receptions.

P/N 11-10773.....$1,895.00

PS ENGINEERING PAR200 AUDIO PANEL WITH COM RADIO

First FAA Certified Audio Panel with Com Radio! Combines an audio control panel, high fidelity 4-place stereo intercom with IntelliVox®, Bluetooth® connectivity, and a remote mounted EASA/FAA Certified Trig Avionics VHF aviation communications transceiver. Included in the audio panel is a highly acclaimed 4-place IntelliVox intercom. Even has the ability to set it for unusually high noise environments. Even open cockpits. A built-in 10 Watt speaker amplifier allows headset free aircraft radio listening. Included is a trademarked Bluetooth® technology; pairing of phone or Bluetooth® enable audio devices is easily and wirelessly achieved. P/N 11-11978.....$2,595.00

PS ENGINEERING PMA 6000B SERIES AUDIO PANEL / INTERCOMS

4-place mono intercom and now sports the same style tray and chassis the PMA8000B uses. The new sleek bezel is populated with tactile Elastomeric pushbuttons We have also changed from the two 44-pin Molex connectors to a single 44-pin sub-D connector, making the harness a lot easier to build. ..... P/N 11-08074 ..... $995.00

PMA 7000B/7000H AUDIO PANEL

Note: Slide in replacement for KMA 24 & KMA 28. Nice for upgrading an existing Bendix/King KMA 24 audio panel. KMA 24 pin compatible. None of the existing wires going to the KMA 24 have to be disturb. Renown 6-place IntelliVox® automatic Voice Operated Relay (VOX) intercom system. Provides 3-com capability with the option to easily convert Com 3 to a full duplex cellular telephone interface. Also has the pioneered "Split Mode". Allows the pilot to be on Com 1 while the copilot is on Com 2. Also expandable to accommodate up to 12 places (10 passengers) with the addition of the 11606 IntelliPax. Has four un-switched and un-muted inputs. * Height: 1.3 inches * Width: 6.25 inches * Depth: 6.8 inches * Weight: 1.5 inches * Power Requirements: 12 to 24 VDC * Warranty: 2 Years * Unit is TSO'D. PMA 7000H was designed specifically for helicopter and other applications where large seat count and high end-low cost capabilities are required. Adds 3 more passenger positions (total of 7 with Pilot and Copilot seats), Cockpit Voice Recorder (CVR) output, and Push-To-Talk Intercom (PTT-ICS) function. (better known as Hot-Mic) * Height: 1.3 inches * Width: 6.25 inches * Depth: 6.8 inches * Weight: 1.5 pounds * Power: 12 to 24 VDC * Warranty: 3 years * Unit is TSO'D

PAC 24 AUDIO PANEL/INTERCOM

Designed as an upgrade/replacement for the popular KMA24 –71. Many of the enhancements include; a powerful headset audio amplifier, and high-performance IntelliVox® intercom, dual audio capability in a single box, full duplex mode for wireless operations, and expansion capability with stereo IFE input. Can accommodate 5 transceivers. A monaural system, the PAC24 can include a music input. SoftMute™ silences music during radio traffic, but allows music other times. Incorporates a split mode that will allow a single audio panel to separate two pilots on different transceivers. When combined with IntelliPax® expansion system, the dual PAC24 can be a 14-place system. The audio amplifier is capable of providing 120 milliwatts (mW) into general aviation headphones..... Horizontal Mounting.

MB 10 MARKER BEACON RECEIVER

MB 10-is a 3-light 75 MHz Marker Beacon receiver and indicator. This provides the necessary Marker Beacon lights and audio indications necessary for an Instrument Landing System (ILS) approach. A switch labeled Hi/Lo/TST allows the pilot select high or low sensitivity as well as test and mute modes. * Height: .95 inches * Width: 2.80 inches * Depth: 4.85 inches * Warranty: 1 year * Unit is TSO'D

Standard.....P/N 11-05621 ..... $695.00
Remote Mount.....P/N 11-10014 ..... $695.00

PS Engineering audio panels and intercoms can be sold over the counter but must have a PS Engineering dealer make the harness or the warranty on the unit is void.
Harnesses can be ordered from PS Engineering direct or when ordering from Aircraft Spruce.

AV

RADIORAX THE REVOLUTIONARY AVIONICS RACK SYSTEM

Radiorax provides flexibility and ease of installation for panel mount avionics. The radiorax system consists of anodized slotted rails, stainless nuts, structural strength tray screws that are four times stronger than conventional screws used in aviation, and a stainless capture system that holds each nut where it is needed during assembly. The installer is able to position the nuts in the slot exactly where they are required to install each tray. Once installed, the trays can be easily moved until the screws are fully tightened. Additional nuts can be stored in the slots for future avionics additions. RadioRax provides great strength, ease-of-alignment, easy change and modification, ehanced quality, owner satisfaction, and is very cost effective.

Description	Part No.	Price
Radiorax Kit 1010-8 for Exp. A/C	11-01376	$195.00

VAL AVIONICS NAV 2000 VHF RECEIVER

Turning back to a more traditional design ,the COM 2000 features dual concentric knob controls, displayed active and standby frequency with push button flipflop, 15 memory locations with user defined alphanumeric channel identifiers and a manual squelch control. It's 3/8" character display is easy to read from any angle and in any lighting condition. This mighty little radio's all metal construction is designed to serve all your communication needs well into the future. • Large 3/8" display character • 8 watt transmitter • 1 inch high and 9 inches long • Dual concentric knob controls • 15 memory locations with user-defined alphanumeric channel identifiers • Non-volatile memory • Manual squelch control • All machined aluminum construction • RS232 interface • Photocell dimming. P/N 11-10569.....$1,165.50

VAL AVIONICS COM 2000 VHF TRANSCEIVER

COM 2000 continues the tradition of hard working, affordable avionics by Val Avionics. The smallest panel mounted COM radio available today. Features dual concentric knob controls, displayed active and standby frequency with push button flip-flop and a manual squelch control. It's 3/8" character display is easy to read from any angle and in any lighting condition. All metal construction. 0 P/N 11-06411 .....$985.00

FC-1 FLIGHT COMPANION

Multi functional electronic instrument that incorporates a sophisticated audio interface system with a high level input to accept external MP3, GPS and Cell phone products, a highly accurate digital Altitude Alert System, a digital Tank Timer for fuel Management, and a power management system designed to get the most out of its on board battery. By plugging the unit directly into the existing headphone jacks (phones and mic) the unit performs a seamless interface connection that allows the pilots headphones to continue to use the ships audio while at the same time provides the Aux I/O to be used with an MP3, Iphone, or Blackberry. Internal Altitude Alert System is built around the highly accurate Bosch Digital I2C Pressure Sensor. The accuracy of this device allows the FC-The Tank Timer System that is supplied with the FC-1 is designed to keep the pilot aware of how much fuel is being burned. The FC-1 system uses a common 9 volt alkaline battery.

Description	Part No.	Price
Matchbox Flight Companion FC-1	11-09630	$259.00
Matchbox Altitude Alert AA-1	11-09634	$126.95
Matchbox Tank Timer TT-1	11-09633	$67.95
Matchbox Audio Interface AI-1	11-09631	$139.95
DVM-828 Voltage Monitor	11-09998	$36.85

VAL AVIONICS VOLTAGE STEP DOWN CONVERTOR

This unit is a step down voltage converter that drops 28 volts DC down to 13.8 volts DC. This unit would be required to operate either our COM 760 TSO or INS 422 TSO units in an aircraft or vehicle that are 28 volts DC. Specifications: • Physical Dimensions: L 4.0 " (10.16 cm) x W 4.625" (11.75cm) x H 1.250 (3.18cm)• Weight: 0.75 lbs• Power Requirements: Current 2.0A Continuous with 5.0A Intermittent P/N 11-02963 ..... $165.00

VAL AVIONICS NAV INS 429 WITH VOR/LOC/GS/MB

The INS 429 is a high quality, multi-function, fully integrated navigational instrument displaying VOR, LOC, Glide Scope, Marker Beacon, and GPS/NAV inputs. Not only does it sport its own internal receivers, it will also display course deviation information from an external NAV or GPS source. A perfect solution for a crowded panel. Not TSO'D (for experimental aircraft only).
P/N 11-05592..... $1,795.50

VAL AVIONICS COM 2KR REMOTE VHF TRANSCEIVER

The innovative COM 2KR from VAL Avionics is the first radio to offer complete user interface through the electronic flight instrument system (EFIS) display. This provides full control of transmit and receive frequencies as well as volume and squelch from the EFIS, allowing the COM radio to be removed from the instrument panel.
The COM 2KR is the next step in general aviation communications. As with all Val Avionics products, the COM 2KR is crafted from a solid brick of aluminum for maximum durability and performance for years to come. Supporting both 14- and 28- volt systems, the COM 2KR is outfitted for flexible installation in nearly all light-sport, experimental and type-certificated aircraft. 8 watt transmitter. Size: 8.75"L x 5.9"W x .86"H. P/N 11-11457.....$849.00

AV

AVIONICS INNOVATIONS AICD III AM/FM/CD/MP3 PLAYER

The AICD III is the latest way to listen to your favorite CD/MP3 or radio station in flight. Designed for aviation & has an attractive brushed aluminum bezel to enhance your instrument panel. Comes with easy install kit to mount directly into your instrument panel.

Features: * FAA/PMA Approved * 24 Station Presets * Automatic Frequency Store * Seek Up/Down Tuning * Electronically Controlled Volume/ * Bass/Treble/Balance * 11-33 Volts DC * 6.25 x 2 x 9.25 Inches * Weighs 3.5 Pounds * Can be connected to "Sirius" Satellite Receiver or AI-8 Changer * Aux. input for an mp3 player * Remote Control

AICDIII AM/FM CD/MP3/WMA US.....P/N 11-05151 .....$1,613.00

AI – DVD/CD PLAYER

Remote mounted multi-regional DVD drive which allows you to view DVDs from any region around the world. The unit also is a CD/MP3 player.

Requires PCU (Passenger Control Unit) for operation. PN 11-04495

Specifications: * Operating Voltage: 11-33 VDC * Current Draw: 0.2 Amps * Antenna: Externally mounted (included) * Weight: 1.2 lbs. * Dimensions: 6.25"(L)x5"(W)x1.25"(H)

P/N 11-04496..... $4,491.00

AI–PASSENGER CONTROL UNIT

Passenger Control Unit with IR remote. Controls remote-mounted "I.C.E." components. Sirius© Satellite Radio. DVD/CD, or MP3 player. Two distinct channels allow some passengers to receive one source while others receive a second source. Specifications: * Operating Voltage: 11-33 VDC * Current Draw: 0.2 Amps * Weight: 0.75 lbs. * Dimensions: 125"(L)x5.5"(W)x2.00"(H)

P/N 11-04495 ..... $1,561.00

AI – VIDEO AMP

Remote mounted video amp with 2 video inputs & 6 video outputs. 6 individual 12 VDC power supplies at 0.75 amps each. Specifications: •Operating voltage: 18-33 VDC • Current Draw: 2.5 Amps • Wt: 1.0 lbs. • Dims: 6.25"(L)x2"(W)x1.75"(H)

P/N 11-04498 ..... $1,221.00

AI - A/V VIDEO SWITCH SYSTEM

This new Cabin Class System will allow you to switch between 4 video & 6 audio sources simultaneously from up to 8 seat stations. Features: •4 video (composite) inputs •6 audio inputs (adjustable input levels) • PA override •Up to 8 passenger control stations • Separate volume control at each station • Listen or view any source fom any station • Activate an external amplifier • Custom plating available.

4 Seats..... P/N 11-01174 ..... $3,665.00
6 Seats..... P/N 11-01175 ..... $4,865.00
8 Seats..... P/N 11-01176 ..... $6,059.00

AI – SATELLITE RADIO MODULE

Remote mounted Sirius© Satellite Radio module with antenna. 120 streams of coast-to-coast digital quality sound including NFL and NASCAR (available 2007). Specifications: * Operating Voltage: 11-33 VDC * Current Draw: 0.2 Amps * Antenna: Externally Mounted (included) * Weight: 1.2 lbs. * Dimensions: 6.25"(L)x5"(W)x1.25"(H)

P/N 11-04497..... $2,886.00

AI - AMPLIFIER

The AI-Amplifier is the perfect companion to all our entertainment products. Enjoy your favorite music without the extra weight and confinement of headphones. Specifications: * FAA/PMA Approved * 20 Watts Per Channel Maximum * Low Distortion * 28 Volt * 2 Channel Output * 5.75 X 5 X 2 Inches * Weighs 1.5 Pounds. 28V

P/N 11-19504..... $1,193.00

BATTERIES AND BATTERY CHARGERS FOR HANDHELDS

RAM MOUNTING SYSTEMS
PATENTED & PATENT PENDING

RAM Mounts are the revolutionary patented ball and socket mounting system that allow you to mount just about anything anywhere in your cockpit. Providing special attachments for yokes, glare shields and more, now you can mount your accessories where you want them. RAM Mounts are up to speed with the latest aviation technology products. Whether you use an iPad, PND, or PC, RAM has you covered. Ordering a custom RAM Mount is easy!

696 on Yoke

iPad on Yoke

X-Grip with Lil Buddy

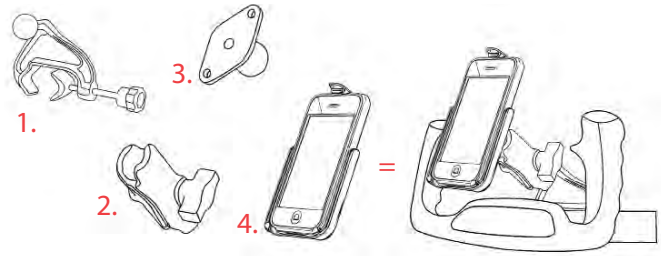
Note: The "U" at the end of each model number means that the unit comes unpackaged.

BUILD YOUR RAM MOUNT SYSTEM ONLINE

Use our simple three-step process below to create your own custom RAM Mounting system. First, select which device you want mounted. Then, the required adapter will be automatically added. Then, choose the required arm for you mount. Next, choose how you would like the system to be mounted to your aircraft. Finally, add all the items to your cart and checkout. You can also add any combination to your cart: half-systems, full-systems, or individual parts. Simply piece them together when you receive your order and you're ready to go!
See www.aircraftspruce.com

BUILDING YOUR RAM MOUNT

Building and ordering your RAM Mount is easy. All you need to know is what you need to mount and where you would like to mount it - we take care of the rest. Building a RAM Mount solution usually consists of four parts: base, arm, adapter, and cradle/holder. Use the example image to the right for reference.



STEP 1: BASES

Model No.	Description	Part No.	Prices
RAM-B-224-1U	RAM 3.3" Dia Suction Cup w/Ball	11-06449	$16.88
RAP-B-121BU	RAM Universal Yoke Clamp w/Ball	11-05866	$17.66
RAM-B-202U	RAM Round Base w/Ball	11-07069	$6.49
RAM-B-231ZU	RAM Rail Base w/ball & Zinc U-bolt. 3/4" - 1-1/4" dia. rails.	11-03460	$13.20
RAM-B-108B-STRAP40U	RAM V-Base Rail Yoke Clamp for Breechcraft and Bonanza	11-09763	$15.75
RAM-B-259U	RAM 1" Ball Glareshield Base	11-09852	$20.29

ROTATING KNEEBOARD MOUNT FOR THE APPLE IPAD & IPAD 2

The mount consists of a leg kneeboard base, two straps for tight support, socket system and custom high strength composite cradle for the Apple iPad and iPad 2. Fits Apple iPad (1st Generation) without case/sleeve/skin & Apple iPad 2 (2nd Generation) without case/sleeve/skin.

P/N 11-10080..... $52.75

AV

LOBSTER MOUNTS

The "Shrimp" Series of mounts provide an economical solution for mounting mobile electronics. This basic system provides a minimal extension, and utilizes a tri-wing finger knob for locking and positioning. Our off-centered 1-1/4 inch ball-base (patent pending) provides adaptability that cannot be matched. The Shrimp mount extends as little as 2-1/2 inches from the mounting surface and can extend to about 5 inches. The "Shrimp" was designed to support devices up to 3 lbs, and is available with bolt-on, MC/ATV, and Suction bases.

UNIVERSAL MC-ATV CLAMP - Base only! For an additional anchor point we offer this universal rail-clamping base, designed to fit square or round tubing from 3/4 inch to 1-1/2 inch diameter (by adding a 1/4-20 x 3" bolt, this base will fit up to 1-3/4 tube). This rugged base is made from extruded aluminum, an aluminum ball, and includes stainless steel hardware. Weight - Unit 0.5 lbs.

P/N 11-04709 ..... $24.85

UNIVERSAL CRADLE - The Cradle comes with four grip fingers and one stop finger, which are capable of being positioned in any of the eight slots on the body. Rubber pads for the grip fingers and stainless steel hardware are provided. In the short direction, the grip fingers are adjustable from 1-1/2" to 3-1/4", and in the long direction, the grip fingers adjust from 4-1/2" to 5-1/2". For longer devices, the fingers on top could be left off, allowing the device to overhang the cradle base. This product, like our other products is produced for use in aviation and marine environments where being compass compatible and corrosion resistant are important. P/N 11-04710 ..... $16.75

SHRIMP SERIES BOLT-ON WITH CAMERA TOP - A removable 1/4-20 camera stud, universal mounting ball-base and mounting flange, lanyard loop; accommodates the AMPS bolt up pattern (AMPS is a 1-1/2" by 1-3/16" screw hole pattern used in many portable electronic products). Aluminum alloy and reinforced composite parts with stainless steel hardware. P/N 11-04711 ..... $16.75

SHRIMP SERIES MC/ATV CLAMP WITH CAMERA TOP - Same as our Bolt-On model, while adding a universal rail-clamping base, designed to fit square or round tubing from 3/4 inch to 1-1/4 inch diameter (by adding a 1/4-20 x 3" bolt, this base will fit up to 1-3/4" tube). This rugged base is made from extruded aluminum, an aluminum ball, and includes stainless steel hardware. P/N 11-04713 ..... $31.50

SHRIMP SERIES BOLT-ON + CRADLE - Universal mounting ball-base and mounting flange, lanyard loop, along with our cradle for hand-held devices. The Cradle (UN-198) comes with four grip fingers and one stop finger, which are capable of being positioned in any of the eight slots on the body. Rubber pads for the grip fingers and stainless steel hardware are provided. In the short direction, the grip fingers are adjustable from 1-1/2" to 3-1/4", and in the long direction, the grip fingers adjust from 4-1/2" to 5-1/2". For larger devices, the finger may be left out at the top allowing the device to overhang the cradle base. Like our other products, the SH-259 is produced for use in aviation and marine environments where being compass compatible and corrosion resistant are important. P/N 11-04715 ..... $28.50

SHRIMP SERIES SUCTION + CRADLE - Our Suction Base attachment ball is capable of being tilted for extra versatility in positioning your device. Cradle (UN-198) comes with four grip fingers and one stop finger, capable of being positioned in any of the eight slots on the body. Rubber pads for the grip fingers and stainless steel hardware are provided. In the short direction, the grip fingers are adjustable from 1-1/2" to 3-1/4", and in the long direction, the grip fingers adjust from 4-1/2" to 5-1/2". For larger devices, the finger may be left out at the top allowing the device to overhang the cradle base. This mount, like our other products is produced for use in aviation and marine environments where being compass compatible and corrosion resistant are important. P/N 11-04716 ..... $38.90

SHRIMP SERIES MC/ATV + CRADLE - A universal rail-clamping base, designed to fit square or round tubing from 3/4 inch to 1-1/4 inch diameter. Made from extruded aluminum, an aluminum ball, and includes stainless steel hardware. Cradle comes with four grip fingers and one stop finger, capable of being positioned in any of the eight slots on the body. Rubber pads for the grip fingers and stainless steel hardware are provided. In the short direction, the grip fingers are adjustable from 1-1/2" to 3-1/4", and in the long direction, the grip fingers adjust from 4-1/2" to 5-1/2". For larger devices, the finger may be left out at the top allowing the device to overhang the cradle base..P/N 11-04717 ..... $38.90

UN-327 SUCTION BASE - Suction Base Only, If you are already using a Bolt-On or MC/ATV base, this allows you to easily transfer your device to your car or any place with a smooth surface. The Suction Base attachment ball is capable of being titled for extra versatility in positioning your device. This base, like the other products is produced for use in aviation and marine environments where being compass compatible and corrosion resistant are import.

P/N 11-06616 ..... $24.95

SH-334 SHRIMP SUCTION MOUNT WITH CAMERA TOP - Our Suction Base attachment ball is capable of being tilted for extra versatility in positioning your device. The Camera Top (UN-310) has a removable 1/4-20 camera stud. It also features a mounting surface with holes and slots, which accommodate the AMPS standard (1.496" x 1.181") pattern for direct attachment to numerous electronic devices. This base, like our other products, is produced for use in aviation and marine environments where being compass compatible and corrosion resistant are important.

P/N 11-06617 ..... $31.50

UN-303 ROLL BAR CLAMP - Base only! For your ATV, golf cart steering column or other applicable with 1-1/2" to 2-1/2" tubing. This rugged base is made from aluminum extrusion, an aluminum ball, and zinc plated steel hardware. Note that this is not compass friendly.

P/N 11-06618 ..... $27.85

UN-310 CAMERA TOP - Camera Mounting surface that can also be used for mounting other devices. If you are already using a Universal Cradle (UN-198), this allows you to easily use your mounting system for other purposes. The holes and slots in the flange accommodate the AMPS standard pattern as well as several size u-bolts. This base, like our other products is produced for use in aviation and marine environments where being compass-compatible and corrosion resistant are important.

P/N 11-06615 ..... $9.90

ANGEROLE INSTRUMENT PANEL MOUNT

The photo illustrates the Model 241 040 fitted to a blank instrument panel. An adaptor plate (included with the mount) fits any standard 2-1/4"" instrument panel hole so, generally, it can be fitted without any modifications to your airplane. If your application needs it, we can supply this mount with a 3-1/8"" panel adaptor plate.

If you don't have an unused panel hole, a viable alternative is to drill two holes and simply bolt the mount directly to your panel. The "footprint" area is only 2" x 0.5" so there's probably going to be somewhere you can make it fit. Naturally, you need to be certain this is appropriate, sensible and legal for your installation before drilling holes in your airplane.

P/N 11-07238 ..... $192.75

AV

ICOM HANDHELD TRANSCEIVERS

ICOM IC-A24 NAV/COM

Simple one-handed operation is the most essential feature of the IC-A24. The large display shows both letters and numbers and is easy to see, making for fast frequency recognition. The display is backlit, and so is the keypad. The light stays on until you turn it off - a very handy feature for flying at night! "Flip-Flop" Channel Recall - The IC-A24 stores the last 10 channels used. You can easily recall those channels by pushing the "flip-flop" recall buttons on the front panel. It is convenient for switching between several channels, such as Nav and Com channels. VOR Navigation - The IC-A24 has VOR navigation functions. The DVOR mode shows the radial to or from a VOR station and the CDI mode shows the course deviation to/from a VOR station. You can also input your intended radial to/from the VOR station and show the course deviation on the display.

IC-A24 Nav/Com (110V) - Includes Nicad battery, wall charger, belt clip, carrying case, headset adapter & handstrap. ..... P/N 11-02942 ..... $279.00

IIC-A24 Nav/Com (220V) ..... P/N 11-04355 ..... $302.00

ICOM IC-A6 COM

Simple one-handed operation is the most essential feature of the IC-A6. The large display shows both letters and numbers and is easy to see, making for fast frequency recognition. The display is backlit, and so is the keypad. The light stays on until you turn it off. The IC-A6 stores the last 10 channels used. You can easily recall those channels by pushing the "flipflop" recall buttons on the front panel. External DC Power Jack - An external DC power jack allows for operation with the wall charger or the cigarette lighter cable. When the battery pack is installed, simultaneous charging during operation is also possible. Water Resistant Construction - The water resistant construction provides reliable operation in wet conditions. Features: • 200 memory channels (10 banks of 20 channels) allows you to load in up to 10 separate flight plans. 6 character alphanumeric for channel names. • Dedicated 121.5 "emergency" key. • All NOAA weather channels preprogrammed. •Frequency range: Tx/Rx 118.000-136.975MHz • Weather 161.650-163.275MHz • Wt: 15.02oz. • Dims: 2-1/8" x 5-3/32" x 1-13/32"

IC-A6 Com (110V) - Includes Nicad battery, wall charger, belt clip, headset adapter & handstrap. ..... P/N 11-02944 ..... $253.00

ICOM A14 HANDHELD COM

700mW* loud audio - The IC-A14/S series employs a BTL amplifier that doubles the audio output, offering loud and clear audio that'll cut through cabin or tarmac noise. (*internal speaker only) Full keypad type or Simple keypad type - The IC-A14 full keypad type allows you to input the channel or frequency directly and has an exclusive button for the 121.5MHz emergency channel. The IC-A14 receives NAV and WX channels. The IC-A14S simple keypad type provides simpler operation with a minimum of buttons that is suitable for ground crews. Compact, light weight and rugged body - (only 120. mm tall) (approx. 350g including antenna and BP-232N). Water resistant construction. Large capacity Lithium-Ion battery pack - Provides stable output power and 18 hours long (approx.) operating time*. The BP-261, battery case takes 6 AA (LR6) alkaline cells for convenient battery backup. * Typical operation, Tx:Rx: Stand-by=5:5:90. 200 channels with memory banks - With an 8-character channel name for easy recognition. For fast and simple operation, these channels can be grouped into 10 memory banks*. *IC-A14 only. The IC-A14S has 100 memory channels and memory banks are not available.

ICOM IC-4088A UHF FM TRANSCEIVER

The Icom IC-4088A is a compact, inexpensive transceiver, water resistant and very easy to use. Channel changing is as simple as pushing the up/down keys. The radio can be controlled with only 5 button and a volume control knob. The easy to read LCD shows information at a glance.Other outstanding features includes: Economical AA alkaline batteries (3 not supplied) provide 30+ hrs of use, low battery indicator provides warning of battery condition when using alkaline batteries, rotary type antenna folds down behind radio, optional Ni-Cd battery pack and rapid charger, compact body fits neatly in your hand, and auto power-off timer (two hours). This radio is excellent for use in communicating with friends at airshows.

CBE-210N BATTERY ELIMINATOR

The CBE-210 is a DC battery eliminator for ICOM handheld radios such as the IC-V8, F3GT, F4GT, & F21GM. One end plugs into a 12-13.8VDC lighter socket. The coiled cord links the lighter plug to the battery housing, which clips onto the back of the radio. The CBE-210 includes Voltage & Current-limiting circuitry; noise filtering circuitry is also built into the housing. 5A fuse is located in the Cig Plug. P/N 11-08252 ..... $23.95

AV

ICOM IC-R6 HANDHELD RECEIVER

100 kHz – 1309.995 MHz* wideband coverage. Radio provides superior sensitivity and receiver characteristics that is insusceptible to interference. Amateur stations, AM, FM, short wave broadcasts, TV audio* and a variety of utility communications can be caught and listened to. Frequency range depends on version. Analog TV audio only. Cannot decode digital TV audio. With the supplied rechargeable Ni-MH cells (1400mAh × 2), the IC-R6 provides up to 15 hours of continuous receive capability*. At 50 mW output using external speaker. 1300 memory channels with 22 memory banks. The VSC opens the squelch only when a modulated signal is detected and ignores un modulated beat noise. The IC-R6 can be powered by rechargeable Ni-MH cells, or with alkaline batteries. Run the IC-R6 using the AC adapter, BC-196S, or opt for a cigarette lighter cable, CP-18. When used the optional drop-in charger stand BC-194 with the AC adapter or cigarette lighter cable, you can easily start charging the Ni-MH cells, while eliminating the need to connect the power source to the DC power jack of the receiver.

YAESU FTA-230 TRANSCEIVER

A compact, stylish, solid and affordable hand-held transceiver providing communication on the International Aircraft Communication Band. Additionally, it provides receive on the Navigation Band. Boasts 700 mW of clean audio output and it also provides 8.33 kHz synthesizer steps for the new narrowband channel plan. Displays information with the exclusive Omni-Glow™ display back-lighting for minimal degradation of your night vision. NOAA weather band monitoring, 8-character Alpha/Numeric Display, 150 Memory Channels, 100 "Book Memory" Channels, VOX, and Side Tone are just some of the many features provided. The channel configurations can be easily reprogrammed in minutes using the optional PC programming Kit and your PC. Comes packaged with Yaesu FTA-230 Handheld Radio, BNC Helical Antenna (YHA-73), 110V charger with desktop charging cradle (PA-48B, and CD-32), NiMH battery (FNB-83), headset adapter (CT-96), and Alkaline battery tray (FBA-25A)
12V DC charging sleeve (CD-59)

FTA-230 110V.....P/N 11-11266.....$235.00

Yaesu CD-32 Charger Cradle.....P/N 11-09277.....$41.90

YAESU FTA-310 TRANSCEIVER

Based on the same design as the extremely popular VXA-300. Now with and improved BNC antenna connection, and a unique 12VDC charging sleeve. Features a more powerful audio amplifier than ANY other handheld airband transceiver and comes supplied with a 1400 mAh nickel metal hydride battery pack that provide almost double the battery capacity of Icom's IC-A23 or IC-A5! Includes: FTA-310: 5W Portable VHF Transceiver with VOR, ATV-10: Helical Antenna (Q3000194), CN-3: SMA to BNC adapter, FBA-25A: Alkaline Battery Tray, FNB-83: 1400 mAh Ni-MH battery, CD-28: Charging cradle, E-DC-5B: DC cable with 12v cigarette lighter plug, PA-48B: 110VAC Overnight charger, CT-96: Headset Adapter Cable. Note: The 220v model comes with the PA-48C: 220 VAC Overnight charger.

YAESU VERTEX FTA 550 VHF HANDHELD

The YAESU FTA-550 is packed with features, yet very affordable. Boasting an oversize full dot matrix LCD display, the FTA-550 Airband Transceiver provides full communication on the Aircraft communications Band and additionally provides VOR and ILS navigation features on the "NAV" band. The FTA-550 includes NOAA weather band monitoring and the capability of programming up to 200 memory channels with a quick and easy channel recall feature. The brand new easy to operate menu system is icon driven making it simple to navigate through all of the powerful features this transceiver has to offer. Additionally the FTA-550 can easily be reprogrammed in minutes using the optional PC Programming software and the supplied USB programming cable. Features: • Easy to Operate Menu system • Huge Dot Matrix Display (160 x 160 dots) • VOR Navigation Display • 200 Memory channels with up to 15 Alphanumeric characters. Specifications: • 25kHz & 8.33kHz spacing • 5 Watts TX Output Power (Airband: AM 5W P.E.P. type, 1.5W carrier) • Huge 1.7" x 1.7" Full Dot Matrix display (160 x 160 Dots) • ILS Navigation Display • NOAA Weather Channel receive* • NOAA Weather Alert* • 200 Memory Channels with 15 alphanumeric characters • Back-lit Keypad and display with dimmer • Water Protection -IPX5 Rating • Loud Audio (800 mW).

AA Battery Version.....P/N 11-12461.....$199.00

Li Ion Battery Version 220V.....P/N 11-12450.....$299.00

YAESU VERTEX FTA 750L VHF HANDHELD RADIO/GPS COMBO

The YAESU FTA-750L combines tradition with innovation. Born from a history of high quality communications the FTA-750L now includes a 66 channel GPS receiver for reliable navigation. Boasting an oversize full dot matrix LCD display, the FTA-750L Airband Transceiver / GPS provides full communication on the Aircraft communications Band and additionally provides VOR and ILS navigation features on the "NAV" band, and waypoint navigation with the built in GPS receiver. The FTA-750L includes NOAA weather band monitoring and the capability of programming up to 200 memory channels with a quick and easy channel recall feature. The brand new easy to operate menu system is icon driven making it simple to navigate through all of the powerful features this transceiver / GPS has to offer. Additionally the FTA-750L can easily be reprogrammed in minutes using the optional PC Programming software and the supplied USB programming cable. Features: • Integrated 66 Channel WAAS GPS receiver • GPS Position Logging operation • ILS (Localizer & Glide Slope) and VOR Navigation • Easy to operate menu system • Huge Dot Matrix LCD display • 200 Channel Memory bank • PC Programmable. Specifications: • 25kHz & 8.33kHz spacing • 5 Watts TX Output Power • Huge 1.7" x 1.7" Full-Dot Matrix Display (160 x 160 dots) • ILS Navigation Display (Localizer and Glide Slope) • VOR Navigation Display • Easy to operate menu system • Integrated 66 Channel WAAS GPS receiver • Waypoint Navigation • GPS Position Logging • NOAA Weather Channel Receive (U.S.A. Version Only) • NOAA Weather Alert (U.S.A. Version Only) • 200 Memory Channels with 15 alphanumeric characters • Back-lit Keypad and Display • Water Protection – IPX5 Rating • Loud Audio (800 mW) • High-Capacity Li-Ion Battery Pack (7.4 V 1800 mAh) • Alkaline Battery Tray (AA x 6).

HANDHELD RECEIVERS – SCANNERS

AIRBAND SCANNER TSC-100RA

Airband Scanner with NOAA Weather Channels /66-87.495MHz/87.8-108MHz/108.005-135.995MHz/136-174MHz Focused on air band, VHF band, VHF low band (66-88 MHz) and WFM broadcast band, this narrow band receiver has exceptionally high sensitivity and outstanding audio. The simplified functions make this an easy to use handheld, with a large LCD backlit screen and easy to read backlit buttons. 66 - 87.495MHz, 87.5 - 108MHz 108.005 - 135.995MHz, 136-174MHz 200 channel memories Only weighs 5.7 oz Includes: Handheld unit, 3 AA batteries, antenna, belt clip, male SMA to female BNC connector, and operation manual. P/N 11-12164 ..... $109.95

CRS AM/FM CLOCK RADIO BASE SCANNER

The BC345CRS is a multi-featured conventional channel scanner. Easily enter and store frequencies for police, fire/emergency, marine, air and more into 500 channels over ten banks. The scanner also features AM/FM clock radio with snooze and NOAA weather broadcasts.

P/N 11-11412 ..... $174.95

WINDSHIELD ANTENNA KIT FOR HANDHELD RADIOS

This antenna kit attaches to the inside of the windshield & dramatically improves portable nav/com's transmit, receive, and VOR performance based on extensive field testing. It is portable and ideal for those who can't use an ANT-SB. Simply attaches one's own flexible antenna to inside of windshield with BNC, coax, suction cup adapter. Works with any handheld radio using BNC connections. P/N 11-18603 ..... $28.95

GLEIM KA11AIR PORTABLE AVIATION RECEIVER

Aviation radio communications are now available to you with Gleim's Aviation Radio Receiver. Monitor the entire aviation frequency band! This radio is very portable, easy to operate, and extremely cost effective. Enjoy Listening to aircraft and air traffic control communications and build your proficiency in "pilot speak". This radio receiver is an integral part of GLEIM's Watching Airplanes Course- a tool to assist those interested in aviation to learn more about it. The KA11Air receiver comes with two AA batteries, the earphones, and external antenna. ..... P/N 13-06717 ..... $58.80

PASSIVE AIR BAND AIRCRAFT MONITOR

Monitors the entire aircraft band without tuning! Passive design, can be used onboard aircraft, no local oscillator, generates and creates no interference whatsoever!! Great for air shows! Patented circuit and design! For decades we have been known for our novel and creative product designs. Well, check this one out! An aircraft receiver that receives all nearby traffic without any tuning. It gets better... there is no local oscillator so it doesn't produce, and can't produce, any interference associated with all other receivers with an LO. That means you can use it onboard aircraft as a passive device! And what will you hear? The closest and strongest traffic, mainly, the one you're sitting in! How unique is this? We have a patent on it, and that says it all!

P/N 11-04735..... $159.95

RAMSEY AIRCRAFT RECEIVER KIT

Tune into the exciting world of aviation. Listen to the airlines, big business corporate jets, hotshot military pilots, local private pilots, control towers, and other interesting and fascinating airband communications. You'll hear planes up to a hundred miles away as well as all local traffic. The AR1 features smooth varactor tuning of the entire air band from 118 to 136 MHz, effective AGC, superheterodyne circuitry, squelch, convenient 9 volt operation and plenty of speaker volume. Includes their custom case & knob set for a great looking finished receiver! Some assembly required!

P/N 10-05116 ..... $42.95

JETBOOK COLOR E-READER ELECTRONIC FLIGHT BAG

Using the latest technology and the world's first Triton Color E Ink screen the jetBook Color was originally focused on the education market for students to keep track of their schedules, check homework, and eventually replace all paper textbooks. Virtually unlimited format support and endless battery life make the jetBook Color the best device for school work, business documents, leisure reading and everything in between. The jetBook color will include tons of useful information you can use for preparation as well as in flight. It is preloaded with a pre-flight checklist, use the stylus to interact with the screen and check off each item as you go over it. Additionally you will get sectional charts, and airport information. P/N 11-11864 ..... $439.00

SOL VISION EXTERNAL SUNLIGHT READABLE DISPLAY

SOL Vision is an external 10" sunlight readable display for your laptop, tablet, iPad, iPhone, and Android phone. You can turn off the backlight to the display maximizing outdoor battery life - 8 to 20 hours of continuous usage time. HDMI, VGA, and RCA / AV input ports are all available to get connected outdoors in direct sunlight. Connects to any device to enable user to see screen in bright sunlight. P/N 11-11881 ..... $449.00

SPEECHGUARD - GENERAL AVIATION BACKUP

The Speechguard is a pilots dream; it comes pre-installed with seemingly endless amounts of tools, gadgets, and resources to help before, during, and after your flight. Imagine electronically reviewing and completing you preflight checklist all on your Speechguard. Check the weather both in the sky and on the ground before you leave. Access to Airport Info all over the world. METAR, NOTAM, and TAF info right at your fingertips. If you've found yourself somewhere with non-English speaking natives, just use the voice translator for communication. Once you've arrived you can Log your flight, upload some pictures to Facebook or Instagram and even call your friends and family to inform them of your arrival.

Highlights:• Over 20 programs included to assist with almost everything in the realm of general aviation • Completely waterproof, drop-proof, and dust-proof • All in one smartphone and tablet with unlimited access to online resources • Massive battery good for 2 full days of use and countless days of standby • Integrated 2 way radio.

P/N 11-11866 ..... $695.00

SPEECHGUARD ACCESSORY PACK - The pack includes: • Storage Pouch - Protect your SpeechGuard with this extremely light-weight and portable case. • Ectaco Car Charger - Recharge your SpeechGuard in your vehicle. • LCD Protecting Film - Keep your SpeechGuard looking new with this protective film for your LCD screen. • Prevents scratches that come with frequent use: contact with keys, coins, sunglasses, etc. • SpeechGuard Holder- Mount your SpeechGuard unit to the windshield of your vehicle. No other solution provides as much diversity for mounting. • Converter Kit- Outlet adapters for travel in Europe.

P/N 11-12017 ..... $99.00

INTELI DOCK CERTIFIED USB CHARGER

The Aero-Port by Ingenio is a USB charger for portable electronic devices that is purposefully engineered to meet the stringent technical requirements of the aviation industry. It is the most compact USB Charger designed specifically for aircraft. The Aero-Port is a unique product and within it's small housing is an extremely powerful charger designed to be robust enough to power all of today's ever growing list of electronic devices. It's very small housing allows installation is almost any aircraft. Designed and built with Inteli-Fuse™ technology the Aero-Port offers maximum protection from power irregularities. Output protection is activated automatically and fully restored once a short circuit is corrected. Input protection is activated by temporarily disconnecting from the power source and is also self-correcting. Input protection is activated by temporarily disconnecting from the power source and is also self-correcting. Intel-Fuse™ protection makes the Aero-Port very reliable and does not require any servicing after a power hazard situation. This eliminates service costs while fully protecting user devices. The Aero-Port can be easily installed in seats, cabin side ledges and monuments and in the cockpit. It can be mounted on a wide range of fixed points due to its small physical size. This makes it ideal for almost all general aviation aircraft. The Aero-Port charges all the most popular PDA/mobile devices on the market today including products from Apple (iPod / iPhone / iPad) all generations, Samsung and Blackberry. P/N 11-11872 ..... $595.00

TRUTRAK AUTO PILOTS – ADI / EFIS

SORCERER AS AUTOPILOT

Same features as the TruTrak DFC-250 ATI, plus GPSV and VNAV. GPS-Slaved solid-state DG • Digital Ground Track Selector • VOR / LOC / ILS • VOR / LOC Reverse • Selected-angle Intercept • GPS Nav Mode • GPS Steering • Solid-state gyroscopically-controlled pitch axis • Selected Vertical Speed climbs and descents • Altitude Hold • Built-in • Digital Altimeter • V-NAV • Vertical GPS Steering • Altitude Selector with 50-ft resoultion for approaches • Selectable airspeed for altitude transitions (in addition to VS) • True Control Wheel Steering* • Simplified User Interface P/N 11-02968.....$6,305.00
TruTrak Yaw Damper.....P/N 11-02972.....$1,425.00

TRUTRAK YAW DAMPER

The Yaw Damper employs a solid state rate gyro to damp out short term yaw oscillation, and a transverse accelerometer to control rudder position long term, so as to keep the ball centered. The Yaw Damper can be added to the DFC-200 or Sorcerer autopilots.
• 2.05" H x 4.12" W x 1.69" D • 12-28 volts • Standard Weight including servo 3.25lb (Servo Must be Purchased Separately)
P/N 11-02972.....$1,425.00

AUTOMATIC TRIM

Failsafe Automatic Pitch Trim can be added to any system with vertical speed select. TruTrak is the only company serving the experimental market to offer Failsafe Automatic Pitch Trim; this ensures that a single failure will not cause runaway trim. Automatic Trim can be added to the Yaw Damper. • 2.05" H x 4.12" W x 1.69" D • 12-28 volts • Weight 4lb P/N 11-02970.....$339.50

TRUTRAK VIZION MULTI-SERVO AUTOPILOTS WITH HARDWARE

Flat

Round

• Fits Standard 2.25" Round Instrument Hole • Optional Flat Rack Mounting • Built-in Digital Slaved Directional Gyro • Digital Track Selector • GPS Nav Mode • GPS Steering • Altitude Hold • Altitude Select • All Solid-State Sensors • 12-28 Volts • Simple Intuitive User Interface • Climb and Descend on Vertical Speed • Trim Sensing Pitch Servo that Annunciates for Trim. • Vertical GPS Steering (GPSV) • Dims: 2.5"H x 2.5"W x 5.5"D • Flat Dims - 1.6"H x 4.3"W x 5.5"D • Lighter and Smaller then Comparable Systems • True Control Wheel Steering* • Standard weight including servos – 6lb.

Description	Size	Part No.	Price

SPECIFY ROUND OR FLAT MOUNT.

TRUTRAK GX PILOT WITH HARDWARE

Designed to interface with Garmin G3X™ • Fits Standard 2.25" Round Hole • Built-in Ground Track DG • Track Select Mode • Altitude Hold • VS Select Mode • EFIS Mode (Lateral and Vertical Steering) • Control Wheel Steering • Pitch Trim Annunciation • 12-28 Volts • 2.5" H x 2.5" W x 5.5" D
P/N 11-12134.....$2,537.00

ALTRAK ALTITUDE HOLD WITH HARDWARE

• (Easy Installation) • Can be used alone or with any roll servo Autopilot • Only panel space required is for engage/disengage button • Solid-state gyroscopically-controlled pitch axis • Flight dynamics equal to higher priced systems • Control Wheel Steering • Available with vertical speed select (Altrak VS) • 12 Volts only • Programmer Dimensions 3"H x 0.9"W x 2.8"D • Standard weight including servo - 3 lb.....P/N 11-12123.....$1,536.00
TruTrak Altrak VS.....P/N 11-12124.....$1,718.00

PICTORIAL TURN AND BANK

This display is like an artificial horizon in roll and actually moves in unison with it. This makes the transition from viewing the horizon much easier than the reverse display of the turn coordinator. Uses a solid state gyro instead of a spinning rotor. The Pictorial Turn & Bank is superior to a turn coordinator in all ways. It looks and flies like the roll display of an artificial horizon. It agrees with the real horizon, so one does not have to reverse his or her sensing when entering or exiting IMC. The roll response is without lag just as it is in an artificial horizon. Of most importance, it is easier and safer for the non-instrument pilot to fly. 12-28 Volts - Weight-6oz
2-1/4".....P/N 11-02834.....$519.00
3-1/8".....P/N 11-02628.....$548.50

TRUTRAK GEMINI ADI

The Gemini ADI has a touch screen interface. It is a capacitive touch display and therefore does not require very much pressure on the display to operate. There are several functions of the touch screen with the Gemini ADI; centering the slip indicator, the Low Airspeed warning and displaying the Info page. The Gemini ADI unit is designed to mount in the aircraft instrument panel 8-30 VDC.
P/N 11-10451.....$970.00

TRUTRAK GEMINI PFD

The Gemini PFD incorporates an airspeed indicator and altimeter into the Gemini ADI. • Fits Standard 3.125" Cut-out • Airspeed Indicator • Altimeter • Velocity Vector Display • Bank Angle Display • Vertical Speed Display • Track DG • Slip / Skid Indicator • Standard Rate Turn Indicator • Low Airspeed Warning.
Gemini PDF.....P/N 11-10776.....$1,261.00
Back-up Battery.....P/N 11-10777.....$227.95

TRUTRAK ADI PILOT II

Features: • GPS-Slaved solid-state DG • Digital Ground Track Selector • GPS Nav Mode • True Control Wheel Steering • Altitude Hold • Altitude adjust for baro change • Built-in ADI: Bank angle is instantaneous gyro data. Pitch is gyro enhanced vertical speed. Direction is an electronic DG showing track. Extreme bank angle is enunciated by flashing red arrows which indicate required stick motion to correct unusual attitude. Low airspeed warning is enunciated by flashing A-S on the display. • 12-28 Volts only • Programmer Dimensions 3.4"H x 3.4"W x 4.7"D • Standard weight including servo 6lb
P/N 11-04675.....$3,880.00

TRUTRAK ADI FLIGHT INSTRUMENTS

Bank angle is instantaneous gyro data. Pitch is gyro enhanced vertical speed. Direction is an electronic DG showing track. Extreme bank angle is enunciated by flashing red arrows which incidcate required stick motion to correct unusual attitude. Low airspeed warning is enunciated by flashing A-S on the display. Solid state rate gyros for pitch and roll. • Built in GPS (optional) • Backup battery (optional)• Power: 12-28 Volts ADI 2 is 2.5"H x 2.5"W x 6.75"D. ADI 3 is 3.4"H x 3.4"W x 4.6"D.

GX PRO AUTOPILOT

This pro Pilot autopilot product, the GX PRO, is designed for use with the Garmin G3X EFIS System. It is available in two models:
GX PRO Instrument Mount - It mounts in a standard 3-18" instrument cutout. When driven by a G3X EFIS, it has full GPSS and GPSV capability without the need for an ARNIC 429 data interface, thus lowering the cost substantially. Includes 2 servos and servo installation kit.
P/N 11-09714 .....$2,995.00
GX PRO Stack Mount - This includes a metal sleeve that may be mounted into a radio stack, allowing the unit to be removed from the front. It has the same characteristics as the instrument mount system. Includes 2 servos and servo installation kit. P/N 11-09715 .....$3,095.00

EZ PILOT AUTOPILOT - A single axis, gyro stabilized roll control autopilot. It is a modern navigation system designed to accurately track a GPS flight plan or "Go To" course that is entered into a handheld or panel mount GPS receiver. Track, Course (similar to a heading bug), and Intercept modes are available to the pilot. Pilot Command Steering simplifies course changes. Full data display of all GPS input data. Fits standard 3-18" instrument cutout. Length: 3". Weight – Control Head: 6 ounces/ 169 grams Gold Standard Servo: 27 ounces/ 765 grams
P/N 11-06547 .....$1,795.00

PRO PILOT AUTOPILOT - A GPS enabled autopilot that provides high-quality 2 axis navigation solutions for Experimental and LSA aircraft. It uses solid-state MEMS gyros for pitch and roll stability. Horizontal and Vertical functions may be individually enabled. Horizontal navigation provides three modes of control – Track, Course and Intercept. Vertical navigation functions offer Altitude Hold, Climb/ Descent with Airspeed Limiting, and Altitude Pre-Select. Multi-color LEDs and a bright PLED display screen provide a clear picture of functions and displayed data (LCD screen available upon request). A slip-skid indicator and a turn rate display duplicate the functions of a standard turn rate coordinator. Advanced Safety Features – "G" force limiting, automatic servo disconnect on takeoff, "intelligent" servos with independent emergency disconnect authority, horizontal Track Offset Positioning, and Trio's "automatic 180 degree turn" feature (for VFR pilots encountering poor weather). Fits a standard 3-1/8" instrument cutout. Length: 6". Weight – Control Head: 12 ounces/ 340 grams Each Servo: 27 ounces/ 765 grams. Fuel Management and Auto trim, included in the price. P/N 11-06548 $2,995.00
Auto-Trim option for existing aircraft electric pitch trim system - P/N 11-06549 .....$225.00
GPSS/GPSV Option..... P/N 11-08554 .....$500.00
Pro Pilot Rack Mount..... P/N 11-08556 .....$3,095.00
Fuel Management Option Software - Option for the Pro Pilot allows the pilot to view multiple fuel parameters..... P/N 11-08557 .....$199.00

EZ-3 ALTITUDE CONTROL - The EZ-3 incorporates all of the features of the EZ-2 and adds the ability to pre-select a destination altitude. Once engaged, the system will initiate a climb/descent to the target altitude at a vertical speed that the pilot has previously specified. The vertical rates may be adjusted at any time during the climb/descent.
The internal altimeter is easily adjusted to compensate for changes in barometric pressure, using the primary aircraft altimeter as a reference.
Features: • Altitude PreSelect - Set Target Altitude• Fully Adjustable Climb/Descent Rates - Pilots may also use PCS (Pilot Command Steering) to Transition to "Climb-Descent on Airspeed" at any time.• Smooth Intercept of Target Altitudes. P/N 11-06552 $1,795.00
Auto-Trim option for existing aircraft electric pitch trim system - P/N 11-06549 .....$225.00
All altitude control systems employ the Trio Gold Standard servo.

COMMANDER 2900 KLN-900 DOCKING STATION

The Commander 2900K is Lone Star Aviation's Docking Station for BENDIX/ KING/HONEYWELL KLN 900 DZUS-Mounted GPS. The portable docking station is designed to let you explore the KLN 900 features in a non-flying environment...in the comfort of your home or office. Operation is simple and fast, just slide your KLN 900 into the Commander's Tray and you are ready to go.
P/N 11-04911.....$379.00

COMMANDER GARMIN GNS-430/530

Lone Star Aviation's Docking Station for Garmin's GNS 430/530 Flight Management System. The Commander is a portable Docking Station designed to let you explore the Garmin GNS 430/530 features in a non.
Features:•Simulate your route of flight and published approaches. •Access sids and stars. •Program and store flight plans. •Simulate approaches. •Enter and store waypoints. •Reduce your learning curve. •Operating your GNS430/530 in flight will become automatic.
GNS-430.....P/N 11-04864..... $249.00
GNS -430 INT.....P/N 11-04865..... $259.00
GNS-530.....P/N 11-04866..... $269.00
GNS-530 INT.....P/N 11-04867..... $279.00

GARMIN COMMANDER GNS 480

The Commander 2000 GNS480 is a Docking Station designed to allow you to explore the Garmin GNS-480(CNX-80) features in a non-flying environment.
Features: * Simulate your route of flight and published approaches * Access sids and stars * Program and store flight plans * Simulate approaches * Enter and store way points * Reduce your learning curve * Operating your GNS-480(CNX-80) in flight will become automatic
P/N 11-04916..... $259.00

COMMANDER 2900 KMD 150 & 250

Lone Star Aviation's 2900 Station has been designed for the KMD 150, KMD 250 equipment so that the user can practice their GPS, Display and all of it's functions in a non flying environment. The 1 port cooling fan (LS03-02013) plugs into the rear accessory panel and provides 6-8 CFM of cooling to the KMD 150/250 receiver. The KMD connectors plug into the rear panel of the Commander Station for an easy set-up so you can get right into the training mode. P/N 11-04922..... $279.00

COMMANDER STATION FOR C-5000

Lone Star Aviation's Commander Station has been designed for the Wulfsberg C-5000 Control Head equipment so that the pilot can practice GPS, control head functionality at his or her own pace in a non flying environment. The 1 port cooling fan (LS03-02013) plugs into the rear accessory panel and provides 6-8 CFM of cooling to the C-5000 receiver.
P/N 11-04928 ..... $379.00

AV

COMMANDER GMA-350 DOCKING STATION

Brand New from Lone Star, Commander GMA-350 Docking station designed for one of Garmins new exciting products. Designed to show off Garmin's new 3D audio capabilities. Comes with everything you will need to run your GMA-350.

P/N 11-10595 ..... $398.75

COMMANDER GTN-650 DOCKING STATION

Brand New from Lone Star, Commander GTN-650 Docking station designed for one of Garmin's new exciting products. Comes with everything you will need to run your GTN-650, including a chassis mounted avionics cooling fan.P/N 11-10593 ..... $348.75

COMMANDER GTN-750 DOCKING STATION

Brand New from Lone Star, Commander GTN-750 Docking station designed for one of Garmin's new exciting products. Comes with everything you will need to run your GTN-750, including a chassis mounted avionics cooling fan.P/N 11-10594 ..... $348.75

COMMANDER 2000K

Pre-wired in the "take home" mode. Simply slide your KLN90A/B, KLN89/B, KLN35 Series, and KLX-135 Series GPS or GPS-COM, into the tray and explore your GPS receiver as if you were flying. Practice actual flight or approach at home, store flight plans, and learn all of your units functions. Update your units database via the internet using a desktop or laptop computer & save up to $300/year. Appropriate connector is shipped free via UPS Blue Label from the factory. Additional connectors, cooling fan, Argus and moving map interface available.

2000K Station ..... P/N 11-18478 ..... $240.95
2000K 220VAC ..... P/N 11-04876 ..... $269.00

COMMANDER 2900 TRIMBLE 2101 24VOLT

Lone Star Aviation's Docking Station for the Commander 2900 2101/CUGR GPS System is designed to allow you to explore the FreeFlight Systems 2101/CUGR features in a non-flying environment. Ideal for Guard Units, EMS, Law Enforcement, DEA, Boarder Patrol, etc. staff training. Unit does not include cable.

P/N 11-04926 ..... $379.00

COMMANDER 2900 AVIDYNE EX-500 DOCKING STATION

This Commander 2900 Docking Station is a training station for the Avidyne EX-500 GPS receiver used in general aviation, business and military aircraft. The Commander Docking Station is a desktop trainer that allows the pilot to review basic, intermediate to advanced GPS functionality in a non flying environment. P/N 11-04931 ..... $349.00

TRANS-CAL ATS-400 ALTITUDE DIGITIZER

The Trans-Cal Model ATS-400 is designed to test, display and simulate the output of Altitude Reporting Equipment, which conform to the ICAO Standard for SSR Pressure Altitude Transmission. In accordance with the U.S. National Standards for I.F.F. Mark X (SIF)/Air Traffic Control Radar Beacon System SIF/ATCRBS. The ATS-400 will also display the output of altitude reporting equipment which transmit serial data in either RS232, RS422, RS485 or ARINC 429 Label 203. The ATS-400 may be used in the aircraft or on the bench making this an extremely versatile piece of test equipment.

P/N 11-09607 ..... $1,430.00

TRANS-CAL EET-200 ENCODER EMULATOR TESTER

The EET-200 provides the avionics technician a clean, quick and reasonably priced method of emulating an altitude encoder output by providing a known good altitude code source to aide in isolating each data bit D2 through C4. Simply unplug the altitude encoder and substitute the EET-200; rotating the knob will move the transponder through a variety of preprogrammed altitudes testing each data bit in sequence.

P/N 11-09606 ..... $310.00

NC 2210A NAV/COM RAMP TESTER

The NC 2210 Tester is optimized for ramp testing of navigation and communication equipment. The unit provides test signals for marker beacon, communication, localizer, glide slope, and VOR. Also included, is a wide band comm receiver to permit evaluation of comm transmitter AM fidelity. The TKM NC 2210 is a NAV-COMM Ramp Tester. The unit has improvements over the 2200, which it replaces. The improvements include the following: Higher •RF power • Precise localizer and glide slope deflection • Calibrated VOR bearings at 10 degree increments • Crystal controlled modulation frequencies • Longer battery life • Internal antenna with adjustable length • Smaller size. Specifications: •Size: 3.8 x 7.4 x 2.3" •Weight: 1.3 lbs. •Power: Internal battery with over 2 hours running time (110VAC charger included) •Warranty: 2-year from date of purchase. P/N 11-01813 ..... $1,597.00

MC 60 NAV CONVERTER

The TKM MC 60 is designed to provide a display for a variety of Nav signals including ILS, LOC, Back course, LOC, GS, GPS, and MB. The VOR display includes a Left and Right bar graph with an OBS and a tracking mode with reciprocal selection. When a GPS is selected by grounding the enableline, GPS is displayed in the OBS window and VOR and LOC functions are disabled. When the GPS is not enabled the VOR/LOC selsction is made by the ILS enable line from the associated Nav receiver. Back Course selection is made by grounding the back course enable line. The digital display includes OBS, bearing, LOC, BAC, and GPS. The bar graph display contains 10 dots forLeft, Right, Up, and Down. The center dot is used to indicate valid signals for LOC, VOR, or GPS. A Glide Slope light indicates a valid Glide Slope signal. P/N 11-04594 ..... $589.00

QUICK SHOT AVIONICS REFERENCE MANUAL

Quick Shot is a compact, rugged binder type manual which shows detailed wire pin-outs for a wide variety of general aviation avionics equipment. Each page is removable and very durable. The wiring diagrams in Quick Shot Volume 1 include Apollo/UPS, Bendix, Garmin, Icom, Sandel Mid-Continent Instruments and Avionics, Sigtronics, United, Telex, David Clark, PS Engineering, Narco, Val, and many more. P/N 11-01623 ..... $56.50

PRO HUB

A revolutionary product that allows you to easily install and connect avionics into an existing aircraft or one you are building. Designed to accept and connect most NAV/GPS/COM, modern audio panels, intercoms, VOR indicators, moving map displays, HSI's, RMI's, ADF's, annunciators, mode control and almost any "send and receive" RS-232 formatted device. Approach's custom cables are made to connect with the Fast Stack Pro Hub and associated avionics and come with connectors installed. Virtually No Hand wiring •Lower Upgrade Costs •Single Point Grounding P/N 11-04731 ..... $582.00

EBC ELTS

ELT installed in the cabin or cockpit. Automatically activated. Transmits on both 121.5 & 243.0MHz. The model EBC 102A is the smallest cabin mounted Emergency Locator Transmitter in existence. It, like all EBC ELTs, is designed to stay with the pilot in the event of a crash or unplanned but safe landing. Whether impact activated or turned on manually, the EBC 102A transmits a satellite compatible signal on both the civilian and military international emergency frequencies for up to 3 days. The 102A is built to withstand up to 1000 G's of impact. Its solid state circuitry is encapsulated in closed cell polyurethane - an exclusive EBC manufacturing technique. This is what allows the unit to be completely submerged in salt water for twenty or more hours and still operate effectively as long as the antenna is above water. The EBC 102A incorporates a permanently attached integral, unbreakable antenna, a nylon lanyard to enhance its portability, and is mounted in a quick-release bracket in the cabin within easy reach of the pilot. Operating the toggle switch at the top of the unit allows for manual activation or pre-flight testing. The standard built-in test lamp is used in monitoring power output, modulation, and battery strength. Historically, the EBC 102A has been the ELT of choice for a majority of small aircraft owners in the United States since 1970.

EBC-102A Signal only ELT ..... P/N 11-02575 ..... $529.00
EBC-502 Portable Cabin Mount ELT ..... P/N 11-02576 ..... $489.00
EBC GS21 ELT Battery ..... P/N 11-04771 ..... $32.50

POINTER 3000 SERIES ELTS

The Model 3000 (AF/AP) and 3000 (AF) which have been in production for twenty years are now revised to incorporate the upgrades of RTCA DO-183 for emergency locator transmitters.The new models, designated 3000-10 (AF/AP) and 3000-11 (AF) are interchangeable with existing units in form, fit and function. The 3000-10 and 3000-11 transmitters incorporate an alkaline battery pack specifically designed to endure the short term extreme thermal variations and mechanical shock requirements of RTCA DO-183. Installed weight is 2.0 lbs. Emergency voice transmission is provided on the 3000-10 transmitter if desired. Size: 3 Size: 3 1/2"W x 7 5/8"H x 2-3/4"D.

ACK 406/121.5 MHZ E-04 ELT

The all new E-04 ELT is a direct replacement for the more than 62,000 model E-01 ELT's (by ACK) on the market today. The new E-04 fits directly into the current E-01 mounting trays and uses the same remote control panel indicator. The E-04 external antenna will utilize your current antenna mounting and wiring installations.

Features: * Accepts GPS position imput data from Bendix/King. Garmin, Nema 0183 GPS * New antenna is swept back 20 degrees, and features a molded plastic base. * 5 watts @ 406MHz for 24 hours, and 100 Mw @ 121.5 MHz for 48 hours. * New simple plug in audible alert indicator. * New lithium battery pack offers a 5 year battery life, and makes it substantially lighter. * Can use Ameri-king remote panel indicator

POINTER ELT 8000 SERIES

The COSPAS/SARSAT search and rescue network will discontinue monitoring the current 121.5/243.0 MHz frequencies as of Feb. 1, 2009. The 121.5/243.0 MHz frequencies will continue to be monitored on a voluntary basis by overflying aircraft and utilized by the current search and rescue organizations. After this date, the COSPAS/SARSAT will monitor only 406 MHz. The 406 MHz aircraft ELT, defined by COSPAS/SARSAT operational specifications, incorporates many new features and improvements for search and rescue.

To comply with the new requirements, Pointer, Inc is pleased to announce the Model 8000 series ELT. The transmitter design incorporates the functional and programming requirements of COSPAS/SARSAT specification CST.001, FAA RTCA DO-204 and TSO-C126. The Pointer ELT Model 8000 series transmits phase modulated aircraft identification data on the 406 MHz frequency to quickly identify an emergency . The unit also transmits 121.5 MHz frequency for airborne and ground search operations. Optional features include factory or field programming of the microprocessor as a separate module and internal GPS. The approval program is in process and have completed COSPAS/SARSAT testing. FAA testing has begun.

EBC 406-SERIES ELT'S

All EBC 406 ELT's have a built-in self test feature that allows the pilot to check 406 power and the antenna-coax connection. Both cabin and tail mount ELT's use an external antenna. Features: • Operating Freqs: 406.028 MHz and 121.5 MHz • Output Power on 406 MHz: 5W for 24 Hours at -20C • Output Power on 121.5 MHz: 50mW min for 50 Hours at -20C • Operating Temperature: -20C to +55C • Useful Battery Life: 5 Years or 1 Hour of Cumulative Use • Modulation 406 MHz: Biphase L (16KOG1D) • Modulation 121.5 MHz: Swept Tone 1600Hz to 300 Hz, 2-4 • Times/ Second • Automatic Activation: Velocity Change of 4.5 feet per Second • Altitude: 50,000 feet • Decompression: 8000 feet to 40,000 feet • High Pressure: -15,000 feet • Humidity: 95% for 50 Hours • Shock Performance: Withstands 500G's on 6 axes • Vibration: Withstands 10 G's • Immersion: Withstands 24 hours in Salt Water • Warranty: 2 Years, Made in the USA.

Model	Description	Part No.	Price
EBC 406AP	For fixed wing aircraft. Includes transmitter, survival antenna, mounting bracket, external whip antenna with cable & battery pack. For cabin/cockpit installation.	11-05917	$998.00
EBC 406AF	For fixed wing aircraft. Includes transmitter, survival antenna, mounting bracket, external whip antenna with cable, remote control monitor with connector kit & battery pack. For aircraft tail installation.	11-05918	$1,236.00
EBC 406APH	Same as AP system but with omni-directional helicopter activation system. For helicopter use only.	11-05919	$1,727.00

AMERI-KING AK-451 PERSONAL LOCATOR BEACON

ACOSPAS-SARSAT & FCC approved, 406 MHz Satellite P-ELT Personal Emergency Locator Transmitter, triple (406 Satellite /243 Military /121.5 Civilian) MHz frequencies. Having triple frequencies insures your distress message reaches both NOAA Satellite Operation and US Air Force AFSR Ground Operation, Search and Rescue Team, with 100% confidence, due to transmitting on both 243.0 Military and 121.5 Civilian bands, for immediate ground search dispatch, narrowing the searching time to the minimum. The Position accuracy of the 406 MHz satellite signal is about 110 meters at 9.5 degree Cross Track Angle (found in Satellite Qualitative Test at a COSPAS-SARSAT approved Laboratory). Features:• Applicable to all Aviation Uses such as Flying, Gliding, etc. • Harsh/ Robust/ Heavy Duty P-ELT in an enduring composite Emergency Carrying Case. • Ultra long lasting Battery Package, up to 78 hours @ -20 deg C, end of life, 10 years useful life time Lithium type, LiMnO2, 4 D-Size. P/N 11-06305 ..... $475.00

KANNAD INTEGRA ARINC E-NAV

Provides a fail safe GPS data acquisition for the INTEGRA ELT system providing redundancy in the system with: 1) Integra internal GPS and 2) Aircraft Onboard GPS acquisition. Compatible with ARINC 429/743 databus. Size 205*100*86mm for the overall ELT system.

Kannad Integra Arinc E-NAV	11-12326	$1,625.00
Kannad Integra Arinc E-NAV ELT AP Mnt Bracket	11-12327	$192.95
Kannad Integra Arinc E-NAV ELT AF Mnt Bracket	11-12328	$192.95

AMERI-KING AK-450 ELT

The AK-450 ELT from Ameri-King is FAA TSO-C91a approved & meets FCC rule for improved satellite detection. It features voice transmitting capability, visual "on" lights for both ELT main unit and remote panel, and uses standard Duracell batteries (included). Includes low drag aircraft antenna, portable antenna, remote control panel, wiring and coaxial cable assembly, mounting tray and clamp. Size: 4.27"w x 2.95"h x 5.64"l. Wt: 2 lbs.,10 oz. 2 yr factory warranty ATTENTION: 2009, the international COSPAS-SARSAT satellite system will no longer provide satellite-based monitoring of the 121.5/243 MHz frequency. After the date of the satellite termination, in 2009, 121.5 MHz signals transmitted from ELTs operating on the lower frequency will only be detected by ground-based receivers such as local airport facilities or air traffic control facilities or by overflying aircraft

AMERI-KING AK-451 ELT

*Mic jack feature not available on 406 MHz ELTs FAA TSO'd approved, EASA ETSO'd approved, 406 MHz ELT Emergency Locator Transmitter Types (AF) Automatic Fixed, & (AP) Automatic Portable. It transmits aircraft position data, immediately and accurately, on triple (406 Satellite /243 Military /121.5 Civilian) MHz frequencies. Having triple frequencies insures your distress message reaches both NOAA Satellite Operation and US Air Force AFSR Ground Operation, Search and Rescue Team, with 100% fully confidence, due to transmitting on both 243.0 MHz Military and 121.5 MHz Civilian bands, for immediate ground search dispatch. Package Includes: * AK-451 w/ Battery (AF/AP ELT) * Portable Antenna * Whip, Rod, or Blade Antenna * Remote Switch * Prefabricated 25 Foot Wiring Harness Assembly * Audible Buzzer Monitor * Six Foot Coaxial Cable Assembly * Mounting Tray * Velcro Holder * Portable Soft Case

KANNAD 406 ELT'S

KANNAD 406 AF-COMPACT ELT KIT - Designed for all light aircraft requiring a very compact automatic fixed ELT that is fully FAA TSO-C126 approved. The robust and reliable shock sensor will automatically activate the ELT in the event of a crash, the pilot can also manually activate the ELT in case of emergency. Features: * Ultra small size and light weight ideal for any general aviation aircraft. * Six year lithium manganese battery. * Complete kit with install manual.. * Two frequency transmitter (121.5 / 406 MHz) * Weight (Including batteries): 1.87 lbs

ELT Only		Price	W/ Whip Antenna	Price	With Rod Antenna	Price
USA	11-05786	$740.00	11-09525	$881.00	11-09526	$1,138.00
Canada	11-05786	$740.00	11-09670	$881.00	11-09671	$1,138.00
International	11-06314	$811.00	11-09527	$881.00	11-09528	$1,138.00

KANNAD 406 AF - Designed to be installed near the tail and to be connected to an outside antenna. A sophisticated "shock sensor" system will activate the ELT automatically in the event of a crash. Its small size and light weight make it ideal for general aviation. The "Mounting Bracket, 1 Strap" is not included. Features: * Optional Navigation Interface transmits GPS coordinates significantly shortening Search and Rescue response time. * Operates without aircraft power and incorporates an internal alarm/buzzer avoiding costly installation procedures. * Six year lithium manganese battery. * Three frequency transmitter (121.5 / 243 / 406 MHz) * Weight: (Including batteries) 2.44 lbs (1110 g) / max 2.60 lbs (1180g) ..... P/N 11-06285 ..... $2,520.00
406 AF ELT International ..... P/N 11-06987 ..... $2,553.00
406AF Compact Inspection Kit ..... P/N 11-08063 ..... $54.75

KANNAD 406 AF-H - Can be installed on board helicopter in flat position Features: * Optional Navigation Interface transmits GPS coordinates significantly shortening Search and Rescue response time. * Operates without aircraft power and incorporates an internal alarm/buzzer avoiding costly installation procedures. * Six year lithium manganese battery. * Rod (ANT300) or Blade (ANT650) ELT antennas sold separately. * Three frequency transmitter (121.5 / 243 / 406 MHz) * Weight: (Including batteries) 2.44 lbs (1110 g) / max 2.60 lbs (1180g) ..... P/N 11-05790 ..... $2,435.00
406 AF-H ELT International ..... P/N 11-07559 ..... $2,435.00

KANNAD 406 AS - The KANNAD 406 AS is a aeronautical survival beacon. Fits easily inside a liferaft. It is supplied with a floating collar. Features: * Battery replacement is only every 6 years. * Precise pinpointing (<1NM) due to the unparalleled frequency accuracy of the 406 transmitter. * Three frequency transmitter (121.5 / 243 / 406 MHz) * Weight (including battery, auxiliary antenna and floating collar) 2.53 lbs (1150 g) ..... P/N 11-05787 ..... $2,692.00
Wall Mount Bracket ..... P/N 11-07718 ..... $223.95
Replacement Pin for Wall Mount ..... P/N 11-07719 ..... $44.50

KANNAD 406 SURVIVAL - Fitted with a water switch sensor. It is automatically activated when in contact with water. Emergency locator transmitter of type (S), the survival is supplied with a floating collar. Features: * Six year lithium battery. * Includes water sensor switch and is automatically activated when in water. * Three frequency transmitter (121.5 / 243 / 406 MHz) * Weight: (including battery, auxiliary antenna and floating collar) 3.031 lbs (1375 g)
P/N 11-06287 ..... $2,248.00

KANNAD 406 AP - Installed near the tail and connected to an outside antenna. A sophisticated "shock sensor" system will activate the ELT automatically in the event of a crash. When removed from the bracket and connected to the auxiliary antenna, the Kannad 406 AP becomes an autonomous survival beacon operating on 3 frequencies (121,5/243/406 MHz). Features: Operates without aircraft power and incorporates an internal alarm/buzzer * Six year lithium manganese battery. * Three frequency transmitter (121.5 / 243 / 406 MHz) * Weight: (With battery, bracket, and auxiliary antenna) 2.84 lbs (1290 g) ..... P/N 11-06284 ..... $2,546.00
406 AP ELT International ..... P/N 11-07558 ..... $2,577.00

KANNAD 406 AP-H - Installed on board helicopter in a flat position. When removed from its bracket and connected to the auxiliary antenna, the Kannad 406 AP-H becomes an autonomous survival beacon operaing on 3 frequencies. (121.5/243.0/406 MHz). The "Mounting Bracket, 1 Strap" is not included. Features: * Ultra small size and light weight ideal for any helicopter installation. * Optional Navigation Interface transmits GPS coordinates. * Operates without aircraft power and incorporates an internal alarm/buzzer. * Six year lithium manganese battery. * Three frequency transmitter (121.5 / 243 / 406 MHz) * Weight: (With battery, bracket, and auxiliary antenna) 2.84 lbs (1290 g) ..... P/N 11-05788 ..... $3,128.00
406 AP-H ELT International ..... P/N 11-07557 ..... $2,503.00

KANNAD 406 AF (6D) - Designed to be installed near the tail and to be connected to an outside antenna. A sophisticated 6 way "shock sensor" system will activate the ELT automatically in the event of a crash. Its small size and light weight makes it ideal for any helicopter. The "Mounting Bracket, 1 Strap" is not included. Features: * Automatic Fixed ELT * Specifically designed for aircraft or helicopters * Fitted with 6 G-switches * Three frequency transmitter (121,5 / 243,0 / 406 MHz) * 6 year battery life-time * Short circuit protection * Weight: 1260 gr (max) P/N 11-05786 ..... $740.00

KANNAD INTEGRA 406AF ELTS

Weighing in at just 1.873lb and measuring just 6.89 x 3.90 x 3.40 inches the INTEGRA boasts a number of new and innovative features in a very small easy to install package. The INTEGRA transmits on both the international 406MHz satellite search and rescue system and on 121.5MHz for local direction finding. The minimum operating temperature of the unit is -20°C. The internal battery life of the INTEGRA is 6 years.
406 ELT AF U.S. ..... P/N 11-09325 ..... $969.00
406 ELT AFH (Heli.) U.S. ..... P/N 11-09327 ..... $1,039.00

KANNAD ANTENNAS

ANT100 - AUXILIARY ANTENNA (BNC) - Auxilary Whip antenna. Turns any Kannad ELT into a portable survival unit. Stores under the velcro strap of the mounting tray. P/N 11-06288 ..... $186.75

ANT650 - BLADE ANTENNA - Developed by RAYAN. Three frequency antenna (121.5 / 243 / 406 MHz) High performance low profile outside antenna designed for Corporate jets and airliners Applications: AF, AF-H, AS, AS-H * "High Speed" Aircraft * JTSO and TSO
P/N 11-06294 ..... $2,242.00

KANNAD WHIP ANTENNA ANT200 - The ANT200 ia a 406 ELT Antenna. For use with Kannad ELTs only. ANT200 is a dual frequency Whip antenna for aircraft up to 250 kts (frquencies: 121.5 / 406 MHZ). Has a female BNC connector out. Specifications: Color: Black, Overall Dimensions:, 24.98" X 1" (634.5 MM X 25 MM), Height: 24" (609.6 MM), Weight - 0.375 LB (170 G) P/N 11-06290 ..... $32.85

KANNAD AV300 RAMI ROD ANTENNA - For use with an ELT for general aviation. Passive three frequency fiberglass rod whip antenna, designed for low speed aircraft (up to 350 knots).BNC Female, 9 oz max, 14.00 Inches max P/N 11-07995 ..... $289.95

KANNAD ACCESSORIES

NEMA INTEGRA E-NAV - Provides back-up GPS position data taken from the aircraft's own panel mounted GPS P/N 11-10751 ..... $381.00

BAT200/300 - BATTERY REPLACEMENT KIT - Application: AF, AF-H, AP, AP-H, AS, Survival Comes with 3 cell battery pack, replacement o-ring, desiccant pack and replacement self locking nuts. 406AF uses BAT200
BAT-200 ..... P/N 11-06297 ..... $185.75
BAT-300 ..... P/N 11-06296 ..... $439.00

RC102 - REMOTE CONTROL - Replacement control panel for ACK, AMERIKING plus Narco two wire switches and challenging locations . Front panel included in RC102 & RC100 P/N 11-07901 ..... $94.85

RC200 - REMOTE CONTROL - Outline Dimensions: 1.3 x 1.97 x 1.69 in (33 x 50 x 43 mm). 3-position red switch (ON, ARMED, TEST/RESET). D-SUB 9 pin connector with threaded locking device (UNC 4-40) .The Kit includes mating SUB-D9 connector for easier installation. Applications: AF- Compact, AF, AF-H, AP, AP-H Switch is not waterproof. Cannot be installed flat. P/N 11-06302 ..... $122.95

DIN12 CONNECTOR - For connection to Remote Control Panel, CSI44 interface module, dongle or programming equipment. Compatible with all KANNAD 406 ELTs P/N 11-06303 ..... $26.50

MOUNTING BRACKET 1 STRAP- Designed to fix the ELT with a retaining strap for quick removal in an emergency Qualified to maintain the ELT into place during 500 G shocks for 4 ms. Applications: AF, AF-H, AP, AP-H P/N 11-06301 ..... $98.95

UNIVERSAL COMPACT MOUNTING BRACKET - Compatible with the drilling on all 121.5 Mhz beacons. P/N 11-07900 ..... $64.99

PROGRAMMING DONGLE, ASSY - Din 12 connector with serial memory module (SMM) for programming operations. Fitted with a female DIN12 connector on RCP side. Compatible with all KANNAD 406 ELTs
P/N 11-06304 ..... $307.00

KANNAD PROGRAMMING DONGLE - Identical to the DIN12 that is used to store aircraft programming information. Allows fleet operators to move any ELT to any other aircraft. The stored aircraft data will be automatically downloaded into the ELT. Required for Navigation Interface connection.
P/N 11-07088 ..... $226.95

KANNAD PROGRAMMING DONGLE INT - Can be use with the following Kannad ELT models: (AF-COMPACT, AF, AF-H, AP, AP-H, AS, SURVIVAL) P/N 11-06990 ..... $316.00

KANNAD PROGRAMMING DONGLE INTEGRA/SA -
P/N 11-12330 ..... $698.00

KANNAD PROGRAMMING DONGLE INTEGRA LONG RANGE -
P/N 11-12331 ..... $515.00

KANNAD 406 PR600 ELT PROGRAMMING TRAINER - Replaces the former PR550 Programming Equipment kit. P/N 11-07102 ..... $1,065.00

KANNAD 406 AS CARRY OFF BAG - P/N 11-07716 ..... $233.95

KANNAD 406 AS CARRY OFF BAG SHORT - ..... P/N 11-07718

KANNAD 406 AS MOUNTING BRACKET - ..... P/N 11-07719

AF COMPACT INSPECTION KIT - P/N 11-08063 ..... $54.75

KANNAD 406 AS LOCKING PIN - P/N 11-07719 ..... $44.50

KANNAD ACK RETRO-FIT INSTALLATION KIT - Contains everything you need to ensure a simple swap-over. P/N 11-10007 ..... $181.95

KANNAD AMERI-KING RETRO-FIT INSTALLATION KIT - Contains everything you need to ensure a simple swap-over P/N 11-10008 ..... $181.95

AV

ARTEX ME406 ELT

The Artex ME-406 is a single output ELT. Two emergency frequencies (121.5 and 406.028 MHz) utilize the same RF output, requiring only one coax cable to connect to the new series of Artex single input antennas. The ELT automatically activates during a crash and transmits the standard swept tone on 121.5 MHz. Every 50 seconds for 440 milliseconds the 406 MHz transmitter turns on and transmits an encoded digital message to the Cospas/Sarsat satellite system.The mounting hardware for the ME-406 Series is compatible with all previous models of Artex 406 MHz, as well as the ELT200 Series, ACK, Pointer Model 3000 ELT and Narco ELT's. Current owners of Artex 2-frequency ELT can re-use the remote switch in the cockpit as well as the wiring harness from the cockpit to the ELT thus greatly reducing installation costs.

ARTEX ME406/P ELT

Uses the proven technology of the ME406 and attaching a removable wrap-around auxilliary flex antenna. Allows the disconnection of the ELT from the installed aerial antenna, removal of the transmitter from a downed aircraft and after attaching the flexible antenna the distress call is again transmitted with full signal strength. Although Search and Rescue authoritiese recommend to remain in close proximity to the aircraft, using the ME406/P in it's portable version enables to wait for the Search and Rescue crews in areas sheltered better from the environment.

EXCLUSIVELY FROM AIRCRAFT SPRUCE
EMERGING LIFESAVING TECHNOLOGIES 406 ELT WITH INTERNAL GPS.

Emerging Lifesaving Technologies has presented the first ELT with internal GPS approved for General Aviation. Along with the 406MHz emergency signal, Copas/ Sarsat satellites will read your specific GPS location during a crash. The GPS automatically updates every 15 seconds and upon activation bursts a 5 watt signal within 25 meters every 50 seconds to the Global Satellite System. Search and Rescue will be notified of your location within minutes. The ELT406GPS mounts with most standard ELT configurations from previous manufacturers. GPS data comes from the internal module in the ELT- 406GPS. There is no need to install expensive interface modules and retrieve GPS information from existing systems. The antenna houses both 406 MHz and GPS passive antenna in a sleek blade configuration. A replaceable 5 year battery pack is easily installed by the owner/operator. With American Ingenuity and American Engineering, Emerging Lifesaving Technologies is committed to keeping all of their products "Made in the U.S.A".

Specifications: • Output Power: 5W (440ms/50sec) for 72 hours @ -20C to +50C. • GPS Cycle Time: Every 15 seconds. • Battery: 5-Year Lithium (LiMn02). • Weight: ELT Transmitter - 2.5 lbs Mounting Tray - 0.3 lbs. • Total Weight: 2.8 lbs. • Dimensions: 7.715" L x 3.660" H x 4.200"

In the Box: • ELT • Coax Cables • Antenna • Remote Switch • Install Kit.

ARTEX 2-WIRE REMOTE INTERFACE SYSTEM

This product allows an upgrade to an Artex 5-Wire 406 MHz ELT using an existing 2-wire configuration. The 2-Wire Remote Interface allows two wires from the existing wiring harness to connect the cockpit remote switch to the ELT for simplified, cost-efficient installation.

P/N 11-07776.....$1,291.00

ARTEX ACCESSORIES

ARTEX WIRE WHIP ANTENNA - Black whip antenna with inductor. For use with 121.5 and 243 MHz. Designed for speeds up to 200 knots TAS.

P/N 110-324.....$88.95

ARTEX WIRE WHIP ANTENNA 110-331 - Works with the 200S survival series ELT. P/N 11-04962.....$52.75

ARTEX BNC CABLE - 15 ft female BNC to BNC coax cable for use with 406 ELT series.

P/N 11-08130..... $325.00

SKY HUNTER 406 ELTS

Features: • Internal buzzer with remote connector. • No aircraft power required. • Approved to -40°C (tested to -55°C). • Size: 200 x 130 x 80mm (8 x 5 x 3 in.). • Weight: 1.5 kgs (3.3 lbs.)

Battery Life: 5 years • SkyKey Programmer (for fleet operators) • Includes ELT, Remote Switch, Mounting Bracket, Antenna, Antenna Cable, Battery Pack, "ELT Located Here" Decal.

PERSONAL LOCATOR BEACONS

ARC AQUALINK PLB

The AquaLink™ broadcasts a unique registered distress signal that not only tells rescuers where you are, but who you are. The onboard GPS can fix your position to within 100 meters and then utilizes a powerful 406 MHz signal to relay your distress call to orbiting satellites. As local Search and Rescue is deployed, a separate homing signal and integrated LED strobe light guide rescuers to your exact location.

USA ..... P/N 11-09693 ..... $435.00
Canada ..... P/N 11-10404 ..... $395.00

ACR AQUALINK VIEW

The AquaLink™ View broadcasts a unique registered distress signal that not only tells rescuers where you are, but who you are. The onboard GPS can fix your position to within 100 meters and then utilizes a powerful 406 MHz signal to relay your distress call to orbiting satellites. As local Search and Rescue is deployed, a separate homing signal and integrated LED strobe light guide rescuers to your exact location. Features: 3 levels of integrated signal technology — internal GPS, powerful 406 MHz satellite signal and 121.5 MHz homing beacon Super bright integrated strobe. No float pouch required – Self Buoyant. Allows for multiple testing/display of GPS coordinates. Typical Performance 35 Hours. On Board 66 Channel GPS Reflective Keypad. Made in the U.S.A

USA ..... P/N 11-09241 ..... $518.00
Canada ..... P/N 11-10405 ..... $546.00

ARC RESQLINK 406 PLB WITH GPS

At 4.6 oz, the ResQLink™ weighs less than a couple of energy bars. And topping just 3.9 inches, it's smaller than the cell phone in your pocket. Full-powered, GPS-enabled rescue beacon designed for anglers, pilots and back country sportsmen. With three levels of integrated signal technology - GPS positioning, a powerful 406 MHz signal, and 121.5 MHz homing capability - the ResQLink™ quickly and accurately relays your position to a worldwide network of search and rescue satellites. A built-in strobe light provides visibility during night rescues.

Usa Version ..... P/N 11-10005 ..... $278.95
Canada Version ..... P/N 11-11357 ..... $309.00

KANNAD XS-ER GPS PLB

Minimum of 48 hours continuous operation. Compact, light weight, small size. Easy and intuitive activation. Waterproof to 10 meters and buoyant Subscription-free and no call charges. 5 year battery life User replaceable battery 406 MHz international messaging & 121.5 MHz homing signal

P/N 11-08711 ..... 2.95

ACR RESQLINK PLUS BUOYANT PLB-375

At 5.4 oz and topping just 4.5 inches, the ResQLink+ is the smallest buoyant Personal Locator Beacon available today. Small enough to easily be carried in a pocket, clipped to a backpack or stored inside an inflatable life jacket. With three levels of integrated signal technology - GPS positioning, a powerful 406 MHz signal, and 121.5 MHz homing capability - the ResQLink+™ quickly and accurately relays your position to a worldwide network of search and rescue satellites. A built-in strobe light provides visibility during night rescues.

P/N 11-10825 ..... $279.95

MCMURDO FASTFIND 220 PLB WITH GPS USA

The FAST FIND 220A PLB is a simple, lightweight, and floatable distress beacon that comes with a buoyancy pouch. This device relies on the 406 MHz frequency to transmit the user's unique ID and precise GPS location to the global satellite network. Within minutes search and rescue services (SAR) are alerted and continue to receive regular position updates. Once within range, rescuers can then home in on the beacon's second signal, a 121.5 MHz transmission, and find the user. ..... P/N 11-11997 ..... $249.00
Canada Version ..... P/N 11-11884 ..... $249.00

FASTFIND PLUS 406 PLB WITH BUILT-IN GPS

Features a built-in GPS receiver combined with a 406 MHz transmitter and 121.5 MHz homing signal. In the event of an emergency, an alert signal is transmitted to COSPAS-SARSAT satellites and forwarded to a rescue coordination center within typically 3 minutes. **NOT APPROVED FOR USE IN AUSTRALIA & NEW ZEALAND**

P/N 11-02256 ..... $563.00

RESCUEME PLB1 PERSONAL LOCATOR BEACON

The rescueMe PLB1 can be operated with a single hand in even the most challenging situations. There are NO CHARGES to use the service. When activated the rescueME PLB1 transmits your position and your ID to a Rescue Coordination Center.

USA ..... P/N 13-15036 ..... $299.00
Canada ..... P/N 13-15492 ..... $299.00

SPOT 2 SATELLITE GPS MESSENGER

New Enhancements: • Enhanced GPS • Extra Message Button • Tracking message queuing • Safety flaps over 911 and help message • Replaceable button cover (see left) • Illuminated buttons • Intrinsically safe • Sent message light • Case included (see below) • Enviromentally safe packaging Features: • Check In: Lets contacts know where you are and that you're okay. • Track: Acquires your GPS location every 10 minutes for 24 hours. • Alert SOS: Alert emergency assistance request with your exact location to GEOS every 5 min up to 4.7 days. • Ask For Help: Request help from friends and family every 5 min for 1 hour. Up to 10 contacts – phone & email. •Removable Case: Arm Band, Carabiner & Car Dash attachment. * For U.S. and Canada use only*

Spot 2 Orange ..... P/N 11-07878 ..... $79.95

SPOT CONNECT

Simply pair your smartphone with SPOT Connect, and get connected to a global satellite network that lets you send messages and GPS coordinates from virtually anywhere on the planet. Update Twitter and Facebook. Send email and text messages. Request non-emergency help from professional service providers. And in the case of a critical emergency, send an SOS message requesting emergency assistance. * For U.S. and Canada use only*

P/N 11-09612 ..... $149.95

SPOT 3 SATELLITE GPS MESSENGER

SPOT Gen3 - The latest in the line of SPOT rugged satellite GPS messengers, the SPOT Gen3 keeps you connected even when you're off-the-grid. Using the power of satellite technology SPOT works virtually anywhere in the world. Check in with your personal and professional networks, send custom messages and let others track your location in real-time via Google Maps™. In an emergency, transmit an SOS with your location to GEOS International Emergency Response Coordination Center.

Key Differences: SPOT 3 vs SPOT 2: Longer battery life - more reliable, Smaller size - easier to travel with, Internal vibration sensor to only send tracking messages while moving - more efficient, Vibration sensor also enables us to provide the new Unlimited Tracking service - ability to transmit indefinitely, New Movement Messaging - theft alerting capability, Variable rates in Track Mode (30 min, 15, 10, 5, 2) - more customizable, and much more.

P/N 11-11503 ..... $149.95

SPOT GLOBAL PHONE

When you are off-the-grid, the SPOT Global Phone can keep you connected to the people and data that matter most. Using satellite technology, it works virtually anywhere in the world. Visit www.findmespot.com to view the latest coverage map. The SPOT Global Phone boasts superior voice quality, the MOST competitive airtime pricing in the industry and the fastest handheld data speeds in mobile satellite today. Whether you are keeping in touch with the office, letting your friends and family know you are safe, or checking your email, you will be connected.

P/N 11-11512 ..... $499.00

SPOT TRACE THEFT-ALERT TRACKING DEVICE

Using 100% satellite technology, SPOT Trace tracks your most valuable assets beyond the reach of cellular coverage, using your smart phone or computer. With SPOT Trace, receive text/email messages when movement is detected and select from 2 ½, 5, 10, 30 or 60 minute tracking intervals. SPOT Trace includes: multiple mounting and power options (including rechargeable batteries and line power) and a compact, durable, lightweight design. SPOT Trace is waterproof rated IPX7 and includes a dock mode option that is designed specifically for monitoring assets typically stored on the water. Affordable and easy to use, SPOT Trace is the ultimate theft-alert tracking device for your aircraft, watercrafts, automobiles, and other valuables.

P/N 11-12224 ..... $99.95

SHADIN AMS 2000 ALTITUDE MANAGEMENT AND ALERT SYSTEM

With a range of feature previously unavailable in general aviation, the Shadin Avionics AMS-2000 Altitude Management and Alert System brings advanced instrumentation to new levels of function and affordability. The Shadin Avionics AMS-2000 uses information from Mode-C altitude encoder to deliver: •Time-based Altitude Alerting, rather than fixed altitude buffers. •Automatic calculation and display of Density Altitude. • Real-time display of IVS without the inherent lag of your aircraft's static system. •Calculation and display of Aircraft and Engine Performance • Percentage, at your demand. • Made in the U.S.A., the AMS-2000 features a 12-month warranty.

The AMS-2000 coupled with the Falcon Altitude Encoder provides all advanced altitude alert functions previously noted, plus the following high-resolution altitude management functions: • Time-based level-off warning sounded and displayed 15 seconds from target altitude--smooth capture is assured regardless of climb or descent rate. • Digital display of altitude from -1000 to +62,000 feet in high resolution, 10-foot increments. • Digital reading of Instantaneous Vertical Speed (IVS). • Deviation envelope is adjustable in 10 foot increments P/N 10-03711.....$3,573.00

Falcon Altitude Encoder ..... P/N 11-12035.....$1,323.00

SPIDER S3 PORTABLE GLOBAL TRACKING SOLUTION

Spidertracks is the affordable, satellite-based flight tracking system designed specifically for aviation to bring peace of mind to pilots and their families. With a portable spider unit on board, the pilot's friends can follow the flight in real time on-line so they know the pilot is safe, and so they can share the fun of flying on-line. Automatic alerting and simple messaging mean the pilot can tell those they trust that they are safe or when they need help. The SOS is sent automatically as soon as the system loses contact with the aircraft, so help can be dispatched quickly when needed. Features: Streamlined design, Integrated keypad, Simple to use, Compatible with Aviator & Fleetpro websites, Global coverage in real time, Portable, Mark button text and email messaging, Automatic SOS alerting with Spiderwatch active tracking service, Manual SOS, Manual or automatic activation of Spiderwatch, Type certification not required, AFF compliant. Specifications: Dimensions: 3.5" x 4.7" x 1.0" (89mm x 119mm x 25mm), Weight: .35lb, Power Consumption: Operating <- 100mA at 12 V DC with reverse polarity protection., Operating Temp: -13 - +158 F, Frequency: L1, 1575 MHz, Channels: <- 50, Position accuracy: within 8'., Operating parameters: 59,000'. Speed limit of 500 KNTs. Power Source: Vehicle auxiliary power. The cigratte lighter plug supplied can be hard wired by a LAME. P/N 11-09789 ..... $995.00

SPIDER S5 PORTABLE GLOBAL TRACKING SOLUTION

The S5 is perfect for the safety conscious commercial operator needing to enhance communication between people on the ground and in the air, the Spider S5 is compact with an integrated keypad and will easily fit on the glare shield.

P/N 11-11464 .....$1,795.00

STRIKEFINDER® DIGITAL WEATHER AVOIDANCE SYSTEM

Detects and analyzes the electrical activity emanating from thunderstorms within a 200 nautical mile (nm) radius of the aircraft. A unique graphic display plots an accurate, reliable and easily-interpreted picture of electrical activity, that you can use to circumnavigate the hazards associated with thunderstorms. Determines the bearing, range and severity of the activity. Strike data is plotted on the display as single orange dots by range and azimuth, in relation to the aircraft symbol ("heads up"). Must be installed by Advantage Avionics or another approved StrikeFinder dealer except for experimental aircraft.

Description	Part No.	Price
Strike Finder Standard System	11-00348	$3,589.00

MONROY ATD-300 AIR TRAFFIC ALERT

The Monroy ATD-300 provides that continuous traffic awareness in a compact size. Detects all transponder type replies from nearby traffic and displays their proximity and their altitude on a bright 8-character dot matrix display. Simultaneously, a clear female voice provides voice alerts in relation to traffic proximity. It even has a test mode to verify onboard transponder opeation. All of this and more in the size of an alumminum box (2.75"w x 0.75"h x 5"d) no bigger than your intercom. With the Plug N' Fly feature you jut plug the ATD-300 into the cigarette lighter (for power) and the aircraft headphone jack (for voice feedback) and you are ready to fly. No panel space or installation is required. Velcro and mounting brackets are provided for location on top or bottom of the instrument panel and in the panel. The unit comes with a detachable antenna, cigarette lighter power cord, and headphone cable for Plug N' Fly setup. The ATD-300 Traffic-Watch provides multiple capabilities that enhance the safety of flight, such as: • Traffic Range up to 5nm • High/Low Voltage alarm • Traffic MSL Altitude • Auto Mode Display • Voltage Indication • ATD-200 Interchangeable • Traffic relative altitude readout • Host transponder altitude/code readout • Bright LED 8 character dot matrix display Specifications: Weight: 10 oz.; Frequency: 1090 MHz; Max Range: 5nm. ..... ANT-300 Antenna 5"x3"x1" single BNC..... P/N 11-08481 ..... $347.00

PROXALERT R5 - COLLISION AVOIDANCE SYSTEM

The R5 is a passive collision avoidance system. It detects transponder replies of aircraft flying in your vicinity and displays simultaneously both squawk code, altitude, vertical trend and estimated distance of the 3 closest threats. The R5 will increase your ability to visually locate threat aircraft and better apply the FAA 'See and Avoid' concept. The R5 has been designed to be very robust against interference coming from DME equipment and other sources of disturbance. Offers significant operational improvements over previous generation products at a very attractive price. The R5 comes with a 3 year manufacturer warranty. P/N 11-02782.....$779.00

INSIGHT TAS 1000 AIR DATA COMPUTER WITH WINDICATOR

Today's modern avionics integrate many functions with your GPS, but standard installations leave many important features untapped. The TAS 1000 Multi-Function Data Source was specifically designed to supply all the information needed to fill in the missing pieces of your GPS or MFD display in real-time. TAS 1000 provides the pilot with a wealth of useful information all based on real time measurements of airspeed, altitude, temperature, fuel flow, heading, ground speed and track. Designed to interface with many brands of GPS, TAS 1000 unlock many previously hidden data pages in most GPS navigators, In addition to TAS 1000s in flight advisory function, TAS 1000 can also serve as a backup altimeter, airspeed indicator or fuel flow meter. The TAS 1000 is designed for use in any piston, turboprop, or jet aircraft and provides a full compliment of features when interfaced to a slaved compass system or HSI, fuel transducers, and compatible GPS system. TAS 1000 will deliver a useful subset of features even if all the interfaces are not available.

The Windicator is an integral part of the TAS1000 system. It presents a previously unavailable graphical display of the winds aloft in real time. The Windicator information alone is so useful that it makes the TAS 1000 installation worthwhile. TAS 1000 system options include an altitude encoder to provide altitude information to a transponder or GPS unit as well as alerting the pilot with overspeed, altitude, approach & altitude difference alerts.

MUST BE DEALER INSTALLED.

DYNON EFIS-D10A

Dynon's EFIS-D10A is a full-featured Electronic Flight Information System in a small package. This instrument fits into a standard 3-1/8" panel hole, making it an ideal candidate for replacing vacuum and electric attitude indicators. In addition to a full complement of flight instruments, the EFIS-D10A also has a built-in HSI and autopilot capability.

EFIS-D10A features and options: • Sunlight-readable, 4" color display with full dimming control • Attitude Indicator, Heading, Altimeter, ASI, VSI, Turn Coordinator / Slip/Skid Ball, HSI, OAT, TAS, Angle of Attack, Voltmeter • Altitude encoder output • Dual-axis autopilot • Backup battery • 25 User-defined checklists • Dynon three-year factory limited warranty.....EFIS-D10A Instrument (with out battery) P/N 10-00844..... $2,095.00

EFIS-D10A OPTIONS

Description	Part No.	Price

DYNON EFIS-D6 / EFIS-D60

Because some like to keep it simple, Dynon offers the EFIS-D6 and EFIS-D60 as basic, even more affordable Electronic Flight Information System (EFIS) solutions. Perfect for pilots who want to save panel weight, space, and installation time compared to a conventional analog gauges, the EFIS-D6 and EFIS-D60 feature all the amenities of a traditional six-pack while also adding a voltmeter and altitude encoder. The EFIS-D6 fits into a standard 3-1/8" panel hole, making it an ideal candidate for replacing vacuum and electric attitude indicators. The EFIS-D60 maintains the same profile and 7" screen as the EFIS-D100, and is available in the Super-Bright screen version only. EFIS-D6 / EFIS-D60 features and options: • Sunlight-readable, color display with full dimming control • Attitude Indicator, Heading, Altimeter, ASI, VSI, Turn Coordinator / Slip/Skid Ball, Angle of Attack, Voltmeter • Altitude encoder output • Backup battery • Dynon three-year factory limited warranty.

DYNON AVIONICS SKYVIEW ENGINE MONITOR MODULE FOR ROTAX 912IS

Dynon Avionics announces SkyView support for the Rotax 912iS engine. Engine parameters available from the 912iS engine computer include RPM, manifold pressure, oil pressure, oil temperature, coolant temperature, EGT for all four cylinders, ECU voltage, and engine hours. All the other normal SkyView SV-engine functions are still available using the SV-EMS-221, such as fuel level, trim position, battery voltage, and contacts. A 912iS-specific engine sensor kit that includes the engine wiring harness, a Kavlico fuel pressure sensor, and an amps shunt are also available. See Accessories.

DYNON EMS-D10 ENGINE MONITORING SYSTEM

The Dynon EMS-D10 offers more engine information in less space then ever before – full engine monitoring with up to 27 separate inputs on a highly readable 4" display, installed in your standard 3-1/8" panel hole. A designated Fuel Computer page allows the pilot to see fuel levels for up to 4 tanks, fuel pressure, fuel flow, fuel used, fuel remaining, time remaining and fuel required to destination all on one optimized display. To keep the classic look and feel of the Dynon product family, the EMS-D10 utilizes the same highly-visible display, keypad, and bezel as the best-selling EFIS-D10A – and will provide engine information to your Dynon EFIS through a simple 2-wire connection. As an added safety feature, the EMS-D10 also features programmable alarms which can be displayed on screen, through a separately mounted indicator light, or by an audible annunciation through your intercom. EMS-D10 features and options: • Sunlight-readable, 4" color display with full dimming control • Replaces up to 16 different types of gauges • Individual displays for up to 6 EGT and 6 CHT inputs • Customizable displays for Tachometer, Fuel Pressure, Oil Pressure, Oil Temp, Manifold Pressure, Volts/Amps, Carb Temp, OAT, Coolant Temp /Pressure, Hobbs/Tach Time • Fuel level display for up to 4 tanks • Fuel flow measurement with fuel computer display • Customizable settings for Green/Yellow/Red parameters on all inputs• Inputs for flaps/trim position sensors and contacts • Programmable visual and audio alarms • 25 User-defined checklists • Dynon three-year factory limited warranty

P/N 10-01160 ..... $1,665.00

COMPLETE ENGINE PACKAGES

(EMS-D10 Engine Monitor, engine sensors and 2 wiring harnesses)

Description	Part No.	Price
EMSKIT-L4C, 4Cyl Lycoming/Continental Package (Carbureted)	10-01161	$2,363.00
EMSKIT-L4F, 4Cyl Lycoming/Continental Package (Fuel Injected)	10-01162	$2,343.00

DYNON EMS-D120 ENGINE MONITORING SYSTEM

Featuring all of the same inputs and features of the EMS-D10, the Dynon EMS-D120 brings full engine monitoring to your panel on a stunning 7" wide-screen display. The larger size allows for multiple information pages to be displayed side-by-side in a split-screen format, enabling you to have full view of your primary engine inputs while also viewing your fuel computer, engine timers, or flight information from a Dynon EFIS. Additionally, the EMS-D120 is available in an optional Super-Bright Screen format, improving its readability and overall performance in all light conditions. Dimensions: 6.95" W x 4.90" H x 4.51" D. Includes Dynon three-year factory limited warranty

EMS-D120 w/ Superbright Screen ..... P/N 10-02156 ..... $2,129.00

SENSOR INPUTS

6 - EGT (Type K Thermocouple)
6 - CHT (Type J Thermocouple)
2 - Fuel Level (Resistive [0-1 K ohm] or Capacitance [0-5 volt])
2 - RPM (Frequency)2 - Contacts
1 - Manifold Pressure (Voltage)
1 - Oil Temperature (Resistive)
1 - Oil Pressure (Resistive)
1 - Fuel Pressure (Resistive)
1 - Fuel Flow (Frequency)
1 - Amps (Shunt)
1 - Volts
1 - Turbine Inlet Temperature (Type K Thermocouple)
3 - General Purpose (Either resistive or voltage for OAT, Fuel Tanks 3 & 4, Coolant Temp/Press, Carb Temp)

DYNON FLIGHTDEK-D180

The FlightDEK-D180 combines Dynon's best-selling EFIS and EMS (Engine Monitor System) instruments into one brilliant 7" sunlight readable display, giving you an unparalleled assortment of functions in one easy-to-use, very powerful instrument. Pilots may elect to display both EFIS and engine monitor functions simultaneously in split-screen format or switch over to a full screen EFIS or EMS via simple hotkey commands – allowing for full monitoring of any combination of PFD, engine sensors, fuel computer, HSI, and timers. Like all other Dynon instruments, the FlightDEK-D180 comes with a 3-year warranty and free lifetime software updates. Additionally, the FlightDEK-D180 is available in an optional Super-Bright Screen format, improving its readability and overall performance in all light conditions.
Dimensions: 6.95" W x 4.90" H x 4.51" D Includes Dynon three-year factory limited warranty

DYNON AUTOPILOT SERVO + MOUNTING KIT PACKAGES

Dynon Avionics servos are dimensionally identical to other leading servos for drop-in upgradability. Behind the scenes, though, the SV line of servos are all-new. A lightweight aluminum case houses a stainless steel gear train to optimize weight while not sacrificing strength. The servo control arm is captured by a castellated nut and secured by a cotter pin, just like other critical interfaces in your aircraft. Each servo is managed by its own microprocessor, making the servo an active, smart extension of the autopilot. This simplifies the control-surface-to-servo calibration, and prevents the servo from driving itself endlessly like other servos can. As an ultimate mechanical failsafe, a simple and effective shear pin is employed to let you break the servo free of the aircraft control surface in an emergency.

Description	Part No.	Price
RV-6 Roll Servo + Mounting Kit (Includes Servo mounting kit RV-6 roll (fuselage):101020-001, pkg SV32L (long output arm): 100854-001	10-03555	$795.00
RV-7/8/10 Roll Servo + Mounting Kit (Includes Servo Mounting kit-RV-7/8/10 roll (R wing): 101020-003, pkg SV32 (std. output arm): 100854-000	10-03556	$795.00

DYNON SKYVIEW EFIS/EMS SYSTEM

Skyview 10" Display

Skyview 7" Display

SkyView is the latest glass-panel solution from Dynon Avionics, featuring a full PFD with synthetic vision, moving map with terrain and obstacles, engine monitor, and autopilot. Very bright, high-resolution screens with full dimming control provide excellent visibility in all conditions, while two multi-position control knobs allow easy user input. The full-color PFD features a full set of flight instruments over a highly-detailed 3D synthetic vision display, while your aircraft's position is shown on a moving map with color-coded terrain, obstacles, and airport/airspace information. In addition, the SkyView will accommodate full engine monitor display and a dual-axis autopilot through the addition of optional Dynon hardware. SkyView systems come standard with Dynon's three-year factory limited warranty. Dimensions: • 10" display: 10.32" W x 7.06" H x 2.14" D • 7" display: 7.64" W x 5.51" H x 2.14" D

DYNON – GRT ENGINE INFORMATION SYSTEMS

DYNON SKYVIEW COM RADIOS

Integrating deeply with your Dynon SkyView system, the SV-COM-C25 tunes frequencies by airport and station type - rather than by spinning in a number - at the touch of a button. Dual concentric knob lets you spin in frequencies "the old fashioned way." SkyView will identify the airport and station type as you tune. Available in both horizontal and vertical versions. The control panel is only 1.27" deep.

Vertical Mount.....P/N 10-05251.....$1,295.00
Horizontal Mount...P/N 10-05252.....$1,295.00

DYNON SV INTERCOMS

For ALL experimental and light sport aircraft. Ample inputs for EFIS systems, stereo music, and all the other technology in your panel. High-Fidelity Audio Circuitry, Dual Radio Support, Fail-safe between the pilot headset, Horizontal and Vertical faceplates are both included; headset jack kits also included. Selectable Auto Mute, and Independent intercom Voice Activation.

Vertical or Horizontal Mount ..... P/N 10-05254 ..... $295.00

DYNON SKYVIEW DISPLAY / ENGINE PACKAGES

We have put together these avionics packages using only the latest in Dynon technology. All Dynon bundles are for experimental application. These bundles do include some cost savings versus buying each item individually so take advantage and get your panel set up in one quick order.

Easy Ordering:

Step 1: Select your preferred Dynon display package based on number and size of screens you need.

Step 2: Select your engine probe package based on your engine application.

Note: We can create a custom package with any combination of avionics units we carry so please contact our sales department if one of the combinations above is not exactly what you need.

Package	Contents	Part No.	Price
Skyview Display Package A	7" Screen with Wire Harness Primary ADAHRS Air Data Altitude Heading Back Up Battery GPS Antenna Unlock Code For Map Software	10-05527	$4,574.00
Skyview Display Package B	Dual 7" Screens with Wire Harness Primary ADAHRS Air Data Altitude Heading Back Up Battery GPS Antenna Unlock Code For Map Software	10-05528	$7,149.00
Skyview Display Package C	10" Screen with Wire Harness Primary ADAHRS Air Data Altitude Heading Back Up Battery GPS Antenna Unlock Code For Map Software	10-05529	$5,375.00
Skyview Display Package D	Dual 10" Screens with Wire Harness Primary ADAHRS Air Data Altitude Heading Back Up Battery GPS Antenna Unlock Code For Map Software	10-05530	$8,775.00
Skyview Display Package E	7" Screen with Wire Harness 10" Screen with Wire Harness Primary ADAHRS Air Data Altitude Heading Back Up Battery GPS Antenna Unlock Code For Map Software	10-05531	$7,974.00

GRT EIS SYSTEMS

For over 22 years, Grand Rapids Technologies' EIS engine monitor has proven itself in most every aircraft engine installation from the most basic 2-stroke engines to turbines. It can be used as a stand-alone system in aircraft without an EFIS display, or an integral part of a GRT Avionics "glass cockpit" EFIS graphical engine display. EIS provides critical engine data and warnings that could save your life. Basic packages come with wiring harnesses and engine probes recommended by the engine manufacturer, including CHT, EGT, and oil pressure/temperature if sensors do not normally come with the engine. Advanced packages include all of the Basic probes plus fuel flow, current sensor, and manifold pressure. Visit www.aircraftspruce.com for more information on packages and probes. Lifetime warranty for manufacturer defects.

Description	Model	Part No.	Price
Lyc/Cont. Package, 4-cylinder, Basic	EIS-4K-LYC-BAS-PKG	11-11745	$1,070.00

GRT SENSORS AND PROBES & ACESSORIES

Description	Model	Part No.	Price
Small EGT probe fits exhaust pipesfrom 1-2" diameter	EGT-HCS-01	11-09535	$44.50
Large EGT probe fits exhaust pipesfrom 1.5-2.5" diameter	EGT-HC-01	11-09533	$44.50
Long Life EGT Probe small, for 1-2" pipes	EGT-HC-SLL-01	11-11844	$58.90
8 mm compression-style EGT probe. Includes compression fitting.	EGT-CF-01	11-09534	$44.50
Long life EGT probe small clamp fits pipes 1-2" diameter.	EGT-HC-SLL-01	11-11844	$58.90
Current sensor, +/- 100 AMP. Suitable for aicraft with 60 amp alternators.	CS-01	11-06276	$84.75
Current Sensor +/- 50AMP. Suitable for aicraft with Rotax, Jabiru, and others with light duty charging systems.	CS-02	11-07224	$73.75
Manifold pressure sensor, 0-31 in. Hg. For normally-aspirated engines.	MAP-01	11-06274	$82.75
Manifold pressure sensor, 0-51 in. Hg. For turbocharged engines.	MAP-02	11-09542	$75.95
CNC Machined, Black Powdercoat to match EFIS	EIS-BEXEL	11-11467	$94.85
Bayonet-style CHT probe. Used mostly with Lycoming and Continental engines.	CHT-BAY-01	11-09538	$44.50
Replacement threaded adapter for bayonet style CHT probes.	BHT-ADP-01	11-09539	$5.95
Ring style CHT probe with 4 mm ring. Suitable for some Rotax installations.	CHT-04-01	11-11468	$15.95
Ring style CHT probe with 10 mm ring. Suitable for Rotax 912/914 installations.	CHT-10-01	15-06432	$17.00
Ring style CHT probe with 12 mm ring. Suitable for Jabiru installations.	CHT-12-01	11-11469	$17.95
Ring style CHT probe with 14 mm ring. Suitable for many 2-stroke engines including Rotax & Zenoah	CHT-14-01	11-09537	$17.95
Ring style CHT probe with 18 mm ring. Suitable for Continental engines without Bayonet CHT ports.	CHT-18-01	11-09536	$17.95
Pressure Senders for oil & coolant Ranges from 0-80 psi to 0-150 psi	HPS-01	11-11470	$42.65
Pressure Senders for oil & coolant Ranges from 0-80 psi to 0-150 psi	HPS-02	11-06423	$47.50
Coolant pressure sender 0-28 psi	LPS-02	11-09543	$55.75
Fluid Temperature Probe - 1/8-27 threads	FT-1827-02	11-09540	$23.50
Oil Temperature Probe - for Lycoming & Continental	FT-LC-01	11-09541	$41.95
EIS Outside air temp probe. Wire to either EIS or EFIS.	OAT-02	15-05248	$24.00
Oil Temperature Probe. Wire to either EIS or EIFS. Included with the EIFS system.	OAT-03	11-11227	$84.95
Coolant pressure sender 0-28 psi. Recommended for Carbureted Engines.	LPS-02	11-09543	$55.75
0-100 psi fuel pressure sender. Recommended for fuel injected engines.	HPS-SS-01	11-09545	$151.75
Machined brass probe works with most carburetors except Bing.	CARB-01	11-06273	$28.95
Princeton capacitive fuel level probe with 2 set points. For rectangular or airfoil shaped tanks with linear interpolation between the set points.	FL-PE-01	11-09544	$89.95
Princeton capacitive fuel level probe with 5 set points. For irregularly-shaped tanks. Works with Van's capacitive plates.	FL-PE-ADV	11-11848	$182.85
Capacitive Fuel Level Probe - Standard, 5 set point. PF or FM mounting	---	10-00258	$139.95

GRT EFIS SYSTEMS

GRT AVIONICS SPORT SX EFIS SYSTEM

Evaluating your own avionics needs is not always easy. The Sport SX series provides the low-cost solution that starts big on capability and provides upgrade paths for the future. Its internal high-integrity AHRS provides the perfect balance of simplicity and precision for light aerobatics. The Sport SX is a great option for kitplane builders desiring a lightweight, simple EFIS with unmatched capability and reliability. Purchase EIS engine monitor package for complete graphical engine display.

Model	Part No.	Description	Price
S200SX6	11-11768	Single 6.5" EFIS System Package with Upgraded CPU, Internal AHRS & GPS, and all wiring harnesses	$2,600.00
S200SX8	11-11769	Single 8.4" EFIS System Package with Upgraded CPU, Internal AHRS & GPS, and all wiring harnesses	$3,325.00
S100SX6	11-11770	6.5" Multi-Function Display with Upgraded CPU and wiring harnesses. No internal AHRS or GPS (slave unit only)	$1,499.00
S100SX8	11-11771	8.4" Multi-Function Display with Upgraded CPU and wiring harnesses. No internal AHRS or GPS (slave unit only)	$1,689.00
Sport Options- Specify at time of order.			
Model	Part No.	Description	Price
SX-OPT-SYN	11-08484	Synthetic Vision Software	$400.00
SX-OPT-GPSV	11-09548	Vertical Commands autopilot software	$429.00
SX-OPT-GPS	11-09547	Internal VFR WAAS GPS for S100 display (Note: this is included with S200.)	$395.00
SX-OPT-429	11-11772	Remote ARINC 429 module	$4,495.00

GRT AVIONICS HORIZON HX EFIS SYSTEM

" The HX line is a no-compromise solution, including features you might expect to find only in business jet or airline avionics. We go beyond the typical synthetic vision EFIS with terrain optimized to convey a sense of depth perception unmatched by other EFIS systems. Primary Flight Data, Moving Map, and Graphical Engine Data (with optional EIS engine monitor), Airspeed, Sensitive Altimeter, VSI, Attitude, True Airspeed, Ground Speed, Heading, Course, GPS Track, Slip/Skid, Airspeed limits & V-speeds. Full horizontal and vertical autopilot functionality with coupled precision approaches (with IFR GPS/NAV and optional GRT servos); Video PFD overlay for optional FLIR night vision; built-in angle of attack and G-meter; Open compatibility with a variety of avionics, ADS-B receivers, autopilots; Bluetooth communication with GRT Remote App for Android; Precision AHRS does not require GPS or airspeed aiding and is directly wired to Display Units for true redundancy.

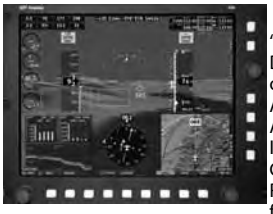
GPS-EXT-WAAS	11-11780	GPS Module, External VFR WAAS for HX, HXr or Sport	$421.75
GPS-EXT-RAIM	11-09218	GPS Module, External VFR WAAS with RAIM	$742.50



GRT AVIONICS HORIZON HXR EFIS SYSTEM

"HXr offers GRT Avionics' largest screen sizes and a simplifed pilot interface built on the well-proven HX processor. Dedicated remote avionics control panel allows for remote mounting of the radio stack to make room for the large 10.4"" or 12.1"" LCD screen. Primary Flight Data, Moving Map, and Graphical Engine Data (with optional EIS engine monitor), Airspeed, Sensitive Altimeter, VSI, Attitude, True Airspeed, Ground Speed, Heading, Course, GPS Track, Slip/Skid, Airspeed limits & V-speeds. Full horizontal and vertical autopilot functionality with coupled precision approaches (with IFR GPS/NAV and optional GRT servos); Video PFD overlay for optional FLIR night vision; built-in angle of attack and G-meter; Open compatibility with a variety of avionics, ADS-B receivers, autopilots; Bluetooth communication with GRT Remote App for Android; Precision AHRS does not require GPS or airspeed aiding and is directly wired to Display Units for true redundancy.

AV

GRT AVIONICS AUTOPILOT SERVOS

Digital CNC machined servos add autopilot functionality to any GRT Avionics EFIS System. Heading select, VOR/GPS tracking, ILS and GPS precision approach coupling*, climb/descent to selected altitude using preset IAS or VS*, automatic approach capture. Pitch servo torque sensing provides Trim Up/Trim Down indication. Clutchless design with shearble output arm provides fail-safe mechanical method of freeing flight controls in the unlikely event of servo jam. 12-29V. Standard torque suitable for RV & most 2-place kitplanes. High torque for 4-place aircraft. Specify aircraft type when ordering. *Standard a/p features on HX and HXr. Sport requires Vertical Commands software.

Description	Part No.	Price
Roll servo, standard torque, 1.0 Amp, 2.25 lbs	11-09791	$850.00
Pitch servo, standard torque, 1.0 Amp, 2.25 lbs	11-09792	$900.00
Roll servo, high torque, 2.0 Amp, 2.25 lbs	11-11763	$950.00
Pitch servo, high torque 2.0 Amp, 2.25 lbs	11-11764	$1,000.00
Roll servo wiring harness	11-11766	$26.50
Pitch servo wiring harness	11-11765	$26.50
Servo Mount Kit- Specify type of aircraft.	11-11767	$78.75

GRAND RAPIDS MINI BACKUP EFIS

A small, lightweight, economical VFR EFIS system for LSA and light kitplanes. An affordable, high-quality backup to our larger EFIS systems for IFR operations. A stand-alone autopilot and backup flight instrument all in one. As an IFR backup flight instrument, the Mini-X and Mini-AP can do what no other brand of backup display can do for GRT Horizon and Sport users: Serve as an auxiliary autopilot control head for GRT servos that maintains an independent source of control if the main display unit should fail. Utilize the same pilot interface as the popular Horizon and Sport series, meaning you will not have to remember a different brand's "buttonology" in an emergency. Now taking orders. No deposit required! Shipment of Mini-B anticipated in January 2014, with Mini-X and Mini-AP to follow.

Description	Part No.	Price
GRT Mini-B Backup EFIS	11-12236	$995.00
GRT Mini-X EFIS	11-12237	$1395.00

ADVANCED FLIGHT SYSTEMS - EFIS INTEGRA

ADVANCED FLIGHT SYSTEMS AF3400

AF-4500EF 8.4" AF-3500EF 8.4" AF-3400 6.5"

Can be configured as an EFIS (EF), Engine Monitor (EM), or Combination (EE) or both with the appropriate hardware modules installed. Utilize the Advanced Avionics Bus allowing the pilot and copilot displays to exchange screens. Powered by a state-of-the-art certified Crossbow AHRS engine. LCD display is 50% brighter than any competitor. EFIS — Unlike other systems the horizon display is generated from an internal Crossbow AHRS that is based on certified boards and software. The display features a clear and easy to read airspeed indication with user adjustable color ranges, the altimeter is set using a familiar and convenient adjustment knob. Heading display is generated from a remote mounted magnetometer. The heading can be displayed on a tape across the top or with our new EFIS DG©. Other flight instruments functions include a slip ball and user-configurable g-meter. Aircraft Monitoring and Data Acquisition System — The system continuously monitors and displays not only all aircraft engine data but any of the standard instruments can be eliminated or added to the screen. Mapping — An optional feature, your AF-3400s/3500s can now be configured with onboard mapping. Position is derived from an outboard GPS signal and displayed on the screen. Several display page options can be selected.

TL ELEKTRONICS EMS INTEGRA TL-6724 / TL-6760

EMS Integra TL-6724 is a multifunctional engine monitoring system integrating all primary engine instruments (Tachometer, Manifold Pressure Indicator, EGT, CHT, Oil and Water Temperature Indicator, Fuel Quantity, Fuel Pressure and Fuel Flow Indicator, Voltmeter, Ammeter, Timer, IAT, OAT etc.). The EMS Integra also integrates propeller control for Constant Speed and Choke Control. EMS Integra is designed for use with all engine makes and models. Wide viewing angles, brilliant colour and direct sunlight readability gives you a new dimension in EMS instrumentation. Proven high-tech components provide you with comfortable, user-friendly control. Its fully ambidextrous controls provide access to a variety of functions- a well-arranged display of genuine analogue instruments, a downloadable measured values history of engine functions by USB port, protection of your engine by constantly monitoring all measured values, direct headphone voice warnings etc.

Description	Part No.	Price
TL EMS Integra TL-6724	10-03524	$1,990.00
TL Integra 9" Remote Display TL-6860	10-05436	$2,370.00
TL Integra 9" Display Mounting Rack TL-6560 TL-6660 TL-6760	10-05437	$63.00

Visit www.aircraftspruce.com for a list of probes, senders, and accessories for the Integra TL-6724.

EFIS INTEGRA TL-6524

EFIS Integra TL-6524 is a multifunctional flight monitoring system integrating all primary flight instruments (Altimeter, Vertical Speed Indicator, Air Speed Indicator, Compass, Accelerometer, Chronometers, Turn & Bank Indicators, Angle Of Attack Indicators, IAT, OAT etc.). The EFIS Integra also combines navigation (HSI, CDI with connection to the popular Garmin SL-30) and 3-D terrain for use worldwide. The wide viewing angles, brilliant colour and direct sunlight readability of the display will give you a new dimension in EFIS instrumentation. Proven, state of the art technology and components will provide you with comfortable, user-friendly control. The Integra controls are fully ambidextrous and provide functions that have previously only been dreamt of - listening to your favourite music after inserting your flash drive into the front panel USB port, 3-D visualization of terrain, integrated 3-axis autopilot, direct voice warnings into your headphones, etc.

EFIS & EMS INTEGRA TL-6624

EFIS & EMS Integra TL-6624 is a multifunctional system that monitors both your flight and engine. TL-6624 integrates all primary flight instruments (Altimeter, Vertical Speed Indicator, Air Speed Indicator, Compass, Accelerometer, Chronometer, Turn-indicator with Inclinometer, Angle of Attack Indicator, internal air temperature, external air temperature, etc.).

The EFIS Integra also includes navigation systems (HSI, CDI with connection to the popular Garmin SL-30) and worldwide 3-D terrain maps. It also integrates all primary engine instruments (RPM, Fuel Flow Pressure Indicator, Exhaust Temperature Indicator, Cylinder Head Temperature Indicator, Oil and Water Temperature Indicator, Fuel Level Indicator, Fuel Pressure Indicator, Voltmeter, Ampere Meter, Timer, Internal Air Temperature Indicator, External Air Temperature Indicator, etc.) In addition the EMS Integra includes Propeller Control for "Constant Speed" and Engine Choke Control. The EMS Integra is designed for use with all engine makes and models. .....

9" Display..... P/N 10-05434.....$4,155.00

SEE WWW.AIRCRAFTSPRUCE.COM FOR A LIST OF PROBES, SENDERS, AND ACCESSORIES FOR THE INTEGRA TL-6624.

TL ELEKTRONICS INTEGRA REMOTE DISPLAY TL-6824 / TL-6860

Remote Integra Display TL-6824 is designed for displaying all values measured by TL-6524, TL-6624 and TL-6724. The Remote Integra Display can provide information to the co-pilot or other crew members. The low-profile of the TL-6824 enables installation into seat backs and by providing passengers flight information, it enriches their flight experience. Its wide visual angle, bright colours and readability in direct sunlight ensures a new dimension of information available to the co-pilot and members of the crew. High-tech components used in the Remote Integra Display ensure comfortable user-friendly control. The instrument is suitable for both left-handed and right-handed users plus your favourite music can be played after inserting a flash drive into the front panel USB port.

MGL V6/V6R VHF AVIATION RADIO TRANSCEIVER

Based on the digital technology intruduced in the V10, the V6 provides the same powerful 6W transmitter and modulation system. Designed for 25Khz spacing with 8.33Khz compatible operation selectable, the dual scan receiver boasts the fastest scanning time which means no loss of reception quality during receive of the standby channel. 100 channel storage and channel operating mode compatible with the V10. Four place, dual circuit intercom system with full isolate. Each intercom microphone input has its own level control and VOGAD noise suppression system. Dual PTT inputs. Black box flight recorder audio output. The intercom outputs are fully stereo with a dedicated stereo music input plus two auxiliary channels for mobile phone and EFIS annunciators. The V6 radio fits a standard 2 1/4" round instrument hole from the rear and provides simple mounting due to captive nuts. Wide Operating voltage range: 12V to 28V DC.

VHF-6 Transceiver .....P/N 11-10464 .....$1,088.00
V6R Remote Transceiver .....P/N 11-12014 .....$1,050.00

MGL AVIONICS V10 VHF AVIATION RADIO TRANSCEIVER

MGL's air band VHF transceiver is the first commercial product of its kind to utilize modern receiver and transmitter technology. All audio processing and much of the receiver and transmitter circuitry is fully digital resulting in an outstanding quality experience unavailable with traditional technology. VHF Airband transceiver based on modern digital signal processing technology with built in multi-mode dual circuit intercom system. Small Size: Fits in a round 3 1/8" instrument hole, but has a mounting depth of only 2.2" + connectors! Light Weight: Approximately 8.8 oz (about 0.5 lb). One of the lightest out there! Powerful: 6 full Watts of transmit power.

Transceiver.....P/N 11-07817 .....$1,065.00

MGL AVIONICS E1 ENGINE MANAGEMENT SYSTEM

A compact 3 1/8" format instrument all that is needed to monitor most smaller aircraft engines from two-stroke ultralight engines to medium sized four strokes such as from Rotax, Continental and Lycoming. Most automotive engine conversions can benefit from the use of the E3 engine monitor. • 66 different engine setup configurations possible • Universal, programmable rev counter (engine RPM) with digital and analog readout, with a programmable high alarm limit • Programmable engine Hobbs meter (password protected) and running timer (flight timer) with automatic flight log • Can monitor up to four programmable thermocouple channels for EGT and CHT probes with a user programmable high alarm limit • A universal temperature sender input with a user programmable low and high alarm limits • A universal pressure sender input with a user programmable low and high alarm limits • Supply voltage measurement up to 30V with a user programmable low and high alarm limits • Maximum recorded values for all measured values are stored in non-volatile memory • High accuracy: Built in thermocouple linearization curves and cold junction compensation • Thermocouple temperature probes can be common K, J or E-type thermocouple probes • Uses standard automotive temperature and pressure senders • Special Rotax 912/914 engine monitor mode utilizing the standard built in Rotax NTC CHT probes • Supports the new Rotax 912/914 4-20mA oil pressure sender.

P/N 11-05578 .....$315.00

MGL AVIONICS XTREME MINI EFIS

The XTreme EFIS is a mini-EFIS unit based on a 4.3" sunlight readable, wide viewing angle, high resolution LCD display. It integrates an SD card reader (for software updates and for flight data recorder), 5 function buttons, a rotary control and a basic GPS navigator (functions available in future firmware release). It can be connected to standard MGL Avionics AHRS sensors and RDAC (engine monitor) boxes. It also integrates a CAN Aerospace compatible communications interface that will be used with future versions of MGL Avionics sensors. Standard RS-232 ports are also available. The XTreme is designed to fit a standard 3 1/8" round instrument hole.

P/N 11-08757 .....$1,150.00

MGL AVIONICS VOYAGER - EFIS/EMS/GPS

8.4" Perfect Fit

The Voyager is IDENTICAL in PRICE and FUNCTION to the Odyssey. The only difference is the size. The Voyager is a comprehensive flight, engine and navigation instrument designed for Experimental and Light Sport aircraft. Like the Enigma, the Odyssey/Voyager is a hardware and software concept that promotes a flexible, powerful EFIS platform together with a software application system that is highly user-modifiable. The Voyager shares all software features with the Enigma, but differs in the following ways: Larger screen (8.4" diagonal). High resolution full VGA active TFT display - one of the best we have found! Faster processor for future functionality. 2 user-configurable rotary knobs and 7 function keys. ARINC 429 interface for communication with traffic alert systems (TIS and ZAON XRX) and for communicating with high-end digital autopilots (GPS Steer and Vertical Nav). CAN (automotive bus) for reading the ECU of automotive engine conversions. Analog +/- 150mA NAV inputs to display CDI/LOC/GS when connected to older analog Nav radios Low... Weight: Under 4 lbs. Current Draw: Only 1.5 Amps @ 12 Volts High... Screen brightness (800-1000 nits). Reliability. Flexibility (any screen layout you want!). Feature count (more instrument options available than most EFISs)

P/N 11-06963 .....$3,900.00

MGL IEFIS CHALLENGER 10.4 INCH TOUCHSCREEN

The iEFIS is a comprehensive flight, engine and navigation instrument designed for Experimental and Light Sport aircraft. Pressure sensitive, sunlight readable touchscreen that can also be operated using gloves. The pressure sensitive 10.4" touchscreen operates much like a tactile button preventing false activation when touching the screen in turbulent conditions. A simple but highly effective solution. The large amount of flexibility built into the base system allows the adaptation of the iEFIS to almost any mission and aircraft. The iEFIS screens can be completely edited by the user using a simple PC program to create any display the user desires. This makes the system absolutely the most customizable EFIS on the market today! Due to low system cost, the iEFIS is equally suited to light aircraft, gliders and rotorcraft, while providing enough flexibility to be utilized by multi-engine aircraft with up to 4 engines monitored, and by turbine aircraft and even spacecraft.

P/N 11-12044 .....$2,995.00

MGL XTREME EMS

The XTreme EMS is based on a 4.3" sunlight readable, wide viewing angle, high resolution LCD display. It integrates an SD card reader (for software updates and for engine data recorder), 5 function buttons, a rotary control. It can be connected to standard MGL Avionics RDAC (engine monitor) boxes (required). The XTreme EMS is designed to fit a standard 3 1/8" round instrument hole. The body is located off-center allowing the unit to replace instruments on the right side of a standard 6-pack configuration or any other location that currently occupies two instruments. Due to the light weight and very low mounting depth no complicated mounting brackets or trays are needed. Power use is low and operation from much less than 12V to around 28V is fully supported.....P/N 11-10393 .....$850.00

MGL AVIONICS GENERATION 2 ODYSSEY - EFIS/EMS/GPS

The Odyssey is a comprehensive flight, engine and navigation instrument designed for Experimental and Light Sport aircraft. Like the Enigma, the Odyssey is a hardware and software concept that promotes a flexible, powerful EFIS platform together with a software application system that is highly user-modifiable. As an EFIS hardware platform, the Odyssey provides state of the art multi-processor based processing utilizing components chosen for absolute robustness in radiation intense environments such as found at high altitudes. This is coupled with intense low power design methods to further maximize overall system application and reliability. The large amount of flexibility built into the base system allows the adaptation of the Odyssey to almost any mission and aircraft. Due to low system cost, the Odyssey is equally suited to very light aircraft, gliders and rotorcraft, while providing enough flexibility to be utilized by even twin-engine aircraft with full dual engine monitoring.....P/N 11-05835 .....$3,900.00

To complete these systems: Select a RDAC engine Unit, Select Sensors, Order Attitude/Heading Sensor (SP-28, SP-4), Select accessories.

AV

MGL STRATOMASTER EFIS

The Stratomaster is a comprehensive flight, engine and navigation instrument designed for Experimental and Light Sport aircraft. The large amount of flexibility built into the base system allows the adaptation of the Stratomaster to almost any mission and aircraft. Due to low system cost, Stratomaster is equally suited to very light aircraft, gliders and rotorcraft, while providing enough flexibility to be utilized by even twin-engine aircraft with full dual engine monitoring. Please note: Select RDAC model and engine senders for engine functions, and select Attitude/Heading sensors (SP-4 and SP-2) for AHRS funtions.

Shunt	50mV Shunt - 50 Amp	11-08330	$20.00
CAP	10,000uF / 25V Electrolytic Capacitor	11-05724	$6.50
Transorb	33V High Speed transorb	11-05727	$6.00

MGL ENIGMA MKIII

The "Enigma MKIII" is based on the iEFIS Discovery and shares its housing and large 7" high resolution screen. It has about the same outside dimensions as the original Enigma, but it is a completely different system.
It will be fully self-contained (no iBox) and features a built-in Attitude Gyro. It provides two RS232 ports and a CAN-interface for connection to RDAC, compass and other devices. It contains a built-in GPS and full pitot/static sensors. The software is based on a simplified version of the iEFIS and is aimed at providing simple installation and simple operation. Only GPS navigation is supported. The Autopilot is included.
The Engima MKIII effectively fits between the XTreme mini EFIS and the iEFIS Discovery.

CALL OR VISIT OUR WEBSITE FOR DETAILS.

MGL MAGNETIC CURRENT MEASUREMENT SENSOR

This sensor can be used to measure DC currents in aircraft power systems in a wide range from less than 4A to as high as 120A depending on installation and configuration. The sensor connects to an EFIS system via spare RDAC inputs. Inputs CHT1,CHT2,oil pressure or oil temperature can be used and these can also be used on a second RDAC unit (consider a low cost RDAC VD as second RDAC if required). G1 and G2 EFIS systems can support up to 4 of these sensors while Enigma can support 2. P/N 11-10422 ..... $49.75

MGL AVIONICS SERVO

MGL Avionics Servo with a generic hardware and pushrod kit. P/N 11-10423 ..... $995.00

MGF SPORT MOUNT PANEL FLUSH

The second generation Sport Adapter allows for easy one-button-removal and provides an even more secure hold than the first generation. Available now on all Sport cases ordered! P/N 13-12429 ..... $149.00

MGL IEFIS EXPLORER

The Explorer EFIS introduces a custom developed touch pressure sensitive LCD screen aimed exclusively at the small aircraft application. With the ability to accurately measure contact force in all conditions, it becomes possible to utilize the user interface advantages of a touch screen even in turbulent flight.
Unlike conventional touch screen technology, MGL's "tap screen" can be used with gloves, is completely unaffected by sunlight and even uses a polarized anti reflective and anti glare film. The tap screen uses only high quality optical glass in its construction and thus has no negative effects on the image quality, even in difficult light conditions. The tap screen is further qualified for zero pressure conditions such as experienced in space and is not affected by sudden, large pressure changes.
Recognizing that some operations can never be fully replaced by a touch screen, the Explorer adds no less than 5 "clickable" rotary controls which assume functions depending on current need plus adds conventional, tactile buttons for quick access to often used functions regardless of what appears on the screen.

LEVIL – CAMERA SYSTEMS

LEVIL PORTABLE ATTITUDE INDICATOR

The iLevil series thrives to satisfy the demand of our customers from both fields, General Aviation and Light Sport Aviation, for an all-in-one lightweight and affordable solution with the same reliability of our industry proven AHRS-G series. The iLevil series was designed from the ground up to be able to integrate multiple platforms into a small and powerful system, saving you space time and money trying to integrate the latest technology in aviation.
Note: Certified General Aviation aircraft are not allowed to modify their pitot static system, therefore model SW is recommended.
The first and only iPad-compatible AD-AHRS that revolutionized the way we fly, the AHRS-G mini. With its incredibly low profile, it made it easy for pilots to have a back-up AI solution in their pockets at all times, even drive Synthetic Vision apps on the iPhone. Technology advances during the past year allowed us to go even smaller and develop the AHRS-G micro, which eventually will be embedded on the iLevil. The G-micro features higher rate of turns than the G-mini, which facilitates Acrobatic-type maneuvers. Unlike other portable AHRS currently in the market, our systems are GPS independent, thus if you loose GPS signal, you can still rely on our AHRS.
Thanks to the FAA efforts to enhance flight safety, monitoring the weather and other airplanes around you is now possible without any subscription. All iLevil devices have a built-in GPS and 978 MHz ADS-B receiver that will capture the following data. Flight Information Services–Broadcast (FIS-B). Traffic Information Services-Broadcast (TIS-B). WiFi , Internal Li-Po battery, USB-DB9 charger.

iLevil with Air Data ..... P/N 11-11310 ..... $1,376.00
iLevil withour Air Data ..... P/N 11-11309 ..... $1,046.00

ILEVIL SPORT PORTABLE AHRS GPS

The Sport combines the latest in GPS and AHRS technology to bring pilots an affordable backup solution that is both Android and iOS compatible. The battery lasts up to 8 hours when fully charged and the solar panels will increase the battery life up to 12 hours on a bright sunny day. The iLevil Sport utilizes WiFi technology to sync as many devices as you want simultaneously! The integrated serial port is designed to relay information from external devices such as the NavWorx ADS600-B ADS-B transceiver, providing certified GPS, Weather and Traffic information to your mobile devices on top of back-up AHRS. Take it from airplane to airplane or leave it installed, the iLevil Sport will provide peace on mind on every flight!

Note: The iLevil Sport does not have an on-board ADS-B reciever.

GARMIN VIRB CAMERA SYSTEM

VIRB records true HD 1080p video that lets you relive every minute of your adventure in full, high-contrast, undistorted detail. Adjust resolution and filming speed for crisp, dramatic slow motion up to 120fps. And it's all seen through our WideVu lens and processed through 16 megapixel CMOS sensor for the highest quality video, even before you start editing it. Set multiple HD video modes: 1080p@30fps, 960p@48fps, 720p@30/60fps, 848x480@120fps.
1080p HD video recording with 16 megapixel CMOS image processor. 1.4" Chroma display. Rechargeable lithium-ion battery (record up to 3 hours at 1080p). Rugged, durable, waterproof (IPX7*) with an aerodynamic design. 1.4" Chroma Display True High Definition Recording.

GARMIN VIRB / D2 AVIATOR ACTION PACK

Capture Your Flights in Full HD. Navigate with D2 pilot watch's Nearest and Direct-to buttons. Capture video in stunning HD with VIRB Elite action camera. Control camera wirelessly from D2. Prop filter helps reduce prop blur in videos. Record cockpit audio with headset audio cable. The ultimate in portable wrist-worn GPS flight navigation meets the freedom to record and enjoy all your aerial adventures in crisp HD video with this comprehensive Action Pack that includes the VIRB Elite Aviation Bundle and D2 pilot watch. The compact VIRB Elite camera mounts easily in your aircraft, providing digital image stabilization, a WideVü lens, prop filter, crisp 1.4" Chroma display, and up to 3 hours of recording time at 1080p. Plus, wireless connectivity lets you start/stop recording, capture still shots, view elapsed time and other functions using your Garmin D2 pilot watch as a convenient wireless remote.

MOTOCAM CAMERA SYSTEMS

4 CAMERA SHOCKBOX DIGITAL VIDEO RECORDING SYSTEM

Package Contents:
* Sony 550 CCD color camera (4) * 12 foot camera cables (4) * RAM ball and socket camera mounts (4 set) * Stereo audio communication cable (1) * 4Gb SD memory card (1) * Video Editing Software (1) * TV & PC video transfer cables (2) * Charger(1)

PN 11-07112.....$1,799.95

BLIND SPOT ELIMINATOR

Package Contents:
* 4" Color LCD Monitor (1) * 12Volt Input Wire Harness (1) * Sony 550 CCD Color Camera (1) * RAM ball and socket camera mount (2) * Note: Video recording can be added separately.

P/N 11-08138..... $749.95

VIDEO DATA SYNCH BOX

Package Contents: * Data Acquisition Box (1) * Wire harness (1) * GPS Receiver Puck (1) -Air Speed -Altitude -Heading -Location Option: - Garmin Data Port Cable - GPS receive puck. 12-32v input. Rugged aluminum housing construction. Simple 3 button design. Automatic real-time GPS data overlay on to composite video stream. Less than 1amp power draw. RCA style video input/output Note: The video data synch box can be added to any standard composite video recording system. P/N 11-08137..... $725.00

MOTOCAM HARDWIRE OPTION

MotoCam 360 step down voltage regulator connector (In-line). This regulator will reduce the aircraft voltage from 24v down to 12v to supply any MotoCam 360 on-board video recording system constant power for unlimited video recording run-time. P/N 11-08342.....$72.50

MOTOCAM ACCESSORIES

MOTOCAM 16GB MICRO SD CARD - MotoCam 16GB Micro SD Card w/ Adapter P/N 11-09366..... $54.25

MOTOCAM NC360 5HOUR BATTERY - 5 Hour Li Ion DVR Battery (2200mAh) for extended video recording (2005 - 2008 DVR). 3.6V

P/N 11-09434..... $49.95

DEOHAKO PROPSHOT SMARTY MOUNT WITH LENS

Deohako PropShot Lens - Filtered lens to remove propeller distortion from in-flight videos and photos. Adjustable Lens Positioning -compatible with most smart phones. Universal Smartphone Grip. Rotating Ball Head - Position smartphone at any angle to capture in amazing flight footage. Quick Release, Strong, Wide, 4" Suction base.

P/N 13-14857 ..... $78.95

STRUT CAMERA MOUNT FOR CESSNA

The W3 Camera Mount by Cloudbase Engineering has been specifically designed to mount industry standard action cameras to the wingstrut on General Aviation aircraft. In addition to aircraft, The W3 Mount can also be reconfigured to attach to tubular structures between 1.13" and 2.80" in diameter. Not FAA Approved.

W3 Cessna Strut Camera Mount with 7" long strap: 140a 150 152 170 172 175 & Glasair Sportsman P/N 13-14981 .....$119.75
W3 Cessna Strut Camera Mount with 7.5" long strap: 180 &182
P/N 13-14982 .....$119.75
W3 Cessna Strut Camera Mount with 9.25" long strap: 185 205 206 210 P/N 13-14983 .....$119.75

WINGIT MOUNT FOR CESSNAS

WingItMounts™ have take photography to a higher level by mounting cameras to wing strut and taking unique and exciting views of flights. Holding up to three Gopro cameras, you will be able to capture your flights form unique and exciting views all at the same time. Milled from Aircraft grade aluminum all WingItMounts™ are made to the highest quality materials. No screws or fasteners are needed to attached the WingItMounts™ WIMGP-01 to your airplane. Applications: Cessna: C-150, C-152, C-170, C-172, C-180 or C-182. Camera not included. P/N 11-11472..... $119.95

REMOTE CAMERA SYSTEM

• Mounts a traditional camcorder (i.e. Sony) • 360 degrees of rotation • 50 degrees of tilting ability • Optional stick grip with built in hat switch • Remote switch control • Weight - 7lbs • Dash mounted LCD screed to see what the camera is seeing • Vibration dampening built into mounting bracket.

Description	Part No.	Price
Basic Kit - Includes camera mount system with remote switch	11-04318	$799.00
Deluxe Kit - Includes camera mount system with remote switch and LCD screen	11-04319	$1,038.00
Super Deluxe Kit - Includes camera mount system, built in grip switch, & LCD screen	11-04320	$1,245.00

ACCULOCK BLACK BOX CAMERA PLANE/CAR

Features of the Acculock Black Box Camera include 2CH video recording, GPS module (speed & location info), exclusive viewer playback, indoor infrared recording, and an online map (Google). Great for planes and cars

P/N 11-10444 .....$499.00

DATATOYS AV-HD PRO AIRCRAFT CAMERA SYSTEM

The AV-HD Pro is our next generation cockpit camera; offering a smaller camera size, longer cable, higher resolution image sensor, and built-in GPS.

Features:
- Full l080p HD Recording
- Smallest Camera Head on the Market
- 2" ChromaLCD
- Propeller Filtering
- Headset Audio Recording
- GPS Overlay & 3D Flight Path Recording
- 170 Degree Field of View with 6X Zoom
- Four Mounting Options
- Live View & Playback via HDMI

P/N 11-12268.....$320.00

FLYVIE PRO RECORDER

The Flight Recorder Pro is a patented and portable flight recorder. The unit captures and records high quality video from two small cameras, as well as GPS data and audio from internal and external communications in the cockpit. Captured imagery includes the pilot's view and the instrument panel as well as the pilot's manipulation of the flight controls. The data is saved to a small personal memory card which can then be downloaded and reviewed, analyzed and tagged over the Internet.
Package includes: Netbook, 2 - Webcams, GPS cable and accessories.
Features: Video record two views - both instrument panel and external horizon views, Audio record the cockpit and ATC communication, View your flight recording with GPS track overlaid on Google Earth, Share tagged segments of your flight with others - anytime, anywhere

P/N 10-04513 .....$1,795.00

QSTARZ GPS FLIGHT RECORDER

The Best Economical and Efficiency Solution Applied by GPS BT-Q1000XT adopts the latest GPS chip-set MTK II bringing you the highest performance and longest battery life for your special commercial requirements. With it reliable and durable design, BT-Q1000XT is definitely the best choice to improve your bottom line: lower the cost and improve efficiency. Make your business having more bargaining power and competitive advantages over your competitors. Powerful Software Integrated with Google Map

P/N 11-08343.....$110.00

AV

ADVANCED AIRCRAFT ELECTRONICS HIGH GAIN AIRCRAFT ANTENNA SYSTEMS

Here is a new series of aircraft antennas specifically designed to be used without a ground plane. This means that composite aircraft and fabric covered aircraft can now have their antennas mounted totally within the structure. These antennas are designed using the latest engineering technology. Laboratory measurements show them to have better electrical characteristics than currently available products. The unanimous reports from pilots who have been using them confirm that they out perform everything now available on the market. One antenna model works for communication, navigation, and for ELT (Three antennas in the aircraft, but all the same design), and this design is tolerant to installation errors. They will work in metal airframes when a plastic or fiberglass wing tip or similar plastic component is available to provide the mounting structure. The VHF antennas, 5T and 5I, differ only in the location of the BNC connection. The 5T is configured to allow the coax cable to be routed flat along the mounting surface of the airframe. This antenna model would be appropriate for a composite aircraft where the antenna would be mounted in the fuselage or fin and the coax would be close to the skin and be attached periodically for strain relief. In either case, the antenna can be used as a retrofit on in service aircraft or in new installations. The 5I series has the BNC connection positioned so that the coax cable would route out and away from the antenna mounting surface. This configuration is offered for antenna installations such as wing tips of fabric aircraft. If the antenna is mounted on the inside of the tip, the coax route is directly inward toward the wing root and the BNC connection is located near the spar to provide support for the cable. Both antennas are identical in their electrical performance.

Features: Inside mounting. Use with composite skins. Use with fabric covered airframes. Glue or bond to the airframe. Light weight. Wide service temperature, No ground plane corrosion, Mount anywhere inside, Maximum range with low VSWR. Model VHF series designed for comm or nav or ELT. Guaranteed against failure for the life of the airframe. Adapts to existing airframes or to in process construction.

Model 5I (straight BNC connector) NAV/COM Antenna ..... P/N 11-04261 ..... $118.95
Model 5T (right angle BNC connector) NAV/COMM Antenna ..... P/N 11-04262 ..... $118.95
Model L2 Transponder Antenna ..... P/N 11-04212 ..... $98.95

COMANT GPS ANTENNAS

GPS antenna kits from Comant enable you to install a low profile aerodynamic GPS antenna to the exterior of your aircraft. These antennas are all FAA approved under TSO C129, provide superior GPS signal acquisition, and are resistant to ice build-up in flight. All kits come complete with 10' of coax cable. Call with Comant Part No. for pricing on the Comant C1401, C1405, CI-406, OR CI4510 series antenna you require.

CI 401 ANTENNAS

These antennas are designed for aircraft up to 600 knots and feature a rectangular footprint. Available in active or passive models. Height: 0.75". 50 ohms.

CI 401 ACTIVE ANTENNAS		
APPLICATION	P/N	PRICE
Magellan w/detachable antennas except 5000A, Garmin 55, 89, 90, 95, 100, 150, 155, 165, 250, Skyforce, and panel GPS requiring 26 dB gain		
Antenna Only	CI-401-220	$543.75
CI 401 Passive Antennas (limited to 10' run of RG142 or 6' of RG58)		
Magellan w/detachable antennas incl. 5000A, Garmin 55, 89, 90, 95, 100, 150, 155, 165, 250, Micrologic Super Sport & all other GPS receivers requiring a passive antenna.		

GARMIN GA 25 GPS ANTENNA

The GA 25 BNC low profile remote GPS antenna integrates a magnetic mount, 9.5 ft (2.9 m) cable and a BNC connector.

P/N 11-05172 ..... $23.50

GARMIN GXM USB EXTENSION CABLE

GXM USB extension cable 010-10617-02 for GXM 30 and GXM 40 Satellite WX antennas.

P/N 11-06189 ..... $16.95

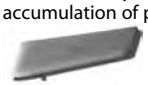
BENDIX KING GPS ANTENNA KA92

The KA 92 antenna is a compact, aerodynamically-styled "patch" antenna that mounts on top of the aircraft. Weight: 0.30 lbs. (0.14 kg) Width: 2.70 in. (6.86 cm) Height: 0.70 in. (1.78 cm) Length: 4.30 in. (10.92 cm)

Antenna ..... P/N 11-04036 ..... $774.00
Installation Kit ..... P/N 11-02581 ..... $116.95

COMANT MARKER BEACON ANTENNAS

CI-102 MARKER BEACON - Frequency 75 MHz. For use with the modern, high sensitivity marker beacon receivers. Featuring 4-hole internal mounting for simple installation. Enclosed in an injection molded radome which is impervious to the tough environments typical of the underside of an aircraft. Skydrol and rain erosion resistant. DC grounded to minimize accumulation of precipitation static. P/N 11-17931 ..... $139.95



CI-118 MARKER BEACON - Frequency 75 MHz. Designed specifically for high-performance aircraft applications. Features aerodynamic design in a lightweight package. Antenna is a low profile blade-type encased in a molded polyurethane shell. Skydrol and rain erosion resistant.

P/N 11-17932 ..... $358.00

COMANT MARKER BEACON (CI-118-1) - Frequency • 75 MHz. Low-drag, lower profile alternative to the popular CI 102 "boat style" marker beacon antenna. Approved for medium to high performance single, turbo-prop or jet aircraft and provides simple external mounting. Skydrol and rain erosion resistant. DC grounded to minimize accumulation of precipitation static.

P/N 11-06847 ..... $565.00

COMANT MARKER BEACON (CI-118-9) - Frequency 75 MHz. Identical to the CI 118 except the mounting configuration allows for "drop-in" replacement to the Honeywell Bendix-King KA 26 Marker Beacon. This Comant design has been tested to the tough DO-160D environmental standards. Skydrol and rain erosion resistant. DC grounded to minimize accumulation of precipitation static. P/N 11-06989 ..... $522.00

COMANT MARKER BEACON (CI-118-10) - Frequency 75 MHz. This Comant marker beacon is identical to the CI 118 except with a 4-hole through mount configuration. This model has been tested to the tough DO-160D environmental standards. Skydrol and rain erosion resistant. DC grounded to minimize accumulation of precipitation static. P/N 11-06848 ..... $542.00

COMANT MARKER BEACON (CI-164) - Frequency • 75 MHz. Lightweight flush mount provides for dualmarker beacon signal outputsatthe antenna, eliminating theneed fora separate marker beacon splitter. Antenna is housed in a aluminum enclosure with a glass laminate cover. Internal components are potted in place for mechanical integrity. The CI 164 is designed for curved "crown" surface mounting as is currently used on the Cessna Citation I and II. P/N 11-06850 ..... $1,389.00

COMANT MARKER BEACON (CI-165) - Frequency • 75 MHz. Lightweight flush mount antenna, provides for dual marker beacon signal outputs at the antenna, eliminating the need for a separate marker beacon splitter. Antenna is housed in a aluminum enclosure with a glass laminate cover. Internal components are potted in place for mechanical integrity. The CI 164 is designed for curved "crown" surface mounting as is currently used on the Cessna Citation I and II. P/N 11-06851 ..... $1,409.00

COMANT ANTENNAS

COMANT DME/TRANSPONDER ANTENNAS

COMANT DME/TRANSPONDER (CI 100 SERIES) - All Metal Blade DME/Transponder antenna designed and developed for Mach 2 military aircraft. Design is unique in the blade and mounting base are die-cast as one piece with no dielectric material in the the airstream. Standard six-hole mounting configuration. See Order Options for available connectors

ORDER OPTIONS			
Connector	Model	Part No.	Price
HN	CI 100-4	11-06815	$371.00

CI-101 TRANSPONDER ANTENNA – Frequencies Covered 1030-1090 MHz. Transponder antenna with top loaded stub monopole. Contact points are made from beryllium copper. Mounts through a single 0.600" diameter mounting hole.
P/N 11-17970 ..... $144.95

CI-105 TRANSPONDER/DME ANTENNA – A very broadband and rugged antenna which is encased in glass reinforced molded shell. Rated to 400 kts. TAS. Height. 3.25"; Wt. 0.2 lb. Does not include BNC or hardware. P/N 11-17965..... $143.85

COMANT DME/TRANSPONDER (CI-105-3) - Frequencies Covered 75 MHz. Antenna configuration specifically designed for external applications using a three hole flange mounting. BNC female connector. P/N 11-06810.....$330.00

COMANT DME/XPDR (CI -105-6 & 105-7) - Frequency • 960-1220 MHz. Comant CI 105-3 DME/Transponder antenna. Ant signed for external applications using a three hole flange mounting. BNC female connector.
CI 105-6 connector - BNC.....P/N 11-06811 .....$296.95
CI 105-7 connector - C .....P/N 11-06817 .....$368.00

COMANT DME/TRANSPONDER (CI-105-9) - Frequency • 960-1220 MHz. Antenna assembly encased in a glass reinforced polyester molded shell. Comes standard with a 6" extension coax cable and BNC connector. This model offers standard two stud mounting, where the studs are extended to 1 inch in length. P/N 11-06818.....$243.95

COMANT DME/ TRANSPONDER (CI -105-16) - Frequency • 960-1220 MHz. Was designed specifically for the Honeywell Bendix- King™ KA60. This unit offers the extended length two-stud mounting found on the KA60. Tested to the tougher DO-160D environmental requirements, this antenna offers the best in ruggedness and performance.
P/N 11-06819.....$147.95

COMANT DME/XPDR (CI-110-40-30) - Frequency • 960-1220 MHz &1030-1090 MHz. All metal, low profile antenna is designed for business jet and commercial high speed aircraft. With a popular four hole mount and connector with open path to ground, this antenna is ideally suited for those aircraft equipped with standard and Mode S transponders. Tough one piece construction provides 175 lbs. side load capability. Moisture failure is prevented with completely sealed construction.
P/N 11-06820.....$315.00

COMANT DME/ TRANSPONDER (CI-110-41-30) - Frequencies Covered 960 -1220 MHz. All metal, low profile antenna is designed for business jet and commercial high speed aircraft. With a popular four hole mount and connector with short path to ground, this antenna is ideally suited for those aircraft equipped with standard and Mode S transponders. Tough one-piece construction provides 175 lbs. side load capability. Moisture failure is prevented with completely sealed construction.
P/N 11-06821 .....$322.00

COMANT DME/XPDR (CI-110-60-30) - Frequency • 960-1220 MHz & 1030-1090 MHz. All metal, low profile antenna is designed for business jet and commercial high speed aircraft. Six hole mount and connector with open path to ground. Suited for aircraft equipped with standard and Mode S transponders. Provides 175 lbs. side load capability. Moisture failure is prevented with completely sealed construction.
P/N 11-06822.....$322.00

COMANT DME/XPDR (CI-110-61-30) - Frequency • 960 -1220 MHz. All metal, low profile antenna is designed for business jet and commercial high speed aircraft. Six hole mount and connector with short path to ground. Suited for those aircraft equipped with standard and Mode S transponders. Tough one-piece construction provides175 lbs. side load capability. Moisture failure is prevented with completely sealed construction.
P/N 11-06823.....$336.00

COMANT DME/ TRANSPONDER (CI-305) - Frequency • 960-1220. Miniature high speed DME/Transponder - one of the smallest DME/Transponder antennas available from Comant. Less than 2.75 inches high, featuring a very low-drag frontal profile. Strong, lightweight and easy to mount using four external mounting holes through base.
P/N 11-06824.....$216.95

COMANT FM BAND & AM/FM ANTENNAS

COMANT AM/ FM RECIEVER (CI-222) - Frequency 88-108 MHz 550-1600 KHz. Offers a unique low profile design using standard 4 hole mounting used on many VHF type antennas. Bent whip configuration is ideally suited for underbelly and helicopter installations.
P/N 11-00412.....$259.00

COMANT DATALINK & SAT-

COMANT FIS/DATA LINK (CI 248-180) - 136.450 - 136.475 MHz. Assures positive FIS performance with the new CI 248-180 FIS Data Link antenna. Designed specifically to bring NEXRAD, METAR, and TAF frequencies to the cockpit.
P/N 11-07077.....$283.95

COMANT IRIDIUM (CI-490-1) - Dual-band passive antenna operates at Iridium™ frequencies, with continuous transmit and receive coverage from 1616 to 1626.5 MHz. Can also operate separately as a passive GPS antenna. Iridium™ delivers essential communications services to and from areas where terrestrial communication are not available. P/N 11-07078.....$534.00

AV

COMANT RADIOPHONE / DME ANTENNAS

COMANT UHF (CI-177-20) - 450-470 MHz. A rugged monopole antenna particularly wellsuited to the harsh environments experienced on the underside of an aircraft. Features standard4-hole mounting, diecast metal base and radiator encased in glass laminate housing. P/N 11-06836.....$586.00

COMANT UHF (CI-200) - 450-470 MHz. Rugged monopole antenna particularly well-suited to the harsh environments experienced on the underside of an aircraft. Features a very compact 3-hole mounted die-cast aluminum base with the radiator encased in a glass laminate housing.
P/N 11-06837.....$386.00

COMANT UHF (CI-271) - 403-512 MHz. Stub antenna designed to withstand the harsh environments associated with the underside of an aircraft. Antenna radiator is mechanicly captivated and is sealed against leakage. All exposed metal surfaces are nickel-plated for corrosion resistance and long service. Mounts through a single 0.600" hole. BNC connector is standard. P/N 11-06838.....$209.95

COMANT UHF (CI-273)- -403-512 MHz. Stub antenna designed to withstand the harsh environments associated with the underside of an aircraft. Antenna radiator is mechanicly captivated and is sealed against leakage. All exposed metal surfaces are nickel-plated for corrosion resistance and long service. Mounts through a single 0.600" hole. BNC connector is standard.
P/N 11-06839.....$191.75

COMANT UHF (CI-275) - Frequency 406-512 MHz. Wide band UHF antenna designed for high-performance aircraft over the full frequency range of 406-512 MHz. Low profile, blade-type antenna is encased in a low drag, low weight molded body to ensure high reliability. The CI 275 comes standard with a BNC connector. Other connectors available. See order option chart.

Connector	Model	Part No.	Price
BNC	CI 275	11-06840	$562.00
TNC	CI 275-2	11-06841	$627.00
N	CI 275-5	11-06842	$654.00

COMANT UHF (CI-285) - Frequency • 400-960 MHz UHF blade antenna design for high performance aircraft over the full range of 400-960 MHz. Features vertically polarized/ omni-directional pattern, extremely wide band/high efficiency electrical performance. DC grounding for lightning protection, 6 hole mounting. P/N 11-06843.....$749.00

COMANT UHF (CI-306) - Frequency • 800-870 MHz. Stub-type antenna tuned for the 800- 870 MHz radio telephone band. Intended for use on low-flying aircraft and helicopters. CI 306 available with BNC connector and mounts through a single 0.600" inch diameter hole. P/N 11-06844.....$315.00

COMANT CI 310-20 RADIOPHONE - Frequencies Covered 806-960 & 1030-1090 MHz L Band / UHF blade antenna designed for high performance aircraft. Features vertical/ omnidirectional pattern, wide band/high efficiency electrical performance and DC grounding for lightning protection.
P/N 11-06845.....$398.00

COMANT CI 310-22 RADIOPHONE ANTENNA- Frequencies Covered 806-960 & 1030-1090 MHz L Band / UHF blade antenna designed for high performance aircraft. Low profile, light weight antenna and is packaged in a molded body with metal mounting base to ensure stable environmental performance and resistance to vibration, rain erosion and cleaning solvents. Features vertical/omnidirectional pattern, wide band/high efficiency electrical performance and DC grounding for lightning protection.
P/N 11-06846.....$418.00

COMANT RADIOPHONE / DME ANTENNAS

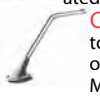
COMANT VHF COMMUNICATION (CI-121) - Frequencies Covered 118-137 MHz. Similar to the CI 109, the CI 121 is smaller in diameter and lighter at only 0.5 pounds. Upgraded to the new RTCA DO-160D environmental requirements and offers the 118 to 137 MHz frequency associated with DO-186A MOPS.
P/N 11-17921 .....$173.75

COMANT VHF COMMUNICATIONS (CI-122) - Frequencies Covered 118-137 MHz. Designed specifically for mounting to the underside of an aircraft providing excellent radiation coverage for air-to-ground VHF communications. Bent configuration makes it ideally suited for helicopters and low wing aircraft. Upgraded to the new RTCA DO-160D environmental requirements and offers 118 to 137 MHz frequency associated with the DO-186A MOPS. P/N 11-17922 .....$199.85

COMANT VHF COMM (CI-211) - Frequencies Covered 118-137 MHz. For large twins and medium jet aircraft. Only 8.25 inches high. Upgraded to the new RTCA DO-160D environmental requirements and offers the 118 to137 MHz frequency associated with DO-186A MOPS.
P/N 11-07082 .....$684.00

COMANT VHF COMMUNICATIONS (CI-291) - Frequencies Covered 118-137 MHz Upgraded to the new RTCA DO-160D environmental requirements and offers the 118 to 137 MHz frequency associated with DO 186A MOPS. P/N 11-17991 .....$218.95

COMANT VHF COMMUNICATIONS (CI-292-1 - Frequencies Covered 118-137 MHz. Designed specifically for top mounting on an aircraft. Upgraded to the new RTCA DO-160D environmental requirements and offers the 118 to 137 MHz frequency associated with DO-186A MOPS. P/N 11-05093 .....$231.95



COMANT VHF COMMUNICATIONS (CI-292-2) - Upgraded to the new RTCA DO-160D environmental requirements and offers the 118 to 137 MHz frequency associated with DO 186A MOPS. P/N 11-29202 .....$247.95

COMANT VHF COMMUNICATION (CI-248-5 - Frequencies Covered 118-137 MHz. Developed for Cessna 182 and 182T aircraft. The only VHF antenna with a built-in notch filter, that allows installation in close proximity to GPS antennas without co-sight interference. P/N 11-05585 .....$330.00

COMANT VHF COMMUNICATIONS (CI-108) - Frequencies Covered 450-470 MHz Suitable for either top or bottom mounting. Upgraded to the RTCA DO-160D environmental requirements with DO-186A MOPS. Optional leading edge protection - CI 108-L.
CI-108..... P/N 11-07079 .....$862.00
CI-108L ..... P/N 11-07080 .....$1,337.00

COMANT VOR / LOC / GS ANTENNAS

COMANT VOR/ GS (CI-120G-S) - Frequency • 108-118 MHz (VOR/LOC) 329-335 MHz (GS) Antenna system qualified for use on single engine, twin, jet, and helicopter aircraft. Provides glideslope reception capability. Complete set includes a pair (2) of blades, each with single BNC connector output, two coax interconnect cables and a signal combiner output providing for a single cable run to the avionics installation. P/N 11-06801 .....$1,180.00

COMANT VOR/LOC/GS (CI-120-200G/S) - Frequency • 108-118 MHz (VOR/LOC) 329-335 MHz (GS) Antenna system qualified for use on single engine, twin, jet, and helicopter aircraft. Provides glideslope reception capability. Complete set includes a pair (2) of blades, each with single BNC connector output, two coax interconnect cables.Dual output signal combiner providing for separate RF cable runs to the avionics installation for NAV1 and NAV 2 receivers, is included. P/N 11-06802 .....$1,238.00
CI-120-200G/S-L - Blades have leading edge protection and come with rubber gasket enabling mounting on curved vertical stabilizers.
P/N 11-06803 .....$1,323.00

COMANT VOR/LOC/GS (CI-120-400) - Frequency • 108-118 MHz (VOR/LOC) 329-335 MHz (GS) Designed for the Cessna 182 Series. Complete kit includes a pair (2) of blades, each with a single BNC output, and two coax interconnect cables. Single BNC output phasing combiner providing for a single RF cable run to the avionics installation. P/N 11-06804 .....$1,170.00

COMANT VOR/LOC/GS (CI-157P) - Frequency 108-118 MHz (VOR/LOC) 329-335 MHz (Glide Slope) "V" dipole VOR/ Glide Slope antenna with fixed elements designed specifically for compatibility with the Piper Aircraft mounting. Radiating elements are not removable. Not approved for helicopter installations.
P/N 11-15700 .....$288.95

COMANT VOR/LOC/GS (CI-185C) -Frequency • 108-118 MHz (VOR/LOC) 329-335 MHz (GS) "V" Dipole VOR/LOC/ GS antenna with detachable elements mounts on top of the vertical fin stabilizer for most single engine general aviation aircraft. RF design similar to the CI 157P. Integral ferrite balun provides for higher radiation efficiency. Not approved for helicopter installations. Consult your FBO or installation shop for best application information.
P/N -11-17923.....$297.50

COMANT VOR/LOC/GS (CI-158C-2) - Frequency • 108-118 MHz (VOR/LOC) 329-335 MHz (GS) Detachable elements mounts on top of the vertical fin stabilizer offering the four-hole mounting configuration found on many beech aircraft. Detachable elements result in a significantly smaller shipping and storage carton than fixed element versions. Not approved for helicopter installations. P/N 11-06806 .....$309.00

COMANT VOR/LOC/GS (CI-159C) - Frequency 108-118 MHz (VOR / LOC) 329-335 MHz (Glide Slope) Similar to the CI 158C-3 with the exception of offering 2-hole mount instead of a 4-hole mount. Not approved for helicopter installations. P/N 11-17924 .....$382.00

AV

COMANT ANTENNAS

COMANT VOR / LOC / GS ANTENNAS

COMANT GLIDE SLOPE (CI-193) - Frequencies Covered 329-335 MHz (GS) For interior mounting for GS reception. P/N 11-05200 .....$194.75

COMANT VOR/GS (CI-205-3) - Frequency 108-118 MHz (VOR/ LOC) 329-335 MHz (Glide Slope) Mounting on the aircraft vertical stabilizer or helicopter tail boom. Set includes a pair (2) of "towel bar" sensor elements each with a single BNC output connector and a one-piece dual coax interconnect signal combiner harness with a single BNC connector output. Provides for a single cable routing to the avionics location.
P/N 11-17985 .....$1,426.00

COMANT VOR/LOC/GS (CI-215) - Frequencies Covered 108-118 MHz (VOR/LOC) , 329-335 MHz (GS) Detachable elements featuring two integrally molded mounting legs or "spacers" for increased strength.
P/N 11-17926 .....$439.00

COMANT VOR/LOC/GS (CI-259E) - Frequencies Covered 108-118 MHz (VOR/LOC), 329-335 MHz (GS) Fixed elements for helicopter aircraft.
P/N 11-06809 .....$328.00

COMANT COMDAT GPS ANTENNAS

COMDAT ANTENNA (CI-401-220) - Frequency • GPS 1575.42 +/- 3 MHz Contains stable amplifier that offers great performance. Gain performance at 26.5 to 31.5 dB minimum. Presents very low noise levels at 3.8 dB maximum. Built-in voltage regulator. P/N 11-04139.....$543.75

COMDAT GPS (CI-401-221) - GPS antenna with TNC connector. Meets RTCA DO 160-D operating standards including direct effects lightning. Operate with 26.5 dB panel mount GPS receivers. Certified FAA TSO-C144 for GPS and GPS WAAS Class Gamma 1 equ. Not compliant for GPS WAAS Class Gamma 2 and 3 applications. Not compatible with most portable GPS receiver systems. GPS 1575.42 MHz / 26.5 dB Gain P/N 11-06795.....$448.00

COMDAT ANTENNA (CI-420-220) - Stand-alone GPS antenna with TNC connector. Meets RTCA DO 160D operating standards including direct effects lightning. Designed to operate with 26.5 dB panel mount GPS receivers. Certified FAA TSO-C144 for GPS and GPS WAAS Class Gamma 1 equipment. Not compliant for GPS WAAS Class Gamma 2 and 3 applications. Not compatible with most portable GPS receiver systems. GPS 1575.42 MHz - 26.5 db Gain P/N 11-05848.....$448.00

COMDAT GPS (CI-420-221) - Stand-alone GPS antenna with TNC connector. Meets RTCA DO 160D operating standards including direct effects lightning. Designed to operate with Garmin 17.0 dB panel mount GPSreceivers. Not compatible with most portable GPS receiver systems. GPS 1575.42 MHz - 17.0 db Gain P/N 11-04291.....$449.00

COMANT COMDAT GPS/XM ANTENNAS

COMDAT GPS/XM (CI 420-420) - Frequencies • GPS 1575.42 MHz / 26.5 dB Gain XM 2332.5-2345.0 /30-34 dB Gain. GPS and XM Weather antenna. Designed for compatibility with panel mount 26.5 dB gain GPS receivers. Add XM to an existing GPS antenna location without the need for a completely new installation location. Certified FAA TSO-C144 for GPS and GPS WAAS Class Gamma 1 equipment. Not compliant for GPS WAAS Class Gamma 2 and 3 applications. Not compatible with most portable GPS receiver systems P/N 11-05852.....$779.00

COMANT COMDAT VHF/GPS ANTENNAS

COMDAT VHF/GPS (CI-2480-200) - Dual function single engine antenna for VHF/GPS. For popular 26.5 dB gain GPS panel mount systems.Certified FAA TSO-C144 for GPS and GPS WAAS Class Gamma 1 equipment. Not compliant for GPS WAAS Class Gamma 2 and 3 applications. VHF 118-137 MHz GPS 1575.42 MHz / 26.5 dB Gain P/N 11-05850.....$598.00

COMDAT ANTENNA (CI-2480-201) - 1575.42 MHz 17.0dB Gain 118 - 137 MHz VHF. Separate connectors for GPS and VHF, GPS is protected from VHF harmonics. Designed for use with Garmin's™ panel mount GPS systems that require 17dB gain. P/N 11-05849.....$599.00

COMANT COMDAT VHF/GPS ANTENNAS

COMDAT VHF/GPS (CI-2680-200) - Designed for use with Aircell Broadband Systems (ABS). Single and twin engine piston aircraft for applications of this antenna design. Some light turbine and light jets. Consult your FBO or installation shop for best application information. VHF 118-137 MHz GPS 1575.42 MHz / 26.5 dB Gain P/N 11-06789.....$902.00

COMANT COMDAT VHF/GPS/XM ANTENNAS

COMDAT ANTENNA (CI 2680-500) - Frequencies • VHF 118-137 MHz XM 2332.5 - 2345.0 30-34dB Gain. VHF/GPS/XM For twin and light jet aircraft. Provides 80 dB of VHF harmonic suppression. Requires Avidyne's DC50 coupler switch for dual VHF/Data Link functionality. Certified FAA TSO-C144 for GPS and GPS WAAS Class Gamma 1 equipment. Not compliant for GPS WAAS Class Gamma 2 and 3 applications. P/N 11-05855.....$1,182.00

COMANT COMDAT XM ANTENNAS

COMDAT XM (CI-420-10) - XM 2332.5-2345.0 /25.0 dB Gain. For Garmin GDL 69/69A receivers and Heads Up Technologies (HUT) receivers with short coaxial cable runs. Feature robust TNC female connector. P/N 11-06798.....$570.00

COMDAT XM (CI-420-16) - XM 2332.5-2345.0 /26-30 dB Gain. For Heads Up Technologies (HUT) receivers with longer coaxial cable runs . Features robust TNC female connector.
P/N 11-06799.....$570.00

COMANT ATTENUATOR, SPLITTERS, COUPLERS, & DUPLEXERS

COMANT SPLITTER (CI-5120) DUAL VOR/ LOC/ GS - 108-118 MHz & 329-335 MHz. For use with Garmin GNS 580 and similar systems. Splits single coax antenna input into equally proportioned VOR/ LOC/GS outputs. P/N 11-06826.....$209.95

CI-502 Dual VOR Coupler – Allows the simultaneous use of two VOR receivers from one VOR antenna. P/N 11-17975.....$157.90

CI-503 Dual GS Diplexer – Permits operation of two glide slope receivers from one glide slope antenna. P/N 11-17976.....$143.75

CI-505 VOR/GS Triplexer – Permits operation of two NAV & one glide slope receiver from 1 VOR/LOC antenna.
P/N 11-17977.....$194.75

CI-507 Single VOR/GS Diplexer – Provides the operation of one VOR and one glide slope receiver from one VOR/GS antenna.
P/N 11-17980.....$142.95

CI-509 COMANT COUPLER MARKER BEACON - Permits the use of two marker beacon receivers from one marker beacon antenna.
P/N 11-06852.....$145.75

CI-601 COMANT DUPLEXER - Designed to provide operation between two transceivers and one antenna. P/N 11-06827.....$1,216.00

CI-1125 VOR/GS Quadraplexer – Permits operation of two NAV & two glide slope receivers from 1 VOR/LOC antenna.
P/N 11-03777.....$198.95

AV

DM C63-1/A COM ANTENNA

Frequency Range 118-137 MHz The DM C63-Series antennas are VHF communication antennas designed for high mechanical strength with machine tapered aluminum alloy radiating elements. These vertically polarized antennas cover the frequency range of 118-137 MHz for both transmitting and receiving applications. The DM C63-1/A is designed for mounting on top of the fuselage. All DM C63-Series antennas are supplied with a gasket and a doubler plate. P/N 11-02764 .....$169.75

DM C63-2 COM ANTENNA

118-137MHz Bent Rod For Bottom Installation, Frequency Range 118-137 MHz The DM C63-Series antennas are VHF communication antennas designed for high mechanical strength with machine tapered aluminum alloy radiating elements. These vertically polarized antennas cover the frequency range of 118-137 MHz for both transmitting and receiving applications. The DM C63-2 is a low profile "bentback" radiating element designed for mounting on the bottom of the fuselage.....

P/N 11-02765 .....$217.95

DM C63-3/A ANTENNA

VHF communication antenna designed for high mechanical strength with machine tapered aluminum alloy radiating elements. These vertically polarized antennas cover the frequency range of 138-174 MHz for both transmitting and receiving applications. Low profile "bentback" radiating element designed for mounting on the bottom of the fuselage. Supplied with a gasket and a doubler plate.

P/N 11-02766 .....$309.00

DM C70-1/A COM ROD ANTENNA

Designed for top or bottom installation on high-performance, single, twin and turbo engine fixed and rotary wing aircraft. These uniquely designed antennas offer mechanical strength and high-electrical efficiency to provide maximum reliability and full 360/720 channel transceiver operation. The lightweight profile is unobtrusive, resists icing and offers low drag. Height: 15" Speed Rating: 400 mph. P/N 11-02768 .....$272.95

DM C70-3 COM ROD ANTENNA

Designed for top or bottom installation on high-performance, single, twin and turbo engine fixed and rotary wing aircraft. These uniquely designed antennas offer mechanical strength and high-electrical efficiency to provide maximum reliability and full 360/720 channel transceiver operation. The lightweight profile is unobtrusive, resists icing and offers low drag. Height: 20.5". Speed Rating: 250 mph. P/N 11-02769 .....$334.00

DM C70-4 COM ANTENNA

Designed for top or bottom installation on high-performance, single, twin and turbo engine fixed and rotary wing aircraft. These uniquely designed antennas offer mechanical strength and high-electrical efficiency to provide maximum reliability and full 360/720 channel transceiver operation. The lightweight profile is unobtrusive, resists icing and offers low drag. P/N 11-02770 .....$331.00

DM NI70-2 COM ANTENNA

L-band metal blades with and extended bandwidth for use with both transponders or distance measuring equipment. Sealed and waterproofed for increased reliability.

P/N 11-02767 .....$229.95

DM N48-1 NAV ANTENNA

Balanced loop design assures an omnidirectional radiation pattern at the horizon to obtain the maximum signal for standard VOR and area navigation systems installed in lightweight aircraft, medium twins, and helicopters operating up to 250 mph. Dual VOR receiver operation is obtained when the antenna is used with the DM H21-1 diplexer. P/N 11-02771 .....$769.00

DORNE & MARGOLIN -2/L BAND BLADE/ 4HOLE/C CONN

Blades are low profile antennas which incorporate high side load strength, a sealed construction against water and Skydrol, and lightning protection circuits. Reduced maintenance costs. P/N 11-08338 .....$244.95

DORNE & MARGOLIN NAV ANTENNA SPLITTERS

11-02774

DM H21-2 - Dual Market Beacon or Dual VOR

P/N 11-02772 .....$128.99

DM H22-1 - Single G/S or Single VOR.

P/N 11-02773 .....$149.50

DM H23-1 - Triplexer. Dual VOR & Single G/S

P/N 11-02774 .....$331.00

DM H69-1 - Quadraplexer. Dual VOR & Dual G/S

P/N 11-02775 .....$176.75

DM H24-1 - Diplexer, Dual G/S.....P/N 11-02776 .....$174.90

ANTENNA INSTALLATION TEMPLATES

Custom designed templates improve the antenna sealing process, making it more precise, efficient and cost-effective.

Each Sealing Guide template is custom designed to correspond to an individual antenna. They consists of 2 pieces, one inner part and one outer part. The inner template adheres to the base of the antenna, the outer template is placed on the body of the aircraft surrounding the antenna. Sealant is applied to the gap between the templates. Sealant is applied to the gap between the templates. When the templates are removed and discarded, the sealant is left to cure, resulting in a clean, precise and smooth seal.

Each template is custom designed to correspond to an individual antenna. You will no longer need to laboriously cut and paste various lengths of tape, trying to fit them around the irregular antenna shape.

The Sealing Guide template consists of 2 pieces, one inner part and one outer part. Application is simple. The inner template adheres to the base of the antenna, and the outer template is placed on the body of the aircraft surrounding the antenna. Sealant is applied to the gap between the templates. The templates are then removed and discarded. The sealant is left to cure, resulting in a clean, precise and smooth seal.

Incorporating the "Sealing Guide" system into your sealing process will significantly reduce labor time.

For use with the following antennas:	Part No.	Price
CI-105-9, CI-105, CI-105-16, AV-74	11-06653	$23.85

GARMIN GA30 ANTENNA

A replacement for our GA™ 29 GPS antenna, this robust and passive antenna is packaged in a low-profile waterproof housing and provides three easy mounting solutions: pole, surface or under-deck (for the underside of fiberglass decks). Includes surface, pole and under-deck mounting brackets, mounting hardware, antenna cable (32 ft/10 m) and installation instructions. P/N 11-08669 ..... $53.50

TED 4-70 GPS NOTCH FILTER

Your global positioning system receives its positional information at 1575.42 MHz. The communications radios on-board your aircraft typically broadcast in the 121.5 MHz range. That is a wide separation in frequency bandwidth but it's not the complete picture. Your comm's are also producing harmonics which can produce significant noise at the GPS frequency. Now you can filter that signal and avoid potentially hazardous situations.

A simple low cost way to clean up the receivers frequency environment. The TED 4-70 notch filter installs quickly and easily via standard BNC bayonet couplings, in-line between radios and antenna. The 4-70 rejects in excess of 50dB of 1575.42 signal at the source. Each filter is individually tuned and checked to assure maximum performance. Of course, the 4-70 also passes strenuous environmental criteria so important in aircraft applications. Major GPS manufacturers recognize this problem & recommend using the 4-70 on new and retrofit installation.

P/N 11-02204.....$113.75

AV

RAMI ANTENNAS

ALL LISTED ANTENNA SPECIALISTS HAVE 50 OHM IMPEDANCE. FOR SPEEDS TO 250 MPH AND 25,000' ALTITUDE.

AV-534

VHF COM ANTENNA - Stainless steel bent whip antenna with insulator and mounting hardware. 118-136 MHz. Wt. 3-1/2 oz. Application: Airborne Communications Frequency: 118 to 137 MHz Impedance: 50 Ohms Nominal VSWR: 3.0 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: N/A Max Weight: 8 oz Max Height: 19-1/2" RF Power Capacity: 50 Watts

P/N AV-534 ..... $69.75

Same antenna as described above but furnished w/96" lead of RG58 A/U cable with BNC and ground strap with lugs. Wt. 7.5 oz.

P/N AV-534L $81.75

VHF "BROAD BAND" COM ANTENNA - Blade type-low drag. Aluminum radiator encapsulated in rigid urethane foam with white fiberglass housing. 118-136 MHz. Power capability: 50 watts. 13-1/2" high. Weight: 20 oz. Application: Airborne Communications Frequency: 118 to 137 MHz Impedance: 50 Ohms Nominal VSWR: 3.0 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type "BNC" Female Max Weight: 20 oz Max Height: 13-1/2" RF Power Capacity: 30 Watts

P/N AVT-4 ..... $309.00

VHF "BROAD BAND" ANTENNA - Rod type. Silver plated braid radiator encapsulated in fiberglass tube with white epoxy finish. Die cast aluminum base. 118-136 MHz. Wt: 8 oz. BNC termination. Supplied with weather sealing rubber pad and mounting hardware. Application: Airborne Communications Frequency: 118 to 136 MHz Impedance: 50 Ohms Nominal VSWR: 1.8 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type "BNC" Female Max Weight: 8 oz Max Height: 20-1/4" RF Power Capacity: 25 Watts

P/N AV-529 ..... $139.95

RAMI VOR ANTENNA - A VOR receive only antenna consists of taper ground high-strength 17-7PH stainless steel elements Insulators are weather-sealed compression-molded bakelite with the mounting holes provided. May be mounted with the V pointed either forward or aft. Operates at speeds up to 350 mph and altitudes up to 50,000 ft. Drag force of 3.42 lb @ 250 mph. The AV-532L includes all of the same features as the AV-532 and a 30 ft cable with integral balun is also supplied. Order P/N 11-03992 for male BNC connector.

P/N AV-532L $187.75

P/N AV-532 (without Cable) $157.75

TRANSPONDER ANTENNA - Chrome plated, phosphor bronze radiating element mounted in Teflon insulator. Ball tip for low-noise static discharge. May be installed from the outside. TSOd. 1030-1090 MHz. BNC connector. Wt. 1 oz.

P/N AV-22 ..... $52.75

MARKER BEACON ANTENNA - Boat Type Application: Marker Beacon

Frequency: 75 MHz Impedance: 50 Ohms Nominal VSWR: 1.6 to 1 Maximum Connector: Type "BNC" Female Max Weight: 6.25 oz Max Height: 2-1/2" RF Power Capacity: Receive only

P/N AV-569 ..... $122.75

VHF DIPLEXER COUPLER - Splits the signal from a single antenna into two NAV receivers; eliminating the need for a second antenna. Application: Navigation Frequency: 108 to 118 MHz Impedance: 50 Ohms Nominal VSWR: 1.4 to 1 Maximum Connector: (3) Type "BNC" Females Max Weight: 3.5 oz Insertion loss: 3 dB Avg / 5 dB Max Isolation: 30 dB Minimum Dimensions: 2" x 1-3/3" x 1-1/8" RF Power Capacity: Receive only P/N AV-547 ..... $102.75

ANTENNA AV-9 - A broadband DME ("L" band) antenna durably constructed around a Type "N" low-loss connector. Easily installed and operates to speeds of up to 250mph and altitudes up to 50,000 ft. Application: DME Frequency: 980 to 1220 MHz Impedance: 50 Ohms Nominal VSWR: 1.75 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type "N" Female Max Weight: 3 oz Max Height: 2-1/2" RF Power Capacity: 250 Watts Pulse P/N 11-02344 ..... $114.85

BASE STATION ANTENNA - Ground Plane 118-136 MHz Application: VHF Communications Frequency: 118 to 137 MHz Impedance: 50 Ohms Nominal VSWR: 1.5 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type PL-259 Max Weight: 1.0 lb Max Height: 34" RF Power Capacity: 100 Watts

P/N AV-5 ..... $133.75

AV-10 COMMUNICATIONS ANTENNA - 4-bolt design. Designed for high-performance aircraft applications. Identical in mounting and appearance to Cessna communications antennas. Rated to 250 knots. Equivalent to Comant CI-121 Antenna. Wt. 8 oz. Ht. 17-1/2" Application: Airborne Communications Frequency: 118 to 137 MHz Impedance: 50 Ohms Nominal VSWR: 2.0 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type "BNC" Female Max Weight: 8 oz Max Height: 20-1/4" RF Power Capacity: 25

P/N 11-12500 ..... $138.00

PUBLICSERVICEANDBUSINESSBANDANTENNAAV-14- Available in 4-bolt design.Features a tapered glass laminate housing and die-cast aluminum base. Rated to 250 knots. Equivalent to Comant CI-177-1. Wt. 8oz. Ht. 17.5" Application: Airborne Communications Frequency: 138 to 174 MHz Impedance: 50 Ohms Nominal VSWR: 2.0 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type "BNC" Female Max Weight: 8 oz Max Height: 17-1/2" RF Power Capacity: 25 Watts P/N 11-12600 ..... $186.95

AV-17 COMMUNICATIONS ANTENNA - 4-bolt design for mounting to the underside of an aircraft. Low profile configuration makes it ideal for helicopters and low-wing aircraft. Equivalent to Comant CI-122 antenna. Wt. 8 oz. Ht. 8-3/4" Application: Airborne Communications Frequency: 118 to 137 MHz Impedance: 50 Ohms Nominal VSWR: 3.0 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type "BNC" Female Max Weight: 8 oz Max Height: 8-3/4" RF Power Capacity: 25 Watts P/N 11-12700 ..... $159.95

VHF TRIPLEXER SPLITTER - Splits signal from VOR NAV antenna into two NAV receivers and one glide slope receiver. Application: Navigation & Glide Slope Frequency: 108-118 & 328-335 MHz Impedance: 50 Ohms Nominal Connector: (4) Type "BNC" Females Max Weight: 3.5 oz Filtering: 30 dB Min / 40 dB Avg Insertion Loss: 3.75 dB Maximum Isolation: 22 dB Min / 35 dB Avg Dimensions: 2" x 1-3/3" x 1-1/8" RF Power Capacity: Receive only. P/N AV-571 ..... $136.95

RAMITRANSPONDER/DMEANTENNA(AV-74)- Constructed of an acrylonitrile-styrene-acrylic (ASA) shell. Supplied with cellular neoprene mounting pad and hardware. The antenna is designed to operate at speeds up to 350 mph and altitudes up to 50,000 ft. It has a drag force of 0.09 lbs @ 250 mph. This antenna is a direct replacement for Comant's model CI-105. Application: DME/Transponder Frequency: 960 to 1220 MHz Impedance: 50 Ohms Nominal VSWR: 1.5 to 1 Maximum Connector: Type "BNC" Female Max Weight: 0.2 lb Max Height: 3.4" RF Power Capacity: 2.5 kW Peak

P/N AV-74 ..... $109.85

VHF DIPLEXER SPLITTER- Splits the signal from a VOR NAV antenna into NAV and glide slope receivers. Application: Navigation & Glide Slope Frequency: 108-118 & 328-335 MHz Impedance: 50 Ohms Nominal Connector: (3) Type "BNC" Females Max Weight: 3.5 oz Filtering: 30 dB Min / 40 dB Avg Insertion loss: 1 dB Maximum Isolation: 38 dB Min Dimensions: 2" x 1-3/3" x 1-1/8" RF Power Capacity: Receive only P/N AV-570 ..... $106.75

AV

RAMI ANTENNAS

ALL LISTED RAMI ANTENNA SPECIALISTS HAVE 50 OHM IMPEDANCE. FOR SPEEDS TO 250 MPH AND 25,000' ALTITUDE.

ANTENNA AV-1 - is a base station antenna for communications with ground vehicles or aircraft. It has heavy-duty construction with 3/8" diameter aluminum radials, a 1" diameter aluminum tube radiator, and is iridite-treated for durability. It mounts easily to a 1" diameter pipe or a 1-1/4" O.D. tube with locking set screws Application: VHF Communications Frequency: 118 to 137 MHz Impedance: 50 Ohms Nominal VSWR: 2.0 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type PL-259 Max Weight: 2.75 lb Max Height: 34 RF Power Capacity: 1000 Watts

P/N 11-05996.....$275.95

VEHICLE COM ANTENNA AV-3 - is a low profile snap-in mounting quarterwave antenna for use on surface vehicles. It has a solderless cable connection at the antenna and is supplied with 12 feet of cable and PL-529 connector. Application: VHF Communications Frequency: 118 to 137 MHz Impedance: 50 Ohms Nominal VSWR: 1.5 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type PL-259 Max Weight: 2.50 lb Max Height: 55" Max (field cuttable) RF Power Capacity: 100 Watts

P/N AV-3.....$116.75

ANTENNA AV-12 - is a VOR receive only antenna which uses a highly efficient technique of molding the elements directly into a high-impact thermo-setting bakelite center insulator. A 25 ft cable with integral balun is also supplied. with the AV-12L Application: VOR Receive Only Frequency: 108 to 118 MHz Impedance: 50 Ohms Nominal VSWR: 2.2 to 1 Maximum Connector: N/A Max Weight: 5.5 oz (14 oz with cable) Width Across Tips: 29-1/2" RF Power Capacity: Receive only

P/N AV-12.....$211.95

P/N AV-12L.....$236.95

COZY ANTENNA KIT - For composite Aircraft Antenna component kit for Canard Aircraft: Includes, copper tape and toroids to fabricate your own inexpensive, flexible antenna set for NAV, COM, MKR, ILS antennae. Antennae can be placed anywhere that they fit on fiberglass aircraft. This kit has the advantage of having all required parts for multiple (up to 8) antennae and are the most inexpensive antennae on the market.

P/N 11-11420.....$55.40

QUICKIE ANTENNA KIT - Simple installation procedure produces excellent communications antenna. Order additional kit for navigation antenna.....P/N 11-09800.....$19.75

Toroids Only - Used in our quickie antenna kit for composite aircraft.....P/N 11-09900.....$0.75 ea.

ADF ANTENNA KIT - This ADF Antenna Kit is an economical replacement for the Cessna factory style antenna used on all the smaller Cessna aircraft. This antenna will work on most aircraft except those with a moveable tail such as the Mooney.

Replacement Kit.....P/N 11-12300.....$26.50

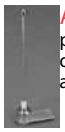
For new installations.....P/N 11-02655.....$33.95

VHF ANTENNA MOUNTING PLATE - Aluminum 2x4 mounting plate for straight 45-90 degree antenna including transponder antenna. The antennas sold separately, 4 clearance for mounting and center hold for antenna.....P/N 11-09988.....$15.50

ANTENNA DM N4-17/N - VOR/LOC/GS BAL. LOOP SYSTEM (DM N4-17/N) Single Output -- Frequency VOR/LOC 108-118 MHz -- GS 329-335.3 MHz Frequency Range: VOR/LOC 108-118 MHz GS 329-335.3 MHz VSWR: 5.0:1 max Polarization: Horizontal Radiation Pattern: VOR/LOC Omnidirectional GS Forward Pointing Gain: 0 +/- 2 dB Impedance: 50 Ohms Lightning Protection: dc short Weight: 1.32 lbs Connector: BNC Female Cable Length: 27 inches Side Load: 17 psi FAA Approval: C34e, C36e, C40c D0138 ENV. CAT. AA5XXXXXHDXS.....P/N 11-05859.....$998.00

CABLE ASSEMBLY AV-6 - Cable assembly consisting of 50 foot of RG-58/U low loss transmission line, a PL-259 connector at one end and a BNC male connector at the other. Commonly used with the P/N 11-06992.....$77.75

ANTENNA AV-741 - Designed for use with DME/Transponder sets. Constructed from an aluminum casting which is capable of withstanding particle erosion at high speeds. Designed to operate at speeds up to 350 mph and altitudes of 50,000 ft. It has a drag force of 0.35 lb @ 250 mph. Application: DME/Transponder Frequency: 980 to 1220 MHz Impedance: 50 Ohms Nominal VSWR: 1.4 to 1 Maximum Polarization: Vertical Pattern: Omni-Directional Connector: Type Max Weight: 0.5 lb Max Height: 3.3 RF Power Capacity: 4 kW Peak, 0.1 kW continuous P/N 11-06995 $115.75



ANTENNA AV-15 - Used with aviation, land mobile radio and flight phone bands. Chrome-plated ball tip provides low noise static discharge. Designed to operate at speeds up to 350 mph and altitudes of 50,000 ft. It has a drag force of 0.75 lb @ 250 mph.....

P/N 11-06993.....$154.75

ANTENNA AV-64 - Marker beacon antenna designed for very low drag. Supplied with cellular neoprene mounting pad and hardware. Designed to operate at speeds up to 350 mph and altitudes up to 50,000 ft. It has a drag force of 0.22 lbs @ 250 mph.

P/N 11-06994.....$124.80

ANTENNA AV-530 - Designed for broadband communications. Has a die-cast aluminum base and a tapered stainless steel whip for less drag at higher airspeeds. Supplied with a weather-sealing gasket and mounting hardware. Designed to operate at speeds up to 350 mph and altitudes up to 50,000 ft. It has a drag force of 1.65 lb @ 250 mph.

P/N 11-06696.....$156.75

AV-100 ELT ANTENNA - This FAA/TSO antenna is intended for use with an ELT (Emergency Locator Transmitter) for general aviation. It has a passive two frequency wire whip, designed for low speed aircraft (up to 250 knots). Frequency: 121.5 MHz, 406 MHz.

P/N 11-10839.....$203.95

AV-520 VOR/LOC/GS ANTENNA - The AV-520 FAA/TSO is a "V" style VOR/LOC/GS antenna utilizing detachable painted stainless steel elements and internal balun transformer. The antenna is rated at speeds up to 350 mph and altitudes up to 50,000 feet. It is a direct replacement for the CI 159C. Frequency: 108–118 / MHz 329-335 MHz.

P/N 11-10840.....$222.95

AV-525 VOR/LOC/GS ANTENNA - The AV-525 FAA/TSO is a VOR/LOC/GS antenna similar in style to the AV-12 but utilizes an internal balun transformer. The antenna is rated at speeds up to 350 mph and altitudes up to 50,000 feet. It is a direct replacement for the CI 157P. Frequency: 108-118 MHz (VOR/LOC) / 329-335 MHz (GS) P/N 11-10841.....$242.95

AV-535 ANTENNA - The AV-535 is a "Bent Whip" antenna suitable for belly mounting. It is designed to operate in the public service and business bands. The antenna is rated at speeds up to 350 mph and altitudes up to 50,000 feet. It is a direct replacement for the CI 292-3. Frequency: 138-174 MHz.

P/N 11-10845.....$188.99

AV-575 ANTENNA DIPLEXER/SPLITTER - The AV-575 FAA/TSO antenna is a marker beacon antenna splitter allowing two receivers to share the same antenna. It is a direct replacement for the CI 509. Frequency: 75 MHz.

P/N 11-10843.....$94.75

AV-585 ANTENNA DIPLEXER/SPLITTER - The AV-585 FAA/TSO antenna is a diplexer/splitter providing (2) VOR/LOC and (2) GS outputs from one VOR/LOC/GC antenna. It is a direct replacement for the CI 1125. Frequency: 108-118 MHz / 328-336 MHz.

P/N 11-10842.....$139.75

AV-925 ELT ANTENNA - The AV-925 antenna was developed to be used with airborne FM transceivers typically used in first responder type aircraft providing a single antenna solution for the multiband transceivers. It has met DO-160G, Section 8, Category U requirements for robust vibration and is qualified for installation on helicopters with unknown related rotor frequencies. It is also qualified to perform as a 406 MHz ELT antenna, and is well suited for this function on higher speed, fixed wing aircraft.

P/N 11-10846.....$2,295.00

AV-926 TRIPLEXER - The AV-926 triplexer can be used with airborne multiband FM transceivers. The device is designed to provide three separate frequency band ports (typically going to a multiband transceiver) from a single port multiband antenna.

P/N 11-10847.....$576.00

AV

ANTENNAS

BOB ARCHER AIRCRAFT ANTENNAS

These antennas have been designed by Bob Archer from Torrance, CA utilizing concepts common to military aircraft and space vehicles. The antenna performance is superior to most in use today in private aircraft. The only requirement for max. performance is that the antennas must be installed in accordance with the installation instructions. These antennas are designed to be installed inside fiberglass or other non-conductive wing tips or tail caps of metal or other conductive material aircraft.

SPORT AIRCRAFT ANTENNAS

MODEL 1A This Wing Tip Com Antenna is designed to fit inside larger fiberglass wing tips on metal (conductive that is) airplanes such as T-18's, RV's Bonanzas etc. But tuned out for the Com Band. The wing tips must have internal dimensions of at least 11"x24" and generally fit better on the bottom surface. The VSWR is normally less than 2.0:1 over a frequency band of 108 to 127 Mhz but could be higher due to installation factors. Offered because of pressure from RV builders. Users report good communications at ranges greater than 50 miles. Should be installed so that the maximum height of the tip is utilized to get the most vertical polarization.

Left Side ..... P/N 11-21016-1 ..... **$100.00**
Right Side ..... P/N 11-21016-2 ..... **$98.75**

MODEL 4 - Wing tip VOR antenna designed for smaller tips with a 10 degree flare on the top portion and a curled aft portion. VSWR less than 2.0:1 over the frequency band of 108 to 118Mhz.

Right Side ..... P/N 11-21025-1 ..... **$99.85**
Left Side ..... P/N 11-21025-2 ..... **$99.85**

NOTE: When ordering wing tip antennas, order antennas with -1 suffix if installing on the bottom inside surface of a left hand tip or upper inside surface of a right hand tip. Order antennas with a -2 suffix if installing on the inside lower surface of a right hand tip or the upper inside surface of a left hand tip. Wing tip Com antennas should be installed only on lower inside surfaces.

STAINLESS VHF ANTENNAS FOR HOMEBUILTS

These VHF antennas are stainless steel including all hardware. Insulators are made of Delrin, which resists extreme cold or high temperatures and is non-breakable. Antennas are available in straight and 45° or 90° angles. 118–136 mHz range. Weight: 3 oz. Not FAA approved.

Straight ..... P/N 11-04516... **$44.75** 45° .... P/N 11-04517 ... **$44.75**
Transponder ... P/N 11-02759... **$21.50** 90° .... P/N 11-00648 ... **$54.90**

COPPER ANTENNA FOIL TAPE 3/8 INCH

Used as an antenna ground in composite aircraft.
P/N 11-12900..... **$36.65**

TORROIDS (FERRITE BEADS)

Used in our quickie antenna kit for composite aircraft. P/N 11-09900..... **$0.75**

STAINLESS STEEL ADF ANTENNA KITS

• Replace your rusty antenna • Will never rust • Fits most high/low wing light aircraft • The safest! Ceramic safety insulator • Easy to install • The finest stainless ADF antenna you can buy ***Note: Not for Mooney aircraft or any aircraft with a movable empennage.***

Economy stainless ADF ANT.kit..... P/N 11-12300 ..... **$26.50**
ADF stainless ANTENNA kit..... P/N 11-02655 ..... **$33.95**

ANTENNAS FOR COMPOSITE AIRCRAFT

MODEL 6 - This com antenna is designed to be installed on the inside surface of the aft fuselage of composite and wood aircraft. It is a dipole that is folded up to minimize the vertical dimension and requires 12" of fore and aft space and 26.5" vertically. It is designed with flexibility so it can match the internal curvature of the fuselage. The VSWR is less than 2:1 across the com frequency band. ..... P/N 11-21000 ..... **$99.85**

MODELS 7 & 8 - These antennas are essentially the same with the exception of the overall length and the matching devices with the com antenna being installed vertically and the nav antenna being installed horizontally. VSWR is less than 2:1 over their respective frequency bands. The outer ends of these antennas may be swept to +/-30° to facilitate installation in various aircraft types.

NAV Antenna Model 7 ..... P/N 11-21030 ..... **$99.85**
COM Antenna Model 8..... P/N 11-21035 ..... **$99.85**

ACTIVE GPS ANTENNA AV-GPS

The RAMI model AV-GPS is a permanently mounted external aircraft antenna designed for use with GPS receivers which provide +5 volts DC on their antenna connector. It is an active (amplified) antenna providing an average of 26 dB gain over a passive (non-amplified) antenna. The antenna is designed to operate at speeds up to 350 mph and altitudes up to 50,000 ft. It has a drag force of 0.18 lb @ 250 mph. (Not FAA TSO'd) Commonly used for an external mounted GPS antenna for portable GPS units. P/N 11-17990 ..... **$209.95**

ANTENNA WIRE

COAXIAL CABLE - RG-58U – Tinned copper conductor, solid polyethelane dielectric. Standard cable for radio installations. For experimental aircraft only. P/N 11-04258..... **$0.58 ft**..... **$40.60/100ft.**

TYPE RG-400U – Tinned copper conductor, PVC Type IIA jacket. FAA approved for certificated aircraft. P/N 11-09202. **$3.75/ft $318.75/100ft.**

BNC COAXIAL ANTENNA CONNECTORS FOR RG-58U CABLE

Male ..... P/N 11-03992..... **$2.85**
Female ..... P/N 11-03993..... **$3.50**

BNC COAXIAL ANTENNA CONNECTORS FOR RG-400U CABLE

Male.....P/N 11-01802 ..... **$3.60** Female ..... P/N 11-01803 ..... **$3.95**

ANTENNA INSULATORS

(1) Feed-Thru Insulator for lead-in wire from fixed antenna. Type 4125. 10-32 threads, 3" length tip to tip, 1-9/16" casing. ..... P/N 11-10500 ..... **$15.65**
(2) Strain Insulator for receiver antenna. .....P/N 463 ..... **$9.60**

ANTENNA SEALANT AC236B1/2

Perfect sealant for antenna installations. AC-236 Class B is a two-component, manganese dioxide cured, liquid polysulfide polymer system providing excellent fuselage seals. P/N 09-00532 ..... **$22.70**

WSI WEATHER/SIRIUS RADIO ANTENNA - Operates with all new WSI InFlight® capable receivers. The antenna receives Sirius Satellite Radio broadcasts to enable the WSI weather service. It was designed specifically to suppress interference from ground based signals. Its proprietary design allows for optimum performance while the aircraft is turning. The antenna has been thoroughly tested and meets all of the RTCA DO-160E requirements. P/N 11-05937 ..... **$720.00**

TED TRANSPONDER ANTENNA - This monopole transponder/DME antenna meets the same specifications and is a direct replacement for the CI-101 and AV-22 antennas. Exceptional performance and value. P/N 11-17995 ..... **$17.95**

AV

KLEIN WIRE STRIPPERS / CUTTERS

Klein wire strippers and cutters cut, strip, gauge and loop a wide range of wire types and sizes. Made of strong, hardened steel with comfortable handles, these tools are durable and long lasting.

Part No.	Description	Price
12-00234	Strips 16 to 26 AWG stranded wire, easy-to-read wire gauge markings, comfortable handles with cushion ridges.	$13.85
12-00236	Solid and Stranded. Double-dipped comfort grips with curved handles, cuts, strips, loops and gauges 20-30 AWG solid wire and 22-32 AWG stranded wire, cleanly shears 6-32 & 8-32 screws, coil spring provides fast, self-opening action.	$19.75
12-00235	Solid and Stranded. Double-dipped comfort grips with curved handles, cuts, strips, loops and gauges 10-18 AWG solid wire and 12-20 AWG stranded wire, cleanly shears 6-32 & 8-32 screws, coil spring provides fast, self-opening action.	$19.75
12-00233	Strips 10 to 18 AWG solid wire, easy-to-read wire gauge markings, comfortable handles with cushion ridges.	$14.75

SUPERCHAMP IV CRIMPING TOOL

The professional quality crimping tool. This versatile hand tool has crimping dies for insulated an uninsulated terminals and splices in wire sizes No. 22 to No. 10 AWG. It has a terminal locator to position insulated terminals during crimping and an in-nose cutter for tight locations. This tool is a wire stripper and has a built-in heavy duty bolt cutter. Color coded dies in tool nose correspond to color on terminal insulation sleeve to insure die selection. A stud gauge and wire stripping gauge are important on the tool body. Cushioned handles. Made in the U.S.A.

P/N 604252-1 ..... $19.85

BANTAM ROTA-CRIMP TOOL

The AMP Bantam Rota-Tool crimps uninsulated terminals and splices for No. 8 to 1/0 sizes. The correct die position is selected by rotating dies to correct AWG number. Dies are fixed in tool to avoid loss. Compact, rugged and easy to handle. 15" long. Wt. 5 lbs. Not for certified Aircraft use. P/N 601075 .....$2,160.00

TWISTED STRIPPER TWISTED SHIELDED PAIR WIRE PREPARATION TOOL

Stop the Razor's Hidden Damage Ring and slit. That has been the standard way to remove twisted pair jackets since the introduction of this type of wire. This time consuming and innacurate process has obvious disadvantages when compared to the TS-7000: P/N 12-02031 .....$1,259.00

BALLPOINT HEX SOCKET DRIVER

3/32" Ballpoint Hex Socket Driver for use on hex head screws and nuts.

*This tool is commonly used with most avionics units like Honeywell Bendix/King and Garmin.

P/N 12-02063..... $4.90

QUICK SHOT AVIONICS REFERENCE MANUAL

Quick Shot is a compact, rugged binder type manual which shows detailed wire pin-outs for a wide variety of general aviation avionics equipment. Each page is removable and very durable. The wiring diagrams in Quick Shot Volume 1 include Apollo/UPS, Bendix, Garmin, Icom, Sandel Mid-Continent Instruments and Avionics, Sigtronics, United, Telex, David Clark, PS Engineering, Narco, Val, and many more.

P/N 11-01623.....$56.50

26-20GA ROUND BARREL CRIMPER

4-Way Indent Tool, Round Pin, 20-26 AWG, RS232 D-sub. High-grade steel construction for outstanding performance.

P/N 11-08685.....$166.95

LITTLE BLUE CRIMPER

The Daniels AFM8 is designed for most of the miniature and sub-miniature connector types that are so widely used in all types of electronic systems. Originally developed for the Air Force, the AFM8 meets the need for a miniature tool accommodating wire sizes 20 thru 32 AWG. The cycle controlled precision ratchet assures consistently accurate crimps every time. The tool has a built-in eight step selector knob for ease in dialing the correct crimp depth setting for the wire being used.

Little Blue Crimper.....P/N 11-04443..... $319.00
Adapter K13-1 For Low Density Pins .....P/N 11-12211.....$53.75
Adapter K42 For High Density Pins .....P/N 11-12212.....$53.75

BIG BLUE CRIMPER

The Daniels AF8 has virtually limitless application within the specified wire range of 12 thru 26 AWG. Over 1,000 turret heads or positioners are available to adapt the tool frame to your specific military or proprietary contact/wire combination. The eight impression crimp, which is standard in the AF8, assures absolute maximum tensile strength with almost every closed barrel contact. The precision ratchet controls cycling on the tool in both directions of handle movement. This assures the same, accurate crimp every time. It's like having a quality control inspector at every work station.

P/N 11-04442 .....$316.00

AMP PRO CRIMPER II HAND TOOL

The PRO-CRIMPER II Hand Tool provides the versatility of general-purpose service of general-purpose service tools along with the reliability and ease of use of many premium-grade tools For versatility, 75 die sets (available separately) are interchangeable, including those for open-barrel contacts and terminals. Additionally, many of these die sets have multiple cavities for crimping a variety of contact or terminal sizes.

Pro Crimper II 58433-3.....P/N 12-01379..... $184.80
O-Crimp Die 58435-1 .....P/N 12-01380..... $312.00
Hex Crimp Die 58436-1 .....P/N 12-01381 ..... $147.75
Pin & Socket 58495-2 .....P/N 12-01382..... $207.95

CRIMPING/CUTTING TOOL

This tool is designed to crimp insulated and non-insulated 10 to 20 AWG solderless terminals & connectors. It has easy-to-read tool markings to identify the insulated or noninsulated crimping dies. Its tapered nose design works well in tight places and has specially hardened cutter in th nose for quick, clean cuts. Size: 9.75". Lifetime warranty.....P/N 12-00698.....$34.90

CRIMPMASTER CRIMP TOOL FRAME

Crimpmaster Crimp Tool Frame Only. 1.26lb.

Die set 26-16 AWG for 30-500 tool.....P/N 11-08689 ..... $52.75

CRIMP TOOL (HX4) CRIMP TOOLS

The DMC HX4 Crimp tool features a system of interchangeable dies which eliminate the need of separate fixed die crimp tools for each and every different application. Many maintenance and manufacturing concerns have standardized on this model, thus eliminating the cost associated with maintainaing and calibrating bulky inventories of single purpose tools. Length: 11" Weight: 11 oz.

H4X Crimp Tool.....P/N 11-08690.....$267.95
Die set 5-24 AWG.....P/N 11-08691.....$160.75

HAND CRIMP TOOL GMT232

The GMT232 Hand Crimp Tool crimps low profile environmental splices. The GMT232 is the most popular tool to cover the range of 12 (yellow), 16 (blue), and 20 (red) splices for low profile environmental splice applications. The GMT232 has a locator which is configured to hold the splice in the correct location while either wire is being terminated. This tool is comparable to the popular Tyco AD1377.

P/N 11-08692.....$172.90

AV

AVCOMM AC-2EX PORTABLE INTERCOM

Measuring a mere 5.1" by 2.85", it is designed to produce powerful communications you can depend on. The compact design makes it easy to carry in your flight bag, a feature pilots who rent aircraft will especially appreciate. Need 4 positions? Simply add the AC-2XM module to accommodate additional passengers. FEATURES: • AVCOMM's Expandable Portable: 2 to 4 place • Rugged compact design • Two 9V batteries with quick access or 12-28V DC power • Stuck mic' indicator & Power-transmit LED • For use with mono or stereo headsets • Pilot priority PTT • Fail safe feature • Wt: 14.1 oz. • Full 3 year factory warranty.....P/N 11-02264.....$227.26

DRE D-205E INTERCOM

Two place portable/built-in expandable intercom with outstanding, clean stereo sound. Individual squelch circuits and PTT jacks. Stuck mic warning (visual and audio alarm). Automatic failsafe pilot communication to radio with loss of power to the intercom. Accessory inputs for Stall Warning, Altimeter Alert, Collision Avoidance & Engine Monitor, etc. (for built-in use). Standard cell phone interface. No deterioration of sound as battery weakens Powered by two 9V batteries. Auxiliary power input (on the side). Automatically compatible with mono or stereo headsets or a mix. Optional mounting flanges allow installation in ultra-lights and LSA. Anodized aluminum case. Additional features include Mil-Spec quality cabling, music input for MP3 players, CD, etc. and auto music muting with manual override. 3-year warranty.

COMTRONICS ULTRA-COM II INTERCOM

Comtronics very popular two-place portable intercom was designed for pilot/copilot communication in high noise environments. Separate volume controls are adjustable by either pilot or passenger to meet individual hearing needs. This intercom can be used as an intercom only or a complete package with the addition of a single transceiver using a matching Comtronics radio interface cable with push-to-talk switch. The ULTRA-COM II integrates directly with all Comtronics headsets and helmets providing air-to-air and air-to-ground communication. This intercom includes a 3-foot adapter cord connecting to various external inputs such as a radio interface cable with push-to-talk switch for a single transceiver. P/N 11-00685.....$28.95

PS ENGINEERING PM 1000II 4 PLACE MONO PANEL MOUNT INTERCOMS

PS Engineering's renowned voice activated intercom (VOX) eliminates clipped words and shouting. Other features include individual volume and squelch controls for the pilot and copilot. Music can be added to the intercom for in-flight entertainment. Automatic muting when the intercom is active, or intercom and radio (PM 1000II-series) ensures uninterrupted communications. PS Engineering's "SoftMute" gradually returns the music to the original level when conversation stops. PM 1000 is an effective 2-place intercom, with individual volume and squelch controls, while the 4-place PM 1000II adds a transmit indicator lamp, and music muting during radio traffic. The PM 1000II, 11-11922, has pilot isolate mode that allows the pilot to concentrate on flying, while the passengers enjoy music and conversation. The PM 1000II with CREW mode (P/N 11-11920) allows for separate intercom for the pilot and copilot positions, as well as separate music sources for front and back. On all PS Engineering intercoms a wire harness must be done by PS Engineering or a PS Engineering dealer or warranty is void. For a quote on 11-11922 PM 1000II with out crew wire harness , on 11-11920 PM 1000II with crew wire harness, or on 11-02553 please call 800-826-3160. Warranty: 1 year, Unit is TSO'D.

XCOM INTERCOM

Digitally controlled, intercom system suitable for nearly every 2 or 4 place aircraft. Features a full VOX (Voice Activated) intercom with second com ability, music input with muting and the ability to use different branded headsets without compatibility issues. Successfully mated to the leading handhelds as well as panel-mounted Icom, Narco, King and the like. Measuring only 2-1/8 x 1 x 3-7/8" or (53 x 24 x 100mm) and with a panel size of only 1 x 2 1/8 (53 x 24mm), it's one of the smallest and lightest intercoms in the world and only draws 60 ma (at 14 V) during operation. Mount horizontally or vertically. No voice clipping. Monitors and reduces background noise when the voice circuit is open. One simple DB15 connector is all thats needed, RS-232 port for future software updates. 2 com inputs cater for a primary airband com and a secondary VHF, UHF or Marine band transceiver. Additional input for CD player, FM Radio or MP3 player is available with auto muting to enable seamless communication in the cockpit. Voltage: 10-30 VDC. 2 yr warranty.

P/N 11-02207.....$447.00

AV

PS ENGINEERING AEROCOM III

The Aerocom III is a 2-place stereo portable intercom with IntelliVox™, a completely automatic VOX squelch. Each microphone computes the difference between speech and cabin noise. It opens instantly when somebody talks and only the microphone spoken into is active. This prevents unwanted background noise from entering the audio system. Powered by a 9V battery (10 hrs of use) or aircraft power. Features low battery alert. By using external push-to-talk buttons (not included), both the pilot and copilot positions have the ability to transmit over the aircraft radio. The aerocom III will route stereo music to the headsets through the optional music cable. The music automatically mutes when there is intercom activity or radio traffic.There are two modes controlled by a top-mounted switch. In "ALL" mode, both positions hear radio communications, music, and have intercom capability. In the "ISO" mode, only the pilot side is connected to the aircraft radios, without intercom or music distractions. The copilot position continues to have music, and intercom communications with an expansion unit if installed.The aerocom III is expandable to 4-places with the Aerocom EX expansion unit available by special order. This contains separate music input and dedicated IntelliVox™ processors. Specifications: Size: 4.375"l x 3.250"w x 1.500"h; Wt: 10 Oz.; Power: 9V batt. or 12/24V aircraft power Battery Life: Approx. 10 hrs.; Headphone output: 40m w/channel into 150Ω, < 1% THD; ±3dB mic frequency range: 350 Hz to 4500 (to reduce noise); ±3 dB music frequency range: 180Hz–15,000Hz P/N 11-00427 ..... $299.95
Expansion Unit (adds 2-places)..... P/N 11-01108 ..... $139.95

PM 3000 PANEL MOUNT STEREO INTERCOM

The world's first stereo intercom to be FAA-TSO approved. Available in 4- & 6-place versions. The 4-pl. PM 3000 (P/N 11-11931) features pilot isolate and "All" reception modes. The PM 3000 6-place (P/N 11-00851) intercom includes a "CREW" mode. In CREW mode, the pilot & copilot are on one intercom channel, while passengers have conversation on another. Constant squelch adjustments are eliminated with the PM 3000. A single squelch knob controls multiple circuits making the intercom one of the quietest to use, even in the noisiest airplanes. The 6-place PM 3000 provides for two independent stereo entertainment inputs. This gives the passengers and the crew each the option to listen to their music device. The PM 3000 has an automatic fail-safe interconnect to the aircraft systems. If power to the intercom is disrupted, the pilot's headset is automatically connected to the aircraft radio. With the PM 3000 installed, both pilot and copilot have transmit capability over the aircraft radio. A 2-color LED shows green when power is on, and red during radio transmissions. This feature acts as a stuck microphone indication. On On all PS Engineering intercoms a wire harness must be done by PS Engineering or a PS Engineering dealer or warranty is void. For a quote on the PM 3000 4 place or 6 place please call.

SIGTRONICS BATTERY POWERED PORTABLE INTERCOMS

5-year warranty and a sure-fit for all students, instructors and aircraft renters. All have a music input and Aux output for recording lessons and radio communications. Both pilot and co-pilot positions have PTT jacks. Powered by an internal 9V battery (included), good for 40 hours of operation in airplanes lacking a cigarette lighter socket. A 4' Aux power adapter is included. When using the power cord, the battery is by-passed, preserving the life of the battery. The 2-place SPO-22, 4-place SPO-42 and 6-place SPO-62 are compatible with all standard aircraft headsets. The 4-place and 6-place models have a satellite box for rear seat positions to keep unwanted headset cords out of the pilot's way. A special HIGH-NOISE model, perfect for Ultra-lights and Kit aircraft, is available in all configurations. It filters out background noise, lowers the input level at mic amp, increases output signal, and mic interface can be modified to interface with Icom radios. Also features a sidetone modification. Made in USA.

SIGTRONICS MINIATURE PANEL-MOUNTED INTERCOMS

Measuring only 1" x 2-1/2" x 4" deep, only 4.5 oz, the SPA-400 and 6-place SPA-600 are FAA TSO'd and can be mounted either horizontally or vertically. Also available in special "HIGH-NOISE" model SPA-400N for Ultra-lights, and open cockpit aircraft, kit aircraft and warbirds. The se intercoms allow you to put "push-to-intercom" buttons in the aircraft to eliminate VOX mode when desired. This is especially good for open-cockpits where wind noise can be a problem. The SPA-400N simulates side-tone because some radios that are currently used in these markets do not have it. The SAS-440 and SAS-640 intercoms feature Sigtronics' exclusive "Auto-Squelch". One touch of the squelch button and the intercom perfectly sets the squelch level to your headsets and the aircraft noise level. All Sigtronics intercoms are voice activated with a 5-year warranty and operate on any voltage from 12V to 24V. Made in USA.

SIGTRONICS SPA-4S STEREO INTERCOM

The SPA-4S is a 2 or 4 place voice activated intercom with inputs for stereo music. It is a small, compact system that allows it to fit in space critical panels. The SPA-4S uses the industry standard Sigtronics squelch, fast on slow off for hands free communication. The music will full mute during ATC communication and partial mute during intercom communication. Each intercom comes complete with all necessary mounting hardware, jacks, and two 4-foot pre-wired harnesses. The SPA-4S only requires 1" X 2.5" of panel space, mounts horizontal or vertically, is 4" deep, and weights 5.5 oz. The SPA-4S intercom can easily upgrade the SPA-400. The SPA-4S uses the same panel hole pattern and interface cable as the SPA-400. A second cable is provided for the music inputs and headphone outputs. The SPA-4SN is available for the high noise amateur built aircraft. As with all of Sigtronics products, the SPA-4S is RFI and EMI immune. Power: 11-32 VDC.

Standard SPA-4S ..... P/N 11-00567 ..... $289.00
High Noise SPA-4SN ..... P/N 11-00568 ..... $311.00

PILOT USA PA200 SERIES INTERCOM

PA200 World's Smallest Portable Intercom. A solid VOX intercom offering clear communications. Adjustable volume control and squelch control allows for easy adjustment for all ambient noise levels. 2 push-to-talk switches can be used with the intercom allowing transmission through the radio. Unit is ideal for rental aircraft. PA 200R is also available for motorsports. FEATURES: •On/Off volume control •Adjustable squelch circuitry •Fail-safe capability •Y-adapter for 2 push-to-talk switches •Powered by one 9V battery (24 hours) •Size: 2.25" x 1.38" x 2.75" •3-yr unconditional warranty •Wt: 8 oz. PILOT USA PA400 SERIES INTERCOM

The stereo version PA-400ST intercom is a portable design that has been used successfully in general aviation for over 18 years. No other intercom on the market has the features and capabilities of the PA-400ST intercom. This particular series has been recently modified to include a cell phone jack for your safety and convenience. Before using in an aircraft we recommend that you take a check-ride in your living room and become familiar with all the features of your new intercom. A hook-up diagram is included in this guide along with brief description of each function and each control setting.

FLIGHTTECH ITC-401-ENRI PORTABLE INTERCOM

The ITC-401-ENRI 2-place intercom features the Enhanced Noise Reduction Intercoms circuit in a basic, small package. With ENRI, the problems common with voice activated intercoms are eliminated. There are no squelch controls to adjust, no automatic squelch circuits that keep changing levels, only one single volume control. ENRI continuously monitors background noise picked up by the headset microphone and eliminates it, even while talking. Excellent for open cockpit aircraft. 9V Battery Operation • Pilot/All Switch • Available with cable and standard plugs or ICOM A-22, A3 and A4 Cable & Plug • 3 year warranty • 4"L x 2.5"W x 1.5"D. P/N 11-00544 ..... $169.95

ITC-401-23 - Plugs directly into Icom A5 & 23 with out the need for additional cables P/N 11-01005 ..... $169.95

ITC-401/1-ENRI - Plugs into Icom A22, A3, A4 with out need for additional cables P/N 11-00825 ..... $169.95

FLIGHTTECH ITC-2003-ENRI REMOTE PANEL MOUNT INTERCOM

The ITC-2003-ENRI features ENRI technology, a unique design, a small panel control unit and a remote intercom unit. The small control panel consisting of a Volume control and a Pilot/All switch measures only 1"w x 1.3"d x 1"h. The second part, the intercom unit is only 4.6"x 3.1"x 1.7" and included mounting tabs. Because of D.C. switching and control between the panel control and the intercom, the mounting location is not critical. Simply mount the intercom unit in an easy to reach location, run cables to the headphone jacks, power and a small six conductor cable to the panel control unit. The Electronic Noise Reduction feature is exclusive to FlightTech Intercoms and allows for quiet communications without the background noise common to Voice Operated Squelch controlled intercom. With ENRI, the microphones are active at all times, ENRI monitors the background noise and eliminates it allowing only the headset user's voice to pass.
Power: 12V or 24V P/N 11-00172 ..... $365.95
With preassembled 2-place cable..... P/N 11-00822 ..... $365.95

FLIGHTTECH ITC-401TC INTERCOM

ITC-401TC is different from the rest of the ITC-401 series in that the "Noise Reduction" control is located on the front of the intercom, rather then an internal "Set and Forget" adjustment The ITC-401TC is available in versions with cables and plugs for panel mount jacks as well as handheld radios and they include the following: ITC-401TC, Standard cable and plugs for panel jacks P/N 11-03201 ..... $169.95
ITC-401TC-1, Cable and plugs for the ICOM, A22, A3, A24, & A
P/N 11-03202..... $169.95
ITC-401TC-23, Cable & plug for the ICOM A23 & A5
P/N 11-03203..... $169.95

FLIGHTTECH ITC-2001-ENRI 2PLACE PORTABLE STEREO INTERCOM

ITC-2001-ENRI

Ideal for the renter pilot or as a permanent intercom without the installations concerns associated with a panel mount intercom. Features: Exclusive Electronic Noise Reduction circuits. Up to 110db of Noise Reduction. Continues Audio, No missed Syllables or Words. Built-in Cellular Phone Interface, includes patch cable. Pilot/All Switch. Specifications: 9 Volt Battery or External DC Operation, Cigarette Lighter Adaptor included. Auxiliary Stereo Audio Input with Radio Mute and Intercom Audio Mute. Light weight, 10 oz. Push-to-Talk Button for Keying the Comm Radio. Pilot and CoPilot Radio PTT Jacks. Small Size: 5.5" x 1.5" x 3.2" Three Year Warranty.

SOFTCOMM PANEL MOUNT INTERCOMS

ATC-2P (2-passenger), ATC-4P (4-passenger) & ATC-6P (6-passenger) panel-mounted intercoms are so compact that they fit most anywhere in the aircraft's panel. Designed to mount either horizontally or vertically, these panel-mounted intercoms will fit in any homebuilt, business aircraft, or general aviation aircraft in production today, and offer stereo or mono sound. The panel-mounted intercom has an exclusive Softcomm feature of a back-up battery (9V) that affords power to the Intercom when the aircraft's master power is shut off or fails in flight. The battery is automatically switched off when aircraft power is present and on when absent. The panel-mounted intercom offers SoftComm's features of Recorder-In and Recorder-Out. A miniature remote audio panel houses this feature and can be located anywhere the pilot prefers. This allows recording of clearances, flight lessons, enroute weather and flight events. The ATC-2P, ATC-4P, & ATC-6P panel-mounted intercoms come complete with mounting instructions, wiring diagrams, all required microphone and headphone jacks, audio recorder jacks, and bi-directional mounted nomenclature plates. These intercoms are supplied with pre-tested 8 ft. cable assembly terminated into a DB25 pin connector. Size: 1"hx2.5"wx6"d. Power 12Vdc. Wt:6.25oz., 3yr warranty.

SOFTCOMM PORTABLE INTERCOMS

These top quality, economical intercom systems are perfect for any type aircraft and are compatible with any standard headset. Features include automatic on/off power, panel controls for volume and gain and a pilot isolate switch (ATC-4 only). The intercoms are 9V DC portable or panel mountable with pilot and copilot transmit as a standard feature. These intercoms can be used with other equipment to record instructions or play cassette music. The new model of the ATC-2 has reduced size and weight, and a front-panel mounted PTT switch. The improved ATC-4 and ATC-6 also have a new dual transmit design. All units have aux power cord and stereo cable. With pilot isolate and push-to-talk switch. Model ATC-2T is a 2-place portable intercom designed for the student pilot. It has a recording feature that allows all CFI and ATC instruction to be recorded on a standard cassette player for future study. It is 9V battery powered and is compatible with all general aviation headsets and radios.

BOSE® A20® HEADSET – CLARITY ALOFT

Improved noise reduction. Greater comfort. Bluetooth® connectivity.

The most technologically advanced Bose® headset ever. Bose was the first to introduce active noise reducing headsets to aviation more than 20 years ago, forever changing the way pilots fly. Now, the New Bose A20® Aviation Headset introduces an entirely new standard. It's been engineered for significantly increased noise reduction in even louder environments. With an improved degree of comfort you'll appreciate. All without compromising the clear audio you expect from Bose. Plus, a Bluetooth® communications interface, auxiliary audio input and priority switching. It's made in the U.S.A., and meets or exceeds all TSO requirements. No other headset can deliver this advanced combination of benefits.

Bose® Acoustic Noise Cancelling® headset technology - Sound is monitored outside the earcups and at the ears, unwanted noise is identified, and a correction signal is created to cancel the unwanted noise. TriPort® acoustic headset design - Proprietary Bose® technology uses acoustically tuned ports to optimize the low-frequency output of the system. Adjustable boom microphone - Provides the means of communication for pilots and passengers. Proprietary ear cushion design - Provides an important acoustic seal between the headset and the head. Replaceable ear cushions - Provide an important acoustic seal between the headset and the head. Redesigned earcup architecture - Provides more room for customers' ears without compromising overall headset size. Magnesium alloy headband - Provides strong, lightweight structural frame to support the headset and distribute the necessary clamping force. Adjustable headband sliders - Offer up to three inches of adjustment in headband length, using high-strength, aerospace-grade composite material. Detachable sheepskin headband cushion - Evenly distributes the headset weight across the user's head. Center torsion spring - Mechanical support for the headband joint, allowing it to be opened or closed to fit different head sizes. Side swappable down cable - Allows easy attachment of integrated cable/boom mic assembly to either earcup. Headband stop - Prevents headband from closing completely when not in use. Carrying case - Custom-designed to fit the headset. Adjustable clothing clips - Provide means to attach the portable control module and cable to a pocket, belt or other suitable attachment point. Cable, microphone and connector configurations - Interface and compatibility with a wide range of civilian and military aircrafts. Tethered battery door - Provides protection and easy access to the battery compartment. Integral circuit shielding - Shields sensitive electronics from the harsh electromagnetic interference (EMI) associated with ground and airborne transmitters. Digital micro-controller system - A digital microcontroller operates the user controls and module functionality, and monitors battery life. Auxiliary audio input - Input jack for external audio sources such as GPS systems and music players. Male-to-male audio cable - Provides the means to connect an external audio source to the headset. Independent, receded L/R volume controls with midrange detent and visual volume level indicator - Adjust the headset audio volume level for left and right channels. Power LED and battery-life indicators - Indicates when the noise reduction is turned on. Indicates the remaining hours of battery life (green: healthy batteries, yellow: 2-8 hours, red: less than 2 hours). User configurable switches - Stereo/mono switch to configure the headset for a specific intercom. Auto-off (on/off) switch gives user the option of automatic or manual power control. Audio prioritization switch - Manages the different audio signals available to the headset (intercom, aux-in). Flexible power circuitry - Senses the power source of the headset and switches seamlessly from battery to aircraft power without compromising the headset performance. **Requires the 6-pin to Twin Plug adapter Automatic smart shutoff - Detects that the headset is no longer being used and automatically shuts off power after a period of inactivity. FAA/JAA TSO-certified - Meets or exceeds requirements for headset performance. Limited 5-year transferable warranty - Limited warranty coverage for parts, labor and second-day return shipping expenses of non-abusive malfunction.

S-MOD STEREO MUSIC ADAPTER FOR THE BOSE AVIATION X

This is the feature that the manufacturer forgot. Our adapter replaces the manufacturer's cover which is used to cover the 5-pin plug on the unused (non-microphone) earcup. If the microphone is mounted on the left earcup, our adapter goes on the right, and vice-versa. Features: • Replaces existing cover on headset without modifications.• Input stereo audio media device into headset via 3.5mm mini-stereo jack..• Hi/Lo impedance switch for volume matching..• Does not block aircraft communications.

P/N 11-07965 ..... $79.95

CLARITY ALOFT HEADSET

Used to improve both hearing protection and speech communications. Each earpiece includes a miniature speaker that reproduces speech signals from the aircraft audio system. The replaceable compliant foam tips attach to the earpiece and contain a pathway for the sound to travel from the transducer to the ear. Provides the highest level of hearing protection available by any method including active noise reduction. (ANR) The noise-canceling microphone is a high fidelity noise canceling Electret Condenser microphone. Include a music input in the Volume control box. This button could also be used as a backup in case of other system failures. Balance and comfort are the result of its elegantly simple design. P/N 11-02923 ..... $525.00

CLARITY ALOFT PRO HEADSET

Clarity Aloft™ Aviation Headsets are the result of our commitment to the highest standards in aviation communications. These headsets contain the most technically advanced components brought together from diverse experts in audio communications. LIGHTSPEED ANR HEADSETS

LIGHTSPEED

LIGHTSPEED ZULU PFX ANR HEADSET WITH BLUETOOTH®

Meet the new leader in ANR aviation headsets: Zulu PFX. The proprietary innovations in Lightspeed's new PFX technology deliver the quietest headset available and create a personalized flying experience by actively conforming to your ears, your environment, and your preferences.

- Acoustic response mapping measures your unique auditory landscape, adapting the audio response to your ear shape and size for maximum noise attenuation, voice clarity, and music fidelity.
- Streaming Quiet™ dynamic ANR continuously adapts to your environment, extending the amount, consistency, and frequency range of noise cancellation.
- Personal preferences can be set using the enhanced capabilities in FlightLink, the proprietary app developed by Lightspeed.

In addition to its advanced personalization features, Zulu PFX also leverages the latest technological advances across multiple fields.

- Enhanced durability — Rugged cables, constructed of silver-coated copper alloy wrapped around a Kevlar core, deliver extraordinary flexibility, strength, and audio quality.
- Upgradeable firmware — Updates are just a download away, giving Zulu PFX unlimited potential to evolve with new software innovations.

Zulu PFX also includes the award-winning comfort and advanced features that have made the Zulu family the choice of pilots around the world—made even better.

- Music fidelity — The Front Row Center™ feature combined with advanced digital processing enriches the concert-class fidelity.
- Auto Shutoff™ — In Zulu PFX, Lightspeed's proprietary Auto Shutoff feature is enhanced, with user controlled sleep delay intervals.
- Full Bluetooth integration — Enjoy excellent call clarity, music fidelity, and wireless access to critical audio alerts from mobile device apps.

Included: Custom molded carrying case, cellphone/music patch cord, USB cord, steel CPU clip, cord clip, four AA batteries, foam windscreen.

Weight: 14 oz.

5-Year Lightspeed warranty

LIGHTSPEED ZULU.2 ANR HEADSET WITH BLUETOOTH®

Experience the remarkable comfort and quiet of the ANR aviation headset that firmly established Lightspeed as the innovation leader. A triumph of communication connectivity, Zulu.2 delivers remarkable comfort, quiet, and clarity, and a host of advanced features:

- Full Bluetooth integration — Enjoy excellent call clarity, music fidelity, and wireless access to critical audio alerts from mobile device apps.
- FlightLink compatible — Capture and retrieve incoming and outgoing communications with the free FlightLink app.
- Cell phone/music connection — An integrated control box auxiliary input offers an additional option for connecting a cell phone, music player or other audio device.
- ComPriority™ — Never miss important radio communications with patented ComPriority which lowers the volume of any auxiliary device automatically during radio or intercom transmissions.
- Auto Shutoff™ — Lightspeed's proprietary feature saves battery life by automatically shutting down the headset power when not in use.

SENNHEISER - THE PILOT STARTER KIT

The package is anchored by the Sennheiser HME 110 – an excellent passive attenuating pilot's headset with a 10 year warranty, Sennheiser quality sound, and lightweight comfort. The HME 110 weighs only 12.4 oz and provides 24dB (NRR) of passive attenuation. An integrated volume control gives the student pilot complete control of his / her hearing preferences. Also included in this package is a premium subscription (XX months) to iFlightPlanner.com's unique combination of webbased and App compatible flight planning software. Another element for the benefit of the flight student's training is the 6 month membership to AvWx Workshops. Pilotworkshops provides short, highly focused workshops specifically designed with the busy pilot in mind. Included in this package is Pilotworkshop's Airmanship course.

ARCUS ANR 7 NIMBO PNR HEADSETS

Full Android/iPhone/iPad/iPod/MP3 speaker & mic integration via 3.5mm connection. (N/A for Military). Hi-Fi Ported True Stereo Speakers. Stereo / Mono switching. Dynamic Clamping for complete comfort. Weighs 14oz. Ultra Sharp Electret Noise Canceling Microphones. Advanced Inline Volume Controls with Smart Comm / Aux Control. Large Soft Head Pad. Twin Layer True Gel Ear Seals. Passive Noise Reduction: (NRR) 24dB (The most controversial number in all headsets...) Active Noise Reduction: +16dB-19dB @100Hz (Low end "droning" sounds is what ANR is for). Pilot Direct Internal Noise Cancelling System. Embedded in the ANR technology is an Enhanced Voice Intelligibility (EVI) circuit. Three-Year Unlimited Warranty. Made in USA. Meets or exceeds all CE and FCC standards.

SEE WWW.AIRCRAFTSPRUCE.COM FOR COMPLETE LIST OF HEADSETS, PART NUMBERS, AND PRICES.

EQ-LINK WIRELESS HEADSET SYSTEM

The EQ-Link Headset offers wireless freedom in the aviation cockpit. The EQ-Link module plugs into standard general aviation inputs on the aircraft's audio panel and provides a 2.4 GHz frequency hopping link (not Bluetooth®) to the EQ-1 ANR Headset. Now you can enjoy all of the features of a premium ANR headset with none of the wires! Plug and Play operation. No installation required. The EQ-Link Headset plugs into your aircraft's audio panel just like any other conventional wired headset and can be used in combination with other brand of wired headset being used in the aircraft's intercom system. Comes supplied with EQ-1 Headset, EQ-Link wireless module, USB wall charger (with international charging adapters), USB charging cables for EQ-1 Headset and EQ-Link module.

System with Dual GA Plugs ..... P/N 11-11335 ..... $989.00

Replacement Headset ..... P/N 11-11336 ..... $750.00

EQ REVERSE LINK SYSTEM

The EQ-Reverse/Link system represents a breakthrough in wireless headset communications. Now any aviation headset can have the same wireless freedom as our popular EQ-Link single headset system. The EQ-Reverse/Link system is comprised of the EQ-Link and EQ-Reverse/Link modules. Any standard aviation headset can be plugged into the Reverse/Link while the EQ-Link is plugged in to the aircraft's intercom system. A wireless link is provided by EQ-1's tried and true 2.4 Ghz, TDMA protocol, (not Bluetooth) R.F. link to provide crystal clear and interference free communications up to 30 feet away from the audio panel. ..... P/N 11-12106 ..... $919.00

EQ LINK 4 PLACE MULTI HEADSET SYSTEM

The EQ-Link module plugs into standard general aviation inputs on the aircraft's audio panel and provides a 2.4 GHz frequency hopping link (not Bluetooth®) to the EQ-1 ANR Headset. FLIGHTCOM HEADSETS

FLIGHTCOM CLASSIC ANR HEADSET

Flightcom's Classic ANR Headset is built with comfort features not found in similar headsets. With overstuffed Confor® foam ear seals and larger than normal headband, the classic aviation style provides extended comfort and performance. Comfort: Classic ANR's Confor® Foam ear seals, and a wide polar fleece headpad ensure comfort. Innovation: A volume control on each dome allows for independent adjustment. Noise reduction: We keep it quiet with our advanced hearing protection technology. Confor® Foam ear seals effectively block out sound. Noise reduction rating is enhanced by 14 to 18 dB at certain key low frequencies. Comes with a durable nylon carry case

• Precision flex boom with noise canceling electret microphone • 9-volt battery • Chrome headband with a washable polar-fleece headpad • Stereo/mono switch ensures audio compatibility • Mic muff and carrying case included • In-line, "drop-and-go" • Provides an additional 14-18dB noise attenuation at key low frequencies • Weight: 17.9 oz. • Dual-volume controls allow for independent volume adjustment in each ear dome • 3-year warranty ..... P/N 11-01326 ..... $329.00

FLIGHTCOM DENALI D30SP

At 11 ounces, this fixed-wing headset is the lightest model available. Denali's ComLeather™ ear seals help abate noise and offer a comfortable fit. The sleek ear domes stay securely in place, reducing side force. Passive 21dB NRR rating. P/N 11-10820 ..... $268.00

FLIGHTCOM DENALI D30MPH

At 11 ounces, this helicoptor-compatible headset is the lightest model available. Denali's ComLeather™ ear seals help abate noise and offer a comfortable fit. The sleek ear domes stay securely in place, reducing side force. Passive 21dB NRR rating.

P/N 11-10819 ..... $308.00

FLIGHTCOM 5DX CLASSIC

This headset provides supreme comfort and fit through its washable polar fleece headpad, silicone gel ear seals and cloth ear seal covers. Features include noise cancelling electret microphone, precision flex boom, dual volume controls, stereo/ mono switch, 22dB noise reduction rating and all top quality components. Wt 17.9oz. 3-yr factory warranty P/N 11-08760 ..... $159.00

FLIGHTCOM 4DLX CLASSIC

This headset combines the proven performance and affordability of the popular 4DX Classic headset with the comfort of the "air pillow" headpad. Features of the 4DLX Classic include combined foam and liquid ear seals, precision flex boom, noise cancelling electret microphone, stereo/mono switch, cloth ear seal covers, mic cover and 3-yr factory warranty. 24dB noise reduction rating Wt 16.8oz P/N 11-17115 ..... $119.00

FLIGHTCOM E-13 PASSIVE MILITARY HEADSET

For rugged cockpit environments. Standard comfort features include protein leather covered dual density foam ear seals and washable polar fleece headpad • In-line quick disconnect jack on the mic boom for chemical defense suit and boom replacement • Dome-mounted volume control • DO-160D tested ? environmental and explosive proof • Passive noise attenuation 21dB NRR. Two-year warranty.

P/N 11-10395 ..... $266.95

FLIGHTCOM DENALI D50ANR HEADSET

At less than 14oz, this headset is the lightest ANR model available. Denali's ComLeather™ ear seals help abate noise and offer a comfortable fit. The sleek ear domes stay securely in place, reducing side force. This ANR model also has SPS – a digital power management circuit. The SPS conserves battery life by shutting off the ANR circuit when not in use. Full passive performance is maintained when the ANR circuit is off. ANR model achieves additional 18-20dB at certain key low frequencies. P/N 11-10818 ..... $399.00

FLIGHTCOM DENALI D90ANR HEADSET

At less than 14oz, this headset is the lightest ANR model available. Denali's ComLeather™ ear seals help abate noise and offer a comfortable fit. Includes dual inputs that support cell phone and Aux connections for communication and entertainment. Automatic muting ensures that all incoming transmissions are instantly heard. Uses two always available AA-size batteries for up to 50 hours of continuous ANR use. Also has SPS – a digital power management circuit. The SPS conserves battery life by shutting off the ANR circuit when not in use. Full passive performance is maintained when the ANR circuit is off. ANR model achieves additional 18-20dB at certain key low frequencies. P/N 11-10817 ..... $538.00

FLIGHTCOM 4DX CLASSIC

The 4DX Classic is an entry-level headset with classic Flightcom ruggedness. With an easy-to-position wire articulated boom and a ventilated foam rubber headpad and combined liquid and foam ear seals, the 4DX Classic is comfortable and affordable. TELEX HEADSETS

TELEX ASCEND ANR DELUXE HEADSET

Ascend is ideal for commercial pilots with diverse needs and discerning standards. A simple procedure allows you to change the connector, remove the boom, or add a battery. Ascend's advanced noise reduction system specifically targets common cockpit noises, such as wind noise and avionics cooling fans. Improves upon the Active Noise Reduction in the popular ANR 500 & 850 models and the passive noise reduction of the Airman 850. ANR power can be delivered without batteries through the mic plug, or with the convenient rechargeable battery module. Rechargeable long-lasting battery

TELEX ECHELON 20 AVIATION HEADSET

Designed for students, new pilots, and value-conscious experienced fliers. Offers comfort, excellent hearing protection and value. Provides an impressive 20+ dB of passive noise protection and a top-quality noise canceling electret microphone. A low-profile headband for even weight distribution plus patented ComfortCam™ technology, a three-click tension adjustment system for a custom fit. Special earpieces with foam ear-seals pivot two ways to conform to any wearer while detent sliders adjust the headband.

P/N 11-04564 ..... $189.00

TELEX ECHELON 25XT HEADSET

Includes Telex's innovative cell phone/MP3 adapter that allows you to attach both your cell phone and MP3 player at the same time. Features a plush, thick foam headband pad and newly designed, more comfortable ear cushions. Individual volume controls for each ear cup and a stereo/mono select switch. Impact-Resistant Headband Design. Flight Bag. Weight: 13.6 oz/386 grams P/N 11-04563 ..... $329.00

TELEX STRATUS 30XT

Allows you to power the headset from the aircraft panel, standard alkaline batteries, or rechargeable batteries. A built-in battery recharger that recharges when plugged into a wall socket, the aircraft's panel power or even your car's 12-volt power outlet. Ensures more than 50 hours of battery life. Telex's patented ComfortCam™ to eliminate clamping. A unique headband construction that distributes weight evenly for a perfect fit, plus thick foam headband pad. Telex's innovative cell phone/MP3 adapter which allows you to attach both your cell phone and MP3 player at the same time. Flight Bag. Weight: 14.2 oz/403 grams. Runs on 2 AA batteries

30XT headset ..... P/N 11-04561 ..... $575.00
AC/DC 30XT Adapter ..... P/N 11-04576 ..... $22.50

STRATUS™ 50-DIGITAL ANR HEADSET

Cuts noise 3 ways by providing 24dB passive attenuation for high frequency noise outside the ANR range, 15dB of analog ANR for noise reduction below 1000 Hz, and up to 50dB of digital tonal noise reduction. DSP (Digit Signal Processing) allows the Stratus to predict recurring cabin noise and fine tune the Active Noise Reduction for the ultimate in hearing protection. Patented Comfort Cam™ tension adjustment allows for a custom fit, as do the heat sensitive slow recovery foam ear cushions, which conform to the user's head during wear. Extra thick cushions and pad reduce headband tension and provide a luxurious feel. Overmolded rubber earcups, volume control knobs and comfort cams offer ease of handling, and add to the comfort package. Features • Capable of battery or panel power Stereo/mono switch • Auto shut-off feature saves battery • Dual volume controls • Reversible mic for pilot/copilot operation • 18 oz. • Collapses for ease of portability. • Incl. Deluxe carrying case

P/N 11-04560 ..... $675.00

TELEX STRATUS 30

Combines superior ANR protection, a noise-canceling electret microphone, and fully adjustable boom. Include Telex's patented ComfortCam™ technology that allows you to quickly and easily control the tension of the ear cups. Low profile headband. Utilizes impact-resistant headband design with stainless steel reinforced stress points. Cell Phone/Audio Adapter. Advanced Microphone Technology. Boom Microphone. Flight Bag. Weight: 14.2 oz/403 grams. Runs on 2 AA batteries. P/N 11-04562 ..... $482.00

TELEX AIR 3100 HEADSET

The new Telex AIR 3100 is a medium weight headset (15 oz) which is extremely comfortable because of a unique headband knuckle design that distributes ear cushion pressure evenly over the entire ear circumference with no pressure point. Earcup tension is adjustable for preferred balance between noise reduction and comfort. The electret mic is mounted on a fully adjustable and hinged boom. The AIR 3100 replaces the D950 and E951 Telex headsets, and is collapsible for compact storage.

P/N 11-09440 ..... $281.95

TELEX PRO III 5X5 HEADSET

This headset from Telex features a single side soft ear tip receiver with superior noise cancelling amplifier. The electret microphone is fully adjustable for use on the right or left side. Order push-to-talk switch for aircraft not so equipped.

P/N 11-09600 ..... $259.00

TELEX AIRMAN 750 HEADSET

A featherweight headset which is the lightest in the industry (2.5 oz.). Features a miniature noise-cancelling electret microphone that provides superior 400 Hz hum rejection. Microphone pivot arm pivots 310° for use on left or right side. The optional Telex PT-300 push-to-talk switch is recommended for use with the Airman 750. P/N 11-09500 ..... $245.00
Airman 750 Airbus plug P/N 11-09302 ..... $255.00
Foam Ear Cushions for 750/760 ..... $5.99

TELEX AIRMAN 750 SINGLE-SIDED HEADSET

The Airman® 750SS is 25% lighter than the Airman® 750. Its effective weight (without the cord) is only 2.4 oz. Many pilots prefer the ergonomics of a single sided headset. It eliminates the need to pull off one of the earphones when listening to cockpit conversations.

P/N 11-01123 ..... $225.00

TELEX AIRMAN ANR 850

Uses Active Noise Reduction technology to provide up to 12dB of noise attenuation ensuring the clearest in-flight communication. Weighs less than 4 oz. Combines "set and forget" volume control with never worrying about a battery pack. Power to the ANR is provided by mic bias (active intercom) eliminating the need for battery packs or panel power. By drastically reducing wind noise in jet cockpits, the Airman ANR 850 helps to reduce fatigue. The Telex Airman ANR 850 is unsurpassed in clarity, comfort and convenience. ..... P/N 11-01880 ..... $450.00
Telex Airman ANR 850 (Airbus Application) ..... P/N 11-05464 ..... $445.00
Telex 850 Leather Ear Seals ..... P/N 11-04332 ..... $27.95

TELEX HEADPHONES

TELEX AIRMAN 760 HEADPHONE - A featherweight headphone unit designed for use with hand-held microphones. For long term comfort, an adjustable clothing clip removes the cord weight from the head of the user.

P/N 11-09300 ..... $93.75

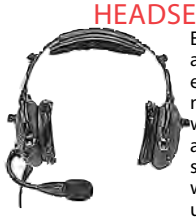
NAV-DATA DELUXE HEADSET

The Nav-Data Technologies deluxe headset has one of the best passive noise reduction ratings of any headset available at any cost. There are many reasons to own the Nav-Data Headset :

* Switch selectable stereo or mono operation * Dual volume controls * Gel earseals for extra comfort and noise attenuation * Super padded head band for comfort during long flights * Full flexible mic boom - stays where you put it! * Noise canceling electret mic * Weighs only 14.3 ounces P/N 13-06087 ..... $96.75



HEADSETS, INC. EM-1 ANR HEADSET

EM-1 features conservative dark green ear cups, an Oregon Aero SoftTop padded headband, gel ear seals, and place-it-anywhere mic boom which makes it ergonomically friendly. Stereo capable with individual volume controls for each ear and a switch on the cord for mono or stereo audio. A separate battery box is used and shares a cord with the mic/phone jacks, eliminating the need to unite 2 separate cords. Cords separate at the end so you can find a convenient place to stow the battery box in the cockpit. Optional power sources allow to be powered by the aircraft's electrical system, a cigarette lighter, or rechargeable battery. Comes with a 3-yr warranty, headset bag, the Oregon Aero SoftTop, & gel ear seals.

P/N 11-00512 ..... $359.00

SUPER SOFT TOP FOR HEADSETS

The Super Soft Top headset is the ultimate in comfort. Put this headset on and feel the difference! It contains two layers of foam and one layer of polyester wool that is covered with a 90% cotton fabric for maximum humidity absorption. Easy to install, it fits the following headsets: • All David Clark models, (except DC20-10 series) • All Pilot Avionics models, (except PA-1776, PA-1779,Premier,Concord HNE,& Commander series) • All Marv Golden MG's * All Sigtronics • All ASA's * All Softcom's • All Flightcom models (except F-20 & Eclipse) P/N 13-00358 ..... $15.99

HEADSET COMFORTOP

Replaces the original head pad with a sheepskin pad providing optimum comfort.

P/N 11-03014 ..... $28.75

PILOT'S HEADSET CUSHION

Constructed of plush 3/4" thick sheepskin & genuine leather. Does your headset feel uncomfortable and create a sore spot on the top of your head after wearing it for just a short time? If so, you need our plush, super soft sheepskin and leather headset cushion! The soft sheepskin rests on your head instead of the uncomfortable headset pad. Designed to fit all headsets with it's adjustable velcro closure. Extra velcro across top also holds your flashlight for nighttime flying. Relieves all contact and pressure on the top of your head for even the longest trips. P/N 13-40730 ..... $15.90

BOSE
Better sound through research

I like to stay ahead of my aircraft. So if I'm 40 miles out with weather rolling in, I'm listening to what's happening in front of me. AWOS. Pilot chatter. A quick check with flight service. Sometimes, there's a lot to decipher. But I need to hear it clearly. Because when I do, I feel confident. Prepared. In the moment. And that allows me to just

focus on what matters, flying.

MORE NOISE REDUCTION. LESS DISTRACTION.

Better sound can make all the difference, especially where you go. Which is why, with 30% greater noise reduction than conventional noise reducing aviation headsets, the A20 headset lets you hear more of what you need to hear. While proprietary cushions and minimal clamping force let you fly comfortably for hours. Meets or exceeds TSO standards.

Bose® A20®
Aviation Headset

©2014 Bose Corporation. CC012206

Made in U.S.A.

You're passionate about aviation.

So are we.

For nearly twenty years, Lightspeed has focused 100% of our passion and resources on one goal: creating the world's best aviation headsets.

It's a pursuit that continues to earn Lightspeed the respect of the aviation community. Not only has Lightspeed ranked #1 in the *Professional Pilot* Headset Preference Survey two of the last three years, Lightspeed was also preferred 3 to 1 over our closest competitor by professional pilots who fly with both.

To learn more about why Lightspeed is the choice of private and professional pilots around the world, visit **LightspeedAviation.com**.

Zulu.2 ANR Headset

The winner of *Flying* magazine's 2011 Editors' Choice Award, Zulu.2 ANR Headset with full Bluetooth integration and FlightLink compatibility, is **now $850.**

LIGHTSPEED

TEMPEST excellence

TAKING AVIATION BY STORM

Selected by the Gold Standard

The innovative exclusive features of Tempest's Spark Plugs and Oil Filters makes Tempest the Supplier of Choice for Continental Motors!

Aviation Spin-On Oil Filter

Exclusive Feature: Magnetic Secondary Filtration

Tempest is the only aviation oil filter that features an internal magnet that collects ferrous material that can otherwise re-enter the engine and potentially result in premature engine wear.

Aviation Spark Plug

Exclusive Feature: Fired In Resistor - Guaranteed to Never Exceed 5k Ohms

Replaces the multipart screw, spring, carbon pile stack up used in competitive plugs and known to suffer from resistance value instability that can cause misfires, wasted fuel, engine roughness.

Discover true engine performance, ***Upgrade*** your engine to Tempest today!

WE LOVE HOMEBUILDERS.

Most homebuilders have been living and breathing airplanes all their lives. They spend years meticulously handcrafting their projects. That kind of care and caution frequently makes them what we, at Avemco Insurance Company, like to call a "very good risk." And that's why we like to insure homebuilders and the airplanes they love. Call us. One of our Aviation Insurance Specialists will craft a policy based on what you fly and how you fly it.*

- No surcharge for liability-only coverage.
- Bodily Injury and Property Damage Liability for covered claims up to one year after you sell your plane.

Call **(800) 338 8705** or visit **Avemco.com/AircraftSpruce.** Get a **personal** quote and get a **free** hat.

*Not all coverages or products may be available in all jurisdictions. The description of coverage in these pages is for information purposes only. Actual coverages will vary based on local law requirements and the terms and conditions of the policy issued. The information described herein does not amend, or otherwise affect, the terms and conditions of any insurance policy issued by Avemco. In the event that a policy is inconsistent with the information described herein, the language of the policy will take precedence. Bodily Injury and Property Damage Liability coverage for up to one year after the date of sale, or the period that the aircraft was insured by Avemco, whichever is less. Free hat offer not available in New Mexico.

Take Your Communication To a Higher Level.

FTA-550 and FTA-750 Air Band Transceivers with 1.7" x 1.7" Full-Dot Matrix Display

Yaesu's newest airband transceivers take communication to the next level. Our FTA-550 and FTA-750 NAV/COM radios feature 5 Watts TX* output power, rugged construction and a huge 1.7 x 1.7 inch Full-Dot Matrix Display (160 x 160 dots). Both series of transceivers offer sleek styling and an easy to operate menu system.

The **FTA-550 series** is available in two models; with or without the rechargeable battery. The FTA-550L includes an 1800mAh rechargeable Li-Ion battery, 110 VAC and 12 VDC chargers, alkaline battery tray, headset adapter, antenna with BNC connector. The FTA-550 AA includes an alkaline battery tray, 12 VDC power cord, headset adapter and antenna with BNC connector. Both FTA-550 NAV/COM radios feature VOR and ILS with Localizer navigation displays.

The **FTA-750L** is the first airband VHF NAV/COM transceiver with built-in GPS! The FTA-750L features VOR and ILS with Localizer and Glide Slope, as well as Waypoint navigation displays. The FTA-750L features GPS Position Logging and includes 1800mAh rechargeable Li-Ion battery, 110 VAC and 12 VDC chargers, alkaline battery tray, headset adapter and antenna with BNC connector. 3M™ PELTOR HEADSETS – PILOT USA

3M™ PELTOR™ DIGITAL WORKTUNES

Worktunes is a self-contained AM/FM noise attenuating headset (NRR 26db) which provides hearing protection combined with an AM/FM radio to provide. Features include: • Easy finger tip controls • 5 preset stations • Volume limited to a safe 82 dB level • Gel/Foam cushions • MP3 cord included • Peltor™ stainless steel spring arm headband provides even pressure all day. • Wide, soft padded headband, flexible antenna. • Quick and easy tuning and volume adjustments P/N 11-01589 ..... $85.75

3M™ PELTOR™ EARMUFFS

The only muff that lets workers listen safely without removing their muffs. When workers lift their muffs, they lower their protection. Now Peltor™ puts safe listening at their fingertips. Just push the button on the PTL muff and speech & sounds "outside" the muff cup can be heard "inside"--clearly and safely. After 30 seconds, the muff automatically returns to its full protection with an NRR of up to 26 dB. Listen again? Just push again. It's that simple. P/N 11-04310 ..... $27.50

3M™ PELTOR™ AVIATION HEADSET ACCESSORIES

Deluxe Carrying Bag ..... P/N 11-01586 ..... $34.75

P/N 11-08062 ..... $89.50

3M™ PELTOR™ HUMMINGBIRD HELICOPTER HEADSET

This new headset, designed for low impedance helicopter intercom systems, leads the 3M ™ Peltor™ line, with advanced comfort and performance features • Twin Cup/Double Shell ear cup design provides high attenuation • NRR 30 dB • Top exit cables allow for easy connection to overhead intercoms • Coiled cables extend for console mounted intercoms. P/N 11-08712 ..... $329.50

3M™ PELTOR ™ 8103 HELICOPTER HEADSET

The Aviation 8103 helicopter headset has an ambient-noise compensated dynamic differential microphone, specially designed for aviation intercom systems. The microphone amplifier is designed for intercom systems with 5 Ohm impedance. The frequency range is adjusted for good speech recognition. The earphones have a limited frequency range, to give the best possible speech recognition in the ambient noise of a helicopter. Peltor's two-point suspension of the shells on a broad headband ensures total comfort and consistent noise attenuation. The spiral polyurethane cable has a moulded NATO-standard connector equivalent to the Nexus TP-120. P/N 11-08704 ..... $66.75

PILOT USA PA-1140HNE GROUND CREW HEADSET

Great fit for aviation ground crew, passive noise attenuating headset preferred by ground crews around the world. This behind-the-head style allows headset to be worn under a hard hat while maintaining a secure fit and clear communications. Headset comes normally with an electret noise canceling microphone. This style of headset can also be fitted with various 2-way radio plugs and can be worn under a hard hat where hand held radios are in use. NRR 27 Three Year Warranty. ..... P/N 11-06511 ..... $130.00

PILOT USA PA-1100 LISTEN ONLY HEADSET

Keep your passengers informed and protect their hearing with our lightweight listen-only headset. Audio input jack allows user to listen to their favorite IPOD®, MP3®, cd player or monitor a radio. Your passengers will thank you for making their flight more enjoyable. NRR 24.

PILOT USA BLUETOOTH CELLPHONE / MUSIC ADAPTER

BluLink enables you to use your Bluetooth cell phone and any music source wirelessly in the cockpit. You can use your existing general aviation, helicopter, Bose style panel mount, or military aviation headset with BluLink. No more tucking your cell phone under your headset or adapters with various additional cords and adapters. The BluLink will work with any cell phone with Bluetooth version 2.0 or lower. Great for filing a flight plan, checking weather, calling for fuel, getting a clearance at an uncontrolled field, calling a taxi, voiding a flight plan, closing a VFR flight plan, calling for a taxi. Can be use as primary communications for experimental and ultralight pilots.

Fpr GA Headsets: Works for general aviation headsets equipped with standard dual plugs ..... P/N 11-06553 ..... $249.00

AX-20 HEADSET

This headset helps to ensure four important goals of today's airline communications: • safety • reliability • health protection • convenience.

The hands of the pilot are completely free from any communication chores, thus ensuring full prompt response to all flight events. Thus, the headset contributes to flight safety. By being tightly, yet comfortably, positioned on the pilots head, above the ear, the headset allows to separate all important communications from cockpit noise, thus contributing to flight reliability. Noisy cockpits produce fatigue and stress on pilots. The headset nearly eliminates this problem, thus contributing to the pilots health protection. Comfort and conveniene are evident by a simple look at the headset. AX20 — straight cord up to 5 feet long . Stirrup pivot assembly, such that cups can provide universal fit; Comfortable, extra tick, headpad cushioning; — cushioned ear seals for the best possible noise attenuation and comfort; Shielded cable for near perfect E.M.I./R.F.I. protection; Corrosion-proof chrome plated steel; — parallel earphone wiring;— adjustable volume control; 150 to 10,000 ohms compatibility; Universal mike boom assembly for precise placement of microphone; High performance, noise cancelling microphone. P/N 17-00235 ..... $119.95

FLIGHTCOM VENTURE 70 PASSIVE FIXED WING HEADSET

This headset weighs a mere 17 ounces and comes with supple ComLeather ear seals and washable polar-fleece head pad for long-wearing comfort. Like other Flightcom™ Venture series headsets, the Venture 70 provides a 24dB NRR barrier against cockpit noise. Dual volume controls with stereo/mono switch optimize hearing. The powder-coated black headband and carbon fiber print ear domes look professional in any cockpit. A lightweight carrying case is included.

P/N 11-10581 ..... $169.00

FLIGHTCOM VENTURE 90 DUAL INPUT ANR HEADSET

Weighing in at 17 ounces with super-thick ComLeather ear seals and washable thick polar-fleece head pad, this headset is designed to maintain the comfort demanded by experienced pilots spending long hours in the left seat. With 24dB passive NRR and an additional 14-18dB ANR, noise won't prevent you from hearing radio traffic or using your MP3 and your Sat/Cell phone through the dual-input battery box. Auxiliary inputs are muted when communications are received. The Sure Power system shuts off ANR to preserve battery life when no audio is present longer than 15 minutes. A stereo/mono switch and dual volume controls optimize hearing. The chrome headband with carbon fiber print ear domes put this into a class of its own with the latest in style complemented with outstanding features and reliability. Includes a heavy-duty padded carrying case.

Weighing in at 17 ounces with super-thick ComLeather ear seals and washable thick polar-fleece head pad, this headset is designed to maintain the comfort demanded by experienced pilots spending long hours in the left seat. With 24dB passive NRR and an additional 14-18dB ANR, noise won't prevent you from hearing radio traffic or using your MP3 and your Sat/Cell phone through the dual-input battery box. Auxiliary inputs are muted when communications are received. The Sure Power system shuts off ANR to preserve battery life when no audio is present longer than 15 minutes. A stereo/mono switch and dual volume controls optimize hearing. The chrome headband with carbon fiber print ear domes put this into a class of its own with the latest in style complemented with outstanding features and reliability. Includes a heavy-duty padded carrying case. P/N 11-10578 ..... $399.00

COMTRONICS HEADSETS & HELMETS

COMTRONICS HEADSETS

MODEL-3100 HEADSET - Comtronics Model-3100 Headset has a 34 dB noise attenuation rating making it one of the quietest passive headsets on the market today. The electret noise-canceling Microphone has state-of-the-art voice quality and is compatible with all current Comtronics intercoms and radio interface cables. Headset cables can be terminated with a single plug or configured with two plugs for general aviation use. Earmuffs can be adjusted up or down. All Comtronics helmets and headsets are designed for high noise environments and open cockpit flying including ultralights, powered parachutes, auto-gyros and all sport planes. Weight: 1 lb. (Black) P/N 11-07425 ..... $227.95

MODEL-3000 HEADSET - • The Model-3000 Headset offers 30 dB noise attenuation. • They are light-weight and have dark green muffs. • Ear seals are fluid foam-filled cushions and very comfortable. • Can be fitted with our PRO-COM Helmet. • Gel/Foam Ear Seals are optionally available. • This headset can also be used for high noise environments • Weight: 1 lb.(Dark Green)
P/N 11-09942 ..... $191.95

POWDER PUFF HEADSETS – HELMET LINERS

DRE-8001 HEADSET WITH LYNX BLUE-TOOTH CONTROLLER

The Lynx provides a Bluetooth capable interface to allow the use of cell phones as well as audio units for the user without interfering with the normal aircraft communications. Features Bluetooth connectivity for up to 8 different devices and also provides cell phone and music jack inputs. The Bluetooth system can be upgraded so that it is never obsolete. If you do not have a Bluetooth advice, you can still enjoy the phone or music device you have through the 1/8" inputs provided. An E6B computer is incorporated as well as numerous stopwatch functions, fuel and approach timers. ANR power for your headset can be provided from the Lynx as well.

GA Plug ..... P/N 11-10719 ..... $589.00
Helicopter Plug ..... P/N 11-10720 ..... $589.00

POWDER PUFF PINK HEADSETS

Pink Powder Puff Pilot headsets, available in PNR and ANR models, are built by a leading avionics manufacturer that specializes in FAA-qualified aviation headsets. Each Powder Puff Pilot headset is hand-made by skilled engineers, and built with an electret microphone and advanced special noise attenuation technology to provide a comfortable audio environment. Both models feature a flexible boom assembly that allows you to adjust the mic to a position that's just right for you. Powder Puff Pilot is so confident of the quality of our headsets, we offer a 3-year warranty on all headset parts and service. Another guarantee: the distinctive Powder Puff Pilot logo in pink on pink on the non-mic earcup is certain to keep flyboys' hands off your headset!

Operating Instructions: ANR, PNR. Specifications and Noise Attenuation Data: ANR, PNR . Warranty. Active Noise Reduction (ANR) or Passive Noise Reduction (PNR)? The ANR headset can isolate, offset, and cancel environmental noise. Compared with conventional (PNR) headsets, the ANR model reduces background noise to provide a quieter, more comfortable flight. Its noise-canceling circuitry increases comfort and decreases pilot fatigue, improving communication and safety. This ANR model accommodates both stereo and mono intercom systems.

The PNR model offers a more affordable option—especially suitable for student pilots and passengers—delivering a perfect combination of noise reduction, clear sound, and comfortable fit. PNR headsets obstruct annoying noise and amplify communication signals for crystal clear voice transmission.

Description	Part No.	Price
Powder Puff ANR Headset	11-08095	$302.00
Powder Puff PNR Headset	11-08096	$179.95

HEADSET BUYBACK PROGRAM

Aircraft Spruce accepts the return of most models of headsets for credit-towards the purchase of certain high end ANR headsets. Please call or email our sales team for pricing and availability on trading in your headset at 877-477-7823 or info@aircraftspruce.com.

Used headset credit will be applied to your Aircraft Spruce account which can then be used towards the purchase of a new headset over $750 value (only one used headset will be accepted towards the purchase of one of these new headsets). Used headset must be complete, having all accessories, and the unit must be in good cosmetic and working condition. Any unit not meeting this requirement may receive a lesser credit value or have the unit returned.

AIRCRAFT SPRUCE HEADSET TRADE-IN PROGRAM

We are glad to offer you the opportunity to trade-in your old headset and upgrade to a new top-of-the-line headset. There is a chart below which contains the trade-in values for you current headset as well as the headsets that are eligible for our trade-in program. All headsets must be in working condition with all original accessories included. Full credit will be given if your headset meets our criteria. All trade-in headsets are subject to inspection. Some headsets due to their age do not have any resale value and will not be returned to the customer. One headset per trade-in. Only applies to the purchase of: • Lightspeed Zulu • Bose A20 • David Clark X-11 • Beyerdynamic HS600 • Sennheiser HMEC 460 • Telex Stratus 50 Digital

Trade-up Model Headset	Trade Credit Amount
Bose X	$350
David Clark X11	$325
Telex Stratus 50	$325
Sennheiser HMEC 400 Series	$300
Any David Clark*	$150
Any other manufacturer headset	$50

*Will accept the following headsets (H10-13.4, H10-20, H10-30, H10-56, and H10-60)

** All Headsets must be equipped with current style plugs**

SEE AIRCRAFTSPRUCE.COM FOR COMPLETE DETAILS

ZETA™ / ZETA II™ HELMET LINERS

Visco-elastic foam sewn into cool, washable wear-resistant fabric. Eliminates top-of-head hot spots. Self-wicking fabric controls heat buildup by evaporative cooling of perspiration. Eliminates "bob and roll" when mounting external equipment. Lighter weight than other liners. Fitting only takes a few minutes. Testing shows these helmet liners reduce skin temperature 1.5°F compared to existing liner systems.

Both liners come in four thicknesses: 1/4", 3/8", 1/2" and 5/8". The most commonly used thickness is 3/8".

Visit our website for the Application, Installation, Cleaning Instructions, and Sizing Chart in pdf format.

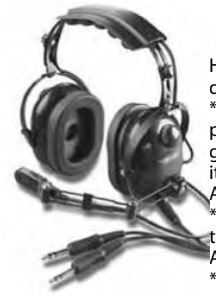
ASA AIRCLASSICS HEADSET WITH FLEX BOOM



HS-1A Headset features: * Earcups of high-density acoustic foam * High fidelity speakers * Electret, noise-canceling microphone * Gold-plated microphone and headphone plugs *High-grade, multi-strand wire * Stereo/mono capability * Large, dual controls * Microphone muff * Adjustable headband with easy thumb screws * Quality foam ear seals and light weight add to overall comfort * Sleek, all-Black design with ASA silver wings silk-screened on each earcup * Sturdy and reliable - yet reasonably priced for maximum value * Lifetime warranty.

HS-1 Headset features: * Lifetime warranty * Stereo / mono capability * Earcups of high-density acoustic foam * High fidelity speakers for clear, natural sound * Electret, noise-canceling microphone reduces background noise and allows clearest voice transmission * Gold-plated mic & headphone plugs ensure best connection & resist corrosion * High-grade, multi-strand wire improves cable life * Large, dual controls for quick, easy volume adjustment of each ear * Microphone muff * Adjustable headband with easy thumb screws eliminates "hot spots" and accommodates eyeglasses and any head size * Quality foam ear seals and light weight add to overall comfort * Sleek, all-Black design with ASA silver wings tastefully silk-screened on each earcup * Sturdy and reliable - yet reasonably priced for maximum value.

ASA Airclassics Headset HS-1A.....P/N 11-07809.....$114.95

SAFETYCELL HEADSET/ CELL PHONE ADAPTER

The Standard SafetyCell (pictured)utilizes sophisticated solid state circuitry to mix your cell phone and radio signals together and bring them into your headset where you can hear them clearly. It is small enough to fit in the corner of your flight bag and only weighs 6 oz. It does not require any batteries. It is compatible with any cellular telephone that accepts a hands free system (i.e. has a 2.5mm jack on the phone). Some phones do require an adapter to work properly. This unit works without batteries so you must have a VOX style intercom for it to work properly.

NOTE: This will only work in an extremely quiet environment; the Standard SafetyCell is not amplified.

The Amplified SafetyCell is similar to the Standard SafetyCell but power packed with features. It is our most popular model. The amplified SafetyCell filters your radio and cell phone signals, cleans them up and then amplifies your cell phone volume by as much as 600%, depending on your phone/headset combination. This is the unit you will want if your plane is on the noisy side or if you have "mature" ears. Must be plugged into your VOX mic jack to work properly. It can also be used with the optional battery pack for "out of the plane" use.

The Bose 6 Pin SafetyCell model is for those that have a built in Bose headset and do not use the Bose battery pack. This model is an amplified SafetyCell that is especially altered for the Bose headset circuitry. No batteries are required. The Bose 6 pin model fits between your headset and the panel to give you seamless intergration of your cell phone and radios. The standard Bose locking connectors are supplied.

The Helicopter SafetyCell amplifies the cell phone by an incredible 12db and uses the standard military (NATO Style) single plug interface. This is the loudest SafetyCell we make!

Safety Cell Standard.....P/N 11-03003.....$99.00

PUSH-TO-TALK - LEATHER HELMETS

PUSH-TO-TALK SWITCHES

TELEX PT-300 PUSH-TO-TALK SWITCH - Attaches to any control wheel. Simple installation, no tools required. Simply wrap hook and pile strap around control wheel. Provides instant communications when used with any headset or Telex flexible boom mike. With 6 ft. coiled cord, jack and plug. P/N PT-300 ..... $73.75

ECONOMY PUSH-TO-TALK SWITCH - Similar to PT-300, this top quality switch is offered at considerable savings. Features gold contacts for durability. Fully guaranteed.
P/N 11-12100 ..... $12.95

DAVID CLARK C10-15 PORTABLE PUSH-TO-TALK SWITCH - Compatible with all general aviation headsets, recommended for use with David Clark. Dual plunger switch assures positive contact. High quality features are incorporated in every aspect of this switch.
P/N C10-15 ..... $67.75

PTT-400 PORTABLE PUSH-TO-TALK SWITCH - Designed so that the pilot may push downward to invoke the radio transmit function, instead of the traditional "sideways activation" of typical strap-on PTTs. Secures to the top of the vertical handle of the contol yoke with provided velcro tape. Housed at the top of a thin, 1/2" dia. cylindrical enclosure, the soft-touch red push button is rated for 50,000 failure-free operations. 5ft. coiled cable terminates with standard plug & jack. Fast and easy plug-in installation, in virtually any aircaft. P/N 11-02072 ..... $45.50

SIGTRONICS PUSH-TO-TALK SWITCH - This versatile yoke mounted switch features a sealed aluminum alloy case and mounts in a .380" diameter hole. Button is red thermoplastic.
P/N 11-02926 ..... $23.50

NAV-DATA PUSH-TO-TALK SWITCH - Finally, an affordable Push-to-talk switch. Heavy duty construction. With dual internal contacts. Also equiped with a strap to attach to any yoke control.
P/N 13-06089 ..... $24.95

MICROPHONES

TELEX 66T TRANSISTORIZED MICROPHONE - Dynamic, noise-cancelling, hand-held mic. Built-in amplifier is adjustable for full transmitter output. Meets specifications for aircraft and mobile applications. Impedance 50-600Ω. Wt: 9oz. Complete with 5 ft. coiled cord and hanger bracket. Also available with right-angle plug - specify model 66TRA.
P/N 66T $149.75
Right angle plug ..... P/N 66TRA $137.99

TELEX 100TRA DYNAMIC MICROPHONE - Dynamic, noise-cancelling, amplified, handheld mike. Push-to-talk switch is in front. Handsome beige and black with walnut grain trim. Impedance 50-600Ω. Wt. 9 oz. Includes 5ft. coiled cord with right-angle plug and hanger bracket.
P/N 100TRA $134.75

TELEX 38T ELECTRET MICROPHONE - A state-of-the-art high quality noise cancelling microphone designed as a direct replacement for the RS-38 series microphones. Hanger bracket not included. P/N 38T $143.50

TELEX 500T ELECTRET MICROPHONE - Amplified hand-held electret mike features outstanding noise cancellation. Impedance 50-600 Ω (ohms). Weight: 6.5oz. Complete with 5ft. coiled cord, plug and hanger bracket.
P/N 500T $169.95

DAVIDCLARKM-I/DCAMPLIFIEDDYNAMICHEADSET MIC - The M-1/DC Amplified Dynamic headset microphone is a noise canceling type designed to operate in place of carbon and amplified dynamic microphones.
P/N 11-09230 ..... $71.75

DAVIDCLARKM-1AAMPLIFIEDDYNAMICHEADSET MIC - The M-1Amplified Dynamic headset microphone is a noise canceling type designed to operate in place of carbon and amplified dynamic mics.
P/N 11-09225 ..... $67.85

HEADSET MICROPHONE A1060 BLACK - Proper shielding improves noise immunity in aircraft with heated windshields, power inverters, and other sources of electrical noise. Fits all C40 Model Headsets (David Clark, Softcomm, Telex, etc.)
A1060 fits all C40 Models ..... P/N 11-04838 ..... $28.75
Microphone windscreen covers all headsets ..... P/N 11-04840 ..... $1.85

PILOT BLUETOOTH IPOD & IPHONE DONGLE

Use with an iPod or iPhone to stream music to up 2 different BlueLink Adapter at the same time. Features: Bluetooth 2.1 + EDR, compatible with Bluetooth receivers, Made-for-ipod and works-with-iPhone Bluetooth Transmitter, Multi-stream stereo music streaming capability, Tiny size, smaller than other Bluetooth Transmitters for iPods, iPhones, Bluetooth 2.1 + EDR, compatible with Bluetooth receivers .....P/N 11-09254 ..... $59.95

AVCOMM CELL PHONE ADAPTER

Connect your headset to your cell phone using Avcomm's cell phone adaptor. Allows you to have conversations on your cell phone through your headset. Gold plated plug for improved conductivity. For GA dual headsets.
P/N 11-09340 ..... $95.14

LYNX BLUETOOTH ADAPTOR

This bluetooth adaptor allows wireless telephone connections to Lynx equipment. It can be used with an audio adaptor or any interface from the latest range of portable radio equipment. All handsfree functions can be controlled from the adaptor. When used with radio equipment, it supports the radio priority audio mute function and any bluetooth audio is automatically reduced in volume during radio reception. In addition, to further simplify use in an aircraft, the adaptor will automatically answer telephone calls after three rings.

Features:

- Rechargeable (USB), providing a minimum of eight hours talk time and three hundred hours standby time from each charge
- Plug-in connection lead
- Built-in belt clip, may be mounted for convenience using velcro.

P/N 11-09457 ..... $107.85

LYNX BLUETOOTH AUDIO ADAPTER

The Bluetooth Audio Adapter allows wireless connections to a Lynx Micro System headset and can also be used with two separate audio or telephone leads. The adapter is powered from the headset. or from a Radio/Power Interface, and does not require charging. Once paired with a telephone, all of the main handsfree functions can be controlled from the adapter, including: voice dialling. call transfer. call reject and last number redial.The adapter can also be used with audio players to make a wireless music connection. The adapter can be used with Lynx Audio Input/Output Leads, Audio Output Leads or Mobile Telephone Leads. The leads may be used in any combination. When used with the appropriate lead, the adapter allows the connection of mobile telephones, music players and sound and video recording equipment. For connection to recording devices. the adapter provides output at 'Microphone Level' (with Audio input/Output Lead) or 'Line Level' (with Audio Output Lead). The adapter is particularly useful for adding audio devices to an existing system or to increase the number of audio connections in general. The adapter is backwards compatible with all Lynx Micro System products. P/N 11-10446 ..... $526.00

HEADSET ADAPTERS

PILOT USA SMARTPHONE DIGITAL AUDIO ADAPTER

Turn your Smartphone or Tablet (iPhone, iPad, Android, Windows Phone, etc.) into a Cockpit Voice Recorder! You'll be able to record audio through your aviation headset. Your Smartphone will be able to record all transmissions through the Intercom systems including in-cabin and ATC transmissions. Great for CFI's and Students to review radio communication skills after the flight!

P/N 11-10531 ..... $49.95

ANR HEADSET RETROFIT KIT

The ANR Adapter is a product that will transform a current aviation headset into a high-tech active noise reduction unit. The ANR Adapter comes as a kit and includes a pair of inserts that fit more than 20 different headset models. Installation requires fitting the inserts, drilling a small hole in one earcup for the power receptacle, and soldering the original cable leads to the kit replacement parts. (uses two 9-volt batteries). IMPORTANT: It is mandatory that you use "silicone gel" type earseals. The original earseals (dry or liquid filled) are not as airtight as gel seals, and in addition do not dampen sound and vibration as effectively. The result is that the ANR units will greatly underperform (20-50%) and will be more likely to malfunction.

David Clark type ..... P/N 11-11955 ..... $159.00
Peltor ..... P/N 11-11956 ..... $179.00

AMP CABLE (AUDIO+MIC+POWER)

A standard ANR upgrade kit comes with a 6' long addon power cable which tie-wraps to your original audio cable, and it requires that you drill a 1/4" hole in the left earcup (next to where the main cable enters the cup). The AMP cable replaces your original cable and has the DC power wires, audio wires and mic wires all in 1 cable. The result is more esthetically pleasing and no additional hole is required in the left earcup.

P/N 11-03012 ..... $32.60

LYNX AVIONICS HEADSET CONVERTERS

- Connects twin jack headset or helmet
- Works with speakers from 8 to 600 Ohms
- Accepts dynamic, electret or carbon microphones
- ANR power to microphone jack tip
- Headset volume control
- Maintains selective PTT operation and muting
- Water resistant bayonet locking connector
- Supplied with fixing kit

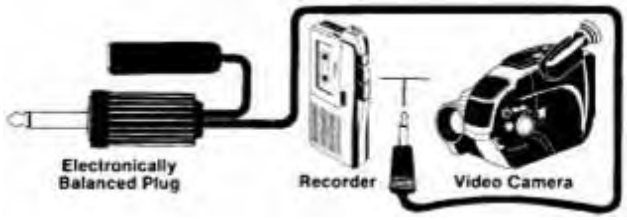
Lynx UK NATO Jack Headset Converter ..... P/N 11-09309 ..... $239.95

PATCHCORD COCKPIT VOICE RECORDER



PatchCord has electronic circuitry specifically designed to enable direct hook-up between a 600Ω headphone jack and the mic jack of tape recorders and / or most video cameras. The PatchCord has been designed to enable you to record on any tape recorder or video camera, both sides of all your radio communications and all mic equipped persons in the aircraft when used with intercom. If not equipped with intercom, PatchCord enables you to record both sides of all your radio communications if aircraft radio has sidetone. The most advantageous way to use PatchCord is with the intercom and voice actuated tape recorder. Student Pilots: • Great learning aid • Playback of previously recorded tape enables students to review the entire flight lesson, whether it be ATC clearances or flight instruction • Great study aid for the FAA written test • Save recorded tapes of flight lessons as a momento of your student pilot experiences. Other Pilots: • Assists in studying for additional FAA ratings • Back up your memory and your notations by recording your IFR clearances • Record in-flight ATIS and weather reports, enabling you to play back and review in detail that part of briefing you need to know • Use tapes to improve your radio proficiency • Have your own tapes if you have a problem with ATC. P/N 13-01456 ..... $47.50

THE MUSE PERSONAL MUSIC DEVICE

PS Engineering, Inc's The Muse®, as simple and low cost way of interfacing your favorite entertainment device into your aviation headset. The Muse® is a miniature Personal Music Device (PMD) that allows connection of an entertainment source directly to your headset without complicated wiring or permanent installation--no rocket science here. About the size of a 9-Volt battery, The Muse® mates with stereo or mono headsets and has no effect on radio transmissions or intercom functions.

P/N 11-09045 ..... $349.95

IPOD / MP3 MUSIC ADAPTER

This adapter works with your existing intercom by pumping your music into any available mic jack, allowing it to be distributed through the intercom to everyone wearing a headset. Plug one end into the aircraft's mic jack and the other into your media player's headphone jack. * Compatible with ipod, iphone, mp3, CD, laptops, and most other portable media players * Music in your headset without costly upgrades * Listen to music through the aircraft's speaker during pre-flight * Plugs into standard mic jack * Just Plug and Play! No more wearing uncomfortable in-ear headphones under your aviation headset. No need for an expensive new intercom or new headset. This will work in any intercom system with an available mic jack. Maintain the comfort and quiet of your current headset; just add your favorite music! Also works great in many airliners. P/N 11-07541 ..... $19.95

PILOT 24V TO 12V CONVERTER / STEP DOWN TRANSFORMER

24v to 12v Converter / Step-down Transformer. The perfect low-cost 24v to 12v transformer for your 24 volt system aircraft. Run ANY device up to 5 AMPS total current draw. Use this in your experimental to drive a 12V cigarette lighter,12v iPad, etc. Fits in the palm of your hand - it only weights 2 oz.! Rated at 60 Watts, this converter is EASY to wire - Just provide 24volts positive to the RED line, Ground both black wires, and 12 Volts will flow OUT of the YELLOW wire. Simple as that! The least expensive 24v converter on the market! P/N 11-12192 ..... $17.95

SHEEPSKIN HEADSET PAD

Universal Sheepskin Pad for Headsets

P/N 13-12358 ..... $19.95

HEADSET CUSHION

For headsets with single 5/8" wide headband springs (Aviall, David Clark, etc.) and Telex ProAir 2000E and ANR-type headsets. Eliminates top-of-the-head pressure.

P/N 11-02858 ..... $13.50

OREGON AERO® SOFTSKIN® EAR SEAL COVERS -

Keep your ears even drier and cooler and add to product life by slipping SoftSkin® Ear Seal Covers over SoftSeal® Ear Cushions. Self-wicking reduces perspiration buildup. Especially helpful in hot, humid climates. They fit loose, not tight like a drum (this is important because tight cloth covers produce pressure on the ear, causing pain).

29118 SoftSkin® Ear Seal Covers (1 1/8") for David Clark and David Clark Clones P/N 11-10930 ..... $10.95
29034 SoftSkin® Ear Seal Covers for 3/4" SoftSeal® Ear Cushions
P/N 11-10929 ..... $10.95

OREGON AERO® HUSHKIT® PASSIVE EAR CUP NOISE ATTENUATION KIT -

Testing shows the HushKit® Passive Ear Cup Noise Attenuation Kit performs better than ANR headsets in the 700-7000Hz mid-range where hearing loss Dramatically improves noise attenuation and intelligibility.

92005 HushKit® Passive Ear Cup Noise Attenuation Kit for David Clark and David Clark Clones P/N 11-10934 ..... $29.95
92056 HushKit® Passive Ear Cup Noise Attenuation Kit for HGU-56 Helmets P/N 11-06312 ..... $29.95
92050 HushKit® Passive Ear Cup Noise Attenuation Kit for SPH-4®, SPH-4B® , SPH-5® or HGU (Sonex) helmets. P/N 11-06311 ..... $29.95

OREGON AERO® SOFTSEAL/HUSHKIT® COMBO -

An ear seal and insulation kit in one — one giant shock absorber. Replaces triangular leather earpad or upgrades plastic Ear Cup. Eliminates pain.

28734 SoftSeal/HushKit® Combo for Telex 750 and 850 (¾" thick)
P/N 11-10918 ..... $56.75
28034 SoftSeal/HushKit® Combo for HGU Civilian Helmets (¾" thick)
P/N 11-08682 ..... $79.95

J-HOOK HEADSET HANGER

The J-Hook Aviation Headset Hanger is designed to be installed on one of the tube crossmembers in the cockpit of aircraft with exposed tubing upon which to hang your headsets when not in flight. These types of aircraft include Huskies, Cubs, Citabrias, etc. Machined from 6061-T6 aluminum with stainless steel hardware for a lifetime of service. Mounts on 3/4" or 7/8" tubing

J-Hook Headset Hanger 3/4" ..... P/N 11-02409 ..... $39.85
J-Hook Headset Hanger 7/8" ..... P/N 11-02410 ..... $39.85

HEADSET HANGER

• Hang your headset out of the way in a handy fold down bracket. • Secure headset with hold down hook & loop strap. • Headset Hanger - folds neatly out of the way when not in use. • Strong extruded aluminum - black finish • Mount with 2 screws • Made in USA
P/N 11-08615 ..... $34.85

UNIVERSAL AVIATION HEADSET HANGAR

No longer will you have to throw your expensive headset on the glare shield, the seat, or hang it on the control wheels. This easy to install device gets the headset up and out of the way so that it is easier to get into and out of the cockpit without fighting loose headsets. It also protects the headset by getting it up and out of the way.
P/N 11-09312 ..... $18.95

SILICONE GEL EAR SEALS

Gel ear seals conform to the shape of your head, resulting in an airtight fit which is required for proper anr performance. If your earseals are the older dry foam or liquid filled they must be replaced. P/N 11-03011 ..... $21.50

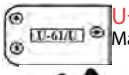
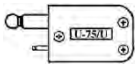
Insulated Flat Washer (SWC S1029) Black ..... P/N 04-00976 ..... $0.74 ea.
Mini Stereo Jack 1/8" diameter ..... P/N 11-09332 ..... $3.85
Mini Stereo Plug 1/8" diameter ..... P/N 11-09333 ..... $8.95



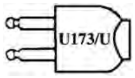
U-61/U JACK – (MIL-C22442/4-1) (NSN 5935-00-689-6052) Mates with U-75/U. P/N 11-00696 ..... $47.00

U-172/U MICROPHONE JACK –(NSN 5935-00-665-7599), Mates w/U-173/U, PJ-292, or MP-101. 2-conductor jack w/nickel-plated beryllium copper contacts assembled into nylon body. P/N 11-00697 ..... $3.50



U-75/U PLUG – (MIL-C-22442/5-1) Mates with U-61/U..... P/N 11-00698 ..... $46.75

4-CONDUCTOR PLUG – (TP-120, U-174/U, U-93A/U, MIL-C9177/1B) (NSN 5935-00-642-0626) Mates with U-92/U, TJ-120 & TJ-102. Jack, and TJ-101 Jack. 1-piece nickel plated brass contacts are integrally molded into plastic body. P/N 11-00699 ..... $13.50



2-PIN MICROPHONE PLUG - (U-173/U, MP-101) (NSN 5935-00-888-5351) Mates with U-172/U, U-179/U, MP-101, & JJ-055. Nickel-plated beryllium copper contacts assemble into nylon body.
P/N 11-00701 ..... $1.85

.206" COMMERCIAL MIC PLUG – (S-267) (PJ-068) Mates w/JJ-033, S-12B, CES830. Black plastic handle with .206" dia. chrome plug. 3 conductors. solder plug and cable clamp. P/N 11-00702 ..... $6.95

.25" COMMERCIAL MONO PHONE PLUG – (S-250) Mono (PJ055B) Mates w/JJ-034, CE80. Black plastic handle w/ .25" dia. chrome plug. 2 conductors. solder plug & cable clamp. P/N 11-00703 ..... $2.45

.25" COMMERCIAL STEREO PHONE PLUG – (S-250; PJ055B) Mates with JJ-034 or CE80. Black plastic handle with .25" dia. chrome plug. 3 conductor. solder plug & cable clamp. P/N 11-00704 ..... $2.25

1/8" STEREO PLUG (3.5MM)– Black plastic handle w/ solder terminals & cable clamp.
P/N 11-00705 ..... $2.25

U174/U PLUG TP-101 - Mates with NEXUS Series TJ-120and TJ-102 jacks and jack TJ-101. One piece monel contacts integrally molded into glass filled nylon plastic. P/N 11-09335 ..... $36.75

FRONT MOUNT JACK TJT-120 - Mates with NEXUS Series TP-120 plugs and plugs TP-101 and TP-102. Same material and construction as the TJ-120. Jack housing is threaded for front mounting by screwing into threaded mounting hole or by inserting into front of panel and securing with nut and lockwasher from behind. P/N 11-09334 ..... $11.85

AV

HEADSET ADAPTERS AND EXTENSIONS

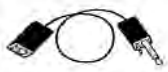
HEADSET EXTENSIONS

HEADPHONE EXTENSION – This heavy duty extension allows a .25" phone jack to be extended by 5ft. Great for customizing an aircraft with rear passenger headphone (listen only) capabilities.
P/N 11-10620 ..... $22.75

HEADSET EXTENSION – This heavy duty extension allows a general aviation headset using PJ-068 & PJ-055B or equivalent plugs to be extended by 5ft. Ideal when aircraft radio or intercom does not allow headset cords to reach comfortably. P/N 11-10640 ..... $47.75

MICROPHONE EXTENSION – This heavy duty extension allows a .206" mic jack to be extended by 5ft. Great for customizing an aircraft with rear passenger microphone jacks.
P/N 11-10625 ..... $22.75

HELICOPTER HEADSET EXTENSION – Extends a headset that uses a U-174/U, U-93A/U or equivalent plug. 5 ft. in length. P/N 11-00688 ..... $48.95



U-75/U EXTENSION – Extends a headset which uses U-75/U plug 5 ft. in length.
P/N 11-00689 ..... $104.95

"Y" ADAPTERS

DUAL HEADSET Y ADAPTER – This heavy duty adapter converts one .25" phone jack into two. Perfect for those who want to connect two headphones to one a/c radio headphone jack. Can be used with stereo or mono headphones and jacks. Length: 2 ft. P/N 11-10610 ..... $28.95

DOUBLE HEADSET Y ADAPTER – This heavy duty adapter converts one set of a/c radio panel jacks, (.206" mic and .25" phone) into two sets. Can be used with any general aviation headset using PJ-068 & PJ-055B or equivalent plugs.
P/N 11-10635 ..... $58.90

DUAL MICROPHONE Y ADAPTER – This heavy duty adapter converts one .206" aircraft radio microphone jack into two. Perfect for those who want to add another push-to-talk position to the radio. Length: 2 ft. P/N 11-10615 ..... $29.95

TRIPLE HEADSET ADAPTER – This high quality adapter converts a set of radio or intercom mic and phone jacks into 3 sets. Sets are one, three and five feet respectively. Great for adding a pair of headset to the back of the aircraft without requiring major installation. P/N 11-00680 ..... $79.95

DUAL HELICOPTER Y HEADSET ADAPTER – This adapter allow a single helicopter radio or intercom jack (TJ-120, TJT-120, TJT-102) to be used by two headsets. Length: 1 ft. Great for adding an additional space for headset without costly installation. P/N 11-00681 ..... $62.75

DIGITAL AUDIO RECORDER ADAPTER FOR GA HEADSETS - This product allows you to interface your Digital Audio/Video Recorder with the aircraft intercom system. Great for creating your own aerial videos without excess cabin noise. Works with devices that use a 3.5mm Stereo External Mic Input like GoPro HD Video Cameras and Digital Voice Recorders. P/N 11-10486 ..... $36.95

24 CONDUCTOR COIL CORD - This coil cord incorporates 24 individual 22-gauge wires, which is the minimum gauge required to connect typical PTT, Autopilot Disconnect, Map Light, Trim and other control wheel-mounted switches. The coiled section of the cord has a retracted length of 6 inches and a generous 18 inches of free length on either end, allowing electrical components to be connected without splicing additional wire.
P/N 11-09937 ..... $249.00

THREE-WAY SPLITTER WITH USB OUTPUT

Three-way splitter with USB output. USB charger output to 5V/500ma. Triple socket with 12V output. A fuse is included. DC 12V using only.
P/N 11-09741 ..... $14.75

AIRCRAFT/HELICOPTER CONVERSION ADAPTERS

.206" JACK Y ADAPTER – This adapter converts a headset with a single .206" plug into one with 2 (standard .206 mic & .25" phone plugs). Length: 9". P/N 11-00682 ..... $32.75

.25" JACK Y ADAPTER – This adapter converts a headset with a single .25" plug into 1 with 2 (standard .206" mic & .25" phone plugs). Length: 9".
P/N 11-00683 ..... $31.50

.206" PLUG Y ADAPTER – This adapter converts a headset w/ dual .206 mic & .25" phone plugs into one plug (.206') headset. Length: 9". P/N 11-00684 ..... $33.75

.25" PLUG Y ADAPTER – This adapter converts a headset w/ dual .206 mic & .25" phone plugs into one plug (.25") headset. Length: 9".
P/N 11-00685 ..... $28.95

STANDARD (MIC/PHONE) TO HELICOPTER ADAPTER – This adapter converts a G.A. headset that has both mic and phone plug into one that uses a helicopter (U-174U, U-93A/U or equiv.) plug. Length: 9". P/N 11-10630 ..... $34.50

HELICOPTER TO STANDARD (MIC/PHONE) ADAPTER – This adapter converts a helicopter (U-174U or U-93A/U) headset that has one plug into a G.A. headset that has both mic and phone plug. Length: 9". P/N 11-10650 ..... $34.50

HELICOPTER ADAPTER – This adapter converts a U-75/U plug to a U-93A/U plug. Length: 5".
P/N 11-00686 ..... $76.75

U-75/U HEADSET CONVERTER ADAPTER – This adapter converts a headset which has a U-174/U, U-93A/U or equivalent type plug into one which uses a U-75/U plug. Length: 9".
P/N 11-00687 ..... $76.75

U-75/U HEADSET CONVERTER ADAPTER – This adapter converts a headset which has a .206" mic and .25" phone plug into one which uses a U-75/U plug. Length: 9". P/N 11-00690 ..... $77.75

U-75/U TO STANDARD PLUGS CONVERTER – This adapter converts a headset which has a U-75/U or equivalent plug into a standard .206" mic & .25" phone plug. Length: 9".
P/N 11-00691 ..... $76.75

TRIPLE HELICOPTER ADAPTER W/7'CABLE

TJT-120 & TJT-102 type Jacks) This adapter allows for 3 headsets to share one 4 conductor panel mount in jack. Backing of converter box comes with commercial grade Velcro adhesive tape for easy attachment to any surface. P/N 11-02752 ..... $128.95

.25" HEADSET PLUG REDUCER

This adapter reduces a single .25 headset plug to a single .206 headset plug. 5" in length.(JB-34)
P/N 11-02748 ..... $20.90

.206 MICROPHONE PLUG REDUCER

This adapter reduces a single .206 microphone plug to a 3.5mm mini plug. 5" in length.(JB-35)
P/N 11-02749 ..... $23.75

HEADSET TAPE RECORDER ADAPTER

This adapter allows you to record conversations through your headset into a portable tape recorder.
(JB-40) ..... P/N 11-02750 $15.75

SPECIALTY ADAPTERS/ IMPEDANCE CONVERTERS

VIDEO RECORDER ADAPTER GA/HELICOPTER – This product allow you to interface your video recorder with the aircraft intercom system. Great for creating your own aerial videos without excess cabin noise. Records sounds transmitted through the intercom system only. Std Version ..... P/N 11-00692 ..... $29.95
Helicopter Version ..... P/N 11-00693 ..... $38.75

GENERAL AVIATION MUSIC PLAYER ADAPTER – This product allows you to input a music device (iPod, MP3 player, CD player, Garmin with XM radio, etc.) directly in to your GA (Dual plug) headset. This will allow music to be heard only through the individual headset it is connected to rather than through the entire intercom system. ..... P/N 11-00694 ..... $31.95

LOW TO HIGH IMPEDANCE ADAPTER – This adapter converts a low impedance mic & military headset into higher impedance for use in general aviation aircraft.
Standard Version ..... P/N 11-10645 ..... $69.85
Helicopter Version ..... P/N 11-00706 ..... $74.50

CX-2556/U CABLE (U-229/U TO U-94A/U CONNECTOR)

This adapter is a 4 foot extension cable. The U-229/U is the military standard audio connector, usually for audio connections to field radios. This connector has a U-94A/U connector on the other end with a push to talk switch built in.
P/N 11-09134 ..... $92.95

AV

EASTERN ELECTRONICS TEST EQUIPMENT

MAGNETO TIMING LIGHT - MODEL E50

Designed specifically for internal timing of aircraft magnetos and for synchronizing magnetos to aircraft engines. Eliminates all guesswork and provides a greater safety factor by creating perfect timing quickly and easily. Simply attach three clips to the magnetos and adjust until both bright lights flash in sync and the buzzer changes pitch. Fail-safe circuitry, variable pitch buzzer. Heavy-duty 3"x 5"x 2-1/8" unbreakable case. Wt. 1.5 lbs. Complete with 18 gauge lead wires 36" long and instructions.

P/N 12-01013 ..... $104.85
U.S. Industrial Equivalent ..... P/N TP105 ..... $56.85

AIRCRAFT TIMING INDICATOR MODEL E25

The Aircraft Timing Indicator Model E25 is a unique device that locates the relative relationships between the crankshaft, magneto point openings, camshaft and valve timing. Easily attached to the propeller spinner with mounting bands that are included with the unit, the E25 quickly and accurately (within ½ degree!) locates top dead center. The result: the all-aluminum Model E25 speeds up and improves the process of timing magnetos to the engine. With its easy-to-read dial and 18mm, hardened aluminum piston stop, the E25 is a snap to use. Note: Piston Stop is included.

E25 Timing Indicator ..... P/N 12-01014 ..... $65.75
Replacement Piston Stop ..... P/N 12-18100 ..... $19.50
U.S. Industrial Equivalent TP102 ..... P/N 12-01167 ..... $59.75

MAGNETO TIMING LIGHT

Measures the change in inductance in the magneto coil when the points open and close. Simply shorting the clip leads together will not indicate a point closing, therefore eliminating any false reading caused by loss of contact to the magneto grounding terminal. Adjust magneto timing accordingly. 100% solid state, compact 3/4" x 3" x 5" size, long battery life. Color coordinated leads are 4 ft. long. Comes in strong anodized aluminum case.

Dual Magneto Synchronizer w/Tweeter ..... P/N 12-16901 ..... $49.50
Dual Magneto Synchronizer w/o Tweeter ..... P/N 12-16902 ..... $42.65
Single Magneto Timing Light w/Tweeter ..... P/N 12-16903 ..... $53.75

TRACERLINE AVIATION ULTRASONIC LEAK DETECTOR

Master Kit Includes: • Marksman Receiver • UltraSonic Emitter • Headphones • 12 inch Air Probe • Contact Probe • Carrying Case Features: • Converts & Amplifies Ultrasonic Sound Into Audible "Natural" Sound for Accurate Diagnosis. Finds Problems Before They Result in Major Breakdowns • Frequency Response: 36,000 - 44,000 Hz • Detects Air Brake, Compressed Air, Vacuum, EVAP System and Other Pressurized Leaks Quickly and Effortlessly • Pinpoints Gear and Bearing Wear in Wheel Hubs, Transmissions, Transfer Cases, Differentials and Electric Motors. Check for Electrical Discharge Associated with Insulation Breakdown, Carbon Tracking and Arcing • Finds Air and Water Leaks Passed Faulty Seals, Gaskets and Weather Stripping in Passenger Cabs, Trailers and other Non-Pressurized Enclosures. • Power Requirement: One Standard 9-Volt Alkaline Battery Each for Receiver & Emitter.

P/N 12-01745 ..... $698.75

ENGINE TEST TOOL KIT

This small test kit is designed to allow the aircraft mechanic a convenient and economical way to purchase the basic small engine test equipment. This kit contains: 1 - TP104 Cylinder Pressure Tester, 1 - TP105 Magneto Timing Light, 1 - TP102 Timing Indicator, 1 - TP103 High Voltage Cable Tester, 1 - TP216 Tool Box

P/N 12-02349 ..... $239.85

ENGINE TEST KIT

EK5EM - The Engine Test Kit EK5EM has all of the test equipment needed to check engine compression, synchronize magnetos, time aircraft engines, and test ignition leads all in one tool box.

The kit contains: the 2EM Differential Pressure Tester with master Orifice, LED52 Electronic Magneto Synchronizer, Eastern E25 Aircraft Timing Indicator, Eastern E5 High Voltage Cable Tester, the Compression Tester Extension & Hip Roof Tool Box.

P/N 12-02449 ..... $255.96

EK5 - ATS Engine Test Kit has all of the test equipment needed to check engine compression, synchronize magnetos, time aircraft engines, and test ignition leads all in one tool box. Contains: 2E, LED52, Eastern E25, Eastern E5, & 19000 tool box. Now includes the 18mm-XT Compression Tester Extension. P/N 12-02943 ..... $247.95

HIGH VOLTAGE CABLE TESTER MODEL E5

Gives a fast, accurate test of high voltage aircraft ignition cables. Simply connect 3 wires, push test button and test is completed. The E5 will instantly indicate in its test window both good and defective cables - no waiting for indication to appear. Fail-safe circuitry. Heavy-duty lead wires. Compact 3" x 5" x 2-5/8" case. Wt. 1-1/2 lbs.

P/N 12-01016 ..... $108.75

DIFFERENTIAL CYLINDER PRESSURE MODEL E2A

Eliminates guesswork by allowing you to locate the exact location and cause of your engine's loss of efficiency. Field tester for 2 years by Teledyne Continental Motors, and approved for use on Teledyne Continental Engines by their Engineering and Field Services Group. Complete instructions and an 18mm adapter with each unit. "M" models have built-in master orifice.* Not approved by TCM.

E2A - for cylinders < 5" bore ..... P/N 12-01012 ..... $89.95
E2A-1000 - for cyl. > 5" bore ..... P/N 12-01017 ..... $90.75
E2M - for cylinders < 5" bore ..... P/N 12-01015 ..... $121.90
E2M-1000 - for cyl. > 5" bore* ..... P/N 12-00692 ..... $126.85
E2A-12mm (Rotax) for cyl. < 5" bore ..... P/N 12-00693 ..... $79.95
12 mm Adapter ..... P/N 12-01018 ..... $15.65
18 mm Adapter ..... P/N 12-18202 ..... $17.50
U.S. Industrial Equivalent ..... P/N TP104 ..... $56.85
14MM Adapter ..... P/N TP171 ..... $13.50
18MM Adapter ..... P/N TP104-9A $12.95

ATS DIFFERENTIAL CYLINDER PRESSURE TESTERS

Comes complete with on-off safety valve to eliminate pressure when disconnecting from the cylinder. Can be used to check intake or exhaust valves, cracked or worn rings, defective cylinders, worn bushings, etc.

LESS THAN 5" BORE - Specifications: Orifice size is .040". precision gauges matched to within +/-2%. 18MM plug adapter. 24" pressure hose. Includes hose and spark plug adapter. Factory calibrated. Letter of certification available upon request. Note: For an engine cylinder having less than a 5.00-inch bore; 0.040-inch orifice diameter; .250 inch long; and a 60-degree approach angle. ..... P/N 12-02344 ..... $63.96

GREATER THAN 5" BORE -Specifications: Orifice size is .060". precision gauges matched to within +/-2%. 18MM plug adapter. Includes hose and spark plug adapter. Factory calibrated. Letter of certification available upon request. Note: For an engine cylinder with 5.00 inch bore and over: 0.060 inch orifice diameter, .250 inch long, and a 60 degree approach angle..... P/N 12-02345 ..... $63.96

DIFFERENTIAL PRESSURE TESTER WITH MASTER ORIFICE

Now you can conveniently check the calibration of your pressure tester before each use without disconnecting the tester. Comes with complete instructions. Includes hose and spark plug adapter.5" Bore Diameter or smaller ..... P/N 12-02346 ..... $79.96
Bore Diameters greater than 5" ..... P/N 12-02347 ..... $79.96

ATS PRO DIFFERENTIAL PRESSURE TESTER KIT

ATS 2EM Differential Pressure Tester (with Master Orifice) and the Spark Plug Port Extension Tool together, to make your life a whole lot easier. NOTE: The ATS 2EM Differential Pressure Tester has a .040" orifice as required by Teledyne Continental SB03-3 Service Bulletin, and is the proper type of instrument to test ALL Teledyne Continental engines in accordance with the aforementioned bulletin. The ATS 2EM also complies Textron Lycoming SI-1191A Service Instruction and is appropriate for ALL Textron Lycoming engines as indicated in the Service Instruction. ..... P/N 12-03330 ..... $119.95

COMPRESSION TESTER EXTENSION

This tool makes compression testing easy. Wrench free way to test that allows for exhaust system and baffling clearance. Tester is manufactured with quality-welded construction and offers a spark plug thread with O-Ring seal. It has a standard air fitting..... P/N 12-01060 ..... $28.95

12mm Extension.. P/N 05-06883 ..... $31.85

ATS COMPRESSION TESTER EXTENSION

A replacement plug adapter with an 8-1/2" reach to work around manifolds, baffling, harnesses, support structures, and anything else that gets in your way. The T-handle lets you to screw and unscrew the extender into the port without a wrench. The quick connect coupler makes it a snap to hookup and disconnect your tester. Note: For use with ATS models 2E and 2EM Compression Testers. 1 lbs (0.5Kg) weight. 18MM aviation engine plug threads 8-1/2" long to clear obstacles Standard ..... P/N 12-02380 ..... $23.96

TO

RITE SYSTEM MAGNETO TIMING KITS

These tools are for setting the proper ignition timing of engine magnetos and the other is for setting the proper deflection angle of flight controls. The mag-neto timing indicator is more precise than anything on the market today. It is far superior to the old needle indicator currently in use throughout the industry. It is designed to fit securely on any aircraft spinner with-out the use of filler material or tape to hold it in place. The surgical tubing used to secure their tool is stron-ger, more durable and easily adjustable for a variety of applications.

There are two 2 different kits. The Rite-System Kit (Basic) includes the Mag-Rite magneto timer, the Fly-Rite protractor, Digital Inclinometer, TDC Locator pin, 3 each Adjustable Bungees and Aluminum Case. Instruction and warranty information are also included.

The "Deluxe" kit will include the magneto synchronizer and the "Standard" kit will not. Both products are currently "Patent Pending".

Rite-System Deluxe Kit ..... P/N 12-02636 ..... $149.95
Rite-System Basic Kit ..... P/N 12-02635 ..... $109.85

TIME-RITE DELUXE COMBO KIT

The Time-Rite unit is the number one choice of aviation mechanics for precisely timing engines. It is assembled by hand and tested to the strictest standards to pre-serve the original craftsmanship. The unit has special-ized arms and calibrated scales to accurately locate Top Dead Center (TDC) and then enables you to set the timing angle with dead-on accuracy. Kit includes: One 18 mm Time-Rite unit, one 14 mm Cone to adapt for 14mm use, a complete set of scales for 14mm and 18mm engines, a complete set of arms for 14mm and 18mm engines, an instruction manual, and a fitted case. ..... P/N 12-02872 ..... $495.96

COMPRESSION TEST KIT

Includes everything you need to check valves and rings, perform carbon buildup inspection and test for late tim-ing on a wide range of vehicles. Comes with an exten-sion hose, straight and angled fittings and a rubberized gauge protector. Features: Adapters for a wide number of vehicles, Gauge has dual color scale with 0-300 PSI, 0-20 kPa, Test from your own garage. ..... P/N 15-08314 ..... $47.65

DR. ROTECH ENGINE DIAGNOSTIC TOOL

Perform all required electrical tests for the Rotax 912/914 engine in a matter of seconds. Simply plug the Doctor into your ignition unit plugs and within seconds you'll know which systems pass and which fail. Dr. RoTech performs all the required measurements of BRP-Rotax 912/914 Heavy Maintenance Manual section 74 paragraph 3.12: Generator coil (on stator), Charging coil (on stator), Trigger coil (A&B), Primary ignition coil (A&B) Secondary ignition coil, Spark plug connector, Ignition switch & Engine ground. What used to take you an hour now takes less than 1min with Dr. RoTech. P/N 12-03150 ..... $499.00

FAULTCHASER CABLE TESTER

FaultChaser & TP-200 Tone Probe come as a kit in a protective case. Easily test cables and deter-mine cable length quickly and accurately with the FaultChaser Handheld. This simple device allows users to find cable length and determine impediments as well as the overall condition of cables up to 3,000 feet long. Using advanced spread spectrum TDR technology, The FaultChaser provides accuracy of 1% or better while remaining immune to voltage, current, or data stream disruptions. P/N 12-03282 ..... $479.00

T300 SYNCRO LASAR® IGNITION TIMING LIGHT TOOL

The SyncroLASAR® tool is used to syncronize Slick 4700/6700 LASAR® magnetos to the engine during installation using the right and left LASAR® magneto conectors. During bench inspections and overhaul the SyncroLASAR® is also used to adjust the magneto contact braker opening position when the cover and low voltage control harnress pigtail are removed. ..... P/N 12-00181 ..... $597.00

THE PALMSCOPE

A complete, full-featured video inspection system no bigger than a smartphone. ideal for busy craftsmen, professionals and diyers. Features: • Fits in your pocket • Affordable • 1 meter drop-proof • Long, thin camera-tipped probe penetrates tight, hard-to-reach spaces • Probe is waterproof and holds its shape • Four camera-lighting LEDs produce bright, crisp video on large color LCD • Four screen controls • CE and RoHS approved.

P/N 12-03521 ..... $149.00

MID-CABIN DEICE BOOT INFLATION TEST KIT

A pneumatic systems test kit that allows aircraft tech-nicians to test the aircraft deice boot system in the hangar, via shop compressed air, rather than having the need to operate the aircraft engines on the ramp or run-up area. For Gulfstream Astra G100, G150, and G200 aircraft. This test equipment will eliminate: The need to fuel and/or defuel the aircraft for engine operation and system testing; aircraft towing/taxiing to and from the approved engine run-up areas; testing deice boot systems with loud aircraft engines; excessive man hours for aircraft engine operation and system testing.

P/N 12-02936 ..... $610.00

ANGLE CUBE PROPELLER PROTRACTOR

Precision, highly accurate and simple to use device for checking, setting or changing propeller pitch. The resolution and repeatability is 0.05 degree and the accuracy is +/- 0.1 degree. It is powered with a stan-dard 9 volt battery with approximately one year use life. Can be used for other angle measuring applica-tions such as checking and adjusting wing incidence, rotorcraft blade angles and tail-dragger ground angles. Can be used for measuring or setting table saw blade angles, machin-ing or drilling angles or any other application requiring precision angle measurement. Magnets on three sides can be used to hold the unit to appropriate surfaces. P/N 12-02640 ..... $93.85

GENERAL TOOLS IBORESCOPE FOR IPAD/IPHONE

Ideal for making high-quality video inspections of hard-to-reach or hard-to-see areas or equipment. By running a free app from the iTunesR App Store, any iPhone or iPad can display real-time video and store still images captured by the iBorescope probe. The transfers are wireless. Compatible with iPad, iPad2, "iPad3", iPhone3GS, iPhone4, iPhone4S. Long (35 in./900mm), thin (0.39 in./9.8mm diameter) flexible-obedient probe captures VGA (640 x 480 pixel) resolution video. Ideal camera depth of field of 1/2 in. to12 in. (12.7 to 305mm) Includes three useful probe tip accessories (45° mirror, pickup hook, magnetic pickup). 1-year limited warranty. P/N 12-03196 ..... $228.00

VGA RESOLUTION PROBE

Ideal for capturing high-quality (640 x 480 pixel) video and images of hard-to-reach or hard-to-see areas and equipment. Light boost, anti-reflection and image rotation functions extract clear images from even the darkest spaces. Compatible with General?s DCS1600, DCS1600ART and DCS1800 high-per-formance video borescope inspection systems, H16 handheld recording console and DCS1800-TR wireless probe handle/controller

P/N 12-03374 ..... $548.95

PORTABLE VIDEOSCOPE KIT 4MM X 1300MM

4 mm diameter 1300mm working length (available in other lengths and diameters). Steel braid insertion probe, water and oil proof, temp to 90 C. Forward view, 2 ways of articulation 120/120 up down. Comfort grip with adjustable LCD screen. Video out-put easily connects to capture device. KIT includes: Flexible Portable Videoscope Battery Charger Standard Storage / carrying case

Portable VideoScope 4MMX1300MM ..... P/N 12-02583 ..... $6,545.00
Portable VideoScope Carry Case ..... P/N 12-02584 ..... $289.00

DIGITAL VIDEOSCOPE 4MM X 1,300MM

1. 4.0 mm diameter 1300mm working length (available in other lengths and diameters). Steel braid insertion probe, water and oil proof, temp to 90 C. Forward view, 2 ways of articulation. 150/150 up down. Universal type video out, easily connects to display and computer via USB cable. Built-in recorder and onboard hard drive with 40gig memo-ry capacity. (optional-not included). KIT includes: Flexible Videoscope Probe (Interchangeable with other dia. Probes), Integrated video and lightcable 5ft in length, TFT LCD Display and VPU with built-in lightsource for clear, wide and magnified image, Rugged carrying case, Remote control for ease of operation at distances up to 6 ft.

Digital Videoscope 4MMX1300MM ..... P/N 12-02581 ..... $7,426.00
Heavy Duty Carry Case ..... P/N 12-02582 ..... $389.00

TO

THE SEEKER 050 USB VIDEO INSPECTION 12MM PROBE

Features a fixed 12mm diameter, 1 meter long, waterproof camera probe and USB connection to view images and video on your computer. USB computer interface. Works with Windows 7, Vista and XP. 12mm (0.47 in.) diameter camera tipped probe is flexible and strong. Camera pixel resolution: 320 x 240. Adjustable light intensity from two built-in LEDs. 1m (3.28 ft.) flexible shaft retains configured shape to suit various applications. Probe is water, oil and dust proof to IP67 standards. Elegant ergonomic design. Clear image quality both up close and far away.

P/N 12-02655 ..... $42.85

THE SEEKER 100 USB VIDEO INSPECTION 12MM PROBE

Features wireless transmission of video and images to your computer up to 30 feet away and a Skype® enabled streaming video for remote viewing over the internet. Built-in radio transmitter wirelessly transmits (up to 10 feet) live video signal to the RCV100 USB video receiver, this enables the video to be viewed on a Windows PC and streamilined live over the internet. Works with Windows 7, Vista and XP. 12mm (0.47 in.) diameter, 1m (3.28 ft.) long, flexible-obedient, far focus camera-tipped probe is water, oil and dust proof to IP67 standards. Optional probe extensions of 1m, 2m, and 3m (3.28 ft., 6.56 ft., 9.84 ft.) are available for the 12mm probe. In addition to the 12mm (0.47 in.) diameter probe, this unit can also accept optional 9.0mm (.35 in.) and 5.5mm (.22 in.) camera tipped probes. Adjustable light intensity from built-in LEDs. Flexible-obedient probes retain configured shape to suit various applications. Includes: Custom Hard Case, Transmitter Handle with 12mm Diameter x 1m Long, Flexible-Obedient Probe 3 Accessory Tools: (45° Mirror, Magnetic Pick-Up, Pick-Up Hook), RCV100 Wireless USB Video Receiver, Interface Cable, Software on Mini-CD Instructional Manual, 3 Year Limited Warranty. P/N 12-02656 $171.95

RUGGEDIZED RECORDING VIDEO INSPECTION SYSTEM

The DCS350 is a ruggedized recording camera scope with voice annotation, internal memory and removable SD card. Ideal for visually inspecting and documenting hard-to-reach or hard-to-see areas of factory, system, equipment or vehicle and recording findings as still images or video with voice annotation. Design is ruggedized for industrial and automotive use. System includes 128MB internal memory, a 2GB MicroSD card, and PC software 18000.

P/N 12-03356 ..... $279.95

HIGH PERFORMANCE VIDEO SYSTEM DCS1600

Portable, hand-held, complete borescope system with monitor, camera and video. Kit Includes: • Charger • Lens module cable 39.4" (1 M) • SD memory card • 30.45 and 60° mirrors • USB to 5-pin mini-B cable • Video cable • Cleaning cloth • Cotton swabs • Instructions • Heavy duty water proof blow mold case P/N 12-02299 ..... $857.00

WIRELESS VIDEO/AUDIO BORESCOPE SYSTEM DCS1800

A portable, hand-held borescope system with monitor, camera, video and wireless data transmission. Operate the instrument anywhere without the cable. The complete kit includes: Main monitor, 33 ft (1m) camera probe, 33 ft (1m) SD card, 30° 45° and 60° mirrors, instructions and waterproof blow mold carrying case.

Borescope System ..... P/N 12-02301 ..... $1,114.00
Probe Extensions - 3 Meters ..... P/N 12-02396 ..... $38.75
Probe Extensions - 2 Meters ..... P/N 12-02397 ..... $25.75

HIGH RESOLUTION DIGITAL INSPECTION CAMERA WITH RECORDER

With vivid 640 x 480 images and a tempered glass lens, this high-resolution digital inspection camera allows you to inspect engine parts, home appliances and other tight spaces with precise clarity. The inspection camera also features a recorder that enables you to hook up the camera to your computer for review. And then, save those images on internal flash memory or SD card (cable, SD card not included).

P/N 15-08342 ..... $282.95

THE SEEKER VIDEO BORESCOPE SYSTEMS

THE SEEKER 200 VIDEO BORESCOPE SYSTEM - The Seeker 200 Video Borescope Inspection System features a 2.4-inch LCD color monitor for real-time viewing, with a 12mm flexible camera probe that retains its configured shape for inspecting hard-to-reach areas. A standard 1-meter probe length is provided with the unit and optional probes up to 10 meters (32.8 feet) are available. The Seeker 200 is ideal for use in automotive maintenance, electrical repair, plumbing applications, HVAC/R and the visual inspection of otherwise inaccessible areas. Includes: 3.3ft(1m)optional: up to 16ft., Extension Tools: (Mirror, Magnet, Pick-Up Hook) , 1 "9V" Battery , Blow Mold Case , Instruction Manual. Working Temperature: 32° to 113°F (0° to 45° C). Power Source: 1 "9V" battery ..... P/N 12-02296 ..... $127.95

SEEKER 300 VIDEO BORESCOPE SYSTEMS

The Seeker 300 Video Borescope System offers a large 3.5-inch LCD color monitor and a 5.5mm flexible, configurable camera probe with adjustable LED lighting. Ideal for use in the visual inspection of otherwise inaccessible areas. This Video Borescope Kit also includes a mirror, magnet and pick-up hook that can be attached to the end of the probe. 3.5" (88.9mm) Color LCD Screen for crystal clear image, superb clarity and viewing effect. 5.5mm or 12mm diameter Camera-tipped Probe is flexible and strong with built-in adjustable LED lighting, and is slim enough to perform automotive engine checkup. Flexible Probe retains configured shape to suit different inspection needs. Probe Length: Standard: 3.28ft. (1m), Optional: up to 16ft (5m). View findings instantaneously

Includes: 3.28ft. (1m) Flexible Probe, Extension Tools: (Mirror, Magnet, Pick-Up Hook), 1 "9V" Battery Blow Mold Case Instruction Manual.

5.5 mm Probe ..... P/N 12-02652 ..... $256.95
12mm Probe ..... P/N 12-02297 ..... $169.50
3 Meter Probe Extension ..... P/N 12-02396 ..... $38.75
2 Meter Probe Extension ..... P/N 12-02397 ..... $25.75

SEEKER 400 VIDEO BORESCOPE SYSTEMS

The Seeker 400 Video Borescope System is ideal for use in any application requiring the inspection of hard-to-reach or hard-to-see areas. 5.5, 9, or 12mm diameter probe, 1m (3.28 ft.) long, flexible obedient and waterproof to IP67 standards. 3.5 in. (88.9mm) diagonal TFT-LCD Wireless Color Monitor can be detached from the unit for remote viewing up to 32 ft. (10m) away. 4x zoom feature. 180° image flip feature. Both monitor and handle use rechargeable "li-ion" batteries which can be charged at the same time using the included one–into-two charging cable. System comes complete with batteries and charger. Two adjustable LED lights inside the tip of the probe illuminate dark spaces for clear inspection. View results in real-time, record video and capture/save still photos (JPEG), up to 3 hours of video. Includes: Custom Hard Case, Pistol Grip Camera Handle, 9mm Diameter, 1m (3.3 ft.) Long Flexible-Obedient Probe, Detachable, Wireless Monitor, 2GB Micro SD Memory Card, 3 Accessory Tools: (45° Mirror, Magnetic Pick-Up, Pick-Up Hook), USB and Video Interconnect Cables

Built-in Magnets, 2 "li-ion" Rechargeable Batteries with AC Adapter/Charger, Instruction Manual, Three Year Limited Warranty.

5.5mm Probe ..... P/N 12-02654 ..... $365.00
9mm Probe ..... P/N 12-02653 ..... $288.00

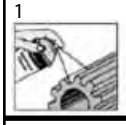
PENETRANT INSPECTION KITS-MALLETS-HAMMERS

MAGNAFLUX NDT (NON-DESTRUCTIVE TESTING) KIT

1	2	3	4	5
				


1 Preclean inspection area. Spray on Cleaner, wipe off with cloth.	2 Apply penetrant. Allow short penetration period.	3 Wipe to remove Penetrant from surface. Use Cleaner, moistened towel if surface is rough.	4 Shake can and spray on a thin film of Developer.	5 Inspect. Defects will show as bright red lines in white Developer background.

A quick, easy way to make shop and in-field inspections of landing gear, airframe and components. Highly sensitive Spotcheck dye penetrants which give clear, bright red indications. Locates very fine cracks on the surface of ferrous and non-ferrous components, equipment and structures. Reveals cracks on materials with surface temperatures as high as 350°F. Perfect for testing welds before thorough cooling. Convenient spray cans make application easy and contain no fluorocarbon propellants. Non-flammable. Materials meet applicable specifications for dye penetrant inspections (ASME, ASTM and MIL specs). Considered flammable and hazardous by UPS.

4-CAN SPOT CHECK® TEST KIT - The lowest priced way to check for cracks, leaks and other defects on any metal parts. Kit includes 1 spray can of developer, 2 cans of cleaner & 1 can of dye penetrant in cardboard case.

Magnaflux 4-can kit - SK-416 ..... P/N 09-00391 ..... $104.75
Developer ..... P/N SKD-S2 ..... $19.90
Replacement Materials: Penetrant ..... P/N SKL-SP $23.65
Cleaner/Remover (12oz. Aerosols) ..... P/N SKC-S $19.75

SK-816 KIT - The SK-3 kit is larger, comes in a lightweight high-impact plastic carrying case containing 2 cans of penetrant SKL-SP, 4 cans of cleaner/remover SKC-NF, 2 cans of developer SKD-NF, brush, cloth and instructions. P/N 09-01192 ..... $194.75

SKC-S CLEANER - This clear, fast-drying solvent can be used for precleaning, post-cleaning and penetrant removal.
P/N 09-01188 ..... $19.75

SKL-SP1 PENETRANT - Because of its vivid red color, this solvent removable dye penetrant provides excellent color contrast performance to locate surface cracks in virtually any metal or non-porous ceramic material.
P/N 09-01191 ..... $23.65

SKD-S2 DEVELOPER - Made especially for use with SKL-SP penetrant, this developer contains suspended white particles that provide an ideal background for red Spotcheck penetrant indications.
P/N 09-01190 ..... $19.90

MET-L-CHEK PENETRANT INSPECTION KITS

Met-L-Chek kits provide a completely portable, job-proven method used throughout the industry to locate cracks, flaws and other defects. These economical & effective kits provide everything needed to make inspections in the shop or field. The penetrant materials are packaged in easy-to-use aerosol spray cans and a can of cleaner included for cleaning parts before inspection. The inspection procedure is easy to learn, accurate and inexpensive. Met-L-Chek can be used on ferrous and non-ferrous materials to find surface defects and 'thru leaks'. Supplied in a rugged metal case with complete instructions. The 4-Can Kit has one aerosol spray of cleaner, penetrant, developer and remover. The 8-Can Kit has 2 cans of each material. Individual replacement cans available.

4-Can Kit..... P/N 09-03040 ..... $65.75
16 oz Kit..... P/N 09-03052 ..... $96.90

AERO-BRITE UNIVERSAL FLUORESCENT LEAK DETECTION

Locates all leaks in petroleum- and synthetic-based aviation fluid systems! Checks an entire system in just minutes! Ideal for use as part of a diagnostic/ preventive maintenance program for commercial and military aircraft fuel and fluid systems! Features: FAST— The quickest way to inspect for leaks in aviation fuel, lubrication and hydraulic systems. SAFE — Specially formulated to accommodate the host fluid. Will not damage the fluid's properties or any of the system's components. VERSATILE — Allows inspection of the entire system under virtually all operating conditions. Ideal for both in-flight and static testing. COST EFFECTIVE — Super-concentrated. Use less per dose! Glows a bright green under UV light.See our website for suggested dilution ratios.

GARLAND NON-MARRING MALLETS AND HAMMERS

Since 1866, Garland Manufacturing has been supplying America with top-quality products made from the finest water buffalo rawhide. Today, they're the leader in the manufacture of soft-faced mallets and hammers of unsurpassed quality. All Garland products are manufactured in the U.S.A. to ISO 9002 international quality standards. They combine superior craftmanship with the best materials and then field-test their products extensively on a range of surface finishes to meet the requirements of the industries in which they're used. Industries ranging from foundries and electrical manufacturing to jewelry and woodworking. Their mallets and soft-faced hammers are preferred by both craftsmen and production workers.

RAWHIDE AND WEIGHTED RAWHIDE MALLETS

Garland's all-rawhide mallets are made of tough, long-wearing, water buffalo rawhide. They're ideal for use on broad-faced striking surfaces in a broad range of applications.

RAWHIDE MALLETS					
Size	Face Dia. (Inches)	Head Length (Inches)	Weight (oz.)	Part No.	Price

NYLON MALLET

Nylon mallet works great for shaping metal.
Head Length: 3 1/2". Face Diameter: 1 1/2".
Hammer Length: 10"
P/N 12-02895 ..... $8.95

SPLIT-HEAD HAMMER - NO FACE

The split-head hammer does the work of six different hammers because the face can be easily changed. Available in two sizes. Many materials & surfaces. Die moving or positioning. Assembly. Electric Motor Repair. Propeller Repair. Foundry.

Face Dia.	Head Length	Weight	Part No.	Price
1-3/4"	3-1/4"	2.5 lbs	12-00965	$37.65
2-3/4"	4"	5.25 lbs	12-00966	$52.25

SPRING TUBE BENDERS

Economical tools for hand-bending of soft aluminum and copper tubing to any shape without collapsing walls. Special spring steel, nickel finished. End belled for quick tube removal. Set of 6 for 1/4", 5/16", 3/8", 7/16", 1/2" and 5/8" O.D. tubing.

P/N 12-00823 ..... $24.50

LEVER TYPE BENDERS

Each tool bends one size. Open side type slips over tube at any point. Makes smooth short-radius bends up to 180° with minimum effort. No marking, scraping or flattening of tubing. Calibrated to show angle of bend. Wide hook grips tube securely. Suitable for bending annealed copper, aluminum, steel, stainless steel and hard copper tubing of bending temper.

Tubing O. D.	Bender Model No.	Part No.	Bending Radius	Price
1/8"	364-FH-02	12-20002	3/8"	$69.75
3/16"	364-FH-03	12-20003	7/16"	$86.95
1/4"	364-FHA-04	12-20004	9/16"	$89.95
5/16"	364-FHA-05	12-20005	11/16"	$115.95
3/8"	364-FHA-06	12-20006	15/16"	$87.95
1/2"	364-FHA-08	12-20008	1-1/2"	$93.75
5/8"	364-FHA-10	12-20010	2-1/4""	$224.95
3/4"	364-FHA-12	12-20012	3"	$326.95

WIDE RANGE LEVER TYPE BENDERS

Tool quickly adapts to all sizes in its range by changing forming wheel and block. Long handles re-position during bend for best leverage. Calibrations show precise bend angle. Benders for 3/8" through 3/4" O.D. tubes are as illustrated. Benders for 1/4" and 5/16" O.D. tube in #350-FHA kit are one piece type. Kits furnished in steel tool box.

Model 350-FHA Kit- For 1/4",5/16",3/8",1/2",5/8"& 3/4" Tube.....P/N 12-20100.....$575.00

Model 360-FHA Kit- For 3/8",1/2",5/8"& 3/4"Tube .....P/N 12-20200.....$654.95

TRIPLE HEADER TUBE BENDER

For bending annealed copper, aluminum, brass, steel and stainless steel tubing. Multi-tube design does the work of three conventional lever type benders. Calibrated markings for making accurate left-hand, right-hand and offset bends. (for 1/8", 3/16", 1/4" O.D.)

P/N 12-01577..... $26.50

IMP® TRIPLE HEADER TUBE BENDER

Calibrated markings for making accurate left-handed, right-handed and offset bends. 90° start requires less effort-making bending fast and easy. For 1/4", 5/16", & 3/8" (6 & 8 mm) O.D. tubing. 15/16" radius to center of tube.(for 1/4",5/16",3/8" OD)

P/N 12-01578..... $49.50

BRAIDED STAINLESS STEEL HOSE CUTTER

The AN braided stainless steel hose cutter makes quick work of cutting hoses to length. It features long handles for better leverage and a rubber no-slip grip. It can cut any braided stainless steel line up to size 12 AN..... P/N 12-02574 ..... $58.90

SOFT PIPE/TUBING CUTTER

This economical tool will cut soft pipe and tubing up to 1-1/4" outside diameter. The blade is teflon-coated and reverses for double the useful life of the blades. ..... P/N 12-20020 .....$14.25 ea.

Replacement Blades ..... P/N 12-20025 .....$5.85 ea.

PLASTIC TUBE SHEAR

Lightweight tubing shear only 3" overall in length, easily cuts all thermoplastic tubing and other types of non-wire reinforced hose..... P/N 12-02580 ..... $10.65

Pkg' of 5 blades ..... P/n 12-02579..... $21.55

EZ-BEADER TUBING BEADERS

Designed to replace the original Parker beading tools. Compact design. Capable of tubing wall thickness from .035 to .065 thick

Set of all 9	EZ-BEADER Tubing Beader	12-00363	$369.95

HI-DUTY TUBE CUTTER

For 1/8" to 1" O.D. metal tubing. Makes clean, right-angle cuts with no burrs or chips to clog tubing. Roller type with flare cut-off groove, fold-away reamer and spare cutting wheel. Wt. 6-1/2 oz.

Hi-Duty Tube Cutter..... P/N 12-00382 ..... $29.65

Replacement Cutter Wheel P/N 75015.....$8.75

Replacement Reamer Blade P/N 79318-01 ..... $10.95

"IMP" TUBE CUTTER

Designed for use in tight quarters where other cutters won't fit. For 1/8" to 5/8" O.D. tubing. Requires only 13/16" swing radius. Perfect for instrument panels, control cabinets, machine tools, etc, Size: 111/16"x 1-5/16" x 7/8". Wt. 2-1/2 oz. P/N 12-01277 ..... $26.60

JUNIOR TUBE CUTTER

Exceptionally handy in close quarters - only 3-1/2" overall length. Makes clean, right-angle cuts without flattening tube. Cuts 1/8" to 3/4" O.D. tubing. Enclosed feed mechanism. Wt. 5 oz.

Junior Cutter..... P/N 12-01576 ..... $18.50

Replacement Cutter Wheel P/N 32633.....$7.25

MINI TUBING CUTTER

The mini tube cutter's compact design is ideal for tight spots under sinks and behind appliances. It cuts copper, brass and aluminum tubing from 1/8" to 1 1/8". Extra cutter stores inside knob. Includes retractable deburring blade.

P/N 15-07093 .....$9.28

MINI TUBING CUTTER

Performs where conventional tubing cutters simply cannot fit. With a 1-1/2" swing radius, the Mini Cutter is ideal for limited-space applications. Accepts tubing sizes from 1/8" to 7/8" in diameter and up to 1/8" in wall thickness. Capable of cutting through copper, aluminum, brass and thin-wall stainless steel.

P/N 12-03348 .....$8.70

TUBING CUTTER

Tubing sizes from 1/8" to 1-1/8", and up to 3/16" in thickness. The cutter easily slices through copper, aluminum, brass, stainless steel and other tin-wall tubing. Uses the RW122 cutting wheel. Includes a retractable reamer with dual cutting edges. P/N 12-03347 ..... $10.50

COMPOUND TUBING BENDER

Allows you to make precise left, right and offset bends with a simple, hand-held mechanism. The calibrated angle markings indicate 15 degree increments from 0 to 45 degrees for accurate results. Handles 4 popular tubing sizes and comes in a convenient vinyl storage pouch. P/N 12-03353 ..... $26.95

WEATHERHEAD

T-1295 Heavy Duty Segmented Flaring Tool (37°)

Tool Flares: 1/8", 3/16", 1/4", 5/16", 3/8", and 1/2", O.D. tubing. Forms 37° flares in annealed stainless steel (MIL-T-6845 or AMS-5566), cold drawn stainless steel, and annealed copper, brass, steel or aluminum. Bar has vice extension. Wt.: 3lbs. P/N 12-01166 .....$795.00

HI-DUTY FLARING TOOL 37°

For: 3/16", 1/4", 5/16", 3/8", 1/2" and 5/8" O.D. tubing.

437-FB For use with soft copper, aluminum and brass tubing. New slip-on yoke permits use in tight quarters, allows flaring where there is little space between nut and tube end. Wt. 1.75 lbs. P/N 12-01581 ..... $79.80

ROL-AIR FLARING TOOL 37°

Faceted, hard chrome finished cone rolls out perfect flares above die block, then automatically burnishes flare face. Slip-on yoke permits use in tight quarters. Heat treated dies grip tubing without scoring. Flares and burnishes: 3/16", 1/4", 5/16", 3/8", 1/2" and 5/8" O.D. tubing. Wt. 1-1/2 lbs. Works on some Stainless Steel Tubing but not warranted for Stainless. P/N 12-01582 ..... $71.96

ROLO-FLAIR FLARING TOOL 37°

Operates on same principle as Imperial #507-FA but flares 1/8" (primer line) and 3/4" tubing as well. Size: 4"W x 4"D x 8"H. Wt. 2-1/2 lbs. Excellent tool for bench - not for close-quarter work. Not for use on Stainless Steel Tubing. P/N 12-01575 ..... $71.96

DELUXE 37° FLARING TOOL

Forms 37° flare to AN standards in steel, stainless steel (including MIL-T 6845), titanium, an other metal tubing. Three rollers in flaring cone roll out 37° flare above die block. Extension on yoke for clamping in vise. Furnished in plastic kit. Wt. 2-1/2 lb. P/N 12-01579 .....$329.00

TO

37° FLARING BLOCK FOR 1/8" TUBING

This tool is designed to flare 1/8" tubing for primer lines. Leaves no ridges or marks on tubing, complying with aircraft requirements. Furnished with 37° flaring punch. The slip-on yokes of most flaring tools also fit this block.

P/N 17010 ..... $24.80

37° DOUBLE LAP FLARING TOOL

This U.S. made 37° Double Lap Flaring Tool makes flares to AN standards in soft copper and aluminum tubing for 3/16" 1/2" O.D. Also makes single 37° S.A.E. standard and oversize flares. Adapters revolve for quick size change and act as positioning gauge for tube. For portable use or can be vise mounted. Sliding handle gives maximum leverage. Wt. 4 lbs.

P/N 12-00205 ..... $595.00

37° DOUBLE LAP FLARING TOOL KIT

Our 37° Double Lap Flaring Tool Kit includes the double lap flaring tool above which forms 37° double lap flares to AN10078 in soft copper and aluminum tubing (wall thick- ness to .040"). Flares tubing sizes 3/16", 5/16", 3/8", and 1/2" O.D. Also includes a tubing cutter, an inner-outer reamer, and a plastic carrying case. A quality tool kit which is made in the U.S.A.

P/N 12-00210 ..... $689.00

FLARING TOOL KIT 402FA

Forms 37° flares aircraft grade stainless steel (MIL-T-6845), titanium, and other metal tubing, both soft and hard. Positive stop gauge assures correct size of flare. The three rollers in the flaring cone roll out 37° flares above the die block while burnishing the flare face to a smooth finish. A built in extension on the yoke can be clamped in a vise for extra support. Satin chrome and black nickel finish. Complete kit includes flaring tool and reaming yoke. P/N 12-02423 ..... $399.00

BRAKE LINING & GENERAL RIVET SETS

Standard Model (403)- Designed especially to economically reline brakes, this riveting set is a handy tool for many other jobs where rivets are used to fasten leather, canvas, plastic and metal parts. ..... P/N 824 ..... $17.60

Brake lining Rivets ..... P/N 06-02300 ..... $0.03ea

Deluxe Model (404) - Our deluxe model brake relining tool makes it virtually impossible to botch a brake relining job. The threaded screw action of the rivet insertion tool insures a perfect roll on brake rivets every time without damaging the liner.

Standard Model (Not Threaded) ..... P/N 824 ..... $17.60

Deluxe Model (Threaded) ..... P/N 12-20810 ..... $22.85

Punch Non-Threaded / Brake Relining for model 403
P/N 12-01171 ..... $3.75

Anvil Punch / Brake Relining for model 404
P/N 12-01170 ..... $3.75

Brake Lining Rivet 4X6 ..... P/N 06-02300 ..... $0.03

BR1007 Rivet Set for Reline ..... P/N 12-01173 ..... $6.75

TO

PARKER TYPE AIRCRAFT TUBE BEADING TOOL

The Parker Beading Tool has been the number one choice of aircraft mechanics for making clamping beads in metal tubes. To this day, no other tool even comes close to matching its quality. So by special arrangement, the manufacturer tooled up to recreate this classic tool in every detail. In the process they have added a few enhancements of their own, such as ground, hardened, and polished surfaces for mar-free beads in aluminum, copper, brass, and mild steel tubes ranging from 1/4" to 1" diameter. Meets MILSPEC MS33660D and SAE AS5131 standards. P/N 12-01049 ..... $335.96

PLASTIC PIPE AND HOSE CUTTER

With a powerful, squeeze-grip ratchet, the Plastic Pipe and Hose Cutter can be operated with one hand. Elongated nose allows the cutter to slide into confined areas. Easily slice through PVC, ABS, PE and CPVC up to 1-5/8 in diameter. Quick Replacement Blade.

Cutter ..... P/N 12-03513 ..... $26.85

Replacement Blade ..... P/N 12-03514 ..... $8.75

IMPERIAL 470-FH TRIPLE HEAD 180° TUBING BENDER

The 470-FH Triple Head 180° Tube Bender bends 4 diameters of tubing with just one tool! It handles soft copper, aluminum and thin-walled steel tubing in 3/16", 1/4", 5/16" & 3/8" diameters. Like the heavy duty 464-FH, it features the patented ROTO-LOK™ two-stage handle that allows east fabrication of bends up to 180°. It also features optimized bending grooves that allow the user to bend the tubing in the smallest radius possible to enable tighter turns and minimize the space taken by the bends. Soft copper - .030-.032" wall. 304 stainless steel - .030-.032" wall. P/N 12-01042 ..... $38.50

ATS HAND RIVET SQUEEZER

Has a very solid feel, and professional look that will complement anyone's toolbox. Squeezes up to 5/32" aluminum (1/8" seel) rivets. Works with any rivet sets, or diple dies having a 3/16" (.187") shank. Adjustable ram does not need shims. Lifetime warranty. Features:•1.5" Yoke •Drop forged from Stainless Steel for unmatched strength and durability •Clasic bushed stainless steel finish. •Adjustable ram does not need shims •Squeezes aluminum rivets up to 5/32" and steel rivets up to 1/8" •Comfort grip rubber handles •4lbs shipping weight. P/N 12-01620 ..... $84.76

PNEUMATIC "C" SQUEEZER KIT

Lightweight and has the same power as the Chicago Pneumatic 214C squeezer on which it is based. It accepts the same yokes and attachments as the 214C squeezer, and is powerful enough to squeeze up to 1/8" solid aluminum, or 3/32" solid steel rivets. Complete kit includes ATS-114C Squeezer with a 1-1/2" yoke (p/n 14-3), a Longeron yoke (14-10), and a 17 piece assortment of squeezer and dimpler snaps. Features: • Compatible with Chicago Pneumatic 214C squeezers • Squeezes up to 1/8" aluminum or steel rivets • Compact only 10" long • Accepts all squeezer and dimpling sets with a .187" shank. P/N 12-03504 ..... $649.95

Description	Part No.	Price

ATS DELUXE HAND/BENCH RIVET SQUEEZER KIT

The Rivet Squeezer Kit is designed to take on any riveting task. It contains the new ATS Heavy Duty Rivet Squeezer, a Bench Mount Kit, plus and extra 1-1/2" yoke head to reach into tight areas. You'll also get a complete set of squeezers and dimple dies in a convenient holder. Ats Pro Lifetime warranty. 14 lbs (6.5Kg) shipping weight. P/N 12-02406 ..... $279.96

PROFESSIONAL RIVETING KIT

This Professional Riveting Kit has all the tools you need to drive rivets like a pro... It contains the best-selling ATS Pro Series 3X Rivet Gun, a selection 4 of our most popular Bucking Bars (141, 142, 148, and 149), plus a complete assortment of Rivet Sets to install Universal Head (AN470) or Flush (AN426) rivets in sizes 3/32" to 3/16".

And it all comes to you in a stylish molded case to keep things neatly organized. This is the prefect "field" kit to take with you anywhere -- it has the riveting tools you need conveniently laid out in one handy ready-to-go package. The Professional Riveting Kit is a part of our ATS-PRO Series, so you can rest assured that your tool investment will be well protected by an Unconditional 30 Day Money Back Guarantee, and industry-leading ATS Pro Lifetime Warranty. 19lbs shipping weight.

P/N 12-01698 ..... $223.96

HANDI-CLAMPS

Handi-Clamps are a specially designed tool for clamping various types of surfaces, shapes and thicknesses. Ideal for holding light plastics, wood, sheet metal and other materials temporarily. The clamping cap is 0-5/16"

TP640HC - 1" Jaw Depth ..... P/N 12-02305 ..... $1.95
TP641HC - 1-1/2" Jaw Depth ..... P/N 12-02306 ..... $1.95

SPRING TENSION CLAMPS

Spring tension clamps can be applied in a fraction of the time required for ordinary screw clamps. The AT542 clamp, with 2" throat depth, has a Zamak alloy yoke and a steel spring which provides a 70 lb. clamping pressure. Designed for use with sheet holder pliers. P/N AT542 ..... $10.60/ea.

SIDE GRIP CLAMPS

Side-Grip clamps are designed to clamp at the edge of the work area. Ideal for holding work pieces of all types, particularly during bonding, sealing or gluing operations. Plier-operated. Spring loaded. Constant clamping force. Color-coded for easy identification. Use TP74 or US902 installation tool. Made in the USA

Part No.	Clamping CAP (GAP)	EFF. Body Depth (Reach)	Body Length	Price

AT-114C3 QUICK-CHANGE RETAINER SPRING

Makes possible the changing of rivet sets without removal of retainer spring. For .402" shank dia. rivet sets. P/N 12-01079 ..... $4.65/ea.

AT 107A FLUSH RIVET SETS

Large radii at critical points to prevent breakage. Slightly crowned, highly polished face designed for rapid flush riveting where a smooth skin surface is essential. Shank dia. .401".

Part No.	Face Dia.	Length	Price
AT-107A-1	1"	2-3/4"	$22.65
AT-107A-3	1-1/4"	3-3/4"	$24.75

AT 100A STRAIGHT RIVET SETS

Cup surfaces are highly polished and guaranteed to conform with rivet heads. Carried in stock in AN470 (MS20470) universal-head cup shape. Overall length, 3-1/2", .401" dia. centerless-ground shank.

AT-100A-3-3/32 ..... 3/32" $6.75
AT-100A-3-1/8 ..... 1/8" $7.80
AT-100A-3-5/32 ..... 5/32" $8.50
AT-100A-3-3/16 ..... 3/16" $9.50

AT 101A OFFSET RIVET SETS

Same tool as AT100A but has 10° bend 1" back from the cup to allow added clearance. Permits easier riveting where obstructions are encountered.

AT-101A-3-3/32 ..... 3/32" $9.50
AT-101A-3-1/8 ..... 1/8" $9.50
AT-101A-3-5/32 ..... 5/32" $8.35
AT-101A-3-3/16 ..... 3/16" $12.80

HAND RIVET SQUEEZER

Designed to squeeze 1/16" - 5/32" rivets and dimple 1/16" - 3/16" in material up to .040" thickness. Takes standard 3/16" shank rivet squeezer sets. With adjustable ram and 2-piece C-yoke of heat treated stainless steel. Throat depth: 1.5". Gap: 1-1/4". Overall length: 14". Best quality squeezer on the market. P/N 12-00300 ..... $137.95

Squeezer Yoke THY-30m	12-03692	$158.75

SWIVEL HAND RIVET SQUEEZER

This tool incorporates a 3/8" stroke and 5/8" ram adjustment. The full 360° yoke can be locked in any position in relation to the handles. Uses standard squeezer sets with 3/16" shank diameter. Yoke depth: 1-1/2".

Model AT502AH-D ..... P/N 12-00400 ..... $267.95

INSTRUCTIONS FOR SELECTING RIVET SETS

To develop maximum power, the riveter must drive the rivet near the end of the riveter's stroke. For maximum power the combined length of the two rivet sets must be of the correct length. Determine the correct length as follows:

WHEN TWO CUPPED RIVET SETS ARE USED – The sum of the two rivet sets "L" dimension should equal the closed height dimension of the yoke minus the total thickness of the material being used.

WHEN TWO FLUSH SETS ARE USED – The sum of the two rivet sets "L" dimension should equal the closed height dimension of the yoke minus the overall length of the rivet after it is driven.

WHEN ONE CUPPED SET & ONE FLUSH SET ARE USED – The sum of the two rivet sets "L" dimension should equal the closed height dimension of the yoke minus the total thickness of the material being riveted and the height of the finished rivet head driven by the flush set. If necessary, select rivet sets a little short and shim to proper length with hardened shims listed in the table. The closed height dimension of the yoke referred to above is the opening available when jaws of plunger are in extreme closed or forward position with both rivet sets in place.

RIVET SETS FOR SQUEEZER

Assorted Squeezer Set. 5-piece, consisting of rivet sets for 3/32,1/8 and 5/32" AN470 rivets, and one flat set. Shank dia. 3/16".

COUNTERSINK CUTTERS

MICROSTOP COUNTERSINK CUTTER KIT AT590CSK

This kit provides countersinking versatility with nine different 1/2" diameter cutters, six of the most commonly used foot pieces, and a high-speed bearing-constructed microstop. The microstop controls cutting depth in .001 increments, from 0 to 5/16". Cutters-ground on-centers to ensure concentricity-are 100°, with pilot diameters #40, #30, #21, 3/32", 1/8", 3/16", and 1/4".

P/N 12-00824 ..... $230.95

100° AT455 COUNTERSINK CUTTER

Designed for operating in angle drills with 1/4-28 threads and in the AT441SLS Micro Stop Countersink. Has 1/4-28 threaded shank. Cutter angle 100°. AT455D-4 has 7/16" dia. cutter head. Use with AT484 pilots. P/N AT455D-4..... $17.50

AT484 PILOTS

AT484 replaceable pilots have a .086" dia. shank with a flat to accommodate the set screw of the AT455 cutter. An undercut permits the head to seat on the cutter angle. Order by P/N.....$10.90 ea.

Part No.	Head Dia. "D"	Part No.	Head Dia. "D"
AT484-2	#40	AT484-56	3/32
AT484-12	#30	AT484-57	1/8
AT484-21	#21	AT484-59	5/32
AT484-31	#11	AT484-61	3/16
AT484-32	#10	AT484-63	7/32

AT441 HSS MICROSTOP COUNTERSINK

AT441 HS Micro Stop Countersink, similar to the AT442SLS unit, except with 1/4-28 female threaded nose to accommodate AT455 cutter.

P/N 12-01591 ..... $27.90

AT 442 HS MICRO STOP COUNTERSINK

A precision tool for production countersinking. Ball thrust bearing for absolute depth control. Adjusts in .001" increments, with positive adjustment lock. Skirt accepts cutters up to 5/8" dia. Has 1/4-28 male threaded shaft for use with AT418 cutters. Can be assembled and disassembled without special tools. Split shaft and taper locks pilot in place when cutter is tightened. Order cutters and pilots separately. P/N AT442-SLS $99.85

MICRO-STOP COUNTERSINK CAGES AND NYLONFOOT PIECE

2 Models available-one with NEEDLE bearing and one with BRONZE bushings. .001" increment depth adjustment. Positive adjustment lock. 1/4" dia. shank. 9/32" shaft travel. 9/16" cutter capacity. For 1/4-28 threaded cutters. Comes with "NO-MAR" foot piece. Rated at 3,000 RPM. Made in USA.

With Bronze Bushings

P/N 12-01412 ..... $36.50

With Needle Bearings

P/N 12-00940 ..... $46.50

BRAKE RIVET SET

Use these sets with your hand squeezer. Will set brake rivets eliminating the possibility of cracking your brake pads.

P/N 12-00550 ..... $39.90

DIE GRINDER MANDREL

Die Grinder Arbor (Mandrel). Holds your cutoff wheels. It has a 1/4" shank for use in most drills and die grinders. Can accomadate either 1/4" or 3/8" cut-off wheel through hole sizes.

P/N 12-02924 ..... $4.95

AT 409 SERIES STRAIGHT SHANK COUNTERSINK WITH INTERCHANGEABLE CUTTERS AND PILOTS

Assembly, consists of AT418E (1/2") cutter, AT416 pilot and AT409-1, 1/4" straight-shank. Has a collet-type shaft to securely hold the replaceable pilot.

When ordering specify: Part number of cutter and pilot dia.

Assembly Example: AT409 with 100° cutter A418E & 1/8 pilot.

(AT416-57) ..... Adapter only ..... P/N AT409-1 ..... $11.25

AT418 STOP COUNTERSINK CUTTERS

Three-straight flute replaceable pilot cutters with female thread. These cutters are designed with extra deep flute to permit numerous resharpenings and radial clearance to assure fast smooth cutting.

For Replaceable Pilots Refer to AT416 Series. Used With AT418

Part No.	Cutter Dia.	Thread Size	Pilot Hole	Price

COUNTERSINK SETS

Countersinks made of high-speed steel, 3-fluted and 14" - 28 threaded. Set includes #40, #30, #21, #10, and 1/4".

Countersink 82 degree 5 pc. set..... P/N 12-02883..... $42.95

Countersink 120 degree 5 pc. set..... P/N 12-02884..... $42.95

PANEL DIMPLING TOOL (C-SPEC 2700)

This panel dimpling tool is used for dimpling thin sheet metal panels to accept the 2700 Series C-Spec Fasteners. It can also be used to dimple panels to accept FJ4 Series Flush-Head Z-Spec Fasteners. This tool is made from premium tool steel and is bright Zinc plated. ..... P/N 12-02855..... $23.65

PANEL DIMPLING TOOL (C-SPEC 4000)

This panel dimpling tool is used for dimpling thin sheet metal panels to accept the 4000 Series Flush-Head C-Spec Grommets. This tool is made from premium tool steel and is bright Zinc plated.

P/N 12-02856..... $23.65

TO

HAND SEAMER

Handy tools for comparatively light work. Wide, deep jaws machined for smooth parallel fit. Form precise folds and seams. Strong, lasting drop-forged steel construction. No. 44 has plain 3 1/2" wide blades. No. 44r is similar with a radius to prevent tearing of aluminum and other light metals. No. 793 has a 3 1/2" wide blade with adjustable depth gauge.

P/N 12-00620 ..... $54.85

HAND SEAMER TP44

• Wide, deep jaws machined for smooth parallel fit • Forms precise folds and seams • 1" deep x 3-1/2" wide throat

P/N 44R..... $21.75

ROPER-WHITNEY METAL CRIMPER

Handy crimping tool to disperse excess metal. Depth of throat 1-1/8". Overall length 9". Wt. 1 lb.

P/N 111..... $79.95

ROPER-WHITNEY NOTCHER

Designed for fast, accurate 32° notch in sheet metal. Hook design of jaws permits notching to exact desired depth without slippage. Spring-return jaws. Capacity 20 ga. Wt. 1 lb.

P/N 141..... $86.75

FLUTING PLIERS

These aircraft-type fluting pliers are a drop-forged quality tool. Non-marring working surfaces of jaws specifically designed for use on aircraft components. Comfort grip handles.

P/N 12-00500 ..... $15.75

HOLE FLANGING TOOL

A real time saver for flanging lightening holes. Non-marring. Easy to use. Nylon rollers and ball bearings assure long life. P/N 12-00600..... $18.65

MIGHTY ROD SHEET METAL BENDER

Designed to bend solid round, square and flat alloys into nearly any shape and angle. FEATURES: • Works on solid materials up to 3/8" diameter. • Coils and bends wires of many sizes. • Includes dies for 1/2", 3/4", 1", 1 1/4" & 1-1/2" diameter bends. • Constructed of 3" x 3" aluminum base 1" thick with a 12" handle 7/8" in diameter. • Made in the USA. • 1 year Replacement Warranty.

P/N 12-00934 ..... $31.75

JUMBO ROD SHEET METAL BENDER

Constructed of 4" x 6" aluminum base 1" thick with a 16" handle 7/8" diameter. Bends solid round, square and flat iron. FEATURES: •Works on solid materials of up to 3/8" round and square (1/2" wide flat). • Coils and bends wire of many sizes. • Bends metal to any shape and degree of angle. • Include dies for 3/8", 3/4", 2", 3" & 4" diameter bends. • Installs on any vise. • Ideal for hobbyists, prototype shops and do-it-yourselfers. • Made in the USA. P/N 12-00935 ..... $54.75

ROPER-WHITNEY METAL PUNCH

#5 JR. HAND PUNCH – with one ton punching power. Punches 1/4" hole through 16 Ga. mild steel. Throat clearance 1-3/4". Complete set in metal box with 3/32, 1/8, 5/32, 3/16, 7/32, 1/4 and 9/32" punches & dies. Wt. 4-1/4 lbs. P/N 12-01600 ..... $89.90

BENCH MOUNT BASE – for stationary use. Base swivels to any position. Punch is held by L-shaped clamp rod through a 7/16" or larger hole in bench.

P/N 12-01700 ..... $34.75

STRAIGHT PUNCH & DIE SETS – for No. 5 Jr. punch in the seven sizes shown below.

3/32"	#12-01800	7/32"	#12-02200
1/8"	#12-01900	1/4"	#12-02300
5/32"	#12-02000	9/32"	#12-02400
3/16"	#12-02100	Each Size	$16.85/set

COMBINATION PUNCH & DIMPLING DIE SETS – For #5 Jr. punch. Punch and dimple in one operation. 3/32, 1/8 or 5/32" 100° punch & dimpling die sets.

1/8"..... #12-02500..... $71.65
3/32"..... #12-02600..... $79.25
5/32"..... #12-02700..... $61.25

ECONOMY MODEL BENDING BRAKE

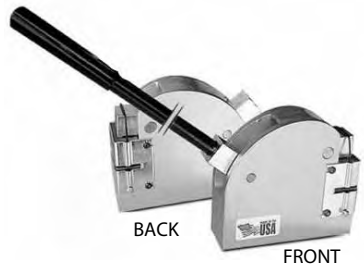
For bending and forming. Makes clean, smooth bends and forms up to 90° in metals. 18" & 30" handle up to 16GA aluminum. 40" handles is up to 20GA sheet metal, 18GA aluminum. All include brake bars. Clamps not included. Made in USA.

Up to 18" width stock..... P/N 12-02800..... $39.75
Up to 30" width stock..... P/N 12-02810..... $99.50

HEAVY DUTY BENCH BRAKE

This small, compact brake is excellent for all tough fabrication and repair jobs. The radiused dies make it possible to form those difficult materials such as 2024T3, 4130, and stainless without fear of cracks. Features solid steel bar construction, heavy duty clevis hinges, and portable bench mounting. Includes 2 sets of assorted width reversible dies with 1/16", 1/18", and 3/16" radii, plus complete instructions. Ideal for machine shops, aircraft, race car, boat builders, avionics installers, & auto repair shops. P/N 12-02850 .....$1,471.00

ORIGINAL LANCASTER PORTO-METAL FORMER



BACK FRONT

The Porto-Metal Former makes the specialty angle needed in minutes. Can be used on the work bench or in a vise to make inside angles, outside angles, straight bends - even circles, to a radius as small as 3". Jaws are made of hardened alloy steel. Works 18 gauge soft steel, 20 gauge stainless, 16 gauge aluminum up to 2" in width. 45 to 1 leverage for powerful press. Special malleable iron body will not break as we have found with cheaper imitations. Order #LSH-71 metal shrinker for inside angles. Order #LST-82 stretcher for outside angles. Wt. 12 lbs. each.

#LSH-71 Shrinker ..... P/N 12-19800..... $194.85
#LST-82 Stretcher ..... P/N 12-19900..... $183.75
Combination Shrinker/Stretcher Tool ..... P/N 12-02950..... $257.95

Either unit can be converted into its opposite by ordering complete conversion kit, includes jaws, blocks & wire.

CHERRY RIVET TOOLS

HYDRO-SHIFT CHERRYLOCK® RIVETER

Specifically for the installation of all CherryLOCK® Rivets. Recommended primarily for 1/4" diameter CherryLOCK® rivets. It can be used to install all diameters and lengths as indicated on the tool capacity charts. Low recoil, low noise and a comfortable fit in the operator's hand. It can be operated in any posi-tion with one hand. The H681 Series pulling heads fit directly on this tool to install both bulbed and standard NAS type 2000 Series CherryLOCK® Rivets. With the proper adapters and pulling heads, this tool can install other types of rivets.

P/N 12-02983 ..... $11,436.00

LOCKBOLT POWER RIVETER G84

For high speed, reliable installation of the most popular sizes of aircraft Lockbolts. Incorporates a bayonet attachment for quick change of pulling heads. This tool can also be used to install blind bolts and blind rivets. A comfortable grip for one handed operation in any position. Compatible with Huck 352 & 230 riveter pulling heads.

P/N 12-03011 ..... $1,766.00

LOCKBOLT POWER RIVETER TOOL KIT G84LBK

Installs: 5/32", 3/16" & 1/4" NAS Style. LockBolt Includes: G84 LockBolt Power Riveter - Stroke: 9/16", Pulling Force: 5, 750 lbs (2,608 kgs), Weight: 7.7 lbs (3.5 kgs). H513-08-35 Pulling Head. H513S-05-20 Pulling Head Cherry 5/32" D LockBolt. H513S-06-20 Pulling Head MaxiBolt 3/16" LockBolt. P1395 Molded Carrying Case. 269C5 Grip Gauge LockBolt. 670A20 Stem Catcher Bag. 700A77 Bleeder Bottle. All Necessary Manuals.

P/N 12-03013 ..... $4,540.00

CHERRY RIVETER SERVICE KIT G84KS

All the seals, 'O'-rings, gaskets and hardware required for routine maintenance of your Cherry blind riveters. A must for any in-house repair facility. For Tool G84.

P/N 12-03012 ..... $141.75

CHERRY RIVETER SERVICE KIT G83KS

All the seals, 'O'-rings, gaskets and hardware required for routine maintenance of your Cherry blind riveters. A must for any in-house repair facility. For Tool G83.

P/N 12-03010 ..... $211.95

LIGHTWEIGHT LOCKBOLT RIVETER G83

Designed for high speed, reliable installation of the most popular sizes of aircraft Lockbolts. By bending the rubber pin deflector sideways, 1-1/2" additional clearance can be obtained. This tool can also be used to install blind bolts and blind rivets. A comfortable grip for one handed operation in any position. Compatible with Huck 352 & 230 riveter pulling heads. Stroke: 7/16". Pulling Force: 3, 750 lbs (1, 701 kgs). Weight: 4.95 lbs (2.3 kgs).

P/N 12-03007 ..... $1,439.00

CHERRY RIVETER SERVICE KIT G800KS

All the seals, 'O'-rings, gaskets and hardware required for routine maintenance of your Cherry blind riveters. A must for any in-house repair facility. For Tool G800.

P/N 12-03006 ..... $149.75

CHERRYMAX HYDRAULIC HAND RIVETER G800

The G800 is an ergonomic, lightweight hand powered riveter capable of installing a wide variety of blind fasteners. The all metal design makes this compact and robust tool ideal for use in rugged shop environments or field repair. Exceptional power with low hand effort for increased productivity. Mounting system (same as G704B) compatible with popular pulling heads including H782, H781-456& H753A-456. Leak-proof design with advanced seals & built-in redundancies. Ergo design with internal shock absorber & cushioned handle. Adjustable lever easily accommodates different hand sizes. Stroke: 3/4". Pulling Force: Up to 6000 lbs. Weight: 1.7 lbs (0.8 kgs).

P/N 12-03004 ..... $674.00

CHERRYMAX HYDRAULIC HAND RIVETER KIT G800CMR

G800CRM CherryMAX Hydraulic Hand Riveter Kit Includes: G800 CherryMAX Hydraulic Hand Riveter - Stroke 3/4", Pulling Force up to 6000 lbs, Weight 1.7 lbs. H781-456 Pulling Heads. H753A-456 Pulling Heads. 269C5 Grip Selector Gauge. 269B12 Grip Selector Gauge. Molded Plastic Case. All Necessary Manuals (except -6 all aluminum)

P/N 12-03005 ..... $2,748.00

CHERRY RIVETER SERVICE KIT G784KS

All the seals, 'O'-rings, gaskets and hardware required for routine maintenance of your Cherry blind riveters. A must for any in-house repair facility. For Tool G784.

P/N 12-03002 ..... $348.00

NUT-PLATE RIVETER G702A

The G702A is a pneumatic-hydraulic tool designed specifically for installation of nut plate rivets. Its durable, all metal housing makes this tool ideal for use in rugged shop environments. The H702-3NPR pulling head fits directly on the tool to install -3, -4, 2.5 mm & 3mm nut plate rivets. 10° angled head allows user to work using a natural hand position. A comfortable grip for one handed operation in any position. Air Pressure: 90 PSI (6.2 bar) min./110 PSI (7.6 bar) max. Cycle Time: approximately one second. Noise Level: 71 dB (A). Vibration: less than 2.5 m/s2. Air Consumption: .09 SCF / cycle (2.55 L / cycle). Stroke: 3/4". Pulling Force: 1,100 lbs (499 kgs). Weight: 3.5 lbs.

P/N 12-02985 ..... $1,328.00

CHERRYLOCK POWER RIVETER KIT G784CLRB

Includes: G784 Cherry Universal Power Riveter 12" High, 8 lbs., 15/16" Stroke. P1395 Molded Carrying Case. TLC852 CherryLock Selector Card. TLC864 CherryLock Process Manual. 269C3 CherryMAX Grip Gauge. 700A77 Bleeder Bottle. Note: No Pulling Heads Included.

P/N 12-03001 ..... $4,512.00

CHERRYLOCK POWER RIVETER G784

Installation of CherryLOCK rivets. Will install nearly all diameters of CherryLOCK rivets up to a half-inch grip, 'A' group only. With proper adapters & pulling heads this tool can be used to install other types of rivets. A comfortable grip for one handed operation in any position. Pulling heads not included with riveter. Air Pressure: 90 PSI (6.2 bar) min./110 PSI (7.6 bar) max. Noise Level: 69.7 dB (A). Vibration: less than 2.5 m/s2. Air Consumption: .27 SCF / cycle (7.65 L / cycle). Stroke: 7/8". Pulling Force: 2,600 lbs (1, 179 kgs). Weight: 8 lbs (3.6 kgs)

P/N 12-02998 ..... $3,180.00

POWER RIVETER G747

Installation of CherryMAX and nut plate rivets. This tool utilizes straight, offset and right angle pulling heads, all of which can install -4, -5 and -6 diameter CherryMAX bulb type rivets in all head styles, materials and grip lengths. Extensions are available for extending the pulling heads to reach limited access areas. 10° angled head allows user to work using a natural hand position. A comfortable grip for one handed operation in any position. Same weight as the G702A, with the power of much larger tools.

P/N 12-02995 ..... $879.00

POWER RIVETER G746A

Pneumatic-hydraulic tool designed specifically for installation of CherryMAX Bulb, CherryMAX 'AB' wiredraw and CherryLOCK 'A' wiredraw rivets. Ideal for use in rugged shop environments. This tool utilizes straight, offset and right angle pulling heads. A comfortable grip for one handed operation in any position. Stroke: .875". Pulling Force: 1,850 lbs (839 kgs). Weight: 4.25 lbs (1.9 kgs). P/N 12-02991 ..... $864.00

G84-LS SPLIT POWER RIVETER

Designed for high-speed, reliable installation of the most popular sizes of blind rivets, lockbolts and blind bolts. Fastener installation in many limited access areas and also reduces operator fatigue. This tool installs all Lockbolt, blind bolts and blind rivets to 1/4" diameter, as well as Cherry rivetless nut plate in all sizes. Stroke: 0.53". Pulling Force: 5700 lbs (2608 kgs). Weight: 11.8 lbs (5.4 kgs). P/N 12-03014 ..... $4,665.00

LOCKBOLT HEAVY-DUTY POWER RIVETER G87D

Heavy-duty production tool designed for high speed, reliable installation of the most popular sizes of aircraft Lockbolts. Ideal for use in rugged shop environments. By bending the rubber pin deflector sideways, 1-1/2" additional clearance can be obtained. This tool can also be used to install blind bolts and blind rivets. Stroke: 9/16". Pulling Force: 9,500 lbs (4,309 kgs). Weight: 10.75 lbs (4.9 kgs) P/N 12-03016 ..... $3,878.00

SPLIT POWER RIVETER G704B-40SH

Installation of CherryMAX rivets in applications with extremely limited access. Equipped with an 8 foot hose. Pulling heads not included with riveter. Hose Length: 10' (305 cm). Stroke: .518". Pulling Force: 3136 lbs (1423 kgs). Weight: 4.5 lbs (2.0 kgs) (power unit only) P/N 12-02987 ..... $2,168.00

SPLIT POWER RIVETER G704B-SR

Designed specifically for the installation of CherryMAX rivets in applications with extremely limited access. Equipped with an 8 foot hose. Pulling heads not included with riveter. Hose Length: 3" (91.5 cm). Stroke: .518". Pulling Force: 3136 lbs (1423 kgs). Weight: 4.5 lbs (power unit only).

P/N 12-02989 ..... $1,659.00

NUT-PLATE RIVETER G902 (FEED THROUGH)

All-pneumatic tool designed specifically for installation of nut plate rivets. This tool utilizes straight pulling heads which can install 3/32" and 1/8" pull-through type nut plate rivets and 3/32" CherryLOCK 'A' rivets. Stroke: 3/4". Pulling Force: 550 lbs (250 kgs). Weight: 2 lbs (0.9 kgs) P/N 12-03017 ..... $723.00

NUT-PLATE RIVETER G902-15 (SIDE EJECT)

The G902-15 (side eject) is an all-pneumatic tool designed specifically for installation of nut plate rivets. This tool utilizes straight pulling heads which can install 3/32" and 1/8" pull-through type nut plate rivets and 3/32" CherryLOCK 'A' rivets. Stroke: 3/4". Pulling Force: 550 lbs (250 kgs). Weight: 2 lbs (0.9 kgs) P/N 12-03018 ..... $880.00

CHERRY HAND RIVETER G30

Pulling head is integral part of tool. Great in areas with limited access or power limitations. The G30 is an efficient, compact and lightweight tool for installing Cherry LOCK 'A' rivets. Overall length: 9 1/4" (23.5cm). Weight 0.8 lbs.. P/N 12-02982 ..... $327.00

CHERRYLOCK POWER RIVETER TOOL KIT G784KT

Includes: • G784 CherryLock Power Riveter - Stroke: 7/8", Pulling Force: 2,600 lbs (1, 179 kgs), Weight: 8 lbs (3.6 kgs) • B36B740 Valve Spring Installation Tool • B37B740 Valve Sleeve Removal Tool • 74DA43 Shift Piston Tool • 680A114 Seal Guide • 680A114 1 1/2" End Cap Socket Wrench • 680A48/49 Clamp Wrench • 700B65 Packing Plug Wrench • 740A43 Power Cylinder Tool • 700A61 Piston Rod Wrench • P1178 Valve Plug Extractor • 700A60 Seal Guide P/N 12-03003 ..... $2,587.45

RIVET GUNS

CHERRY G-28 HAND RIVETER GUN

The Cherry G-28 is a lightweight (13 oz.) ruggedly compact hand tool designed to efficiently set a broad range of Cherry commercial rivets. A unique torsion spring keeps the lever arm in place, ready to accept rivet after rivet. The G-28 comes with two popular size nosepieces, 728A9-4 (to set Cherry N Rivets - 1/8" dia. & Cherry Q Rivets - 1/8" dia.) and 728A9-6 (to set Cherry N Rivets - 5/32" & 3/16" dia. & Cherry Q Rivets - 5/32" & 3/16" dia.), one of which is stored securely out of the wav in the riveter handle. P/N 12-03000.....$123.75

CHERRY G-29 HAND RIVETER

The Cherry® G-29 Hand Riveter is an efficient, compact, lightweight tool for installing Cherry® NUT-PLATE rivets. It comes equipped with a 728A9-3 nosepiece to install 3/32" rivets and has a 728A9-104 nosepiece stored in the handle for installing 1/8" rivets. The G-29 Riveter is 9-1/4" long, weighs just 13 ounces and is intended for use when access or power limitations prevent the use of Cherry® power tools. P/N 12-00701.....$118.75

CHERRY G-27 HAND RIVETER KIT

The Cherry G-27 Hand Riveter is designed specifically for the most efficient installation of 1/8" CherryMAX Rivets. The G-27 Riveter is intended for use where access or power limitation prevents the use where access or power limitation prevents the use of Cherry pneumatic power tools. Overall length of the G-27 is 9-1/4", the net weight is just 13 ounces and the pulling head is an integral part of the tool.

P/N 12-03105..... $93.75

RIVET KIT

This rivet kit includes 200 assorted Klik-Fast rivets in popular sizes. The molded plastic case houses and protects the tool and rivets. Weight 4 lbs.

P/N 12-03100..... $97.85

120° FLUSH DIMPLING TOOL

This unique tool for 1/8" 120° countersunk "Pop" rivets attaches to the Cherry G-28 standard hand "Pop" rivet gun. Simple design makes dimpling foolproof, quick and easy, with no cracking of metal. For use on aluminum to .040" thickness. P/N 17014 .....$10.75

ADJUSTABLE RIVET SPACER

For uniform spacing of rivets, bolts, nails, etc. Unique fan design expands to 36". Equally spaces up to 20 holes between 2 given points. Made of 301 stainless steel.

P/N 12-11700.....$39.85

10 Hole spacer P/N 12-00184.....$24.75

RIVEDRILL™

Allows operators to set up to 14 rivets per minute - twice as many as can be set by standard hand tools. The RiveDrill is ergonomically friendly, requiring just 6.6 lbs. of pressure to operate, compared to 77.2 lbs. required for hand tool operation. Able to set any standard blind rivet up to 3/16" aluminum. (For cordless electric power drills, a minimum 12V battery is recommended.) Nosepieces for 1/8", 5/32", & 3/16" sizes are included. P/N 12-00253..... $69.50

ULTRALIGHT NUTPLATE DRILL MOTOR

Ergonomic, lightweight design. Only one hand required to locate, drill & countersink both holes. Easily convert rivet spacings with interchangeable foot attachments. Accomodates all nutplate spindle spacings from 0.219" to 1.125". Fully adjustable feed rate. P/N 12-01376 .....$3,624.00

SWIVEL RIVETING TOOL

Rotates 360° and rivets in any position. High leverage handles for added power. Hardened steel construction for long life. Extended nose for hard to reach places. Will pull 3/32", 1/8", 5/32", and 3/16" rivets. Model TP844 ..... P/N 12-00365 ..... $56.85

HOMEBUILDERS RIVET NUT TOOL

Enables the rivet nuts to be seated tighter than with conventional tools. The rivet nut possesses far greater load bearing capability than a regular sheet metal screw! Proudly made in U.S.A. For use with aluminum or steel rivet nuts.Kit includes Rivet Nut Tool, Stabilizing Rod, and Qty 1 each of 6-32, 8-32 and 10-32 rivet nuts. P/N 12-00968..... $19.65

THREAD SELF-COILING AIR/VACUUM HOSE

This 25 ft. air vacuum hose snaps back to a compact 20" coil for easy storage. Includes non-corrosive brass male fittings. Excellent for air tools using a compressor. 100 PSI working pressure. Oil resistant polyurethane construction High visibility color. 1/4" NPT air inlet P/N 12-00218..... $10.75

ATS AIRCRAFT RIVET GUN #2602

So controllable you can easily buck rivets as small as 3/32" to as large as 3/16".

P/N 12-18340 ..... $103.96

RIVET SET MAX FOR 2602 RIVET GUN

3/32", 1/8", 5/32" and 3/16" rivets.

3-1/2" (5 pcs. straight, includes flat) P/N 12-18341 .....$23.96
3-1/2" (4 pcs. offset) P/N 12-18342 .....$23.96
5-1/2" (4 pcs. straight) P/N 12-18344 .....$23.96

PROFESSIONAL HAND PLIER RIVET TOOL

Professional Hand Plier Rivet Tool is 50% easier to use then other hand tools. A patented compound link designed does the work for you. A shorter grip opening ergonomically designed for one hand operation. Grips cover the length of the lever and body, and soft handles are contoured to fit the hand.

The wrench and nosepieces (3/32", 1/8", 5/32", & 3/16") are stored in the handle of the tool. Excellent for use on Cherry and other standard pop rivets.

Features: • Robust aluminum casting and vanadium steel handle design • Setting capacity: aluminum rivets up to 3/16" (4.8 / 5.0mm) body diameter • Contoured handle grips for comfort • Rivet retaining handle design for one-handed riveting • Supplied with nosepieces for 3/32", 1/8", 5/32" & 3/16" (2.4mm, 3.2mm, 4.0mm & 4.8mm) rivets • Supplied nosepiece wrench • Length: 9.65" (245mm) • Weight: 1.3 lbs. (0.6 kg)

P/N 12-00178 ..... $34.99

HEAVY DUTY RIVETER

Includes four nosepieces to set rivet diameters from 3/32" up to 3/16". Convenient lock chain keeps handles closed when tool is not in use. Made in U.S. P/N 12-18352 ..... $38.95

3M™ RIVETERS TAPE

3M™ Riveters Tape 685 Transparent Film with Green Adhesive, 1.7 mils (.043 mm) Polyester film with a rubber-strip coated along edges of tape only and tack-free center Window P/N 12-18355.....$10.85

COMBINATION RIVET-RIVNUT TOOL

Ideally suited to the needs of the aircraft homebuilder. Develops 3,500 lbs. of pulling force which permits the installation of all Cherry Commercial Blind Rivets or any other Pop type rivets through 1/4" diameter as well as all CherryMax rivets through 3/16" diameter. Will not pull Cherry Lock rivets. Quickly converts to a threaded blind nut setter. The kit includes the D100 hydraulic tool with adapters for blind rivet and blind nut installation, rivet nosepieces for 1/8", 5/32" and 3/16" diameter blind rivets, blind nut pull-up studs with nosepieces for 6-32, 8-32, 10-32 and 1/4-28 Rivnuts, operating instructions and a rugged Plastic storage case. Size: 12-1/2" x 8-1/4 x 3'. Weight: 3 lbs. P/N D100-RN Kit $358.00

PNEUMATIC-HYDRAULIC BLIND RIVETER

No larger than a compact drill motor, will install virtually any straight-pull blind rivet with installation loads of 3500 lbs. or less. All blind rivets from 3/32" dia. up to and including 1/4" dia. Can install CherryMax rivets. It utilizes a patented two-valve hydraulic pump actuated by 90 to 130 PSIG air pressure. Collect/jaw assembly remains stationary while the outer sleeve-nosepiece assembly is hydraulically moved, creating sufficient load to install the rivet. Furnished with three nosepieces for 1/4", 1/8", 3/16" & 3/32" rivets. Wt. 29 oz. P/N 09-01070 .....$558.95

RED BOX 737 RIVET GUN KIT

Includes: 1pc Rivet Gun (choose size 2X, 3X or 4X), 1pc Type A -Bucking Bar, 1pc Type B -Bucking Bar, 1pc Brass Regulator, 1pc Air Tool Fitting, 4pcs 3.5" Straight Rivet Set (3/32", 1/8" 5/32", 3/16"), 1pc Standard Flush Set (Surface: 1", Length: 2.5"), 1pc Beehive Spring, 1pc Retainer Spring, 1pc Marvel Air Tool Oil (Made in USA)

TO

BLUE PNEUMATIC RIVETING TOOL BP-3V

2100lbs. of force the tool has the best weight to power ratio in the industry, boasting 2100lbs of pulling force. It can set 1/8,5/32 and 3/16 rivets in all Alloys. Super light weight and small, allowing the rivet gun to fit in the tightest of spaces. Convenient, thumb-operated on/off vaccum control switch to control compressor air consumption. Comes complete with nose tips for 1/8, 5/32 and 3/16,. Also included are wrenches for service and oil applicator. Recommended operating air pressure is 80-95psi. Weight 3.2 lbs. P/N 12-03384 ..... $373.95

BLUE PNEUMATIC RIVETING TOOL BP-4V

3500lbs of pulling force. Can set 1/8,5/32, 3/16 and 1/4 rivets in all Alloys. Super light weight, allowing the rivet gun to be operated continually with great comfort. Convenient, thumb-operated on/off vaccum control switch to control compressor air consumption. Complete with nose tips for 1/8, 5/32, 3/16 and 1/4. Also included are wrenches for service and oil applicator. Recommended operating air pressure is 80-95psi. Weight 3.6 lbs. P/N 12-03385 ..... $598.75

BLUE PNEUMATIC COMPACT HEAVY DUTY RIVETER BP-54

The power of the large "heavy duty" riveters in the body of a small one. Sets 3/32, 1/8, 5/32 and 3/16 rivets in all materials. Ideal for multi-grip rivets and pulls 3/16 Monobolt/Magna-lok structural rivets. Nose pieces and service wrenches are included. Recommended operating air pressure is 85-100 psi. Weight 4 lbs.

Without Vacuum ..... P/N 12-03386 ..... $311.00
With Vacuum ..... P/N 12-03429 ..... $366.00

BLUE PNEUMATIC HEAVY DUTY AIR / HYDRAULIC RIVETER BP-50

3800lbs. of force. Sets rivets from 1/8 through 1/4 in all materials. Its 7/8 stroke allows this rivet tool to pull most structural rivets in one stroke. Great for high production applications. Comes with nose pieces including 1/8, 5/32, 3/16 and 1/4. Also included are wrenches for service and oil applicator. Recommended operating air pressure is 85-100 psi. Weight 5 lbs.

P/N 12-03387 ..... $572.58

BLUE PNEUMATIC POWER MICRO BLIND RIVET GUN BP-48V

Installs 3/32, 1/8 and 5/32 blind rivets in all materials. This rivet tool weighs in at 2.4 lbs and has 1760 lbs. of pulling force. The rivet gun comes with a vaccum powered mandrel collection system. Also included are wrenches for service and oil applicator. Recommended operation pressure 85-100 psi. Weight 2.4 lbs.

P/N 12-03388 ..... $339.00

BLUE PNEUMATIC AIR HYDRAULIC RIVETER WITH VACUUM BP-50V

3800lbs. of force. Sets rivets from 1/8 through 1/4 in all materials. Its 7/8 stroke allows this rivet tool to pull most structural rivets in one stroke. Great for high production applications. Rivet tool comes with nose pieces including 1/8, 5/32, 3/16 and 1/4. Also included are wrenches for service and oil applicator. Recommended operating air pressure is 85-100 psi. Weight 5 lbs.

P/N 12-03430 ..... $625.00

BLUE PNEUMATIC BIG SPIN RIVET NUT TOOL BP-200BC

Now with a swiveling air inlet and ergonomic composite handle. Operates at 200 rpm for installations of the large rivet nuts. Places 1/2-13 and M12. Recommended operating air pressure is 85-110 psi. Weight 2.8 lbs. Part includes nose assembly, make selection at time of order. Nose assembly sizes: 632, 832, 1024, 1/4-20, 5/16-18, 3/8-16. P/N 12-03431 ..... 2.95

BLUE PNEUMATIC HEAVY DUTY LEVER RIVET NUT TOOLS

HEAVY DUTY LEVER RIVET NUT TOOL BP-734: • Heavy Duty Lever Rivet Nut Tool • Comfortable easy grip handle • Long handles for easy rivet nut and nutsert installations. • Includes M5, M6, M8 and M10 Nose Assemblies.

P/N 12-03501 ..... $83.75

HEAVY DUTY LEVER RIVET NUT TOOL BP-734S: • Heavy Duty Lever Rivet Nut Tool • Comfortable easy grip handle • Long handles for easy rivet nut and nutsert installations • Includes 10-24, 1/4-20, 5/16-18 and 3/8-16 Nose Assemblies. P/N 12-03502 ..... $83.75

HEAVY DUTY LEVER RIVETER BP-764: • Up to 1/4 steel • Heavy Duty Lever Rivet Tool • Comfortable easy grip handle • Rivet tool comes with nose pieces including 1/8, 5/32, 3/16 and 1/4.

P/N 12-03503 ..... $78.75

BLUE PNEUMATIC COMPACT HEAVY DUTY RIVETER BP-54

Sets 3/32, 1/8, 5/32 and 3/16 rivets in all materials. Ideal for multi-grip rivets and pulls 3/16 Monobolt/Magna-lok structural rivets. Nose pieces and service wrenches are included. Recommended operating air pressure is 85-100 psi. Weight 4 lbs. P/N 12-03432 ..... $431.00

BLUE PNEUMATIC ACCU-SPIN RIVET NUT TOOL BP-600QC

Swiveling air inlet and ergonomic composite handle. Operates at 800 rpm for quick installations of smaller rivet nuts. Places 8-32, 10-24, 1/4-20 and M4, M5, and M6 rivet nuts. Recommended operating air pressure is 85-110 psi. Weight 2.8 lbs. Part includes nose assembly, make selection at time of order. Nose assembly sizes: 632, 832, 1024, 1/4-20, 5/16-18, 3/8-16. P/N 12-03433 ..... $431.00

BLUE PNEUMATIC QUICK SPIN RIVET NUT TOOL BP-2000QC

Swiveling air inlet and ergonomic composite handle. Operates at 1600 rpm for quick installations of smaller rivet nuts. Places 6-32, 8-32, 10-24 and M3, M4, as well as Jacknuts. Recommended operating air pressure is 85-110 psi. Weight 2.8 lbs. Part includes nose assembly, make selection at time of order. Nose assembly sizes: 632, 832, 1024, 1/4-20, 5/16-18, 3/8-16 P/N 12-03434 ..... $431.00

BLUE PNEUMATIC PIN PULL SPIN ULTRA RIVET NUT TOOL BP-60

SPIN-PULL-SPIN setting sequence. In one touch the fastener quickly spins on, pulls the fastener, and with the release button, spins out of the fastener. Setting cycle is about 2 seconds. Fully adjustable stroke for accurate insert placements. Mandrels are included with tool. Comes complete with sizes 8-32 through 1/2-13 or M4 through M12. "More Power" means this tool uses its huge 6800 lbs. of pulling force to set up to 1/2 (M12) steel rivet nuts with ease. Recommended operating air pressure is 80-100psi. Weight 6 lbs.

Standard ..... P/N 12-03436 ..... $1,249.00

Kit includes: TP726A, TP726B, TP726C, TP726N, and handy case. •Perfect for field repair and experimental use • Easy to use - inserts from one side of the work in seconds • Excellent for close quarters, overall height less mandrel 1-1/2" • Uses 3/4" open end or socket wrench • TP726N Notcher manually operated • Made in the U.S.A.

Model	Part No.	Price
TP726A / 6-32	12-00348	$47.65
TP726B / 8-32	12-00349	$42.50
TP726C / 10-32	12-00350	$42.50
TP726N/Notcher	12-00351	$21.75
TP726K / Kit	12-00352	$133.50

L-1000 ECONOMY HAND RIVNUT TOOL

The L-1000 economy hand rivnut tool is recommended for slotted rivet nut fasteners. Adequate for aluminum, brass, steel and stainless steel fasteners. Made in U.S.A. Order by part number. L-1000M is same tool, except in metric sizes.

Model	Thread Size	Part No.	Price Ea.
L-1000	(60-32)	12-13645	$45.75
L-1000	(8-32)	12-13650	$45.75
L-1000	(10-32)	12-13655	$45.75
L-1000	(1/4-28)	12-13660	$47.75
L-1000M	(M6)	12-13675	$49.75

BLIND RIVET REMOVAL TOOL

This rivet removal tool allows you to remove those stubborn Pop, Avdel, Cherry-Q, and other blind rivets. The serrated nosepiece fits over any button head, round head, or universal head rivet and locks in place to keep it from spinning as it's being drilled out. It will also remove solid rivets. Includes adapters to remove 3/32", 1/8", 5/32", and 3/16" rivets.

P/N 12-03368 ..... $60.76

HEAVY DUTY RIVET CUTTER

This high quality, durable rivet cutter features all steel construction and cuts 1/16" to 1/4" diameter rivets. It is adjustable for 1/4" to 3/4" long rivets.

P/N 12-16840 ..... $42.50

RIVET CUTTER

This handy rivet cutter, w/ 2 hardened blades, cuts rivets of any standard dia. from 3/32" to 3/16" without burring. The length of the cut rivet can be varied from 3/16" to 5/8" by means of 8 adjustable leaves attached to the cutting head. Plastic coated grips. Wt. 2 lbs. P/N 12-00200 ..... $29.55

LUFKIN METRIC/INCH TAPE MEASURE

LUFKIN NO. W921OME Has 1/2" blade, 3 meters long (equal to about 10 ft.). Markings are on one side only, with millimeters on upper edge and inches to 16ths on lower edge. White face.....P/N 12-19700 ..... $11.95

STANLEY DECIMAL INCH TAPE MEASURE

This 12-ft. steel tape measure with 1/2" blade is graduated in tenths & hundredths of inches and also in fractions of inches (32nds). Very handy for all aircraft construction. A must for building composite aircraft.

P/N 33-272 ..... $19.80

SMART TOOL DIGITAL INCLINOMETER

Smart Tool is a unique digital inclinometer with up to 0.1° of repeatable accuracy. Measures and displays any angle through 360°, and readings can be relative to any angle. Smart level even calculates complicated slope measurements in either percent or inches per foot. It is sunlight viewable, features 3 sensitivity settings, and has 120-hour battery life with auto shut–off. Powered by any 9V battery.

Smart Tool in 24" rail ..... P/N 12-21365 .....$163.95
Smart Tool in 48" rail ..... P/N 12-21370 .....$175.95

INSTANT ANGLE FINDERS

MODEL 200M (2-3/4" Dia. Dial) - Very versatile tool —ideal plumb bob. Magnetic base and center hang hole. Body of high impact ABS plastic. Dial protected by acrylic cover. Angle and rise chart on back.

P/N 12-14800 ..... $23.85

DIGITAL PROTRACTOR/LEVEL ND-81

Full 360-degree measuring range with maximum resolution and accuracy of 0.1 degree. Simple 30 second calibration procedure using only the top flat edge of a table or desk. Alternate zero button to set zero starting point at any angle (commonly used for aileron, flap and elevator rigging). Display hold button to freeze reading when measuring in tight spaces. Readout stays upright even when protractor is upside down. Dimensions: 7.5" x 5" x 3". Total weight: 16 oz. P/N 12-02651 ..... $98.95

PRO 360 DIGITAL PROTRACTOR

The Pro 360 Digital Protractor is a revolutionary measuring tool that provides an immediate, digital reading of all angles in a 360º circle.The machined aluminum frame is a rigid, light weight, ultra-precise platform that allows the state-of-the-art sensor and its microprocessor circuit to provide unsurpassed accuracy throughout the Protractor's 360º range. Typical used by aircraft builders, maintenance personnel and airport operators. P/N 12-20125 .....$256.95

PRO 3600 DIGITAL PROTRACTOR

The PRO-3600 is accurate to 0.01º and has an RS-232 compatible serial port for a computer interface and SPC records keeping.

P/N 12-00759 .....$396.00

RIV-NUT PULLERS

The Riv-Nut Puller was designed for installation of steel and aluminum rivet-nuts. High speed, push-pull action. Available in sizes 6/32, 8/32, and 10/32.

Rivnut Puller 6/32 .....P/N 12-02886 ..... $93.75
Rivnut Puller 8/32 .....P/N 12-02887 ..... $93.75
Rivnut Puller 10/32 .....P/N 12-02888 ..... $93.75
Rivnut Puller Conversion Kit 8/32.....P/N 12-02880 ..... $36.50
Rivnut Puller Conversion Kit 10/32 .....P/N 12-02881 ..... $36.50
Rivnut Puller 6/32 w/ 2 Conversion KitS.....P/N 12-02885 .....$148.50
Rivnut Stem Replacement 6/32 .....P/N 12-02889 ..... $22.95
Rivnut Stem Replacement 8/32 .....P/N 12-02890 ..... $22.95
Rivnut Stem Replacement 10/32.....P/N 12-02891 ..... $22.95
Rivnut Puller Conversion Kit 8/32.....P/N 12-02880 ..... $36.50
Rivnut Puller Conversion Kit 10/32 .....P/N 12-02881 ..... $36.50
Rivnut Puller 6/32 w/ 2 Conversion Kit.....P/N 12-02885 .....$148.50

TO

PLASTIC PRY TOOLS – AIR CHISEL TOOLS

BOJO PLASTIC PRY TOOLS

Soft, yet strong, all Bojo tools are made tough enough to pry, but not hard enough to damage. These 4 tools are provided as a set.

PLASTIC GENERAL WEDGE TOOL - General narrow point for reaching in narrow spaces.

PLASTIC STICKER/GASKET TOOL - Wedge tip, for use where a wide area is desired with a "soft" touch.

PLASTIC PRY BAR TOOL - The forked tip. The original for removing door panels and plastic grommets.

PLASTIC WEDGE PULLER TOOL - The forked tip. The original for removing door panels and plastic grommets.

Set of 4 listed above..... P/N 12-00748..... $14.95

MASTER INSTALLER KIT - Soft, yet strong, all Bojo tools are made tough enough to scrape, but not hard enough to damage. Set of 7.
P/N 12-00976..... $19.95

AIRCRAFT ASSEMBLY SCRAPER KIT - Soft, yet strong, all Bojo tools are made tough enough to scrape, but not hard enough to damage. Set of 4. P/N 12-00977..... $15.50

DELUXE SCRAPER KIT - This is an expansion of our original 4 Piece Scraper Kit (which you currently buy in the medium strength material NGL). The new tips were design from request in the aviation fuel bladder cleaning industry for the US Air Force and US Navy overhaul programs. This new, stronger material is highly resistance to all forms of chemicals and sealants. PN 12-01858..... $31.75

Description	Part No.	Price
Pry Tool Large LFT-2-N	12-01859	$7.50
Sheet Panel ADJ Tool Kit	12-01860	$18.25
Wire Guide Tool ATH-30-GNL	12-01857	$3.75

MULTI WEDGE NON-MARRING TOOL SETS

Multi Wedge non-marring tool sets allow homebuilders and avionics installers to remove panels, dash trim bezels, and other interior moldings, including door panels, without causing damage. Excellent for use in aviation, auto restoration, body work, electronics installation, upholstery etc. The Black Set (3500) P/N 12-01672 is made of a more expensive high impact polycarbonate plastic for prying harder materials such as thin walled aluminum engine covers and sheet metal panels. Product Benefits: • Thin tip to fit into tiny gaps •Wide surface area to displace force, therefore reducing damage • Flexible • Slick surface for ease of prying • Built-in handle • Non-marring surface • Slim powerful angle • Curved tip for easy prying • Thing tip for tight gaps

Multi Wedge Set Black (Hard) 3500 .....P/N 12-01672 ..... $11.75

Two Multi Wedge Sets - Orange (Soft) / Black (Hard) 3400/3500
P/N 12-01673 ..... $16.75

SEALANT CUTTERS

Sealant cutter quickly and safely removes thick applications of seam sealant for aircraft maintenance and repair. Eliminates the need for harsh chemicals. Saves time and effort. 1/4" x 28 Threaded Shank.

.40" Diameter .....P/N 12-02879 ..... $6.75

.83" Diameter .....P/N 12-02878 ..... $6.50

MULTI-PURPOSE SCRAPER

This Muli-purpose scraper has a 2 1/4" wide blade ideal for more coverage. This scraper is ideal for lighter duty jobs. It has a blade cover for safety and a hole in the handle to hang for convenience. This scraper is disposable and does not have replacement blades available. P/N 12-02371..... $6.99

AIR CHISEL TOOLS

Aircraft structures are sensitive to tool damage during manufacture, servicing and repair but the numerous plastic and composite materials available in our products are able to deliver the levels of strength and durability required of tools systems whilst conforming to aircraft manufacturer specifications.

Strong ribbed backing air chisels that are easily reshaped. Designed to fit standard air chisel tools with a 0.401" diameter shank, this scraper system maintains the damage reduction and non-marring properties of our hand tools but is suited to heavy-duty and higher volume material removal while reducing operator fatigue.

GENERAL SCRAPPER CHISEL TOOLS

Standard width air chisel scraper.

General Scrapper Chisel Tool - Soft
P/N 12-02282..... $7.50

FLAT SCRAPPER CHISEL TOOLS

Steep angle for air chisel scraping delicate, narrow jobs that require less of a wedging angle.

Flat Scrapper Chisel Tool - Soft
P/N 12-02284..... $7.50

BOX CORNER SCRAPPER CHISEL TOOLS

Ideal shape for air chisel scraping tight into corners, removing material on both sides surface at once.

Box Corner Scrapper Chisel Tool - Soft
P/N 12-02286..... $7.45

Box Corner Scrapper Chisel Tool - Hard..... P/N 12-02287..... $7.45

LARGE HEAVY DUTY FLAT AIR CHISEL TOOL

Wide air chisel scraper for larger areas of removal.

Large Heavy Duty Flat Air Chisel Tool- Hard
P/N 12-02288..... $9.95

NARROW HEAVY DUTY FLAT AIR CHISEL TOOLS

Narrow air chisel scraper for tight, confined areas of removal.

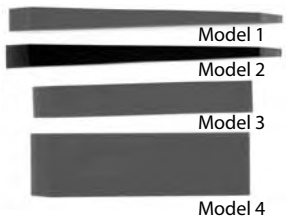
Narrow Heavy Duty Flat Air Chisel Tool- Hard
P/N 12-02289..... $9.95

SCRAPERITE BLADES

ScrapeRite razor blades come in a variety of colors and tensile strengths to meet your every need, they are the best in the world and offer many unique advantages over other scrapers and metal blades. You can use ScrapeRite blades anywhere you would use a steel blade with out the fear of damaging the underlying surface; they are perfect for glass, plastics, chrome, marble and painted surfaces.

Description	Part No.	Price
Polycarbonate Blades & Holder Wavy Surfaces - Blue	12-03313	$5.75
Acrylic Blades & Holder Flat Surfaces - Yellow	12-03312	$5.75
General Purpose Blades & Holder Delicate Surfaces - Orange	12-03314	$5.75
Replacement Blue Blades	12-03309	$0.95
Replacement Yellow Blades	12-03310	$0.95
Replacement Orange Blades	12-03311	$0.95
Big Gripper Long Handle	12-03308	$2.85

SEALANT REMOVAL TOOLS



These tools are full machined and/or laser cut, which helps them retain a sharp edge. The tools are used by many defense contractors and Naval air stations for sealant application, sealant removal, paint removal, acrylic canopy contact, and general use. They are made from cell cast acrylic or black nylon as noteed. These tools can be resharpened on an abrasive belt or disc. Note: 15% Discount on 12 or more (Per P/N)

Model	Material	Part No.	Price
Model 1	Acrylic	12-02360	$1.65
Model 2	Nylon	12-02361	$5.50
Model 3	Acrylic	12-02362	$2.45
Model 4	Acrylic	12-02363	$2.95

TO

RECOIL KITS

The Recoil System is the simple way to repair stripped or damaged threads. It provides stronger and more efficient threads which have great holding power. The system is quick and easy to use and is ideal for alloys and other light materials. The recoil insert, which is larger in diameter than the tapped hole, is compressed during installation then allowed to spring back, permanently anchoring into place. The Recoil System consists of Recoil stainless steel helically wound precision inserts, high quality HSS taps and installation tools

* UNF - Unified Fine Thread
**UNC = United Coarse Thread
*** Metric = Metric & Spark Plug (ISO)

BLIND SKIN SCRIBE

For use on flush skin butt joints. This tool quickly and easily finds the cut line on the overlap of new metal. The lower leg slides under the new metal and hooks on the adjacent skin and the upper leg scribes the new skin as it pulled along. This tool is adjustable to suite the desired gap at the skin joint. This tool is especially handy when the old skin that is removed is damaged beyond usefulness as a pattern Note: For use on aluminum only.P/N 12-00746 .....$33.75

SCREWSTICK POCKET SCREWDRIVER

The Screwstick is a pocket screwdriver which accepts any common 1/4" tip. An extra tip is stored in the stainless steel shaft, and a heavy duty magnet holds tips firmly in place. A steel torque driver for stubAborn applications is stored in the shaft. A rubber finger grip for holding plus a heavy duty pocket clip are included. Ideal for aviation, automotive, & many other applications. Great for mechanics. P/N 12-20105..... $4.50

BALLPOINT HEX SOCKET DRIVER

3/32" Ballpoint Hex Socket Driver for use on hex head screws and nuts.
*This tool is commonly used with most avionics units like Honeywell Bendix/King and Garmin.
P/N 12-02063..... $4.90

MASTER CHUCK

These versatile Master Key Chucks are available in two sizes (small & large) which open sizes 1/4" to 3/4". These tools allow you to open over 1200 different key chucks. Save wear on chucks by always having the proper key size available. The squared center of the keys opens acetylene tanks. Made of treated steel with black oxide finish.
Small .....P/N 12-30165.....$16.50
Large.....P/N 12-30170.....$15.85

ALL-SHARP DIAMOND SHARPENER

All Sharp is an innovative diamond sharpener that provides 4 different grit sizes on the same tool. All Sharp sharpens and fine sharpens tools and bits and cleans burrs on hard to reach parts and equipment. It's tough stainless body will not rust and All Sharp fits in any tool tray or pouch. Model ST-7.....P/N 12-21430. ..... $18.60

6-IN-1 COMBINATION SCREWDRIVER

• Industrial rated bits for extra long life • Heat treated 1/4" & 5/16" nut drivers • Interchangeable bits fit both Philips & Slotted screws • Bits: 3/16" Slotted; 9/32" Slotted; #1 Philips, #2 Philips.
P/N 12-14000 ..... $13.95

STRIP AND CRIMP TOOL

5 Way all purpose wire 9" long made of hardened steel matte black permanent finish with bright clear markings. Makes it an attractive & easy to use product. Features long comfortable plastic grip handles. A one piece tool that shapes & cuts wire 5 different ways. Specifications: Standard wire cutter crimps insulated terminals 22-14 12-10, Shears 5 bolt sizes 4-40 6-32 8-32 10-24 10-32, Crimps non-insulated terminals 10-12 14-16 18-22, Strips wire 10-22 awg P/N 11-08077..... $13.95

COAX CABLE CRIMPING TOOL

This 12 point, full ratchet crimping tool terminates precision BNC connectors in size RG 55,58,59,62,141,142,223,303 and 400. This crimper is built to MS22520 specifications and die set is included with the crimper. Specifications: Cable Groups: RG 55/58/59/62/141/142/223/303/400
P/N 12-02378.....$128.75

3M™ CRIMPING TOOL TH-440

High carbon, heat-treated steel crimping tool that has a unique design that provides a high strength/weight ratio that crimps a broad range of 22-10 AWG terminals and connectors. P/N 12-01146 ..... $57.50

AT508K CANNON CONNECTOR PLIERS

The AT508K features serrated jaws for improved gripping and a slip joint for improved leverage. Ideal for all common cannon connector applications.
P/N AT508K..... $22.85

WIRE MARKING TOOL

Ever been on your back looking up at a bunch of white wires or in a really tight space where only your arms and shoulders would fit and wonder, "how am I going to tell the difference between all of these wires?" this wire marking tool will allow you to do just that.
The wire marking tool works on wire from 24 ga to 8 ga. This tool is perfect for every mechanic and do it yourselfer. Mark just one wire or all of your wires before you start or while installing in just seconds. 4 and 12 pack of markers sold separately.
Wire Marking Tool.....P/N 12-02497 ..... $37.95
4 pack colors: Black, Blue, Red, Green.....P/N 12-02501 .....$9.50
12 pack colors: Black, Blue, Green, Red, Orange, Yellow, Purple, Brown, Turquoise, Lime, Berry, & Aqua. .....P/N 12-02503 ..... $19.85

POWER PRECISION SCREWDRIVER

General's Cordless Power Precision Screwdriver is ideal for ultra-delicate applications such as computer and electronics repair, hobbies and crafts. The 100+ RPM motor features forward and reverse controls, and the quick-change chuck allows for effortless swapping between 1/8" Slotted, Phillips and Torx bits. Features: • Cordless Precision Screwdriver (2 "AAA" alkaline batteries included) • 10+ hours of power • 100+ RPM motor with forward and reverse controls • Super-torque drive • Quick-change chuck • Ergonomic design allows for various comfortable grips • Precision bit assortment (1/8" drive) • Phillips: #00, #0 • Slotted: 1/16", 1/8" • Torx: T5, T6 P/N 12-02308..... $23.50

AT 540M SCREW EXTRACTOR

This heavy duty screw extractor is designed with a .401 shank to fit most standard rivet guns and is held in place by a retainer spring. The square tip will accommodate 3/8" socket tool bit holders with inserts for removing hex, square, Phillips, or standard screws. Manufactured from high grade shock resistant tool steel.
P/N 12-01632 ..... $13.70

SCREW REMOVAL TOOL

•Useful in removing screws that are corroded or have stripped heads •.401 Parker taper shank for use in rivet gun •3/8" square drive with wrench. •Use standard Phillips or Slotted insert bits •Rivet gun required. NOTE: Does not include Tips. P/N 12-00827 .....$36.75

TO

MICRO LATHE

This is the machine you don't have to "baby". The Micro Lathe is a rugged, precision instrument. Its machined, ground and stabilized steel bed has a lifetime ball bearing spindle, coupled with a 6-speed positive v-belt drive. Spindle speeds in geometric progression from 525 to 5200rpm provide the power to "HOG" 1/8-inch cuts in mild steel or the speed and accuracy to dust a few tenths. Other big lathe features include large .001 graduations on the cross slide dial, an all-angle tool post and a carriage depth stop. Adjustable gibs provide full compensation for carriage and cross slide wear. 2-yr. factory warranty. 15" bed. Comes factory assembled. The Unit pictured is a basic unit (P/N 12-00171) with an optional 3-Jaw Chuck, Boring bar(1097E), Tailstock (1150), Drill Chuck (1091), 1/4 HP 1725 RPM Motor (1021w), Motor Mount Bracket (1022), Mounting Board (1023), and Pulleys (1162 with 3M 500 belt). All accessories are sold separately and are not included in the base price. Note: Photo shows Lathe with all accessories which are not included (Available separately). P/N 12-00171 is basic lathe unit only. P/N 12-00171 ..... $189.75

General Specifications:
- Overall working accuracy: 0.0005"
- Max. bearing run out: 0.0004"
- Headstock normality to bed: .0004 in max error
- Max. taper bed dovetail over pins: 0.0001"
- All machine dovetails: 45°
- Bed width: 2 5/16 "
- Cross slide dial graduation: 0.001
- Cross slide screw: 1/4"-20 adjustment for back-lash take-up provided (jam nut arrangement)
- Carriage travel: 0.600" 1 rev. of hand wheel
- Max. spindle speed recommend: 7000 rpm
- Motor requirement: 1/8 – 1/4 HP
- Pulley type: Std. 5/8" bore, multi-step V-belt
- Length of headstock on ways: 2.875"
- Length of carriage on ways: 3.000"
- Width of cross slide on carriage: 2.000"
- Tool post: may be adjusted for angle cutting (chamfer, boring, etc.)

Capacity:
- Swing over bed: 4.5" (max. turning dia.)
- Swing over cross slide: 2 3/8"
- Overall length of bed: 15.5"
- Overall length of lathe: 16.5
- Tool bit size: 1/4"
- Drill chuck capacity: 0 to 1/2"
- Distance between centers: 9.75"
- Carriage travel: 9"
- Cross slide travel: 1.75"

Spindle Specifications:
- Sealed precision ball: 1.5748 O.D. 0.6692 I.D.
- Spindle nose: 3/4" – 16 (3/4" SAE)
- Spindle hole: 0.343
- Spindle ID taper: 15° (30° included)
- Max. collet diameter: 9/32"
- Pulley size: 5/8" bore

MICRO MILL

The Micro Mill has effortless, chatterless table and mill head movement. This is due to the unique design of our oversized gibs, ground steel ways, massive carriage, steel bed and vertical mill head support which makes the Micro Mill ready for CNC upgrade if you desire. Our small mill is really a scaled down big mill with manual operation. Other big mill features include large 0.001 graduations on friction adjustable micrometer dials for X, Y, and Z controls. Adjustable gibs provide full compensation for X, Y, and Z mill-ways wear. It all adds up to the best value in small mills. 15.5" table, power switch & cord included. Comes factory assembled. 2-yr. warranty. P/N 12-00170 ..... $769.00

General Specifications:

	Manual	CNC
• Height:	21-3/8"	26-3/8"
• Width:	17"	22"
• Depth:	16.75"	21"
• Weight:	65 lbs.	85 lbs.

- Max. bearing run out: 0.0004"
- Dovetails, X-axis: 45°; Y-axis: 90°

Capacity:
- Working Axis Travel: X=9.5", Y=5.5", Z=6.0"
- Maximum Z-Distance to Table: 9.0"
- Z-Axis Swivel: 90°
- Column Rotation: up to 180°
- Spindle Head Rotation: 90°
- 6 Spindle Speeds: 525 to 5200 RPM
- Z-axis: Steel box-ways
- Pulley type: Std. 5/8" bore, multi-step V-belt
- Construction: steel, hard anodized aluminum on all moving components adjustable brass gibs and precision ground steel-ways.

Spindle Specifications:
- Maximum Spindle Speed: 7000 RPM
- Sealed Precision Ball Bearing: O.D.=1.5748, I.D.=0.6692
- Spindle Nose: 3/4" -16 (3/4" SAE)
- Spindle Hole: 0.343"
- Spindle ID taper: 15° (30° included)
- Max. Collet Diameter: 9/32"
- Pulley size: 5/8" bore

AT429SXC MICRO MILLER

The AT429SXC Micro Miller features a .75 horsepower 20,000 RPM Sioux Tools motor. Cutter capacity is 3/4" and the unit will cut steel, aluminum and stainless steel. Spindle size is 1/4-28 and inlet pipe tap is 1/4" NPT. Air requirements: 90 PSI. Tease trigger allows slow start up & exhaust porting is through the bottom of the handle. P/N AT429SXC..... $465.95

PLYWOOD PLANER-SCARFFER ATTACHMENT

The Plywood Planer-Scarffer attachment enables you to make consistent scarf cuts quickly and easily. Easy installation and removal allows your planer to be readily used for scarffing as well as a regular planer. The Planer-Scarffer attachment is easily installed on the Makitan 1900B, Makitan 1911B and the Porter Cable 9125 planers. The attachment is not limited to these particular models or makes. With the Planer-Scarffer attachment, you can purchase standard size sheets of plywood and then join them together. This saves the extra cost of larger sheets and the shipping charges that would be required. By scarffing 4x8 sheets together, save 60% or more in the price of the plywood and make the cost more bearable. The attachment is mounted on a power-planer and cuts an 8:1 bevel. 2 models are available. One fits a 4-3/8" planer for plywood up to 1/2". The other is designed for a 3-1/4" planer and can be used on plywood up to 3/8". Specify planer type when ordering.

3-1/4" for Porter/Cable 9125 ..... P/N 12-20110-1900 ..... $129.00
4-3/8" for Makita 1912B ..... P/N 12-02414 ..... $164.95
3-1/4" for Makita N1900B ..... P/N 12-20111-1911 ..... $129.00

PLYWOOD SCARFING MACHINE KIT

Simple and easy to construct using a sanding drum and other readily available items. Allows you to make neat and efficient scarf joints with all types of plywood, varying in thickness from a 1/4 inch down to .4 mm with a professional finish that all woodworkers like to achieve. Safe to use, easy to handle and portable. A fun gadget to use for the amateur or experienced woodworker alike. In The Box: Now includes: Dust removal attachment, 30 inch by 20 inch blueprint and instructions. ..... P/N 12-02819 ..... $15.00

CRAFTSMAN WOOD TOOL CHEST PLANS

Build this magnificent wood tool chest from our detailed professional plan. It's the kind of chest a craftsman dreams of. Features 10 drawers in the sturdy base, 12 more drawers plus a large top bin in the removable upper section. Overall size is 25"W x 10-5/16"L x 27"H. Ideal for the aircraft builder or aircraft mechanic. Plans only for Wood Tool Chest.

P/N 12-18350..... $24.95

CRAFTSMAN WOOD TOOL CABINET PLANS

Machinist's and woodworkers show your skill. Impress potential customers when they come into your shop, and see such a nice cabinet like this. This cabinet has removable trays for easy access to all hand tools. This cabinet when built by my plans, will have room for all your hand tools. As a bonus it has wheels on it for easy mobility. Size of this unit when completed 32"W x 19"D x 68"H

P/N 12-00978..... $16.95

RV BUILDER TOOL KIT

These RV builders tool kits are based on recommendations from the Van's Aircraft Builders Manual as well as on the tools that have been purchased from Aircraft Spruce by RV builders. It is an excellent tool kit for the construction of the RV4, 6, 7, 8, and 10 aircraft. They include an air drill, hand rivet squeezer, rivet sets and other tools of the highest quality. If you are building a RV-9 order 100 extra 3/32" clecos and 50 extra 1/8" clecos. If you are building a RV-10 kit, order 175 extra 3/32" clecos and 125 extra 1/8" clecos as well as the RV-10 bucking bar. See Chart Below for Components

Kit with 2x Rivet Gun ..... P/N 12-00890 ..... $2,583.00
Kit with 3x Rivet Gun ..... P/N 12-00899 ..... $3,076.75
RV-10 Bucking bar ..... P/N 12-00903 ..... $37.50

WHEELING MACHINE (BENCH MODEL)

Clearly, this is the most popular of in-home English Wheels. Metal Ace offers extensive anvil configurations to meet your needs. Plus, with the new gusseted frame, it's the strongest benchtop wheel on the market. Trick out your custom-built bike or complete hobby projects without breaking the bank. These English wheeling machines provide outstanding performance on small jobs like motorcycle tanks, tank covers, seat cowls and aircraft fillets. Versatile use - mount on bench, clamp in vise or use with optional welded stand. Proudly made in the USA. Features: • Thickness capacity for steel is 18 gage;16 gauge with optional stiffener brace. • Features can be rolled into the center of a 44" panel. • Can be mounted to a bench, clamped in a vice or used with the optional welded floor stand. • Optional wheels and stand sold separately. • Anvil yoke is adjustable on both sides of the axle support with thumb screws so the anvil wheel can be trued with the upper wheel. Specifications: • 3.25" radius lower anvil • 8" upper wheel • 22" throat depth • Reinforced frame • 18 gauge mild steel capacity .080 AL capacity • Made in the USA.

WHEELING MACHINE (U-WELD MODEL)

This English Wheel U-Weld Kit supplies the components to make your own English wheel, minus the steel tubing. A detailed assembly booklet is provided and the complete kit includes all the key components of the turn-key MetalAce 44F English Wheel. Other kits on the market come with smaller 2" wide x 2 1/2" diameter anvil wheels, smaller diameter upper wheels, and require more assembly. The screwlift quick release cam unit is fully assembled. Components proudly made in the USA.

Features: • Set of 6 lower anvil wheels, 3" wide x 3" diameter • Upper wheel, 3" wide x 8" diameter • Upper wheel yoke assembly with axle and spanner • Anvil yoke assembly • Screwlift quick release cam assembly • Set of 4 caster wheels • Assembly instruction manual • Made in the USA.

Specifications: • 8 x 3" upper wheel • 2.50 R, 3.75 R, 6.00 R, 12.00 R, 24.00 R and Flat lower anvil wheels.

MA44F-KIT - Components and bill of materials to build a 44F English Wheel. P/N 12-00570 ..... $1,595.00

MUSTANG KIT

This kit is designed especially for the assembly of the Mustang Kit aircraft. It is comprised of over 300 items, specifically required in the fabrication and assembly of this aircraft.

This 317 piece kit includes:

1 TP83(3x) or TP84(4x) Rivet Gun
1 TP91 Flush Rivet Set
1 SM10-4703 Rivet Set
1 SM10-4704 Rivet Set
1 SM10-4705 Rivet Set
1 A1007-234X QC Retainer Spring
1 TP346 Heavy Duty Rivet Cutter
1 TP61K Stop Countersink Kit
1 TP722 Fluting Pliers
130 TP75-1/8 Cleco Fasteners
25 TP75L-1/8 Cleco Fasteners
80 TP75-3/32 Cleco Fasteners
1 TP74 Cleco Pliers
1 TP44 Hand Seamer
1 TP227G Duckbill Pliers
1 TP266 Deburring Tool
1 TP888-3 Hand Rivet Squeezer
1 TP116A Squeezer Sets
1 TP751 Bucking Bar
1 TP670 Bucking Bar
1 SM181 Swivel Flush Rivet Set
5 TP641HC Handi-Clamp
25 TP75L-3/32 3/32 Cleco Fasteners
1 TP81 Hand Nibbler
4 TP49-30 Drill Bits
4 TP49-3/32 Drill Bits
4 TP49-40 Drill Bits
4 TP49-1/8 Drill Bits
2 TP49-12 Drill Bits
2 TP49-3/16 Drill Bits
1 TPA5611 Unibit Drill
1 TP294HD Auto Center Punch
1 TP735K Hand Pack Trial Kit
1 TPFS6 Flat File
1 TP4263 Dimple and Die Set
1 TP4264 Dimple and Die Set
1 TP216 Tool Box

TOOL KITS – MALLETS

RV-12 BUILDERS TOOL KIT

The New RV-12 Tool kit is here! This new kit originated from the tool list in the RV-12 Plans, has recently been updated with additional tools from the kit manufacturer. This newer RV-12 tool kit includes a Molex connector crimper, more drill bits, more countersink cutters, more taps & a T-handle tap wrench, and a stick of Boelube lubricant. The ultimate RV-12 Tool Kit that is on the market today.

In the box:

- 9430 3" Avery hand rivet squeezer
- 3/32 dds sp 3/32" dimple die w/small dia. female
- 1/8 dds 1/8" dimple die set
- #8 dds #8 dimple die set
- 1621 1/8" flush set
- 1627 1/2" flush set
- 1602 sp 1/8"x 1/2" cupped set
- 1017 1/8" (30) Clecos (350 pcs.)
- 1016 3/32" (40) Clecos (50 pcs.)
- 1012 1/2"x1 side grips (5 pcs.)
- 1014 1/2"x1/2" side grips (5 pcs.)
- 200 cleco pliers
- #40 cobalt drills (4 pcs)
- #30 cobalt drills (3 pcs)
- #19 cobalt drills (2 pcs)
- #12 cobalt drills (2 pcs)
- #52 cobalt drills (4 pcs)
- #30 x 12" extension drill
- 1/4" cobalt drill (1 pc)
- #11 cobalt drill
- #16 cobalt drill (2 pcs)
- # 3 cobalt drills (2 pcs)
- 5/16 cobalt drill 1 each
- 11/32 cobalt drill 1 each
- 3/8 cobalt drill bit 1 each
- #27 cobalt drill (2 each)
- #36 cobalt drill (2 each)
- wht1921 molex wire crimper
- 1003 boelube - tube
- 500 fluting plier
- 575 hand seamer
- 1046 speed deburring tool
- 22022 royal multi-burr tool
- 1052 #30 c'sink cutter
- 1051 #40 c'sink cutter
- 1053 #27 c'sink cutter
- 1054 #20 c'sink cutter
- 1055 #12 c'sink cutter
- Special #30 x 120 cutter
- 19360 micro-stop c'sink cage
- 7891 pneumatic pop rivet puller
- p26a tight space pop riveter
- 4910 adjustable torque wrench
- unibit #3 1/4" to 3/4"
- 6510l offset snips - left
- 6510r offset snips - right
- 212 parker rolo-flair flaring
- 470-fm triple headed bender
- 7447 s/b gen. purpose hand pads
- 4510 small block for dies
- 6-32 tap
- 3/8-16 tap
- 3/8-24 tap
- 1/4-28 tap
- 5/16-24 tap
- 10/24 tap
- 21101 t-handle tap wrench
- 72758 6 pc. 4" smooth file set

DYNON SKYVIEW TOOL KIT

Pitot-Static / Angle of Attack Plumbing Kit for SkyView (or similar "ADAHRS-type") installations - Kit includes Color Coded Tubing (Pitot, Static, and Angle of Attack), Machined Static Ports, Quick-Disconnect Fittings, Snap Bushings, Grommets, Stainless hardware, and appropriate "AN" hardware for connecting to Dynon's AoA Pitot-Tube, and a detailed installation guide. Kit includes enough fittings to incorporate a backup ADAHRS unit or backup airspeed and altimeter.

P/N 12-03283 ..... $148.75

SOFT FACE DEAD BLOW BOSSING MALLET MODEL

Soft Face Dead Blow Bossing Mallet Model TCBM1.

Specifications:

- Weight: 1.5 lbs.
- Head Diameter: 2 5/16"
- Head Length: -
- Overall Length: 13"

P/N 12-03290 .....$35.85

SOFT FACE DEAD BLOW SLIMLINE HAMMER MODEL #S2

Soft Face Dead Blow Slimline Hammer Model #S2

Specifications:

- Weight: 1.375 lbs.
- Face Diameter: 1 1/2"
- Head Length: 4 1/4"
- Overall Length: 12 1/8"

P/N 12-03295 .....$20.85

SOFT FACE DEAD BLOW BOSSING MALLET MODEL

Soft Face Dead Blow Bossing Mallet Model TCBM3.

Specifications:

- Weight: 3 lbs.

Head Diameter: 2 11/16"
Head Length: -
Overall Length: 14"

P/N 12-03292 .....$48.50

SONEX BUILDERS TOOL KIT

This 367 piece Sonex Tool Kit has all of the recommended and most useful tools you will need to build a SONEX kit built aircraft.The first kit is the "standard" tools that every builder will need to build the Sonex.

The "optional solid riveting kit" is an addition for those builders that choose to use solid rivets. (Note: the optional kit is not required if standard Sonex riveting method is used).Compare our SONEX tool kit to the other SONEX tool kits on the market ---- our tool kit has the best quality tools, best value, and is the most complete SONEX tool kit available.

In the box:

- Hand seamer
- Cleco plier
- 3/32" clecos (100 pcs)
- 1/8" clecos (100 pcs)
- 5/32" clecos (100 pcs)
- 3/16" clecos (10 pcs)
- #30 pilot countersink cutter
- speed deburring tool
- 1/8" pop rivet dimpler
- #40 cobalt drills (12 pcs)
- #30 cobalt drills (12 pcs)
- #21 cobalt drills (3 ea)
- 1/4 cobalt drills (1 pc)
- #32 cobalt drills (3 ea)
- 6" swivel pad locking clamps (2)
- Vixen curved tooth file
- 4" file set (6 pcs)
- Swivel head pop rivet tool
- Fluting plier
- Rivet fan spacing tool
- 24" easy look flexible rule
- 6" s/brite cut & polish wheel
- Midwest offset snip - left
- Midwest offset snip - right
- Standard aircraft hand book
- Marker pens
- Double edge deburring tool
- Safety glasses

P/N 12-03286 .....$985.00

DYNON EFIS SYSTEMS TOOL KIT

Pitot-Static / Angle of Attack Plumbing Kit for Dynon EFIS (or similar) installations - Kit includes Color Coded Tubing (Pitot, Static, and Angle of Attack), Machined Static Ports, Quick-Disconnect Fittings, Snap Bushings, Grommets, Stainless hardware, and appropriate "AN" hardware for connecting to Dynon's AoA Pitot-Tube, and a detailed installation guide. Kit includes enough fittings to incorporate a backup EFIS or backup airspeed and altimeter. P/N 12-03284 ..... $133.80

ZENAIR HAND RIVETER

Hand Riveter with Custom Machined Heads. Riveter Heads (changeable Nose Bushing piece). ZENAIR blind (or pulled) rivets have been used to construct the all-metal Chris Heintz designs since the 1970s, and make riveting a quick and easy process! The ZENAIR riveting system forms the rivet head as the blind rivet is pulled, providing a low profile dome finish and high shear strength. Fast installation, simple tools and low cost make this a popular riveting system with homebuilders!

Note: The riveter is supplied with the custom machined heads, required for the Zenair blind rivets ((for use with Zenair blind rivets, sold separately) P/N 12-03713 .....$49.50

ZENAIR PNEUMATIC RIVETER

Pneumatic Riveter with Custom Machined Heads for use with Zenair blind rivets, sold separately ZENAIR blind (or pulled) rivets have been used to construct the all-metal Chris Heintz designs since the 1970s, and make riveting a quick and easy process! The ZENAIR riveting system forms the rivet head as the blind rivet is pulled, providing a low profile dome finish and high shear strength. Fast installation, simple tools and low cost make this a popular riveting system with homebuilders!

Note: The riveter is supplied with the custom machined heads, required for the Zenair blind rivets, for use with Zenair blind rivets, sold separately. P/N 12-03712 .....$99.85

ZENAIR BLIND RIVETS

These rivets are corrosion resistant, and the stem becomes locked in after being set. Also, not many different lengths are required for different diameters or thicknesses. In the Assembly Instructions, they are designated as A4 (1/8) and A5 (5/32).

Desc.	Length	Grip	Drill	Min. Single Shear Length	Part No.	Price
A4 Blind Rivet	1/8" / 3.2mm	1/4" / 6.4mm	#30	110 lbf / 50kg	12-03709	$11.65
A5 Blind Rivet	5/32" / 4mm	5/16" / 7.9mm	#20	180 lbf / 80kg	12-03711	$16.75

TO

RIVETING HAMMERS

US 3X

These high quality riveting hammers are excellent for all light aircraft metal riveting applications. They feature a convenient offset handle (except Model US3AA which is straight handle) and come complete with retainer spring and regulator. All models feature metered teasing trigger, made in U.S.A.

Part No.	Blows / Min.	Capacity		Stroke	Length	Weight (Lbs.)	Price
		Alum.	Bore				
US1X	3600	1/8"	9/16"	1-1/2"	5-11/16"	2	$243.95

US7X	900	3/8"	3/4"	5-13/16"	8-5/16"	6	$373.95

"RECOILLESS" RIVETING HAMMERS

US 3R

In the early stages of developing a truly recoilless/fatigueless riveting hammer, it was determined that the tools must meet certain goals. The main goal being a reduction in low-frequency vibration in accordance with ISO Standard #5349-1986. In this standard are guidelines for the measurement and assessment of human exposure to hand-transmitted vibration. As a result, the following has been achieved: •Ergonomic design: To maximize user comfort by achieving a relaxing, comfortable, lightweight and balanced tool •Compact tool size: Since aircraft riveting is never standard, a tool that will allow the best overall access • Retain user touch: A metered trigger which provides single or multiple blows per minute while maintaining the ability to set rivets in seconds • Further dampen noise output. • Least amount of parts: No similar tool is produced with fewer parts, thus enhancing reliability, but keeping it simple enough so that maintenance can be done by anyone.

Independent testing* has shown these tools will greatly lessen job-related effects of prolonged exposure to vibration & boost user productivity.

PNEUMATIC RIVET SQUEEZER

Heavy duty industrial tools are manufactured to exacting standards to insure long service life. All critical parts, including the yoke, are fabricated from 4130 steel and heat treated to Rc 42-46. These rivet squeezers have earned a reputation for durability and reliability through years of service on the production lines of major airframe manufacturers such as Grumman, Piper, Beech and Cessna. Easily operated by one hand. All replacement parts and other yoke designs available. Features feathering throttle.

4X	1740	1/4"	1/2"	3-1/16"	3.6	$148.95

TP82 AND TP84 RIVET GUNS

This "X" type feathering trigger riveter is the only rivet gun that allows you to slowly begin riveting without damage to the skin. This is critical in performing riveting operations. This gun is used by aircraft mechanics worldwide. It's also the perfect tool for kit builders. NOTE: Long term exposure to low frequency vibration caused by riveting may be harmful to your hands and arms. We suggest you take frequent breaks when riveting to reduce this exposure. Features: * Takes .401 shank rivet sets * Lightweight aluminum handle * Price includes spring retainer & regulator (TP97) * Precision machined hardened and ground valve * "Sure Grip" powder coated finish * Teasing trigger * Precision machined and hardened cylinder for long life. • Made in the U.S.A.

2X Rivet Gun (1/8" Capacity)..... P/N 12-02004 ..... $148.95

3X RIVET GUN KIT

Virtually all the tools you need for riveting in kit form. Intended for professional sheet metal mechanics, serious home builder/students. Packed in a sturdy molded plastic case. #1 selling kit. Visit www.aircraftspruce.com for a complete list of kit contents.

P/N 12-00240..... $299.00

ATS ECONOMY RIVETING KIT (3X)

This cost-saving riveting kit features ATS's popular 2602A Rivet Gun , a selection of 4 Bucking Bars (141, 142, 148, and 149), plus a complete assortment of Rivet Sets to install Universal Head (AN470) or Flush (AN426) rivets in sizes 3/32" to 3/16". Comes to you in a stylish molded case to keep things neatly organized. This is the prefect "field" kit to take with you anywhere -- it has the riveting tools you need conveniently laid out in one handy ready-to-go package. P/N 12-03195..... $183.96

SPECIAL DIMPLING & RIVET SET
FOR RV4, RV6, RV8 AIRCRAFT

This 21-piece dimpling and riveting set was designed especially for use in the construction of the Vans RV aircraft series, and is ideal for a variety of other aircraft as well. All the riveting sets and dimple dies are made from heat treated stainless steel.

* Dimple dies size stainless steel – rivet set are steel. All are heat treated.

Special RV Dimpling and Riveting Kit includes: Set holder block, Cup sets, Flat sets, and Spring back dimple dies.

Dimple Dies –3/32", 1/8", 5/32" rivet size. 6-32, 8-32, 10-32 screw sizes.

Cup Sets – 3/32", 1/8", 5/32".

Flat Sets – 1/16", 1/8", 3/16", 1/4", 5/16", 3/8", 1/2". Polyethylene set.

21-piece kit..... P/N 12-00450 ..... $209.75

7-PC RIVET SET

Holder includes 3/32", 1/8", 5/32 and 3/16 cups for AN470 rivets, plus 3 flat sets for AN426 rivets. To be used with pneumatic or hand rivet squeezer.

P/N 12-00555..... $89.75

6-PC DIMPLE DIE SET
RIVET SIZE

Holder includes springback dimple dies for 3/32", 1/8" and 5/32" rivets. To be used with pneumatic or hand rivet squeezer.

P/N 12-00560..... $94.85

6-PC DIMPLE DIE SET
SCREW SIZE

Holder includes springback dimple dies for 6-32, 8-32 and 10-32 screw sizes. To be used with pneumatic or hand rivet squeezer.

P/N 12-00565..... $99.75

BUCKING BARS

Our bucking bars are cast with ductile iron to insure non-porous finish which is very important in order to have a highly polished finished surface. They are heat treated to 38-42 RC and therefore can be repolished many times without changing hardness. This wide selection of sizes, shapes, and weights enables the aircraft builder to pick the proper bar for his job. Made in the U.S.A.

V-DRILL PORTABLE GUIDES

The V-Drill Guide is like a portable drill press for precision alignment. V-groove along the bottom of the guide allows for perpendicular alignment with all drill sizes on round parts and corners. Bottom surface is precision ground to assure stability and accurate perpendicular alignment on flat surfaces. Drill guide is sized for drill bit sizes: 1/8" to 3/8", and made for 17 standard drill sizes (1/8 to 3/8 in 1/64 increments). Guides are made from special nickel alloyed steel that is heat treated for durability. Drill Straight - Every Time! Drill Guide comes with a handy plastic storage case and is 100% American Made Quality. Features: • Accurate - 90 degree V-groove along the bottom - automatically squares up the drill with the surface • Portable - Pocket size - Reusable plastic storage tube • Built to Last - Special nickel alloyed steel • High Quality - Natural steel finish - non-plated - Heat-treated for durability.

1/8" to 3/8" ..... P/N 12-02937 ..... $22.85
3/8" to 1/2" ..... P/N 12-03455 ..... $24.50

V-TAP GUIDES

The V-Tap Guides are for regular ground taps for hand tapping threads into pre-drilled holes. Works great on flat surfaces, round parts, and angled edges. Tap Straight - Every Time!

Standard: Guide holes are sized for ANSI Standard Ground Taps (0-80, 1-64, 1-72, 2-56, 2-64, 3-48, 3-56, 4-36, 4-40, 4-48, 5-40, 5-44, 6-32, 6-36, 6-40, 8-32, 8-36, 8-40, 10-24, 10-32, ¼-20, ¼-28, 5/16-18, 5/16-24, 3/8-16, 3/8-24, 7/16-14, 7/16-20, ½-13, ½-20, 5/8-11, 5/8-18). A protective plastic storage tube is included. P/N 12-02938 ..... $20.66

Metric: Guide holes are sized for ANSI Standard Ground Thread Metric Taps (1.6mm, 2mm, 2.5mm, 3mm, 3.5mm, 4mm, 5mm, 6mm, 8mm, 10mm, 12mm, 14mm, 16mm). A protective plastic storage case is included. P/N 12-02939 ..... $20.66

STI V-TAP GUIDES (SCREW THREAD INSERTS)

The STI (Screw Thread Insert) V-Tap Guides are for Helicoil type taps to repair striped out threads.

STI V-TAP Guide (Unified Course Threads): Can handle standard ground STI hand tap sizes: 9/16-12, 1/2-13, 7/16-14, 3/8-16, 5/16-18, 1/4-20, 12-24, 10-24, 8-32, 6-32.
P/N 12-02940 ..... $20.66

STI V-TAP Guide (Unified Fine Threads): Can handle standard ground STI hand tap sizes: 5/8-18, 9/16-18, 1/2-20, 7/16-20, 3/8-24, 5/16-24, 1/4-28, 10-32, 8-36.
P/N 12-02941 ..... $20.66

FLUSH RIVET SET WITH RUBBER RING

Features a rubber ring around the face to reduce slippage and to prevent damage to aircraft skin. Face Diameter: 1 1/4". Shank: 0.401.

Rivet Set ..... P/N 12-03361 ..... $16.50
Replacement Rubber Ring ..... P/N 12-03362 ..... $4.65

SNAP SOC RIVET SET CAPS

Insert these caps onto the ends of your rivet sets to provide a protective zone between the rivet set and the rivet. Helps to prevent against damage to the rivet or adjoining aircraft skin. Color coded for easy use. Each cap lasts for approximately 50-70 rivets. Note: Rivet Set pictured is not included.

Color	Size	Part No.	Price
White	3/32"	12-03363	$17.50

HAND RIVETING & DIMPLING TOOL

Used for hand dimpling of skins and small parts and for hand riveting of parts, assemblies, and spars. This tool maintains alignment of the dies to each other, and insures proper alignment to the work surface for superior dimpling results over either rivet gun or free-hand dimpling methods.

Features include: • 22" deep x 4" tall throat • Heavy wall 1" x 2" steel tube arm • Heavy wall aluminum channel base • Bronze 1/2" I.D. guide bushings for shafts • Heat treated and centerless ground stainless steel driver shaft (2)– one shaft has flat end for riveting with rivet gun & one shaft accepts 0.187" shanks for dimple dies & sets. •1.5" extension shaft for dies • Adjustable die holder block. Rivet Tool Return Spring Kit now included (Spring, collar and wrench). Great for one handed dimpling of skins and parts. Uses rivet, dimple and die sets with .187" shank. (Dies and sets sold separately)

P/N 12-00177 ..... $248.95

DRDT-2 RIVET DIMPLER

DRDT-2 (AKA Dash 2) is a welded steel c-frame rivet dimpler. Replaces the common impact c-frame rivet dimplers of the past. With its ample mechanical advantage, dimpling is fast, easy, less fatiguing and safe on the skins. With a fully adjustable set holder you can achieve consistent and accurate dimples. The DRDT-2 incorporates a new low force spring return system that prevents skin damage from the accidental release of the handle without increasing the force required to dimple. 22" throat depth allows dimpling of up to 44" wide sheets. The relief under the lower frame member provides dimpling access to spars, ribs, leading edge skins. Designed and analyzed using state of the art engineering tools the DRDT-2 can handle all your dimpling needs on your project. The DRDT-2 is painted with an industrial powder coat giving one of the toughest finishes available. Features: • Weight: 60 lbs • Size: 28"X16"X3" • Capacity: Up to 22" depth • Gap: 4" • Skin thickness: Up to 0.040" Aluminum. Dimple Dies: 3/16" shank Diameter.

ANGLE DRILL

One of the smallest angle head designs for close-quarter drilling operations. Made in USA. Features: • 90° Angle - 1/4" Capacity, 1/4"-28 Thread - 0.3 hp (0.22 kW) • 3200 RPM • 90PSI (MAX) • Overall Length 8-1/4" (210 mm) • xWeight 1.25lbs P/N 12-00241 ..... $326.00

POWER SHEAR

This air-powered shear cuts straight lines or curves up to 180 inches/minute. An ideal shear for any aircraft builder. Cuts up to 18 gauge mild steel. Width of cut: 7/32". Length: 8-1/4". Wt. 2.14 Lbs.
P/N 12-01330 $375.00

ROUTER

This air-powered router is very light weight and features a straight handle and rear exhaust. Base is 1-1/2" and router guide is included. RPM: 20,000. Router shank: 1/4". Length: 6". Wt.: 1-1/2.12 Lbs. Made in U.S.A.

P/N 12-01321 ..... $289.00

CHIP CHASER

This handy, economical tool removes chips and burrs on metal between sheets after rivet holes have been drilled. A recommended tool for any aircraft builder involved with sheet metal work.Router

P/N 12-01304 ..... $6.75

WISS ANGLE SNIPS

The new M8R and M9R compound action snips possess the same outstanding durability as all the other products in the wide Wiss® compound action line, but feature a right-angle blade that allow greater reach in overhead and other awkward applications.

And like every other Wiss compound action snip, both the M8R and M9R have a unique blade edge, shaped to allow the material to set deeper and serrated to hold it tight during the cut.

M8R - Compound action right angle blade cuts straight to left
P/N 12-02007 ..... $24.85
M9R - Compound action right angle blade cuts straight to right.
P/N 12-02006 ..... $24.85

SMALL BODY RIGHT ANGLE DRILL

The ACAT 90 Degree Right Angle Drill is a high-precision, powerful, durable drill. 3200 RPM. Weight: 1.8 lbs. Length: 10 1/4". Accepts industry standard 1/4"- 28 threaded bits. P/N 12-02859 ..... $249.85

AIR DRILLS (PISTOL TYPE)

These air powered pistol drills feature ergonomic design and use .90 H.P. motors. Sound level is a low 84 db while production output remains high with these high quality drills. Made in U.S.A.

360° SWIVEL HAND POP RIVET TOOL

Stanley brand professional hand pop rivet tool. Unique head design swivels 360° for riveting in any position, at any angle. Extended nose for hard to reach places. Built in handle latch. Die-Cast aluminum & hardened steel construction. Molded grips. Includes (4) interchangeable steel nose-pieces for: 3/32", 1/8", 5/32", & 3/16" P/N 12-00889..... $47.50

DELUXE DIMPLE DIE KIT W/ BLOCK

This deluxe dimple die kit has all the most commonly used dimple dies in one package--at a special price. This kit includes:

1- 3/32 Dimple Die Set
1- 1/8 Dimple Die Set
1- #6 Screw Dimple Die Set
1- #4520 Organizer Block for Dies
1- #14870 Female Die / 3/8" Dia.
1- #14871 1/8" Female Die / 3/8" Dia.
1- #8 Screw Dimple Die Set

P/N 12-00868..... $219.75

DOUBLE OFFSET RIVET SET

SET OF 4 RIVET SETS - 5-1/2" long sets. Used for hard to reach rivets in corners. High alloy steel and heat treated. Shanks are precision ground. Cuppings are polished.

3/32" Double Offset Rivet Set..... P/N 12-00936 ..... $30.85
AVERY 1/8" Dbl. Offset Rivet Set..... P/N 12-00873 ..... $29.50
5/32" Double Offset Rivet Set..... P/N 12-00937 ..... $29.75
3/16" Double Offset Rivet Set..... P/N 12-00938 ..... $30.55
4-PC Double Offset Rivet Set ..... P/N 12-00939 ..... $104.75

AVERY CUTTING & POLISHING WHEEL KIT

Avery cutting polishing wheels are a uniform blend of minerals and resins molded into wheel form with rugged, dense construction that provides aggressive polishing and blending action without removing excess base materials. These wheels generate uniform finishes and can remove minor surface imperfections. Use these wheels with a die grinder for deburring holes and edges. Small wheels are more versatile than large (6") wheels. Can be used on hand held parts or parts in the jig. These wheels are the same density, grade, and mineral type as the 7A MED 6" wheel.

Kit Contents: (1) #936 Mandrel + (2) 1" x 1" x 3/16" Wheels (1) #932 Mandrel + (2) 2" x 3/4" x 1/4" Wheels ..... P/N 12-00876..... $63.75
1" x 1" x 3/116" Hole Wheel..... P/N 12-01997..... $9.50
Mandrel for 3700..... P/N 12-01996..... $8.50
2" x 3/4" x 1/4" Hole Wheel ..... P/N 12-01999..... $8.50
Mandrel for 3719..... P/N 12-01998..... $9.75

3M™ SCOTCH-BRITE™ DEBURRING WHEEL

Two Styles Available: Cut & Polish/Unitized Wheel-7A Medium grade (harder) Use to radius and deburr edges of aluminum parts. These wheels give a uniform brushed satin finish to parts and deburr quicker and easier than hand finishing. These wheels are discs of Scotch-Brite web compressed and bonded to form a rugged, dense wheel. Wheel size: 6" dia. x 1" wide x 1/2" thru hole..... P/N 12-00875..... $76.95
Light Deburring Wheel-7S Fine Grade (Softer)
Light deburring 7S Fin 6 x 1 x 1. This wheel has a 1" thru hole. To fit 1/2" order P/N 12-01585. ..... P/N 12-00948..... $67.80
3M Flange Adapter 3 45035 1/2" ..... P/N 12-01585..... $4.60

DRIVE PIN PUNCHES

Drive Pin Punch 1/16"..... P/N 12-00949 ..... $10.50
Drive Pin Punch 3/32"..... P/N 12-00870 ..... $10.50
Drive Pin Punch 1/8"..... P/N 12-00871 ..... $10.50

4-PIECE DRILL STOP SET

Use when drilling in sheet metal to help eliminate drill breakage & surface marks. Safely keeps drill from going too far through the work. Drill stops have a coiled spring to cushion the drill breakthrough & prevents the drill chuck from marring the work surface. Color coded for easy identification.

P/N 12-00867 ..... $10.90

TO

SHEET METAL TOOLS

POLYETHYLENE DIMPLING MALLET

This custom made UHMW polyethylene plastic mallet is great for dimpling skins. Blows are more solid and much quieter than with steel hammers. Will outlast wood mallets. Hammer head measures 2.5" round x 4" long with 12" handle. Wt: 16oz. P/N 12-00605.....$42.50

PLASTIC FORMING MALLET

This custom made UHMW polyethylene plastic forming mallet is great for metal forming. Smooth radiused surfaces will not marr surface. Long life, split resistant. Mallet head measures 2.5" round X 5" long w/ 11" handle; Wt: 14 oz. Great combo to the shot bag.

P/N 12-00607 ..... $39.95

METAL FORMING SHOT BAG

For those builders that want to try their hand at metal forming this leather shot bag is a must have item. Leather shot bag made from 3/4 oz. top grain cowhide. The bag is double stitched and fills through a 1" opening sealed with Velcro. The bag is 12" round and 1-1/2" thick. Use lead shot #8 - #7.5; or sand - mortar quality type (shot can be purchased at local sporting goods or gun stores). P/N 12-00606 ..... $53.75

HAND SEAMER/3.5" JAW

Has VISE GRIP locking feature to aid clamping & holding work. Use for straightening and bending rib and bulkhead flanges. Made with 7" vise grip plier. Jaws are made from 3/16" X 1" X 3-1/2" stainless steel with machined radius. TIG welded & polished. P/N 12-00608 ..... $53.75

FLUTING PLIER

Make narrow & precise flutes for straightening ribs and bulkheads easier & better than pliers with molded jaws. Made with 7" VISE GRIP pliers. Pins are 3/16" dia. stainless steel. TIG welded & polished. P/N 12-00609 ..... $52.75

VISE GRIP DIMPLERS

Made for dimpling in restricted and hard to reach places where regular dimple dies won't fit. Made with 7" VISE GRIP plier. Machined tool steel dimple dies are T.I.G. welded to the VISE GRIP jaws then polished. 2 sizes available (3/32" and 1/8").

3/32"..... P/N 12-00611 ..... $52.75
1/8"..... P/N 12-00612 ..... $52.75

LEVER SNIPS

Offset cutting tool, leaves 2 clean, finished edges. 8.5" length, .75 lb.

Model TP133 - (Right hand snip, cuts left & straight).....P/N 12-00366.....$24.50
Model TP134 - (Left hand snip, cuts left & straight)
P/N 12-00367.....$24.50

ROBIN OFFSET HEAVY DUTY SNIP

This offset blade design allows the sheet to pass under your hand. The steel forged blades keeps metal from stretching and causing puckering marks along the cut edge. 16 gauge mild steel capacity. 1.63 lbs.

Model TP299.....P/N 12-00369.....$53.85

TEMPIL MARKERS

Marks easily on metal, ceramic, glass, plastic, wood and paper. Markings are fast drying, permanent, weatherproof. Won't rub off, run, fade, chip, peel or blister. The surface can be wet, dry, rough, smooth or oily. Efficient on any horizontal, vertical or inclined surface. Long-lasting 6" ball point tube with non-clogging paint.

Black..... P/N 12-11901 .....$13.75 Red.....P/N 12-11907.....$8.50
White..... P/N 12-11908 .....$9.50 Yellow.....P/N 12-11911.....$7.70

ADJUSTABLE SET HOLDER FOR PNEUMATIC SQUEEZERS

New improved design. Heat treated 4130 steel investment casting with rolled threads. This special set holder is made to replace the rigid (2-9/16") set holder standard to most CP214 style pneumatic squeezers. This adjustable set holder will eliminate the need to shim the dies and sets with shim washers. Adjustments are faster & easier.

P/N 12-00615 ..... $89.75

Note: Only for yokes with 1" thick base or less. Will not work in tandem units.

POP GRIP DIMPLERS AN-426 RIVETS

For dimpling in hard to reach places. Works with any hand pop rivet tool. Can be used over & over. Works for both 100 & 120 pop rivets. Extra nails included (Uses standard hardware store nails). 2 sizes available. 3/32"..... P/N 12-00613 ..... $25.85
1/8"..... P/N 12-00614 ..... $26.75

Note: The pop rivet dimplers show above are made with 100° angles, same as regular dimple dies. They will work with either solid flush rivets (AN-426 – 100°) or with pull type rivets such as a AVEX rivets (120°), etc. The dimple formed with these pop rivet dies will not be as 'sharp' as dimples formed with regular dimple dies. This is because you get more pressure with a squeezer or a hammer than with a pop rivet puller; however, the dimples formed with pop rivet dimplers are adequate for occasional use in tight or hard-to-use places.

FLUSH SWIVEL RIVET SET

U.S. MADE -- ATI Brand. New design flush rivet set with swivel action eliminates problem of rivet gun alignment with the work surface + rubber guard to reduce slippage while flush riveting. .401" shank X 1-1/4" dia. polished face. Built-in retaining spring.

P/N 12-00741 ..... 49.50

BACK RIVETING PLATE

Back riveting requires a hard flat surface to act as a bucking bar while you set the shop head of the rivet. Our plate is a perfect hard & flat surface for "Back Riveting". 3/8" thick X 4" wide X 15" long. Low carbon steel plate with flat ground surface. Weight 10 lbs. P/N 12-00618 ..... $68.75

HOLE FLANGING TOOL

For forming flanges around lightening holes. Made from 2024 aluminum and hard black anodized. Ball bearing style rollers. Comes with spare set of rollers. P/N 12-00619 .....$20.70

SPARE ROLLER-SET OF 2

Replacement rollers for our edge rolling & hole flanging tools (above).

P/N 12-00621 .....$2.97

WISS COMPOUND ACTION SNIPS

12-01155

12-01190

12-01189

Famous for cutting ease, keeping their edge and making clean, sharp cuts. Hardened molybdenum steel blades, serrated jaws and vinyl comfort grips. Capacity 18 gauge (.049") steel. Length 9-3/4". Wt. 14 oz.

P/N 12-01155- Cuts left, from tight curves to straight..... $18.75
P/N 12-01189- Cuts right, from tight curves to straight..... $19.85
P/N 12-01190- Cuts straight (or wide curves left or right in light stock)..... $18.75

IRWIN OFFSET SNIPS

Irwin offset snips handle virtually every cutting job in sheet metal - linoleum, carpet, tile and other materials. They are easier to use than conventional metal snips, and cut in 3 directions. Irwin snips feature forged steel blades, a unique curved handle for comfortable fit in the hand, and an exclusive pinchpoint wire cutter. They cut in three directions—straight, sharp angles in one direction, and 5" diameter circles in the opposite direction. Irwin offset snips make difficult cuts easy - they can make tight circular cuts, cut easily through corrugated metal, and cut solid and stranded wire. Available in right or left cutting models. IRWIN (Right Cutting) ..... P/N 12-00187 ..... $17.65
IRWIN (Left Cutting) ..... P/N 12-00186 ..... $17.55

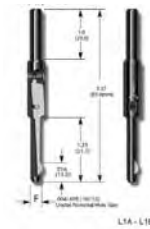
SHEET METAL TOOLS

SPEED DEBURRING & C'SINKING TOOL

Swivel action - makes deburr & c'sink holes fast & easy. Molded handle with 2" long plated steel "Dog-leg" shaft with 1/4"-28 threaded holder. Includes (1) 3/8" X 100° 3-flute burring cutter (part #1050) + 8" extension shaft for deburring the inside of flanges & other hard to reach holes. ..... P/N 12-00622 ..... $36.90
Handle and Extension Shaft sold separately
Swivel handle only..... P/N 12-00623 ..... $17.75
Extension Shaft only ..... P/N 12-00624 ..... $8.50

E-Z BURR - HSS SERIES



E-Z Burr High Speed Steel (HSS) tools are the industry standard for quick, effective and consistent front and rear burr removal. No other HSS deburring tool is this durable. By designing the blade to operate independent from springs and plungers, E-Z Burr has created a deburring tool with a flexible blade and a solid shank for optimum performance for deburring metal or plastic components. In addition, the patented E-Z Burr HSS deburring tool allows you to change chamfer settings, from extreme low to extreme high, and cutting blades without removing it from the holder. Once the desired chamfer is set, it won't change, even from blade to blade. The result is less downtime, more production, and higher profits.
E-Z Burr Tool Specifications:
Series L1A and L1B tools have a working range of -0.0 + .006 inches and -.03 + .15mm.
Series L2A and L2B tools have a working range of -0.0 + .016 inches and -.10 + .40mm.
Series L3A and L3B tools have a working range of -0.004 + .015 inches and -.10 + .40mm.
Note: All tools (front and rear cutting blade with positive rake)

EZ-BURR RIVET HOLE BUNDLE

The Rivet Hole Deburring Tool bundle by E-Z Burr includes 5 high performance HSS deburring tools for front and rear cutting. Sizes: 1/8, 5/32, 3/16, 7/32, & 1/4.
P/N 12-02956 ..... $226.95

HSS THREE FLUTE BURRING CUTTER - 100°

US made. High speed steel, precision ground, three flute burring cutter. 3/8" diameter X 100° with 1/4-28 threaded shank. Same style as a countersink but without the pilot. P/N 12-00625 .....$18.95

SNAP RING PLIER KIT

Install or remove retaining rings of the Waldes Tru-Arc type with ease. Quality pliers made of heat-treated steel with vinyl covered handles. Kit includes two pair of pliers and two sets of four replacement tips to handle the most common sizes of both internal and external rings. Furnished in plastic box.
P/N 4440R..... $28.50

STRAP WRENCH

Heavy malleable iron body with latex-treated nylon webbing. For gripping and turning of round, hex or square parts without marring the surface.Indispensible tool for use in close quarters where ordinary pliers cannot be used. Tool is 11-1/2" long with 18" strap. Capacity 3". Wt. 1-1/2 lbs. P/N 3004 ..... $51.75

DOUBLE EDGE DEBURRING TOOL

Used to quickly deburr edges of sheets up to 1/8" thick. Save time and motion deburring edges of parts. Precision ground Carbide "V" shape blade with hex aluminum handle. Non-removable cutter style.
P/N 12-00629 ..... $23.65

EDGE MARKER BLOCK

This handy device holds a marking pen and has an adjustable stop for running along the edge of a part. The adjustable stop allows variable edge distance for rivet layout, etc. One thumbscrew holds the pen (pen sold separately) and the other thumbscrew holds the the adjustable stop. Made from delrin (plastic) material. Comes ready to use with (1) Pilot marking pen.
P/N 12-00630 ..... $19.90

SHOP HEAD RIVET GAUGE SET

Set of four gauges for -3, -4, -5, & -6 rivets. Each gauge measures MINIMUM height and MINIMUM diameter of shop heads AFTER setting. Eliminates guessing if your rivets are properly set. Works for measuring both universal head and flush rivets. Precision machined to size from 2024 aluminum. Rivet size permanently stamped on each gauge. Color coded anodized finish. Instructions included.
P/N 12-00631 ..... $22.75

EDGE ROLLING TOOL

For pre-bending skin edges on lap joints and butt joints before riveting. "Edge rolling" will prevent skin edges from curling up during riveting. Machined round body made from 2024 aluminum. Hard black anodized finish for wear resistance. Ball bearing style nylon rollers (non marking); + spare set of rollers and instructions included.
P/N 12-00632 ..... $23.85

RIVET LENGTH GAUGE

One gauge measures -3, -4, -5, & -6 rivets. Used to check for proper length of rivets BEFORE setting. Eliminates measuring and guessing of rivet lengths. Works for both universal head and flush rivets. Precision machined to size from 2024 aluminum. Rivet sizes permanently stamped. Gold anodized finish. Instructions included.
P/N 12-00633..... $11.85

TEMPORARY ASSEMBLY PINS

Initial fitting of control surfaces require multiple installation and removals of the parts to fit, trim, and adjust everything. These temporary assembly pins make the task quicker and easier. Pins are 3/16" diameter with tapered points and angle bends for easy installation. The pins are threaded so the pin holder can be removed — this is necessary to prevent damage should you move the control surface too far during fitting. To remove pins just screw holder back on pin and remove pin. Packaged in sets: 6 pins / 2 holders. P/N 12-00627 ..... $18.99

INSTRUMENT HOLE PUNCH ATS-123C

Reversible cutter for both 2-1/4" and 3-1/8" instrument panel holes. Easy to use even with instrument panel installed in aircraft. Allows for close work with other instruments already installed. 4 lbs (2Kg) shipping weight.
P/N 12-02743.....$108.76

BOLT GRIP

This new tool lightly grips the heads of bolts and screws for easier insertion into tight or blind spots. No more dropped or lost parts. Tool has one end for -3 (3/16") fasteners and one for -4 (1/4") fasteners. 12" overall length.
P/N 12-00628 ..... $22.50

CHUCKING REAMERS

We stock straight shank and straight flute Chucking Reamers in a wide range of sizes.

SEE WWW.AIRCRAFTSPRUCE.COM FOR A COMPLETE LISTING OF OUR CHUCKING REAMERS.

BRASS PLUMB BOB

Precision machined brass with clear lacquer finish and hardened replaceable tip. Top unscrews for centered string installation.
Model : 6C235 Size : 8 oz, 4 7/8" L Finish : Clear Lacquer Characteristics : Replaceable Tip, Screw Top To Attach String (String Not Included) P/N 12-01711 ..... $16.95

SHOT BAGS

These shot bags are made out of .070/.090 thick top grain cowhide for extended life and to produce a blemish-free metal surface. These bags have suede outer or forming surface and a tanned inner surface to resist abrasive wear from the media. Convenient media filter and reinforced flap with velcro seal is provided. All bags are approximately 1.5" to 2" thick when filled. Can be filled with buckshot or silica sand (not included) found at most sporting good stores.

Model No.	Size (inches)	Part No.	Price
SB8	8"	12-02310	$69.75
SB12	12"	12-00996	$41.75
SB18	18"	12-00997	$49.75
SBR18 (rectangular)	18"x12"	12-02310	$69.75

PANEL BEATER HAMMER & DOLLY KIT

The most widely used selection of panel beaters and dollies for most metal shaping needs, provessional grade in a molded plastic box. Each hammer is color-coded for either shrinking (blue) or stretching (red) forming tasks. The 3 panel beaters included are the dinging, shallow-domed face a nd pick hammer combo. The dollies included are the thin toe, utility, curved and heel shapes, providing the user with the best combination kit on the market. See the individual sections on panel beaters and dollies for more specifications on each item. 8-piece kit includes: • DT2566, DT2560 & DDT2537 panel beaters • CP548, CP552, CP553, & CP554 dollies •All tools made from medium carbon steel, forged, heat treated and mechanically polished for years of continuous service. Weight: 16.5 lbs.; size: 16.5"L x 14"W x 4"H. P/N 12-01011 .....$149.75

T-DOLLIES

Simple, but necessary forming tool allows you to create new flanges or straighten out damaged flanges. Can be used effectively by taking to an existing body panel or locked in bench vise and create an exact radius edge using any flat faced panel beater or wood slapper. T-dollies are fabricated out of carbon steel hardened and zinc plated to provide years of service life. Extra long flat handle. Heads have radius ends.

Model No.	Size (inches)	Part No.	Price
DCTD01	1"x 8"	12-01019	$16.50
DCTD02	3/4"x 6"	12-01020	$15.90
DCTD03	1"x 8"	12-01021	$17.85
DCTD 3-pc. kit (8lbs.)		12-01022	$46.50

ARC360 HOLE CUTTER

Panel knock put punches and hole saws work well for holes that are aren't too big but it gets harder and more expensive as the size of the hole increases.

You can cut holes with a router but cutting holes with a router is a cumbersome ordeal. The router is really just too big a tool to be swinging 360 degrees easily. You can set it to cut holes down to around 1.5 inches and up to around 10 inches. The tool's small size allows you to easily see your work as you are cutting. If you want an arc you can start and stop anywhere you want. It will cut any thickness of sheet aluminum.

The cutting speed in 032 thick 2024-T3 aluminum is around 40 inches per minute so you can cut a 4-inch diameter hole in less than 20 seconds. P/N 12-01977..... $149.75

HARDWOOD SLAPPER

These slappers are made from grade A select midwestern grown hard maple for toughness, stiffness and durability. With an ergonomically designed grip area, the hand and wrist are positioned in a neutral and natural condition. Finished with protective oil that resists staining and guards against moisture penetration. 4 different shapes: gentle, medium, flat, and radius face. The new thinner cross-section of 2-1/4" allows working a tighter radius in more confined areas. Each slapper comes with a leather face cover to eliminate marring of the metal.

Model No.	Shape Style	Overall Length	Surface Length	Face Width	Weight (Lbs.)	Part No.	Price
SP1	Gentle	14"	8.5"	2.25"	1.3	12-02311	$54.75
SP2	Medium	14"	8.5"	2.25"	1.3	12-02314	$54.75
SP3	Flat	14"	8"	2.25"	1.3	12-02315	$54.75
SP4*	Radius	14"	8.5"	2.25"	1.3	12-01003	$54.75
SLP-001L Replacement leather cover & hardware						12-01004	$7.50

HAND FORMING DOLLIES

These professional series hand dollies are a complete selection of shapes and weights for most forming needs. These dolies can be used with panel beaters or wood slappers. Dollies weight and shapeimpacts the flow of the metal. Choose weights according to sheet metal thickness. Medium carbon steel, forged, ground, heat treated and mechanically polished for years of continuous use.

Model No.	Weight (lbs)	Part No.	Price
CP548	2.02	12-01005	$28.50
CP552	2.85	12-01006	$29.50
CP553	2.55	12-01007	$29.50
CP554	1.97	12-01008	$29.90
CP555	3.94	12-01009	$39.85
CP556	3.40	12-01010	$39.75

PANEL BEATER HAMMERS

These professional series panel beater hammers are uniquely balanced acting as a natural extension to the users own hand. Creating excellent feel and feedback each an devery time you contact the metal. Each hamer style is color coded for easy recognition: MODELS: DT2537 & DT2566 are Stretching. MODELS: DT2560 & D2569 are Shrinking.

Model No.	Head Wt./lbs	Overall Length	"A"	"L"	"B"	Part No.	Price
DT2537	.67	13"	1.6"	5.5"	-	12-01027	$34.75
DT2566	.57	13"	1.5"	5.4"	-	12-01029	$34.50
DT2560	.70	13"	1.6"	3.8"	1.5"	12-01028	$34.65

BOSSING MALLETS EXTENDED REACH

These extended depth plastic mallets allow deeper reach and a more aggressive and fuller finished shape. The UHMW polyethylene heads are lightweight, resistant to wear and non-marring. Hickory handles with full round shafts. When paired with shot bags, very creative, roughed out forms can be accomplished.

MITTLER BROTHERS SHEET METAL TOOLS

POWER DRIVE BEAD ROLLER

The Industry Leading Power Drive Bead Roller Made In the U.S.A. Since 1984. Over 100 Bead Roll Profiles Available To Shape Or Strengthen Metal.

Max Capacity
16 Ga (.050") Aluminum
19 Ga (.040") Mild Steel
21 Ga (.035") Stainless Steel

Features Include:
0-9 FPM
Variable Speed Foot Pedal Control
Forward / Reverse Switch
Both Shafts Driven
Adjustable Depth Of Bead
& 1-1/8" Throat Height.

Used For Aircraft & Racecar, Construction & Repair.
Includes Choice of 1 Set of 2-1/2" OD ($65 value) Rolls
24" Power Drive Bead Roller Model 210-24..... P/N 12-02744.....$795.00

ULTIMATE BOX & PAN BRAKE

The ultimate Box and Pan Brake has a unique 3-finger design. Incorporating moveable segmented bed fingers and apron fingers as well as upper radius fingers. Radius fingers allow forming aircraft and racecar panels using 3003 to 2024 T3 aluminum, .062 inch mild steel and .0375 inch stainless steel. Bend combinations easily that were extremely difficult if not impossible before.
Features include wrenchless upper set back adjustments, 3-1/2" depth of box, 2" down leg, 1" front to rear adjustment and 1/4" reverse bend capabilities. A complete set of upper radius fingers.

- Wrenchless upper set back adjustments
- 3-1/2 inch depth of box
- 2 inch down leg
- 1 inch front to rear adjustment
- 1/4 inch reverse bend capabilities

Along with the box and pan brake, you will receive a complete set of upper radius fingers (your choice), bed fingers, apron angle fingers, and counterweight(s). The total width of the upper radius finger kit will be 48". You will receive the following fingers: qty 7 of 6" and one each of 3", 2", and 1" fingers totalling to 48".

Model 2800-48-16.....P/N 12-02799..... $3,250.00
Upper Radius Finger Kits (radius is measured inside of bend)

BENCH TOP ENGLISH WHEEL

A Rugged, Robust Machine for the occasional metalworking project to the professional craftsmen. All wheels (anvil & top) are heat treated, hard turned & ground for accurate precision metal forming.

- 26-1/2" Deep Throat
- 2-1/2" OD - 2" Wide Anvils
- 7" OD - 2" Wide Top Wheel
- Cam Action Release on Top wheel For Easy Anvil Change
- Adjustable Anvil Wheel Angle
- 3" x 4" x 1/4" Tube Construction For Minimum Deflection
- Kick Wheel Manual Pressure Adjustment
- Anvil Wheels In Radius Of 2-3/8",3-1/4",5", 8-1/2",12" & Flat

Model 2900.....P/N 12-02812 ..... $1,425.00

PLANISHING HAMMER

Speed up fabrication time on complex multi form aluminum and steel panels for making those impossible to find replacement parts.

- 4600 Hits Per Minute @ 90 PSI
- Rear Adjuster Sets Load Force & simplifies Anvil Changes
- Foot Pedal Control for Hands Free Operation
- 9 Radius Anvil Heads Included: 3/4" , 1-1/2", 2", 3", 4", 6", 8", 12" & Flat

12" Model 2700.....P/N 12-02813 .....$850.00

Set of 4	12-02925	$55.95

"CENTER IT" HOLE DRILLING JIG

"Center It" is a jig used to drill holes in pipe or tube stock. To use the Center It, simply place it on your drill-press table, run the bit down (with the motor off) to hold the centered jig on the bit, then bolt the jig to the press table. No clamping of the tube is necessary; the angled flats of the jig hold it in a centered position. Your holes are automatically centered on the tube with no center-punching necessary. If the tube is too fat to drill in a single operation, simply turn it over. The device is useful to kitplane builders who have to drill several holes in a single tube or many tubes because no clamping or center-punching of the tube is required. It also makes short work of drilling. P/N 12-20815.....$13.85

DRILL RITE PRECISION DRILL GUIDE

Light and portable, this tool provides straight and true holes every time. Your electric hand drill will perform like a professional drill press. The easy, accurate way to drill any curved surface: Simply place the Drill Rite VGuide™ on any type of pipe or round stock, from 1/2" to 2 1/2" in diameter. Swing the gate closed and lock it down. Insert the proper drill bit in the guide bushing and drill a precisely accurate hole. Includes super hardened drill bushings for popular 3/16" and 1/4" holes for rivets and aircraft hardware. Precision made in the U.S.A. from high quality aircraft grade aluminum. P/N 12-00836. .....$59.75

PLATE NUT DRILL JIG

One piece heat treated tool steel jig. Use for accurate & fast drilling of rivet holes for plate nuts. Has flexible handle design. Use for both on lug (both holes on 1 side) & two lug (holes on both sides) style nut plates - K1000 & K1100 style nutplates.

#6 Plate Nut Drill Jig..... P/N 12-03041 ..... $46.55
#8 Plate Nut Drill Jig..... P/N 12-03042 ..... $46.50
#10 Plate Nut Drill Jig ..... P/N 12-03043 ..... $46.50

DIGITAL PRECISION PROTRACTOR

Displays absolute and relative angle measurements in a large, easy-to-read LCD window. This display offers a hold function and can be inverted 180° for easy reading when the tool is upside down. It features a 6" (150mm) stainless steel pivoting protractor arm with a knurled locking nut and one-button zero calibration, which ensures accurate readings every time. Take the guesswork out of measuring, marking and reading angles on your next woodworking or home improvement project. The UltraTECH Pro-ANGLE Digital Protractor displays absolute and relative angle measurements in a large, easy-to-read LCD window. For user convenience and comfort, the display offers a hold function and is easily inverted, or flipped, 180 degrees for reading upside down. Angles in any plane can be measured with accuracy to 0.1 degree and 0.05 degree resolution anywhere within a 0.00 to 180 degree range, making this tool useful for many applications. P/N 12-03224.....$24.85

DIGITAL ANGLE FINDERS

These new angle finders combine the ruggedness of analog rulers (standard and metric) together with the digital technology needed for complete accuracy when measuring inside, outside and reverse angles. Precise measurements prevent waste by facilitating exact miter cuts. One button activates the reverse angle function, a hold button digitally saves the measurement and the large ergonomic locking knob saves the angle manually. A big LCD readout makes measurements extremely easy to read while an innovative center check notch enables exact ruler placement marking. The Models 822 (Patent Pending) are ideal for framing, custom furniture-building, stair and patio construction, flooring, tiling basically all woodworking, carpentry and contractor needs in the shop or in the field.

5 inch ..... P/N 12-03223 ..... $24.90
10 inch..... P/N 12-03222 ..... $33.50

TO

HAND RIVET SQUEEZER

Features includes an all-steel construction, adjustable set holder (accepts all sets with 3/16" shank), and long handles for increased force. The yoke is made of the highest quality tool steel, and by simply removing 3 pins you can change the yoke to match your riveting or dimpling application. Each squeezer includes the yoke of the coordinating size

Description	Part No.	Price	Description	Part No.	Price
1" Squeezer	12-01460	$72.85	1" Yoke	12-01457	$23.50
2" Squeezer	12-01461	$74.75	2" Yoke	12-01458	$24.50
3" Squeezer	12-01462	$77.85	3" Yoke	12-01459	$26.60

STAINLESS STEEL HAND SQUEEZER

This stainless steel hand squeeze made of quality stainless steel construction. Features include an adjustable set holder (accepts all sets and dies with 3/16" shank) and a locking lever arm. Yokes are easily interchangeable by simply removing three roll pins and designed to accept yokes and parts made by other stainless steel hand squeeze manufacturers. Includes a 3" Yoke. 1.5" is sold separately.

S/S Hand Squeeser 3" ..... P/N 12-01464 ..... $129.00
1.5" Yoke ..... P/N 12-01547 ..... $49.85
3" Yoke ..... P/N 12-01548 ..... $61.75

QUICK CHANGE PINS

Quick Change Pin. Makes changing yokes quicker & easier 3/4" ..... P/N 12-01798 ..... $2.15

INTEGRAL WHOLE TYPE HAND SQUEEZER

A basic tool for all riveting operations. Quality steel construction with black oxide finish and all parts are heat treated. Adjustable set holder accepts dies and sets with 3/16" shank. 1-1/2" reach x 1-1/2" gap.

1-1/2" ..... P/N 12-01465 ..... $68.50

RIVET SET FOR SQUEEZER

(FLUSH & CUPPED) - Made of steel and heat-treated for long wear and tool life. .187" (3/16") shank. *2 Flush sets required for Flush Head Rivets. 1 Flush and 1 Cup required for Round Head Rivets. *Sold as individual items / not a pair

Description	Part No.	Price
Flush 1/8	12-01466	$2.35
Flush 3/16	12-01554	$1.95
Flush 5/16	12-01556	$1.95
Flush 3/8	12-01557	$1.95
Flush 7/16	12-01558	$1.71

Descriptipn	Part No.	Price
Flush 1/2	12-01559	$1.95
Cupped 1/8	12-01561	$2.53
Cupped 5/32	12-01562	$2.65
Cupped 3/16	12-01563	$2.65

1-1/2" AND 3 YOKES

• Holds 3/16" die sets • Adjustable set holder • Stainless steel construction.

1-1/2" ..... P/N 12-01547 ..... $49.85
3" ..... P/N 12-01548 ..... $61.75

DIMPLE DIES

For any .187 shank diameter squeezer.

3/32" ..... P/N 12-01468 ..... $12.55
1/8" ..... P/N 12-01564 ..... $12.65
5/32" ..... P/N 12-01565 ..... $12.65
3/16" ..... P/N 12-01566 ..... $12.70

Economy Dimple Die Set Includes: 3/32", 1/8", 5/32", 3/16"
P/N 12-01467 ..... $49.85

SCREW REMOVAL TOOL

*Useful in removing screws that are corroded or have stripped heads *401 Parker taper shank for use in rivet gun *3/8" square socket end *Use standard Phillips or Slotted insert bits *Rivet gun required *1/4" hex adapter not included

4" Tool ..... P/N 12-01567 ..... $18.95

MICRO-STOP

This tool permits you to set the desired cut depth to help eliminate mistakes and skin damage. • 1/4" Shaft travel • Depth adjustable in .001" increments • 1/4"-28 Female Threads • Rated for 3,000 RPM

P/N 12-01470 ..... $21.50

HEAVY DUTY RIVET CUTTER

This high quality, durable rivet cutter features all steel construction and cuts 1/16" to 1/4" diameter rivets. It is adjustable for 1/4" to 3/4" long rivets.

P/N 12-01471 ..... $41.90

ECONOMY RIVET SET

2.5" Straight & Offset Rivet. Made of steel and heat-treated for long tool life. The precision made cups are highly polished. • .401 shank • Length: 2.5" • Cup Sizes: 3/32", 1/8", 5/32" & 3/16" • For AN470 rivets

2.5" Straight 3/32" ..... P/N 12-02318 ..... $6.80
2.5" Straight 1/8" ..... P/N 12-02319 ..... $6.50
2.5" Straight 5/32" ..... P/N 12-02320 ..... $6.80
2.5" Straight 3/16" ..... P/N 12-02321 ..... $6.80

ALUMINUM BODY MINI AIR VACUUM

A handy air powered vacuum works off an air compressor and is simple to use. Attached 12" clear plasticflex tube can easily get into tiny spaces to clean. The canvas bag is easily removed for cleaning. P/N 12-01474 ..... $17.50

CHIP CHASER

Ideal for removing chips and burrs from between metal after drilling rivet holes. Each chaser features a plastic molded handle and flexible steel blade with hook on the end. Blades are 5.5"and 2.5" long.

2.5" ..... P/N 12-01597 ..... $2.85
5.5" ..... P/N 12-01476 ..... $3.25

DOGLEG DEBURRING TOOL

Swivel action of this tool makes deburring holes fast and easy. Shaft includes a 1/4"-28 threaded holder.

*Flute De-burring cutter sold separately - PN 12-00625 ..... P/N 12-01478 ..... $12.75

Accessories

Swivel Handle Only ..... P/N 12-00623 ..... $17.75
Extension Shaft only ..... P/N 12-00624 ..... $8.50
HSS 3 Flute De-burring cutter ..... P/N 12-00625 ..... $18.95

CLECO PLIERS

Used in limited access areas, requires less travel per activation. P/N 12-01480 ..... $5.95

SPRING TENSION CLAMPS

(ZINC ALLOY YOKE OR STEEL YOKE)

Spring tension clamps can be applied in a fraction of the time required for ordinary screw clamps. The clamp, with 2" throat depth, has a Zamak alloy yoke and a steel spring which provides a 70 lb. clamping pressure. Designed for use with sheet holder pliers.

Description	Part No.	Price
Zine Alloy	12-01481	$4.60
Steel 2"	12-01482	$6.30
Steel 3"	12-01483	$6.95

SIDE GRIP CLAMPS

Designed to hold two or more work pieces together where no holes exist. Clamping force is applied at edge of work. Spring loaded, plier actuated. The lack of a takeup screw makes it impossible to overtighten and damage the work surfaces or the clamp. There are 4 standard sizes : 1/2 x 1/2", 1/2 x 1", 3/4 x 1/2" , 3/4 x 1".

Description	Part No.	Price
1/2" x 1/2"	12-01484	$1.85
1/2" x 1"	12-01485	$1.95
3/4" x 1/2"	12-01486	$1.85
3/4" x 1"	12-01487	$1.95

DRILL STOPS

Use when drilling in sheet metal to help eliminate drill breakage & surface marks. Safely keeps drill from going too far through the work. Drill stops have a coiled spring to cushion the drill breakthrough & prevents the drill chuck from marring the work surface. Color coded for easy identification.

#10 ..... P/N 12-01488 ..... $0.95 #20 ..... P/N 12-01489 ..... $0.95
#30 ..... P/N 12-01490 ..... $0.95 #40 ..... P/N 12-01491 ..... $0.95

3/16"	12-01773	$1.30

Description	Part No.	Price
1/8"	12-01771	$1.30

EDGE BREAKER

This tool allows the quick removal of burrs and roughness from the edges of sheet metal. .25" or .187" in diameter grooved blade with safety shield. Safety-grip plastic handle. P/N 12-01527 .....$9.50

AIR SWIVELS & REGULATOR TOOLS

Air Swivel Connector W/ Regulator (Pictured to the left).....P/N 12-01530 .....$11.50
Air Swivel Connector .....P/N 12-01529 .....$9.95
Air Swivel Regulator.....P/N 12-01545 .....$6.36

BRASS RIVET SET

This rivet set has a soft face to prevent damage to the fastener when inserted or removed. Fits into any standard rivet gun or air hammer that supports .401" shank tooling, 3 1/8" overall length..... P/N 12-01543 .....$8.90

RIVET GUN SHAFT REDUCER

Rivet set adapter sleeve, .401 shank. Made of hardened steel (SKD11) and is open at both ends to allow maximum riveting power. P/N 12-01544..... $14.90

ECONOMY SAFETY WIRE TWISTERS

These top quality twisting lock pliers with automatic return are economically priced and extremely durable. Features a sharp cutting edge and will twist up to .060" dia. safety wire. Length 6"& 9". Foreign made.
6".....P/N 12-01472 ..... $19.90
12".....P/N 12-01473 ..... $19.75

CAMLOC PLIERS

These Camloc Pliers are used to depress #2600, #2700 and #4000 series Camloc (C-LOCK) studs so they can be properly installed. Pliers are manufactured from forged steel and feature polished bearing surfaces to avoid scratching the stud as it 's being installed. The grips are rubber cushioned for extra comfort and to reduce slipping. P/N 12-01475.....$16.75

CANNON CONNECTOR PLIERS

The tool features serrated jaws for improved gripping and a slip joint for improved leverage. Ideal for all common cannon connector applications.
P/N 12-01531 .....$15.70

SHOP HEAD RIVET GAUGE SET

Set of four gauges for -3, -4, -5, -6 rivets. Each gauge measures Minimum height and Minimum diameter of shop heads AFTER setting. Eliminates guessing if your rivets are properly set. Works for measuring both universal head and flush rivets. Precision machined to size from 2024 aluminum. Rivet size permanently stamped on each gauge. Color coded anodized finish.
P/N 12-01533 .....$9.85

RIVET LENGTH GAUGE

One gauge measure -3, -4, -5, -6 rivets. Used to check for proper length of rivets Before setting. Eliminates measuring and guessing of rivets lengths. Works for both universal head and flush rivets. Precision machined to size from 2024 aluminum. Rivet size permanently stamped. Blue anodized finish. P/N 12-01534 .....$4.95

DRILL EXTENSION THREADED

These are used to extend a straight chuck drill to 1/4-28 female threads.
2".....P/N 12-01535.....$3.75
4".....P/N 12-01536.....$3.75
6".....P/N 12-01537.....$3.75

DRILL EXTENSION DUAL THREADED

Use these different length extensions in your 90°or 45° drills. 1/4"-28 male threads on one end and 1/4"-28 female threads on other.
2" .....P/N 12-01541 ..... $4.35
4" .....P/N 12-01542 ..... $3.85

SLIM MICRO-STOP

A slim design that's only 11/16" outside diameter. Used for those narrow areas that can't be reached with a standard micro-stop. • 1/4" Shaft • 1/4"-28 Female Threads • Adjustable in .001" increments • 1/2" Cutter Capacity • Rates for 3000 RPM use. P/N 12-01790.....$19.50

MICRO-STOP (LONG NOSE)

This micro-stop reaches into very confined areas. • 5/16" Quick-change Shaft or regular chuck • 1/4"-28 Female Threads • Adjustable in .001" increments • 3/8" Cutter Capacity • Rates for 3000 RPM use
P/N 12-01789.....$28.75

MICRO-STOP (NYLON FACE)

• 1/4" Shaft • 1/4" -28 Female Threads • Adjustable in .001" increments • 11/16" Cutter Capacity • Rates for 3000 RPM use P/N 12-01788.....$22.50

5.5" STRAIGHT & OFFSET RIVETS

Made of steel and heat-treated for long tool life. The precision made cups are highly polished. .401 shank. Length: 5.5". Cup Sizes: 3/32", 1/8", 5/32" & 3/16". For AN470 rivets

Size	Straight	Price	Offset	Price
3/32"	12-02326	$7.50	12-02330	$8.25

3/16"	12-02337	$8.50	12-02341	$7.85

TURNBUCKLE WRENCH

2 inch diameter turnbuckle wrench easily rotates turnbuckle while chain tool holds the cable ends in precise alignment and prevents them from rotating.
P/N 12-01795 ..... $28.75

TURNBUCKLE CHAIN TOOL

This tool consists of two clamps joined by sprocket type (bicycle) chain. When clamped to cable and fittings at each side of the turnbuckle, anchor the cable to allow free adjustment of the turnbuckle. The adjustment becomes a two hand instead of three hand adjustment. P/N 12-01794 ..... $25.75

SPEED HANDLE 3/8"

Useful for quickly tightening and loosening a nut or bolt particularly where other types of wrenches will not reach. P/N 12-01797 ..... $7.70

PHENOLIC SCRAPER

Scraper Blade, 2" wide x 6.5" long x 3/8" thick. Designed for use with a rivet gun (.401 shank). Phenolic scrapers are perfect for safely removing sealant, adhesives, stickers, labels, grime, and more. P/N 12-01796 ..... $11.95

SKIN WEDGE

Made of 4130 steel and heat-treated to perfection. • 7" long x 1" wide • Body thickness 1/4"
P/N 12-01793 ..... $9.85

HEX KEYS

Designed to use when installing Hi-Lok style fasteners. Includes set screw and Allen key.

1/8" ..... P/N 12-01785 ..... $6.75
5/64" ..... P/N 12-01786 ..... $6.75
3/32" ..... P/N 12-01787 ..... $6.75

ECONOMY DRILL EXTENSION THREADED

Has a 5/16" quick change shaft on one hand and 1/4" -28 female threads on the other. Allows you to chuck threaded drill bits or countersinks into a quick-change chuck. .....P/N 12-01781 ..... $6.25

60° C-SET

Excellent for limited access areas. • 60° Angle • .401 shaft P/N 12-01777 ..... $28.75

FORD WRENCH

• General-purose adjustable wrench • Sliding Jaw • Forged from Crescent special Analysis Tool Steel • Chrome-plated • Precision Machined

11" Wrench ..... P/N 12-01784 ..... $25.50

SEALANT MIXER

Designed to quickly and efficiently mix all types of pre-filled Semkit® packages. Has a 1/4' shank. Chuck it up in your drill to mix Semkit® sealant tubes.
P/N 12-01792 ..... $16.85

BOSCH POWER TOOLS

BOSCH 10.8V I-DRIVER

MODEL PS10-2A -Features: • 80 in. - lbs. of Torque — Drives 100 3-inch screws per battery charge • Ultra-Compact Head Length — 3.5" total head length - 3 times shorter than most popular competitor • 90-Degree Articulating Head • 7+1 Electronic Clutch • Forward/Reverse Button — Equally useful at driving or removing screws • Quick Change Chuck- pull to insert or release 1/4" hex shank bits • Storage Hanger — Convenient tool storage between uses • Variable Speed Trigger — Revolutionary design provides increased sensitivity and control P/N 12-01754 ..... $159.75

BOSCH 10.8V POCKET DRIVER

MODEL PS20-2 - Features: • 80 in. - lbs. of Torque — Drives 100 3-inch screws per battery charge • Ultra-Compact Power & Design — Almost half the size of a 12V compact drill/driver • LED Light — For tight spaces and applications • Forward/Reverse Button — Equally useful at driving or removing screws • Quick Change Chuck — Prevents bit loss in drill or drive mode - pull to insert or release 1/4" hex shank bits • 10+1 Clutch — Enables precision driving and eliminates over torque in soft base materials. Max mode allows pilot and other small bore holes • Variable Speed Trigger — For increased sensitivity and control P/N 12-01755 ..... $125.95

BOSCH 18V IMPACTOR CORDLESS IMPACT WRENCH

MODEL 22618 - Features: • Innovative Hammer & Anvil System delivers up to 1,950 in/lb of torque 1/2" Square Drive Anvil • Soft-grip handle, not the user, absorbs the impact during fastening applications — Reduces fatigue and stress, provides maximum cushioning and comfort • Cutting-edge, high-performance motor and all-metal gears — Super fast operating speed, delivering a category-best 3,200 BPM and 2,800 RPM • Optional Gear Box Cover — For Added Protection • Lightweight 4.6 pounds and 6.5 inches in length — Incredibly versatile for use in dozens of drilling, fastening and driving applications • Aluminum gear housing with protective rubber front Variable-speed trigger — For complete control • Externally accessible brushes — For easy brush replacement • Multi-purpose reversible tool hook • Multiple-position swivel LED lighting system — Increases visibility - great for dark or enclosed areas P/N 12-01757 ..... $317.95

BOSCH 18V IMPACTOR CORDLESS IMPACT WRENCH

MODEL 22618 - 12V Battery for medium-duty jobs. 14.4V Battery for heavy-duty jobs. The Most Powerful Impact Wrench In The Line Up! 18V Battery for heavy-duty jobs. Faster and more powerful than standard impact drivers. The most lightweight driver in the line up. 9.6V Battery for medium-duty jobs Includes (2) -- 2.4A-h Batteries - BAT181 (1) -- 30 Minute Charger - BC130 (1) -- Tool Hook - IMPKHOOK (1) -- Carrying Case - Included (1) -- Gear Box Cover P/N 12-01758 ..... $306.95

BOSCH 18V LITHIUM-ION JIG SAW

The Lithium-Ion Jig Saw (JSH180-01) is up to 30% lighter weight than the leading competitor and up to 10% smaller. The 1 handed blade insertion and ejection offers most convenience and ease of use while the small grip diameter reduces user fatigue during extended use applications. Includes: (2) 18V Lithium-Ion FatPack Batteries - BAT618, (1) 1-Hour Charger, (1) Carrying Bag. Specifications: Battery/Charger: 1 Hour Charger. Bevel Angle Range: 45 Degrees. Length: 10.24". Max. Capacity in Steel: 3/8". Max. Capacity in Wood: 3 1/2". No Load SPM: 0-2, 700. Stroke Length: 1". Voltage: 18V. Weight (lbs.): 5.3.
P/N 12-02958 ..... $423.00

BOSCH TOP HANDLE JIGSAW

Toolless Blade-Change System – Fast insertion, blade ejection lever eliminates need to touch hot blade. Most secure jigsaw clamping system.
Features: • Powerful 7.0-Amp Jigsaw – Top jigsaw amp rating. • Variable speed - Dial sets maximum speed and accelerator trigger controls operating speed. • Constant Response™ circuitry – Maintains desired speed for consistent performance and precision. • Aluminum gearbox with insulated cover • Toolless Blade-Change System – Fast insertion, blade ejection lever eliminates need to touch hot blade. Most secure jigsaw clamping system. • Internal Precision Control - Precision-machined plunging system and low-vibration design for enhanced accuracy and extremely smooth operation. • Large, sturdy die-cast foot with steel insert and onboard bevel wrench. • Exclusive multi-directional blade clamp provides superior grip of T-shank blades. (JS470E does not accept U-Shank blades) • Four orbital-action settings -Different blade strokes for smooth to aggressive cuts. • Adjustable dust blower keeps cutting line clear. • Ergonomic top handle with soft-grip areas for solid, comfortable grip. • Ambidextrous lock-on button – For steady long cuts and user comfort and control. P/N 12-03215 ..... $175.95

BOSCH TOP HANDLE JIG SAW
5 INCH RANDOM ORBIT SANDER

MODEL NO. ROS20VSK - Features: • Best all-around sanding performance and convenience. • Twist-off translucent dust canister shows dust level and detaches easily. Ant-spillback design prevents dust from spilling on removal. • Bosch Microfilter system traps dust particles as small as 1/2 micron. • Hook-Tight™ hook-and-loop disk attachment ensures firm grip of standard hook-and-loop sanding discs. • Comfortable, ergonomic soft-grip top and body • Integral pad dampening system prevents swirl marks • Soft microcellular backing pad ensures smooth, fine finish on flat or contoured surfaces. • Variable-speed dial allows matching of speed to work piece and task. P/N 12-01766 ..... $99.85

BOSCH 3-1/4 INCH PLANER

MODEL 3365 - Includes: (2) WoodrazorTM Blades, Guide Fence, Blade Wrench, Chip Bag. Features: •Powerful 5 Amp Motor, 18,000 RPM. • Electronically-Counterbalanced Single-Blade System automatically positions blade at ideal cutting angle. • Eliminates uneven planing caused by misaligned blades. • Equipped with Bosch Woodrazor™ micrograin carbide blades, which resist fractures from nail and staple strikes. • Ratcheting Depth Knob. • No need to re-zero the depth. • Chip Ejection Switch. • Edge Guide Fence. • Has a protective shield that covers the section of blade not in use. • Lock-off Release Button. • Park Rest Stand• Double insulated, UL listed, complies to OSHA. P/N 12-01767 ..... $109.95

18V COMPACT TOUGH™ 1/2" DRILL/DRIVER

This drill includes a new ergonomic design for outstanding comfort and durability. The 4-pole open frame motor provides more power in a smaller size and the durashield housing is constructed to withstand jobsite conditions.
Includes: (2) - 18V High Capacity Lithium-ion SlimPack Batteries (1) - Lithium-ion Battery Fast Charger (1) - Double-sided Philips Drive Bit (1) - Carrying Case
Features: • Optional Flexible Power System (FPS™) Provides Choice of Max Run Time or Minimum Weight • Ratcheting Single Sleeve ½ in. Chuck- For one handed bit changes • LED Light- Great for dark or enclosed areas • Soft-Grip Wrapped Housing - Fits comfortably in hand for extended working time • Variable Speed Trigger- Provides maximum control • Bosch Lithium-ion HC batteries - Provides up to 50% more runtime, cold weather performance in -4 deg temps, and fuel gauge • Bosch Advanced Lithium-ion Technology delivers optimized performance through Electronic Cell Protection (ECP™), Unique Pack Design which keeps the battery cooler, and Electronic Motor Protection (EMP™) which protects motor in heavy duty applications. P/N 12-02948 ..... $197.75

BOSCH 4-1/2 INCH ANGLE GRINDER

Features: 6 Amps, 11,000 RPM• Lock-on/off switch — for extended use applications • Service MinderTM brushes — Eliminates guesswork, stops the tool when preventative maintenance is required • Epoxy Coated Field Windings — Provides ultimate protection against abrasive dust and metal debris • 5/8" -11 Spindle — wide flexibility for mounting most popular accessories • Spindle Lock — For quick wheel changes • Double insulated, UL listed, complies to OSHA • 2-Position auxiliary handle — specifically designed and angled to a "natural" position for maximum comfort and control. P/N 12-02685 ..... $169.85

BOSCH 3-1/4 INCH PLANER 120V

Powerful 6.0 amp motor, 16,500 RPM for fast stock removal and a smooth finish. Electronically-counterbalanced, single-blade system automatically positions blade at ideal cutting angle. Reduces drag and provides fast operation and a smooth finish. Eliminates uneven planing caused by misaligned blades. Equipped with Bosch Woodrazor™ micrograin carbide blades. Ratcheting depth knob that allows for fool-proof setting of depth increments from 0" to 1/16" (1.5 mm). Also features an edge guide fence. A protective shield covers the section of blade not in use. Amperage: 6.0. Cord Length: 10'. Country of Origin: Malaysia. No Load RPM: 16,500. Planing Depth: 0 - 1/16" (1.5 mm). Planing Width: 0" to 3-1/4". Rabbet Depth: 5/16". Rating: 120V AC. Shoe Length: 11 - 1/8" P/N 12-02823 ..... $133.75

12" Length, 5 hardened, removable fingers, cam lock handle. 20 Gauge. P/N 12-03481.....$249.99

24 INCH 20 GA BOX AND PAN BRAKE

Solid heavy duty construction, reinforced frame, hardened and ground fingers, finger to bend leaf gap can be adjusted, maximum box depth, 5 removable fingers. 20 Gauge. P/N 12-03482.....$349.99

EURO BRAKE

50" Box and Pan Brake, 14 Gauge Capacity Mild Steel, Air Cylinder Assist "No Need for Weights", Adjustable Hold Down Force, Adjustable Bend Gap, Foot Operated Locking Hold Down, Hardened and Ground Fingers plus removable lower fingers for custom bends. 14 Gauge. P/N 12-03483.....$2,995.00

MODEL S TURBO BURR

55,000 rpm, 1/4" air hose connection, 60 to 120 psi, 5 to 11 cfm, feed up to 2" per second. Ideal for deburring and edge finishing, puts a safety edge on sheet metal in one pass. .015" Minimum material thickness.

P/N 12-03484.....$479.00

WELD SHAVER

Removes both flat "butt" welds and inside 90 degree corner "fillet" welds. Uses carbide inserts , milling type cutter head. Remove weld beads up to 1/2".

P/N 12-03485.....$985.00

SLIP ROLL

12" Length, 1" diameter hardened rolls, 1/16", 1/8" 3/16" wire grooves. 20 Gauge.

P/N 12-03486.....$199.99

24 INCH 20 GAUGE SLIP ROLL

24" Length, 1-1/2" diameter rolls, solid precision ground rollers, heavy cast iron frame, quick release top roll, hardened steel gears, wire grooves for wire rolling. 20 Gauge.

P/N 12-03487.....$389.99

WOODWARD-FAB ELITE SHEET METAL / WIRE SLIP ROLLER 24 INCH

24" Length, 2-3/8" diameter drive rolls, 2-1/2" rear adjustable roll. Uses single front mounted hand wheel for adjusting the rear roll. Uses single hand wheel to adjust the bottom roll for material thickness, roll tapers up to 15 degrees, fully enclosed gear box, cast iron end plates, wire grooves for wire rolling. Floor stand included. 16 Gauge.

P/N 12-03488.....$995.00

WOODWARD-FAB ELITE SHEET METAL / WIRE SLIP ROLLER 50.5 INCH

50-1/2" Length, 2-3/8" diameter drive rolls, 2-1/2" rear adjustable roll. Uses single front mounted hand wheel for adjusting the rear roll. Uses single hand wheel to adjust the bottom roll for material thickness, roll tapers up to 15 degrees, fully enclosed gear box, cast iron end plates, wire grooves for wire rolling. Floor stand included. 16 Gauge.

P/N 12-03491.....$1,595.00

TON SHOP PRESSES

Hydraulic hand pump, press plates included 7" stroke, easy read gauge. 10 Ton - 14 1/2" inside clearance.

Model	Description	Stroke	Inside Clearance	Part No.	Price
PR102	10 Ton Shop Press	7"	10 Ton - 14 1/2"	12-03492	$249.00
PR103	12 Ton Shop Press	7"	12 Ton - 18 1/2"	12-03493	$295.00
PR104	20 Ton Shop Press	7 1/2"	20 Ton - 19 1/2"	12-03494	$399.00

2 INCH PIPE NOTCHER

Use with any hand held drill motor or drill press, create any angle saddle notch on pipe for weld fit up, uses standard hole saw blades up to 2 1/2", compound angle adjustment. Holds up to 2" pipe, uses up to 2 1/2" hole saws.

P/N 12-03495..... $79.99

PIPE / TUBE NOTCHER

Solid steel construction, use with any 1/2" hand drill, accepts standard hole saw cutters, hardened and ground spindle, superior needle bearing support, adjustable angle to 50 degrees mount to bench top or clamp in vise. 3/4 - 3" O.D. Pipe/tube.

P/N 12-03496.....$199.99

TRACE-A-PUNCH NIBBLER

1 1/2 Hp, 110 V, 6 3/4" Throat Depth, Cuts Any Shape Metal Or Plastic. 1/8" Maximum Thickness.

P/N 12-03497.....$1,985.00

TRACE-A-PUNCH NIBBLER

3 HP, 220/440 V, 3 phase, 16" throat depth, cuts any shape metal or plastic. 3/16" Maximum thickness.

P/N 12-03498.....$3,850.00

TRACE A PUNCH TUBING NIBBLER

1 1/2" HP, 110V, cuts any tubing up to 1/8" wall thickness, cut free hand or follow a template, ideal for odd angle weld fit ups, includes 1 anvil, 1 punch and die, work light, nibble lube and instructions. Up to 1/8" wall thickness. P/N 12-03499.....$2,495.00

- Length: 13"
- Weight: 4.8lbs

P/N 12-02555 ..... $175.95

RIGHT ANGLE POLISHER

The V716P is ideal for polishing and buffing paint, metal, wood or plastic. It has an adjustable speed control and a unique muffler design. Side handle is standard equipment and fits either the left or right side of polisher.

- Free Speed: 0-4,000 RPM
- Motor: 1 HP
- Average Air Consumption: 8 CFM
- Air Inlet Size: 1/4" NPT
- Spindle Size: 5/8"-11
- Sanding Pad: 7"
- Weight: 6 lbs.

P/N 12-02556 ..... $359.95

3" AIR ANGLE POLISHER

- Mini-size and light weight for easy use in tight areas
- Designed for extended use
- Powerful high torque motor
- Lever throttle trigger
- Built-in air regulator for positive speed control
- Special high speed ball bearings for vibration-free performance
- Rubber grip for non-slip feel and insulates from cold air
- Muffling system with rear exhaust
- RPM: 2,500, CFM: 10.5, HP: .3, Pad Size: 3", Noise dB: 80, Air Inlet: 1/4", Max Pressure: 90, Length: 6.30", Weight: 1.8lbs, Warranty: 1 year

P/N 12-02557 ..... $209.95

1/4" BELT SANDER

- Rear exhaust directs air away from work surface
- Equipped with silencer to reduce noise
- Precision air motor with exceptionally high turning force
- Precision ball bearings for longer life
- Can be used for internal and external finishing
- Quick change belt replacement system
- Built-in speed regulator
- Reaches normally inaccessible areas
- Light weight ergonomic handle design for control and comfort
- Rubber grip for non-slip feel and insulates from cold air
- Grind off contact wheel or platen
- 360° head rotation provides versatility for every job
- RPM: 16,000, CFM: 14.2, HP: .37, Noise dB: 80, Air Inlet: 1/4, Max Pressure: 85, Vibration: 3.8, Length: 10-7/16, Weight: 2, Warranty: 1 yr.

P/N 12-02558 ..... $249.95

3/8" REVERSIBLE ANGLE DRILL

- Compact, low profile angle head enables easy access to tight areas
- Light weight and powerful
- Comfortable lever throttle
- One hand quick reverse lever
- Ergonomic design with elastomer handle grip for improved comfort
- Heavy duty ball and needle bearing construction
- Planetary gear reduction balances the drilling load and maximizes performance
- Precision air motor with exceptionally high turning force

BAILEIGH METAL TOOLS

BAILEIGH MANUAL BENDER FB-4

Baileigh's FB-4 form bender is a useful tool for press bending ornamental iron, mild steel, aluminum and other metals. This flat bar bender is a manual press brake and can create 90 degree bends by simply turning a hand lever until the desired angle is accomplished.

This metal bender is perfect for hobbyists, ornamental iron artists, and much more. Of course this is not a production bender, but is perfect for small runs or those one off applications.

• Capacity: 3/16" • Shipping Dimensions (L/W/H): 17"/7"/8" • Shipping Weight: 19 lbs

P/N 13-08987 .....$235.00

BAILEIGH MANUAL ROLL BENDER R-M3

Baileigh The R-M3 metal ring roller is perfect for any typical sheet metal shop for bending small rod up to ¼". Metal artists, technical schools, and home shops can find hundreds of uses to keep this well built angle roll in use.

This single pinch metal ring roller can be bench or pedestal mounted. It has fine adjustment for the top roll and to power this machine there is a manual hand crank.

• Capacity Solid Round: .25" • Capacity Flat Bar: 1" (.1875 • Minimum Diameter: 3" • Handle Length: 13.5" • Power Requirement: Manual • Shipping Dimensions (L/W/H): 15" / 7" / 8" • Shipping Weight: 18 lbs

P/N 13-08975 .....$145.00

BAILEIGH MANUAL ROLL BENDER R-M7

Baileigh Industrial's Roll Bender R-M7's small size makes it highly portable and versatile. Although not for rolling complete circles, it makes quick work of large radius bends. Many different tooling options are available as well.

Capacity / Size / Diameter: • Pipe - 1.5" / 20" dia • Round Tube - 1.25"(.078") / 31.5" dia • Square Tube - 2" / 70" dia • Rectangle Tube - 1x2" / 30" dia • Flat bar - Easy Way / 10" dia

Specifications: • Roll adjustment: Manual • Pinch: Single • Shaft Center Distance (lower rolls): Adjustable • Driven Rolls: 1 • Speeds: N/A • Motor: N/A • Power Requirements: Manual •Shipping Weight: 150 lbs

P/N 13-08976 .....$675.00

BAILEIGH MANUAL ROLL BENDER R-M10

Baileigh's R-M10 tube roller has a powerful manual drive system that has a maximum capacity of 1-1/4" (.078" wall) round tubing capacity (mild steel). It comes standard with segment rolls that allows for many different types of flat bar, some angle iron and some square to be rolled. This roll bender has optional rolls for round tube and pipe, as well as other profiles.

This tube roller is typically in stock for fast deliveries. For further information on the R-M10 roll bender, please contact your Baileigh representative.

Capacity / Size / Diameter: • Pipe - 1 " (Sch.40) / 28" dia • Round Tube - 1.25"(.078") / 31.5" dia • Square Tube - 1.2" (.078") / 35" dia • Angle Iron - 1.25" (.157") / 30" dia • Solid Square - .75" / 20" dia • Solid Round - .875" / 20" dia • Flat Bar Easy Way - 2" / 15.75" dia • Flat Bar Hard Way - .75" / 6.5" dia

All Specs based on 60,000 PSI (42 kg/mm2) Tensile Strength - Mild Steel. Specs are to be used as a base line for purchase purposes only. Baileigh Industrial cannot control Variations in Material.

Technical Specifications and Standard Equipment: • Two rolls are manually powered • Special cast frame • Shafts are hardened with special steel material • Rolls are special steel material hardened and ground • Gears milled with full material • Standard rolls, guide rollers, manual working • Users manual.

P/N 13-08977 .....$1,549.00

BAILEIGH MANUAL TUBE BENDER RDB-10

The RDB-10 manual hand tube bender is the perfect bending machine for bending air lines, brake lines, fuel lines, and general hydraulic lines. Thus, if you're into building or repairing race cars, auto and airplane repair or restoration, an automated machinery builder, or much more, the RDB-10 manual bender will save you time and money from the moment you use it.

This manual tube bender comes standard with 10 different size combinations from 1/4" to 5/8" OD in either 3 or 5 times the diameter radiuses. This manual tube bender works great with mild steel, certain coppers and aluminums, as well as stainless steel. It comes standard with a heavy pedestal, tooling rack, and bending machine.

The RDB-10 hand bender is easy to use and can bend tubing up to 180 degrees. Because of the design, this bending machine can do serpentine bends with ease at very tight radiuses depending on the OD, material and wall thickness.

P/N 13-08971 .....$679.00

BAILEIGH MANUAL TUBE BENDER RDB-25

This manual tubing bender comes standard with the following round tube die sets: 3/8" OD x 2" CLR; 1/2" OD x 2.25" CLR; 9/16" OD x 2.5" CLR; 5/8" OD x 3" CLR; 3/4" OD x 3.5" CLR; and 7/8" OD x 4.25" CLR. It also includes a 3/4" Square x 3.75" CLR and 1" Square x 4.25" die sets.

Sturdy cast iron frame that can be bench or pedestal mounted for ease of use. Even though this tube bending machine is very powerful, it has been designed to take up little shop floor space. This is the perfect manual tubing bender for the home hobbyist, metal artist, or small fabrication shop with low run requirements.

Specifications: • Capacities Round Tube(OD): 7/8" max • Capacities Square Tube: 1" max • Wall Thickness: .047" max • Bend Angle: Up to 180 deg • Power: Manual • Shipping Dimensions (L/W/H): 25"/15"/6.5" • Shipping Weight: 61 lbs

P/N 13-08972 .....$189.95

BAILEIGH MANUAL TUBE BENDER RDB-050

This bending machine is extremely powerful and can bend up to 2-1/2" OD mild steel with a wall thickness of .120" and 2" OD chromoly with a wall thickness of .120". Also has three unique speeds. The proper speed for each application depends on the material type, OD and wall thickness. Speed one (4 degrees per pull) has the most torque and would be used for bending 2" OD Chromoly or 2-1/2" OD mild steel. Speed two produces 8 degrees (for intermediate materials), while speed three produces 12 degrees (for lighter gauge materials) with each pull. Operator can bend to 200 degrees without re-pinning. It ships via UPS in four separate boxes to keep freight rates reasonable. Some assembly is required.

P/N 13-08973 .....$949.00

BAILEIGH MANUAL TUBE BENDER RDB-100

This bending machine can be fitted with hundreds of round and square tubing die sets as well as round pipe dies sets with a maximum center line radius up to 7". This manual tube bender uses a large diameter indexing plate that allows the fabricator to bend up to 206 degrees (180 degrees plus spring back) in one shot without having to re-index and re-pin common on most other manual pipe benders on the market. Each pull of the handle bends the material approximately 8 degrees. When requirements are for lighter gauge materials this tube bending machines indexing unit can be shut off and the handle can be put into a manual override housing that allows the operator to simply walk around the manual bender and bend without the power of the indexing unit. Includes the stand, degree dial, and handle.

P/N 13-08974 .....$2,235.00

BAILEIGH ENGLISH WHEEL EW-28

This quality English wheel is a heavily built floor stand unit that can handle smoothing compound curves into mild steel and aluminum sheet metal for restoration or bodywork on autos, planes, cycles and much more. This machine has an 18-gauge mild steel capacity and has an ample 28" throat depth. The EW-28 English wheel comes standard with an 8" X 2" upper roll and includes six lower anvil rolls with varying crowns. The radius included for the six lower rolls are 2", 3", 4", 6", 8", and 12". Like other Baileigh English wheels, the machine comes intact with only minor assembly required (no welding required). The frame members are constructed of heavy walled square tubing that is electro welded to a truss system offering little flex at maximum capacity.

Specifications: • Capacity (Mild Steel): 18 ga • Throat Depth: 28" • Shipping Dimensions(L/W/H): 36"/34"/15" • Shipping Weight: 191 lbs

P/N 13-09001 .....$679.95

BAILEIGH ENGLISH WHEEL MANUALLY OPERATED EW-40

Baileigh's quality English Wheels have a generous 40" throat depth, and ship complete with five bottom anvils and one 7" upper wheel. It has a rugged electro welded frame and stand for ease of use and years of quality shaping and forming metal. The EW-40 English wheel has an 18 gauge mild steel capacity and a 13 gauge aluminum capacity. Like all Baileigh metal forming machines the EW-40 is a quality machine for a reasonable price. This machine is in stock for quick deliveries.

Specifications: • Capacity (Mild Steel): 18 ga • Throat Depth: 40" • Shipping Dimensions(L/W/H): 72"/36"/15" • Shipping Weight: 388 lbs

P/N 13-09003 .....$1,459.00

BAILEIGH METAL TOOLS

BAILEIGH MANUAL MULTI-PURPOSE BENDER MCB-650

Baileigh's MCB-650 flat bar benders are ruggedly built to bend up to 5/16" X 1-1/4" mild steel or ¼" X 2" mild steel as the maximum capacity. This is a fantastic ornamental bender to have for railings, fences, gates and for hundreds of additional applications. This flat bar bender comes standard with 7 die sets from 1" up to 3" for flat metal. Other solid applications such as wire, rod, and bar can be bent as well up to 200 degrees.
Specifications: • Bend Capacity: 2" x .236" • Angle Capacity: 0 - 200 deg • Shipping Dimensions (L/W/H): 35"/10.5"/10.5" • Shipping Weight: 53 lbs
P/N 13-08988 .....$189.95

BAILEIGH MANUAL HOLE SAW NOTCHER TN-200H

This coping machine can be vertically mounted in a drill press, or for larger pieces it can be horizontally mounted on a weld bench and powered by a portable drill.
This hole saw tube notcher is made of thick 3/8 inch aluminum with a heavy bronze bushing that is replaceable if ever need be. The spindle is made of a ½" hardened shaft for longevity and less vibration. This coping machine can notch at angles up to 45 degrees in less than 30 seconds and has a capacity of up to 2" round tube.
Specifications: • Notch Capacity (OD): 2" • Spindle Size: 1/2" • Spindle Adapter: 1/2" – 5/8" • Shipping Size (L/W/H): 12" / 7" / 5" • Shipping Weight: 10 lbs
P/N 13-08978 .....$195.00

BAILEIGH MANUAL HOLE SAW NOTCHER TN-250

This is the most revolutionary hole saw pipe notcher on the market and is perfect for chassis, roll cages, and much more. This is the only hole saw tubing notcher that is always centered left to right and up and down. This coping machine is constructed of heavy steel plate to reduce vibration, uses a 1-1/4" Thompson® shaft that rides in a sealed needle bearing for longevity of the machine and hole saw. The TN-250 tube notchers vise has a powerful screw with a built in hand wheel that opens and closes the unique six radial clamping jaws. Can notch up to 2-1/2" OD and allows for steep angles as the hole saw can pivot up to 230 degrees making it the most versatile notching machine on the market. This tubing notcher can easily offset in seconds for off center notches and does not require crazy shims or spacers common on inferior models.
P/N 13-08981 .....$579.95

BAILEIGH MANUAL HOLE SAW NOTCHER TN-300

This tubing notcher can notch from 1/2" to 3" tube and 1/2" to 2-1/2" Schedule 40 Pipe in materials such as aluminum, mild steel, chromoly, and stainless steel. The tube notchers vise has a quick release so different notch angles can be set up in a second or two and locked in with a solid taper lock. Can notch up to 60 degrees as standard, but with extended hole saws and the right size OD, notches up to 75 degrees can be attained. The vise is a self centering that is on an acme screw for quick tightening and releasing of the material. An offset adjustment is standard for those jobs where more strength is needed like on some hand railing or chassis frame applications. The drive carriage on the TN-300 pipe notcher houses an industrial grade motor tied to a direct drive gear reducer that turns the hole saw with ease, even at full capacity. This tube notchers carriage rides on a solid V-block roller assembly that is coupled to a large drive wheel for pushing the hole saw into the material with limited vibration and ease. This simple unique design on this tube notcher makes notching tube and pipe a breeze.
P/N 13-08983 .....$2,625.00

BAILEIGH MSS-18 MANUAL 18GA SHRINKER STRETCHER

Baileigh's MSS-18 sheet metal shrinker stretcher has one complete shrinker and one complete stretcher both in their own cast iron housings. The heavy casting assures a quality function at full capacity, which is 18-gauge in mild steel and 16-gauge in aluminum. Both units are foot operated and come with a heavy steel stand as standard.
Specifications: • Capacity Mild Steel: 18 ga • Capacity Aluminum: 16 ga • Minimum Forming Diameter: 4.5" • Stand: Included
P/N 13-08984 .....$485.00

BAILEIGH MSS-16 MANUAL 16GA SHRINKER STRETCHER

Baileigh's MSS-16 sheet metal shrinker stretcher has a heavy cast iron frame with a deep 8" throat. It comes standard with two sets of jaws, one for shrinking and one for stretching. This is a manually operated machine that has a heavy engagement lever that allows perfect control of the function at hand. This sheet metal shrinker stretcher has a mild steel capacity of 16 gauge and an aluminum capacity of 14 gauge. No other sheet metal stretcher shrinker on the market has such a generous throat depth with a heavy maximum capacity for such a good price.
Specifications: • Capacity Mild Steel: 16 ga •Capacity Aluminum: 14 ga • Throat Depth: 8"
P/N 13-08985 .....$579.95

BAILEIGH MSS-16F SHRINKER STRETCHER

This model is a heavy duty foot operated shrinker stretcher for shrinking or stretching mild steel sheet metal down to 16-gauge (14-gauge aluminum) in thickness. This is the perfect machine for working metal for auto, cycle or airplane body work. This machine is ruggedly built and can shrink or stretch metal with ease at full capacity.
Our MSS-16F metal shrinker stretcher has a rugged floor stand with foot pedal control to actuate the jaws allowing the hands to be free to properly work the material. An ample 6" throat depth allows for hundreds of applications to be worked on compared to smaller throat depth models. The rugged base has wheels allowing for mobility in any cramped shop environment.
This metal stretcher shrinker has quick jaw change over features built in so changing from shrinking metal to stretching metal takes only a couple seconds. This machine comes standard with jaws to stretch metal and shrink metal (note: optional aluminum jaws are available).
Specifications: • Capacity Mild Steel: 16 ga • Throat Depth: 6" • Weight: 78 lbs
P/N 13-08986 .....$1,068.00

BAILEIGH VARIABLE SPEED POWER HAMMER

The Baileigh Industrial PH-19 power hammer is the little brother to the MH-19 Power Hammer . The PH-19 can do many of the same functions as the MH-19, shrink, stretch, dome, edge turn, bead, offset, but at a price that fits any budget. The PH-19 also accepts all readily available MH-19 tooling.
Specifications: • Capacity Mild Steel: 16 ga • Capacity Aluminum: 12 ga • Throat Depth: 19" • Tooling Height Adjustment: 5" • Speed: 0 - 1700 beats/minute • Power Requirement: 120V
P/N 12-02646 .....$8,707.00

BAILEIGH ONE PHASE POWER HAMMER

MH-19 power hammer is the most revolutionary metal forming machine on the market. In summary you can achieve stretching, shrinking, planishing, and doming with critical adjustments on the fly while in operation. This is the ultimate metal shaping and forming power hammer on the market. No other machine is as versatile as the MH-19. The MH-19 includes the following tooling to get you up and running quickly at no extra charge: (1) set of thumbnail shrink dies, (1) flat top die, and (1) Lower planishing die.
Specifications: • Capacity Mid Steel: 16 ga • Capacity Aluminum: 12 ga • Throat Depth: 19" • Length of Stroke: .177 - .550 (adjustable) • Tooling Height Adjustment: 2" • Speed (variable): 0 - 1500 beats/minute • Power Requirement: 220v / 1 phase • Shipping Dimensions: (L/W/H)60"/60"/84" • Shipping Weight: 1600 lbs

DE-ICE EQUIPMENT – DIGITAL THERMOMETERS

HANDHELD ANTI-ICING AND DEICING SPRAYERS

Handheld Deicing Sprayers are aircraft-portable pressure sprayers appropriate for defrosting and light deicing operations. They are commercial grade, polyurethane, controlled-pressure sprayers designed to spray hot SAE Type I deicing fluid directly on your aircraft to remove frost, and light snow & ice. They are equipped with a 2 piece brass wand, flat-fan spray pattern, high-capacity, interchangeable nozzle tip that sprays 1.2 gpm of deicing fluid at 20 psi. They will also accept our optional 120-volt, 1100 to 1700 watt electrical immersion heaters to quickly heat the fluid within the sprayer tank to 160. Following are the specifications on the Handheld Deicing Sprayers:

Description	Dimensions	Part No.	Price
1 Gal Sprayer	7" Dia. x 17" H	12-21605	$89.95
2 Gal Sprayer	8.5" Dia. x 19.5 " H	12-21610	$112.95
3 Gal Sprayer	9.5" Dia. x 21" H	12-00499	$139.95

To heat Deicing fluid you need to purchase a heater below.

Heaters					
Voltage	Watts	Amps	Application	Part No.	Price
120	1,100	9.2	12-21605 Sprayer	12-02087	$580.00
120	1,400	11.7	12-21610 Sprayer	12-02088	$679.00
120	1,700	14.2	12-00499 Sprayer	12-02089	$598.00

DEICING CARTS

Aircraft Deicing Gasoline Engine Powered Carts are designed for outdoor deicing operations . These carts use either a 5.0 or a 5.5 hp air-cooled gasoline engine, providing adjustable fluid flow rates and pressures of up to 6.0 gpm/150 psi and 10.0 gpm/300 psi respectively -- sufficient to deice all general aviation, corporate & charter aircraft. The standard carts range in capacity from 40 to 110 gallons, and all can be equipped with an electric immersion heater to heat the deicing fluid to a maximum of 160° F to help melt frost, snow & ice from your aircraft's surfaces. All carts are supplied complete, including steel frame, straight pin hitch, mainwheels, power source, pump, tank, adjustable pressure valve, pressure gauge, high-pressure hose, pistol-grip handgun w/ extension, and adjustable brass nozzle.

NYLON FLANGES IN BATTERY BOX MODIFICATION KIT

-Improve Starting Performance. -Easier Removal & Installation of Battery. -May prolong life of battery and starter. -Less expensive to modify existing box than to replace. -Compatible with our famous "Low Loss" Cable Kits! -Eliminate extra connection on outside of the battery box. -Do away with the troublesome braided negative strap.

Experimental ..... P/N 11-02892 ..... $31.50
STC'd/PMA'd ..... P/N 11-02893 ..... $64.75

BATTERY TERMINAL TOOL

The Right Tool for the Job. * Prevents damage to battery posts. * Steel frame, fits battery wing nuts securely. * Insulated to eliminate shorting, sparks or possible explosions. * Foam grip handle eliminates slipping. * Great gift for pilot or mechanic. P/N 12-16200 ..... $16.50

NICHOLSON HACKSAW BLADES

Nicholson Bi-Metaloy hacksaw blades last twice as long as high-speed steel and 10 times longer than carbon steel. Can operate 20%-50% faster. Practically unbreakable.

GENERAL RECOMMENDATIONS FOR BLADE SELECTION

14 TOOTH – For cutting heavy cross section and for soft materials where maximum chip clearance is needed. P/N 12-19514 ..... $1.94

18 TOOTH – For general shop use, where blade is used on several jobs. P/N 12-19518 ..... $2.45

24 TOOTH – For cross sections of 1/16" to 1/4", such as pipe, angles, small drill rod. P/N 12-19524 ..... $2.45

32 TOOTH – For cutting stock up to 1/16" thick, such as 4130 tubing, sheet metal, BX. P/N 12-19532 ..... $2.45

MICROTEMP DIGITAL INFARED THERMOMETERS

MT-250

MT-100

Digital, non-contact infared thermometers are used for hundreds of practical applications and are essential tools for professional automotive and aviation technicians.

Infared Thermometers (IRTs) are great automotive and race tuning diagnostic tools-and are great for countless diagnostic tasks. Check track surface temperatures, tire temps, brake rotors, header and exhaust temps, air intake temp, heating and A/C vents.

Model	Description	Part No.	Price
MT-250	-67°F - 482°F (-55°C - 250°C) 5:1 distance to sight (D:S) ratio. Super compact size: 2.94" x 1.65" x 0.8"	12-01656	$39.75
MT-100	Temp Range: -27°F - 230°F; Distance to Spot Ratio (D:S) 1:1, Accuracy +/-2°F, Response Time: 1 Second, Dimensions: .75" x 3.25", Battery Type 2 LR44	12-01994	$26.35

WIDE RANGE DUAL PORT DIGITAL THERMOMETER

Features: • Jumbo Display with four digit LCD • Dual Channel K type ports T1/T2 • Accepts K/J thermocouples • Fast response • Hi/Lo temperature alarm • Temperarture hold • Min./Max./Avg. • Clock setting • Relative temperature mode • Low Battery and Overload indicators • Auto Power off • Protective rubber housing • Instrument displays in °F/°C/Kelvin-absolute temperature

P/N 12-01893 ..... $109.95

THE THERMO SEEKER

Ideal for isolating overheated electrical components and hot spots, trouble-shooting HVAC/R and automotive systems, and performance-testing motors and boilers. The Thermo Seeker is a high end infrared thermometer for professional use. With 12 to 1 DS ratio, a wide temperature range of -58° to 1202°F, an user adjustable emissivity, and an included K type probe, this is a good partner for any maintenance and inspection professional. P/N 12-03371 ..... $79.95

MINITEMP PORTABLE INFRARED THERMOMETER

Diagnose problems faster and more easily with the Raytek MiniTemp MT6 infrared (IR) thermometer. The laser point sighting on the MT6 unit helps to direct measurements toward the target, and the large backlit display shows both the current and maximum readings simultaneously. With a protective boot for added durability, award winning ergonomic design and Raytek quality and accuracy, the MT6 model is the perfect introduction to infrared temperature measurements in automotive diagnostics. P/N 12-03153 ..... $98.85

HEAVY-DUTY IR DUAL-LASER THERMOMETER

Features of the IR Long Range Professional Thermometer include a bright, built-in dual laser which provides easy aiming and defines target area, amber back-light LCD display, programmable HI and LOW audible temperature alarms, and high intensity white LED flashlight. Uses 2 x AAA batteries (incl) to provide 180 hours of use. Weight and Dimensions: 16 ounces (with batteries,magnets); 8 x 8 x 2.8 inches. Temp Range: -76° to 1832°F. P/N 12-03152 ..... $259.00

INFRARED THERMOMETER WITH STAR BURST LASER TARGETING

Ideal for isolating overheated electrical components and hot spots, trouble-shooting HVAC/R and automotive systems, and performance-testing motors and boilers. Features: • 12:1 distance-to-spot (D:S) ratio • IRT measurement range -58° to 1202°F (-50° to 650°C) • "K" type thermocouple measurement range: -146° to 2498°F (-99° to 1370°C) • Includes "K" type thermocouple with 0° to 500°F (-18° to 260°C) range • Automatically stores last 10 readings for recall • Automatically holds measurements and displays Min/Max/Avg/Dif session values • Settable high and low temperature alarms • Adjustable emissivity from 0.1 to 1.0 (in 0.01 steps) • Auto Power Off • Power Source: 1 "9V" battery (included) P/N 12-03355 ..... $79.85

TO

VALVE WOBBLE TEST FIXTURES

The Valve Wobble Test Fixture for parallel valve Lycoming engines is used to comply with LycomingSB–388a. Quality made of aluminum and alloy steel, it is easy to use with no set screws or feeler gauges required. Allows direct reading of wobble from dial indicator. Note: Will work on a angle valve engine.

Fixture without indicator ..... P/N 12-21500 ..... $137.95
Fixture with indicator..... P/N 12-21505 ..... $205.95

DISTRIBUTOR BLOCK SPRING INSTALLATION TOOL

This tool facilitates the proper installation of contact springs on Bendix magnetos. The O–ring locator ring assures proper location of the tool in the contact tower. Features knurled body grip and ball plunger grip. Made of alloy steel

P/N 12-21510 ..... $84.75

VALVE SPRING COMPRESSOR

This tool is used to compress valve springs during valve removal and installation. It is ergonomically designed for shop and field use and comes with special pivot pin. Features alloy steel construction with nickel plating. P/N 12-00202 ..... $76.75

VALVE LASH ADJUSTING TOOL

This tool greatly reduces the time required to adjust valves and improves the accuracy of the adjusting operation. Used on Lycoming O 235 and O 290 series engines. Quality constructed of alloy and toolsteel.

P/N 12-21550 ..... $196.75

ROCKER ARM SHAFT REMOVAL TOOL

These simply bolt to the head and the knurled knob screws down to compress the valve spring allowing the shaft to be slid out with no spring pressure.

P/N 12-03227 ..... $39.95

PUSH ROD FLARING TOOL

Expanding ball type tool produces a flare every time. Balls rotate inside housing, expanding it into aluminum boss. 1 lbs (0.5Kg) shipping weight.

P/N 12-03372 ..... $89.75

ELECTRODE SPREADING TOOL

This tool is used to increase the electrode gap on all massive electrode spark plugs. It is constructed from heat treated alloy steel and is nickel plated.

P/N 12-51520 ..... $19.50

SPARK PLUG SERVICE KIT

Our spark plug service kit includes the Precision Gap gapping tool which is easy to use, features fine thread adjuster and ball pressure tips, and works on all massive electrode plugs. Also includes the 18mm Thread Cleanout Tool with spring loaded jaws which offer maximum thread penetration & control carbon build–up in threads. Completing the Kit is a double–end Gap Plug Gauge which features an aluminum handle and is easy to use. Kit comes complete with durable birchwood storage case. P/N 12-21525 ..... $99.85

THROTTLE SHAFT BUTTERFLY SCREW STAKING TOOL

This quality made alloy steel tool facilitates the proper staking of throttle shaft butterfly screws and eliminates the possibility of damaging the carburetor during staking. The tool can easily be operated by one person on the bench without chisels, special fixturing or hammers. All wear components are easily replaceable for long service life.

P/N 12-21528 .....$129.50/ea.

BENDIX MAG LOCK

This Bendix Mag Lock works on S4 and S6 and other Bendix Mags. To use simple place a cotter pin loosely into lower plunger hole. Screw sleeve into magneto case. Align red slot in plunger parallel to mag tooth gear. Remove cotter pin to engage gear tooth. Dimension: 2-3/4" x 1/2" x 3/4" ....

P/N 12-02243 .....$53.75

SAFETY MAGNETO LOCK TOOL

This handy tool fits most Bendix magnetos and prevents damage to distributor gear teeth brought about by accidental turning of the engine during magneto installation. Use for E gap or engine timing. Body taper locks into timing window. Polyurethane rubber throughout.

P/N 12-21535 ..... $9.95

LYCOMING TIMING POINTER

This tool is used to align timing numbers and marks to the crankcase parting line on Lycoming engines. It permits timing from the marks on the aft side of the flywheel. A spring clip holds the tool to the flywheel.

P/N 12-21540 ..... $47.75

CONTINENTAL O–200 TIMING POINTER

This tool is used to align timing numbers and marks to the crankcase parting line on the Continental O–200 engine. It is held to the propeller flange with magnets, and eliminates the need for all other timing angle devices and TDC indicators. Quality made from delrin and tool steel. Greatly simplifies the timing of new magnetos and periodic timing checks. P/N 12-21545 ..... $42.75

SIDEWINDER SPEED WRENCH

The Sidewinder Speedwrench specialty tool was developed to counter the frustrations of using standard socket wrenches especially in applications where excessive repetitions are required to install or remove long bolts; or where there is not enough resistance involved to allow the ratchet to function; or where there is not enough working space for efficient use of the standard ratchet wrench. The sidewinder can cut work time in half for professional mechanics and aircraft builders. Now being used by major racing teams, the Sidewinder is a revolutionary addition to every tool box.

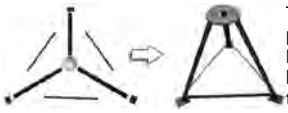
1/4" ..... P/N 12-21109 ..... $38.90
3/8" ..... P/N 12-21100 ..... $38.90
1/2" ..... P/N 12-21110 ..... $38.90

ENGINE OVERHAUL STAND

This inexpensive engine overhaul stand is ideal for actual overhaul and for storage of engines. Constructed of heavy duty steel, it features three legs which allow it to sit level on uneven floors and comes complete with an adapter spacer block. The stand is 24" tall with made for user installed casters and comes predrilled for Continental A–65 through O–520 series engines and Lycoming 65 through O–720 engines. A quality engine stand at an affordable price.

Overhaul Stand ..... P/N 12-21555 ..... $238.00
Wheel Set for Stand..... P/N 12-00919 ..... $44.50

ENGINE OVERHAUL STAND KIT



The engine stand kit has all of the components to construct an engine stand. Beginning at the top; the engine stand kit includes (1)The top plate. Designed to bolt down the engine flange to the stand. (2) Three legs that are pre-cut to the proper angle. (3)Three spreader bars to hold the base of the stand from spreading apart. (4) Three feet to stabilize the base and allow installation of casters. The kit is ready to weld. 24" tall when finished..

P/N 12-01364.....$189.75

CONTINENTAL ENGINE MAG TIMING TOOL

Aluminum CNC tool manufactured in Alaska for simple and perfect magneto timing. Simply position engine on #1 TDC compression stroke. Lube grommets. Put this tool on the top two propeller nuts and sight down top case halves to see exact mag timing. Now there's no need for propeller protractor cones! P/N 12-02817.....$39.95

15-IN-1 STANDARD SCREWDRIVERS

This standard driver is loaded with 7 double end Professional quality bits. This assortment provides the 14 most popular tips for driving screws. The shaft opening also serves as 1/4" hex driver. Retractable bit cartridge™, Palm Saver Cap™, EZ-Guide™ Collar.

Standard .....P/N 12-03693.....$17.75
Tamper Proof .....P/N 12-03694.....$23.50

TO

LYCOMING BAFFLE SPRING COMPRESSOR

Our top quality Lycoming Baffle Spring Compressor speeds up the removal & installation of cylinder baffle springs. It eliminates the danger of broken or bent cylinder fins caused by use of screwdrivers and punches. This tool is easy to use and features 2 pivot locations for parallel and angle valve cylinders.

P/N 12-30200.....$79.75

VALVE SPRING COMPRESSOR TOOL

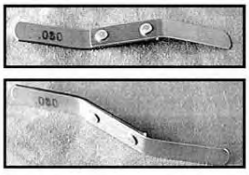
This unit will work on Continental 65 thru 0300, and some 0-470's. Lycoming 0320 & 0360, and most any cylinder with a vertical valve constructed head.

It is extremely simple to use. Place Spring Compressor in drill press, and a length of wood in cylinder (to keep valve seated). Depress and remove valve stem clips, and spring. Removes valves in a minute. P/N 12-02072.....$54.75

LYCOMING VALVE SPRING COMPRESSOR

This cast aluminum alloy valve spring compressor fits Lycoming parallel valve and angle valve horizontally opposed engines. An excellent tool at an economical price. P/N 12-21520.....$59.95

LYCOMING TAPPET GAUGE



Similar to Lycoming Gauge ST23, this tappet gauge is Rockwell hardened to 48-52 and precision ground to .028 and .080. This gauge is a must for professional aircraft mechanics.

P/N 12-00918.....$42.75

EAR ISLAND REMOVAL TOOL

When substantial quantities of material have to be removed from the exhaust port, it may be necessary to also remove the island around the exhaust stud area. The ear island removal tool and pilot can be used to accomplish this without the use of power tools.

P/N 12-17608..... $103.95

ECONOMIZER VALVE SETTING TOOL

The economizer valve adjusting tool is a simple, functional gage that eliminates the hassle of using a depth mic. The tool is precision made to assure required accuracy.

P/N 12-17500..... $189.95

DRILL PILOT SLEEVE & BOLT HOLE BULLET

BOLT HOLE BULLET - Every tool box should have a set. Simply tap bullet into bolt hole requiring alignment, and tap bullet on through with proper AN Bolt Set of 5 (1/4, 5/16, 3/8 7/16 and 1/2inch)

P/N 12-02093.....$19.90

HANDY BEARING PACKER

Quickly Flushes Out Old Grease and Repacks Bearings with Less Mess.

The Handy Packer works on bearings up to 3 1/2" O.D. The grease stays in the tool cavity, not on your hands. To pack a bearing, place the bearing on the piston. Press down on the cap until the old grease is forced out and the new grease shows on top of the bearing. P/N 12-02578 .....$25.95

LINK® TOOLS LOCKING SOCKET SETS

7-PC LINK 1/4 & 3/8 INCH PROFESSIONAL UPGRADE AND DELUXE PROFESSIONAL SET - LINK Tools are available as professional upgrade sets for customers that wish to upgrade their tool chests with just a few LINK Tools, Additionally, a variety of sets with sockets and bits are available in convenient mobile cases. Adding a few LINK Tools upgrades your entire tool chest! The revolutionary LINK Tools are forged from solid steel, with a distinctive chrome finish for outstanding durability and strength. LINK Professional Upgrade Sets are available and work with all detent sockets. Increase the productivity of every tool in your chest! Comes with:• Locking Ratchet • Locking Unidriver® tool • Locking U-Joint • Locking Palm Wrench • 2" Locking Extendor™ Bar • 3" Locking Extendor™ Bar (1/4" Drive Only) • 6" Locking Extendor™ Bar • 9" Locking Extendor™ Bar *available in deluxe set with Ratcheting Unidriver

Description	Part No.	Price
3/8" (38007) Up-grade Set	12-01702	$111.95
3/8" (38009) (with Ratcheting Unidriver) Deluxe Up-grade Set	12-01703	$144.95
1/4" (25007) Up-grade Set	12-01704	$94.00
1/4" (25009) (with Ratcheting Unidriver) Deluxe Up-grade Set	12-01705	$117.95
Electric Tool Adapter 3"L	12-01706	$23.50

41-PC. LINK® 3/8" DRIVE SYSTEM SET - The revolutionary 3/8" Drive LINK® System tools are forged from solid steel, with a distinctive chrome finish. The set includes: [1] Universal Joint, [1] Unique UniDriverTM Drive, [1] LINK Automatic-Locking Ratchet, [2] ExtendorsTM (2 and 6-inch), [2] Spark Plug Sockets (5/8 and 13/16-inch), [9] SAE 6-Point Sockets (5/16, 3/8, 7/16, 1/2, 9/16, 5/8, 11/16, 3/4, and 13/16-inch), [11] Metric 6 Point Sockets (8, 9, 10, 11, 12, 13, 14, 15, 16, 17, and 18-mm), [5] Socket Mounted Hex Bits (3/16, 5/16, and 3/8-inch, and 6 and 10-mm), [5] Socket Mounted Torx or Star Bits (T- 25, T-30, T40, T45, and T-50), [4] Socket Mounted Screwdriver Bits (5-mm slotted, 9/3" slotted, #1 Phillips and #2 Phillips), and a Case.

P/N 12-00807 .....$59.75

41-PC. LINK® 1/4" DRIVE SYSTEM SET - LINK® extensions and sockets will not pull apart until you unlock them. A small pull on the locking device lets the socket or extension fall free. The new 1/4" Drive Quick- Lock™ Set comes with 12 pt. sockets in a new custom-fitted carrying case that floats and contains storage space. The set includes the following 6 Link-Lock™ Drive Tools: [1] Universal joint, [1] All-metal UniDriver® [1] 36-tooth Slide Button Quick Release Positive Locking Ratchet, [3] ExtendorTM Extensions (1.5, 3, 6-inch); 16 12-point Sockets: [8] SAE (5/32, 3/16, 7/32, 1/4, 9/32, 5/16, 11/32, and 3/8 inch), and [8] Metric (4, 5, 6, 7, 8, 9, 10, 11 mm); 19 dingle piece machined steel socket bits: [6] Torx (T-8, T-10, T-15, T-20, T-25, T-27), [9] Hex (5/32, 3/16, 7/32, and 1/4 inch, 3, 4, 5, 6, and 7mm), [4] Screwdriver (#0 and #1 Phillips, 5.5 and 6.5 mm slotted); and a custom-fitted Case with storage space..... P/N 12-02840 .....$125.95

LINK® TOOLS PALM WRENCH & SPEEDER - LINK® extensions and sockets will not pull apart until you unlock them. A small pull on the locking device lets the socket or extension fall free. The locking device is similar to those found on air hose co plings, but is a lot easier to lock and unlock. Hand spin, then attach your ratchet to torque down. Not with old fashioned ball bearings, but a space age case-hardened nickel plated steel pin. Or, leave the Palm Wrench on your ratchet and use it as a handy spinner! Exceeds 130% of ANSI standards.

2" Palm Wrench/Speeder 3/8-in.Drive .....P/N 12-00808..... $14.75

1-1/2" Palm Wrench/Speeder 1/4" Drive.....P/N 12-00809..... $13.75

LINK® BRACE STYLE SPEEDER 16.5 INCH - Just the accessory for tight places where there's not much room to turn. Hand spin, then attach your ratchet to torque down. Made of aluminum and steel. Highly polished and nickel chome-plated for durability, rust resistance, and beauty. Exceeds 130% of ANSI standards. 1/4" Drive, 16.5" Speeder #25557.

P/N 12-01701..... $34.50

LINK®1/4"DR.LOCKINGELECTRIC-TOOLADAPTER - For use with your battery-operated electric drill or screwdriver to always get secure locking and quick speed on your sockets and attachments. One end goes into the chuck of your power tool and the other clicks into a socket, socket-mounted accessory, or other LINK drive tool with the same Quick-Lock technology that gives you Hand-To-Work locking.

P/N 12-00933 ..... $12.95

TO

ENGINE TOOLS

PRECISE-GAP SPARK PLUG GAPPING TOOL

Precise Gap is a simple tool to gap two-, three- or four electrode 18 mm sparkplugs. Only 2" overall - comfortably handheld. Precision made of stainless steel. "T" handle adjusters move the ground electrodes closer to the center electrode until wire feeler identifies proper gap. Adjusters have fine thread with ball tips for precise movement. Don't buy an inferior imitation at a higher price! P/N 12-11600 .....$21.50

GAP PLUG GAUGE .014 TO .018

Many customers have indicated that they have had difficulty obtaining setting wires for gaging the plug gap. We now provide a handy tool at reasonable cost. No need to buy extra gauge sizes that you don't need. Furnished with protective end caps. P/N 12-17100.....$10.90

SPARK ON

The annual and 100-hour inspections are tedious, dirty and time-consuming jobs. To make your life easier, we introduced the Spark-On DC resistance tester for shielded plugs. Before installing or re-installing a spark plug its internal resister should be checked to be between about 500 and 5,000 Ohms. Spark-On will perform these checks quickly and easily for years to come. This small, lightweight, handheld unit is simple and makes the test a breeze.

P/N 12-03526 .....$49.95

THREAD CLEANOUT TOOL

In servicing spark plugs, a common problem is carbon accumulation in the jug threads. Cleaning these threads regularly can save big money by preventing thread damage and the need to pull the jug and install thread inserts. This specially designed tool works very well to limit this problem. It provides maximum depth penetration and its unique spring action assures that there will be no enlargement of the existing thread pitch diameter. P/N 12-17200 .....$36.85

COMPASS ADJUSTING TOOL

The compass screwdriver is a great little tool that is totally non-magnetic, but also overcomes the shortcomings of solid brass or aluminum tools. This tool has a nice hex aluminum handle and a stainless steel driver insert. No need to worry about damaging the tip on a frozen compensator screw, and you can also remove the cover plate screws with the same tool

P/N 12-17300 .....$11.50

DIGITAL ELECTRONIC TORQUE WRENCHES

These torque wrenches track both torque and angle measurements eliminating the need for angle gauges and protractors. Backlit screen, and teardrop sealed pivot head ratchet will. Angle measurement not affected by ratcheting. Shock resistant housing. Includes storage case. 3/8 drive range 10-100 Ft/Lbs, length 17.75 inches. 1/2 drive range 25-250 Ft/lbs, length 26.5 inches. Torque accuracy +/- 2% CW, +/- 3% CCW from 20% to 100% full scale. Angle accuracy +/- 1% of reading.

3/8 Inch Drive ..... P/N 12-03241 ..... $286.95
1/2 Inch Drive ..... P/N 12-03242 ..... $325.00

TEMPEST AA472 OIL FILTER TORQUE WRENCH

The Tempest AA472 oil filter torque wrench is a great addition to any toolbox. Its 1" hex allows easy installation or removal of all oil filters. The torque wrench also comes present to 17 foot pounds and is easily recalibrated

P/N 08-07023 ..... $58.75

TEMPEST AA473 OIL DRAIN TOOL

Tired of messy oil filter changes? Tempest oil drain tool with a twist of the knob drills a hole in the filter and allows the oil to drain out of the filter into your container. No mess, easy to do and inexpensive. Tempest improved the popular AA473 Oil Filter Drain Tool by redesigning the swivel fitting to a smaller, more compact design. The new fitting also allows for easier use of the tool because of its "true" swivel characteristics. If you want to upgrade your previously purchased AA473 Oil Filter Drain Tool you can purchase the fitting individually.
Can only be used on Tempest Oil Filters.

Oil Drain Tool.....P/N 12-02248 .....$24.70
Replacement fitting.....P/N 12-02577 ..... $4.35

S4-1 RACE REMOVAL TOOL

A & P mechanics will find this S4 outer bearing race removal tool to be very effective and well priced. Hemispheres held together by the "O" ring are inserted together behind the bearing race. The pilot is then inserted to expand and lock the halves & push out the race. You'll like its simplicity and ease of use.

P/N 12-17601 .....$95.75

S4-2 RACE REMOVAL TOOL

The S4 magneto drive end inner race removal tool works in conjunction with a standard bearing puller. The split gripper ring fits behind and around the race and is captured in the puller ring by 2 opposing set screws. A groove on the puller ring provides the point of attachment for the puller arms. P/N 12-17602 ..... $127.95

S4-3 RACE REMOVAL TOOL

The S4 magneto seal installation, inner and outer race installation tool is three tools in one and is proportioned in such a way that it is easily accommodated by most small bench arbor presses.

P/N 12-17603 .....$89.75

TIMING JUMPERS

The timing jumpers are easily used for timing magnetos without removing the breaker box cover. Simply remove the "P" lead and replace with timing jumper. Then hook up timing light leads. These handy devices have proven to be a real time saver and, in some cases, an outright necessity. SOLD IN PAIRS

Bendix S4/S6..... P/N 12-17700 ..... $45.50/pr.
Bendix D2200, D3000, D3200
P/N 12-17710 ..... $45.50/pr.

MAGNETO ROTOR BEARING SETTING GAUGE

Determines condition of excess bearing clearance and allows for precise adjustment of new bearings to prevent over or under preload. Available with or without dial indicator. Choice of 3/8-16 or 3/8- 24 threaded shaft fittings.

Kit Description	Thread	Part No.	Price
Setting Gauge & Ind.	3/8-16	12-17801	$149.65
Setting Gauge & Ind.	3/8-24	12-17802	$150.95
Setting Gauge & Ind.	Both	12-17803	$178.50
Setting Gauge, No Ind.	3/8-16	12-17901	$98.75
Setting Gauge, No Ind.	3/8-24	12-17902	$69.85
Setting Gauge, No Ind.	Both	12-17903	$108.50

STRUT LIFT JACK

In many instances, simple tire changing, bearing packing, etc., can be a real problem unless the wheel can be lifted in a safe, secure manner. The strut lift shown accomplishes this easily. A specially designed lift pad securely captures the strut elbow or gear leg. The compact jack can be stored in your toolbox.

P/N 12-18000 ..... $126.95

THROTTLE SHAFTBUSHING KNOCKOUT

The throttle shaft bushing removal tool is very competitively priced and will help you avoid a jury-rigged operation that could damage an expensive carburetor body. Now there is no reason not to have one. They are available and affordable.

P/N 12-17400 ..... $149.50

SPRING TOOL

Get a handle on those springs! The "C" shaped tip fit the bend in spring end and won't slip. Can be used to install and remove springs on anything!

P/N 12-16945.....$12.95

PISTON RING COMPRESSOR SET

The most efficient, versatile and dependable tool of its kind on the market. Designed to operate both vertically and horizontally. Fine-tooth ratcheting lock permits bands to be contracted in extremely small increments. Positive lock insures a free hand. Eliminates broken rings during installation. Set includes compressor pliers and the two bands (1123, 1125).

P/N	Size	Engine Application
1123	3-7/8" to 4-1/8"	Cont. A-65, C-85, C-90, 0-200, 0-300
1125	4-3/8" to 4-5/8"	Cont. E-225, IO-470

ATS SPARK PLUG GAPPER

Sure-Gap is designed for use on all massive electrode aircraft spark plugs. Saves time and money, eliminates guessing of plug gap, prolongs plug life and ensures peak performance. 18mm. 1lbs shipping weight.
P/N 12-01682..... **$9.95**

ATS SPARK PLUG GAP GAUGE

Convenient Gap Gauge for all Champion and Tempest massive electrode spark plugs. Slider design keep gauge wires stowed away when not in use.
- Retractable slider design
- Includes wires for .015", .019", .018", and .022"
- Works with all Champion and Tempest Massive Electrode Spark Plugs
- Replacement Wire Gauges are available. 1lbs shipping weight.

P/N 12-01692..... **$15.96**

ATS SPARK PLUG GAPPER & GAUGE 415K

A low-cost efficent gap setting tool for closing gaps on massive-electrode Aviation Spark Plugs. Great design allows it to clamp on to your workbench for easy gapping.
Features
- Manufacturued from 4160 Tool Grade Steel
- CNC Machined surfaces for exact alignment
- Includes ATS450 Feeler Gauge
- Clamps to workbench for easy one-handed operation
- Compatible with all Champion, and AutoLite Massive Electrode Spark Plugs
- 2lbs shipping weight. P/N 12-01691 ..... **$47.96**

ATS SPARK PLUG THREAD CHASER

Chaser cleans threads in spark plug hole of dirt, carbon build-up, and metal particles. Double ended for both 14mm and 18mm threads. Neoprene band on hex drive holds tool securely in any 13/16" deep-well spark plug socket. 1lbs shipping weight. P/N 12-01683 ..... **$7.95**

ATS MAGNETIC SPARK PLUG SOCKET

The new Spark Plug Socket features a thin-walled design to get into to the tightest confines. Magnetic interior guarantees that you won't accidentally drop the plug during installation or removal. Works with all Champion and Tempest Aviation Spark Plugs.
- Works with all Champion and Tempest Aviation massive electrode Spark Plugs
- Thin-Walled design to get to the tightly spaced plugs.
- Magnetic interior holds spark plugs and keeps them from falling out
- 7/8" Socket
- 3/8" Drive
- 3-1/2" Overall Length
- Made of Chrome Vanadium Steel
- 1lbs shipping weight.

P/N 12-01693..... **$23.96**

3/8-INCH DRIVE SPARK PLUG SOCKET

Chrome Socket, Deep Length, SAE. Drive Size: 3/8". Number of Points: 6. Size: 7/8". Overall Length" 2-3/4".
P/N 12-00710..... **$22.60**

ATS SPARK PLUG CLEANER

Cleans any size plug without changing grommet. Has 2-way valve (blast or air) and comes complete with abrasive powder. Ready to use.
P/N 12-01684..... **$25.95**

AIRCRAFT SPRUCE PLUG MAINTENANCE KIT

The Aircraft Spark Plug Maintenance Kit includes an aircraft spark plug tray, air-powered spark plug cleaner, feeler gauge, spark plug gap setting tool, aircraft spark plug socket, a set of 8 spark plug gaskets and a bottle of spark plug thread lubricant and anti-seize compound.
P/N 12-02250.....**$120.95**

HEAVY DUTY SPARK PLUG GAPPER

This professional heavy-duty spark plug gap setting tool is completely portable for field use, yet precise enough to set gaps to within 0.001". The precision screw drive with its comfortable knurled knob gaps any type of Massive Electrode Aviation Spark Plug reliably and without any danger of damaging the spark plug. Simply screw the spark plug into the base of the tool and turn the knob to the required gap width. Very easy to use. Sets gaps to within 0.001". Precision CNC Machined from 4160 Tool Grade Steel. Attractive Nickel-Cadmium finish resists rusting . Knurled palm grip keep the tool from slipping in hands. Compatible with all Champion, and AutoLite Massive Electrode Spark Plugs.
Gapper..... P/N 12-03389..... **$27.96**

SPARK PLUG & FILTER TOOLS

CT-415AV GAP SETTING TOOL

A low-cost efficient gap setting tool for closing gaps on massive electrode type aviation spark plugs. May be used as a hand tool, mounted on a bench or held in a vise. Furnished with one adapter for 18mm spark plugs. (P/N GT-204) and one CT-450 gap gauge. Wt. 1-1/2 lbs., 7-1/2" high.

P/N 12-00796 ..... $198.75

CT-450 RETRACTABLE GAP GAUGE

High-impact red plastic case contains four sets of accurate, retractable "go" and "no go" wire gauges: 2 sets .015-.019 (.016 Nom.) 2 sets .018-.022 (.019 Nom.) Length: 3-1/2". Wt. 1-1/4 oz

P/N 12-00797..... $19.85

CT-457 FINE WIRE GAP SETTING TOOL

Designed exclusively for adjusting fine wire electrode spark plug gaps. Slot fits iridium ground electrodes for quick, safe adjustment. Size: 2-1/4" x 2" x 1/4" (5.7 x 5.0 x 0.63 cm) Weight: 1/2 oz. (14 g). Packed individually.

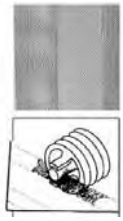
P/N 12-00798..... $36.50

LEAD-MASTER WRENCH SETS

Reduce time to remove and install sparkplug ignition leads. Permit shortarc turning due to 12-point grip head.

CT911 3/4" "T" Handle Box Wrench.....P/N12-00799 ..... $106.75
CT912 7/8" "T" Handle Box Wrench.....P/N12-00801 ..... $108.85
3/4" & 7/8" Open End Box.....P/N12-00802 ..... $109.75

SCREEN CLEAN SPARK PLUG CLEANER



The new Screen Clean tool works great for field cleaning of spark plugs. It is non-abrasive and can be used for several cleanings. Simple to use—just work the bi-fold edge through the gap with several strokes before setting the gap. Actually removes deposits blasting cannot reach.

P/N 12-15610 ..... $5.90

SPARK PLUG TRAY

This unique spark plug tray is quality made of PVC plastic. Each holding position has 18 mm thread so that plugs screw in for positive holding. This tray permits simultaneous inspection of either the electrode or barrel end of plugs, protects plugs from damage, and can be stored in any position. Optional carrying strap attaches to ends.

P/N 12-30185.....$39.70

PLUG-A-LONG SPARK PLUG TRAY

Holds 12 spark plugs each hole stamped with cylinder number also marked top and bottom so each plug can be identified easily, no mix-ups. Plugs can be serviced and returned back to where they were removed. a must for aircraft mechanics. Made from 18 gauge steel. Blue powder coat finish. Dimensions: W=4.0", L=8.0", H=2.6. P/N 12-00974..... $27.50

RADIAL ENGINE SPARK PLUG HOLDER

18 plug holder is made out of steel. Powder coated federal yellow.

P/N 13-11617 ..... $34.95

HEAVY DUTY SPARK PLUG GAPPER KIT

A complete spark plug gapping solution for field or bench use includes the Heavy Duty Spark Plug Gapping Tool to accurately set your spark plug gaps to within 0.001". You also get a set of wire feeler gauges to verify gap size. If you should happen to accidentally over-gap the plug, then the included Gap Expansion Tool will get you back on track. And finally, included in the Kit is an Electrode Erosion Gauge to make sure that your gapped plugs are still in serviceable condition. P/N 12-03359 ..... $47.96

SLICK T150 GAP GAUGE

Tool Gauge Gap. Will work on Lycoming and Continental engines.

P/N 12-00302 ..... $14.50

OIL FILTER DRAIN TOOL

This oil filter drain tool permits draining spinon oil filter prior to removal from the engine. Just clamp on to rear of filter with cutter, punch small air bleed at the top of the housing with anice pick, remove cutter and oil will drain freely in-can or hose-extended funnel.

P/N 08-04200 ..... $46.85

MODEL 2500 GAP SETTING TOOL

Complete with accessories, gauges and instructions for use. A precision gap setting tool for all massive electrode sparkplugs. Permits simultaneous adjustment of 2 opposite prongs without removing the spacing gauge. P/N 12-15500 ..... $399.00

CT-446 SPARK PLUG TRAY

Steel tray holds up to 12 plugs. Speeds handling of used or new plugs. Holes numbered to correspond with engine cylinders. Protects against shielding barrel contamination. Dims: 5"H x 8"L x 3.5"W. Wt. 1 lb.

(12 plug tray).....P/N 12-00795.....$59.85
(18 plug tray).....P/N 12-00162..... $148.75

TEMPEST AA446 SPARK PLUG TRAY

Constructed of high quality metal protecting the spark plugs from damage. Tray design is sturdy and balanced. Rubber feet on the bottom of the tray help keep the tray in place. Numbered spark plug slots.

P/N 07-02510.....$52.75

SPARK PLUG CLEANER TESTER DUAL-VOLTAGE

Works with both 120V and 220V sources, and has advanced circuitry to prevent thermal overload during heavy use. Uses a powerful blast of air and abrasive to thoroughly remove carbon deposits from plugs. Manufactured to the rigorous ISO 9002 standard and carries a full one-year warranty. Specifications: • Operating voltage: 115V or 220V AC Single-phase 50/60Hz • Dimensions: 19.3" (49cm) x 11" (28cm) x 10.4" (26cm) • Weight: 22.5 lbs (10.2kg) • Accessories included: 12mm, 14mm and 18mm spark plug adapters (2pcs each); 12mm, 14mm and 18mm cleaner gaskets (1 each); Adapter case (1pcs); Aviation Massive Electrode adapter plug (1pcs), Abrasive 2 lbs (900g) P/N 12-03184 ..... $579.95
Replacement Abrasive Bag..... P/N 12-03329 ..... $37.90

MODEL 2600A VIBRATOR/CLEANER

Champion now makes it easier than ever to clean heavily lead-fouled spark plugs with this new, improved Vibrator/Cleaner. Each unit is shipped with all accessories required for cleaning fine-wire and 2-prong massive electrode aviation spark plugs. This unit features quick-change cleaning head assemblies, easy and inexpensive replacement of single cutter blades, improved heavy duty top-mounted switch and improved vibrator motor for faster cleaning and maximum durability.

Model 2600A.....P/N 12-15600.....$1,089.00

NO. 91893 ABRASIVE COMPOUND

For use in CT-475AV Dry Abrasive Cleaner/Tester. Contains 1 full charge (15oz.). Note: This main item no longer ships with a tip unless it is ordered separately.

P/N 91893.....$7.70

622 CHAMPION RUBBER TIP

P/N 12-94023 ..... $3.95

TEMPEST SPARK PLUG RESISTANCE TESTER

Tempest has developed an easy-to-use tester that makes it very efficient for IA/AP's to test the resistance in all aviation spark plugs. The IA/AP simply places the spark plug, barrel side down over the contact post and touches the other lead end to the firing end of the center electrode. If the light is green, the spark plug resistance is below 4kÙ (thousand ohms). If both the green and red lights are on, then the plug is between 4 - 5kÙ. This is acceptable for serviceable plugs. If the red light is on alone, this indicates a resistance value in excess of 5kÙ and the plug must be discarded and replaced.

P/N 08-07462..... $129.75

SPARK PLUG GAP EXPANSION TOOL

Expands the spark gap of any massive electrode aviation plug safely and efficently.

P/N 12-03391 ..... $13.56

TO

ULLMAN UNIVERSAL SPARK PLUG GAP GAUGE

This gap gauge provides easy accurate spark plug adjustment. Features flanged edge for electrode bending and beveled round hole for opening gap. 1-1/2" diameter. Wt.: 0.8 oz. Scaled from .020" to .100". Pewter plating makes the inches more legible for user to read. Also available in metric scale (0.5 mm to 2.4 mm).Gap gauge (inches)

P/N 12-21375 ..... $1.65

CHAMPION CT-482 SPARK PLUG EROSION GAUGE

Champion CT-482 spark plug erosion gauge provides an easy, accurate method of determining whether your plugs have reached their maximum wear limit. Calibrated to reject plugs after their electrodes have eroded to at least one-half their original thickness. .

P/N 12-00791 ..... $7.60

SPARK PLUG EROSION GAUGE

Makes it easy to determine if you plugs have reached the end of their useful life. Simply gap your plug per manufacturer's recommentation and then check to see if the electrodes fit through the hole of the gauge. If they enter the hole, then your plug is too worn and must be replaced.

P/N 12-03392 ..... $6.95

SPARK PLUG VIBRATOR CLEANER

Anyone that cleans a lot of spark plugs knows that a spark plug vibrator cleaner is the only way to go to break up and clean out stubborn lead deposits. A spark plug abrasive cleaner is great for the finish cleaning, but it just won't take care of the lead deposits found down around the plug porcelain. Aircraft Spruce now offers an inexpensive way to professionally clean spark plugs. This 115V vibrator cleaner is small, light weight, easy to use. It is great for the pilot or mechanic that wants to carry one along — just in case. 90 day guarantee.

Cleaner ..... P/N 12-21355 ..... $29.50/ea.
Extra Cutter Blades ..... P/N 12-01147 ..... $5.75/ea.

SPARK PLUG CLEANER

This economical spark plug cleaner cleans any size spark plug without changing the grommet. Features a 2-way valve and comes complete with abrasive powder and bag.

Cleaning Kit-2.2 lbs. ..... P/N 12-00786 ..... $24.50
Extra Powder-1.8 lbs. ..... P/N 12-00787 ..... $2.95
Extra Bag-0.06 lbs. ..... P/N 12-00788 ..... $6.65

CT-709 OIL FILTER ADAPTER WRENCH

The CT- 709 tool, designed by a professional aircraft mechanic makes the job easier. Manufactured from tool quality steel, the wrench features both 3/8" and 1/2" drives, as well as "flip over" reversibility. For Cessna adapter for 150 Series through 300 Series Aircraft.

P/N 12-00792 ..... $99.85

CHALLENGER OIL FILTER TORQUE WRENCH

Challenger CP102 Oil Filter Wrench Torque Wrench Adapter 1" L
P/N 12-01674 ..... $16.85
Challenger CP103 Oil Filter Wrench Torque Wrench Adapter 30 MMS
P/N 12-01675 ..... $13.95
Challenger CP102 Oil Filter Wrench Torque Wrench Adapter 1" ST
P/N 12-01676 ..... $13.95

OIL EASY WRENCH

The "Oil Easy Wrench" is specifically designed to remove the oil filter on any aircraft using the Teledyne Continental IO-520 or IO-550 engine. In fact, it is a universal oil filter wrench that works great on any piston engine airplane! Recommended at the Malibu Mirage Owners and Pilots Association (MMOPA) maintence seminar!!! On IO-520's & IO-550's engines, it's the only wrench that can get between the top of the oil filter and the pressure pump and still provide enough leverage to remove the old (usually stuck) oil filter by hand. And because you are able to remove the old filter without any damage, your inspections of the old filter are more accurate, without any contamination from more extreme filter removal methods.

P/N 12-01552 ..... $42.65

ACS OIL CAN CUTTER

This unit has the capacity of both P/N AFC-470 & 12-21395. It also uses the same replacement blade as the 12-21395. Anodized "Red" for corrosion resistance. Base can be clamped in a bench vise if desired. s black anodized.

P/N 12-01048 ..... $59.85

TEMPEST AA474 OIL FILTER WRENCH EXTENSION

Some aircraft applications create an environment that does not allow adequate clearance to get a torque wrench or even an open-end wrench around the install nut on oil filters. Even though Tempest has recently introduced the Dash II filter, which is the shortest oil filter on the market, the clearance is still not enough on some applications, such as Beech Barons and Bonanzas. To eliminate this problem Tempest producs the AA474 oil filter wrench extension. Features: Chrome-plated steel provides a high quality tool.Easy to use torque conversation label on back of tool. P/N 10-03929 ..... $33.85

TEMPEST OIL FILTER CAN CUTTER

This universal cutter from Tempest is easy to use and is a great addition to any toolbox. It's made from high quality aircraft aluminum, making it lightweight and very durable. Works on all aircraft spin-on oil filters. Adapter pin easily removed for 'male' filters.

P/N 12-01392 ..... $94.75
Tempest Oil Can Cutter Blades. ..... P/N 12-01393 ..... $10.65

AIRWOLF AFC-470 OIL CAN CUTTER

Every A&P knows the importance of cutting every single oil filter open after an oil change. The problem up to now was oil filters were difficult to open and the tools to open them were expensive. This is no longer the case with the Airwolf AFC-470 oil filter cutter. The AFC-470 is the easiest and quickest way to determine the current health of your engine. The Airwolf AFC-470 oil filter cutter is constructed out of a solid 6" billet of super strong 6061-T6 aluminum, hard anodized to resist scratches and wear. Stainless steel rollers allow the oil filter to spin effortlessly during cutting. And finally, our specially designed razor sharp cutter wheel hardened to 60 Rockwell, will make quick work of opening any oil filter. This filter is designed to last a lifetime. Fits new style oil filters.

All Champion/Tempest/Kelly Filters ..... P/N 12-00789-1 ..... $87.95
Rotax Filters ..... P/N 12-02295 ..... $87.95
Large Fram Filters ..... P/N 08-07191 ..... $129.50
Replacement Cutting Wheel ..... P/N 13-03958 ..... $7.99

HAND CRANK OIL FILTER CUTTING TOOL

This tool was designed to eliminate much of the mess that occurs with small handheld oil filter cutting tools. Very simple to operate, it is excellent for individual aircraft owners as well as FBO's and maintenance shops where a lot of filters need to be cut. Simply clamp in a vise, screw on the filter, turn the cutter into the filter and hand crank to open the filter. The rugged construction enables this tool to operate trouble free for years. P/N 12-00122 ..... $107.95
Replacement Cutting Wheel ..... P/N 12-01685 ..... $6.75

AVIATION OIL FILTER CUTTER

This aviation oil filter cutter will open any size oil filter canisters for your inspection. To use the tool, place the filter in a vice, attach the tool to the top of the filter, and rotate 4 to 6 turns to open the canister. The cutting wheel will stay sharp for about 50 uses, and is easily replaced when dull. The tool is made from 6061 aluminum with a purple anodized finish. The tool is ready to use on any oil filter with a male or female thread. Oil filter cutter P/N 12-21395 ..... $59.85
Replacement cutting wheel ..... P/N 12-21396 ..... $9.50

TEMPEST AA471 OIL FILTER MEDIA CUTTER

Tempest's new AA471 provides a low cost, efficient and safe tool that every mechanic will want to put in their tool box. Strong guard and non-retractable blade to secure the media and ensure an accurate cut.

P/N 12-01854 ..... $34.50

BB PRODUCTS FC-2000 OIL FILTER CAN CUTTER

Features: • Cuts all Champion, Hartzell, and Tempest 3.7" Dia. oil filters • Rugged 6061-T6 aluminum construction • Roller bearings provide smooth rolling action • Hardened hardware throughout • No parts to change • Can cut in either direction • Made in USA Lifetime Warranty. ..... P/N 12-00923-1 ..... $88.75
Replacement Cutter Wheel ..... P/N 12-01689 ..... $4.95

BB PRODUCTS FC-3000 OIL FILTER CAN CUTTER

This an cutter incorporates a longer plate that allows cutting filters from 3.7 to 4.7 inches in diameter. Roller bearings provide smooth cutting action. Ideal for cutting racing filters too! Black anodized finish P/N 12-02628 ..... $99.00

BB PRODUCTS FMC-2000 OIL FILTER MEDIA CUTTER

This patented tool is designed to hold Champion Aerospace brand Aviation oil filter spools, and to allow cutting the paper filter media at each end of the spool without holding the filter spool by hand. Using this tool reduces the risk of cutting one's hands while cutting the filter media as well as reducing the time necessary to accomplish this task. The filter media is rotated in a special holder that is supported by roller bearings. A knife, with a retractable safety cover is brought into position to make a clean cut of the filter media at each end. The filter media can then be removed for inspection.Patented.

FMC-2000 Oil Filter Media Cutter ..... P/N 12-00925-1 ..... $298.00

FMC-2010 OIL FILTER MED CUTTER

The Model FMC-2010 is a "Tool Box" version of the original Oil Filter Media Cutter that allows cutting and removing the filter media while reducing the chances if getting cut. The FMC-2010 can be mounted on the top of a toolbox or held in a vice for operation. Black powder coated finish. For Champion 3.7 diameter filters. Tempest and Kelly Aerospace filters are special order. ..... P/N 12-02629 ..... $189.00

BB PRODUCTS FH 2000 OIL FILTER HOLDER

Rigidly supports Champion, Hartzell, and Tempest 3.7" dia. aviation filters for cutting. After opening the filter, it keeps the oil inside the cup of the holder, instead of on your vice or shop floor. It holds the filter much more rigidly allowing you to cut the filter much faster while reducing side loads on your cutting tool. ..... P/N 12-00924-1 ..... $88.75

TOMS OIL FILTER CUTTING TOOL

Tom' s oil filter cutting tool will allow you to inspect your aircraft's oil filtering material for trapped debris in a quick and easy manner. Oil filter inspection is a critical measure of your engine's health and should always be a part of your aircraft's regular maintenance program. Most filter cutters work like a pipe or tubing cutter in that you have to go around and around the filter, adjusting cutter depth with each pass. Although you could do that with this tool, the real beauty of this new product is that the cut can be easily made in one pass. The tool is designed primarily for Lycoming oil filters that have a threaded insert protruding from the end of the filter. A few Lycoming oil filters and most Continental oil filters do not have this insert. For these filters, an adapter insert is supplied with the tool. Tom's oil filter cutter may also be used on smaller filters such as found on Rotax or automotive engines. Simply remove the cutter handle and reposition the pivot bolt to the inner hold on the base handle. The adapter insert may be needed on these filters as well. Made in USA. P/N 12-01697 ..... $59.95

MODEL 7000 OIL FILTER CUTTER

• Accepts both male & female styles of aircraft oil filters, and many automotive sizes. • Ball bearing rollers make it easy to turn the filter • Effective design helps insure a straight cut (the filter does not try to spiral off the cutter) • Heavy duty construction (designed for daily commercial use) • Aircraft quality aluminum construction • Replaceable hardened steel cutter wheel • Contoured knob is easy to turn, even with oily hands • Accepts oil filters 3 1/8" to 4" in diameter, which includes most aircraft oil filters such as Champion: CH48103, CH48104, CH48108, CH48109, CH48110 AND CH48111 • The cutter may be completely disassembled, and all parts are replaceable. P/N 13-03145 ..... $119.95
Replacement cutter Wheel ..... P/N 13-05737 ..... $15.25

MODEL 7100 OIL FILTER KNOB

• Slips onto the hex of an aircraft oil filter • Large diameter knob for a strong grip even with oily hands. • Allows many filters to be installed and removed without using a wrench. • Works in tight spaces, you do not have to swing a wrench • Knob will accept a 3/8" drive ratchet handle to help remove very tight filters (ratchet handle not included) • Stainless steel core durability (your ratchet goes into stainless steel, not plastic). • Use a torque wrench to accurately tighten a new filter to the proper torque. • Handle can be used as a base to support the filter, holding it upright so the oil does not spill out. • Color: bright yellow. P/N 13-03146 ..... $42.75

MODEL 7300 OIL DRAINER

Drain your oil lines and filter before removing the filter. Works with most Lycoming engines and remote filter installations, and some Continentals. A remote mounted filter installation can easily hold a quart of oil in the filter and lines after the engine is drained. The Oil Drainer clamps over the center of the oil filter. A hardened steel rod pierces the filter can and allows the oil to be neatly drained into your catch bucket. After the oil is drained, you can remove the filter with much less mess.
P/N 13-03147 ..... $122.75

OIL FILTER WRENCH

The 1" hexes of the wrench easily fit Champion oil filters. The hexes are rotated 15 degrees from each other so by turning the wrench over or flipping it end-for-end you can easily find an orientation that allows you to get on the filter, even the tightest engine compartment. It's 6 inch overall length allows you to turn it tight locations, and the shorter length helps prevent over-tightening the filter during installation.
P/N 12-01638 ..... $15.75

BOGERT OIL FILTER TOOL

The Oil Filter Tool was created to assist in removing a stuck filter, without resorting to the traditional hammer, punch, chisel, and or the huge pump plier's methods. Bogert Aviation wanted the tool to be safe in tight quarters and unable to slip, attempting to minimize damage to nearby components. This is still a messy process but this tool will always work to remove stuck filters without damaging anything else. 1Lb.
P/N 12-03219 ..... $23.90

TALON OIL FILTER TOOL

The Talon Oil Filter Tool was created to remove stubbornly stuck oil filters. It is 50% stronger than the standard 10M-OFT type. The tool is safe in tight quarters and unable to slip, attempting to minimize damage to nearby components. This is still a messy process but this tool is your best chance of removing stuck filters without damaging anything else. Features: • Three pin (TALON) engagement in oil filter plate for stability and strength • Good for up to 1500 in. lbs. of torque • Works in tight spaces! • Works on Aircraft, Automotive, Marine, and Recreational Vehicle applications • Made in the USA P/N 11-11556 ..... $34.00

ULLMAN MAGNETIC PICK-UP TOOLS

HT-3

HT-2

HT-1

These Ullman pick-up tools with Powercap offer a unique combination of features which make them ideal for work around aircraft. The stainless steel telescoping handle is strong, long, and lightweight, and the comfortable, textured cushion grip keeps handle secure even in wet or oily hands. The head features a compact industrial strength magnet for retrieving heavy objects in tight places. The powercap shields magnet side so that the head can be easily guided past ferrous metal objects. Available in 3 convenient sizes.

HT-1 lifts 1-1/2 lbs, over 2 lbs with POWERCAP™ telescopes from 6-5/8" to 33-1/4" P/N 12-21385 ..... $10.95

HT-2 lifts 3-1/2 lbs, over 5 lbs with POWERCAP™ telescopes from 6-5/8" to 33-1/4" P/N 12-21386 ..... $12.95

HT-3 lifts 5 lbs, 10 lbs with POWERCAP™ telescopes from 6-3/4" to 30-1/4" P/N 12-21387 ..... $18.25

CHP4-L HOOK & PICK SET - has picks that are 9.75" long with textured cushion grips. These longer picks are ideal for working in hard to reach awkward areas.
P/N 12-00716 ..... $12.75

GMC-2 DUAL PURPOSE TOOL - contains a MegaMag Pickup Tool that lifts 16 lbs. and a 2.25" Inspection Mirror with a metal base that mounts in seconds and brings hidden areas into full view.
P/N 12-00718 ..... $20.75

STEELMAX MAG-IT MAGNETIC PICK-UP TOOL

Safely remove metal chips and debris from machinery and work areas using SteelMax Mag-It® magnetic pick-up tool. The Mag-it® slide action lever quickly demagnetizes the tool, which releases chips for disposal.
10 inch Pick-Up ..... P/N 12-01714 ..... $33.50
15 inch Pick-up ..... P/N 12-01715 ..... $47.50

EXHAUST PORT RESURFACING TOOL

The exhaust port resurfacing tool is designed to recondition port surfaces where no more than .010" of material need to be removed. It is easily bracketed and aligned to the port in reference to the rocker cover surface. Execution of the cutting operation only requires hand power. No air or electrical power is required. Mounting bracket adapters are available for the following engines: A&C series continentals, Lycoming Parallel Valve, Lycoming Angle Valve, others on request ..... P/N 12-17605 ..... $396.00
A & C Series Continental Bracket ..... P/N 12-17609 ..... $199.75
Lycoming Parallel Valve Bracket ..... P/N 12-17610 ..... $184.80
Lycoming Angle Valve Bracket ..... P/N 12-17611 ..... $276.95
Cutter Head Inserts ..... P/N 12-17607 ..... $28.75

EAR ISLAND REMOVAL TOOL – When substantial quantities of material have to be removed from the exhaust port, it may be necessary to also remove the island around the exhaust stud area. The ear island removal tool and pilot can be used to accomplish this without the use of power tools ..... P/N 12-17608 ..... $103.95

THE CORE RECESSOR

The core recessor is a new product with the purpose of serving as an efficient tool that makes the process of removing core cells in Nordam Panels and composite fiberglass more efficiently. Thus, it reduces time for edge fillers, which are necessary procedures to customize aircraft cabinets, floorboard, vanity's headliners, valance panels, etc. Is light weight, easy and safe to use. Core panels from 1/8 to 3/4 inch with no adjusting. Requires no electricity.
Core Recessor ..... P/N 12-02270 ..... $106.95
Core Recessor Mini ..... P/N 12-02271 ..... $73.50

UNI-MAG WRIST BAND MAGNET

Uni-Mag is a wrist worn magnet that allows craftsmen to keep parts close to hand while working rather than in your pocket, on a ladder, or in your mouth. It holds nuts, bolts, screws, nails, tools, etc. A specially created magnetic field allows parts to lay flat on the face of Uni-Mag rather than upright. Save time and put an end to fumbling for small hardware with Uni-Mag. Comes complete with magnet and wristband. P/N 12-30110 ..... $16.85

SUPER HANDY MAGNETIC RETRIEVAL TOOL ST-225

The Super Handy Magnetic Retrieval Tool extends 26" and picks up five pounds.
P/N 12-02932 ..... $9.50

MAGNETIC FLEXIBLE LIGHTED PICK UP TOOL

Magnetic flexible lighted pick up tool. Flexible Shaft. Three LED Lights. Magnetic on both ends. Extends from 8" to 25"
P/N 12-02919 ..... $15.95

AMAZING ROD SAW

Tiny particles of tungsten carbide, one of the toughest and hardest substances in the world, have been bonded to a steel rod to produce the Rod Saw. Fits standard 12" hacksaw frame. Use when regular hacksaw will not work. Lets you cut steel, rock. Not recommended for soft materials. P/N 12-01180 ..... $6.95

EXHAUST DESICCATOR PLUG FOR EXHAUST STACKS

Quality made polyurethane rubber plug won't wear out and provides a positive seal in the exhaust pipe. Desiccator housing contains interchangeable desiccator canisters. Desiccant never needs to be removed from canister for drying. Removal flag and cap attach to external end of plug when in use. During storage, flag cap fits on desiccator chamber. Limits internal engine damage caused by corrosion. Fits 2" dia. exhaust pipes. Other sizes available as a special order. Minimum special order 5 pieces.
P/N 12-30212 ..... $46.65 ea.

HIGH CAPACITY EXHAUST DESICCATOR

2.5 times the desiccant capacity of previous design, One piece construction allows the dessicant to be contained in the core of the plug. Made of durable high quality urethane rubber that will last almost indefinitely
P/N 12-01057 ..... $47.70/ea

GOLDENROD DEHUMIDIFIER

This compact, low-voltage dehumidifier is an ideal way to eliminate dampness and mildew in aircraft which can cause mildew growth in carpet and upholstery and wreak havoc with electrical systems. In stall under the instrument panel or on the deck between seats. If installed in the engine compartment, Goldenrod will eliminate moisture which leads to rust, keep ignition wiring dry, and facilitate cold weather starts. In the hangar, Goldenrod can protect parts, tools, supplies, and components. Operates on standard 110V current 24 hours per day but uses four times less power than a standard light bulb. Safe and effective. Available in four lengths.

Part No.	Length	Watts	Approx. Coverage Up To	Price Ea.
12-30225	12"	8	100 cubic feet	$36.50
12-30230	18"	12	200 cubic feet	$38.55
12-30235	24"	15	300 cubic feet	$42.50
12-30240	36"	25	500 cubic feet	$47.95

EVA-DRY DEHUMIDIFIER

This is a product that is the answer to a very common problem in Aircraft, HUMIDITY!!! The Eva-dry is a 100% renewable, wireless, mini dehumidifier that requires no power to operate.
It works with a Silica gel that absorbs moisture from where ever it is placed. There is an indicator window on the front of the unit that will change from blue to pink as the units absorbs moisture. Once the crystals have turned pink it is time to renew.
To renew, simply fold down the hidden plug on the back of the unit and plug it in to any a/c outlet for 8-10 hours. A heating element will be activated which will evaporate the moisture. The Eva-dry has a 10 year life span and has a 5 year mfr. Warranty. Size: 6.25" X 4.75" X 1.25".
P/N 12-01621 ..... $29.95

TO

WING STAND

This wing stand is ideal for aircraft homebuilders or restorers needing to safely store and protect aircraft wings during the project. It accommodates virtually all shapes and sizes of wings and is available at a very economical price. We ship this wing stand direct to you from the factory (freight collect). Dims: 72"l x 44"h x 36"w. Assembly req. Each stand holds 2 wings.

P/N 12-21390.....$199.00/ea

AEROROLLER-1000

AeroRoller makes movement of your aircraft or wheeled equipment easy. Aircraft can be loaded on AeroRoller without jack and minimum effort is required to move aircraft when on rollers. AeroRoller is constructed of Industrial 1/4" steel plate. Heavy duty Duraform 360° swivel castor wheels means no flat spots. Brake castor lock parking location. Each unit can carry 1000 lbs. Manufacturer's warranty covers defective parts & labor.

2-Roller Set..... P/N 13-00071 .....$199.95
3-Roller Set..... P/N 13-00072 .....$255.95

TENNSMITH BRAKES & SHEARS

HAND BRAKE & STAND - Versatile, economical hand brake designed for straight forming of mild steel in thicknesses of 22 gauge & lighter. Made in the U.S.A by Tennsmith. Bends material up to 48" wide. Wts: brake: 280 lbs. Optional stand: 95 lbs. Ideal for bending materials used in light aircraft construction. Shipped direct to you from factory in Tennessee.

Model S48-22 hand brake ..... P/N 12-20700 .....$680.00
Optional Stand..... P/N 12-20705 .....$241.95

UNIVERSAL HAND BRAKE & STAND - Tennsmith's heavy duty universal hand brake is a great tool for a wide range of sheet metal binding and forming operations in 12 gauge and lighter mild steel. The brake is ideal for both box and pan and straight bending in hold and cold rolled plate, stainless steel, aluminum, and heavy plastic. Welded steel plate construction for strength and rigidity. Bends material up to 48" wide Wts: brake: 1330 lbs. Optional stand: 95 lbs. Shipped truck collect direct to you from factory in Tennessee.

Model HBU48-12 Hand Brake..... P/N 12-20710 .....$3,733.00
Optional Stand..... P/N 12-20705 .....$241.95

FOOT SQUARING SHEAR - Tennsmith squaring shears offer precision shearing and rugged construction. These shears feature traction, ground alloy tool steel blades to prevent material movement during shearing. Will shear material up to 16 gauge mild steel and up to 20 gauge stainless steel. Both blades are adjustable and back gauge gives highly accurate readings. Wts: Model 36: 700 lbs. Model 53: 950 lbs. Shipped truck collect to you direct from factory in Tennessee.

Model 36 Shear (Max. Cutting Width 37")..... P/N 12-20715 .....$2,034.00
Model 52 (Max. Cutting Width 52")..... P/N 12-20720 .....$2,598.00

TENNSMITH -These products are shipped truck, priced F.O.B. McMinnville,TN. Allow 4-6 weeks for delivery

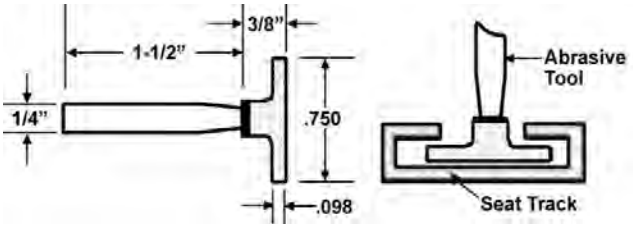
LAP JOINT JOGGLE TOOL

FOR UP TO .032 ALUMINUM SHEET - To use the Lap Joint Joggle Tool, install washers to adjust joggle set-back from edge of sheet. Start at one end of sheet and pull smoothly along edge to be joggled. Keep back plate of tool firmly and squarely against edge of sheet for smooth and parallel joggle. To break a sheet edge, insert sheet just one bearing depth (.4") then bend down as desired as tool is pulled along edge. Adjustments - For set-back, add or subtract washers. For different material thickness, loosen bolts, spread or close. For use on aluminum sheet up to .032 thickness. P/N 12-30275 ..... $41.90

NON-CONTAMINATING SCRAPER

Our Non-Contamination Scraper is suitable for all airframe scraping operations. It will not contaminate delicate aluminum parts with steel particles which can induce corrosion. It is easily resharpened with a mill file and the .060" thick heat treated aluminum blade is easily replaceable. Features positive wood grip handle. P/N 12-30205 ..... $21.60

SEAT TRACK CLEANER



Maintaining adjustable cockpit seats, or passenger seating secured in notched tracks, requires removing the dirt and grit that have become embedded in the tracks. Rex-Cut Products has developed a thin-profile mounted wheel specially designed to accomplish this job efficiently and safely. The seat track cleaners are manufactured using layers of reinforced nonwoven cotton fiber and abrasive grain which are bonded into discs. When mounted on a die grinder they are able to fit inside the seat tracks. Designed for cleaning all the interior surfaces of the track without having to change discs, one disc will remove caked on sludge, dirt and grit while removing minor burrs and rough edges. The seat track cleaners are non-loading on aluminum and leave superior surface finishes. Available in 54 and 80 grits in aluminum oxide grain mounted on a 1/4 x 1/2" shank.

54 Grit Seat Track Cleaner.....PN 12-00955 ..... $7.95
80 Grit Seat Track Cleaner.....PN 12-00952 ..... $7.95

SLIDE HAMMER

Blue vinyl hand grip over steel handle reduces sting on technicians hands and provides 100% grip. 3 lb. slide weight is mounted on 1/2" plated steel shaft. Broached hex in nose cone locks pulling screw in place...ends breakage. Supplied with two hardened pulling screws and "L" puller hook fabricated of aircraft quality steel. Nose cone and shaft threads are 1/2" - 20. P/N 15-08252 ..... $42.70

MACHINIST HOOK SCRIBE

Machinist Hook Scribe New. 2-point scriber has hardened, ground steel points. Features a straight point and a 90 degree point. Length: 9".

P/N 12-02896 .....$3.95

PIG TAIL HOOK SCRIBE

Both the 45 degree and pig tail points of the scribe are made of hardened, ground steel. Both ends of the tool unscrew from the body.

P/N 12-02897 .....$3.95

ELECTRIC ENGRAVER

Use like a pencil to write, draw, engrave on wood, metals, plastics, and glass. Variable stroke adjustment for heavy or fine engraving. Tungsten carbide tip for long life and clean lines. Soft-Grip neck for control and comfort and 6' Cord.

P/N 12-21355-1 ..... $13.85

SWISS PATTERN NEEDLE FILE SET

Swiss Pattern Needle File Sets have been designed to meet the needs of hobbyists, craftsmen, tool makers and jewelers. Every file is made from alloy steel and machined into distinctive shapes for various small scale and finishing applications. Also included is a 700 series Versa-Grip handle with a locking screw chuck.

P/N 12-03351 .....$20.50

MAGNETIC BIT CADDY

A non-spill bit holder at your fingertips. 36 individual 1/4" and 5/16" screwdriver bits may be stored in this magnetic-based organizer. Remains solid at any angle placement while holding bits in their respective slots.

P/N 12-01083 .....$19.90

RARE EARTH MAGNETS

These super-strong magnets made from neodymium are lighter and five times stronger than samarium-cobalt rare earth magnets. Nickel plated to resist corrosion. Ideal for work projects, experiments, shop and everyday use. Pack of 10.

P/N 10-04077.....$4.85

SCREW PAINT CUTTERS

For AN4 Screws. You know how frustrating it can be to remove a painted over screw only to wind up chipping up the paint job. But you wouldn't have that problem if you had a set of these innovative paint cutters. They work by slicing through the paint around the head of the screw so you can remove it without chipping the paint. They have a 1/4x28 thread to fit into any angle drill or you can get the optional arbor (p/n 12-02460) for use in a drill chuck. Does not work on dome head rivets. 1 lbs (0.5Kg) shipping weight.

Size	Part No.	Price	Size	Part No.	Price
AN4	12-02452	$23.65	AN6	12-02453	$24.50

Arbor..... P/N 12-02460 .....$18.85

INSTRUMENT MOUNTING HOLE DRILL JIG

Aircraft instrument mounting hole drill jig for standard 2-1/4" & 3-1/8" diameter instruments. Accurate and simple tool to use, drill jig made of hardened steel for long life. P/N 12-00975 .....$34.85

MAGNETIZER / DEMAGNETIZER

This versatile tool saves you time and trouble by instantly magnetizing or demagnetizing you tools & parts on the job. Reliable, powerful permanent magnets for a super long life, and its compact size,shatterproof plastic shell, this tool will fit easily in you tool box. This tool allows easy, precise handling of small steel parts in confined spaces, collects metal items from inaccessible places, leaves 1 hand free for positioning the work piece, demagnitizes instruments & electronics components. Size: 2.1"x2"x1.1". Wt. .22 lb. P/N 12-16835.....$18.50

OL' JOINT JIGGER

OL' JOINT JIGGER MODEL RTN-100 TUBING NOTCHER - Ol' Joint JiggerTM quickly notches tubing of up to 2" O.D. in less than 30 seconds. Great for assembling and welding tubing in your garage or workshop. Adjusts in single degree increments to make up to 60° angle notches. Automatic round tubing centering and alignment. CNC machined steel construction. Bi-metal hole saws not included. Use with your 1/2" hand drill. U.S.A. Ship Wt. 9 lbs.

P/N 12-01107 ..... $159.95

RTN-BASE (UNIVERSAL DRILL PRESS MOUNT) - For use with RTN100 only. Allows for set up and dedication of a small drill press for tube notching. Adjustable for out-of-square tables, the RTN-Base also makes it easy to lay the notcher over horizontally, still bolted to the table, to handle long or cumbersome tubing that can't be notched in a vertical position. Minimum requirements: 1/3HP drill press with 3-1/2" to 4" of travel and 14" from the table or base to the chuck. (Bolts for attachment included) U.S.A. Ship Wt. 3 lbs. P/N 12-00691 .....$32.25

OL'JOINT JIGGER MODEL RTN-1000 DELUXE ALUMINUM TUBING NOTCHER - Ol' Joint JiggerTM combines precision performance, versatility and comfort for quickly notching tubing of up to 2" O.D. in less than 30 seconds. Enhanced vibration-reducing design and dual-axis base allow for either work bench or drill press mounting to provide the professional or hobbyist with the ultimate in tubing notchers. Laser-engraved protractor allows adjustments in single degree increments to make up to 60° angle notches. Automatic tube centering and alignment. Anodized aircraft-grade aluminum construction. Bi-metal hole saws not included. Use with your 1/2" hand drill or drill press. U.S.A. Ship Wt. 9 lbs.

P/N 12-01108 ..... $237.95

PIPEMASTER WELDER'S TOOL FOR CONTOUR FITS

Pipemaster gives aircraft builders the ability to cut a piece of tubing on both ends and have it fit its intended location on the first try. Tedious hours of grinding and misfit joints can be eliminated producing exact welds and stronger airframes. Features spring temper stainless steel pins, aluminum inner shell, and rugged ABS housing. Simply slip over the pipe, push down, transfer and cut, and the tubing is ready to weld. Pipemaster transfers the exact outline of the pipe joint in just seconds. Use for penetration cuts as well.

P-KIT AIRCRAFT WINDOW INSPECTION PRISM KIT

The "P-KIT" (Inspection Prism Kit) is packaged as a completely self contained aircraft window inspection tool kit. It comes in a waterproof lockable case and includes Instructions, Inspection Prism, Coupling Agent and a 6000 Candlepower Flashlight with batteries. It's ready to use to inspect your aircraft windows for possible bolt hole damage. P/N 12-01333 ..... $795.00

ELECTRIC TOOL ADAPTER

3/8" Drive, 3-inch, locking adapter for electric tools
P/N 12-01706 ..... $23.50

MBX KITS AND ACCESSORIES

MONTI
MBX Surface Treatment Systems

PATENTED TECHNOLOGY - MBX Systems are different from conventional surface treatment systems in that MBX Systems are based on several physical principles. Flexible brush-belts are inserted loosely into a cage-like adaptor system and secured with safety arms. The centrifugal force created by rotation causes the brush-belt to tighten and work as if suspended on a cushion of air. Advantages:Vibration-free operation: The vibration of the wire bristles that occurs when the bristles strike the target surface is absorbed by the air-cushion. The bristles re-strike the target surface at rest (without vibration). This achieves the maximum kinetic energy.

MBX BRUSH-BELT TECHNOLOGY - MBX Belts consist of individual, U-shaped crimped wire bundles anchored in a polyamide fabric. Made of spring steel, the wires have hardened tips that strike the target surface individually during rotation.

ADVANTAGES - High safety level: The U-shaped anchor points of the individual crimped bundles prevent wire bristles from being thrown clear. No heat development: Avoid toxic fumes and no smearing during the removal of sticky materials. No grinding: No removal of healthy material, no deformations. Flexibility: High degree of adaptability when working on contoured areas or areas with sharp edges.Optimal performance: Because of their design, each wire tip strikes the target surface twice per rotation.Long service life: Specially hardened wire tips with a hardness up to 68 HRC (Rockwell hardness) provide for a level of hardness never before achieved with conventional brush technology.

MBX PNEUMATIC DRIVE UNIT - Easy handling, lightweight - 1.1 kilograms, high torque, safe to use!Specially developed for the MBX brush-belt and MBX Vinyl Zapper systems. The high output rpm of the compressed-air turbine (21,000 rpm) is reduced to 3,500 rpm by means of a planetary gear and toothed belt; torque increases. This gives our MBX pneumatic drive units an optimised power profile. MBX brush-belts and MBX eraser wheels work as a direct extension to the drive shaft, i.e., there is no lateral centre of gravity and MBX drive units operate in-line. Work in hard-to-reach areas or in the removal of tough, thick, sticky materials (e.g. compounding materials, underbody corrosion) with optimal ventilation.

MBX PNUEMATIC STARTER SET

For the removal of seam sealant, corrosion, paint, vinyl decals, glue on aluminum and alloy.
SET 1 - • MP-3500 - MBX Pneumatic Power Tool S (3500 rpm) with adapter system for 23mm belts/31mm rubber eraser. • AA-0011 - Adapter for 11mm wire belts • BS M11X - V2A Wire Belt, Med., 11mm angled tips • BS-F11 - V2A Brush Belt, Fine, 11mm • RE-0023 - Rubber Eraser, 31m P/N 12-01394 ..... $502.85

MBX ELECTRIC STARTER SET

For the removal of seam sealant, corrosion, paint, vinyl decals, glue on aluminum and alloy.
ME-3200 - MBX ELECTRIC POWER - Tool A (3200 rpm) with adapter system for 23mm belts/31mm rubber eraser • AA-0011 - Adapter for 11mm wire belts • BS-M11X - V2A Wire Belt, Med., 11mm angled tips • BS-F11 - V2A Brush Belt, Fine, 11mm • RE-0023 - Rubber Eraser, 31mm
P/N 12-01396 ..... $514.85

MBX BRUSH BELTS

Medium (11 or 23 mm)
For the removal of seam sealant & corrosion on alluminum bodies

Fine (11 or 23 mm)
For the removal of paint on aluminum bodies.

MBX Belts are made of a high-performance polyamide fabric - tension resistant up to 440 kilograms. Individual bristles made of spring steel or stainless steel are anchored U-shaped in the flexible polyamide fabric. The materials used for the production of MBX Belts offer top safety and durability due to the high flexibility of the MBX Belts. No clogging - no heat built-up - no grinding. The high masses due to centrifugal force during rotation are absorbed safety by MBX Adapter Systems.MBX Medium have angled tips to create a sandblast effect. 11mm is for expecially hard-to-reach-areas such as a 90° angles.

MBX VINYL ZAPPER

"The rotating toothed eraser wheel", patented For the removal of self-adhesive foils and materials, wide-area decoration, adhesive residue on decorative strips and lettering on OEM-painted surfaces made of metal, aluminium, glass, fibreglass (gel coats) - and most amazing: NO PAINT DAMAGE.The centrifugal force created by rotation makes the MBX Vinyl Zapper work as if suspended on a cushion of air. Advantages: Faster working speeds of up to 3,500 rpm Conventional rubber eraser wheels operate only at circa 1,500 rpm. No paint damage, no smearing despite speeds of 3,500 rpm Toothed wheel design. Easy handling. Vibration-free, smooth running (compare a solid rubber tire with an air-filled tire). Increased performance. The working surface of the MBX Vinyl Zapper is strongly enlarged by the application of pressure to the work surface. This improves performance (compare to a car tire containing only a small amount of air). Long service life Wide construction. Vinyl Zapper 31mm Toothed Wheel Construction Removal of elements such as vinyl decals & DOT tape from metal surfaces, fiberglass, plate glass, wood, aluminum, OEM paint finish.
P/N 12-01406 ..... $31.95

MBX VINYL ZAPPER KITS

MBX Vinyl Zapper Kit is for removing vinyl decals and graphics on metal glass and fiber glass. It is available with either a pneumatic tool or an electric tool.

Description	Part No.	Price
MBX Electric Vinyl Zapper Kit USSE-01-05 MBX Electric Tool, 1-23mm Adaptor, 3 Vinyl Erasers	12-02037	$469.50
MBX Pneumatic Vinyl Zapper Kit USSP-01-05 MBX Pneumatic Tool, 1-23mm Adaptor, 3 Vinyl Erasers	12-02038	$469.50

STORAGE STATION

For storage of up to 15 wire belts or 9 rubber erasers and one MBX Power Tool (machine, belts, erasers not included).
P/N 12-01399 ..... $52.75

CLECO SHEET HOLDERS

K-SERIES SPRING CLECOS - Sheet holders provide the quickest method for holding sheets together for drilling or riveting. Drill the size hole needed for the rivet and insert the sheet holder. The holders listed comprise the most common sizes. Material thickness range 0" - 1/4". Use with sheet holder pliers. 10% discount on 50 pcs., 15% discount on 100 pcs.

Description	Size	Part No.	Price
M-3/32 CLECO	3/32"	12-01140	$0.49

CLECO KEEPER

Fabricated of durable polypropolene, the Cleco Keeper is prepunched to hold up to fifty sheet metal fasteners. Allows the builder to extract and install Clecos from the storage bin to the work with one hand. Compact, the Cleco Keeper measures 8"L x 3"W. Helps eliminate misplaced fasteners and makes inventory of available fasteners quick and accurate. Available in three models to hold 3/32", 1/8", or 5/32" clecos.

For 3/32" clecos ..... P/N 12-10116 ..... $7.95
For 1/8" clecos..... P/N 12-10117 ..... $9.75
For 5/32" clecos ..... P/N 12-10118 ..... $7.95
For 3/16" clecos ..... P/N 12-00604 ..... $9.75

NO-MAR" REUSABLE CLECO BOOTS

Eliminates surface marring both on painted and unpainted surfaces. Easily slips on plier operated style clecos, one size fits all. Yellow polyurethane color. 25 pcs./pkg.

P/N 12-00626 ..... $10.65

CLECO SHEET HOLDER PLIERS

These pliers are designed to grip and actuate all standard sizes of sheet holders and tension clamps. New manufacture. P/N 12-10105 ..... $5.65

CLECO REVERSE PLIERS

Used in limited access areas. requires less travel per activation. Model TP74B.

P/N 12-00370 ..... $25.75

PNEUMATIC CLECO INSTALLATION TOOL

Features: • Lever throttle• 360° swivel mount• For use on button type and side grip temporary fasteners• Quiet operation• Straight handle• 5'8" polyurethane lead hose with 1/8" Male NPT• 5-3/8" Length of tool with 1/4" Female NPT Threaded for air fitting• Made in the U.S.A. P/N 12-01120 ..... $87.75

CLECO GRIP POWER DRIVEN SHEET HOLDERS

Power-Hex Nut Style -Standard Grip 0-1/2". Hex Nut Fasteners are recommended for high production applications that require a consistent clamping force. They are pneumatic driven with the US7381HX Power Nut Runner.

Description	Size	Part No.	Price
0-1/2" Grip Power Driven Hex Nut Fastner, Copper	#30	12-02430	$2.85
0-1/2" Grip Power Driven Hex Nut Fastner, Black	#21	12-02431	$2.85
0-1/2" Grip Power Driven Hex Nut Fastner, Brass	#10	12-02432	$2.90

JEWELERS' SCREWDRIVER KITS

The Screwdriver and Hobby Kit includes five interchangeable blades and a heavy duty knurled handle. Loaded with the most popular jeweler's-sized Slotted and Phillips tips and a scratch awl, this modestly priced set is great for model making and other small-scale applications.

P/N 12-19600 ..... $5.95

SWIVEL HEAD PIN VISE

The Swivel Head Pin Vise provides fingertip control of small tools when working with jewelry, electronics or models. The double-ended collet offers two distinct sizes for holding a variety of drill bits, reamers and taps. For added control, this Pin Vise has been design with a knurled aluminum body for a sure grip while the swivel head turns smoothly against your palm. P/N 92 ..... $9.95

STEEL PROTRACTORS

Trusted by machinists and draftsmen worldwide to deliver crucial measurements with unwavering accuracy. The 6" adjustable arm is ideal for setting bevels, taking measurements and transferring angles. Ultra-fine etched graduations read from 0 to 180 degrees in forward and reverse directions, and will not wear or rub off. Made of ground stainless steel for precision and durability. P/N 17 ..... $13.75

POCKET CALIPERS

Although small in stature, these 4" Slide Calipers deliver the same accuracy and precision as some of our larger models. The rugged, stainless steel construction, coupled with a compact design makes these Slide Calipers a great addition to any workbench or toolbox. This item provides inside and outside readings in both 1/16" and 1/32" graduations. In addition, there is a decimal equivalents chart on the caliper's back side for help in making measurement calculations.16ths & 32nds P/N 729 ..... $11.75

16ths & MM ..... P/N 12-01633 ..... $12.25

DIGITAL FRACTIONAL CALIPER

The Carbon Fiber Digital Fractional Caliper brings you three universal systems of measurement, making it an equally practical choice for both professional and do-it-yourself projects. The high-contrast digital display easily switches between inches, millimeters and fractions, with guaranteed accuracy to 0.001". In addition, the lightweight, non-marring carbon fiber construction delivers accurate readings of inside, outside, step and depth measurements.

3" Caliper ..... P/N 12-02307 ..... $16.75
6" Caliper ..... P/N 12-03201 ..... $25.75

WIRE STRIPPERS & CUTTERS

Just dial the size and avoid damaging wire, especially when used repetitively. Spring opening jaws can be locked in closed position to protect cutting edges. Made of tool steel, equipped with vinyl cushion grip handles. Individually carded. P/N 69 ..... $9.95

FEELER GAGES

Blades are made of tempered steel of exacting tolerances. Each blade has its size etched in both decimals of an inch and millimeters. Nickel plated case has knurled locking nut. No. 230 has 26 3x1/2 in. leaves of the following sizes: .0015, .002, .0025, .003. .004, .005, .006, .007, .008, .009, .010, .011, .012, .013, .014, .015, .016, .017, .018, .019, .020, .021, .022, .023, .024 and .025 in. P/N 230 ..... $7.75

REVOLVING PUNCH

General's revolving punch plier is a convenient spring tension, self-opening tool for punching round holes in leather, plastic, rubber, canvas, cardboard and similar materials. The snap ring pliers are used for the installation or removal of exterior and interior snap rings. Revolving turret with six hardened steel punches: 5/64", 3/32", 7/64", 1/8", 5/32", and 3/16" P/N 72 ..... $9.90

6 INCH ELECTRONIC DIGITAL CALIPER

The Thread Repair Files help breathe life back into bolts, screws or fittings that have been damaged due to cross-threading or corrosion. Made of high carbon steel, the Repair Files offer eight different thread pitches. In addition, the Thread Repair Files can also be used as a screw pitch gage. P/N 12-01880 ..... $77.50

STEEL RULES

General's industrial quality Steel Rules are precision made with etched fine black graduations for easy reading and long life. The two finishes available are polished stainless steel or satin chrome. Front graduated in 10ths, and 100ths, back in 32nds and 64ths. Quality 12 inch (30cm) flexible stainless steel rule. Precision made. Fine black etched graduations. 6" Long, 15/32" Wide ..... P/N 616 ..... $5.35
12" Long, 15/32" Wide ..... P/N 1216 ..... $8.95

PERMANENT ALNICO MAGNETS

These industrial grade Alnico (Aluminum/Nickel/Cobalt) Magnets are built for heavy duty use and will not naturally demagnetize over time like other magnets. They are handy in a plethora of applications and work settings. The horseshoe-shaped Power Alnico Magnets are available in 2 distinct sizes with extraordinarily strong pull capacities ranging up to 13 lbs.No. 370-1 Pocket Magnet, 3/4 oz., approx. 1 lb. pull

P/N 370-1 ..... $5.95

No. 370-2 Power Magnet, 2 oz., approx. 13 lb. pull

P/N 370-2 ..... $12.95

WIRE & SHEET METAL GAUGES

#20 WIRE GAUGE - The Wire Gage helps you to accurately determine the thickness of American Standard wire from 0 to 36. The Gage works with all non-ferrous wires, metals and rods such as copper, brass and aluminum. This heavy duty tool is made from hardened and tempered steel, and is stamped with wire sizes on the front and their decimal equivalents on the back

#20 American Standard Wire Gauge - For gauging non-ferrous wire & metal like copper, brass, aluminum, etc.

P/N 12-02384 ..... $22.65

#21 U.S. STANDARD SHEET METAL GAUGE - The Sheet Metal Gage is for gauging uncoated sheet, plate iron and steel, based on weights in ounces per square foot. gauge numbers are in U.S. Standard. Numbers 0-36 (.325"-.007"). Made of hardened steel, with a satin finish for easy reading. Decimal equivalents on the back side. Measures 3-1/4" in diameter. P/N 21 ..... $21.85

SCREWDRIVER HANDLE SCRATCH AWL

If you're looking for a quality, yet economic awl, then check out our Screwdriver Handle Scratch Awl. Featuring a 3-5/8" steel blade and a durable plastic handle, this Scratch Awl makes a great addition to any workbench of toolbox.

P/N 12-01873 ..... $5.95

UTILITY AUTOMATIC CENTER PUNCH

The Utility Automatic Center Punch is our most economical model, offering a lightweight aluminum body and a hardened steel point. The punch is great for use on various metals and woods, and is impact adjustable. P/N 12-01874 ..... $11.85

STAINLESS STEEL AUTOMATIC CENTER PUNCH

Provides accurate center punches to prevent drill bits from traveling. It has a one-hand spring impact operation, no hammer needed. This is used for marking, punching & staking and it has a durable stainless steel body that will not rust. P/N 12-03515 ..... $13.65

TRAMMEL POINTS

General's adjustable trammels accurately measure and mark distances that are too great for conventional compasses and dividers. Trammels will accurately transfer measurements, scribe arcs and lay out circles. Points can be replaced with pencils, ballpoint pens, crayons or soapstone sticks for marking various materials

P/N 520 ..... $34.75

DRILL GAUGES

General's Drill Gages help you to quickly and accurately identify the sizes of stray drill bits in your workshop. These gages can be extremely useful with older, unmarked bits or ones that are too small for markings. Each heat treated, heavy steel gage is machined to close tolerance for spot-on accuracy. The bit sizes and decimal equivalents are permanently etched to the face to provide years of dependable use.

Part No.	No.	Description	Price
12-00518	13	Number size drills 61 to 80	$15.75

GENERAL SPECIALTY TOOLS

COTTER PIN PULLER

General's Cotter Pin Puller helps you to easily and safely remove steel cotter pins from confined areas. The compound bend design facilitates use of the tool with either a pull or a twist motion. In addition, the heavy duty screwdriver handle provides a familiar, comfortable grip.

P/N 12-01892 ..... $6.95

PRECISION MAGNETIZER/DEMAGNETIZER

Our Precision Magnetizer and Demagnetizer transforms standard screwdrivers, tweezers and tool bits into powerful magnetic pickups. This dual-sized device can magnetize screwdrivers for installing small screws in jewelry, or demagnetize a set of tweezers for working with sensitive electronics. In addition, the innovative step design allows you to control the level of magnetism that is imposed upon your tools. P/N 12-01890 ..... $3.95

ARCH PUNCH SET

Our extensive selection of Arch Punches are machined to close tolerances for creating precise holes in gasket material, rubber and soft metals. These industrial-quality tools are hand forged to ensure the longevity and accuracy of the cutting edge. This seven-piece set includes some of our most popular punch sizes and is conveniently packaged in a vinyl storage pouch. P/N 12-01891 ..... $76.85

INSPECTION MIRRORS

General's Inspection Mirrors are known for their seemingly limitless uses both around the home and in the shop. For instance, an Inspection Mirror can be used to check behind an armoire for lost keys or beneath an engine block for a missing bolt. The Inspection Mirrors come in a variety sizes and lengths, and feature dual ball-and-socket joints for infinite angle adjustments of the mirror.

1-1/4 Diam ..... P/N 12-01887 ..... $6.75
2-1/4 Diam ..... P/N 12-01888 ..... $9.75
3-1/2 Oblong ..... P/N 12-01889 ..... $10.75

LED-LIGHTED TELESCOPING INSPECTION MIRROR

2 extra bright LED lights facilitate the inspection of hard-to-see and hard-to-reach areas. Easily peer into the dark crevices of your work space in search of leaks, breaks or lost tools. Telescoping shaft extends to 33 in. (840mm). Fully polished, shatter-resistant glass mirror sits on a 360° swivel, double ball joint for accurate positioning and infinite angle adjustments. Non-slip cushion grip. CE Approved.

Round Mirror ..... P/N 12-03197 ..... $14.65
Rectangular Mirror ..... P/N 12-03199 ..... $14.65

TELESCOPING ALLIGATOR CLIP

The Telescoping Alligator Clip is often used as a third-hand tool in electrical repair for holding and positioning wires. It is also commonly employed around the home for lighting pilot lights and barbeques. The extendable shaft reaches up to 24-1/2" for working in cramped areas, or to provide a safety buffer for lighting a gas grill or furnace. The tool condenses to 5-1/2" and is equipped with pocket clip for those on the go. P/N 12-01884 ..... $5.75

DECAL ERASER WHEEL

For quick and easy removal of decals, pinstripes, bumper stickers, reflective tapes etc from glass and OEM painted surfaces without any damage. Also very effective in removing adhesive tapes and glue from the back of moldings. Best result at 1500 - 3000 rpm. Let the wheel do the work, apply light pressure only. Start at the top of the decal and move side to side. For faster results, use entire width of the wheel, do not tilt on angle. Remove any residue with appropriate mild solvent. Natural Rubber. Diameter: 4 Inch. Width: 1 Inch. Max RPM: 4000 Universal arbor, no special tool needed. Use with electric or pneumatic tools

P/N 12-02401 ..... $16.50

CESSNA COWLING FASTENER DRIVER

Slotted type cowling fasteners are not easy to fit with generic common screwdrivers. To overcome this, driver has a broad hollow cut tip that accurately engages the drive slot. Additionally, a no mar, spring loaded, plastic sleeve simultaneously guides the tip by fitting around the outside diameter of the fastener head. ..... P/N 12-17615 ..... $22.85

5PC EXTRA LONG DRIVE PIN PUNCH SET

Our Drive Pin Punches have been machined to exacting tolerances for accurate driving without damaging the pin or hole. The punch ends are ground square to sit flush on the top of the pin. Made of hardened tool steel with a knurled body, General's Drive Pin Punches can either be held by hand or with our Punch and Chisel holder. This five-piece set features extra-long 3-1/2" shafts for reaching deeply recessed pins. P/N 12-01875 ..... $29.85

5-PC PRECISION ULTRAREACH STAR SCREWDRIVER SET SLOTTED & PHILLIPS

Our UltraTech Precision Screwdriver Sets were assembled in conjunction with industry tradesmen to offer the most comprehensive and reliable solutions. This five-piece set includes Slotted and Phillips screwdrivers in two distinct handle sizes. The color-coded ring on each screwdriver helps you to easily identify the blade type when working arduously in the field.

P/N 12-01881 ..... $17.95

5-PC PRECISION ULTRAREACH STAR SCREWDRIVER SET

Our UltraTech Precision Screwdriver Sets were assembled in conjunction with industry tradesmen to offer the most comprehensive and reliable solutions. This five-piece Torx set features a great assortment of blades in two distinct handle sizes. The color-coded ring on each screwdriver helps you to easily identify the blade type when working arduously in the field.

P/N 12-01882 ..... $20.75

PICK AND HOOK 4 PIECE SET

Get into tight places to retrieve small parts, "O" rings, and gaskets. Great for household and hobby use. Includes straight pick, 90° pick, 120° hook, and round angle hook. High-visibility handles. Screwdriver-style handles give better control. Specifications: Includes straight pick, 90° pick, 120° hook, and round angle hook, High-visibility handles, Screwdriver-style handles give better control, 5-1/4" average length, Handle: 5/8" square, 2-1/2" L, Approximate weight: 0.20 lbs.

P/N 12-02642 ..... $3.40

BULLSEYE PICKS

The bullseye pick was originally used in the dent repair/collision trade, but also works great for restoration work. These are ideal to reach in around the edge of a panel, around a gusset, or into a blind area to repair the dent from the backside. By sighting the low area through the open sight, the tool will deliver accurate light blows to raise the low area. This tool includes both a regular pick and a blunt tip. The blunt tip works great for aluminum and prevents unattractive pick marks in the metal.

15" ..... P/N 12-02292 ..... $109.75
25" ..... P/N 12-02293 ..... $119.95

THREAD REPAIR FILE

The Thread Repair Files help breathe life back into bolts, screws or fittings that have been damaged due to cross-threading or corrosion. Made of high carbon steel, the Repair Files offer eight different thread pitches. In addition, the Thread Repair Files can also be used as a screw pitch gage. P/N 12-01879 ..... $10.95

PRECISION PENCIL COMPASS

The Precision Pencil Compass is a robust scribing and marking tool with a jaw capacity of up to 9". The fulcrum spring handle makes this tool great for making contours, circles and edge marks. A carpenter's favorite. P/N 12-01872 ..... $5.95

CESSNA SEAT RAIL GAGE

Allows for quick limit checking of seat rail hole and wear dimensions Gage elements are made from heat treated blue tempered steel Each element is marked to correspond to the limits set forth in the relevant ad The three gage elements are linked together on a universal spiral key ring.

P/N 12-01056 ..... $26.50

JOGGLE-360 FABRICATION TOOL

Noah Industries has introduced the Joggle-360 into its lineup of innovative metal aircraft fabrication tools. The Joggle-360 will joggle round openings for inspection plates with joggle widths up to 0.562 inch and straight joggle offsets up to 0.625 inch. The tool features hardened steel rollers that form the joggle while gliding around the opening or along the edge by ball bearings that eccentrically adjust for joggle width.

Instruction:

1. Adjust the guide rollers to the desired set back or width of joggle by rotating the Eccentric Guide Roller Adjustment Screws with an Allen wrench.
2. Place the Joggle-360 onto the work that you are going to joggle and tighten the Tension Knob.
3. For straight joggles, run the Joggle-360 back and forth along the work tightening the Tension Knob as required until you achieve the desired joggle depth. Joggling a hole is the same process. Be sure to keep the Guide Rollers in contact with the edge of your work.
4. When the joggle is finished, loosen the Tension Knob and remove the tool from from your work.

Note: You may need to tighten the Eccentric Lock Screws from time to time in order to keep the Eccentric Guide Rollers from rotating during use. P/N 12-02252.....$180.75

This 10-piece kit gives you 3 different methods of drilling in tight spots. Each shank is 1/4" x 28 which will thread into most drill spindles that angle attachments and angle drills are supplied with. 0.25 lb. KIT INCLUDES: • (4) #200 collets & adapters - drill sizes 11, 21, 30, & 40 • (4) threaded drill bits (1-1/4" length) - drill sizes: 10,21,30,40 • (1) Cone jaw chuck

Model TP258 ..... P/N 12-00368 ..... $32.85

HAND THREAD TAPS

There are three basic types of straight thread taps:

PLUG TAPS – used for ordinary threading and have a 3 to 5-thread chamfer, or relief, at the point.

TAPER TAPS – have 8 to 10 threads chamfered for easy starting and are used for tough threading jobs.

BOTTOMING TAPS – with their short chamfer (1 to 1-1/2 threads),are used where the thread must go to the bottom of the hole.

Specify Plug, Taper or Bottoming Tap.

DRILLING & TAPPING SETS

13-Piece drilling and tapping set made from special high speed steel. Contains 6 screw machine length drill bits (Nos. 43, 35, 29, 25, 21 and 7), 16 NC taps (4-40, 6-32, 8-32, 10-24, 10-32 and 1/4-20) and one tap wrench. Choice of 135° split point or spiral point drill bits. Set with Split-Point Drill Bits. P/N 41095 ..... $49.75

Drive for 3-1/8" Punch ..... P/N #1433AVBB $85.75

TAP EXTRACTOR SET NO.1 6PC

Remove broken taps and save the threads! Walton Tap Extractors let you remove broken taps without drilling, lasers, damaged threads, scrapped parts or repair inserts. The hardened steel fingers of Walton Tap Extractors fit in the flutes of a broken tap to back it out simply and safely. This effective method has been used since 1908. They are available in every tap size, both inch and metric, as handy sets or individual pieces. The Tap Extractors will fit both NC and NF taps. Sizes: 3/16", 1/4",5/16",3/8",7/16",1/2"

DRILL BIT SETS - CARBIDE DRILLS & BURS

DRILL BIT SET – SIZES 1-60

This jobber length drill bit set includes high speed steel (HSS) drill bits in sizes 1-60. The set comes complete with a steel storage box. Ideal as a pre-drill for tapping of holes and for many other aircraft building applications.

P/N 12-00227 ..... **$58.85**

29-PC BRITE FLUTE DRILL SET

This 118° point, high speed steel (HSS) drill set performs well in a wide variety of drilling applications. It is recommended for non-ferrous metals, wood, and plastics. Set includes 29 pcs (1/16 to1/2" in 64ths) in metal index.

P/N 12-00537 ..... **$94.75**

115-PC HSS JOBBER LENGTH DRILL SET

This 118° point, high speed steel (HSS) drill set performs well in a wide variety of drilling applications. It is recommended for non-ferrous metals, wood, and plastics. Set includes 115 pcs (1/16 to1/2" by 64ths and #1-60 and A-Z in metal index).

P/N 12-00536 ..... **$189.00**

DRILL DOCTOR TRADESMAN BIT SHARPENER

The DD500X Pro Kit combines the Drill Doctor Tradesman sharpener with heavy duty carrying case. Sharpen bits either 118°. or the high performance 135° setting and it can turn standard drill bits into self-centering, split point bits. Sharpens bits from 3/32" to 1/2" diameter in about 60 seconds and includes the patented E-Z align system and diamond grinding wheel for sharp precise results. Includes: Sharpener, 1/2" chuck, 110V power cord, carrying case, free video and easy to follow instructions.

ABRASIVE TOOLS – POLISHERS

HAND PADS

Faster, cleaner, and more durable than wire brushes, scrapers and sandpaper. Non-woven nylon pads are pre-cut. They provide conformable, consistent finishes. General Purpose and Ultra Fine Pads may be used with lubricants and solvents. General Purpose - Clean up dirty parts in solvent tank • Light corrosion removal on steel and aluminum parts. Commercial - An aggressive hand pad for waterbased products only. •Not to be used with solvents. •Heavy duty rust removal and general cleanup Ultra Fine - For scuffing in new rod and main bearings. • Light corrosion removal on steel and aluminum parts.

Description	Size	Grain	Color	Qty.	Part No.	Price
General Purpose	6" x 9"	A/O	Maroon	1 each	12-00861-1	$0.99
Ultra Fine	6" x 9"	S/C	Gray	1 each	12-00862	$0.98
Heavy Duty	6" x 9"	A/O	Tan	40 pack	12-00864	$87.75
Hand Pad Holder	-	-	Orange	1 Hand Pad Holder, 4 Sanding Pads	12-00865	$15.90

BENCH GRINDER DISCS

Quickly remove carbon from pistons and valve stems. Great for light deburring head bolts and studs. One disc is flexible when run alone. Stack as many discs on at a time for the desired finish and removal rate. Safer than a wire wheel, with a much better finish. The very fine grade Bench Grinder Discs are packaged 10 to a pack, and the medium grade Bench Grinder Discs are packaged 5 to a pack.

Size	Grain	Grade	Max RPM	Part No.	Price
8" x 1/2"	A/O	Very Fine	3,000	12-00849	$44.80

7"CUTTING WHEEL 1/2" X BRE 1/16"

Oxide abrasive wheel - fine abrasive for burr-free cutting of thin wall tubing and applications which require a fine finish.

•Wheel Size: 7" x 1/16" x 1/2" • Max RPM: 8,700 • Weight: 6lbs • Standard Grades: A60TBE 3C14

P/N 09-02564.....$4.85

METAL POLISHING KIT

Not Actual Size.

Save time and money with this generous assortment of our most popular types and grits of Straight Cartridge Rolls, in Coarse, Medium and Fine grades. Keep these Cartridge Rolls in your shop for a variety of hard-to-reach applications. Essential tools for engine porting, including intake manifold, heads and exhaust manifold. Kit includes 1/4", 3/8" and 1/2" cartridge rolls, in 40 and 80 grit, and mandrels.....Metal Polishing Kit (3" Dia.)

METAL ARMOR ORBITAL POLISHER

This Buffer/Polisher with side handle. 5" counterweight attached to 7424XP (works with included 6" pad). Also includes wrench and operating manual.

The Buffer and Polisher is a beautifully working tool guaranteed to bring out the very best finish on the most lackluster surfaces.

The Buffer and Polisher will throw life onto the dead and dull by operating at an electronic variable speed between 2,500 -- 6,800 OPM (Oscillations Per Minute). But what really sets the 7424XP apart from other similar polishers on the market is not just the price, but more the performance and smoothness. You will be hard pressed to find as good a polisher at such an outstanding price anywhere else. So make the right decision and go with the 7424XP buffer and polisher for the very best in polishing potential.

TIGHT-FIT DRILL KIT

Space, every inch of it, is at a premium in aircraft design as shape and weight is critical to function. Also, airplanes are riveted together which requires thousands of holes to be drilled in difficult locations without scratching or marring the work surface. So, engineers needed to design a versatile "chuck-less" drill attachment that could reach into very confined areas. The answer was found in putting threads on the shanks of drill bits. The benefits are significant. Threaded drill bits eliminate the need for a chucking mechanism. Freed of this restriction, it is possible to do a wide variety of jobs in places with extreme space limitations (less than 1" x 2"). Chuck slippage is all but eliminated while the precision mating angle between threaded drill and drive spindle insures concentricity. Drill bit change times are reduced, an exact working drill bit length is insured and the chance of marring or scratching the work surface is greatly reduced. The Model 00105 Kit includes: a versatile close-quarter Right Angle Drill Attachment capable of drilling up to 1/4" diameter holes and compatible with all standard power drills, a 6" Threaded Extension for those deep hard-to-reach spots, a Chucking Spud which allows direct use of threaded TightFit® drill bits and extensions with your standard drill motor, five aircraft quality threaded TightFit® drill bits (Short Drill Bit Set, 00133), a Tight Fit® 3-Way Wrench, and is packaged in a red, heavy-duty, blow-molded storage case. Features: Attaches to any power drill; Recommended operating speed not to exceed 2500 rpm. • Light weight; Right angle drill weighs 1/3 of a pound and rotates 360 degrees for tight-spot access. • Threaded components allow for fast, easy tool changes; Drill over, under or around obstructions. • Design allows "deep reach" in confined areas; Provides utility of extension drill bit set.

Collet Adapter - Designed to hold all 1/4" shank accessories (countersinks, rotary files, sanding drums). P/N 12-20360 ..... $6.70

DELUXE TIGHT FIT TOOL KIT
PROFESSIONAL MODEL

Includes right angle drilling attachment, 6" extension rod, chucking spud, threaded countersink, (6) stub drill bits (9/16" long) & (6) short drill bits (1-1/2" long) in the following diameters: 1/16", 3/32", 1/8", 5/32", 3/16", 1/4". (1) threaded apex socket adapter to fit the angle head & extension rod. (4) screwdriver bits Number 1 & 2 slotted and Number 1 & 2 Phillips. (1) 1/4" threaded collet adapter to fit the angle head, extension rod or spud adapter. (1) 5/16" combination wrench. All above items are packed in a hard blow molded "everything in its place" aircraft mechanic style carrying case. The case even floats when fully packed. There is also a special internal tray for other drills or accessories.

P/N 12-11215 ..... $57.85

CARBIDE TIPPED HOLE CUTTERS

Multiple tungsten carbide tips for long life and smooth cutting. Cut fast, accurate, high quality holes in stainless steel, copper, aluminum, steel. Flange stop prevents over drilling. Replaceable cobalt steel pilot drill, with split point tip design, to improve performance and resist walking; eliminates need for "center punch." Size :7/8in. 22.2mm Min. Chuck Size:1/4in. 6.4mm PG 13 Coduit Size :1/2" Maximum Cutting Depth: 8 Ga. (4 mm)

P/N 12-03715 ..... $35.85

BLAIR HOLE CUTTER

The Blair hole cutter fits any 1/4" drill and set includes 7 blades (1/4" to 5/8" arbor), pilot and holder. The blades are threaded onto arbor and precise control of the depth of cuts is provided by adjusting screws. Over 3000 holes in sheet metal can be cut by each blade.

Model TP147 ..... P/N 12-00243 ..... $79.75

FLANGING-360 TOOL

This is a companion tool to the ARC-360 lightning hole cutter. The Flanger-360 will form a 30 degree flange on 2024-T3 aircraft aluminum up to .032" thick and in diameters from 2 to 6 inches. Its polished hardened steel rollers gently and effortlessly form the flange as the operator rotates the tool around the lightning hole. Unlike other flanging tools that rely on the skill and eye of the operator, the Flanger-360 stays in constant position with the lightning hole via guide rollers as it progressively forms the flange.

P/N 12-02030 ..... $199.75

UNIBIT STEP DRILL

The UNIBIT Step Drill uses a unique single flute design to drill perfectly round holes in thin materials quickly and with less effort than any other bit on the market today. UNIBIT incorporates cutting steps of progressively larger diameter, making it possible to drill up to 13 different hole sizes with a single bit. Once the desired hole diameter is obtained, the hole is automatically deburred by the cutting edge of the next larger step. UNIBIT #1 drills 13 holes in 1/32" increments from 1/8" through 1/2" and has a shank size of 1/4". UNIBIT #2 drills 6 sizes of holes from 3/16" through 1/2" and has a 3/8" step thickness with a 1/4" shank. UNIBIT #3 drills 9 sizes of holes from 1/4" to 3/4" and has a step thickness of 1/8" with a 3/8" shank. UNIBIT #5 drills holes 1/4" - 1-3/8". 10 steps.

UNIBIT #1 Step Drill ..... P/N 12-03700 ..... $22.85

INDUSTRIAL FABRIC SHEARS

Wiss No. 20W heavy-duty shears, ideal for cutting fiberglass cloth and all fabrics. Hot drop-forged steel.

Right Hand Shears ..... P/N 01-00397 ..... $28.60
Left Hand Shears ..... P/N 01-00398 ..... $27.95

FISKARS 9" PINKING SHEARS

These orange handled pinking shears keep your projects from unraveling at the seams. Ergonomic handles give comfort and control, extended lower blade to help lift fabric while cutting. Adds functional pinking edge to prevent fabric fraying. Tested to ensure clean cutting even through multiple layers of cloth to the tip. P/N 12-02942 ..... $26.50

OFFSET KEVLAR CUTTING SHEARS

Although Kevlar has many advantages over conventional fiberglass weaves, it is very difficult to cut. Special scissors have been developed to facilitate cutting. These scissors have a wear -resistant coating which is metallurgically bonded to the steel substrate. The coating will not chip or peel off and can be sharpened.

Model WR-10E-4 Shears ..... P/N 01-00341 ..... $78.50

ECONOMY KEVLAR SCISSORS -

GINGHER® Scissors cut Kevlar exceptionally well. Lightweight, extremely sharp and comfortable, these 2 1/2 oz. scissors are perfect for use during the lay-up. Soak in acetone for easy clean-up. We recommend saving one pair for only cutting Kelvar®, and keep ing a second pair for general use. P/N 01-00342 ..... $44.65

QUICK GRIP BAR CLAMPS

From the makers of Vise-Grip tools comes the amazing new Quick-Grip bar clamp. The unique pistol-grip handle lets woodworkers hold the clamp and adjust jaw pressure with just one hand. One finger unlocks the Quick-release trigger. Features include positive locking action to hold work tight, strong, lightweight high-tech construction, instant adjustable clamping pressure, large, pliable pads that won't mar work, and a variety of jaw openings. It will "single-handedly" change the way you think about bar clamps!

Part No.	Jaw Opening Size (mm)	Price
12-03910	6"/150	$21.50
12-03920	2"/305	$29.75
12-03930	18"/455	$35.75

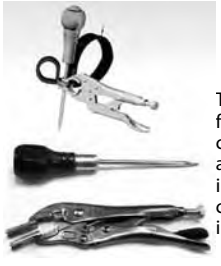
12-03950	36"/915	$33.50

ADEL HAND "NIBBLING" TOOL

Cuts sheet metal like punch and die. Cuts holes to any size and shape. Start with 7/16" hole then "nibble" to size required. Capacity 18 Ga. steel. Wt. 8 oz. ..... P/N 12-10400 ..... $28.75
Replacement Punch ..... P/N 12-10500 ..... $16.50



CUSHIONED CABLE CLAMP (ADEL CLAMP) INSTALLATION PLIERS

These special pliers allow for greatly simplified installation of single or multiple Adel type cushioned clamps. The pliers securely hold the aligned clamps in position, allowing for easy installation of securing hardware. Each kit includes special plier, alignment awl, and simple instructions.

P/N 12-02017 ..... $34.75

KETT PORTABLE POWER SHEARS

ELECTRIC MODEL K-200 – Extra-powerful 115V, 50/60 cycle AC/DC motor. Heavy-duty bearings & die-cast aluminum cutting head. Tool is UL and CSA approved. 2300rpm. Maximum cutting speed, 180 inches/minute. Wt. 5 lbs. Over-all length, 11.75". Ampere rating, 2.2 amps.

P/N 12-01137 ..... $233.95

ELECTRIC MODEL K-442 – Kett's all-purpose 16 gauge power sheers cut up to 16 gauge mild steel, cleanly and easily, without burring or buckling the material. These lightweight shears, designed for durability, feature a variable speed motor and fill the gap between Kett's light duty and heavy duty power shears.

P/N 12-01153 ..... $257.95

PNEUMATIC MODEL P-500 – Equipped with air-metering trigger for variable-speed cutting, so that initially the blade can be operated slowly to prevent chattering at start of cut. 2600rpm. Maximum cutting speed, 180" per min. Wt. 3 lbs. Over-all length, 9". P/N 12-01158 ..... $199.85

KETT KB-301 CORDLESS 18GA SHEAR

High torque 2300 SPM motor lets you easily cut 18 gauge mild steel or up to 20 gauge stainless at over 150"/minute. The swivel head gives you precise control as you make straight or contour cuts. The double-cut shearing action leaves a clean burr free edge and won't warp or bend the piece. Extended run time NiCad battery recharges quickly and there's room for a spare, and the charger unit, in the handy carrying case. Length: 12-3/4", Weight: 7 lbs. The kit includes the KB-301 power shear, KB-302 14.4 volt NiCad High Performance battery. KB-303 battery charger and KB-304 carrying case.

Model No.	Description	Part No.	Price
KB-301-K	Cordless Shear Kit #300	12-00117	$314.95
KB-302	14.4 volt NiCad Battery	12-00118	$61.25
KB-303	One Hour Battery Charger	12-00119	$62.00
KB-304	Carrying Case	12-00121	$26.30

KETT KD440 14GA POWER SHEARS

Cuts 14 gauge mild steel and most grades of stainless to 16 gauge. Cuts over 150 inches/minute, leaving a clean, flat sheet, ready to fabricate. Distortions are absorbed in an easily disposed of waste curl, leaving the sheet cool and free of burn, chips, and burrs. The cutting blades are finest high speed steel. (Also cuts sheet metal, Stainless and Plastics) P/N 12-00676 ..... $234.95

KETT KD-446R PROFILE SHEARS

Cuts profile and flat materials up to 18 gauge, spiral duct, wire mesh and many other materials. Can cut tight curves at a radius of three inches. The blades are made of high quality steel, heat treated and precision ground. The motor is variable speed up to 2500 RPM and cuts up to 28 feet per minute. Features: • 5.0 amp pistol grip • Replaceable A-2 tool steel shear blades.• These snips cuts C.R. mild steel 18 gauge and lighter, wire mesh to 18 gauge, spiral pipe, metal studs and corrugated metal

Right Hand ..... P/N 12-02507 ..... $259.85
Left Hand ..... P/N 12-02509 ..... $259.85

CORDLESS ELECTRIC KEVLAR SCISSOR KIT

The USATCO cordless electric kevlar scissor kit cuts aramid fibers, kevlar and other tough materials! Lightweight and maneuverable with superior ergonomic design. Requires much less effort than cutting manually. Short rapid strokes for intricate work. This can be operated with cord and adapter for unlimited cutting time. P/N 12-02630 ..... $149.95

P/N 12-02627 ..... $42.75

PIG® FORM-A-FUNNEL® DRAINING TOOLS

The innovative Form-A-Funnel has literally hundreds of uses. For aircraft owners, it makes aircraft oil servicing a breeze. The larger model (18611) was designed to be formed into a channel that can be easily inserted into your engine compartment, weaving its way past engine accessories and into a snug position under your oil filter. After loosening the filter, the oil drains to a position outside your cowl, preventing the messes that usually occur, and keeping oil off the inside of your cowling (and off the hangar floor).
The flexible material holds its shape -- you can bend it around the surrounding structures in your engine compartment and it will support itself. The Form-A-Funnel's flexible lip seals against the engine case or drain port, ensuring that not a drop is spilled. No more improvised cardboard channels, and no more bulky and hard-to-clean plastic funnels!
The smaller model (18609) is perfect for small engine repair or servicing, automotive work, changing the oil in your air compressor, draining and pouring fluids or granular material, creating all kinds of funnels, and making improvised pans and fluid channels.
Form-A-Funnel is constructed of a thin layer of flexible metal covered with a tough outer layer of Nitrile rubber. It's reusable and will last for years. It cleans up with just a wipe, and you can store it rolled up or flat. No other funnel can go in your pocket or in the drawer of your toolbox! It resists all common aviation and household chemicals, including oil, fuel, hydraulic fluid, transmission fluid, antifreeze, battery acid and solvents. Form-A-Funnel is one of the most clever tools you'll ever own!
14.5" X 6.5" ..... P/N 12-03147 ..... $19.95

CLAMPTITE TOOLS

With stainless steel components and an aluminum body, this tool was designed for the outdoors man, fisherman and farmer who would have it around a corrosive environment. The stainless steel components are stronger and you can just toss it in the tool box that is in the truck, boat or tractor. The tool is great for emergencies and tough wire jobs. This is the original marine grade tool.
4 3/4" Long - 7" Fully Extended
P/N 12-02633 ..... $39.95

Plated steel components with aluminum body. This tool was designed with the mechanic in mind who would have it around grease, oil and a controlled environment (non corrosive). Great for the CV boots, fuel line, thermostat housing, radiator hose and air hose type repairs.
4 3/4" Long - 7" Fully Extended
P/N 12-02634 ..... $29.95

This tool is machined stainless steel with a one piece body and nose and bronze nut. The tool was designed with the detailed craftsman who need a long lasting tool able to hold up to extremely tough wire while clamping, binding and pulling the wire until the job is complete.
4 3/4" Long - 7" Fully Extended
P/N 12-02632 ..... $69.95

TOGGLE CLAMPS

Easier to use than regular C-clamps. Quick-release style. Removable rubber pads on each screw. Gap: 1"
1-1/2" Reach ..... P/N 12-02863 ..... $14.65
1-1/8" Reach ..... P/N 12-02864 ..... $18.50
1-3/4" Reach ..... P/N 12-02865 ..... $22.50

SCREW & BOLT SHEAR

The Screw & Bolt Shear is a bolt cutting device manufactured from very high quality tool steel which is hardened, tempered & machined to very close precision tolerances. The action of this tool is similar in nature to a "guillotine" design and is quite effective in cutting screws/bolts to specific lengths. The cutting body of the SBS-1 will accommodate screws or bolts in sizes of 4-40, 6-32, 8-32, 10-32, 10-24, 1/4-20 & 1/4-28. P/N 12-14250 ..... $98.90

QUICK ANGLE - MEASURING ANGLES & PITCHES

A multi-functional revolutionary new tool for measuring angles and pitches. It's rare to find one tool that will accomplish so much (miter cuts for one and duplications for another). Use this one-in-all tool to compliment and enhance your tool box. P/N 12-02458 ..... $35.80

TO

AMP PRO CRIMPER II HAND TOOL

The PRO-CRIMPER II Hand Tool provides the versatility of general-purpose service of general-purpose service tools along with the reliability and ease of use of many premium-grade tools For versatility, 75 die sets (available separately) are interchangeable, including those for open-barrel contacts and terminals. Additionally, many of these die sets have multiple cavities for crimping a variety of contact or terminal sizes. For reliability, the tool is constructed of durable high carbon steel with extra-strength pivot pins. And, for user convenience, the PRO-CRIMPER II Hand Tool particularly excels. Ratchet control is provided for complete crimp cycling; this helps eliminate partial crimps. Also, an emergency ratchet release allows the user to open the tool jaws at any time during the crimp cycle.To reduce handle force, the linkage was designed to match the forces required to crimp our largest insulated terminal. The result is dramatically less hand force than comparable tools. Also, the angled had and specially designed handles provided comfortable operation. Locator are mounted on pin-and-socket style tools They help properly locate the contact in the die set, provide a wire stop, and help minimize contact rotation and bending during crimping.

PROCRIMPER II 58433-3 ..... P/N 12-01379 ..... $184.80

KOUL SINGLES STAINLESS BRAIDED HOSE ASSEMBLY TOOLS

Since the invention of stainless braided hose, racers and mechanics have been fighting the problem of installing it into the socket part of the assembly. If your lucky and get a clean cut on the end of that hose, you might get it in. Most of the time a little fuzz appears on the hose end and the battle begins. It is not only time consuming, it can get bloody. This tool is the solution that makes the assembly a snap. Manufactured of a high tech composite, it is virtually indestructible. No need to worry about vise marks or wearing out. Just insert the socket into the tool, twist the hose in, and in less than 10 seconds you have it assembled. You can repeat this several times without recutting the hose end. The tool can pay for itself the first time you don't have to scrap some hose because it got too short trying to clean up the end. You'll be amazed at the amount of time you'll save.

SMALL KIT - The Small kit contains the capsules to install -4, -6, -8 hose into their respective sockets. To accommodate all the different manufacturer's fittings, spacers and sleeves are required to tighten up the some of the sockets within the capsule. For the tool to perform at its best, the socket needs to be a snug fit in the funnel. The two spacers are used in some -6's and 8's. If the socket seems loose in the tool, use a spacer to tighten it up. In the small kit, only the Russell -4 needs a sleeve. Not for use with Teflon-style hose.

PN 12-01061 ..... $73.95

LARGE KIT - The Large kit contains the capsules to install -10, -12, -16 hose into their respective sockets. To accommodate all the different manufacturer's fittings, spacers and sleeves are required to tighten up some of the sockets within the capsule. For the tool to perform at its best, the socket needs to be a snug fit into the funnel. In the 1016 kit, all the -16's except Russell's require the sleeve and a rear spacer. See the instructions in the case for the proper spacer number. Most of the -10's and 12's* will use a spacer. Not for use with Teflon-style hose. * -12 is a stainless washer.

PN 12-01062 ..... $88.85

HOT ROD KIT - The Hot Rod kit contains the capsules to install -6, -8, -10 hose into their respective sockets. To accommodate all the different manufacturer's fittings, spacers and sleeves are required to tighten up some of the sockets within the capsule. For the tool to perform at its best, the socket needs to be a snug fit into the funnel. Spacers are used in some -6's, -8's, and most -10's. If the socket seems loose in the tool, use a spacer to tighten it up. See the instructions in the case for the proper spacer number. Not for use with Teflon-style hose.

PN 12-01898 ..... $110.95

THE PRO COMBO - The Pro Combo is a special offer of BOTH the #468 and #1016 kits listed above. Pros need both kits to handle all the hose sizes in a race car. Ordering this combination will save $15.00. Not for use with Teflon-style hose.

PN 12-01897 ..... $147.50

AMP RIGHT ANGLE DUAL CRIMP TOOL

Amp right angle dual crimp tool. Features: • RF Connector, Gender Plug. Dual Crimp, Right angle body, Waterproof, Without Solder Terminal, without Military Grade, Teflon material, Without Mechanical Attachment Panel Mount. Connector Impedance (Ohm) is 50. Coaxial Cable Termination Type is Crimp. Body Plating is Silver. Center Contact Plating is Gold. Coaxial Cable Type (RG/U or Mfg.) is 214, 9, 9A. Government/Industry Qualification - No. RoHS/ELV Compliance is Not ELV/RoHS compliant. Lead Free Solder Processes is not relevant for lead free process.

P/N 11-10006 ..... $148.75

EXPRESS PORTABLE AIRCRAFT VACUUM

The Express Toner/ESD Vacuum provides .3 micron filtration which captures particles that are less than one one-hundredth the thickness of a human hair. This means these vacuums will do a thorough job of cleaning planes of the smallest particulates like mold spores, chemicals, foreign substances or any other microscopic particles that could be hazardous on a plane. Additionally its light weight (about 6 pounds) makes the Express Vacuum easy to move into and around the interior of an airplane. Plus it is the only product in the market of this nature which is ESD safe, this is of great importance given all the delicate electronic equipment which is found on today's airplanes. Note: Bag is optional and may be purchased separately. Features: 600 Watt Flow Through Motor • 6' ESD safe hose • Crevice tool and brush • 12" Flexneck tool • .3 micron toner cartridge filter • Line filter • 12' power cord • ESD SAFE

Toner/ESD Vacuum 110V ..... P/N 12-01058 ..... $143.95
Toner Toner Filters 2 Pk. ..... P/N 12-01059 ..... $26.50
Vacuum Carring Bag ..... P/N 12-01454 ..... $26.90

PORTA-TEST FUEL INJECTION TEST KIT

Now you can solve Continental fuel injection problems for both naturally aspirated and turbocharged engines right on your customer's airplane. With the patented Porta-Test Testing Unit from Approved Aircraft Accessories, Inc., you can accurately and easily comply with the manufacturer's service bulletins relative to fuel pressures, flow, and turbo components.

Porta-Test is the only approved testing unit available for the calibration of fuel injection systems. As a result, you can quickly perform fuel metering maintenance to improve the service life, performance and dependability of engines equipped with Continental fuel injection systems.

Actual flow meter readings provide exact indication of engine fuel consumption as well as pressure. Indications covering unmetered and metered fuel pressure, turbocharger upper deck and lower deck pressures can be easily checked for correct operation. All troubleshooting can be accomplished with the engine running and without removing components to save valuable man hours and downtime. Complete operator's manual contains necessary specifications and troubleshooting.

The 20 ATM consists essentially of a patented high-accuracy fuel pressure gauge to measure both metered and unmetered fuel pressure; two flowmeters, one with a range to cover idling - low flow - and the other to cover power settings; a dual absolute pressure gauge indicates manifold and turbo discharge operations; and the appropriate valves, hoses, and fittings.

TWISTED STRIPPER TWISTED SHIELDED PAIR WIRE PREPARATION TOOL

There is FINALLY a tool to quickly strip the shielded twisted pair wires in your avionics installations!

STP Wire Stripping Problem Background:
From the beginning, Mil-Spec Tefzel Shielded Twisted Pair wire has defied every wire stripper available to installers, leaving a razor blade or knife as the best option for removing the outer jacket. This time consuming method is imprecise, and it can easily lead to internal shorts between the center conductors and the shield, especially when solder sleeves are used for shield termination. With the increased use of RS-232, ARINC 429, and other types of data busses in todays aircraft electronics, this type of wire is now a major component of many avionics installations. Stop the Razor's Hidden Damage Ring and slit. That has been the standard way to remove twisted pair jackets since the introduction of this type of wire. This time consuming and innacurate process has obvious disadvantages when compared to the TS-7000: P/N 12-02031 ..... $1,259.00

QUICK-GRAB RATCHET-ACTION WRENCHES

You'll have the advantages of an open-end wrench, plus the convenience of ratchet action. The jaws snap open to slip onto fittings and fasteners; then, they close tightly for ratcheting. Wrenches require a 30 degree handle swing to turn a fastener. All are made of hardened steel with a black finish.

Size	Part No.	Price
5/8 Inch	12-00913	$33.50
3/8 Inch	12-03238	$26.50
1/2 Inch	12-03239	$26.50
9/16 Inch	12-03240	$32.50

ADJUSTABLE TORQUE SCREWDRIVER

Bi-directional Accuracy of +/- 6% Indicated Value from 20% to 100% of capacity meets or exceeds ASME B107.300-2010 and ISO 6789. Incredibly durable; many owners have experienced a service life of 10+ years! Operator cannot overtorque. Clutch releases automatically when desired torque has been achieved. Scale on shaft is marked in dual incrementation (in. lbs. and NM) on Cal 36/4, kgf•cm on CAL 40. Magnifying lens improves view of clearly engraved scale. To operatie, simply dial torque setting and insert bit. Uses standard bits, adapters and sockets. Anti-backlash design enhances repeatability. Comes with FREE certificate of calibration from our ISO/IEC 17025 Accredited Calibration Laboratory. CAL 36/4 can be ordered with certification for English or SI units of measure.

P/N 12-03398 ..... $242.95

MICROMETER TYPE TORQUE WRENCH

The wrench is equipped with a reversible ratchet head or plain (non-ratcheting) head may be used in both right or left hand directions. The drive head accommodates sockets, extensions, crowfoot adapters, and other attachments to fit a multitude of fasteners both in English and Metric.

SPECIALTY TWISTER

An excellent tool for different access situations, this twister provides a deep reach and access to close quarters. Made in U.S.A. P/N 13W $36.95

SAFETY WIRE TOOL

Easy one-hand operation. Reaches into tight places, makes a fast, neat twist. Shatterproof plastic handle. P/N 12-01072 ..... $16.50

SAFETY WIRE STARTER KIT

This handy kit enables you to safety wire any nuts or bolts on an airframe or engine. Just place the special washers under the bolt or nut, bend up the small flanges to hold the bolt or nut in place, and then use the tab of the washer to attach the wire to a solid point so the bolt cannot move. This kit works on the same principle as drilled bolts do and is very handy for those flying with an engine that does not have safety wired nuts and bolts. Excellent for use on 2 stroke engines. Package of spare washers includes 6 ea. of: 6, 8, & 10 mm sizes.

Safety Wire Starter Kit ..... P/N 12-16625 ..... $18.75
Package of 18 Spare Washers ..... P/N 12-16626 ..... $6.75

AERO SAF-T-BLOKS

Since the introduction of Saf-T-Bloks in 1981, they've helped thousands of mechanics by taking the headaches and hassle out of drilling safety wire holes in bolts and nuts. This easy to use Saf-T-Blok holds the bolt steady after you thread it in to the required depth. You then drill the hole through the center with no risk of misalignment. Saf-T-Blok is available in 4 sizes:

Description	Part No.	Price
Standard: (6 Thread Size) 1/4, 5/16, 3/8 USS & SAE	12-15345	$28.70
Metric: (5 Thread Size) 6x1, 8x10, 8x1.25, 10x1.25, 10x1.5	12-15346	$28.80
Aero: (5 Thread Size) 8-32,10-32, .25x20, .25x28, 5/16 x 24	12-15347	$28.70

NUT SAF-T-BLOKS

Designed to enable safety wire holes to be drilled through the head of bolts or through nuts, across the diagonal. Designed to accept up to 3/4" dia. nut. Easy to use. Nut Saf-T-Blok requires that the nut or bolt be placed into the "V" groove, tighten down the holding screw, drill & deburr. P/N 12-15349 ..... $31.50

ALLEN II SAF-T-BLOK STANDARD

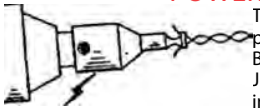
New from MTE industries the Allen Saf-T-Blok2. Design for all socket head cap screws Metric and SAE. With an added plus can be used as a tubing drill guide. As with all the Saf-T-bloks, this takes the headache and hassle out of drilling safety wire holes. P/N 12-02407 ..... $34.95

SAFETY WIRE KITS

These kits include professional safety wiring kit for all applications. Contains 9" automatic standard twister, 6" safety wire twister, made of hardened alloy steel-black oxide finish plus (3) 1/4 lb. spools of annealed stainless steel safety wire. (Sizes: 020, 032, 041). Model 100 also includes 19" chrome adjustable safety wire twister (for cavity and deep access applications.

Model 200 ..... P/N 12-16650 ..... $99.80

POWER TWIST ADAPTER



This new tool attachment provides quick and precise twisting of safety wire using Skill or Black & Decker type cordless screwdrivers. Just attach the adapter to the screwdriver, insert wire and you will have a neat, tight, easy wire twist. Works perfectly in a wide variety of applications (particularly twists in tight spaces). Available exclusively from Aircraft Spruce & Specialty Co. P/N 12-20800 ..... $23.50

SAFETY WIRE DRILLING JIG

This tool provides a fast, simple way to drill bolt heads with virtually no broken drill bits. The tool is made of 6061T6 hard anodized aluminum for durability. Fits 3/16" to 5/8" dia. bolts and works on hex head bolts, header bolts, 12 point countersink and Allen head cap screws. Includes drill bushings and two cobalt drills. Made in U.S.A.

ENGINE CALIBRATION & SET-UP KIT

The Engine Calibration & Set-up Kit gives you innovative tools that help eliminate mistakes when setting up mechanical engine timing sequences, timing chains, timing belts, balance shafts and belts, distributor installations and general engine set-up.

Kit includes: •Standard 6" (14mm) and Extended 10.75" (14mm) •TDC Indicators •Compression Gauge Extension •Compression Whistle Alert™ •Crank Stopper •18mm & 12mm Spark Plug Hole Adapters, extra nipple for compression tube to whistle conversion.

Engine Calibration & Set-Up Kit ..... P/N 12-01040 ..... $111.95

STEELMAX POWER TOOLS - 3M™ SANDERS

STEELMAX METAL CUTTING SAW 9 INCH

More efficient than any portable metal cutting process you are using now! • Increase Productivity - No Milling or de-burring with near surgical dry-cut technology. • Cuts a Variety of Metals, Plastic and Wood - Bring your saw to the work-piece while cutting mild steel, stainless steel and aluminum as easy as it cuts plywood. • Cool-to-the-Touch - No waiting for your work-piece to cool down. Just cut it and handle it. • Precise Cutting - With integrated laser sighting system. P/N 12-01716 .....**$412.95**

STEELMAX DRYCUT SAW S14

Utilizing a 14" carbide tipped blade, the Steelmax S14 cuts through metal faster, safer and cleaner than abrasive chop saws in a fraction of the time and cost. Powered with a 15 amp motor and geared to turn slower than a chop saw, the S14 dry cutter cuts like a cold saw, but at a fraction of the cost. Sold standard with a 14" carbide tipped mild steel blade attached, heavy duty, industrial strength cast iron base and two position locking vise, this saw is ready for immediate action! Cuts solid mild steel up to 1"thickness; cut profiles: pipe, angles, channel with a depth of cut up to 4-3/4". Bevels to 45 degrees. Saves time and money giving cool cuts that need little to no finishing, eliminating any need for grinding or cool down time. P/N 12-01717 .....**$535.00**

MAGNETIC BASE DRILL

SteelMax® brand drills maintain rigidity and accuracy throughout the life of the drill. The rail system eliminates the need to adjust or maintain traditional gibs. In addition to saving on maintenance, cutter life is increased by reducing movement at the cutter tips. When cutters last longer, you save money every day you use SteelMax!

CABLE CUTTERS - SWAGERS

FELCO CABLE CUTTERS

A cable when crushed or deformed is difficult to use with fittings. These fine quality Swiss made cutters, with unique triangular jaws, never leave a frayed end.

#C-7F CUTTER - Capacity 3/16" diameter and smaller. Length 8". Wt, 10 oz.
P/N 12-01135 ..... $51.85

#C-9 CUTTER - Cuts 1/4" steel cable
P/N 12-00179 ..... $148.75

#C-12 CUTTER - Capacity 3/8" diameter and smaller. Length 19". Wt. 3 lbs.
P/N 12-01174 ..... $222.95

#C2A CUTTER - Snub nose for loose cuts. 10% harder blade than C7 for long life and cutting of very hard wire or cable. Opening of tool cuts up to 2mm wire & stranded cable. P/N 12-00223 ..... $59.75

S & F CABLE CUTTERS

A fine tool made from high quality alloy steel and heat treated for best cutting action and long life of cutting edges. Handles shaped for comfortable grip and minimum cutting effort. Max. capacity 3/16" dia. 1 x 19 cable.
No. 316 Cable Cutter ..... P/N 12-18600 ..... $18.50

BENCH MOUNT FOR #316 CABLE CUTTER

This bench mount adds to the versatitlity of the #316 cable cutter. Mounts with 2 screws to a bench or plate. Fingers can still grip the tool. Easily removed. P/N 12-00674 ..... $3.50

S & F HARD WIRE CUTTER

These quality cutters feature a unique handle design with thick "T" shaped vinyl handle grips for maximum comfort while cutting. Cuts 3/32" maximum diameter music wire, heat treated steel spring wire, stainless or galvanized cable. Produces clean square cuts. Gold iridite finish for maximum rust protection. Length: 6". Wt. 7 oz.
Model No. 093. ..... P/N 12-18605 ..... $17.95

CABLE TENSIOMETER

This precision instrument gives accurate readings over a wide range of cable tensions. No preliminary adjustments are necessary. May be used continuously without resetting or checking. Extreme heat or bitter cold does not affect the accuracy of the readings. One instrument is usable on many cable sizes with absolute accuracy. The small size permits entry through small openings and permits accurate readings on cable located in confined areas. The entire operation of testing cable tensions can be done with one hand in a matter of seconds. Range in Lbs.: 10-100 on 1/16", 3/32", 1/8"; 15-150 on 5/32", 3/16"; 25-150 on 7/32", 1/4" ..... T5-2002-101-00 ..... $838.00

BURROUGHS CABLE GAUGE

Easy to use - just squeeze ball handle, put gauge on cable, release handle and read tension on rotation dial. No conversion charts necessary. Tension range: 10–70lbs. for 1/16" cable, 15 - 70 lbs. for 3/32 & 1/8" cable. 50-350 lbs. on 5/32" & 3/16" cable. Only 3-1/4" wide. Fits through inspection hole.
For 1/16", 3/32", 1/8" ..... P/N 12-19200 ..... $182.95
For 5/32", & 3/16" ..... P/N 12-19210 ..... $167.50

TENSITRON CABLE TENSION METERS

Standard Features of all models: • Easy one-hand operation • No interchangeable parts are needed to adapt to different cable sizes • Memory Lock Pointer holds readings until cleared • Calibration chart affixed to back of meter • Durable and made of non-corrosive materials • Weigh approximately 21 oz. Compact design allows engagement of meter onto cables closely routed along floors, flat surfaces and other minimum clearance areas. Models ACM-100, ACM-200, ACM-300, ACM-400 are compact enough to allow use in limited access panels as small as 4" dia.

Model	Part No.	Price
ACM-100 - Designed to measure from 5-100 lbs tension in 1/16", 3/32", 1/8", 5/32" diameter cables.	12-01050	$769.00
ACM-200 - Designed to measure 20-200 lbs tension in 1/16", 3/32", 1/8", 5/32", 3/16", and 1/4" diameter aircraft cables.	12-01051	$769.00
ACM-300 - Designed to measure from 40-300 lbs tension in 3/32", 1/8", 3/16" and 1/4" diameter standard cables.	12-01052	$835.00
ACM-400 - Designed to measure from 40-400 lbs tension in 3/32", 1/8", 5/32" and 3/16" diameter standard cables.	12-01053	$769.00
ACM-600 - Measures tension from 40-600 lbs in 1/8", 5/32", 3/16" and 1/4" diameter aircraft cables.	12-01362	$839.00

ECONOMY SWAGING TOOLS

NO. 2 SWAGE-IT - For use with sleeves for 1/16", 3/32" and 1/8" cable. Swaging pressure applied by using a wrench to tighten bolts. Size: 1/2" x 1" x 7". Wt. 1 lb. Cadmium plated. P/N 12-12000 ..... $19.50

NO . 3 SWAGE- IT - For use with sleeves for 1/8", 5/32", 3/16" and 1/4" cable . Same design as No. 2 tool but larger. Size: 3/4" x 1-1/2" x 14". Wt. 3-1/2 lb.
P/N 12-12100 ..... $38.75

SWAGE-IT RIGGING KIT

This Swage-It rigging kit contains everything you will need for rigging and emergency repairs of Nicopress sleeves on cables. Includes the #2 Swage-It tool for 1/16", 3/32" and 1/8" sleeves, 1/2" extension wrench for use on the #2 tool and a #316 cable cutter. Size: 4-1/2" x 9". Packaged in a clear plastic tube with vinyl caps to better protect tools.
P/N 12-12200 ..... $49.50

LOCOLOC® HAND SWAGER NO. 1-SC

Designed for swaging copper and aluminum 1/16, 3/32, 1/8, 5/32 and 3/16 oval and stop sleeves, plus 7/32 stop sleeves, total of 11 sizes plus the ability to cut up to 7/32 diameter aircraft quality steel cable. A multi cavity hand cable swaging tool with a dozen functions. 26 inches long, weighs 6.5 pounds. Parts list included with each cable swaging tool. To assure proper swaging of Locoloc® aluminum, copper and stainless steel sleeves there is a Locoloc "Go" "No Go" gauge with each cable swaging tool. P/N 12-12400 ..... $247.95

LOCOLOC HANDSWAGING TOOL

LocoLoc #1-3-SBHS Hand Swager – This tool is an outstanding small hand tool, and it does a great job of swaging small sleeves. This is a (4) cavity tool, swaging sleeve sizes 1/32", 3/64", 1/16", 3/32" and #12 SEISMIC.
Ratchet mechanism will not release until swage is complete. Swages copper and aluminum sleeves only. Usage instructions and swage gauge included in each tool. Each LOCOLOC Swager is supplied with a gauge. Application: Copper Oval Sleeves, Copper Oval Plated Sleeves and Aluminum Oval Sleeves P/N 12-00222 ..... $114.90

GO-NO GO SLEEVE GAUGE

When the proper slot in the gauge slips over the compressed area of the sleeve after swaging then your swage is satisfactory. If the proper slot does not fit over the compressed area of the sleeve after swaging then your tool is out of adjustment and your cable assembly will not hold the rated breaking strength of the cable which should be the result when oval sleeves are used to form a loop or eye in a cable assembly. GA-1P: Gauges all swages performed on 1/32", 3/64", 1/16" 3/32", 1/8", 5/32", and 3/16" oval and stop sleeves. P/N GA-1P $11.80

NO-GO GAGE

The No-Go gage requires inspection of rollers; roller housings, seat rails, engagement pin, and attaching hardware. There are five measurements required for each pilot and co-pilot seat, these two tools will shorten the time to make these five measurements to minutes. Tool A measures pin engagement, roller tang width, and roller tang thickness. Tool B measures seat rail hole wear and opening of roller housing tangs. P/N 12-02861 ..... $39.95

NICOPRESS SWAGING TOOLS - 64-CGMP

The 64-CGMP has four grooves and is used for Oval Sleeve in the range of cable sizes from 1/16" through 5/32". The "C" groove is also used for the No. 871-1-C Stop Sleeve. The No. 63V-XPM has three grooves and is used only with Oval Sleeves. For cable sizes 1/8", 5/32" and 3/16".

TENSITRON ACX-SERIES DIGITAL AIRCRAFT CABLE TENSION METER

* Indicate Cable Tensions in Lbs, KG, or Newtons.
* Small space access. One-hand operation. Memory storage features. ACX Screen Callouts :Display shows tension, battery charge level, name of calibration selected, and stores and displays up to 5 separate tension readings and their average. * Large, easy to read backlit, graphic display with adjustable backlighting and contrast. * Select cable size from menu. Instrument automatically adjusts calibration to correct setting. * Accuracy is +/- 2% full-scale for all menu-selectable calibrations. Accuracy for custom calibrations is material specific. * Up to 10 calibrations can be entered into instrument. (All calibrations password protected to provide due diligence). * Adjustable LCD refresh rates allow for stable digital readings. * All models factory-calibrated and ready for use on aircraft. * Calibration values traceable to National Standards. Calibration certificate included. Input Real-Time Serial Data into any Windows® application using any number of software wedge programs, such as WinWedge Pro® for Windows, or configure your Windows® operating system to capture the data via HyperTerminal®.

Model	Range	Res.	Cable Selections	Part No.	Price

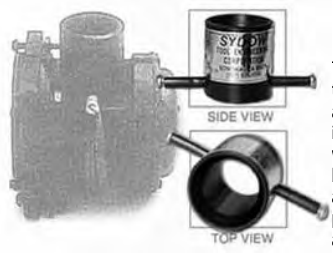
COMPASS FILLING AID



The compass filling aid is designed to be used for filling most standard aircraft compasses. The standpipe is simply attached to the compass with a supplied special rubber band. The compass is then filled and purged through the standpipe. When all air is removed, and the level in the standpipe is constant, the plug is then installed through the filled standpipe. Thus the need for submerging for proper filling is eliminated. ..... P/N 12-17604 ..... $23.50

TURNBUCKLE WRENCH CABLE RIGGING

This tool consists of two clamps joined by a 12" length of sprocket type (bicycle) chain. It will accommodate all sizes of aircraft cable. When clamped to cable and fittings at each side of the turnbuckle, anchor the cable to allow free adjustment of the turnbuckle. The adjustment becomes a two hand instead of three hand adjustment. ..... P/N 12-00833 ..... $15.16

THE PEN GRIP - PEN AND TOOL HOLDER

The Pen Grip attaches to almost any surface with double stick tape. Just peel off the backing on the attached double stick adhesive, press firmly onto the surface to which you want it attached and insert your tools. The unique gripping fingers hold all sorts of pens, pencils, & tools in many different positions, even upside down. Like the Tool Grip, The Pen Grip is available in White and Black.

Get a Grip Pen Grip (Black)
PN 12-00961 ..... $5.95

DISC GRINDER MITER ATTACHMENT - The Multitool disc grinding attachment for your bench grinder are must-have tools for any fabricator! These versatile tools remove material up to 5 times faster than with the equivalent grit grinding wheel. P/N 12-02071 ..... $74.95

DILLON MECHANICAL FORCE GAUGE

Model X-C comes in nine capacities ranging from 50 lb to 25,000 lb or 50 to 10000 kg. Allfeature accuracy of ±1% of full capacity, except the 25,000 (10000kg) capacity instruments which are accurate to ±2% of full capacity.
Load is applied against a hardened ball which rotates to maintain vertical alignment as pressure increases. The ball is held in place with a spring clip or retainer. A threaded mounting hole is located opposite the loading ball in the bottom of the beam. Model X-C is available in pound and kilogram capacities..... P/N 12-03326..... $820.00

DILLON DIGITAL FORCE GAUGE GTX PLUS

The Dillon GL Force Gauge is the best equipped force gauge found in its price range, including features such as rechargeable battery, serial output, backlight, die-cast enclosure, carry case and more. The GL is available in a wide assortment of capacities to fit nearly any testing need. The optional CT Test Stand is an ideal complement to the GL Force Gauge to improve testing results. Dillon also offers a range of grips and accessories to expand testing possibilities.
P/N 12-03327..... $930.00

QUICK-CHECK TENSION METERS

The Dillon Quick-Check can be placed on a cable, measure its tension, and removed in under five seconds! There are no complex lookup tables, no conversion charts. The operator can quickly select from 15 different wire sizes and types stored in Quick-Check's memory. The Check-Tensioning mode graphically displays the current and target tensions for extremely quick setting of line tension. Even the infrequent battery changes are quick. The Quick-Check can be employed in many industries to ensure proper tensioning. Typical applications include tower and stack guy wires, pretensioned cable barriers, bridges, elevators, winch rope, overhead electric transit wires, fall arrest systems, aircraft cables and utilities. Features: • Sheaves with bearings eliminate friction and provide the best accuracy • Accommodates a wide range of wire sizes and styles • Telescoping handle engages meter quickly with minimal effort • Highly visible yellow finish • Easy-to-read display with full-text prompts • Easy to use soft-key interface • Uses popular AA batteries and has long life between changes.

STRUT PUMPS – DEBURRING TOOLS

THE GRIPPER - ALL DIGITAL CABLE TENSIOMETER

There are no extra parts to worry about. The Gripper can adapt to 5 Cable sizes 1/16, 3/32, 1/8, 5/32, and 3/16. From 5 to 150lb's. 1%-2% Accuracy. An instrument that will pay for it self quickly. The time savings compared to your current tool will amaze you. Electronically measured readings, assures accurate, reliable and repeatable measurements every time you use the "Gripper". The Gripper heads small size (1 1/8" square by 4 1/8" long) lets you access tight areas as it will go where other just will not go. It comes to you calibrated and ready for use. Features: • Unique Remote Head Fits in to tight areas • Backlit Controller for easy reading . Specifications; • Cable sizes: 1/16, 3/32, 1/8, 5/32, and 3/16. • From 5 to 150lb's • 1%-2% Accuracy

P/N 12-01722 ..... $1,395.00

DEBURRING TOOL

Utilizes a twist-of-the-wrist action for deburring holes and radii. Curved blade automatically follows all contours. Telescoping blade holder extends to reach deep internal holes. Supplied with one #10 and one #20 deburring blade. P/N 12-00700 ..... $21.75

Item	Description and Application	Part No.	Price
#10 Deburring Blade	High-speed steel. For steel, aluminum & smaller holes	12-00800	$3.75
#20 Deburring Blade	High-speed steel. For brass, Bronze, cast iron, larger holes.	12-00900	$3.85
#40 Scraper Blade	High-speed steel. Small triangular blade.	12-01000	$7.50
#42 Scraper Blade	High-speed steel. Large triangular blade.	12-01100	$11.60
#48 Scraper Blade Holder	Holder has 10-32 threads. Accepts #40 & #42 blades. Extends to 3-1/2".	12-01200	$7.85
#50 Scriber	Carbide-tipped scriber.	12-01300	$7.90
#60 Deburring Blade	For backside deburring & for restricted positions	12-01400	$5.70
#70 Deburring Blade	Carbide-tipped blade for deburring edges of sheet metal.	12-01500	$9.50

SPEEDY BURR II

Speedy Burr II is designed for deburring outside corners, sheet metal, machined parts, extrusions, castings, and plastic parts. This lightweight easy grip tool has a durable plastic coating on the handle for comfort and a sure grip. The burring tip is made from hardened steel and is replaceable.

Speedy Burr II..... P/N 12-00651 ..... $23.65
Replacement Burr Tip P/N 12-00652 ..... $12.65

DEBURRING & SCRAPING KIT

Standard duty kit includes MANGO II Handle, "B" Blade Holder, "C" Blade Holder, B10, B20, B30, B60, B11, B70, C40 blades and the "C" Key. P/N 12-03194 ..... $35.75

PRO SERIES STRUT SERVICE TOOL

The Pro Series Strut Service Tool has all the great attributes of the original Strut Service Tool, with the addition of a dual tank and dual check valve design. The longer service hose makes it easy to attach. Strut pressure, fluid and foam is captured in one tank. Clean, foam-free fluid is drawn back into the strut from the second tank. Simplicity, cleanliness and less waste make this tool a must-have. The strut valve core is not removed. P/N 12-00677 ..... $159.50

TIRE BALANCER AND BEARING PACKER

For 500-5 & 600-6 Bearings and Tires. Package Includes: Set of 500-5 & 600-6, Bearing Cones, Aluminum Balance Shaft, Set of Balance Shaft Bearings, 1/4 oz. Lead Balancing Weights, Aluminum Bearing Packing Tool that, removes old grease and abrasives, A great Stainless Tool Box using the shaft as a handle P/N 12-02309 ..... $399.00

BOGERT PRESSURIZED STRUT FILLER TOOL

Features: • It is a convenient, small, compact system, easy to use, and neat to store. • It is a direct bolt-on modification to the Deluxe Strut Service Tool. • It's built in pump forces dluid into the strut to fill the unit. • Excess fluid can be returned to a collection tank via the control unit. • Can be used on struts requiring up to 3000 psi strut pressure • Made in the USA.

Totally safe and totally clean! –No clean up. No oil on tire and brakes or the shop floor. 10X Faster -Save time and money because you don't have to drag the jacks out and lift the airplane. 10X Safer- the airplane never leaves the ground, the technician doesn't have to be under the aircraft while the strut is being serviced nor does the mechanic have to compress and extend the strut. 3X the Flexibility -Strut service can be done now on the ramp or at remote locations freeing up hangar space and giving maintenance personnel more flexibility.

P/N 12-03167 ..... $595.00

HX STRUT PUMP

Boost air to 1000psi without an air compressor.

- Very portable. No air compressor needed!
- Use air bottle, spare tire, tire pump for source air.
- Can also use with air compressor for air source.
- Detailed instructions.
- Equipped with 7 foot hose

P/N 12-16710 ..... $363.00

15X STRUT PUMP

Boost air or nitrogen to 2250psi.
- More than enough pump for most aircraft.
- Built for shop use or for a discriminating do-it-yourselfer.
- Weighs less than 7 pounds.
- Equipped with a 36" hose.
- Comparable to pumps priced in the thousands.
- Nitrogen adapter makes it easy to use bottled nitrogen.

15X Strut Pump..... P/N 12-16700 ..... $478.00
Nitrogen Adapter Kit..... P/N 12-02016 ..... $35.95

STRUT SERVICE TOOL

Service Strut in your Sunday Suit.
- Clean way to service struts.
- Strut valve core is NOT removed.
- Hose fitting releases pressure & fluid into the bottle.
- Raise & lower strut a few times, then apply the charge.

P/N 12-16792..... $26.50

BOGERT PRESSURIZED STRUT FILLER 16M-PSF

Finally a real time and money saver! This tool changes the way landing gear struts are serviced. No longer do you have to put an aircraft up on jacks to add fluid to and fill Oleo type landing gear. This is a totally clean and safe process. No oil is spilled. The strut valve is not disturbed and the plane is sitting on the ground the whole time. This is safe for the technician and the aircraft. Features: • It is a convenient, small, compact system, easy to use, and neat to store • Two tank system. One tank contains clean Strut fluid and the other collects the excess • Built in pump forces fluid into the strut to top it off and the excess is drained off controlled right from the unit • Large capacity 5 qt storage tanks are big enough for just about any strut • Can be used on struts requiring up to 3000 psi strut pressure • Made in the USA.

Strut Filler..... P/N 12-03166..... $675.00

TO

CONDUCT-A LITE INSPECTION KIT

Kit consists of aluminum 2-cell holder, 1-cell holder for use in small areas, 6" straight Lucite conductor, 4" curved Lucite conductor for lighting around corners, 2-1/2" straight conductor for pin-point lighting, and clip on mirror which attaches to any of the Lucite conductors. When used with curved conductor it can virtually make light available around a corner in a full 360° arc. Operates on penlight batteries (not included). P/N 12-14900 .....$19.60

FLUORESCENT WORK LITE

Lights a greater area than a 150 W bulb for 1/10 the electricity. Throws a glare-free light. Hold it or hang it. Cool, insulated, shatter-resistant. Does not get hot - safe to handle. For 110V AC. Furnished with 25-ft. yellow oil-resistant cord. P/N 12-00909 .....$47.50

FLEXIBLE MICROLIGHTS

This Super-Bright Micro 360 Flexible LED Light is 10 times brighter than standard flashlights and lasts up to 100 hours on a single set of batteries! Features: •Stainless Steel • Lifetime Warranty • Focused lens power beam • Shock proof, water resistant and cold burning • LED-"Light-Emitting Diode" • White beam • 100 hours of light without a battery change •Diode-charge system • Easy on/off-switch • 6" in length • Batteries included.

Micro Flex..... P/N 13-02846 .....$26.75
Mega Flex..... P/N 13-02847 .....$44.95

HEADLIGHTS

The Brighteyes Pro Headlights is a hands-free flashlight worn like eyeglasses to provide light for reading maps, instruments, repair work, and more. Excellent for work on aircraft, automotive applications, around the house, camping, & fishing. Headlights can be used with or without eyeglasses, and the lights will swivel to direct the light where you need it. (4) AAA batteries included.

P/N 12-00242 .....$13.50

BEND-A-LIGHT

Bend-A-Light flexible brass–alloy high intensity light tools bend to any configuration and illuminate hard-to-reach areas where conventional lighting cannot go. The incredibly brilliant light beam penetrates anywhere! Bend-A-Light is a must for electronics, automotive, maintenance, repairs, locksmiths, industrial, hobbies, around the house and more. You bend it… and it holds! Bend-A-Light is the only complete line of professional quality high intensity flexible light tools. Available in 3 lengths and 3 different lamps to choose from. All Bend-A-Light models are made in USA and come with batteries installed.

HAWKEYE PRECISION FLEXIBLE BORESCOPES

Hawkeye Rigid Borescopes feature the patented endoGRINS(r) lens technology that provides a sharp view inside engine cylinders, wings, under seats, and other remote areas. Includes a mirror tube which allows you to look sideways in a 360 degree arc as well as straight ahead. Packed in a lockable metal case with die-cut foam to protect the borescope. The heavy duty Mini-NOVA light source is highly recommended in aircraft applications. All Hawkeye Slim borescopes have a 0° direction-of view and 42° field-of-view. A rotating 90° direction-of view is achieved by sliding a Slim Mirror Tube onto the scope. Hawkeye

AXIS HVLP PAINT SPRAYERS

The Axis series of paint sprayers is designed to take the guesswork out of choosing a spraying system which can be confusing for the home-builder who is going to paint for the first time. Rather than offer a wide variety of sprayers, Axis has selected the best turbine for each type of product normally used to finish an airplane. This is the SP 2003 (three stage turbine) which is furnished with 30 feet of air delivery hose and the Lexair spray gun. Select one of the three systems shown below based on type of material you will be spraying. If waterborne materials are going to be used, we can furnish systems for this process on a special order basis.

Sys. 1 to paint aircraft covered in fabric ..... P/N 12-15920 ..... $845.00

THE BEUGLER STRIPER PROFESSIONAL PINSTRIPING TOOL

The Beugler tool makes accurate lines consistently, without gravity or pressure, eliminating the need for tape. The unique serrated wheel and wheel head design are the secret to the striper's success. Ideal for any art project, the Beugler Striper is a professional tool used by auto, truck and motorcycle painters around the world. Beugler's magnetic guide securely holds to any steel surface, allowing the striper's guide arm to slide smoothly along its recessed groove for long, accurate, straight, or arced lines. To ensure customer satisfaction, Beugler also offers a 40 minute video tape or DVD with instructions, tips and demonstrations. The Beugler Striper works well with any "creamy" consistency paint. You can stripe at any angle, as the tool is not gravity fed. Both Professional and Deluxe Kits are of the same quality and include guides, clean up brush, 2/3 oz. paint barrel (which stripes 250 to 1750 feet, depending on stripe size) and complete instructions. Length 4-1/4", O.D. 3/4".

600817 - HVLP Spray gun, drop forged body, with #66-110 cam-lock siphon cup P/N 12-02139 ..... $233.60

77SSXX - Conventional spray gun with #66-110 camlock siphon cup replace xx with 1.8 or 2.0
1.5 ..... P/N 12-02140 ..... $175.00
2.0 ..... P/N 12-02141 ..... $175.00

6008XX - Fluid nozzle, air nozzle and needle
P/N 12-02142 ..... $90.00

6008RK - Repair Kit ..... P/N 12-02143 ..... $23.85

AOM R 200 - MAX 45 PSI SPRAY GUN

662XX - Low pressure HVLP spray gun only for high efficiency low cfm at 5-7 (Tip sizes available: 1.3, 1.4, 1.5, 1.7, 2.0 2.5)
1.3 ..... P/N 12-02166 ..... $98.75
1.4 ..... P/N 12-02167 ..... $98.75
1.5 ..... P/N 12-02168 ..... $98.75
1.7 ..... P/N 12-02169 ..... $98.75
2.0 ..... P/N 12-02170 ..... $98.75
2.5 ..... P/N 12-02171 ..... $98.75

663XX - Low air consumption HVLP gun with syphon cup low cfm at 5-7. (Replace xx with tip size: 1.7, 2.0, 2.5)
1.7 ..... P/N 12-02172 ..... $113.95
2.0 ..... P/N 12-02173 ..... $113.95
2.5 ..... P/N 12-02174 ..... $113.95

66-110 - 1 qt Cam- Lock Cup
2.0 ..... P/N 12-02137 ..... $28.55

67999 - Seals and springs repair kit ..... P/N 12-02161 ..... $37.75

67-100 - 1 qt Pressurized aluminum cup with check valve and regulator
P/N 12-02177 ..... $92.25

AOM SX SERIES - MAX 30 PSI SPRAY GUN

Gravity spray gun kit 600 cc. aluminum cup, 5 CFM @ 30 PSI

ECO/SX HVLP 62-400 - Spray gun kit includes 3 needle/nozzle sets 1.0, 1.4, 1.7mm, 1 - 600cc aluminum cup, 2 cleaning brushes and wrench in carrying case
P/N 12-02130 ..... $315.00

ECO/SX N/N - aircap kit 1.0,1.2,1.3,1.4,1.7,2.0 (replace xx with tip size)
P/N 12-02131 ..... $90.00

K1/SX HYBRID 62-450- high transfer efficiency Spray gun kit. Includes same as above
P/N 12-02132 ..... $295.00

K1/SX N/N - aircap kit 1.0,1.2,1.3,1.4,1.7,2.0 (replace xx with tip size)
P/N 12-02133 ..... $89.95

REPAIR KIT - P/N 12-02134 ..... $18.50

ALUMINUM GRAVITY CUP - 1000 cc (35 oz)
P/N 12-02135 ..... $28.50

AOM ECO/MINI HVLP GUN KIT - MAX 43 PSI

61- 210 - HVLP Mini Gravity Gun Kit includes 200cc aluminum cup, 4 glass jars, 5' air hose with quick disconnect, filter, 2 adapters, cleaning brush and wrench in carrying case.
This unique kit has all the necessary parts to convert from a Mini Gun to an Air Brush
P/N 12-02144 ..... $190.95

61-2006XX - Fluid nozzle, air nozzle and needle -(replacexx with 0.8, 1.0, or 1.2 for tip size)
0.8 ..... P/N 12-02145 ..... $51.75
1.0 ..... P/N 12-02146 ..... $51.75
1.2 ..... P/N 12-02147 ..... $51.75

61-210SE - 200cc Nylon Cup ..... P/N 12-02148 ..... $18.90
61-220SE - 200cc. Aluminum Cup ..... P/N 12-02149 ..... $19.50
61-2000R - Repair kit ..... P/N 12-02150 ..... $18.50
828-GTXX - Glazing nozzle kit c/o fluid nozzle, air nozzle and needle. (Complete for both sprayable and non sprayable materials) replace xx with 1.0 or 1.5
1.0 ..... P/N 12-02153 ..... $84.60
1.5 ..... P/N 12-02154 ..... $84.60

AOM F1/S CONVENTIONAL SPRAY GUN

This Gravity Gun is ideal for applying a wide range of materials such as Primers, Fillers, and Virtually all Wood Coatings

28XX - Gravity Gun with 750 cc. aluminum cup with nylon cover P/N 12-02228 ..... $129.75

29XX - Fluid nozzle, air nozzle and needle replace xx with 1.0, 1.2, 1.4, 1.5, 1.6, 1.8, 2.0, 2.2, 2.5MM
P/N 12-02225 ..... $40.00

28-RK - Seals and springs repair kit for E70
P/N 12-02231 ..... $27.50

AOM 1 QUART PRESSURIZED CUP (HVLP)

RP-XX - R200 HVLP spray gun, pressurized aluminum camlock cup, regulator and check valve (replace xx with tip size. 1.3, 1.4, 1.5, 1.7, 2.0, 2.5) This outfit is perfect for small painting jobs that require precise fluid control. Can spray thicker material. Maximum cup pressure 10 PSI
1.3 ..... PN 12-02180 ..... $267.95
1.4 ..... PN 12-02181 ..... $267.95
1.5 ..... PN 12-02182 ..... $267.95
1.7 ..... PN 12-02183 ..... $267.95
2.0 ..... PN 12-02184 ..... $267.95
2.5 ..... PN 12-02185 ..... $267.95

AOM F1/I CONVENTIONAL SPRAY GUN

30XXSSP - Pressure fed spray gun only with 3/8:" fluid inlet P/N 12-02224 ..... $115.00

31XX - Fluid nozzle, air nozzle and needle replace xx with 1.0, 1.2, 1.4, 1.5, 1.6, 1.8, 2.0, 2.2, 2.5, 3.0mm.
P/N 12-02225 ..... $40.00

66-110 - 1 Qt. Cam-lock cup
P/N 12-02137 ..... $28.55

28RX - Seals and spring repair kit for G70/A or SSP (Sold Separately) P/N 12-02227 ..... $15.50

AOM 77 CONVENTIONAL SPRAY GUN

Ultra compact and light spray gun featuring a reduced air consumption. 1 qt. cam-lock cup

77SXX - 77S Spray gun with standard cam-lock cup replace xx with 1.5, 2.0 mm
P/N 12-02236 ..... $185.00

77SSPXX - 77 SSP Spray gun only. Replace xx with 1.5, 2.0mm P/N 12-02237 ..... $227.95

77XX - Fluid nozzle, air nozzle and needle for 77 (replace xx with nozzle size)
P/N 12-02238 ..... $90.00

77SRK - Seals and springs repair kit for 77
P/N 12-02239 ..... $18.50

66-110 - 1 qt. aluminum cup with cam-lock
P/N 12-02137 ..... $28.55

WATER BASE HVLP GRAVITY FEED SPRAY GUN

Water base HVLP Gravity Feed spray gun with 600cc Nylon cup. Features: High transfer efficiency with low air consumption. Provides wide fan pattern with superior atomization. Environmentally friendly. Die cast aluminum gun body. Stainless steel fluid nozzle & needle. Stainless steel fluid passages P/N 12-02712 ..... $298.95

AOM PQ CUP GUN

99518 - PQ Cup Gun Economical high pressure air spray gun P/N 12-02242 ..... $49.75

AOM SPRAY GUN CUP KIT

Model DC190-24 Kit contains 24 Soft Liners 750cc/25oz, 24 collars, 24 lids w/Filters 190 Mesh (Used with DC 191 Hard Cup).
P/N 12-03322 ..... $48.00

THE Q SERIES HVLP TURBINE SPRAYER

PRO 3 - 110V, 3 Stage turbine unit, 101 CFM @ 6 PSI comes with gun, cup, 25' hose and coupler. Perfect for cabinet makers, furniture refinishers and most trades. Spray cabinets, furniture, autos or pianos.
P/N 12-02108 ..... $1,049.00

PRO 4 - 110V, 4 Stage turbine unit comes with gun, cup, 25' hose and coupler. The most powerful 4 Stage available. Perfect for paint contractors spraying Latex house paints, cabinet makers, furniture refinishers and most trades P/N 12-02109 ..... $1,129.00

XT 2 - Turbine spray gun & cup P/N 12-02110 ..... $395.00

WARRANTY: All systems 24 months -Parts & Labor

AOM SPRAY EQUIPMENT

AOM DUAL ACTION AIRBUSH KIT

AB1104C WA -
* Double action trigger for air-paint control
* Precision machined nozzle and fluid cap
* Suitable for graphic artwork
* Fluid nozzle: 0.5 mm

P/N 12-02217 ..... $94.65

AB1117K -
* Double action trigger for air-paint control
* Precision machined nozzles-air and fluid cap
* Suitable for graphic artwork

Contains: 1 - Airbrush, 1 - Hose, 1- Wrench 1 - Jar Adapter, 1 - 5 cc. Paint cup Fluid nozzles - 1 of 0.3, 0.5, 0.7mm 2 - 22cc glass jar, 1 - 50 cc glass jar.

P/N 12-02218 ..... $158.75

AB1134K - Gravity air brush, double action trigger for air-paint control, precision machined nozzles -air and fluid . Color Applied- watercolors,acrylics,dyes and inks. Contains: 1 x Airbrush, 1 x 8.6'Hose, 1 x Wrench, Fluid Nozzle - 1 x 0.3mm, 1 x 0.5mm, 1 x 0.7mm, Metal cups - 1 x 2cc, 1 x 5cc w/lid, 1 x 13cc w/lid. P/N 12-02566 ..... $192.00

AB1117C - Double action trigger for air-paint control, precision machined nozzles -air and fluid, suitable for graphic artwork. 0.5 bottom feed with glass jar

P/N 12-02219 ..... $114.75

AOM MINI AIR BRUSH COMPRESSOR

AC16 1/6 HP Mini air brush compressor (Piston Type) with filter, micro switch and 10' retractable air hose (Airbrush Not Included)

P/N 12-02221 ..... $185.00

AOM 2-1/2 GAL PRESSURE POT OUTFITS

659126008 - 2-1/2 Gallon pressure pot outfit includes a 2-1/2 gallon pressure pot dual regulated 1.4 X series spray gun (also available in 1.3, 1.5, 1.8, 2.0) and 25' 1/4" air and fluid hose with fittings. This outfit is perfect for small to medium production facilities. Suitable for glues, lacquers, stains, water based and solvent based materials. OPTIONAL: 5/16" air hose and 3/8" fluid hose available on request at an additional cost. P/N 12-02191 ..... $594.75

65-914 GASKET - Replacement gasket for 2 1/2 gal. tank

P/N 12-02119 ..... $21.75

AOM PRESSURE TANKS 2 QT. REMOTE

75-111 - 2 qt remote pressure tank, single regulator, safety relief valve, handle, lightweight, SS pick up tube, Screw type top. Dual regulated available.

P/N 12-02111 ..... $114.75

75-111S - Large Mouth 2 qt. remote pressure tank, teflon coated inside, single regulator, safety relief valve, handle, lightweight, screw type top. Dual regulated available.

P/N 12-02112 ..... $149.95

65-424/1 - Replacement gasket for 2 qt large mouth remote pressure tank P/N 12-02114 ..... $19.85

75-111SS - 2 qt all stainless steel remote pressure tank, single regulator, safety releif valve, handle, lightweight, screw type top.

P/N 12-02115 ..... $575.00

75-112SS - Replacement gasket for 2 qt all stainless steel remote pressure tank P/N 12-02116 ..... $19.25

AOM PRESSURE 2-1/2 GALLON TANKS

65-911 - 2-1/2 gal. pressure tank, single regulator, Teflon coated inside and outside Safety relief valve, pick-up tube with filter, wide lid and low side walls, large wheels for easy movement. P/N 12-02117 ..... $280.95

65-912 - Same as above with dual regulators

P/N 12-02118 ..... $320.00

65-914 - Replacement gasket for 2 1/2 gal. tank

P/N 12-02119 ..... $21.75

AT2.5ASS - 2.5 gal pressure tank, air agitator, stainless steel inner liner, dual regulators, stainless steel fitted.

P/N 12-02120 ..... $850.00

65-0097 - Complete regulator assembly for 2 1/2 gal tank P/N 12-02121 ..... $44.85

65-0098 - Complete second regulator assembly for 2 1/2 gal tank only

P/N 12-02122 ..... $44.85

65-0099 - Double regulator assembly for 2 1/2 gal tank

P/N 12-02123 ..... $89.50

AOM ACCESSORIES

AOM AIR BRUSH HOSE MCR011 - 10' Air brush hose 1/4"F X 1/8"F P/N 12-02220 ..... $20.85

AOM GUN HOLDER RP 8413 - Gravity gun holder

P/N 12-02216 ..... $14.50

AOM DISPOSABLE LINERS - Disposable Liner round bottom fits # 65-911 & # 65-912 (10pk)

P/N 12-02124 ..... $36.75

Disposable Liner flat bottom fits # AT2.5ASS tank (12pk)

P/N 12-02125 ..... $42.85

Disposable Liner round bottom fits 5 gal pressure tanks (24pk)

P/N 12-02127 ..... $126.95

2 1/2 & 5 gal. bag tank liners 4 mil. (10 pk)

P/N 12-02128 ..... $35.00

AOM HARD CUP KITS - Can be mounted on any AOM spray gun.

DC 195-12 - Kit contains 12 Soft Liners, 12 Rings, 12 Lids w/Filters, 12 Caps, 1 Hard Cup and 1 Adapter

P/N12-02203 ..... $71.85

DC 195-12 - Kit contains 12 Soft Liners, 12 Rings, 12 Lids w/Filters, 12 Caps (Used with DC 191 Hard Cup)

P/N12-02204 ..... $48.00

DC 190-48 - Kit contains 48 Soft Liners, 48 Rings, 48 Lids w/Filters, 48 Caps (Used with DC 191 Hard Cup) P/N12-02205 ..... $130.00

DC 191 - Hard Cup (750 ml capacity) P/N12-02206 ..... $16.00

DC 192 - Adapter used with all AOM gravity guns (except Mini gun)

P/N12-02207 ..... $14.00

DC 193 - Adapter used with all AOM pressure guns

P/N12-02208 ..... $14.00

DC 194 - Shaker Cap P/N12-02210 ..... $7.50

12-02213

SPRAY GUN ACCESSORIES

68-9637 - Air regulator w/gauge, 1/4"F swivel connection & 1/4"M NPS connection P/N 12-02213 ..... $16.80

68-9638 - Mini air regulator w/gauge, 1/4" F swivel connection & 1/4"M NPS connection

P/N 12-02214 ..... $36.80

61-2031 - Air adjustment Valve P/N 12-02215 ..... $9.90

AOM QUICK COUPLERS -

41106 - 1/4" Brass Male thread

P/N 12-02196 ..... $16.95

41156 - 1/4" Brass Female thread

P/N 12-02197 ..... $16.85

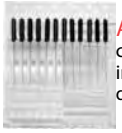
AOM QUICK CONNECTORS -

42200 - 1/4" Brass High Flow male..... P/N 12-02198 ..... $2.50

45600 - 1/4" Brass Std. flow male ..... P/N 12-02199 ..... $2.50

42300 - 1/4" Brass High Flow female..... P/N 12-02201 ..... $2.50

45700 - 1/4" Brass Std. flow female..... P/N 12-02202 ..... $2.50



AOM MAINTENANCE KIT - Spray gun maintenance kit includes 12 special steel cleaning needles. Perfect for removing dry paint particles from air cap and nozzle as well as all difficult to reach gun parts.

P/N 12-02107 ..... $39.95

AOM SPRAY GUN LUBE 811-12 - Spray gun lube 12 pcs/Counter Display Box P/N 12-02211 ..... $43.85

AOM 22 PC DELUXE SPRAY GUN CLEANING KIT KK814 - 1 - Extra long 12" Pick-up Tube Brush 1 - 1/4" HVLP Brush 1 - 1/2" Body Cavity Brush 1 - Detail End Brush 2 - Nylon - Bristol Parts Brush 5 - Miniature Brush Set 6 - Precision Needle Set 1 - O-ring Removal Tool. P/N 12-02212 ..... $35.85

TIG TORCHES - TIG WELDERS - WELDING CARTS

ASK MISTER TIG DVD

Learn how to tig weld with the best!! Mister Tig (Wyatt Swaim-30 years of aerospace welding experience) will teach you the fundamentals and launch your tig welding training. This 34 minute DVD will teach you the proper torch angle, tungsten preparation, tungsten stick-out, and th eproper "dabbing" of the filler rod technique. This instructional DVD will help you set up your machine for the correct procedures including aluminum (alternating current), and 4130-cro-mo (DC-).
The DVD is also packed with tig information and is designed for the beginner tig operator and will even help the intermediate operator.

P/N 13-05751 ..... $26.75

TIG CALCULATOR

Just tell it what material you're welding, the thickness, and type of weld (butt, lap, etc.), and it will give you information concerning your weld such as travel speed, number of passes needed, tungsten type and size, what amperage to run, and speed of welding. Slide rule style. P/N 12-00444 ..... $8.90

TIG TORCHES & REPLACEMENT CABLES

PTA-9F - Air-cooled TIG torch, rated 125 amps at 60% duty cycle. Includes a 12-1/2 foot Superflex Cable. Equipped with a flexible head for easy maneuverability into tight places.
P/N 12-00391 ..... $153.95

REPLACEMENT CABLE - 12-1/2 foot Superflex replacement cable for the PTA-9F P/N 12-00399 ..... $59.75

PTA-17H - Air-cooled TIG torch, rated 250 amps at 60% duty cycle, heavy duty. Equipped with a 12-1/2 foot Superflex Cable P/N 12-00392 ..... $296.95

REPLACEMENT CABLE - 12-1/2 foot Superflex replacement cable for the PTA-17H P/N 12-00401 ..... $84.75

TIG TORCH ACCESSORY KITS

9GL KIT - TigDepot Parts Kits provide all the torch accessories you need to start welding. Parts Kits provide collets, collet bodies, a back cap, alumina nozzles and tungstens in a variety of sizes, all packaged in an easy to carry reclosable box.
The 9GL-Kit comes with .040, 1/16, 3/32 Collets, Gas Lens Collet Bodies, Gas Lens Nozzles, (#5, #6, #7), a long Back Cap, and an assortment of 2% Thoriated and Ceriated Tungsten in a convenient plastic box. For the 9 Series torches P/N 12-00393 ..... $63.75

17H-GL KIT - The TigDepot 17H Gas Lens Kit is made specifically for the 210 Amp 17H Torch. The Kit includes One of each: • 2% Thoriated Tungsten .040, 1/16, 3/32 DIA. • Alumina cups #5,6,7 • Gas lens .040, 1/16, 3/32 • Collets .040, 1/16, 3/32 • Backcaps-short,medium, long • Insulator • Tool box PN 12-00394 ..... $79.95

TIG BUZZ BOX KIT

TIG weld Aluminum, Stainless Steel,Chrome Moly, and many other metals. Plug it directly into your standard household outlet (110 volts, 15amps). Kit includes: • CK9 Rigid Torch w/Valve and 12.5' one piece cable with male dinse connector. • Flowmeter Regulator • Adapter Plug with 1' extension cord • Female Dinse to allow you to go back and forth to stick welding. • AK-4 Accessories Kit • AMP Conversion Decal • Instruction Manual P/N 12-00389 ..... $271.95

PRECISION TIG 275

With NEW patented Micro-Start II™ Technology and our New and Improved AC Auto Balance® on board, the Precision TIG® 275 delivers unrivaled starting and welding at low amperages and improved AC aluminum welding performance. Includes: Precision TIG® 275 (208/230/460/1/60), Under-Cooler Cart Water Cooler, Foot Amptrol, Harris® Argon/Helium Flowmeter Regulator and 10 ft Hose (3100338), PTW-20 Pro-Torch™, TIG Torch (250 amp, 25 ft.), Zippered Torch Cover, Parts Kit, Water Hose (2 included), 15 ft. 2/0 Work Cable and ClampWeight:397 lbs. (180 kgs.) Dimensions (in) H x W x D : 31 x 22 x 26 P/N 12-00769 ..... $3,428.00

PRECISION TIG 275 READY-PAK PKG 208/230/460/1/60

Includes: Precision TIG® 275 (208/230/460/1/60) Under-Cooler Cart Water Cooler, Foot Amptrol, Harris® Argon/Helium Flowmeter Regulator and 10 ft Hose (3100338), PTW-20 Pro-Torch™ TIG Torch (250 amp, 25 ft.) , Zippered Torch Cover, Parts Kit, Water Hose (2 included) , 15 ft. 2/0 Work Cable and Clamp. Weight:641 lbs. (291 kgs.) Dimensions (in) H x W x D : 49.7 x 28 x 41 P/N 12-02249 ..... $5,549.00

TIG WELDERS / WELDING EQUIPMENT

INVERTEC V155-S TIG READY-PAK - Weighing in at just under 15 lbs. (6.8 kg) it is no lightweight contender. It packs the full punch of a heavyweight professional that you can take to the most demanding jobs. With 120/230V auto reconnect operation, it can operate from a portable generator. It can also plug into a 200 foot (61 m) 230V extension cord (not included) so you can weld just about anywhere. The Dent resistant case is IP23 rated for outdoor use. P/N 12-01978 ..... $1,195.00

PRECISION TIG 225 READY PAC - Unit Includes: Precision TIG 225, Torch Parts Storage Compartment, Torch Hanger, 10 ft. Work Cable and Clamp, Removable Lift Eye, 9 ft. Input Power Cord, NEMA 6-50P Plug, NEMA 6-50R Receptacle, TIG Procedure Guide, GTAW (TIG) Handbook, PTA-17 Pro-Torch TIG Torch (12.5 ft., 1-piece), Gas Regulator with Hose, and Foot Amptrol® (K870). Shipped fully assembled. Shielding gas sold separately. ..... P/N 12-01634 ..... $2,641.00
TIG 225 With Understorage Cart ..... P/N 12-01635 ..... $2,796.00

POWER MIG 140C - Power MIG® 140C (K2471-1)with continuous voltage control for more critical projects where precise adjustment is required. Diamond Core Technology™ and the rugged drive system aid arc performance for MIG welding on thin gauge steel, stainless and aluminum. Or, use gas-less flux-cored welding for deep penetration on thicker steel, even outdoors! With a wide 30-140 amp welding output range it is the highest output in 120 volt input power welder class. MIG weld 24 gauge up to 10 gauge (.135") sheet metal in a single pass. Includes: • Magnum 100L welding gun (K530-6) • Six spare contact tips • Gas and gasless nozzles • Work cable and work clamp • Adjustable gas regulator and hose •.025 and .035 smooth drive rolls •.030-.045 knurled drive roll •.025-.035 wire guide • 2 lb. spool .025" Super Arc® L-56 wire • 1 lb. spool .035" Innershield® NR-211-MP self-shielded flux-cored wire • 8" spool spindle adapter • How to Use DVD. P/N 12-01623 ..... $787.00

V205-T AC/DC INVERTEC - For TIG and Stick Welding. Ideal for critical AC or DC TIG Welding applications. Variable AC frequency allows you to focus the arc when precise arc control is required. The 115/230V auto-reconnect makes the V205-T AC/DC truly flexible. The unit comes with a 10 ft. 230V input cord and plug; a Twist-Mate Torch Adapter for 9 and 17 Series one piece torches; Twist-Mate adapter for work cable; and adjustable shoulder strap. This full featured TIG Welder is also capable of Stick Welding. P/N 12-00384 ..... $3,795.00
One-Pak™ Package Includes: V205-T Foot Amptrol (K870) and TIG-Mate 17 Starter Kit. Assembly required. P/N 12-00776 ..... $3,665.00

AC-225 COMPACT STICK WELDER - Produces an extremely smooth AC arc for welding a wide variety of materials including carbon, low alloy, and stainless steels as well as cast iron. Input Power - 230/1/60. Rated Output - 225A/25V/20% Duty Cycle. Input Current @ Rated Output - 50A. Output Range - 40-225 Amps (Max OCV: 79V). Weight/Dimensions (H x W x D) - 109 lbs. (49.5 kg). 24.0 x 17.25 x 12.0"
P/N 12-02683 ..... $514.00

SP-140T WELDER - 120 Volt AC Input Compact Wire Welder. Requiring common 120 volt input power, the SP-140T can be used almost anywhere. With simple two knob tapped control, the machine is easy to set up for gas-less flux-cored welding for deep penetration on thicker steel or gas-shielded MIG welding on thin gauge steel, stainless or aluminum. Compare the precise drive, rugged construction and full list of standard accessories. Lincoln SP-140T is an excellent choice! P/N 12-02684 ..... $669.95

TIG WELDING EQUIPMENT & ACCESSORIES

WELDING CARTS

These Welding carts are for the Invertec V-155, Invertec V-205T AC/DC, Procut 25 Plasma Cutter, and Power MIG 140C.

K520 WELDING CART - (150 cu.ft. bottle capacity) Accommodates power source, gas cylinder, tools and welding accessories. Dimensions (HxWxD): 30 (min.)/34 (max.) x 18 x 35 inches. Weight:38 lbs. (17.2 kgs.)
P/N 12-00773 ..... $229.00

K2275-1 WELDING CART - (80 cu.ft. bottle capacity) Full-featured cart is designed to store and transport a welder, 80 cubic foot gas cylinder, welding cables and accessories. Replaces K520. Weight:24.75 lbs. P/N 12-00777 ..... $97.50

MAGNETIC UNI-JIGS

Magnetic holders for hands-free support in a variety of applications. Designed to last a life time. Each angle is screwed (not riveted) completely through the magnet to insure proper angles.
Small (supports up to 45 lbs.) P/N 12-05185 ..... $7.95
Large(supports up to 80 lbs.) P/N 12-05186 ..... $17.95

HARRIS MODEL 15 CLASSIC TORCH HANDLE

The Model 15 is a lightweight, aircraft style featuring a forward valve designed to permit changing flame serttings with one hand. For welding, heating and brazing with fuel gases. • Class A 3/8"-24 hose connection • Cap: Cuts 2", welds to 5/16" • UL listed • Length: 5-3/4", Wt: .5 lbs.

Torch Handle ..... P/N 12-00687 ..... $302.00

BRAZING AND SILICON BRONZE

.062 ..... P/N 12-00470 ..... $20.75

UNDERSTORAGE CART

Adds easy shop mobility and provides shielding gas bottle platform, handy storage drawer and two filler rod holders. P/N 12-00764 ..... $306.00

STICK ELECTRODE HOLDER AND CABLE

Includes twist-mate connector. 12.5 ft. cable length. P/N 12-00765 ..... $50.75

SMALL OXY-ACETYLENE KIT

With regulators. Designed for hobby, crafts, plumbing, etc. Braze and solder material from the thinnest up to 1/8" thick steel, melt up to 3 oz. silver. Provides stable and precise concentrated feather flame up to 6000°F for various materials such as metals, ceramics, and glass. P/N 12-00447 ..... $242.95

CUTTING TORCH ATTACHMENT

Cuts up to 3". Spiral tube mixer design optimizes the mixture of fuel and oxygen. Stainless steel tubes and lever. "A" hose fitting, 3/8"-24 thread.
P/N 12-00448 ..... $102.50

BOTTLES AND TOTE

Plastic Stand, Oxygen and Acetylene Cylinders - Plastic Cylinder Stand holds "MC" Acetylene Cylinder and "R" Oxygen Cylinder.

Plastic Cylinder Stand
P/N 12-00449 ..... $28.95
"MC" Acetylene Cylinder (Empty)
P/N 12-00451 ..... $93.75
"R" Oxygen Cylinder (Empty)
P/N 12-00452 ..... $91.25

COW HIDE GLOVES

These are a good import, not too stiff.
P/N 12-05155 ..... $4.75

38" LEATHER WELDING APRON

Quick release buckle and cross straps make it very comfortable; it also has pockets. P/N 12-05160 ..... $22.50

3M SPEEDGLAS BLAZED WELDING HELMET 100

3M™ Speedglas™ 100 Welding Helmets deliver outstanding protection, comfort and performance with distinctive graphic designs. Welders can benefit from its excellent optical quality and reliable light-to-dark switching at a highly affordable price. The Speedglas 100 welding helmet can be used with most arc welding processes, such as stick (MMA), MIG/MAG and TIG applications greater than 10 amps. It's also the ideal "entry-level" auto-darkening helmet for occasional users, such as hobbyists, farmers and maintenance or construction workers. P/N 12-02695 ..... $228.95

FULL FACE SHIELD

Lightweight headgear, shield flips down over prescription glasses. Good over bifocals. P/N 12-05175 ..... $19.50

WA-GOGGLE

Gas welding goggle with adjustable headrest that pulls out and down. Permits easy use of eyeglasses. 2 x 4 lens. P/N 12-05165 ..... $56.50

OXY-ACETYLENE HOSE

3/16" hose that may be used with all welding outfits.

B-B FITTING - 12' ..... P/N 12-05916 ..... $9.40
25' ..... P/N 12-05917 ..... $17.95

A-B FITTING - 12' ..... P/N 12-05918 ..... $23.75
25' ..... P/N 12-05919 ..... $25.75

TWO-IN-ONE 'R' GRADE HOSE FOR ACETYLENE

Green Hose: Oxygen. Red Hose: Acetylene. Length: 12-1/2" (3.8m). Diameter: 3/16" (5mm). Weight: 2-1/2 lbs (1.1kg). Use with AW Torch Series. "A" 3/8-24 & "B" 9/16-18 Hose Fittings. ..... P/N 12-01198 ..... $17.50

HENROB 2000 IV WELDING TORCH

Ideal welding torch for aircraft construction. Allows less oxidation. minimal flux, reduced pressures and substantial materials savings. Fewer tips are required and hose fatigue is lessened. Perfect for steel and aluminum welding and cutting. Formerly known as the Dillon Mark III.
P/N 12-16000 ..... $468.00
Henrob Instructional Video ..... P/N 12-05150 ..... $17.80

PORTASOL CORDLESS BUTANE SOLDERING TOOL KIT

Contains four different tools. Simple tip/accessory installation allows you to convert into a soldering iron, blow torch, hot blower or hot knife within seconds. Quickly cut and seal repairs on dacron, mylar and nylon. Cordless, go-anywhere versatility, 90 minute continuous use capacity, refills in 20 seconds with standard butane lighter fuel, and full 2 year warranty. P/N 12-20600 ..... $74.75

TIG-MATE 17 AIR-COOLED TIG TORCH STARTER PACK

One complete easy-to-order kit packaged in its own portable carrying case. Includes: PTA-17 torch, parts kit, Harris flowmeter/regulator, 10 ft. gas hose, Twist-mate™ adapter, work clamp and cable. P/N 12-00767 ..... $346.00

SD309 Our best seller! Also for your storage unit, garage and in your home. 750 Cubic Feet of Protection. P/N 12-03383 .....$89.95

VAC BLAST PORTABLE VACUUM BLASTER

This portable 28-gallon vacuum unit blasts, removes and recycles abrasives in one operation. It works with glass beads, aluminum oxide, steel grit, garnet, plastic grit, walnut shells, corn cobs and more. Rolls easily on 6-inch wheels. What's included: (1) 28-gallon vacuum blaster (1) 8-ft. air and vacuum hose (1) Gun and brush assembly (1) 6-ft. power cord (2) Wheels (1) Replacement nozzle Specifications: Operating PSI: 115 - 140 (Max), Capacity: 28 gallons, Vacuum moter: 1100 watt, 120V, 1.5 HP, Air Consumption at Load (CFM): 15 at 80 PSI, Body Material: Steel, Body Finish: Powder-coated, Recommended Media: Glass beads, aluminum oxide, steel grit, garnet, plastic grit, walnut shells, corn cob, Hose length (ft.): 8, Nozzle Size (in.): 1/4, Tire Size (in.): 6 Dimensions L x W x H (in.): 15 x 15 x 41, Manufacturer Warranty: 1 year limited warranty, Ship Weight: 88.0 lbs
P/N 12-02647 ..... $636.95

MONSTER BLAST CABINET

The Monster Blast Cabinet is constructed of 14-gauge steel for strength and durability. It features a built-in dust collector and large work area to handle bigger pieces. Foot pedal control and side-mounted light switches for easy control.
What's included: (1) Blast cabinet (1) Blast Gun (4) Nozzles (two 7/32in., two 9/32in.) (1) Air regulator (2) Blast gloves (1) Foot pedal (4) Fluorescent lights (5) Extra window and (5) extra light underlayment sheets
Features: Large front door for easy loading. Heavy-duty 90 CFM dust collector improves visibility during blasting. Rear-mounted dust collector saves floor space. Convenient foot pedal operation. Large work area. Large viewing window: 30 inches x 15 inches. Heavy-duty steel grate holds up to 400 pounds! 4 fluorescent bulbs provide a very bright work area. Monster-sized 443 pounds! Heavy-duty 14 gauge steel has a resilient powder-coated finish. Gas-charged hydraulic hinges provide smooth and easy opening / closing Power controls are lighted and within easy reach on side of cabinet Blast-gun hook inside cabinet.
P/N 12-02648 .....$2,156.00

CABINET BLASTERS

100 CFM dust collector included with all steel cabinets. HD 14 gauge steel - welded seams. Full width top door. Optional additional side door. Optional foot pedals or ALC pistol grip trigger gun. High quality lined 24" gloves. Cushioned foam armholes.
Specifications: Work Area: 36" or 48" or 60" W x 24"H x 24"D, Height: 60", Door Options: Double Doors, Top Door Opening: 13" x 35", Side Door Opening: 11" x 17", Gun Options: Foot Pedl, Weight: 36" - 272, 48" - 303, 60" - 333.
Cabinet 36" .....P/N 12-02563 .....$1,747.27

ECONOMY PORTABLE SAND BLASTING SYSTEM

A new portable blasting system for cleaning and surface preparation of metal, plastic, fiberglass or wood. Ideal for graffiti removal from brick or stone surfaces. Dee-Blast system consists of an abrasive hopper 20-1/2" high and 9-1/2" diameter molded PVC drum with tight fitting top to keep abrasive media clean. Hopper holds up to 65 lbs. of media. It has a 10 ft. long rubber hose, a full-length face shield and a trigger-operated blasting gun that completely mixes air and media to produce a uniform spray pattern.
P/N 130..... $268.95

PORT-A-BLAST SANDBLASTER

The Port-A-Blast sand blast gun is a complete sand blast unit. Fill the container with the abrasive material, connect the gun to your air line and it is ready to go to work. Will operate on air pressure as low as 60 PSI. However, for best results, pressures of 100-500 PSI are recommended. The greater the pressure the faster the cutting. The gun can be used to siphon abrasives or liquids directly from a hopper or bucket, using a flexible siphon tube, and eliminating the 1Qt. container.
Compatible Abrasives: • Silica Sand - the cheapest and most widely used for average work. • Glass Beads • Black Beauty Abrasive • Aluminum Oxide Abrasives - for fast cutting and fine texturing and etching. • Nut Shell Abrasives - for cleaning and polishing hard under surfaces without scratching. • Metal Shot - for removal of hard surfaces such as porcelain.
Port-A-Blast gun .....P/N 12-00172 .....$59.95
Flexible siphon tube .....P/N 12-00173 .....$10.95
Replacement Ceramic nozzle .....P/N 12-00493 .....$15.85

DELUXE PORTABLE PRESSURE BLAST SYSTEMS

Model 1000

These Portable Pressure Blasters are designed to make the most efficient use of your air and abrasive supply. These are not inexpensive siphon units. The entire tank is filled with air and sand under pressure. When the nozzle and valve is opened the sand/air mixture is released under tremendous pressure to quickly remove paint, rust, scale and other coatings. These units are 3-5 times faster to use than siphon units. All units arrive complete with air gauge, pressure vessel, sandblast hood, and sandblast hose. Simply fill with abrasive and attach to your air supply and you are ready to begin blasting. Order by Part no.

ABRASIVES – Black Beauty: Economical, fast cutting abrasive. For quick removal of paint and rust. 80# bag. P/N 12-20740.....$47.50

Model 400

TO

PRECISION AIRCRAFT SCALES FOR ACCURATE WEIGHT & BALANCE

Checks aircraft weight and balance after modifications or fitting of new accessories. Flight safety is improved by periodic weighing to verify weight and balance is within limits. Simply roll the aircraft up the ramps onto the scales or jack the wheels and slide the pads under tires. A single high performance strain gauge load cell is in each pad. Temperature compensation prevents zero shift or sensitivity changes. Weighing pads, indicator and cables are color coded for easy match up. Include one 3 channel indicator, three colored cables, one 110V battery charger cable, three ramps, and six tire stops. Also includes a case.

Part No.	Capacity	Price
12-16711	2,500 lbs. per pad	$6,583.00
12-16715	6,000 lbs. per pad	$7,479.00
12-16721	10,000 lbs. per pad	$8,826.00
12-16725	15,000 lbs. per pad	$8,921.00
	OPTIONS	
Part No.	Description	Price
12-16730	Extra cable, colored	$365.95
12-16735	Extra ramps, small, set of 3	$298.95
12-16740	Extra ramps, large, set of 3	$656.00
12-16745	Extra tire stops (chocks)	$54.85
12-16750	220V Battery Charger Cable for overseas	$541.00

AIRCRAFT WIRELESS WEIGHING KIT

The Aircraft Wireless Weighing Kit is the highly portable weighing device for small to medium sized aircraft. Ideal for obtaining weight from 3 points under the aircraft to properly determine CG ratios.

Featuring standard capacities to 22,000 lbs (greater capacities available), this device will be a welcomed addition to your aircraft repair facility or regional airport.

Specifications: • Load Cell Model: WJSD-5000 • Wireless Range: 50 ft. • Capacities: 5 ton/sensor • Minimum Division: 1 kg • Maximum Tare: 4,000 kg • Built-In Rechargeable Battery • AC Adapter

P/N 12-02608 ..... $3,995.00

TIRE BEAD BREAKER

Once the tire & wheel have been removed from the airplane, the air is let out of the tire. The "Tire Bead Breaker" is used to break the bead or bond between tire and wheel. The "TBB" let you safely break this bead almost without effort & with- out doing damage to the expensive cast wheels. One broken wheel half can easily cost more than the "Tire Bead Breaker"! The "Tire Bead Breaker" adjusts to fit tires as small as tailwheel tires and as large as those tires found on large, corporate cabin planes. Can be used on both tube and tubeless tires.

P/N 12-16790 ..... $145.85

TIRE BEAD BREAKER

The universal design of this tire bead breaker accommodate tube type and tubeless tires. It is easily adjustable for a wide range of tire sizes up to as large as tires for Twin Beech and Aero Commanders. Features all steel construction.

P/N 13-02360 ..... $235.95

VALVE CORE REMOVAL TOOL

Boxell Aerospace 968RB Safe Core Valve Tool. Aircraft Tire Valve Core Removal Tool. Used for rapid and safe tire deflation. Tool threads on valve stem. Releases and traps the valve core within the tool but exhausts the air through ports. Prevents Injury to Technician and FOD (stops the valve core from becoming a missile!) Air exhausts away from technician. Fits all standard aircraft tire schrader valves (equivelant to US Automotive valve stem). 100% Lifetime Warranty. Made In the USA.

P/N 12-03428..... $29.50

ACCUGAGE PROFESSIONAL TIRE GAUGE

This very accurate bourdon tube tire gauge offers precision pressure control and a rugged steel case with rubber shock-absorbing cover. It comes complete with a 12" long flexible braided hose, a bleeder valve, and stop hand. It is easy to read the pressure on this 2" gauge with 1" psi markings and 60 lb. range. Excellent for use on aircraft tires as well as cars and trucks.

P/N 13-00437 ..... $16.85

TIRE PRESSURE MONITOR SYSTEM

With the flip of a switch, this battery operated, hand held unit, displays the actual tire pressure and tire temperature. Small removable electronic valve sensors transmit pressure/temperature to the LCD monitor within 25-50 feet of the aircraft. The sensors can be easily removed when adding air to the tires, and when placing the sensors back on the valve stems, will send the new pressure readings to the LCD monitor. These sensors replace the standard valve caps and stay on the tires during flight. Pressure range 0 to 80 PSI. Temperature range - 50 Centigrade to 145 Centigrade. The monitor also has an alarm setting for high or low pressure. The battery has an average life of two years. The product is warranted for 12 months from the date of purchase. Only rated to flight level 30. Not FAA Approved. Installation on certificated aircraft requires FAA form 337.

PSI Range 0-60 ..... P/N 05-04367 ..... $345.00
PSI Range 0-140 ..... P/N 05-10769 ..... $431.00

TIRE DOG

The Wireless Tire Pressure/Temperature Monitoring System for Trucks, Trailers, and Motor Homes. The monitoring system can measure real time tire pressure and tire temperature while the vehicle is either standing or in action. The tire pressure range is 0 to 180 psi. It will support 4 tires up to 22 tires. Installation can be accomplished by the owner/operator of the vehicle or trailer. Depending on the distance to tires or the vehicle type, a booster relay may be required. An adjustable swivel mounting bracket allows the monitor to be mounted on the dash or windshield. All items of the system are battery operated with a life span of 12 to 24 months depending on use. The system can be transferred to other vehicles if desired. The conceptual drawing displays the monitoring system up to 10 tires, by adding more sensors and relays, the system will expand up to 22 tires. ..... P/N 05-04849 ..... $529.00
Tire Dog Sensor ..... P/N 05-04850 ..... $50.00
Tire Dog Wireless Relay ..... P/N 05-04851 ..... $75.00

ANALOG TIRE GAUGE

Industry standards permit aircraft tires to lose as much as 1% of their pressure each day, and even mild underinflation can allow temperatures to rise exponentially, sometimes resulting in heat-induced failures even while taxiing, company officials note. Underinflation can cause poor tracking and landings or even total failure of the tire or the wheel. Underinflation lengthens the takeoff roll and reduces the brakes' predictability and effectiveness. Tool Testing Lab's backlit digital gauge reads in PSI, InHg, Oz, SqIn, Inches or Feet, H2O, Kg, sqCm, Kpa, and Bar, with ½% tolerance and as fine as 0.1PSI resolution. It also holds peak readings, and features a built-in bleeder valve. Features: 300 PSI gauge, Accuracy 1% Full Scale 300 PSI Rated Hose Rubber Boot, Dual Foot Chick, Swivel Footing on Gauge

0-300 PSI ..... P/N 12-02638 ..... $109.85

AJS UNIVERSAL AIRCRAFT JACK SET

The AJS Universal Aircraft Jack Set from Meyer Hydraulics has served as the general aviation industry standard for over 25 years. Professional mechanics rely on the AJS Jack Set for applications requiring heavy duty lifting capacity, smooth maneuverability, and unquestioned reliability. The AJS Set lifts all retractable gear aircraft weighing up to 8000 lbs.

AJS System:

1. A-5 Jack w/ AT-3 Tube
2. A-5 Jack w/ AT-1 Tube
3. ATS Tallstand
4. A-6 Jack w/ AT-2 Tube
5. A-6 Jack w/ AT-4 Tube & AJL Leg Set
6. AT-3 tube
7. AT-1 tube
8. AT-4 caps
9. AT-2 tube
10. AT-4 tube
11. AJL Leg Set

P/N 12-21476 ..... $3,204.00

AJS2 DELUXE JACK SET

Includes one complete AJS Jack system (describes above) plus one A-5 Jack with AT-1 tube, one AT-28 tube, and one ATC-4 cap. A very popular Jack system for general aviation maintenance.

P/N 12-01378 ..... $3,849.00

A419 AND A421 VERY LOW AIRCRAFT JACKS

Designed primarily for the new class of aircraft called Very Light Jets (VLJs). Ultra low height and the maximum stroke range necessary for the large landing gear movements found on these jets. Features: (A) Steady Knobs (B) Convenient hole spacing (C) Positive safety lock prevents accidental lowering. (D) Anti-snag round tube (E) Three 3" spring loaded casters (F) Low-height leg design.

A419 - height range 19"-34" ..... P/N 12-02290 ..... $721.00
A421- height range 21"-38" ..... P/N 12-02291 ..... $728.00

MEYER JACK REPAIR KIT

Meyer Hydraulic Jack repair kit for: A-5 Jacks (s/n 6417 plus), A-6 Jacks (s/n 5118 plus), A-60 Jacks (s/n 86 plus), A360A, A419, A421, A422, A427, A434. 1 lbs (0.5Kg) P/N 12-03246 ..... $64.95

JACK PADS

Jack pads provide a cradle for the main landing gear legs. The cradle design securely holds the landing gear providing a safe jack point. The adjustable jack pad fits flat spring gear. The round gear jack pad fits the models listed below. • Save time when servicing tires, wheel bearings and brakes • Lift only the wheel instead of the whole aircraft • Eliminate the unsafe practice of stacking wood blocks under a bottle jack • All parts pack away neatly into a sturdy weather resistant toolbox • Made in USA

FLAT PIVOT POINT ADJUSTABLE JACK PAD - * Adjust width, taper and angle adjustment. * Adapts to many jacks. Shown with bottle jack. * Fits: Cessna C-120, 140, 150, 170, 172, 175, 180, 185. 182, 188, 190, 195, 205, 206, 336, 337, flat gear 177RG, Piper Tomahawk, Beech Skipper, Champion, Bellanca, and similar spring steel landing gear. P/N 12-00837 ..... $96.75

ROUND JACK PAD ADJ-R - ack pads provide a cradle for the main landing gear legs.The ADJ-R has a half round design cradles the landing gear safely. Pivots on a machined bottle jack extension. Use with Cessna C-172RG, 177RG, 182RG, 210, T210, P210, and similar landing gear P/N 12-00679 ..... $73.50

C300 JACK PAD ADJ-300 - * Cessna 300, 400 & 500 series * Perfect for the Conquest & Citation. * Sold in Singles. P/N 12-00683 ..... $46.50

JACK EXTENSIONS

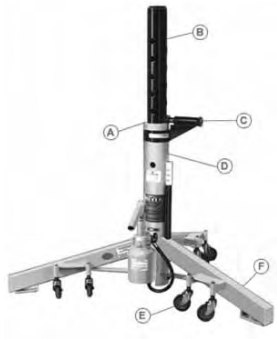
* Bottle Jack Extensions will fit any 1-1/4" O.D. ram. * Typical 6 ton jack has a 1-1/4" O.D. ram. * Extensions are machined & slide together for easy stacking. * Use on aircraft with a jack point pin. * Not the same extensions as found in the Aero Jack Kit below. * No special jack pad needed on tubular C-152, 172, 182 etc.

1.5" extension ..... P/N 12-00156 ..... $27.50
3" extension ..... P/N 12-00157 ..... $29.50
8" extension ..... P/N 12-00158 ..... $30.85

AUTO JACK ADAPTER

P/N 05-08297 ..... $32.85

MEYER HYDRAULICS A300 3-LEG SERIES AIRCRAFT JACKS



Today's jet and turbo-prop aircraft weighing up to 32,000 lbs. are too valuable to consider using anything less than the A300 Series Aircraft Jacks from Meyer Hydraulics. For over 45 years, Meyer Hydraulics has manufactured aircraft jacks that continue to set the standard for safe, dependable lifting. This line of professional lifting equipment handles aircraft weighing up to 32,000 pounds with the security and features one should demand in an aircraft jack. Features: (A) ANTI-SWAY ANTI-SNAG GUIDANCE SLEEVES (B) CONVENIENT HOLE SPACING (C) POSITIVE SAFETY LOCK: Spring loaded safety pin "pops" into the slide tube to prevent accidental lowering (D) LARGE DIAMETER ROUND FRAME TUBE (E) SIX 3" SPRING LOADED CASTERS: The steel leg pads never scuff across the hanger floor (F) LOW HEIGHT LEG DESIGN: Provides maximum gear door clearance with one section completely free of any protrusions. The three 26" legs create a wide stance insuring stability.

Meyer Model No.	Old No.	Capacity	Low	High	Lifting Range	Part No.	Price
A322B	A-10	16,000 lbs.	22"	36"	14"	12-02668	$1,215.00

TO

AIRCRAFT JACKS

AIRCRAFT JACKS

Constructed of welded square steel tubing. The three leg design clears close tolerance gear doors, such as Bonanzas and Barons. All models have machine jack point centering cap with casters, jack handle holder and positive locking jack point centering cap with casters, jack handle holder and positive locking collars. Oversize shipping charges apply.

Aircraft Jacks	Image	Part No.	Price
Piper and Mooney Jack and other light twins and singles Height 26"-45". Cylinder Capacity **6,000 lbs. Note: Mooneys require 26" clearance plus room for the cap or the Jack will not fit.		12-99115	$339.00
Tail Stand 18"-35":		12-99130	$198.75

JACK POINTS

Aircraft Jacks	Image	Part No.	Price
Cessna Jack Points Spring Gear Type		12-01374	$49.50
Mooney Jack Points (Sold Individually)		12-01375	$24.50 each

JACK LIFT PAD

This Jack Lift Pad is quality made of alloy steel and is adaptable to all bottle type hydraulic jacks. The serrated vee design provides positive holding. It is easy to install and proves a great variety of applications. P/N 12-30270 .....$45.60

REDLINE DOLLY-JACK

The Dolly-Jack is a self contained, portable system that can lift any main wheel or nose wheel with the turn of crank for routine maintenance and tire changes. It allows the plane to spin around in its own space. Made in the USA using 4130 Chromoly material. FITS THESE PIPER: Arrow, Lance, Saratoga (RG), Malibu, Matrix, Meridian, Seminole. FITS THESE BEECHCRAFT Bonanza, Baron, Travel Air, T-34 P/N 13-03380..... $878.00

LANDING GEAR SAFETY STAND

The "Landing Gear Safety Stand" is a must! Anyone that has ever seen a plane slip off a jack knows! The stand slips on over the axle when ever the wheel is removed. Put the nut back on and the plane can't slip off the stand. It adjusts for height with a quick release pin. The wide, stable "H" base is made from heavy gauge square steel tubing for strength, safety and durability. The unique stand is finished in an attractive, bright red powder coat finish. LGSS-2, has a 12" x 12" base with adjustable axle height of 10"-15", and LGSS-3 has an 18" x 18" base with adjustable height of 14"-21.5".

9" Stand..... P/N 12-02015 .....$79.85
12" Stand ..... P/N 12-00255 .....$68.85
18" Stand ..... P/N 12-00256 .....$90.75

THE PLANE SKATE

The plane skate is the fastest and safest way of moving a disabled aircraft with a flat tire from a hard surface runway or taxiway without having to go through the time consuming process of using jacks or removing the tire, brake assembly or wheel fairings. The Plane Skate reduces any unnecessary runway closure time and takes only minutes to load and move. The Plane Skate is made of 1/4" and 5/16" solid steel plates and six (6) 1200 lbs. heavy-duty casters (7000 lbs. per landing gear leg), making this durable platform capable of moving most aircraft as large as a King Air 90 series aircraft to as small as a Piper Cub. It is also designed with ample area on the platform to load most aircraft equipped with wheel fairings and even tail wheels.

P/N 12-03702 .....$1,695.00

AERO JACK KIT

The Aero Jack System saves time when changing tires or working on landing gear. Use a combination of innovative tools packed in a handy toolbox. Designed by an A&P, for do-it-yourselfers and other mechanics, three kits are available depending on your needs.

Description	Part No.	Price
Complete Aero Jack System - Service both flat and round gear from a handy toolbox.	12-00254	$269.00
Flat Gear Aero Jack Kit - Cessna C-120, 140, 150, 170, 172, 175, 188, 182, 190, 195, 205, 206, 336, 337, flat gear 177RG, Piper Tomahawk, Beech Skipper, Champion, Bellanca, and similar landing gear.	12-00681	$239.00
Round Gear Aero Jack Kit - Cessna C-172RG, 177RG, 182RG, 210, T210, P210, and similar landing gear.	12-00682	$231.95
Expandable Aero Jack System - Included in the tool box is: Bogert Tribal Jack with all the jack pads. (C210, RG, R, FPP, Moon, Musk, C300). Weight is 30 lbs.	12-02096	$947.00

TRIBAL JACK

Aid aircraft maintenance, such as servicing brakes, working on bearings, or changing tires. Maximum load of 2,500 pounds and can be used on Piper aircraft, Musketeer, Mooney, and many more aircraft with near-vertical landing gear. Lower clearance lifting pad which allows jack owners to begin lifting from a 2 1/2" starting position and up to 12". It can be used on main gear, nose gear and the tail wheel. Made in USA.

BROWNELL AVIATION FUSELAGE DOLLY

- Precision acme threads for easy, smooth adjustment.
- Very stable work or storage platform.
- Stays in place with no bleeding, etc.
- Small footprint of base and top pad allow for easy access.
- Stands stack neatly when not in use to free up valuable space.
- TPE surface resists slipping and scratching.
- SWL 20,000lbs/9,100kgs.
- Innovative design to easily and securely move aircraft on the hangar or shop floor.
- Allows maximum utilization of space.
- Disassembles for compact storage.
- Phenolic wheels with brakes.
- Width 28"-84".
- Length 32"-148".
- Height 34"-51".
- Weight capacity 10,000lbs/4,535kgs.

P/N 12-03307 ..... $2,375.00

RV JACK STAND KIT

Someday you'll need to jack up your aircraft to install new tires, clean & grease wheel bearings, or fix a flat. This nifty jack stand is safer than using an engine hoist or the wing tie down location. Requires a modification to the axle nuts (about 1 hour). Kit includes the axle jack arm, axle nut modification hardware, & directions to modify the nuts. For hollow axles (Wittman style) Gear only. Uses automotive bottle jack. Jack not included. Not for RV-8s. For RV Gear Legs with Hole in Axle.

P/N 12-00634 ..... $57.75

RV 8 TRAVEL JACK

The RV 8 Travel Jack was designed and manufactured by RV-8 builder / pilot Steve Jackson. All steel construction, weighs less than 3 pounds. Jack mast easily removes from base plate for compact storage. Uses 3/4" wrench to operate (wrench not included). Tested to 1350 pounds. Has securing arm that positions between the gear leg & brake to stabilize the jack - works on both left and right gear leg with a simple adjustment. Base measures 3-1/2" X 8"; mast stands 10" tall. Designed for RV-8 flat spring gear legs (only -- will not work on the other RVs with round gear legs).

Standard ..... P/N 12-03170 ..... $149.95
For Grove Gear ..... P/N 12-03243 ..... $149.85

BROWNELL AVIATION TAIL STAND

- Precision acme threads for easy, smooth adjustment
- Very stable work or storage platform
- Stays in place with no bleeding, etc.
- Small footprint of base and top pad allow for easy access
- Stands stack neatly when not in use to free up valuable space
- TPE surface resists slipping and scratching
- SWL 20,000lbs/9,100kgs
- 30-52"/76-131cm range
- Universal connection
- Base plate
- Accommodates ballast

P/N 12-03306 ..... $169.95

BEECHCRAFT B90 JACK PAD

Made in the USA. Note: Does not include jack or pump. Saves time and money. Adds mission capability. With the appropriate jack, this pad can be used to pick up a flat tire to tire changing height. Frees up full service and wing jacks for other work. Small, Portable and light weight compared to wing jacks. Should be used with Bogert hydraulic, 12", 15 ton long stroke bottle jack. The jack pad can be used with 6 ton, 1¼" ram or larger bottle jacks. Can be used with 3 ton or larger floor jacks.

P/N 12-03165 ..... $356.00

PROP SLING, (BOGI-LIFT)

The tool every mechanic needs!

* Lift nose wheel without jacking up whole plane.
* Service nose wheel & strut effortlessly.
* Support a new propeller during installation.
* Use with 2 and 3 blade props.
* 4-point stability with tail & wing jacks.

P/N 12-16718 ..... $99.95

SHOP TUFF ELECTRIC HOISTS

This handheld remote control electric hoist works great in your garage or shop. This item comes with Universal Mount brackets and has a 110 Volt, 3/4 HP motor. Lifting height: 36ft SL, 18ft DL. Cable length: 39ft. Handheld remote control 5ft cord. Motor: 110Volt, 1-1/4HP. Universal Mount with brackets.

AIRCRAFT JACKS

THREE TON HYDRAULIC AIRCRAFT JACKS

MODEL #324 3 TON LOW WING JACK - Eliminates the frustration of having unstable jacks that conflict with landing gear components and gear doors adjacent to your jack point. These jacks are especially appreciated by owners of Bonanza, Mooney, Comanche, & Twin Comanche Aircraft for the manner in which they may be positioned clear of the inner gear door hinge. Model #324 provides an easy slide under fit on aircraft with lower jack points. • double action 3 ton (6,000lbs) hydraulic cylinder • jack point centering cap • locking safety collar secures the load • rugged heavy gauge steel construction • stable three leg design clears gear doors • convenient handle storage.

Effective Range: 24"-40" Ram Capacity: 6000lbs
P/N 12-01724 ..... $248.95

MODEL #326 3 TON LOW WING JACK - 26" - 43" Eliminates the frustration of having unstable jacks that conflict with landing gear components and gear doors adjacent to your jack point. Owners of Beech-Craft Bonanza 33/35/36 aircraft especially appreciate these jacks for the manner in which they may be positioned clear of the inner gear door hinge. If the only plane you'll be lifting is the Bonanza… please see Model #324. • jack point centering cap to assure the aircraft stays on the jack. • double action 3 ton (6,000 lb) hydraulic cylinder. • locking safety collar secures the load. • rugged heavy gauge steel construction. • three leg design clears gear doors. • convenient handle storage

Effective Range: 26"-43" Ram Capacity: 6000lbs
P/N 13-05544 ..... $254.00

MODEL #332 3 TON LOW WING JACK - 26" - 43" & 32"- 49" Especially suited for use on Cessna 310/320 Aircraft. Supplied with a removable 6" riser to accommodate the higher jack points found on some aircrafts. Similar in design to Model #326, this unique design allows the Model #332 to be easily converted for use as a Model #326 by removing the 6" riser. Owners report this versatility to be of great benefit when aircraft of various types are housed together or the jacks are loaned out to others.•double action 3 ton (6,000 lb) hydraulic cylinder • jack point centering cap to assure the aircraft stays on the jack • 6" riser provided to accommodate higher jack points. Effective range 26"-43" & 32" - 49" • locking safety collar secures the load • rugged heavy gauge steel construction • three leg design clears gear doors • convenient handle storage

Effective Range: 26"-43" & 32" - 49" Ram Capacity: 6000lbs
P/N 12-01725 ..... $289.95

EIGHT TON HYDRAULIC AIRCRAFT JACKS

MODEL #838W 8 TON UNIVERSAL JACK - 26"-43", 32"-49", 38"-55" Model #838W provides all the strength and versatility needed to accommodate larger aircraft. This unique design allows the Model #838W to easily convert from a 26" low wing jack to a 32" or 38" jack, avoiding the high cost of having to purchase model specific jacks. Now with "Tilt & Go" wheels and convenient handle storage for greater value • DOUBLE ACTION 8 TON (16,000LB) HYDRAULIC CYLINDER • HIGHLY VERSATILLE- SHIPPED WITH ADAPTERD FOR 26" 32" & 38"HEIGHTS • JACK POINT CENTERING CAP TO ASSURE THE AIRCRAFT STAYS ON THE JACK • LOCKING SAFETY COLLAR SECURES THE LOAD • STABRUGGED HEAVY GAUGE STEEL CONSTRUCTION • THREE LEG DESIGN CLEARS GEAR DOORS • "TILT & GO WHEELS FOR GREATER MOBILITY • CONVENIENT HANDLE STORAGE Height Range 26"-43", 32"-49" & 38"-55" Ram Capacity: 16,000 lbs.

P/N 12-01726 ..... $389.00
The Model 838HLW combines the strength and versatility of our Model 838W jack with the ability to provide a full 6" of additional ram travel. Ram travel that translates into additional ground clearance, working room and reduced set up time.
P/N 12-03328 ..... $429.00

MODEL #868W 8 TON UNIVERSAL JACK - The Model #868W combines all the strength and versatility of Model #838W with the necessary fittings to accommodate High Wing Cessna Aircraft such as 172RG, 177RG, 182RG, 210 and 337. Shipped with adapters, our unique design allows the Model #868W to easily convert from a 26" low wing jack through the 32" and 38" levels to a 68" high wing jack, avoiding the high cost of having to purchase model specific jacks. • DOUBLE ACTION 8 TON(16,000 LBS.) HYDRAULIC CYLINDER • HIGHLY VERSATILE- SHIPPED WITH ADAPTERS FOR 26", 32", 38", & 68" HEIGHTS • DOUBLE BRACED AT THE 68" HEIGHT FOR STABILITY • JACK POINT CENTERING CAP TO ASSURE THE AIRCRAFT STAYS ON THE JACK • LOCKING SAFETY COLLAR SECURES THE LOAD • RUGGED HEAVY GAUGE STEEL CONSTRUCTION • STABLE THREE LEG DESIGN CLEARS GEAR DOORS • TILT & GO WHEELS FOR GREATER MOBILITY • CONVENIENT HANDLE STORAGE Height Range: 26"-43", 32"-49", 38"-55", 68-87" Ram Capacity: 16,000 lbs

P/N 12-01727 ..... $519.00
The Model #868HLW combines the strength and versatility of our Model 868W high wing jack with the ability to provide a full 6" of additional ram travel. Ram travel that translates into additional ground clearance, working room and reduced set up time.
NOT RECOMMENDED FOR Beech Model 99, Beech 1900, Citation Series, Cheyenne I/II/III/IV, Conquest, King Air, Navajo, Pilatus, Queenaire, T28
P/N 12-03287 ..... $549.00

MODEL #375 TAILWEIGHT/POST - A tailweight that doubles as a tail post and can be moved easily about the shop. This unique design allows the secure anchoring of Compression or Torsion Loads without the need of numerous sand bags and anchor chains. The #375 Tailweight/Post is a safer and much more professional approach to securing the tail of an aircraft undergoing maintenance. Shipped knocked down, the Model #375 is easily assembled and weighted using Six (6) - 60 lb bag of Quickcrete - obtained locally. • SINGLE UNIT PROVIDES THE TAILPOST AND TAILWEIGHT FUNCTIONS • NO MORE SANDBAGS • TELESCOPING SQUARE TUBE POST PINS IN 3" INCREMENTS • RUGGED SWIVEL CASTERS • CORROSION RESISTANT GALVANIZED WEIGHT BOX • SHIPS AT 32 lbs. ~ FINISHED WEIGHT 375 lbs. Range of Adjustment: 17½" - 39½"

P/N 12-01728 ..... $199.95

ACCESSORIES

WHEEL KIT FOR HYDRAULIC AIRCRAFT JACKS

Add Wheels to our Model #324, #326 or #332 The base that comes standard with all of our aircraft jack models is pre-drilled to easily allow for the addition of a Wheel Kit. This Kit Includes: 1 Left Bracket, 1 Right Bracket, 2 Wheels, Hardware Packet, Installation Instructions P/N 12-02032 ..... $52.85

TAILWEIGHT EXTENSION FOR TAILWEIGHT POST

Adds on an additional 12 inches to the Tailweight Post model 375. For higher wing aircraft. P/N 12-02033 ..... $27.50

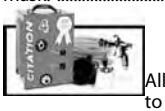
CITATION 4 HVLP SPRAYER/ RESPIRATOR



Allows its' user to achieve 'show plane' quality results to a level never before possible with a turbine powered system. The CITATION '4' offers a much higher PSI range without sacrificing the benefits of HVLP such as lower overspray, the elimination of moisture and high transfer efficiency. This is all accomplished with a more powerful, yet quieter and cooler running turbine blower. Like the standard CITATION, this new system, of course, offers the additional benefit of a built-in supplied-air respirator to assure breathing protection for its' user. P/N 12-00973 ..... $1,176.00

CITATION 3 & 4 HVLP SPRAYER/ RESPIRATOR SYSTEM

CITATION 3 STAGE HVLP PAINT SPRAYER & RESPIRATOR W/ BOTTOM FEED GUN - Standard One man System Includes: Citation Dual HVLP Pump, Two 40' hoses, one sprayer & one respirator, Half facemask & belt, Bottom Feed HVLP Paint Spray , Gun with Quart Cup, Complete System and Spray Gun Manual, Introductory 'How to" Spray Manual, 3 Stage Sprayer Specs: 110-120V VAC, 50/60HZ, Amps: 11.5, PSI: 5.5 One Man Respirator: 110-120V VAC, 50/60 HZ, Amps: 1.6, Cfm: 7 @ Facemask Two Man Respirator: 110-120V VAC, 50/60HZ, Amps: 7, Cfm: 7.5 @ Facemask P/N 12-02372 ..... $993.00

CITATION 3 SPRAYER & RESPIRATOR W/ GRAVITY GUN - Standard

One man System Includes: Citation Dual HVLP Pump, Two 40' hoses, one sprayer & one respirator, Half facemask & belt, Gravity Feed HVLP Paint Spray Gun with 1000 ml Cup, Complete System and Spray Gun Manual, Introductory 'How to" Spray Manual 3 Stage Sprayer Specs: 110-120V VAC, 50/60HZ, Amps: 11.5, PSI: 5.5 One Man Respirator: 110-120V VAC, 50/60 HZ, Amps: 1.6, Cfm: 7 @ Facemask Two Man Respirator: 110-120V VAC, 50/60HZ, Amps: 7, Cfm: 7.5 @ Facemask P/N 12-02373 ..... $949.00

NOISEBUSTER ANR EARMUFFS

Designed to reduce aircraft engine noise for airport ground support crews as well as aircraft maintenance and technical personnel, the NoiseBuster Active Noise Reduction (ANR) Safety Earmuff combines an ANSI-rated 26NRR passive earmuff with active noise reduction electronics that deliver up to an additional 20 db of low-frequency noise attenua Powered by a AA battery, the earmuff is resistant to water, moisture, contaminants, mechanical shock, and vibration. Perfect for users who do not mechanical shock, and vibration. Perfect for users who do not require two-way communications capability but who can benefit from protection. Includes: * NoiseBuster ANR Safety Earmuff * One AA battery * 3.5 mm audio interface cable * Warranty - 6 months

P/N 11-07369 ..... $149.95

DRAEGER RESPIRATORS – PROTECTIVE COVERALLS

X-PLORE 3300 SERIES RESPIRATORS

The 3300 Series Mask is an economical half mask made of TPE material with a continuous grey color neck strap.

Under the new particulate filter rules, there are three series of filters: N, R, and P. The N filters are Not resistant to oil; the R filters are resistant to oil; and the P filters are oil proof.

The N series of filters is appropriate for airborne particles such as silica or lead, when there are no oil-based products also in the air.

For example, an N series filter would be recommended during the removal of old lead paint. However, for spraying an oil-based lead paint, an R or P series filter would be recommended as protection against the airborne mist of oil-based solvent.

The R series (resistant to oil) should only be used for a single shift when solvent or oil mist is present in the air. This filter resists oil but may break down in contact with oil or solvent over a long time.

When using P series filters, check the manufacturer's instructions to determine how long the filter can be used when airborne particles are present. NIOSH originally thought that P series filters were oil-proof but recent tests have found there may be some breakdown of the filter material with long-term oil exposure.

Note: N, R, and P filters do not provide protection against organic vapors.

3300/N95 RESPIRATOR KIT

Kit includes 3300 Mask, 2 each N95 filter pads, 2 each filter pad retainers, and 2 each filter pad bases. P/N 12-02261..... $25.50

OXYGEN SYSTEMS

AEROX HIGH-DURATION AVIATION OXYGEN SYSTEMS

Aerox 2D system

Aerox 4M system

Add to your flying comfort by using oxygen at altitudes as low as 5000 ft. Aerox Oxygen Systems include lightweight aluminum cylinders, regulators, all hardware, flow meter, and nasal cannulas (masks available as option). Oxysaver oxygen saving cannulas & Aerox Flow Control Regulators increase the duration of oxygen supply about 4 times, and prevent nasal irritation and dryness. Complete brochure available on request.

500 SERIES REGULATOR – AN AIRCRAFT SPRUCE EXCLUSIVE!

- Low profile
- 1, 2, & 4 place
- Standard Aircraft filler for easy filling
- Convenient top mounted ON/OFF valve
- Equipped with Aerox standard plug sockets
- Over pressure safety valve
- Built in cylinder pressure gauge

COMPLETE AEROX SYSTEMS (ADJUSTABLE FLOW)

Part No.	Model	Description	Price
13-18895	1A	1 outlet, 6 Cu Ft. Cyl. w/Flow Meter & Cannula	$377.60
13-18896	1C	1 outlet, 9 Cu. Ft. Cyl. w/Flow Meter & Cannula	$385.60
13-18897	1D	1 outlet, 13 Cu Ft. Cyl. w/Flow Meter & Cannula	$396.00
13-18898	2A	2 outlet, 6 Cu. Ft. Cyl. w/Flow Meters & Cannulas	$464.80
13-18899	2C	2 outlet, 9 Cu Ft. Cyl. w/Flow Meters & Cannulas	$468.80
13-18900	2D	2 outlet, 13 Cu. Ft. Cyl. w/Flow Meters & Cannulas	$477.60
13-18901	2E	2 outlet, 22 Cu Ft. Cyl. w/Flow Meters & Cannulas	$495.20

FITTING IDENTIFICATION CHART (Not Sold Separately)

AEROX RETROFIT KITS FOR BUILT-IN SYSTEMS OR OTHER PORTABLES

1.) Oxysaver® Cannula—this comfortable device may be used in place of your mask up to 18,000 ft. MSL. It has a conserving feature which can extend your oxygen supply by up to four times. 2.) Aerox Flowmeter/indicator—this combination device conveniently reads both mask and cannula flow rates in MSL altitude. 3.) Aerox Adjustable Flow Restrictor—a thumb screw operated needle restrictor valve allows you to precisely control flow. Shown are most of the connectors for general aviation. If you want us to supply the connector, be sure to indicate which is your type.

Model	Retrofit Kits	Part No.	Price

AEROX GLOW IN THE DARK FLOWMETER AND GAUGE

AEROX'S PATENTED GLO-TEC FLOWMETER - Precision Adjustable, Direct inline oxygen flow indicator with photoluminescent technology for extended night-time visbility. PN 13-05251 ..... $51.80

AEROX'S PATENTED GLO-TEC PRESSURE GAUGE - Pressure Gauge, 0-3,000 PSI, Rear Mount, with photoluminescent technology for extended night-time visibility. PN 13-05250 ..... $29.50

FLOW METER WITH NEEDLE VALVE P/N 13-04683 ..... $47.20

AEROX PRO-O2 EMERGENCY HANDHELD OXYGEN SYSTEMS

Provides oxygen until the aircraft can reach a lower altitude. And because Pro-O2 is refillable, there is no need to purchase replacement O2 cartridges. During short flights at altitudes between 12,500ft. MSL and 14,000ft. MSL where maneuvering over mountains or turbulent weather is necessary, the Pro-O2 emergency handheld oxygen system provides oxygen to extend these brief legs. Included with the refillable Pro-O2 is a regulator with gauge, mask and a refillable cylinder.

Pro-O2-2 (2 Cu. Ft./1 mask) ..... P/N 13-02735 ..... $328.00
Pro-O2-4 (2 Cu. Ft./2 masks) ..... P/N 13-02736 ..... $360.00

AEROX EMT-3 PORTABLE OXYGEN SYSTEM

A small portable system designed for the occasional user who wants something smaller and less costly than a full portable system. The EMT-3 is also ideal for use as an emergency oxygen system. The system lasts 25 minutes at 2.5 LPM @ 25,000 FT. P/N 13-12773 ..... $323.00

AEROX 4110-712 SERIES OXYGEN MASK WITH MICROPHONE

The 4110-712 Series continuous flow oxygen mask with microphone is intended for crew and passengers in the general aviation industry at a maximum altitude of 25,000 feet. Optional equipment includes industry standard fittings for connection to portable and built-in oxygen systems.

Description	Aerox No.	Part No.	Price
Small Without Microphone	4110-711-1	13-06652	$195.75
Medium Without Microphone	4110-711-2	13-06653	$194.75
Large Without Microphone	4110-711-3	13-06654	$195.95
Small	4110-712-1	13-06655	$409.00
Medium	4110-712-2	13-06656	$423.00
Large	4110-712-3	13-06657	$431.00

AEROX SMOKE GOGGLES

Aerox has introduced Smoke Goggles with face forming elastomer seals to keep smoke out. Aerox Smoke Goggles are the choice of the U.S. Special Forces. The case features reflective tape to make goggles easy to locate as well as a velcro strip on the back for mounting.

Goggles ..... P/N 13-06173 ..... $96.00
Soft Case ..... P/N 13-06174 ..... $80.00

BR-M AEROX BRACKET

Bracket Assembly, SS, with Lock, or Cyl Diameter (2 needed per system) P/N: 13-04033 ..... $37.00

AEROX FBO-1 FILLING STATION

Whether making money or saving it, the Aerox FBO-1 Cascade Filling System makes it easy to fill all types of aviation systems, from portables to jets. The FBO-1 comes complete with 2 CGA 540 cylinder connectors, 6' high-pressure (3000 psi) braided stainless filler line, contents gauge, flow restrictor and adapters to fit Puritan-Bennett, Scott, and CGA 540 filler ports. P/N 13-04534 ..... $360.00

AEROX CGA-540 SINGLE CYLINDER FILLING STATION - Transfills between cylinders quickly and easily. 6' braided stainless line, gauge, restrictor, and CGA 540 filler. P/N 13-04535 ..... $171.95

OPTIONAL BUILT-IN ADAPTERS

Image	Description	Part No.	Price
	Aerox Scott Built-in Adapter Option (Piper, Beech, Mooney)	13-04536	$60.00
	Aerox Puritan-Bennett Built-in Adapter Option (all other makes)	13-04537	$87.00
Portable System Filling adaptors for standard CGA 540 supply cylinders:			
	Aerox Scott Portable Filling Adaptor	13-04538	$65.00
	Aerox Puritan-Bennett Portable Adapter Option	13-04540	$87.00

AEROX SEAT BACK DELUXE CARRIER

Fitted case with quick release, all point webbing. Available for "A", "C", "D", "E", and "M" cylinders. Doubles as a carrier with built in rubber handle. Webbing can remain on the seat when the case is detached. Internal velcro strap holds cylinder securely. Accessory pocket on side holds webbing for easy storage. Available in black. P/N 13-18990 ..... $59.16

NORAL OXYGEN CANNULA CARRIERS

See www.aircraftspruce.com for our full line of Noral Oxygen Canula Carriers.

PS

OXIMETERS - FACE MASKS

AEROX DILUTER DEMAND MASK

Comes standard with an electret microphone and an inflatable Quick Comfort head harness that provides maximum comfort The mask features a carbon fiber construction, and soft silicon rubber. Connectors are available for most built in systems. This mask is easily mounted with the available carbon fiber stowage cup, aerox® is also able to manufacture a portable walk around system with the same outlet plug that is on your aircraft, so you can easily disconnect from the on-board system and plug directly into a portable system allowing mobility. P/N 13-12359.....$3,850.00

PULSE OXIMETER CO DETECTOR 455

Designed for all aircraft with limited panel space. This small pulse Oximeter with CO Detector mounts easily in most panels and transmits data to the MFD'S via RS232. Current MFD manufacturers include Electronics International, Advanced Flight Technologies, Grand Rapids Instruments and on upcoming releases of Avidyne Entegra Release 9. The unit transmits the pilot's blood oxygen levels, heart rate statistics, CO Level, Cabin temperature and Cabin Altitude to the MFD's display units. The pilot inserts an index finger in the unit and quickly gets readouts so he/she can determine his/her general physical and his environmental condition. Aero-455 reminds the pilot when he/she passes 10K and every 30 minutes above 10K. P/N 11-07993.....$999.00

ONYX VANTAGE FINGERTIP PULSE OXIMETER

You can now get a trustworthy self-contained fingertip pulse oximeter with a 4 year warranty at an affordable cost! You don't have to settle for a cheap pulse oximeter that may break the first time it's dropped and/or give you erratic and unreliable oxygen saturation statistics. Small and lightweight, the 9590 can be carried in your pocket and will deliver your blood oxygen saturation within seconds.

P/N 13-15691.....$179.00

EDS-2IP BUILT-IN PULSE DEMAND OXYGEN SYSTEM

Kit includes the low-profile instrument panel or overhead-mountable EDS 2ip control head unit with a 2.25" X 2.25" form factor, two (2) remote-mountable oxygen outlet distributor units, the new IPR (Intelligent Peripheral Regulator) with light-weight carbon-fiber-wrapped cylinder with a 48 cu. ft. capacity allowing many round-trips without oxygen refills. In addtion, masks, cannulas, as well as necessary hardware and tubing are included. The pilot station comes with, FAA-CA-MI flight-level 250 tested 'Pulse-Demand' ALPS FaceMask that can be upgraded with a noise-cancelling microphone at any time. You can add the Alps face mask with or without microphone for your co-pilot as well.

EDS-4ip built-in Pulse Demand oxygen management systems are complete kits includes everything in the EDS-2IP but with the EDS 4ip control head unit with a 2.25" X 3.125" vertical form factor, and four (4) remote-mountable oxygen outlet distributor units

NOTE: The EDS ip systems automatically operate from a 12 or 24 Volt system at a mere 250 ma. of current. Therefore, if not specified, during your order the IPR will come with a 12 volt valve and the schematics will instruct that it be powered from the control head, via pin-19. The most preferred configuration. Otherwise the valve for the IPR must be specified for either 12 or 24 volt operation if you decide to power the IPR valve through system power and not from the control head.

EDS-2IP..... P/N 13-05745.....$5,295.00
EDS-4IP (Shown)..... P/N 13-05746.....$6,795.00

AEROX OXYGEN CONSERVING SYSTEM

Intended for use with current portable oxygen systems. Maximum Oxygen Duration with Minimal Effort. The device uses negative inspiration pressure to trigger pulse oxygen. Completely mechanical, no batteries required. When the user inhales, a supply of oxygen is delivered, simple, safe, and effective, reducing the demand on the users standard portable supplemental oxygen system, and increasing duration times. Includes a convenient strap for wearing around your neck. Outlet Hose with Flow Indicator, Inlet Hose with aerox® , CPC, or Skyox Plug-in Fittings.

P/N 13-09019.....$398.00

FINGER PULSE OXIMETER

MD300 C201 is intended for noninvasive spot-check measurement of function oxygen saturation of arterial hemoglobin(SpO2). It can be used with adult and pediatric and widely used in family, clinic and hospital. Features; • SpO2%, PR are displayed on screen. • Simple and convenient operation • Light, compact (the weight is 50g including batteries) Low power consumption, two AAA batteries can be continuously Operated for 30 hours • Indication of low power consumption • Two display modes P/N 13-05666 ..... $84.95

MOUNTAIN HIGH AVIATOR STANDARD CANNULA

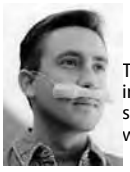
The Aviators Cannula is calibrated for use with the MH-4 flowmeter or any other device calibrated to the standard protocol of 1 liter per minute per 10,000 ft. per FAA-FAR 23.1447.

This Cannula works great with a headset! P/N 13-11590 .....$5.95

MOUNTAIN HIGH FLOWMETER MH-4

The MH-4 has two altitude flow scales. The left (compressed) scale is calibrated for the Oxymizer™ cannula and is limited to flight of 18,000 ft.and below. The right scale is calibrated for a standard cannula or facemask up to 25,000 ft. P/N 13-06128 ..... $69.50

MOUNTAIN HIGH OXYMIZER CANNULA



The Oxymizer 'M' type (mustache-style) oxygen-conserving cannula is the most popular version. The Oxymizer is standard issue with our XCR and XCP systems and may work with almost any adjustable constant flow regulator.

P/N 13-11592 ..... $28.50

MH E-Z BREATHE II BOOM CANNULA EDS FOR PULSE DEMAND

Mountain High has redesigned their Boom Cannula system to make it even better. The redesigned nylon boom arm affixes to your headset with a ball mount and adhesive pad. It can swivel about and slides in and out for best fit. The new improved arm incorporates an adjustable friction lock to eliminate slippage. The nasal tips and the entire feed-tube assembly are easily replaceable, as well as the aluminum mount ball. The arm can be easily removed from the headset when not in use. P/N 13-13067 ..... $98.95

MOUNTAIN HIGH ALPS FACE MASK

MH ALPS FaceMask and the MH ALPS-M (for microphone) FaceMask. The ALPS-M is outfitted with an electronic "Clear-Speak" ambient noise-canceling microphone that enables pilots to fly with safety and comfort with clear, crisp voice communication and is compatible with most aircraft systems. The mask is easy to put on and exceptionally comfortable as it does not require a polyvinyl bag. The ALPS or the ALPS-M FaceMask can be used with any of the MH oxygen systems.

Alps Constant Flow Feed Tube Use with MH-4 Flowmeter only
P/N 13-11388.....$4.85

Alps EDS Style Feed Tube..... P/N 13-13098.....$4.85

NATURAL BOOST OXYGEN

Altitude or Mountain Sickness is a form of Hypoxia-a condition where the body is deprived of an adequate supply of Oxygen.

Recommended remedies for Altitude Sickness include proper hydration, abstaining from alcohol consumption, traveling back to lower altitudes, and SUPPLEMENTAL OXYGEN.

From an article in the Parker Adventist Hospital Quarterly in Parker, Colorado- "Ailing from the Altitude" : "And, yes, taking that "shot" of oxygen sold in mini-canisters at convenience stores or a mountain 'oxygen bar' can help alleviate symptoms Let Boost Oxygen help. Boost Oxygen is 95% Pure Oxygen and a few deep breaths can help you stay at your best.

4 ounce .....P/N 13-12975 .....$9.75
20 ounce .....P/N 13-12976 ..... $12.50

PS

OXYGEN SYSTEMS

MOUNTAIN HIGH XCP SYSTEMS

The MH-XCP Constant Flow series is our most economical single and multi-place, portable oxygen system for general aviation. Weight is kept to a minimum by our low profile, light weight regulators, MH-3 or MH-4 Flowmeters and Cylinders. The XCP systems come complete with Cylinder(of your choice), Regulator, Mountain High MH-3 or MH-4 Flowmeter, Oxymizer™ cannula, facemask, tote bag and cylinder carry case for easy transport and seat back mounting. Full-Pack The XCP System can be used up to 25,000 ft. with the MH-4 Flowmeter and Facemask. Choose the MH-3 Flowmeter fo flights up to 18,000 ft Each XCP System Includes: • Instructions • Cylinder with Valve, Gauge and carry case. • Pressure reducing Regulator with self sealing outlet for each user. • MH3 or MH4 Flow-Meter (Your choice when ordering) • Oxymizer (oxygen conserving) Cannula.• Facemask • Tote-Bag.

Model	Description	Part No.	Price

MOUNTAIN HIGH HANDHELD OXYGEN SYSTEM

The CO-PILO2T oxygen system is a small, light-weight, hand-held oxygen system. Precision manufactured in Japan, this unit was especially designed for supplemental breathing while at high altitudes. The regulator has an on/off and volume control knob adjustable from off to a max setting of 2-ltr./min. which will last aprox. 9 minutes. The removable face mask can be replaced by an optional Oxymizer cannula for continuous "hands off" operation. When using the Oxymizer cannula each 18 liter replacement cylinder lasts up to 30 minutes at 15,000 ft. The regulator can hold a cylinder for several months without any noticeable drop in pressure. Cylinders can be changed by hand. Weight with cylinder 17oz. Cylinder weight 9.5oz.....P/N 13-01016.....$207.95
Single 18 Liter Replacement Cylinder.....P/N 13-02222.....$24.50
Pack of 3 18 Liter Replacement Cylinders.....P/N 13-13093.....$58.00

MOUNTAIN HIGH EDS O2D1 OXYGEN SYSTEMS

The EDS-02D1 System enables the general aviation pilot to fly at pressure altitudes up to 25,000 feet with safety and comfort. The EDS-O2D1 digital Pulse- Demand™ system reduces Oxygen consumption dramatically. Different from the "standard" constant flow systems, the EDS-O2D1 Pulse-Demand™ system wastes no Oxygen during the breathing cycle when oxygen is is not being delivered to the lungs. The average user will enjoy a duration increase of two to three times compared to the constant flow systems. The built in Barometer adjusts for Altitude increase while reducing the pilots work load. The unit operates for up to 100 hours on two AA batteries. The EDS-O2D1 should be used with any of our XCR, XCP, or 4-place FPR regulator. for correct pressure and oxygen delivery. The low-pressure service line is a high quality polyurethane line that is kink-resistant and flexible under varying temperatures. The cannula, face mask and service line connect to the EDS unit via color-coded "Quick-Connects" providing an air-tight fitting by hand. These fittings can be connected and disconnected many times. With the optional XCP connecting kit, the EDS can be used with an XCP system at the same time flow meters are being used. In addition, the optional ALPS Facemask with or without microphone, is the perfect addition to any EDS system. All systems are shipped empty.

Model	Description	Part No.	Price

MOUNTAIN HIGH EDS O2D2 OXYGEN SYSTEMS

The MH EDS-O2D2 Pulse Demand Oxygen Delivery System is the only single unit, portable, two-place oxygen system currently available for general aviation. A variety of options allow you, the pilot, to customize a system to your specific needs. The O2D2 kit comes with (3) AA batteries, 2 standard cannulas, 2 flare tip cannulas, and 2 face masks all in a handy carry bag.

Note: Our EDS O2D2 and O2D1 are portable systems designed and calibrated to be used with our regulators (~15 psig. dynamic to 25 MAX. psig. static). However, if you wish to operate from the outlets of a built-in system, we offer the EDS-STR stabilizing regulator. This will allow our portable EDS systems to operate with built-in systems that supply up to 90 psig. to the outlets in the aircraft

MOUNTAIN HIGH TRANSFILLER UNITS

TR-55 00GSE-1008-00 Standard length 18 inches. The TR-55 is the most economical way to fill your cylinder. One side has a CGA-540 nut & nipple with an O-ring seal, while the other end is equipped with a large hand nut with bare nipple. This allows you to slowly and safely bleed the line so the fittings can be easily removed from the cylinder.
P/N 13-03923.....$105.95

TR-75B 00GSE-1012-00 Standard length 24 inches. The TR-75b is our most popular personal transfiller. It is equipped with O-ring seals on both of the CGA-540 (oxygen) ends for a positive and air-tight fit by hand. A handy bleed valve is included to relieve the pressure in the system so that the fittings can be easily removed from the cylinder without damage to the O-ring seals. P/N 13-03924.....$217.95

TR-95B 00GSE-1016-00 Standard length 48 inches. The TR-95b is an economical transfilling system for soaring and flying clubs where many cylinders are serviced frequently. Both connecting ends have O-ring seals for a positive air-tight fit. The pressure/contents gauge shows how much oxygen remains in the master (rental) cylinder.
P/N 13-03925.....$314.00

02 TRANSFILLER FBO KIT - The standard kit comes with a non-venting style regulator, and the four most common fill adapters that you will need. Incorporates a flow restrictor to prevent filling too fast, as well as built-in filters. All Components are cleaned and ready for Oxygen use.
With 8t. Hose.....P/N 13-14949.....$1,260.95
Without Hose.....P/N 13-12735.....$1,155.00

TA-916-S Adapts CGA-540 to the Scott fitting (9/16-18 threads). Commonly known as the Scott 26875, 5020-1 Airline or AS1046 fitting. A socket is on the CGA-540 end to attach to transfiller lines. P/N 13-14773.....$93.75

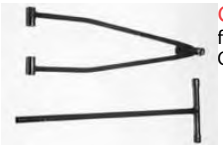
GROUND SUPPORT TOW BARS



CESSNA - This two piece telescoping tow bar fits all Cessnas with 5/8" lugs on nosegear. Overall length 42.5", collapsed 24".
P/N 13-01800..... $46.85

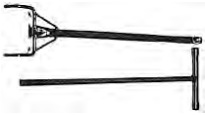
MOONEY - A simple "T" handle design for the Mooney axle. Overall length 33.5".
P/N 13-02000..... $48.95

CHEROKEE - This one piece tow bar has a retractable locking mechanism that gives a positive lock when installed. Overall length 31". P/N 13-01600..... $46.50

BEECHCRAFT - The compact design of this tow bar makes it very popular among Beech owners. Overall length 38", collapsed 21.5". P/N 13-01900..... $48.60

ARROW - This offset "T" handle design fits into the Arrow axle making it a simple and easy design to use. Overall length 33".
P/N 13-01700..... $46.75

TWIN CESSNA - The extra length provides extra nose clearance and leverage for Twin Cessnas and remains very compact. Overall length 55", collapsed 34". P/N 13-01850..... $47.85



TWIN PIPER - (HH-007) Piper Twin Comanche, Apache, Aztec, and Navajo Towbar. Two section until 28" collapsible, 49-1/2" overall length.
P/N 13-01778..... $49.85

COMANCHE - The same as our P/N HH-007 except one piece construction. Overall length 33". P/N 13-02100..... $49.85

DELUXE CESSNA - The deluxe Cessna towbar is very popular and designed for those who demand the ultimate in convenience and durability. Spring loaded forks allow easy one handed engagement without getting on your hands and knees. Length 45.5" extended, 26" collapsed. Wt. 3.75 lbs. Ideal for Cessna RGs Including 210 series.
P/N 13-01540..... $54.95

DUTCHESS/PIPER - Fits Dutchess and Piper nose gear axle. Telescoping design provides extra nose gear clearance. Overall length 48", collapsed 28". P/N 13-02210..... $47.50

DELUXE PIPER - The deluxe Piper towbar offers all the features of a standard Piper towbar plus the convenience of a two-piece design. When extended, this model provides additional propeller clearance and leverage. Length: 42" extended, 23" collapsed. Wt. 3.5 lbs. P/N 13-01550..... $54.95

UNIVERSAL TOW BAR WITH CLEVIS HITCH

CESSNA/ BEECH/ MOONEY - This universal tow bar is excellent for use with tug, tractor, or by hand. It fits most Cessna singles & twins with 5/8" lugs, Beech singles and twins with 1/4" lugs, all Mooneys, Twin Commanders, Lake and Commanche. Slide lock quickly adjusts and holds firmly. P/N 13-02350.....$169.85

PIPER - Same design as the universal tow bar above, this towbar fits Piper single fork design, Arrow, Malibu, Lance, Seneca, and Seminole. Slide lock quickly adjusts and holds firmly. P/N 13-02351.....$159.95

SCOTT TAILWHEEL - A tow bar designed for aircraft using a Scott 3000 series tailwheel. Overall length 48", collapsed 28".
P/N 13-02205..... $53.95

BEECHCRAFT AXLE - This two piece tow bar is designed for use in Beechcraft axles. Overall length 48", collapsed 27".
P/N 13-02215..... $54.95

CHEETAH/TIGER - This tow bar is designed to fit Grumman aircraft. Its collapsible design makes it easy to fit in the baggage area. Overall length 43", collapsed 26". P/N 13-02200..... $59.85

ERCOUPE -Specially designed for Ercoupes. This tow bar has a spring loaded lever action for ease of operation. Overall length 46.5", collapsed 28.5". P/N 13-01580..... $61.95

1-1/8" AXLE - This is a universal tow bar designed for aircraft with 1-1/8" axles such as Cessna Skymaster and Piper Seneca. Overall length 56", colapsed 33". P/N 13-02110..... $59.85

COMMANDER - This model fits Rockwell 112 and 114. Spring loaded forks for ease of operation. Overall length 46.5", collapsed 28.5".
P/N 13-01570..... $51.75

DELUXE MOONEY - The deluxe Mooney towbar is a longer, two piece version of a standard Mooney towbar. Attractive black caps accentuate deluxe appearance. Length: 38", collapsed 21". Wt. 3 lbs. P/N 13-01560..... $49.95

UNIVERSAL - For the FBO this is an ideal hand held universal tow bar. Fits Cessna, Beech, Piper, Scott Tailwheel and many others. Overall length 57", collapsed 34". P/N 13-02250..... $87.50

VIKING - Designed especially for Bellanca Viking axle. Collapsible design and spring loaded fork. Overall length 46.5", collapsed 28.5".
P/N 13-02220..... $72.75

DELUXE BEECHCRAFT - Spring loaded forks for ease of operation. Overall length 47", collapsed 28". P/N 13-01905..... $64.75

FBO UNIVERSAL TOW BAR WITH RING HITCH T-100

This heavy duty universal tow bar is standard equipment for FBOs. Fits most Piper, Cessna, Beech,Mooney, AeroCommander, and many others. The adjustable fork allows you to extend the fork assembly from 3" to 10". This tow bar is extra long at 7 ft. 6 inches.
The T-100 is not made for specific aircraft. It has spring loaded adapters that will fit and 1/4" to 5/8" towpins on the aircraft axle. This will not work with aircraft that have tow pins on the landing gear. P/N 13-02355..... $237.95

AIRCRAFT WINCH & MOUNTING KIT

AIRCRAFT WINCH - Hook cable to tail tie-down ring and press button. Easily moves aircraft up to 3,000 lbs. rolling weight. Includes wall mount. If a floor mount is desired order P/N 13-06124. Order bracket separately. Comes with 100' of cable and 75' of control cord and has an automatic safety shut off. Cable speed is 30 feet per minute. Voltage 110 DC..... P/N 13-01764..... $418.00

HEAVY DUTY AIRCRAFT WINCH - Winch includes metal wind up drum, 100' of cable 125' of control cord. Moves aircraft up to 6,000lbs. Includes a wall mount. If floor mount is desired P/N 13-06124 must be ordered. Code 7
P/N 13-06125..... $448.00

AIRCRAFT WINCH MOUNTING KIT - Aircraft Winch Mounting Kit Everything you need to secure the winch to the floor. Mounting kit only. Can be used with P/N's 13-01764 and 13-06125 in a floor mount is desired.
P/N 13-06124..... $51.75

BOGI BAR EXTENDED T-HANDLE

Includes new grips and is 7" longer than the standard Bogi Bar T-Handle. The extra length can be quite beneficial for aircraft with extra-long noses like the Cessna 182 S (1996 and up) and T (2001 and up) models. Tall customers will find this T-Handle easier on the back since it lowers that overall angle of the tow. The Extended T-Handle works with any of the standard Bogi-Bars and will increase the overall length to about 55". Model 4-TXL. P/N 13-11199..... $34.95

BRACKETT AIRCRAFT TOW BARS

MODEL TH-5

The TH-5 is a scaled down version of the TR-3 tractor towbar. Excellent for operators and tee hangar owners who need a towbar which is lightweight (14 lbs), has good large pulling handles, and is sturdy enough for towing Cessna 150's to 310's. Size: 74"L. Wt: 14 lbs.

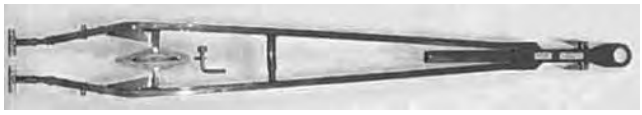
Ring Hitch..... P/N 13-10110 ..... $367.00
Ball Hitch ..... P/N 13-10111 ..... $387.00
Clevis Hitch..... P/N 13-01884 ..... $367.00

MODEL TR-6

Excellent for towing aircraft such as the T-6, P-51, Stearman, Staggerwing Beech, or any aircraft with 3/4" or larger eye bolts. Length: 12' Spread: 12 ft. Weight: 62 lbs.

Ring Hitch..... P/N 13-10131 ..... $840.00
Ball Hitch..... P/N 13-10130 ..... $840.00

MODEL TR-34



The TR-34 has the light weight of the TR-3, and the strength of the TR-4. It has the same universal features that fit most aircraft from C-150 through aircraft up to 14,500 lbs. Wt: 35lbs. Available in 3 hitch styles.....

Ring Hitch (TR-34R) P/N 13-10085 ..... $597.00
Ball Hitch (TR-34B)..... P/N 13-01886 ..... $535.00

DELUXE 24-VOLT ELECTRIC TAIL DRAGGER-DRAGGER

The deluxe model comes with charger and batteries included so the unit is ready to be used immediately.
This powerful 24-volt electric tug has heavy-duty 11 1/2 -inch air wheels and will move most tail-draggers up to 6,000 lbs., tail wheel tires up to 16 inches in diameter. It utilizes a smooth twist-grip speed control for precise forward and reverse movements. Uses 2 garden tractor batteries hooked up in series.

P/N 13-07281.....$1,995.00

BOGERT UNIVERSAL BIG BOGI TOWBAR

The 04M-BBU is unique because it can attach to virtually any aircraft. It has interchangeable "Feet" that can be matched to any aircraft. Each of the "Feet" typically adapts to several models or series of aircraft and several sizes can be carried right on the tow bar. This is perfect for FBO's that deal with a variety of aircraft or aircraft owners that have more than one plane or shared hangars. "Interchangeable feet sold separately".

TOW BARS – TUGS

ROBOTOW PORTABLE TOW BAR

Aircraft Spruce is pleased to offer the new all weather Robotow 24SL. It is lightweight (33 lbs.) and portable, making it ideal for carrying onboard your aircraft. When the Robotow's heavy duty all weather knurled drive drum is held against the nose wheel, the aircraft is easily moved. A trigger on the handle controls the speed while a switch reverses direction on command. Powerful, portable, and dependable, Robotow is an ideal motorized towbar for the aircraft listed below. Kits include Robotow, Battery, and Charger (US Charger or International Charger). Order axle adapters separately.

Description	Parts #	Price
Robotow 6420 24V Towbar Cordless Kit with International Charger	13-03896	$1,235.00
Robotow 6426 24V Towbar Cordless Kit with U.S. Charger	13-04222	$1,185.00
Robotow 6351 corded 120V, with 80ft. extension cord.	13-03897	$1,069.00
ACCESSORIES		
Robotow 6425 24SL 5 amp Battery	13-11264	$296.95
Robotow 6427 24SL 3 amp Charger	13-11265	$146.75
AIRPLANE ADAPTERS (SOLD SEPARATELY)		
Robotow Adapter Aero Commander	13-03904	$179.75
Robotow Adapter Beech 1 / Baron / Bonanza / Debonair Duke	13-03905	$103.75
Robotow Adapter Beech 2 / Queen Air / Twin Bonanza / Trigear 18	13-03906	$179.75
Robotow Adapter Cessna 1 / 150, 172, 182, 310, 340	13-03907	$103.75
Robotow Adapter Cessna 2/ 310R, 401, 414, 421	13-03908	$103.75
Robotow Adapter Cessna 3 / 182RG (Pre-1962), 206, 210 (Pre-1962)	13-03909	$103.75
Robotow Adapter Cessna 4 / 337, 303	13-03910	$179.75
Robotow Adapter Cessna 5 / 182RG and 210 (1962-1986)	13-03911	$179.75
Robotow Adapter Piper 1 / Apache, Comanche, Aztec, Navajo, Twin Comanche, Bellanca	13-03912	$103.75
Robotow Adapter Piper 2 / Colt, Cherokee, Tri-pacer	13-03913	$179.75
Robotow Adapter T28 Trainer	13-03914	$179.75
Robotow Adapter Navion	13-03915	$179.75
Robotow Adapter Commander 114B	13-03916	$179.75
Robotow Adapter Cessna Caravan	13-03917	$179.75
Robotow Adapter Trinidad	13-03918	$179.75

CESSNA TOWBAR EXTENSION

The "QUICK-FOLD COMPACT TOWBAR" also known as the "QFC--TowbarTM". No more back breaking, bend over towing. Simply attach the QFC-TowbarTM extension to your already existent Cessna tow bar and stand up straight. An added extension of 33". Folds flat and is stowed securely along side the factory tow bar. P/N 13-06722 ..... $86.75

POCKET TOW TAILWHEEL LEASH

Pocket tow makes tail wheel aircraft maneuvering easy. Made with one-inch heavy-duty nylon webbing, the lightweight tow bar alternative is small enough to fit in your pocket and works on tail wheel aircraft with a 360-degree full-swivel tail wheel assemblies. The small end loops around the tail wheel leaf spring and cinches up tightly to pull and steer the aircraft backwards without pushing or pulling on any flight surfaces.

Tailwheel leash - Black ..... P/N 13-04681 ..... $19.95
Tailwheel leash - Red ..... P/N 13-04682 ..... $19.95

DELUXE TAILWHEEL TOWBAR

The new Deluxe Tail wheel Towbar uses a positive locking control cable to attach to the wheel from a straight-on position. No extra maneuvering or lifting is required, and it can be adjusted for various tail wheel sizes. Towbar Weight: 26 lbs.

Note: Maximum weight to lift is 1,200 to 1,500 lbs. P/N 13-04918 ..... $268.95

STEARMAN TOWBAR

This towbar easily captures your tailwheel. Just push down on the bar and latch the pental hook or drawbar ball. It makes moving the Stearman from the rear quick and easy. Made with heavy duty wheels and pump up tires. Powder coated black.

P/N 13-11618 ..... $398.00

GLIDER & BANNER TOW HOOKS

GLIDER & BANNER TOW HOOK RELEASE

Bolt-on tow hook with bumper is designed to be directly bolted to a custom mounting bracket. The bumper is designed to reduce the kick-back that occurs when releasing a banner. The polyethylene bumper absorbs the force of the release and your tow hook release will last longer. P/N 13-06281 ..... $554.00

GLIDER & BANNER TOW HOOKS RELEASE

Bolt-on tow hook is designed to be directly bolted to a custom mounting bracket. This hook is similar in design to the Schweizer manufactured hook that is no longer available. Design improvements were made to increase emergency release capability at all towing loads and angles. The tow hook is not to be used on gliders. FAA approval can be obtained for the complete tow hook and release system by following the guidelines in FAA Advisory Circular 43.13-2B, Chapter 8, titled, "Glider and Banner Tow-Hitch Installations" and the included tow hook installation instructions. Tow hook release in not STC or PMA approved. P/N 13-04975 ..... $483.00

GLIDER & BANNER TOW HOOKS RELEASE

Weld-on tow hook designed to be directly welded to a custom mounting bracket. This hook is similar in design to the Schweizer manufactured hook that is no longer available. Design improvements were made to increase emergency release capability at all towing loads and angles. The tow hook is not to be used on gliders. FAA approval can be obtained for the complete tow hook and release system by following the guidelines in FAA Advisory Circular 43.13-2B, Chapter 8, titled, "Glider and Banner Tow-Hitch Installations" and the included tow hook installation instructions. Tow hook release in not STC or PMA approved.

P/N 13-04974 ..... $445.00

GLIDER & BANNER TOW RING

The tow rings is designed for use with the glider and tow hook release. The size of the tow ring is 2 ¼" OD. The material is forged steel, finished with cadmium plate with a proof load to 2500 lbs. Tow ring is for use with Wings Unlimited, Inc. tow hooks only. It is not STC or PMA approved.

P/N 13-06282 ..... $20.90

GLIDER & BANNER TOW RELEASE HANDLE

The release handle is attached to the support bracket in the cockpit of the airplane. A cable is attached to the handle and tow hook release. FAA approval can be obtained for the complete tow hook and release system by following the guidelines in FAA Advisory Circular 43.13-2B, Chapter 8, titled, "Glider and Banner Tow-Hitch Installations". The release handle is not STC or PMA approved.

PN 13-06283 ..... $179.00

GLIDER & BANNER TOW SUPPORT BRACKET

The support bracket is attached to the floor of the airplane in the cockpit and is the housing that holds the release handle. FAA approval can be obtained for the complete tow hook and release system by following the guidelines in FAA Advisory Circular 43.13-2B, Chapter 8, titled, "Glider and Banner Tow-Hitch Installations". The support bracket is not STC or PMA approved.

PN 13-06284 ..... $127.00

REDLINE TOW BARS

Sidewinder attached securely to the front wheel.

Sidewinder extended.

Sidewinder collapsed.

REDLINE SIDEWINDER POWER DRIVER

Powerful and portable, the Sidewinder will forever change the way you move your aircraft. Powered by Milwaukee's top of the line 28V power unit with a long-lasting, lithium ion battery pack, Sidewinder weighs less than 22 pounds, collapses to 27" and stows easily in your baggage compartment. Made in the USA using 4130 Chromoly material.
Comes with battery and charger.
Beechcraft bar fits: Bonanza, Baron, Travel Air, T-34
Cessna single engine bar fits: 172RG, 177RG, 182RG, 210, P210
15 inch Extension Tube is required on all models except 177RG
Cessna twin engine bar fits: C-310, C-320, C-340, C-414, C-421
Piper bar models: Arrow, Lance, Saratoga (RG), Malibu, Matrix, Meridian, Seminole. * Malibu and Matrix models require use of the 15 inch Extension Tube. * Meridian requires the 30" Extension Tube.
Mooney bar fits: All Mooney Models
Eclipse bar fits: All Eclipse Models 15 inch Extension Tube is required.

Sidewinder Application	Part No.	Price
Beechcraft	13-06838	$1,675.00
Cessna Single Engine	13-06855	$1,675.00
Cessna Twin Engine	13-06857	$1,675.00
Piper	13-06859	$1,675.00
Mooney	13-06860	$1,675.00
Eclipse	13-06861	$1,675.00
Cirrus	13-06862	$1,675.00
Rockwell 112/114	13-06863	$1,675.00

30" Extension Tube	13-06858	$139.95
Sidewinder Carry Bag	13-06839	$55.75
Sidewinder Replacement Battery	13-06840	$189.95

REDLINE BE-3/BE-3XL TOWBARS

BE-3: 2-piece design for hand or powered use. Extends to 43.5", collapses to 24.5" and weighs 4 pounds. For attachment to a golf cart, tractor or other powered vehicle, please use the S-3 Vehicle Adaptor. Made in the USA using 4130 Chromoly material.
BE-3XL: 2-piece design for hand or powered use. For attachment to a golf cart, tractor or other powered vehicle, please use the S-3 Vehicle Adaptor. Made in the USA using 4130 Chromoly material.

Application	Part No.	Price
BE-3 Beechcraft - Fits Bonanza, Baron, Travel Air, T-34	13-06841	$294.00
BE-3XL Cessna - Fits 172RG, 177RG, 182RG, 210, P210	13-06843	$294.00
BE-3XL Mooney - Fits All	13-06846	$294.00
BE-3 Piper - Fits Arrow, Lance, Saratoga (RG)	13-06844	$294.00
BE-3XL Piper - Fits Arrow, Lance, Saratoga (RG), Malibu, Matrix	13-06845	$294.00

REDLINE BE-4 TOWBARS

2-piece design for hand or powered use for heavier airplanes. Extends to 61.5" and collapses to 33" and weighs 5 pounds. For attachment to a golf cart, tractor or other powered vehicle, please use the ST-1 Vehicle Adaptor. Made in the USA using 4130 Chromoly material.

Application	Part No.	Price
BE-4 Beechcraft - Fits Bonanza, Baron, Travel Air, T-34, Duchess	13-06849	$389.00
BE-4 Cessna - Fits 172RG, 177RG, 182RG, 210, P210	13-06850	$394.00
BE-4 Piper - Arrow, Lance, Saratoga (RG), Malibu, Matrix, Meridian, Seminole.	13-06851	$389.00
BE-4 Eclipse - Fits All	13-06852	$389.95
ST-1 Vehicle Adapter	13-04066	$59.50

REDLINE ST-1 TOWBARS

If you own models 33, 35 or 55, the ST-1 is the least expensive, most versatile option for hand or vehicle towing. With an overall length of 38.5" and 3 pound 8 ounce weight, it fits neatly on the floor of your baggage compartment. This is our recommended tow bar for the STIFFY. For attachment to a golf cart, tractor or other powered vehicle, please use the ST-1 Vehicle Adaptor. Length is 38.5" and weighs 3 pounds 8 ounces. Made in the USA using 4130 Chromoly material. FITS THESE BEECHCRAFT MODELS: Bonanza, Baron, Travel Air, T-34 P/N 13-06848..... $209.00
ST-1 Vehicle Adapter ..... P/N 13-04066..... $59.50

REDLINE PH-1 FOR ECLIPSE

Main gear axle adapter allow the use of floor jack or bottle jack for tire maintenance. Made in the USA using 4130 Chromoly material. FITS ALL ECLIPSE AIRCRAFT.
P/N 13-06853..... $349.00

REDLINE UL/UL-XT TOWBARS

UL: Very light weight, 2-piece design for hand towing only. Extends to 43.5" and stows to 25.5" and weighs 3 pounds 4 ounces. Made in the USA using 4130 Chromoly material.
U.L- XL: CESSNA Very light weight, 2-piece design for hand towing only. Extends to 48.5", collapses to 31.5" and weighs 3 pounds 6 ounces. Made in the USA using 4130 Chromoly material.
U.L. XL: MOONEY 2-piece design for hand or powered use for heavier airplanes. Extends to 61.5" and collapses to 33" and weighs 5 pounds. Made in the USA using 4130 Chromoly material.

Application	Part No.	Price
UL - Beechcraft - Fits Bonanza, Bonanza, Baron, Travel Air, T-34	13-01914	$209.00
UL-XT - Cessna - Fits 172RG, 177RG, 182RG, 210, P210	13-01917	$195.00
UL-XT Mooney - Fits All	13-06847	$195.00
UL - Piper - Fits Arrow, Lance, Saratoga (RG).	13-01915	$195.00

REDLINE STIFFY

A 1-pound, spring-loaded, reversable-ratcheting mechanism that greatly increases the "leverage" available to help move your plane. Must be used with either the ST-1 or BE-3 Towbar, purchased separately. Made in the USA using 4130 Chromoly material.

Application	Part No.	Price
Beechcraft - Bonanza, Baron, Travel Air, T-34	13-04064	$225.00

REDLINE WEDGE-LOC LINK

Provides a solid "link" between your airplane and other brands of tow bars or power tugs that were designed to connect to either your axle or tow pins. With the WLL, nothing touches any exterior surface of your plane -- the result is no scratching or other damage! Made in the USA using 4130 Chromoly material.
FITS THESE BEECHCRAFT MODELS: Bonanza, Baron, Travel Air, T-34 P/N 13-01913..... $249.95

REDLINE SLIDER FOR ECLIPSE

The Slider adapter inserts into the front axle and tightens securily. It provides a short "stub" on each side for any universal type tow bar attachment. With the Slider in place, nothing touches any exterior surface of the nose gear, avoiding scratching and other damage. Made in the USA using 4130 Chromoly material. FITS ALL ECLIPSE AIRCRAFT. P/N 13-06854..... $149.00

PS

AIRCRAFT TUGS

TRACE TOWBOTS REMOTE CONTROL AIRCRAFT TUG

The iTowBot's loading sequence is as easy as driving the unit directly under the nosewheel of your aircraft. It is engineered so that when the aircraft loads, the weight of the loaded aircraft does not inhibit its zero-turn capability. This allows the operator to articulate the aircraft in a manner that places it ahead of all other towing equipment. Releasing the aircraft is just as easy. A foot-operated release allows the operator to unlock the swivel carriage and merely back out from beneath the nosewheel. Can tow in any direction, allowing the user to position aircraft in close quarters with ease. It has the ability to rotate the aircraft inside of its own wingspan. The powerful 24VDC motors are regulated for smooth starts and stops while delivering the power you need to put your aircraft asset out on the ramp or back in the hangar. Specifically designed to provide adequate distance for the operator to tow an aircraft while stepping back to visually clear the areas around the aircraft. The operator should exercise caution in selecting the vantage point from which to operate the iTowBot. The front wheel remains stationery while the iTowBot is free to turn through 360°. With its hybrid zero-turn capability. The DX2.0 transmitter is designed to provide bulletproof 2.4 GHz spread spectrum radio link. There are no worries of frequency clip or radio interference from noisy motors or no reason to be concerned that someone may turn on a radio on your channel. The receiver is bound to the transmitter at the facility prior to shipment so that the receiver will only recognize its specific transmitter that comes with your iTowBot. During the binding process, the motor fail safe positions are also set to further provide another level of safety. Specifications: * Measures 38" Wide x 46" Long x 12" High * Powerful Reversible 24 Volt DC Motors * Rugged Steel Construction * Powder-Coated Frame * Virtually Zero Maintenance * Easy Ergonomic Remote Control Handset * Max Towing Speed 1.7 Feet Per Second * Overvoltage Thermally Protected * Tows Aircraft up to 15,000+ Pounds Gross Weight * Trouble Free Cast Iron Rims with Non-Marking Moldon * Solid State Heavy Duty Fully Articulating Motor Control Wheels * Hybrid Zero Turn Capability about Stationary Nosewheel * Equipped with Solid State Battery Charger/Maintainer * Also available with built-in 24V Auxiliary Power Plug (APU) & Power Cord

Descriptions	Part No.	Price

TRANSAXLE BATTERY OPERATED TUG

Easily move small aircraft quickly and safely in tight areas. The model 701 is collapsible for compact stowing. Optional ball hitch attachment for movement of small trailers and campers. Model 701 - Move aircraft weighing up to 4,500 lbs. Max Tow. Tug performance data based on level, smooth, paved surfaces. Features: • 400W effective power • 24 V DC Electric motor • Operator can easily control steering • Rocker switch for forward/reverse • Adjustable speed • Virtually silent when moving • Environmentally friendly - no exhaust • Average battery life: 3 hr • Dual Battery Pack - 24v system • Easily remove 24v battery • Collapsible design • Easy adjust handle for user comfort • Universal adaptor attachment for quick tool-free connection to a wide range of aircraft. P/N 11-10807.....$2,220.00

TRANSAXLE GAS OPERATED TUG

Designed and built to save time and money for FBOs, Maintenance Shops, Corporate aviation or anyone needing to move aircraft. The 707 Tug makes it easy for one person to maneuver aircraft quickly and safely in tightly stacked hangars or staging on the ramp. Model 707 - Move aircraft weighing up to 9,500 lbs. Max Tow. Tug performance data based on level, smooth, paved surfaces. Features: • 340cc Honda OHV Engine - EPA approved • Gasoline (87-100LL) • Electric start • Heavy-Duty transmission • Disc brake • High-floatation pneumatic drive tires • Lazy Susan • Quick-Lock strap to secure nosewheel • Headlight.

P/N 11-10808.....$4,797.00

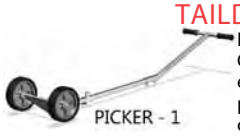
TAILDRAGGER PICKERS



Fits: LSA, Pitts, Vans-RV, Extra 300, Super-Cub, Citabria, Decathlon, Stearman, Waco... etc. Contacts tire with a 1,000 + Lbs capacity per wheel. Beautiful yellow hi-gloss powder coat finish. Corrosion Resistant mfg., (CRES). Old & worn tires now fit perfectly again every time. (-1) & (-2) Handlebars are "interchangeable" Soft comfort heat & cold resistant grips feel good to hold. You will get your "best-fit" every time for the reach, width & diameter of your tail wheel. No visible protruding hardware that could damage aft flight control surfaces. (-2) comes standard with ergonomic handlebars designed to the comfort of your wrist. Fits the popular RV tail dragger's, with no additional purchased parts, accessories, adapters or hardware. Simple to use as usual, just push handlebar down and Pivot the "Picker Pins" over to capture the tire. In a nut shell, these Picker's fit a J3-Cub thru 450 Stearman or any tire up to 3.5 inches wide. Long Lasting, Premium Quality, 2-Wheel Tow System. Designed by an aerospace product & tool engineer and former tail dragger pilot.

PICKER-1, the standard (-1) has fully adjustable "Picker-Pins" on 1 side of the frame only. This will still fit "any size" tail wheel tire.

PICKER-2, The larger big brother (-2) also has fully adjustable "Picker-Pins", but they are on "both sides" of the frame and is much wider and therefore you once again have the option of picking 2 tail wheel sizes without having to make adjustments each time. This model is perfect for hangars with more than one tail dragger inside that has different sized tail wheels. Also liked by A&P's, FBO's, Repair Stations etc.., or the person who just wants it all.

Picker-1.....P/N 13-14774.....$209.00
Picker-2.....P/N 13-14775.....$217.00

SPORT PICKER

LSA ONLY... Works great, due to the efficiency, the recommended use of this product is based on smooth hard Flat surfaces like concrete. That being said... This very affordable inexpensive tow bar is specially designed for tail draggers that fall into the Light-Sport Aircraft category. This simple yet unique tow bar still has (2) fully adjustable Picker-Pins on (1) side for tail wheels up to a max 8-inches in diameter. The "SPORT" PICKER-3 assembly you see here is also a quality built Powder Coated tail dragger tow bar made with durable materials and hardware. Make an infinite number of adjustments to ensure a perfect fit for many aircraft with smaller tail wheels. The "SPORT" PICKER-3 can even be dialed-in using NO TOOLS most of the time. You can even adjust the location of the tail wheel.

P/N 13-15504 ..... $149.00

BABY BUSH PICKER 1A /1B

-1A vs -1B Explained below:

PICKER-1A Baby Bush - comes with flat free high capacity 10-inch wheels and still fits LSA and aircraft up to 1,800 pounds. The use of this tow bar is designed for door lips, door tracks, grass/turf and packed gravel. PICKER-1A now has an ergonomically engineered handlebar. PICKER-1B Baby Bush - comes with (count'em), 4 Flat Free extra high capacity 10-inch wheels and still fits LSA thru Stearman. The use of this tow bar is designed for door lips, door tracks, sand, wet soft grass or turf and loose rocky gravel even snow. Baby Bush PICKER-1B also has an ergonomically engineered handlebar.

-1A.....P/N 13-16047..... $229.00
-1B.....P/N 13-16048..... $274.00

BABY BUSH PICKER 2A / 2B

Baby Bush PICKER-2A is one of the FBO favorites and comes with flat free high capacity 10-inch wheels and still fits LSA and aircraft up to 1,800 pounds. The use of this tow bar is designed for door lips, door tracks, grass/turf and packed gravel. The Baby Bush PICKER-1A now has an ergonomically engineered handlebar. Because of your option to set up the Picker-Pins for two or more different sized tail wheels "at the same time", it's an FBO/A&P favorite. Baby Bush PICKER-2B handles this Ryan PT-22 Recruit War-Bird with no problems. Get all the control back in your hands with this "best of the best" Baby Bush PICKER-2B.

-2A.....P/N 13-16049..... $252.00
-2B.....P/N 13-16050..... $296.00

AIRTUG® 6-S GAS POWERED

The AIRTUG Model 6-S model is extremely easy to use because of its' unique "Throttle Grip Control" system utilizing a hydrostatic transmission as the heart of the Airtug, a heavy duty variable speed , 6 horsepower gas engine. They guarantee your safety with their "Return to Brake" feature that absolutely prevents any unintentional movement of the plane when the throttle grip is released. There is no metal to metal contact, no gears to shift and no jerky clutching systems to quickly wear out. Finally, its' pinpoint handling makes this unit a great choice. All of these features simply make this aircraft tug the best in the industry! Features: • Loading System: Winch Strap/ Strut Strap with Accessory options • Parts Warranty: 1 Year • Tow Weight: Up to 8,100 lbs. • Turning Radius: 360° with handle-mounted Caster • Construction Details Specifications: • 11 Gauge Heavy Steel Frame • Hydrostatic Transaxle 16"x 6" - 6 ply on 8" Drive Wheels • Drive wheels capable of handling nosewheel weights up to 2000 lbs. • Welded load platform mounted between the drive wheels for added traction.

P/N 13-07284 .....$3,595.00

AIRTUG® 6-H GAS POWERED

The 6-H aircraft tug model is the tug of choice for those who need to lower the tail to enter a hangar, and might also need to handle nose-wheel fairing aircraft. The nose-wheel is loaded the same as the Model 6-H, and then it can be raised by a hydraulic jack up as much as needed to a maximum of roughly 9'', thus lowering the tail by approximately double this amount. Additionally, it is easy to use because of its' unique "Throttle Grip Control" system utilizing a hydrostatic transmission and a 6HP variable speed gasoline engine. They guarantee your safety with their "Return to Brake" feature that absolutely prevents any unintentional movement of the plane when the throttle grip is released. There is no metal to metal contact, no gears to shift and no jerky clutching systems to quickly wear out. Finally, its' pinpoint handling makes this unit a great choice. Features: • Loading System: Hydraulic Lift Shoe with Winch Strap/ Strut Strap • Parts Warranty: 1 Year • Type of Starter: Recoil • Engine: Four Stroke 6-HP • Tow Weight: Up to 8,100 lbs. • Turning Radius: 360 degree Specifications: • 2 Ton Hydraulic Jack for Lift Shoe • 11 Gauge Heavy Steel Frame • Hydrostatic Transaxle • 16"x 6" - 6 ply on 8" Drive Wheels • Drive Wheels Capable of Handling Nose-wheel Weights up to 2000 lbs. • Low Profile unit for avoiding low aircraft hulls and flight controls with low axle and optional 13" Drive Wheels.

P/N 13-07285 .....$3,795.00

AIRTUG® 10-S GAS POWERED

Extremely easy to use because of its' unique "Throttle Grip Control" system utilizing a hydrostatic transmission as the heart of the Airtug, a heavy duty variable speed gas engine, with a built in electric starter. They garantee your safety with their "Return to Brake" feature that absolutely prevents any unintentional movement of the plane when the throttle grip is released. There is no metal to metal contact, no gears to shift and no jerky clutching systems to quickly wear out. Finally, its' pinpoint handling makes this unit a great choice. A light is built in for ease of seeing under the fuselage at night. Features: • Loading System: Winch Strap/ Strut Strap with Accessory options • Parts Warranty: 1 Year • Engine: Heavy Duty 10hp electric and recoil start • Tow Weight: Up to 16,000 lbs. • Turning Radius: 360° with handle-mounted Caster. Specifications: • 11 Gauge Heavy Steel Frame • Hydrostatic Transaxle • 16"x 6" - 6 ply on 8" Drive Wheels • Drive wheels capable of handling nosewheel weights up to 2000 lbs. • Welded load platform mounted between the drive wheels for added traction.

P/N 13-07288 .....$4,595.00

AIRTUG® 10-H GAS POWERED

The 10-H aircraft tug model is the tug of choice for those who need to lower the tail to enter a hangar, and might also need to handle nose-wheel fairing aircraft. The nose-wheel can be raised by a hydraulic jack up as much as needed to a maximum of roughly 9'', thus lowering the tail by approximately double this amount. Additionally, it is easy to use because of its' unique "Throttle Grip Control" system utilizing a hydrostatic transmission, electric starter and a heavy duty variable speed gasoline engine. They guarantee your safety with their "Return to Brake" feature that absolutely prevents any unintentional movement of the plane when the throttle grip is released. There is no metal to metal contact, no gears to shift and no jerky clutching systems to quickly wear out. A light is built in to ease seeing under the fuselage at night. Features: • Loading System: Hydraulic Lift Shoe with Winch Strap/ Strut Strap • Parts Warranty: 1 Year • Type of Starter: Electric • Engine: Four Stroke 10-HP or greater, electric or recoil start • Tow Weight: Up to 16,000 lbs. • Turning Radius: 360 Degree Specifications: • 2 Ton Hydraulic Jack for Lift Shoe• 11 Gauge Heavy Steel Frame • Hydrostatic Transaxle • 16"x 6" - 6 ply on 8" Drive Wheels • Drive Wheels Capable of Handling Nosewheel Weights up to 2000 lbs. • Low Profile unit for avoiding low aircraft hulls and flight controls with low axle and optional 13" Drive Wheels

P/N 13-07289 .....$4,795.00

AIRTUG® EL3-S ELECTRIC POWERED

Same great power and moving capacity as the larger gas powered unit, but in a QUIET electric model! Extremely easy to use because of its' unique "Throttle Grip Control" system utilizing a Hydrostatic Transmission, Heavy Duty Electric Motor, powerful Batteries, and built-in Battery Charger. They guarantee your safety with their "Return to Brake" feature that absolutely prevents any unintentional movement of the plane when the throttle grip is released. There is no metal to metal contact, no gears to shift and no jerky clutching systems to quickly wear out. Finally, its' pinpoint handling combining twist grip control with a large, handle-mounted Caster makes this walk-behind Airtug a great choice. A light is also built in for ease of of seeing under the fuselage at night. Features: • Loading System: Winch Strap/Strut Strap with Accessories • Parts Warranty: 1 Year • Engine: Heavy Duty 3HP Permanent Magnet Motor • Tow Weight: Up to 16,000 lbs. • Turning Radius: 360 Degree Specifications: • 11 Gauge Heavy Steel Frame • Hydrostatic Transaxle • 16"x 6" - 6 ply on 8" Drive Wheels • Drive wheels capable of handling nosewheel weights up to 2000 lbs. • Low Profile unit for lower axle clearances and 13" Drive Tires option

P/N 13-07286 .....$5,395.00

AIRTUG® EL3-H ELECTRIC POWERED

AIRTUG NFE-4 ELECTRIC FOR CIRRUS

Moves the CIRRUS Aircraft and other castering nose-wheel aircraft easily and makes moving the aircraft a simple task for a single person!

The BEST TUG for CIRRUS aircraft or any other castering or non-castering nose- fairing aircraft. Simply attach the small towbar by hand to the aircraft and then winch the tow-bar / nose-wheel onto the raised platform for total control by the tug. Much easier to hookup and control the aircraft than a single wheel tug that is not able to lift the nose wheel off the ground. Can move most nose-fairing aircraft including the Diamond and other aircraft weighing less than 4,000 lbs. Easy to Use and Economical with pin point handling allowing the operator to pivot as tight as desired as a result of the transmission Differential. 24 Volt Electric motor so no need to worry about gas going bad Twist grip for infinite speed control forward and reverse with no gears to shift and no jerky clutching system. Reduces repair cost from accidents that result from moving aircraft while not having good control and good visibility and knowledgeable help. Assembles in minutes. Powder coated Frame & Handle. Dimensions: 85" long x 36" wide x 42" tall. 1 Year Warranty. 30 Day Money Back Guarantee!

TIE-DOWNS

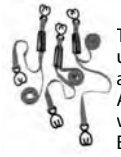
FLY TIES TIE DOWNS

FlyTies Tie Downs Rated "Top Choice" by Aviation Consumer

FlyTies® unique design allows quick insertion and quick removal using the easy-out extraction tool provided. Rugged, die-cast steel rods are 3/8" x 14" for deeper penetration into harder ground. Cumulative load capacity is 3,600 lbs. Kit includes 3 eas. Delrin hubs, 9 eas. steel rods, 3 ea. 3/8" x 12 ' ropes, easy-out extraction tool, and rugged compact canvas tote bag. Complete kit weighs only 6 lbs. (less than 1 gal of Avgas) and has a lifetime warranty. P/N 13-22751 ..... $98.85

TIE-DOWN EYE BOLT

For non-structual applications. The 7/16" dia. threaded shaft is 7/8" long. Hole is 5/8" dia. Overall length 2-1/2". Furnished with AN365-720 elastic stop nut and wide-area AN970-7 washer P/N 13-04303..... $8.25



AIRCRAFT TIE-DOWNS

These Aircraft Tie-Downs offer strong, durable, and easy to use tie downs for any weather condition. These tie downs are rated up to 3,000lbs. and tighten up with one quick pull. A sliding cap protects the buckle from freezing during cold weather and keeps grit out during windy field conditions. Each kit comes with: * Three 9 foot long tie down straps * Choice of tie down strap colors: black, red, or royal blue * A Dupont Cordura carrying bag with choice of colors; black, forest green, red, royal blue or navy. Embroidery is available for an additional $5. Color is Red. P/N 13-06328 ..... $67.75

TAIL TIE DOWN GUARD 162TG

Fits Cessna 162 And Other Light Aircraft.

P/N 05-08294..... $131.95

AIRCRAFT TIE-DOWN WITH EMBROIDERY

Aircraft Tie-Down offer strong, durable, and easy to use tie down for any weather condition. Rated up to 3,000lbs. and tighten up with one quick pull. A sliding cap protects the buckle from freezing during cold weather and keeps grit out during windy field conditions. Kit Contains: A Dupont Cordura matching carrying bag. Specifications: • Strap Color: Red • Embroidery Color: White. P/N 13-12672..... $77.75

THE PILOT BUDDY

A pillot actuated safety and restraint system for hand propping and tail tie down.Constructed to meet and exceed the load for purpose of positive restraint. Has a Black Velour storage Pouch (4" x 5"), and a slighty smaller restraint loop ring. The entire device and storage package weighs less than 2 OZ, and fits in the palm of your hand. Both the restraint loop (Left side-4 Yards=12'); and the release lanyard (Right side -6 yards = 18') are constructed of MIL Specification, MIL-C-5040, 750 pound test line. The Swing Latch Shackle release is test certified to 800 pounds tensils strength for operating loads. The Swing Latch mating ring on the Restraint loop (Left Side), is a ring contructed to MIL Specification. MS27762, with a tensile strength of more than 750 pounds. Package comes with instructions, a checklist for use, and other increasing safety materials. P/N 13-04259..... $32.50

AIRCRAFT TIE-DOWN STRAPS

Monogramming available (max 10 letters or numbers). Monogramed items are noncancellable and nonreturnable. *Note - Picture shows and example of the monograming option. Actual tie-down is blank unless monograming option is purchased.

SUPER ROPE CINCH®

The Super Rope Cinch™ is a simple handheld device that allows anyone to tie or untie rope with a simple twist. It can be used to tie or untie 1/8" to 5/8" rope, with nothing more than a simple twist.

The Super Rope Cinch® can hold a great amount of vertical or horizontal pressure, yet can be tied and untied in less than 1 second. Use the Super Rope Cinch® for tying boats, tents, luggage, backpacks, snowboards, wakeboards, tools, and everything else you fasten with a rope. The Super Rope Cinch® is considered by many to be the safer consideration to using bungee cords, which have a somewhat high rate of failure and cause thousands of injuries every year. Rope not included.

P/N 13-11641 ..... $4.90

NELSON AIRCRAFT TIE-DOWNS

- Three 15" welded (not bent) steel anchors with sharp tips for easy installation
- Three 15' nylon ropes• Cordura, Int'l. Orange, 8"x15" case

CUSTOM WHEEL CHOCKS FOR LARGE JETS

This product is unique compared to some of the other wheel chocks out there. These custom wheel chocks are lightweight aluminum for large corporate jets. These wheel chocks are carefully fabricated, engraved and then covered with durable powder coating available in grey, black, or orange. These are extremely high quality and are a great addition for corporate jet operators to carry with them for many times when you fly to a ramp that doesn't have wheel chocks readily available. In addition to being stylish, these wheel chocks are very durable, long lasting and won't corrode. These are offered as a single pair for nosewheel or as two pair (one for each main wheel). Designed for single main wheel aircraft and are 12" long and made of .25" thick aircraft grade aluminum.

Chocks w/ your N# or company name ..... P/N 13-01766 ..... $35.50

RUBBER WHEEL CHOCKS

These ribbed rubber wheel chocks measure 4"x4"x8" and have reflective tape on all three sides. Connected with nylon rope. Very popular with corporate operations & FBOs.

P/N 13-01767 ..... $54.50

AIRGIZMOS WHEEL CHOCKS

These chocks are unique because they are stackable. Cuts down on the amount of space required to carry them in the plane. Durable plastic sides are lightweight, but are made to take a lot of abuse. There is space on the sides to put your airplane's n-number (you supply the vinyl lettering). The edges of these chocks are made of non-skid material, so they stay where you put them.

P/N 13-04298 ..... $17.95

VECTOR CHOCKS

Hangar rash is the leading cause of ground handling insurance claims. Vector Chocks reduces the chance of hangar rash and will save you a considerable amount of money.

Vector Chocks cradle the wheel with their unique ramp design and the energy yellow colored industrial grade safety tape will help guide you from the hangar door to your safe parking place.

Installation is a snap with the peel-n-place feature, which sticks to asphalt as well as concrete.

Vector Chocks come as a complete kit, each kit containing two Vector Chocks and a roll of industrial grade energy yellow safety tape.

P/N 13-11694 ..... $39.95

WINDSOCKS

SCOTT'S WINDSOCKS

Scott's windsocks are manufactured of long-life polyester fabric that is treated to resist the effects of wind and weather. All seams are double stitched with polyester thread for strength. The windsock throat is reinforced and has solid brass grommets for easy attachment and corrosion resistance. Nylon ties are included with each windsock to attach it to the frame. Windsocks are available in high visibility orange, white or alternate orange and white stripes. Fully extended at 20 MPH or 15 Knots.

SCOTT'S STANDARD WINDSOCK FRAMES

These very popular frames are constructed of welded steel for strength & durability. They have 2 ball bearings for easy swiveling and are painted for corrosion resistance. The frame is mounted to a 1-inch diameter support pipe threaded to fit a 3/4" size pipe or conduit. Order windsocks separately.

8"....P/N 13-20229....$49.50

18"....P/N 13-20230....$59.95

SCOTT'S EXTENDED WINDSOCK FRAMES

The extended frame turns much easier and keeps the windsock headed into the wind like a weathervane. The frame holds the windsock open fully so it will "fly" in lighter winds. Constructed of all welded steel with 2 ball bearings. The frame is mounted to a 1-inch diameter support pipe threaded to fit a 3/4-inch size pipe or conduit. ORDER WINDSOCKS SEPARATELY

18".....P/N 13-20244.....$81.95 24"..... P/N 13-20245 .....$119.90

STANDARD WINDSOCK FRAMES

These windsock frames are perfect for both our "long life" and "extra long-life" series windsocks.

The "Long Life" windsock is made of 100% nylon and is very durable. Even in tough weather conditions, this windsock can hold its own.

The "Extra Long Life" windsock is a heavy-duty cross-woven Aviation blend Poly. Nylon material with special Rip-Stop characteristics, Medium-weight for more flexibility, chemically resistant treated, and Polyurethane coated for bonding strength and water repellency. Ultra-violet dyed for best retention. Nylon support webbing on intake opening with brass grommets. Colorfast International Bright Orange in color. "Extra Long Life" windsocks have an estimate 50% longer life and color retention.

Size (in)	Part No.	Price
12 x 48	13-04318	$74.50
13 x 48	13-04319	$76.85
15 x 55	13-04320	$68.75

Size (in)	Part No.	Price
18 x 60	13-04326	$77.85
20 x 60	13-04327	$76.80

MINIATURE 15" WIND SOCK

For home, office, hangar or workshop. The 15" long wind cone of Flame-Orange sailcloth material swivels on 23" high steel shaft. Wind directionals are cast aluminum with flat black finish. Furnished with mounting hardware and instructions.

Complete Kit.....P/N 13-03747..... $53.75
Replacement Sock.....P/N 13-03748.....$12.50

27" VINYL WINDSOCK

Features 27" long x 6-1/2" diameter fluorescent orange vinyl sock. Aluminum mast adjusts from 33" to 54" and up to 12 ft. with extension kit. Perfect for private strip, helicopters, or runway threshold.

Complete Windsock w/frame .....P/N 13-20015.....$57.95
Replacement Sock.....P/N 13-20025.....$21.85

8 FOOT VINYL WINDSOCK

18" diameter sock is double stitched, durable, fluorescent orange vinyl coated nylon. Ball bearings let sock turn easily even in light winds. Aluminum frame holds mouth open. Mount on appropriate pipe. Order frame and sock separately

8 Foot sock only....P/N 13-20035 $49.85

NYLON WINDSOCKS

These socks are windtunnel tested and designed for conditions in which safety and wind direction are of greatest importance. They are constructed of nylon oxford cloth for strength and flyability and dyed a bright orange for higher visibility. The throat and tail bands are stitched with multiple rows of tough synthetic thread. The throat band is finished with #1 brass grommets and nylon ties are included. Unlike canvas or vinyl, these Socks fly in the slightest breeze.

Part No.	Throat Diameter	Length	Price Each
13-20040	10"	36"	$29.95
13-20045	18"	48"	$39.50
13-20060	36"	144"	$138.95
13-20050	18"	60"	$48.95

LONG LIFE WINDSOCKS

All Long Life Windsocks are made of heavy-weight cross-woven Aviation blend material having special Rip-Stop characteristics, flexible, chemically resistant treated, Polyurethane Coated for bonding strength and water repellancy, Ultra-violet dyed, with Nylon Web support and brass grommets. Color: Colorfast International Orange. Estimated 50% longer life and color retention. Aviation sized windsocks. FAA approved sizes per FAA Advisory Circular #AC 150/5345-27C dated 07/85. Estimated wind speeds: Fully extended shape for all sizes listed below, (wind tunnel tested) to be special cut Specification of 15 knots = 16.5 mph. 18" - 28" diameter windsocks 96" in length. 36" diameter 144" in length.

WINDSOCKS

AIRPORT WINDSOCKS

What makes these aviation windsocks different?
Two major things make a windsock, its material and its construction. Starting off with a premium nylon fabric that is made right here in the USA to exact standards. Nylon offers unparalleled windsock durability to the elements and will not become rigid in cold weather, keeping these windsocks extremely responsive in even the slightest of wind. From there it gets urethane coated and UV protected, giving the windsock superior fade resistance and color retention. The material is subjected to a variety of tests by an independent lab to verify its structural integrity and UV resistance. This superior material is then cut and sewn. Our reinforced double stitched hems and heavy duty brass grommets, assures these windsocks long life reliability.
The added expense of a superior material and manufacturing process meets the needs of even the most demanding windsock customers. Such as: US Military, US Coast Guard, US Embassies, State Airports, Offshore Oil Rigs, Nuclear Power Plants, Medical Heliports, Government Bio Hazard Units.

ORANGE WINDSOCKS

Description	Size	Part No.	Price
Orange Windsock	4" x 15"	13-06386	$16.95

Ball Bearing Frames	36" Non Collapsible	13-06485	$129.85
Ball Bearing Frames	36" Collapsible	13-06486	$269.95

EXTENDED BALL BEARING FRAMES

These windsock ball bearing extended frames are a rugged design constructed of a welded steel construction and then a powder coated finish for corrosion protection. They incorporate the same high quality construction as our standard ball bearing frames with the added performance of an extened frame. They incorporate a two bearing pivoting design for effortless pivoting. These frames are ready to be mounted on a ¾" female pipe thread for the 13"and 18" frames. Use 1" female pipe thread for mounting the 24" and 36" frames.

Description	Size	Part No.	Price
Extended Ball Bearing Frames	13"	13-06487	$77.90
Extended Ball Bearing Frames	18"	13-06488	$91.50
Extended Ball Bearing Frames	24"	13-06489	$114.95

VERTICAL SOCK KITS

These complete kits include our standard frame, windsock, windsock ties, pole, and brackets. They are a stand alone unit for mounting on a flat vertical surface or they can be installed right onto an existing 3/4" pipe thread pole.

Description	Size	Part No.	Price
Vertical Mount Windsock Kit	8" x 36"	13-06491	$87.80
Vertical Mount Windsock Kit	13 " x 54"	13-06494	$89.95

Vertical Mount Windsock Kit	18" x 96"	13-06496	$103.95

TRIPOD MOUNT WINDSOCK KIT

These complete kits include our standard frame, windsock, windsock ties, pole, and tripod. They are a stand alone unit for mounting on a flat horizontal or peaked roof surface or they can be installed right onto an existing 3/4" pipe thread pole.

Description	Size	Part No.	Price
Tripod Mount Windsock Kit	8" x 36"	13-06497	$89.95
Tripod Mount Windsock Kit	13" x 54"	13-06498	$103.75
Tripod Mount Windsock Kit	18 x 60"	13-06499	$113.95
Tripod Mount Windsock Kit	18" x 96"	13-06501	$119.95

PORTABLE WINDSOCK KIT

This rugged, stand alone unit comes complete with the pole, frame, windsock and windsock ties. This free standing system measures over 7' tall in its assembled configuration. * It features an extremely rugged design that incorporates a pole with a foot lug and handle for easy installation and removal. The two part pole disassembles for easy transportation. * The frame conveniently screws onto the top of the pole. Its aluminum hoop and bail pivot on a stainless steel shaft for years of reliable and responsive action. These high quality socks are constructed from U.S. made nylon fabric that is urethane coated and UV protected.

Description	Size	Part No.	Price
Portable Windsock Kit	6 " x 24"	13-06502	$104.75
Portable Windsock Kit	8 " x 36"	13-06503	$111.75

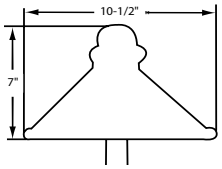
RUNWAY LIGHTS / TAXI LIGHTS

- 10 Watts
- Operates on standard 115V
- Equipped with long-life outdoor bulb
- Uses No. 8 or No. 10 standard underground cable. Check w/State & local building codes
- Uses standard 1" wood or steel stake
- Marker cone has high luster baked-on finish
- High illuminated optical lens
- Equipped with 6" attached pigtail
- Constructed of lifetime aluminum components
- Preassembled - Strip kits ready for hookup.

Excellent Quality • Economical Pricing • High Optical Output • Immediate Delivery • Lowest Operating Cost •Minimum Installation & Maintenance Cost



RUNWAY LIGHT KITS

These realistically priced lights are inexpensive to install, require little maintenance, and are economical to operate. The shield has a baked on finish equipped with high illuminating lens. Also includes 6" attach pigtail. Operates on standard 115V. Code 7

MONTAGUE PARATROOPER™

The Paratrooper is one of the many folding mountain bikes that Montague offers. Its patented folding design was developed to allow airborne soldiers to drop out of airplanes and helicopters and into combat. The Paratrooper offers advanced features with 24 speeds and front and rear mechanical disc brakes. Known for its durability and load bearing capabilities, this folding bike has also developed a following with everyday commuters and weekend warriors. The Folding Integrated Technology (F.I.T.) is based around frame construction concepts designed for serious full suspension downhill bikes.

18" ..... P/N 13-01068 ..... $849.99
20" ..... P/N 13-01069 ..... $849.99

MONTAGUE SWISS X50 BIKE

The Montague SwissBike X50 is designed to fold and fit anywhere. With front suspension and all terrain tires, this 18-speed folding mountain bike makes for the perfect light trail bike for weekend excursions, or a rugged commuter bike. The X50 uses all standard 26" mountain bike wheels and components serviceable at any bike shop.

Color: Gloss Black. Frame: Custom drawn 7005 Series Aluminum with FIT System. Power Angle geometry. Fork: SR Suntour. Suspension XCT V2. 80mm travel. Alloy one piece lower. Disc Compatible. Rims: Alex. Alloy, 36 hole. Tires: Kenda. Knobby. Front and Rear Specific. 26 x 1.95".

16in Frame: 4'8" - 5'2" ..... P/N 13-07250 ..... $629.99

20in Frame: 5'11" - 6'4" ..... P/N 13-07254 ..... $1,199.99

MONTAGUE SWISSBIKE X90

The Montague SwissBike X90 is an aggressive 30-speed folding hardtail with a stiff frame providing both performance and portability. With 26" wheels, it's a full-size bike with full-size performance, but folds to fit in the trunk of a car or in a small closet. These rugged folding bikes are built to outlast, handle any terrain, and carry a ton of gear.

Clever integration of the patented CLIX System allows the SwissBike X90 to be folded in under 20 seconds without the use of tools. A flip of the CLIX quick release lever on the top tube and the bike folds to a compact size.

The SwissBike X90 features top-of-the-line components including: SRAM Elixir 7 front and rear hydraulic disc brakes, a RockShox Sektor RL suspension fork, and a Truvativ X-9 crankset.

18in Frame: 5'3" - 5'10" ..... P/N 13-12006 ..... $2,949.99

MONTAGUE ACCESSORIES

MONTAGUE FOLDING PEDALS - These pedals reduce the width of the folded bike by 4 inches. While not ideal for high performance riding, they do serve a purpose for those with tight space constraints.

P/N 13-03745 ..... $34.95

MONTAGUE CARRYING CASE ..... P/N 13-08406 ..... $99.95

MONTAGUE KICK STAND - We offer a traditional steel kickstand that attaches to the Montague bike like a standard kickstand without interfering with the unique folding feature. ..... P/N 13-03744 ..... $19.95

PS

DAHON FOLDING BICYCLES

DAHON SPEED UNO

The answer for no-hassle riding anytime. Last year Dahon introduced the functional, simple, stealthy-looking Mu Uno and it quickly became the favorite of all who touched it. The Speed Uno is just as stealthy and portable but even simpler and more affordable. Take one everywhere. BioLogic FreeDrive keeps chain and clothes clean. Folds completely in under 10 seconds. Luggage Socket for attaching a variety of bags and baskets. Color: Shadow Black P/N 13-10419 ..... $399.00

DAHON SPEED D7 FOLDING BICYCLE

The Speed combines sporty performance with terrific value. Year after year it remains Dahon's most popular bike because of this. The frame is hand-welded from custom-drawn 4130 chromoly Sonus tubing and incorporates six different patented technologies, resulting in what is probably Dahon's stiffest frame. The Neos derailleur is fast-shifting and has a nice wide, gear range – perfect for urban riding in most cities. Low profile Neos derailleur delivers super fast shifts and is protected from damage beneath the chainstay. Folds in less than 15 seconds so you can take it anywhere. The SuperLite 4130 chromoly frame is strong, light and responsive. The Radius Telescope adjustable handlepost adapts to all riders and riding styles. P/N 13-04094 ..... $549.00

DAHON SPEED P8

Probably the best combination of performance and value in our product line, the Speed P8 is perfect for long commutes, weekend exploring, or touring. The Speed P8 shares the same frame as the Speed Pro and combines it with our no compromise Premium component package. The Speed P8's stiff frame, rigid Radius handlepost, and plush-riding Schwalbe Big Apple tires inspire confidence on even the worst roads. Wheel Size: 20". Speed: 8. Folded Size: 30 x 77 x 64 cm (11.7" x 30" x 25"). Folding Time: 15 Seconds. Weight: 12.6 kg (27.8 lb). Max Rider Weight: 105 kg (230 lb). Colors Available: Fire Red, Obsidian.

P8 20" Fire Red ..... P/N 13-00043 ..... $699.00
P8 20" Obsidian ..... P/N 13-10420 ..... $699.00

DAHON MU P8

The Mu P8 is one of Dahon's most versatile, all-around bikes. It's wonderfully light, fast enough for long weekend rides, and stylish enough to turn heads everywhere you go. Great performance and a good value. Lighter, stronger, and faster are the goals and the Mu P8 delivers on all three. 20" Cloud White ..... P/N 13-00789 ..... $799.00

DAHON JACK D7

The Jack is designed to go at any pace you choose and to roll over anything in your path. Forget leaving your urban machine in that communal bike garage and getting nicked and scratched; keep it inside and safe… with you. That's how it should be, right? The Jack is designed around a beefy 7005 aluminum frame and phat Schwalbe Big Apple tires. The Jack has seven nicely-spaced gears to keep things simple, enough for most anything you're likely to encounter in the city. What kind of bike is this? It's a human powered urban machine, Jack. Color: Shadow Black.

Jack D7 16" ..... P/N 13-04795 ..... $749.00
Jack D7 18" ..... P/N 13-10423 ..... $749.00
Jack D7 20" ..... P/N 13-10424 ..... $749.00

DAHON ESPRESSO

The Espresso is the bike for urban adventures: to the park on a sunny weekend; down the street for a lazy Sunday brunch; or to the market for some fresh penne, tomatoes, and a bottle of wine. For 2010, the Espresso gets a complete makeover. The patented new Dahon Axis stem lets you fold the Espresso with a minimum of effort and Schwalbe Big Apple tires mean that you go faster, in a lot more comfort. The new Espresso is a shot of caffeine to your cycling lifestyle.

Espresso 16" ..... P/N 13-10421 ..... $699.00
Espresso 18" ..... P/N 13-10422 ..... $699.00
Espresso 20" ..... P/N 13-00791 ..... $699.00

PARA-CUSHION PARACHUTES

PARA-CUSHION 311 - WEDGE

The Para-Cushion 311 Wedge measures 24" (61cm) tall by 16" (40.5cm) wide by 1" (2.5cm) at the shoulders and 3" (7.5cm) at the lower back, and weighs approximately 16 lbs. (7.3 kg). This unique configuration allows for maximum comfort for the pilot by using the shape of the parachute system to put you in a slightly reclined position. The parachute assembly is designed to be used in airplanes where headroom is at a minimum and the backrest is at a straight upright angle with the seat bottom, such as a Pitts S1, Pitts Model 12, Christen Eagle, RV-4, RV-6, Harmon Rocket, and many others.

System Comes Complete with: Harness/Container, Mid-Lite Parachute, Ripcord, Lil Grabber Pilot Chute, Carry Bag, and Manual. TSO - C23c cat. B P/N 13-14779 ..... **$2,433.00**

PARA-CUSHION 304 - SEAT

The Para-Cushion 304 Seat, measures 12" (30.5 cm) tall by 16" (40.5 cm) wide by 1/2" (1.3 cm) thick throughout the back, and 3" (7.5 cm) thick in the seat cushion, and weighs approximately 18.5 lb. (8.4 kg).

The 304 is designed to be used in place of a seat cushion. By using an additional Confor© Foam cushion the seat thickness of the pack may be from 1" (2.5 cm) to 6" (15 cm) thick depending on the type of airplane and how high the user desires to be in the cockpit. The parachute assembly is designed to be used in airplanes where head room is not restricted or moving forward in the cockpit is not possible including: Skybolt, Yak 52, Yak 55, CJ-6, Stearman, Great Lakes, Pitts S 2B, Decathlon, RV-4 and many others.

For RV-4 and RV-8 aircraft the seat container is modified slightly to fit the exact size of the seat pan. The options for the RV version remain the same as the standard version.

System Comes Complete with: Harness/Container, Mid-Lite Parachute, Ripcord, Lil Grabber Pilot Chute, Seat Cushion, Carry Bag, and Manual. TSO - C23c cat. B. P/N 13-03441 ..... **$2,500.00**

PARA-CUSHION 306 - SQUADRON SEAT

The Para-Cushion 306 Squadron Seat measures 16.5" (42 cm) tall by 13" (33 cm) wide by 6.5" (16.5 cm) thick and weighs approximately 19.5 lbs. (8.8 kg). The pack and cushion combination are shaped to fit fully into the seat to provide a large stable, and comfortable seating area for the pilot. The harness is fully adjustable in the main lift webs (vertical straps), as well as in the lumbar area to ensure proper fit, provide support, and remain comfortable. The parachute assembly is designed to be used with the bucket style seat pan found in most warbirds such as: SN-J, T-6, Harvard, T-34, T-28, P-51, Stearman, and many others.

System Comes Complete with: Harness/Container, Mid-Lite Parachute, Ripcord, Lil Grabber Pilot Chute, Seat Cushion, Carry Bag, and Manual. TSO - C23c cat. B. P/N 13-14781 ..... **$2,582.00**

ACROPRO PARACHUTE

The AcroPro is designed with Aerobatic pilots in mind. At just 16 lbs., this lightweight, thin, and comfortable pack supports the pilot during high G maneuvers while maintaining comfort and safety.

The AcroPro, measures 24" (60 cm) tall by 16" (40 cm) wide by 3" (7 cm) thick and weighs approximately 16 lbs (6.5 kg). In many cases, by removing the back cushion of the seat pan, the pilot may place the AcroPro in its place.

Choose our Standard Harness or the Aerobatic Harness at no additional charge.

AcroPro comes with: Harness/Container, Mid-Lite Parachute if desired or C-9 (call for price), Ripcord, Lil Grabber Pilot Chute, Carry Bag, and DVD Manual. TSO - C23c cat. B & SAE AS-8015A

P/N 13-15954 ..... **$2,049.00**

PARA-CUSHION 305 - CHAIR

The Para-Cushion 305 Chair measures 42" long (105 cm) by 16" (40 cm) wide by 2.5" (6cm) to 1" (2.5cm) thick and weighs approximately 16.5 lb. (7.5 kg).

This back mounted container is built to extend from the shoulders of the user to just above the knees. This long design allows the parachute to be packed in a larger area keeping the system as thin as possible. Confor© Foam padding throughout the system allows the user to comfortably sustain flight for many long hours. The parachute assembly is designed to be used in airplanes where your seat is reclined such as a Grob, Giles 202, the rear seat of an Extra, and many others.

System Comes Complete with: Harness/Container, Mid-Lite Parachute, Ripcord, Lil Grabber Pilot Chute, Carry Bag, and Manual. TSO - C23c cat. B P/N 13-03442 ..... **$2,096.00**

PARA-CUSHION 303 - BACK

The Para-Cushion 303 measures 24" (60 cm) tall by 16" (40 cm) wide by 3" (7 cm) thick and weighs approximately 15 lbs (6.5 kg). In many cases, by removing the back cushion of the seat pan, the pilot may place the 303 in it's place. The 303 Back is recommended for use in airplanes where head room is at a minimum and moving forward in the cockpit is not a problem. Recommended for use in airplanes such as: ASW-27, PW-5, Cap-10, Zlin 50, and Christen Eagle.

System Comes Complete with: Harness/Container, Mid-Lite Parachute, Ripcord, Lil Grabber Pilot Chute, Carry Bag, and Manual. TSO - C23c cat. B.

P/N 13-03440 ..... **$2,433.00**

PARA-CUSHION L-39

The Para-Cushion L-39, measures 27" (68.6 cm) tall by 17" (43.2 cm) wide by 3.5" (8.9 cm) thick and weighs approximately 25.9 lb. (11.7 kg). The L-39 is designed exclusively for the L-39 Albatross. The design incorporates existing Russian designed pilot restraint system found on the original assembly, including shoulder roller guide for inertial reel and seat belt buckles at the hips. This provides you with fit-and-fly technology that perfectly replaces the original equipment and gives you peace of mind knowing that you have a comfortable, top of the line system.

System Comes Complete with: Harness/Container, 28' C-9 Parachute, Ripcord, Travel Cushion, G-Pad, Static Line, Lil Grabber Pilot Chute, Carry Bag, and Manual. TSO - C23c cat. B.

P/N 13-15068 ..... **$3,398.95**

MID-LITE CANOPY

The 26' Mid-Lite is the finest reserve canopy available! It is a highly reliable 24 gore canopy. It is tested and approved to FAA TSO C23c Category B.

The canopy has been tested to withstand a 5000lb shock load, which means it is built to withstand the rigors of an emergency bail-out. In production since 1987 the Mid-Lite has proven time and time again that it is the most rugged and reliable reserve you can own!

Canopy Shape	Conical	**Canopy Cloth**	30-50 cfm (PIA-C-44378d)
Size	26'	**Turn Speed**	Approx. 7 sec

Line Length	17' 6"	**Opening Time**	1.1 - 2.3 sec
Panels Per Gore	4	**Rate of Descent**	18.5 fps @ 225 lbs (5.7 mps)
Suspension Line Material	Type 1A	**Canopy Weight**	Approx. 7 lbs
Suspension Line Strength	400 lbs	**Maximum Weight**	254 lbs (115 kg)

P/N 13-14782 ..... **$1,183.00**

ACCESSORIES

CUSTOM MONOGRAMMING - Monogram your name, N number, or anything that space will allow on the front of your container.
P/N 13-04907 ..... **$42.90**

CAPEWELL RISER RELEASE - For landing in high wind conditions allows the pilot to release the parachute, to prevent dragging. Disadvantages -- Heavy and expensive hardware. P/N 13-04908 ..... **$355.00**

LUMBAR SUPPORT PAD - A rounded Tempor® foam pad that attaches in existing channel. Adjustable to just the right position in the small of your back. P/N 13-15065 ..... **$84.95**

PARA-CUSHION G-PAD CUSHION - An auxiliary pad that attaches to the back pad of any Para-Cushion. G-pad is formed to snugly fit around the pilot's sides providing extra support during high G maneuvers.
P/N 13-15066 ..... **$149.95**

ELT POCKET - This external pocket snaps onto the system and holds the pilots ELT system. P/N 13-15949 ..... **$115.95**

STATIC LINE - 15' Static Line including B-12 Snap and RW-3 Ring.
P/N 13-16009 ..... **$40.00**

SHEEPSKIN BACK PAD - Sheepskin pads keep you cool in the summer and warm in the winter.
Smoke ..... P/N 13-11307 ..... **$179.00**
Natural ..... P/N 13-11309 ..... **$179.00**
Black ..... P/N 13-04911 ..... **$195.00**

QUICK EJECTOR SNAPS - This is the Military type hardware that can be used in place of the standard B-12 snaps. Works best for former military pilots who have become accustomed to this type of hardware.
Snaps ..... P/N 13-04909 ..... **$155.00**
Aerobatic Snaps . P/N 13-04910 ..... **$115.00**

AEROBATIC HARNESS - This is an option that can be added at no additional cost. This harness option moves the snaps that normally sit on top of the pilots legs, to your chest, where there is no pressure from a seat belt. This works best where a Hooker Harness Ratchet type seat belt is used. ..... P/N 13-04912

AERO PAD - A zip-on seat pad held in place by the pilot's weight to restrain the Para-Cushion and prevent shifting during high G maneuvers.
P/N 13-15067 ..... **$104.95**

SOFTIE EMERGENCY PARACHUTES

MINI-SOFTIE - Extremely small, lightweight and comfortable backpack parachute system designed for use in today's restricted cockpit enviroments, and by persons weighing up to 240 lbs. Choice of Conventional Harness or Aerobatic Harness. Container is 2.25" thick x 15" wide x 23" long. Canopy Type: Steerable Conical. Total weight: 15 lbs. P/N 13-03505-X.....$2,335.00

MICRO-SOFTIE - Designed to fit and stay secure over the shoulder of smaller individuals. Used by persons weighing up to 180 lbs. Choice of the Conventional or Aerobatic harness. Container is 2.25" thick x 13" wide x 22" long. Canopy Type: Steerable Conical*. Total weight: 14 lbs.
P/N 13-03510-X.....$2,335.00

LONG-SOFTIE - Designed to conform to and maximize the comfort of the seating found in todays high performance gliders and aerobatic aircraft. Available in either 180 lb.(13" wide) or 240 lb. (15" wide) versions. Choice of standard H harness or the unique crossover style Aerobatic Harness. Container specifications: 2.25" thick x 13" or 15" wide x 35" long. Canopy Type: Steerable Conical. Total weight: 16 lbs.
P/N 13-03515-X.....$2,385.00

SOFTIE-SEAT PACK - Designed for use in aircraft that have no room for a backpack style parachute. Used by persons weighing up to 240 lbs. Container is 15" wide 14" fore & aft 2 1/2" thick. Canopy Type: Steerable Conical. Total weight: 16 lbs. P/N 13-09052-X.....$2,085.00

WEDGE-SOFTIE - Designed specifically to add lumbar and sacral support during high, positive G maneuvers. Ideal for the upright seating found in Pitts style seating. Available in either 180 lb. or 240 lb. versions. Choice of standard H harness or our unique crossover style Aerobatic Harness. Container is 2 1/2" thick at bottom, 1/2" thick at top x 15" wide x 23" long. Canopy Type: Steerable Conical*. Total weight: 15
P/N 13-03524.....$2,335.00

WARBIRD SEAT PACK SOFTIE - Designed to fit into the older style "bucket" seats found in warbird aircraft, and for persons weighing up to 240 lbs. The container is 14" wide 11" fore & aft 6" thick. Canopy Type: Steerable Conical. Total weight: 17 lbs P/N 13-03520-1A.....$2,085.00

VISIT OUR WEBSITE FOR ADDITIONAL OPTIONS AND HARNESS CHOICES.

NOTE: Complete the Part Number with Color (-1) Red, (-2) Black (-3) Royal Blue, (-4) Navy Blue, (-5) Grey, (-6) Sage Green or (-7) Olive Drab. Also complete P/N with "C" for Conventional or "A" for Aerobatic. Example: P/N 13-00000-5A.

NATIONAL PARACHUTE 490 PREMIUM SEAT

National's Seat Pack is especially desirable when the cockpit has more vertical space than horizontal. For added comfort, the seat pad has one inch of "Astronaut Foam" above the parachute container (user accessible/adjustable via Velcro closure).
Color choices include: Navy blue, Royal Blue, Red, Red and Black. All four color choices are available with matching binding and harness or black binding, diamond quilting and harness.
*425 = Recommended Pilot Weight is up to 208 lbs.

O3 = 3 ea OE Snaps Legs & Chest	13-15795	$2,337.00

PS

CHECKMATE CHECKLISTS

Checkmate is the only checklist that contains virtually all data desired by pilots to fly the airplane while excluding the extraneous information which leads to inefficiency, confusion and even refusal to use. They eliminate the tedious and cluttered 15-page flip-book that pilots quickly become discouraged from using.

Checkmate contains the most comprehensive V-speed section in the industry. V-speeds are listed in Knots and MPH. Checkmate not only makes a dramatic difference in everyday use, but also in critical situations. Emergency procedures are right there! Every time! With most of the emergencies there is no time to flip pages looking for the correct procedures.

Available for over 300 single and twin engine aircraft. All follow a standard format. Used by some of the best flight schools in the country. Checkmate Standard Checklists is 6.5" x9" size. Checkmate Compact Checklist 5"x7" size.

CHECKMATE IFR

In the IFR environment organization and management lead to smoother, stress-free and safer outcomes. CheckMate IFR will assist you through preflight planning to touch-down on the IFR flight. Whether you are cleared for the complete approach or radar vectored to the FAF, CheckMate IFRs format will help keep the flight business orderly and functional. It is precise & specific to the different phases of those sometimes precarious flights. You will be reminded when to prepare and look ahead to each phase. A quick review of CheckMate IFR before flight will help you determine pilot and aircraft preparedness and legalities, how to give those greatly appreciated pilot reports on icing and turbulence, and what ATC expects you to do after radio failure; Professional information in a concise and orderly manner. Standard (6" x 9.5").....P/N 13-08805.....$14.95
Compact (5" x 7").....P/N 13-08810.....$13.95

SURVIVING THE FIRST 24 HOURS CHECKMATE®

Surviving the First 24 Hours CheckMate® clearly details the procedures and equipment that you will need to survive a forced landing and the subsequent 24 hours. The preparation before a flight can easily make the difference between surviving or not surviving. This is one of the most important pieces of equipment in a pilot's pre-flight planning.

Available in three sizes.
Standard (6.5"x 9").....P/N 13-00444.....$14.95
Compact (5"x 7").....P/N 13-00446.....$14.50
Pocket (3.75"x 3.25").....P/N 13-00447.....$8.50

CHECKBOOK CHECKLISTS

Aviation Checkbook is a high quality, multi-page laminated checklist utilizing factory type information for FAA Part 141 and 61 schools. Designed as a primary checklist giving all details and responses needed by new students or pilots wanting a multi-page checklist without the usual bulk. Shirt pocket size with mark and erase surface for notes. The various checklists for your aircraft are stacked and color tabs allow you to locate the checklist you need.

FLYWRITE COCKPIT WRITING PAD

FlyWrite™ is not another "flight planning" layout. It is designed to give you a dedicated place for all the information that flows while in the cockpit of the aircraft. Convenient top-bound writing pad. Each pad contains 50 5" x 8" sheets and can be used with or without standard junior legal vinyl binders. IFR clearances, ATIS, AWOS, frequencies, flight times, hobbs times, tach times, airport information , frequency changes, hand-off's, altitude changes, weather, etc, now have a home. There is also an area for random information or diagrams. FlyWrite™ also contains a handy vertical scale which measures mileage for WAC, SEC, TAC, NOS, JEPP, & ELA charts, eliminating the need for that ruler you can never find.

P/N 13-03307.....$5.95

MOUNTAIN FLYING CHECKMATE

CheckMate Aviation's new Mountain Flying CheckMate™ is a full color, plastic card that is a compilation of the special knowledge required for mountain flying. Competent flying in mountainous terrain requires knowledge far beyond what is taught in standard flight courses; and as most pilots discover, sooner or later, flying in mountainous terrain is inevitable.

CheckMate Aviation's Mountain Flying CheckMate™ covers both the rules and common sense of flying that are critical when in this aspect of flight. Available in 3 sizes.
Standard (6.5"x9").....P/N 13-02713.....$14.95
Compact (5"x7").....P/N 13-02714.....$13.95
Pocket (6.75"x3.25").....P/N 13-02716.....$8.95

PS

PROPILOT CHECKLISTS

Step up to professional quality with ProPilot Checklist! These handsome booklets are fully laminated and wire-bound for durability and long life, and are perfect for VFR and IFR pilots of all skill levels. All Preflight, Normal, and Emergency procedures are included. IFR checklist items are integrated into phase of flight, and IFR Approach and Departure Briefing sections are also provided. Flight planning is simplified by the inclusion of aircraft-specific performance data (V-speeds, takeoff distance, climb performance, cruise power settings, true airspeed, fuel burn, and landing distance), as well as weight and balance graphs. No more digging through a bulky POH for critical performance numbers! Additionally, a wealth of other useful information is included, such as VFR communications and weather requirements, METAR & TAF codes, IFR Holding Procedures, illustrated Airport Signs & Markings, Light Gun Signals, and Intercept Procedures. Conveniently sized at 6" wide by 9" high, ProPilot Checklist fits easily on your kneeboard. It's truly "The Last Checklist You'll Need!"™

THE PRECIFLIGHT CHECKLIST

More than just a checklist, PRECIFLIGHT® will actually help pilot along all phases of flight: from preparation to tie-down and through emergencies. It is a brightly colored 18 pages booklet at is logically divided to minimize page flipping. Once used to it, it is a natural as good landings.

It regroups important information such as light gun signals, VFR minimums, weather symbols and all that with easy to interpret drawings. Even better, it has features that pilots have to look for in other publications and equipment like a built-in 1/500 000 ruler, frequently used aviation phone numbers and Internet sites and more.

PRECIFLIGHT® was also designed for convenience: it will fit in your shirt pocket or clip on the aircraft yoke where it will be available to use with one hand. Made of a sturdy waterproof paper, it will last a lifetime. It is designed to conform to FAA and Transport Canada regulations by a team of flight instructors and airline pilots

E.S.P. CHECKMATE™

E.S.P. CheckMate™ is a 1st for Aviation, and the only product of its kind available. Our new "Emergency Substitute Pilot "™ could save the lives of you and your passengers by providing the most basic and simplest of terms and procedures to the NON-PILOT, in the unfortunate event the real pilot becomes incapacitated. E.S.P. CheckMate™ assists the NON-PILOT in controlling the aircraft, reaching help on the radio, and if necessary, landing the aircraft. The graphical format makes it easy and comfortable to follow. E.S.P. CheckMate™ can easily be the difference in the outcome of this most serious type of emergency. For safety and readability, we are publishing only in 7.5" x 10" size. P/N 13-01834 ..... $14.95

PLOTTERS

FLIGHT COMPUTERS

E6B METAL FLIGHT COMPUTER - The best slide-rule-style flight computer on the market, with solid aluminum construction and easy-to-read lettering. ASA's E6-B features a wind component grid and comprehensive cross-wind correction chart, and on the other side the slide computes time, speed, distance, altitude, true airspeed, and density altitude problems as well as conversions. Nautical and statute scales are included.

P/N 13-00813 ..... $24.95

E6B PAPER FLIGHT COMPUTER - Made from solid, heavyweight fiberboard, an economical version of the aluminum model described above including all its problem-solving features. P/N 13-02298 ..... $9.95

MICRO E6-B - This pocket-sized, brushed aluminum E6-B is a full function aviation computer. Popular among military pilots, it features a high-speed and low-speed wind correction slide, high-speed compressibility table, and instruction manual. Micro E6-B performs all the standard manual flight computer functions, and it conveniently fits in a shirt pocket or glove box.

P/N 13-02299 ..... $26.95

E6-B HIGH SPEED SLIDE - A companion product, this slide picks up where the traditional metal flight computer leaves off (ASA-E6B), providing calculations for the high-speed realm of flight (in the range of 220-700 knots or miles per hour). Pilots simply replace their current slide with this one, which then continues to use the circular computer from traditional E6-Bs. The slide also includes compressibility correction chart, ICAO Standard Atmosphere reference table, worldwide time conversion table, speed limits for the United States, and most frequently-used weight & balance formulas. All of the pertinent formulas & information required for high-altitude, high-speed operations. Meets both FAR & JAR (international) requirements.

P/N 13-02301 ..... $11.75

PROFLIGHT FIXED AZIMUTH PLOTTER

The ProFlight Fixed Azimuth Plotter is: • Manufactured & Packaged in the U.S.A. • Made from Premium Clear 8010 Polycarbonate • More Flexible & Warp Resistant than Acrylic or PVC • Printed using Ultra Violet Resistant Ink • Laminated for Lifetime Scratch Protection • Clearly Distinguishable White, Sectional/Terminal Side & on Reverse, a Blue WAC Scale

ProFlight PF-AP-1 Plotter - Your PF-AP-1 is a premium Fixed Azimuth Plotter designed for measuring distances and courses on VFR navigational Sectional, Terminal & World Aeronautical Charts. This plotter has been designed to exacting standards and slight variations with chart scales may exist as a result of the instability of paper charts in certain temperature and humidity conditions. P/N 13-11676 ..... $8.75

SQUARE AVIATION PLOTTER

Constructed of durable Lexan®, this plotter won't melt, warp or break in extreme temperatures. Its convenient 5-1/8" square size and ease of use make this plotter a pilot favorite for simple, accurate flight planning. Uses a 1:500,000 scale and includes 5 NM and 10 NM radius rings for quick and easy measurement. The 2 NM grid makes alignment with parallels simple. Plus, it's guaranteed for life! P/N 13-08056 ..... $4.80

ALUMINUM BOEING RULER

What could be a more measured way to keep things straight on your desk? A classy aluminum ruler boasting the Boeing name - in the subtle shape of an airfoil, of course! An integrated rubber strip makes for nonslip tracing, cutting, and easy pick-up. Inches on one side, metric on the other. P/N 13-12048 ..... $5.95

PLOTTERS

Durable Lexan® resin won't melt, warp or break in extreme temperatures - guaranteed! Each plotter features 8 scales to meet the needs of all VFR aeronautical charts - nautical on one side, statute on the flip. Nautical-Statute conversion scale also included. Made in USA.

ULTIMATE ROTATING PLOTTER - 13-1/4" long. Rotating azimuth eases flight planning with direct readout of course. Made in USA.

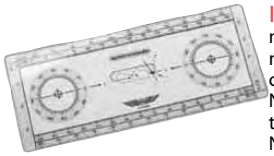
P/N 13-02302 ..... $15.50

ULTIMATE FIXED PLOTTER - 13-1/4" long. Quick scale reference is provided for both statute and nautical miles. Made in USA.

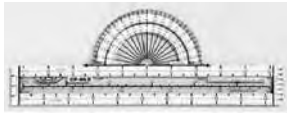
P/N 13-02424 ..... $13.65

ULTIMATE MICRO PLOTTER - 8" long. Convenient for flight bag, shirt pocket, or airplane storage. Made in USA.

P/N 13-02303 ..... $7.95



INSTRUMENT PLOTTER - ASA's instrument plotter features: 12 scales to accommodate both NOS & Jepp instrument charts, including a conversion scale for Nautical and Statute miles; holding patterns depicted for both Standard and Nonstandard entries; compass roses allowing quick course & bearing information; and professional layout enabling easy reading during en route spot checks. P/N 13-02306 ..... $11.85



FIXED PLOTTER - Constructed of sturdy clear plastic with easy-to-read numbers and scales. It includes WAC, Sectional, and Terminal Area scales, and is checked and approved by the Weights and Measures Department. Quick scale reference is provided for both statute and nautical miles.

P/N 13-02304 ..... $7.95

ROTATING PLOTTER - Made from the same material and having the same features as the Fixed Plotter, but with the addition of a non-slip rotating azimuth to ease flight planning. P/N 13-02307 ..... $10.95

SRP5 NAVIGATIONAL KIT - Kit contains: • SAGA SR Aeronautical navigational ruler graduated in marine and statute miles to scale 1:500 000, 1:250 000 and 1:100 000 • SAGA SP Aeronautical navigation angle protractor • Two (2) Steadtler permanent markers • One (1) Steadtler permanent retractable marker.

P/N 13-09556 ..... $18.95

PLOT-RITE ALL METAL NAVIGATION PLOTTER

The new Plot-Rite is an all metal navigational plotter for use with VFR sectional, terminal and WAC charts. The front has both sectional and terminal area scales and the rear has WAC and sectional scales. The top edge has the familiar 180° compass rose and the open center enables you to find longitude lines easily. Outside edges have full east and west routes, inside edges have north and south. Plot-Rite is all metal and will never break, warp, crack, shrink or distort in any way if left in the sun. Measures 2.5" x 12". Plot-Rite (Nautical Scale)

P/N 13-30300 ..... $19.95

PEN AND TOUCH PAD STYLUS

A dual-purpose, twist action (black ink) ballpoint pen featuring a soft stylus end for use with touch-screen mobile devices such as iPads, tablets, smartphones, etc. Black barrel with chrome accents.

P/N 13-12066 ..... $3.65

PS

ASA PILOT SUPPLIES

APPROACH PLATE BINDER

Made of durable black vinyl with a reinforced spine, it has easy-to-open, 1-1/2" steel rings that accommodate the drill pattern of the approach plates. ASA wings tastefully silver-foiled on the front cover. Choose from either 4-ring NACO or 7-Ring design.

NACO ..... P/N 13-01066 ..... $12.75
7-Ring ..... P/N 13-02316 ..... $10.95

FLIP BINDER

Perfect for Instrument Pilots who carry a smaller number of approach charts. One-inch rings are attached to a sturdy poly backing, with a loose poly cover. Scoring on front and back covers allows you to flip charts completely around the rings and display the one you want on top. Compact, convenient, and practical. P/N 13-02321 ..... $11.85
Replacement Rings ..... P/N 13-12055 ..... $4.95

7 RING BINDER KIT

Contains 1 binder, 10 sheet protectors, 5 color side dividers and a sheet of area stickers.

7-Ring ..... P/N 13-02322 ..... $19.95

ASA DELUXE RING BINDER

The Deluxe 2" 7-Ring Binder is made of richly-grained simulated leather with edge stitching. It's bound for maximum durability and equipped with a ring system that will keep your approach plates securely organized and easily accessible. Convenient 8.5" x 9" size makes it easy to fit in almost any flight bag.

ASA Deluxe 1" 7-Ring Binder ..... P/N 13-05759 ..... $25.75
ASA Deluxe 2" 7-Ring Binder ..... P/N 13-05760 ..... $29.95

ASA 1 INCH 7 RING TRIP BINDER

The 7-Ring Trip Binder is made of durable poly. It's bound for maximum durability and equipped with a ring system that will keep your approach plates securely organized and easily accessible. The three rings are spaced to match the 7-hole approach plate drill pattern. Convenient 7" x 9" size makes it easy to fit in almost any flight bag. P/N 13-05825 ..... $12.50

SHEET PROTECTORS

Made of durable, translucent plastic to protect the most frequently used approach plates. Sold in packs of 10.

NACO Vinyl Pocket pk of 10 ..... P/N 13-02317 ..... $6.50
NACO Poly Folders pk of 10 ..... P/N 13-05820 ..... $4.85
7-Ring Vinyl Pocket pk of 10 ..... P/N 13-02318 ..... $5.95
7-Ring Poly Folders pk of 10..... P/N 13-05821 ..... $4.50

5 COLOR DIVIDERS

For quick reference of various sections of both types of approach plate charts, these five distinctly-colored dividers extend out beyond the side of the charts. Set of 5.

7-Ring ..... P/N 13-02323..... $3.95
4-Ring ..... P/N 13-05826..... $5.35

ASA 4 RING NOTEPAD

Compact, convenient writing pad that fits in your approach plate binder. 100 sheets per pad. Weight .80lbs

7-Ring ..... P/N 13-05823..... $4.85
4-Ring ..... P/N 13-05822..... $4.85

CHART WALLETS

These chart wallets organize, hold, carry, and display standard FAA charts conveniently. All styles feature black covers, silver wings logo, and clear vinyl organizer pockets so you can easily find the correct chart in a busy or turbulent cockpit environment.

Book-style Chart Wallet - 6 double-sided pockets holds up to 12 maps between the covers. P/N 13-02325 ..... $13.95
Large Book-style Chart Wallet - Pockets hold up to 22 charts between the covers. Riveted spine. P/N 13-00412 ..... $22.50

FLIGHT PLANNER SHEETS

Cross-country planning sheets contain a flight plan section, weight & balance calculation chart, special equipment suffix chart, fuel management, space for radio frequencies, & more. Sold in pads of 48. P/N 13-02331 ..... $3.75

STUDENT FLIGHT RECORDS

ASA Flight Record Folders provide areas to record pertinent student information, stage checks passed, lesson content, lesson performance, flight hours, instructor notes & endorsements, solo endorsements or aircraft checkout records, and are current to both Part 61 & Part 141 program requirements. Sturdy & durable, these flight records are available separately, as part of ASA's pre-packaged training kits, or as part of an ASA PACK - Personalized Aviation Custom Kit.

SFR Private ..... P/N 13-01548 ..... $2.35
SFR Commercial ..... P/N 13-01549 ..... $2.75
SFR Instrument ..... P/N 13-01551 ..... $2.75
SFR Helicopter ..... P/N 13-01547 ..... $2.35

CERTIFICATES AVIATION ACHIEVEMENT AWARDS

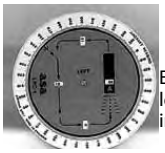
Authentic, full-color certificates are perfect for framing yet sturdy enough to slip into the student's flight record as a pleasant surprise to be discovered on their next visit to the airport. Mark progress with style, while further motivating students. 9"x12". Sold in packs of 10.

Solo Flight Certificate ..... P/N 13-02326 ..... $13.50
Private Ground School Certif. ..... P/N 13-02327 ..... $16.95
Helicopter Solo Flight Certif. ..... P/N 13-02329 ..... $8.95

HOLDING PATTERN VISUALIZER

This useful tool shows a pilot which entry is appropriate given the assigned holding radial, making it a superb learning tool.

P/N 13-06940 ..... $11.95



LANDING PATTERN COMPUTER

Easily helps determine appropriate headings for each leg when landing or departing the airport - great teaching aid! P/N 13-06935 ..... $14.50

FLIGHT PLAN AND CLEARANCE NOTEPAD

Posting pad for obtaining IFR Clearances by pilots. Provides in-flight writing for Aircraft ID, Departure Point, Route Of Flight, Destination, and more. 6" H x 4" W.

P/N 17-00328 ..... $1.75

YOKE CLIP

ASA's new yoke clip holds all the necessary flight paperwork right where pilots need it, leaving their hands free to fly. Simple to install, the black plastic, I-Beam construction is strong enough to serve as a pilot's third hand. The clip is higher than other yoke clips, holding sectionals, approach plates, flight logs, checklists, flight computers, and pens in easy view. The unique, over-centering cam easily adjusts to fit all general aviation aircraft yokes without modification.

P/N 13-01043 ..... $14.50

ASA PILOT HAT

Newly designed pilot cap featuring comfort headband and classic wings logo. Stylish baseball cap. Black with neatly embroidered white ASA wings. Adjustable headband for maximum comfort. No button to interfere with headset band. Long bill for sun protection. Perfect for cross-country flying, lounging with friends or on the tarmac hangar flying. Wear it proudly! P/N 13-12964..... $11.50

PS

FLIGHT COMPUTERS - LOG SHEETS - PLACARDS

AERO PRODUCTS RESEARCH CR COMPUTERS

CR computers are very popular with pleasure and professional pilots. They solve T/8/D and wind triangle problems for light aircraft as well as those which approach Mach 2 speeds. Corrections for errors of compressibility and temperature rise are computed with ease. The wind solution is displayed graphically using the small back-side discs. Each computer comes with fully illustrated manual.

CR-3 - 3-3/4" dia. shirt-pocket size (same as Jepp CR-5); vinyl
P/N 13-03499 ..... $22.75

CR-4 - 4-1/4" dia. (same as Jepp CR-2); vinyl. Standard model used by the military. P/N 13-03501 ..... $23.75

CR-6 - 6" dia. Used by navigators for maximum readability (Same as Jepp CR-3); vinyl. P/N 13-03502 ..... $24.75

AERO PRODUCTS RESEARCH FLIGHT DESK

Folded size 8" x 9" Extends to 16" x 9" Anodized aluminum. Versatile space-saver lap desk locks in open position; folds in half for drop-in storage in your flight case. Heavy-duty clips hold charts and flight plans. Important VFR and IFR information always visible when open. Foam strips on back keep lap desk from slipping. ..... P/N13-03517 ..... $23.95

AERO PRODUCTS RESEARCH TIME/ SPEED/ DISTANCE COMPUTER

Time/Speed/Distance computers. "How-to-use" instructions printed right on the unit. Text printed in straight, easy-to-read lines; desired scales and windows located at a glance. Perfectly calibrated 2-color dials eliminate parallax errors. Fully illustrated instruction manual with each model. APR-303 3-3/4" dia. T/S/D computer with traffic pattern orientator; anodized alum. P/N 13-01133 ..... $14.85

THE ATIS WHEEL

The Atis Wheel™ is a mechanical device designed to help the airplane pilot in recording all ATIS information while presenting the data as a graphic depiction. The Atis Wheel™ is presented on a 5.5 "x 8.5" rectangular durable format with seven individual 1.5" wheels positioned about the perimeter of the device along with two, 3" concentric wheels positioned in the center. Each wheel's topic coincides with the sequential information reported in the airport terminal broadcast. The ATIS Wheel is 5-1/2" x 8-1/2" and fits nicely into a Jeppesen binder. This is a large format preferred by flight instructors and students. Atis Wheel Pro - Like the ATIS Wheel, but smaller (approximately 3.5" x 5.5") for the professional pilot to conveniently fit in a shirt pocket for quick and easy reference. Note, the ATIS Wheel Pro does not contain the "Wind Velocity", Visibilty" or RWY/ Approach" wheels like its big brother

ATIS Wheel Pro - Like the ATIS Wheel, but smaller (approximately 3.5" x 5.5") for the professional pilot to conveniently fit in a shirt pocket for quick and easy reference. Note, the ATIS Wheel Pro does not contain the "Wind Velocity", Visibilty" or RWY/Approach" wheels like its big brother

ATIS wheel ..... P/N 13-06643 ..... $4.85
ATIS wheel Pro ..... P/N 13-05003 ..... $5.40

EZ ATIS REMINDER PILOT TOOL

The EZ ATIS Reminder makes it easy to communicate the ATIS identifier. No more fumbling through papers for the ATIS identifier - or worse yet, having to recall the prefix from memory! The 1-5/8" diameter knob with 1/2" pointer has a peel and stick adhesive tape on the back that can be easily mounted on your instrument panel, knee board, or anywhere you need a quick ATIS recall. P/N 13-04920 ..... $12.95

TAF METAR DECODER

An unbelievable tool for translating terminal area forecasts and aviation routine weather reports to English. Also a great flight school tool.
P/N 14-00708 ..... $18.75

HIGHLIGHTER TAPE

A removable alternative to highlighter pens for all kinds of valuable permanent documents. Sticks securely, yet removes easily without damage to most surfaces. Vivid colors can't be missed, yet transparent feature allows you to see what is underneath. Economical - use as much or as little as you want.

Pink ..... P/N 14-00889 ..... $4.65
Yellow ..... P/N 14-01860 ..... $3.85
Green ..... P/N 14-01861 ..... $4.65
Orange ..... P/N 14-01862 ..... $4.65

AERO PRODUCTS RESEARCH T/S/D COMPUTER KEYCHAIN

1-1/2" diameter. Identical to the real thing, this traditional usable Time/Speed/Distance keychain has a beautiful compass star with flight plan on the back side.

The computer keychain is calibrated meaning the ability to relate the key chain to the functions of the E6-B type Time/Speed/Distance computers.
P/N 13-03505 ..... $7.95

AERO PRODUCTS RESEARCH CR COMPUTERS

Simplify VFR or IFR navigation with these handy logs which provide for listing of intersections, radials, frequencies, clearances and complete flight plan.

EFL-100 Pad of 5-1/2" x 8-1/2" sheets; VFR Flight Logs
P/N 13-03526 ..... $3.95
EFL-200 Pad of 5-1/2" x 8-1/2" sheets;IFR Flight Logs
P/N 13-03527 ..... $3.95

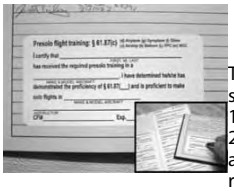
AERO PRODUCTS RESEARCH PLACARDS

Now you can customize your cockpit with APR's easy-to-apply placards. Just cut out and press these stick-ons into place for that "factory-fresh" cockpit look. For all single and multi-engine aircraft systems, seaplanes, and gliders. Includes most-used legends (on, off, open, close, etc.), common amperage, voltage values, arrows, numbers and blanks. 8-1/2" x 10-1/2"; aircraft panel placard set; over 250 aluminum placards.

APR Instrument Panel Placard Set ..... P/N 13-03522 ..... $11.95

EXPERIMENTAL AIRCRAFT CERTIFICATION KIT

A new amateur-built aircraft certification kit created by the Experimental Aircraft Association (EAA) gives builders a simplified way to complete the required FAA paperwork for their new projects. The Amateur-Built Aircraft Certification Kit includes everything you need to register and certify a new experimental amateur-built aircraft in the United States. The 15-page, step-by-step guide walks you through the entire process from getting an N-number to the aircraft inspection, and provides samples to help complete each required form. The kit includes all FAA forms, Experimental sticker (in black), data plate, and a convenient placard decal sheet. P/N 13-04244 ..... $19.95



SPORT PILOT PRE-PRINTED LOGBOOK ENDORSEMENTS

The Instructors Endorsement Pack contains 14 sheets of labels. Each sheet of labels contains 10 copies of a specific endorsement. Each 2" x 4" endorsement label is identified by title and FAR number, has the exact wording as required by the regulations, and has data-prompted blanks for the students' name, your name, CFI cert.#, Biennial Flight Reivew Certification 61.56(a).

PS

CX-2 PATHFINDER ELECTRONIC FLIGHT COMPUTER

ASA's new electronic flight computer is a price/performance breakthrough, resulting from advances in display and microcomputer technologies. Aviators can calculate true airspeed, ground speed, mach number, altitudes, fuel headings and courses, time/speed/distance, winds, headwind/crosswind components, gliding info and weight & balance.

P/N 13-01040.....$68.95

JEPPESEN CIRCULAR COMPUTERS

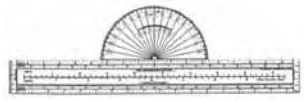
Dial up the answers to your navigation problems, including polar grid navigation, pressure pattern flying, crosswind components, and wind solutions. These computers automatically compensate for the temperature and compressibility factors found at high speeds. Tough laminated plastic, with carrying case.

CR-3 (6" diam.) ..... P/N 8434 .....$24.85

JEPPESEN CR-2 CIRCULAR COMPUTER 4-1/4

Our CR Circular Computers offer solid construction and proven performance. Whether you're solving wind triangles, polar grid navigation or pressure pattern flying, CR Computers prove their value and versatility every day. Useful in high and low speed problems. They automatically compensate for temperature rise and compressibility factors. Instruction manual and vinyl carrying case are included with each. (4 1/4 inch diameter)..... P/N 13-07659 .....$25.80

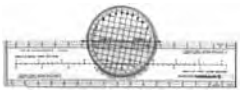
PN-1 NAVIGATION PLOTTER



Allows easy identification of WAC and Sectional chart scales. Calibrated in statute & nautical miles.(Size: 12.25" x 4")

P/N 13-21724..... $12.00

PJ-1 ROTATING AZIMUTH



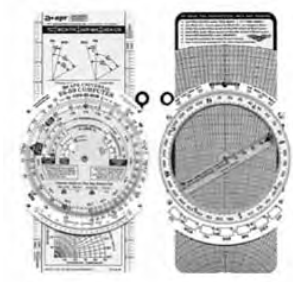
Measure the true course or to determine the magnetic course. Includes scales for sectional terminal area & WAC charts in statute & nautical miles. Size: 3.25 x 13"; 3-3/8 " Dia.

P/N 13-21726 ..... $12.65

BLIND SPOT'S ORIGINAL PILOT'S RULER

The Blind Spot's Original Pilot's Ruler has been designed to offer pilots maximum support, in the simplest way. The concept enables the pilot to solve VFR navigation problems and provide useful information, both at a glance, in only a few seconds and with only one instrument! The use of the ruler is extremely simple & fast. The pilot can concentrate more on flying, less on calculating, thus fly more relaxed and safer. Blind Spot's Original Pilot's Ruler (for USA airspace) is a two-sided pilot's ruler designed for flight preparation and use in flight. Size: 1.8" x 12". P/N 13-11733 ..... $19.95

AERO PRODUCTS RESEARCH E6-B UNIVERSAL FLIGHT COMPUTERS



The very latest in air navigation computers include not only T/S/D and Dead Reckoning calculations, they now incorporate "Universal" features for world-wide use.

E6-B2U - Deluxe, top-of-the-line quality, 5" x 9-5/8", all aluminum construction. Includes: • "Universal conversions: feet to meters, pounds to kilograms, liters to US gallons, US gallons to IMP. gallons or fuel weight or oil weight. • Patented micro-set (aligns scales to perfect accuracy).• Flush dials to eliminate parallax; answers are read with absolute accuracy. • Scales with contrasting colors for easy computation. • "Universal" conversions color-coded for quick and easy use. • Heavy gage anodized aluminum for added rigidity and non-glare surface. • 2-color fully illustrated instruction manual plus supplement on Dead Reckoning, Wind Effect Theory and Calculations..... P/N 13-03492 ..... $27.85

E6-B4 - Pocket-size deluxe, all anodized aluminum; high/low wind slide. P/N 13-03960 ..... $31.90

E6-B8 - Budget student computer, plastic body, plasticized wind slide..... P/N 13-03495 ..... $14.50

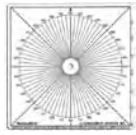
E6-B8P - Budget student computer, plastic body, plasticized wind slide; includes an 8"Navigation Plotter..... P/N 13-03496 ..... $16.50

PILOT'S WIND VISUALIZER

The Wind Visualizer takes the guesswork out of crosswind takeoffs and landings. Simply put the Wind pointer on the wind direction, the Landing Pointer on the Runway heading, and "see" the wind in relation to your direction of flight. Then read your crosswind component from the table on the back. Simple, and fast to use. Durable non-warping 3.75" diameter plastic. Includes full instructions.

P/N 13-19520 ..... $13.95

RADIALMATE COMPASS ROSE



RadialMate™, a 3.5" clear 20 mil plastic compass rose allows you to instantly read a desired course by placing the product over any sectional, chart, or graphic. There are no reciprocals to calculate. RadialMate™ comes with a hole in the middle, allowing additional use as a string compass. It is conveniently sized to fit in your pocket. RadialMate™ also contains Safe Flight's vertical scale which measures mileage for WAC, SEC, TAC, NOS, JEPP and ELA charts eliminating the need for that ruler you can never find. P/N 13-08799 ..... $4.50

JEPPESEN STUDENT CSG COMPUTERS

This computer made of composite materials works just like an aluminum computer with all the same functions and features, but at a lower cost. Ideal for new students or as an extra to keep in your desk at home. Printed numbers are sharp, clear, and easy to read. Like all Jeppesen products, the quality is superior.

Plastic ..... P/N 3866 .....$14.49
Metal..... P/N 3867 .....$30.95

ASA E6B METAL FLIGHT COMPUTER

The best slide-rule-style flight computer on the market, with solid aluminum construction and easy-to-read lettering. ASA's E6-B features a wind component grid and comprehensive crosswind correction chart, and on the other side the slide computes time, speed, distance, altitude, true airspeed, and density altitude problems as well as conversions. Nautical and statute scales are included.

Standard .....P/N 13-00813 ..... $24.95
Mini.....P/N 13-02299 ..... $26.95

ASA COLOR E6-B COMPUTER

ASA's color E6-B is enhanced with color for quick identification of key elements and easier readability. The new color E6-B is based on ASA's most popular model: slide-rule-style flight computer, the ASA-E6B. It's identical in size to the venerable favorite, made with the same solid aluminum construction and featuring all the functionality pilots have relied on for decades. On the circular side, black is used for the rate arrow and units to be calculated, red is used for weight and volume and blue is used for distance, time and temperature scales. On the wind side, colors are used to identify wind variation: blue identifies west (or right wind correction angle) and red identifies east (or left wind correction angle). Measures 9-3/4" x 5". In The Box: Vinyl case, and Instruction booklet. P/N 13-10288 ..... $29.95

VOR FLASH CARDS

Designed to show any pilot how to look at a VOR receiver and read it at a glance. There's no time in the cockpit to spend slowly analyzing the CDI needle and To/From indicator! VOR-At-A-Glance flash cards will teach you: • The difference between VOR courses and VOR radials • What the VOR does not show you • The best way to think about the course deviation indicator • Inbound vs. outbound course indications • How to instantly know your position relative to the VOR • Tricks for reading interception courses right off the VOR • Pilots need to be able to look at a VOR and read the information off immediately. It's just like when you first learned how to read. There is a big difference between the ability to sound the words out and the ability to look at a work and just read it. Pilots need to be able to "read" the VOR!

P/N 13-05773..... $36.75

CAPTAIN BARRY SCHIFF X-COUNTRY PLANNING LOG

Covers all necessary flight planning "from the ground up" Capt. Barry Schiff comprehensive pre-flight & en route complete "cross-country planning program", assures safe, error free, cross-country flight planning before and during all flights. Guides you trough all stages in your pre-flight planning, organizes the required estimates to determine ground speed, time en rout em and arrival. Records distances to check points, arrival times, and the related radio frequencies needed.

P/N 13-12108.....$5.95

PS

VOR TRAINING AID

Learn and practice the principals of VOR and NDB navigation, with ease, prior to flight. Instructors can effectively teach and discus navigation with clear, realistic, high quality visual aids.

P/N 13-16037 ..... $18.95

ADF TRAINING AID

The ADF Training Aid features realistic rotating ADF bearing indicator needle and a heading indicator dial. List, depict and erase NDB intercept instructions and holding clearances in the practice area.

P/N 13-16038 ..... $15.95

APR PLOTTERS

Scales on white background for easy readability set on see-through "clear vision" vinyl. Statute and nautical scales are parallel, making conversion easy. One side scaled for WAC charts, one for Sectional charts. "How-to-Use" instructions printed on plotter. Includes illustrated practice problems.

Description	Part No.	Price
13" Plotter NP-13 S tandard for WAC and Sectional Charts	13-19913	$9.95
13" Plotter WSNP-13 WAC and Sectional Charts (Lexan) Lifetime Guarantee	13-03509	$12.50
13" Plotter NPR-13 Rotatable Azimuth WAC and Sectional Charts	13-03511	$10.90
13" Plotter WSNPR-13 Lifetime Guarantee Rotatable AzimuthWAC and Sectional Charts (Lexan)	13-03512	$15.00

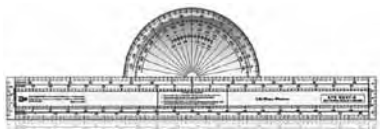
APR FCL-12 & 24 FLIGHT CHECKLIST HOLDER

Used by private, corporate, and military pilots. Adjustable lighting and viewing angle, color band isolates each item being checked. Mounts for right or left hand use. 84" parchment scroll lets you customize your specific checklists for review in flight. Designed to U.S. Military Pilots specification. 5" x 4" x 1-1/2" NSN 1680-00-489-1313

APR FCL-12 Flight Checklist Holder.....P/N 13-06714 .....$115.75

PS

APR POCKET NAVIGATION PLOTTER - 8"



Now you can own the easiest and most accurate plotter available for use on all World Aeronautical & Sectional Charts.

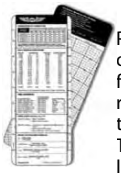
WSNP-8 Pocket Navigation Plotter is the best in-flight plotter. It has four protractor scales and fourteen nautical, statute, and terminal area scales for Sectional, WAC, and Terminal Charts.

P/N 13-15121 ..... $14.85

PLOTTERS AND SLIDE COMPUTERS

These are specially-designed for easy use. The APR plotter has parallel statute and nautical scales, with one side scales for WAC charts and the other for sectional. Made of clean white heat-resistant hi-flex vinyl. Operating instructions are included. The slide computer is printed with speed ring lines representing values of one speed unit. Includes formula boxes added to the plate below the azimuth ring.

E6-B4 Aluminum..... P/N 13-03960 ..... $31.90



E6-B HIGH SPEED SLIDE

Picks up where the ASA-E6B metal flight computer leaves off, providing calculations for the high-speed realm of flight (in the range of 220-700 knots or mph). Pilots simply replace their current slide with this one, which then continues to use the circular computer from traditional E6-Bs. The slide also includes a compressibility correction chart, ICAO Standard Atmosphere reference table, a worldwide time conversion table, speed limits for the U.S., and the most frequently used weight and balance formulas; all of the pertinent formulas and information required for high-altitude, high-speed operations. Comes with easy-to-follow instructions.

E6-B High Speed Slide ..... P/N 13-02301 ..... $11.75

WHIZ WHEEL HOLDING PATTERN COMPUTER

For instrument pilots, entering a holding pattern can sometimes be a challenge. The Instrument Pilots Whiz Wheel can alleviate this challenge by presenting pilots with pictorial views of both right- and left-hand holding patterns, and entry arcs for direct, parallel, and teardrop holding pattern entries. Made of sturdy plastic, the Whiz Wheel works for VOR, NDB (non-directional beacon), and localized facilities. Intercept angles are at the pilot's fingertips, and procedure turn information can readily be obtained by following the "prompts" on the device and aligning these prompts with the Whiz Wheel's compass marking. Intersection holding patterns can be pictured and coordinated using both VOR radials and cardinal headings. P/N 13-30210..... $18.95

DIRECTIONAL GYRO HOLDING PATTERN PROMPTER DECAL

Install this decal upon the face of your directional gyro and instantly determine entry procedures for both left-hand and right-hand holding patterns. Also includes prompts for headings used in teardrop procedures and procedure turns. Totally transparent. Includes instructional text. P/N 13-30215..... $3.45

PILOT'S "TIME MACHINE"

Convert the 12 hour clock to the twenty-four hour clock and to Universal Coordinated Time (UTC). Time zone chart is included. Fuel duration calculation can be determined with this new instrument. Use it to file accurate flight plans and to give position reports.

P/N 13-30225..... $13.35

RUNWAY SELECTOR

Runway Selector is a simple tool pilots use to select the best runway based on prevaling winds. Runway Selector is a quick easy visual reference for all pilots! As an added bonus, the tool can also be used to confirm your take-off runway as well!

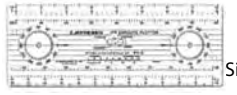
Together, all the features of Runway Selector serve to provide multiple quick references for any pilot. The tool is also an excellent tool for instructors to use in teaching a new student pilot in a myriad of situations and teaching situations!

P/N 13-14811..... $23.95

TRAFFIC PATTERN ORIENTER & SPEED COMPUTER

Graphically displays the headings required for standard or non-standard traffic patterns. Time, speed , distance computations, fuel consumption, true airspeed, mach and true altitude conversions.

P/N 13-01133..... $14.85



JEPPESEN PV-5 IFR ENROUTE PLOTTER

Size 3-3/16" x 8-1/2"

P/N 13-21718.....$9.70

AERO PRODUCTS RESEARCH PLOTTERS

APR PLOTTERS

PROTRACTOR PLOTTER PCP-202 T/S/D - APR has designed the first combination T/S/D pocket computer combined with rotatable plotter cursors. Align the airplane cursor along any appropriate meridian. PVC plastic discs, 3-3/4" dia. Plastic cursor 4-3/4"
P/N 13-06681..... $13.75

TRAFFIC PATTERN ORIENTATOR TPP-203 - The TTP-203 Traffic Pattern Orientator graphically displays all headings for left (standard) and right (non-standard) traffic patterns when the runway heading is aligned with the compass rose. Light signal "acknowledging" instructions are also shown. PVC Plastic discs, 3-3/4" dia. Cursor 4-1/4 P/N 13-06682..... $14.50

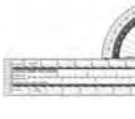
DENSITY ALTITUDE PERFORMANCE COMPUTER DAP-204 - Shows the aircraft's rate of climb and minimum - required takeoff distance. PVC plastic discs. 3-3/4" dia. Important: Always consult your pilot's operating handbook as their computer does not supplement or replace the manufacturer's performance data. Not applicable to turbocharged aircraft. P/N 13-06683..... $13.75

T/S/D PROTRACTOR PLOTTER PCA-302 - APR has designed the first combination T/S/D pocket computer combined with rotatable plotter cursor. Align the airplane cursor with the true or magnetic course. Align the arrow cursor along any appropriate meridian. Anodized aluminum discs, 3-3/4" dia. Plastic cursor 4-3/4"
P/N 13-06684..... $15.95

TRAFFIC PATTERN ORIENTATOR TPA-303 - The TPA-303 Traffic Pattern Orientator graphically displays all headings for left (standard) and right (non-standard) traffic patterns when the runway heading is aligned with the compass rose. Light signals and "acknowledging" instructions are also shown. Anodized aluminum discs, 3-3/4" dia. Cursor 4-1/4" P/N 13-06687..... $16.75

DENSITY ALTITUDE PERFORMANCE COMPUTER DAA-304 - The Density Altitude Performance computer shows the aircraft's rate of climb and minimum-required takeoff distance. Anodized aluminum discs. 3-3/4" dia. Important: Always consult your pilot's operating handbook as their computer does not supplement or replace the manufacturer's performance data. Not applicable to turbocharged aircraft. P/N 13-06688..... $16.75

DNP-13 - 13" Deluxe Navigation Plotter with nautical and statute scales, sawtooth graduated color-coded scales for Sectional, WAC, and Terminal Charts. PVC plastic 13-5/16" x 4"
P/N 13-06696..... $10.75



DNP-8 - 8 " Deluxe Pocket Navigation Plotter with sawtooth graduated color-coded, nautical, statute, and terminal area scales for Sectional, WAC, and Terminal Charts. PVC plastic 8-1/8" x 2-7/8"
P/N 11-07723.....$8.95

DNPR-13 - 13 " Deluxe Plotter with Rotatable Azimuth Compass Rose, nautical & statute sawtooth graduated color-coded scales for Sectional, WAC, and Terminal Charts. PVC plastic 12-5/16" x 4-1/2"
P/N 11-07724..... $12.95

NP-13 13 INCH NAVIGATION PLOTTER - Four precision protractor scales and fourteen nautical and statute scales for Sectional, WAC, and Terminal Charts. Plotting is easy and accurate when done with an APR plotter. Instructions are printed on the plotter. Constructed with durable plastic. Dimension: 13 5/6" x 4"
P/N 13-19913.....$9.95

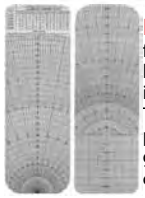
NPR-1313INCHAZIMOUTHCOMPASSROSENAVIGATIONPLOTTER Four protractor scales and fourteen nautical and statute scales for Sectional, WAC, and Terminal Charts. Instructions are printed on the plotter. Durable plastic. Dimension: 13 5/16"x 4 ½"
P/N 13-03511..... $10.90

HPC-206 - Holding Pattern Computer. Pocket size. Visually displays entry headings from all directions for both standard and non-standard holding patterns. Shows holding speeds and inbound time to fix. Colorful segments for easy learning and use. 4" x 5" HOLDING PATTERN COMPUTER displays entry to standard and non-standard holding patterns, maximum indicated holding speeds, and time of inbound leg to fix. Complete instructions. "Best on the market" designed by Capt. Barry Schiff P/N 11-07722..... $12.50

E6-B2- H/S - E6-B2 D with High Speed Wind Slide of 100 to 800 ks or miles. Compressibility "F" factor scale shows the "F" correction factors for TAS. Gives calibrated airspeed from 200 to 550 knots at pressure altitudes of 10,000 to 50,000 feet. Crosswind grid shows method to calculate crosswind and headwind components. Anodized aluminum computer, 4-7/8" x 11-1/8" P/N 13-06673..... $39.95

E6-B8D - Deluxe all plastic student Pilot Wind Triangle & T/S/D navigation computer. Features the new exclusive windspeed cursor which shows the speed and drift without pencil marks. Color-Coded sawtooth scales. Calculates all necessary flight planning & enroute navigation requirements. Easy to learn and use with the instructions printed on the computer. 4-1/2" x 8-3/4" P/N 13-06675..... $17.75

E6-B9 - Universal Standard Wind Triangle & T/S/D Large anodized aluminum computer. calculates all necessary flight planning & enroute navigation requirements. 4-7/8" x 9-5/8"
P/N 13-03497..... $24.75

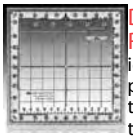


LOW & HIGH SPEED SLIDES - Low & High Speed Slide for E6-B9 or E6-B2 models. Low wind speeds 10 to 270, high wind speeds 100 to 800 kts or miles, compressibility "F" factors scale shows the "F" correction factors for TAS. Gives calibrated airspeed from 200 to 550 knots at pressure altitudes of 10,000 to 50,000 feet. Crosswind grid shows method to calculate crosswind and headwind components. 3-7/8" x 11-1/8"
P/N 13-06680..... $12.50

JNP - Enroute IFR Radio Facility Chart Plotter for NACO and Jeppesen Radio Facility Charts, 12 high visibility scales, displays entry diagrams of standard and non-standard holding pattern, compass rose plotter, km to nm and nm to km conversion scales. 8-3/4" x 3-1/4" P/N 13-06704..... $10.85

DJNP - Deluxe Enroute IFR Radio Facility Chart Plotter for NACO and Jeppesen Radio Facility Charts, 12 high visibility scales, displays entry diagrams of standard and non-standard holding pattern, compass rose plotter, km to nm and nm to km conversion scales. Lifetime guarantee, LEXAN® 8-3/4" x 3-/1/4" P/N 13-06706..... $11.95

APR DRFC-1 POCKET IFR & RNAV FOR JEPPESEN & NACO CHARTS - Has 13 scales for Jeppesen Radio Facility and NACO Charts. Shows a compass rose and a color-coded illustration for parallel, teardrop, and direct entries to standard and non-standard holding patterns. 6" x 3 ½". Lifetime Guaranteed. P/N 13-06701..... $10.95



DELUXEINTERNATIONALPROTRACTOR&PARALLEL RULE PLOTTER - Designed with high visibility color graphics, a tinted grid, and larger numbers and lines for easier positioning and reading. This plotter eliminates the need to use dividers and parallel rulers. A hole in the center of the instrument is used to conveniently mark and rotate the plotter. WAC/ONC 1:1,000,000 VIS/TERM 1:250,000 Scales, PVC plastic Dimension: 5" x 5" P/N 13-06707.....$8.50

E6-B8DP DELUXE STUDENT PILOT FLIGHT COMPUTER WITH NP-8 PLOTTER - Features the patent pending exclusive Wind Speed Cusor Arm that quickly tells you groundspeed, wind correction angle, and magnetic heading. Eliminates two set-ups and the need to mark dots on the plastic disc. The E6-B8DP calculates all necessary flight planning and en route navigation requirements. Color-coded sawtooth scales are user-friendly and allow for quick, accurate reading. P/N 13-06676..... $19.75

PS

FLIGHT ACCESSORIES - PLOTTERS

ON COURSE AVIATION PRODUCTS CHART MARKS

Customize your charts with these highly visible, self sticking, removable accents, outlines, & notes. Add a compass rose to any airport or airway intersection, outline VOR information, accent airport or communication information. 20x20nm see through notes accept pencil or pen for your special information. All are easily removable after your flight.

Note (11/package) ..... P/N 13-30110 ..... $3.50/ea.
Outlines (17/package) ..... P/N 13-30112 ..... $3.50/ea.
Accents (16/package) ..... P/N 13-30113 ..... $3.50/ea.

ERASABLE HIGHLIGHTERS

These erasable highlighters allow you to highlight all necessary information. They also allow you to erase any marks you've made by mistake! With dual ends, these highlighters will make everything you do in the cockpit easier and more efficient.

Yellow ..... P/N 14-01636 ..... $2.95
Orange ..... P/N 14-01637 ..... $4.40
Pink ..... P/N 14-01638 ..... $4.40
Blue ..... P/N 14-01639 ..... $2.95

CHINA MARKERS

The economical solution for marking on porous and non-porous surfaces such as paper, cardboard, plastic, wood, glass, ceramics, and some metal.

Red ..... P/N 14-01622 ..... $1.50
Blue ..... P/N 14-01623 ..... $1.49
Black ..... P/N 14-01624 ..... $1.50
White ..... P/N 14-01625 ..... $1.50
Yellow ..... P/N 14-01626 ..... $1.49

MAGNIFYING SCALE

At last, an accurate nautical mile scale with a built in magnifying lens to clearly enlarge the fine print on sectional charts. Made of heavy duty, extra strong, cast acrylic, printed in two colors with easy to read sectional scale graduations (1:500,000). Available in 2 sizes, 100 NM (16") for flight planning, 60 NM (10") for cockpit use.Order both.

60 NM ..... P/N 13-30120 ..... $14.95
100 NM ..... P/N 13-30121 ..... $14.95

5-1/2 INCH ACADEMIC DIVIDER

5½" divider with selfcentering gearhead design. Replaceable and adjustable needle points. Matte nickel finish resists stains and tarnishing.

P/N 13-08057 ..... $9.50

UNBREAKABLE SUPER PLOTTER

Here's a special flight planning tool we really like. A colorful little plotter with a rotating azimuth that makes it much easier to plot a courseline. Place the compass rose over your departure point and rotate the straight edge towards destination. Presto.. an instant readout of your course! Reads distance in statute miles or nautical miles for both sectional and WAC charts. Made of bullet proof Lexan. Won't crack, break, or warp in extreme heat or cold.

P/N 13-03473 ..... $18.95

PILOTS FREQUENCY REMINDERS

This little prompter is designed to allow the pilot (especially students) to pre-plan which frequencies will be used during a flight and hang this handy item close at hand in the cockpit. this is ideal when operating in a high density airport area. Helps eliminate cockpit clutter and searching for often used frequencies.

P/N 13-04391 ..... $5.50

HOLDUP HOLDING SITUATION INDICATOR

The Holdup is so easy to use that directions are provided on the device only because rust can develop on a pilot's holding techniques, especially for issued, nonpublished holds. They remind you how to set up intersection holds and station holds, If you forget. (There's also a built-in way to set up station holds in a single step.) Then, in both cases, you just find your heading to the fix on the compass dial, and read the entry in the zone next to it. At a typical intersection, there are 8 (eight) possible holds that can be assigned. "Hold south of ORVIL intersection on the 340° radial, left turns?" You won't believe how easy this is with The Holdup until you try it.

P/N 13-03365 ..... $15.95

ZULUCARDS

These cover the basics you'll need if you're learning to fly. As we all know, in those early days when we learn to fly we're trying to cram a heck of a lot of data in to a relatively small simian skull. It's not a matter of *if* you forget something but *when*. This set of cards will help you in your time of need. Cross Wind - A colorful and easy to read way to calculate your cross wind component when coming into your destination. En Route info - Commonly used VHF frequencies, the phonetic alphabet and VFR cruising altitudes. Ground - Common airport signage. Emergency - Light Gun signals, transponder codes and Lost Procedures. Vspeeds - Write in the Vspeeds for your particular aircraft. Buy extras and keep one for each plane you fly. Card Dimensions: 5" x 8.5".

ZuluCards Standard Set of 5 ..... P/N 17-00249 ..... $6.70

CHART CLIPS - TOOL BAGS

PUT-IT SUCTION CLIP

This clip is strong enough to hold an approach plate, chart, or checklist. Attaches by a suction cup to the instrument panel, yoke or any other nonporous surface.....P/N 8197.....$5.85

NO CLUTTER CLIPS

No Clutter Clips * Holds checklists, approach plates, charts, etc. * Stick on most slick surfaces * UV Resistant

1 Small clip per package.....P/N 13-06636.....$3.95
2 Small clips per package.....P/N 13-06408.....$8.75
1 Large clip per package.....P/N 13-06409.....$5.50

WATCH-IT ACCESSORY HOLDER

"World's most versatile holding device". Lets you mount time pieces and calculators exactly where you want-on the wheel, the yoke tube of clipboard. An ingenious bracket, an adjustable holding loop, and a little Velcro is all it takes. Once positioned, can be mounted & removed repeatedly. Non-reflecting, black materials, weighs less than 1oz.

P/N 8265..... $10.90

YOKE CHART CLIP

When you want the chart or approach plate right in front of you - this clip will hold it on the yoke. Adjustable band wraps around the yoke and holds the clip firmly. Fits all general aviation aircraft controls. Non-reflective black finish. .....P/N 8135..... $9.95

CESSNA YOKE CLIP

Yoke Mount Combo Clip (Large). Fits 1" - 1 1/2" Diameter Shaft.....P/N 13-02845.....$8.95

IFR CHART CLIP

Make IFR flying simpler by keeping vital instrument approach plates and charts in place. Attached to the yoke rather than in your lap or on the floor, this chart clip comes in various models designed to install easily on the yoke of your aircraft. Insures that your navigational charts stay in front of your eyes when you need them most. Handy for VFR charts as well. We'll be happy to assist you in determining what model chart clip will best fit your aircraft.

1.5" Post Standard Clamp .....P/N 8131..... $21.75
1.5" Post Wide Clamp .....P/N 8487..... $21.75

23 POCKET BIGMOUTH BAG

17 Multi-use pockets inside and 6 outside organize tools and accessories. Opens wide for easy access to bag's contents. Padded reinforced web carrying handles. 12"L x 8 1/2"W x 8"H

P/N 12-00329 ..... $18.75

12 POCKET TRAYTOTE BAG

- This bag has 2 pockets inside and 10 pockets outside with a 11"x 6" multi-compartment tray which slides securely into bottom of bag. Opens wide for easy access to contents and has reinforced web carrying handles. 12"L x 8"W x 12"H

P/N 12-00163.....$38.60

14 POCKET TRAYTOTE BAG

- This bag features 2 pockets inside, 12 pockets outside, with a 13.5" x 6" multi-compartment plastic tray slides securely into bottom of bag. Opens wide for easy access. 16"L x 9"W x 12"H P/N 12-00164 ..... $47.85

MILITARY STYLE TOOL BAGS

These tool bags are made of heavy-duty military-type tough 18oz./sq.yd. cotton duck with a water repellent mildew-resistant treatment. The mechanics Tool Bags have compartmentalized side pockets with flaps. Hardboard bottoms are completely sewn into each bag and are unexposed. All stitching is of heavy duty nylon thread and the handles are made from heavy military spec. webbing. All inside seams are bound to eliminate raveling of the fabric.Long-tab, self-locking slider. Color: O.D. Green. Available in 2 sizes:

O.D. Green Small: 6" x 6" x 12" Bag ..... P/N 13-02500 .....$49.75
O.D. Green. Large: 5" x 5" x 16" Bag ..... P/N 13-02600 .....$53.00

TOOL WRAP

Kennon's heavy duty soft sided tool carrier is an old style canvas tool wrap that you can't find anymore. 9 pockets. Rolls up for compact storage and closes with adjustable velcro. Also available in a larger 11 pocket version. Tools not included.

Tool Wrap 9 pockets.....P/N 13-01746.....$29.95
Tool Wrap 13 pockets.....P/N 13-01747.....$39.95

UNIVERSAL BEVERAGE HOLDER

This Universal Beverage Holder made of billet aluminum installs easily in any thickness dash or instrument panel. Available in two styles, with square or oval face-polished surfaces, its compact design permits vast installation possibilities.

Oval Face.....P/N 13-03792.....$139.00
Square Face.....P/N 13-03793.....$158.95

YOKE BALL CLIPS

Allows the user to mount various objects on the aircraft yoke for easy access and hands free reading. Made heavy duty to hold more weight than other clips. Sizes given refer to a general size range only - they will work with almost any aircraft with a similar size yoke.

Part No.	Tube Size	Rise	Application	Price

VFR/IFR PILOT FLIGHT DESK

The PFD-3 PILOT'S FLIGHT DESK, first designed and introduced by APR Industries, puts essential VFR and IFR information right at your finger tips. The VFR side, with a small bear clip, holds flight logs and approach plates while the larger bear clip on the IFR side opens to 1" and is designed to hold aeronautical charts and radio facility approach books. Non-slip foam on the underside of the board helps to hold everything securely in place. APR's PILOT'S FLIGHT DESK is the best available! The PFD-3 has 3 clips along with all the features PFD-1 provides additional uses such as clipping long sections of flight charts, aprroach charts and log sheets (VFR-100 / IFR-200). Includes a pad of logs with sample sheets designed by Capt. Barry Schiff. Dimensions: open size: 16" x 9", folds to: 8" x 9". Anodized Aluminum, .050" thick ..... P/N 13-11734 ..... $27.85

ASA IFR& VFR KNEEBOARDS

These IFR and VFR Knee- boards are an attractive, light gray, brushed aluminum. Instrument and visual information is clearly silkscreened on the boards so pilots can quickly reference rules at a glance when operating a cyclic or stick. All information on the Kneeboards match current Federal Aviation Regulations. The Kneeboards feature a comfortable, 1.5" wide elastic legband that hugs the leg without binding. Velcro fasteners can be adjusted without removing the kneeboard and fits all leg sizes. A pencil/pen holder is designed into the leg for fast note taking. The Kneeboards also feature a 4-3/4" wide metal clip that is easy to lift and strong enough to hold NOS charts and other necessary papers. Paper-protector elbows secure material, yet papers won't rip when pulled out. .....

VFR Kneeboards ..... P/N 13-06925 ..... $13.95

IFR Kneeboards ..... P/N 13-06930 ..... $14.95

NAV-DATA LIGHTED KNEEBOARD

Nav-Data KB-170 Lighted Kneeboard

Rugged molded construction used by the U.S. Military with heavy duty elastic strap and buckle to keep it firmly in place. Also has a contoured bottom and foam strips for extra stability. Rheostat control for perfect lighting. Holder for multiple pens or pencils plus built in pencil sharpener. Upper clip opens 1" wide to hold even large approach plate books. Lower clip allows for more versatility. Compact dimensions: 10"x5.5". Lightweight: approx 16 ounces Operates on 3 AA batteries (Not Included) ..... P/N 13-11997 ..... $59.95

THE PEN PAL

The Pen Pal frees up the hand of a person who would otherwise be holding a flashlight to write in a low light environment. Capable of being attached to most writing utensils, The PenPal minimizes the user's loss of low light vision adaptation while preventing loss of the utensil in the dark. Preserving low light visibility in night flight is imperative; and so is almost every other cockpit task that requires a light. The PenPal is the solution. Pilot tested and approved, The PenPal is bright enough for filling out departure clearances, weather, power settings and log books and dim enough to minimize the loss of low light vision capability. A lanyard can also be attached to the grip keeping your lighted writing utensil at close reach ..... P/N 13-12969 ..... $12.95

KNEEBOARDS

FOLDING LAP BOARD

This 9" x 16" flying desk has 2 large clips to hold in-flight necessities such as charts, flightlogs, and approach plates. Lost communications procedures for both VFR and IFR, light gun signals, position reports, frequencies, and transponder codes are silk-screened on the brushed aluminum lapboard for quick reference during emergencies. It folds in half when less space is needed and for convenient storage. Foam strips on the back keep the lapboard comfortably in place. P/N 13-02314 ..... $29.95

TRI-FOLD KNEEBOARD

For the pilot who has a little more to juggle, the Tri-Fold Kneeboard uses the expertly styled VFR Kneeboard in a 3-panel jacket. The high-quality construction features durable material & double-sewn seams where extra stress takes place. The color is jet black with a logo attractively embroidered in silver on the front. The left panel has ample room for small books, papers and unusually shaped items. The center panel holds the kneeboard under clear plastic. Either side of the center includes a pen/pencil holder and buttonholes that allow the pilot to fold back one or both panels of the kneeboard with the legband. This is ideal when operating a cyclic or stick.The right-hand side contains a clear pocket for easy map viewing. The elastic legband has velcro closures and will comfortably fit any leg size. Try the kneeboard that puts everything at your fingertips.

P/N 13-06950 ..... $35.50

MYCLIP THIGH KNEEBOARD

The MyClip kneeboard is the only iPad Kneeboard that works with the iPad and the iPad2. This innovative design easily transitions from portrait to landscape mode allowing easy viewing of charts and approach plates. Soft rubberized clips gently hold the iPad and even work with the Apple "Smart Cover". Light and compact, this iPad kneeboard is made for aviation. P/N 13-09290 ..... $39.95

MY BIG CLIP KNEEBOARD

The universal design allows the iPad or similarly sized tablet to be used as a kneeboard without taking it out of your everyday case. Avoid the hassle of removing your favorite case just because you are going somewhere. The MyBigclip has an opening just under 1in. The bigger opening allows it to work on most cases and folios including the Otterbox® series. P/N 13-14951 ..... $39.95

MYCLIP MINI KNEEBOARD

The MyClipMini is a universal tablet kneeboard that will hold an iPhone in the landscape mode all the way up to an iPad in the portrait mode. It is designed for the iPad Mini but will work on all similar sized tablets. Clips slide along an elastic belt and can be sized down to 4in (10cm) and up to 8in (20cm). This flexibility allows for an easy switch between protrait and landscape mode and allows the MyClipMini to be used on all of the other 7in tablets.

P/N 13-14952 ..... $37.95

KNEEBOARDS

FLIGHT DESK TRI-FOLD KNEEBOARD

Flight Desk Kneeboard greatly improves cockpit organization of charts & accessories. Unlike some other kneeboards with limited utility, will hold sectional charts, a large E6B type computer, and has two elastic loops on either side of the clipboard to hold a goose-neck type flashlight. If the middle loop is not used for a computer, it can be used to hold a handheld transceiver..... P/N 13-03474 ..... $16.75

ORGA-KNEE-ZER™ KNEEBOARDS

Extremely versatile, organizer/kneeboards providing a standard 7-ring binder on a very stable platform with built-in pencil sharpener, combo maglite/pencil holder and many other unique features. Compact stowage, rugged materials and powder coat finish, add even more to their rich feature set. Use for VFR or IFR flight, using NOS or Jepp charts and see how their versatility can adapt to your demanding and varied needs as pilot. The patented design of Model A1-MC allows you to flip through your charts, checklists or other reference materials, with unobstructed access to the writing surface for jottingATC instructions or holding flight plans. It's excellent for most general aviation aircraft and is very popular with Cessna and Piper pilots. It's 9" long x 8" wide and up to 16" wide when fully open. It can also be used as a simple clipboard for preflight checks when closed (includes 3 chart pockets). P/N 13-03326 .....$37.95

APR KNEEBOARDS

GENESIS 2 - IPAD2 / IPAD3 KNEEBOARD & CASE

Soft hinge design allows the front cover to fold behind flat to minimize yolk interference and allows access to the headphone port when closed. Camera holes for the forward and rear facing cameras allow access for Facetime TM, photos or video. Lastly, the new location of the microphone is accounted for and is left open for clear recording of sound during video use. Made of ultra-durable ballistic nylon material on the exterior, and lined with brushed suede microfiber to pamper the iPad surfaces. Loops on the sides are for small pens or pencils. When not flying, the case converts into an iPad stand with unlimited angle adjustments for viewing. .....P/N 13-11465..... $26.95

GENESIS X IPAD ROTATING KNEEBOARD / CASE

Made to fit all generations of iPads and port locations. Main frame is made of tough ABS and the corners made of Polyurethane. The frame is contoured around the rear camera and the front camera is completely unobstructed to allow access for Facetime TM, photos or video. Size: 10" x 7.8" x 1".

P/N 13-12391..... $33.50

GENESIS IPAD CLIPBOARD ADD-ON

A sturdy 3001 grade aluminum clipboard is riveted to a soft velvet backing to protect your iPad touch screen. Pen holder at the top. This is an add-on accessory for the genesis and genesis 2 iPad cases. Not a standalone kneeboard.

P/N 13-14734..... $24.75

IPAD KNEEBOARD PRO

Made of anodized aluminum that is strong and lightweight. It is a form fitted case that is padded with a layer of foam that holds the iPad securely in place. Its cut-out design provides access to all of the iPad's ports, buttons and controls. Wide elasticized removable velcro strap, allows the case to be held securely and comfortably to your leg. There are four rubber pads on the rails that allow the case to sit on a desk or table securely as well. The iPad and clipboard are not included.

MYGOFLIGHT IPAD FLIGHT BAG PLC PRO

The Flight Bag PLC™ Pro is for the pilot wanting to move from a conventional flight bag to one for the "Paperless" cockpit. It has a specially designed, airport check-point friendly protective pouch to hold an iPad, laptop computer or many other electronic flight bag devices. All of the compartments are easy to see into, making it simple to find what you are looking for. There is room for everything a pilot needs to take with them in-flight. The Flight Bag PLC™ Pro bag is designed by pilots for pilots to be the ultimate flight bag for all aviators. This bag gives you the style, storage, organization, compact size and functionality like never offered before. P/N 13-11594 ..... $179.00

IPAD KNEEBOARD SPORT

The iPad Kneeboard Sport is designed for the pilot looking to secure their iPad on either leg, who needs the minimal case, but still wants a very secure fit. In black, soft to the touch polycarbonate, the Sport adds protection and great feel to the iPad. The iPad Kneeboard Sport was designed for pilots by pilots. It is designed to work in aircraft where space is tight or where there is a cyclic, or control stick being used between the legs. It is perfect for pilots of helicopters, sport aircraft, and when there is tight yoke clearance. Features: • The iPad Kneeboard Sport is made of black, soft-to-the-touch polycarbonate and is strong and lightweight. It is a form fitted case that holds the iPad securely in place. The cut-out design provides access to all of the iPad's ports, buttons and controls. The Sport is compatible with Apple's Smart Cover. • There are two aluminum rails on the underside of the case that frame your leg and, with the wide elasticized Velcro strap, allows the case to be held securely and comfortably to your leg. There are four rubber pads on the rails that allow the case to sit on a desk or table securely as well. • It is designed to be thin with a removable cover so as to be clear of the yoke, cyclic or control stick. It has a sleek look when used outside of the plane. • The removable knee strap can be left in the plane leaving you with a beautiful, sleek case for every day use.

iPad 1 ..... P/N 13-11197 ..... $99.00
iPad 2/3 ..... P/N 13-11310 ..... $99.00

ASA IPAD PORTFOLIO KNEEBOARD

The iPad Portfolio Kneeboard is the ideal stylish multitasking kneeboard, binder, and versatile cover. It is functional and durable and protects your iPad in flight and on the ground making it your favorite cockpit companion.

Fits the iPad, iPad 2, and New iPad (iPad 3).

The inside sleeve holds your iPad securely on the right side with full access to iPad controls and button. The left side has pockets to store your documents and provides a writing surface. The elastic strap secures the binder-like case to your leg for inflight use and is easily removable for everyday use. The cover folds into a flap to serve as a vertical or horizontal desktop stand providing easy landscape viewing and full keyboard access. Beautiful black leatherette with embossed wings. Height: 9-11/16", Width (closed) 7-15/16", Width (open) 15-15/16". ..... P/N 13-11337 ..... $48.95

AIRGIZMO IPAD KNEEBOARD

The AirGizmo iPad Kneeboard allows accessing charts and apps on the iPad or iPad2 while flying easier and safer than ever. Molded plastic and a wide velcro strap allow for a secure, comfortable fit. Fold over tablet holder drops out of the way when not in use. Ability to adjust the angle of the iPad for best viewing angle and the ability to cut down glare. Designed to work with both the iPad and the iPad2. Width: 7.93 in.. Height: 9.79 in.. Depth: 3.75 in. Weight: 13.1 ounces.

P/N -13-11218 ..... $133.95

MYGOFLIGHT IPAD 2/3 KNEEBOARD FOLIO C

The iPad Kneeboard Folio™ C (including clipboard) is the perfect high quality leather, rotating aviation kneeboard, lapboard and everyday case for your iPad 2 and iPad 3. The iPad is held by a form fitting rotating cradle that your iPad simply clips into. All of the ports and controls remain accessible so the iPad can be charged, synced and controlled when it is in its case. The built-in stand feature enables you to prop your iPad at almost any angle. When the stand is not needed it stores neatly against the case and turns into the case's closure system. This keeps the front of the case closed and your iPad screen is protected when not in use.

Anti-Glare Screen Protector - Selecting a screen protector for your iPad is a difficult task. Pilots need to protect the screen from scratches and reduce glare which can make the screen difficult to read. However, not all screen protectors are created equally. We tested over 20 different protectors to find one that was easy to apply, reduced glare, did not add any image distortion and retained a smooth feel to the touch. A total of two screen protectors come in each pack P/N 13-12396 ..... $32.99

ASA IPAD KNEEBOARD WITH COVER

A multitasking kneeboard that is both functional and durable. This new iPad Kneeboard joins the iPad Portfolio Kneeboard in giving pilots greater flexibility to choose the "digital kneeboard" solution that's best suited for them. The iPad Kneeboard is a versatile case and kneeboard that helps pilots protect and use their iPad in flight and on the ground. The elastic strap secures the case to the pilot's leg for in-flight use. The unique plastic cover keeps the iPad screen safe while maintaining full viewing and complete touch-screen functionality, and opens easily to insert or remove your device. The easel folds to position the iPad at a convenient "wedged" viewing angle; alternatively, it can lay flat. The pocket on the back offers room for papers and maps. Openings are provided for charger and headphone/earbuds. Made of durable fabric with embossed wings. Fits the iPad, iPad 2, and New iPad (iPad 3). Features: • Easel folds up or down for optimal viewing and pocket provides access to charts and papers • Dock connector / power port accessible with the cover closed • Openings are provided for charger and headphone/earbuds • Fits both iPad, iPad 2, and New iPad (iPad 3) • Pocket on back offers room for papers and maps.

MYGOFLIGHT SPORT ADAPTER WITH TILT SWIVEL

The Sport™ Adapter with the Tilt and Swivel adds flexibility in positioning the iPad Kneeboard Sport and Sport NR - iPad on any mount. The adapter can tilt up to 90 degrees. Includes the RingO mounting system which quick-connects the Sport™ and Sport™ NR cases to our various mounts by RAM. P/N 13-12425 ..... $79.00

MYGOFLIGHT SPORT MOUNT COMPACT SUCTION CUP

The iPad Sport™ Mount - Compact Suction Cup is for pilots who want to mount their iPad Sport™ NR or iPad Kneeboard Sport™ case off a glass windshield or other smooth surface while using the least amount of space. This is especially useful when using the mount on a side window close to the pilot. Each of these mounts comes with a Sport™ Adapter with RingO mounting system. The Sport Adapter with Tilt & Swivel option (included), adds flexibility in how the iPad is positioned. The adapter can tilt up to 90 degrees. The mount is portable and can easily fit in your flight bag or can be positioned and left on-board. Perfect for owners and renters alike. P/N 13-12426 ..... $99.00

MYGOFLIGHT SPORT MOUNT HEADREST

Now you can secure your iPad for use in the back seat of your car with the Sport Mount - Headrest. Requires the iPad be in either the iPad Kneeboard Sport™ or Sport™ NR - iPad case available separately. The iPad, once secured to the headrest, can be viewed either horizontally or vertically and can be tilted vertically to accomodate different heights. It is the safest choice if you want to use your iPad as a rear seat entertainment device. The back seat passengers can easily and safely watch a video or play games. The headrest mount has a universal fitment and is designed for headrest between 4"-8" wide. The installation is quick and easy with no dismantling of the headrest. The headrest mount clamps around the headrest posts and the Sport™ case mounts to the included Sport™ Adapter. The Holder can angle 15 degrees and swivel 360 degrees.

NOTE: The Sport Mount - Headrest is only the mount. You must already have or order separately the Sport™ or Sport™ NR case. Sold separately. P/N 13-12427 ..... $69.00

MYGOFLIGHT SPORT MOUNT GULFSTREAM

We have taken the iPad Sport Mount-Gulfstream and bundled it with your choice of either the Sport NR case or iPad Kneeboard Sport. This package gives pilots a complete solution for securely mounting the iPad to the steering column of any Gulfstream jet that has the wedge mount used for mounting a clipboard. Utilizes the quick-connect Sport™ Adapter with RingO mounting system to allow the user to easily rotate the iPad from portriat to landscape. Also gives you the ability to quickly disconnect the iPad from the mount while leaving it in a protective and stylish case.

P/N 13-12428 ..... $299.00

MYGOFLIGHT DUAL MICRO CHARGER

Handles up to 35 Volts! You can charge your iPad and your iPhone or iPod or any other USB powered device at the same time in the airplane/car. DualMicro is a 12 to 35 Volt airplane/auto charger and an extra charging cable in one convenient bundle. It has two USB ports that can both be used at the same time. Operates with a full 4.5 amps of charging power (2.1 and 2.4 USB sockets) which the iPad requires and provides the fastest possible charging. NOTE: For 12-35 volt DC systems.

P/N 13-15538 ..... $29.95

MYGOFLIGHT CASE BACK FOR IPAD II

The Case Back is a slim-fit polycarbonate designed to snap onto the iPad II and iPad III to provide protection on the back and corners. Also, compatible with Apples's Smart Cover. It offers a slim-fit, complete access to all ports, buttons, and camera, and adds a stylish look in a transparent clear/grey. Not available for iPad I.

Black case ..... P/N 13-12398 ..... $14.05
Black Case with discs ..... P/N 13-12399 ..... $14.05

MYGOFLIGHT SOUND MASTER BLUETOOTH MINI SPEAKER

This portable Bluetooth speaker is wireless and puts out 3W and up to 95 decibels of sound, all in a package half the size of a soda can. It is the perfect travel accessory for anyone that wants great sound but is tight on space. Compact size will easily fit into your flight bag or luggage for easy portability. Connects wirelessly with iPad, iPhone, iTouch, Droid or any other Bluetooth device. Lithium battery keeps the music playing for up to 8 hours. The SoundMaster also supports Micro SD cards (up to 8 GB) for automatic plug and play. The speaker has an AUX input for direct device connection - buy two speakers and a splitter cable for true stereo sound! Finally, the SoundMaster is water resistant, which is perfect for use outdoors - boating, camping, hiking, etc.

Silver Speaker ..... P/N 13-12402 ..... $89.00
Black Speaker ..... P/N 13-12403 ..... $89.00

MYGOFLIGHT NIGHT VISION CLIP

The Night Vision Clip Light is designed to put green, eye protecting light exactly where you need it when you need it. The light is illuminated by a slide-to-activate button. Can be easily attached to your clipboard by sliding it into the bracket on the clipboard. With an adjustable head that can swivel the light up or down up to 90 degrees, light can be positioned where it is needed. The batteries are replaceable.

P/N 13-12404 ..... $19.99

MYGOFLIGHT HEADSET BAG

Micro-fiber lining cleans and protects the screen while the durrable diamond stich fabric on the outside prefents ripping and tearing. The Headset Bag is made out of durable mesh with a soft, padded lining on the inside, perfect for holding anything you don't want scrached: sunglasses, phones, iPads, and eReaders. The drawstring closure makes holding all of your small items secure and easy to find.

P/N 13-12407 ..... $14.99

MYGOFLIGHT SHOULDER STRAP

Better weight distribution than carrying it by the handle. Padding and grip prevent straps from sliding off of shoulders. Easy on and off with clip-head hooks. Rotating hook heads make sure you never get tangled straps ever again! Fully adjustable for all sizes.

P/N 13-12406 ..... $19.85

FLYBOYS GEAR FOR PILOTS

FLY BOYS PUBS BAG

Ideal for keeping things "co-located" while you're flying and mission planning. Integrates perfectly with Fly Boys kneeboards. Top opening flap gives access to the main pockets. Additional smaller external pockets are located in the front, rear as well. Handy for smaller items or for sliding enroute charts and maps for quick access. Top, front and back are secured with sturdy Velcro™. Pocket on one side for a water bottle or sunglass case. Slots on the opposite side for 2 pens or pencils. The most popular choice of most fighter and trainer pilots no matter what the airframe. Also, an excellent option for civilians looking for a no frills - priced right bag. Measures 8 1/2" x 11" x 1" empty. Fully loaded it will expand out to 8 1/2" wide!

Blue FB1020 ..... P/N 13-05565 ..... $24.95
Black FB1020 ..... P/N 13-05566 ..... $24.95

FLYBOYS MISSION PUBS - BAG

Longer and wider than the FB1020 Regular PubsBag, but not as tall. Fits everything you will ever need for your mission plus some! Three main compartments comprise this model. Two large compartments and the third is divided in the middle. No external pockets on this model, however the internal capacity is awesome. Favored by F-15E, B-1, B-2, and C-130 aircrew. It's also popular in the USAF/USN pilot training environmentOutside dimensions are 9" x 11" x 1" empty, and fully loaded it will expand to 6 1/2" wide.

Black ..... P/N 13-05622 ..... $25.95
Blue ..... P/N 13-05623 ..... $25.95
Green ..... P/N 13-05624 ..... $26.50

FLYBOYS LARGE CREW BAG

Lightweight but heavy duty bag at a fair price. Double stitching and reinforced seams are standard. Silent rubber zipper pulls. Nylon zippers are self repairing and provide a significant level of water resistance. The removeable shoulder strap has a pebbled shoulder pad unique only to Fly Boys. Keeps the bag from slipping off. All new gray interior which provides high visibility for finding items inside the bag in low light conditions. Sturdy built moveable/ removeable interior dividers. New retention sleeve for flashlights incorporated. Super tough PVC armoring incorporated into the bottom of the bag. Virtually waterproof along the bottom and provides additional protection and structure to the unit. Exterior Dimensions: 22" x 14" x 12" Main Compartment Dimensions: 16" x 11" x 11" P/N 13-05563 ..... $110.95

FLYBOYS EXTREME CARGO BAG

Cargo and Tanker crews require specialized gear for every mission. To meet their needs, Fly Boys has fielded the ultimate cargo bag meeting crew-designated specifications. Designed in conjunction with active duty and reserve KC-135R, KC-10 and C-17 crewmembers, the FB4400XCB Extreme Cargo Bag is configured to exceed every expectation in every category. If you're a crewmember on a tanker or cargo aircraft and you put your gear through extreme punishment, then you've found the best constructed and configured bag available. Main compartment is 16x12x12 inches. P/N 13-08081 ..... $219.00

FLY BOYS HELMET BAG

420 Denier Cordura Nylon with 1/2" cloth poly-fill to cushion your helmet. Heavy duty nylon zipper - resists snags. Two interior pockets WITH VELCRO CLOSURE that fit your DTC, VTR tapes, sunglasses or water bottle. This super tight knit nylon shell is extremely water resistant and provides superior protection for YOUR expensive equipment - and the interior lining is extremely soft. Oversized from standard issue versions, it is superior for helmets with with NVG or HMS mounts! Two NEW pockets for smaller items. Comes with an exact color matched, adjustable shoulder strap fitted with a gripping contouring rubber shoulder pad. Inside Dimensions (FLAT): 19 1/2" Wide 20" Tall.

Black ..... P/N 13-05569 ..... $33.95
Green ..... P/N 13-05570 ..... $36.95

FLYBOYS CHECKLIST PAGES

Heavy-uty plastic FlightCrew checklist pages. Sturdy construction extends the life of these pages. Easy to use at made at a thickness that helps prevent the pages from becoming brittle or tearing in cold environments.
Pages are top loading and are great for protecting your local approaches or condensed aircraft checklist. No covers included.

Sheet Size: 8" X 5" ..... PN 13-05627 ..... $0.55
Bulk back (25 Pk.) w/ Covers ..... PN 13-05629 ..... $13.75

OVERSIZED CHECKLIST PAGES

These are great if you are ready to start putting originals in the pages instead of shrunken copies! As you can see, a full size Jeppesen chart slides right in! Now your mission data cards fit, your target photos can get more detail in them, and your attack cards slide right in without making a trip to the copier to shrink or the paper cutter to trim! These are the same construction as the regular, just bigger. Great in extreme temperatures and long lasting. Spacing on the holes matches up with the FlyBoys KneeBoard with Eyelets and Jeppesen charts.Size is 5 1/2" X 8 1/2" - really makes a difference.

Sheet Size: 8-1/2" X 5-1/2" ..... PN 13-05628 ..... $0.85

EXTRA TALL PAGES FOR BIG CHECKLIST

Heavy duty plastic FlightCrew checklist pages. Sturdy construction leads to a long life. Easy to use but heavy enough to not get brittle or tear in extremely cold environments. Pages are top loading and are excellent for protecting your local approaches or condensed aircraft checklist. USABLE interior dimensions: 5"x11", overall width including checklist ring holes 5 7/8"

Sheet Size: 5" X 11" ..... PN 13-05630 ..... $0.70

FLYBOYS HARD PLASTIC COVER SET FOR EXTRA PAGES

The new Cover Set for the FB2203 pages are great. They are perfect for protection of the pages as well as providing structure for these tall pages. Without these covers, they tend to sag due to their height. Buy as many pages as you need, as many cover sets as you need. Sheet Size: 5" X 11" ..... PN 13-05632 ..... $5.25

OVER SIZED FLIP CHART PAGES

Over sized top loading pages with three ring holes in the top for those checklists and situations that flow better than the normal "book format." Dimensions: 9.25" x 6".

Sheet Size: 8" X 5" ..... PN 13-05633 ..... $0.75
Bulk Pack (25 Pk.) ..... PN 13-05634 ..... $13.50

FLYBOYS CHECKLIST RINGS

Durable. Unbreakable. Multi-Purpose. Safe. Opaque nylon ring to hold your checklists and in-flight guides . Or use them for outdoor use where metal rings would rust or wear out. Patented ball-lock design to prevent FOD out on the flight line. The nylon ring is very low resistance as well. Once they are closed, they stay closed. When closed, they are a 2.5" diameter ring. Opened, they stretch to 5.25". For most applications 4 rings is plenty for keeping your checklists or inflight guides secure. Pack includes 10pieces.

Clear ..... P/N 13-05621 ..... $8.95/ Pack
Black ..... P/N 13-08644 ..... $9.85/ Pack
Red ..... P/N 13-08643 ..... $9.75/ Pack

FLYBOYS PILOT LOGBOOK

If you are serious about keeping track of your flight time, and operate Army or USAF rotary aircraft - this is the book you need with no question. Record your own flying history of missions, upgrades, checkrides and awards right in this beautiful and durable logbook. This book will hold at least 10 years worth of flight history.Dimensions: 9" tall x 7 7/8" wide x 1" thick

Airforce Pilots Fly Logbook ..... P/N 13-05625 ..... $29.99
Army Pilots fly Logbook ..... P/N 13-06410 ..... $29.99

FLYBOYS REMOVE BEFORE FLIGHT KEY CHAIN

This nylon strap streamer with the REMOVE BEFORE FLIGHT rubber patch is an instant reminder of the real warning flags that hang off of airplanes on the flight line. They're supposed to be visible and easy to find during the walk-around inspection. Well, now you won't have to "walk around" your house or fish through your gym bag trying to find it! ..... P/N 13-05626 ..... $4.99

FLYBOYS MAPSTRAP THIGH STRAP

adjustable to fit just about anyone and features a see-through strap with a healthy portion of hook-and-loop to keep paperwork secure. The leading and trailing edges of the lower strap feature no-slip PVC material to help keep the strap secure on your leg.

P/N 13-14943 .$23.50

The center panel holds the kneeboard under clear plastic with a pen/pencil holder and buttonholes on either side.. The right-hand panel contains a clear pocket for easy map viewing, and the elastic leg band's Velcro closures fit any leg size comfortably. Black nylon with embroidered silver wings logo. Kneeboard is 6-1/2" wide x 9-1/2" high.

P/N 13-02712..... $24.99

BLOCKALLS TRAINING GLASSES

Designed by pilots for pilots. Blockalls™ resolve problems with existing view limiting devices. Weighing in at just under 1oz, it's easy to forget you are wearing them. Engineered to easily penetrate the seal of your headset eliminating the hassle of having to remove it first and can be worn for extended periods of time without discomfort, thanks to the soft rubber nose piece and streamlined temple tips. Tailored off center viewing also keeps more of your time inside the flight deck rather than outside. Recommended by AOPA/ Flight Training.

Color	Part Number	Price

Tint Lens Tinted Fog 2.5	13-05014	$29.85

THE HOODY

Provides a complete view of even the most sophisticated instrument panel. Weighs less than 2 oz. Stores easily in a flight bag with the flaps folded in. The Hoody® fits most caps. No hooks, no clips, just slips on and off. Easily molds to the bill of your favorite cap. P/N 13-12753 ..... $19.95

JIFFYHOOD

A lightweight plastic hood that does the job inexpensively, Jiffyhood stows rolled up in a flight case, or even in your pocket. Has an adjustable elastic headband for comfortable fit. P/N 13-03457..... $11.95

FRANCIS IFR HOOD

Francis hood restricts your vision totally to your instruments & because its small, will not block any part of an instructors vision. Made of lightweight, shock-resistant plastic, and has cushioned face pad for comfort. Adjustable elastic headband. P/N 3362..... $22.85

JEPP SHADES

Replaces bulky, hard-to-use instrument training hoods. The improved design allows better student/instructor interaction. The Cockpit proven design works conveniently under headsets and the universal adjusting strap reduces pressure on the ears and temple. The Velcro™ strap fits comfortably and flip-up lens allows convenient IFR/VFR flight transition. The high quality polycarbonate lens is impact resistant. P/N 13-404311 ..... $25.95

FOGGLES

A creative solution to the problems caused by wearing a large hood on your head. Foggles fit and feel like glasses, but the opaque frosting on the top and sides let you see only the instrument panel. Your out the window view is always foggy. Wear them with headsets and microphone with no interference or discomfort. They come with a protective carrying case and weigh only two ounces.

Clear..... P/N 13-06500..... $19.50
Yellow ..... P/N 17-00039..... $21.95

SUPER HOOD

Ideal with eye glasses or headsets it slides in under the headset without relinquishing control of the aircraft and it can be instantly removed at any time for a safe approach or landing. Blocks outside reference but provides a full panel view to reduce vertigo. Light weight (3 oz.) and comfortable. P/N 13-30200 ..... $21.75

IFR TRAINING GLASSES

Polycarbonate Lenses (UV Protected). Adjustable frames High brow area to prevent "peeking". Opaque frosting to simulate actual IFR conditions. Protective carrying bag included P/N 13-12050 ..... $17.95

VIBAN IFR TRAINING HOOD

Weighs only 2 oz., making it easy to put on and take off during flight. Provides a perfect view of the instrument panel while providing complete occlusion forward and to the side. Even more, ViBAN folds compactly to fit in its own durable case and is easily stored in your flight bag.

Without Nosepiece ..... P/N 13-02022 ..... $38.95

ASA AIRCRAFT FLIGHT LOG/LOG-BOOK (SP-FLT)

Spiral-bound and perfectly sized to fit in an aircraft glove box or chart pocket, this logbook is a quick reference to the recent history of the airplane so pilots have immediate access to the airplane's records. P/N 13-03163 ..... $8.95

PLANEVIEW AIRCRAFT FLIGHT LOGS

Compact and can be easily stored in a glove box or side pocket. You only have to use the categories that are important to you. The owner of a Piper Cub would not use the logbook to the extent that a Piper Mirage owner/operator would, but it can easily accommodate the needs of both aircraft. Multiple pilots can use the book, so it can be used in an aircraft that is used in partnerships, fight schools, charter and many other operations where there are a number of different pilots flying the aircraft.

Single engine log ..... P/N 13-01946 ..... $7.95
Multi-engine log ..... P/N 13-01947 ..... $7.95

AIRCRAFT TECHNICAL LOG POST BINDER

Logbooks will stay in top condition when kept in a sturdy binder. This binder is specially designed to keep any number of our maintenance logs together. The binder is a "must have" for a multi-engine aircraft that could have up to 12 individual logs. Capacity: 1 Binder can easily hold a dozen component logbooks, more than enough for a 4-engine aircraft. P/N 13-12324 ..... $34.75

AIRCRAFT EXPENSE & USAGE JOURNAL

This product is a compact 32 page journal, measures 4 ¼" tall by 2 ¾" wide, is assembled with 2 staples, and can easily fit into aircraft glove box or shirt pocket. Weight is approximately 1/2 oz. Printing is black on cover of white 67 lb cover stock paper and on pages of white 20 lb paper. Journal covers a full one year period, contains spaces for 20 transactions per month, and includes a monthly/yearly summary. Expense Journal ..... P/N 13-05056 ..... $3.95
Usage Journal ..... P/N 13-05057 ..... $5.75

Plastic coil binding stays open on current page. Soft cover, 6 1/2" X 11", 192 pages. P/N 13-02313 ..... $13.50

AIRCRAFT JOURNEY LOG

This is the full-size, hard-cover format (8.5" x 11") new Journey Log. 25% more pages! It has been designed to meet the requirements of the Canadian Aviation Regulations. As permitted by the CARs. There is now a page for Weight & Balance data at the front of the log. When open, the Journey Log pages lie flat to allow for easy data entry.
P/N 13-12323 ..... $34.75

AIRCRAFT TECHNICAL LOG SECTION 1 AIRFRAME

The Airframe Log (Section 1) is used to record details of airframe flight hours and related maintenance tasks. Three-hole drilled for keeping in a ring binder or Tech Log Book. Vary the number of engine and prop volumes for multi-engine aircraft. The 5 sections are ordered separately, depending on the number of engines, props, etc. Each tech record can be bound with all the others into the Tech Log Binder to make up the complete aircraft Technical Record. When bound together, the entire log is almost indestructible, yet each record can be removed easily for updating at any time.

Log Section 1 Airframe ..... P/N 13-12325 ..... $14.50

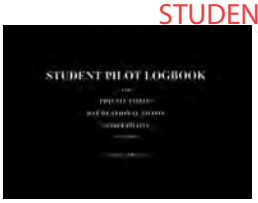
LITTLE PILOT LOGBOOK

The Little Pilot Logbook is the perfect gift for the aviation enthusiast. Record treasured stories and precious favorites, display adorable pictures and store mementos in this spiral bound 8.75" x 5.75" hard cover book that lays flat for easy entry and portable enough to carry with our on your next journey. This keepsake will be treasured not only by the parent but also by the future aviator that receives it as a record of childhood memories of flight.

P/N 13-08051 ..... $24.95

STUDENT PILOT LOGBOOK



This Logbook is designed for Student Pilots preparing for Private, Sport, and/or Recreational Pilot licenses. The student's learning progress is comprehensively tracked from his first flight to his last prior to his completion ride. There are upwards of fifty (50) critical areas of airmanship presented and tracked per flight. These areas range from take-offs, flight maneuvers, to landings. Discussion time is also tracked along with ground school briefing subjects. The Student Pilot and Flight Instructor can quickly identify problem areas or areas which do not need to be stressed to help the student in progressing towards the license.

P/N 13-12957.....$19.95

PROFLIGHT STUDENT PILOT LOG BOOK

Here is a great way to record a first flight experience for yourself or friends. The "Student Pilot Logbook' has a page for recording a name, address, airport and instructor or pilot's name. It has 4 standard pilot log book pages for recording all of the standard flight information. It has 2 pages of Instructor Endorsements and the 'Notes Section' on the last page is a great place to record first impressions. With room for 32 flight entries and a place to record Instructor Endorsements, these logbooks are great for students, flight schools, or those who like to give their guests a way to record their flight. Softcover. Size: 4"x 7 3/4".

Single ..... P/N 13-10445 ..... $3.95
13 Pack ..... P/N 13-10446 ..... $44.95

CLASSIC BLUE AERLOG® TRIP & EXPENSE RECORD

The Classic Blue Aerlog® is the original pocket sized, permanently sewn-bound book, much like a traditional Master Log book, only smaller. The Aerlog® Classic makes transcribing to another Master log book unnecessary. The Classic Blue Aerlog® has a separate "pay section" that is preferred by pilots who like to keep their pay time right next to their flying time.

P/N 13-20155 ..... $6.95

FLIGHT CREW LOG BOOK

This shirt-pocket-sized crew log has 216 pages for recording flight times, expenses, duty rigs, crew names, phone numbers, door codes, and more. 12 monthly schedule pages, plus a provision for year totals in the appendix. Meets FAA & IRS record keeping requirements. Durable high quality vinyl cover. Red. 4.25" X 3.25".

P/N 14-00066 ..... $8.50

CREW FLIGHT LOG TIME & EXPENSE RECORD

With a durable high quality vinyl cover, this book is the world's most usable flight crew log. Including an upgraded calendar and unique guide to aviation info sources, Crew Flight Log meets both FAA & IRS record-keeping requirements.

P/N 13-04573 ..... $6.95

FLIGHT CREW LOGBOOK

The Flight Crew Logbook has the same dimensions as a passport with a thickness of 1/2 inch and was designed to fit into the pocket of a pilot uniform shirt. Each logbook contains 90 days of flying. Each day of flying has 9 legs, a minutes conversion chart, time total lines, and a space for notes to record things such as flight crew names, tips, and other desired information. Flight Crew Logbook also meets FAA and IRS record keeping requirements.

P/N 13-12332 ..... $6.95

MASTER LOGBOOK CASE

Durable nylon logbook cover sized to hold master logbook, charts, and other aviation essentials. Loop forpen or pencil, hook and loop closure, clear pockets for license and medical certificate. 7.5"x12"; hold logbooks up to 6.5"x11". P/N 13-02311 ..... $19.95

LOGBOOK ENDORSEMENT STICKERS

Can be used for Flight Reviews and Instrument Proficiency Checks, and comply with FAR 61.56 and FAR 61.57 on PIC recent flight experience and flight reviews. Each sticker measures 2" H x 4"L. 10 stickers per sheet on white paper.

P/N 13-06585 ..... $2.35

LOG BOOK COVERS

These nylon logbook covers are very light weight but cover and protect your logbook very effectively. The nylon material is extremely durable and is washable. The cover features a holder for two pens and a velcro pocket on the back for licenses, gas receipt, and other documents.

PS

BRIGHTLINE FLIGHT BAGS

BRIGHTLINE B2 COMPUTE BAG

The B2 Compute starts with the 2" Center Section, which is designed to hold 13" laptops. Add a Front and Rear End Cap and you have an extraordinary laptop bag. The Front End Cap allows you to store items such as power cords, backup drives, flash drives, digital cameras, smart phones, tools, keys, etc. Meanwhile, the Rear End Cap allows you to store your manilla folders and documents. This can be used daily or you can attach the 2" Center Section to any other FLEX module. For example, you can zip it in between the Front Bag and the Rear Bag when traveling.
This bag also includes the Portfolio Handle which can be attached to the Front End Cap. This will only be used when you decide to remove the Center Section Two and zip the Front End Cap and the Rear End Cap together to make a "Portfolio Bag". P/N 13-11848 ..... $107.00

BRIGHTLINE B6 CONVEY BAG

The B6 Convey is perfect for VFR Pilots, but also has many uses outside aviation. For the VFR Pilot, one often needs only the essentials when going flying: Headset, sunglasses, GPS, todays charts, kneeboard, radio, etc. With the B6 Convey, you get a front bag, a rear end cap, a radio pocket and a pen pocket.
The B6 is perfect for that day trip or spending time in the pattern perfecting those landings. Why bring more bag than you need? The B6 Convey also makes a fantastic travel bag. When travelling, store your 13" laptop, power cords, smart phone, snacks, pillow, iPad, magazines, iPod, keys, DVD's etc., in a small efficient bag that fits right under the front seat. It really is the perfect carry-on bag.
P/N 13-11849 ..... $125.00

BRIGHTLINE B7 PILOT FLIGHT BAG

The B7 FLIGHT is the FLEX version of our award-winning original Pilot Flight Bag updated by now being configured with End Caps and Center Sections to allow even more flexibility. The B7 FLIGHT is perhaps the most useful flight bag ever designed. It's a fact that some days you need more gear than others. The B7 lets you carry a full set of flight gear for cross country and basic IFR flight. And then it lets you downsize to a smaller bag for those days when you're just going to take a quick VFR flight.
P/N 13-16012 ..... $199.75

BRIGHTLINE B10 CLASSIC BAG

The B10 Classic is the FLEX version of our award winning Brightline Bags Pilot Flight Bag. The B10 Classic is the same small, efficient, superior flight bag it was before, it is now just turbo charged with the FLEX System.
Perfect for VFR to light IFR, the B10 satisfies most pilots needs. The B10 Classic will hold two headsets, portable GPS, Glasses, charts, kneeboards, Phones, Keys, iPads, folders, multi-tools, fuel testers, flashlights, E6B's, and more.
The B10 Classic comes with a front and rear bag, a removable radio pocket and a removable pen pocket. Want a different pocket? Simply replace one of the pockets and add it to the bag.
P/N 13-11850 ..... $143.00

BRIGHTLINE B25 CARRYALL BAG

The B25 Carryall is designed to carry all you will ever need. Designed primarily for aviators who need to pack overnight items, such as clothes, shoes, coolers, etc., the B25 Carryall fits the bill when maximum space is required. And, like any bag in the FLEX System, the 11" Center Section can be removed by simply unzipping it and removing it, leaving you with the B10 Classic and all of your flight gear.
P/N 13-11852 ..... $265.00

BRIGHTLINE FRONT BAG

This is the front portion of all of the standard configurations. It also works well by itself (with a Rear End Cap added). The Front Bag is 13.5" x 10.5" x 5.0" on the outside. The main compartment is 13" tall, 10" wide and 3.5" deep on the inside. There are two FLEX-Mount pocket stations on the outside of the bag, one on each side. You can install any two of your choice of the FLEX System side pockets
P/N 13-11978 ..... $83.00

BRIGHTLINE SIDE POCKET DELTA

The Side Pocket Delta is a double pocket designed to provide greater outside storage with a larger pocket. Installs onto any two side-by-side attachment bays. Even bridges the gap between two modules.
P/N 13-11989 ..... $18.00

BRIGHTLINE SIDE POCKET CHARLIE

The Side Pocket Charlie is a pen pocket designed to hold pens and pencils in flight. In addition, it will hold eyeglasses and larger markers in the pocket behind the slots.
P/N 13-11988 ..... $12.00

BRIGHTLINE SIDE POCKET BRAVO

The Side Pocket Bravo is a small radio pocket designed for the small aviation radio. There is also room for extra batteries and smaller items. P/N 13-11987 ..... $12.00

BRIGHTLINE SIDE POCKET ALPHA

The Side Pocket Alpha is a radio pocket that is designed to hold a large radio or water bottle. The zipper conceals an expansion flap. P/N 13-11986 ..... $12.00

BRIGHTLINE REAR END CAP

The Rear End Cap is designed to mimic the outside of the Rear Bag. It is used to finish the exposed rear area of a bag, center section, or end cap by zipping on to the exposed area. By adding a Rear End Cap, not only do you add functionality, you protect the exposed zipper, preventing possible damage. The Rear End Cap is 13.5" x 10.5". The Rear End Cap does not come with a Main Handle or a Shoulder Strap. P/N 13-11985 ..... $25.00

BRIGHTLINE FRONT END CAP

This is the Front End Cap that mimics the front of the Front Bag. It is 13.5" x 10.5" x 1.5". The Front End Cap is designed to hold your cell phone, wallet, Multi-Tool, cords, cables, etc. It is not designed to be used alone as the zippers are exposed and could be damaged. Works well with a Rear End Cap. P/N 13-11984 ..... $49.85

BRIGHTLINE CENTER SECTION 11 INCH

The CS11 was designed primarily for pilots that frequently travel overnight. It will swallow several changes of clothes, a 13" laptop with room for binders and documents, or a small cooler. The CS11 is 13.5" x 10.5" x 11". (And remember, it is a soft bag so it can expand slightly in every direction.) The CS11 comes with a handle and a shoulder strap. P/N 13-11983 ..... $94.99

BRIGHTLINE CENTER SECTION 5 INCH

The CS5 was developed primarily for our IFR Flight Customers. With the B10, you get enough storage for VFR to light IFR flying. By adding a CS5, you can now add IFR Binders and documents, without changing the setup of the B10. Also, perfect for a couple days worth of clothes, two more sets of headsets, or a 13" laptop. The CS5 is 13.5" x 10.5" x 5". (And remember, it is a soft bag so it can expand slightly in every direction.) P/N 13-11982 ..... $63.75

BRIGHTLINE REAR BAG

This is the rear portion of all of the standard configurations. It is designed primarily to be a document bag. But, of course, it is a good size to hold all sorts of different stuff like a change of clothes, your lunch, a laptop and/or an iPad, or simply some additional gear that you need to carry. The Rear Bag is 13.5" x 10.5" x 3.5" on the outside. The main compartment is 13" tall, 10" wide and 3.0" deep on the inside. (And remember, it is a soft bag so it can expand slightly in every direction.) There are zero FLEX-Mount pocket stations on the outside of the Rear Bag. (It's a little too narrow.)
P/N 13-11980 ..... $49.00

BRIGHTLINE CENTER SECTION 2 INCH

The CS2 is designed for carrying 13" laptops, iPads and assorted documents. This center section is 13.5" x 10.5" x 2". Not designed to be used by itself due to the possibility of damaging the exposed zippers. Can be added to any configuration to add storage for your 13" laptop. Simply zip the CS2 into a B10, B16, or B25 to get added storage for your 13" laptop, iPad, or folders and documents.
P/N 13-11981 ..... $34.99

BRIGHTLINE BAGS O-RINGS

Slide the two pairs of o-rings onto the main handle of the BrightLine Bag and nestle the J-hook from your main suitcase in between the two pairs of o-rings to keep the J-hook from sliding side-to-side on the main handle of the BrightLine Bag as you pull your main suitcase around. Includes two pairs of o-rings (total of 4). P/N 13-11991 ..... $1.00

FLIGHT ATTACHE

Holds all the materials a student pilot needs. 15" long x 11" deep ..... P/N 13-02335 ..... $13.95

VOYAGER II FLIGHT ATTACHE FOR IPAD

The Voyager II has upgraded metal snap hooks and d-rings to attach the stretchy, comfortable Air Lift shoulder strap. There is a separate pocket inside to carry your iPad1, 2 or 3 and will fit most iPad cases. The outer side pocket features a removable AND adjustable strap. The handles are now made of 1680D and the entire bag is accented with Leatherette. All the same organizing features including the Co-Pilot organization flap, chart pockets and battery sleeves are all still where they were before. If you fly with an iPad, this is a great case to help organize during your pre-flight. Size: 17.0 X 11.5 X 5.5in. Weight: 2lbs 13oz

P/N 13-11877 ..... $63.85

DISCOVERY II FLIGHT ATTACHE FOR IPAD

The Discovery II is based on the exact center compartment of the popular Discovery. The end pockets were removed, and reinforcment panels inserted into the ends. The reinforced panels provide substantial strength for the modular customization for your flight needs. The Discovery II still includes all of the popular Discovery features such as our exclusive, patented Co-Pilot organizing features, super durable construction and materials, 4 way adjustable main compartment divider, metal hardware, Sky High Air Lift strap which is unmatched in the aviation industry, and our 1 year no questions asked warranty (5 years manufacturing and material defects). If you carry a lot of flight gear and want flexibility for local and distant flights, this the bag for you!

P/N 13-14738 ..... $75.95

VOYAGER FLIGHT ATTACHÉ FLIGHT BAG

The Voyager Attaché flight bag gives you the ability and convenience of being able to carry charts, sectionals and all the necessities without carrying around a larger flight bag. The copilot feature allows you to organize up to 6 sectionals and essential equipment. The main compartment can hold a single headset, Jeppesen chart binders and/or air charts. A kneeboard pocket is on the back for added convenience. The Voyager is made of ballistic nylon for extra durability and the color is black with green flap.

P/N 13-03347 ..... $54.95

PORTABLE FOLDING LUGGAGE CART

3-Way portable luggage cart (folding cart) in black plastic with 37.5" extension handle. Load up to 66 lbs. Store flat. Makes moving items easy. Fits the Brightline Bag perfectly!
To attach the bag, place the front of the bag (pocket-side) flush against the telescoping handle. Take the handle and clip it into the front buckle. Wrap the handle around the telescoping handle and reattach it to the opposite front buckle. The bag is now securely attached to the cart.

P/N 13-10007 ..... $45.65

THE CAPTAIN FLIGHT BAG

The most versatile bag available. Headset bags can be removed and attached together to form a dual headset bag. Removable transceiver/GPS bag can be worn on your belt. 4-way interior custom divider can hold four Jeppesen binders. One large multi-use exterior zippered pocket. Two zippered storage pockets for glasses, charts, pilot operating handbooks and other miscellaneous accessories. Wide cushioned shoulder strap. (12" x 22-1/2' x 8")

Black ..... P/N 13-621214 ..... $121.95

THE AVIATOR BAG

Slightly smaller than the Navigator Bag, but still spacious enough for all your flight materials. Includes 1 exterior front pocket as well as detachable headset & transceiver cases. Constructed with durable PVC backed with 600 denier poly. 15"x 6.5" x 12" (black only)

P/N 13-00998 ..... $81.95

THE NAVIGATOR BAG

The ultimate choice for convenience and flexibility. Each Navigator Bag includes all of the features and benefits of the Captain Bag, except the removable transceiver/GPS bag and the two zippered exterior storage pockets. Instead it includes two exterior storage pockets for easy access to Section Charts. 12" x 22 1/2" x 8"

Black ..... P/N 13-00995 ..... $101.95

THE STUDENT PILOT

A great first bag for the student pilot. Numerous outside pockets organize charts, flight computer, fuel tester, plotter, pens and pencils, flashlight and much more. Comfortable, wide removable shoulder strap; double zipper opening for easy access. Reinforced bottom. Constructed with durable PVC backed 600 denier poly. 10"x 5.5"x17" (black only)

P/N 13-00997 ..... $35.95

JEPPESEN STYLE FLIGHT BAG

Student/Book Bag: Same great bag Jeppesen uses for its training kits. The bag is made from heavy-duty 6000 denier Cordura for superior strength and with a PVC coating on one side for added water resistance. Includes outside pockets, removeable shoulder strap, reinforced bottom. Size 10" x 5.5" x 17"

P/N 13-06280 ..... $29.95

TUFF NUFF HEADSET CASE

A rugged built case with "clamshell" design for easy access. Your headset is well protected by a soft foam lining and tough Cordura outer shell. Fits all popular makes and models, with extra room for small accessories. Measures 9-1/2" x 10-1/2" x 3", and weighs 7 oz.

P/N 4002 ..... $24.95

LEATHER FLIGHT KIT - SPLIT GRAIN

This high quality flight kit is made of split grain leather, has an inside divider, and comes with a headset case and two eyeglass cases that attach to the underside of the top and end flaps. There is an external pocket for added storage. It has a sturdy and comfortable leather top handle. The brushed nickel combination locks provide added security. H-14" x W-18" x D-8" Legal Carry-on. Warranty: 3 Years. P/N 14-00042 ..... $178.00

GELFLEX WHITE CREW LUGGAGE TAG

The Gelflex White Crew Luggage Tag is a great new version of a traditional Crew Tag. Black letters (CREW) on white background. On the back, there are spaces for you to write the following info: Name, Address, Phone, and Email. The back is coated with a special writeable surface. And best of all, it comes with a special flexible cord that enables you to attach it to your luggage or equipment without worrying about whether it will break or tear. 3-3/4" x 2-1/4.

White ..... P/N 14-02963 ..... $4.95

FLIGHT BAGS

SKY HIGH GEMINI

The Gemini flight bag is a fully padded duffle designed to protect the pilot's important gear. It is made with full sized compartment flaps, allowing easy organization of flight materials and access during flight - there is even a special stow-a-way pocket designed to hold most kneeboards. Everything is right where it should be - especially important during IFR flights. The center compartment has a double zipper opening with a padded quad-modular divider to segment the compartment for custom organization and easy access.

P/N 13-04254 ..... $83.95

SKY HIGH EXPLORER PRE FLIGHT POUCH

Our preflight pouch is made of durable 600D Polyester. It is designed to organize and hold your basic items for your preflight – Mini Mag size flashlight, fuel tester, pen/pencil, tire pressure gauge, and pliers or wrench. We have also included a grommet on the corner so you can attach a towel for wiping your hands clean. The Explorer will fit easily into any bag and has a Velcro strap to attach to your waist belt for convenience during the preflight.

P/N 13-03276 ..... $9.95

PROFLIGHT STUDENT PILOT BAG

The ProFlight Student Pilot bag is a great value! Black Cordura type material, carry strap. Great for students; use alone or as an accompaniment to your travel luggage. This bag is similar to the Jeppesen Student Pilot Bag in style and materials with multi side pockets. Size: (L)17" x (W)6" x (H)10"

(w/Accessories). Exterior Dimensions: 18" x 13.5" x 9.5". Color: Black

P/N 13-11598 ..... $151.90

PS

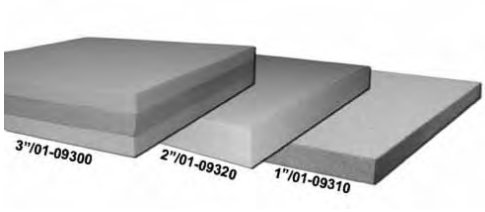
SEAT FOAM - FLIGHT SEATS

BACKSAVER FOAM

Backsaver foam is temperature sensitive, softening when it comes in contact with a warm surface; thus, in a seat cushion, the foam softens and conforms to the persons body. This provides even pressure distribution and unconstricted blood circulation, significantly reducing discomfort, even over long periods. In addition, Backsaver foam has excellent energy absorption properties, which have made it excellent for use in the U. S. space shuttle program and in military aircraft and helicopters. Pilots find that Backsaver cushions reduce their discomfort and fatigue, even on missions of 8 hours or more. Aircraft Spruce now makes Backsaver foam available to the homebuilt and general aviation market.

BACKSAVER FOAM 16" X 18" .....P/N 01-09325 ..... $92.50
BACKSAVER 36" X 80" FOAM .....P/N 01-09330 ..... $541.00

CONFOR FOAM SEAT CUSHION



Temperfoam is the conforming foam cushion that was developed for the "Astronaut's Couch" back in the Apollo space program. Seat foam has the capability of absorbing a tremendous amount of impact shock compared to common polyfoam and it is flame resistant. It is an excellent product that will give your seats enduring comfort that you never thought possible. It is not a soft seat, but it adapts to you for pressure- point-free comfort that is really incredible. The best universal cushion for aircraft use is a 3" T/38/T41/T47 laminate. Temperfoam is not currently FAA approved for certificated aircraft but is excellent for homebuilts. Some special sizes in 1", 2" or 3" thicknesses are available on special request.

1" x 16" x 18" .....P/N 01-09310 .....$25.50 ea.
2" x 16" x 18" .....P/N 01-09320 .....$48.50 ea.
3" x 16" x 18" .....P/N 01-09300 .....$83.75 ea.

INFLATABLE LUMBAR SUPPORT

This inflatable air pillow can be installed just under the seat material and will give you the customized support just where you need it. A convenient palmsize pump and a release valve control the firmness of the lumbar support. The In-Flight Back Support is made of a heavy duty self-extinguishing neoprene rubber, specially designed to pass FAR 23.853 flame-test requirements.

One inflatable lumbar support
P/N 13-01501 ..... $49.75
Two Inflatable lumbar supports ..... P/N 13-01821 ..... $81.95

SKWOOSH™ PILOT SEAT

SKWOOSH™ fluidized gel cushions are more comfortable because they relieve pressure on the "sitz" bones to help maintain circulation, and reduce numbness and lower back discomfort caused by prolonged sitting. The PILOT SEAT fits all aircraft seats, including those with a central harness attachment and it conveniently fits in most chart cases and carry-ons. The non-skid bottom makes SKWOOSH™ stay put, ensuring no movement during use while the low profile (½") allows for normal seat position. SKWOOSH™ cushions are made in the USA and are guaranteed for performance and workmanship. Weight: 8 oz. Open Dimensions: 10½"L x 15"W x ½"H. Folded Dimensions: 10½"L x 7½"W x 1"H.
P/N 13-05827 ..... $41.95

SKWOOSH PRO TRAVELER WITH AIR-FLO FABRIC

SKWOOSH™ fluidized gel cushions are more comfortable because they relieve pressure on the "sitz" bones to help maintain circulation, and reduce numbness and lower back discomfort caused by prolonged sitting. Non-skid bottom and is maintenance free. SKWOOSH™ cushions are made in the USA and are guaranteed for performance and workmanship. The patented, medically proven TekPad® gel is a lightweight, temperature stable, non-toxic composite . Weight: 8 oz. Open Dimensions: 10½"L x 15"W x ½"H. Folded Dimensions: 10½"L x 7½"W x 1"H
P/N 13-10284 ..... $54.75

PROFLIGHT SEATS

Sit higher, and sit softer on 2 or 3 inches of high-density foam covered with durable, "breathable" Cordura. Made of USAF specifications, with segmented backrest. Really makes a difference on a long flight. Also available: 3 or 4-inch thick child's cushion that finally lets kids see outside, keeps them interested as well as comfortable during long trips. Both seat and cushion are available in either Air Force blue or red. Add B (blue), or R (red) after part number to indicate color.

SEAT COVERS – SUN VISORS

SUPERLAMB SHEEPSKIN SEAT COVERS: NATURES OWN THERMOSTAT

The magic of 100% genuine sheepskin is quite simply that it will keep you cool in summer and warm in winter. No other natural or man-made fiber possesses the qualities of sheepskin. Whatever the temperature in your cockpit, sheepskin covers remain almost the identical temperature. Additionally, each hollow fiber absorbs up to 30% of its own weight in moisture. It keeps you dry, yet never feels wet itself. You avoid the heat and clamminess of vinyl, or even leather, because there's free flow of air between you and seat. Every cover is hand-made by master craftsmen from the finest chrome-tanned pelts, in colors to match or coordinate with any interior. Sold in pairs only, in 11 colors (request color samples when ordering). FAA Approved.

Available for the following planes: Beechcraft: Baron B-55, E-55, B-58, Bonanza V-35 (A or B), A-33, A-36, F-33A, A36TC. Cessna: 150, 152, 172, 177, 180, 182, 185, 210, 310, 340, 402, 414, 421. Aero Commander: 500, 600, 900, Piper: Archer, Cherokee, Warrior Tomahawk.

Specify year, make model and color choice when ordering. Car seat covers also available in same colors. Call for a price.

SUN SPOTS

* Front & Side Windows, Passenger side Windows. Also place onto Existing Transparent Sun Visors for extended coverage & darker shade "D" * Two 5-1/2" dia. disks, easy handling & storage * Suction cup attachment, lightweight, 4 mills thick * Disk rotate 306° "B", for total of a 10" diameter * 2 disks overlap for double shade strength "A" * Separate disks for single shade strength "B" * Split disks for half & half shade strength "C" P/N 13-06774..... $13.95

PILOT ARMOR™ GENERAL PURPOSE SUNSHADES

This general purpose sunshade provide "spot relief" on windows of any size. They are easily attached and removed to provide sun and glare protection wherever you need it. Made of commercial grade exterior polyester blended Sun Protection screen that has been treated and sealed with a reflective polymer which gives the fabric its protective features. • Excellent solar protection-eliminates up to 86% of the sun's rays, excellent thermal reflective features • Ideal compromise between solar protection and light transparency • Provides significant external visibility • For use on the ground or in the air • Will not damage acrylic windows • Full custom sets available, call us at 877-477-7823 for a quote.

Size	Part No.	Price
9.5"x6"	13-09666	$19.50
11"x6"	13-09665	$21.65
16"x9"	13-09664	$28.70
15"x22"	13-09662	$37.90
16"x16"	13-09663	$32.50

BONANZA/BARON ADJUSTABLE SUN VISORS

Aerospace construction means they work flawlessly, plus they are very adjustable. Rotate them up and down, turn to cover the side windows and slide them in and out for coverage where you want. P/N 05-03434..... $432.00

SUNGUARD SLAP ON SUN VISOR

Sunguard is a transparent polymer, that will statically attach to any smooth surface (windows in cars, boats, aircraft, RV's and homes). It is available in "olive green" tinted shade and absorbs approximately 78% of the light spectrum.

6X9.....P/N 13-08666..... $3.95

9X12.....P/N 13-08667..... $6.95

CLEAR VIEW SUN VISORS

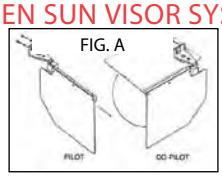
These visors are STCd & PMAd for Bonanza, Barons, and Travelairs. All the visors have 3 axis movements, thumb screw adjustable extenders, & UV protection. Component parts include brass and stainless steel fittings to assure non-binding operation. Clear View visors provide improved visibility, enhanced aircraft interior, and can be used as a sunshade when not in use as a sun visor. These visors are easily adjustable with extended coverage and precise placement. STC for Beech, Bonanza, Baron, and Travelair. Please specify aircraft make and model when ordering.

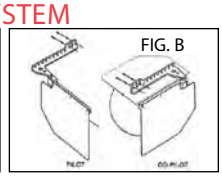
P/N 13-00102.....$289.95

PS

SUN VISORS

ROSEN SUN VISOR SYSTEM





Sun visors rotate and extend to offer complete cockpit protection form the sun. The oversize, tinted lens filters out 95% of the ultraviolet rays, reduces glare by 94% and heat by 86%. Distortion free. Fully STC'd and PMA'd. The system, which includes pilot and co-pilot visors, installs in minutes. (Exceptions: C-210 non-pressurized requires 1.5 hrs, C-152 requires rivnut installation by an A&P, C-177 req. 6-8 hrs.). Visit or website for specs., installation, and application data.

ROSEN THIRD AXIS UPDATE KIT: This update kit will fit any Rosen system that does not come standard with third axis option (Piper systems, for examples, come with third axis stanard).....P/N 13-04014.....$72.85

DIM-IT MOVEABLE VISOR

You can keep moving your head to stay in the shade of your visor, or you can get a DIM-IT visor and move it to where you want it. It's a 6"x12" sheet of tinted Lexan that can be positioned on any window in the cockpit by means of the attached vinyl suction cup. (An optional self-adhesive adapter plate lets you attach it to porous surfaces as well.) Completely transparent and distortion-free.

DIM-IT Moveable Visor.....P/N 7172.....$7.95
Adapter (for porous surfaces).....P/N 7113.....$4.65

MINI DIM-IT

Diminishes the intensity of direct sunlight, glare, and reflections. This little visor is made of high strength tinted Lexan and is distortion-free. Place the suction cup on window/windshield and press. P/N 13-01758.....$6.95

ADJUSTAVISOR

The Adjustavisor, a clip-on unit that virtually doubles the effective range of stock visors, adds contrast, and reduces glare and fatigue. Available with smoke polycarbonate lens with UV protection. There's also a suction cup model for aircraft with canopies. The cups are strong enough and the visor assemblies light enough that they stay attached to any window through most any maneuver. Size:3.5"x 12".

Clip-on (smoke).....P/N 13-03263.....$121.95
Suction (smoke).....P/N 13-03261.....$107.95

ROSEN VANS RV 6-7-9 ARC SUNVISOR

The Van's RV 6-7-9 Sliding Canopy ARC Sunvisor System design provides Van's RV 6-7-9 aircraft owners flexible, multi-axis sun attenuation, glare reduction and pilot comfort during standard cockpit flight operations.

Description	Part No.	Price
Rosen Vans Rv 6-7-9 ARC Sunvisor Assembly	13-16034	$435.00
Rosen Vans Rv 6-7-9 ARC Pilot Replacement Lens	13-16035	$69.95
Rosen Vans Rv 6-7-9 Co-pilot ARC Replacement Lens	13-16036	$69.95

RV-10 SUN VISOR

Blue Sky Sun Visors were specifically designed for the RV-10. The RV-10 visors retain all of the features of those that have been produced for certified aircraft since 2001. The visors provide improved visibility in hazy or cloudy conditions while still being out of the pilot's view when not in use. In addition to retaining the superior functionality, durability, and strength of the original Blue Sky Sun Visor, they provide sun and heat screening, whether coming from the front or side for both pilot and co-pilot. Installation is quick and requires only basic tools and mechanical ability. P/N 13-07444.....$198.00

UNIVERSAL SUNVISOR FOR HOMEBUILT AIRCRAFT

Universal Swivel Mounts - simplify installation into most homebuilt aircraft! Lightweight hardware and optical quality bronze acrylic visor. Designed, and visor tint specified, by eye doctor/pilot Dr. Steven DeGroff, to reduce, high-altitude and ocular media small-particle scatter and enhance vision at dusk, after sunset, when scotopic vision is used. Hundreds of same class visors are field-approved and in use in the Comanche fleet. P/N 13-07443.....$222.95

ROSEN CREW SUNSHADES

CrewShade is easily fixed to the side windows with (2) attached suction cups. Folds and stores in the included 6" diameter carrying pouch when not in use. Shade dimensions: 14 ½" x 17 ½"

P/N 13-06271.....$13.95

ROSEN MONORAIL IPAD MOUNTS

Monorail iPad Mount. This mount naturally displays the iPad in either a deployed or stowed position with one-hand tension control and multi-directional adjustability. Available for the iPad II and iPad III with long and short arm options. iPad not included."

Description	Part No.	Price
iPad I Short Hook Mount	13-14963	$178.75

SUN SHIELDS – CANOPY COVERS

KENNON SUPER SUN SHIELDS

The most durable sun shield on the market has a clear polyester coating to protect the plexiglass windows. Heat can permanently damage the interior and avionics in your aircraft. The secret is a material with two surfaces of aluminum separated by trapped air. This combination reflects 97% of radiant heat, an insulation value of R-9 equivalent to two inches of fiberglass. Kennon Extra Firm shields fit snugly, and maintain their shape for a tight fit. They install in no time, and roll up for storage in compact, water-repellent bags. Weight is 1Lb. Available for most aircraft, specify year, make and model. For custom shields, specify exact size of windshield & windows. Also available for cars. Fabric edging insures snug fit & durability.

General Aviation ..... P/N 7672 ..... $178.00
Business Class ..... P/N 13-01071 ..... $225.95

PIPER SUNVISOR CATCHES

Many Piper aircraft have the same problem. The sun visor catches lose to stability, because the UV effect allows the plastic to become porous. These Piper Sunvisor Catches are made from a blended poly-plastic with a UV additive that will prevent UV corrosion. A set contains two pieces with the required plastic rivets. They are available in white and black (used in Piper PA-38 Tomahawk). The set for the Piper Tomahawk contains two extra rivets.

White ..... P/N 13-04187 ..... $33.85
Black ..... P/N 13-04188 ..... $33.85

KENNON COWL PLUGS

Kennon cowl plugs are constructed from red Aqualon over 2" thick foam and feature a binding around the outer edge of each plug so there is a tight seal which fits snugly in the cowl. This lip prevents the plugs from slipping inside the opening. A safety strap goes around the prop so if by chance you forget to remove the plugs, the prop will remove them for you. These cowl plugs install easily and comes with their own storage bag. Specify aircraft make, model & year when ordering. Include aircraft registration number to be printed on plugs at no extra charge.

Single engine plugs ..... P/N 13-14111 ..... $95.00
Twin engines plugs ..... P/N 13-06212 ..... $190.00

CUSTOM FIT COWL PLUGS

These cowl plugs are tailored to fit popular Cessna and Beech single engine aircraft. High visibility yellow closed cell foam will not retain moisture. Printed on one side is "Remove Before Starting Engine", and the other is blank for the N#. They are joined by a nylon strap with a fluorescent orange Remove Before Flight flag. Please use following part no's. to specify aircraft.

C-150 (2 Hole Only) ..... P/N 13-02620 ..... $36.95
C-172 (1965+) ..... P/N 13-02625 ..... $34.95
C-182 (1972.5 - 1989) ..... P/N 13-02630 ..... $36.95
B33-35 ..... P/N 13-02637 ..... $34.50

Universal kit w/square inlets (Sqr blocks you cut to fit)
P/N 13-02645 ..... $31.50/pr

KENNON WIND SPOILERS

Kennon Wind Spoilers are a strip of soft fiber filled tubes that attach to the wing to slow airflow over the top and to prevent lift. An airplane was built to fly, given a strong wind, the plane will fly without you and no tie down will restrain a flying airplane for long. During the stormy winter of 1998, over 200 airplanes were picked up and destroyed by strong winds. Kennon Wind Spoilers could have saved many of these aircraft. The wind spoilers cover the leading edge of the wings but not the tips, and most are about 14.5 ft long (per wing). Specify aircraft make, model, year when ordering. P/N 13-14180 ..... $148.95/pr

KENNON COWL CAP COVERS

This small cover goes over the inlets and back onto the cowl about 12 inches. It closes under the spinner with Velcro. There are bungees with hooks on the two rear corners that keep the cover pulled back in place. The material used is Red Sunbrella: UV resistant, water resistant and yet breathable. This is a great alternative to plugs that often slide out of the opening or do not wedge straight in the opening due to the inside shape. Covers are available with Tail Number identification through a sewn on embroidered patch. Please specify aircraft year, make and model.

Single Engine ..... P/N 13-09884 ..... $195.00
Single Engine with small embroidery ..... P/N 13-11958 ..... $210.00
Single Engine with large embroidery ..... P/N 13-11959 ..... $220.00
Twin Engine ..... P/N 13-09884-2 ..... $390.00

PROPPASTIE

A ground-use only cover that will minimize snow, ice, and water from lying on your propeller hub bearings and freezing inside your spinner. Made of the highest quality UV-stabilized materials, designed to withstand all but the most extreme temperatures. Tested to remain in place in up to 51 mph wind gusts. Velcro, holds the PropPastie in place. P/N 13-10282 ..... $34.95

KENNON CABIN COVER - LOW WING

Kennon's Low Wing Cabin Cover covers the top of the cabin, the antennae and the entire window area. Made from Sunbrella which is designed to withstand the sun's ultra violet rays. Sunbrella is the award winning UV resistant outdoor fabric. It is very soft and breathable so it is safe to use as a year round cover on any aircraft. Each cover is custom built for the specific year, make and model of aircraft. You will be asked for aircraft year,make, model, and registration number when ordering this item. There is an additional cost for the microfiber lining, and the cost varies based on aircraft. Color of cover and trim is standard silver weathermax, custom colors available for additional fee: of $75.00

P/N 13-04047 ..... $449.00

KENNON DUST COVERS

The Kennon Dust Covers keeps dust, birds, and bird droppings off aircraft stored in hangars. Made from 210 Denier Nylon, the cover is soft, lightweight, and machine washable. Will not scratch the aircraft. It is easy to put on, with the elastic hem fitting around the nose, wing, and tail. Stores in its own storage bag and weighs only 10lbs. Available in sizes to fit any aircraft from homebuilt to military. Specify year, make & model of aircraft when ordering. Color: Black or Blue. Stock Color is Black. For Special order color (blue or red) add $28.95

Small for aircraft up to 21 ft long, wingspan to 31 ft.
P/N 13-14145 ..... $405.95
Med. for aircraft up to 30 ft long, wingspan to 37 ft.
P/N 13-14146 ..... $524.95
Light Twin up to 35 ft long w/wingspan to 40 ft.
P/N 13-14147 ..... $615.95
Red or blue color covers ..... P/N 13-06411 ..... $28.95

KENNON SUN BLOCKER AIRCRAFT COVERS

Kennon's Canopy Cover is constructed from silver WeatherMax. Provide Kennon with antenna measurements and we will tailor the cover so it fits neatly around antenna, OAT boot and ADF wires at no additional charge. Kennon's deluxe canopy cover is constructed with polyester WeatherMax and lined with anti-grit to prevent sand and dirt from adhering to the fabric and later scratching your windows.

Weathermax is an engineered polymer material uniquely designed specifically for constant outdoor use. It is extremely UV resistant and extremely resistant to fading and color loss. This fabric is breathable, abrasion resistant and eliminates sagging. Static charged acrylic windows attract dust and dust scratches. Kennon's new Anti-Grit lining helps reduce static and further helps prevent scratching.

Choice of Trim Color.
See www.aircraftspruce.com for Kennon Color Chart.

HIGH WING WRAP-AROUND COVER – Cessna120-210, Cessna 337; L-19; PA10, PA22 including Pacer, Tripacer, Cub, Super Cub, Colt, Luscombe, Stinson 108, Aeronca, Citabria, Maule, Rockwell 685/690/980, Aviat, Christian Husky, Lake Renegade

LANCAIR & ZENAIR CANOPY COVERS

These custom designed covers for the Lancair 235/320 & the Zenair Zodiac canopy are made of acrylic Sunbrella fabric and are available in blue, grey, or white. The 100% acrylic fabric wont shrink, fade, or rot. Nylon webbed straps assure secure fit while snap together buckles permit fast adjustment, fastening, and release. Side adjustments provide tight fit. These covers will protect your avionics and interior from sunlight and heat damage. Color: Blue

Lancair Blue Canopy Cover ..... P/N 13-14110 ..... $425.00
Kennon ZenairBlue Canopy Cover ..... P/N 13-14140 ..... $398.00

PS

BRUCE'S CUSTOM COVERS

BRUCES CUSTOM CANOPY COVERS

Canopy Covers help reduce damage to your airplane's upholstery and avionics caused by excessive heat, and they can eliminate problems caused by leaking door and window seals. They keep the windshield and window surfaces clean and help prevent vandalism and theft When requested, it is also sometimes possible to design Canopy covers that can attach to the aircraft fuselage using pop-riveted snap-heads at the rear and snap-head screws on the engine cowl. The Canopy Cover is custom sewn and the corners are trimmed to match the colors of the airplane. The airplane's registration number can be im-printed onto both sides of the cover for an additional charge. A duffle bag is included with all Canopy Covers. Made from Silver Acrylic Sunbrella or Silver Solution-Dyed Polyester and is lined 100% with a soft and smooth microfiber. The outer material is medium-weight and treated for water resistance, UV resistance and anti-static buildup. The inner lining is a very soft and smooth microfiber to prevent scratching. Does not contain hydrocarbon compounds that can harm Plexiglas windshields and acrylic finishes. Other colors are available. Please contact us for availability and price. Light weight material available.

BRUCES CUSTOM WING COVERS

The Wing Covers are a perfect solution to protect your paint from sun damage and prevent winter frost, snow, ice buildup, and corrosion. They are made from Solu-tion-Dyed Polyester or Acrylic Sunbrella and form-fit to slip around each wing tip, cover the entire upper surface of the wing and wrap around the leading and trailing edges. The covers secure under the wing with adjustable straps from the trailing edge to the leading edge. The wing covers can also attach to each other with adjustable straps at the leading and trailing edges of the wing under the belly of the plane. We have the ability to also accommodate wing tip modifications, such as STOL kits, droop tips, and vortex generators. Labeled LEFT and RIGHT for your convenience. Hail Protection version can be made. Set of 2.

BRUCES CUSTOM HORIZONTAL STABILIZER COVERS

Horizontal Stabilizer Covers are a perfect solution to protect your paint from sun damage and prevent frost, snow, ice buildup, and corrosion. They are made from Solution-Dyed Polyester or Acrylic Sunbrella. They cover the entire upper surface of the stabilizers and overlap around the leading and trailing edges as well as the wing tip. The covers secure under each stabilizer with adjustable straps. In some instances, cut-outs are made in the trailing edge of the wing covers to accommodate for static wicks. Horizontal Stabilizer Covers for winter use or long-term all year use are usually available, and are normally made from Solution-Dyed Polyester or Acrylic Sunbrella. A Hail Protection version can be made. Although these covers are bulky, they do help protect your wing and control sur-faces against small to medium-size hail. **Set of 2 - Winter Use**

BRUCE'S CUSTOM COVERS

BRUCES CUSTOM ENGINE COVERS

Once the material for each order is cut into its appropriate parts, highly trained sewing machine operators meticulously assemble the products with durable thread, rivets, and canvas trim. Engine Cover is a one-piece cover (100% lined with microfiber) that is a combination of the Canopy Cover and Engine Cover. This cover will enclose the engine cowl and will extend aft to cover all of the windows.

BRUCES CUSTOM HEATSHIELDS

Heatshield Interior Reflectors are made of a special laminate of metallized polyester film and closed cell foam. Less than 1/8" thick, the Reflector can roll up and store in a sleeve, yet is stiff enough when flat to stand up against the windshield using the sun visors and window framing only. On some designs no Velcro or suction cups are necessary. Heatshields are an excellent short-term remedy for cockpit overheating, but use the Canopy Cover for more effective and practical long term protection. Heatshields should not be used on polarized windows.

BRUCES CUSTOM ENGINE INLET PLUGS

Engine Inlet Plugs are custom fit for your intakes, made with heavy-duty vinyl material, and stuffed with a single block of sculpted urethane foam. Each plug has a zipper that allows the foam to be removed and dried if necessary. Engine plugs have warning flags that are visible from the cockpit or 'remove before flight' streamers sewn onto the face of the plugs.

PS

POLYURETHANE WING FUEL MAT

This polyurethane wing fuel mat can be easily cleaned with soap and water. Avoid spraying product with silicone or wd-40 type products because this material will cause dust and dirt to attach to pad possibly scratching wing surface. Color fading will not affect the integrity of the polyurethane material. Color options available at point of purchase. Dimensions: 18" x 24" x 0.30 Length and width dimensions are subject to +/- 1/8 toleranceService range: -20F - 200F. Fuel port: 5" diameter. Durable impact absorbing polyurethane. Non-Marking and Non-Abrasive, UV stable. Exposure to direct sunlight will cause color fading. Fuel Resistant and chemical resistant with the exception of MEK.

Red.....P/N 01-01287 ..... $50.00

CHADD PADD FUEL MAT

The multi-purpose (Aviation/Marine) 15"x20" Chadd Padd® is the best choice for use where high fuel volumes or high flow rates of fuel are in play - they were originally invented for the high flow rate of aviation refuelers and definitely provide a little more piece of mind.

Each padd is anti-static treated, hydrophobic (repels water & floats), and holds approx 11 fl.oz. of petroleum; which means the 1 Roll of 18 Padds in its own compact dispenser box will absorb an approx. total of 198 fl.oz. or 6.1 quarts." 15" X 20"

P/N 13-08161 ..... $33.25

CHADD PADD FUEL MAT DISPENSER

The Chadd Padd Dispenser is a must-have for any fueling operation serious about refueling safety! Made from ultra-white PVC; this convenient, water proof dispenser makes sure your Chadd Padds® will stay clean, dry, and most importantly, readily available for daily fuelings or should there be an immediate need for a petroleum absorbent Padd.

The Chadd Padd® Dispenser accommodates the larger, duel-port Chadd Padds® Refill Roll 18 that are 15 inches wide.

Chadd Padds® pictured in the dispenser are not included; however, mounting hardware is included. Size: 9"x17"x9" Weight: 5.5lbs

P/N 13-08163 ..... $58.25

CHADD PADD WIND CHOCKS

The Wind Chocks™ are used to hold the Chadd Padd® down during use in windy conditions and help to also give the Padds rigidity, form, and the traditional "roll n fold" feel. Rated for use in winds up to 20kts, the Wind Chocks™ crimp onto the Padd as to not allow anything to touch the craft's surface except the soft, clean, and dry Chadd Padd®.

They're made from a soft and flexible material that helps them to conform to the surface being fueled while still allowing for versatility in their placement on the Padd as they can be applied in almost any configuration that is best for the refueler. The Wind Chocks™ are also surprisingly heavy for their size and weigh almost 2 lbs for the pair; ensuring your Chadd Padd® will stay "chock'd" or "anchored" in place. 2"x13.75"x2". Weight: 1lbs, 6oz

P/N 13-08162 ..... $49.95

CESSNA HIGH-WING FUEL VENT SCREEN

Fuel flow to your aircraft's engine can be compromised by insects or debris entering fuel tank vents. This remove-before-flight Fuel Vent Screen prevents contaminants from obstructing or contaminating the fuel system. The attached foot-long, florescent, and weather-resistant reflective streamer stands out equally well in daylight or darkness under all weather conditions, so it won't be forgotten during your preflight. Fits Cessna piston engine aircraft. Inside diameter of PVC sleeve is 0.365"

3/8 Inch .....P/N 13-10437 ..... $19.95
1/2 Inch .....P/N 13-12390 ..... $19.95

FUELING / ENGINE ACCESS WING MATS

Please specify color when ordering: Red, Light Blue, Royal Blue, Black, Green, Yellow and Safety Orange. Features: • Protective and durable impact absorbing Urethane-polymer • UV · Fuel · Chemical resistant • Non-marking · Non-abrasive • Exceeds FAA and military standards • -20º F to 200º F service integrity • Standard 5-inch diameter service port • Special design and private labeling available • Approved by all major oil companies, airlines, military and fuel service operations • 3 year warranty

WING MAT

This navy blue carpet can be placed on the wing prior to boarding which will protect both the wing and the aircraft interior. This mat rolls up easily for storage in the aircraft and an attached elastic band keeps it rolled up. The rubber backing is perfect for use on low wing aircraft. Two sizes available.

Small Wing 10.5" x 36".....P/N 13-07195 ..... $19.70
Large Wing 21" x 48".....P/N 13-07196 ..... $48.65

DIRECT FUEL LEVEL INDICATORS

These Direct Fuel Level Indicators are quality made of acrylic PVC tube with an aluminum scale. They are available calibrated to individual tanks or uncalibrated for custom calibration to home built tanks. These Indicators allow an accurate check of on board fuel level indicators and eliminate the guess work.

Description	Part No.	Price
Fuel Level Indicator C-150/C-152 +	12-21200	$16.95

FUEL HAWK FUEL GAUGES

The Fuelhawk is just 11" long, clear lightweight and unbreakable. It's easy to use and gives an instant readout in gallons usable. No more guessing. These handy devices offer the answers to these very important questions: 1.How many gallons of usable fuel are remaining in the tank? 2.How much fuel can be added without going over gross weight? 3. Are the aircraft fuel gauges working & accurate?

Part No.	Application	Price
13-00443	Cessna 152 (standard 12 gal. tanks)	$8.95
13-00442	Cessna 172 (standard 19 gal. tanks)	$8.95
13-01468	New Cessna 172 Skyhawk (26.5 gal.)	$9.95

13-00441	Cessna 182LR (42 gal. Long range tanks)	$8.95
13-00439	Universal for any aircraft, w/graph & calibration chart	$8.95
13-00949	Universal XL Fuel Gauge (16" long)	$11.95
13-11189	Universal Gauge 26"	$18.95

PS

COWL PLUGS

Cowl Plugs with attached "remove before flight" streamer for general aviation aircraft. Prevents bird and foreign objects from entering through the cowl. Comes complete with a linking lanyard and remove before flight streamer. Heavy duty cross linked construction and durable nylon hand sewn stitching complete the set. Please specify aircraft make, model, & serial number when ordering. Plugs are furnished with free embroidery and pitot tube cover.

Single engine..... P/N 13-01742 ..... $68.75
Twin engine ..... P/N 13-01743 ..... $139.85

PROPELLER SLINGS EXHAUST COVERS

Propeller Slings & Exhaust Covers keep your propeller secure and in place, eliminating any bearing damage caused by a free-spinning propeller with no lubrication. The integral exhaust covers protect the costly turbine wheel from debris & birds. Simple, quick one man operation. Please specify aircraft make, model, serial no. when ordering. P/N 13-01744 ..... $106.90

INLET PLUGS

These protect your engine form foreign object damage, blowing dust and sand, birds and debris. Complete with remove before flight flag and easy pull handle for insertion and removal. Please specify aircraft make, model, & serial no. when ordering. P/N 13-01745..... $92.95/eng

JET ENGINE COVERS

Made of extremely durable, water-proof and fire resistant Herculite, our covers are guaranteed for 10 yrs. Each set is hand crafted and sewn to order. Complete with storage bag and remove before flight flags. Please specify aircraft make, model, & serial no. when ordering.

P/N 05-04077 ..... CALL FOR QUOTE

ENGINE INTAKE COVER

Protect your engine from natural hazards which could cause serious in-flight problems. This economical design fits practically every single or twin, even homebuilts. The lightweight, fire-retardant mesh fabric will not blister or melt. After simple one-time installation of mounting hardware, cover snaps into place and secured with Velcro. Folds for easy storage. Complete with mounting hardware & "Remove Before Starting Engine" streamers. Also available: Bib that allows you to cover additional intakes.

Engine Intake Cover..... P/N 7148..... $64.85

KUVR**IT WHEEL COVERS

A vinyl-coated polyester that is fade resistant and California State Fire Marshall approved (#F-2310). The weave breathes and yet provides 85% shade factor from the suns damaging ultra violet rays. It is easy to care for. Simply machine wash and just hang it to dry. The KUVR*IT II Wheel Cover is easy to use. Simply place the cover over your tires and adjust the strap to the desired tightness and lock into place. There are 2 sizes for your convenience:

Small fits tire size: 5.00 – 5/15 x 00-6 ..... P/N 13-03158 ..... $39.85
Medium fits tire size: 6.00 - 6/7.00-6 ..... P/N 13-03159 ..... $43.50

REDWING TRAILING EDGE PROTECTIVE FOAM

RedWing helps prevent aircraft damage and head injuries. Just slide the foam onto the trailling edges of ailerons, elevators, rudders or flaps to protect these surfaces while tied down or in the hangar.. RedWing is also ideal for proecting landing gear doors, aviionics antennas, and winglets. The bright red color reminds the pilot to remove RedWing before flight, and RedWing is reuseable and unaffected by UV, water, or oils. Furnished in 3ft. sections which can by easily cut to smaller sections. P/N 13-02566 ..... $24.85

BIRD DETERRENT - BIRDXPELLER PRO

The BirdXPeller PRO is a sonic bird repeller that broadcasts a variety of naturally recorded bird distress signals and predator calls that frighten, confuse and disorient pest birds within the effective range. Pest birds cause damage, liability and health hazards. Sonic bird control is a safe, humane, eco-friendly way to get rid of birds from outdoor areas. Sonic repellers use high-definition digital recordings. Customizable settings allow for easy, DIY pest control. Real sounds – digital playback of naturally recorded threats. Covers up to 1 acre. Repels: pigeons, starlings, sparrows and gulls. P/N 13-00091 ..... $268.95

WICKSHIELD

Warning type cover for aircraft, wire/rod & "whisker" type, Static Wicks. These are very simple to use, economical, and conveniently packaged in 8 packs. They offer practical protection for the wicks, charter/corporate passengers, crew, and maintenance staff! They have been well received by corporate fleets. Features: One size fits all static wicks. Lightweight- will not stress static wicks - will not scratch airplane finish. Quick "Attach - Release" Clasp - will not stick to wicks - will not freeze in place. P/N 13-11708 ..... $29.75

STEARMAN COCKPIT DUST AND RAIN COVER

One of the problems with traveling in your Stearman is the lack of space to haul necessities. This Cockpit Cover weighs about 1 pound in it's storage bag, which is the size of a quart carton.

The cover is made from back-packing tent material which is rain proof and light weight. Installs with two Velcro straps and four elastic cords using plastic fasteners. There is no metal to scratch your finish. Available in Federal Yellow. .....P/N 13-11616 ..... $159.00

KOGER SUNSHADES

The Koger Sunshade was developed to provide protection from the sun while flying an airplane that has a large bubble plastic canopy like the RV-6, RV-7, RV-8, RV-9 and many other types of aircraft.

Key Benefits:

- Retractable to front or rear.
- Lightweight (9oz. for side by side RV models)
- Install in 1/2 to 1-1/2 hours depending on the model.
- Makes instruments more visible, and the cockpit more comfortable.

Fits	Description	Part No.	Price

TRISOFT WINGTIP BUMPER

Trisoft Bumpers provide protection for the trailing edge of the wing, delta fins and ventral fins. Each Trisoft Bumper is made of chemical resistant EVA foam and provides ultimate aircraft protection. The Trisoft Bumpers also work great as wing edge indentifiers. This helps protect your employees while they are working or walking under the wing. P/N 13-08263 ..... $27.50

TRISOFT WINGTIP/PROP TIP COVERS

* Avoid Accidents * Protect Employees and Aircraft * Reduce Insurance Claims * Remain In Compliance Trisoft Aircraft Covers * Can Be Used As a Safety and Warning Device on Prop Tips. Trisoft is a simple foam triangular cover that slips onto the corners of the prop tips, gear doors, wing flaps (in the lowered position), wing tips, and dorsal antennas. Trisoft can be used on personal aircraft, corporate aircraft, commercial aircraft, military aircraft and helicopters. P/N 13-06003 ..... $17.95

PLANE SIGHTS REMOVE BEFORE FLIGHT

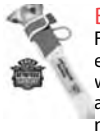
PLANE SIGHTS PITOT TUBE COVERS

Extremely obvious, very durable, and weather resistant pitot tube covers for every aircraft.

ANGLED PITOT TUBE COVER - Aircraft Type: Piston Powered Plane This durable, weather-resistant orange and yellow reflective cover fits virtually any size pitot tube. It stands out in daylight or darkness under all weather conditions, so it can't be missed. Large sewn-on Velcro tabs keep it securely in place under all conditions. Weight: 0.14 kg If length of the tube exceeds 6.75" and the diameter exceeds 7/8", then the Universal Pitot tube cover would be a better choice. As seen on the 2009 AOPA 'Let's Go Flying' Cirrus SR22 P/N 13-05611 ..... $13.95

UNIVERSAL PITOT TUBE COVER - Aircraft Type: Piston Powered Plane. This durable, weather-resistant orange and yellow reflective cover fits virtually any size pitot tube. It stands out in daylight or darkness under all weather conditions, so it can't be missed. Universal covers fit any length of tube from the smallest home built ¼" tubes up to 7/8" jet probes. The versatile hook/loop Velcro strap with sewn-in rubberized trim allows the cover to be quickly and securely fastened to the pitot tube. Weight: 0.00 kg The inside diameter of the cover is 7/8". Guaranteed to work on any Cessna, Beechcraft, Cirrus, Diamond, Grumman or Mooney aircraft, as well as most Pipers and many light sport aircraft.

P/N 13-05610 ..... $13.95



BLADE PITOT COVER - Aircraft Type: Piston Powered Plane Forgetting to remove a faded, dull and worn-out pitot tube cover can jeopardize the safety of you and your passengers. And when cold weather prevents you from installing your pinch-and-insert style blade pitot cover, ice and snow can contaminate your pitot system. Some blade pitot covers also cause damage to paint when the sleve is being forced on and off. The highly conspicuous and very durable Plane Sights Blade Pitot Cover is a perfect fit for any aircraft with a blade-type pitot tube or piper gear extension mast.. Properly installed, it's guaranteed not to blow off, fade in the sun or wear out for at least two years. Fits Piper, Katana, some Rockwell, late Grumman, Lake 250, and all other aircraft with a blade-type pitot tube. (As seen on the 2008 AOPA "Get Your Glass" sweepstakes aircraft) Weight: 0.15 kg Fits Piper, Katana, some Rockwell, late Grumman, Lake 250, and most other aircraft with a blade type of pitot tube.

P/N 13-06016 ..... $15.95

PITOT TUBE PLUG (5/8") - Aircraft Type: Piston Powered Plane 5/8" inside diameter vented pitot plug with its unmistakably conspicuous Remove-before-Flight Streamer. ANSI-compliant and weather-resistant reflective streamer stands out equally well in daylight or darkness under all weather conditions. The plug is attached to the streamer's rugged black oxide coated zinc grommet with a galvanized steel ring, and is vented to prevent pressurization damage. This 5/8" Plug Fits Aero Commander, Twin Beach, Bonanza, Cessna 300/400/500, Conquest Series, Grumman, Lear, Mooney, Piper Cheyenne and Navajo aircraft. Weight: 0.04 kg 5/8"/ 0.625" (15.875mm) ID x 1.85" (38.10mm) P/N 13-06019 $13.95

PITOT TUBE PLUG (3/4") - Aircraft Type: Piston Powered Plane. 3/4" inside diameter vented plug with its unmistakable Remove-before-Flight Streamer provides a perfect easy-on, easy-off solution. ANSI-compliant and weather-resistant reflective streamer stands out equally well in daylight or darkness under all weather conditions. The poly plug is attached to the streamer's rugged black oxide coated zinc eyelet with a stainless steel ring. This ¾"plug Fits Cessna 150, 152, 172, 177, 182, 200 series, and 337 models. Weight: 0.04 kg 3/4"/0.75" (19.05mm) ID x 2" (50.80mm) useable length P/N 13-06018 ..... $13.95

LIGHT SPORT PITOT PLUG KIT - Aircraft Type: Piston Powered Plane. Light Sport/Homebuilt Pitot Plug Kit provides a perfect fit for many homebuilt pitot tubes, light sport pitot tubes, and aircraft fuel vents. The kit includes several vented plugs so it even works with double-tube systems and is guaranteed not to pressurize your pitot static system. ANSI-compliant and weather-resistant reflective remove-before-flight streamer stands out equally well in daylight or darkness under all weather conditions. The kit comes complete with three different-sized pitot tube plugs, a unique streamer, and two rust-resistant coated triangle rings. WARNING: CHECK WITH YOUR AME AND CONSULT YOUR OWNER'S MANUAL BEFORE USING A FUEL VENT PLUG. P/N 13-06020 .....$13.95

PLANE SIGHTS AIRCRAFT MARKERS & STATIC WICK COVERS

Prevent hangar rash and broken static wicks

STATIC WICK COVER SET (TUBE STYLE 7") - Aircraft Type: Jet. A lower priced alternative to Static Wick Markers. They protect static wicks from damage on the ground and make wing/elevator tips more obvious, preventing hangar rash. Slide these round style covers on for a tight weather resistant fit on Citations and other jets. Weight: 0.04 kg Round, tubular poly cover, 0.310" x 0.450" x 7.000"Long. *Shock cord lanyard not included P/N 13-06888 ..... $48.95

STATIC WICK COVERS (SMALL ID X7") - Aircraft Type: Jet. Installed and removed in seconds, Static Wick Covers help prevent delays and inconvenience due to hangar rash. Extremely obvious and very durable Static Wick Covers make these vulnerable parts highly visible by day or night. Slide these round style covers on for a tight weather resistant fit on your Bombardier (Challenger & Global Express) or Hawker/Beechcraft and many other jets. If necessary cut with scissors to desired length. Weight: 0.20 kg Fit's over static wick part #'s: Chelton 2-17SC-1,Chelton 2-11SC-1, MIL-9129D, DG17770. Fits Bombardier, Hawker/Beachcraft and others

P/N 13-06777 ..... $54.75

STATIC WICK COVER (SQUARE STYLE) - Aircraft Type: Jet These Square Style Static Wick Covers protect, usually yellow pronged static wicks from damage on the ground and make wing/elevator tips more obvious, thereby preventing hangar/ramp rash. Slide these rectangle covers on for a tight weather resistant fit on Falcon, Hawker, Beechjet, older Lear Jet and many other static wicks. Weight: 0.21 kg Includes three (3) Static Wick Covers per package Square Poly, 0.75"x0.25"ID x 3.50" Long, (in stock) (also available by special request, 5.25" length sleves) Standard two year warranty applies. *Shock cord lanyard not included

P/N 13-06776 ..... $48.95

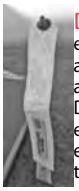
UNIVERSAL AIRCRAFT MARKER - Aircraft Type: Piston Powered Plane. Highly reflective markers make vulnerable wing and elevator tips clearly visible under all conditions, and their projecting "proximity fuses" warn that something is too close before damage occurs. Fit all aircraft from Airliners to light sport aircraft, including models with static wicks and strobe lights. For aircraft with tip tanks, the wing marker opening fits over one end of the tank. A full set stows easily under most aircraft seats. Once initial fitting is done, the markers can be installed and removed in seconds during routine pre- and post-flight walk-arounds. Weight: 0.08 kg Package Contents: Two (2) corner marker pieces, two (2) harness pieces, two (2) marker fuses, four (4) 54" lengths of shock cord with cord hook ends, and four shock cord hook ends for assembly.

P/N 13-05603 .....$159.95

TURBO PROP TIE - Aircraft Type: Turboprop. Fits most Turbo Props including Caravans, Beech 1900s, King Airs and others. An adjustable heavy duty ½" shock cord and metal hook allows the versatile design to work on so many turbo prop aircraft. Also allows our Prop Tie to Integrate with existing cowl plugs and exhaust covers. For any Turbo-Prop up with to 10" wide blade. Comes with 36" of HD 1/2" size adjustable shock cord and two stainless clips.

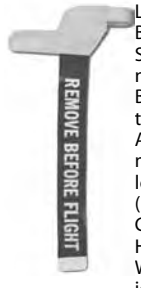
P/N 13-06778 ..... $59.95

REMOVE BEFORE FLIGHT STREAMER - Blazing yellow color stands out equally well in daylight or darkness under all weather conditions. A cord can be attached to the streamer to the rugged black oxide coated zinc eyelet. Ideal for any remove-before-flight application. Weight: 0.03 kg. Streamer - 12.25" long x 2" wide, two metal rings included..... P/N 13-05612 ..... $12.95



DIAMOND STALL WARNING PLUG - Aircraft Type: Piston Powered Plane Diamond recommends that operators of their DA40 and DA20 aircraft plug the stall warning air inlet holes on these aircraft while they're parked on the ground. Fits any Diamond DA40 or DA20, one way or the other. ANSI-compliant and weather-resistant reflective remove-before-flight streamer stands out equally well in daylight or darkness under all weather conditions..... P/N 13-06830 ..... $39.95

HI VISIBILITY BOOTIE PITOT COVER



Long Life Clip - Hook and loop closure
Bright Yellow Sock - More visible against aircraft finishes
Softer Vinyl Banner - Less abrasive to paint and aluminum
Bright White Letters - High visibility lettering, Fuel resistant (won't chip off), Non-abrasive
Applications: Specially designed for yse with pylon mounted Pitot Probes, fits Nose, Fuselage, or under wing locations, VL jets, and regional service airline aircraft (Boeing, Beechcraft, Bombadier, Cessna Jets, Cirrus, CRJ, Piper, Grob, Grumman, Gulfstream, Lear, Embraer, Hawker, Honda, Saberliner, Swearinger, and others)
Warbirds with "arrow head" type Pitot Tubes (North American, most AT-6, SNJ, Vultee BT-13, Grumman F4F Wildcat, F6F Hellcat, B-25 Mitchell, P-47 Thunderbolt, and many others) TAT Probes, Dynon Angel of Attack - Pitot Proves, Pylon mount, Rosemount Pitot Probes..... P/N 13-12349 .....$8.65

BANNERS – PITOT TUBE COVERS

AIRCRAFT FOR SALE BANNERS

Designed specifically for aircraft use, these banners slip right over your prop blades, moving in the breeze to attract attention-but will not rub against painted surfaces. Each banner is 9" x 23", made of heavyweight rubberized Nylon that is weather-repellent and resists tearing. Sold as a set of 2. P/N 5412 ..... $22.90

PROPELLER MOUNTED BANNERS

Two 28" x 8", white printing on red reinforced vinyl. Yellow, blue and white pennants, slides over prop, fastens with velcro.

For Sale ..... P/N 13-06402 ..... $29.75
For Rent ..... P/N 13-06635 ..... $29.50

FOR SALE PROP BANNER

Consists of three pieces. Each prop banner is 11" high X 22" long when mounted. Made of RED vinylized polyester with BOLD WHITE lettering. Unlike prop banners that are a sleeve which must be slipped over the prop blade only, these banners are split at the bottom and are held together with velcro. This allows the banner to be opened up and then wrapped around virtually ANY structural member of the aircraft

P/N 13-06014 ..... $28.75

AIRCRAFT SPRUCE PROPELLER CARD

These prop cards are great when displaying your aircraft at a fly-in or event. There's room to fill in your personal information as well as large notes instructing onlookers to enjoy the views of your beautiful aircraft, but keep their hands off. They easily slide on and off the blades of your propeller. If you are organizing an event, these are affordable enough to pick up in bulk and pass them out to all who attend. 8-1/2"x 11". Semi-Gloss. P/N 13-12320 ..... $1.35

PITOT TUBE COVERS

Durable leather-like provides optimum protection. Velcro strap attaches booty to 5/8" or 11/16" dia. L-shaped pitot tube. Red "Remove Before Flight" streamer. Made of flame- proof and weather-resistant National Aerospace material. ..... P/N 15210 .... $7.95

SLIP ON PITOT COVER - Slip fit over 1/4"or 1/2" dia. pitot. Red Remove Before Flight streamer attached. Made of flame-proof/weather-resist. National Aerospace material.

P/N 15220 ..... $6.95

ROUND CESSNA PITOT COVER - This yellow urethane pitot cover fits round, high-wing Cessna pitot tubes. Grooved fitting releases air pressure as the barometer changes.

P/N 5139 ..... $7.95

PIPER PITOT COVER - This pitot cover is designed to fit the blade style pitot commonly found on piper aircraft. Small vent hole prevents pressurizing system. ..... P/N 5740 ..... $14.85

REMOVE BEFORE FLIGHT RIBBON

This 3"x24" bright orange streamer with black letters features a grommet for a C ring to attach to anywhere on the aircraft. High visibility, fire resistant material. P/N15200 ..... $6.95

DO NOT TOW STREAMER

17" Streamer, attach with Velcro, Color international orange. P/N 13-02004 ..... $12.85

ASA REMOVE BEFORE FLIGHT BANNER

A bright red heavy nylon banner that can be fastened to anything that needs removing before flight. Comes with a grommet and wire ring that can be attached to everything from gear pins to gust locks and pitot covers. Heavy duty vinyl is tear resistant.

P/N 13-02380 ..... $6.75

ASA PITOT TUBE COVERS

Fit snugly over standard aircraft pitot tubes, and are vented to avoid pressurizing the pitot static system. Critical to safe operations, the cover keeps dirt, contamination, and insects from entering the pitot tube. A "remove before flight" streamer hangs off the cover as a prominent preflight reminder to pilots. Molded in the United States, the cover uses a heavy duty plastic material. Pitot Tube Cover 5/8" (small) ..... P/N 13-02378 ..... $6.85
(Fits: Cessna 300/400 series, Citation & Conquest, Beech singles & twins, Piper Navajo & Cheyenne, Mooneys, Mitsubishi, Lear Jets & Cirrus)
Pitot Tube Cover 3/4" (large) ..... P/N 13-02377 ..... $6.85
(Fits: Cessna 150,152,172,177,182, 200 series, Skymaster & the Falcon Jet)

FUEL CAP COVER

The STAY SEALED cap is a patented fuel cap cover that locks onto the existing factory cap and seals to the surface of the wing. Designed and tested against heavy rains, strong winds, high temperatures, and extreme cold. It sealed out melring snow and ice, blowing rain and water from aircraft washing. *To be used anytime the aircraft is stored outside. The device MUST be REMOVED BEFORE FLIGHT.

Model SSCC fits the following: Cessna Series: 152, 172, 182, 206, 207, 210. Fitted with the raised metal fuel cap. ..... P/N 05-03662 ..... $47.75
Model SSCP fits the following: Cessna 120,140,150,172 with recessed fuel filler opening ..... P/N 05-03668 ..... $47.75
Model SSPC fits the following: Piper Series: PA-28-140,PA-28-160,PA-28-180, PA-28-200, PA-32-260, PA-32-300 fitted with the raised metal fuel cap. ..... P/N 05-03669 ..... $47.75

"REMOVE BEFORE FLIGHT" PITOT COVERS

Universal cover ..... P/N 13-04396 ..... $11.85
Piper blade cover ..... P/N 13-02946 ..... $9.95
3/4 pitot cover ..... P/N 13-04395 ..... $8.95
5/8 pitot cover ..... P/N 13-04394 ..... $8.95
Sm RBF streamer ..... P/N 13-02818 ..... $7.90
Lrg RBF streamer ..... P/N 13-02819 ..... $5.75
Nelson RBF Streamer
P/N 13-04397 ..... $6.75

FUEL VENT COVER

The fuel vent cover is designed to fit most fuel vents, and will not pressurize the fuel system. The ribbon is nylon with a vinyl coating and silkscreened letters. P/N 13-02817 ..... $10.95

REMOVE BEFORE FLIGHT STREAMER

Red "REMOVE BEFORE FLIGHT" Streamer with white lettering. Measures 2" wide and 17-1/2" long

2" X 17" ..... P/N 13-06238 ..... $5.75
3" X 31" ..... P/N 13-11731 ..... $8.50

BLADE PITOT COVER

Fits Piper, Katana, some Rockwell, and late Grumman aircraft.

P/N 13-02379 ..... $6.85

KEY CHAINS

Remove before flight key chain with white letter REMOVE BEFORE FLIGHT on red banner

P/N 13-02836 ..... $3.95

Key ring with a white printed "I'D RATHER BE FLYING" on blue banner.

P/N 13-02949 ..... $2.95

Key ring with blue writing "I LOVE FLYING" on off-white banner

P/N 13-02950 ..... $2.95

REMOVE BEFORE FLIGHT KEYCHAIN

Red, "REMOVE BEFORE FLIGHT" is 11-1/2" in length. Great for your keys, ID, or badge. The "REMOVE BEFORE FLIGHT" is silk screened in white on red nylon. ..... P/N 13-03822 ..... $2.95

PROFLIGHT AIRCRAFT KEY CHAINS

ProFlight aircraft personal streamer with attached ring and slogan "I'D RATHER BE FLYING". P/N 13-10450 ..... $1.95

ProFlight aircraft personal streamer with attached ring and slogan "I LOVE FLYING".

P/N 13-10448 ..... $1.95

ProFlight aircraft personal streamer with attached ring and slogan "REMOVE BEFORE FLIGHT". P/N 13-10447 ..... $1.95

ProFlight aircraft personal streamer with attached ring and slogan "HAVE YOU CLOSED YOUR FLIGHT PLAN".

P/N 13-10449 ..... $1.99

PS

PITOT TUBE COVERS

REMOVE BEFORE FLIGHT STREAMER

2-1/4" wide, 17" long red polyester fabric with white writing: "Remove Before Flight"
P/N 13-01458 ..... $4.75

UNIVERSAL STATIC PORT COVERS

SPC-101

SPC-102

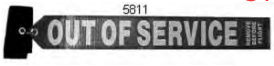
An inexpensive, yet very effective alternative to other covers and plugs. The SPC-101 is designed to fit an aircraft with one static port on each side of the aircraft and the SPC-102 is designed to fit an aircraft with two static port on each side of the aircraft.
Features: • Universal design to fit most aircraft • Lightweight entire assembly weighs less than 1/2 pound • Attaches with heavy duty lever cups designed to lift up to 40 pounds each • No fuselage modification required • Prevents the possibility of any damage to static ports by being and externally mounted cover • Malleable lightgauge red anodized aluminum easily conforms to virtually any surface contour • Adjustable to allow for attaching lever cups on or around decals and pin striping • Installed at temperatures from -20°F to 110°F
SPC-101 ..... P/N 13-06723 ..... $176.90
SPC-102 ..... P/N 13-06724 ..... $189.75

PITOT COVERS

Avoid costly damage to your pitot-static system. Protects from dust, insects, wind and other foreign matter. Will not pressurize pitot-static system.

MODEL 4602 - Fits Piper, Katana, some Rockwell, and late Grumman aircraft.P/N 13-06395 ...$8.75
MODEL 4935 - Bootie Type, all Naugahyde, white boot, red with white printing, 2" x 16". ..... P/N 13-06397 ..... $9.50

STREAMERS



5811 "OUT OF SERVICE" - 3" x 24", yellow printing on red reinforced vinyl with grommet and ring. 2" securing strap with grommet and velcro. ..... P/N 13-06399 ..... $8.95

5813 "DO NOT TOW" - 3" x 16", yellow printing on red reinforced vinyl with grommet and ring. 2" securing strap with grommet and velcro. P/N 13-06401 ..... $10.95

4604 "REMOVE BEFORE FLIGHT" - 2" x 16", white printing on red reinforced vinyl with grommet and ring.
P/N 13-06396 ..... $4.95

PITOT TUBE COVER INSTALL TOOL

This tool was developed, in response to fleet owner and FBO requests. They were having experienced difficulty installing Covers onto high wing Pitot Probe locations, e.g., Cessna Caravans, Bush aircraft with Tundra tires, float planes and amphibians. In field trials it was found that this tool is also very useful to install-remove the same Covers onto over-the-nose Pitot Probes, of Very Lite and commercial jet aircraft! Features: * View-Through cover grippers for easy install * Low mass for control in windy conditions * Ergonomic shape to reach high wing, and most over-the-nose mounted probes * All weather non-slip handle grip .....P/N 13-06672..... $62.85

REMOVE BEFORE FLIGHT STREAMER TAKE OFF EH

The blazing yellow colour of this foot-long, ANSI-compliant and weather-resistant reflective streamer stands out equally well in daylight or darkness under all weather conditions, so it can't be missed. Each streamer comes complete with eight inches of size-adjustable, highly visible reflective shock cord and safety clips. The cord is attached to the streamer with a rugged black oxide coated zinc eyelet. These features make the streamer ideal for any remove-before-flight application, including gear pins, cowl plugs, AOA indicator cages, TAT, ice detector and static port covers. P/N 13-12386 ..... $12.95

PITOT TUBE PLUG 3/4 INCH TAKE OFF EH

Our very durable 3/4" inside diameter vented plug with its unmistakable Plane Sights Remove-before-Flight Streamer provides a perfect easy-on, easy-off solution. The blazing yellow color of this foot-long, ANSI-compliant and weather-resistant reflective streamer stands out equally well in daylight or darkness under all weather conditions, so it can't be missed. The poly plug is attached to the streamer's rugged black oxide coated zinc eyelet with a stainless steel ring. This ¾"plug Fits Cessna 150, 152, 172, 177, 182, 200 series, and 337 models. P/N 13-12385 ..... $13.95

PITOT TUBE PLUG 5/8 INCH TAKE OFF EH

The Plane Sights 5/8" inside diameter vented pitot plug with its unmistakably conspicuous Remove-before-Flight Streamer provides the perfect easy-on, easy-off solution, while protecting against insect and water contamination. The blazing lime green colour of this foot-long, ANSI-compliant and weather-resistant reflective streamer stands out equally well in daylight or darkness under all weather conditions, so it can't be missed. The plug is attached to the streamer's rugged black oxide coated zinc grommet with a galvanized steel ring, and is vented to prevent pressurization damage to the pitot static system. This 5/8" Plug Fits Aero Commander, Twin Beach, Bonanza, Cessna 300/400/500, Conquest Series, Grumman, Lear, Mooney, Piper Cheyenne and Navajo aircraft.
P/N 13-12384 ..... $13.95

LIGHT SPORT PITOT PLUG KIT TAKE OFF EH

The Plane Sights extremely conspicuous and very durable Light Sport/Homebuilt Pitot Plug Kit provides a perfect fit for many homebuilt pitot tubes, light sport pitot tubes, and aircraft fuel vents. The kit includes several vented plugs so it even works with double-tube systems and is guaranteed not to pressurize your pitot static system. The blazing yellow color of the included foot-long, ANSI-compliant and weather-resistant reflective remove-before-flight streamer stands out equally well in daylight or darkness under all weather conditions, so it can't be missed. The kit comes complete with three different-sized pitot tube plugs, our unique streamer, and two rust-resistant coated triangle rings. The kit can also be used to prevent insects from plugging your fuel vent, which is known to cause loss of power with Cessna, light sport and home-built aircraft. WARNING: CHECK WITH YOUR AME AND CONSULT YOUR OWNER'S MANUAL BEFORE USING A FUEL VENT PLUG.
P/N 13-12387 ..... $13.95

BRUCES UNIVERSAL CUSTOM PITOT TUBE COVERS

The Original and World's Finest Aircraft Covers for Airplanes, Jets, Helicopters, Gliders and QEC Off-link Jet Engines.
Once the material for each order is cut into its appropriate parts, highly trained sewing machine operators meticulously assemble the products with durable thread, rivets, and canvas trim.
Pitot Tube Covers, made of Naughahyde vinyl, are designed to cover the entire pitot assembly. Slipping on over the tube, the cover tightens around the base with a special Velcro strap detail. A "remove before flight" streamer is attached to the cover. Non-burning Pitot Covers are designed to withstand more than 500° Fahrenheit, and will prevent the pitot cover from melting onto the tube if the pitot heat is accidentally turned on with the pitot cover attached
Pitot Tube Cover for the following applications: • Beech: Bonanza B35, Bonanza B36, Baron B58 • Cessna: Cardinal 177, Centurion 210, Corvallis 350 • Cirrus: SR20, SR22 • Grumman: American AA5 • Piper: Comanche PA24, Cherokee Six PA32 • Lancair: IV, Columbia 300, Columbia 350, Columbia 400, Lancair 320, Lancair 360 • Mooney: Ovation, M20, 201, 205, 231, 252 & MJ20 MSE
P/N 13-15994 ..... $28.75

Pitot Tube Cover for the following applications: • Cessna: 150, 152, 172, 175, 180/185 Skywagon, 182 Skylane, and 206 Stationair. • Grumman AA1. P/N 13-15995 ..... $28.75

CONTROL LOCKS – EZ FLAP

AIRCRAFT WINDLOCK

The Wind-Lock is designed to attach to an aircraft's controls inside the cockpit. The none-ridged mechanism keeps tension on the Elevators, holding them in the full down position. This position also allows moisture to drain from inside the control surface. It also holds the Ailerons in a streamlined position. As the wind gusts, resistance is applied. The harder the wind blows, the more resistance is applied to the controls. When the wind dies down, the Wind-Lock allows the Ailerons to return to their normal position. As the load is reduced, the tensioning mechanism reduces pressure on the control yoke. P/N 05-04044..... $72.75

AMC AIRPLANE CONTROL LOCK

Rather than tying your seat belt to your controls, try AMC's new Airplane Control Lock. This lightweight control lock will stop your control surfaces from moving with the winds and will also prevent damage to your controls such as bending. This new Control Lock is lightweight and easily stored.

Airplane control lock cessna or any aircraft with control spacing of 14"-19".....P/N 13-02851.....$77.95
Mooney.....P/N 13-03164.....$77.95
Cessna 210.....P/N 13-03165.....$77.95
Cessna 206.....P/N 13-03166.....$77.95
Skymaster.....P/N 13-03167.....$77.95

KENNON GUST LOCKS

Locks flaps, ailerons, elevator or rudder securely. Made from special weather resistant, high density, closed cell foam with a nylon eyebolt! Won't scratch.

P/N 07-01329..... $23.50

PAD-LOK CONTROL SURFACE LOCK

Like it says, a padded lock. Effectively locks control surfaces while the padding compresses to the proper configuration and protects the surface finish. Padding won't absorb water. Hard-to-miss Dayglo color, plus yarn streamers. Wt. 10 oz.

P/N 13-22700..... $17.95

THE CONTROL SAVER

The Control Saver control lock was designed for Piper and Mooney aircraft to protect aircraft controls in high wind gusts. It holds the ailerons in the neutral position and stabilizer in the down position. This control lock is light weight, easy to use and fits in an area as small as your shirt pocket. Sold to thousands of Piper and Mooney owners worldwide. P/N 13-15505..... $39.95

SAF-T-STOP

Saf-T-Stop is an auxiliary seat stop mechanism approved by the FAA for use with Cessna seat track A.D. #87-20-03. Installs easily, sliding over seat track. Approved for: Cessna 150, 152, 172, R172, 175, 180, 182, 185, 190, 205, 206, 207, 210, 303, 337. Not a seat lock, Saf-T-Stop is designed to restrict rearward motion if the seat lock fails. P/N 13-18510..... $45.50/pr

AILERON & RUDDER SOFT LOCK

The Aileron & Rudder Soft Lock is made out of a durable foam that will not scratch your paint. Slides in gap between rudder and vertical stab. Keeps rudder from moving while plane is on the ground. Comes with "Remove Before Takeoff" flag. Patent Pending.

P/N 13-11615..... $38.75

RANS CONTROL LOCK

RANS has developed a control lock that attaches to most models. The lock consists of a bungee cord, a couple of hooks and cap that slips over the top of the control stick. Allows for bungee tension to be set for a particular model. Not hard bolted so if an outside force against the control surfaces occur, the bungees will absorb the load. P/N 13-10434..... $22.90

REMOVE BEFORE FLIGHT AIRPLANE CONTROL LOCK

Piper and Mooney aircraft do not have control locks. That's why there is now a Control Saver control lock to meet the needs of pilots who fly these planes.

PA-28 1968-97.....P/N 13-12726.....$39.95
PA28 1997-Current.....P/N 13-12727.....$39.95

PA32 1997-Current.....P/N 13-12729.....$39.95

LIGHT SPORT CONTROL LOCKS

These control lock is easy to install and positively locks the ailerons and elevator of the aircraft models listed below. Gust lock is manufactured using 6061T3 aluminum. The control stick clamping portion has a protective sleeve to prevent damage to special control handles. The latching mechanism is tow locking buttons that cannot come loose until released by the pilot which insures the owners that their ailerons and elevators are safe from wind damage. The control lock is red anodized with a "Remove Before Flight" decal, and each unit comes complete with instructions in a 4" x 4" x 12" box. Only weighs 3 1/2 ounces.

VANS RV CONTROL LOCK CL200 - Eligible Aircraft Models: Carbon Cub SS, Cessna SkyCatcher, Comet FK-12, Diamond DA40, Highlander, J-3 Cub, Legend Cub, Peregrine FK-04, Renegade Falcon, Savage Cub, Stearman PT-17, Tecnam P92 & P2008, Van's RV4, RV6/6A, RV7/7A, RV9/9A, RV10 P/N 13-11304 ..... $49.50

VANS RV CONTROL LOCK CL212 - Eligible Aircraft Models: Vans RV12 only. P/N 13-11319 ..... $49.85

VANS RV CONTROL LOCK CL100 - Eligible Aircraft Models: Piper-Sport and SportCruiser only. P/N 13-11269 ..... $49.85

VANS RV CONTROL LOCK CL110 - Eligible Aircraft Models: Aerotrek A220 & A240,AirCam,Alto 100,Breezer ELSA, Bristel, Champion Scout, Citabria, Decathlon,Diamond DA20 & TC100,Evector Harmony & Sportstar, KitFox Super Sport 7, Lightning LS1, Luscombe,Peregrine FK-9, Phoenix, Ran's SL-19, Coyote 2, S-7LS, Remos LSA, SeaRay, Spirit, Sting S4, Tecnam P2002 P/N 13-11318 ..... $49.50

PIPER AILERON GUST LOCKS

The Posi-Lock was designed to address the need for a true control lock for spring return flaps on the Super cub and similar Piper equipped aircraft. Constructed of aircraft aluminum and Stainless steel over-center adjustable latch hooks. Includes "REMOVE BEFORE FLIGHT" banners on each gust lock. Patent Pending.

Model No.	Description	Part No.	Price
PA18SET	4 PC, 2 Aileron, 2 flap	13-14759	$345.00

UNIVERSAL CONTROL LOCK

Stainless steel construction with silicone rubber to protect aircraft interior and folds into small package for easy storage. Installs in seconds from the pilot seat and fits most aircraft with a control column. Other control locks are not required like the one Cessna provides. Cannot get your feet on the Pedals to taxi aircraft and keep the elevator in the nose down position.

P/N 13-13075.....$254.00

EZ FLAP HANDLE EXTENSION

Because EZ Flap puts the flap control at the correct location close to the yoke (instead of down on the floor under the panel), pilots can finally remain upright while using the flaps, and stay focused on takeoff/landing, obstacles, terrain, traffic, and instrument scan. No more bending over - no more loss of visibility. EZ Flap improves the performance of the pilot!

EZ Flap mounts to the existing aircraft flap handle with no disassembly and no de-rigging in 20-40 minutes, with only two small screw holes. The original aircraft flap control remains fully functional. 100% made in the USA. Full FAA STC-PMA approval on 95% of all US manual flap aircraft.

CESSNA/PIPER FLAP HANDLE EXTENSION APPLICATIONS: Cessna: 170 / 172 / 175 / 180 / 182 / 185. Piper: PA-28 / PA-32 Cherokee Family. Piper: PA-34 / PA-44 Seneca / Seminole. Beech: 19/23/24 Musketeer Family P/N 13-06946 ..... $499.00

SUPERCUB HANDLE EXTENSION APPLICATIONS: Piper: PA-18 Super Cub. Piper: PA-20 / PA-22 Pacer / Tri-Pacer. Maule: M-5 thru M-9 Family. Stinson: 108 Family P/N 13-07438 ..... $499.00

AIRCRAFT LOCKS

PROP LOCK CHAIN

The THEX50 is a "T-HEX" maximum security chain 5 ft in length with hardened 10mm hexagon shaped links. Hexagon shaped case hardened trip heat treated super chain. This heavy duty Prop Lock Chain is the perfect way to insure the security of your aircraft, particularly at remote or foreign airports. The hexagon shaped, heat treated heavy duty chain can endure over 10 tons of cutting force, insuring your aircraft against theft. A black nylon cover over the chain protects your aircraft from the chain when in place. The Prop Lock Chain is 5 feet long and weighs 12lbs. P/N 13-05182 ..... $46.85

WHEEL CHOCK LOCK

This innovative aircraft security device clamps to the wheel which prevents theft of the aircraft, while the built-in chock prevents the wheel from rolling forward when parked. The lock and chock are yellow, while the red rubber coated arms protect the finish of the wheel. Fits any type of wheel up to 12" wide. Lifetime warranty. P/N 13-06141 ..... $73.75

YORK GUST-LOK™

The York Gust Loks the ultimate protection for your plane from wind and theft. It locks the control surfaces in a neutral position and prevents damage to control surfaces and tail caused by wind gust loads. It is welded steel, fully adjustable, is lightweight, and features a powder coat finish. The York Gust Lok is compact for easy storage and is quick and easy to use. Wt: 2.2 lbs.

YORK ACCESSORIES

Do not throw away warning flag (included with each Gust-Lok™, but also sold separately) ..... P/N 13-00869 ..... $21.50

AIRGIZMO UNIVERSAL GUST LOCK

The AirGizmos Gust Locks are designed to quickly lock virtually any control surface securely. Its bright color and integrated flag reminds you to remove before flight. The rubber cushions ensure that your finish will be protected. They are lightweight and portable. Perfect for carrying in the plane wherever you go.

P/N 13-06139 ..... $32.95

AVIATION PROP LOCK

The Prop Club® inhibits flight by creating an out-of-balance condition. Made of tempered steel, The Prop Club® is an anti-theft device that locks securely onto the propeller at the hub via a four-digit combination. The small Prop Club® has a compressed opening range of 4-1/4" to 5-1/2"(wt: 2.4 lbs) and the large Prop Club® has a compressed opening range of 6" to 8"(wt: 2.8 lbs). As long as the Prop Club® can attach to the base of the prop within this range, and the closed dimensions are smaller than the widest part of the prop, The Prop Club® will remain securely attached to the propeller hub. It will not work on props that maintain the same width from base to tip.

Small Prop Club ..... P/N 13-03378 ..... $179.00
Large Prop Club ..... P/N 13-03379 ..... $189.00

THE ALPHA WHEEL LOCK 2000

The Alpha Lock 2000 adjusts to virtually any wheel size in seconds and completely immobilizes the aircraft or vehicle wheel from rotating or turning. The lock is pick and drill resistant and cannot be frozen with freon. Soft, coated arms will not mar or scratch wheels and rims. Furnished in bright red color to warn thieves, weather resistant, and carries a 2-year warranty. Excellent for locking aircraft, autos, trucks, trailers, boat trailers, motorcycles, RV's, etc. Locks anything on wheels! Wt: 8 lbs. P/N 13-00436 ..... $151.75

THE PLANE LOCK

For Cessna C-172-210s, except for the C-177. Prevents the wind from popping your doors open and provides an added measure of security against break-ins. No tools or STC required. From outside the aircraft, the pilots door is locked by reaching through the window (prior to closing it) and pushing down the door safety handle. Then, slip the Plane Lock over the window sill and lock the window shut. P/N 13-03386 ..... $151.75

THROTTLE MIXTURE LOCK

Here's a simple, inexpensive aircraft theft deterent, that fits virtually all push-pull throttle and mixture controls. The device will accept shafts up to .375" diameter, is made of heavy-gauge cadmium plated steel, and uses a simple padlock (not included).

P/N 13-18500 ..... $13.95

AIRCRAFT THROTTLE LOCK

Protect your aircraft from theft! This throttle lock is recommended by the International Aviation Theft Bureau, Avemco Insurance Co., AOPA and other insurance companies. Available for vernier or non-vernier throttle.

Vernier Lock..... P/N 13-08000 ..... $89.75
Non-Vernier Lock..... P/N 13-08100 ..... $89.75

NELSON AILER-LOCKS

- 2 Sizes
- 13" RBF streamer
- Locks flaps, ailerons, elevators, or rudder

Ailer-Lock standard (4.25") ..... P/N 13-02829 ..... $16.95
Ailer-Lock Large (10")..... P/N 13-22705 ..... $32.00

SKYLOK

Skylock is an inexpensive throttle lock for aircraft with Cessna type push-pull throttles. The device will accept shafts up to .375" diameter, and is made of heavy-gauge cadmium plated steel. Skylock affords great peace of mind to aircraft owners at very little cost. Just put in place after every flight, secure with your own favorite padlock, and your throttle cannot be moved! Simple, but it works. P/N 13-18500 ..... $13.95

ANTI-THEFT LOCK FOR BONANZAS

Built for those incomparable Beechcraft. All have FAA STC/PMA as applicable. The rugged, locksmith quality key lock combines forces with hardened steel pins embedded in the lock body that roll to defeat cutting. Bright red color, easy to use, installs in just seconds. Patent Pending.

P/N 05-03435 ..... $274.50

H3R AVIATION FIRE EXTINGUISHERS

The FAA recommends and/or requires Halon fire extinguishers on aircraft. H3Rs Halon fire extinguishers are the extinguishers of choice in the aviation industry. They cause no mess or damage, and do not require taking a plane out of service for clean-up; a costly process for both the aircraft owner and insurance carrier. The heat-seeking quality of the Halon gas makes it a superior fire fighting agent.

DISPOSABLE, LOW-MAINTENANCE HALON 1211-1301 BLEND -

Contain a proprietary blend of the "liquid streaming agent," Halon 1211, and the gaseous "total flooding agent," Halon 1301. The blend's power lies in the Halon 1301, which is both a firefighting agent and a propellant. Low maintenance and non-rechargeable. Lightweight aluminum canister Disposable. Tested to ANSI/UL 711 and UL 1093. Meets DOT requirements Meets the requirements in Advisory Circular 20-42C , "Hand Held Extinguishers for Aircraft" and/or NFPA 408, "Standard for Aircraft Hand Portable Fire Extinguishers" 12-year shelf life. Fire extinguishers include a mounting bracket.

RECHARGEABLE, STURDY INDUSTRY-STANDARD HALON 1211 -

Required on commercial transport aircraft. Although classified a "liquid streaming agent," Halon 1211 also performs remarkably well as a "total flooding agent," seeking out and extinguishing fires in inaccessible places. A 6-year maintenance and 12-year hydrostatic test are required.Rugged steel cylinder. Pressure gauge enables easy confirmation of charge. Tested to ANSI/UL 711 and UL 1093. Meets DOT requirements. Meets the requirements in Advisory Circular 20-42C , "Hand Held Extinguishers for Aircraft" and/or NFPA 408, "Standard for Aircraft Hand Portable Fire Extinguishers". Fire extinguishers include a mounting bracket or a wall hook.

SAFECRAFT FIRE EXTINGUISHERS

A feature not found on other extinguishers is the "swivel" head design. The discharge head can be rotated to align the pull cable, which provides more installation flexibility. The aluminum cylinder is U.S. DOT approved and is capable of being refilled by Safecraft Inc. The extinguisher will accept two separate discharge lines, which allows installation flexibility currently not found in competing fire extinguishers. White powder coated cylinder with red aluminum anodized head. Designed to be mounted in the "head down" attitude.

3 lb. ..... P/N 13-01634 ..... $385.00
5 lb. ..... P/N 13-01633 ..... $385.00
10 lb. ..... P/N 13-05177 ..... $619.00

FIREFLY PLUS FLASHLIGHT/STROBE

The Firefly Plus is a flashlight/emergency locator strobe which is visible for over one mile. The operating life of the strobe is 10 hours, and 2 hours for the flashlight (continuous). Firefly Plus operates on 2 AA batteries (not included) and made of durable ABS plastic. Waterproof & weighs 4 oz. Size: 2" dia. x 5-3/8"h. Excellent addition to any aircraft or home emergency kit.

P/N 13-54050 ..... $38.75

C-STROBE LIGHT

The C-Strobe Light is a life preserver signaling emergency strobe which attaches to a life jacket or life vest with a steel pin or Velcro straps. The omni-directional strobe light is visible up to 2 miles. C-Strobe features a slim, lightweight, waterproof case and operates more than 8 hrs (continuous). Operates on 2 AA alkaline batteries (not included).

P/N 13-54020 ..... $29.60

MINI B 300 PERSONAL RESCUE TRANSMITTER

• In-line speaker emits audio warble to confirm activation and transmission of distress signal or to notify of accidental activation • Exclusive ACR audio indication of transmission allows effective self-test • User-replaceable battery •Frequency stability exceeds ETS 300 152 standard • Perfect for use as Crew-Overboard system when combined with Vecta2™ Direction Finder • Floats if dropped overboard • 121.5 MHz (SAR frequency) • Antenna maximizes peak effective radiating power when fully extended. • Battery installation instructions included Operating life: 24 hours @ -20°C (-4°F)

P/N 13-02416 ..... $209.95

RESCUE LASER FLARE MAGNUM™

Ahand-held nighttime laser signaling device that provides a convenient, effective way to signal a rescue party up to 20 miles (32 km) away, depending on atmospheric conditions. It's ease of operation, long life and waterproof design makes it the perfect survival signaling device. Unlike conventional pyrotechnic flares, the Rescue Laser Flare™ is non-flammable, non-hazardous and can operate continuously for 72 hours on two replaceable AA batteries.

72 Hour ..... P/N 13-01924 ..... $79.95
15 Hour ..... P/N 13-01923 ..... $89.95

EMERGENCY STROBE

• Waterproof • USCG approved • Operates up to 60 hours • Uses D battery • Red lens available

Strobe ..... P/N 13-02811 ..... $24.75
Mounting Tri-pod ..... P/N 13-14016 ..... $65.00

ACTIVE EXTINGUISHING LINE

Active Extinguishing Line is totally independent, 1kg, fire extinguishing system from any power source. Its main secret lies in the heat detector in a form of a line made out of special laser predriller polymer, shich will react instantly to any source of heat or fire. This line (heat detector) is connected to reservoir containing fire-extinguishing agent: hexafluoropropane FE-36. Inside of the protected device (equipment) a loop made out of the heat detector breaks, creating a mini sprinkler, directly over source of fire or heat, extinguishing it instantly. In a moment of activation the system closed circuit switch collapsses sending a signal informing of fire. For experimental aircraft only. Ask for status of pending STCs.....P/N 13-03266 ..... $698.00

1301 HALON FIRE SUPPRESSION SYSTEM

The Stroud 1301 Halon System is designed for use in Experimental and Personal light aircraft. The complete system includes 5 lb. 1301 Halon bottle with mounting assembly, actuating valve, 3 spray nozzles, Bulkhead Tee, and 25 feet of aluminum tubing and 16 ft. long pull cable. 1301 Halon is approved for occupied areas and leaves no residue.

P/N 13-07670 ..... $523.00

RECHARGEABLE, DURABLE EPA-APPROVED HALOTRON 1™

While it is less powerful pound for pound than Halon 1211, Halotron 1 offers all of Halon 1211's clean agent benefits, and Halotron 1 is less damaging to the ozone layer. H3R Aviation offers two Halotron 1 fire extinguishers: one FAA-approved unit for aircraft use and one wheeled unit for the flight line/ramp. These rechargeable extinguishers have pressure gauges and require a 6-year maintenance and a 12-year hydrostatic test

P/N 13-02562 ..... $6,785.00

SMOKE HOODS - LIFE VESTS

PARAT C EMERGENCY SMOKE HOOD

The PARAT C is a lightweight, portable easy to don smoke escape hood designed for selfrescue in the event of a fire. The PARAT C protects the wearer for a minimum of 15 minutes from smoke, carbon monoxide and toxic gases normally present during a fire. It is ideal as a personal escape device which can be used in emergency situations occurring in homes, office or apartment buildings, schools, hospitals, plant facilities and hotels. FEATURES:Hood made from flame-retardant, selfextinguishing PVC material. Bright orange hood with high visibility and excellent reflective properties. One universal size. Can be worn with glasses, long hair and beards. Large visor treated with anti-misting agent provides wide range of vision for quick escape. Elastic collar makes hood easy to don and adjust. Comfortable, soft, inner mask allows wearer to breath normally through nose or mouth, Perfect for frequent travelers.

Parat C Smoke Hood ..... P/N 13-04232 ..... $174.75
Parat C Wall Holder ..... P/N 13-06642 ..... $20.75

PROVITA SMOKE HOOD

The Provita Smoke Hood provides 20 vital minutes of life-saving evacuation time. It is proven to protect from smoke and 98% of toxins created by fire, including: Chlorine, Ammonia, Acrolein, Hydrogen Chloride, and Hydrogen Sulfide. Lightweight and compact. One size fits all. Smoke hood easily comes out of its 8" x 6" x 1" vacuum sealed bag - ready for use in seconds. There is no front or back which allows the smoke hood to be put on quickly for panic situations. The rubber seal easily slips over your head and seals - not allowing any smoke through. The smoke hood provides 360 degree vision and 20 vital minutes to escape a smoke-filled room.

P/N 13-11343 ..... $189.00

EAM TWIN CELL CREW LIFE VEST

This twin-cell vest comes with 35 lbs.of buoyancy for adults of all sizes. This model is designed with back panels and has received approvals from countries around the globe. Comes with water-activated light, like all EAM life vests. 5 years frequency of inspection

P/N 13-12683 ..... $76.95

TWIN CELL LIFE PASSENGER VEST

This twin-cell, single attachment, single adjustment vest has become the industry standard. 5 year frequency of inspection. TSO-C13e Approved. Inflated Buoyancy: 35 lbs. minimum. Temperature: Functional Range: -40 to 140°F (-40 to 60°C),Storage Range: 0 to 120°F (-17.8 to 48.9°C) Humidity: Functional Range: Up to 95% Relative Humidity, Storage Range: Up to 70% Relative Humidity Altitude: -2000 to 45,000 feet above sea level CO2 Gas Charge: 2 x 0.035 lbs. (2 x 16 grams). Frequency of Inspection: Every 60 months

P/N 13-12686 ..... $69.95

EAM XF-35 LIFE VEST

Only 1.13 lbs. (513 grams). The XF-35 offers significant fuel savings to operators wishing to stay with the added security of a twin-cell vest. 5 year frequency of inspection standard. Inflated Buoyancy: 35 lbs. minnimum. Approvals: USA FAA TSO-C13f; German LBA Approval No. 40.321/33; United Kingdom CAA Approval No. AR01445. Storage Range: 0 to 120°F (-17.8 to 48.9°C) Humidity: Functional Range: Up to 95% Relative Humidity; Storage Range: Up to 70% Relative Humidity Altitude: -2000 to 45,000 feet above sea level

REVERE AERO ELITE LIFE RAFTS

The Aero Elite offers both crew and passengers easy usage when facing the stress of a life threatening situation as opposed to other liferafts that can be difficult to lift and transport at the time of need. Vertical bulkheads inside divide the tube into two independent air-holding compartments. If one compartment is punctured, the other keeps you afloat.

The Aero Elite includes one large oversized tube 13" round as well as an automatically inflated canopy. Offering a spacious 4 square feet per person, the Aero Elite also includes a heavy duty boarding ladder for entry assistance. The Aero Elite also includes an inflatable floor, stowage pockets, zippered windows, flashing strobe, extra large ballast pockets, an extensive equipment pack including USCG/SOLAS flares plus much more. A training DVD comes with the raft to help you and your crew prepare for use in an emergency situation. The Aero Elite is vacuum- packed to add greater protection against the environment and minimize servicing costs as service is required just once every three years. If serviced according to manufacturer's specs, the Aero Elite offers a 12 year warranty. Equipment Pack Contains: 2 Red Hand Flares - USCG/SOLAS, Bailer, Signal Mirror, Paddles, Repair Kit, Seasick Tablets, Water Tight Flashlight, Extra Flashlight Batteries, Whistle, Sponges, Floating Knife Aero Elite Liferaft Data Sheet. Features: Highest quality, lightest weight coastal liferaft available today. Large, oversized tube 13 inches in diameter. Spacious 4 square feet per person interior Automatically Inflating Canopy. Heavy duty boarding ladder. Insulated Inflatable Floor. Stowage Pockets. Zippered Windows Flashing Strobe Extra Large Ballast pockets for stabilization in rough seas Extensive Equipment Pack including USCG/SOLAS pyrotechnics. Training DVD to help crew prepare for use in an emergency situation. Vacuum packed to add greater protection against environment and minimize servicing costs. SWITLIK INFLATABLE LIFE RAFT

The Switlik ISPLR brings advanced military design and mission-proven durability to a single place life raft available for mariners and pilots who are serious about their personal lifesaving equipment. Fully reversible. The unique U-shaped design allows the raft to be fully reversible, allowing quick, easy entry from the water - whichever side is up when it automatically inflates. The ISPLR's low slung floor design allows seating at a slight recline lowering the center of gravity well below the waterline, increasing stability in rough waters. Zip to the elements. Twin zippers, located on either side, allow you to partially close the canopy, keeping the elements out while providing great ventilation. ..... P/N 13-16033 ..... $895.00

SWITLIK AVIATOR LIFE VEST

The Switlik Aviator Life Vest is supremely more comfortable to wear, and specifically designed for the seated position in your aircraft. It's the vest you'll forget you're wearing. The new interior cell folding technique combined with our open V-Neck design allows the Aviator to lay over your shoulders relieving the pressure on your neck during those long flights. We have located our new beaded handle in the center of the vest allowing for an easier approach for deployment. The breakaway safety feature eliminates the risk of snagging. The red handle also offers the best visibility in low light conditions. The Switlik Zipper closure keeps your inflatable vest secure at all times. The simple reliable dual breakaway design provides immediate inflation when activated. Backup oral inflation tubes are conveniently located on either side of the vest and easily reached through the side access flaps. P/N 13-12687 ..... $239.00

SWITLIK X BACK AIR CREW LIFE VEST

The aptly named X-Back is ergonomically fitted to your shoulder contour for a perfect fit. As accessories are added the weight is distributed over your shoulders and off your neck for vastly improved comfort. The adjustable X-Back straps provide enough range making it one size fits all. The MOLLE (Modular Lightweight Load-Carrying Equipment) system lets you customize your vest with the accessories you need. The contoured cut of the MOLLE side panels locates the accessories away from your midsection. The simple reliable dual breakaway design provides immediate inflation when activated. Backup oral inflation tubes are conveniently located on either side of the vest and easily reached through the side access flaps. High visibility red beaded handles are found on both sides of the vest making for simple activation. They incorporate a breakaway safety feature to prevent snagging.

P/N 13-12688 ..... $399.00

B.A.S.E.™ SURVIVAL KIT

This amazingly light kit weighs just 2.4 oz. The water-tight aLokSak® will keep everything extra dry to 200 ft. under the water and is strong enough to be used many times over.

Sparkie™ FireStarter: This lightweight emergency fire starter boasts one-handed operation! It generates intensely hot sparks and works in any weather. Sparkie™ weighs only 0.8 of an ounce.

WetFire™ Tinder (2 cubes): You will love this amazing fire starting tinder is non-toxic, odorless, smokeless, and you can start a fire even in the driving rain. In fact, WetFire™ tinder actually burns longer when its WET! A small pile of tinder shavings is all you need to start a roaring fire.

StarFlash® Signal Mirror: This signal mirror is unbreakable, can be aimed precisely, floats and can signal for communications up to 100 miles away. You can use it hiking, camping, or backpacking to apply first aid or camouflage. StarFlash® was chosen as the premier signal mirror of the U.S. Air Force and other government agencies 10 years ago.

JetScream™ Whistle: This whistle is one of the loudest in the world, any louder and it would cause physical pain, literally. You can hear JetScream's™ amazing 122Db ear-piercing shriek, above most natural or man-made noises. It is equivalent to the sound of a rock concert or a jet at take off. You can use JetScream™ in the city or woods for communication and personal protection.

aLOKSAK Waterproof Storage Bag: This lightweight bag is waterproof to 200 feet!

Kit Includes: 1 Orange Sparkie™ Fire Starter, 2 WetFire™ Tinder Cubes, 1 StarFlash® Signal Mirror, 1 Orange JetScream™ Whistle, Clear plastic flexible aLokSak® pouch (watertight to 200 ft.)

Specifications: Dimensions: 6 1/2" x 3 7/8" x 1 5/8" (16.5 x 9.8 x 4.1 cm)
Weight: 2.4 oz. (168g). P/N 11-10515 ..... $26.75

ION FLASHLIGHT FIRESTARTER™

During outdoor adventures, flights over remote areas, or in any emergency survival situation, there are two pieces of equipment that you never want to be without, a flashlight and a firestarter. Solo Scientific combined the two into one lightweight, compact, powerhouse of a product called the ion Flashlight Firestarter™!

The ion Flashlight Firestarter™ is a flashlight, a firestarter, a magnetic tool, has a safety mechanism, is knurled for grip, water proof, shock resistant, and can even be used to cauterize wounds in the field (by qualified medical personnel only).

The energy efficient ion Flashlight Firestarter™ will work in any environment that will support life and uses a super bright (but energy efficient) white LED for illumination. P/N 13-11695 ..... $118.75

WATERPROOF NOTEBOOK

Durable waterproof, tear-proof notebook with handy survival essentials checklist on back cover. Great for keeping logs in wet environments and pocket-sized to fit anywhere. Pencil included.

UST BLASTMATCH FIRE STARTER

The patented BlastMatch™ generates a stream of super heated sparks literally three times the heat of a standard match. You can easily light any material (wood, paper, bark, cloth, or man-made fire starting tinder) that a match will ignite. Best of all, you can accurately aim the sparks to ignite a roaring fire in all weather conditions, and the BlastMatch™ will last up to a an amazing 4,000 STRIKES. You can't beat that! If your BlastMatch™ becomes wet, simply wipe it off and it is ready for use. In combination with Ultimate Survival Technologies' WetFire Tinder™, an all weather starting tinder, you can start a fire even in the driving rain.
P/N 11-10894 ..... $20.50

UST DELTA SHOCK AND STORM PROOF LIGHTER

Catalyzer coil provides ultimate windproof flame. Withstands winds of 70-80 miles per hour. Burns with clean hot flame at 2,000 degrees Fahrenheit. Flame Indicator Window located on side of combustion chamber glows when lighter is ignited. Fuel Level Indicator visually reveals fuel level. Piezo-Electric Ignition System eliminates need for batteries or flints, which fail when wet.. Piezo-electric system permits easy, one-handed operation good for over 30,000 ignitions.. Water Resistant O-Ring Seals keep water out when lighter cap is closed. Optimum performance in altitudes up to 8,000 feet.. Not intended for use in altitudes over 10,000 feet. P/N 11-10893 ..... $48.95

TRU-SPEC TACTICAL SOFTSHELL JACKETS

A highly breathable, insulated softshell jacket with natural body shaping for maximum mobility. For use in high energy and daily work situations. Constructed with a polyester faced wind stopping shell that sheds moisture exceedingly well and balances wind protection with active use breathability. The brushed polyester lining on the body wicks moisture and adds a degree of thermal insulation.

Coyote.....P/N 13-10263.....**$24.65**

FLIGHT SUIT XFIRE

Those who fly, service aircraft, carry out tactical assignments, or search for victims and survivors all encounter risks in the performance of their duties. These easy to wear 27-P flight suits simply slip on over street clothes, zip up the front and they're ready to go. They combine high comfort with field tested and laboratory certified protection. Made from INTERLOCK, a fire resistant Nomex blend, provides an extra measure of assurance that you'll complete your mission safely time after time - and sets a new standard in comfort and safety. The new XFIRE Interlock fabric meets or exceeds the requirements of NFPA 2112-2007 standards on flame resistant garments for protection of industrial personnel against flash fires.

The suit is fashioned after the US military CWU27-P flight suit and comes with the standard design features you've become familiar with such as a bi-swing back, reinforced shoulders, vertical zipper pocket with bellowed pen/pencil stalls on flap with hook & loop closure, 2 large upper chest pockets, ook & loop waist adjustments, name tape on above chest pocket, double pull full length front zipper with inside protective flap, safety knife pocket, 2 cargo pockets with covered zipper opening, extra large calf pocket with covered zipper opening, zipper expansion opening with curtain at cuff, double needle felled joining seams and more!

NOMEX FLIGHT SUITS

This Nomex flight suit is built to military specification FNS/PD 96-17 (MIL-C-83141A) as worn by all U.S. flight crews. Constructed of 92% Meta Aramid, 5% Para Aramid and 3% conductive fiber fabrics, which makes this garment flame-resistant. Features a two-way zipper with pull, six primary pockets, adjustable waist belt with VELCRO® brand fasteners, knife pocket on the left inseam, pencil pocket on the left sleeve and a gusseted back.

Features:

- Made with DuPont™ Nomex® N303 Fiber: Its thermal technology helps protect against hazards associated with electric arcs and flash fires including intense heat and flame. It is protection that's built into the fiber itself. So, it can never be washed out or worn away.
- Sewn to Military Specification FNS/PD96-17 (MIL-C-83141A)
- As Worn By All US Flight Crews
- Flame-Resistant Material
- Two-Way Zipper with Pull
- Six Primary Pockets
- Adjustable Waist Belt with Velcro Fastener
- Knife Pocket on Left Inseam
- Pen/Pencil Pocket on Left Sleeve
- Gusseted Back
- Sage Green and Tan Flight Suits are Near Infrared (NIR) Compliant

P/N 13-09560 ..... $37.50

STAINLESS STEEL CARABINER

Stainless steel karabiner for the best flying performance guaranteed load 26kN extremely high tensile strength qualified for tandem flying each single piece is tested with 1700kg. Specifications: Weight: 138.0g
P/N 10-04494 ..... $32.50

QUEASE EASE MOTION SICKNESS RELIEF

QueaseEASE contains 100% pure and natural therapeutic grade essential oils formulated to relieve the queasiness associated with post-operative recovery, chemotherapy, morning sickness and motion sickness. (spearmint, peppermint, ginger and lavender) Works by simple olfaction: The molecules from the oils travel the olfactory track to the central nervous system where they interrupt the nausea cycle. Inhalation can be repeated as often as necessary. Immediately effective and safe for all ages. product will not interact with drugs P/N 13-07194 ..... $14.95

ACR FLOATING SURVIVAL BAG

Holds all the equipment needed to abandon ship in an emergency. Floats; buoyant closed cell foam construction. East-fit attachment for locator light (light not included). Internal pockets and elastic daisy chain organizer. Customize with survival equipment for your sailing/boating conditions. Record equipment inventory on external, waterproof card for quick reference. Durable, self-repairing zipper Shoulder strap functions as tether, leaving hands free in an emergency. P/N 13-07067..... $99.75

ACR SIGNAL MIRROR

Sighted signaling mirror with float and whistle. Designed to provide optimum sighting "spot" with holographic red dot viewing window. When target image, mirror & sun are in proper alignment, red dot on target ensures mirror reflection is on target. Telescope quality second surface reflective mirror is bright, provides focused image. Buoyant float for easy recovery if dropped overboard. Patented whistle (meets USCG) for audible alerting in low visibility conditions. Signal Mirror has lanyard for securing to person or liferaft. Size: 4.25x2.75x0.19 in. (10.8x7x0.5cm); Wt: 1.8 oz (51 g) P/N 13-03177 .....$11.95

SURVIVAL BLANKET

Often called the "space blanket." NASA thought of everything when they came up with this metal-coated nylon design. Waterproof and windproof, it retains 80% of body heat, it's colored to be seen from more than 4 miles away (although it measures just 4' x 7'), it's radar-reflective, and it folds down into a water-proof pouch 8.5"x9"; wt:10 oz. P/N 9145..... $33.85

SPACE EMERGENCY BLANKETS

This "two ounces of protection that fits in the palm of your hand" is about the size of a deck of cards when folded, but opens into a 56" (142cm) by 84" (214cm) tough and durable thermal reflective blanket. The Space Emergency Blanket has helped save countless lives, by providing needed personal protection from the harsh elements of Mother Nature. Available in orange on one side and silver on the other, a combination providing greater air-to-ground visibility, particularly against a snow or water background. P/N 13-06933 .....$3.95

TRAFFIC WAND

This lighted traffic directing wand comes with 6 colored lense discs that change the color glow of the white tapered top. Features: GSA compliant for US military use • Made in the USA of sturdy gray plastic • O-ring sealed for waterproof operation in rainy weather • Lenses (2-red, 1 ea. amber, white, blue, & green), as well as a spare light bulb are conveniently stored in the end cap. P/N 14-00902.....$18.50

LIGHTED LINEMAN WANDS

• Used by US Air force • Up to 400 hours operation • 17" long • Waterproof •Uses 2 D batteries (not incl.) • Fluorescent coated diffuser enhances red light output.
P/N 13-08959.....$29.75

LED AIRCRAFT PARKING WAND 22" RED LED

Mini LED Signal Lite with 6 LED's. 500+ Hours Runtime with 2 D Batteries. Great for Cars or for Security Uses. LED Bulb Signal/Traffic Lite. 6 Sets of LED Lites. Ultra High Visability. 21 Inches length. Tough ABS construction. 400 Hour battery life.

22" White ..... P/N 11-10804 ..... $29.50

STROBEWAND LIGHT

The Strobewand is a hand held, battery powered warning light wand. Designed as a durable, quality-built, essential for traffic control.
The Strobewand quickly attracts attention on the ramp. This Strobewand can be operated in the steady state or, with a flip of the switch, produce up to 120 flashes per minute. And readily tucked in a trunk or hung from the belt..... P/N 14-00833 ..... $39.50

PS

CANADIAN-ALASKAN SURVIVOR PAK

Originally designed for pilots flying within Alaskan and Canadian airspace, the CA-20 offers protection against harsh climates in the event of an emergency. It contains over 150 medical and general supply items to help sustain two people for up to 14 days. The space saving design combined with its ample supply of food and water makes the CA-20 a popular choice on board fixed wing, rotor craft, and corporate jets. It's also used extensively by Search & Rescue units! P/N 13-03596.....**$462.00**

EMERGENCY SURVIVAL KIT

EMERGENCY BLANKET

This Emergency Blanket (52" x 82.5", 1.5 oz.) provides personal protection from rain, wind, heat, and cold. It's manufactured from extremely lightweight, flexible, space-age material, and retains up to 90% body heat in cold weather. It even deflects heat in hot climates and can be used to offset hypothermic reactions. The Emergency Blanket is waterproof, reusable, and portable. It's perfect for camping trips and sporting events in addition to emergencies. Keep several on hand for the unexpected!

P/N 13-03604.....**$3.35**

RESPERATE

RESPeRATE, the first 'non-drug' product clinically proven to lower blood pressure RESPeRATE offers an additional non-drug option to further lower patients' blood pressure with no side effects. Consisting of a computerized control unit, a breathing sensor and a set of earbuds, RESPeRATE interactively guides the user to breathe at a rate of less than 10 breaths per minute with prolonged exhalation. Sympathetic neural activity is reduced, with a resultant dilation of the muscles surrounding small blood vessels, allowing blood to flow more freely and blood pressure to be reduced.

P/N 13-131116..... **$299.00**

SNOW BROOM

The SNO BRuM offers pilots a way to quickly sweep snow off aircraft wings and away from the user. Great for high wing aircraft. The durable molded polyethylene foam head has been lab-tested for non-abrasiveness, freeze resistance, center load stress and durability to achieve the highest ratings in all tests. The oversized head (6" x 17") is the largest snow remover available. The high-impact plastic face plate is recessed into the foam to prevent contact with the aircraft. The aluminum telescoping handle has special cold resistant nylon threads and extends from 27" to 46". Also great for cars, trucks, SUV's, and awnings. P/N13-04055..... **$19.65**

FIRST AID 'N TRAVEL KIT

Finally—a compact, complete travel unit for the person on the go! This kit fits perfectly in a purse, briefcase, or glove compartment, and is ready when you need it in first aid situations. This kit is very special because it's the only one of its kind to include a 4 oz. sterile water packet with a five-year shelf life. Ask us about using this kit for fundraisers or corporate promotions! We can customize the kit to include your company's logo.

EMERGENCY WATER PACKETS

Mainstay™ Water Packets - All water is not created equal! Here at Survivor Industries we have spent years perfecting our Mainstay™ Water Packets. The final result is a portable product with a 5-year shelf life. Other Key Benefits: • U.S. Coast Guard approved • No Oxygen Transfer (In other words, no chance of bacterial contamination) • Pre-Measured Packets make the water easy to dispense, and potential for loss is minimized. If a packet is destroyed, only 4.224 ounces (125 ml) would be lost. • Easy to Transport - just 18 lbs. (8.17 kg) per case of 60 packets. • No special storage required - it can withstand temperatures from (-40°F to 210°F) (-40°C to 99°C) •Very Low Cost. • No Cups Needed!

THE WALLACE GUIDEBOOK

For Emergency Care & Survival - When you're faced with a disaster, you can often face physical and psychological strain. It's often hard to remember what to do in an emergency situation, and this is exactly why we've written the Wallace Guidebook. This book is specifically designed to present the basics of survival in an extremely easy-to-understand manner. This book discusses the following topics, plus many more: Choking, Heart Attack, CPR, Shock, Burns, Emotional Trauma, Bleeding, Fainting, Wounds, Broken Bones, Fractured Bones, Back Injury, Childbirth, Auto Breakdown, Temperature Extremes, and the 1st and 2nd Rules of Survival. It's not fun to be in one of these situations, but having a book like this nearby gives you a better chance of a happy ending. P/N 13-03597.....**$5.35**

PRO PILOT LANYARD KIT

Black heavy duty detachable nylon lanyard is 20 inches in length from the top of the lanyard to the bottom of the J-hook. SURVIVAL KITS

Crashkit Personal and Professional Flight Line Series aviation survival kits are quickly becoming an industry leader in top quality aviation survival kits. Numerous kits are available to suit you piloting and survival needs.

CRASHKIT ALPHA SURVIVAL KIT

The "Alpha' personal aviation survival kit is designed for the pilot with general knowledge of survival techniques. This kit should only be purchased by experienced and skilled individuals. This kit includes 24 of the most essential items packed into the smallest kit practical. Weighing in at only 1.54lbs, the general kit is small enough to fit in any flight bag, purse, glove compartment, map pouch or cargo pocket.

Every item included in this kit has been thoroughly tested and approved to insure it performs flawlessly when needed (we've even sharpened the knife!) and meets or exceeds Transport Canada's Canadian Aviation Regulations to facilitate survival and rescue. Dimensions : 6.37" x 4.75" x 2.12"(16.9 x 12.06 x 5.4 cm) Weight : 1.54 lbs Contents : 24 items covering food, fire, water, shelter, and first aid Case : Pelican 1020 case - yellow - tough, watertight, polycarbonate case Optional Acc's : Parachute deployment system; Warranty : Lifetime

P/N 13-04684.....$169.95

CRASHKIT BRAVO SURVIVAL KIT

The 'Bravo' Personal Aviation Kit is designed for you. The Bravo Crashkit is small and compact, and includes 76 of the most essential items needed to survive. Kit includes basic first aid, light, fire, signal, shelter and methods for providing clean water and food procurement.

The kit is slightly thicker than the Crashkit 'Alpha', but still small enough to be carried easily in small flight bags, jacket pocket, glove compartment, map pouch or cargo pants pocket. Crashkit 'Bravo' weighs in a 1.6 Kilos or 3.52lbs.

While water resistant, crushproof and relatively small, this kit still exceeds all Transport Canada requirements for aviation survival. And with every item tried and tested to ensure it will work flawlessly for you when you need it most, you can count on the tools you need, when you need them. P/N 13-04685.....$268.95

CRASHKIT CHARLIE SURVIVAL KIT

Including 71 of the most essential items, this kit is extensive in its coverage of necessary tools and supplies. Packaged in a Pelican 1120 case, 'Charlie' is still compact and lightweight enough for easy transport and storage. Every item in this kit has been thoroughly tested and approved to ensure it performs flawlessly when needed, as well as to ensure the ease of use for each individual piece. This kit meets or exceeds Transport Canada's Canadian Aviation Regulations to facilitate survival and rescue. This kit now contains Aquatabs Water Purification and The Spark-Lite Flint and Tinder Kit. Each package of Mainstay Food Rations contains pre-measured 400 calorie individualized portions,non-thirst provoking lemon flavor daily meals, and suitable from -40F to 300F and ready to eat. The tasty bars contain no cholesterol or tropical oils. Meets all guidelines set by the Department of Defense(SOLAS 74/83). Exceeds the RDA requirements. In an emergency situation, ration to one portion per day or less. Dimensions : 20.6 x 16.7 x 9 cm (8.12" x 6.56" x 3.56") Weight : 1.85 kg (4.07 lbs) P/N 13-04686.....$346.00

CRASHKIT 2-7 SURVIVAL KIT

As a pilot with a professional responsibility to others, we know you will want only the best survival options. The 'Crashkit 2:7' has been designed for use in a typical GA light aircraft and contains over 200 essential items needed to sustain two people for seven days. This Aviation kit contains multiple options for the provision of food, fire and water, including Aquatabs Water Purification Tablets and the Spark-Lite Flint and Tinder kit.The kit is packaged in a Pelican 1200 case and remains lightweight and compact for ease of storage. As with all Crashkits, all products have satisfied rigorous testing to ensure they surpass Transport Canada regulations for aviation. Crashkit 2:7 exceeds all Transport Canada and Federal Aviation Administration regulations for both survival and first aid, 1-6 person. Dimensions : 27 x 24.6 x 12.4 cm (10.62" x 9.68" x 4.87") Weight : 4.31 kg or 9.50 lbs

P/N 13-04690.....$529.95

CRASHKIT 4-7 SURVIVAL KIT

The Crashkit 4-7, designed for use in typical GA light aircraft and commercial aircraft, contains the materials necessary to sustain four people for seven days in the event of a crash. The variation of items within the kit allows for multiple options for food, fire, water and shelter; for example, in addition to the Mainstay packaged food, a fishing kit and snare are also included. This kit contains 232 of the most essential items needed in a survival situation, packaged within an indestructible Pelican 1400 case.

Every item included in this kit has been thoroughly tested and approved to ensure it performs flawlessly when needed, and meets or exceeds Transport Canada's Canadian Aviation Regulations to facilitate survival and rescue. Dimensions :13.37" x 11.62" x 6.00 " (34 x 29.5 x 15.2 cm) Weight : 17.55lbs Contents : 232 items covering food, fire, water, shelter, and first aid Case : Pelican 1400 case - tough, watertight, polycarbonate case Kit Coverage : 4 people for 7 days (or longer dependent on situation) Optional Acc's : Parachute deployment system; Warranty : Lifetime.

P/N 13-04691.....$842.00

CRASHKIT 6-7 SURVIVAL KIT

Intended for commercial aircrafts, our Crashkit 6-7 has enough materials to sustain six people for seven days in the event of a crash. Various means of food, fire, water and shelter allow for multiple options; for example, this kit includes not only Mainstay water, but the means for purification, as well as hot chocolate or tea. Within this indestructible, crushproof and waterproof Pelican 1450 case, 261 of the most essential items needed in a survival situation are packaged and ready for easy use. Every item included in this kit has been thoroughly tested and approved to ensure it performs flawlessly when needed, and meets or exceeds Transport Canada's Canadian Aviation Regulations to facilitate survival and rescue. Dimensions : 16" x 13" x 6.88 " (40.6 x 33 x 17.5 cm) Weight : 22.80lbs Contents : 261 items covering food, fire, water, shelter, and first aid Case : Pelican 1450 case - tough, watertight, polycarbonate case Kit Coverage : 6 people for 7 days (or longer dependent on situation) Optional Acc's : Parachute deployment system; Warranty : Lifetime.

P/N 13-04170 .....**$13.50**

VENTURI - Black molded plastic venturi mounts on fuselage bottom and produces required suction to horn and outlet tubes for fluid ejection.
P/N 13-04171 .....**$24.70**

HORN AND VALVE ASSEMBLY - Dimensions: Length: 8-31/64"; Top opening: 2-21/64"; Bottom opening: 3/16"; Weight: 4 ounces
P/N 13-04167 .....**$83.85**

TEE AN8019-1 - The material is RTP 152 black. 2-1/32" wide and 1" length.
P/N 13-04172 .....**$7.90**

ULTRAFIT™ UNCORDED EARPLUGS 340-4001 IN CARRYING CASE

• Patented, premolded, triple-flange design inserts easily. • No rolling or sizing needed to get a comfortable, protective fit. • Hypoallergenic polymer is washable and reusable. • Carrying case keeps plugs clean and accessible for re-use. • NRR 25dB. • ANSI S3.19-1974; CSA Z94.2; CSA Class AL.
P/N 13-02194 ..... **$1.45**

EZ FIT EAR PLUGS WITH CORD

The E-Z Fit line of EAR plugs was designed specifically for smaller ear canals, providing comfort and a secure fit. The self-adjusting foam and bell shape allow for easy insertion and help to keep the earplug from shifting or dislodging. P/N 14-00051 .....**$0.85**

CLASSIC™ UNCORDED EARPLUGS 312-1201 IN A POLY BAG

• Slow-recovery foam helps ensure comfort and minimize pressure. • Bright yellow color provides a quick visual compliance check. • Dermatologically safe foam is non-irritating, nonflammable, and moisture-resistant. • NRR 29dB. • ANSI S3.19-1974; CSA Class AL P/N 9134 ..... **$0.36/pair**

PRESSURE REGULATING EAR PLUGS FOR CHILDREN

EarPlanes are a patented pressure-regulating earplug inserted in the ear to help reduce discomfort often associated with air travel. They were developed by Cirrus Healthcare Products LLC in conjunction with the House Ear Institute in Los Angeles, and have been tested by US Navy aviators at the Miramar Naval Air Station in San Diego.
P/N 14-02837.....**$7.95**

PUMA METHOD FOR PREVENTION OF MOTION SICKNESS

A series of simple conditioning exercises, taught on VHS or interactive DVD, that effectively prevents the nausea, vomiting, lightheadedness and other unpleasant symptoms experienced by over 50% of the population while traveling. Sam C. Puma MD, president of Puma Applied Science and former Air Force Flight Surgeon at NASA, developed these revolutionary new exercises to totally eliminate carsickness, seasickness, airsickness, and even spacesickness. Takes only about 15 minutes a day to do.
DVD ..... P/N 13-03675.....**$42.50**
VHS..... P/N 13-03676.....**$42.95**

LITTLE JOHN

Positively the least expensive accessory you can buy to extend your range. One authenticated case reports a Piper Malibu's range extended by 500 miles. Durable plastic, won't crack under any normal handling and temperature conditions. A tight screw-on cap makes it spill proof. Standard issue in hospitals for years. P/N 9741 ..... **$7.95**

LADY J ADAPTER

The anatomically designed funnel snaps in and out of the little John. It can be used sitting or even standing. Clean white plastic. P/N 9745 ..... **$6.95**

G FUNNEL ADAPTER

The G-Funnel is a portable urinal adapter which simply screws on to any plastic pop or water bottle that will be used as a container for those situations where a washroom facility is not available. Can be attached and used together with any sized plastic pop or water bottle that most people have on hand. A very useful relief device for those emergency situations.
P/N 13-01974 ..... **$7.50**

RESTOP DISPOSABLE URINAL

The anatomically designed Restop is the disposable urine bag that combines a unique blend of polymers, enzymes, & deodorizer to turn urine into an odorless gel on contact. The funnel design prevents accidental spills. Restop is sanitary, non-toxic, spillproof & odorless, safe and convenient, trash container safe, and small enough to fit in pocket. Easy to use by men & women. 2 pack. P/N 13-00794 ..... **$4.50**

TRAVEL JOHN

Absorbent pouch turns urine into gel instantly while destroying bacteria and odor. Specially designed collar works for men women and children; spill guard prevents back guard during use. Convenient, sanitary and compact, TravelJohn is easy to use while sitting or standing. Will not leak or spill, even if punctured. Holds 28 fl. oz. Includes antiseptic hand wipe.
3-pack .....P/N 13-00894 ..... **$5.95**

CONVENIENCE BAG

Disposable urine & vomit bag.• Wide mouth.• No spill, cleanup, or odors• One-hand use
P/N13-02821..... **$1.95**

MOTION EAZE

Whether you want to prevent occasional motion sickness or relieve its symptoms, after the fact, Motion Eaze does the job. No matter, if it's sea sickness, car sickness, air sickness or any activity where motion sickness poses a problem, Motion Eaze really works. Contains no drugs, artificial additives, or stimulants of any kind. Only the freshest, highest quality, natural oils are used in its production. Motion Eaze is an oil that is applied to, and absorbed through, the skin, just behind the ear. P/N 13-02732 .....**$15.95**

ACUPRESSURE WRIST BAND

Fast, effective motion sickness control without drugs, drowsiness, or other side effects. Can be used by adults or children. Exerts a carefully-controlled pressure on acupressure point of both wrists. Takes 2 to 5 minutes to become effective. Used successfully by physicians & the military. P/N 9411.....**$8.75/pr**

SIC-SAC™

Use these for air sickness emergencies. Moisture proof and tear resistant even under extreme temperature changes. 10 sacks, individually packaged, each with attached tie band. Pack of 10 ..... P/N 9296 .....**$4.95**
Pack of 100 ..... P/N 9296-100.....**$48.00**

OZIUM AIR SANITIZER / FRESHENER

Eliminates smoke and offensive malodors caused by airborne bacteria. OZIUM is a product that sanitizes the air you breathe. It is clinically proven to eliminate odors, unlike current products that just mask odors. OZIUM combats airborne contaminants and eliminates odors with glycol-ized action…dispensing micron sized particles that linger in the air, attach to airborne bacteria and malodors to drastically reduce air pollution, purify and sanitize the air. P/N 14-00061 ....**$9.50**

THE BIFFY BAG

Personal disposable toilet system is a complete toilet that fits in the palm of your hand. Allows for a natural position. It has everything you need for a sanitary, discrete and comfortable experience.
3pk ..... P/N 13-12354..... **$11.95**
10pk ..... P/N 13-12355..... **$32.85**

PS

COCKPIT COOLERS

CROSSWIND COOLER 12 VOLT

The Crosswind Portable Air Conditioning Cooler is based on a 38 quart polystyrene cooler box which is powered through the craft's cigarette lighter receptacle or other on-board 12volt receptacle. All pumps and blowers in the coolers are marine-grade proven hardware devices. Features: • Electrical connections are marine grade and sealed in waterproof epoxy • The supplied power cord is detachable from the unit and can be kept in the cooler box when not in use • 24 volt power can be converted to 12 volt easily with a portable convertor that attaches to the 24 volt outlet if necessary. P/N 13-11233.....$499.00

GO COOL PORTABLE AIR CONDITIONER

The patented, portable air conditioner is made for cooling small, enclosed spaces using ice water. Use your GO COOL to cool down your aircraft's cabin before boarding and enjoy an air conditioned cabin while waiting on a hot tarmac before take-off and after landing. Cooling your aircraft's cabin couldn't be easier. With the extra drainage tubing included, you never have to remove GO COOL from your aircraft. The battery pack (available Fall, 2009) can be removed and recharged as needed, or purchase two battery packs and change them out as needed. No other unit on the market can match the cooling power, durability, reliability, affordability or convenience of the patented GO COOL! Features: Uses ice and water. Adjustable thermostat & fan speed. Draws less than two amps. 17.3" W x 20" L x 24" H. 12V, 1.6 amp. Includes 6 feet of drainage tubing and two power cords - electrical & vehicle lighter. Holds 4 one gallon jugs, 9 two liter bottles, or 40 lbs. of bagged iced. Optional filters. Rechargeable battery pack and dust & allergy filters coming soon. P/N 13-07018.....$425.00

GO COOL 8 HOUR RECHARGEABLE BATTERY PACK - The 8-hour, rechargeable battery pack is perfect for the user who needs true portability. Using this battery pack with the GO COOL means you no longer have to be confined to an electrical outlet or vehicle lighter receptacle. The battery pack makes it ideal for outdoor use, those unexpected power outages, and more!

P/N 13-07449.....$164.95

THE ICEBOX PORTABLE AIR CONDITIONER

The IceBox is a portable air conditioning system, for your airplane cabin, car, or boat. For Pilots: No more flying in a scorching hot cabin! Turn ON the IceBox during preflight and cool your cabin down. Jump in and start your engine for a comfortable taxi and departure to a cooler altitude. Enjoy hours of IceBox cooling power and control your comfort with the Wireless Remote (Pump and Fan controls) TIP: During cruise flight, Turn OFF the water pump at altitude with the included 2x button Wireless Remote to sustain the longest A/C possible. In Cruise Flight Mode -- Keep the fan running to push cooler air through the cabin For General Use: Use the IceBox portable air conditioner in any environment, with or without available electrical power. Cool down the car or boat with the IceBox, and keep your engines off in the process.

Aviator Kit: • Pilot Cable • Aux Battery • Charging Cable • 10x Gel Packs (Save money by ordering with Aviator Kit)

Electrical: 12V or 24V. Max Power Consumption 4.5 Amps

Features: Removable Duct for Extended Reach cooling, Internal 'Cold Box' Design, 35 lbs Ice/Water capacity, Long 15' power plug.

Wireless unit includes: Wireless Remote (Fan/Pump), Long exhaust water hose, Insulation Foam lid

Dimensions: 12" W x 16" H x 22" L

Weight Empty: 10lbs

Warranty: 1 year Mfr parts & labor, 30day money back guarantee from manufacturer

KEWLFLOW PORTABLE COOLER

The ice cooler or backpack that holds the ice and water can be easily refilled for continuous cooling over extended periods. Includes 12V Adapter. 4 quarts. 6429C includes 6429 Vest and Cooler. 100% Nylon Carrying Case with spill proof inner cooler. Unit includes water reservoir, pump, and power source. Insulated tubing and manifolds enable maximal cooling. Easy to use quick connectors allow for convenient operation. Can operate with variable power sources (battery, 12V, 110AC). Cooling Duration: Up to 3 hours. Typical users include surgeons, motorcyclists, and others needing personal cooling relief.

P/N 13-15509.....$249.99

KEWLFLOW PORTABLE BACKPACK

KewlFlow™ products use a combination of ice water and pumps to push cold water through special tubes built into vests. This allows for a continuous flow of cool water around the upper body, keeping the user cool and comfortable in any condition. The backpack that holds the ice and water can be easily refilled for continuous cooling over extended periods. Includes battery pack. 4 liters. 100% Nylon Back Pack with integrated water reservoir, pump, and power source. Padded shoulder straps with variable sizing adjustments. Insulated tubing and manifolds enable maximal cooling. Easy to use quick connectors allow for convenient operation. Can operate with variable power sources (battery, 12V, 110AC). Cooling Duration: Up to 3 hours. Typical users include motorcyclists, welders, painters, and others requiring a portable cooling solution. P/N 13-15510.....$399.99

CIRCULATORY COOLING VEST WITH STATIC COOLER

Includes 12V Adapter. Includes Vest and Cooler. 100% Nylon Carrying Case with spill proof inner cooler. Unit includes water reservoir, pump, and power source. Insulated tubing and manifolds enable maximal cooling. Easy to use quick connectors allow for convenient operation. Can operate with variable power sources (battery, 12V, 110AC). Cooling Duration: Up to 3 hours. Color: Black, Size: 9 Quart Cooler. Typical users include surgeons, motorcyclists, and others needing personal cooling relief.

CO DETECTORS

CO GUARDIAN CARBON MONOXIDE DETECTORS

MODEL AERO-152WD - Features: • Max power consumption = Less than 1W • Wt: approx. 2.5 oz • Works from 10V to 30V sys. • Product shielded to prevent RMI (Radio Magnetic Interference) with Aircraft systems • Audible alarm with varying pitch depending at 85DB • Front panel lighting (Green, Amber and Red) • CO Sensor tested to 13,500 ft • Built in temperature compensating circuit • Built in Humidity compensating circuit. P/N 13-01640 ..... $149.00

MODEL AERO 553 - Replaces the 2.25" clock and provides the latest CO protection that displays 30 to 999 ppm in the cockpit, as well as aircraft high and low voltage alarms, pressure density altitude readout for takeoff. Cabin altitude alerts to remind you to go on oxygen. CO level, cabin pressure and temperature to be displayed on the UPS AT CNX80. ..... P/N 13-02569 ..... $699.00
Aero 553 OAT Probe ..... P/N 13-06165 ..... $125.00

MODEL AERO-452 - Input Power-14 / 28 V DC. Power Usage-Less than 1 Watt, 10 Watts with heater ON. Temp Range - -20 deg C to 55 deg C. Inspection - Each Unit 100 % tested. Humidity - 5 % to 95 % RH (non-condensating). Circuit Breaker-2 Amp. Design-Meets TSO-C48A. Weight-3.5 Oz. Sensor-Tested to 25,000 Ft. Calibration-100 and 500 PPM. Ouput-Dual Relay Output for, Panel Warning light / Annunciator. WARRANTY :The Aero 452 comes with a 1 year limited warranty. The warranty will be void if the unit has been opened or tampered with. P/N 13-07102..... $499.00

AERO 452-201-011 - Aero 452-201-011 is the first TSO certified remote-mountable Carbon Monoxide detector for use in General Aviation. This unit is a derivative of Aero 452 (Panel Mount). This unit comes standard with remote re-set switch and a remote light and can be installed behind a panel. This unit is pre-wired for connecting to an external annunciator warning lamp on your panel. Different light models can be purchased separately.
P/N 13-06918 ..... $499.00

AERO 454 - The AERO 454 can wirelessly transmit your GPS location up to three iOS devices; iPad, iPod, iPhone enabled tablet. No
more worries about lost GPS signal due to banking, heated windshields and passengers in the back of the
cabin asking "Are we there Yet?".
The 454 Model integrated with Garmin GPS receivers (430, 530, GNS650, GNS750, G900 and G1000) and
Bendix King KLN89, KLN90B, and KLN94. It will enable up to THREE OCCUPANTS to receive aircraft GPS data
via Bluetooth on their portable devices to monitor their location (Altitude, latitude and longitude) using apps like;
Flight Guide IEFB, Garmin (My-Cast), Foreflight, Wing X, Jepp View, and Google Maps. It works with Any APP that uses the Apple Standard GPS location Proto-call.
In addition, using the Flight Guide IEFB app, you will be able to receive your flight plan from your Garmin onto your iPad.
The Model 454 device is also designed to detect, measure, and provide alerts to the crew of reciprocating
engine type aircraft before the cockpit level of carbon monoxide (CO) reaches a critical level. In addition it also gives Cabin altitude warning at 10K, 12.5K and 14K. Input Power: 14/28 V DC. Weight: 4 Oz
P/N 11-10663 ..... $999.00

AERO-551 - Is fast responding to CO threat detector that is designed to standard 2 1/4 hole. This unit is our most sophisticated CO detector that has an extremly fast response when CO is present. The 551 unit shows continous CO Level from 10PPM to 999 PPM.
P/N 13-06919 ..... $599.00

DRAGER PAC SINGLE GAS MONITORS

Dräger Pac® 3500 - Workplace safety devices need to be fast and accurate. That is why the Dräger Pac 3500 is ideal for the personal monitoring of industrial carbon monoxide, hydrogen sulphide, along with being maintenance-free for up to two years. P/N 13-07016 ..... $226.95
Dräger Pac® 5500 - Long-lasting quality is key when it comes to workplace safety. The Dräger Pac 5500 has no lifetime limitation and is ideal for fast and accurate personal monitoring and detection of carbon monoxide, hydrogen sulphide or oxygen. P/N 13-07017 ..... $339.00

GASALERT CLIP EXTREME CARBON MONOXIDE MONITOR TWO YEAR BATTERY LIFE

Simply press the start/test button and the GasAlertClip Extreme is ready to use, providing continuous, reliable protection. This carbon monoxide detector requires no calibration, sensor replacement, battery replacement or battery charging. The simplicity of the GasAlertClip Extreme combined with minimal training requirements and negligible maintenance costs make the GasAlertClip Extreme one of the most cost-effective gas detection solutions for facility workers and onsite contractors. Standard Package Contents: Detector complete with specified sensor, stainless steel alligator clip and concussion-proof housing, Test cap and hose, Manual, Multi-language CD manual.
Gas Alert Clip Extreme II CO (2 Years) ..... P/N 13-09667 ..... $155.75
Gas Alert Clip Extreme III CO (3 Years) ..... P/N 13-09668 ..... $272.95
Gas Alert Clip Extreme CO 0-1000PPM ..... P/N 13-09669 ..... $299.00

LONG LIFE CARBON MONOXIDE DETECTOR

No longer do you have to replace that Carbon Monoxide Detector every 28 days, the new Quantum Eye Carbon monoxide detector offers a minimum 18 months of sensor life. P/N 09-35601 ..... $6.85

STANDARD CARBON MONOXIDE DETECTOR

Toxic, odorless, tasteless gas produced by incomplete combustion or gasoline, kerosene, natural gas, butane, fuel oil, wood, coal or anywhere fossil fuels are burned. Dangerous levels of CO come from internal combustion engines such as cars, airplanes, and lawn mowers or from any poorly vented or improperly adjusted fuel burning appliance. P/N 09-35600 ..... $3.85
Discount on 5 ..... $17.33

ASA CARBON MONOXIDE DETECTOR

Carbon Monoxide (CO) is a toxic, odorless, and tasteless gas produced by the incomplete combustion of gasoline, kerosene, natural gas, butane, propane, fuel oil, wood, coal, and other fossil fuels. Dangerous levels of CO can be produced by internal combustion engines or from any poorly vented or improperly adjusted fuel-burning appliance. Exposure to CO may cause sickness, headaches, or even death. P/N 13-05755 ..... $4.50

DIGITAL CO2 DETECTOR

The extremely affordable DCO 1001 has a measuring range of 0-1000 ppm and comes complete with a soft case, a wrist strap, 3 "AAA" batteries and an instruction manual. Features: • Adjustable co warning level • LCD dual digital display • Bright backlight • self test • Low battery indication • °F/°C selectable • Auto power off • Auto zero • Co range: 0~999ppm • Resolution: 1ppm • Battery life is 250 hours when the backlight is off and 35 hours with the backlight on. P/N 12-01895 ..... $144.85

MODEL 300 POCKET CO

Pocket CO Model 300 is the world's smallest and most affordable carbon monoxide detector, alarm and dosimeter. About the size of a key fob weighs less than 1 oz. Range: 0 – 500ppm; first alarm at 50ppm, second at 125ppm, third at 400ppm. Also has an 8-hour TWA warning alarm at 25ppm. Self-checks upon start and carries a 2 year warranty. P/N 13-06639 ..... $124.95

ACCESSORIES

Replacement/Spare Battery ..... P/N 13-06640 ..... $4.50
Pocket CO Calibration Kit ..... P/N 13-07258 ..... $38.75

FLIGHT DATA SYSTEMS GD-40 CARBON MONOXIDE DETECTOR

Integrates with most EFIS Systems - Connect via RS232 or a Switched Input. Audio Voice Alerts. LED and Discrete Warning/Status Outputs - Two color LED included. Monitors Cabin Altitude - Aural Alerts to remind you to don your Oxygen Mask. Calibrated Using Precision Gas - Each unit is individually calibrated and tested before shipping. Built in Self Test Monitors Sensor Quality - Continuous self testing for reliability. Altitude and Temperature Compensated - Has an internal Altimeter and Thermometer. Remote Mounting Takes No Panel Space Dimensions: 4.7 X 3.1 X 1.0 inches. Weight:4.1 oz. ..... P/N 11-09843 ..... $295.00

PS

PROTECTIVE GEAR FOR PETS

MUTT MUFFS

- Over-the-Head Hearing Protector for animals.
- Specially Designed Wide Foam Filled Ear Seals for Maximum Comfort.
- Engineered specifically to properly meet the contour of a dog's head
- Comfortable and Lightweight
- Adjustable Straps for Optimum Fit.
- Inner sound-deadening foam is the same density found in pilot's high-end headsets
- Made entirely in the United States of America
- Patent Pending

Muff Size	Typical Dog Weight	Head Circum-ference	Maximum Inner Shell	
			Width	Height
X-Small	5-10 lbs	7-9"	1.5"	1.625"
Small	9-25 lbs	9-13"	1.75"	1.75"
Medium	20-50 lbs	13-18"	2.5"	2.5"
Large	50-95 lbs	18-23"	3.25"	3.25"
X-Large	95+ lbs	23+	4"	4"

SIZE CHART - The overall circumference measurement of your dog's noggin at the largest point is the best determination of size, because if you choose a size too large, the muffs won't seal well against his head, and you lose all the sound-reducing properties you were shooting for. Your dog's weight is also a good indicator of which size to choose.

Size	Weight	Part No.	Price
X-Small	1.5 oz	13-05536	$51.75
Small	1.7 oz	13-05537	$51.90
Med	3.0 oz	13-05538	$52.75

Size	Weight	Part No.	Price
Large	4.0 oz	13-05539	$52.75
XL	5.8 oz.	13-05540	$52.75

CUSTOM COLORS - Ever-classic "Mutt Muff® Black". But now, Mutt Muffs® are available in three additional colors! Red! Blue! and Pink!

P/N 13-05541 ..... $58.75

CO-PILOT - TRIANGLE BANDANA FOR DOGS

WINDMETERS - WEATHER STATIONS

WINDSCRIBE HANDHELD WIND METER

A precise, handheld wind meter (anemometer). Also measures maximum headwind, maximum tailwind, a five-second average wind, and a running average wind. Speeds can be displayed in both U.S. and metric units, and the unit also records temperature and wind chill. The WindScribe weighs 3.5 ounces and comes with a lanyard. A velcro strap and mounting bracket are included. P/N 13-04019 ..... $135.00

WIND WIZARD WIND SPEED INDICATOR

ECONOMY MODEL – ACCURATE & COMPACT

Conveniently calibrated in miles/hour, meters/ second and Beaufort. Expanded in the lower wind speed range of 0-20 MPH (0-8.9 meters/sec). Slips easily into a shirt or coat pocket. Safety wrist strap gives added security in stronger winds, and stores out of the way in the folding handle. Constructed of high impact plastic and corrosion resistant metals. It comes with leather-like carrying case. No Batteries needed.

P/N 13-18520 ..... $49.99

SKYWATCH GEOS 11 HANDHELD WEATHER STATION

Features: Electronic Compass: • analogical and digital Three Data Recording Modes: •manual recording by pressing two buttons •automatic recording at selected intervals, when unit is off or on •automatic recording at selected intervals, when unit is on only. Bright LED Light: • operates on separate battery. Replaceable Ball Impeller: • rotates to protect impeller blades. Exposed Sensors for instant reading

Kit includes: Geos Unit, USB Interface with software, Metallic Support, and Carrying Pouch..... P/N 13-04757..... $574.95
Unit Only ..... P/N 11-11297..... $459.95

SKYWATCH HANDHELD WIND METERS

Designed for consumer and professional use, the Xplorer does not include complicated and seldom-used features such as downloading and storing. Press one button, and instant readings are at your fingertips. Dimension: 3.5 x 1.5 x 0.75 in, 2 oz. (41 x 93 x 17 mm, 50 g) One button operation, EL Backlight Completely sealed; internal sensors, Weatherproof (can be submerged 6 feet), Replaceable Lithium battery (included and installed) , Stainless steel back, Auto-off after one minute (can be disabled to remain on), Included lanyard One year warranty.

Handheld Weather 1..... P/N 13-04760 ..... $54.95
Handheld Weather 4..... P/N 13-04762 ..... $154.95

WINDLINQ WIND METER

Most compact electronic anemometer available. Features: * Displays wind speed in MPH, Km/Hr, Knots, Met/Sec, and Ft/Sec * Displays Current Wind Speed * Displays Maximum Wind Speed * Features back light * Includes Replaceable Lithium Battery (CR2032) * Water Resistant to 3 feet (1 m) * Great gift item Specifications * Size:3.6"H x 1.6"W x 0.6"D, 1.8 oz * Lithium battery * 4 year warranty on battery * Measuring range: 0 to 99.99 * Resolution: 0.1 units * Case: Rugged polycarbonate, waterproof to 10 feet * Precision: ±4% from 16° F to 122°F (10° to 50°C) P/N SKWWIND..... $52.95

SM-19 SKYMATE PLUS WIND METER

* Current, maximum windspeed * Average windspeed over 5, 10, or 13 seconds * Current temp & windchill * Relative Humidity & Dewpoint * Choose any measurement unit * Reads in tenths * Replaceable 400 hour lithium battery * Data Hold to freeze most recent display * Replaceable plastic impeller won't corrode * Comes with lanyard * Threaded for tripod mounting * Unique pocket-knife design to protect unit when not in use * Auto shutoff 20 minutes after last key is pressed * Water resistant housing High visibility case Floats. ..... P/N 13-01960..... $103.99
Carring Case ..... P/N 13-02202..... $15.19

XPLORER 2 WINDMETER BY SKYWATCH

Dimension: 3.5 x 1.5 x 0.75 in, 2 oz. (41 x 93 x 17 mm, 50 g). One button operation. EL Backlight. Completely sealed; internal sensors. Weatherproof (can be submerged 6 feet). Replaceable Lithium battery (included and installed). Stainless steel back Auto-off after one minute (can be disabled to remain on). Included lanyard. One year warranty. Designed in Switzerland P/N 13-12440 ..... $65.95

XPLORER 3 WINDMETER BY SKYWATCH

Dimension: 3.5 x 1.5 x 0.75 in, 2 oz. (41 x 93 x 17 mm, 50 g). One button operation. EL Backlight. Completely sealed; internal sensors. Weatherproof (can be submerged 6 feet). Replaceable Lithium battery (included and installed). Stainless steel back. Auto-off after one minute (can be disabled to remain on). Included lanyard. One year warranty. Designed in Switzerland. P/N 13-12441 ..... $109.95

SPEEDTECH INSTRUMENTS

SKYMASTER WEATHERMETER SM-28 - Pocket-size weather station features complete wind speed functions and includes a severe weather audio alarm. The relative humidity, barometer, and altimeter functions can be recalibrated, if required. Skymaster is water resistant, floats, threaded for tripod mounting and comes with a lanyard. One year warranty. Features:• Windspeed• Relative Humidity & Dew Point • Altitude •Current barometric Pressure • 16-HR Pressure Graph • Severe Weather Audio Alarm • Temperature/Windchill/Heat Index. P/N 13-02957 ..... $151.99

SKYMATE WINDMETER - Convenient pocket-knife design, accuracy, features, and price make this the best value in handheld wind meters! It is water resistant, it floats, and it has a high visibility case. Average wind speed over 5, 10, or 13 seconds. Current temp & wind chill. Choose any measurement unit. Reads in tenths. Replaceable 400 hour lithium battery. Data lock feature. Replaceable plastic impeller won't corrode. Easy to read LCD. Threaded for tripod mounting. Unique pocket-knife design to protect unit when not in use. Water resistant to 3 ft. High visibility case. One year warranty. Features: • Windspeed • Temperature • Widchill • Water Resistant to 3 Feet. • Floats • Safety Yellow case

P/N 13-00086..... $75.19

WM-100 WINDMATE 100 - Current, Average (5,10,13 secs) Maximum wind speed all use a wind vane to ensure most accurate measurements. For long-range shooting, use the tripod fitting and add the optional wind tunnel accessory. All wind functions in user selected units * Reads in tenths * Backlight * Tripod fitting * Rugged water-resistant case * Comes with adjustable lanyard. Features: Current wind speed • Average wind speed(5, 10, 13 seconds) • Maximum wind speed Mph, Kt, Kp/h, BF, FPM, M/Sec. Wind vane assures you are on the wind's axis • Tripod fitting • Fits wind tunnel accessory • Rugged water-resistnat case meets U.S. military specifications • Auto shutoff • Comes with adjustable lanyard P/N 13-04292..... $57.59

WM-200 WINDMATE 200 - Offers the most popular features in a handheld device, wind speed and temperature, with wind chill calculation. Single button operation, easy measurements, and the display has a backlight; handy for lowlight conditions. Each unit is water resistant, and has a tripod fitting. Features: * Digital wind direction in degree & compass points * Cross and head/tail wind readings * Temperature * Windchill * Backlight Specifications: * Windspeed accuracy +/- 3% from .8-89Mph * Wind speed range to 135Mph * Digital compass/wind direction accuracy +/- 2° * Temp/Windchill accuracy +/- 1.8° F * Optional Units: Mph, km/h, kt, ft/min, m/s, BF (Beaufort) * F or C * Avg windspeed over 10 secs * Max windspeed 2 sec gust since power on * Auto shutdown * POWER: CR2032 replaceable Lithium battery (included) * Measures: 5.5" x 1.75" x .75" closed * Weighs 3.2oz with battery * 2-yr warranty

P/N 13-04293..... $103.99

WM-300 WINDMATE 300 - Wind speed and digital wind direction, relative humidity, dewpoint, wet bulb & Delta T make this a comprehensive tool for forestry, agriculture and emergency management professionals. Humidity sensor does NOT require adjustment; it is self-calibrating. This unit is equipped with a backlight. Accuweather.com® patented Comfort Index™ gives the effect of temp, relative humidity, wind speed, & sun intensity on the human body. Unit can be tripod mounted. Features: * Relative Humidity (self-calibrating sensor) * Dewpoint * Delta T * Accuweather.com patended * Jackknife case allows most accurate temp & RH readings * Wind speed range to 135Mph * Optional Units: Mph,km/h,ft/min,m/x,BF (Beaufort) * F or C * Avg wind speed over 10 secs * Max wind speed 2 sec gust since power on * Auto shutdown * POWER: CR2032 (400-Hr) replaceable Lithium battery (included) * Measures: 5.5" x 1.75" x .75" closed * Weighs 3.2 oz with battery * Comes with breakaway lanyard * 2-yr warranty. P/N 13-04294..... $198.00

WM-350 WINDMATE 350 - • Time • Date • Alarm • 48-HR history for all functions Digital Hr-By-Hr & Bar Graph • Current, Avg., Max wind speed in Mph, Kt, Kp/h, FPM, M/Sec, Beaufort • Digital wind direction in degrees & compass points • Cross and head/tail wind readings • Wind vane improves accuracy • Relative humidity • Wet Bulb (°F/°C) • Dewpoint (°F/°C) • Delta T • Barometric pressure (inHg/hPa) • Density Altitude (Ft/m) • Weather forecast • Audio storm alarm • Temperature (°F/°C) • Windchill • Altimeter to 29,000 Ft/9000m • AccuWeather.com® patented Comfort IndexTM • Backlight • Tripod fitting • Fits wind tunnel accessory • Case meets military specifications • Comes with adjustable lanyard.Replaceable Lithium battery (included) MEASURES: 5.5) x 1.75) x .75) closed 9) x 1.75) x .75) open WEIGHS: 3.2 ounces with battery. WEATHER STATIONS – FLASHLIGHTS

WIRELESS VANTAGE PRO2 WEATHER STATION

Uses frequency hopping spread spectrum radio technology to transmit data wirelessly up to 1000′ (300 m). Console/receiver, integrated sensor suite, and mounting hardware. Integrated sensor suite includes rain collector, temperature and humidity sensors, anemometer, 40′ (12 m) anemometer cable, and solar panel. Sensor suite is solar powered. AC-power adapter included for console, or use with three C batteries (not included). Wireless range is up to 1000′ outdoors, line of sight. Typical range through walls 200′ to 400′ . Add wireless repeaters for distances up to 1.7 miles. Not available in EU (Europe).

MAGLITE LED FLASHLIGHTS

MAG-LED™ Technology known for their obsession with precision engineering, craftsmanship and commitment to perfection, was not satisfied with the performance of a "regular" LED as a usable light source. They set their sights on producing a light source that would not only incorporate longer battery life, but would also have the kind of durability, reliability, and performance Maglite® flashlights are known for. With an emphasis on uncompromising performance, MAG-LED™ Technology is the result of that quest.

PILOT FLASHLIGHTS

SUREFIRE AVIATION FLASHLIGHTS

Long known as a major supplier of quality flashlights to law enforcement and the military, Surefire has just made available a new flashlight built for aviators that combines two widely different light sources in a single compact illumination tool providing dual power and variable output. Surefire flashlights feature the finest beams, reflectors, switches and powerful tungsten lamps available on the market today. They are not inexpensive but for the pilot looking for a truly unique, high quality, reliable flashlight, Surefire is the answer.Surefire flashlights carry a lifetime warranty (excluding batteries and lamps).

The A2 Aviator features a high-output incandescent lamp producing 50 lumens surrounded by 35mm LED's set in a specially designed parabolic reflector. The Aviator's digitally controlled two-stage switch allows the pilot to choose LED's for soft light illumination in the cockpit or high output lamp for bright illumination during preflight inspection of your aircraft. The high beam on the A2 Aviator can illuminate the tail of a 747 from the ground. That's over 63 ft high! Not bad for a flashlight that measures only 5.6" in length and weighs only 4 oz. The A2 Aviator comes standard with a gray-green super-tough Type III hard anodized finish to military specifications, because it is the best and the toughest. It is powered by 2 lithium batteries, is shock-proof, water-resistant and comes with a lifetime guarantee (excluding batteries and lamps). Length: 5.9"

The A2 LED Aviator is a compact dual-output flashlight that provides two distinct beam types and optional output colors. It uses virtually indestructible power-regulated LED emitters and a precision micro-textured reflector to produce both spot and flood beams Press for a momentary-on 10-lumen long-runtime flood beam for general night use, close work, or where you need to preserve your night vision; press further for a momentary-on 120-lumen white spot beam—six times the light of a big two-D-cell flashlight; twist for constant-on low beam, twist further for constant-on high beam.

The L1 Lumamax features a 1W Luxeon LED which produces 15 lumens from one Surefire 3V lithium battery, which is three times brighter than a conventional mini light running on two AA alkaline. For the pilot needing only the soft light of LED lighting for cockpit illumination, the L1 Lumimax is an excellent choice. Length: 4.6"

The G2 Nitrolon is Surefire's most economical flashlight, and uses 2 lithium batteries to produce 65 lumens of diamond bright light for 60 minutes. The G2 is constructed of Black Nitrolon, a polymer compound that is lightweight, corrosion-proof, and non-conductive. Depress the tailcap on the G2 for momentary illumination or rotate fully inward for constant-on illumination. Length: 4.9"

A2 Aviator with red LEDs ..... P/N 13-03254 ..... $213.50
A2 Aviator with blue LEDs ..... P/N 13-03255 ..... $199.50
A2L Dual Aviator with white LEDs ..... P/N 13-07086 ..... $221.20
G2 Nitrolon flashlight (Plastic Body) ..... P/N 13-02021 ..... $41.30

SUREFIRE G2X™ PRO

A polymer-body version of the 6PX Pro, uses a high-efficiency LED—virtually immune to failure since there's no filament to burn out or break—that provides two light output levels: a brilliant, penetrating, perfectly pre-focused 200-lumen beam, and a 15-lumen low-output setting that lets you greatly extend the runtime per set of batteries, an invaluable option when you find yourself miles from civilization. Press the tailcap switch for momentary-on low, press further to click constant-on low, return to off and press or click on again within two seconds for high. A polycarbonate micro-textured reflector delivers a comparatively wider beam with generous peripheral light. ..... P/N 13-10290 ..... $65.50

See www.aircraftspruce.com for a complete selection of Surefire Flashlights.

SUREFIRE REPLACEMENT BULB MA02

The MA02 lamp assembly fits A2 Aviator flashlights and produces 50 lumens of light for 1 hour.P/N 13-04438 ..... $18.20

FLIGHTLIGHT™ - PILOT FLASHLIGHT

This AirClassics™ flashlight has both white and red lenses for preflight and night flying, extra Krypton bulb stored within, is water-tight, corrosion resistant, and features a clicking ON/OFF for maximum battery life. Focuses from spot to flood light. Black machined aluminum with ASA wings logo. Two AA batteries and PR-1 bulb included.

Flashlight: ..... P/N 13-01067 ..... $15.85
Bulb: ..... P/N 13-02320 ..... $4.85

PELICAN AVIATION LIGHTS VERSABRITE

This is the world's brightest swivel head pocket flashlight. The adjustable head swivels 180 degrees, enabling the pilot to direct the beam where he needs it. It is water resistant and mounts directly on the adhesive pad of yoke chart holders. Provides 6000 candlepower Xenon laser beam spot beam, and comes standard with clear, red, and blue-green lenses. Clips easily on shirts, belts, and caps for hands free use. Comes with multi-use velcro fasteners and 2 AA batteries.

P/N 13-00561 ..... $25.50

Versabrite mounting clips (1 top, 1 side mount)

MICRO ONE WATT LED FLASHLIGHT

Has a 1-Watt, 80-Lumen LED chip that emits over 4,300 End-foot candles (4300cd) of bright, cool white (8000 Kelvin) light * One Year Warranty * Focusable Lens: Narrow and Wide Beam * Puts out over 4,300 End-Foot Candles of light * Retains 50% of its light output after 1 hour of continuous use * Visibility approx. 2 miles, depending on atmospheric conditions and line of sight * Lights for 4 days (96 hours) at a diminishing light output rate * Uses 3 standard AAA batteries * Rugged Anodized Aluminum Body Finish * Push button on/off switch * Weight: 3.5 oz. without batteries, 4.8 oz. with batteries. Furnished with nylon holder.

P/N 13-07470 ..... $37.85

PILOT'S HANDY LANYARD LIGHT

This emergency light with a break-away neck lanyard is great for use around any aircraft. Ideal for pre-flight inspections after dark, providing you with a small, powerful flashlight which you can simply hang around your neck as you preflight the aircraft. Also makes the perfect cockpit light in an emergency. Furnished with blue-green and red lenses for night flying as well as a standard clear lens. Includes lanyard & 1 AAA battery. P/N 13-00571 ..... $19.95

MINI LED FLASHLIGHTS

Only 3.5 inches long. NOT water resistant. DUAL Ultra-bright LEDs with lifetimes of 100,000+ hours, never break, and provide smoooth illumination. •Thumbwheel Brightness Control • Energy Efficient -- Up to 320+ hours at the dimmest setting, 12+ hours at the brightest, from one 9V Alkaline. •Exclusive brightness regulation circuitry -- keeps the LEDs shining bright as batteries age, • 9 Volt Battery & 20 inch neck strap included

White & Red ..... P/N 13-04696 ..... $22.95
Red & Green ..... P/N 13-04697 ..... $22.95

MYGRIPLIGHT (LED)

Performs as an organizational tool as well as a multi purpose light. Organizes writing instruments, cell phones, eyeglasses, flight charts and other documents by means of a patented polyester snap-in-lock structure. The patented multi purpose light is connected to the organizational tool by means of a flex-arm. The light has 360 degree rotation and can be removed from the organizer to act as an independednt lighting instrument. Offers both white and red light illumination on demand.

Attaches with Suction Mount ..... P/N 11-09665 ..... $9.95
Attaches with Velcro Mount ..... P/N 11-09669 ..... $9.95

FLITELITE FINGER LIGHT

A simple light that attaches to the finger. An integrated, battery saving 10-minute auto-off. Simple touch the button and light will shine wherever the pilot points.

Green ..... P/N 13-07275 ..... $8.90
White ..... P/N 13-07276 ..... $7.95
Red ..... P/N 13-07277 ..... $6.50

STREAMLIGHT FLEXIBLE FLASHLIGHT

The Streamlight has a 6.21" flexible, insulated cable extension allows 14 inches for hard-to-reach areas. Made of silver aircraft aluminum casing and a tough PVC shieled cable. Unbreakable, 100,000-hour white LED that never needs replacing. It has a runtime of up to 60 hours. (4) AAA batteries included. Wt: 1.1 oz. P/N 13-03142 ..... $25.75

COAST PX20 DUAL LED FLASHLIGHT

The PX20 Dual Color LED Flashlight combines five super bright white LEDs with one red LED. Each LED is controlled by a separate switch, allowing you to turn on the desired color with one click; no cycling through switch modes to find your color. The white light is for general flashlight use, while the red LED is perfect when you only need minimal light, such as when reading a map. A lightweight aluminum casing offers great durability and will hold up to heavy daily use. P/N 13-12049 ..... $27.95

FLASHLIGHTS

XEVISION PERSONAL LED FLASHLIGHTS

The compact LED flashlights are so small that they fit in the palm of a hand comfortably. They are so bright, even die-hard HID Xenon lighting technology purists can not resist.
Super-bright white light from one small but powerful LED Our LED flashlights feature the latest commercial Cree LED 7090 XR-E, which delivers unprecedented levels of bright white light. The legendary 7090 XR-E is tested to the highest standards in the LED industry. The white light generated is as cool as HID with around 4000ºK to 5000ºK. The current draw is quite small while the LED is very efficient with a luminous flux of up to 100 lm min. @ 350 mA, and a luminous efficacy up to 75 lumens/watt.
XeVision personal LED flashlight models - The compact LED flashlights are so small that they fit in the palm of a hand comfortably. They are so bright, even die-hard HID Xenon lighting technology purists can not resist.

XV-C1C - Is their most compact LED flashlight using one long-lasting 3 VDC Lithium CR123A battery. The XV-C1C features six settings, 4 of them being output levels. This flexibility not only allows the user to select the best compromise between brightness and runtime for any given task but also has the ability to aid in an emergency. The XV-C1C offers a remarkably compact size and is extremely solid and reliable with its digitally regulated brightness. One 3 VDC CR123A Lithium battery

XV-C1C (Black) ..... PN 13-05144 .....$84.95
XV-C1C (Iridium)..... PN 13-05147 .....$86.75

XV-C2C- Features six settings, 4 of them being output levels. This flexibility not only allows the user to select the best compromise between brightness and runtime for any given task but also has the ability to aid in an emergency. The XV-C2C offers a remarkably compact size and is extremely solid and reliable with its digitally regulated brightness. Two 3 VDC CR123A batteries (Lithium), not rechargeable.

XV-C2C (Black) ..... PN 13-05145 .....$87.95
XV-C2C (Iridium) ..... PN 13-05148 .....$89.95

XV-C2A - Features six settings, 4 of them being output levels. This flexibility not only allows the user to select the best compromise between brightness and runtime for any given task but also has the ability to aid in an emergency. The XV-C2A offers a compact size and is extremely solid and reliable with its digitally regulated brightness. Two 1.5 VDC AA (Alkaline, Lithium) or 1.2 V NiMH batteries.

SAGA AVIATION SG7 POCKET FLASHLIGHT

Slim profile allows easy storage in the plane, in your flight bag or your pocket. Due to it's advanced "Cree LED" technology it will provide an unbelievably bright beam of light. It can be used with lithium batteries to reduce the weight and allow the use of the flashlight in cold weather. Features: Protection IP-63 (wheather resistant), "One hand" technology focus, Robust aluminum housing, Operates on two (2) AAA batteries (batteries not included)
P/N 13-09558 ..... **$24.75**

THE ASHLIGHT

13-04347

13-04348

13-04349

The ASHLIGHT has been designed and tested by pilots. The super-bright red LED light provides the ultimate in hands-free cockpit lighting with a flip of the switch. The ASHLIGHT is designed with a stainless steel spring that duplicates the original ashtray clip for easy snap-in installationThe majority of aircraft manufacturers (Cessna, Beech, Bellanca, Grumman, Mooney, Piper, etc.) all used a standard ashtray opening of 1.5h x 2.125w or 1.6h x 4.7h side panel mounted ashtray. Smaller planes used the Standard Size while larger planes such as KingAir, Chieftian, later model Barons and Bonanzas, etc. use the Large size. If your aircraft does not have an ashtray, the Visor Clip Model is an excellent alternative!

Standard Ashlight .....P/N 13-04347 ..... **$34.85**
Large 5" Ashlight .....P/N 13-04348 ..... **$32.75**
Visor Ashlight.....P/N 13-04349 ..... **$31.50**

ICON SOLO LED FLASHLIGHT

A high-efficiency LED and deep reflector create a smooth beam on either low or high. A sleek, pen-shaped aluminum body is durable, easy to carry, and features a sturdy pocket clip that keeps Solo securely in place. Because losing a flashlight this stylish and functional is not something you'll get over easily. Features: High-strength aluminum body with sturdy pocket clip, Durable power-regulated LED maximizes output and runtime; never needs replacing, Ergonomic "clickie" tailcap switch allows for easy switching between two output levels Micro-textured reflector creates a smooth, powerful beam Powered by two AAA alkaline batteries; included, Sealed with O-rings; weatherproof.
P/N 13-08072..... **$22.50**

ICON ROGUE 1 LED FLASHLIGHT GREEN

Serious light output from a compact, sculpted aluminum body that's rugged and features two output levels. It's nearly impossible to relegate this beauty to the junk drawer. Features: High-strength aluminum body with open architecture design; effectively dissipates heat and fits comfortably in the hand. Durable power-regulated LED maximizes output and runtime; never needs replacing Micro-textured reflector creates a smooth, powerful beam. PETZL HEADLAMPS

TACTIKKA PLUS/FLIP FILTER RED (E49P)

TacTikka Plus 4 LED Headlamp with red or white light, 3 power settings & flash, alternates easily between white and red light simply by moving the pivoting filter over the reflector. Features: •3 power settings & Flash •Tilt focus •Long battery life up to 110 hours •Lightweight and comfortable to wear: ergonomically designed elastic headband. •Water-resistant for all-weather use •Operates with three AAA-LR03 batteries (supplied) •Weighs 78g •Includes batteries.

P/N 11-05096 ..... $44.95

TIKKA LED TILT HEAD LAMP

46P2- LED headlamp with red flip down filter, and tilting head. 3 LED array produces long-lasting and even light. Features: •Produces diffuse, proximity lighting. •Red filter for discrete light and preservation of user's night vision. •Flip-down filter makes it easy to switch between red and white light. •Light beam can be easily aimed where desired. •Adjustable and comfortable elastic headband. •Water resistant for all-weather use. •Black lamp and headband.

P/N 11-04990 ..... $39.85

TACTIKKA CAMO BAND RED FLIP UP E46PC

TacTikka LED alternates easily between white and red light simply by moving the pivoting filter over the reflector. Long battery life up to 110 hours. Lightweight and comfortable to wear: ergonomically designed elastic headband. Water-resistant for all-weather use. Elastic headband and lamp head in camouflage color.

P/N 11-04988 ..... $36.95

SAGA AVIATION HANDS-FREE LIGHT

Offers three modes of lights. The first mode, a high density beam supplied by 4 ultra brilliant LED so that nothing escapes you. A second lower density beam mode, that utilizes 2 of the 4 LED in order not to dazzle you. Finally, 3 mini red LED that offer you glare free night vision. The Hands-Free can be used with lithium batteries to reduce the weight and allow the use of the flashlight in cold weather. Adjustable elastic headband for added comfort. Hands-Free has 7 different titling positions. Operates on three (3) AAA batteries (batteries included)

P/N 13-09559 ..... $22.50

DEFENDER ULTRA FLASHLIGHT

Virtually indestructible LED emitter regulated to maximize output and runtime. TIR lens produces tight beam with enough surround light for peripheral vision. Strike Bezel® provides personal defense option. Coated tempered window resists impact, maximizes light. Dual-output tailcap click switch—press for momentary-on high, click for constant-on high, return to off then press or click again to select low. High-strength aerospace aluminum body, Mil-Spec hard-anodized for extreme durability. Weatherproof O-ring and gasket sealing. Includes high-energy 123A batteries with 10-year shelf life.

P/N 13-13586 ..... $139.99

DEFENDER ULTRA FLASHLIGHT 500 LUMINUS

Virtually indestructible LED emitter regulated to maximize output and runtime. Two output levels—500 lumens high for maximum light, 5 lumens low for extended runtime. TIR lens produces tight beam with enough surround light for peripheral vision. Strike Bezel® provides personal defense option. Coated tempered window resists impact, maximizes light. Dual-output tailcap click switch—press for momentary-on high, click for constant-on high, return to off then press or click again to select low. High-strength aerospace aluminum body, Mil-Spec hard-anodized for extreme durability Weatherproof O-ring and gasket sealing. Includes high-energy 123A batteries with 10-year shelf life.

P/N 13-13587 ..... $185.50

PETZL TIKKA XP HEADLAMP

Provides a powerful, even and adjustable white light, with long light duration. A single light source in a compact headlamp for multiple uses. Powerful, focused light beam with 3 lighting levels (maximum, optimum, economy) and a blinking mode, to adapt the light to the activity at hand. Boost mode: 50 % more light than the maximum level for 20 seconds. Wide angle lens for flood beam-like proximity lighting. Battery life indicator (indicator light + blinking LED): warns when the batteries are approximately 70 % drained and 90 % drained. Compact and lightweight. Tiltable light body enables light beam to be directed where needed. Comfortable and stable to wear: adjustable and ergonomic elastic headband. Light distance: up to 35 m (50 m in boost mode). Light duration: up to 120 h. Operates with 3 AAA/LR03 batteries (included). Weight: headlamp (59 g) + batteries (36 g) = 95 g P/N 14-00162 ..... $49.95

DUO 5 HEADLAMP PETZL LIGHTS E69

The DUO lamps are ideal for use in wet environments, but are not designed for prolonged submersion (i.e. diving). Features: • Waterproof with dual light source: focusable halogen bulb and an LED module. • Switching on & off, brightness selection, zooming • The DUO lamps allow the light to be optimized (distance, duration) according to your needs. • Simultaneous use of both bulbs is not possible. • Unlocking/locking the bezel

P/N 11-04996 ..... $104.95

ZIPKA PLUS/PUSH BUTTON SWITCH E48P

Ultralight 4-LED headlamp with 3 lighting levels and retractable cord. Retractable cord can be used to attach lamp to the head, the wrist, wrapped around a pipe, etc. Features; •Very lightweight. •Three lighting levels (maximum, optimum, economy) and a blinking mode. •Long light duration up to 150 hours. •Water-resistant for all-weather use.

P/N 11-04989 ..... $37.75

LIGHT BUDDY

Light Buddy its a swivel magnetic mount fits Maglite XL 50 XL 100 or any 1" light. Flashlight not included.

P/N 13-12076 ..... $19.95

LITHIUM-ION CORDLESS SUPERLITE

The new SuperLite by SPT is the next generation of cordless lights. The light has 60 super-bright, true-white premium LEDs. The Lithium-Ion battery provides up to 4 hours runtime at full brightness.

The feature list on this innovative design is long—high visability ratcheting hooks, triple hex design prevents rolling, overcharge protection prolongs battery life, 500 Lux/ 180 Lumens of brightness for the entire runtime without dimming and of course it is rechargable (wall charge included).

Use it as an emergency panel light (hook it to the glare shield), use it to illuminate the baggage compartment or under the cowling to check the oil at night and great for working under the panel. Keep close tabs on this light as everyone is going to ask to borrow it!

P/N 11-10596 ..... $72.85

FLASHLIGHT HOLDERS - ARM RESTS

MERCURY CLAMP FLASHLIGHT HOLDER

Astro Arm is the perfect device when you need your flashlight directed precisely while having both hands available to perform a task. These holders are great for aviation, marine, automative, racing, and emergency lifesaving applications. Available in Mercury models for smaller flashlights and Gemini models for largers flashlights. P/N 13-04005 ..... $19.75

MERCURY-MAGNETIC FLASHLIGHT HOLDER

Astro Arm is the perfect device when you need your flashlight directed precisely while having both hands available to perform a task. These holders are great for aviation, marine, automative, racing, and emergency lifesaving applications. P/N 13-04006 .....$19.75

GEMINI CLAMP FLASHLIGHT HOLDER

Astro Arm is the perfect device when you need your flashlight directed precisely while having both hands available to perform a task. These holders are great for aviation, marine, automative, racing, and emergency lifesaving applications. Available in Mercury models for smaller flashlights and Gemini models for largers flashlights. P/N 13-04007 .....$29.95

GEMINI MAGNETIC FLASHLIGHT HOLDER

Astro Arm is the perfect device when you need your flashlight directed precisely while having both hands available to perform a task. These holders are great for aviation, marine, automative, racing, and emergency lifesaving applications. Available in Mercury models for smaller flashlights and Gemini models for largers flashlights.

P/N 13-04008..... $29.95

GUPPIE MULTI-TOOL

The adjustable wrench jaw opens to 1/2" so you can use it for all kinds of light repair and assembly jobs. Thanks to the carabiner gate, the Guppie is easy to carry on a belt loop, D-ring, pack or rope. (But it is not a weight-bearing carabiner.) The high-carbon stainless steel blade with a Razor-Sharp edge can be opened and closed with one hand using the blade slot. The removable bit carrier is also a high-intensity LED light. It has two strong magnets to hold it securely to the Guppie's left side. The stainless steel clip will hold the Guppie in your pocket or on gear, which gives a lot of versatility. One more trick: The Guppie carabiner detent will open bottle caps and metal jar lids. Specifications: Blade Length: 2.0" (5.1 cm) Blade Steel: 3Cr13, 52-55 HRC Handle Length: 3.5" (8.9 cm) Tool Weight: 4.1 oz. (116 g) Bit Carrier Weight: 1.2 oz. (34 g) Batteries: Two CR327 3V Lithium

P/N 13-07358..... $38.95

SIDESTICK CONTROL ARM RESTS

The side stick control arm rests will steady the hand, wich improves flying and reduces wrist and arm fatigue. The arm rests were designed by an orthopedic specialist to reduce wrist and hand carpel tunnel syndrome. They can also be used for throttle rests. Color: Black. ABS plastic. Furnished as right/left set. P/N 13-03265 .....$25.85

COCKPIT COMPANION ORGANIZERS

The Cockpit Companion provides a convenient organizer for the loose items pilots shuffle in the cockpit. It is easily installed with Velcro between the front seats and features clean out windows at bottom of the storage areas. Holds fire extinguisher, charts, books, transceiver, headsets, glasses, wallet, fuel strainer, flashlight, pens, highlighters, and more. Attractive and durable, the Cockpit Companion is built from top-grade smoked acrylic. Made in USA.

STYLE #172 - Fits most Cessna 172's plus any other aircraft with this available space.Top portion dimensions: 22" Long (plus 4" headset post) 8" Tall (12" total w/bottom), 3" Wide Bottom extinguisher dimension: 22" Long 4" Tall (12" total w/top), 4-1/4" Wide. Features removable pencil "divider" for easy cleaning. All are outside dimensions!

P/N 13-02710 ..... $229.00

CIGPEN

CIGPEN HOLDER - CigPen installation is as easy as 123. Pull the nasty ashtray out, peel the double stick tape, insert and press in CigPen. CigPen was designed to hold two standard pencils or pens along with a Mini Mag Lite AAA. For a very low cost, you can easily turn your existing ashtray into a useful device. Fits C-150, 172, 182 Cardinal.

DOOR LOCK HANDLE - When you order the CigPen, you will also receive the Cessna 150 door lock. The door lock is made from ABS Plastic. It is engraved with lock, un-lock, and indicating arrows. Fits C-150 airplanes. P/N 13-06913 ..... $18.75

MAP, CHECKLIST & LOG BOOK HOLDERS

These holders come in three sizes to store your maps, checklists and log books. They are thermoformed from ABS plastic, and come in either black or gray.

Description	Size	Color	Part No.	Price

PILOT WATCHES – WIRE MARKERS

VIBRALITE3 VIBRATION WATCHES

Great for Private and Confidential Reminders! Has auto-reset countdown timer. The vibration on your wrist from VibraLITE3 will remind you to do any important thing without annoying others. What's really great is that you don't have to hear the alarm to know that it's signalling you.

This watch is especially nice for pilots, students (taking exams), and of course the deaf and hard of hearing. Since the watch also features an Auto Reload Countdown Timer, it can be the ideal answer for those who need reminding of times to take medicine, scheduled daily activities and more.

With stainless steel band..... P/N 13-02541 ..... $64.50

RANDOLPH ENGINEERING

Randolph Engineering has been a leading supplier of military sunglasses to the U.S.Armed Forces since 1982. These sunglasses are the choice of America's Top Gun pilots and NASA astronauts. They meet demanding U.S. military specifications, provide superior glare protection and UV absorption and can be converted to prescription lenses. All of the sunglasses below feature 23K gold plated, hand polished frames and come with a crush resistant case.

AVIATOR – Standard issue for military pilots worldwide. (MIL.SPEC. 25948). These lenses sharpen detail and show colors evenly, making them ideal for flying. Bayonet temples provide optimum fit for use with a headset or helmet.

Size	Lens	Part No.	Price

SUNGLASSES

RA VISION HIGH PERFORMANCE SUNGLASSES

These high performance sunglasses are specifically designed for use with helmets and headsets. The Frame: The frames are made of lightweight and flexible titanium metal that easily slide thru the ear pad of the helmet or headset. The frames contour the head and allows for the seal of noise canceling earpieces to be maintained. The "wrap" or curvature of the frames and lens allows sun protection for the wearer's peripheral vision as well as forward facing. The Lens: The lens is made of a revolutionary Trivex® material that features optical qualities similar to glass and surpasses the light weight and scratch resistance of polycarbonate lenses while providing 100% protection against UVA and UVB rays.

Gray Lens ..... P/N 13-11671 ..... **$99.00**
Brown Lens ..... P/N 13-09660 ..... **$99.00**

LIGHTSPEED AVIATOR SUNGLASSES

Lightspeed Aviator Sunglasses are the only aviator glasses designed exclusively to fit perfectly with your Lightspeed headset. Designed and made in Italy, the lightweight frames are made with the same flexible spring steel as the Lightspeed Zulu headband. The sleek low-profile design fits gently against your head assuring a solid seal with your Lightspeed headset. And the removable anti-glare, non-polarized flip shaded lenses allow you to quickly transition from un-obscured sunlight to reading maps in a dark cockpit. Hard carrying case, soft fabric bag and cleaning cloth included.

P/N 13-10005 ..... **$350.00**

BELT LOOP EYE GLASS CASE

Safe and secure way to make sure your glasses, cell phones and other items are always available. The case has a pen pocket and accessory strap to attach a pager, a small flashlight or clip item. 1000 dernier cordura exterior, soft padded durable lining. Black color. P/N 13-00699 ..... **$12.95**

AMERICAN OPTICAL SUNGLASSES

Performance-tested sunglasses with classic aviator styling. The Original Pilot Sunglass® has been a favorite of US military pilots for more than 40 years.
Engineered to rigid military specifications and issued to millions of US soldiers, sailors, marines and airmen since 1958.
The rugged and sturdy structure and high quality finishing of the steel alloy frame coupled with distortion free, toughened and polished True Color® glass lens have made the AO Flight Gear® Collection the standard bearer of all fine military sunglasses.

LIVE EYEWEAR COCOONS SUNGLASSES

Cocoons were designed to fit over glasses; however our smaller styles make them extremely popular as solo sunglasses. Cocoons feature PolarTx® polarized lenses to eliminate harsh glare, allowing your eyes to remain focused on the task at hand. The optical grade lenses and side shields precisely regulate light transmission, reducing eye fatigue and strain. They block 100% of damaging UV A&B light, providing 40% more protection than conventional sunglasses. Cocoons offer a virtually unbreakable frame with soft touch finish, adjustable temples, lifetime warranty, 3 contemporary shapes and sizes, and are accessorized with floating neoprene case and lens cloth. Color: Black.

Sizing Guide: Measure the width (w) and height (h) of your prescription eyewear to determine which Cocoons sunglasses will fit best.

SLIMLINE (MEDIUM)

RX frame sizes: up to 5-3/8"w X 1-5/8"
P/N 13-02967 ..... **$49.95**

STREAM LINE(SMALL)

RX frame sizes: up to 4-7/8"w X 1-3/8"
P/N 13-04721 ..... **$49.95**

COCOONS OVER X - Cocoons are the only sunglasses in the world that will completely isolate your eyes from the elements. The collection features patented designs that deliver 360° of Advanced UV Protection and are available in a range of styles and sizes that can be worn over prescription eyewear or as conventional sunglasses. After wearing Cocoons for a short period of time, your eyes will begin to relax. The polarized UV400 front and side lenses treat incoming light, eliminating distracting glare and allowing you to focus on the task at hand. The patented frames protect your eyes from all angles, blocking sunlight, UV, glare, wind, rain and airborne debris. C427C Features: • Polarized UV400 • Scratch Resistant • Flex2fit® Temples • Soft Touch Finish • 360° of UV Protection • Ultra Lightweight • Case and Cloth • Lifetime Warranty P/N 13-05550 ..... **$49.95**

VISTANA OVER X - Vistana's proprietary lens system delivers a distortion-free, panoramic line of sight not available in any other over prescription sunglass. With traditional designs, the wearer will experience a gap in peripheral vision when scanning from the front to the sides due to a section of frame that separates the front and side lenses. Vistana's patented designs use continuous full wrap lenses that eliminate the section frame between the front and side lenses, creating a more open and uninterrupted view. Encourage your customer a traditional over prescription sunglass to the evolutionary Vistana design and they will immediately notice the difference in both performance and style. W412G Features: • Polarized UV400 • Scratch Resistant • Flex2fit® Temples • Dynamic Base Technology • Ultra Lightweight • Case and Cloth • Lifetime Warranty P/N 13-05551 ..... **$49.95**

COCOONS QUALITY IN A FLIP-UP

World renowned Cocoons quality is now available in the Cocoons Flip-Up sunwear collection. The Polaré lens system delivers enhanced visual acuity with a choice of polarized gray, amber or copper. Each clip includes a protective case and is backed by the Live Eyewear limited lifetime warranty. LF40

PS

VEDALOHD™ PERFORMANCE SUNGLASSES

High-Definition Lens Technology (HDL-3C™), built into new sunglasses offer improved sight definition for pilots, using color, clarity and comfort. These lenses filter the visible spectrum to improve color contrasts; decentered lenses increase visibility and eliminate distortion; visual health is improved and eye fatigue is reduced thanks to lightweight frames. Visibility is said to be increased through tri-stimulus color contrast enhancing techniques; other color tinting techniques improve color simulation but only improves one basic color type in the color spectrum.

These non-polarized (important for pilots!) lenses come in two lens types: rose (for low light conditions), and smoke (for bright light conditions). The sunglasses are very lightweight and comfortable. We offer a 30-day money back guarantee if you're not satisfied. Several choices for frames are available.

FLYING EYES SUNGLASSES

Flying Eyes are designed to be the most comfortable glasses you'll ever wear with a headset. The unique strap system lies flat against your head for virtually unnoticeable wear, even on your longest flight. The flat, flexible strap eliminates noise leaks in the seal of your noise-canceling headset. Plus, the included standard temples make them great outside-the-cockpit glasses, too!

P/N 13-12579..... $169.00

SERENGETI AVIATOR SUNGLASSES

Serengeti Aviators protect your vision while eliminating glare and sharpening details better than other sunglasses. Cloud boundaries are more easily delineated and oncoming traffic is more visible. Unique photochromic spectral controls improve your ability to see in marginal VFR and IFR conditions. In bright sunlight, you'll see the instruments better and ghost images will be eliminated from the cockpit. Wear them late in the day or at sunset to preserve your night vision.

LARGE AVIATOR SUNGLASSES- Base Curve: 6; Temple Length: 140mm. Lens Size: 61.75 x 55.5 x 68mm, Dbl 10.5mm Black

Large	P/N 13-15007-L	$557.00
X-Large	P/N 13-15007-XL	$557.00

MA-1 BLOOD CHIT FLIGHT JACKET

The MA-1 BLOOD CHIT jacket is one of a kind to be worn with pride.

Alpha's MA-1 flight jacket with "Blood Chit" sewn on the inside lining was a type of flag that contained a message in several languages identifying an airman as a U.S. Aviator if they were shot down, to aid the airman in avoiding capture and in being returned safely to U.S. Forces. A reward was offered for this assistance.

This is a classic flight jacket made for the military for over 40 years and features nylon flight satin outer shell with reversible orange nylon lining with the Blood Chit sewn into it, front closure storm flap, knitted collar, cuffs, and waistband and Alpha signature zippered utility/pencil pocket. If you are looking for a quality jacket that isn't just like the one everyone else has, then this is certainly worthy of your consideration. Just think of all the conversations you can have with this jacket. Color: Sage.

MECHANICS DOLLIES – STEP STOOLS

BONE MECHANICS CREEPER

The Bone™ features a uniquely shaped body which cradles the user between the wheels only an inch or so above the ground. The big, easy rolling wheels are positioned outboard to provide a strong, stable working platform that can't tip or flip the user. The rib-reinforced body is molded of a state-of-the-art, engineering grade co-polymer that resists the effects of common solvents, so cleaning is quick and easy at the end of the job. The smooth, comfortable one-piece design has no cracks, corners or other pinch points, and the outboard wheel pods prevent tipping and flipping. The Bone™ body is a patented design which allows the use of large diameter wheels with specially formulated tires that roll easily over all sorts of obstacles, including rough floors, drop cords and air lines, loose parts and even tools and floor grates. The wheels are fastened to the creeper body with four 5/16" diameter through bolts so they can't pull tear out or break off in any common use situation.

One of the most important features of the Bone™ is its wheels. Ordinary creeper wheels are a conventional creeper's weakest point. They're too small, so they get hung up or stopped by even the tiniest obstacles, and they have a real knack for tearing out or breaking off at the worst moment. To add insult to injury, the replacement wheels can cost almost as much as a new creeper. P/N 13-12331.....$152.95

TAIL BONE ROUGH RIDER MECHANICS SEAT

The Tail Bone Rough Rider is a totally new approach to creeper seats, designed from scratch to be easier to use, more comfortable, more durable and a better value than any other mechanic's stool on the market! The base is a uniquely designed tripod, so it's a naturally stable working platform even on uneven floors and surfaces. And because it turns with the user, the legs always stay out of the way and let you tuck your feet under you for comfort or convenience. The tripod design also means fewer wheels to have to roll over obstacles!

The Tail Bone Rough Rider uses the casters from the Bone Rough Rider Creeper, which are 5 3/8" diameter and 1 3/8" wide, perfect for using outdoors in less than perfect circumstances. It also has an extra inch of ground clearance over the standard Tail Bone! The bucket seat works just like the ones in high performance vehicles, it lets you use your natural body movements and trunk strength to position yourself and the stool exactly where you can do the job at hand comfortably and easily. Work without fear! The Tail Bone just rolls over obstacles that trip and tip ordinary little wheel stools. P/N 13-12330.....$179.95

BATWING SEAT DOLLY

Recipient of several ergonomic design and function awards, the BatWing truly represents the leading edge in low profile work access support equipment. Features: • 10 Gauge Heavy Duty Reinforced Steel Construction • Three 3 1/2" Casters, 1 Locking • Fully Adjustable Back Rest • Optional Tool Boxes • Optional Caster Guards. P/N 12-03216.....$670.00

STOOL DOLLY

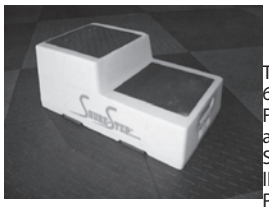
Equipped with a fully cushioned seat and a side mount tool box, the 101-HD stands alone in the comfort and productivity features.

P/N 12-03217.....$185.00

SHURE-STEP® II

The Shure-Step II is a 10 inch high step stool that will not tip or slip during use for aircraft maintenance. This step stool is rated for 500 pounds yet only weighs 10 pounds. Rubber pads on bottom prevent the step from scratching the paint on an aircraft. Color: Yellow

Features: • 6 large rubber pads on bottom • Very rough top surface to keep mechanics safe • Ice cleats keep the step from sliding during icy winter conditions • The Shure-Step II is a stackable step stool • Weight: 10 pounds P/N 13-11219.....$98.50



SHURE-STEP® 2-STEP STOOL

The 2-Step stool is 10 inches high, half is 6 inches high.

Features: • Durable, lightweight, and stackable • Shure-Step® will float • All Shure-Step® products are rated at holding 500 lbs.

P/N 13-11585.....$119.50

SHURE-STEP® SENIOR STEP

The Senior Step is 6 inches tall, weighs 9 lbs., rated at 500 lbs. and measures 24" x 14". Step has a large, 10" x 20" black non-slip sandpaper surface on top of it.

Features: • Durable and lightweight • Senior Step can be stacked on top of the Shure-StepII® • Shure-Step® will float • All Shure-Step® products are rated at holding 500 lbs.

P/N 13-11584.....$117.80

FOLDING AIRCRAFT STEP STOOL

This sturdy step stool is made of oak veneer over hardwood and provides a spacious 11"x11" square standing area. The stool is 16" high and features non-skid strips on the standing area. The precision crafted stool opens and closes easily and measures only 2"D x 12"W x 19"L when folded for storage in baggage compartment or under the seat of your aircraft. Weighs only 4lbs. Lightweight, compact, and very strong, this stool is idea for use around general aviation aircraft. P/N -13-04281.....$42.95

PORTABLE FOLD UP STICK CHAIR

The Stick Chair is portable in every sense of the word and convenient and practical when you need to sit. The Stick can also be used as a walking stick.

When seated, your weight is distributed to the Stick Chair. You stay perfectly balanced with both feet on either side in a tripod fashion. The Stick Chair reduces strain on legs, knees and back as you sit comfortably with eyelevel visibility. Folds to 14" length. Weight 1.5 lbs.

P/N 13-12395.....$49.95

ALUMINUM AIRCRAFT FUELING LADDER

Heavy duty aluminum fueling ladder perfect for aircraft fueling applications. Just the right height to put you in perfect position for low-wing or high-wing aircraft. Made of high quality aluminum and will stand the test of time.

Features: • Step Ladder • Ladder Height 5 ft. • Number of Steps 3 • Platform Width (In.) 13-1/2 • Height to Platform (Ft.) 3 • Bottom Width (In.) 20 • Base Spread (In.) 34 • Step Width (In.) 3 • Shipping Weight: 5.8 lbs • Anti-Slip Tread • Load Capacity (Lb.) 300 • Aluminum, ANSI Type 1A • Includes Heavy Duty Standing Platform. P/N 13-12017.....$140.75

FLIGHT SOUND X - AVIATION HEADSET/USB ADAPTER

Just plug and play ... and you're ready to go! Flight Sound X is designed to be as easy to use as possible - no additional software, no batteries, no external power sources - just one standard USB cable. Just 'plug and play'! When users have finished with the device, simply unplug it, and the computer will revert to its original audio settings. The Flight Sound X adapter is a great accessory for any pilot! Features: USB 1.1 and 2.0 compatible. Plug and Play with Windows 7/Vista/XP and Mac OS X. Uses standard General Aviation headset connectors (PJ-068 and PJ-055B). Supports headset impedances of 100 to 600 Ohms. Supports Mono and Stereo Headsets. Compatible with standard microphone types (electret, dynamic and powered dynamic) Specifications: Powers microphone bias (+9V) from USB port (no external power needed). Zero delay voice feedback/sidetone feature (PC/Mac only). Output frequency response (20Hz-20KHz). Weight: 100g. Size: 65mm(L), 55mm(W), 25mm(D). Compact, robust, anodised aluminium enclosure.

Chopper / Military Pilots UCB adapter ..... P/N 13-09051 ..... $86.95

GPS TRAINING SOFTWARE FROM ASA

GPS Trainer Version 2 is a tutorial to help pilots master GPS from their desktop. For the renter confronted with one brand of GPS one day and another the next; for the instructor who teaches in multiple aircraft; for the aircraft owner who is trying to master the nuances of a favorite navigational tool; for the consumer wanting to search the options before making the buying decision; for fleet and Part 135 & 121 of operators who are required to provide GPS instruction to their pilots. GPS Trainer makes time spent in the Aircraft more effective by providing the appropriate tools to learn the GPS receiver on the ground.• The most popular GPS units are included, pilot scan learn the Bendix/King KLN 89B by AlliedSignal, Garmin GNS530, GPSMap 430, 295 or Apollo GX50/60 all on a single CD • Manufacturers' simulators and operating manuals included • FAA GPS reference materials included •Tutorial runs on both PC & Macintosh systems.

THE COMPLETE G1000 COURSE FROM ASA

The Complete G1000 Course will help you transition from steam-gauge "round dials" to the Technically Advanced Aircraft (TAA) glass cockpit environment. This interactive software allows you to practice becoming proficient in operating the G1000 from the safety and privacy of your home or office computer. The intuitive software interface makes this as easy to use as reading a book. Computer learning tools in the form of cockpit representations and demonstrations of the tasks combine with a Part 141 and and FITS-compliant G1000 course, which is given by Skyline Aeronautics and in forums around the country. In this way the software teaches you how to safely and efficiently use the G1000 without running up the Hobbs! P/N 13-04346 ..... $49.95

MY KIT AIRPLANE SOFTWARE CD

Written for XP and VISTA

Consists of several modules for individual functions. These modules include the Main Menu, Project Entry, Primary Project Selection, Construction Information Entry, Expense Entry, Flight Information Entry, Maintenance Information Entry, and Weight & Balance Tool. Also included are forms for entering Advisor and Category Information. The unique Suppliers Information form contains fields for just about any information you wish to keep track of. There is also a very complete FAA page that contains all the FAA information necessary for you to build, certify, and get your FAA Airworthiness Certificate for your Experimental or Light Sport Aircraft. In addition there is a very comprehensive file of information on Light Sport Aircraft and their construction and operation.Fully tested in XP and VISTA! Does require XP to have SP2 installed. P/N 13-04694 ..... $69.80

THE NAVIGATION CD-ROM

The Navigation CD-ROM is an interactive CD-ROM that teaches how to navigate with VOR, NDB, GPS, HSI, RMI, and Airspace! You'll be prepared for action in the cockpit! Animation, sounds, quizzes and interactivity allow you to visualize navigation concepts while using simulations of actual aircraft equipment. To make learning easy, each tutorial features an easy-to-use point-and-click environment. During each tutorial, you're prompted where to click, when to proceed and what information to provide during quizzes. If you need more time learning a concept, it is easy to review the section at hand. This CD-ROM features a logical progression, clearly written lessons, quizzes, interactive equipment simulation, colorful graphics and animation. System Requirements: Windows Vista, Windows XP, Windows 98, or Windows 95. 4MB RAM (8MB recommended). CD-ROM drive. 2MB hard drive space. Video supporting 256-color mode (minimum). Sound card (not required, but recommended).

VOR/NDB SIMULATOR V2.0

On-screen instructions are fully-voice-narrated. There's only one Simulator Module—you can choose any array of instruments to use, from the Instrument Manager. Instruments are draggable, allowing you to arrange them as they exist on your aircraft's instrument panel. VOR and NDB navigation can be performed simultaneously on the same screen. "Random" buttons generate random aircraft heading, navaid positions, aircraft position, and wind speed and direction Hide and show the aircraft, course lines, path flown, and heading vectors. The instruments and map area can be printed by the default printer configured on your computer. Grid lines on the map area represent square miles. ADF instrument allows fixed-card and rotatable-card methods of use. Precision movement of the course needle on the Course Deviation Indicators and Horizontal Situation Indicator allows greater navigation accuracy. Compass rose symbol on VOR navaids now remains stationary when the course is changed P/N 13-01437 ..... $69.00

GETTING AROUND ON THE GROUND

The only interactive, multimedia tool available that teaches the types of airport markings, signage, and lighting. It also goes beyond simple technical knowledge by outlining hazards, safety tips, and procedures that will help keep you aware, knowledgeable, and safe on the ground. A real-time, 3-D, virtual airport taxi simulator. Get the ATIS, exchange communications with Air Traffic Control, and follow taxi instructions including hold short and runway crossing tasks. Two airports and forty challenging taxi scenarios are included. And, there's no need for special hardware such as rudder pedals, because you control your aircraft with just a few keys on your keyboard. It's easy! By completing all the content and taking the Final Exam, you can qualify to obtain credit for the FAA WINGS program. The WINGS program is a continuing education program for pilots, sponsored by the FAA. You'll not only learn to be a safer pilot on the airport surface—you'll also be able to prove your commitment to flight safety with your WINGS account.

AIRBORNE RADAR ONLINE TRAINING

Airborne-Radar.Com is an online course that teaches how to use airborne weather radar. But, it goes beyond the use of airborne radar, teaching thunderstorm theory, hazards of thunderstorms, airborne radar theory, and airborne radar techniques. A Final Exam concludes the course, enabling the user to test their knowledge. Airborne-Radar.Com is available to PC and Mac users. Most seasoned professional pilots will admit that there has always been a lack of adequate weather radar training. The mantra has always been, "fly the airplane, and figure it out as you go." But there's no reason to continue with that mindset. Now Airborne-Radar.Com provides the only source of thorough, interactive online training for airborne weather radar. ..... FLIGHT OF VOYAGER CD (DICK RUTAN)

This is a recount of the horrific, horrendous, heroic & humorous moments of the Voyager project through the eyes of the pilot Dick Rutan. On Dec. 14, 1986 Voyager took off from Edwards AFB in California and 9 days later landed at the Edwards, completing the first ever non-stop, unrefueled world flight. This 3-CD set (3.5 hrs) includes a mini journal map of the flight, historic photos, fun facts, & more. P/N 13-01163 ..... $34.95

PS

PANEL PLANNER
INSTRUMENT PANEL DESIGN SOFTWARE

Panel Planner software gives you the power to design and build instrument panels in record time. Simply drag full-color, photo-realistic instruments, avionics, and cockpit controls into place on an aircraft panel template or photograph. Panel Planner tracks total cost, total weight, and peak current, generates and equipment list, and even prints actual-size hole-cutting templates and color mock-ups. Panel Planner is easy to install and use with its continuous context-sensitive help to guide you every step of the way. The updatable database includes equipment from King, Narco, Sigma-Tek, David Clark, P.S. Engineering, Insight, Garmin, IFR, II Morrow, UMA, Mitchell, Trimble, Arnav, S-Tek, Century, Vision Microsystems, Avidyne, Digifly, Skyforce, and many more; PLUS switches, lights, control cables, vents, circuit breakers, trim indicators, etc. Create labels, color-coded annunciators, or placards.

PANEL PLANNER PRO (2.9 VERSION)

The PPJ 3.4 update has 100's of new panels and instruments. Please download the Excel spreadsheets. Hundreds of hours were spent reworking older panels to bring out more detail. Instrument manufacturers added like Lonestar that represent new, important auxiliary avionics and more smaller aircraft manufacturers' panel added. View 1600 instruments on 600 aircraft panels. Outputs DXF files for CNC, laser/water jet. Updates over the internet. Full-size cutting template printouts Measurement and alignment tools. Edit existing or create new panel templates. Multiple zoom and magnification levels. Actual-size color prints from desktop printers.

LOGTEN PRO PILOT LOGBOOK APP

LogTen Pro is the electronic logbook of choice for tens of thousands of Mac pilots in nearly 200 countries, and in every major airline. Designed to be completely customizable for your type of flying, country, region, company so you can track exactly what you need.

Features:

- Syncs seamlessly with iPad and iPhone versions (but not required - whether you purchase the Mac version or Universal iPad/iPhone version, your whole logbook travels with you!)
- Data entry is quick and intuitive
- Easily imports existing data and you can customize to your needs
- Automatically tracks currency and duty limits
- Harnesses all the power of Apple Smart Groups so you can slice and dice your data instantly to provide answers to any question about your flight time (great for insurance, flying clubs, interviews, etc.)
- Tracks certificates, ratings, endorsements, medicals, expenses and flight reviews
- Prints stunning reports and official logbooks, over 80 reports available out of the box or you can create your own!
- Automatically calculates night time
- Exports flights and trips right to your calendar
- Automatically processes airline schedules
- Visual limits lets you see at a glance if there's any issures with your schedule
- Customer service second to none...
- And a lot more

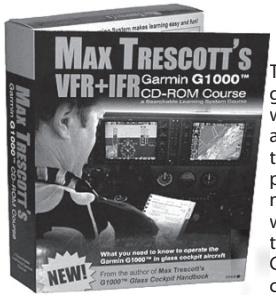
MAX TRESCOTTS G1000 CD-ROM COURSE



There is a revolution sweeping through general aviation. All new aircraft ship with advanced glass cockpits and pilots are faced with the challenge of transitioning to these new systems. The most popular system is the Garmin G1000, and now you can master the system yourself with this new CD-ROM set produced by the author of the popular Max Trescott's G1000 Glass Cockpit Handbook.This course includes: More than six hours on two CD-ROM's, Large, full screen views of displays, Movie screen captures of operating knobs, Printable G1000 front panel displays, Tips from factory and Master CFI's, Narration by two CFI's for easy listening, Keyword searchable slides and transcripts, Optional quizzes to reinforce key points, Files that run on Windows, Macintosh and Linux. PN 13-05534 ..... $89.95

GARMIN G1000 GLASS COCKPIT BOOK - Learn about all Garmin G1000 features & differences Get the single source of information that educates pilots about all of the features and benefits of flying the Garmin G1000, and how features vary among aircraft manufacturers. Whether you fly a Beechcraft, Cessna, Columbia, Diamond, or Mooney, you'll learn which Garmin G1000 features apply to your particular aircraft. Or, if you're planning to buy a new Very Light Jet (VLJ) like the Cessna Mustang or Diamond D-Jet, this book will help you prepare while you wait for delivery.

PN 13-05533 ..... $36.95

MAX TRESCOTT CD-ROM COURSE

Makes it easy to learn all of the details of flying with WAAS. Designed for the Garmin 430W, 530W, 480, G900X and G1000, the course leads you step-by-step through flying these approaches. Videos demonstrate the flying of actual approaches, and software simulators let you practice loading and flying these approaches.The course is taught by Master CFIs Max Trescott and Susan Parson, who say it covers the "gotchas" that can trick even experienced GPS pilots. P/N 13-05067 ..... $99.95

KITLOG PRO SOFTWARE

KitLog Pro is an organizational tool that allows the builder of any type of aircraft to create, archive, maintain, and display the entire building process. Whether your experimental aircraft is a plans-built EAA bi-plane, a Van's RV, a Glastar, or even a Lancair IV-P, KitLog Pro is the most efficient way to ensure that you meet the requirements of a builder's log for the certification of your homebuilt aircraft.

Features: • Complete Builder's log to satisfy FAA requirements Detailed Expense Log •Test Flight Log • Maintenance Log • Weight & Balance Calculator P/N 13-03705 ..... $49.95

WEATHER STATEMENT GROUNDSCHOOL

A CD-ROM-based course on METAR's and TAF's. Nearly 2 hours of stunning, interactive training is provided. Promotes learning through human interaction—not just rote memorization. A remarkable feature is the interactive weather controls, which enable the user to "control the weather." Since weather codes are confusing to interpret, the user can click the "Speak-It" button to hear a verbal translation. This allows the user to correlate codes with a true, visual picture and understanding of the weather. This tutorial CD is perfect for all pilots, from students to rated pilots who wish to remain sharp and proficient. It's also ideal for airport personnel, dispatchers, and anyone else who needs to view aviation weather information.

MULTIMEDIA SOFTWARE FLITESCHOOL

In terms of speed, graphics, clarity, and learning value, FliteSchool from Jeppesen Software is unequaled in its class. Much more than a series of "flash cards" that help you memorize the answers to FAA exams, FliteSchool provides programmed learning modules and Hypertext referencing that leads through a series of associated references to learn more, faster! Flite School's Dynamic Cybernetic Learning enhances your training by analyzing your responses and leading you to new subject areas. You'll find studying with FliteSchool to be more interesting and more effective than other software programs and many video tapes. Material is organized into 20 categories and monitored by topic. The software takes you step-by step through each subject area and returns to areas where you need more work. When you've mastered enough material to pass the FAA exam, you receive a graduation certificate for your instructor to sign off.

WINN BALANCE

Originally designed for the Ultraligh / Experimental aircraft builder/designer to assist in weight and balance calculations, it also works well on conventional aircraft. It is Great everyday flight planning as well. It will run on Win95/98/Me/2000/XP. The program interface is designed so that the CG and weight of your aircraft is automatically calculated with a minimum of effort.

MAIN SCREEN - This main screen contains all calculation input and dynamically displays real-time results. Hint screens are also of valuable assistance on this screen.

HELP SCREEN - Help is never far away, This help screen gives you all the information you will need to perform an initial weight and balance. It describes the entire process of how to weigh your qaircraft and some of the formulas to help you along the way.

SECONDARY INFORMATION SCREEN - This screen stores all your aircraft's installed equipment which forms a portion of your empty weight. This information is retained until you remove each item. It serves as a reminder as to what exactly was installed in the aircraft at the time of weighing. P/N 13-05599 ..... $19.95

PS

VOLAIR SIM COCKPIT CHASSIS

Note: This product is drop shipped direct from the manufacturer. If shipping international, inbound freight from manufacturer to our warehouse will apply in addition to outbound freight from our warehouse to destination.

This modern design is intended to take the flight simulator instruments off our desks and put them in a more realistic simulator environment. Although the pre-drilled installation holes are universal in nature they are also specific for the Saitek brand of instruments.

The Volair Sim flight chassis' name was derived as a play on the Spanish /Italian word volare, which means 'to fly'. This futuristic looking layout is the near perfect setup for most of our flight simulations. You can adapt any piece or combination of pieces of flight sim gear to the basic chassis and go even further with a little imagination, a drill and a screwdriver.

The Volair Sim is a quality product that enhances the flight simulation environment to near real-world expectations. The high quality powdered tubular steel chassis built around the adjustable real world car racing seat is a true joy to experience. The pre-drilled mounting holes and innovative design features along with the universal adjustable mounts adds to the flexibility of the unit. The ability to mount up to a single 42 IN VESA spec monitor or three 19 – 30 IN widescreen monitors makes it an instant hit with all flight simmers. P/N 13-14948 ..... $595.00

ELITE SIMULATORS

PI 135 - Now use the PI-135 to perform the approaches, holding procedures, and intercepting /tracking required under section 61.57(c)(1) for recent instrument experience (instrument currency)! P/N 13-07342 ..... $189.95

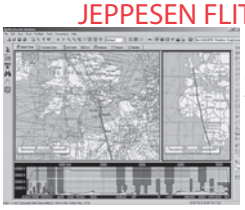
JEPPESEN FLITESTAR FLIGHT PLANNING



FliteStar VFR includes the functionality to satisfy even the most discriminating VFR flyer with features that include: • Graphical TFR Depiction • GPS upload capability • Point-and-click as well as automatic routing • Routing between VORs, NDBs, airports and user-defined waypoints • Direct and great circle paths • Routing around special use airspace • Color-coded elevation information in the planview and profile views • Terrain avoidance flight planning option • Connection to GTE or DTC DUATS via the Internet • Graphic weather overlays • Printed nav logs, flight plan forms, and more • Weight and balance, plus CG location calculations • Dozens of aircraft models and the ability to build your own • Fully compatible with Jeppesen digital RasterPlus VFR and nautical charts • Sunrise and sunset calendar • Color-coded elevation information that can be viewed in both the planview and profile views • Internet or modem connection to CSC or DTC DUATS for current weather and flight plan filing • Auto load function makes installation and NavData updates incredibly easy. • All FliteStar products can be easily upgraded. If you buy FliteStar VFR to get started, you can upgrade to the expanded features and capabilities of FliteStar IFR simply by paying the price difference between the two.

FliteStar IFR v9.0 includes all of the features of FliteStar VFR and Jeppesen's exclusive VectorPlus mapping technology and vector chart themes. FliteStar's chart filtering features allow you to select which chart items are depicted. Intelligent chart de-clutter automatically minimizes label overwrite, making charts easier to read. FliteStar's GPS-direct router avoids airspace vertically as well as laterally, when asked to do so. Integrated terrain data makes your planning easier and more complete by displaying the color-coded elevation information in both the planview and profile views. Weather animation capabilities allow Jeppesen weather images, including satellite and radar images, to be shown in moving sequence, thus depicting weather trend information. And, with release v9.0, cloud bases are automatically shown in the profile view when your weather briefing is complete.

Description	Part No.	Price
North America IFR	6120	$284.05
North America VFR	68273	$149.00
Europe IFR	6006	$371.00
Europe VFR	69383	$149.00
WorldWide IFR	65703	$899.00

RACOON RADIO COMMUNICATIONS TRAINER

The ultimate radio communications trainer. Listen to actual class B airspace radio calls. A complete ATC curriculum. From the Main Menu you have access to video introductions, actual arrival and departure procedures, a comprehensive radio communication ground school and knowledge quizzes. Features: • Photo routes guide you through the arrival and departure procedures for airports in various airspaces. • Hear and read actual ATC radio recordings from multiple pilots. • The ground school course covers communication procedures, air traffic control systems, related equipment. • Challenge yourself using the practical cockpit perspective quiz.
P/N 13-12739 ..... $99.00

HELICOPTER PREFLIGHT GUIDE

Learn to preflight, startup and shutdown the R22 Beta II and R44 Raven II helicopters. The software provides step by step in-depth guidance using video and animated media. Follow the checklist, learn the procedures and become proficient with Robinson Helicopters. Features: • High Definition image quality • 1280x720pix resolution • Runs on MAC an PC (Mac OSX 10 / Windows Vista, 7) min. 1 GB RAM recommended.
P/N 13-12738 ..... $99.00

HELICOPTER MANEUVERS GUIDE

The Maneuvers Guide provides step-by-step guidance with over 2 hours of video and animated media. Each maneuver is introduced by designated pilot examiner Ben Fouts. A detailed graphical animation follows, explaining the maneuvers step by step. Then there is also a cockpit view available showing the flown maneuver from pilot's perspective! Additionally you can profit from the "Examiner's Perspective" videos. Here you will get important information about common errors and see what an FAA examiner is looking for during the check ride. The software is a great learning tool for students and CFIs alike. System Requirements: • High Definition image quality • 1280x720pix resolution • Runs on MAC and PC (Mac OSX 10 / Windows Vista, 7)(requires Adobe Flash 11 and Adobe AIR - free downloads) • Note: This Software does not run on iPad or iPhone min. 1 GB RAM recommended P/N 13-12737 ..... $199.00

PS

SUNFLIGHT GPS 430/ 530 TRAINING SOFTWARE

• The satellite constellation, geometry and capabilities • 3-D positioning, accuracy and RAIM calculations • Great circle routes and map datums • GPS input and output • Common data entry methods • Menu branching and mode structure • Cross mode commonalities • Integrating GPS into the instrument scan • Efficient use of the display elements • Integrating the GPS into checklist discipline • Using OBS mode to the greatest advantage • Interfaces to aircraft systems, moving maps and the autopilot • Precision and non-precision approaches • Using GPS for precision tracking in the hold • Flight plan creation, organization and manipulation • Current regulations • Direct-to and tracking operation • Loading predefined routes (SID/STAR) • Nav page layout and use • Emergency airport searches • Waypoint information pages • VNAV operation • Intercept and tracking a multi-leg course • ILS integration • And much more. P/N 13-12712 ..... $99.95

SUNFLIGHT WEATHER TRAINING SOFTWARE

• Discriminate between active and passive weather detection • List the three stages in a thunderstorm's lifecycle • List the three types of lightning • Describe the method of lightning detection methodology • Describe the inputs and outputs of a typical lightning avoidance system • Recall a mental image of lightning detection symbology • Describe the cell display types and their use • Describe a lightning detector self-test sequence • Recall a mental image of the display control layout • Formulate strategies for weather avoidance using a lightning display • Incorporate lightning detection into decision strategies • And much more. P/N 13-12713 ..... $17.95

SUNFLIGHT TERRAIN TRAINING SOFTWARE

• Recall the purpose of terrain avoidance technology • Review the accidents that led up to the implementation of TAWS • Discriminate between the different types of TAWS
Recall the mandates of TAWS rulings • Describe the method of terrain database comparisons to present position • Recount the audio alerts and their priority levels • List the types of terrain elevation symbology and their priority levels • Recall the formulation and limitations of derived altitude • Diagram terrain database cell resolution • Locate and implement use of the terrain inhibit feature • Recall the various protection schemes • List the differences between the normal and peaks mode • Formulate strategies for terrain avoidance using a TAWS display • Incorporate TAWS limitations into decision strategies • Describe the inputs and outputs of a typical TAWS system • Recall a mental image of the display control layout • And much more P/N 13-12714 ..... $17.95

SUNFLIGHT AUTOPILOT TRAINING SOFTWARE

• Differentiate between position and rate systems • Correlate the similarities between autopilots and human functioning • Diagram the autopilot control system • Describe the operation of the autotrim system • List the different modes and capabilities • Recount navigation tracking theory and limitations • Gain knowledge of navigation modes and their capabilities • Describe the function of accelerometers • List the inputs and outputs of a typical autopilot • Describe the operation of altitude alerters and preselectors • Describe the operation of a flight director • Recount procedures for front and back course approaches • Describe procedures for GPS approaches • Formulate strategies for autocoupled approaches • Incorporate autopilot response into decision strategies • Recognize and evaluate failures • And much more. .....
P/N 13-12715 ..... $64.95

SUNFLIGHT TRAFFIC TRAINING SOFTWARE

• Discriminate between the different types of TCAS and TAS • Describe the method of intruder tracking methodology • Understand the limitations of current traffic awareness technology • Discriminate between the different transponder systems and capabilities • List the four types of intruder symbology and their priority levels • Describe the two sensitivity levels and their priority • Recall the altitude switching, and lockouts, of the sensitivity levels • Describe the tracking of a constant bearing intruder • Verbalize a typical TAS encounter to ATC • Incorporate TAS limitations into decision strategies • And much more
P/N 13-12716 ..... $17.95

HARDWARE OPTIONS FOR ON TOP AND IP TRAINER

FLIGHT SIM YOKE USB - Top of the line yoke features 15 button functions, throttle, prop, mixture controls, X&Y trims, gear and flap switches. Requires USB computer connection and Windows 98®. Prop and mixture controls work only with Fly and FlightSim 2000 software.
P/N 13-00737 ..... $121.75

CH ECLIPSE YOKE - Fully programmable fingertip paddles, ideal for flight and racing sims. Programmable trim / scroll wheels with center push function. Two backlit push buttons and a third traditional push button. Two 8-way hat with rocker switch and trigger on both sides of handle. Configurable POV hat for either left or right hand use. Colored handles for throttle / prop / fuel mixture. Three color LED selector dial giving you a total of 240 programmable functions with CH Control Manager software. Six analog 10 bit axes for aileron, elevator, throttle, propeller pitch, fuel and rudder. New and improved industrial grade material / components; indestructible robust plastic, free floating shaft and clamp extenders for the thinnest of desks P/N 13-06127 ..... $178.75

CH PRO RUDDER PEDALS USB - Features forward/backward slide motion for real simulation flying. Also works well as gas and brake controls for racing simulators. These 3 axes pedals are ideal with the 5 axes USB Flight Sim yoke. P/N 13-00738 ..... $112.75

Kit #1 - Yoke and Rudder Pedals..... P/N 13-06766 ..... $213.95
Kit #2 - Yoke, Rudder Pedals, & Microflight Simulator Software (PN 13-04958) ..... P/N 13-06765 ..... $253.95

CH THROTTLE QUADRANT USB - TWIN ENGINE. Fully programmable and featuring six physical dent axis' and up to 350 buttons. Throttle Quadrant USB takes you from the computer to the cockpit. Features: 6 Axis 12 Buttons (24 Button functions w/Control Manager Software (included), 6 Physical Detents, Fully Programmable with CH Control manager, Compatible with Windows 98, Windows ME, Windows 2000 & Windows XP. Compatible with all Windows based Games.
P/N 13-03377 ..... $122.75

VRTR400 CONSOLE SIMULATOR

The VR Aircraft VRTR400 Console Simulator offers the ultimate in realism, flexibility, mobility, reliability, and cost effective flight training! This high quality instrument panel simulation system represents what you would find in a real single engine aircraft. The VRTR700 is as real as it gets! With today's rapidly escalating operating costs, you can keep flying without burning a drop of fuel, or worrying about the weather. With a small 42" x 18" footprint, the VRTR400 Console simulator will fit in very compact areas, on a desk or small table. Built to rugged specifications, VR simulators will give years of trouble free service. VR simulators are built tough enough to let big kids and non-pilots fly it HARD! Not supplied: PC Computer system capable of operating Microsoft flight simulator 2004 or FSX. Suggest 2.2ghz or higher 2Mb ram Video card(s) capable of having three video outputs. Microsoft flight simulator program Rudder pedals (USB)
VRTR400 Standard Radios ..... P/N 13-06760 .....$8,750.00
VRTR400-G Dual Screen Glass(G1000) ..... P/N 13-06761 .....$9,150.00

MICROSOFT FLIGHT SIMULATOR AS A TRAINING AID

2nd Edition Microsoft® Flight Simulator has inspired many thousands of young "gamers" to pursue flight training in real life and has provided certificated pilots with countless hours of entertainment. And even though there is an awareness that PC-based simulations—and Microsoft Flight Simulator in particular—are helpful as aids in flight training and pilot proficiency, for many it is still unclear how best to benefit from the experience of virtual flying.
P/N 13-04937 .....$19.95

MICROSOFT FLIGHT SIMULATOR X DELUXE EDITION

"Flight Simulator X" is the culmination of nearly 25 years of the landmark "Flight Simulator" franchise and the most significant addition to date. The 10th addition to the highly successful "Flight Simulator" franchise, this newest addition will immerse players in a beautifully rich and realistic world, offering a completely new and innovative gaming experience with dozens of new aircrafts to choose from, including the AirCreations Kiss Ultralight and Maule M7-260C Orion with wheels and skis. Gamers of all ages, types and skills levels will experience firsthand what it's like to be an aviator traveling the globe either alone or online with others. FEATURES: Immersive World., Mission-based Gameplay, New Aircraft, Connected World, Interactive Airports. DVD-ROM for the Microsoft© Windows © 98, Windows 2000, Windows Millennium Edition (Windows Me), WindowsXP and Windows Vista™ operating systems P/N 13-04958 .....$37.95

PS

REDBIRD FLIGHT SIMULATORS

THE JAY BY REDBIRD

Start Up-procedure:

1. Put it on a table.
2. Turn it on.
3. Fly.

Practicing at home is a great idea for pilots. You can keep your skills sharp and your mind in the cockpit even when you can't make it to the airport.

In reality, however, two obstacles deny a majority of pilots effective home flight simulation: purchasing and assembling the right hardware requires a PhD in computer know-how, and after flying around the virtual world for a bit, most pilots get bored. Redbird Flight Simulations, the world leader in FAA-approved flight simulators for general aviation, has addressed both these issues with the Jay.

The Jay contains the monitor, speakers, computer and flight controls—all-in-one unit that is ready to fly right out of the box. It boots up directly to a launch screen where you can select your airplane, airport and weather conditions. Push the green button and you're on a runway and ready to go.

Scenario-based training? It's built in.

The Jay is more than a simulator—it's a flight experience device supporting training, proficiency, and just plain fun! In addition to the free flight mode where you select the aircraft and conditions, the Jay has a scenario mode where you can load a preset scenario and fly it.

A scenario could range from a simple flight challenge to a complex flight with multiple potential outcomes. For example, a magazine article on an aircraft accident could be linked to a mission where the Jay owner flies that scenario. Redbird Media, a company specializing in curriculum for simulation, will create many of these scenarios in partnership with AOPA Pilot and other training outlets and magazines.

The scenario exchange will be open to any company wishing to create scenarios for the Jay. A one-button update on the Jay will load the latest scenarios available for free or that the owner has purchased.

The Jay home screen also has a built-in web browser to access scenario add-ons, such as video, or download simulator extensions such as additional aircraft or scenery.

The Jay chassis is metal, not plastic. Control smoothness is paramount. The parts should last indefinitely. In addition, there are pilot-centric touches. For example, the yoke travel is equivalent to a typical Cessna or Piper single—about three times as far as most plastic flight sim yokes move.

The software powering the Jay is Lockheed Prepar3D (pronounced "prepared"). Prepar3D is an evolution of Microsoft's FSX, enhanced and expanded for professional-level simulation, including Redbird's full-motion simulators.

This means most of the many plug-ins, aircraft and communities designed for FSX will work flawlessly on the Jay.

P/N 13-15906..... $2,490.00

REDBIRD TD BY REDBIRD

Table not included
FAA Approved BATD Simulator

The Redbird TD and TD2 are table-mounted flight training devices that are designed with the ergonomics of flight in mind at a price that everyone can afford. Plus, they're fully packaged and easy to set up and operate, making it the most realistic and effective trainer on the market. Traditional "desktop" flight training devices sit on top of a table or desk, causing the pilot to reach up for the yoke and to look unrealistically high for the gauges. The TD and TD2's unique mounting system allows it to be hung under the table, placing the yoke, switches, gauges and visuals in the correct and most realistic position for the pilot. The Redbird TD and TD2 are perfect for flight schools looking to enhance training with simulation, and for individual pilots looking to hone their skills and stay current from the comfort of their home or office.

The newly redesigned Redbird TD & TD2 give you the freedom to fly with interchangeable glass and steam gauges on one device. They represent generic,single engine piston training aircraft. With the TD2, you can fly with or without retractable gear, constant speed prop and or a high performance engine.

Features:

- 90-day warranty with optional 1 or 2-year extended warranty
- Interchangeable instrument panel - traditional or glass configurations
- Complete terrain and airport database
- Equipped with computer, monitor, instrument panel, keyboard and speakers
- Ergonomically correct design which easily slides onto a sturdy, solid table
- FAA Approved BATD with optional rudder pedals
- Failure Hotkeys

Room Requirements:

You will need a sturdy, solid table with a maximum tabletop thickness of 2.25" including any rails and the underlying structure. There should be at least 29" between the legs of the table to allow the TD to slide on to the table smoothly. Please note that you must install the adjustable supporting leg for added stability, if you are not using a Redbird TD table or platform.

ON TOP ELITE BASIC APPROVED TRAINING DEVICE

Presenting pilots, instructors and flight schools with the next level of FAA-approved aviation training devices (ATD), the On Top-ELITE Basic ATD. Users retain all the benefits of our original PCATDs as well as the obvious next step—the ability to log additional time after the initial instrument rating is complete. This means it is a loggable training device for private pilot training, initial instrument rating and for maintaining currency requirements—by far the largest benefit of using a Basic ATD. The On Top-ELITE Basic ATD meets the FAA requirements* for a loggable training device for the following when flown under the supervision of a flight instructor: Instrument Currency: Per 14 CFR 61.57(c)(1), 6 instrument approaches, holding procedures, intercepting and tracking NAVAIDs. Instrument Rating Training: Per 14 CFR 61.65(e)(2) and 141.41(b), 10 hours towards the instrument rating experience requirements. Private Pilot Training: Per 14 CFR 61.109(k)(1), 2.5 hours towards the private pilot experience requirements. Proficiency Training: Per 14 CFR 141.57, any number of hours deemed appropriate by the school when conducting a special curricula dedicated to pilot proficiency. FAA Wing's Program: Per AC 61-91H Pilot Proficiency Program, paragraph 7 a (3), 1 hour of instrument training. P/N 14-01979 .....$5,795.00

ON TOP ELITE LIGHTED BASIC APPROVED TRAINING DEVICE

The On Top-ELITE Lighted Basic ATD meets the FAA requirements for a loggable training device for the following when flown under the supervision of a flight instructor:Instrument Currency: Per 14 CFR 61.57(c)(1), 6 instrument approaches, holding procedures, intercepting and tracking NAVAIDs. Instrument Rating Training: Per 14 CFR 61.65(e)(2) and 141.41(b), 10 hours towards the instrument rating experience requirements. Private Pilot Training: Per 14 CFR 61.109(k)(1), 2.5 hours towards the private pilot experience requirements. Proficiency Training: Per 14 CFR 141.57, any number of hours deemed appropriate by the school when conducting a special curricula dedicated to pilot proficiency. FAA Wing's Program: Per AC 61-91H Pilot Proficiency Program, paragraph 7 a (3), 1 hour of instrument training.

SAITEK FLIGHT SIMULATION

CYBORG V.1 FLIGHT STICK

Ergonomic, ambidextrous stick with trigger and five buttons. Pinkie switch operates as a normal control or can be programmed as a 'shift button' to double up your control functions. Throttle lever for smooth, realistic engine control. Twist action rudder control. Unique removable legs for easy storage. Supported by Saitek's powerful SST programming software. Compatible: Windows 7, XP/XP64, and Vista. P/N 14-03011..... $31.50

CYBORG F.L.Y. 5 FLIGHT STICK

Tilting head mechanism. Adjustable head buttons – Adjustment tool – Stores securely in the stick base. Twin Throttle – Control separate engines or assign one throttle to the engine and the other lever to another function such as elevator trim. Shift button – Doubles up the number of assignable buttons on the Cyborg X when using the included ST Programming software. 12 buttons.
P/N 14-02958..... $69.75

SAITEK F.L.Y. 9 WIRELESS FLIGHT STICK FOR XBOX 360

Throttle and twist rudder controls for complete maneuverability. Unique base design features removable feet. Wireless connection syncs quickly and easily with your console. Superior control for your flight games!
P/N 14-02842.....$129.99

SAITEK X52 FLIGHT CONTROL SYSTEM

Enhanced game play through intuitive Multi-Function display (MFD). Illuminated buttons and MFD - ideal for low light environments. Rubber grips and ergonomic design for increased comfort and fatigue-free gaming. Includes Roger Wilco Chat software - the ideal accompaniment for on-line multiplayer gaming.
P/N 14-02845.....$138.85

SAITEK X52 PRO FLIGHT SYSTEM

The MFD screen is now interactive. Now you can display important in-game information such as the Radio Stack and interact with your games directly. Shipping with support for Microsoft's Flight Simulator X, there's also a Software Development Kit (SDK) included which allows budding programmers to create interactions with their own favorite games. P/N 14-00649.....$169.95

SAITEK PRO FLIGHT YOKE SYSTEM

Meets the exacting needs of the true flight simulation enthusiast. Stainless steel shaft, ergonomic controls, integrated chronograph and separate throttle quadrant. Use the integrated USB Hub to easily connect other parts of the Saitek Pro Flight range of products, such as additional Pro Flight Throttle Quadrant or Pro Flight Instrument Panel (sold separately). P/N 14-00598.....$149.85

SAITEK PRO FLIGHT INSTRUMENT PANEL 6 PACK

Featuring a stunning 3.5" colour LCD screen, the Instrument Panel can display 6 of the main cockpit instrument panels from Microsoft's Flight Simulator X. Choose between 6 different flight instruments at the touch of a button: Altimeter, Attitude Indicator, Airspeed Indicator, Compass, Turn and Slip indicator, and Vertical Speed.
P/N 14-03010.....$774.95

FLIGHT TRAINING COCKPIT ADVANCED PANEL

Advanced Panel offers a cockpit-realistic way to mount Saitek Pro Flight Simulation Instruments and Controls. The Advanced Panel twist-and-remove pre-cut tabs allow you to add Saitek hardware to your Advanced Panel over time and trade simulation devices between slots. Small tabs accommodate up to 10 Pro Flight Instruments. Each Saitek Flight Instrument Panel allows you to digitally switch between simulating eleven flight instruments. Alternatively, mount a Hannspree HL161ABB 16" Screen LED-Lit Monitor in one of several possible Panel face mounting configurations.
P/N 13-13088.....$319.00

SAITEK PRO FLIGHT THROTTLE QUADRANT

Upgrade your flight simulation experience with the Saitek Pro Flight Throttle Quadrant. This makes an ideal addition to the Saitek Pro Flight Yoke System to expand the number of controls for your flight simulation setup. Set the levels to control aircraft throttles, adjust elevator trim, fuel mixture or even to engage reverse thrust during landing. The Pro Flight Throttle Quadrant will work in any major flight simulation to give you all the control you need.
P/N 14-00601..... $59.95

SAITEK PRO FLIGHT RUDDER PEDALS

Complete your virtual pilot's controller setup and take flight simulation reality to the next level with the Pro Flight Rudder Pedals. Control the rudder and toe brakes of your aircraft with your feet - just like real pilots. Adjustable, smooth action gives you optimum control and realism, and brings you even closer to the experience of flying a real aircraft.
P/N 14-00602.....$159.85

PRO FLIGHT COMBAT RUDDER PEDALS

Inspired by pedal designs found in modern fighter aircraft such as the F16 or F35, the Rudder Pedals are constructed from a highly robust Di-cast alloy, providing durability and authenticity for the most demanding of aspiring pilots. Independent left and right brake axis allows for greater accuracy and precision when performing braking maneuvers. Self-centering rudder axis works in conjunction with a user configurable dampening adjuster, allowing users to define levels of pressure required to operate rudder controls.
P/N 14-02849.....$199.95

SAITEK PRO FLIGHT SWITCH PANEL

Upgrade your flight simulation experience for Microsoft Flight Simulator X with the Saitek Pro Flight Switch Panel. Whether attached to the Saitek Pro Flight Yoke System, free standing on a desk or mounted into your own cockpit setup, the Pro Flight Switch Panel is an ideal way to expand the number of controls for your flight simulation setup. P/N 14-00714..... $99.95

SAITEK PRO FLIGHT RADIO PANEL

Upgrade your flight simulation experience for Microsoft Flight Simulator X with the Saitek Pro Flight Radio Panel. LED displays work fully in real time with Flight Simulator X and 2004, removing the need to bring the radio stack up on screen. A set of switches and LED displays for use in controlling various aspects of flight simulation. COM1 / COM2 / NAV1 / NAV2 function. DME / ADF / XPDR functions. P/N 14-00969.....$154.75

SAITEK PRO FLIGHT TPM SYSTEM - THROTTLE/PROP/MIXTURE AXIS

Fully compatible with all major flight simulation titles and pre-existing flight simulation set ups, the Pro Flight Throttle, Pitch and Mixture System replicates the control surface found in light aircraft, such as the Cessna®, Piper® and Money Bravo®. Three durable aluminium rods allow users to accurately alter throttle, pitch and fuel mixture levels and an additional 9 fully programmable toggle switches provide a host of user defined controls during flight. Connectivity: USB 2.0 P/N 14-02850.....$149.95

SAITEK FLIGHT BACKLIT INFORMATION

Compatible with Microsoft® Flight Sim™ X and Flight Sim™ 2004, the Pro Flight Backlit Information Panel provides users with clear and authentic information during flight. Command tiles not illuminated remain invisible to the naked eye, allowing aspiring pilots to accurately access the information they need, when they need it. Connectivity: USB 2.0. P/N 14-02848.....$149.95

SAITEK PRO FLIGHT MULTI-PANEL

Upgrade your flight simulation experience for Microsoft Flight Simulator X with the Saitek Pro Flight Multi Panel. LED displays work fully in real time with Flight Simulator X and 2004, removing the need to bring the autopilot up on screen. A set of switches and LED display for use in controlling various aspects of flight simulation. Full Autopilot panel with associated setting controls: Auto Throttle, Flaps, Elevator Trim wheel. P/N 14-00968.....$149.95

SAITEK PRO FLIGHT INSTRUMENT PANEL

Featuring a stunning 3.5" colour LCD screen, the Instrument Panel can display 6 of the main cockpit instrument panels from Microsoft's Flight Simulator X. Reacting and updating in real time with events from the game, the Instrument Panel brings an extra level of realism to your flight simulation setup. Choose between 6 different flight instruments at the touch of a button: Altimeter, Attitude Indicator Airspeed Indicator Compass Turn and Slip indicator, Vertical Speed. P/N 14-00870.....$149.95

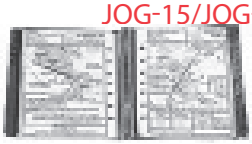
JEPPESEN AIRWAY ACCESSORIES

JOG-15/JOG-30 CHART ORGANIZER



Transparent Pockets are ideal for holding trip charts, flight plans, aircraft checklists, etc. Index tabs & spiral binding make it easy to access the chart you want.

15 pocket.....P/N 13-62116-5 ..... $12.60
30 pocket.....P/N 13-62116-6 ..... $25.00

CHART POCKET

Transparent durable vinyl pocket holds two enroute charts. 7-hole punched for binder.

P/N 8063 ..... $3.75

JEPPESEN APPROACH CHART POCKETS

Heavy-duty durable transparent plastic pocket is ideal for holding Jeppesen approach charts, trip charts, flight plans, and aircraft checklists. Convenient deign allows charts to be displayed, then easily and quickly removed and rearranged without opening and closing rings in Jeppesen binders and 3-ring kneeboard. Features 7-hole punch, unique thumb grip and offset pocket. Excellent for add-on and replacement pockets for 3-ring kneeboard and Airway Binders. 3 Pack.

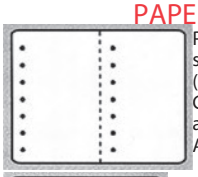
P/N 13-07572 ..... $5.95

APPROACH CHART PROTECTOR

Protection plus. Transparent plastic envelopes protect your most frequently used approach charts, while accepting marks from almost any writing instrument. Easy Erase. Set of 10.

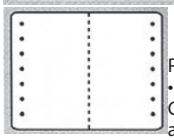
P/N 13-21748 ..... $5.00

MULTI PURPOSE PRINTER PAPER FOR JEPPESEN BINDERS



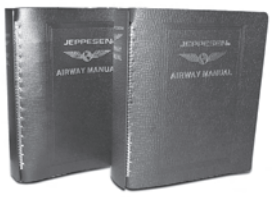
Perforated, 7 hole (center & edge) • 500 Letter size sheets • Print up to 1,000 Jeppesen size sheets (5.5"x 8.5") • Create print from your software • Checklist/Procedures • Schedule/itinerary •Phone/ address • Pilot Notes • Flight time/ Expense Log • Approach Charts P/N 13-33003 ..... $15.15

JEPP VIEW PRINTER PAPER FOR JEPPESEN BINDERS



Perforated, 7 hole (edge only) • 500 Letter Size sheets • Prints 1,000 Jeppesen size sheets (5.5"x8.5") • Create & print from your software – area charts & approach charts P/N 13-33002 ..... $15.15

JEPPESEN BINDERS



Functional, durable, protects & lasts. Jeppesen's leather binders are made from top-grain cowhide and include steel hinges and safety locks to secure the rings. The sturdy Duraflo binder has the look and the feel of our leather binders. The flo-mold process laminates and binds sturdy, ethylene acetate with a clear tough suryln outer surface. Available in brown and black.

Standard leather 1" Binder. ..... P/N 13-03251..... $46.55
Standard leather 2' Binder. ..... P/N 13-03250..... $54.75
LB-2 Leather, 2" Rings, Stay-Open Bar..... P/N 13-21738..... $97.00

PLASTIC BINDERS

PB-2 Denlon wrapped, 2" Rings, No Stay-Open Bar.
P/N 13-21744..... $35.60
PB-1.5 Denlon wrapped, 1.5" Rings, No Stay-Open Bar.
P/N 13-22792..... $42.80

CREW OUTFITTERS AIRWAY MANUAL LEATHER BINDERS

Try these quality, textured leather airway manual binders. The binders come with seven rings that accommodate the standard size airway manual pages and tabs. Equipped with two inside pocket sleeves for even more organization.

2" ..... P/N 14-00557..... $12.50

CD-POCKET

Durable vinyl pocket holds 2 CD-ROMs, 7 hole punched for binder. Set of 10.

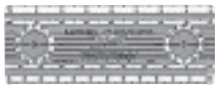
P/N 13-62800 ..... $11.95

PILOTS NOTES

Write it down! Handy for flight planning, enroute notes. Fits Jeppesen Binders. Pkg of 500 sheets.

Lined Pilots notes..... P/N 13-06806..... $5.70
Unlined Pilots notes ..... P/N 13-06805..... $3.50

PV-5 IFR Enroute Plotter
Size 3-3/16" x 8-1/2"
P/N 13-21718 ..... $9.70



CHARTABS

Quick reference tabs labeled, "Departure, Destination and Alternate" help you find your place fast. Plastic color coded.

Set of 3. ..... P/N 13-21752 ..... $7.50

MULTI-TABS

Make your binder work like you do. Write you own labels to separate you contents. Erasable, reusable. Lines for notes. Set/13. P/N 8455 ..... $5.95

JEPPESEN STATE TABS SET

Easily identify your charts with these tabs.Organize your charts and text sections by state. One set.

P/N 13-07574 ..... $11.50

INDEX TABS

Simplify Location of desired charts and index sections in your airway manual or trip kit.

Set of Alphabetical Tabs.... P/N 13-62541-5 .....$19.00
Set of Sectional Tabs..... P/N 13-62513-5 .....$20.95

AIRWAY MANUAL ACCESSORY PACK

Each pkg Contains: • Chartabs (set of 3) • Approach chart protectors (set of 10) •NavLog/Flight Plan Forms (set of 50) • Multi-tabs (set of 13) • Pilot Notes (set of 25 lined) P/N 13-62604-6 ..... $23.75

VFR/NAVIGATION LOG PAD

Record all of your flight information in a single convenient log. 50 sheets. Size: 11"x 8.5"

P/N 8846 ..... $10.95

NAVIGATION LOG / VFR FLIGHT PLAN FORM

Perfect Flight Planning partner. Features a weather log. Two sided fits into Jeppesen binders for easy in flight reference. Package of 100. Size: 5.5" x 8.5"

P/N 13-21754 ..... $5.95

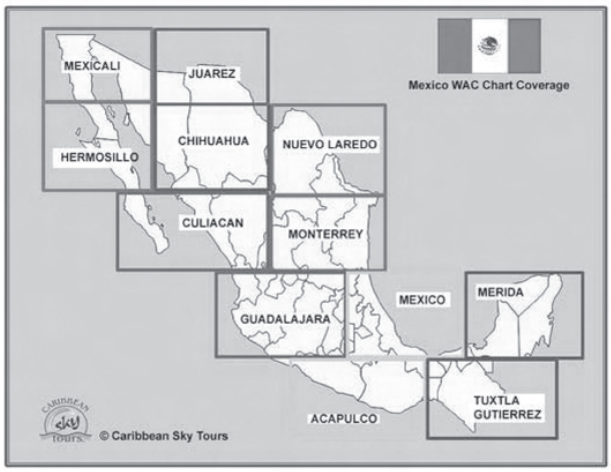
IFR FLIGHT FILE

This handy chart planner and organizer holds NOS or Jeppesen approach plates, SIDs and STARs, and airport diagrams. Easy to load static-hold chart protectors, and fits yoke clips & keenboards. Important reference information relating to IFR departure, enroute, approach, and alternates. P/N 13-55016.....$19.95

PS

REFERENCE MAPS – AIR MAPS

MEXICO VFR WAC CHARTS



Published by INEGI - Mexico's National Institute of Statistics, Information & Geography. These World Aeronautical Charts (WAC) were released in 2008 and contain topographical, airport and navaid information. Mexico is divided into 12 regions and 2 regions are printed on each chart for a total of 6 individual charts. Updated every 4 years. SCALE 1:1,000,000.
Note that aircraft landing in Mexico that departed from Central America, South America or the Caribbean are subject to special AOE requirements and can only use the Cozumel and Tapachula airports as AOE's. Detailed airport information and fuel availablilty can be found in the Pilot's Guide.

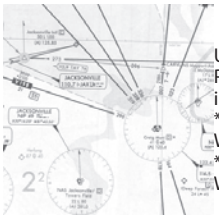
Description	Part No.	Price
Monterey-N.Laredo	13-06079	$14.95
Acapulco-Mexico	13-06080	$14.95
Tuxtla Gutierz-Merida	13-06081	$14.95
Chihuahua-Juarez	13-06082	$14.95
Hermosillo-Mexicali	13-06083	$14.95
Guadalajara-Culiacan	13-06084	$14.95

PILOTS FREE FLIGHT ATLAS - USA

Base cartography is the US Road-Atlas 1: 2.000.000 which includes mountain ranges, lakes, rivers, etc. . As well, all other elements such as, cities, towns. Parks and points of interest or historic value and of course, the railways and motor-ways themselves.
To this, they have added all airports in USA (over 5,500) and colour coded them by runway length /surface and category ,ie. International, Regional, Civil/Military, etc.. VOR/DME , Reporting points, Waypoints), Volmet frequencies and special Use Airspace are also shown making our new "Pilots' Atlas" the first of it's kind. Keymap for 106 pages cartography. Scale 1:2.000.000. Distance, Pilot Metro and Weather Radar Map
Satellite Photo. Political Map. Cartography Captains Corner Airport Directory with over 5,500 airports. Captains Corner Conversion tables + crosswind component P/N 13-07299..... $31.95

PILOTS FREE FLIGHT ATLAS - EASTERN HEMISPHERE (EUROPE, MIDDLE EAST, & SOUTHEAST, ASIA)

JNC scale, topographical charts are used showing over 4,500 airports Waypoints, VOR/DME, NDB´s and special use airspace are included, plus weather frequencies, points of interest, landmarks, airport-directory with ICAO-codes, railways, rivers, major highways, just to name a few. Airports are colour coded by runway length and surface. International/ regional Aerodromes are coded by symbol shape. Pilots now have the ability to point out objects on the ground or know immediately where they are in relation to surrounding airports or points of interest: an all-in-one source of information for pre-flight or during flight. P/N 13-07300..... $38.75



IFR AREA CHARTS - U.S.

United States Government Flight Information Publication IFR Area Charts - U.S. Area consisting part of: * A-1 Minneapolis/St. Paul * Detroit * St. Louis * Atlanta * Jacksonville * Miami * Washington * A-2 San Francisco * Los Angeles * Phoenix * Denver * Kansas City * Dallas/Fort Worth * Chicago/Milwaukee
P/N 13-00773.....$4.45

AVIATOR'S QUICK REFERENCE MAPS

Flight Case Map - US 5th Edition
This is the map that actually started it all and launched our business in 1988. The Aviators' Quick Reference Map has become standard equipment in the flight bags of thousands of professional pilots all over the world and is standard issue to the pilots of several major airlines.
Colorful and accurate, these maps clearly depict state boundaries, time zones, major cities and towns, rivers, lakes, mountain ranges, national parks and points of interest. Also listed are major airports and VOR's (with frequencies for easy identification). Hundreds of interesting state by state facts and figures are listed on the back side. Two finishes: laminated or tearproof. The laminated version has a write-on/wipe-off surface. Either is durable enough to with stand years of use. A great aid for making more interesting PA's. When folded, laminated map measures 10.5" x 16" and tearproof is 8" x 10.75". Both fit perfectly in a flight case. Scale 1"= 90 miles.
Laminated U.S.....P/N 13-05677..... $31.95
Tearproof U.S .....P/N 13-05678..... $28.95
Tearproof Europe .....P/N 13-05679..... $28.95
Tearproof Latin America .....P/N 13-05680..... $29.95
Tearproof Alaska w/ Canada .....P/N 13-05687..... $28.95

U.S. QUICK REFERENCE WALL MAP

Due to popular demand, we have come up with an extra large version of our popular Aviators' Quick Reference Map and made it wall-size. Perfect for use at home, office, hangar, briefing room, etc.
This map depicts state boundaries, time zones, major cities and towns, rivers, lakes, mountain ranges, national parks and other points of interest. Also listed are major airports and VOR's (with frequencies for easy identification).
It is ideal for flight planning or "pinning" your favorite destinations. Measures 33" x 23" or 52" x 36" and is laminated so that you can write on it and just wipe it off. Makes for an attractive wall mount anywhere! Shipped to you rolled with no creases. Scale: 1"= 55 miles.
Wall Map U.S. Expanded.....P/N 13-05688..... $47.95

AVIATOR'S QUICK REFERENCE DESK MAP - US

The same map as the US Flight Case Map, without the folds and a 1 inch border added with lattitudes and longitudes. Heavy map paper and laminate. Full map size: 33 1/2" x 23"
PN 13-05690..... $30.95

FOLDED PILOT'S MAP

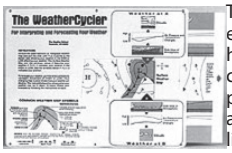
This map measures 3 feet by 2 feet and is encapsulated on both sides by a rugged 3 mil laminate for durability. The map is extremely detailed and includes hundreds of airports (civil and military), vor's, ndb's, terrain features, national parks, cities, time zones, etc. The back of the map has a very detailed AM radio frequency guide for all 50 states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands. Contains state information including capitals, square mileage, population, and nick names along with each state flag. Great for pilots and aviation enthusiasts. Flight plan information, ATC light gun signals, cruising altitudes, and a crosswind component chart included.
Folded Pilot's Map.....P/N 13-11247..... $18.75
Pilot's Laminated Wall Map .....P/N 13-11248..... $18.75

AIR TRAVELERS MAP

Intended for the airline or business jet passenger, this flight reference map is designed primarily for trip planning and referencing landmarks of the USA while in flight.
Packed with useful information on cities, parks, highways, and other points of interest from California to Maine.
The folded flight map is printed on durable tear-proof paper and fits perfectly in a seat pocket or briefcase, making it a great gift for the "Frequent Flyer"! Flight Map Measurements: 8 1/2" x 11".
P/N 14-02827..... $18.95

PS

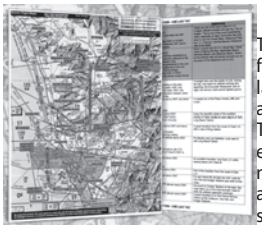
WEATHERCYCLER WEATHER KIT



This slide chart gives pilots easy-to-understand explanations of weather systems including highs, lows, cold fronts, & warm fronts. The chart shows various weather symbols and provides a guide to become very familiar with aviation weather maps. Laminated for long life. Includes instruction booklet & study guide. Size: 8.5" x 11". P/N 13-29949..... $10.85

FULL-COLOR CLOUD CHART

"Clouds: A Guide to the Sky" shows full-color photos of 30 different cloud formations, (with descriptions) and the weather associated with each. 25" x 37" on heavy stock. P/N 13-14758.....$5.95



SCENIC FLIGHT MAPS

The Scenic Flight Maps give you many different routes for sightseeing to the major landmarks, famous places in Los Angeles and Orange County or San Diego area. The multiple color graphs and route pointers are really easy to read and follow. The map is laminated to keep from daily tears and protects from liquid spill. On the back side, it shows three columns: Route, Need to Know and Sightseeing sections, to better guide you in your travel without confusion or time lost.

Scenic Flight Maps L.A./O.C..... P/N 13-05667 ..... $11.95
Scenic Flight MapsSan Diego ..... P/N 13-05668 ..... $11.95

AERONAUTICAL CHART USER'S GUIDE

A critical reference tool for any navigator, the ninth edition of the Aeronautical Chart User's Guide presents the most up-to-date information on charts adhering to Visual Flight Rule (VFR) and Instrument Flying Rule (IFR). Number of Pages: 80 Dimensions: 8.5 x 11 x 0.8 in.

P/N 13-11595.....$9.95

VFR WALL PLANNING CHART

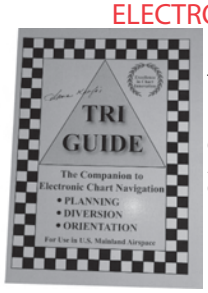
U.S. VFR Wall Planning Chart is designed for VFR preflight planning and provides aeronautical and topographic information of the conterminous U.S. The aeronautical information includes airports, radio aids to navigation, Class B airspace and special use airspace. The topographic information includes city tint, populated places, principal roads, drainage patterns and shaded relief. This chart, 59x36 inches flat, is updated annually. P/N 13-14786.....$8.95

CANADA FLIGHT SUPPLEMENT IFR CHART

The Canada Flight Supplement is a joint civil/military publication. It contains information on Canadian and North Atlantic aerodromes and is used as a reference for the planning and safe conduct of air operations. Features: •General: Tables, legends and associated information pertinent to interpretation of the supplement. •Aerodrome Directory •Planning •Radio Navigation and Communications •Military: Flight procedures and data, including sections on procedures for flight in the USA, North Atlantic and Alaska, air/ground communications and military training routes/areas. • Emergency procedures. •The Canada Flight Supplement, measuring 5 1/4 by 8 1/4 inches, is available in English or a bilingual format. Data for the province of Quebec and the National Capital Region are presented in French in the bilingual edition.

English Version..... P/N 13-04424 ..... $18.75
Bilingual Version..... P/N 13-04550 ..... $22.95

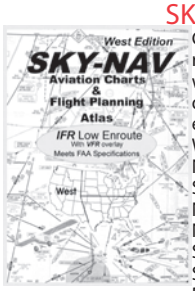
TRI GUIDE THE COMPANION TO ELECTRONIC CHART NAVIGATION



Howie Keefe's Tri Guide is the perfect companion to Electronic Chart Navigation.
This guide addresses
Planning
Diversion
Orientation
Airport & VOR Decode (ID to Name) Plus Contact Frequency
Reservation Numbers and even Hotel & Motel Numbers
For use in U.S. Mainland Airspace

P/N 13-12653 ..... $27.95

SKYNAV AVIATION ATLAS



Getting to air shows on time all around the country requires compact charts that are always up-to-date without a lot of updating hassle. That's why it was developed that thousands of pilots are enjoying every day.

West Atlas ..... P/N 13-08029..... $73.95
North Atlas ..... P/N 13-08027..... $73.95
South Atlas ..... P/N 13-08028..... $78.95
Northeast Atlas ..... P/N 13-12126..... $59.00

Southeast Atlas..... P/N 13-12127..... $57.50
Southwest Atlas..... P/N 13-12129..... $47.95
Bahamas Atlas..... P/N 13-12130..... $49.00
WAC Digest Aviation Charts..... P/N 13-15556..... $47.95

3-D AERONAUTICAL CHARTS

The precisely molded 3D shape allows pilots to see and feel the terrain shape and clearly understand how it relates to the airspace and flight. Pilots will value referencing this chart for flight planning, training, and as a general conversation piece, whether hung on a wall of an office, hangar, or home. This chart is made with a digital inkjet printing process on a rigid plastic film, which is then molded to a precise terrain model.

Los Angeles ..... P/N 13-09595 ..... $34.95
Southern Sierra Nevada ..... P/N 13-09597 ..... $34.95
San Fransisco / Tahoe ..... P/N 13-09596 ..... $34.95

Seattle..... P/N 13-11713 ..... $34.95

QUICK REFRESHER CHARTS

These Quick Refresher Charts provide a wealth of useful information that every pilot seems to forget over time. Available to "refresh" the pilot on IFR procedures & regulations, Weather info, VFR procedures & regulations, mountain flying, passenger info (the right seat), flying to Canada, and flying to the Bahamas. These charts are laminated for long life & fit right in your flight bag.

Quick Refresher VFR..... P/N 13-40316.....$6.95
Quick Refresher Weather ..... P/N 13-40416.....$6.95
Quick Refresher IFR ..... P/N 13-40516.....$6.95
Quick Refresher Mtn. Flying ..... P/N 13-00422.....$5.95
Quick Refresher The Right Seat ..... P/N 13-00423.....$5.17

PS

AERONAV VISUAL NAVIGATION CHARTS

Sectional & VFR Terminal Charts for conterminous United States, Hawaii, Puerto Rico and Virgin Islands

AERONAV SECTIONAL CHARTS

Sectional aeronautical charts are designed for visual navigation of slow to medium speed aircraft. The topographic information featured consists of the relief and a judicious selection of visual checkpoints used for flight under visual flight rules. The checkpoints include populated places, drainage patterns, roads, railroads, and other distinctive landmarks. The aeronautical info on Sectional Charts includes visual and radio aids to navigation, airports, controlled airspace, restricted areas, obstructions, & related data. (Scale 1"=6.86 nm/ 1:500,000. 60"x20" folded to 5"x10") Revised semi-annually, except most Alaskan charts are revised annually.

Sectional Charts ..... P/N 8403 ..... $7.50
Set of 37 charts (w/o AK & HI) ..... P/N 8557 ..... $276.95

NOTE: When ordering charts, complete part no. with first 3 letters of chart title. Ex.: Seattle sectional is P/N 8403SEA.

For Subscription service: Add -SUB (example: 8403SEA-SUB) and a new chart will be shipped & billed to you automatically at every revision until you cancel the subscription. Subscription chart orders require credit card no. on file.

Seattle	Klamath Falls	Denver	Dallas/Fort Worth	Brownsville	Seward	McGrath

Chart Master On-line Chart Selector

CHART MASTER

Chart Master is Aircraft Spruce's online chart selection program designed to tell you exactly which aviation charts you will need for the route you intend to fly. Just plug in the 3 letter airport identifiers for your departure and destination airports, and Chart Master will provide you with a list of all of the charts needed for your route. Select VFR (sectional, terminal, WAC, AFD, or IFR (Low altitude enroute) or both and order any or all of the charts listed by Chart Master. This program is available on line at www.aircraftspruce.com.

AERONAV VFR TERMINAL AREA CHARTS

Terminal Area Charts depict the airspace designated as Class B Airspace. The information found on these charts, while similar to that found on Sectional Charts, is shown in much more detail because of the larger scale. These charts should be used by pilots intending to operate from airfield within or near a Terminal Control Area or an Airport Radar Service Area. Locations of Terminal Area Charts are indicated by a • on the Sectional Chart indexes. (Scale 1 inch = 3.43nm/1:250,000. 25 x 20 inches folded to 5 x 10 inches.) Revised semi-annually, except Puerto Rico/Virgin Islands is revised annually.

Terminal Area Charts ..... P/N 8064 ..... $5.25
Set of 28 Terminal Charts ..... P/N 8524 ..... $125.95

NOTE: When ordering charts, complete part number with first 3 letters of chart title. Ex: Los Angeles terminal chart is P/N 8064LOS.

For SUBSCRIPTION service: Add -SUB (example: 8064LOS-SUB) and a new chart will be shipped and billed to you automatically at every revision until you cancel the subscription. Subscription chart orders require credit card number on file.

CINCINNATI VFR TERMINAL AREA & FLYWAY CHART

P/N 13-21000 ..... $5.25

AERONAV AIRPORT / FACILITY DIRECTORY

The Airport/Facility directory is a pilot's manual which contains data on public and joint use airports, seaplane bases, heliports, VFR airport sketches, NAVAIDs, communications data, weather data sources, airspace, special notices, VFR waypoints and operational procedures. The seven volumes cover the conterminous United States, Puerto Rico, and the Virgin Islands. Includes data that cannot be readily depicted in graphic form; e.g., airport hours of operation, types of fuel available, runway data, lighting codes, etc. $4.50 ea.

Northeast U.S.	AFD-NE

LARGE–FORMAT CHART WALLET

This chart wallet helps pilots organize, hold, carry, and display 22 standard NOS charts conveniently. The black padded cover features the silver wings logo. There ar ten double-sided, clear vinyl organizer pockets riveted to the cover. Along with the pockets in the front and back covers, these pages hold the charts so you can easily find them in a busy or turbulent cockpit environment. Measures 6.5"x 11.5" w/ 2.5" spine.

Large Book-Style Chart Wallet ..... P/N 13-00412 ..... $22.50

AERONAV VISUAL NAVIGATION CHARTS

▲Indicates Biennial Revision

World Aeronautical Charts for the conterminous U.S., Mexico, & Caribbean Areas

WORLD AERONAUTICAL CHARTS

World Aeronautical Charts by NOS are designed to provide standard for the land areas of the world in a size and scale convenient for navigation by moderate-speed aircraft. Topographic information includes cities and towns, principal roads, railroads, distinctive landmarks, drainage, and relief. Aeronautical information includes visual and radio aids to navigation, airports, airways,restricted areas, obstructions, and other data considered pertinent. Scale 1:1,000,000 or 1" to 13.7 nautical miles, less detailed than Sectional & Terminal Area Charts, but useful for longer distance planning. Revised annually. 12 charts cover the US

WAC Charts ..... P/N 8567 ..... $9.50 ea
Set of 12 U.S. WAC charts ..... P/N 8805 ..... $113.95

NOTE: When ordering charts, complete part no. with chart number.
Example: WAC chart CF-17 is P/N 8567CF-17.

For SUBSCRIPTION service: Add -SUB (example: 8567CF-17-SUB) and a new WAC chart will be shipped and billed to you automatically at every revision until you cancel the subscription. Subscription chart orders require a credit card number on file.

OTHER VFR CHARTS:

VFR-IFR Wall Planning Chart (U.S.) Flat/Wall	P/N 13-30703	$6.25
VFR-IFR Wall Planning Chart (U.S.) Folded	P/N 13-06455	$6.25
U.S. Gulf Coast VFR Chart	P/N 13-30704	$11.95

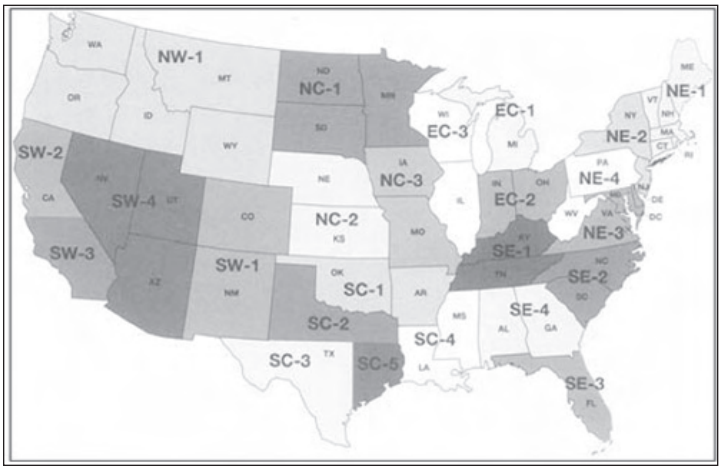
World Aeronautical Charts for Alaska

AERONAV ONC CHARTS

Operational Navigation Charts (ONC). ONCs support high speed radar navigation requirements at medium altitudes. Other uses include visual, celestial, and radio navigation. In the absence of Tactical Pilotage Charts, they satisfy DoD requirements for enroute visual and radar navigation in low altitude operations. The sheet size is 42 by 57-1/2 inches covering eight degrees of latitude. (Scale 1:1,000,000)

Area	Part No.	Price
ONC H-22	13-07699	$6.00
ONC G-22	13-07707	$6.00



TERMINAL PROCEDURES COVERAGE OF THE CONTERMINOUS U.S.

Includes: • Instrument Approach Procedure (IAP) Charts •Departure Procedure (DP) Charts • Standard Terminal Arrival (STAR) Charts • Charted Visual Flight Procedures (CVFP) • Airport Diagrams

IAP Charts are designed to provide an IFR descent from the enroute environment to a point where a safe landing can be made. DP charts are Air Traffic Control (ATC)-coded departure procedures which have been established at certain airports to simplify clearance delivery procedures. STAR charts are ATC-coded IFR arrival routes established for certain airports to simplify clearance delivery procedures. CVFPs are an operational technique designed to move air traffic safely and expeditiously. In addition to conventional visual approach procedures, it has been necessary to specify routes/altitudes to enhance noise abatement at some locations. CVFPs have been developed to provide a pictorial display of these visual arrival routes. Airport Diagrams are specifically designed to assist in the movement of ground traffic at locations with complex runway/taxiway configurations and provide information for updating geodetic position navigational systems aboard aircraft.

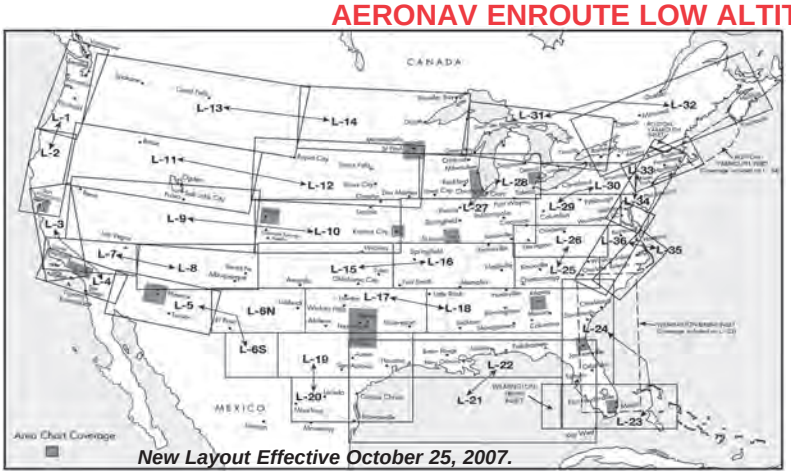
INSTRUMENT NAVIGATION CHARTS

AERONAV ENROUTE LOW ALTITUDE CHARTS



New Layout Effective October 25, 2007.

Enroute low altitude charts for conterminous U.S. (includes area charts)

Enroute Low Altitude charts (Conterminous U.S. and Alaska) provide aeronautical information for navigation under instrument flight rules below 18,000 feet MSL. Information includes: airways; limits of controlled airspace; position, identification, and frequencies of radio aids to navigation (Alaska 4-color series includes geographic coordinates); airports with terminal air/ground communications; minimum enroute and obstruction clearance altitudes; airway distances; reporting points; special use airspace areas; military training routes. Scales vary from 1 inch = 5nm to 1 inch = 20nm. 50 x 20 inches folded to 5 x 10 inches. Revised every 8 weeks. Area charts, which show congested terminal areas at a large scale, are included with subscriptions to any conterminous U.S. Set Low (Full set, East or West sets). Chart L-28 covers the Washington-Boston corridor at a scale similar to an Area Chart. Charts are revised every 8 weeks.

Enroute Low Altitude Charts..... P/N 8070L..... **$4.45/ea.**

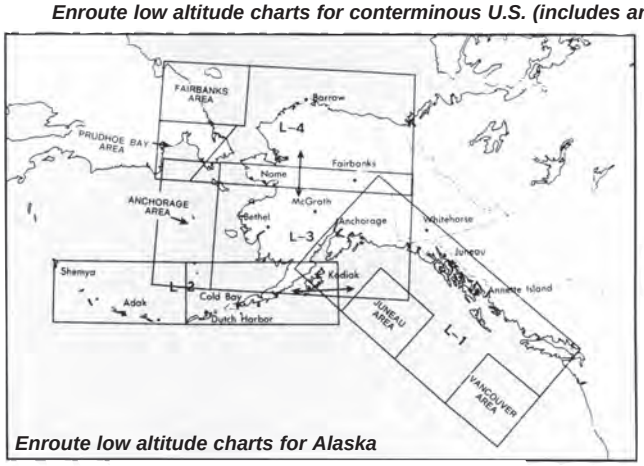
Full Set (L1/2-L27/28 & Area Chart)
P/N 13-30714 .... **$84.25**

Western U.S. Set (L1/2-L15/16 & Area Chart)
P/N 13-30716 .... **$48.50**

Eastern U.S. Set (L11/12, L13/14, L17/18-L27/28 & Area Chart)
P/N 13-30717 .... **$53.00**

Alaskan Set (Alaskan L1/2-Alaskan L3/4)..... P/N 13-30718 ..... **$8.75**

For individual charts please call 877-4-SPRUCE or visit our website at: www.aircraftspruce.com



Enroute low altitude charts for Alaska

IFR GULF OF MEXICO CHART - WEST P/N 13-08004 .....**$16.50**

IFR GULF OF MEXICO CHART - CENTRAL P/N 13-08003 .....**$17.50**

NOTE: When ordering individual charts, complete part number with the chart number. Example: Enroute Low Altitude Chart L-10 is P/N 8070L-10.

For SUBSCRIPTION service, add -SUB (example: 8070L-10-SUB) and a new chart will be shipped and billed to you automatically at every revision until you cancel the subscription. Subscription chart orders require a credit card number on file.

Chart Master On-line Chart Selector

CHART MASTER

Chart Master is Aircraft Spruce's online chart selection program designed to tell you exactly which aviation charts you will need for the route you intend to fly. Just plug in the 3 letter airport identifiers for your departure and destination airports, and Chart Master will provide you with a list of all of the charts needed for your route. Select VFR (sectional, terminal, WAC, AFD, or IFR (Low altitude enroute) or both and order any or all of the charts listed by Chart Master. This program is available on line at www.aircraftspruce.com.

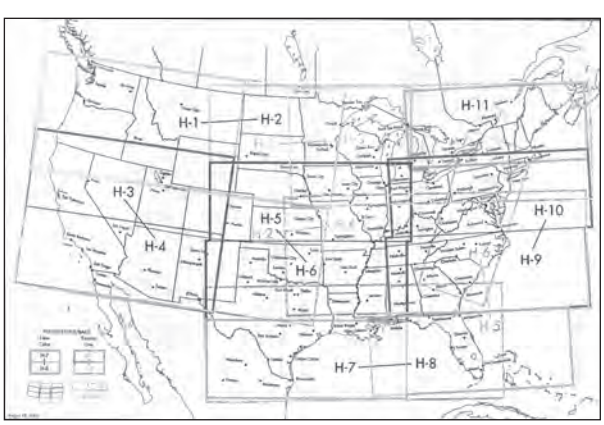
AERONAV IFR ENROUTE HIGH ALTITUDE CHARTS

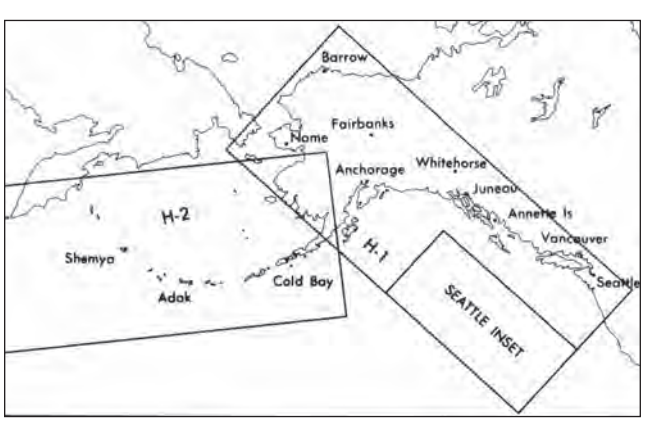
IFR Enroute High Altitude Charts (Conterminous U.S. and Alaska) are designed for navigation at or above 18,000 feel MSL. This four color chart series includes: Jet route structure; VHF radio aid to navigation (frequency, ID, channel, geographic coordinates); selected airports; reporting points. (Scales vary from 1" = 78nm to 1" = 30nm. 55 x 20" folded to 5 x 10".) Revised every 8 weeks.

NOTE: When ordering individual charts, complete part no. with the chart no. Ex: Enroute High Altitude Chart H1/2 is P/N 8075-H1/2.

Full Set (H1/H2, H3/H4, H5/6, H9/H10, H11),(H3/H4, H5/H6, H7/H8-very small area,H9/H10), (H3/H4-very small area, H5/H6, H7/H8, H9/H10, H11) P/N 8075-1 .....**$26.25**

For SUBSCRIPTION service: Add -SUB (example: 8075-H1/2-SUB) and a new chart will be shipped and billed to you automatically at every revision until you cancel the subscription. Subscription chart orders require a credit card number on file.





PS

CANADIAN AIA CHARTS

CANADIAN VNC (VFR) CHARTS

The VNC is used by VFR pilots on short to extended cross-country flight at medium altitudes and at low to medium airspeeds. These charts show aerodrome data, airspace information, radio aids to navigation, air/ground communications, and elevation with contour lines, tints and shaded relief.

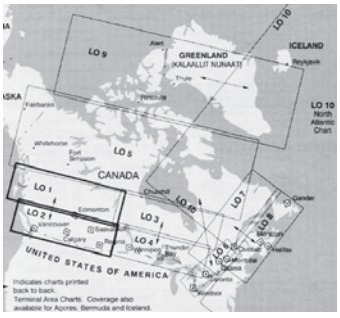
LOW ALTITUDE ENROUTE CHARTS



Enroute Low and High Altitude charts provide aeronautical information for instrument navigation in the low and high airway structure of the Canadian Domestic Airspace. The airspace over foreign territory and international waters in which Canada accepts responsibility for the provision of air traffic services, and other areas required for military use. The primary purpose of Enroute charts is to depict radio navigation data to provide rapid and precise location and identification of information requisite to radio instrument navigation.

JEPPESEN FLIGHT TRAINING

GFD PRIVATE PILOT MANUAL

Jeppesen's Guided Flight Discovery Private Pilot Manual is an integral component within the GFD Pilot Training System. The organization and colorful presentation of the text helps students learn quickly from the start. Discovery insets expand on important ideas and concepts in the text. The information ties in references from the world of aviation, including NTSB investigations and aviation history. Human Element insets introduce pilots to the human factors aspect of flight.

Private Pilot Manual ..... P/N 13-17521 ..... $86.95
Private Pilot Manual (w/ FAR/AIM text) ..... P/N 13-17522 ..... $88.90

PRIVATE PILOT MANEUVERS MANUAL

Each maneuver is presented using colorful graphics, step-by-step procedure descriptions, helpful hints, PTS references and study exercises to help you visualize and understand each maneuver you will perform in the airplane ..... P/N 13-21770 ..... $20.49

PRIVATE PILOT SYLLABUS

Now spiral bound! Features a step-by-step description of course contents. Ideal for Part 141 flight training programs and may be adapted for Part 61 training. Includes: • Lesson objectives • Flight & ground time allocations for all lessons • Coordination of academic support materials with flight training • Enrollment notice & Graduation Certificate.

P/N 13-04223 ..... $21.95

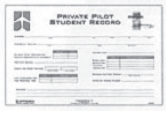
MULTI-ENGINE FLIGHT INSTRUCTOR - EXAMS

Multi-Engine Flight Instructor exams, included in the CFI Part 141 Kit. ..... P/N 13-07365 ..... $24.95

PRIVATE PILOT RECORD FOLDER

From your ground lessons and written exams, to flight maneuvers and flight checks, this record folder effectively tracks all the details during your pilot training - both FAR Part 141 and FAR Part 61. Set of ten.

Single ..... P/N 13-01206-1 ..... $6.95



JEPPESEN RECORD FOLDERS

Effectively track all the details during your multi-engine training.

I/C Record Folder ..... P/N 13-06245 ..... $7.95
CFI Record Holder ..... P/N 13-06246 ..... $9.95
Multi-Engine Record Folder ..... P/N 13-06252 ..... $6.85

JEPPESEN AVIATION INSTRUCTOR'S HANDBOOK

A flight instructor's essential resource, the Aviation Instructor's Handbook details the fundamentals of instructing rules and techniques. A flight instructor's essential resource, this handbook details the fundamentals of instructing rules and techniques. It was rewritten in 1999 and is the successor to FAA AC60-14. P/N 13-06247 ..... $19.95

JEPPESEN INSTRUCTOR'S GUIDE CD

Includes all four instructor's guides: Private, Instrument/ Commercial, Multi-Engine, and Flight Instructor and bonus materials consisting of lesson plan templates and instructor endorsements. Features: * Our philosophy of instruction * Covers the process of getting FAR Part 141 school approval * Provides pilot briefings to use in your student training * Answers and critiques for stage exams * Answer keys at the end-of-course exams

P/N 13-06248 ..... $58.50

FLIGHT MANEUVERS ILLUSTRATOR

Excellent visual aids for instructors & students. Designed for pilots as a quick reference aid. Features private & commercial maneuvers. Size: 6"x 3.25". P/N 13-01208 ..... $10.50

JEPPESEN RECORD FOLDER HELICOPTER STUDENT

Jeppesen record folder for helicopter student.

Record Folder ..... P/N 17-00074 ..... $6.40
Exam Pack ..... P/N 17-00075 ..... $9.95

GFD INSTRUMENT/COMMERCIAL MANUAL

Jeppesen's Guided Flight Discovery Instrument/ Commercial Manual provides the most complete explanations of aeronautical concepts for professional pilots through the use of colorful illustrations and full-color photos. This primary source for initial study and review includes Principles of Instrument Flight, The Flight Environment, Instrument Charts and Procedures, Aviation Weather and IFR Flight operations and Commercial Pilot Operations, as well as an introductory look at Building Professional Experience. The most comprehensive and visually appealing Instrument/ Commercial manual ever.

Instrument/Commercial Manual ..... P/N 13-21760 ..... $86.95

GFD INSTRUMENT/ COMMERCIAL SYLLABUS PKG.

This training syllabus covers the learning objectives and time allocations for both Instrument Rating and Commercial Certificate. The syllabus also contains an option for a Multi-Engine Rating. In addition to the syllabus, this package also contains enrollment notices. P/N 13-21740 ..... $21.95

GFD PRIVATE/INSTRUMENT FLITESCHOOL SOFTWARE

FliteSchool Multimedia Software is a complete, interactive home study course for passing the FAA airman knowledge exams. FliteSchool Multimedia Software makes it easy, fast and fun to get a great score on your exam. You learn the material thoroughly and get the highest possible score on your exam while retaining what you learn. Only FliteSchool Multimedia software integrates the complete textual references to the GFD Private and Instrument/ Commercial Manual, allowing you easy access to expanded information. Carefully selected graphics and computer animation are combined to help you understand difficult concepts. In addition, all FAA figures are contained on the CD-ROM for easy reference.

GFD Instrument FliteSchool ..... P/N 13-100519 ..... $79.95

JEPPESEN PRACTICAL TEST STANDARDS

Knowing that the FAA computer exam is only art of the certification process, prepare yourself for the FAA checkride with Jeppesen Practical Test Standards. Jeppesen FAA Practical Test Standards reprints are valuable training aids for students, examiners & instructors. The following topics are available:

Private Pilot Airplane (single-engine land)
P/N 13-01221 ..... $7.95
Private Pilot Airplane (multi-engine land) ..... P/N 13-01222 ..... $7.95
Commercial Pilot Airplane (single-engine land) ..... P/N 13-01224 ..... $7.95
Commercial Pilot Airplane (multi-engine land) ..... P/N 13-01225 ..... $7.95
Instrument Rating (Airplane, Helicopter Airship) ..... P/N 13-01223 ..... $7.50
Flight Instructor Package (single & multi-engine land, instrument)
P/N 13-01226 ..... $19.95

AC 4313 ACCEPTABLE METHODS

TECH BOOKS CO. - This is the newly revised 2009 edition of the AC43.13. Includes Parts 1B & 2B and the latest changes for each. The "bible" for AMTs, aircraft owners, and homebuilders, this FAA Advisory Circular outlines the standards for acceptable methods, techniques, and practices for the inspection, repair and alteration of non-pressurized areas of civil aircraft with a gross weight of 12,500 lbs or less. Includes both Part 1B and Part 2B.

P/N 13-06923 ..... $19.95

FAA COMPUTER TESTING SUPPLEMENTS & AIRMEN KNOWLEDGE TEST QUESTIONS

Contains questions, answers, explanations, and references. Includes airplane and recreational pilot questions and is coordinated with Jeppesen Private Pilot Manual. Organized by topic, full-color charts, and unique sliding mask for self-testing. Instrument Rating and Flight Instructor

Instrument Pilot FAA Exam Package ..... P/N 3067 ..... $29.80
Commercial Pilot Airplane and Commercial Pilot Helicopter FAA Exam Package P/N 13-01227 ..... $18.50
Instrument/Commercial Pilot FAA Exam Combo Package
P/N 13-01228 ..... $51.75
CFI and ground Instructor, CFII & MEI Pilot FAA Exam Package
P/N 13-01229 ..... $48.75
CFI and ground Instructor, CFII & MEI Pilot FAA Exam Package
P/N 13-01230 ..... $28.75

BV

JEPPESEN FLIGHT TRAINING

JEPPESEN - GFD PRIVATE PILOT VIDEO SERIES ON DVD

Augment the written materials by providing visual reinforcement of topics. The state-of-the-art graphics, animation, and aerial photography help students grasp complex concepts. The GFD Private Pilot Integrated Ground School on three DVD is a great resource for students and instructors alike. These DVD's contain 10 hours of informative and entertaining video that augment the written materials by providing visual reinforcement on a variety of topics. P/N 13-02449 ..... $140.85

FLIGHT INSTRUCTOR PRACTICAL TEST STANDARDS

This reprint of the FAA Commercial Pilot PTS contains the standards for obtaining a commercial pilot certificate with an airplane single-engine land or airplane single-engine sea rating. P/N 13-01226 ..... $19.95

JEPPESEN A&P GENERAL TEST GUIDE WITH ORAL & PRATICAL STUDY GUIDE

All Jeppesen maintenance test guides include an extensive database of FAA subject test questions, answers, explanations and references that are cross referenced to the corresponding Jeppesen A&P textbooks. Each test guide also includes the latest oral and practical test questions and answers. 272 pages.
P/N 13-01188 ..... $15.75

COMMERCIAL PILOT PRACTICAL TEST STANDARDS

This reprint of the FAA Commercial Pilot PTS contains the standard requirements for obtaining a commercial pilot certificate with an airplane single-engine land or airplane single-engine sea rating. P/N 13-01224 ..... $6.85

A&P AIRFRAME TEST GUIDE WITH ORAL & PRACTICAL STUDY GUIDE

All Jeppesen maintenance test guides include an extensive database of FAA subject test questions, answers, explanations and references that are cross referenced to the corresponding Jeppesen A&P textbooks. Each test guide also includes the latest oral and practical test questions and answers. 344 pages P/N 13-03741 ..... $15.75

JEPPESEN A&P TECHNICIAN AIRFRAME WORKBOOK

• Updated and revised content in all 17 chapters •Added a Glossary to the Textbook • Integrated the workbook into the textbook • A majority of the book is now in color • Added Summary Checklists to the end of each section or chapter • Added key terms to the end of each section or chapter P/N 13-01192-1 ..... $62.80

A&P POWERPLANT TEST GUIDE WITH ORAL & PRATICAL STUDY GUIDE

All Jeppesen maintenance test guides include an extensive database of FAA subject test questions, answers, explanations and references that are cross referenced to the corresponding Jeppesen A&P textbooks. Each test guide also includes the latest oral and practical test questions and answers. 344 pages.
P/N 13-01195 ..... $15.75

JEPPESEN A&P TECH POWERPLANT TEXTBOOK

Enhance your knowledge with our comprehensive text that exceeds FAR part 147 standards. Color illustrations, charts and diagrams, end of section quizzes and summary checklists make tough concepts easier to grasp. 1130 pages.
P/N 13-07187 ..... $59.95

JEPPESEN A&P PRACTICAL TEST STANDARDS, GENERAL, AIRFRAME, AND POWERPLANT

The Jeppesen A&P Technician Practical Test Standards booklet includes all three of the latest FAA Aviation Mechanic PTS publications in one convenient booklet. General (FAA-S-8081-26) Airframe (FAA-S-8081-27) Powerplant (FAA-S-8081-28) changes 1,2, & 3. P/N 13-07652 ..... $6.95

JEPPESEN A&P TEXTBOOK BUNDLE

A&P textbook bundle - set of all 3 textbooks (General, Airframe, Powerplant). .....
P/N 13-07651 ..... $175.75

GFD INSTRUMENT/COMMERCIAL VIDEO SERIES ON DVD

The Jeppesen GFD Integrated Ground School DVD Series is a great resource for students & instructors alike. The Private Pilot, Instrument/Commercial Flight Instructor, & Multi-Engine DVD's augment the written materials by providing visual reinforcement of topics. The state-of-the-art graphics, animation, and aerial photography help students grasp complex concepts. The GFD Instrument/Commercial Integrated Ground School on three DVD is a great resource for students and instructors alike. These DVD's contain 10 hours of informative and entertaining video that augment the written materials by providing visual reinforcement on a variety of topics. Each DVD series features a menu that gives you the option of choosing the lesson topic. The state-of-the-art graphics, animation, and aerial photography helps students master complex concepts such as the principles of instrument flight, instrument charts, meteorology, advanced systems and much more. This is a great supplement to GFD Instrument/commercial textbook. P/N 13-02451 ..... $183.75

FLIGHT INSTRUCTOR DELUXE 61/141 KIT

Jeppesen Flight Instructor Kits, developed for both FAR Part 61 and FAR Part 141 training programs, are the most complete flight instructor training package available. The Deluxe 61/141 Flight Instructor Kit is developed for FAR Part 141 training programs. It contains the following materials: Flight Instructor Manual, FAR/AIM Manual (paper), Private Pilot Maneuvers Manual, Flight Instructor Syllabus, Flight Instructor Record Folder, Flight Instructor PTS (single-, multi-engine land/sea, instrument), CFI, Ground Instructor, CFII and MEI FAA Exam Package, Aviation Instructor Handbook, and Pilot Kit Bag (black).
P/N 13-01176 ..... $331.95

AIRCRAFT GAS TURBINE POWERPLANTS

Newly revised to include the most up-to-date information on aircraft gas turbine powerplants and updated coverage of jet engine technology. Extensive cross-reference between today aircraft and engines. Now includes over 500 illustrations, charts, and tables. Written by Otis and Vosbury. 514 pages. P/N 13-02421 ..... $46.85

JEPPESEN AIRCRAFT GAS TURBINE POWERPLANTS WORKBOOK

Aircraft Gas Turbine Powerplants Workbook is a companion to the Gas Turbine Powerplants Textbook containing questions, answers and explanations designed to increase your comprehension of the material covered in the textbook. The workbook is set up chapter by chapter to follow the sequence of material in the textbook with exercises and quizzes for personal or classroom use. 192 Pages. P/N 13-07578 ..... $19.95
E-Book Workbook ..... P/N 13-05865 ..... $18.70

FAA EXAM STUDY GUIDES

These Exam Study Guides are designed to prepare for and achieve higher FAA written test scores. They follow the Jeppesen textbooks by chapter, allowing your students to learn faster with a greater understanding of each area of study. These guides include: full-color charts, unique sliding mask for self study, all FAA airplane test ques.; FAA computer test info, current info on airspace reclassification.

Private Pilot Airmen Knowledge	P/N 13-17505	$18.49
Instrument Rating Airmen Knowledge	P/N 13-17510	$23.60
Commercial Piloit Airmen Knowledge	P/N 13-17515	$21.95

JEPPESEN GFD FLIGHT INSTRUCTOR VIDEO SERIES ON DVD

The Private Pilot, Instrument/Commercial Flight Instructor, & Multi-Engine DVD's augment the written materials by providing visual reinforcement of topics. The state-of-the-art graphics, animation, and aerial photography help students grasp complex concepts. The GFD Flight Instructor Video Series on DVD is a great supplement to GFD Flight Instructor Textbook and contains nine hours of instruction critical to the CFI applicant. Many important topics are discussed, including fundamentals of instruction, instructing the private pilot student, instructing the instrument student and instructing the commercial student. P/N 13-02453 ..... $74.75

JAA ATPL TEST PREPARATION SOFTWARE

Be well prepared for the exam with our new Test Preparation Software. The CD includes a user guide/ installation guide and covers approximately 2,700 questions. Features: Variety of training modes, High-quality graphics, Topic search function, Statistics, Dynamic query generation, References to the JAR Codes and the Jeppesen/ AFT Manuals.
P/N 14-02826 ..... $133.95

BV

JEPPESEN PILOT TRAINING KITS

PRIVATE PILOT KITS

Guided Flight Discovery from Jeppesen provides the most complete training package available. Whether you are a chief flight instructor at a flight school or a student pilot working towards your first pilot's license, you can choose from a variety of integrated training materials. GFD has been developed for the finest flight schools, colleges and universities in the U.S. With Guided Flight Discovery, students will build a solid foundation of knowledge to take with them wherever they go. The GFD Pilot Training System puts schools and students on the leading edge of learning and builds better pilots. Call for a detailed list of kit components.

Part 61 Kit (pictured) ..... P/N 13-02425 ..... $219.95
Part 141 Kit..... P/N 13-02428 ..... $262.43

PRE-SOLO WRITTEN EXAM - Covers general info, Training Aircraft, Airport and Local Airspace Questions. P/N 13-01169 .....$6.95

GFD PRIVATE PILOT STAGE EXAM BOOKLET - Includes private stage (1-3), and 6 blank exam answer forms. P/N 13-01170 .....$9.95

INSTRUMENT/COMMERCIAL KITS

New GFD Instrument/Commercial Kits are available for both Part 61 and Part 141 training. The core component of GFD Kit is the Instrument/Commercial Manual. Call for a detailed list of kit components.

Part No.	Kit Description	Price
13-02426	Instrument/Commercial Part 61 Basic Kit	$167.95
13-02431	Instrument/Commercial Part 141 Basic Kit	$329.95
13-01775	Ultimate Kit	$201.17

GFDINSTRUMENT/COMMERCIAL/MULTI-ENGINESTAGE EXAM BOOKLET - Includes Instrument/Commercial Stage and 12 blank exam answer forms.

P/N 13-01171..... $21.60

FLIGHT INSTRUCTOR KITS

GFD Flight Instructor Kits are available for both Part 61 and Part 141 training. The core component for each GFD Kit is the Flight Instructor Manual. Call for detailed list of kit components.

CFI Kit Part 61..... P/N 13-01175..... $201.17
CFI Kit Part 141 ..... P/N 13-01176..... $331.95

GFD FLIGHT INSTRUCTOR MANUAL - Prepares CFI applicants for Flight Instructor-Airplane certificate, Instrument-Airplane and multi-Engine-Airplane Instructor ratings. This 560-page, full-color text includes over 1,000 photos and illustrations. workbook exercises, instructor endorsements and a comprehensive glossary and index are included.

P/N 13-01178 .....$76.95

HELICOPTER TRAINING KITS

Schweizer helicopter training program meets the requirements of FAR Part 141. Can be used in any helicopter training program. Covers principles of flight, the flight environment, helicopter systems and performance, meteorology, navigation, physiology and maneuvers.

The basic kit contains Schweizer Helicopter textbook, Exercise Manual, Syllabus, Record Folder, Pre-solo written exam, FAR/AIM, Schweizer 300CB Information manual, graduation certificate, enrollment notice, and a pilot's flight bag.

P/N 13-01179..... $256.95

The deluxe kit contains the Schweizer Helicopter textbook, Exercise Manual, Syllabus, Record Folder, Pre-solo written exam, FAR/AIM, Schweizer 300CB Information manual, graduation certificate, enrollment notice, a pilot's flight bag, a pilot's logbook, metal E6B flight computer, and a 13" plotter.....P/N 13-01880 ..... $229.65

FAR/AIM 2014

Includes FARs Parts 1, 3, 43, 61, 67, 71, 73, 91, 97, 103, 105, 119, 135, 136, 137, 141, 142, NTSB 830, TSRs 1552 and 1562. Free TSR Part 1562 (Washington D.C. Operations) on Jeppesen.com. Includes all the AIM and Pilot/Controller Glossary with enhanced full-color graphics. Easy-to-read text on high-quality paper. Reference tabs help you easily locate regulations and AIM chapters. Jeppesen-recommended study lists direct you to the regulations pertinent to the certificate or rating you are working on. FAR exercises (with answers) provide real-world scenarios to enable you to understand the regulations for Private, Instrument, Commercial and Sport Pilot Exclusive AIM Supplement providing information on Jeppesen IFR Charts. Exclusive AIM Supplement providing information on Jeppesen IFR charts P/N 13-15450..... $12.95

MULTI-ENGINE KITS

Guided Flight Discovery Multi-Engine Pilot Kit with Video – Designed to support Private & Commercial Pilots in adding a Multi-Engine Rating to their certificates. Kit consists of: • Multi-engine manual (w/work book questions) • Mutli-engine video • Stage exams • End-of-course exams • Multi-engine syllabus record folder • Enrollment notices and graduation certificate.

P/N 13-01776 ..... $209.95

MULTI-ENGINE PROGRAM - Covers multi-engine aerodynamics, systems & performance, engine-out operations and instrument flight through actual airborne and graphic sequences. Available with or without Jeppesen's Multi-Engine Manual. w/ Manual P/N 3195 .....$68.95

GFD MULTI-ENGINE MANUAL - This text illustrates important aerodynamic concepts and complex systems using 375 full-color graphics. One of the strong points of the GFD series is that it maintains student interest through sometimes dry material by using sidebars to illuminate the text, presented as Discovery and Human Element insets. The Multi-Engine Manual builds on this practice with 2 new types of insets, one highlights flying careers and another that discusses in-flight situations that bring together critical points made in the text. Quotes also liven things up– the Multi-Engine Manual manages to take inspiration from sources as diverse as Anne Morrow Lindbergh & Monty Python.

P/N 13-01644 .....$62.95

MULTI-ENGINE SYLLABUS- A 36-page guide to both ground & flight training for the Multi-Engine Rating. Describes schedules, lesson objectives, content and completion standards for 2 stages of flight training & 2 stages of ground training. Required for FAR Part 141 flight schools. P/N 13-01173 .....$21.95

AVIATION MAINTENANCE TRAINING KITS

Jeppesen's General Airframe & Powerplant training materials come in complete kit form. Comprehensive, developed by respected experts in the field, these kits give students the info they need to succeed in obtaining their Airframe and Powerplant license. Whether you're a veteran, building your own plane, or just learning, you can count on Jeppesen to help you get where you want to go. Jeppesen Maintenance products help you master the topic & realize success!

GENERAL A&P KIT INCLUDES - A&P Technician General textbook, workbook, and study guide • Acceptable methods, techniques and practices/aircraft alterations (AC43.13-1B/2A) •FAR handbook for aviation maintenance technicians • Student kit bag. P/N 13-01186 ..... $149.95

A&P TECHNICIAN GENERAL TEXTBOOK - The most current general aviation textbook available. Written to the new FAR part 147 standards. Expanded to include a complete section on electrical generators & motors, new hardware, and non-metalic components. Also includes current & comprehensive coverage on those items found in the previous version. Many new tables, charts and illustrations, including abrasives, corrosion removal & treatment, corrosion points, and helicopter weight & balance and others.

General Textbook..... P/N 13-01187 .....$56.75
General Study Guide..... P/N 13-01188 .....$15.75

AIRFRAME A&P KIT – Includes A&P Technician Airframe textbook, workbook & study guide and Student Kit bag..... P/N 13-01190 ..... $107.95

POWERPLANT A&P KIT – Includes A&P Technician Powerplant textbook, workbook & study guide. Exam package & Student Kit bag.

P/N 13-01193.....$104.95

JEPPESEN A&P TECHNICIAN POWERPLANT STUDY GUIDE This is a major revision of our previous version, and is the most comprehensive aviation powerplant textbook available. It is written to meet, and even exceed, FAR part 147 standards. Includes over 120 color illustrations of engine cross-sections, turbine and reciprocating, instruments and control systems. Subject matter is arranged in a logical, practical order, with more emphasis on 'hands on' learning. 550 pages.

Powerplant Study Guide..... P/N 13-01195 .....$15.75

JEPPESEN FEDERAL AVIATION REGULATIONS EXPLAINED – AIRPORT EDITION

This book covers the regulations surrounding Airport operations, including disputes and resolution, complaints, certification of airports, Noise abatement, construction, passenger facility charges, and expenditure of federal funds. Page count: 568 P/N 13-06763..... $37.50

BV

JEPPESEN FLIGHT TRAINING

JEPPESEN CFIT - AWARENESS AND PREVENTION DVD

Become an expert on important aviation topics when you explore them in depth with CRM - Exploring the Human Element (DVD). This video analyzes three actual CFIT cases and explores the preventative measures and techniques that pilots of all levels of experience can use.

P/N 13-07841 ..... $18.95

JEPPESEN METAR/TAF DVD

Become an expert on important aviation topics when you explore them in depth with METAR/TAF (DVD).
METAR/TAF shows you how to interpret current and forecast weather and includes a 24-page supplement that provides comprehensive information.

P/N 13-07839 ..... $16.00

JEPPESEN CHART TRAINING CD

Developed by the experts in IFR charts, this computer-based training helps you understand how to read and interpret Jeppesen charts, including Departure, Enroute/Area, Arrival, Approach and Airport charts. You'll learn where on a chart to find specific information, what the various symbols mean, and how to interpret this information during flight. Instructional lessons, activities, and scored tests combine to give you a dynamic and interactive learning experience.

P/N 13-07645 ..... $84.75

JEPPESEN AVIATION HISTORY INSTRUCTOR'S GUIDE CD

This CD guides professors and instructors through the process of conducting a course in Aviation History. Chapter outlines and helpful hints are provided on how to implement the class. Lessons on how historians work and how you can turn your students into "student historians" are included. The structure and relevance of the components of Aviation History are explained in detail. Answers to the study questions at the end of each chapter are also provided. P/N 13-07644 ..... $34.00

JEPPESEN AVIATION WEATHER INSTRUCTOR'S GUIDE CD

P/N 13-07643 ..... $24.70

JEPPESEN INSTRUMENT /COMMERCIAL IMAGES CD

An essential resource for instructors using the Jeppesen GFD textbooks with their students and in the classroom. The CDs contain color images directly from the GFD textbooks and can be used for building both computer or overhead presentations. P/N 13-07619 ..... $69.95

JEPPESEN FLIGHT INSTRUCTOR IMAGES CD

An essential resource for instructors using the Jeppesen GFD textbooks with their students and in the classroom. The CDs contain color images directly from the GFD textbooks and can be used for building both computer or overhead presentations. P/N 13-07618 ..... $70.00

JEPPESEN CFI TOOLSET - GARMIN G1000 VISUAL TOOLS

The G1000 Visual Tools is a Computer Aided Instructional (CAI) application used by both CFI's and students. It's a valuable tool to teach pilots transitioning from "steam gauge" cockpits to the Garmin glass flight deck. It's designed to help flight instructors visually convey to students' key concepts about the G1000 Primary Flight Display (PFD).

P/N 13-07781 ..... $49.95

JEPPESEN GARMIN G1000 TRAINING BUNDLE (VFR & IFR CDS)

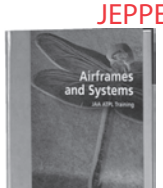
Teach you the skills required to master the G1000 in both VFR and IFR conditions. The G1000 training programs include WAAS procedures and the use of both the KAP140 and GFC700 auto-pilots.

P/N 13-07782 ..... $308.95

JEPPESEN GARMIN GNS 530/430 TRAINING BUNDLE - ADVANCED IFR & WAA

A bundle that includes both the Jeppesen Garmin GNS 530/430 Training - Advanced IFR Procedures CD and the Jeppesen Garmin GNS 530/430 Training - WAAS Procedures CD.

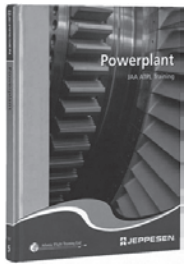
P/N 13-07779 ..... $224.95



JEPPESEN AIRFRAMES AND SYSTEMS

Airframes and Systems provides a good grounding in the technical aspect of an aircraft's structure and systems, detailing, for examination purposes where required, the regulations that the student has to know and the methods by which these requirements are met. As with other subjects, there will always be areas that the student has studied that are not questioned in the exam. Learning this information is not effort wasted, as the information given within the volume provides the foundation knowledge on which the type rating course can be built.

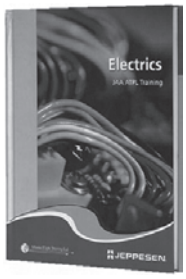
P/N 13-07712 ..... $103.99



JEPPESEN POWERPLANT

This volume gives the reader an insight into the construction, function, and operation of both piston and gas turbine engines. For examination purposes, the engines as described are to be considered 'generic', in reality each manufacturer will achieve the same objectives outlined in the text by different designs. Equip the reader with the knowledge to undertake with confidence an engine manufacturer's course or type rating course.

P/N 13-07713 ..... $75.80



JEPPESEN ELECTRICS

These notes are written in an informative style which leads you from the most basic DC circuits to understanding and appreciating the concepts behind advanced aircraft electrical systems. On completion of study, you will have all the required information to pass this part of the Aircraft Systems and Powerplant examination.

P/N 13-07714 ..... $69.95

JEPPESEN INSTRUMENT PROCEDURES GUIDE

Designed primarily as a technical reference for professional pilots using Jeppesen charts who are conducting instrument flight rule (IFR) operations in the National Airspace System (NAS). Provides detailed coverage of instrument charts and procedures including IFR takeoff, departure, enroute, arrival, approach, and landing. Safety information covering relevant subjects such as runway incursion, land & hold short operations (LAHSO), controlled flight into terrain (CFIT), and human factors issues also are included. Guidelines specific to helicopter IFR operations are included in Appendix C - Helicopter IFR Operations.

P/N 13-07646 ..... $39.85

JEPPESEN AVIATION WEATHER LAB MANUAL

This 264-page laboratory manual is designed to be used with Aviation Weather and allows students to practice the application of weather concepts, especially as they relate to operational uses.

P/N 13-07648 ..... $33.95

JEPPESEN TRANSPORT CATEGORY AIRCRAFT SYSTEMS

The only text available that covers FAR part 121 aircraft. A system-by-system approach to understanding jet transports. Necessary for A&P students and certified technicians looking for a comprehensive reference for large aircraft. 396 pages. P/N 13-07658 ..... $60.95

JEPPESEN FLIGHT TRAINING

FARS EXPLAINED - PARTS 1, 119, 135

Jeppesen F.A.R.E. has quickly become an industry standard. It helps answer the question, *I know what it says, but what does it mean?* These publications will save you time, money and frustration. The FARs Explained includes FAR Parts 119 and 135. Each FARs Explained publication also includes: * Easy to read and understand explanations to the FARs * Cross-references to other FARs to aid understanding * Actual case histories * NTSB decisions and * FAA Chief Counsel Opinion excerpts. P/N 17-00061 ..... $29.50

FARS EXPLAINED - TECH

Each publication includes easy-to-read and understand explanations to the regulations, cross-references to other FARs to aid understanding and actual case histories, NTSB decisions, and FAA Chief Counsel Opinion excerpts. Each FARs Explained publication also includes: *Easy to read and understand explanations to the FARs * Cross-references to other FARs to aid understanding * Actual case histories * NTSB decisions * FAA Chief Counsel Opinion excerpts. P/N 17-00062..... $39.50

JEPPESEN STUDENT PILOT ROUTE MANUAL

Jeppesen has been requested by the Joint Aviation Authority (JAA) to provide the definitive student route manual for the JAA airline transport rating exam. Every pilot working towards the JAA ATPL will need the manual during the examination and you can familiarize yourself in advance by ordering your own personal copy.
Also includes VFR chart set and is packaged in a 2" Superior Plastic 7 ring Jeppesen binder.
P/N 17-00189..... $59.95

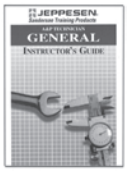
JEPPESEN AVIONICS FUNDAMENTALS

Covers information useful for A&Ps, avionics technicians, flight engineers, and ATP applicants. Developed by the maintenance training staff of United Airlines for use as a training course for airline maintenance personnel. Basic material which is prerequisite to category II qualification courses. Useful to anyone interested in learning the fundamentals without the design details of various devices including autopilots, flight directors, air data computers, radio altimeters, GPS, VORs, localizers, glideslopes, compasses, gyros, and indicators such as HSIs, RMIs, and FD-109s. P/N 13-12784..... $28.95

A&P TECH AIRFRAME INSTRUCTORS GUIDE

The A&P Airframe Instructor's Guide Contains questions covering the airframe section of aviation technician training. It is designed to be used with the A&P technician airframe textbook.
P/N 17-00072..... $15.00

A&P TECHNICIAN GENERAL INSTRUCTORS GUIDE

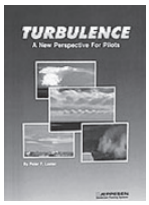


The A&P General Instructor's Guide Contains questions covering the general section of aviation technician training. It is designed to be used with the A&P technician general textbook.
P/N 17-00071..... $15.00

JEPPESEN AIRFRAME HANDBOOKS

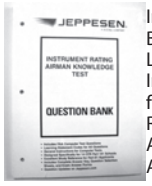
Airframe Volume 1 contains: Aircraft Structures, Aerodynamics, Aircraft Assembly and Rigging, Aircraft Fabric Covering, Aircraft Metal Structural Repair, Aircraft Welding, Aircraft Wood and Structural Repair, Advanced Composite Materials, Aircraft Painting and Finishing, Aircraft Electrical System Airframe Volume 2 contains: Aircraft Instrument Systems, Communication and Navigation, Hydraulic and Pneumatic Power Systems, Aircraft Landing Gear Systems, Aircraft Fuel System, Ice and Rain Protection, Cabin Environmental Control Systems, Fire Protection Systems Includes colored charts, tables, full-color illustrations and photographs throughout, and an extensive glossary and index
Volume #1 ..... P/N 13-11955..... $39.95
Volume #2 ..... P/N 13-11956..... $39.95

TURBULENCE: A NEW PERSPECTIVE FOR PILOTS



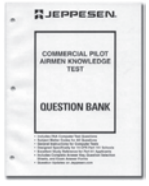
Pilots need to have more than a minimal understanding of the causes & characteristics of turbulence. While the number and types of accidents caused by turbulence have escalated, actual training on turbulence remains negligible.Turbulence is to help pilots recognize the conditions favorable for aviation turbulence so that its effects can be avoided or minimized.
P/N 13-17525..... $23.80

INSTRUMENT RATING TEST- QUESTION BANK



Instrument Rating Airman Knowledge Test - Question Bank: Includes FAA Computer Test Questions • Learning Statement Codes for All Questions • General Instructions for Computer Tests • Designed Specifically for 14 CFR / Part 141 Schools • Excellent Study Reference for Part 61 Applicants • Includes Complete Answer Key, Question Selection Sheets, and Exam Answer Forms P/N 17-00064..... $19.95

CFI TEST QUESTION BANK



This package contains the FAA Question Bank (reprints of all test questions) for the CFI rating (charts, diagrams, and appendices for reference), as well as sample tests and answer sheets.
P/N 17-00066..... $11.50

INSTRUMENT PILOT HANDBOOK

An IFR handbook with a new approach. 86 pages of essential information to conduct instrument flights while building a basic foundation of instrument skills necessary for safe IFR flights. Includes IFR maneuvers and procedures, ATC clearances, communications, checklists, attitude instrument flying techniques, IFR flight planning and instrument approach procedures. IFR training syllabus and checkride preparation are included. Useful charts and information aid in quick organization and understanding of essential IFR rules and regulations.
Book ..... P/N 13-12451..... $16.95
E-Book..... P/N 13-05863..... $24.50

AIRCRAFT MAINTENANCE & REPAIR, 7TH EDITION

This in-depth guide provides all of the up-to-date information needed to perform return-to-service-quality aircraft maintenance and pass FAA Certification
Aircraft Maintenance and Repair, Seventh Edition is an essential resource for aviation maintenance students and professionals. It also serves as an exam guide for those preparing for the FAA Airframe and Powerplant certification.
P/N 13-12722..... $89.95

JEPPESEN JAA ATPL TRAINING TEXTBOOKS

the material is thorough and comprehensive, yet the books utilize full-color graphics and diagrams that make complex topics easier to grasp. Check out the sample pages and get more detail about each volume with the links below. The 15 book set contains nearly 4,000 pages. P/N 13-07776.....$1,512.00

BV

AVWX WORHSHOPS
WHEN FORECASTS CLASH CD

This program is divided into three training modules. Each module will describe a separate case where the possibility of thunderstorms was questionable and resulted in a clash with other official and unofficial National Weather Service (NWS) guidance. For each case, we'll first identify the errant forecast(s) and then integrate other meaningful guidance into the analysis to show that the questionable forecast was truly unreasonable with respect to the development or lack of development of thunderstorms. Instrument rated or not, this program is designed to show the pilot how to recognize a bad convective forecast early in the process. P/N 13-08034 ..... $29.95

ICE IS NOT NICE

This Ice Is NOT Nice Part 1 workshop is designed to promote situational awareness when structural icing is a flight risk. This program provides a protracted discussion on the factors associated with structural icing and presents the latest analysis tools and techniques that can be incorporated by pilots to gain the most utility from their aircraft throughout the year without compromising safety. Ice Is NOT Nice Part 1 contains over two and one-half hours of unprecedented training for general aviation pilots wanting to learn more about how minimize their exposure to structural icing. This CD-ROM contains eight training modules and one preflight planning case analysis using real weather data and guidance captured from the Internet.

Vol. 1 ..... P/N 13-09476 ..... $79.00
Vol. 2 ..... P/N 13-09477 ..... $79.00

ESTIMATING CLOUD TOPS

This premium workshop includes the following eight (8) training modules: An overview - quantifying uncertainty, Pilot reports (PIREPs), Radiosonde observations (RAOBs), Forecast soundings and analyses, VAD Wind Profiles (VWPs), Color-enhanced infrared satellite images, Stratocumulus clouds Why not echo tops? ..... P/N 13-09633 ..... $49.00

TERMINAL AERODROME FORECASTS CD

Learning to read a terminal aerodrome forecast, better known to pilots as TAFs, requires more than just deciphering an unfamiliar code. Pilots need to have an appreciation for its inherent limitations that are largely imposed by NWS directives and local forecast rules. Meteorologists consider terminal forecasts to be point forecasts. Consequently, the relatively small size of the terminal area strongly influences how a forecaster will construct or amend the TAF. Knowing how to properly incorporate these highly detailed forecasts into a preflight briefing requires the pilot learn how to look well beyond the coded text to read between the lines of a TAF. P/N 13-08035 ..... $49.95

INTRODUCTION TO THE SKEW-T LOG DIAGRAM

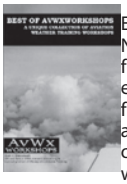
Thermodynamic charts such as the Skew-T log (p) diagram are one of the best kept secrets in aviation. It represents the absolute best power tool in the pilot's aviation weather toolbox. Specifically, the Skew-T log (p) diagram will often highlight adverse weather better than any other single chart or diagram available. Icing potential, cloud bases, cloud tops, cloud layers, turbulence, non-convective low level wind shear, haze, instability, thunderstorm potential, precipitation type, cloud type, fog and visibility are just some of the weather elements that can be inferred by this diagram. P/N 13-09478 ..... $79.00

BEYOND THE WEATHER BRIEF

The Beyond The Weather Brief program on CD-ROM takes the average pilot to that next level in their preflight weather briefings. This workshop is designed for a pilot who desires to use and integrate many of the new or unfamiliar tools found on the Internet with the traditional products to evaluate the location of adverse weather for your planned departure whether it is three days or three hours away. This premium workshop consists of 8 training modules that include the following topics: Surface analysis, Numerical weather prediction models, Constant pressure charts, Thunderstorm forecasts, Precipitation forecasts, Icing forecasts, Turbulence forecasts, Terminal aerodrome forecasts (TAFs

P/N 13-09479 ..... $59.00

THE BEST OF AVWX WORKSHOPS



Experience is certainly important, but according to a recent NTSB safety study, "It appears that pilots generally require formal training to obtain weather knowledge and cannot be expected to acquire it on their own as they simply gain more flight experience." With over 7 hours of unprecedented aviation weather instruction, this collection of workshops takes over where your primary training left off. Every workshop will contain a short quiz at the end to test your comprehension. P/N 13-09634 ..... $99.00

JEPPESEN INTRODUCTION TO NAVIGATION CHARTS

The chart training guide is published as a service for pilots training with Jeppesen charts. It is intended for reference only and includes some of the most commonly used symbolism. This guide is revised regularly; however some variance may exist between this guide and current chart services. These may be the result of one or more of the following; chart issuance dates, timely application of changes received from governing agencies, and/or the method of representing such information. The chart training guide has been designed as a supplementary training material and is not intended for navigation. P/N 13-06253 ..... $5.00

AVIATION WEATHER

This 3rd edition of Aviation Weather is Jeppesen at its best. It is also, without a doubt, the best and clearest book on weather as it pertains to pilots that I have seen. Aviation Weather is designed to help the student of aviation understand ther atmosphere in which he or she operates. It also serves as a valuable reference source for pilots at all levels. Whether your connection to flying is as a new student, a certified pilot, controller, dispatcher, scientist, engineer, or an interested passenger, Aviation weather will help you understand the strong interdependence of aviation and meteorology through over 300 full color illustrations, a minimum of mathematics, and a maximum of practical information. P/N 13-19385 ..... $70.95

JEPPESEN GFD DVD SERIES

The jeppesen GFD DVD Series is a great resource for students and instructors alike. These DVD's contain many hours of informative and entertaining video that agrument the written materials by providing visual reinforcement on a variety of topics. the state-of-the-art graphics, animation, and aerial photography help students grasp complex concepts.

Private Pilot DVD Series ..... P/N 13-02449 ..... $140.85
Inst./ Commercial DVD Series ..... P/N 13-02451 ..... $183.75
Flight Instructor DVD Series ..... P/N 13-02452 ..... $139.75
MULTI-ENGINE DVD SERIES ..... P/N 13-02453 ..... $74.75

JEPPESEN PILOT TRAINING

Private Pilot Syllabus ..... P/N 13-04223 ..... $21.95
Private Pilot FAA Practical Test Study Guide
P/N 13-01258 ..... $23.95
Instrument/Commercial Record Folder
P/N 13-01207 ..... $58.75
Flight Instructor Syllabus ..... P/N 13-02053 ..... $21.95
Multi-Engine Practical Test Standards
P/N 13-01225 ..... $8.75

JEPPESEN MAINTENANCE TRAINING

FAR Handbook for Aviation Maintenance Techs ..... P/N13-31417-6 .... $24.95

Standard Aviation Maintenance Handbook ..... P/N 13-19225 ..... $18.95

Standard Aviation Maintenance Handbook E-Book ..... P/N 13-09944 ..... $17.65

AIRCRAFT WEIGHT AND BALANCE HANDBOOK

This book explains in detail the process to determine the weight and balance of any aircraft. This edition, has been updated to include information on new Light Sport Aircraft (LSA) and Very Light Jet (VLJ) categories. Applicable to both airplanes and helicopters, this book is a primary reference for all FAA Knowledge Exams for both pilots and mechanics. Soft cover, glossary, indexed, full-color illustrations.

Book ..... P/N 13-10221 ..... $9.85
Ebook ..... P/N 13-05934 ..... $6.55

AIRPLANE MAINTENANCE & REPAIR

This unique resource covers aircraft maintenance program development and operations from a managerial as well as technical perspective. Readers will learn how to save money by minimizing aircraft downtime and slashing maintenance and repair costs. Plan and control maintenance . Coordinate activities of the various work centers. Establish an initial maintenance program. Develop a systems concept of maintenance. Identify and monitor maintenance problems and trends. ..... P/N 13-07765 ..... $109.95

BV

CESSNA AIRCRAFT MANUALS

The handbook is designed: To help you operate your plane with safety and confidence. To more fully acquaint you with the basic performance and handling characteristics of the airplane. To more fully explain your plane's operation than is permissible to set forth in the airplane flight manual.

VISIT OUR WEBSITE AT WWW.AIRCRAFTSPRUCE.COM TO SEE THE MANUAL FOR YOUR CESSNA AIRCRAFT

PIPER AIRCRAFT MANUALS

The handbook is designed: To help you operate your plane with safety and confidence. To more fully acquaint you with the basic performance and handling characteristics of the airplane. To more fully explain your plane's operation than is permissible to set forth in the airplane flight manual.

VISIT OUR WEBSITE AT WWW.AIRCRAFTSPRUCE.COM TO SEE THE MANUAL FOR YOUR PIPER AIRCRAFT

MOONEY, GRUMMAN, DIAMOND STAR AIRCRAFT MANUALS ALSO AVAILABLE. SEE WWW.AIRCRAFTSPRUCE.COM

CESSNA TRAINING MANUAL

A detailed guide to the popular Cessna 206 aircraft. The book provides straight forward, easy to understand explanations of the aircraft, systems and flight operations including performance planning, with photographs, diagrams, schematics and checklists. The information has been compiled from engineering manuals, manufacturers handbooks, and the authors' personal in depth flight experience. The book is ideal for use when learning to fly on the C206 or during type transition training, and a experienced pilots will also find useful tips and information to improve their flight standards. The book is aimed at Cessna 206 pilots, however aviation enthusiasts, virtual pilots, and engineers will also enjoy the information provided.

Books		
Model	Part No.	Price

THE PILOT'S HANDBOOK

Subtitled The Flight Bag Book, this convenient, cockpit-handy manual features in-depth and specific procedural descriptions intended for reading on the ground, and checklists on heavy tabbed section dividers for use in the air. Hundreds of full-color illustrations illuminate the explanations, and a lie-flat spiral binding allows for folding over or full opening.

Features: Complete illustrated explanations for reading on the ground. Checklists for use in the air. Reference, glossary, and detailed index. Small enough to put in your flight bag or leave in the aircraft. Tabbed pages for easy location of sections. Spiral binding allows for full opening. 338 pages, 288 illustrations. P/N 13-08569..... $39.95

A & P TEST/STUDY GUIDE BUNDLE

Within this kit, you'll have all the test preparation essentials needed to ace your exams. Kit items are also sold individually.

Kit includes:

A & P Airframe Test Guide with Oral & Practical Study Guide. A & P General Test Guide with Oral & Practical Study Guide. A & P Power Plant Test Guide with Oral & Practical Study Guide

A&P Test/Study Guide Bundle .....P/N 13-08042 ..... $47.25

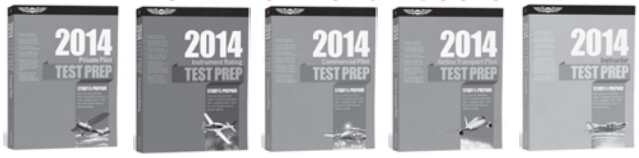
BV

TESTPREP SERIES 2014 BOOKS



These books are a pilot's best bet. Included with every FAA question are the answers, explanations, subject codes and references, as well as explanations for incorrect answers. All of the questions in the particular FAA test question database are included here and have been arranged into chapters based on subject matter. Topical study, in which similar material is covered under a common subject heading, promotes better understanding, aids recall, and thus provides a more efficient study guide.

Private/Recreational Pilot..... P/N 13-00984 .....$13.85
Instrument Rating..... P/N 13-00974 .....$16.65
Commercial Pilot..... P/N 13-01298 .....$16.95
Airline Transport Pilot..... P/N 13-01301 .....$24.00
Certified Flight Instructor..... P/N 13-32311 .....$19.95

FAST TRACK TEST GUIDES 2014 BOOKS FOR AVIATION MAINTENANCE

To prepare students for the FAA knowledge exams required for A&P certification, each guide contains exact FAA questions with answers, explanations and references in the "Fast-Track" format to promote increased learning comprehension and retention. Prepared by industry expert Dale Crane, the Fast-Tracks also include a helpful guide to the Practical & Oral Tests.

General (152 pages) ..... P/N 13-32323 .....$8.95
Airframe (200 pages)..... P/N 13-32321 .....$8.95
Power Plant (200 pgs)..... P/N 13-32322 .....$9.50

INSPECTION AUTHORIZATION TEST PREP

The Inspection Authorization Test Prep provides aviation maintenance technicians (AMTs) with all the resources needed to pass the FAA's exam for inspection authorization, and helps candidates become familiar with the privileges and limitations of the highest level of maintenance certification. This book is an important reference source for all AMTs seeking to add Inspection Authorization (IA) to their qualifications, as well as AMT schools preparing students for the IA test. The IA exam is different from other FAA exams in that it remains a "closed test"— the exact database of questions is not available to the public. The more than 450 sample questions typify those that candidates are likely to encounter when taking the IA Exam. Also features an internet element that provides readers with additional tools and resources. Conveniently compiles the reference materials necessary to prepare for this exam into one volume, for an organized study program that AMT schools, instructors, and individuals alike can use to streamline their studies.

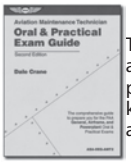
P/N 13-01297 ..... $29.75

CERTIFIED FLIGHT INSTRUCTOR DVD COURSE-VIRTUAL TEST PREP

More than 10 hrs of high-quality DVD presentation meets all FAA Part 61 home study requirements. All the information needed to ace the FOI, CFI, BGI and AGI exams through exciting in-flight video and dynamic instructional aids and interactive quizzes. Includes 2013 Test Prep book and Computer Testing Supplement. A bonus DVD, Flight Review is included which covers the required specifics for a Biennial Flight Review.

P/N 13-01081 ..... $47.75

ORAL & PRACTICAL EXAM GUIDE



This book prepares the AMT for the general, airframe, and powerplant exams with information on the certification process, typical projects and required skill levels, practical knowledge requirements in a question and answer format, and reference materials for further study.

P/N 13-50165 .....$8.50

VISUALIZED FLIGHT MANEUVERS

Excellent learning and teaching aids for instructors and students, these handbooks comply with current practical test standards and regulations. Fold-out pages allow each maneuver to be complete on a 1-page spread, so the reader absorbs all the visual/textual information at once. Covers Private, Commercial and Flight Instructor maneuvers.

For High-Wing aircraft..... P/N 13-02289 ..... $13.95
For Low-Wing aircraft..... P/N 13-05854 ..... $15.95
For Katana aircraft..... P/N 13-02291 ..... $14.95

THE PILOT'S MANUAL SERIES

FLIGHT SCHOOL THIRD EDITION - Full-color, comprehensive maneuvers manual covers all the tasks from the FAA Practical Test Standards for Private and Commercial certificates. Hardcover 4th Edition has been updated throughout to reflect current rules and Practical Test Standards. Also includes new information on LSA/Sport Pilot, Technically Advanced Aircraft (TAA) and glass cockpits, airport markings/signs, and much more.

P/N 13-00982..... $54.75

PRIVATE & COMMERCIAL - Covers all the aeronautical knowledge required to pass the FAA knowledge exams and operate as a Private or Commercial pilot. Walks you through everything you need to know to pass both your Private and Commercial FAA Knowledge Exams.

P/N 13-00978..... $51.75

INSTRUMENT FLYING - A step-by-step course covering all the knowledge requirements to pass the Instrument FAA Knowledge and oral exams, as well as an instrument checkride. A flight and ground training syllabus is available.

P/N 13-00979..... $56.95

THE COMPLETE PILOT SERIES

Bob Gardner's series of textbooks has been in publication since 1985 and is continually updated and expanded. Mr. Gardner writes in a conversational manner that is readable, comprehensive, and more importantly, will lead the reader to a greater understanding of the material. All his books are reinforced by the caliber of personal experience that integrates "technique" and "procedures" with mastery.

THE COMPLETE MULTI-ENGINE PILOT (3RD EDITION) - The best textbook available for learning multi-engine flying! Learn the fundamentals of flying multi-engine aircraft and aerodynamic laws that govern multi-engine flight under Bob Gardner's experienced and energetic tutoring.

P/N 13-06661 .....$17.75

THE COMPLETE ADVANCED PILOT (3RD EDITION) - Many students prepare for the Commercial certificate and Instrument rating simultaneously, as a method to train efficiently, cut expenses, and expedite the process. This book combines these two phases in flight training to produce the most effective program towards completion. Review questions follow each chapter.

P/N 13-01714 ..... $21.60

THE COMPLETE PRIVATE PILOT (10TH EDITION) - For anyone interested in pursuing a Private Pilot or Recreational Pilot certificate, this book prepares the student with a thorough conceptual and practical understanding of the flying fundamentals. Several chapters refer to aeronautical charts, and a full-color example of a sectional chart is provided for use with exercises throughout the text.

P/N 3356 .....$19.75

THE COMPLETE PRIVATE PILOT SYLLABUS (3RD EDITION) - A comprehensive guide that stresses the importance of integrated flight training -- providing both flight and ground training for more complete preparedness. It is written to satisfy both Part 141 and Part 61 requirements. 126 pages.

P/N 13-02268.....$8.95

MULTI-ENGINE FLYING

Multi-Engine Flying, by Paul Craig is a thorough and complete training manual on multi-engine flight covering multi-engine aerodynamics, normal and emergency procedures, multi-engine performance, and both simple and advanced aircraft systems. Advanced systems, including turboprop and operations common to high performance commercial aircraft are then discussed including high altitude operations, and modern glass cockpit systems.

Book.....P/N 13-07604..... $48.75
E-Book.....P/N 13-05912..... $37.50

ASA FAR/FC

Parts 1, 63, 65, 91 Subpart K, 119, 120 New!, 121, 135, and 49 CFR 175 (Hazmat), and New! 1544 (TSA). Part 25 is available as a free download! Free Updates available online for instant access to regulation and procedural changes. Free Update email subscription service – ASA will email you when a new Update is available. Unabridged FAR Parts from Titles 14 and 49 of the Code of Federal Regulations (14 and 49 CFR) Changes and updates since last edition clearly marked. Comprehensive FAR index. Softcover, 496 pages.

P/N 13-02293.$14.85

BV

ASA PRIVATE PILOT COMBO

These FAA official handbooks, Airplane Flying Handbook (previously titled Flight Training Handbook) and Pilot's Handbook of Aeronautical Knowledge, have been required reading for all pilots for more than 30 years. Bonus: Includes handy laminated kneeboard-sized reference cards! P/N 13-11674 ..... $29.75

ASA TEST PREPARATION SOFTWARE PREPWARE.COM

The experts in FAA Knowledge Exam preparation bring you a website dedicated to practice tests. You have the option to use these tests to acquire your test sign-off from ASA staff, or print your results to show your flight or ground instructor for their endorsement. Aviation Maintenance Technician applicants can use the Certificate of Completion to obtain an endorsement from their local FSDO. Practice exams are available for: General, Airframe, Powerplant, Sport, Private, Instrument, Commercial, Flight Instructor, Ground Instructor, Fundamentals of Instructing, Flight Engineer, and Airline Transport Pilot (all aircraft category and test types are available). P/N 13-10191 ..... $13.50

ASA TEST PREPARATION SOFTWARE PREPWARE.COM ACCESS CARDS

Prepware.com is ASA's online Simulated Test Center dedicated exclusively to test practice. Previously accessible via direct-sale only, this popular preparation tool is now available with convenient "scratch-off " Access Cards! Hang tags serve as the Access Cards for easy display. Test applicants redeem the prepaid cards at Prepware.com by revealing the hidden 25-digit activation code and entering it on the website. P/N 13-10192 ..... $12.50

ASA VIRTUAL TEST PREP SERIES IMAGES

4 CD-ROM set with slides from ASA's VTP DVD Series! Provides a comprehensive aviation ground school to prepare pilots for the FAA Knowledge Exam and help them become better, safer pilots. This is a comprehensive 4-CD-ROM set with slides of the graphics used throughout the Virtual Test Prep series, allowing you to add professionalism, organization, and clarity to your classroom presentations with these Powerpoint slideshows and animated graphics. P/N 13-10193 ..... $66.50

ASA AVIATION MAINTENANCE TECHNICIAN HANDBOOKS

These textbooks were created to set the pace for maintenance technician training and attain a level of quality that surpasses all other maintenance textbooks on the market. Airframe: Structures details the subjects associated with aircraft structures including aerodynamics, and hydraulics and pneumatic systems as they relate to the landing gear. Both metallic and nonmetallic structures as well as assembly and rigging are covered in this volume. This volume is in its Third Edition and has been updated to today's practices and procedures, now featuring full-color illustrations throughout.

Volume I ..... P/N 13-00581 ..... $34.75
Volume II ..... P/N 13-00582 ..... $44.50
Ebook Volume I & II ..... P/N 13-12136 ..... $32.80

THE PILOT'S MANUAL PRIVATE PILOT SYLLABUS SERIES

This syllabus meets all Part 141 and 61 requirements and supplements The Pilot's Manual Series textbook Private & Commercial. Reviewed by the FAA, presents a fresh approach, and offers the most integrated, comprehensive, and simple flight and ground training program available. Stage Exams included. 46 pages.

4th Syllabus ..... P/N 13-02264 ..... $10.95
3rd Syllabus ..... P/N 13-02265 ..... $10.50

ASA 21ST CENTURY FLIGHT TRAINING

Teaches all the primary flight training maneuvers from the perspective of an examiner with countless checkride insights, guiding readers from initial flight instructor lessons to conducting flight reviews on their own.

P/N 11-09089 ..... $24.50

ASA AUDIO SET PRIVATE PILOT CHECKRIDE

A narrator explains what you can expect during the checkride and then takes you into the briefing room where you are invited to listen in as a checkride gets underway. This program contains one example of a typical practical test on audio track. You should study the printed Private Oral Exam Guide book to obtain a complete understanding of all the different types of questions that might be asked during your checkride. P/N 11-08846 ..... $21.75

ASA PROFESSIONAL PILOT THIRD EDITION

Provides real-world application of knowledge based on veteran aviator John Lowery's vast experience. Ride alongside as he imparts insightful tips, stories, case histories, facts and mythbusting that will change how you operate as PIC. Far from your typical textbook on aerodynamics and systems, this book takes you right up front to learn from a master turbine pilot who's been there. Filled with points to remember so pilots can take away operational rules-of-thumb and immediately apply them to their daily flying. P/N 11-08844 ..... $28.75

ASA INSTRUMENT COMBO

The Instrument Flying Handbook (FAA-H-8083-15B) is the FAA's primary pilot resource for instrument flight rules (IFR) covering everything pertinent to operating an aircraft in instrument meteorological conditions. The Instrument Procedures Handbook (FAA-H-8261-1A) is a great resource for instrument-rated pilots! You will also receive 2 laminated quick-reference cards with information pertinent to flying in the IFR environment and sized to fit your kneeboard or approach plates binder. P/N 11-08800 ..... $38.75

ASA INSTRUMENT FLIGHT MANUAL

Divided into five sections, the book covers: airplane performance and basic instrument flying, navigation and communication aids and their instruments, planning the instrument flight, the instrument flight and the knowledge and practical tests. Significant time is devoted to air traffic control as it is one of the most difficult aspects of flying IFR. Kershner's goal in this manual is to cover the subject in as much detail as possible while remaining uncomplicated. P/N 17-00012 ..... $25.50

ASA FLIGHT INSTRUCTOR REFRESHER CLINIC (FIRC)

ASA's FAA-approved Flight Instructor Refresher Clinic (FIRC) provides everything flight instructors (CFIs) need to renew their flight instructor certificate for 2 years. This convenient home-study course brings the classroom to the home or office and lets instructors renew their certificate at their own pace, and in the comfort and privacy of their own place. The ASA FIRC features internet-based evaluation, resources and course tracking, supported with professional multi-media presentations from the producers of ASA's Virtual Test Prep series. A comprehensive review of recent changes in rules and procedures affecting general aviation and flight instruction ensures instructors have the most current information, are aware of the FAA's areas of emphasis, and receive the most innovative instructional techniques. P/N 13-09018 ..... $105.00

ASA TEST SUPPLEMENT - SPORT PILOT, INSTRUCTOR, EXAMINER

This is the same book issued during the Sport Pilot/Instructor/Examiner FAA Knowledge Exams at the computer testing centers. These "figures books" are exactly as printed by the FAA, with all charts reproduced in full color.

P/N 17-00010 ..... $20.50

PREFLIGHT A FIXED WING LIGHT-SPORT AIRCRAFT

Follow a routine preflight inspection to learn the proper way to ensure a safe, enjoyable flight. Sport Pilot expert Paul Hamilton role-plays as the student embarking on his first flight in a fixed wing LSA. Instructor Jeff Reynolds takes Paul through an easy-to-follow and comprehensive preflight inspection. This straightforward presentation is truly informative and educational for the beginner pilot, as well as the experienced aviator wanting a refresher or transitioning aircraft. P/N 13-10202 ..... $45.25

ASA FLIGHT ENGINEER TEST PREP

The Flight Engineer questions represent those on FAA Knowledge Exams, and are arranged by subject into chapters with Answers, Explanations (for correct and incorrect answers) and Reference Codes for Basic, Turbojet, Turboprop, Reciprocating, and Add-On Ratings. Helpful test instructions, tips, excellent cross-references, and more included. ASA is the leading resource for FAA Knowledge Exam preparation and continues to produce the best books available to prepare students for all the exams. P/N 11-08827 ..... $24.50

ASA AERONAUTICAL CHART USER'S GUIDE

Have you ever wondered about the meaning of a certain chart feature or symbol? Go beyond the standard chart legends with this comprehensive guide! Using and understanding aeronautical charts is an essential skill for every pilot. This updated 10th Edition of the Aeronautical Chart User's Guide by the FAA AeroNav Products branch is the definitive learning aid, reference document, and introduction to the wealth of information provided on aeronautical charts and chart navigation publications.

P/N 13-11595 ..... $9.95

BV

ASA FLIGHT TRAINING

STUDENT KITS

Complete, comprehensive packages for pilot training. Flexibility will always be the best feature of ASA Student Kits. If a school or training program needs to swap out the fiberboard flight computer in The Complete Private Kit for our aluminum E6-B, that's okay! If everything in The Aviator Commercial Kit is just right for your school's curriculum, but you're using the commercial syllabus you created, that's alright, too. Your ASA Distributor can create a Personalized Aviation Custom Kit for you that leaves out our Syllabus, but still guarantees easy ordering, easy shipping, and easy delivery.

THE COMPLETE PRIVATE KIT

• PPT-9, The Complete Private Pilot, by Bob Gardner, a comprehensive textbook • PPT-S, The Complete Private Pilot Syllabus, for both ground and flight school • SFR-P2, Student Flight Record for Private Pilots, to track progress • VFM-HI, Visualized Flight Maneuvers for High-Wing Aircraft, a comprehensive maneuvers guide • SP-30, Standard Pilot Logbook in black • CP-RLX, the Ultimate Rotating Plotter • E6B-P, fiberboard flight computer • OEG-P, Private Oral Exam Guide, by Michael Hayes, for checkride preparedness • 8081-14AS, Practical Test Standards for Private Pilot Single-Engine Land, so pilots know what to expect on the checkride • BAG-AT, black attaché bag

P/N 13-02271 ..... $79.00

ASA PART 61 STUDENT PILOT KIT

Packaged in the ASA Pilot Briefcase. The Complete Private Pilot by Bob Gardner is the primary textbook for this kit, ASA FAR/AIM and Private Pilot Test Prep books The Practical Test Standards, Private Oral Exam Guide, and Visualized Flight Maneuvers for High-Wing Aircraft help take students through their Oral and Practical exams. E6-B flight computer and Ultimate Rotating Plotter for all flight planning, and a Standard Pilot Logbook. P/N 13-03127 ..... $79.95

ASA PART 141 STUDENT PILOT KIT

Includes everything they'll need, packaged in the ASA Pilot Briefcase. The Pilot's Manual: Flight School and The Pilot's Manual: Ground School, \ ASA FAR/AIM and Private Pilot Test Prep books are also included.The Practical Test Standards, and the Private Oral Exam Guide. An aluminum E6-B flight computer and Ultimate Rotating Plotter are included for flight planning, a Standard Pilot Logbook, also ASA Short Fuel Tester to help with preflights. P/N 13-03128 ..... $199.00

FAA STUDENT PILOT GUIDE

The Student Pilot Guide lays out (for prospective student pilots and those already engaged in flight training) in "how to" fashion, the general procedures for obtaining FAA student pilot, sport pilot, recreational pilot, and private pilot certificates.

P/N 13-04565 ..... $2.50

ASA COMMUNICATION TRAINER SOFTWARE

Say Again, Please is an invaluable tool for students who want to practice before their flights, pilots with rusty communications skills, those who rarely fly into heavy airspace, and those who want to sound like a pro! Learn how ATC and your radio equipment works, and learn what to say and what to expect to hear and how to interpret clearances and instructions. ..... P/N 13-02054 ..... $52.50

ASA INSTRUMENT PROCEDURES TUTORIAL

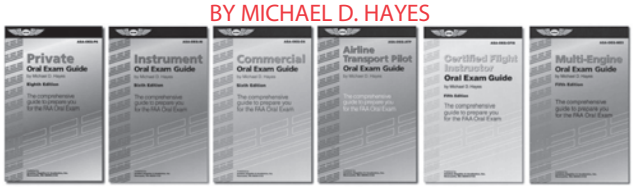
Visualization simulator and instrument procedures tutorial (software plus manual). Gain a mind's-eye perspective by viewing cockpit instrumentation, approach plate, and overhead map simultaneously! 1. to form a mental image of 2. to make perceptible to the mind or imagination 3. the act of creating a mental image that is similar to a visual perception. A complete how-to system on instrument flight, navigation, procedures, emergencies, and more, featuring a comprehensive 4-hour software tutorial and a full-color manual. It's the perfect complement to any instrument training curriculum or refresher for instrument-rated pilots. Students, instructors, virtual aviators, and even experienced pilots. P/N 11-06625 ..... $47.95

ASA HELICOPTER FUNDAMENTALS–DVD

The Virtual Test Prep DVD Series provides a comprehensive aviation ground school to prepare pilots for the FAA Knowledge Exam and help them become better, safer pilots. Makes explanations come to life with in-flight demonstrations and the latest 3D animated graphics. Supplements the airplane Virtual Test Prep ground school courses. Complete both the airplane and helicopter courses to prepare for private pilot, instrument rating, commercial pilot, or flight instructor (CFI) FAA Knowledge Exams. Used together, the courses provide everything needed to ace the Helicopter FAA Knowledge Exam. P/N 13-05828 ..... $24.95

ORAL EXAM GUIDES

BY MICHAEL D. HAYES



These exam guides are written to help prepare applicants for their oral exams with FAA examiners. Using a question and answer format, each guide takes the questons most likely to be asked by examiners and provides easy to follow responses. Pilots will find these guides indispensable tools in both planning for what to expect and mastering the subject matter. Instructors rate these as excellent preparation for students, as well as preps for Instrument Proficiency Checks (IPCs), aircraft transitions, and as general refresher material.

Private (8th Edition) ..... P/N 13-00977 ..... $9.95
Instrument (7th Edition) ..... P/N 13-00976 ..... $8.95
Commercial (6th Edition) ..... P/N 13-02283 ..... $8.95
Airline Transport Pilot (1st Edition) ..... P/N 13-02284 ..... $10.95
Multi-Engine (5th Edition) ..... P/N 13-02060 ..... $10.95
Certified Flight Instructor (5th Edition) ..... P/N 13-02285 ..... $9.50

SPORT PILOT TEST PREP

Information you need to come into the checkride prepared: the required training, experience, and instructor endorsements. The questions most likely to be asked during the oral portion of the exam, supporting them with succinct, easy-to-grasp answers. Provides practical checklists and techniques to use when demonstrating your skills to the examiner. The DVD compresses a typical four-hour practical test into an engaging 78-minute presentation.When the book and DVD are used together, pilots will find these products indispensable for mastering the Sport Pilot Checkride.

Check Ride book ..... P/N 13-05024 ..... $17.75
Checkride Combo ..... P/N 13-05857 ..... $42.75

AVIATION RADIO COMMUNICATIONS MADE EASY

The 272-page spiral-bound workbook includes 32 different templates ranging from operations at nontowered fields to initial call-up of an approach control facility to requesting VFR traffic advisories, also known as flight following. You complete these templates - literally filling in the blanks-and take them along-they're sized to fit a standard pilot's kneeboard. Four copies of each template are included. ..... P/N 13-04089 ..... $16.95

ASA HELICOPTER STUDENT PILOT KIT

Helicopter Student Pilot Kit Includes: * Rotorcraft Flying Handbook * Principles of Helicopter Flight, by Wal Wagtendonk * Principles of Helicopter Flight Syllabus * Private Pilot Test Prep * FAR/AIM book * Private Rotorcraft Practical Test Standards * Private Oral Exam Guide, by Michael Hayes * Helicopter Oral Exam Guide, by Ryan Dale * Standard Pilot Logbook in black * Ultimate Rotating Plotter * Fiberboard E6-B Flight Computer * ASA Briefcase P/N 13-06414 ..... $107.85

ASA HELICOPTER ORAL EXAM GUIDE

A supplement for helicopter pilots; requires corresponding Oral Exam Guide for proper study. This book prepares pilots for the oral portion of their Helicopter Checkride for Private, Instrument, Commercial, Flight Instructor, and ATP. Helicopter pilots can now use this guide and the corresponding OEG book to get the rotary-wing knowledge specific to their training needs. Softcover, 184 pages. P/N 13-05853 ..... $8.95

ASA FLASHCARDS

Flashcard Study Guides help to develop and maintain a solid core-knowledge of the rules and regulations that are a part of a pilot's daily life. Designed to be easy to pack and carry, flashcards provide pertinent regulatory questions with detailed answers and references for further study.

FLASHCARDSFOR FAR - A Useful Study Aid. Keep your cockpit skills sharp and prepare for that important test, checkride or interview! Updated to include the latest rules and operating procedures as well as Sport Pilot and Light-Sport Aircraft questions. The FAR Flashcards set provides 112 practice questions from FAR Parts 1, 61, and 91.

P/N 13-05850 ..... $14.95

FLASHCARDS FOR AIM - A Useful Study Aid. Keep your cockpit skills sharp and prepare for that important test, checkride or interview! The AIM Flashcards set contains 92 practice questions from the Aeronautical Information Manual (AIM). P/N 13-05851 ..... $14.50

FLASHCARDS FOR ATP - Prepare for exams, checkrides, and interviews! Questions for Parts 119, 121, and 135 operations. Updated to include the latest rules and operating procedures for airline operations. The Flashcards for ATP set provides 80 practice questions from 14 CFR Parts 119, 121, and 135. P/N 13-05852 ..... $14.95

ASA VIRTUAL TEST PREP – ASA BOOKS

ASA'S PRIVATE PILOT VIRTUAL TEST PREP

Brings the classroom to any home TV or computer Blu-ray player. Watch the Blu-ray disk material to learn the subjects, then use the included ASA Prepware Software to work through the questions, for a comprehensive aviation ground school. Graduation certificate and instructor endorsement (sign-off) available from ASA for no additional cost upon completion of the course.

Package also includes a bonus disk with over 2 hours of interviews, insights, and inspiration from some of the industry's leaders in aviation education, including Tom Horne, Barry Schiff, Bob Gardner, Paul Hamilton, Laurel Lippert, Steve Casner, Dorothy Schick, and Bruce Williams. These experienced aviators and notable subject experts also discuss their hard-learned lessons throughout the course, providing a very entertaining perspective and rare opportunity to watch and listen to these consummate aviators share their knowledge, wealth of experience and invaluable wisdom.

ASA VTP Ground School Widescreen.....P/N 13-06051 .....$119.95
ASA VTP Ground school Blu-Ray.....P/N 13-06052 .....$153.85

ASA VIRTUAL TEST PREP

Aviations most exciting new aviation ground school for DVD-Virtual Test Prep. Now students can learn the material they need right from their TV or RC DVD player by taking advantage of these latest developments in video production education • Up to 10 hours of quality video instruction on 5 disks • Works on TV and computer DVD players, take interactive quizzes by using your TV remote! • Excellent air to air video footage • Meets 14 CFR Part 61 home study requirements • Includes Test Prep book and Computer Testing Supplement with all FAA questions, answers, explanations, & figures • Instructor sign off available.

Complete Advanced Pilot..... P/N 13-01714.....$21.60

ASA PRIVATE PILOT ONLINE GROUND SCHOOL

This online course combines sharp video production and the latest instructional aids with the expertise and experience of ASA's industry-leading textbooks and test preparation materials for a comprehensive, convenient aviation ground school program. Prepare for the FAA Knowledge Exam and the cockpit, online with this on-demand solution from ASA. From the cloud, to you. Anytime. Anywhere. On any internet-connected device. P/N 13-12230 .....$169.95

ASA ONLINE GROUND SCHOOL INSTRUCTOR EDITION

Learning Management System (LMS) for schools and instructors to manage and monitor students using ASA's online ground school. A complete on-demand LMS (Learning Management System) for instructors and schools, and comprehensive preparation for the FAA Knowledge Exam and the cockpit for students. From the Cloud, to you and your students. Anytime. Anywhere. On any internet-connected device. This on-demand solution from ASA provides instructors with the tools to monitor, manage and support students in acquiring the aeronautical knowledge required to become safe and competent pilots. Includes unlimited instructor accounts and 2 student accounts. Additional student accounts can be purchased and added to your organization as needed.

P/N 13-12341 .....$465.00

2014 PREPWARE v.10

Rely on the most trusted source in aviation training with ASA's Prepware software for your FAA Knowledge Exam. More than a "question and answer" recounting of test questions, it combines a powerful software program with the accurate and instructional material you expect from ASA. Prepware gives you the tools and confidence needed to ace the test. ASA Prepware includes the contents of the Computer Testing Supplement—with the same FAA legends, figures, and full-color charts you'll be issued at the testing center—to help you become familiar with all available information before you take your official test. You can count on ASA to keep up with changes in the FAA Knowledge Exams with free updates available both online and through an email Update subscription service. ASA's Private Pilot Test Prep is the pilot's best resource for successful test-taking.

ASA TEST PREP 2014 SERIES BUNDLES

This bundle combines ASA's popular Test Prep book and Prepware Download for the ultimate in flexibility and savings. Today's hectic lifestyles demand efficient use of what limited study time is normally available. This bundle give test applicants the convenience of choosing whichever test preparation method is most convenient at any given time or location. ASA's Prepware Download combines all the information found in the Test Prep, with the benefits of computer-based training—including performance graphs, realistic practice tests, study and review modes, and built-in timers. The instructor utility, QuizMaker, generates pop quizzes or full-length tests, using FAA Knowledge Exam questions.

ASA MANAGING RISK BEST PRACTICES FOR PILOTS

Managing Risk: Best Practices for Pilots uses actual aircraft accident examples, statistics, aviation safety studies, and the authors' more than 60 years of combined experience as pilots and flight safety educators to document and describe the 10 most significant accident threat categories, and shed light on the applicable human-factor issues that make pilots vulnerable to them.

Book.....P/N 13-15683..... $12.50
E-Bundle.....P/N 13-15684..... $26.85

ASA RISK MANAGEMENT HANDBOOK

This comprehensive manual covers subjects such as human behavior, identifying and mitigating risk, aeronautical decision-making, single-pilot resource management, automation, and risk management training. Appendices contain checklists and scenarios to aid in setting personal minimums, sample risk management scenarios, and a controlled flight into terrain (CFIT) checklist.

Book.....P/N 13-15499..... $9.80
E-Bundle.....P/N 13-15501..... $14.95

ASA AERONAUTICAL CHART USERS GUIDE

This FAA publication includes explanations of all symbology used on the FAA charts including the world aeronautical charts, sectional aeronautical, terminal area, flyway planning, helicopter route, enroute low- and high-altitude, area, and oceanic route charts, as well as standard terminal arrival routes, standard instrument departures, and instrument approach procedures. The chart legends and airspace classifications tables are included. Illustrated throughout with full-color graphics.

Book.....P/N 13-15497..... $11.35
E-Bundle.....P/N 13-15498..... $14.95

ASA INSTRUMENT PROCEDURES HANDBOOK

The FAA's Instrument Procedures Handbook is a great resource for instrument-rated pilots! (FAA-H-8261-1A) Emphasis is placed on operations and procedural information for real-world use, which makes this the next logical step for pilots after learning basic instrument skills from the Instrument Flying Handbook (ASA-8083-15). Using this book, pilots can more directly apply the concepts to their current flying situation, and learn how their acquired skills are best used in today's IFR environment.....P/N 13-15939..... $19.95

BV

PRACTICAL TEST STANDARDS

ASA reprints the most current FAA Practical Test Standards in this series of handy cockpit-sized guides. Every PTS is written by the FAA and details the type and levels of skill and knowledge that must be demonstrated before an examiner can issue a certificate or rating to an applicant, and describes background study and reference materials.

Private Pilot Airplane (single engine land & sea)	13-00981	$4.95
Rotorcraft/Helicopter (private)	13-02337	$4.75
Commercial Pilot (single & multi-engine land & sea)	13-00980	$4.90
Instrument Pilot	13-00985	$4.95
Multi-Engine Pilot	13-02061	$5.35
Airline Transport Pilot & Type Rating (Airplane & Helicopter)	13-00908	$4.50
Flight Instructor Airplane (Single engine land & sea)	13-32314	$4.80
Flight Instructor Airplane (Multi-engine land & sea)	13-02288	$5.35
Flight Instruct Instrument (airplane&helicopter)	13-02296	$4.99
Aviation Mechanic	13-02555	$7.50

ASA 2014 FAR/AIM SERIES

ASA has built a reputation for providing the aviation community with the most accurate and reliable FAR/AIM products available. The 2014 FAR/AIM book continues this tradition, containing complete and up-to-date information from Titles 14 and 49 of the Code of Federal Regulations (14 and 49 CFR) pertinent to General Aviation, Sport Pilots and Flight Instructors, combined with the Aeronautical Information Manual (AIM), and a free email subscription service for you to receive updated information as it is released by the FAA. P/N 13-15200 ..... $9.50

GUIDE TO THE FLIGHT REVIEW

BY JACKIE SPANITZ - Complete preparation for taking or issuing a Flight Review. Most commonly asked questions with answers regarding the Flight Review, appropriate references for further study, relevant advisory Circulars, and a checklist. All information is useful to both Flight Review candidates & issuing CFIs. The new sixth edition reflects important updates. P/N 13-00973 ..... $9.85

ASA AIRCRAFT WEIGHT AND BALANCE HANDBOOK

This book explains in detail the process to determine the weight and balance of any aircraft. This new edition, effective March 2007, has been updated to include information on new Light Sport Aircraft (LSA) and Very Light Jet (VLJ) categories. Applicable to both airplanes and helicopters, this book is a primary reference for all FAA Knowledge Exams for both pilots and mechanics. Soft cover, glossary, indexed, full-color illustrations, 8-3/8" x 10-7/8" format, 96 pages.
P/N 13-01059 ..... $6.95

MAINTENANCE LIBRARY CD 2013

14 publications on one searchable, printable CD! Its perfect as a convenient easy to handle reference to this everyday material or as complete economical curriculum for an A&P student. Publications included: • 2013 FARs for Maintenance Technicians • AC 43.13 1B, 2B (new 2008 edition) • General Handbook, AC 65-9A • Airframe Handbook, AC 65-15A • Powerplant Handbook, AC 65-12A • 2013 FAA General Test Questions & Answers • 2013 FAA Airframe Test Questions & Answers • 2013 FAA Powerplant Test Questions & Answers • A&P Computer Testing Supplement • A&P Practical Test Standards • Weight & Balance Handbook • Corrosion Control • Nondestructive Testing for Aircraft • Ultrasonic Testing for Aircraft P/N 13-05131 ..... $39.95

HOME STUDY FLIGHT INSTRUCTION

Useful at any level of experience, the Home Study Flight Instruction Program is excellent as a preflight instructional tool and as a refresher course. Compromising approximately two hours of professionally narrated, efficiently organized instruction, the course moves from an introduction, to the controls, to straight and level flight, through turns, climbs, takeoffs, emergency landings, approach producers & emergency procedures
CD..... P/N 13-02085 .....$18.95 Cassettes.....P/N 13-02086..... $18.95

THE RIGHT SEAT

The Right Seat is an excellent introduction to flying for pilots' companions and would-be pilots. Clearly explains in easy-to-understand text with illustrations: how the airplane flies, how the instruments work and how to read them, how to navigate, communicate, assist the pilot and what to do if anything should happen to the pilot. A perfect gift for your flying companion. ..... P/N 13-02083 ..... $12.95

THE PRACTICAL AVIATOR PRIVATE PILOT

Section I relates to the first part of your oral exam. At that time, you will be asked to show the necessary certificates and documents required for flight, and show that the airplane is airworthy. Each part of this section has a detailed checklist, with a brief description of what is required. Section II is where you will compile all of the information you need to prepare for your cross-country checkride. You will be able to use this section to record the training lessons so that you will have examples to reference when preparing for your oral exam. Section III deals with aircraft systems and aeromedical information. This information will be compiled from the Pilot's Operating Handbook and the Pilot's Handbook of Aeronautical Knowledge and placed here for easy reference.
P/N 13-12706 $49.95

THE PRACTICAL AVIATOR INSTRUMENT RATING

Section I relates to the first part of your oral exam, during which you will be asked to show the necessary certificates and qualifications for instrument flight. Section I is also where you will compile all of the information you need to prepare for your cross-country Instrument Flight Rules (IFR) checkride. Section II deals with systems related to IFR operations. Worksheets are provided to record notes related to each system and instrument. Section III is where you will compile all of the necessary documents required for flight to show that the airplane is airworthy.
P/N 13-12707 $49.95

THE PRACTICAL AVIATOR COMMERCIAL PILOT

Section I relates to the first part of your oral exam. At that time, you will be asked to show the necessary certificates and documents required for flight, and show that the airplane is airworthy. Section II is where you will compile all of the information you need to prepare for your cross-country checkride. You will be able to use this section to record the training lessons so that you will have examples to reference when preparing for your oral exam. Section III deals with aircraft systems and aeromedical information. This information will be compiled from the Pilot's Operating Handbook and the Pilot's Handbook of Aeronautical Knowledge and placed here for easy reference. P/N 13-12708..... $49.95

PROFLIGHT PRE SOLO WRITTEN EXAM

This exam contains a total of 50 questions: 20 general questions, 10 regarding your training aircraft, and 20 regarding your local flight environment. Use of reference materials during this exam such as your training aircraft's Operator's Manual and local aeronautical charts is permitted.
P/N 13-10441 $4.95

BIENNIAL FLIGHT REVIEW - Complete BFR in one small package! This is by far the most consise and well organized flight review book on the market. It is full of checklists and handy procedures as well. Targeted for the aviator who wants to brush up on the rules and regs and get up in the air and have some fun! P/N 13-05739 ..... $10.50

INSTRUMENT FLIGHT REVIEW - A new shortcut to IFR Review! You can't beat this. This is the most incredible organization of IFR rules, regulations, tips and information avialable. Includes fully illustrated flight maneuvers and procedures, clearances, approaches, flight planning and more!
P/N 13-05740 ..... $8.95

PILOT'S POCKET HANDBOOK - The next best thing to having that brain chip implant! An extremely usefull collection of everyday aviation facts, figures and neat stuff! Includes a world time chart, aircraft country codes, math and conversions, standard and emergency checklist, abbreviations, ... get the idea? .....
P/N 13-05741 ..... $8.95

PILOT'S RULES OF THUMB - Don't fly by the seat of your pants, use your Thumbs! Here is the only book of it's kind. This collection of helpful rules and tips is useful to barnstormer and jet fighter pilot alike. (I have personal second hand knowledge of a Northwest Airlines pilot that carries this book in her flight bag!) P/N 13-05742 ..... $9.95

BV

PILOT TRAINING COURSES

INSTRUMENT RATING CHECKRIDE REVIEWER

The combination of a book that has enough "tech" but is still usable was the motivation behind this manual. It's a book that not only gives you a detailed step-by-step plan for your instrument checkride, but also provides the tips and tricks of the IFR system that will keep you safe. P/N 13-12019 $17.95

LEARNING IFR ENROUTE CHARTS

This 40 page guide is designed to be used as a teaching aid, reference document, and an introduction to the wealth of information provided on aeronautical charts. Included are IFR Chart Extracts to teach chart terms and symbols, and a comprehensive display of aeronautical charting symbols organized by chart type. It includes everything you need to know about charts for your checkride, even the most rarely used chart elements. Size: 8in x 10in - designed to be used on the ground. P/N 13-12020 $13.95

SAFER APPROACHES - APPROACH RATE TABLE

Use the safest, airline-proven flying technique for non-precision approaches that minimizes aerodynamic surprises and virtually eliminates the possibility of Controlled Flight Into Terrain. Safer Approaches will teach you how to conduct Instrument Approach Procedures to a higher standard of safety and precision.

P/N 13-12021 $9.95

PILOT'S RADIO COMMUNICATION GUIDE

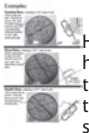
This 70-page review guide is designed as a quick reference guide or radio communications training self study guide. This covers VFR & IFR radio communications. Build your confidence by knowing what to say and when. Designed to fit in your flight bag, size: 6in x 9in. P/N 13-12022 $14.95

GETTING THE MOST OUT OF YOUR FLIGHT TRAINING

This 170-page book is the essential guide to becoming a better pilot, paying the least, getting the most, and finishing as quickly as possible. Includes sections on Becoming a Better Pilot, Ground & Flight Instruction Tips, and Earning Certificates & Ratings. Size 6in x 9in. P/N 13-12023 $13.95

AVIATION ACRONYMS, CONTRACTIONS, AND MNEMONICS

A complete pilot resource for aviation acronyms and contractions for every sector of aviation. Written by a pilot for pilots, this book provides instant answers to weather reports with confusing codes and aviation material with undefined acronyms. This book has been in constant publication since 2004 and is frequently updated. For free lifetime updates, register your book (instructions included). 90 pages. Size 5" x 8". P/N 13-12024 $11.95



VISI-HOLD™ - KNOW INSTANTLY

Holding patterns baffle most pilots. I see a lot of students holding up three fingers to the DG and mumbling nonsense to themselves. In order to end the confusion, use the Visi-Hold™, the easiest way to figure out your holding entry. Works with standard holds and non-standard holds (left turns). The Visi-Hold™ package comes complete with Visi-Hold template, directions, and two articles on holds: All About Holding and Holding Simplified.

P/N 13-12026 $9.75

PILOT'S RULE OF THUMB - ULTIMATE VFR / IFR CHECKLIST

The ultimate checklist that every pilot needs. Ten years in development, this is a product that pilots of all levels of experience can immediately use. This tool covers 30 normal and non-normal situations and has 9 special tools that you'll use on every flight. This high-quality plastic ruler/checklist measures approximately 3.75" x 9". P/N 13-12027 $3.95

VISI-PLOTTER™ FLIGHT PLANNING PLOTTER

This is the only VFR plotter invented by a CFI for pilots. It includes innovative features that provides temperature conversion, flight planning scratch pad area, and a no-mistakes course protractor that even beginners won't be confused by. It provides scales for sectional & WAC charts, and it even has inches & MM measurements. P/N 13-12028 $13.95

GUARANTEED PASS - HELICOPTER FLASH CARDS

This package includes 240 easy to read, soft yellow cards -- not flimsy paper -- which will help you pass your FAA written and oral (checkride) helicopter exams. Card size approximately: 4.25" x 2.75" - a stack of cards approximately 2in high.

P/N 13-12029 $24.85

PRACTICAL TEST STANDARDS: SPORT PILOT

FAA S 8081-29 & 8081-31 combined combined airplane, weight shift, powered parachute, and flight instructor.

Sport Pilot Practical Test Standards for Airplane, Weight-Shift Control, Powered Parachute and Flight Instructor. The FAA Practical Test Standards are used by instructors, students, and examiners to prepare for, review, take, or issue the checkride. Each PTS is written by the FAA and details the type and levels of skill and knowledge that must be demonstrated before an examiner can issue a certificate or rating to an applicant, and describes background study and reference materials.

This PTS includes both the FAA-S-8081-29 for Airplane and FAA-S-8081-31 for Weight-Shift Control and Powered Parachute (effective December 2004), applicable to both Sport Pilots and Sport Instructors. Includes Change 1 (effective June 2006) and Change 2 (effective February 2008).

PRIVATE PILOT FLIGHT MANEUVERS

The purpose of this manual is to help in the explanation, visualization and execution of the flight maneuvers required for the Private Pilot Practical Flight Test. Students preparing for their oral and flight test will find this manual helpful. Any pilot preparing for a Biennial Flight Review (BFR), can use this manual as a refresher on maneuvers that you may not have executed in quite some time. Flight Instructor applicants and Certified Flight Instructors will find this manual a beneficial teaching aid.

The manual breaks down each maneuver required on the Private Practical Test in six parts: FAA objective for the maneuver. FAA completion standards. General description of the maneuver. Detailed step by step textual description on how to execute the maneuver as recommended by the FAA. References to FAA publications where the information was compiled from. Detailed graphic profiles summarizing the procedure in a visual format. Also included are airspeeds, pitch attitudes, bank angles, power settings and configurations for a Cessna 172P plus room to add the same information for up to three additional aircraft.

Description	Part No.	Price

P/N 13-05114

Accelerated Aviation Training, was founded in 1986 to help Canada's pilots at all levels of licences and ratings prepare for their written exams with our accelerated exam prep seminars held at our YVR airport pilot training centre. We have been continously publishing Culhane training manuals and supplying Canada's aviation training industry with our aviation texts and exam guides since 1988.

Culhane aviation training books are currently used nationwide by aviation students at most flying schools and clubs in Canada, and at Canadian aviation colleges and universities, for ground school and flight training courses and seminars for the Private Pilot Licence, Recreational Pilot Permit, Night Rating, Commercial Pilot Licence, Integrated Commercial Pilot Licence, Instrument Rating, Flight Instructor Rating, IATRA Type Rating, Airline Transport Licence - Aeroplane, Private Pilot Licence - Helicopter, Commerical Pilot Licence - Helicopter, Instrument Rating - Helicopter, and Airline Transport Licence - Helicopter. Our ownership of Culhane manuals has permitted us to become the leading Canadian publishers of aviation self study training courses and referenced simulated exams, for both fixed wing and rotary wing pilots. We also offer training products and courses for Canadian Aircraft Maintenance Engineers and Flight Dispatchers.

CULHANE MANUALS ARE WRITTEN FOR USE IN CANADA

Description	Part No.	Price
Private Pilot and Recreational Pilot Ground School Course	13-05092	$99.95
Private Pilot and Recreational Pilot Written Test Book	13-05093	$84.95

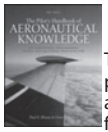
The Sky's The Limit: Workbook for Canadian Private Pilots	13-05096	$49.95
The Sky's The Limit: Workbook for Canadian Commercial Pilots	13-05097	$74.95
Flight Dispatcher Generic Training Course	13-05112	$199.95
Flight Dispatcher Written Test Book	13-05113	$149.95
Regulatory Requirements for Canadian Aircraft Maintenance Engineers	13-05114	$99.95

FAR/AIM 2014

In this newest edition of one of the Federal Aviation Administration's most important books, all regulations, procedures, and illustrations are brought up-to-date to reflect current FAA data. With nearly 1,000 pages, this reference book is an indispensable resource for members of the aviation community. 960 pages paperback.

P/N 13-07024 ..... $12.95

THE PILOTS HANDBOOK OF AERONAUTICAL KNOWLEDGE



Thoroughly revised, this new fifth edition has the most complete step-by-step, call-by-call, radio communications chapter available to today's aviation student covering a long-distance flight from start to finish. Updated FAA mandated standards of policies and procedures. Additional photos and drawings A more streamlined design Complete flight planning strategies for long-distance flights. Published by McGraw-Hill P/N 13-12963 ..... $59.95

BURT RUTAN'S RACE TO SPACE

Showcases Rutan's herculean efforts to do just that. Smithsonian's Air and Space Museum displays his most celebrated achievements, including SpaceShipOne, which won the coveted $10 million Ansari X Prize for private spaceflight; Voyager, which hangs with SpaceShipOne in the Milestones of Flight gallery; the Virgin Atlantic GlobalFlyer; and the VariEze. . Rutan's X Prize triumph and subsequent spacecraft designs are not a beginning, nor an end, but are steps in Burt Rutan's continuing adventure to expand humanity's presence beyond the Earth and into space. P/N 13-11195 ..... $29.95

PROPELLERS AND PROPELLER SYSTEMS

From fixed pitch wood through state of the art full feathering, reversing, FADEC controlled metal and composite systems. All systems are covered including various types of pitch control, synchronization, ice control, vibration and resonance, maintenance and testing procedures and preservation and storage techniques.

Book ..... P/N 13-15921 ..... $24.95
E-Book ..... P/N 13-14790 ..... $21.65

HUMAN FACTORS FOR AVIATION MAINTENANCE

An EASA Part 66/147 approved manual on Human Factors fully compliant as EASA Module 9 up through level 3. Produced in cooperation with HATA, Hellenic Aviation Training Academy. A very complete manual covering human factors in the aviation maintenance environment including physiological, and psychological aspects, human interaction, communications, risk management, workforce dynamics as well as understanding and managing human related errors.

Book ..... P/N 13-15922 ..... $28.95
E-Book ..... P/N 13-14792 ..... $25.00

AIRFRAME & POWERPLANT MECHANICS GENERAL TEST GUIDE

The H-8083 and new edition 8083-ATB A&P Handbooks are the exact Part 147 curricula prescribed by FAA. According to FAA (AFS-630) "if its in the Handbooks its on the test; if its on the test, its in the Handbooks". Provide questions similar to those you will be given with your FAA A&P General written, oral, and practical tests.

Book ..... P/N 13-15923 ..... $14.95
E-Book ..... P/N 13-14793 ..... $12.50

AIRFRAME & POWERPLANT MECHANICS AIRFRAME TEST GUIDE

The H-8083 and new edition 8083-ATB A&P Handbooks are the exact Part 147 curricula prescribed by FAA. According to FAA (AFS-630) "if its in the Handbooks its on the test; if its on the test, its in the Handbooks" Now we have a set of Test Guides which exactly match those Handbooks and thus all FAA requirements.

Book ..... P/N 13-15924 ..... $14.95
E-Book ..... P/N 13-14794 ..... $12.50

AIRFRAME & POWERPLANT MECHANICS POWERPLANT TEST GUIDE

These ATB Test Guides provide questions similar to those you will be given with your FAA A&P Powerplant written, oral, and practical tests. They are an excellent study tool to go along with your college or technical school study program and the H-8083-ATB series of A&P textbooks as used by most Part 147 schools throughout the U.S.

Book ..... P/N 13-15925 ..... $14.95
E-Book ..... P/N 13-14795 ..... $12.50

BV

PILOT GUIDES & BOOKS

PILOT GUIDES

PILOTS GUIDE TO CALIFORNIA AIRPORTS - Pilot's Guide to California Airports may be the most helpful airport directory available. It contains very complete information on airports and their areas, and includes aerial photos of "tower" airports, with outstanding illustrations of each area. Comes in a 3-ring binder. Measures 6"x9". Revised three times a year. P/N 8853.....$41.50

PILOT'S GUIDE TO S. WESTERN AIRPORTS - A complete guide with airport diagrams, aerial photographs, businesses, services, lodging, points of interest and much more for tower and uncontrolled airports in AZ, CO, NV, NM, and UT. An excellent guide for all pilots flying in the Southwest. Revised 3 times a year.
P/N 8648 .....$41.50

PILOT'S GUIDE TO N.WESTERN AIRPORTS - Pilots Guide features all public-use airports in Idaho, Montana, Oregon, Washington and Wyoming. 5 pages for each tower airport include an airport photo, a fold-out approach map showing VFR reporting points, airspace, and terrain features, and a detailed airport surface map. Non-tower airports have a half page with similar comprehensive detail. The Northwest Guide has more than 400 pages with over 800 photographs, maps and diagrams. 5.5" x 8.5" pages, 7.5"x 9"x1.75" green vinyl binder. Price includes first year of revision service. Revised 3 times a year. P/N 13-08648.....$49.75

PILOT GUIDE NYLON CASES

Here's the perfect way to keep all your important flying aids together in one place: charts, plotter, pens, pencils, notes, and of course - Pilots Guide protected in a durable nylon binder with a zipper closure all the way around. A handy pull strap makes it easy to grasp the zipper. Colored pull-straps are available to help identiy which Pilots Guide is inside: blue for California, green for Northwest or orange for Southwest. Attractive and durable ballistic nylon cover. A rugged 7-ring metal holds pages tight and prevents hole tear-outs. Note: Pilot Guides not included. Case Only.

Color	Part No.	Price
Black	13-06121	$38.75
Orange	13-06122	$32.50
Green	13-06120	$34.95

Color	Part No.	Price
Navy Blue	13-04097	$29.75
Royal Blue	13-05580	$38.75

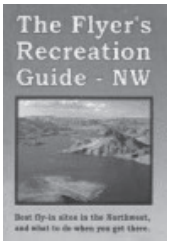
PILOT GUIDE PLASTIC INDEX TABS

Each set has five tabs, every one a different color. The tabs fit Pilots Guide to California Airports, Pilots Guide to Southwestern Airports, and also Jeppesen Airway Manuals. They fit into your Pilots Guide without needing to open the rings.
P/N 13-04970.....$5.75

PILOT GUIDE VFR CHART RULER

Features scales for Sectionals, WACs and Terminal Area Charts. See through the ruler to local important points along your route. VFR crusing altitudes (Hemispheric Rule) and conversion tables for Nautical to Statue miles and Celsius to Fahrenheit temperatures. 9 3/8" x 2" clear plastic. Scales: Terminal Area: 30nmi, Sectional: 60nmi, WAC: 120nmi.
P/N 13-04971.....$5.75

FLYER'S RECREATION GUIDES



Contains descriptions of Western America's most exciting sites, all within convenient access of landing strips. Included are tips and current costs for transportation, lodging, restaurants, hiking, fishing, swimming, evening entertainment, and more. The Guide tells how to find trailheads, hot springs, raft trips, and items of interest. Airport information is included to help pilots determine if their aircraft and skills are compatible with the destination. This compact, perfect-bound 352-pg book has rounded corners & slips easily into a jacket pocket. Its high-quality paper provides maximum clarity for the the books 250 maps & photos.

Northwest..... P/N 13-17590 ..... $20.95
Southwest..... P/N 14-00224 ..... $19.95

BAHAMAS AND CARIBBEAN PILOT'S GUIDES - The Bahamas & Caribbean Pilot's Guide, in it's 35th year, has some exciting new changes for 2014. The Pilot's Guide has been split into two books: A Bahamas Pilot's Guide for the Islands of the Bahamas, and a Caribbean Pilot's Guide for the Islands of the Caribbean. As always, both books include the updated airport data and information pilots have been relying on for the past 35 years. Pilot's have been requesting this for years – and it's finally happened. This split allow pilot's to pay for only the region they want, and pay less for that region. Each book is noticeably smaller, it's easier to hold and has a "softer" feel. The new spiral binding allows the Guide to be folded back on itself, a nice feature in the cockpit. The tabs are now printed on every page, making the Guide more compact. The change to printed tabs makes it easier than ever to find the island or country you're looking for.
The Bahamas Pilot's Guide covers all the Islands of the Bahamas and only the Bahamas. The Caribbean Pilot's Guide covers all the Islands of the Caribbean: the Turks & Caicos, Hispaniola (Dominican Republic, Haiti) and Cuba, the Western Caribbean (Cayman Islands, Jamaica, The Yucatan, Belize and Honduras), Puerto Rico and the Virgin Islands, the Eastern Caribbean from Anguilla through the ABC Islands (Aruba, Bonaire and Curaçao).

Bahamas..... P/N 13-15001 ..... $29.95
Caribbean..... P/N 13-15003 ..... $29.95

BAHAMAS/CARIBBEAN VFR CHARTS - The Bahamas Chart includes U.S. data as well as points of interest, high and low water, and a Caribbean Planner. The Caribbean Chart covers Puerto Rico south to Aruba, Bonaire and Curacao (the U.S. charts end at Guadeloupe). The FIR boundaries are shown - a must for travelling to the Caribbean!

Bahamas VFR chart..... P/N 13-02216 .....$10.95
Caribbean VFR chart..... P/N 13-02217 .....$10.95
Both VFR charts..... P/N 13-02218 .....$21.90

PAD OF DECLARATION FORMS - If your itinerary includes more than a few Caribbean islands, you'll want a pad of General Declaration forms. All white no-carbon-required forms make it convenient to complete as many Gen Dec's as you want, quickly.

Pad of 100..... P/N 13-02219 .....$18.50

FORMS KIT - Be prepared. Get copies of all the US forms and all the Bahamian forms, including Immigration cards. Make copies and you'll never run out. Save time and fill out your name & address, etc. before making copies. P/N 13-02221 ..... $22.50

ACUKWIK AIRPORT/FBO DIRECTORY

The industry's original directory for connecting flight planners to aviation service providers for over 25 years. This annual publication provides airport, FBO, ground transportation, charter, caterer, handlers, and maintenance listings for the United States, Canada, Mexico and the Caribbean.

Description	Part No.	Price
Acukwik North American Edition	13-06384	$39.95
Acukwik Managers World Edition	13-06383	$97.95
Acukwik International Edition	13-06385	$48.95

AIRPORTS OF MEXICO

First complied by Baja Bush Pilot founder Arnold Senterfitt, Airports of Mexico is based on hundreds of hours of flying throughout Mexico. Rewritten by Jack McCormick, this new 20th edition includes both Baja and mainland Mexico, features over 1100 airports/ airstrips, all seaports and heliports, border crossing information, all international airports, information on flying in Mexico, discounts on hotels, Mexican insurance, group trips and fees. Over 150 airports are fully diagramed and are listed alphabetically. All in a convenient light weight, smaller, snap-ring binder designed for easy to use in the cockpit. A must for every pilot flying trips to Mexico.
P/N 13-01028 ..... $38.95

PILOT'S GUIDE TO MEXICO

Now in its 6th edition, Caribbean Sky Tours has released its 2013-2015 Pilots Guide to Mexico and Central America. Printed in full color, the 2013-2015 Pilot's Guide has almost twice as many airports including destination photos and verified airport information with airport pictures and sketches as well as important telephone contact information. The Pilot Guide's "Procedures" section has been expanded to include procedures for each country with what you need to know to enter, fly within, depart or over-fly each country. When you purchase a 2013-2015 Pilot Guide, you also receive a free 1 year membership to the Caribbean Sky Tours Member Website which provides access to fuel prices, procedures, forms, charts, weather and more. More countries, more airports, more information, free membership! P/N 13-07452.....$59.95

BV

ASA

SPORT PILOT: CHOOSING THE LIGHT-SPORT AIRCRAFT THAT'S RIGHT FOR YOU - This DVD production and booklet compare the LSA types as well as their ultralight cousins to help pilots make a truly informed decision on which light-sport aircraft is right for them. It explains what ultralights and LSA are, provides parameters to evaluate the viewer's situation and factors to consider (including cost, athletic ability, previous aviation experience, time to learn, transportation, storage, and airfield options), and provides an overview and introduction to each of the light-sport aircraft types. Includes beautiful full-color booklet with aircraft photo and comparison tables. Total running time 00:41:00. ..... P/N 13-03467 ..... $25.50

PRACTICAL TEST STANDARDS: SPORT PILOT - This is ASA's Sport Pilot Practical Test Standards for Airplane, Weight-Shift Control, Powered Parachute and Flight Instructor. The FAA Practical Test Standards are used by instructors, students, and examiners to prepare for, review, take, or issue the checkride. Includes both the FAA-S-8081-29 for Airplane and FAA-S-8081-31 for Weight-Shift Control and Powered Parachute (effective December 2004), applicable to both Sport Pilots and Sport Instructors. 296 pages.
P/N 13-05855 ..... $6.95

SPORT PILOT DVDS FROM ASA - Two new DVDs by sport pilot expert Paul Hamilton are available that explore the flying of light sport aircraft. Preflight a Fixed-Wing Light-Sport Aircraft for Sport Pilots takes pilots through the preflight inspection of a light sport aircraft (LSA). Be a Sport Pilot: Learning to Fly a Fixed-Wing Light-Sport Aircraft takes the lessons a step further by introducing the pilot to what it takes to obtain a sport pilot certificate. Hamilton and instructor Jeff Reynolds discuss pilot training, from first flight to solo to sign-off. The two DVDs are available separately or in a kit that also includes Weather to Fly for Sport Pilots and the Sport Pilot Logbook

Learn to Fly DVD ..... P/N 13-04191 ..... $42.95
Preflight Fixed Wing DVD ..... P/N 13-04192 ..... $42.95
Fixed Wing Sport Pilot ..... P/N 13-04193 ..... $76.85

WEATHER TO FLY FOR SPORT PILOTS WITH PAUL HAMILTON - Sport pilots fly lower and slower than General Aviation pilots. As a result, weather plays a critical factor in flying. The straightforward and beautiful presentation features time-lapsed cinematography of cloud formations, in-air footage, and animations. This DVD simplifies complex weather concepts as well as illustrates consequences of pilot judgment, in a 5-step system specific to Sport Pilots and light-sport aircraft operations. Pilots will learn to forecast local conditions, interpret weather information accurately, make better dec sions about "whether to fly", and learn to recognize trends. Includes booklet with worksheets for an interactive learning experience. Companion product to ASA's Sport Pilot Logbook (ASA-F2F-LOG). Total running time 01:20:12. ..... P/N 13-03468 ..... $42.95

SPORT PILOT LOGBOOK - Specifically designed for all Sport Pilots who fly ultralights and light-sport aircraft including hang gliders, paragliders, powered parachutes, trikes (weight-shift control), and fixed wing (three-axis control) aircraft. 7.25" x 5.25", 98 pages. P/N13-03385 ..... $14.95

ASA ROTAX 912 ENGINE INTRODUCTION

This DVD by Paul Hamilton introduces the use and maintenance on Light-Sport Aircraft (LSA) of the ROTAX 912 engine. Many engine problems seen in the field are preventable with proper operation and maintenance and the 912 is no exception. This DVD is particularly useful to maintenance professionals, pilots and flight instructors operating ROTAX-powered Light Sport Aircraft. Answers frequently asked questions based on years of operational and maintenance experience and outlines typical procedures every owner, operator and mechanic should know. This DVD is the only one of its kind in the rapidly growing LSA market, and it caters to the do-it-yourself experience of flying this category of aircraft

P/N 13-04747 ..... $42.95

GLEIM

SPORT PILOT FAA KNOWLEDGE TEST - Questions, Answers and explanations ..... P/N 13-03445 ..... $18.95

GLEIM DELUXE SPORT PILOT KIT WITH ONLINE GROUND SCHOOL

Set Contents: Flight Bag, Gleim Cap, Flight Computer, FAR/AIM, Logbook, Online Communication Course, Gleim Online Ground School for Sport, Pilot Handbook, Plotter, Sport Pilot Flight Maneuvers and Practical Test Prep book, 2nd Ed., Sport Pilot FAA Knowledge Test book, 2012 Ed., Sport Pilot Knowledge Test Prep Software Download, Sport Pilot Student Certificate Course, Sport Pilot Syllabus book, 3rd Ed., Sport Pilot Training Record book, Security-Related Airspace Course. P/N .....

SPORT FLIGHT MANEUVERS - Standards and Oral Exam Guide, 1st edition ..... P/N 13-03446 ..... $21.50

SPORT SYLLABUS - Complies with both Part 61 and Part 141 training requirements. Complete ground and flight training with step-by-step lesson plans. 2nd edition.
P/N 13-03447 ..... $12.85

SPORT PILOT SYLLABUS - A flight and ground training syllabus for the Sport Pilot certificate, this syllabus meets FAA Part 61 requirements. Flight lessons are presented side-by-side with coordinating ground lessons. Stage Exams included. 164 Pages. P/N 11-09088 ..... $20.97

SPORT PILOT FAA KNOWLEDGE TEST PREP SOFTWARE - P/N 13-03448 ..... $51.75

GLEIM SPORT PILOT TRAINING RECORDS - The Pilot Training Record is a step-by-step lesson plan for your pilot training. Each lesson contains all of the required tasks for the lesson. Complies with both 14 CFR Part 61 and Part 141 training requirements.
P/N 13-07775 ..... $9.50

SPORT PILOT KIT - Gleim's Sport Pilot Kit is designed to help expedite training for the sport pilot certificate. Contains everything you need (except airplane and instructor) Offers an all-in-one package at an affordable price. Save money by purchasing all required materials together.
P/N 13-03449 ..... $96.85

SPORT PILOT AIRPLANE GUIDE

Sport Pilot Airplane: A Complete Guide provides an in-depth understanding of light-sport aviation complexities. Clarifies points commonly misunderstood, provides a wealth of information on subject such as Selecting an Aircraft, Pilot and Aircraft Certification, Weather, Flight Principles, and more. Includes 256 pages with illustrations, photos, or graphs on nearly every page. The material presents the experience of thousands of flight hours and contains valuable lessons for all pilots and would-be pilots. ..... P/N 13-03798 ..... $24.95

SPORT PILOT ENCYCLOPEDIA

Can be used three ways: 1) SP Prep = full immersion rapid prep for the written, 2) SP Encyclopedia = thorough review of relevant FAA publications essential to both the written and the oral exams, and/or 3) both as entertaining and informative leisure reading. The narrative is laced with humor, personal anecdotes, and frank sometimes blunt language that keeps the reader alert and involved while feeling secure and comfortable as if in the company of an experienced friend and mentor. Actual NTSB accident reports are woven into the discussion.
P/N13-03706 ..... $9.95

PRACTICAL IFR FLYING DVD

COMPUTER CD-ROM COURSE WITH AUDIO PRACTICAL IFR FLYING - Enhance your performance, reduce your workload, and increase your level of safety when flying single pilot IFR! This CD-ROM provides a full hour of information on methods and techniques to make Single Pilot IFR flying simpler, easier, less stressful, and safer! Find out helpful things your instructor never taught you! Learn how using current technology can reduce your risk in IFR flight! T The author, Chuck McGill, is the 2009 FAA CFI of the Year, Western Pacific Region, and has taught for the AOPA Air Safety Foundation, the Cessna Pilots Association, and the Mooney Aircraft Pilots Association Safety Foundation. Learn tips and techniques from a Master CFI who has over 11,000 flight hours in more than 85 different makes and models of general aviation aircraft! P/N 13-06881 ..... $39.95

AIRFRAME TOPICS

Airframe Topic	Part No.	Price
Aircraft Corrosion Control Parts 1 & 2 Indentification, treatment, and prevention of 8 types of corrosion and a corrosion control program	13-03871	$27.95
Non-Destructive Inspection - An introduction to NDT, six processes discussed and demonstrated	13-03872	$27.95
Aircraft Wheels and Brakes - Introduction to large aircraft wheels and brake systems, plus FAA approval process	13-03873	$28.50
Advanced Composites - Characteristics and use of advanced materials such as kevlar, carbon fiber, graphites, boron, etc.	13-03874	$21.50
Fiberglass 101 - Basic layups and molded fairings demonstrated on an experimental RV-4 aircraft	13-03875	$32.50
Composite Structure Awareness - By Boeing - handling procedures of composite aircraft parts, damage scenarios, damage tolerance	13-03876	$21.50
Eyes of Flight - Plexiglass - 1950's training film, but still good info on the repair and maintenance of canopies and windscreens	13-03877	$24.75
Repairing Structural Tubing - 1950's training film, bending, splicing, and welding to repair fuselage damage	13-03878	$21.95
Aircraft Painting 101 - Painting techniques on metal and fiberglass - emphasis on prep work and paint booth construction. VHS ONLY	13-06567	$24.95
Aviation Grease - By Shell Oil - how grease works, different greases for different applications, handling of greases	13-03879	$17.95
Damage Tolerance - How aircraft structures are built to withstand aging, and how sloppy maintenance degrades that ability	13-03880	$21.50
Inspection of Ultralights - Demonstration on extensive pre-flight inspection of a Quicksilver ultralight	13-03881	$21.50

POWERPLANT TOPICS

Powerplant Topic	P/N	Price
The Annual Inspection - Powerplant Detailed demonstration of a annual/100 hour inspection of a Lycoming engine and accessories	13-03883	$24.95
Care and Lubrication of Engines - By Shell Oil - installation, break-in, maintenance, and operation of newly overhauled engines	13-03884	$18.95
Aviation Oil - By Shell Oil - what oil does, and steps to increase life and performance of aircraft engines	13-03885	$18.75
Propeller Repair - A look at the inspection and overhaul process for Hertzell propellers	13-03886	$19.95

ASSORTED TOPICS

Assorted Topic	P/N	Price
Critical Operations - By Boeing - impresses upon a student the importance of even the most routine tasks	13-03887	$21.50
747/777 Put Together - By Boeing - 2 fast motion films showing the assembly process of a Boeing 747 and 777. 13 min.	13-03888	$18.25
Saving on an Annual Inspection - Owner permitted inspection and maintenance procedures described on GA aircraft plus safety wire techniques	13-03889	$18.95
Preventative Maintenance - Maintenance and preventative maintenance tasks an owner may do on their own aircraft	13-03890	$17.95
FAA Certified Repair Stations Regulations, standards, and procedures for obtaining Certified repair station status	13-03891	$24.95
Flight Line Service - A job training presentation for newly hired flight line personnel	13-03892	$24.95
Icing for Pilots - By NASA Research Center, types of icing plus techniques for avoiding and or dealing with ice	13-03893	$24.95

GLEIM TEST BOOKS

These text books by Irvin Gleim have helped thousands of pilots pass their private, instrument, commercial, multi-engine and seaplane ratings. Excellent guides to help you pass that written exam.

GHOSTS 2014 CALENDARS

P/N 13-01318

Renowned aviation photographer Philip Makanna has captured the essence of this era in his GHOSTS of The Great War and A Time Remembered -2014, a large-format calendar that features his stunning, air-to-air, color photographs. In this edition, his images depict the beginnings of military aviation. The calendar continues through to the advanced aircraft that appeared at the war's end. Stunning images and an evocative day-by-day history of the aviation (and related) events of the period combine to describe the beauty, the romance and the tragedy of military aviation's early days.

P/N 13-06012

Ghosts WWII- 2014 A time rememered ..... P/N 13-01318 ..... $12.75
Ghosts WWI - 2014 The Great War ..... P/N 13-06012 ..... $12.75
Ghosts of the Skies Book ..... P/N 13-01319 ..... $37.95
Ghosts of the Skies II Book ..... P/N 13-01957 ..... $29.95

2015 WARBIRD PINUP CALENDAR

Featuring twelve WWII aircraft and beautiful authentic pinup girls.Includes airplane portraits on facing page.

P/N 13-07357 ..... $19.95

WARBIRD PINUP GIRLS COLLECTORS BOOK

This is the ultimate Warbird Pinup Girls collectors photography book. Featuring never before seen shots from the entire collection including some sneak peeks into the upcoming 2015 calendar. Featuring production work photography, aircraft static shots and commentary from the artist. 8.5"x11" format full color page, soft bound.

P/N 13-15491 ..... $29.95

2015 AIRCRAFT CALENDARS

The most popular Aircraft calendars in the industry! With outstanding photos of aircraft in flight, this is truly a must for the aviation enthusiast. 6 to choose from.

Military Jets 2015 ..... P/N 13-06589 ..... $14.95
Ghost Warbirds 2015 ..... P/N 13-06588 ..... $14.95
Helicopter 2015 ..... P/N 13-06590 ..... $14.95

Air to Air Warbirds 2015 ..... P/N 13-12968 ..... $16.95

BOMBSHELLS WARBIRDS 2015 PIN-UP CALENDAR

It doesn't get any better…Great planes and beautiful girls. "I wanted to take the nose art idea and spin it without loosing anything" states Bombshells creator and professional Aviation Photographer, Scott Slocum. Each 2015 Bombshells Warbirds calendar features 12 months of air to air photography and beautiful models decorously dressed and photographed with each plane. The calendar comes individually wrapped and is in full color, 12x18 inches hanging.

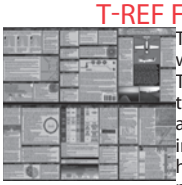
P/N 13-06211 ..... $19.95

2015 AVIATION LEGENDS CALENDAR

The 2015 Aviation Legends antique aircraft calendar is sized at 19.5" x 13.5" and is printed on high quality glossy stock.

P/N 13-08026 ..... $14.95

T-REF FLIGHT TRAINING REFERENCES



This is a hardcopy product, measuring 8.5" x 11" when closed and 23.375" x 11" when fully opened! The first of two T-Refs dedicated to private pilot training. This first T-Ref provides many important acronyms that a student pilot must know, as well as important information about the airport environment, hypoxia, landing tips, and many other important elements of flying!

Private Pilot T-Ref 1 ..... P/N 13-12742 ..... $13.95
Private Pilot T-Ref 2 ..... P/N 13-12743 ..... $13.95
Instrument Pilot T-Ref 1 ..... P/N 13-12740 ..... $13.95
Instrument Pilot T-Ref 2 ..... P/N 13-12741 ..... $13.95
Weather T-Ref ..... P/N 13-12744 ..... $13.95
T-Ref Complete Package ..... P/N 13-12745 ..... $47.50

Practical Test Standards are a guide for students, instructors, and FAA-designated examiners to know what is expected of pilots in a checkride. Every PTS is written by the FAA and details the type and levels of skill and knowledge that must be demonstrated before an examiner can issue a certificate or rating to an applicant, and describes background study and reference materials.

PTS PRIVATE PILOT TEST PREP COURSE

We're proud to offer the FAA Private Pilot written exam in a DVD format for PC. The course contains the material, the question bank and the FAA testing supplement for the appropriate test – and we'll sign you off to take the exam once you have a good handle on all of the information at no additional cost. Just a few evenings is all it can take to get the education you need to pass the FAA knowledge test with Flying Colors.

P/N 17-00327 ..... $69.95

PTS: FLIGHT INSTRUCTOR AIRPLANE SINGLE ENGINE

Newly revised FAA 8081 6C with Changes 1, 2, 3, 4 and 5 - Practical Test Standards for Flight Instructor - Airplane, single engine land and seaplane. Practical Test Standards are a guide for students, instructors, and FAA-designated examiners to know what is expected of pilots in a checkride. Every PTS is written by the FAA and details the type and levels of skill and knowledge that must be demonstrated before an examiner can issue a certificate or rating to an applicant, and describes background study and reference materials. ..... P/N 13-10243 ..... $5.75
Ebook ..... P/N 13-10242 ..... $4.65

PTS: FLIGHT INSTRUCTOR AIRPLANE MULTI-ENGINE

FAA 8081 6CM - Practical Test Standards for Flight Instructor for airplane multi-engine land and sea. Practical Test Standards are a guide for students, instructors, and FAA-designated examiners to know what is expected of pilots in a checkride. Every PTS is written by the FAA and details the type and levels of skill and knowledge that must be demonstrated before an examiner can issue a certificate or rating to an applicant, and describes background study and reference materials. ..... Ebook ..... P/N 13-09874 ..... $4.65

ASA PROFICIENT PILOT GIFT SET

A compilation of Barry Schiff's popular monthly column in AOPA Pilot magazine, these books contain favorite articles from over the years, arranged by subject. These articles are pulled from his more than 26,000 flight hours in 260 types of aircraft, for a set of books filled with Schiff's vast knowledge and experience as an aviator and flight instructor.

The Proficient Pilot set delivers a wealth of information, a plethora of aviation stories, and tips of the trade from one of the industry's favorite pilot-writers, all together in a handsome gift box. Each book in the series is softcover, illustrated, and includes a comprehensive index.

Volume 1 ..... P/N 13-23100 ..... $19.95
Volume 2 ..... P/N 13-01443 ..... $29.50
Volume 3 ..... P/N 13-01444 ..... $19.95
Gift Set (3 volumes) ..... P/N 11-08794 ..... $45.00

AIRCRAFT CONSTRUCTION DVD'S

AN INTRODUCTION TO ALUMINUM WORK

5 DVD Set Includes:
-Shaping Aluminum Wheel Pants
-Shrinking Magic
-Basic Damage Repair on the Aluminum Body
-Sheet Metal Repairs to the P38 Lightning
-Metal Aircraft Construction Methods
These 5 DVDs cover hand tools, measuring, cutting, forming, form blocks, riveting, patterns, bucks, shrinking, stretching, and some gas welding on the aluminum, too. P/N 13-13055 .....$129.75

METAL AIRCRAFT CONSTRUCTION METHODS

This fascinating look inside the airplane factories shows just how we produced over 330,000 aircraft in 4 1/2 years. Patterns, blanking, forming, and assembly are shown, of course, but so also are pressformers, drop hammers, metal spinning, and power hammers. And then watch the complicated assembly process of the P-39 Airacobra!
P/N 13-13049 .....$64.95

AIRCRAFT STRUCTURAL TUBING

3 DVD Set Includes: -4130 Chromemoly Airframe Construction (2 DVD set) -Repairing Structural Tubing. The 4130 DVD: Three EAA Technical Counselors (over 60 years' total experience) show you the procedures necessary to construct a complete airframe from plans.
P/N 13-13051 .....$76.90

REPAIRING STRUCTURAL TUBING

This class teaches measuring, geometry, straightening, cutting fishmouths, fitting, splicing, and welding to repair some fuselage damage. A fine companion to our full-length 2-DVD series, 4130 Chromemoly Airframe Construction.
P/N 13-13044 .....$39.95

AUTOBODY STEEL PATCH PANELS

No machinery here--just common hand tools and a welder (torch or electric). The first part shows how to fit the 'one size fits all' patch panel into an early Ford door. The second part shows how to form complex patches on your own to repair a '34 Ford grille by hammering and butt welding. P/N 13-14852 .....$24.99

SHEET METAL REPAIRS TO THE P38 LIGHTNING

Learn to make a perfectly fit and contoured "coin" or flush patch on a compound surface using only basic, non-powered hand tools – the same standard aviation tools and methods that are still used today, but you get to learn them on a classic airplane!!!
P/N 13-13045 .....$19.95

FLUID FORMING COMPOUND SHAPES IN ALUMINUM PARTS

Use water pressure and a cavity to form sheetmetal parts, with either city water pressure or an inexpensive high-pressure pump. See detailed coverage of the pressures required for various sized parts, the inexpensive pumps available, and some engineering designs for the cavities. We make aluminum shapes that are smooth and free of marks, although other types of sheetmetal can certainly be "inflated" into some interesting shapes. P/N 13-13046 .....$29.95

ALUMINUM WELDING METHODS (ALCOA)

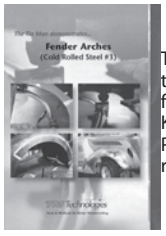
This film covers basic production oxy-fuel welding with both hydrogen and acetylene, with torch settings, joint setup, mixing the flux, and basic technique. Methods for both thin and thick sections are shown. Shows proper preheat and postheat methods for heavy sections, and proper edge beveling and gapping also. An excellent resource. Being as old as it is, it also details stick welding, carbon arc, atomic hydrogen, and spot welding methods and machines. You can learn a lot about these methods, which are probably not shown much anywhere else. Spot welding is used mainly for aviation construction and the details in this film are quite specific, going over all three machine types. Black and white with loads of "colorful" information. P/N 13-13047 .....$23.95

GAS WELDING ALUMINUM 2.1, "THE DIFFICULT"

(This 2-DVD set is designed to be a companion to our first film, Gas Welding Aluminum .) Setting up the oxy-acetylene welding rig, with leak-testing, safety, and proper adjustment of the torch is a standard-but-essential step-by-step procedure. Alloy selection, cleaning and preparation of the material and filler, and mixing and application of the aluminum welding flux are also requisite, so I chose to include them. Crack prevention, which is necessary with the higher-strength aluminum alloys, is shown in depth, and will help to solve a lot of your problems. The intricacies of Butt joints, Tee joints, and Lap joints are thoroughly described and demonstrated. Brazing and soldering are covered in two specific segments, with proper cleaning, flux and filler selection and strength and corrosion issues. P/N 13-13054.....$64.95

CAST IRON WELDING WITH THE TORCH & ARC

Using traditional materials and proven simple methods, this dvd shows you a nearly perfect system to repair exhaust manifolds, pump housings, valve bodies, and some blocks. P/N 13-13057 .....$34.95



FENDER ARCHES

This is a fly-on-the-wall style effort for those who want to watch a complete metal working process. Be the fly-on-the-wall as two metal guys, Richard Ufheil and Kent White, "The Tin Man", go after a pair of 1935 Packard front fenders needing fender (or wheel) arch replacement. P/N 13-14851 .....$42.85

EYES OF FLIGHT

If you want to learn how to handle, cut, drill, form and care for Plexiglas, then this is the film! Many experienced craftsmen have told me how much they enjoyed this film. Special drills, saw speeds, solvents and polishing techniques are shown, along with the causes of "crazing". Includes footage from Bell showing how canopies are blown. Warbird footage! Great info! P/N 13-13048 .....$64.95

POLISHING ALUMINUM AIRCRAFT

Also known as the Swift Polishing Video. This "how-to" film was done by the skilled folks at the Swift Airplane Museum. Polishing any aluminum can be frustrating, and a lot of work. I have seen the results of these methods, and must say this is the way to get the finest results (Blankenberg's Spartan Exec. was done this way). The work is still there, but the trial and error is gone! The tools, the materials, and the methods are clearly defined. P/N 13-13052 .....$33.50

COMPLETE PIPER J3 TRAINING SERIES

Four separate films have been combined into one very educational 110-minute DVD. See how the Piper factory originally built the J-3 in 1937, and then watch how they do a preflight inspection, and annual inspections on airframe and engine! Can you imagine watching the actual construction of a J-3 in the Piper factory in Lock Haven, Pennsylvania? See the step-by-step construction of fuselage, wing, and gear. See fabric covering, control installation, rib forming, and engine installation and runup. Inspiring!!! Remember that many of the tube-and-fabric aircraft can benefit from this valuable information.
P/N 13-13053 .....$54.95

BV

AVIATION VIDEOS & DVDS

EAA SPORTAIR WORKSHOP VIDEOS

All videos produced by the EAA SportAir Center

BASIC FABRIC COVERING DVD- Aircraft Fabric Covering is a must for anyone who wants to cover their own airplane. This 2-hour comprehensive video presents every aspect of the Poly-Fiber™ fabric covering process in detail, and in easy-to-understand language. From preparing the airplane for covering to spraying on the colors, you are guided step by step through the entire process by a professional EAA SportAir fabric instructor. When used in conjunction with the Poly-Fiber manual, Aircraft Fabric Covering removes the mystery surrounding this important process in the construction or restoration of your airplane. Information covered includes: • Preparing surfaces • Attaching the fabric •Tightening the fabric • Applying the first coat of Poly-Brush • Tying rib-lacing knots • Applying finishing tapes • Spraying UV-blocking chemical, Poly-Spray • Applying the color coats. P/N 13-40428 ..... $39.95

THE EDUCATED OWNER VIDEO SERIES

VOLUME I: PREVENTATIVE MAINTENANCE – initially details the FAAs rules concerning what maintenance tasks an owner can legally perform, It then proceeds to instruct viewers on the proper tools and supplies for common maintenance tasks and follows with detailed, step-by-step demonstrations of Engine Inspections, Landing Light Replacement, Oil Changes, Spark Plug Maintenance and Tire & Wheel servicing. The video is approx. 60 min. long.
DVD ..... P/N 13-03572 ..... $39.95

VOLUME II: THE ANNUAL INSPECTION – covers Federal Aviation Requirements, and takes viewers, step-by-step, through the Annual Inspection process. This video teaches viewers how to manage the aircraft's maintenance during the Annual Inspection and on an ongoing basis. Key topics include; The Annual Inspection and the FARs, Selecting a Maintenance Facility, The Inspection Process, Correcting Discrepancies and Aircraft Enhancements. Video is approx. 70 min
VHS ..... P/N 13-01330 ..... $34.95
DVD ..... P/N 13-03573 ..... $39.95

VOLUME III: Teaches pilots and prospective aircraft owners all about aircraft ownership. Teaches how to analyze the costs of aircraft ownership and takes viewers, step-by-step, through the selection, pre-purchase and sales transactions. Includes detailed information on preventative maintenance, annual inspections and tips for living with your new aircraft. 90 min.
VHS ..... P/N 13-01626 ..... $34.95
DVD ..... P/N 13-03574 ..... $39.50

INTRODUCTION TO STEEL WORK

If you are just starting out and wish to have a good overview, Kent has chosen these DVDs specifically for you. It is difficult in the beginning of learning a skill, so you need some inspiration and careful instruction, both to keep your interest and to feed your curiosity. These 4 DVDs cover hand tools, measuring, cutting, forming, form blocks, patterns, shrinking, stretching, Pullmax, Air Hammer, gas welding, and spot welding.
P/N 13-13056 ..... $104.95

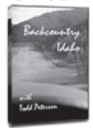
ALASKANS FLY ALASKA

Join the fun as Alaska pilots sharpen their skills in vast and varied Southwest Alaska, an uninhabited, untamed, and undeveloped wilderness. Experience the excitement of the possibilities open to the small plane pilot, flying low and slow through western Canada and Alaska. Come along as they fly though Canada, following the popular routes preferred by experienced small plane pilots. Explore Alaska's back country, where there are no roads and no people for hundreds of miles. Touch down on remote beaches, sandbars, and fields, in places only the bush pilot can go. Marvel at the breathtaking views of spectacular glaciers, ancient canyons, sun-bathed seascapes, and unsurpassed mountain ranges. Enjoy an enthusiastic look at possibilities open to the small plane pilot flying in Canada and Alaska. P/N 13-07374 ..... $24.95

RED BULL

Take the top 12 pilots in the world to 8 of the most stunning cities around the globe. Add tight twisting race tracks, planes flying close to 400 km/h, chuck in 12G s for good measure and you've got the 2008 Red Bull Air Race World Championship another spectacular season of high drama and amazing skill. Watch the very best moments from the opening race in Abu Dhabi to the first ever double header taking place at San Diego and Detroit in the United States. The pilots battled against the elements in Rotterdam and London and came out on top before heading to Budapest. In Porto a new champion came of age before the finale in Perth where the winner of the 2008 Red Bull Air Race World Championship was crowned. Picture Format: NTSC P/N 13-06889 ..... $19.95

BACKCOUNTRY IDAHO



Pilots of all skill levels will truly enjoy the exhilaration and adventure of Idaho backcountry flying at its best with ... Backcountry Idaho. Visit some of the best backcountry airstrips in the Rocky Mountains. Explore scenic wilderness, vast pine forests, and steep canyons in search of pristine beauty and the next runway challenge. Fly right seat on the actual approaches and departures of these spectacular backcountry airstrips with Todd at the controls of his high-performance, custom designed, King Katmai.
P/N 13-06298 ..... $24.95

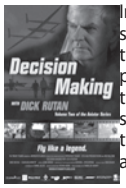
IDAHO GOLD, RETURN TO THE BACKCOUNTRY

Join Todd Peterson as he explores strips not covered in his immensely popular Backcountry Idaho DVD. He'll take you north of the Salmon River with his wife, Jo, and fellow King Katmai owner, Jay Minor, to visit some truly remarkable backcountry gems. Their odyssey is based in historic Dixie Town, where the runway parallels Main Street right in town. P/N 13-11200 ..... $24.95

UTAH OUTBACK

Visit some of the best backcountry airstrips of the American West. Discover ancient Anasazi cliff dwellings or squeeze through a thousand-foot-deep canyon in search of incredible beauty and the next runway challenge. Take a journey with expert pilot Todd Peterson as he explores some of the remote and beautiful country featured in Galen Hanselman's "Fly Utah" pilot's guide. P/N 13-06309 ..... $24.95

DECISION MAKING WITH DICK RUTAN



In Decision Making with Dick Rutan, you'll fly shoulder-to-shoulder with Dick Rutan, one of the most renowned aviators of all time. Discover how human factors affect your performance and influence your decision making. Explore the brain, and learn how the mind responds and processes stimulus during in-flight emergencies. And learn the importance of channeling reactive, emotional responses into proactive, positive decisions that can literally save your life.
P/N 13-06868 ..... $29.95

ATTITUDE FLYING WITH DICK RUTAN "FLY LIKE A LEGEND"- For serious pilots only. Conceived and designed to take you above and beyond other aviation training programs, the Aviator Series captivates and educates like no other training video you've seen before. Puts you shoulder-to-shoulder with the world's foremost aviators as they share leading edge skills and techniques that made them legends.
DVD ..... P/N 13-05858 ..... $29.95
Attitude &Decision Flying Set ..... P/N 13-10297 ..... $49.95
BluRay Disc ..... P/N 13-05859 ..... $34.95

FLIGHT OF VOYAGER CD (DICK RUTAN) – This is a recount of the horrific, horrendous, heroic and humorous moments of the Voyager project through the eyes of the pilot Dick Rutan. On December 14, 1986 Voyager took off from Edwards AFB in California and 9 days later landed at the Edwards, completing the first ever non-stop, unrefueled world flight. This 3-CD set (3.5 hrs) includes a mini journal map of the flight, historic photos, fun facts, and more. P/N 13-01163 ..... $34.95

EAA AIRVENTURE OSHKOSH

Relive all the excitement of EAA AirVenture Oshkosh, the World's Greatest Aviation Celebration, with the souvenir videos.
Oshkosh 2010 ..... P/N 13-11627 ..... $14.99

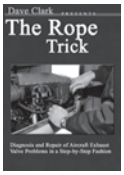
AVIATION VIDEOS & DVDS



THE ROPE TRICK

The diagnosis and repair of aircraft exhaust valve problems in a step-by-step fashion. Watch as Dave Clark walks you through the steps for inspecting valve clearances, reaming valve guides, and freeing stuck valves. This video can save you a lot of time and money.

P/N 13-10141 ..... $24.95

OVER THE SOUTHWEST

Each of the 4-DVD sets in the "Over" series from Topics Entertainment is a definitive collection of award-winning footage shot from the air by the most experienced aerial production teams. Breathtaking flyover views provide a rare perspective on some of the most beautiful regions the world over. Amazing cinematography and original music combine to create an experience that is nothing short of exhilarating. These elegantly packaged DVD sets make a fine addition to any video library and are ideal for gift-giving! Runtime approx 205 minutes.

P/N 11-08907 ..... $26.50

MOUNTAIN FLYING BIBLE REVISED

Learn the basic, intermediate and advanced techniques of mountain flying. Learn to anticipate how your airplane will perform in the mountains. Discover simple rules-of-thumb to enhance safety and simplify operations. Learn the weather information required for peace of mind and increased pleasure. 16 pages of color photos of back-country strips covering the approach, landing and takeoff procedures. P/N 13-04035 ..... $32.95

THE SHIRT POCKET MOUNTAIN FLYING GUIDE

This is not a rehash of the Mountain Flying Bible. It includes new material and color photos throughout. There are 129-color pages of the 208 pages. What is Covered: Section 1 - Do's and Don'ts • Section 2 - Basic Premises • Section 3 - Flying Canyons • Section 4 - Crossing Ridges • Section 5 - Turbulence & Va • Section 6 - Maximum Lift Flap Setting • Section 7 - How to Land an Airplane • Section 8 - Visual Illusions • Section 9 - Spot Method for Landing • Section 10 - Mountain Airstrip Operations • Section 11 - Mountain Weather.

Book ..... P/N 13-04051 ..... $15.85

FORMATION FLYING, THE ART

The Art in DVD format. "Formation Flying, The Art " DVD was originally introduced to the Warbird community in 1993 as a integral part of the FAA Mandated Civilian Formation Training and Credential Program. Currently the video is now the "F.A.S.T." standard and endorsed by all major Warbird flying organizations such as the EAA / Warbirds of America, North American Trainer Association, T-34 Association and others world wide.

DVD ..... P/N 13-04572 ..... $69.95
VHS ..... P/N 13-15150 ..... $69.95

TAILWHEEL BASICS

Skip Degan, a flight instructor with airplane single-engine land, instrument, and ground instructor ratings, has developed a 15 minute video to introduce pilots to basics of tailwheel airplanes. Tailwheel Basics explores the difference between conventional and tricycle-geared aircraft and explains the basic concepts needed to earn a tailwheel endorsement. Included is a three-page booklet explaining the tailwheel transition. The video is available in DVD format. P/N 13-04283 ..... $19.95

TAILWHEEL ESSENTIALS

Simultaneous, multiple point of view, gyro-stabilized camera footage puts you in the cockpit,on the ramp or runway and alongside the aircraft while in-flight maneuvers are dissected anddiscussed. Whether you are considering tailwheel training, or have been flying tailwheel aircraft for years, this video will provide you the knowledge and a plan to become a more skilled, safe, and confident pilot of tailwheel aircraft.

P/N 13-08038 ..... $44.95

THE GREAT ARCTIC AIR ADVENTURE

Take to the world's northernmost skies and explore the planet's "last imaginary place"-the enigmatic Arctic. The Great Arctic Air Adventure is the story of Seattle's Mark Schoening and Doug DeVries, who piloted their de Havilland Beaver seaplanes around Canada via the famed Northwest Passage. Over six weeks battling miserable weather, frozen tundra and inaccessible terrain in one of the least populated places on earth, the pair builds a lasting bond and discovers that in the unyielding Arctic, adaptation is key.

P/N 13-11552 ..... $24.95

BASIC AEROBATICS

Introduces the basic building blocks of aerobatics - spins, rolls and loops - with a wealth of in-cockpit and from-the-ground views of each maneuver. This video is and indispensable aid to those considering a departure from straight and level. (54 min.) 6618A

P/N 13-04302 ..... $55.95

PRIVATE PILOT COURSE

Insight into what happens on the ground portion of your FAA Private Pilot Practical Test, commonly referred to as the Checkride Oral. More than one hour of video, showing you a realistic enactment of a checkride oral conducted by an FAA designated pilot examiner and a student pilot. P/N 13-15063 ..... $89.95

TAILWHEEL 101

Tailwheel: 101 will help you get there. This video is the premiere study guide for all pilots wishing to get their tailwheel endorsement, or for any tailwheel pilot who'd like to learn a thing or two from the most widely recognized tailwheel expert in America, Damian DelGaizo. Ride along with Damian and his student Jill as she gets her tailwheel endorsement. Each ground segment is immediately followed by its real-world airplane demonstration to reinforce the material and make pre-flight study sessions easy and efficient.

P/N 13-06023 ..... $49.95

TAILWHEEL: 201 BEYOND THE BASICS

Tailwheel: 201 goes beyond the tailwheel checkout, building on the tailwheel basics introduced in Damian's first DVD, Tailwheel 101. Teaches advanced techniques from short field operations, to advanced slips, to precautionary off airport landings. Like Tailwheel: 101, this DVD includes ground school and in-flight instruction both inside and outside the cockpit. Whether you are new to the world of tailwheel flying or a seasoned aviator, Tailwheel: 201 will help you become a more proficient pilot. P/N 13-09653 ..... $39.95

MOUNTAIN FLIGHT

Mountain Flight, filmed in part in the Idaho Primitive Area, includes in-flight footage of some of the most beautiful, rugged and demanding mountain terrain in the U.S. It covers flight planning, accident causes, weather, density altitude, approaches, landings, departures, and survival. The weather section includes time lapse sequences of thunderstorms, mountain waves, lenticular and rotor clouds. Graphics are used to clarify, explain and demonstrate the ground and flight procedures for safe operation in the mountains. Color, approximately 80 minutes. P/N 13-04052 ..... $27.85

ALASKA'S BUSH PILOTS THE REAL DEAL

The story is interlaced with in-depth and exciting interviews of these courageous pilots as they recall many different stories of their experiences in the remote wilderness. They tell stories about rescues of stranded fellow pilots, taking their families 40 miles from their already remote bush homes to go fishing at "a better spot" to encounters with vast herds of caribou and the huge bears. You will "fly" in the seat right next to these men in the cockpit and witness wingtip-to-wingtip aerial HD photography that Jim Oltersdorf shot during filming as he is known nationally for. Its about where they fly, how they fly and why they fly. If you've even known what excitement is, step aside, this one is going to blast you off your seat! P/N 13-06937 ..... $18.95

ALASKA'S BUSH PILOTS (THE REAL DEAL) COMMERCIAL OPERATION

In-depth knowledge of commercial bush pilots who fly the bush in Alaska. Provides an insight into the world of advanced technologies of aviation equipment for the viewers. After analyzing the first documentary it became apparent that a presentation of commercial pilot activities was warranted. There is no duplication for any footage or any information from "Alaska Bush Pilots....The Real Deal: it is all brand new! The pilots who use this equipment on a daily basis explain in detail the components of G-1000 glass cockpits and relative avionics devices. P/N 13-09481 ..... $18.95

60 DEGREE NORTH AT 500 FEET

The DVD plays like a Warren Miller film or a variant of Endless Summer, made just for pilots. There's some great fishing, great people in the film. This hour long video encapsulated an entire summer of flying in British Columbia, Yukon, Northwest Territories and Alaska. Needless to say, you get a view of the North that only pilots get to see.

P/N 13-07038 ..... $23.75

AVIATION VIDEOS & DVDS

HOW TO LICENSE YOUR HOMEBUILT AIRCRAFT

This DVD will walk you through each step to successfully license your experimental amateur homebuilt aircraft. The actual FAA forms required are displayed on screen, and where to obtain them and how to fill them out.

P/N 13-03609 ..... $29.95

HOMEBUILT HELP ELECTRICAL WIRING TUTORIAL

Explains and demonstrates the common procedures, tools and components required for the basic wiring of a homebuilt aircraft. Demonstrations of crimping, soldering, wire selection and wiring design with simple schematics that are applicable to a homebuilt electrical system. Video length is 1 hour and 20 minutes.

P/N13-03578..... $29.95

AIRFRAME CONSTRUCTION TECHNIQUES

Potter, who is an A&P I/A, commercial pilot, and parachute rigger, has worked in the aircraft maintenance field for 25 years. The DVD focuses on modern techniques and tools that are available to a new generation of builders. Some topics covered include: setting-up shop, shop safety, purchasing tools and steel, building and leveling your jig table, lay-out and jigging, cutting and fitting, welding with an emphasis on TIG, completing the fuselage box, bending-in the sides, fitting the tail post, vertical jigging, bending and flattening tubing, building fittings, builders groups and support. This 1 hour and 18 minute DVD takes you step-by-step through the entire building process.

P/N 13-06833..... $44.85

AIRCRAFT PAINTING 101

An excellent 2 hour video in which Sam James takes you, in detail, through the finishing, priming, and painting of his RV-4 with the Dupont Veriprime and Chromabase systems. This video is not as finely produced as some others, but the vast quantity of practical information it contains more than makes up for it. Takes you through the complete process of working an metal wing, a fiberglass wheel pant, and detailed custom design on a horizontal stabilizer. Run Time: 120 min by Sam James P/N 13-06567..... $24.95

METALWORKING 101

Targeted to the beginning student of pop-riveted metal kit plane construction. Ideal for the person who is contemplating the undertaking of a metal kit plane project. Takes you thru the actual construction of a Zenith rudder, from start to finish. While it can be used to supplement the construction guide supplied by the manufacturer with this rudder (a CH701 or CH601), it is actually intended to demonstrate to the beginning builder just what tasks and skills are required. General metal building procedures are explained and demonstrated. P/N 13-03369 ..... $28.95

WEIGHT & BALANCE 101 FOR HOMEBUILT

Completing a homebuilt requires you to calculate and document the weight & balance figures for your plane and present them to the inspector...and for many homebuilders this task is confusing and complicated -- however, this video makes this task simple and easy to understand. The video makes it easy for you to understand the concepts required to perform your own weight and balance analysis on your aircraft and then document the findings for the inspection process. P/N 13-04184 ..... $32.95

CANARD AIRCRAFT

The DVD has 3 hours of video on canard aircraft only, truly a one of a kind DVD. It covers the Cozy MkIV, LongEZ, Berkut, ERacer, StaggerEZ, Bateleur, Defiant, LongEZ Jet and a custom LongEZ. Want to know what it's like to build a Cozy aircraft? Or see what it looks like to do a high speed fly-by from the cockpit? Then you'll want to see this DVD. You'll get lot's of encouragement from every builder for you to continue on your journey to complete your canard aircraft. 60 minutes of air to air shots, high speed fly-bys, take offs and landings. With all the natural sounds as they fly right over head at more than 200 miles per hour!

P/N 13-04260..... $42.50

SKYWARD TECH AIRCRAFT ENGINE REBUILDING

De-mystify the overhaul procedures on selected Continental & Lycoming engines. Videos begin with a dismantled engine, show the crankshaft being mounted on a stand and then proceed through complete assembly. These videos effectively present the step-by-step procedures of re-assembly.

Description	DVD P/N	Price
Cont. 0-200 Rebuild	13-03208	$29.95
Lyc. 0-320 Rebuild	13-04465	$29.95
Lyc. 0-360 Rebuild	13-03210	$29.95
Lyc. l0-360 Rebuild	13-03209	$29.95

SCRATCH BUILDING BASICS FOR METAL AIRCRAFT

An excellent way to determine if building a homebuilt aircraft from scratch is right for you... you will obtain a full understanding of the trials, tribulations, joys and successes that this type of building process entails. You can't watch these guys at work and not learn something that might change the way you think about the process and people that build their own planes from scratch! Approximately 3.5 hours in length and is divided into 10 video chapters to make navigation and review of desired sections fast and easy. The DVD set includes web links to plans for building your own sheet metal brake and other tools used in this video (you can print the plans on your own printer). P/N 13-04185..... $38.95

RV-12 EMPENNAGE TAILCONE

This double disk DVD is the first in a series of videos being developed to cover the entire build process for the Van's RV-12 aircraft kit. It covers the complete empennage/tailcone kit as supplied by Van's Aircraft. It is a great starting place to begin your project – there are no prerequisite assemblies that need to be completed before starting. All in the exact sequence of building as specified by the construction manual. Approximately 2.5 hours in length and is divided into various video chapters to make navigation and review of desired sections fast and easy. They are completing production on the subsequent volumes of the RV-12 build (that are also sequenced to the sub-kits as provided by Van's Aircraft).

P/N 13-09590..... $48.85

COMPLETE COMPOSITE & FIBERGLASS LIBRARY

All five of our How-To videos on a convenient 2 DVD set. A total of 190 minutes of the most complete guide for using composite materials available anywhere! The Complete Fiberglass and Composite Library contains The Basics of Fiberglass, A Step-By-Step Guide to Molding Fiberglass, Advanced Moldmaking and Plug Construction, Vacuum Bagging and Sandwich Core Construction and The Art of Moldless Composites. P/N 13-06551..... $161.95

DEEP INSIDE YOUR ROTAX

You can now see and understand what procedures are involved with the 150 and 300 hour inspection/rebuild services. Alan points out the places carbon accumulates, where the common areas of wear occur, and other signs indicating the possibility of potential failures. The specialized Rotax engine tools are demonstrated as to their function in removing various internal components. Installation and maintenance tricks are also demonstrated and explained for the purpose of heading off future engine failures that can lead to disaster. And More.

P/N 13-03370..... $34.95

ROTAX 912 INSTALLATION TIPS & TECHNIQUES

This presentation explains the most important details of preparing and installing th epopular Rotax 912 family of four stroke engines in your experimental homebuilt aircraft. This reliable, high performance engine will only perform safely if installed properly as specified by the Rotax installation guide. The important details in this guide are often misunderstood or even ignored completely resulting in catastrophic engine failures and dangerous flying situations. DVD Running time: 1.5 hours

P/N 13-04183 ..... $35.95

BUILDING A GLASS PANEL FOR HOMEBUILT AIRCRAFT

Mark Townsend of CanZac Aviation takes you step-by-step from the planning stages through the actual fabrication procedures and wiring for a combination glass/conventional instrument panel for an experimental aircraft. 80-minute DVD.

P/N 13-04969 ..... $23.95

RV RUDDER WORKSHOP

This instructional video has 2 major sections: The first section contains an overview and demonstration of the tools and techniques that are required for building an RV aircraft. These specialized building techniques center around riveting with solid rivets - essential for the RV aircraft. Many specialized tools are required for this type of construction and are discussed and demonstrated. Techniques that are shown include: dimpling, countersinking, deburring, drilling, back riveting and pop riveting. A full discussion of the types of rivets that are used along with their important characteristics is included in this first section of the video. The tools for measuring proper rivet setting (rivet gauges) are shown and demonstrated. Some of the tools that are featured include: hand squeezer, pneumatic rivet gun, flush and universal rivet sets, dimple dies, back rivet sets, scotch-brite polishing wheel and deburring tools. P/N 13-04791..... $31.50

AVIATION VIDEOS & DVDS

INSTRUCTIONAL VIDEO TAPES

BUILDING THE RUTAN COMPOSITES – This step-by-step instructional program features Burt Rutan and Mike Melvill proceeding through the complete foam-epoxy-fiberglass composite construction procedure as used on the VariEze, Long-EZ, Quickie, Q2, Dragonfly, Sea Hawk, Polliwagen and other composite aircraft. Also included is a formation flight by the Long-EZ, Defiant and VariViggen. A must for all composite aircraft builders. 1hr, 36 mins.
DVD ..... P/N 13-04809 ..... $26.95

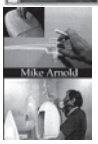
FIBERGLASS 101 – This tape shows aircraft builders how to make molds, fairings, and parts from fiberglass. It takes you step by step through the phases of glass work so that you can build parts yourself. Produced by fiberglass expert Sam James. 2 hrs. Note: The quality of this DVD may not be standard for DVDs due to format conversion technique used.
DVD ..... P/N 13-03875 ..... $32.50

BASIC AIRCRAFT SHEET METAL TECHNIQUES & TOOLS – George Orndorff, a noted aircraft builder, demonstrates 13 sheet metal techniques and offers many helpful hints to save time and help motivate the homebuilder. Segments include shop organization and safety, cutting, polishing, deburring, drilling, dimpling, countersinking, riveting, fluting, bending, circle cutting, and more. A sample control surface is constructed using these techniques. (58 min.) DVD P/N 13-15120-1 ..... $42.50

MIKE ARNOLDS AR-5 WORLD RECORD AIRCRAFT DVDS

DVD 1, "WHY IT GOES SO FAST" - Documents the efficient AR-5's record runs and clearly explains the simple drag reduction concepts used to achieve its surprising performance on such low power. With comments by aerodynamicist, Bruce Carmichael.
P/N 13-15130 ..... $32.50

DVD 2, "HOW IT'S MADE" - Details the engine installation and the airframe's structural design, and completely demonstrates the easy moldless, hot-wired, foam and fiberglass construction process used on the fuselage, wing and tail services. Almost 2 hours.
P/N 13-15135 ..... $39.95



DVD 3, "MOLDLESS, LOW DRAG WHEELPANTS" - Details the engine installation and the airframe's structural design, and completely demonstrates the easy moldless, hot-wired, foam and fiberglass construction process used on the fuselage, wing and tail services. Almost 2 hours.
P/N 13-06277 ..... $29.95

DVD 4, "MAKING FIBERGLASS MOLDS" - This DVD chronicles development of a beautiful six piece, modled fiberglass aircraft cargo pod to show the simple design and fabrication techniques used to produce low cost, professional quality, production molds. From first sketches, through master patterns, to finished parts. Over an hour. P/N 13-15125 ..... $29.95

AR-5 HOW TO DVD SET - This four-part DVD set includes the following: Making Fiberglass Molds, How It's Made, Why It Goes So Fast, Moldless, Low-Drag Wheelpants. P/N 13-09990 ..... $108.95

MAKING A MOLDED FUSELAGE SHAPING THE AR - 6 - Goes from pencil drawing, to foam model, to the carving, glassing, and finishing of the plug, and, finally, to the assembly of the carbon-fiber and honeycomb fuselage.
P/N 13-12669 ..... $29.95

STEWART SYSTEMS 6 DVD SET

FABRIC COVERING, METAL AND OTHER SUBSTRATE PREP, MIXING PAINT AND PAINTING - 6 Disc Stewart Systems Combination Package Covering & Painting Videos. Most everything you need to know about our covering system, including complete information using the Stewart Systems Covering Process. It includes product application, painting instructions, STC and more. Well over 2 hours of video.
P/N 13-09411 ..... $19.95

"TIN MAN" METAL WORKING VIDEOS

These videos provide excellent instruction for the aircraft builder. Ken White, The Tin Man, is a master craftsman and instructor for the Experimental Aircraft Associations metal working workshops at Oshkosh.

BASIC DAMAGE REPAIR ON ALUMINUM – Take an axe and drive it through the nose of an RSK Porsche. now we're ready to begin by bumping, smoothing, gas welding, planishing, and metal finishing. All work completed on camera. Complete and very detailed. Color, 63 min.
DVD ..... P/N 13-04377 ..... $29.50

EDGE THOSE PANELS – Learn to make flanges, hems wired edges, and flares. With just a hammer, dolly, and some simple tools you can make, you'll be able to easily edge lots of panels. Wing rib construction is also shown. Then a rotary machine (bead roller) is used to do really fancy artwork! Color, 126 min.....
DVD P/N 13-04378 ..... $39.95

AN AMERICAN'S VIEW OF THE ENGLISH WHEEL – Shrink on the wheel? You bet! Analyze frame design, tracking patterns, layering, pressure measurement, rapid high crown development, nearly flat panels, and much more. Last segment shows air hammer shaping and shrinking on the Pullmax. Color, 126 minutes. DVD ..... P/N 13-40302 ..... $39.95

SHRINKING MAGIC – The art of shrinking (crimping or compression) is demonstrated using both the Lancaster machine and the torch and hammer method. Hot work demonstrations include steel, aluminum, copper, stainless, titanium, and magnesium. An excellent segment on form block work is shown as well. Color, 84 minutes. DVD ..... P/N 13-04381 ..... $39.95

SHAPING ALUMINUM WHEELPANTS-WITH 7 SIMPLE HAND TOOLS – Using a torch, mallet, stump, forming bag, slapper, dolly, and clamp you can make a really nice pair of pants (fenders or tank). This video includes buck development, pattern work, and hot shrinking. Air hammer shaping and Pullmax shrinking segment at the end. Color, 125 minutes.
DVD ..... P/N 13-04380 ..... $39.95

HOW TO GAS WELD ALUMINUM – Learn the professional methods of setting the torch, regulator pressures, and secrets of the flux. Filmed with two cameras through the finest eyewear available to show tacking, distortion control, flat and vertical welds. Many 30-year veteran welders have benefited from this video. Color, 105 minutes.
DVD ..... P/N 13-04379 ..... $34.95

4130 CHROMOLY AIRFRAME CONSTRUCTION – This video is highly recommended for anyone considering a steel tube fuselage aircraft. It covers the whole process: Workflow, welding rod selection, jigging, fitting, and welding. (Note: The discussions and advice are almost exclusively about oxyacetylene welding. TIG, GTAW, is mentioned only in passing.)
DVD ..... P/N 13-04375 ..... $54.95

BASIC AIRCRAFT WOODWORKING – Woodworking knowledge is essential to any homebuilding project. Power tool safety is also discussed. A great starter tape (30 min.).
P/N 13-23355 ..... $19.95

WEST SYSTEM EPOXY GELCOAT BLISTER REPAIRS - Dry rot repair & replacement, Fuel tank removal, Inspection & installation, Fiberglass procedures for strength, rigidity & surfacing. P/N 13-12703 ..... $18.75

WEST SYSTEM EPOXY BASIC APPLICATION TACHNIQUES - Covers repairing and preventing gelcoat blisters plus an analysis of the factors contributing to blister formation. P/N 13-12704 ..... $18.75

WEST SYSTEM EPOXY FIBERGLASS REPAIRS - Step-by-step program takes you through all the procedures you need to know to make professional, longlasting fiberglass repairs with epoxy.
P/N 13-12702 ..... $23.75

WEST SYSTEM EPOXY REPAIRS DVD SET - Includes: DVD Fiberglass Repair with West System Epoxy, DVD Gelcoat Blister Repair with West System Epoxy, and DVD Basic Application Techniques West Epoxy.
P/N 13-12705 ..... $52.95

COSMETIC GELCOAT / FIBERGLASS REPAIR BASIC DAMAGE AND FINISHING DVD - This program takes you step-by-step through every type of cosmetic repair. You'll learn the proper techniques, materials, tools and tricks of the trade from one of the best fiberglass repairman in the country. P/N 13-04810 ..... $26.95

FIBERGLASS REPAIRS MADE EASY DVD SET - Learn how to make fiberglass repairs as you look over the shoulder of a professional fiberglass repairman. P/N 13-12701 ..... $32.75

FIBERGLASS REPAIRS MADE EASY VOL I FIBERGLASS REPAIR AND GELCOAT DAMAGE - Learn how to make fiberglass repairs as you look over the shoulder of a professional. Covers grinding out damaged material, applying new fiberglass laminate, shaping to original lines and finishing. 54 mins P/N 13-12697 ..... $29.95

COSMETIC GELCOAT/FIBERGLASS REPAIR COLOR MATCHING AND FINISHING - This program takes you step-by-step through every type of cosmetic repair. You'll learn the proper techniques, materials, tools and tricks of the trade from one of the best fiberglass repairman in the country. P/N 13-12698 ..... $26.75

COSMETIC GELCOAT / FIBERGLASS REPAIR STESS CRACKS / AIR VOIDS AND FRACTURES - This program takes you step-by-step through every type of cosmetic repair. You'll learn the proper techniques, materials, tools and tricks of the trade from one of the best fiberglass repairman in the country. P/N 13-12699 ..... $26.75

FROM THE GROUND UP VOL 1-13

EAA, in conjunction with Discovery Channel International, presents all 13 episodes of the television series From the Ground Up on 3 DVDs. TV's first how - to aviation program. Enter the exciting world of airplane homebuilding and restoration. P/N 13-07442 ..... $59.99

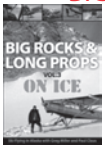
BIG ROCKS AND LONG PROPS VOLUME I

50 thrilling minutes of water assisted landings, big rocks, big tires, and great flying in a Super Cub and Experimental Maule (A.K.A. Bushwacker) Alaska and Northwest bush pilot Loni Habersetzer and Northwest bush pilot Greg Miller take you into their incredible playground of rock bars and water landings - on tires! P/N 13-04018 ..... $33.95

BIG ROCKS & LONG PROPS - VOLUME II

You will go from Greg's training ground to the desert and on to the mountains. The main movie is 40+ minutes long and includes a commentary track. There is a section on field repair and a section on the STOL competition for the bush class in Valdez Alaska for 2006. In all, almost 90 minutes of playing time. It has Greg Miller flying "Bushwacker" and also the 5 place Sherpa, which is basically a Super Cub on steroids. It also features Doug Keller and his amazing. Husky Cub P/N 13-04384 ..... $33.95

BIG ROCKS AND LONG PROPS VOLUME III



See the culmination of 30 years of bush flying experience as Paul flies his Turbine Otter and Super Cub in the rugged wilderness of the Wrangell-St. Elias National Park. Watch Greg as he learns the ins and outs of ski-flying in one of the most challenging places in Alaska, where the margin between life and death can be extremely thin.

P/N 13-05728 ..... $33.95

BIG ROCKS & LONG PROPS VOL. 4

Join Greg Miller on his Alaskan Adventure. Greg flies his experimental Maule a.k.a. Bushwacker to Alaska in the winter of 2008. The setting for this adventure is the Wrangell-St. Elias National Park. You'll see Greg landing his ski-equipped airplane on snow, ice, rock, and water. Come along as he climbs an ice fall, skins up mountain peaks, and skis down virgin snow-covered mountains. Running Time: 121 minutes

P/N 13-06275 ..... $33.95

BIG ROCKS & LONG PROPS - HIGH COUNTRY VOLUME 5

Big Rocks & Long Props Volume 5 - High Country DVD. Greg Miller, tired of the rain in the Pacific Northwest, heads for some dryer high-country with the founder of Nflightcam, Patrick Carter. Greg is interested in exploring and Patrick will provide the shots using a Canon 1080p HD camera and multiple Contour Plus cameras mounted to various parts of Bushwacker. Join them for this adventure as they explore the breathtaking scenery of the desert high-county.

P/N 13-11977 ..... $33.95

HOODRIVER BASIN COZY

In this DVD they'll fly you around the luscious green Hood River Basin in Oregon. During this scenic flight, you'll fly so close to Mt Hood, Mt Rainier, Mt St Helens and Mt Jefferson, it'll seem like you can reach out and just touch the snow covered peaks. Along the way, they will pass through the majestic Columbia River Gorge. The DVD length is 25 minutes..... P/N 13-08044..... $19.95

THINGS MY FLIGHT INSTRUCTOR NEVER TOLD ME

Topics like fuel management, flight planning, reluctant passengers, dealing with weather, the FAA, buying and owning an aircraft, as well as moving up to bigger and faster aircraft, are all discussed with humor and whit. He also discusses the people in aviation he has met that have had an influence on his flying career.

E-Book..... P/N 13-09969 ..... $16.85

THE 100 HOUR INSPECTION POWERPLANT

Step by step demonstration of a 100 hour inspection of the powerplant section of a Lycoming 0-360 powered Piper Arrow. Explains every segment of the inspection process from an initial AD search to the final log entries. It details each procedure along with the techniques, tool and material usage, and plenty of professional hints and tips. Covers safety wiring techniques. ..... P/N 13-03883 ..... $24.95

PROFICIENT FLYING 3 DVD BOX SET

Disc 1 examines takeoff techniques, spins, engine failure after takeoff, control surface failures, weight & balance and measuring airspeed. Disc 2 covers rejected take off & landings, slips, power off glides, pitot static pitfalls, how to fly a taildragger and accident investigations utilization through computer generation. Disc 3 features aircraft ditching, how to swing one's compass, engine operating hints, unusual approaches, how to fly a seaplane, & how it all works. P/N 13-03647 ..... $36.50

RUDDER FUNDAMENTALS

Most pilots admire the skills of a good stick: an aerobatic pilot rolling on top of a loop; the pilot who lands a float plane on a tiny mountain lake or the local tailwheel pilot making a perfect touchdown in a strong cross wind? Have you wondered what you can you do to become a confident and skillful flyer? Actually there are only two fundamentals to master: Don't cause the airplane to stall Recognize and control yaw. My Key Points video Stall, Upset and Spin Recovery explores the first fundamental. Using ground school and film clips from the air, Rudder Fundamentals offers a unique and valuable presentation of the second fundamental; the recognition and control of yaw. You will: Learn to control adverse, P-factor and gyroscopic yaw. Master the Dutch roll, the definitive stick and rudder skill. Learn to use the technique of cross controlled rudder and aileron to perform a plethora, of aerial maneuvers.

P/N 13-12925 ..... $19.95

"121.5" EMERGENCY

Real life emergencies, actual ATC recordings! Hosted by TV personality and flight instructor MayCay Beeler, this unforgettable DVD features the actual ATC recordings of pilot and ground communications in real emergencies, brought to life with stunning animation and graphics. Listen, learn, and live. "121.5" DVD..... P/N 13-02854..... $21.95

CHASING LEWIS & CLARK ACROSS AMERICA

Climb into the cockpit to get a different, low-altitude perspective on America. Set to stirring music, selected photographs from the Chasing Lewis & Clark Across America book provide a view of our country that will nourish one's patriotic soul. From the virgin wilderness that Lewis and Clark discovered, to cities with the creations of man, this collection of photographs is like a tightly woven tapestry of America. The other half of the DVD provides a behind the scenes look at the trip including plane construction. DVD total 45 min., Wide screen, Stereo. Book (P/N 13-04562) and Book/DVD Combo (P/N 13-04564) available.

CUBDRIVER 749ER ALASKA

Join Cubdriver749er and friends as we travel across the Alaskan frontier showcasing the off-runway capabilities of the Piper Supercub. Whether an expert aviator or novice pilot, Cubdriver: Alaska™ will certainly entertain with over 2 1/2 hours of Supercub action! P/N 13-05736 ..... $35.00

CUBDRIVER: NO SECOND CHANCES

Cubdriver is back....and better then ever. Join professional bush-pilot, Loni Habersetzer, and Alaskan guide, Donald C. Martin, on a real-life adventure as they challenge the rugged Alaskan Range in their newest installment to the popular "Cubdriver" series. Focusing specifically on One-way landings, this is their most challenging adventure yet. Once committed to land, there's no going around, and "No Second Chances." Filmed in 16.9 HD DVD Stereo Run time is: 2 hours 1 min.

P/N 13-09883 ..... $35.00

BUILDING YOUR OWN ZENAIR FLOAT

Zenair now offers their popular experimental aircraft floats as a kit which can be built with relatively simple construction techniques. This provides a substantial reduction in the cost of ownership making floats now affordable for many aircraft owners. (See www.ZenairFloats.com for product information and prices) While this video demonstrates the construction of a Zenair float, it does not show: the rigging of floats to an aircraft, spreader bars, mounting tires, nor other repetitive tasks such as painting, priming, riveting, etc. The effort was to keep the content of the video restricted to the unique tasks of float construction. P/N 13-09049..... $42.95

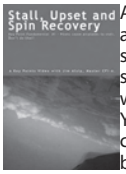
BOB HOOVER AERIAL SUITE

Now on DVD and in stock! With over a half century of flying in every type of aircraft, Bob Hoover is most recognizable for thrilling and beautiful performances in his Shrike Aero Commander and yellow P-51 Mustang. With Hoover's retirement from the air show circuit, this is one of the few sources to see why he has earned the undisputed title of "the pilot's pilot."

P/N 13-08676 ..... $17.95

STALL, UPSET, AND SPIN RECOVERY



Are you anxious during slow flight and stalls because you are apprehensive about spins? Do not fear the spin; understand it. Spins are just another thing airplanes do, and you should train for spin recovery. Proper spin training begins with an introduction to stall and unusual attitude recovery. You need to understand that a heavy hand or misuse of the controls, during an unusual attitude, can stall the wing and begin a spin event. P/N 13-11864 ..... $19.95

BREAKING THROUGH THE CLOUDS

Breaking Through the Clouds is nearly 2 hours long and includes actual footage of the 1929 air race. In addition, there are aerial recreations in the film, using planes like the women flew in the derby including: Travel Air, Waco, Monocoupe and Fleet.

Over 13 years of research went into the making of this film. There are images of the women in the race that have rarely been seen before. In addition, there are interviews with Elinor Smith Sullivan, legendary pilot, Patty Wagstaff, national aerobatic champion, Julie Clark, aerobatic pilot, family members of the pilots in the derby, aviation historians and people who knew the women racers personally.

P/N 13-08619 ..... $29.95

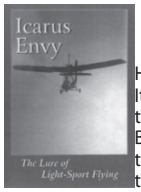
THE AVIATORS SERIES

This wildly popular DVD set of all 13 episodes of the complete first season of the hit PBS television series The Aviators. New and exciting magazine-style series featuring interesting people, the latest aircraft, the coolest technology and the best fly-in destinations of North American aviation. The Aviators is truly for everyone who has ever gazed skywards. Each episode is comprised of 3 or 4 segments. This format ensures that the show remains fast-paced, capturing and holding the viewer's interest from beginning to end.

Season One DVD ..... P/N 13-08262 ..... $34.95
Season Two DVD ..... P/N 13-11306 ..... $29.95
Season Three DVD ..... P/N 13-12393 ..... $49.95

CREW RESOURCE MANAGEMENT: EXPLORING THE HUMAN ELEMENT

Become an expert on important aviation topics when you explore them in depth with CRM - Exploring the Human Element (DVD) by Jeppesen. This video explores United Airline's human factors training program. Whether you are operating in a Part 121, 135, or 91 environment, you can benefit. P/N 13-07840 ..... $13.50



ICARUS ENVY THE LURE OF LIGHT SPORT FLYING

Hour-long documentary film about light sport aviation. It is shot almost entirely in Wisconsin, and provides a thrilling introduction to the world of low and slow flying. Breathtaking flying scenes from both the ground and in the air, even on skis and floats, are all beautifully orchestrated to an evocative music soundtrack.

P/N 13-12898 ..... $19.95

FLYABOUT

Flyabout tells the autobiographical story of Monika Petrillo's journey piloting a small single-engine airplane around the continent of Australia. Her father, a pilot with limited experience himself, is riding shot As the only women pilot in a group of eleven people, Monika sets out to experience the true freedom of flight above one of the most untouched places on earth. But what impacts her most is the unexpected conflict that arises between her father and herself. P/N 13-06638 ..... $19.95

THE GREAT CIRCLE AIR SAFARI

FLYING THE OUTBACK - Experience an exhilarating flight through the vast Australian Outback with nine vintage aircraft. In the fall of 2005, two Americans, Doug DeVries and Rob Richey, shipped their 1942 Stearman biplane all the way to Australia, joining up with their Aussie mates for a 4,000 mile flight through some of the most remote areas in the country. Stunning high definition footage by Oscar winning director of photography Eric Thiermann coupled with the story of two pilots on a quest of discovery yields a compelling film.

P/N 13-05079 ..... $24.95

THE COMPLETE AIRLINE PILOT INTERVIEW COURSE

This DVD from Flightdeck Consulting has been produced and developed by airline pilots for airline pilots. This DVD includes: Eight Virtual Interviews to help you perfect your interview technique. Access to the "Airline Pilot Interview Work Booklet", an essential tool covering all aspects of your interview including psychometric testing, simulator check ride and panel interview. Simulator Assessment Guide. Psychometric Testing Information. Complimentary Email Support from professional airline interview consultants. Make an investment in your future and be "The Standout Candidate" at your interview.

P/N 13-08754 ..... $69.00

WONDERFUL WORLD OF WARBIRDS SET

Hosted by Jeff Ethell, these DVDs explore the ins and outs of some of World War II's most loved (and feared) military aircraft. From the P-51 Mustang to the A-26 Invader, fighter planes to bombers, this set makes a great gift! Over 3.5 hours (216 min). 4 DVD set.

Includes: Volume I: P-51 Mustang , Volume II: P-40 Warhawk, Volume III: A-26 Invader, Volume IV: Spotlights Grumman Wildcat. P/N 13-04713 ..... $55.00

GETTING STARTED IN AEROBATICS

Produced in co - operation with the International Aerobatic Club, Getting Started in Aerobatics is a valuable introduction to the dynamic world of aerobatics. During the course of this program, you'll hear six legendary aerobatics pilots relate their years of experience and address topics that include the benefits of aerobatics, its history and background, training options, selecting the right instructor and equipment, and more. You'll also experience the thrill of an aerobatics flight lesson at the renowned Pompano Air Center. Getting Started in Aerobatics contains information to consider before you begin - or continue - your aerobatics training. (55 minutes) P/N 13-40505 ..... $14.95

WELDING AND CORROSION

Take the mystery out of aircraft welding! Join Host Gregg Ewert and instructor Bill Roerig as they take you step-by-step through the process of oxyacetylene welding. Whether you've never held a torch before or if you haven't welded in years and want to brush up on your skills, this video will provide you with the background to get you started. Corrosion is not just a problem unique to floatplanes. Corrosion is a threat to any aircraft exposed to humid conditions, including acid rain. Join corrosion expert Geo Hindall in an hour-long examination of the problem. Learn to recognize, prevent and protect your airplane against the effects of corrosion!

ROD MACHADO FLIGHT TRAINING

FAA PRIVATE PILOT eKIT

The FAA Private Pilot eKit is a private pilot groundschool training kit based on the official FAA Curiculla. eBooks in this kit are compatible with Windows, Macintosh, iPad, iPhone, Kindle Fire, and all Android type eReaders. Each eBook in this kit is provided as an open file. They may be transfered between your various computers and reading devices, printed, and used with all Adobe .pdf functions including search, copy/paste, bookmarking, note taking, voice transcription, etc... Kit Includes: • Pilots Handbook of Aeronautical Knowledge, eBook • Airplane Flying Handbook, eBook • Risk Management Handbook, eBook • Private Pilot Flight Maneuvers, eBook • PTS - Private - Airplane, eBook • FAR/AIM, eBook, by FAA • ASA-SP-57: Pilot Log Book, Book, by ASA • ASA-SP-57: Plotter - Lexan 13-inch, by Aircraft Technical Book Co. • ASA-E6B: ASA METAL E6B, by ASA • ASA-TW-PVT-12 Private Pilot PrepWare, CD, by ASA. P/N 13-11709 ..... $159.95

PRIVATE PILOT eKITS

Very thorough, very detailed, very complete, highly illustrated - but taught in a way that makes you remember what you're supposed to be learning. Many major flight schools, including Embry Riddle, have switched to this book from those of the major publishers. Since doing so, they have reported their student pass rate up 15-20%. Matching workbook contains questions and answers from the FAA private pilot written test along with additional student study aides and for instructors, an FAA approved Part 141 ground school syllabus. Note: eKits are a packaged product containing pre-paid download codes for eBooks plus additional physical training tools. eBooks are in .pdf format and are compatible with all Windows, Mac, iPad, iPhone, and Android type devices.

Basic Kit ..... P/N 13-11633 ..... $119.95
Deluxe Private ..... P/N 13-11634 ..... $179.95

INSTRUMENT RATING eKIT

A combination of convenient eBooks and physical training tools make up this deluxe Instrument Rating training package. Centered around the Rod Machado Instrument Handbook, this kit offers a unique and effective teaching style with proven results to instrument students of all levels. In addition, this complete kit includes an Instrument Manuevers Manual detailing required flight skills; The Instrument Procedures Guide, giving established and current guidelines for in-cockpit procedures; the latest edition of the FAA Chart Users Guide detailing all symbols and terminology of FAA/NACO type VFR and IFR publications; IFR Principles and Practices, providing practical exersizes and a human factors perspective to instrument flight; the official Instrument Pilot Practical Test Standards; a fresh and current copy of the FAR/AIM; and physical items including an IFR enroute chart plotter, a Foggles type view limiting device, and the ASA Instrument test Prepware CD.

P/N 13-11682 ..... $218.95

FAA INSTRUMENT RATING eKIT

A combination of convenient eBooks and physical training tools make up this deluxe Instrument Rating training package. Centered around FAA textbooks and publications, this kit offers the actual and "official" curricula prescribed by FAA and from which all knowledge and practical test questions are derived. In addition, this complete kit includes a fresh and current copy of the FAR/AIM, and physical items including an IFR enroute chart plotter, a Foggles type view limiting device, and the ASA instrument test Prepware CD. P/N 13-11683 ..... $145.95

RON MACHADO'S HOW TO FLY AN AIRPLANE HANDBOOK

This valuable one-stop handbook contains the information necessary to: Learn the basic fundamentals of flying any airplane. Make flight training easier, less expensive and more enjoyable. Master all the private and commercial checkride maneuvers. Learn the "stick and rudder" philosophy of flying an airplane. Prevent an airplane from accidentally stalling and spinning. Allow you to learn to land an airplane quickly and enjoyably. Make you a better instructor by providing unique teaching strategies and explanations for student training.

P/N 13-15937 ..... $42.95

ROD MACHADO'S SPORT PILOT HANDBOOK

A serious text written in a fun and witty style. More than 1,000 original illustrations and photos in a softbound, full color, 582 page book. Written in the first person, it's as if Rod is sitting next to you, personally explaining all the necessary aspects of flying to make you an informed, confident and competent sport pilot. It is the first book of its kind completely written and illustrated by one instructor. P/N 17-00017 ..... $65.00

RODMACHADO'SPRIVATEPILOTHANDBOOK2NDEDITION -

A serious text written in a fun and witty style. More than 1,200 original illustrations & photos with 50 pgs in full color, ensures this to be a one-of-a-kind manual. You can learn or review by just looking at the pictures. However, the text is laced with Machado's humor, so you will want to read every last word of the 572 pages. Written in the first person, it's as if Rod is sitting next to you, personally explaining all the necessary aspects of flying to make you an informed, confident and competent pilot. Flight instructors will love using the great illustrations with their students. It will also be a favorite for its readability. A book only has value if it's read and understood. For years pilots at Oshkosh, Sun n' Fun and seminars across the country have asked Rod to write a fun and easy to understand book for pilots. Well, here it is folks, perfect to refresh for a flight review, catch up on new rules or for student pilots to pass their FAA knowledge and oral exams.

Description	Part No.	Price

This book allows you to learn everything you need for: * The FAA instrument knowledge exam * Your instrument proficiency check * Updating and refreshing your knowledge This valuable one-stop handbook contains the information necessary to: * Fly instruments as a knowledgeable and competent pilot. * Prepare for the FAA instrument pilot knowledge exam * Prepare for the instrument pilot practical oral exam. * Refresh for your instrument proficiency check. * Remain an up-to-date confident instrument pilot.

Book ..... P/N 13-05699 ..... $48.50

ROD MACHADO'S PLANE TALK -

A collection of Rod Machado's most popular aviation articles and stories from the last 15 years. 456 page book.

P/N 13-03155 ..... $23.95

ROD MACHADO'S AVIATION VIDEOS & DVD'S

DEFENSIVE FLYING - Rod Machado discusses how pilots can learn to think defensively. Learn about acknowledging your own limitations and a pilot's psychological predators as well as never underestimating aerial enemies. Listen to an actual, hair-raising, in-flight emergency as two professional pilots exercise one of the most important skills in Defensive Flying. This presentation contains many new stories and humor not previously heard on Rod's audio tapes.DVD P/N 13-04567 ..... $23.95

AVIATION HUMOR - Laugh along with over 2,000 pilots as Rod Machado entertains his audience with some of the best of his aviation stories. After so many requests for a video version of his very popular audio tapes, this video of Rod's is sure to be a popular addition to your library.

DVD ..... P/N 13-04568 ..... $23.95

IFR FLYING - Rod has incorporated six of his most popular IFR segments into this educational video. And, for comic relief, Rod has interspersed live, humorous clips from one of his popular seminars between each story segment. This is a valuable tape for beginners as well as seasoned pros. You're sure to laugh and learn as Rod shows you: A unique, multi-step instrument scan, Single pilot IFR cockpit management, How to really use the approach lighting system, techniques to make safe IFR departures, & more. P/N 13-40315 $22.50

RODMACHADO'SINSTRUMENTPILOTSURVIVALMANUAL -

This book is unlike any other book on instrument flying that you have encountered. 232 pages, Illustrated with humorous drawings. Excellent for IFR students or as IFR refresher.

Book ..... P/N 13-40330 ..... $28.95
E-Book ..... P/N 13-09976 ..... $28.50

BOOKS

ACCEPTABLE METHODS, TECHNIQUES & PRACTICES – Contains "Aircraft Inspection & Repair" (AC43.13-1A) and "Aircraft Alterations" (AC43.13-1B with change 1). These valuable FAA manuals originally published by the US Government Printing Office, have been combined and reprinted in a single volume. 393 pages. EA-AC 43.13-1A-2A P/N 13-11350 ..... $24.95

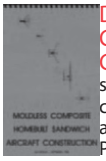
ASA AIRCRAFT INSPECTION, REPAIR & ALTERATIONS - The "bible" for AMTs, aircraft owners, and homebuilders, this FAA Advisory Circular outlines the standards for acceptable methods, techniques, and practices for the inspection, repair and alteration of non-pressurized areas of civil aircraft with a gross weight of 12,500 lbs or less. Includes both Part 1B and Part 2B.

P/N 13-06050 ..... $17.75

STANDARD AIRCRAFT HANDBOOK – This handy book contains a wealth of information with illustrated chapters on riveting, bolts and fasteners, tools and their proper use, assembly and installation methods, materials and fabrication, blueprint reading, lofting and templates. 292 pgs, paperback. 6th edition.

Book ..... P/N 13-11400 ..... $23.50

E-Book ..... P/N 13-05920 ..... $24.99



DESIGN & CONSTRUCTION MANUALS MOLDLESS COMPOSITE SANDWICH HOMEBUILT AIRCRAFT CONSTRUCTION (BY BURT RUTAN) – A step-by-step construction manual for the beginner in working on composite aircraft designs. If the steps are studied and followed carefully, a first time builder can work confidently with these materials. Profusely illustrated. P/N 13-11600 ..... $16.85

COMPOSITE AIRCRAFT DESIGN (MARTIN HOLLMAN) – A very popular new book from the designer of several innovative composite aircraft. Describes the history of composite aircraft development and provides technical information & sources for the many composite materials in use today. Filled with photos, sketches and graphs. 88 pages.

P/N 13-11700 ..... $56.75

COMPOSITE CONSTRUCTION FOR HOMEBUILT AIRCRAFT (JACK LAMBIE) – This comprehensive manual shows you the techniques of working with plastics in homebuilt kit airplanes. Lambie's humor and sound judgment are ideal for any avian dreamer. Over 300 graphs, drawings, diagrams, and photos that show you how. 240 pgs.

P/N 13-12300 ..... $19.95

AIRCRAFT DETAIL DESIGN MANUAL (S.J. DZIK) – Revised 3rd Edition. Detailed 2 & 3 view design drawings from existing aircraft plans plus wing design, engineering tables & hardware specs. P/N 13-12000 ..... $18.75

A PRACTICAL GUIDE TO AIRPLANE PERFORMANCE AND DESIGN (DONALD R. CRAWFORD) – This book will prepare you with the mathematical tools you'll need to turn fantasy into at lease drafting table reality. Find design trade-offs in minutes with easy-to-use graphical and numerical techniques. P/N 13-16820 ..... $19.95

AIRPLANE DESIGN (DONALD R. CRAWFORD) – Collected reprints of a series of technical articles on airplane design printed first in Kit Planes magazine are bound in one 114 pg vol. Easy-to-use basic computer programs (w/ fully annotated source listings incl.) are applied to sample problems. Detailed derivations of governing equations provide necessary technical background for the solution method.

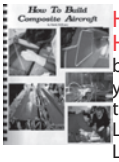
Book ..... P/N 13-16825 ..... $23.95

E-Book ..... P/N 13-09828 ..... $22.50

PRACTICAL STRESS ANALYSIS FOR DESIGN ENGINEERS – Deluxe hardbound edition, 464 illustrations and drawings, 685 pages. Solutions based on "real" aircraft structure. A simplified, easy-to-understand reference book – contains no complex mathematics. Aircraft designers and experimenters can master the principles and fundamentals of stress analysis. Learn new techniques and simplified approaches to the analysis of new and innovative designs. P/N 13-00035 ..... $98.00

UNDERSTANDING AIRCRAFT COMPOSITE CONSTRUCTION - This book was written to provide a basic understanding of composite technology prior to commencing a composite project. The book discusses the very elementary theory of beams and sandwich structures, then extends this to composite structures. The well- known moldless (Rutan) techniques are described as well as a detailed description of vacuum bagging techniques suitable for the homebuilder.

P/N 13-12350 ..... $29.95



HOW TO BUILD COMPOSITE AIRCRAFT (MARTIN HOLLMAN) – A book on how to use composite materials in building the new generation of kit aircraft and how to build your own composite design using low cost tooling. Tells you the secrets of how to build composite aircraft such as the Lancair IV, the Stallion, the Glasair, the Nova and others. Learn how to assemble kit aircraft made out of graphite/ epoxy such as the Lancair IV or Stallion, how to build plugs and molds for these type of aircraft, and where to buy the materials at low cost. Once the molds are built, you will learn how to vacuum bag parts using prepreg materials. Note: Some images and pages may be grainy. Not published by a publishing house but rather by the authors themselves. Quality of information not affected.

P/N 13-12205 ..... $39.95

HOW TO COOL YOUR WANKEL - This 100 page book can be used as a guide when designing a liquid cooled Wankel rotary engine installation in an experimental aircraft. Information from the Aircraft Rotary Engine Internet Newsletter and a compilation of the published information from the established international experts in the field over the last seventy years. Includes a bibliography. The information applies to any liquid cooled aircraft engine. Printed on heavy weight gloss paper with many color illustrations and pictures (Sizes 8-3/8 x 10-1/2 x 1/2).

P/N 13-04888 ..... $69.95

THE SPORTPLANE BUILDER (TONY BINGELIS) – An introduction to homebuilts along with information on construction practices, fiberglass techniques, canopies, windshields, instrumentation, fuel systems, control systems, landing gear components, electrical systems, covering and painting and more. 320 pgs, completely illustrated. P/N 13-13200 ..... $27.99

SPORTPLANE CONSTRUCTION TECHNIQUES (TONY BINGELIS) – 3rd in a series of outstanding books from the dean of homebuilders. Includes sections on getting ready to build, construction practices, fiberglass components, control systems, aircraft interiors, canopies and windshields, landing gears, instrumentation, electrical systems and finishing. 368 pages, fully illustrated.

P/N 13-13300 ..... $27.99

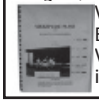
FIREWALL FORWARD (TONY BINGELIS) – The complete guide to engine selection, firewall preparation, engine mounts, exhaust systems, hoses and lines, cowlings, fuel systems, ignition and electrical systems, instrumentation, propellers spinners and much more. Highly recommended by Rutan Aircraft Factory. 303 pages, completely illustrated. P/N 13-13400 ..... $27.99

BINGELIS ON ENGINES (TONY BINGELIS) – A treasury of practical engine information for aircraft builders, owners, restorers and mechanics. Things you need to know about engine selection, engine installation, firewall preparation, baffles, cooling, fuel systems, ignition and electrical, exhaust systems, props and spinners all are thoroughly covered. Presented in clear, easy to understand language and illustrated with photos and drawings, this is another of Tony's incomparable collection of articles from EAA's Sport Aviation magazine that addresses powerplant issues facing today's sport plane builder and pilot/ All the right answers at your finger tips.

P/N 13-13450 ..... $27.99

SPECIAL!
ALL FOUR TONY BINGELIS BOOKS FOR $94.75
P/N 13-13500

EVANS LIGHTPLANE HANDBOOK (W.S. EVANS) – This exceptional book provides a ready source of data commonly used in the field of light aircraft design. The book includes detailed information on aerodynamics, engines, propeller, wood, aluminum, steel, composites, landing loads, flight loads, stress analysis, tubing, weight and balance, weights, data tables, and an AN parts guide.



VP-1 Volksplane Plans and Pilot's Handbook (W.S. Evans) – The complete set of plans to build the popular VP-1 as well as a complete pilot's operating handbook. Fully illustrated.2 Book Set P/N 13-11560 ..... $59.00

PAZMANY BOOKS

CUSTOM-BUILT AIRCRAFT OWNERS AND OPERATORS MANUAL - Contains spaces for listing of aircraft description, specifications, construction data, weight and balance calculations, operating limitations, operating instructions and servicing information. (L. Pazmany). P/N 13-20100 .....$26.75

LANDING GEAR DESIGN FOR LIGHT AIRCRAFT - (L. Pazmany) - Discusses in great detail all aspects of the landing gear including tires, wheels, brakes, loads & deflections, main gears, nose gears & tail gears. Includes 32 tables & 3 large fold-out drawings. Recommended highly by many leading aircraft designers. 245 pages, 463 illustrations.
P/N 13-14000 .....$89.75

LIGHT AIRPLANE CONSTRUCTION FOR AMATEUR BUILDERS- (Pazmany) – Published in 1970. Covers in detail the fabrication and assembly of sheet metal, fiberglass and Plexiglas components. 92 pages. Many, many photos. This book is a "must" for a builder of any sheet metal aircraft
P/N 13-13800 .....$63.75

LIGHT AIRPLANE DESIGN - (L. Pazmany) – A step-by-step description of PL-1 & PL-2 preliminary design and the reasoning begin each feature of these airplanes. No high math; very easy to read. Used as a text in several universities. 80 pp
P/N 13-14100 .....$67.85

FASTENER BLACK BOOK - • This pocket book is a great resource for anyone using standard fasteners on a routine basis • It's designed for technicians, apprentices, trainees etc. • Coated with in a Glare-Free laminate that resists tearing • Free thread pitch identification gage with each book
P/N 13-06587..... $34.50

ENGINEERS BLACK BOOK - • This pocket book is a great resource for anyone working in a shop • It's designed for metal workers and machinists • Coated with in a Glare-Free • Free drill sharpening gauge with each book
P/N 13-06586..... $27.95

AIRFOIL SELECTION – The articles are reproduced here as they appeared in the magazine with the exception of minor corrections and reformatting. The purpose of the book is to provide the reader with a basic understanding of airfoil geometry and how that geometry affects the aerodynamics of an airfoil and the characteristics of an airplane using that airfoil.
P/N 13-18700 ..... $19.95

GA AIRFOILS - (Harry Riblett) – This book is a critical study of the NACA airfoil design work addressing errors and omissions of the NACA work and correcting NACA airfoils where needed. This is a comprehensive catalog of airfoils designed for general aviation use. Also included are sections on general wing design, including planform, wing tips, root stakes, aircraft performance and stability, and more. 136 pages.
P/N 13-18725 ..... $18.75

ALTERNATIVE ENGINES – This is a compilation of the "Contact" magazine articles written by Mick Myal on conversion of auto engines. Well written with many helpful ideas. Filled with specifications, pictures and diagrams. An essential book to anyone converting an auto engine.
P/N 13-00398 ..... $44.50

DESIGNING WITH CORE - (Hal Loken and Martin Hollman) – Explains how to design core structures. Finite element analysis and hand calculations are included. Discusses materials such as honeycomb and foam cores and gives detailed instruction on how core structures are fabricated.
P/N 13-13020 ..... $45.70

LOW POWER LAMINAR AIRCRAFT DESIGN - (Alex Strojnik) – Aerodynamics of light aircraft of 40 HP or less.
P/N 13-14200 .....$37.95

LOW POWER AIRCRAFT STRUCTURES - (Alex Strojnik) – Stress analysis of aircraft structures in the air and landing, and info. on load conversions. P/N 13-14300 .....$37.95

LOW POWER LAMINAR AIRCRAFT TECHNOLOGIES - (Alex Strojnik) - Instructions on how to build low power aircraft.
P/N 13-14400 .....$37.95

SPECIAL!
ALL 3 ALEX STROJNIK BOOKS
FOR $108.00 P/N 13-14500

HOW TO PAINT YOUR OWN AIRPLANE - (Ron Alexander) - This book discusses all aspects of spray painting including choosing the right equipment, how to set up a paint booth, preparation of surfaces, painting techniques, safety issues, etc. This is an EAA "How To" book written by Ron Alexander. Over 80 pages. P/N 13-03274.....$18.50

COMPOSITE BASICS (ANDY MARSHALL)– An excellent review of composite structure design and technology from one of the foremost authorities on advanced composites. Illustrated. 7th edition. P/N 13-18000.....$29.85

AIRCRAFT TECHNICAL MAINTENANCE HANDBOOK-The Aviation Maintenance Technician Handbook is the most up-to-date, highest quality, AND most economical General Textbook available. It is also the actual textbook from which all FAA knowledge test questions are based.
The FAA did a terrific job with this new generation Aviation Maintenance Technician Handbook replacing the older AC65.9. It is now fully up to date, easily readable, well illustrated, and in full color. It is also the actual textbook from which all FAA knowledge test questions are derived. P/N 13-09044.....$37.95

AVIATION MAINTENANCE TECHNICAL WORKBOOK-This Workbook was developed by Tom Wild and Mike Leasure from Purdue University as a further study tool and an A&P instructor's classroom aid for a General curiculla, especially when combined with the FAA 8083-30 revision ATB textbook. Each chapter in the workbook matches those in the textbook with each including 3 sections: Chapter Review Questions, Knowledge Application (practical) Questions, Final Chapter Exam
Book.....P/N 13-09048.....$13.95
E-Book.....P/N 13-09047.....$13.50

AIRCRAFT HARDWARE STANDARDS MANUAL AND ENGINEERING REFERENCE - Aircraft Hardware Standards & Engineering Reference is a very complete reference guide to AN, NAS, and MS hardware, giving identification and specifications for each class of hardware. Identifications are cross referenced in drawings and by its designation code. Specifications are given by basic description, nominal measurements, materials, and thread characteristics. Coverage includes all common types of fasteners and plumbing fittings, including less common items such as shackles, eyebolts, tinnerman fasteners, swage ends, hose fittings, clamps, dzus fasteners, cherry and solid rivets, springs, grommets, etc. Note: some charts in this book are printed very small and with a less than perfect printing that may be difficult to read. 138 Pages.
Book.....P/N 13-09903.....$21.95
E-Book.....P/N 13-09902.....$14.50

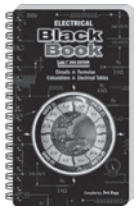
HELICOPTER DESIGN AND DATA MANUAL E-BOOK - Helicopter Design and Data Manual discusses the basics of helicopter design including aerodynamic theory and fundamentals for rotorcraft, airframe structure, mechanics and design of rotor heads, tail rotors, control linkage, and blade construction, and selection of proper materials.
E-Book.....P/N 13-09896.....$10.80

SKYRANCH ENGINE MANUAL - Covers the operation, inspection, and maintenance of the Lycoming and Continental piston aircraft engine, including a very comprehensive troubleshooting guide. Why things go bad, how to repair them, and most important; how to keep them from failing in the first place. Formerly titled "Engineering" manual but changed to express that while this book is technically complete, it is a clear and understandable, written for the pilot and powerplant mechanic but not in any sense requiring an engineering background. P/N 13-09912.....$21.50

LIGHT SPORT AIRCRAFT INSPECTION PROCEDURES - Light Sport Aircraft Inspection Procedures is the first book we've seen on the maintenance and inspection of Light Sport and Ultralight type aircraft. Airframes, engines, and control systems are covered in depth along with many illustrations and photos showing typical damage and wear points which are common on these non-certificated aircraft. Owners and operators of this class of aircraft should consider this book required reading before your next flight or pre-flight inspection. A&P mechanics will also find this material extremely useful as Light Sport Aircraft become more common and this type of aircraft begin to make their way into your shops.125 pages. Book.....P/N 13-09905.....$33.50
E-Book.....P/N 13-09861.....$23.50

ELECTRONIC CIRCUIT DEVICES E-BOOK - An avionics technician training course in basic electronic circuitry, AC power controls, transistors, sine wave oscillators, and more. Explains in understandable terms the working and functions of electronic devices as applicable to avionics devices and many facets of the FCC Radiotelephone exams. 261 pages. E-Book.....P/N 13-09881.....$18.70

BV



THE ELECTRICAL BLACK BOOK - The ENGINEERS BLACK BOOK is a Technical Engineering Resource Book consolidating the most commonly used Engineering information into a easy-to-read and convenient user friendly format. Whether you are a Designer, Engineer, the Engineers Black Book is an invaluable tool for Apprentices, Trainees, Tradesmen, Machinists, Machine Shops, Tool Rooms, Technical Colleges, Fabricators, Sheet Metal Workers, even simply as a gift to a colleague. ..... P/N 13-15982 ..... $34.50

SKYHORSE INSTRUMENT PROCEDURES HANDBOOK - Designed as a technical reference for instrument-rated pilots who want to maximize their skills in an "Instrument Flight Rules" environment, this revised and up-to-date edition of the Federal Aviation Administration's Instrument Procedures Handbook contains the most current information on FAA regulations, the latest changes to procedures, and guidance on how to operate safely within the National Airspace System in all conditions. Featuring an index, an appendix, a glossary, full-color photos, and illustrations, Instrument Procedures Handbook is the most authoritative book on instrument use anywhere. Revised Edition P/N 13-12576 ..... $14.95

TIP TANKS: DESIGN AND FABRICATION - This publication contains unique tip tank plans for homebuilders and designers. Full size templates and step by step photos in color make this an all inclusive package of design and fabrication information . Airplane designers can adapt this alternative to upgrade their particular concepts or plans. The plans include a flexible automated EXCEL spreadsheet that produces instant tank volume based on builder inputs of length and a master ellipse cross section. Using custom arc airfoils as control lines, resulting compound curve tank surfaces avoid tank flat spots and are easy to shape.

P/N 11-10421 ..... $24.95

PLANE SENSE - For anyone who would like to review the nuts and bolts of aircraft ownership. Anyone considering aircraft ownership, should be familiar with Title 14 of the Code of Federal Regulations (14 CFR), which details regulations for aircraft owners, operators, pilots, aircraft mechanics, and maintenance providers. Since the requirements can be updated and the regulations can change, the Federal Aviation Administration (FAA) recommends that you contact your nearest FAA Flight Standards District Office (FSDO), where the personnel can assist you with the various requirements for aircraft ownership, operation, and maintenance.

Book ..... P/N 13-10223 ..... $15.95
E-Book ..... P/N 13-10224 ..... $12.50

AVIATION WEATHER - Earth's atmosphere, common IFR procedures, high-altitude weather and special area weather considerations are thoroughly discussed. Use with Advisory Circular 00-45E, Aviation Weather Services. Many of the FAA Knowledge Exam weather questions are pulled from this text.

Book ..... P/N 13-10222 ..... $10.95
E-Book ..... P/N 13-05907 ..... $7.50

AIRCRAFT WEIGHT AND BALANCE HANDBOOK - An overweight aircraft, or one whose center of gravity is outside the allowable limits, is inefficient and dangerous to fly. The responsibility for proper weight and balance control begins with the engineers and designers and extends to the pilot who operates and the Aviation Maintenance Technician who maintains the aircraft.This book explains in detail the process to determine the weight and balance of any aircraft.

Book ..... P/N 13-10221 ..... $9.85
E-Book ..... P/n 13-05934 ..... $6.55

ASA AIRPLANE FLYING HANDBOOK - The FAA's Airplane Flying Handbook (previously called Flight Training Handbook) has been required reading for all pilots for more than 30 years! This book introduces the basic pilot skills and knowledge essential for piloting airplanes. It benefits student pilots just beginning their aviation endeavors, as well as those pilots wishing to improve their flying proficiency and aeronautical knowledge, pilots preparing for additional certificates or ratings, and flight instructors engaged in the instruction of both students and licensed pilots. This new edition features full-color illustrations, and expands all technical subject areas from the previous edition.

Book ..... P/N 13-10219 ..... $19.95
E-Book ..... P/N 13-05886 ..... $14.50

ROTORCRAFT FLYING HANDBOOK - Rotorcraft Flying Handbook - FAA Manual # H-8083-21 is the FAA's official helicopter and Gyroplane manual containing all the information required for applicants for their helicopter private, commercial, and flight instructor written exams and certificates. Systems, aerodynamics, and operations are covered for both helicopters and gyroplanes, as well as human factors, common errors, instrument and night operations, and basic and advanced maneuvers.

Book ..... P/N 13-00735 ..... $13.95
E-Book ..... P/N 13-05892 ..... $11.50

AVIATION WEATHER SERVICES - This text thoroughly explains the many U.S. aviation weather products and services available to pilots. Weather product examples and explanations are taken primarily from the Aviation Weather Center's Aviation Digital Data Service. The AC provides hundreds of weather website addresses for weather resources and definitions. It is an unprecedented level of convenience and study access for pilots planning flights and researching weather.

Book ..... P/N 13-10229 ..... $24.85
E-Book ..... P/N 13-05914 ..... $18.95

YOUR PILOT'S LICENSE - An updated version of the classic book that has helped aviators take off for more than a quarter century. Written in an easy-to-understand style by a certified flight instructor with practical advice on what it takes to learn how to fly an airplane. 8th Edition.

P/N 13-11268 ..... $18.75

THE ILLUSTRATED BUYER'S GUIDE TO USED AIRPLANES - The best way for private pilots with limited means to obtain the plane of their dreams is to purchase a used one -- and there's no better way to buy one without getting burned than this heavily illustrated guide. Focusing on airplanes priced at $100,000 or less, the author walks readers through the entire process of purchasing a used plane: prospecting the market, determining a plane's true value, closing the deal, partnership, and much more. Author: Blll Clarke P/N 13-07716 ..... $51.95

POWERED PARACHUTE HANDBOOK EBOOK - Here the pilot is shown the realm of powered parachute flight and given information and guidance in the performance of procedures and maneuvers required for pilot certification. This book is the official FAA source for learning to fly powered parachutes and many test questions for the powered parachute FAA Knowledge Exam come from this reference. Illustrated throughout with full-color graphics and photography.

E-Book ..... P/N 13-05900 ..... $20.60

ADVANCED AVIONICS HANDBOOK - The Federal Aviation Administration's Advanced Avionics Handbook is a critical tool for anyone seriously interested in flying modern airplanes. This easy to read handbook introduces pilots and other readers to flight operations in aircrafts with the latest integrated "glass cockpit" advanced avionics systems. Critical topics covered include: which advanced avionics system to use and when, automated flight control, advanced weather data systems, area navigation, primary flight display failures, and more. With the unprecedented amount of information now available at a pilot's fingertips, the Advanced Avionics Handbook is the perfect guide for translating raw scientific data into critical flight intelligence.

P/N 13-11596 ..... $12.95

CLOSE CALLS: LESSONS TO LIVE BY - Aviation masters, Bob Hoover and Wayne Handley share the wisdom gained from more than 50,000 hours of combined flying experience, often in extreme conditions. Each of them share how they survived near-impossible-to-escape inflight emergencies by applying simple safety principles.

P/N 14-02173 ..... $19.95

FLYING THE TAILWHEEL AIRPLANE

Alsip aims to identify common habits that cause poor pilot performance, and suggests "key points", memory aids, that help develop better pilot habits. The principles laid out in the book are applicable to all pilots flying all types of small airplanes, and are prerequisite to learning to fly advanced maneuvers safely. The book offers an abundance of photographs from the cockpit demonstrating key points and principles from the pilot's perspective. Emphasis on where to look, what to see and what to do about it makes this teaching style and book unique and effective. ..... P/N 13-11863 ..... $24.95

ADVANCED AEROBATICS

In this lesson-by-lesson guide, accessible text from aerobatics champions, sequential cockpit-view photographs, and sophisticated computer graphics provide an effective primer on 20 advanced aerobatics maneuvers. P/N 13-07602 ..... $32.95

THE PILOT'S BURDEN - Most aviation accidents are attributed to pilot error - but why does this occur? This book looks critically at a number of factors, including aircraft and cockpit design, the constant growth of aviation regulations, the pressures on the air traffic control systems and computers in planes, to explain the growing demands on pilots. By Captain Robert N. Buck.

P/N 14-00216 ..... $13.97

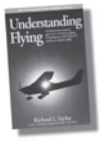
BV

COMPOSITE MATERIALS FABRICATION HANDBOOKS - From explanations of what a composite is, to demonstrations on how to actually utilize them in various projects all to empower even the most apprehensive beginner. Composites Fabrication Handbook #2 is written for those who want to enhance the quality and performance of their composite projects. Learn what it takes to truly optimize a composite lamination for high-performance use. Basic mold making is covered in this book to help fabricators produce effective mold systems from a variety of molding materials. Several advanced molding techniques are demonstrated in-depth. Presents each subject in a hands-on, practical way. Handbook #3 expands further on mold-making techniques showing some special methods for creating molds and composite copies of existing parts, fabricating molds from clay models, and making advanced mold systems using computer modeling software and CNC equipment.

Handbook #1.....P/N 13-11266.....$27.99
Handbook #2.....P/N 13-11267.....$27.50
Handbook #3.....P/N 13-12342.....$27.95

AIRCRAFT DESIGN: A CONCEPTUAL APPROACH - This highly regarded textbook presents the entire process of aircraft conceptual design in the same manner seen in industry aircraft design groups. The book is the required design text at numerous universities around the world and is a favorite of practicing design engineers. The new fourth edition is enhanced in many areas, with improvements and reworking of the text, expanded sizing and analysis methods, and up-to-date treatments of emerging technologies and concepts. A new section provides an introduction to spaceflight and rockets including thrust analysis and vehicle sizing for launch and planetary missions. Appendices are revised and additional exam questions are provided.

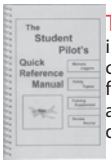
Book.....P/N 13-04237.....$103.95
Software.....P/N 13-04238.....$108.95
Book/Software.....P/N 13-04561.....$156.80



ASA UNDERSTANDING FLYING - A common sense, practical approach to the basics of flying. Everything you need to know to operate an airplane safely. A real understanding of the principles of flight and the operations associated with flying the way it's done today. Will help you avoid guesswork and put you in touch with true professional skills and attitudes. Beginning pilots can absorb new pieces of knowledge and experienced aviators can gain insight to improve their proficiency.

P/N 13-02385.....$17.75

ASA AVIATION INSTRUCTOR'S HANDBOOK - Designed for ground instructors, flight instructors, and aviation maintenance instructors, this Aviation Instructor's Handbook was developed by the Federal Aviation Administration (FAA) in cooperation with aviation educators and industry to help beginning instructors understand and apply the fundamentals of instruction. This handbook provides up-to-date information on learning and teaching, and how to relate this information to the task of teaching aeronautical knowledge and skills to students. Experienced aviation instructors will also find the information useful for improving their effectiveness in training activities. .....P/N 13-19380.....$15.95



THE STUDENT PILOT'S QUICK REFERENCE MANUAL - This is a VERY BASIC book that serves as a real nice cockpit companion to comfort student pilots venturing out on their first solo cross country flights. This book provides immediate answers to questions and potential problems encountered during flight when there is no instructor to turn to.

P/N 17-00036.....$17.50

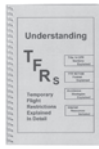
THE STUDENT PILOT SIMPLIFIED WEATHER BRIEFING GUIDE - Simplified Weather Briefing Guide by Jerry Miller
Easy to understand, plain language and a step-by-step weather analysis and planning for the student pilot. Based on 25 years of giving pilots weather briefings this book is a new pilot essential.....P/N 17-00038.....$10.75

HELICOPTER AERODYNAMICS BY RAY PROUTY - For many years, Ray W Prouty brought the black art of helicopter aerodynamics into a refreshing new light for the readers of Rotor & Wing International magazine. The original three books were published before the computer age revolutionized the book publishing industry, and none of the original text, drawings or photos were available electronically. In some cases, the original photos were no longer available, even from Ray's private collection, so other comparable photos were obtained from Ray. Well known helicopter test pilot and author Shawn Coyle (Art & Science of Flying Helicopters and Cyclic & Collective: More Art and Science of Flying Helicopters) was the initial driving force behind the effort to resurrect Prouty's works, and contributed his knowledge and keen eye in proof- reading. The result is a very readable, hefty 500 + page work, jam packed with extraordinary insights into helicopter aerodynamics, design, and handling. Soft Cover 550 Pages. P/N 17-00004.....$55.00

THE IMMORTAL BEAVER: THE WORLD'S GREATEST BUSH PLANE - Developed soon after World War II, the de Havilland Beaver has become one of the most successful and longlived designs in aviation history. Since its conception the Beaver has been adopted worldwide, becoming the floatplane of choice for island-hopping along the Pacific Northwest, flying into the Arctic, transporting missionaries and doctors into remote spots in Africa, and serving as a support aircraft in Antarctic expeditions. This beautiful book records that history. Paperback, 192 pages. P/N 13-09359.....$27.00

THE FAR/AIM IN PLAIN ENGLISH - The FAR/AIM is a daunting book. Learn what you really need to know for your sport/private pilot certificate. Every regulation that applies to you and your certificate is plainly laid out and broken into simple, conversational english. It's everything you need from the FAR/AIM and nothing you don't.

P/N 13-11679.....$29.95



UNDERSTANDING TFR'S BY JERRY MILLER - Temporary Flight Restrictions (TFRs) are a fact of life for every pilot today. Unfortunately, TFRs are complex and, quite often, difficult to decipher. If you are a responsible pilot who wants some good, solid information about TFRs and how to avoid intrusions, then Understanding TFRs is the book for you. by Jerry Miller. .....P/N 17-00037.....$10.75

ULTIMATE PILOT'S OPERATING HANDBOOK, ROBINSON R44 - Expands the information the factory provided pilot's operating handbook (POH) gives and provides valuable information for pilots flying or going to fly the Robinson R-44. Whether you are a student pilot getting to know the R-44 or an experienced pilot reviewing content for recency or biannual check-rides this Handbook will provide the information you need. P/N 13-10438.....$17.50

EAA SHEET METAL BUILDING BASICS - EAA's continuing "how-to" series of educational materials for building your own aircraft now includes, Sheet Metal Building Basics, written by longtime builder and SportAir instructor Jack Dueck. Jack is a sheet metal construction expert and serves on the EAA Homebuilt Council, the EAA Canadian Council, and is an EAA Technical Counselor for his home Chapter 1410 in High River, Alberta, Canada.

P/N 13-11625.....$28.50

COMPOSITE AND FIBERGLASS MOLDING TECHNIQUES - The colorfully illustrated and bound 26-page booklet contains a list of required materials for creating composite tooling and parts as well as a glossary of associated terms used in the composite molding process. The booklet explains the basics of positive plug construction, including materials usage, the determination of mold break lines and the set up of the positive plug for mold casting. Materials usage for positive plug construction, as well as mold (tooling) construction and final part lay-up materials and some basic finishing techniques provides the basics for completing a set of tooling for composite parts.

P/N 13-11800.....$22.50

AIRCRAFT MAINTENANCE AND REPAIR - Provides coverage of practical skills while building a foundation for more advanced learning. It offers a thorough presentation of all aspects of aircraft maintenance and repair, including information on new materials, structures, systems, and processes. All the theoretical and practical information that students need for certification as FAA airframe technicians in accordance with Federal Aviation Regulations (FAR).

P/N 13-11675.....$85.67

AIRCRAFT WIRING AND ELECTRICAL BONDING - This is a highly detailed manual published by by Aircraft Technical Book Company under license by the Australian Civil Aviation Safety Authority (CASA) presenting indepth instructions for aircraft electrical work covering topics from aged wiring inspection to modern fiber optic installation, inspection and repair. Book.....P/N 13-11205.....$24.95
E-Book.....P/N 13-11236.....$17.80

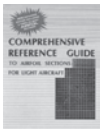
AIRCRAFT PARTNERSHIP - Covers all the bases, with: Real life case-study partnership profiles. Step-by-step walk-through of the preparation of your partnership agreement. Figuring the costs. Legal issues. Operations. Gives the reader a virtual partnership kit - with all the tools and information you need to construct a good, working aircraft partnership.

Book.....P/N 13-07605.....$19.95
E-Book.....P/N 13-09836.....$20.80

BV

AIRCRAFT RIGGING - Airplane rigging has a large influence on aircraft performance and is often the most easily changed. This manual on airplane rigging continues on where most manuals and instructions leave off, and provides some answers to the many questions that arise when building or rigging an airplane. The factors driving the various rigging geometries are discussed, and methods and tools of measurement are illustrated for many different situations and airplane configurations.

Book.....P/N 13-09032.....$24.95
E-Book.....P/N 13-05955.....$20.60



COMPREHENSIVE GUIDE TO AIRFOIL SELECTIONS - Depicts over 500 actual airfoil designs for light aircraft individually described pictorially, graphically, and by specifications, and with each giving: dimensions in span, chord, camber; percent of chord, lift to drag, center of pressure, drag & lift coefficients curves by angle of attack; and some historical information. Book.....P/N 13-09036.....$24.95
E-Book.....P/N 13-09039.....$20.60

AIRCRAFT FUEL SYSTEMS - Aircraft Fuel Systems begins with basic fuel system requirements, then goes on to explain types of aviation fuel, fuel systems and fuel system components, fuel tank repair and testing, and fuel system servicing. It wraps up with a comprehensive look at the Boeing 767 fuel system and its various fuel related components. 62 Pages.

Book.....P/N 13-09848.....$14.95
E-Book.....P/N 13-05933.....$12.65

AIRCRAFT FLUID POWER SYSTEMS - Aircraft Fluid Power Systems takes a comprehensive look at hydraulic and pneumatic systems on today's aircraft. Its seventeen chapters cover the basics, fluid lines and fittings, hydraulic system components, valves, tires, tubes, and wheels, aircraft brakes and anti-skid brake control systems, structures that support aircraft on the ground, aircraft retraction systems, nose wheel steering systems, and skis and floats. There is also information on specific aircraft hydraulics such as Boeing 727 and 757, the Cessna Citation, Gates Learjet 25, and the Canadair 601. 468 Pages.

Book.....P/N 13-09845.....$49.95
E-Book.....P/N 13-05928.....$42.50

AIRCRAFT ENVIRONMENTAL SYSTEMS - Aircraft Environmental Systems covers a variety of topics including air conditioning and pressurization systems, aircraft atmospheric control systems, aircraft oxygen systems, ice and rain control systems, and fire protection systems. The five chapters also span a wide spectrum of aircraft in use today from small single-engine planes up through the jumbo jet liners such as the Boeing 727 and 767. 182 Pages.

Book.....P/N 13-09847.....$34.95
E-Book.....P/N 13-05931.....$29.50

JEPPESEN DC CIRCUITS EBOOK - DC Circuits explained step by step. This book is designed to provide basic theory and practical information to the avionics technology student with at least a high school level background in mathematics and physics. Explains wiring diagrams, color coding, the use of various electronic components including resistors, conductors, and power sources.

E-Book.....P/N 13-09830.....$17.50

AIRCRAFT GOVERNORS - This book on Aircraft Governors is one of a series of specialized training manuals prepared for aviation maintenance personnel. This series is part of a programmed learning course developed and produced by Jeppesen. This program is part of a continuing effort to improve the quality of education for aviation mechanics throughout the world. This manual is designed to present the aviation maintenance technician with the information necessary for a general understanding of the theory, operation, and maintenance of aircraft governors. 45 Pages E-Book.....P/N 13-09949.....$14.50

AVIATION MAINTENANCE TECHNICIAN HANDBOOK - FAA did a terrific job with this new generation A&P General Textbook. It is fully up to date, easily readable, well illustrated, and in full color. It is also the "official" book from which all FAA knowledge test questions are derived. In reviewing this book, Aircraft Technical Book Company, together with five part 147 colleges, have identified numerous errors and omissions.

P/N 13-06257.....$21.85

AVIATION HUMOR - A very large collection of aviation jokes, anecdotes, one-liners and wisdom. In 34 chapters: civil aviation, training, ATC, military, accidents, FAA, woman pilots, the Captain, parachutes, gliders, technical matters, sex and aviation, weather, landings, flying rules, airlines, passengers and many more. Collected by Ziva Bergman during many years.

P/N 13-13068.....$12.50

ESSENTIALS OF ADVANCED COMPOSITE FABRICATION & REPAIR - This textbook teaches the concepts and methods in a simple and straightforward manner for a wide array of composites fundamentalsSome of the subjects covered in Essentials of Advanced Composite Fabrication and Repair include: History and development of composite and advanced composite materials. Matrix technology. Fiber reinforcements. Molding methods and practices. Core materials. Tooling, and much more.

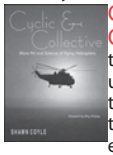
Book.....P/N 13-07295.....$59.95
E-bundle.....P/N 13-15503.....$59.95

PROPELLER CARVING THE ALL POWER TOOL CD - Propeller Carving - The All Power Tool Method, contains detailed, step-by-step, easy-to-follow instructions and commentary, with forty-two high quality pictures and diagrams (sixty-three printed pages in all). This is not a video. This essay is geared toward homebuilders who know virtually nothing about propeller carving. The essay outlines the author's successes, mistakes, and specifies exactly what to do and what not to do. It is available now, on CD in PDF format. P/N 13-07333.....$29.95

COCKPIT PROCEDURES - EFFECTIVE ROUTINE FOR PILOTS AND VIRTUAL AVIATORS - Written by an experienced instructor and pilot examiner, Cockpit Procedures provides a solid understanding of the underlying principles and detailed descriptions of the checklists and routines used in many flight schools. This book is a description of what you should be doing during each phase of flight, including emergencies and training maneuvers. Readers will find it contains a practical definition of airmanship, good habits to develop, workload management, and even what you should have in your flight bag. This book covers actual cockpit actions and thinking, providing the rationale behind common procedures that are standard practice in the training environment and in the airlines.

P/N 13-06254.....$14.95

101 CROSSWORDS FOR PILOTS - Pilots are inherently drawn to puzzles; problem-solving and playing the "what-if" game are in their nature. They share a fascination for anything and everything about airplanes and flying.
The over 6,000 clues used in 101 Crosswords for Pilots will provide hours of enjoyment for pilots and aviation history enthusiasts, stimulating recall of stored knowledge as well as satisfying that innate yearning to learn more. P/N 13-06255.....$12.75



CYCLIC & COLLECTIVE 2ND EDITION, ART & SCIENCE OF FLYING HELICOPTERS - This unique book , written from the perspective of the pilot provides a detailed, yet easy to understand overview of the theory and practice of helicopters. It covers nearly all aspects of learning to fly a helicopter, from basic theory through autopilots. It offers detailed explanations for both the beginner and advanced pilots on performance, handling and the mechanics of helicopters. Paperback, 458 pages, definitions

Book.....P/N 13-02878.....$19.95
E-Book.....P/N 13-10432.....$38.50

ULTRALIGHT FLIGHT - (Mike Markowski) Ultralight aerodynamics, stability and control, design and performance, plus a fascinating history of the sport. A down-to-earth explanation of the theory of flight. P/N 13-16000.....$19.95

A PROFESSIONAL APPROACH TO ULTRALIGHTS - A Professional Approach to Ultralights offers 256 pages of plain-spoken, real world, ultralight-specific information based on over 25 years of experience. You'll discover invaluable strategies, tips, and an overall guiding philosophy in the purchase, maintenance, and operation of your ultralight that will stretch your spending power and create a safer flight environment. Whether you are interested in ultralights or just want to increase your general aviation knowledge, we know you'll find A Professional Approach to Ultralights a valuable resource.

P/N 13-03797.....$21.50

THE ART OF PARAGLIDING - Step-by-step training, Ground handling, Learning judgment. History of paragliding, Equipment concerns, How paragliders work. Perfecting turns, Avoiding dangers, Special chapters on takeoff and landing. Parachute insights, Thermal lore, Flight rules, Performance factors. USHGA rating guide, Basic weather for paragliding and much more!

P/N 13-15981.....$30.50

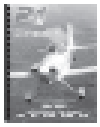
THE COLLECTED AIRCRAFT PERFORMANCE IMPROVEMENT ARTICLES AND LECTURES OF BRUCE CARMICHAEL 1974-2000 - 1st Printing 2007. 14 articles. Oshkosh Appraisal, Laminar Wing & Fuselage Design, Propeller Place, Performance Revolution and Improvement, AR-5 & VMax Probe Study, 7 Lectures on Drag Fundamentals, Body Drag, Realm of Reynolds Lam., Aircraft Search, Lam Aircraft Odyssey, 100% Laminar by Suction. 203 Pages.

P/N 13-05022.....$29.95

BV

PLANE & PILOT MAGAZINE - In each issue of Plane & Pilot magazine, you get pilot reports for piston-engine aircraft, expert flying techniques and skills, must-have product reviews, aviation careers and training advice, travel adventures and scenic photography. Published by leading aviation industry experts and pilots since 1965. Sign up for the FREE eNewsletter at www.planeandpilotmag.com today. P/N 13-31185 ..... $5.95

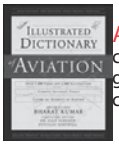
KITPLANES MAGAZINE – Add the current issue of the popular homebuilders magazine to any order. We also have some back issues available on request. Most recent issue published will be shipped. P/N 13-31110..... $5.00



27 YEARS OF THE RV-ATOR (ANDREW GOLD) – An outstanding collection of newsletter reprints of Van's Aircraft's line of RV homebuilts. A must for any builder of RV homebuilt aircraft. Book .....P/N 13-25450..... $22.50
CD .....P/N 13-04959..... $20.80

AIRCRAFT SPRUCE AND PLYWOOD - Reprint of Government Specifications MIL-S-6073 and MIL-P-6070.
P/N 13-14900 .....$4.95

AIRCRAFT INSTRUMENT SYSTEMS – One of the most comprehensive books available which identifies the many types of aircraft instruments and how they work. Includes an extensive section on installation and marking. Fully illustrated. EA-A1S .....P/N 13-19300.....$23.75



AN ILLUSTRATED DICTIONARY OF AVIATION - An A-Z compilation of terms, definitions, and illustrations from the general aviation, commercial airline, and military sectors. It can be used as a dictionary, reference, or learning tool.
P/N 13-07746.....$144.75

FAR FEDERAL AVIATION REGULATIONS FOR AIRCRAFT MECHANICS, 2013 EDITION - All pertinent FAR's for aviation students, mechanics and shop personnel.
P/N 13-15300 .....$13.95

ADVANCED AIRMANSHIP BOOK 1 PRECISION FLYING - This is the first of the three part Advanced Airmanship Series. In this series, Professional Kumpula summarizes his 30 years of experience researching the aerodynamics of flight technique into clear explanations and procedures. Computer based flight simulation demonstrations and specialized tools substitute for conventional mathematical explanations and are included on a CD.
P/N 13-07355 ..... $29.95

WORKING HEALTHY & WORKING HEALTHY SOLVENTS BUNDLE- This is a "no excuses" book that belongs with every A&P student, mechanic, technician, aircraft builder, repair station library, and training and repair station manager. A manual on health and safety techniques written by an aviation medical examiner specifically for the aviation technician. Learn how to protect yourself from the many risks and long term health issues common in an aviation facility. Learn to advise and protect your most valuable assets (your employees and students) P/N 13-06886..... $35.00

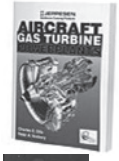
AIRFRAME&POWERPLANTMECHANICSPOWERPLANT HANDBOOK – Contains information on engine construction features, lubrication systems, exhaust systems, cooling systems, cylinder removal and replacement, compression checks and valve adjustments.
Book..... P/N 13-19220 .....$39.95

SPEED WITH ECONOMY (KENT PASER) - This is an excellent reference manual for the amateur aircraft builder who wants to make his plane go faster. Kent Paser has spent over 23 years improving the Performance of his MustangII with many Modifications, each carefully documented and tested. This book chronicles them all, from the exhaust system, intake system, cooling system, propellers, drag reduction, & more.
P/N 13-33000 ..... $24.95

LESSONS FROM THE LOGBOOK - The skills of flight either improve or slowly erode, but they rarely remain unchanged. Lessons from the logbook strives to make sure of the former and is organized to reflect all the phases of flight, concluding with a section on recurrent training. Chapters provide piloting technique on such diverse topics as night flying, what to do when you get stuck above or below a cloud deck, evaluating real-life takeoff performance, and much more. Fowler is an ideal flight instructor-experienced, patient, entertaining, and with excellent communication skills. P/N 13-15693 ..... $19.50

TRANSITION TO TWINS – YOUR MULTI-ENGINE RATING (by DAVID ROBSON) -This is one of the most concise and well-illustrated books on flying twin-engine airplanes, covering all facets of multi-engine flight, including: • Orientation to multi-engine terms, definitions, and systems • Pre-flight, ground operations, takeoffs, high speed flight, slow flight, stalling and landings • Single-engine operations, with a comprehensive discussion and practical suggestions on factors affecting controllability, VMC, & performance • Abnormal operations, including fires, engine and system failures, spins, landing gear lock-ups, icing, & bird strikes • Flight planning, including weight & balance, and performance calculations • Night & IFR operations • Commercial operations, introducing the factors involved with passengers, crew, cargo, schedules, duty times, and the airmanship required. 220 pgs.
P/N 13-00793 .....$14.95

THE COMPLETE ADVANCE PILOT: A COMBINED COMMERCIAL & INSTRUMENT COURSE (BY BOB GARDNER) – Chapter cover such topics as flight instruments, aerodynamics, airplane performance, navigation, weather, charts and publications, the IFR system and departures, en route operations, arrivals, instrument approaches, cockpit organization and procedures, regulations, advanced operations and preparing for the checkride. Each chapter includes questions taken from the FAA tests. Helpful web addresses, found throughout the book, are new to the Third Edition.
P/N 13-01714 .....$21.60

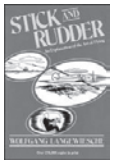


AIRCRAFT GAS TURBINE POWERPLANTS - Newly revised to include the most up-to-date information on aircraft gas turbine powerplants and updated coverage of jet engine technology. Extensive cross-reference between today aircraft and engines. Now includes over 500 illustrations, charts and tables. Written by Otis & Vosbury. 514 pages.
P/N 13-02421 .....$21.60

ADVANCED COMPOSITES – Covers all the latest techniques of composite construction and the applications for various composite materials in aircraft structures.(#EA-358).
P/N 13-19235 .....$42.95

BASIC HELICOPTER MAINTENANCE – A very informative guide to performing basic maintenance on all types of light helicopters. (#EA-HF2) P/N 13-19330 .....$27.95

MASTERING THE E-6B FLIGHT COMPUTER - Mastering the E-6B Flight Computer; a new book by Mike Arman, launches with this history of the humble yet elegant flight computer before delving into a thorough tutorial on its use. Although some student pilots actually fear these devices (and more than a few seasoned pilots have forgotten how to use them), the E6B is a no-fail way to make numerous critical calculations both before and during cross-country flights You can use the book to learn how to figure everything from time/speed/distance problems to fuel burn, from density altitude calculations to wind triangles and drift. Arman, an advanced ground instructor and pilot, uses many examples in each lesson to illustrate E6B concepts.
P/N 13-04709 .....$23.95



STICK AND RUDDER - Because the basics are largely unchanging, the book therefore is applicable to large airplanes and small, old airplanes and new, and is of interest not only to the learner but also to the accomplished pilot and to the instructor himself. When Stick and Rudder first came out, some of its contents were considered highly controversial. In recent years its formulations have become widely accepted. Pilots and flight instructors have found that the book works. Today several excellent manuals offer the pilot accurate and valuable technical information. But Stick and Rudder remains the leading think-book on the art of flying. One thorough reading of it is the equivalent of many hours of practice.
P/N 13-26400 .....$26.95

AVOIDING COMMON PILOT ERRORS - This important book brings an air traffic controller's perspective to the mistakes pilots commonly make in controlled airspace. Veteran controller John Stewart has spent years observing pilots display their lack of education, lack of flight preparation, inability to communicate effectively, ignorance of resistance to regulations, and other dangerous flaws. This book is his attempt to help pilots fly more safely in controlled airspace and to introduce them to new and coming air traffic control technology.
P/N 13-04113 .....$17.50

BV

ASA AIRPLANE FLYING HANDBOOK - Introduces the basic pilot skills and knowledge essential for piloting airplanes. It benefits student pilots just beginning their aviation endeavors, as well as those pilots wishing to improve their flying proficiency and aeronautical knowledge, pilots preparing for additional certificates or ratings, and flight instructors engaged in the instruction of both students and licensed pilots. Features full-color illustrations, and expands all technical subject areas. Also incorporates new areas of safety concerns and technical information. Introduces the future pilot to the realm of flight and provides information and guidance in the performance of procedures and maneuvers required for pilot certification. The official FAA source for instructional flying. 8-3/8" x 10-7/8" format, 280 pages. P/N 13-00975 .....$12.95

THE MAGNETO IGNITION SYSTEM - An absolute treasure trove of information about the Bendix and Slick magnetos used on virtually all piston aircraft engines. The book covers everything you could possibly want to know about how your aircraft ignition system works. P/N 13-13086 .....$12.85

AIRCRAFT SYSTEMS FOR PILOTS BY DALE DEREMER – The most comprehensive book available on aircraft systems as they relate to pilots and pilot training. All system types are covered in detail. Excellent for commercial and advanced private pilot programs, as well as the individual who wants to be well versed in how his/her airplane really works. 450 pgs. P/N 13-40665 .....$35.95

FLYING & GLIDER MANUALS

Edited reprints of the original "Building and Flying Manuals" published from 1929 to 1933 by Modern Mechanix and Inventions. 70 pages each.

1929 FLYING & GLIDING MANUAL – Contains information on flight lessons plus building the Heath Super Parasol, Russell-Henderson Light Monoplane and an easy to build glider. P/N 13-40600 ..... $6.95

1930 FLYING & GLIDING MANUAL – Plans for building a Heath Baby Bullet, set of light plane metal floats, building the Northrop Glider, Lincoln Biplane, Alco Sportplane, plus other tips on building and welding. P/N 13-40605 ..... $6.95

1931 FLYING & GLIDING MANUAL – Building the "Longster," Georgias Special, a glider and secondary glider, Driggs Dart, the Church Midwing, the Heath Seaplane Parasol and its pontoons, the Northrop Glider and other gliders. P/N 13-40610 ..... $6.95

1932 FLYING AND GLIDER MANUAL - Building the Pietenpol Aircamper with Ford motor conversion, Powell "P-H" Racer, the Heath Super Soar Glider, Penguin practice plane, Ramsey "flying bathtub" and other kits. Also, build your own hangar. P/N 13-40615 ..... $6.95

1933 FLYING & GLIDING MANUAL – Building the Gere Sport Biplane, Pietenpol Floats, Pietenpol Sky Scout, and Henderson Longster, Also Long Harlequin motor plans, a hydroglider and information on building propellers. P/N 13-40620 ..... $4.35

TURBOCHARGERS (AUTHOR: HUGH MACINNES CO-AUTHOR: TOM MONROE) - The ONLY book in the world that fully explains the benefits of turbocharging piston engines. Used by most aircraft and auto factory engineering departments as THE sourcebook for designing turbo systems. Also used by race car and aircraft owners to design better-than-stock turbo installations. Many examples of high horsepower turbo engines. 3rd revision, latest info. 160 pages, 154 photos, 131 drawings, 70 charts. P/N 13-20615 .....$18.75

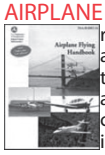
WOOD AIRCRAFT BUILDING TECHNIQUES (120 PAGES) – Excellent resource book on "How To" build or repair wood aircraft. P/N 13-40635 .....$16.80

ROTAX 462 - 532 - 582 REPAIR MANUAL - The Rotax Repair Manual for engines 462 - 532 - 582 UL. Contains complete details on maintenance and repair of Rotax liquid cooled motors. Hundreds of illustrations take you step by step through a complete rebuild. Also includes, full specifications on all critical measurements, adjustments, troubleshooting, torque specs, RV shaft service, schematics, specialty tools, and much more. Never before available procedures for measuring crankshafts, pistons, and cylinders for determining wear limits. Full 170 pages. P/N 15-05899 .....$14.95

FLYING THE CESSNA 210 THE SECRETS UNLOCKED - This all-new primer on owning and flying the Cessna 210 Centurion is dedicated to helping all who own or want to fly a Cessna 210 master the art of piloting this complex airplane. Author Chuck McGill covers the wide gamut of 210 models, accessories, and modifications, offering his wisdom on optimum performance and safe operations based on his thousands of hours of flying and teaching in the airplane. 196 pages.
Book.....P/N 13-12431 ..... $44.95

ASA AVIATION INSTRUCTOR'S HANDBOOK - Written by the FAA. Includes principles of teaching and learning, with extensive details on how to pass along aeronautical knowledge and skills. 152 pages, glossary, index.
P/N 13-19380 ..... $15.95

AIRPLANE FLYING HANDBOOK - FAA-H-8083-3 reprint. Completely rewritten and revised in 1999. Introduces basic pilot skills and aeronautical knowledge to student pilots. It is also beneficial to pilots who wish to improve their flying proficiency and aeronautical knowledge, those pilots preparing for additional certificates or ratings, and flight instructors engaged in the instruction of both students and certified pilots. Supercedes AC61-21A Flight Training Handbook.



P/N 13-00975 ..... $12.95

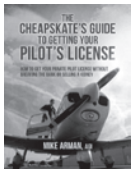
THE GOLDEN AGE OF AIR RACING - S.H. "Wes" Schmid and Truman C. Weaver combine Volumes 1&2 into one book about those who made this age famous. Contains 3-view drawing, many rare photos and comprehensive race results from major events. A must for the air racing fan!
P/N 13-40625 .....$23.95

AIRCRAFT WELDING (94 PAGES) - Fundamental welding techniques for the building and repair of aircraft, from the pages of Sport Aviation and other sources. 94 pages filled with aircraft welding tips and information.
P/N 13-40630 .....$16.70

AIRCRAFT SYSTEMS FOR PILOTS (DALE DE REMER) - This book explains the various systems and how they operate. It contains chapters on physics, engine types, theory of operation, propellers and governors, fuels and fuel systems, and power management. It is recommended reading for all pilots and maintenance technicians.
P/N 13-40665 .....$35.95

VFR RADIO PROCEDURES IN THE USA - This paperback is the perfect tool to teach radio communications in all the different kinds of airspace or to refresh your memory to help you go through your local Class C airspace. Provides you with samples of radio calls that you can expect to hear and transmit at airports in Class A thru Class E.
P/N 13-29945 ..... $8.75

THE MAKING OF THE DAISY MAE - Over 200 pages of solid, easy to understand information on Design and Construction of the author's own personal biplane. Plenty of illustrations. The plans give detailed instructions for constructing The Daisy Mae Aircraft. Materials kit list is available from Aircraft Spruce. See the kits section for plans.
P/N 13-04086 .....$34.95



CHEAPSKATES GUIDE TO GETTING YOUR PILOTS LICENSE - Here's how you can earn a 100% valid FAA pilot's license - the real thing - for less than half of the retail rate. No compromises, no gimmicks, no excuses, no gotchas. If you have ever wanted a pilot's license but have cringed at the cost, this is the cure. This book can save you 100 times what you paid for it!
P/N 13-15909 .....$23.95

VFR COMMUNICATIONS KIT - This aviation communication resource is currently the only aid designed to help you communicate effectively and efficiently during your flights. Learn how to communicate quickly and effectively by making a 'script' for every VFR flight. Each of the 32 templates included in the "Kit" matches a different type of radio communication that may be needed in a VFR flight. After just a couple of flights you will hear the difference!
P/N 13-06864..... $18.95

IFR COMMUNICATIONS KIT - This aviation communication resource is the companion to the VFR Communications Kit. It was designed to help you improve your IFR communications with less stress by making a 'script' for every IFR flight. Script assembly instructions, template descriptions, an ample supply of each of the 32 communication templates. After a few flights you will sound like a seasoned pilot! P/N 13-06865..... $22.50

BV

FLIGHT MANUALS BY WILLIAM KERSHNER

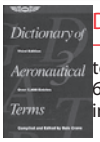
STUDENT PILOT FLIGHT MANUAL 10TH EDITION – Proves step-by-step ground and flight information for student pilots working on the private certificate. Full of useful information for safe flying and cites common errors by new pilots. Includes more than 280 illustration, photographs, and charts. 368 pages, paperback. P/N 13-32230 ..... $19.85

THE ADVANCED PILOT'S FLIGHT MANUAL 7TH EDITION – Provides information needed by veteran pilots preparing for the commercial written and flight tests. Explains effects of light, drag, thrust, altitude, and temperature on aircraft performance. Includes over440 tables, charts and illustrations plus a sample commercial written test and answers. 342 pages. P/N 13-32225.....$22.95

FLIGHT MANUALS BY WILLIAM KERSHNER - Teaches everything pilots need to know to acquire and maintain an instrument rating. Covers airspace, clearances, and altitudes relating to high performance, retractable gear, four place aircraft. Includes ATC procedures, partial panel flying, and weather flying. 296 pages, paperback.
P/N 13-32215 .....$19.85

FLIGHT INSTRUCTOR'S MANUAL – The Flight Instructor's Manual is an invaluable reference for those working on the flight instructor certificate and serves as an indispensable guide for the new instructor. The book is organized so each chapter can be used as a stand-alone reference for a particular phase of instruction. The information parallels the material presented in The Student Pilot's Flight Manual, The Advanced Pilot's Flight Manual, The Basic Aerobatic Manual, and The Instrument Flight Manual, allowing The Flight Instructor's Manual to serve as a "how to instruct" guide rather than a comprehensive textbook on the basics. Softcover, 8.5" x 11", 503 pages.
P/N 13-32220 .....$21.75

BASIC AEROBATIC MANUAL - In this manual covering basic aerobatics, Bill Kershner introduces maneuvers in order of difficulty, covering a variety of them in his clear, understandable, and humorous style. The Basic Aerobatic Manual is fully illustrated with the author's own drawings and contains a practical syllabus, a detailed bibliography and an index. Though the manual emphasizes airspeeds and techniques recommended for the Cessna Aerobat, the maneuvers described in the book may be performed in other airplanes certified for aerobatics. P/N 13-32210 .....$15.85



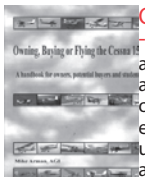
DICTIONARY OF AERONAUTICAL TERMS (DALE CRANE) – A 1-volume library, explains more than 5,000 aeronautical terms and hundreds of abbreviations you should know. Almost 600 pages. Emphasis on aeronautical mechanics, engineering, electronics, and production.
P/N 13-28700..... $16.95

DUAT AND WEATHER INTERPRETATION HANDBOOK (WILLIAM B. SANDERS & JOHN P. DAVIS) - get up and running on DUAT and translating National Weather Service reports. Explains how to log on the DUAT, access weather briefings, file, amend, and cancel flight plans, interpret weather dumps, encode and decode locations .....
P/N 3004A $8.75

BURT RUTAN: AERONAUTICAL AND SPACE LEGEND - To be the driving intellectual and organizational force behind the first non-stop, around-the-world flight with the Voyager aircraft, and then to do the same for the first privately-accomplished suborbital space flights in Space Ship One – no one else spans such a range." Known as "the man who reinvented the airplane," Rutan is an American national treasure and Alef's informative story of his achievements is a compelling tale of innovation, creativity, entrepreneurship and family. Book..... P/N 13-11993..... $19.99

THE INSTRUMENT FLIGHT TRAINING MANUAL (PETER DOGAN) – Simplifies IFR for the student and updates the veteran, follows the format of a successful training program step by step. Chapters include knowing and using instruments, attitude instrument flying, IFR planning and procedures, VOR, ADF, holding, approaches, emergencies, and more. Review questions each chapter, pertinent FAR's, anecdotes and advice from instrument pilots. 276 pages, 150 illust.. New third edition, completely updated and revised for 1992. P/N 13-33325 .....$38.50

INSTRUMENT PILOT FAA WRITTEN EXAM (IRVIN N. GLEIM) – The easiest, fastest, and least expensive method to pass the FAA written examination. All 832 FAA questions, answers next to each question, and outlines of what you need to know for each chapter. Only airplane questions are included. P/N 13-32320 .....$19.95



OWNING, BUYING OR FLYING THE CESSNA 150/152 – If you are considering buying a Cessna 150/152, or already own one, this book covers it all! Mike Arman is an advanced ground instructor, who uses his knowledge of flying, to impart helpful information to students and experienced pilots alike. Tips on buying, maintaining and upgrading a Cessna 150/152 are plentiful in this useful and entertaining book. P/N 13-03481 ..... $23.95

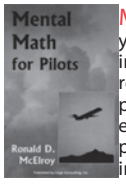
ATC & WEATHER: MASTERING THE SYSTEMS (2ND EDITION, BY RICHARD COLLINS) – In this exciting new edition, Richard Collins explains how to work air traffic control an dweather to maximm advantage on every flight. The emphasis is on judgment and the interface between pilot and environment. Addresses both VFR and IFR situations, from flight planning on through to arrival and landing. Soft cover, 172 pgs., indexed.
P/N 13-02356 .....$14.95

NOTES OF A SEAPLANE INSTRUCTOR: AN INSTRUCTIONAL GUIDE TO SEAPLANE FLYING (BY BURKE MEES) – Gives pilot all the information they need to add a seaplane to their certificate. All the seaplane maneuvers are covered, starting with preflight, through taxiing, takeoff, landing, and postflight procedures; also operating in various water conditions, stability of the aircraft on the water, step-taxi and -turn, and much more. Many illustrations, inspired by the author's original seaplane notebook sketches, are included to further explain the concepts. Soft cover, 160 pages, illustrated. P/N 13-02367 ..... $14.95

PILOT'S HANDBOOK OF AERONAUTICAL KNOWLEDGE – Written for the applicant preparing for the Private, Commercial, or Flight Instructor Certificates, it is also valuable to flight instructors as a teaching aid. Providing basic knowledge essential for all pilots—from beginning student pilots to those pursuing more advanced pilot certificates—this introduces pilots to the broad spectrum of knowledge needed as they progress through pilot training. This book has all the information necessary for operating an aircraft. P/N 13-00983 ..... $15.95

SAY AGAIN, PLEASE: GUIDE TO RADIO COMMUNICATIONS - (2nd edition, by Bob Gardner) – This new edition adds material on GPS, Land and Hold Short Operations (LAHSO), and has been expanded and updated to reflect current rules and operating procedures. Chapters cover communication etiquette and rules, understanding radio equipment, emergency situations, and IFR communications & clearances. Also included: a concise summary of the FAA's communication facilities and their functions, airspace classifications and definitions, and FAA's recommended shorthand for copying clearances. Soft cover, 208 pages, illustrated & indexed. P/N 13-01064 .....$16.95

INSTRUMENT FLYING HANDBOOK - This primary FAA source handbook for the Knowledge Exams covers the IFR system as well as aerodynamics, flight instrumentation, attitude flying and navigation as they apply to the instrument pilot. P/N 13-00986.....$19.85



MENTAL MATH FOR PILOTS (BY RONALD MCELROY) – If you are simply looking for a way to improve your math skills in the cockpit, then this book is a must read. Mental Math revs up the brainpower to quickly process not only those pesky math questions asked during airline interviews, but expands the mental hard drive to handle a wide range of practical number problems in flight. Soft cover, illustrated, includes index & glossary, approximately 117 pages.
P/N 13-03201 .....$14.95

BUSH & MOUNTAIN FLYING BOOK - This book focuses mainly on highly advanced techniques and skills required to operate safely in remote and extreme conditions. However, before reading this book any further, please read the Disclaimer and Warning, as most of the flying techniques mentioned in this book are of such an extreme nature that they should never be attempted by any poorly trained, non-proficient or inexperienced pilot.
P/N 13-07225..... $34.50

FLYING THE AERONCA - Written in 1981 by the famous Robert Livingston, this book is a must for all Aeronca owners. With over 2000 hours of Aeronca flying time, Robert has learned that all Aeronca models have common traits. He takes you through every phase of flight of the Aeronca and makes the reader feel comfortable in knowing the Aeronca is the right tail-dragger for them. 54 pages, spiral-bound. Book.....P/N 13-09853 ..... $19.95
EBook .....P/N 13-10245 ..... $16.85

BV

FLYING IFR, 4TH EDITION (BY RICHARD COLLINS) – invaluable discussions on instrument airmanship, weather analysis, flight planning and decision making, handling equipment glitches, and that critical survival skill — partial panel flying — are all presented for the sole objective of better preparing you to fly on IFR flight plans. The only tests this book prepares you for are those encountered in flying actual IFR. Soft cover, 230 pages, indexed.
P/N 13-02363 .....$14.95

FLYING THE WEATHER MAP (BY RICHARD COLLINS) – Following an in-depth discussion of the logic of aviation weather and basic theory, Collins takes you along on 46 actual cross-country flights. The anecdotes provide a valuable education in weather interpretation, forecasting and decision making. Soft cover, 234 pages, illustrated, indexed. P/N 13-02386 .....$14.95

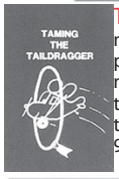
AVIATION MECHANIC HANDBOOK – A core reference manual for mechanics, aircraft owners, and pilots, this book compiles specs from stacks of reference books and government publications into a handy, toolbox-size guide. All the information critical to maintaining an aircraft. .....P/N 13-02366 $13.50

AERODYNAMICS FOR NAVAL AVIATORS – This textbook presents the elements of applied aerodynamics and aeronautical engineering which relate directly to flight training and general flight operations. Originally published by the U.S. Navy. 432 pages. P/N 13-01060 .....$19.95

AVIATION WEATHER – Earth's atmosphere, common IFR procedures, high-altitude weather and special area weather considerations are thoroughly discussed. Use with Advisory Circular 00-45E, Aviation Weather Services. Many of the FAA Knowledge Exam weather questions are pulled from this text. Effective 1975. 234 pages.
P/N 13-01062 ..... $8.95

ASA AVIATION WEATHER SERVICES - Last revised in 1999, this new Advisory Circular 00-45F edition supersedes AC 00-45E, features full-color illustrations throughout, and full coverage of weather-related tools to assist every pilot's flight planning and in-flight decisions.
P/N 13-10229 .....$24.85

AVIATION WEATHER COMBO PACK – Aviation Weather and Aviation Weather Services are packaged together for greater savings. Also includes laminated weather code key cards, detailing the TAF/METAR abbreviations. P/N 13-02341 .....$29.75



TAMING THE TAILDRAGGER (JOHN F. BALL) – A flight manual for tailwheel aircraft, basic enough for the student pilot, thorough enough for the advanced. Includes performance figures and limitations for the classic planes, plus techniques and procedures for short- or soft-field operations, maintenance, transitioning from tricycle gear, more. 96 pages. Paperback. P/N 13-27100 ..... $13.50

MAKING PERFECT LANDINGS IN LIGHT AIRPLANES (RON FOWLER) – No matter how long you have been a pilot and no matter what degree of skill you have attained, if you are to land perfectly you must exert 100% effort toward that task. Many pilots resign themselves to imperfect landings merely because they are unaware of the simple fact that even the pros must work at each landing.
P/N 13-23500 ..... $15.95

AVOIDING COMMON PILOT ERRORS (JOHN STEWART) – The author discusses errors that pilots frequently make, particularly in controlled airspace, and advises how to fly more safely. Also explains new FAA control equipment and ATC procedures that will save you time and money during a flight. P/N 3033 ..... $17.50

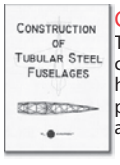
MAX TRESCOTT'S GPS & WAAS INSTRUMENT FLYING HANDBOOK - Recognizes that GPS is at the center of modern cockpits and not just add-on equipment. If you fly VFR or IFR with a panel-mounted GPS, you're bound to learn something you didn't know from my latest book about GPS, WAAS or operating your GPS receiver. It's a totally new book—NOT a new version of my G1000 book—that tells you what you need to know to safely operate modern GPS systems including detailed, step-by-step instructions for the Bendix/King KLN 94, Garmin GNS 430, 430W, 480, 530, 530W and G900X, G1000 and Perspective glass cockpits. P/N 13-06934 ..... $43.50

SUNSET TO SUNRISE- Sunset to Sunrise by David Robson Night flight is one of the most pleasant forms of flight. Every city looks good at night. The sparkling lights, stars, moon and reflections combine to produce a spectacle many only dream about. However, night flight requires different technique, perspective, and considerations than day operations. The aircraft must be flown with reference to the flight instruments, and the outside visual references take on new importance while at the same time providing different illusions. Night flight can be a test for even the most experienced pilot. P/N 13-03285 ..... $39.95

INSTRUMENT PILOT FLIGHT MANEUVERS – Provides a thorough explanation of each maneuver and task called for in the FAA's Instrument Practical Test Standards (PTS). The latest update improves upon its sound platform with even mor information for the pilot seeking an instrument rating. Both the 1998 and oral PTS are included so that the manual reflects the current standards you will encounter during the checkride. In the intervening years, the FAA has changed some terminology in the PTS, and this fine-tuning is also present in this, the third, edition of the manual. With GPS and RNAV navigation much more commonplace, these inclusions have also been made by the FAA. In addition to the technical changes, the publisher has also improved the graphics to better illustrate each maneuver, while retaining those maneuvers that the FAA had deleted from its Instrument Flying Handbook for greater depth. A cross reference of applicable FAA publications to each maneuver and task helps with further research. The spiral-bound manual is easy to use, clipping onto a standard, approach plate-size kneeboard for flight.
P/N 13-02733 ..... $17.95

IFR: A STRUCTURED APPROACH EBOOK– For the insstrument pilot seeking to upgrade his or her skills, John C. Eckalbar's IFR: A Structured Approach provides compelling insights. Eckalbar, a well-regarded instructor for the American Bonanza Society, offers tips for "flying by the numbers" and specific numbers (power settings, airspeeds, and descent rates) for flying GPS approaches in particular. If you've been stumped by circling approaches or DME arcs, he also has much to say on those topics, as well as a two-part look at mastering the ILS. If one book could help make the leap from a bit player to a skilled conductor of instrument flight, this is it. Ebook, 250 pages. P/N 13-09955 .....$29.50

AVIATION MAINTENANCE MANAGEMENT - The complete, up to date guide to managing aircraft maintenance programs.
Thoroughly revised for the latest aviation industry changes and FAA regulations, this comprehensive reference explains how to establish and run an efficient, reliable, and cost-effective aircraft maintenance program. Co-written by Embry-Riddle Aeronautical University instructors, Aviation Maintenance Management, Second Edition offers broad, integrated coverage of airline management, aircraft maintenance fundamentals, aviation safety, and the systematic planning and development of successful maintenance programs.
P/N 13-14752 .....$69.95



CONSTRUCTION OF TUBULAR STEEL FUSELAGES BOOK– This book provides step by step instructions on how to construct a perfect tubular steel fuselage. It is the result of hundreds of hours of development in the shop doing rapid protoyping of perfectly symmectrical and dimensionally accurate fuselages and assemblies, without special jigs.
P/N 13-03707 ..... $39.95

CHOOSING YOUR HOMEBUILT "THE ONE YOU'LL FINISH AND FLY" (KENNETH ARMSTRONG) – Helps answer the three crucial questions every builder faces: Can you build it, can you fly it, and can you afford it? Chapters describe the relative merits of plans, kits, and materials packages, as well as what to ask the manufacturer and what to consider when buying a completed homebuilt. Other sections include a comprehensive section on engines, auto gas and avionics, plus pilot reports on 22 homebuilt designs including photos and specifications. 325 pages. P/N 13-31115 .....$18.95

YOU WANT TO BUILD AND FLY A WHAT? (DICK STARKS) – This is the boisterous, very funny, wildly exaggerated true story of Dick Starks, a math teacher who goes through the agonies and delights of learning to fly, buys an old Cessna, and then goes on to build a replica of a WWI Nieuport fighter plane. This is a book about the fun of flying and the joy of sharing that fun with family and friends. P/N 13-15170 ..... $15.95

BV

MODERN PROPELLER AND DUCT DESIGN – This book tells you the theory of propeller aerodynamics and how to size a propeller. The program allows you to optimize a propeller for a given horsepower and airspeed. Variables such as number of blades, pitch, airfoil, thickness, air density, thrust coefficient, prop efficiency, and airspeed are all explained. Discussion of various prop materials and duct theory is also included. (Martin Hollman) P/N 13-15175.....$61.75

STRESS WITHOUT TEARS (TOM RHODES) – This is a primary discussion, not an advanced text by an experienced aircraft stress analyst. Math and other theory is introduced, but only as necessary to master the subject matter. Stress analysis is presented in as simple terms as possible without complex scientific jargon and is done so in a readable and enjoyable manner.

P/N 13-15180 ..... $24.95

ANATOMY OF A SPIN – This thoroughly researched and documented text provides insight to all the major spin categories; upright,inverted,single and multi engine. Recovery techniques varies with aircraft design. Learn why ailerons may be of help in spin recovery, why some aircraft spin readily while others are reluctant to spin.

P/N 13-02080 .....$8.55

MOUNTAIN FLYING – Organized to follow the sequence of typical flight, the book preflight, takeoff, enroute, arrival procedures, and landing. The author discusses fuel management, the magnetic compass, the effects of high-altitude on weight and balance, and the airspeed indicator.

P/N 13-02082 .....$16.95

THE ORIGINAL GRAND CANYON AIRPORT - Every chapter is illustrated with images of Ford Trimotors, Travelairs, and more Golden Age aircraft. Koontz's original research at the airport during 2005 resulted in a listing on the National Register of Historic Places. Naval Aviator, Rear Admiral Ernest Eugene "Gene" Tissot, Jr. (USN Ret.), shared personal memoires and family photographs from his childhood years living at the airport and near Boulder Dam (now Hoover Dam). These stories and most of the photographs have never before been published. P/N 13-12352.....$27.95

INTERNATIONAL AIRCRAFT DIRECTORY AP – Whether you're a pilot or an aviation enthusiast, the International Aircraft Directory from the editors of Plane & Pilot magazine is sure to have all you're looking for in an easy-to-use reference tool for checking facts about a particular model, identifying unusual aircraft, and recognizing trends in airplane design. Now in its third edition, the book features detailed descriptions and photographs of more than 500 airplanes from around the world, including single-engine, multi-engine, jet, classic antique, homebuilts, kit-builts, sailplanes, motorgliders, warbirds, and military aircraft flown by civilian pilots. The directory lists airframe and powerpalnt information and historical facts as well as standard data and performance specifications such as a horsephower thrust, weight, speed, and range. The 304-page softcover book. P/N 13-04144 .....$14.95

POCKET REF (THOMAS GLOVER) 3RD EDITION – This great little book is a concise all-purpose reference featuring hundreds of tables, maps, formulas, constants & conversions AND it still fits in your shirt pocket! Goes where you go! • Pocket Ref • 3rd Edition by Thomas J. Glover • Over 200 new pages and virtually thousands of updates! • Index for information access. • This book has been in print since 1989 and is now in its 3rd Edition. • It has also gone through numerous printings in each edition.

P/N 13-19342 .....$11.95

FUNDAMENTALS OF SAILPLANE DESIGN – This book, the definitive text on sailplane design, grew out the authors work with the Akaflieg Braunschweig as well as his popular introductory course in sailplane design. To make the material accessible to pilots without an engineering background, an emphasis is placed on physical understanding and visualization. Mathematics is held to a minimum. Because it draws on decades of experience developed at the German Akafiegs, the material will help the experienced engineer to quickly develop a practical understanding of the considerations that go into the design of a high-performance sailplane. The design data tables and three-view drawings have been expanded to include entries for over 150 aircraft. CONTENTS: Volume 2 P/N 13-00361 .....$41.75

AVIATION MAINTENANCE TECHNICIANS BOOK (DALE CRANE) – First book of Dale Crane's AMT Series, textbooks that were created to set the pace for maintenance technician training and attain a level of quality that surpasses all other maintenance textbooks on the market. The General text covers the first section of the FAA's required curriculum. As the student progresses, specific aviation concerns are addressed, including regulations, mechanic privileges, forms, aircraft hardware and tools. Curriculum meets 14 CFR Part 147 requirements and Subject Matter Knowledge Codes from the FAA mechanics knowledge tests. Include full-color charts, tables and illustrations throughout, in addition to an extensive glossary, index, and additional career information. A study guide is included within each textbook in the form of Study Question sections, with Answer keys printed at the end of each chapter. Textbooks are all-inclusive — no separate, inconvenient workbook is needed by the student or instructor. Hardcover, 828 pages, illustrated, indexed.

General textbook..... P/N 13-00574 ..... $49.95
Airframe vol. 1..... P/N 13-00581 ..... $34.75
Airframe vol. 2..... P/N 13-00582 ..... $44.50
Powerplant..... P/N 13-00583 ..... $52.50

EVERYTHING EXPLAINED FOR THE PROFESSIONAL PILOT BOOK – 430 pages (8 1/2 x 11) crammed with virtually every scrap of information essential and necessary for every pilot. All that knowledge you wish you could have at your fingertips all the time, and many things you never even thought about. Fun to read and yet excruciatingly detailed. The ultimate reference book that explains all aspects of aviation from props to heavy jets P/N 13-03231 ..... $52.95

THE $100 HAMBURGER – A Guide To Pilots' Favorite Fly-In Restaurants - The burger is back and juicier than ever! This new edition of the little book private pilots live, and eat by, features over 1,000 pilot-recommended places to land for that meal at the end of the flight. The author rates restaurants in all 50 states and even includes 6 foreign locations including France, England and Germany. Just what every pilot needs to plan a fun outing in the plane and get some good food too. ?All reviews are from fellow pilots who've actually been there, chowed down, and awarded each place from one to five "burgers". Tells everything, location, service, price, transportation, dress codes & hours of operation.

Book..... P/N 13-03454 .....$36.50
E-Book ..... P/M 13-09835.....$23.50

TURBINE PILOT'S FLIGHT MANUAL (BY GREGORY BROWN AND MARK HOLT) – Truly a text designed to help move the aspiring professional pilot up into the turbines. The book basic yet thorough approach makes no assumptions about the readers prior knowledge on the subject. P/N 13-00637 ..... $38.85

ASA HELICOPTER FLYING HANDBOOK - The Basic Helicopter Handbook (Advisory Circular 61-13B) has been rewritten and renamed the Rotorcraft Flying Handbook. Written for the applicant preparing for the private, commercial, or flight instructor certificate with a helicopter or gyroplane class rating, the book is also valuable to flight instructors as a teaching aid. Both aeronautical knowledge and skill for operating rotorcraft are covered. The book is broken into 2 sections: One dedicated to helicopters, and another dedicated to gyroplanes. Each section includes chapters covering aerodynamics, flight controls, systems, the rotorcraft flight manual, flight maneuvers, emergencies, and aeronautical decision making. In addition, the helicopter section includes chapters on weight and balance, perfomance, attitude instrument flying, and night operations.

P/N 13-00735 .....$13.95

THE AEROELECTRIC CONNECTION - A Guide to Theory, Operation, Design and Fabrication of Aircraft Electrical Systems, Revision 12. Written by Bob Nuckolls with over 50 years of hands-on experience in electronics and aircraft electrical systems. 304 pages of 18 chapters plus Appendix are topped off with a discussion of the poor man's approach to system reliability. Appendix Z offers dozens of variations for tailoring an electrical system to the builder's project and mission requirements.

P/N AEC001..... $19.85

THEY CALLED ME MR. BONANZA – How it all started in 1944; the original Bonanza design team and their early efforts to find the ideal airplane for the postware market; how and why the V-tail was chosen; Experimental power plants, first flight wind tunnel testing; Staggerwing influence; birth of the Debonair; why the "straight" tail, airplane geneology chart. Specs on all models from 1946-1972.

P/N13-04102.....$41.25

BV

AVIATION RADIO COMMUNICATIONS MADE EASY – Hugh Ward has designed a VFR communications "script" that a pilot can fill out during preflight and use in flight. Provided is a variety of templates that the pilot assembles and completes for each type of communications that might be needed. The 272-page spiral-bound workbook includes 32 different templates ranging from operations at nontowered fields to initial call-up of an approach control facility to requesting VFR traffic advisories, also known as flight following.

VFR..... P/N13-04089 ..... $16.95

UNDERSTANDING THE SKY - Clearly explains the intricacies of the atmosphere on both large scale and small scale situations. An easy-to-read non-technical approach everyone can understand. Includes both Northern and Southern Hemisphere comparisons as well as Australian and European perspectives. P/N 15-06219 ..... $24.95

FROM TRAVEL AIR TO BARON...HOW BEECH CREATED A CLASSIC! – The complete story of Beech Aircraft's recognition of the need for a true light twin to fill the market gap between the Bonanza and the larger Model 50 Twin Bonanza. This book covers the design concept, marketing strategy, and development of this Beechcraft model line from the first Travel Air in 1958 until the last in 1968. All the Baron models are included, from the Model 55 in 1961 and continuing through the 1994 Model 58 Baron.

P/N13-04103..... $32.95

THE IMMORTAL TWIN BEECH – Welcome to the history of one of Walter Beech's finest creations- the Model 18 Twin Beech! This venerable aircraft had a production run of 32 years and an amazing, useful life. A behind-the-scenes look at the ongoing history of a unique airplane, one that not only "built" a company but served equally well in peace, war and then peace again. P/N13-24586..... $32.95

AIRPORT OPERATIONS 3RD EDITION - Fully revised for the latest FAA, ICAO, and IATA standards and regulations, Airport Operations, Third Edition, provides proven strategies and best practices for efficiently managing airport functions. This in-depth resource offers a broad perspective on the privatization of air transport worldwide.

P/N 13-12717 ..... $65.95

AUTOMATION AIRMANSHIP: NINE PRINCIPLES FOR OPERATING GLASS COCKPIT AIRCRAFT - This cohesive work on glass cockpit equipment focuses on limiting in-flight issues and advancing the safe operation of highly automated aircraft. P/N 13-12718 ..... $69.95

CONVENTIONALGEAR:FLYINGATAILDRAGGER(DAVID ROBSON) – A taildragger is more difficult to operate on the ground because it diverts from a straight line when moving. It is more difficult to control upon takeoff; it is also harder to land because it tends to bounce and weather vane on touchdown unless th pilot is skilled. So because it takes more piloting skill, flying a taildragger well is the sign of a good pilot. The three part of the book include: the theory and dynamics of a tailwheel airplane; the piloting techniques needed to safely operate a tailwheel airplane; and a series of descriptions of what it is like to fly a selection of traditional and current tailwheel airplanes. The last section is edited by the author from contributions of pilots and airline captains with experience in the particular tailwheel airplanes covered. P/N 13-01552 ..... $14.95

SEVERE WEATHER FLYING (DENNIS NEWTON) - This book is not about flying in severe weather, but about how to detect and therefore avoid it, with advice on how to escape it if your become caught in it accidentally. Meteorologist, weather research pilot, engineering test pilot, flight instructor and author Dennis Newton speaks pilot to pilot in this valuable guide on how not to fly in severe weather. Newton says that given the knowledge, pilots can truly lessen their chances in being caught in thunderstorms and other extreme weather conditions. Soft Cover, 208 pgs, illustrated, 3rd edition.

P/N 13-02014..... $14.95

AIRCRAFT ELECTRICITY AND ELECTRONICS, 6TH EDITION - This updated text provides the latest information needed to perform return-to-service-quality maintenance and repair of aircraft electrical systems.

Aircraft Electricity & Electronics, Sixth Edition covers the requirements for the Federal Aviation Administration certification of Airframe and Powerplants Technicians.

P/N 13-12719..... $79.95

MUSIC'S BROKEN WINGS: FIFTY YEARS OF AVIATION ACCIDENTS IN THE MUSIC INDUSTRY - Covering the 50 year period between 1935 and 1985, this 540-page book analyzes 34 aviation accidents, which affected the music in our world in some way. It also holds some surprises for many readers. J. P. Richardson, son of the "Big Bopper" (who was killed in the Holly accident) wrote the Foreword for the book. Written by professional airline pilot, William P. Heitman, the author successfully intertwines each story to keep the pilot, and non-pilot alike, interested in the history of the event, while providing as much factual documentation as possible to unravel the devastation that sometimes resulted. Complete with illustrations, photographs, airplane statistics and actual government accident reports.

P/N 13-02711 ..... $34.95

SHEET METAL HANDBOOK - Detailed information on how to form and shape sheet metal for competition, custom or restoration use. Chapters include hammer forming tools, terms and equipment, riveting techniques, layout, design and pattern-making. A great companion to the Metal Fabricator's Handbook. Author: Ron and Sue Fournier Pages: 144 P/N 13-06720..... $18.75

METAL FABRICATOR'S HANDBOOK - How to build structurally sound, good looking metal parts for custom street rods, race cars or restorations. Over 350 step-by-step photos and instructions illustrate proper welding, metal shaping and design techniques. Pages: 176

P/N 13-06719..... $18.75

FIBERGLASS & OTHER COMPOSITE MATERIALS - A revised and updated guide to fiber reinforced plastic materials, including fiberglass, Kevlar, and carbon fiber. It also includes sections on mold making, plugs, materials, structures, gel coats, advanced building techniques, tools, and equipment. Author: Forbes D. Aird Pages: 192

P/N 13-06721..... $17.95

AIRCRAFT BASIC SCIENCE, 8TH EDITION - A thorough update of the gold standard for the basic principles of aircraft theory and operation. Aircraft Basic Science, Eighth Edition incorporates modern technology, such as the use of composite aircraft materials, throughout the text. In addition, the examples and figures have been revised to more accurately reflect the state of the industry.

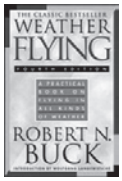
P/N 13-12724 ..... $89.95

AVIATION HISTORY TEXTBOOK - Aviation History is an exciting full-color book that gives aviation enthusiasts a unique perspective on international aviation history. Each of the ten chapters is packed with information containing over 950 photographs and color graphics. Aviation History explores the question "what was aviation" from its birth in Annonay, France, in 1783 until present. Through personal profiles you are able to meet the people who made significant contributions to aviation. You will explore historical evidence and see how historians use artifacts of aviation.

P/N 13-01235 ..... $54.75

OWNER ASSISTED AIRCRAFT MAINTENANCE -]Have you ever wanted to participate in your aircraft's maintenance, but were afraid to try? Are the rising costs of flying keeping you on the ground? This illustrated manual, by Dan MacDonald, is written for the mechanically inclined Part 91 pilot owner/operators that are ready to learn more about their airplanes. It describes common maintenance activities that are approved for pilots to perform by the FAA, along with a number of other projects that you might wish to complete under the supervision of a certified mechanic. The book focuses on common "legacy" single engine aluminum aircraft built from the 1940s through today. Whether changing your oil, installing new tires, or checking engine compression this 160 pages of text and photos provides procedures and tips gathered over the past 27 years. Soft cover; includes over 200 color photographs.

P/N 13-10244 ..... $29.95



WEATHER FLYING - Weather Flying is regarded in the industry as the bible of weather flying. Robert Buck, a general aviation and commercial pilot with tens of thousands of hours of flight time, explains weather in a nontechnical way, giving pilots useful understanding of weather and practical knowledge of how to judge it and fly it. Covers weather flying psychology, en route weather changes, radar and how to use it, taking off in bad weather, and much more. Winner of the Flight Safety Foundation's Publication Award; recommended by the FAA.

P/N 13-27800..... $29.95

BV

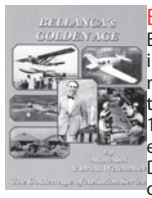
THE GOLDEN AGE OF AVIATION SERIES

CESSNA'S GOLDEN AGE (ALAN ABEL, DRINA WELCH ABEL & PAUL MATT)

– Takes a look at Clyde Cessna and nephew Dwane Wallace, longtime Cessna President, & the Cessna Aircraft Company from early 1900s, through the struggling years of the Great Depression, through World War II and the post-war years. Emphasis is given to Cessna Primary Gliders, Cessna Airmasters, Cessna T-50 Bobcats, Waco CG-4A Gliders (Cessna built), and Cessna 120/140 airplanes. Other Cessna models are also included. 96 pgs, softbound, 180 photos, 8 pgs of 3-view scale drawings. P/N 13-01534 .....$22.95

AERONCA'S GOLDEN AGE – Progressively details the events leading to the Aeronautical Corporation of America, from the early 1900s, through the Great Depression, the disastrous flood of 1937, World War II and beyond. The book includes biographical information on the founders of Aeronca, and details the people, facilities and manufacturing operations of Aeronca during the Golden Years. It also includes the reasons for the company's name change to Aeronca. Emphasis is given to Aeronca's C-2, C-3, Model K, Model L, 7AC Champ and 11AC Chief. All Aeronca's models are discussed. Several factory photos are included. 152 pgs, softbound, 240+ photos, 18 pages of internationally acclaimed 3-view scale drawings. P/N 13-01535 .....$26.95

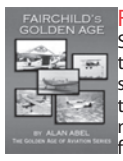
PIPER'S GOLDEN AGE – Details the formations, struggles & successes of the Piper Aircraft Corporation during aviation's Golden Age. Includes particulars of the original Taylor Brothers Aircraft Corporation and of C.G. Taylor (the father of the light plane) & his brother, Gordon. It explains the move to Lock Haven, Pennsylvania, the bankruptcy of the company during the Depression, and the ultimate split of Taylor & Piper, and the beginning of the Piper Aircraft name. Included are the Taylor Chummy, Taylor E-2 Cub, Taylor/Piper J-2 Cub, Piper J-3 Cub, J-4 Cub Coupe, J-5 Cruiser, the Grasshoppers (military observations & liaison airplanes), Piper TG-8 Training Glider, Piper Experimentals, PA-12 Super Cruiser, PA-11 Cub Specials, PA-14 Family Cruiser, PA-15 Vagabond, PA-16 Clipper and PA-18 Super Cub. 90 pgs, softbound, 11 pgs of 3-view drawings, 130 photos. P/N 13-01536 .....$22.95



BELLANCA'S GOLDEN AGE BOOK – Traces G.M. Bellanca coming from Sicily to America as a teenager in 1911 through his 42 years of continuous airplane manufacturing operations. He did more for aviation than any other single individual during aviation's first 100 years, bar none! This is the ONLY BOOK that has ever captured Bellanca's complete and lengthy story. Details the beginnings of the air transportation system over great distances. Details the first ten flights over the Atlantic and the first flight over the Pacific. Tells never-before-told stories of Charles Lindbergh, Clarence Chamberlin and many other Golden Age personalities. Tells the complete story of the greatest airplane of the 1920s — Bellanca's Columbia (the plane Lindbergh wanted but didn't get). In the 1930s the government tested 209 different airplanes and found that Bellanca's was the best regarding "efficiency." 148 pages and 175 plus photos. P/N 13-03337 .....$24.95

STINSON'S GOLDEN AGE - By: John C. Swick. This is the history of the Stinson 108 series airplane (the Voyager), although the 105, 10 and 10A, as well as the L-5, are also covered in great detail. It begins in Volume 1 with the three-place 105 in 1938 and concludes in Volume 2 with the sale of the last Stinson 108-3 from Willow Run in 1950. Production figures, the disposal of surplus military aircraft, the all-Piper Apache and the chronicle of two Stinson dealers are included to give the reader a better sense of the era. 173 pgs, SB, 8.5 x 11, over 200 B&W photos, tables, illustrations & technical drawings.

Volume 1 ..... P/N 13-09286 .....$24.95
Volume 2 ..... P/N 13-09288 .....$24.95

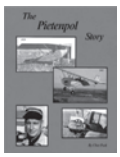


FAIRCHILD'S GOLDEN AGE - BY ALAN ABEL A young Sherman Fairchild quit college in 1917 to start a company to build aerial cameras. After 3 years, Fairchild built the first successful large, high-speed between-the-shutter camera that was a major breakthrough in aerial photographic technology. Fairchild found airplanes of the day not suitable for the photographic mission. Sherman decided to build one himself. During the design of the plane, Fairchild decided to build a multi-purpose plane suitable for other piloting needs and to market these airplanes to the public. P/N 13-06177..... $24.95

HOWARD'S GOLDEN AGE ART HALL - After building four of the most successful and famous air racers in the world, in the 1930s, Pete, Mike, Ike and Mr. Mulligan, Benny Howard's fame increased with each passing year. With such notoriety, Benny was able to realize his dream -- that of manufacturing and selling commercial aircraft to the flying public throughout the world. Howard was also a highly acclaimed test pilot, having test flown many aircraft for several aircraft manufacturers during his career. This Benny Howard story is a story of struggle, fame, fortune, love, depression, failure and success. P/N 13-06178..... $24.95

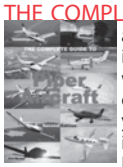
LUSCOMBE'S GOLDEN AGE - BY JOHN SWICK. Luscombe's Golden Age is the fifth book in The Golden Age of Aviation Series. John Swick, the author, has completely revised and updated the original The Luscombe Story published in 1987, including approximately 100 new pages of text, dozens of never-before published photographs and Luscombe magazine ads from that era. Included in this book are detailed accounts and descriptive 3-view scale drawings of each Luscombe model manufactured, including the early models: Phantom, Ghost, Spectre, Harpie, Small Transport and Sprite.
P/N 13-06180..... $29.95

THE TAYLORCRAFT STORY CHET PEEK - C.G. Taylor, Taylor/Piper business, Taylor/Piper split, and the Taylorcraft airplanes. Story opens with the December 1935 separation when Wm. T. Piper forced Taylor out of the company that bore his name, Taylor Aircraft Company, manufacturer of the "Cub." Name was changed to Piper Aircraft Corporation when Piper moved his reorganized business to Lock Haven, Pennsylvania in mid-1937. Traces C.G. Taylor's design and manufacture of the various Taylorcraft airplanes.
P/N 13-06186..... $24.95

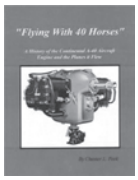


THE PIETENPOL STORY BY CHET PEEK - During the Great Depression Bernard Pietenpol wanted desperately to fly, but could not afford to buy a plane. So he built his own, a simple wood and fabric monoplane powered by a Model A Ford engine. When the "Experts" in the Modern Mechanics magazine declared such a plane could not fly, he piloted his home-made masterpiece to their Minneapolis headquarters and proved them wrong. Impressed by the plane's clever design and gentle flying characteristics, they subsequently published his plans in their Flying and Glider Manual. Over the next years thousands of copies were built, and they are still being crafted worldwide today. P/N 13-06187..... $21.95

THE COMPLETE GUIDE TO CESSNA AIRCRAFT BY TOM MURPHY - Ready to buy a new or pre-owned Cessna? This updated second edition includes (1) original in-depth info about older Cessna models (2) updated info on Cessnas being offered today and (3) buying advice on AD's, inspection of aircraft and its logbooks and how to choose the right model for your needs. P/N 13-06179..... $19.95



THE COMPLETE GUIDE TO PIPER AIRCRAFT - Are you ready to buy a new or pre-owned Piper? This updated second edition includes the original in-depth info about Piper models along with purchasing advice on ADs, inspections, the importance of logbooks, and how to choose the right Piper aircraft for your wants and needs. This informative narrative includes information on models from the Piper Cub, to the various Piper Indians such as the Cherokee, the Cheyenne, the Comanche, and the agricultural Pawnee. P/N 13-06181..... $19.95



FLYING WITH 40 HORSES - THE CONTINENTAL A-40 ENGINE - The Continental A-40 Engine was the answer to the continuing problem of finding suitable and inexpensive powerplants for lightplane manufacture during the Golden Age. The Aeronca E-113 of 36-hp was close, but the next generation, the Continental A-40 filled the bill. It was light, could power a 2-place airplane, and cost less than $500.
P/N 13-06194..... $19.95

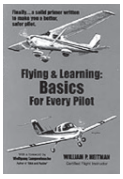
BOOKS



FLYING & LEARNING: BASICS FOR EVERY PILOT (WILLIAM HEITMAN) - Heitman uses simple terms and personal experiences to lay basics which students can use to get their feet wet. By keeping things simple, he also keeps the new student interested, which can be difficult when teaching something as complicated as flying. This is an excellent primer for students who are just beginning their flight training or pilots who have been away from flying for a while. P/N 13-15129 .....$14.95

CHINO: WARBIRD TREASURES PAST & PRESENT - From the day it was founded as Cal Aero Flight Academy 60 years ago, Southern Californians Chino Airport has been the world' s center for warbird restoration. This hardcover 198-pg book contains some 400 color and black & white photos, most of which have never been seen before. Joe Cupido spent years assembling materials for this book, interviewing hundreds of people and flying dozens of air to air photo sessions. Printed on high quality chromecoat paper, photos in this book are exceptional. Ideal gift for any warbird fan. P/N 13-01032 .....$49.95

JOHN MONNETT FROM SONERAI TO SONEX - This is the intriguing story of John Monnett and his airplanes. He is a kit plane designer, innovator, air racer, world record holder and member of the EAA Hall of Fame. While pursuing his own aviation interests, Monnett inspired and enabled thousands of others to build and fly affordable aircraft. From the Sonerai, sketched at his kitchen table in 1964, to pioneering engine conversions, to the Sonex's simple construction methods, John Monnett is a flag-bearer for grassroots aviation. The book covers his early aviation designs and all of the airplanes he designed. P/N 13-05052 .....$29.95

SEAPLANE, SKIPLANE, & FLOAT/SKI EQUIPPED HELICOPTER OPERATIONS HANDBOOK - This operational handbook introduces the basic skills necessary for piloting seaplanes, skiplanes, and helicopters equipped with float or skis. It is primarily intended to assist pilots who already hold private or commercial certificates and who are learning to fly these aircraft types. Also beneficial to rated seaplane pilots who wish to improve their proficiency, pilots preparing for flights using ski-equipped aircraft, and flight instructors engaged in the instruction of both st dents and transitioning pilots. The book introduces the future seaplane or skiplane to the realm of water operations and cold weather operations, and provides information on the performance of procedures required for the addition of a sea class rating in airplanes. P/N 13-03470 ..... $11.95

BOUND FOR BACKCOUNTRY - For the first time a comprehensive history of nearly one hundred of the state's isolated airstrips has been compiled, detailing the construction and historical events of each. The most southerly airstrips included are those at the headwaters of the Middle Fork of the Salmon River and northward through the Selway-Bitterroot Wilderness. Combined with the history of each individual location are fascinating stories related to homesteaders, runway owners, boaters, hikers, outfitters, hunters, firefighters, pilots, and airplanes.

Hardcover ..... P/N 13-14754 .....$59.95
Softcover ..... P/N 13-14755 .....$39.95

GOODYEAR & FORMULA ONE AIR RACING, VOL. 1, 1947-1967 — 202 pgs, 569 photos, 88 scale drawings, softbound. Learn how this exciting sport caught on, meet the early players and the governing organizations. This volume tracks technological developments which allowed faster speeds and greater safety. This volume covers early racers – Art Chester, Steve Wittman, Bill Falck, Tom Cassutt, Bob Downey, Bill Brennard and many other.

P/N 13-00033 .....$24.95

GOODYEAR & FORMULA ONE AIR RACING, VOL. 2, 1967-1995 — 170 pgs, 450 photos, 74 scale drawings, softbound. Air racing had its ups and downs but by 1967 it was firmly established as a sport here to stay. During this time, women pilots entered pylon racing, speeds continue to increase and concerns about safety led to additional equipment requirements. Bill, Ray Cote, Jim Miller, Jon Sharp and others contributed much to air racing's popularity. P/N 13-00034 .....$24.95

AVIATION eBOOKS FROM AIRCRAFT SPRUCE

PDF Adobe

eBooks are full size, full color, page-by-page reproductions of your book in Adobe Reader .pdf format which you can view on your desktop, laptop, or tablet computer. eBooks are also fully searchable.

THE BASIC AEROBATIC MANUAL BY KERSHNER - A complete reference for the beginning aerobatic student, with invaluable unusual attitude and spin recovery information for the more straight-and-level flyer. This book emphasizes techniques for the Cessna Aerobat models, but the described maneuvers easily translate to other aerobatics-certified airplanes. The chapter on spins and spin recovery benefits from the knowledge gained in over 7,000 spins, each having from 3 to 25 turns, in the Cessna Aerobat. Softcover, 8-1/4" x 10-3/4", 128 pages; illustrated throughout with black and white diagrams, figures, and the author's own illustrations.

P/N 13-32210 .....$15.85

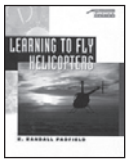
BASIC AEROBATICS (GEZA SZUROVY & MIKE GOULIAN) — Enjoy the aerobatics experience with this complete guide from national champions who tell you not only how to perform the maneuvers, but why the airplane behaves as it does. A variety of maneuvers-loops, slow rolls, Cuban eights, inverted flight, and many more are discussed and illustrated with diagrams and in-flight photos. 288 pages, 90 illust., paperback. P/N 13-00677 .....$29.95

SKYDANCING: AEROBATIC FLIGHT TECHNIQUES (DAVID ROBSON) – The book includes the terminology unique to aerobatics, and dedicates a chapter each to the physics and physiology of aerobatic flight. Mr. Robson explains how to prepare for an aerobatic sortie – including the aircraft involved, personal checklist, preflight requirements, and the regulations governing aerobatics. The aerobatic sequence is explained, along with the Aresti Notation, which is used by aerobatic professionals and competitors in display and contests.

P/N 13-00734 .....$14.95

TRADE-A-PLANE MAGAZINE - Each issue includes aircraft for sale, aviation parts, aviation services, avionics, aviation supplies, aviation products, engines, and more.

P/N 13-31140 ..... $3.25



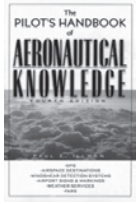
LEARNING TO FLY HELICOPTERS (R. RANDALL PADFIELD) - "Written in a conversational style that's both fun and easy to read... Even if you're a confirmed fixed-wing pilot and show no rotor-wing tendencies, you'll enjoy this book and gain an insight into your brother pilots' obsessions." AG-Pilot International. 354 pgs, 100 illust., paperback. P/N 13-29931 ..... $27.75

THE PILOT'S RADIO COMMUNICATIONS HANDBOOK, 5TH EDITION (PAUL E. ILLMAN) - "It should have a spot on your bookshelf right next to the airplane's service manual," said Private Pilot of this hands-on guide to equipment, techniques, regulations, and overcoming "mike fright." 232 pages, paperback.

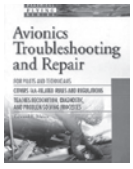
P/N 13-29944 ..... $43.50

AVOIDING COMMON PILOT ERRORS: AN AIR TRAFFIC CONTROLLER'S VIEW (JOHN STEWART) - This important book brings an air traffic controller's perspective to the mistakes pilots commonly make in controlled airspace. Veteran controller John Stewart has spent years observing pilots display their lack of education, lack of flight preparation, inability to communicate effectively, ignorance of or resistance to regulations, and other dangerous flaws. This book is his attempt to help pilots fly more safely in controlled airspace and to introduce them to new & coming air traffic control technology. 226 pgs, 21 illust., paperback.

P/N 3033 ..... $17.50



THE PILOT'S HANDBOOK OF AERONAUTICAL KNOWLEDGE, 4TH EDITION (PAUL E. ILLMAN) - Studying for the private pilot tests or upgrading to a commercial license will be easier with this valuable, thoroughly illustrated guide to principles, instruments, aircraft and engines, the airspace system, flight planning, navigation, and much more. 416 pages, 230 illust., paperback. P/N 13-29918 ..... $49.95



AVIONICS TROUBLESHOOTING AND REPAIR-MAHER

If you have not seen this book, it is an absolute must read for every technician. Forty years of hands on experience by the author Ed Maher. 400 pages of troubleshooting! Cover FAA rules and regulations

TOLL FREE CUSTOMER SERVICE

Phone Customer Service
1-800-861-3192

Email Customer Service
custsvc@aircraftspruce.com

When placing an order every customer is assigned a specific customer identification number. When following up on an order or placing a new order, it is very helpful if you can provide your assigned customer number for our reference. If the status of an order is required contact our Customer Service Dept. either by phone, fax or email giving the name under which the order was placed and the approximate date of the order. The more information you can provide our Customer Service agents the faster we will be able to locate your order and resolve any concern you may have. We pride ourselves on providing 100% Customer Satisfaction. You also have the convenience of checking order status online at www.aircraftspruce.com.

OUR PRICING POLICY—THE LOWEST OVERALL PRICES IN THE BUSINESS

We take great pride in offering customers the lowest overall prices in the industry. We print our catalog only once a year (July), and in the interim we receive many cost increases from the manufacturers we represent. Due to our competitive pricing policy we must pass many of these increases along in the form of price changes. We will ship at current prices unless customer requests notification of price changes prior to shipment. We will continue to do our best to minimize increases and offer all of our products at the best possible prices. All prices are subject to change without notice.

NOTE: Freight costs can vary greatly depending on actual package size,weight and the destination. Our Order Department has no way to accurately estimate freight at the time order is placed and Aircraft Spruce will not be responsible for any additional freight costs on any shipment. All prices are FOB Corona, CA, Peachtree City, GA, Brantford, ON Canada, and customer is responsible for actual freight costs as billed on invoice or shipped freight collect. All catalog and website prices are in U.S. dollars.

4 EASY WAYS TO PAY

1) Credit Card - We accept payment on VISA, MasterCard, Discover and American Express. Credit card number, expiration date and billing address of the cardholder are required. In order to prevent credit card fraud, we reserve the right not to accept payment by credit card on orders for certain types of products as well as from those who are not established customers. We also reserve the right to approve shipment of credit card orders only to the address on the credit card account.

2) C.O.D. - Orders may be shipped COD via United Parcel Service within the United States. Please note some restriction may apply to COD shipments. A handling fee is added to all COD orders to cover special documentation required.

3) Check - Customers may choose to pay by check by mailing in their order and enclosing a check. Customers may call ahead of time for current pricing and freight estimates.

4) Bank Transfer - International customers may wish to pay by bank transfer. Contact us for bank information to arrange transfer of funds.

HOW TO ORDER TOLL-FREE "877" ORDER LINE & FAX

Call the Aircraft Spruce toll-free order line (877) 4-SPRUCE, servicing the continental United States and portions of Canada. We have an experienced order desk staff who are pleased to assist you with your order. You may also fax your order in toll-free at (800) 329-3020.

CONVENIENT ORDER DESK HOURS

Monday – Friday: 6:00AM to 6:00PM (Pacific Time)
Saturday: 7:00AM to 3:30PM (Pacific Time)

EASY ORDERING 24-HOURS A DAY

Communicating with us has never been easier. Place your orders, request quotations and submit your inquiries 24 hours a day by fax, e-mail or via the Aircraft Spruce Website.

Fax: Aircraft Spruce West: (951) 372-0555
E-mail: info@aircraftspruce.com
Internet: www.aircraftspruce.com

SAME DAY SHIPMENT

We strive to ship all orders placed by 4:00 p.m. warehouse local time, the same day the order is placed. Our experienced staff can offer various shipping options that will insure delivery of the order within your time requirements. Freight charges are invoiced based upon the warehouse from which the order is shipped. Same day shipment can be guaranteed on in stock, off-the-shelf products and not on orders for wood, metals, foams, fabrics and other products requiring cutting, as well as special order items. Count on Aircraft Spruce to provide immediate shipment of the aircraft parts or pilot supplies you need.

FREE SHIPPING ON ORDERS OVER $500.00

Most orders over $500.00, shipping within the 48 contiguous United States, will be shipped prepaid, with Aircraft Spruce paying the shipping costs! This only applies to orders shipped UPS ground and which are more economical shipping by UPS than by motor freight. Aircraft Spruce pays the freight, but any additional fees assessed by UPS (such as COD fees, hazardous materials, additional handling, etc) will be billed at time of shipment. Please refer to the UPS Service Guide for further details of additional charges that may apply. Orders that contain 5 gallon containers, cases of oil, specially cut materials (ie wood, metal, etc), packages measuring more than 84 inches length and girth or 60 inches long or exceed 25 pounds total weight are excluded. Core charges, hazardous materials fees, box charges, and insurance are not considered part of the $500.00 value of an order. Our Free shipping offer does apply to orders for tires and batteries! Please inquire at time of order for clarification on whether an order will qualify for the new prepaid policy. Our exclusive prepaid policy is one more advantage you have in placing your order with Aircraft Spruce & Specialty Co.

FREE TRUCK FREIGHT ON ORDERS OVER $5,000 - Effective immediately Aircraft Spruce will offer free UPS freight on truck orders over $5,000. See our website for details.

ALASKAN PILOTS - Aircraft Spruce pays freight to Seattle. Aircraft Spruce has expanded its popular UPS Prepaid policy to cover a portion of the freight costs from Aircraft Spruce West to Alaska. See our website for details.
